

## The Almighty Dragon General Chapter 7251 - 7260

The Almighty Dragon General Chapter 7251-As his voice fell, countless purple-gold scripts suddenly spurted out from the huge Path Cauldron he had summoned, completely sealing off the Pantheon Nexus.

The Pantheon Nexus that enveloped Thea and the others suddenly transformed into a rapidly rotating formation, with dense scripts circling its periphery.

Goyo reemerged and stood on the massive Path Cauldron, staring at them, he laughed, "Haha! Since you three insisted on intervening, I'll hand out the gifts I prepared a bit earlier. You asked for this.

it'll be impossible to escape the Celestial Purge Formation. Not even James will be able to leave unscathed. His soul would be completely crushed and scattered."

While speaking, Goyo spread out his arms and his body erupted with potent Waltraud Power.

Unexpectedly, a colorful sword darted over from the distant void.

Swoosh!

The winds whistled as the sword approached. In just a short moment, it had pierced through the Alcide being standing on the outermost area and quickly took out a few others.

The sword traveled with great speed and hummed as it mercilessly slaughtered the Alcide beings. Blood splattered and showered down as the sword harvested life after life.

After going in a circle, the sword darted toward Goyo's throat.

Goyo frantically turned to the side to avoid the attack, halting his efforts to maintain the formation.

The sword grazed his skin, instantly drawing blood.

Startled, Goyo reached out to touch the wound on his neck.

"This is the fused Wuia Demon-Slayer Sword. Is James already here?" He hurriedly raised his head and watched as the sword shuttled back and forth, slaughtering the divine beings in the void. His party had suffered severe casualties.

At that moment, it seemed as if everything around him had frozen. The divine beings were petrified in different positions, extreme fear etched on their faces.

Stavros stood in the ruins completely stunned, his eyes wide open and filled with fear.

At the same time, Thea and the others who were in the Celestial Purge Formation turned from shock to excitement.

Countless divine beings were killed by just one sword. Such strength and speed could only be achieved by one person.

“One wine and one sword, wine is the soul, sword sweeps away the demons!”

“Ask about the Dao and cultivate the mind, where is the Dao? Take the responsibility that should be taken!”

“With wine in hand and sword in heart, the wine embodies my spirit, while the sword dances through the chaos of demons!”

“To seek the path of cultivation, one’s heart must be righteous. Where Daoism exists, evil shall not prevail!”

A mighty voice resounded, and a purple-gold light flashed. Soon after, a handsome young man in a black robe with long, flowing hair stepped into sight.

His steps were steady, leaving a trail of afterimages in the void. His long hair and blue cloak behind him fluttered with the wind. His appearance was majestic and domineering.

“It’s James! He already came back. What bad luck.” After identifying the man, Stavros quickly transformed into a beam of light and fled without hesitation.

Meanwhile, Goyo took a little longer to snap back to reality from his shock.

“He really made it in time,” Goyo cursed, then hurriedly turned into a light beam and escaped the scene.

The Almighty Dragon General Chapter 7252-The tens of thousands of divine beings pierced by James’ sword instantly exploded, causing loud rumbling noises.

Their flesh and blood splattered throughout the sky as terrified screams echoed, a terrifying sight to behold.

Simultaneously, the Pantheon Nexus enveloping Thea’s group collapsed.

Shockwaves spread, and terrifying cracks fissured through the surroundings.

Witnessing the successive explosions and the horrifying massacre of divine beings, even Taichu, Cosimeon, and Yiulia were utterly stunned.

They understood that 80% of the essence accumulated over millions of entrapochs by the Forty-Ninth Heaven's powerhouses had been annihilated with each explosion in the void.

But what astonished them most was that the mere appearance of James wreaked all this destruction.

Just how powerful had he become? To annihilate these powerhouses with a single blow—this was a terror that even Goyo, Xanthakos, and perhaps even Taiyi could not match.

"If you're trying to escape, you might have to try harder."

James' voice echoed through the void.

Suddenly, the dazzling Sword Light spread out throughout the entire Goyo Daonus Realm.

The vast expanse of Daonus Realm was transformed into a prison of Sword Lights, sealing all exits.

Meanwhile, Goyo, who had transformed into a purple-gold beam, fled hastily.

Countless Sword Lights descended from the sky, attacking him relentlessly.

"Damn you, James!"

Goyo cursed.

The beam he turned into burst with a vast and mysterious aura, shattering the Sword Lights.

Despite his efforts, his desperate flight was fraught with challenges.

After resisting a wave of dense Sword Lights, countless more formed ahead, blocking his path in a formidable formation.

Caught up by the Sword Lights, Goyo could bear it no longer.

He reverted to human form, and spread his arms, using his powers to sweep away the countless Sword Lights.

At that moment, a phantom figure rushed through the void with countless Sword Lights.

Boom! With a deafening crash, the figure pierced through the formation and materialized into Stavros, standing alongside Goyo.

Goyo shouted angrily, "What the hell are you doing? Don't you see I already have my hands full?"

Stavros whimpered, "I can't take it anymore.

I really can't hold on any longer."

Goyo turned around and saw Stavros, immediately noticing that his hands were severed and his body was completely covered in blood, hardly a spot on his body was unharmed.

"H-how did this happen?"

Stavros replied with a trembling voice, "James' sword is too strong.

His Sword Light inflicted serious injuries on me and I can't heal them."

