

The Almighty Dragon General

The Almighty Dragon General Chapter 7096-After that, Stavros glanced at the people present. 'The resignation letter in my hand was written in blood by Emperor Cosimeon. If allowed, he will immediately hand over the Cauldron of Kind and Evil.'

Upon hearing that, everyone present was in an uproar again.

Cosimeon wanted to resign as the Path Emperor?

The position of the Five Path Emperors was a position that was coveted by all gods. Not only was it because of the status, but also because of the gates it controlled.

If one was granted the position of the Path Emperor, one could do anything to all worlds and reach the pinnacle of power, but now, Cosimeon wanted to resign. It was unbelievable.

"Emperor Stavros." Taichu, who had been silent, got up. "You have always been at odds with Emperor Cosimeon. Why would he..."

"Are you doubting this resignation letter?" Stavros smiled. He waved his hand and turned the resignation letter into a ray of amethyst-gold light. He handed it over to Taichu.

Taichu grabbed it and took a look. She was stunned.

Cosimeon had a good relationship with her. She was familiar with the soul sigil and Primordial Spirit. These couldn't be fake. More importantly, the resignation letter was written with Cosimeon's blood. It represented his determination to resign.

Then, Taichu took a closer look at the scene. Among all the gods, Cosimeon was absent. She couldn't help but feel nervous.

She had never seen Cosimeon since her return from the failed battle of the Fortieth Heaven. Every time she visited him, she would be turned away. She was panicking.

"I have another resignation letter here." Suddenly, Stavros said, "Please accept it as well."

Then, he reached out and unfolded an amethyst-gold scroll.

Immediately, blood spurted out from his two fingers, turning into a blood pillar.

Stavros wrote his resignation letter on the amethyst-gold scroll and handed it over to Goyo.

Upon seeing that, everyone present was dumbfounded. They were stunned.

What was going on? The position of the Path Emperor was something that everyone wanted to obtain. Suddenly, there were two vacancies. Was it a dream?

“Emperor Stavros.” With a straight face, Taichu shouted, ‘This is a gathering. If you have anything to say, please say it directly. Tell US your hatred and anger.

Why must you be so extreme?”

“We aren’t being extreme. We’re doing it to avoid disasters.” Enunciating each word, Stavros said, ‘You’re right. I have always been at odds with James, but after the disaster of the Fortieth Heaven, I’ve thought everything through.

“I’ve never been James’ match. I will never be. Rather than being on the same side as you and being killed by him in the next war, I will retreat and return to my original state, entering nothingness.”

Then, Stavros bowed at Goyo and Taichu before glancing at the gods present.

After that, he left.

“Stop!” Maria suddenly shouted, ‘You handed over your resignation letter, but you didn’t hand over the Gate of Wuia. This is a threat. You’re disrespecting Lord Goyo.”

Upon hearing that, Stavros smiled strangely. He turned around and answered, “I’m sorry. James has taken away my Gate of Wuia. He gave it to Morgott. Now, I have nothing. Of course, if you want to kill me, you can do it now. I won’t run away.”

At that, everyone was in an uproar again.

The Gate of Wuia was taken away. It was with Morgott now. How terrifying would the tribulation that would happen soon be?

The Almighty Dragon General Chapter 7097-After taking a glance at Stavros who was resolute, Maria bowed at Goyo. ” Lord Goyo...”

Goyo waved his hand to interrupt Maria. He slowly raised his head.

“Stavros, this isn’t the time for a dispute. Besides, the status of you and Cosimeon as Path Emperors isn’t appointed by me. It was appointed by Waitara. I can’t accept your resignation letters.”

Immediately, the place fell silent. Stavros felt his heart drop.

Goyo was cunning. It seemed that Stavros and Cosimeon must be involved in the tribulation. They could not avoid it.

“Your words make sense.” Suddenly, Goyo said, “We have indeed gone overboard in treating the living beings.

“But the outcome of the situation has been fixed. It can’t be changed overnight.

Even if the Haleth Realm is to be dominated by the living beings and let US retreat to the back, we should retreat with dignity.”

Upon hearing that, Stavros turned around and looked at Goyo, astonished.

Goyo was too cunning. He was taking advantage of the situation to stir up the situation.

“Power can no longer restrain US,” Goyo continued, “But our dignity and status can never be shaken. Thus, even if we let the living beings dominate the Haleth Realm, we must still fight this war.

“Whether it’s James or Xanthakos, no matter how wronged the living beings felt or how much they despise US, we must win this war.

“Only by winning this war can we retreat with dignity and still be their gods. They will still respect and worship US. It’s our bottom line.”

His words were agreed with by all the gods. Everyone clapped. Even Taichu’s eyes lit up. She agreed with Goyo.

Taking a deep breath, Stavros asked, “What if we lose?”

