

## The Almighty Dragon General Chapter 7212

The Almighty Dragon General Chapter 7212-Taichu and the Three Path Emperors looked at each other before smiling at James awkwardly.

James and Thea weren't how they used to be. They could make the world tremble while playing chess. Of course, Taichu and the Three Emperors needed to forgive them.

"Stavros." With a smile, James walked over to Stavros. "Ever since we parted ways in the Fortieth Heaven, we haven't seen each other. You're really blessed."

Stavros didn't know what to say. Feeling a bit awkward, he said, "I was defeated."

How can I speak bravely? On the other hand, you're different from what you used to be. The Supreme Path is far beyond our reach."

"Hey, you can't say that." James patted Stavros on the shoulder. "If we didn't

fight, we wouldn't know each other. Besides, you're a great opponent."

When Stavros was about to speak, Thea who was behind James turned into an amethyst-gold Sword Light and flew over.

When Stavros saw the terrifying Sword Light, his eyes widened and his expression changed.

Goyo, Taichu, Yiulia and Cosimeon were all stunned.

When the Sword Light was about to touch Stavros, it stopped.

Looking at the situation, James held the Sword Light with one hand. The tip of the Sword Light was only a few inches away from Stavros' throat.

"Darling, don't be like this," said Thea.

Then, James grabbed the Sword Light and pulled it. Instantly, it turned into Thea's beautiful figure.

At this moment, Thea was glaring at Stavros.

"You're the one who keeps bullying James and setting up traps, using all possible means."

Stavros was shocked as his face twitched.

“If I had known earlier, I would have killed you back in the Fortieth Heaven.”

Enunciating each word, Thea said, “Whoever bullies James deserves to die without a burial place.”

When James noticed how terrified Stavros was, he tugged at Thea’s sleeves.

“He didn’t bully me. I’m the one who bullied him.”

“I don’t care.” Thea snorted. “Path Emperors are born to be bullied. Apologize now!” Then, the amethyst-gold light in Thea’s hand flashed. A longsword with Murderous Energy appeared. It was placed on Stavros’ neck.

Looking at how reckless Thea was, James felt helpless.

Goyo, Taichu, Yiulia and Cosimeon were all extremely nervous.

Taking a deep breath, Stavros bowed at James.

“James, I was wrong in the past. I’m sorry.”

James waved his hand. Then, he pulled Thea and said, “Is that enough? There are more important matters to discuss.”

Thea snorted. She withdrew the Taichu Sword and glared at Stavros. It was as though she was warning him that she would kill him if there was a next time.

Seeing that the atmosphere had calmed down, James smiled and clapped his hands.

“Everyone, it’s our first time meeting as a group. I will get straight to the point. I only have one purpose for gathering everyone here. Let’s cease the war.”

At the mention of that, Goyo, Taichu and the Three Path Emperors were stunned.

They were all confused.

They didn’t participate in the war between Goyo and Xanthakos. Even if James wanted to cease the war, he didn’t need to inform them.

“What’s the matter? Do you disagree?” James suddenly asked.

Taichu returned to his senses and asked, “James, we didn’t participate in the war. How can we cease the war?”

“That’s right.” Cosimeon nodded. “We didn’t participate in the war according to your wishes.”

"I think James meant that we can intervene now to cease the war." Stavros looked at James. "After all, we control five of the Daonus Realms. No, we control six of them.

"We can announce to cease the war. Whoever dares to disobey it will be annihilated."

After hearing Stavros' words, everyone turned to look at James.

The Almighty Dragon General Chapter 7213-You're indeed the smartest one out of the Five Path Emperors." With a smile, James glanced at Stavros. Then, he said in a low voice, "That's right.

What Stavros said is right."

Upon hearing that, Yiulia frowned. "Xanthakos' forces won't listen to US..."

"We'll kill then!" Thea suddenly spoke up. "We'll kill them until they listen to us."

Everyone was stunned. They knew that in Xanthakos' faction, most were living beings. On the other hand, James was the ruler of all living beings. Could he kill a living being?

James waved his hand. A large screen appeared, exuding bright lights.

Then, the Nine Daonus Realms of the Forty-Ninth Heaven as well as the forces distribution map appeared on the screen.

"Look here!" James narrowed his eyes slightly. "This is the current state of the Forty-Ninth Heaven."

"Xanthakos' faction has been divided into five armies in different routes northern, southern, eastern, western, and central. They are attacking the Goyo Daonus Realm from five directions."

Goyo, Taichu and the Three Path Emperors widened their eyes. They were stunned.

They didn't expect James to be able to look into the entire Forty-Ninth Heaven.

"As for the Xanthakos' Divine Army, it's mainly the five disciples under him."

Enunciating each word, James said, "Dorvus Holiness, Emperor Stille who is Wylee Zachmann, Emperor Zenithal who is Darcy Zacarias, Emperor Draco who is Quinby Lowe and Emperor Marvel who is Sidney Larsen.

"As long as we defeat these few divine beings, they will have no leader. It will make things easier for US."

Upon hearing that, the few divine beings were hesitant.

In a low voice, James said, "Just be frank. We'll discuss everything here. After that, we will implement the plan. By then, don't make up excuses and reasons."

His words were a warning. It made the divine beings shudder.

"James." Cosimeon hurriedly asked, "We only need to consider these five disciples under Xanthakos. Do we not need to consider Emperor Qadeer? He still has Quintus and Quentyn by his side."

"That's right." Stavros sighed and said, "These three are our enemies.

Especially Xanthakos. We don't know how strong he has gotten."

"You don't need to consider the three of them." With a smile, James said, "They can't intervene with the Forty-Ninth Heaven. We can deal with them later."

Upon hearing that, the divine beings were stunned again.

The war of the Forty-Ninth Heaven was initiated by Xanthakos. Yet, he didn't show himself now. So, what scheme was he planning?

"Is everything alright now?" With a smile, James said, "If there's nothing else, I'll distribute your tasks."

Then, he looked at Taichu. "Emperor Stille is closest to you. I'll leave him to you."

Taichu raised his eyebrows. He immediately nodded.

"Emperor Draco is more active on your territory." James looked at Stavros.

"I'll leave him to you. It shouldn't be a huge issue."

Stavros took a deep breath. "Quinby is one of the three powerhouses under Xanthakos but isn't a Path Emperor yet. It won't be difficult."
