

The Almighty Dragon General

The Almighty Dragon General Chapter 7214-TH leave Emperor Zenithal to you?" James pointed at Cosimeon.

"No problem." Cosimeon nodded.

Then, James turned around and looked at Yiulia. He had a complicated gaze.

"Your situation is a bit more complicated. Aside from Emperor Marvel, you have to deal with the Jaldice Divine Army of Ten Billion Warriors. You can't deal with them alone. Let Thea help you."

"No need." Yiulia shook her head. "I can do it alone--"

"Do you dislike me or do you not want to be in a team with me?" Thea cut off Yiulia.

Taken aback, Yiulia sighed. "You can come with me if you want to. No one will stop you."

It was obvious that Yiulia still held grudges against Thea.

At this time, Goyo asked, "James, although I lost to you, I should have a task too."

"Of course." James glanced at Goyo. "You're the leader of the Five Path Emperors and are leading this war. You can just take care of your disciples and Alcide beings."

Goyo was taken aback. As if he had understood something, he nodded.

Watching Goyo's actions, Taichu and the Three Path Emperors exchanged glances. They were stunned.

It seemed that their suspicions were right. Even Goyo had been tamed by James. It seemed that James was now the strongest powerhouse.

"As for Dorvus and the gods of the Four Seasons, leave them to me." With a smile, James said, "He's holding Xanthakos' Marauder Army of One Hundred Thousand Warriors. He's extremely arrogant. It's time to deal with him."

When the divine beings heard that, they nodded. As for the next plan, it would be simple.

According to James' plan, Taichu, Goyo, Yiulia, Cosimeon, Stavros and James would use the identity of the ruler of the Wyrmscale Source. An announcement of ceasing the war of the Forty-Ninth Heaven. Anyone who disobeyed would be besieged.

The announcement had the soul sigils of several powerhouses. It engulfed the entire Forty-Ninth Heaven with the strongest Supernatural Power.

At that instant, it spread to the battlefields in the Forty-Ninth Heaven. The divine beings who were still fighting immediately stopped. They were stunned.

This announcement was made with several rulers of the Daonus Realms. The entire Forty-Ninth Heaven only had Nine Daonus Realms, but this announcement consisted of six of them.

In all worlds, which force dared to compete with these six rulers? It was pointless to fight them.

Then, in the Forty-Ninth Heaven, another shocking news arrived.

The Taichu, Yiulia, Cosimeon and Stavros Daonus Realms had all announced to cease the war and mobilize all their forces to quickly surround the Goyo Daonus World into a desperate siege. Besides that, they could make the Xanthakos' armies that invaded the Goyo Daonus Realm fall into a desperate siege.

Then, Wyrmscale Source and the Goyo Daonus Realm announced that they would join in to cease the war, changing the war situation in the Forty- Ninth Heaven.

After receiving the news, Xanthakos' Divine Army, which was besieged, immediately stopped attacking. They were in a panic. They changed from offense to defense. The divine beings and commanders were running around, trying to find out what happened.

The Almighty Dragon General Chapter 7215-At this moment, in the Xalvador Temple of the Terythor Universe, as the commander of the Marauder Army of One Hundred Thousand Warriors, Dorvus felt uneasy. The gods of the Four Seasons walked back and forth. They were anxious.

"What's going on?" Dorvus clenched his fists. Furiously, he asked, "In an instant, Taichu, Yiulia, Cosimeon and Stavros Daonus Realms have changed to Goyo's side. There must be a scheme."

"Where's James? Isn't he the supreme commander? Even the Wyrmscale Source has turned against him. Does he deserve the Emperor's trust?"

Upon hearing that, the gods of the Four Seasons exchanged glances. They became silent. What else could they say now?

The Marauder Token that summoned the Marauder Army of One Hundred Thousand Warriors had been taken by James. Besides, the large number of Alcide beings who had rebelled from Goyo's faction had turned against James.

They had become a commander without an army.

"No, we can't go on like this." Dorvus raised his head and shouted, "The four of you will stay here and watch James and the Wyrmscale Source.

You must control the Marauder Army. It's our last asset."

"I need to rush back to Qadeer Temple and report the situation to the Emperor."

When Dorvus was about to leave, the Spring God suddenly blocked his way.

"Spring, what are you doing?" Dorvus' expression darkened.

"If you leave now, what about here?" the Spring God asked in a low voice, "If you want to report the situation, the four of US should go. You can guard this area." "That's right." The Winter God stepped forward. "You're the supreme commander of the Marauder Army. You're stronger than US."