His words made the warm atmosphere turn cold. Then, he suffered countless criticisms. All the gods accused him of talking nonsense. How could they be afraid of a group of ants and lose to them?

Amidst such ridicule, Stavros smiled helplessly and left with his hands behind his back. He used to be Xayvion and was now Emperor Stavros. Although James’ wisdom surpassed his, he was a powerful existence in all worlds. He disdained the Alcide beings’ stupidity.

Seeing Stavros walk out of the temple, Maria was enraged.

“How dare he do this? He’s going against the Path. Are there still rules in all worlds?” Several kings came forward and reprimanded Stavros. They wanted Goyo to punish him.

However, they stopped speaking after Goyo glanced at them.

Rules?” Coldly, Goyo said, “I think you guys are the ones who are unruly.

The Almighty Dragon General Chapter 7098-“Even if he’s in the wrong, he’s still one of the Five Path Emperors. He has a higher status than you. None of you have dignity. You’re unruly.”

Upon hearing that, the gods who were initially noisy fell silent. They were so terrified that they dared not breathe.

“Alright. You may step down.” Goyo waved his hand. In a low voice, he said, “No matter what Xanthakos wants to do, we will act according to the plan and be fully prepared.”

All the gods stood up. They bowed at Goyo before turning into beams of light and disappearing from the temple.

It was only then that Goyo looked at Taichu. “Taichu, Stavros’ words weren’t

unreasonable. What we are worried about might not be Xanthakos. Instead, it might be James who is inside the Gate of Mystery.

“So, before the war, I hope you can meet the Yin governor. She’s not only the Yin governor, but she’s also the master of the Wyrmscale Source who can make decisions. More importantly, she can influence James’ decisions.”

Upon hearing that, Taichu frowned. At this time, Maria snorted. “Lord Goyo, is this necessary? A mere ant...”

Goyo’s expression darkened. He waved his hand, causing a strong wind to howl and know Maria away.

When the other path kings saw that, they knelt on the ground fearfully. They were horrified.

Taichu sighed. “If the Yin governor is imprisoned by Xanthakos in the Qadeer Temple, we have no chance. We can only find someone to pass on the message.

‘The main issue now is that once Xanthakos rebels, where will he attack?’

Goyo raised his head, showing a solemn expression. "To control all worlds, one must control the Forty-Ninth Heaven first. To control the Forty-Ninth Heaven, one must first control the Wuia Palace.

'The Path Designation Bead in the Wuia Palace is the key. Whoever obtains the bead will be the new Supreme Path.'

Then, Goyo sighed. "In the past, in the Forty-Ninth Heaven, the Five Path Emperors would keep one another in check. With Taiyi and you guarding it, no one dares to eye on the Path Designation Bead.

"But now, with the withdrawal of Cosimeon and Stavros, a direct confrontation between Xanthakos and me has formed as Emperor Yiulia is nowhere to be seen too."

After that, Goyo looked at Taichu again. 'We are, without a doubt, on the same side. The key is that if the Wyrmscale Source is on Xanthakos' side, we will be in a passive position.

"If James chooses to work with Xanthakos, we will lose this war. By then, we will face endless tribulations."

Upon hearing that, Taichu nodded. She got up and said, "I will find the Yin governor now." Then, she turned into a ray of light and shot out of the temple.

Goyo slowly closed his eyes. "James, you shouldn't be deceived by Xanthakos.

Otherwise, you will suffer endless tribulations too.

By then, even Frona can't save the situation, let alone you.¹

The Almighty Dragon General Chapter 7099-In the Gate of Mystery, James used the terrifying power of the Zenthur Rank to engulf Hankin and dozens of Primordial Spirits and refine them.

Harper wasn't willing to be lonely, so she squeezed in a few of her Primordial Spirits. She wanted to refine them as well. However, her main self was wandering around James. She wore a red robe and looked heavenly. She exuded a nice fragrance.

At this moment, James who was sitting on a lotus received news from Lesia who was in the outside world.

At this moment, Jiang Chen was sitting cross-legged on the blooming holy lotus and had received a message from the bell spirit from the outside world.

Lesia lived up to Frona's Soremsia. Not only did she hide herself, but she combined James' and her soul sigils, forming a Supernatural Power of visual commonality.

"Master, it works!" Lesia reminded.

James grunted. Then, he waved his hand. A ray of amethyst-gold light flashed by. An oval screen appeared.

On the screen, the Marauder Army of One Hundred Thousand Warriors was standing orderly in the sky above Qadeer Temple. They were full of Murderous Energy. They were terrifying. Thus, the divine beings who attended the Wuia Integration Gathering felt uneasy.

"Isn't this Qadeer Temple?" Harper landed behind James. In an ambiguous position, she was very close to James' face.

With a slight frown, James said, annoyed, "Men and women shouldn't be this close. Can you have some shame?"

Harper clicked her tongue. Then, she took a seat beside James.