Upon seeing that, Dorvus was enraged. "How dare you disobey my orders?"

"We just don't want to be your cannon fodder." The Spring God stood forward.

"When the situation was good, there was nothing for US. Now that the situation is bad, you want to leave US behind and return to the Qadeer Temple. You're running away at a critical moment."

Upon hearing that, Dorvus shouted angrily, "The Emperor will only send an army if I report it. You can only have a chance of survival if I go!"

"You only need to hinder James. I believe the Emperor will come to rescue us upon receiving the news. By then, even hundreds of James won't be the Emperor's match, let alone one James."

"Really?" At this moment, a faint voice sounded from outside.

Dorvus was taken aback. He and the gods of the Four Seasons turned around and saw James walking in with Harper and Salvador.

In an instant, Dorvus' expression changed. He stumbled backward with a wary look on his face.

The gods of the Four Seasons were so frightened that their faces turned pale.

They hurriedly knelt on the ground.

With his hands behind his back, James glanced at Dorvus who acted as if a great enemy was approaching him. Then, he walked over and took a seat.

Meanwhile, Xalvador and Harper stood next to James, making him look prestigious.

"Dorvus Holiness, it seems that the three thousand divine whips didn't make you learn," said James.

Gulping in fear, Dorvus snorted. "James, what do you mean by that?"

"What?" James raised his eyebrows.

"Didn't you get the news?" Dorvus gritted his teeth and asked, "Taichu, Yiulia, Cosimeon and Stavros have worked together to cease the war. Now, not only has Goyo participated, but the Wyrmscale Source under your control has also participated. Whose side are you on?"

Then, he pointed at Xalvador. "And he's an Alcide being. He's the supreme commander of the southern part of Goyo Daonus World. Why is he by your side?"

"Why are you two working together? If you do this, do you deserve the Emperor's trust?"

Facing that, James clicked his tongue disdainfully.

The Almighty Dragon General Chapter 7216-On the other hand, Harper turned into a beam of light. She pierced through Dorvus' body, leaving a huge bloody hole.

"How dare you bark at him? Who do you think you are?" A beam of light flashed by. Harper immediately appeared behind Dorvus.

At this time, Dorvus was frozen in place as if he was petrified. It was as if his soul was stolen.

In the near distance, the gods of the Four Seasons knelt on the ground. They were trembling in fear. They dared not take a breath.

A while later, Dorvus returned to his senses. He raised his head. "James, it seems that you really want to be the Emperor's enemy."

"So?" James asked.

Dorvus burst into laughter. "The Emperor is truly wise. He knew that you were unreliable, so he made a backup plan."

Then, he suddenly waved his hand. A dazzling token appeared in his hand.

After that, the token flashed. Suddenly, the entire Xalvador Temple shook. It was as if a catastrophe was coming.

Upon seeing that scene, Harper turned around. "Wasn't the Marauder Token taken by James?"

At that, the Marauder Army surrounded James and the others.

When Xalvados saw the scene, he immediately stood before James.

"James, you didn't expect that, did you?" Dorvus laughed and said, 'The Marauder Token I gave you can only command the Marauder Army once. This is the main one. As long as the Marauder Army of One Hundred Thousand Warriors is around, you can't do anything to me.'

"How arrogant!" roared Harper before going over to Dorvus.

However, at this moment, a terrifying Nothingness Dead Energy burst out of Dorvus. He knocked away Harper.

After that, he engulfed the gods of the Four Seasons at a terrifying speed and suddenly soared into the void.

"What an idiot." James sighed and waved.

Following a flash of amethyst-gold light, a dazzling amethyst-gold lightsaber struck. With a clang, it knocked Dorvus back who was about to escape.

"James, don't force me to do this," Dorvus, who had steadied himself, roared at James. "I know you're powerful, but I have the Marauder Army. You can't kill me."

Then, he waved the Marauder Token again. The Marauder Army that surrounded James and the others began to attack from all directions.

Dorvus laughed loudly again. "You should practice your skills with the Marauder Army of One Hundred Thousand Warriors. I won't accompany you anymore."

After that, he shot up to the sky again.

At this moment, among the Marauder Army that surrounded James, three beams of light shot up to the sky. A fierce battle broke out in the void.

As it was three against one, Dorvus was caught off guard. He was once again knocked back down.

He was stunned as he finally saw the divine beings who stopped him. They were three Marauder Warriors.

With a frown, he shouted angrily, "Are you insane? I'm your commander."

Nevertheless, the three Marauder Warriors were condescending and remained indifferent.