She knew that James wouldn't let himself be seduced by other women, but she couldn't help but tease him.

At this time, James said, "They have shown the Marauder Army of One Hundred Thousand Warriors. Quentyn and Quintus are eager to earn merits."

"I don't trust them." Enunciating each word, Harper said, "I advise you not to put your hopes on them."

James smiled. After learning about the Soremsia, aside from Thea and Lesia, he couldn't put his hopes on anyone else.

Among his friends, there might be a god's Soremsia. After all, it happened to Jabari and Franciscus. Who else could he trust?

"Look. Xanthakos has come out." Following Harper's exclamation, James returned to his senses.

Seeing the oval screen, Xanthakos along with a group of supreme beings arrived before the Marauder Army of One Hundred Thousand Warriors.

Among the group of supreme beings, other than Quentyn, Quintus, Twelve God Kings that were released, Eighteen Emperors and Dorvus, James saw a beautiful woman in a white robe.

"The Yin governor!" Harper exclaimed again. Then, she pointed at the screen as if she had seen a celebrity she liked. "That's your wife. Your wife has become a traitor."

Upon hearing that, James frowned. "Shut up. Even if you become a traitor, my wife won't become one."

Harper pouted. She was upset.

Then, James said to Lesia telepathically, "Do you have a way to contact my wife?"

Lesia sighed. "I can only do it if she walks past me. Otherwise, if I use the Vital Energy, I will be discovered by Xanthakos."

"Don't make a move for now." Hurriedly, James instructed, "Don't expose yourself. Otherwise, we will suffer losses."

Then, the screen showed Xanthakos. He didn't seem excited to see the return of the Marauder Army of One Hundred Thousand Warriors. Instead, he was doubtful.

He probably didn't expect the pawns he planned to sacrifice would come back in one piece. With his hands behind his back, he walked around the army and examined them.

The supreme beings behind him moved slowly. It was as if they were examining the army too.

The Almighty Dragon General Chapter 7100-Thea, among the divine beings, were getting closer to the Marauder Warriors who were formed by Lesia. James was nervous.

However, when Xanthakos arrived before the Marauder Warrior transformed by Morgott, he stopped walking. Thus, the supreme beings behind him stopped as well.

Upon seeing that, James became even more nervous.

He wasn't worried about the Marauder Warriors transformed by Yianni and Lesia, but Morgott was a variable.

Xanthakos used to be Morgott's mortal enemy. Xanthakos sealed him for millions of entrapochs. It was a grudge that contained blood. With his temperament, could Morgott hold back his anger when his enemy was right

before his eyes?

However, in the next second, Xanthakos reached out to touch the Marauder Warrior transformed by Morgott.

Right then, James was panicking. “Morgott, please hold back!” As Xanthakos’ hand got closer to Morgott, when he was about to touch Morgott’s face, Morgott moved.

“Oh no!” James exclaimed.

Harper was surprised by James’ exclamation. “What’s wrong?”

On the screen, when Morgott had just taken out his weapon, Yianni and Lesia also pulled out their weapons.

Instantly, all the Marauder Warriors flashed with amethyst-gold light. All of them pulled out their weapons and turned to face Xanthakos. Murderous Energy filled the void.

When they saw that, James and Harper’s eyes widened. They held their breaths.

On the screen, Xanthakos stopped reaching out when he was about to touch Morgott. Then, Xanthakos, who was doubtful, suddenly laughed.

Standing to the side, Quintus said, “Emperor Qadeer, it’s dangerous. They are refined by Path Stones. Once...”

“It’s fine.” Xanthakos had a strange smile on his face. Suddenly, he shouted, “Dorvus!”

In a flash, Dorvus appeared beside Xanthakos. He bowed.

With a smile, Xanthakos asked, “Where’s the token that controls the Marauder Army of One Hundred Thousand Warriors?”

Dorvus was taken aback. He quickly said, “It was taken by the devil. It’s all because of Hankin...”

“Nonsense.” Xanthakos snorted and said, “Without the token, how can the Marauder Army of One Hundred Thousand Warriors stay still?”

Dorvus raised his head and widened his eyes. “Emperor Qadeer, the token isn’t with me...”

“Is that so?” Xanthakos narrowed his eyes. He turned to look at Quintus and Quentyn. “When you guys saw the Marauder Army, were they orderly?”

Quintus exchanged glances with Quentyn. Then, he smiled and said, “Mr.

Quentyn, speak up.”

Quentyn frowned.

Xanthakos and the divine beings present turned to look at him. At this moment, Quentyn was in danger.

Upon seeing that, Harper rolled her eyes at James. “I told you that they aren’t reliable. Now, we have given back the gift Xanthakos gave US.”

Meanwhile, James narrowed his eyes. He stared at the screen without saying a word.

It didn’t matter if Quentyn handed over the secondary Marauder Token. The outcome would be the same. It was just that James had a bit of anticipation.