Goyo sighed and hissed, "He has already fused the Wuia Demon- Slayer Sword's Lower Six Swords and Lipper Three Swords.

I never expected it to have such devastating strength."

Stavros asked anxiously, "How did he obtain the Lipper Three Swords? Didn't you have them?"

Goyo shook his head in dismay and raised his hand to ward off the countless Sword Lights descending from the void.

Stavros seemed to realize something horrifying and muttered in terror, "He took the Upper Three Swords from you? If I had known earlier, I would never have joined you in rebelling against him."

Goyo snapped, "What good does regretting do now? Think about how to survive."

With that, he unleashed another palm attack, dispersing the Sword Lights sweeping toward Stavros from behind.

Stavros suggested, "The Taiyi Daonus Realm lies ahead.

Break through the Luoyun Mountain ahead, and we might have a chance."

Goyo turned to look in the mountain's direction and then glared at Stavros.

Before him, dense Sword Lights hovered in the air, waiting for him to attempt to flee to the Taiyi Daonus Realm.

Stavros hurriedly said, "Use the Waitara Cauldron.

It might safely transport US into the Taiyi Daonus Realm world."

Goyo cursed, "You damned fool! I abandoned the Waitara Cauldron in the void above the temple just now.

James might already have possession of it."

Stavros said anxiously, "Why...why did you...Isn't it connected to your consciousness? Can't you..."

Goyo growled, "Why are you always relying on me? What about the Gate of Vitality? Why can't you use it?"

Stavros stuttered, "I...I can't use it..."

Bang! Before Stavros could finish speaking, Goyo struck him with a palm, knocking him away.

At that moment, the airborne Stavros was engulfed by countless Sword Lights.

He screamed in agony as he was shredded to pieces.

Goyo roared, "Useless! All of you are useless! Why did I find such incompetent allies? What a disgrace!"

With these words, he immediately seated himself cross-legged in the void.

He clasped his hands together, and the potent aura around him gradually shifted into a black-and-white energy.

Boom! An explosion ensued as the umbrella in the sky was shattered)

transferring black-and-white auras that spread i

n all directions Shortly after, an enormous mass of black-and-white gas surged forth, swiftly blanketing the entire realm.

In an instant, the countless Sword Lights in the void froze as if time itself, had halted under the influence of this black-and-white gas mass.

Countless black-and-white 'path' words emerged from his body, converging to form a massive umbrella.

It rose to intercept the rapidly descending Sword Lights from above.

The Almighty Dragon General Chapter 7253-Goyo displayed surprise and desperation upon seeing the sight.

“Save me, Taiyi! I beg of you, please save me!”

He knelt in the void, kowtowing desperately, a stark contrast to his usual feared and authoritative demeanor as a confidant of the Waitara Path.

“How did someone like you, who is feared across Greater Realms, stoop to this?”

A sacred and resonant voice echoed from the void, its ethereal quality imposing reverence and respect.

Goyo pleaded, “I truly had no other choice.

The demon has conspired with Xanthakos.

Their treachery knows no bounds! I lost the Wuia Demon-Slayer Sword’s Upper

Three Swords and the Goyoan Temple fell.

1...”

“Is James the demon you speak of?”

Goyo sighed deeply, his expression pained.

“Yes...”

Taiyi pressed, “Isn’t he the Chosen One that we’ve acknowledged?”

Goyo sighed again, straightening his posture as he recounted their plan to attack Taiyi Daonus Realm, emphasizing his unwillingness to defy Taiyi and his utmost respect in an attempt to appease her.

Taiyi listened whilst standing in the shroud of black-and-white gas.

“Your intellect is exceptional, but your reliance on cunning methods blinds you from transcending yourself and embracing true Daoism.

These words caused Goyo’s eyes to widen in shock.

III II Taiyi questioned coldly, “And what of the Waitara Path’s aura? You know better than most that the Waitara Path had concealed his soul within the Wuia Demon Slayer Sword.

Why then did you allow James to possess it?”

Goyo protested, “I didn’t give it to him! He took it from me!”

Taiyi retorted, “With your power, that shouldn’t have been possible.

You orchestrated everything, knowing that James would fuse the Wuia Demon – Slayer Sword, thereby releasing the Waitara Path’s soul spirit.

“Then, you could end the pretense of collaborating with James.

Under the pretext of saving the Waitara Path’s soul spirit, you could rally the forces of the Greater Realms against Xanthakos and James.

Your goal was to tilt the scales in your favor.”

Goyo’s lips trembled slightly after Taiyi exposed his scheme.

.

Taiyi sighed and said, “You didn’t act incorrectly, but your manipulation of James, inciting divine beings to besiege the Yin governor and her companions under the guise of protecting the Waitara Path, was ambitious to a fault.

“For personal gain, you used the Waitara Path’s name to go against James.

Given his nature, can he still sincerely revere the Waitara Path?”

Goyo shuddered, fear coursing through him.

“What are you suggesting...”

Taiyi stated calmly, “I cannot absolve you.

At best, I can aid in alleviating your current predicament.”

Goyo pleaded desperately, “No, no!

With James possessing the compete Wuia Demon- Slayer Sword, I stand no chance against him.

If you don’t intervene now...”

Taiyi interrupted, “If I were to intervene, I would be doing just what James wants”

The Almighty Dragon General Chapter 7254-Goyo whimpered tremblingly, "I...I don't understand."

Taiyi asked, "Do you think you survived so long because of your own ability? Do you think James can't kill you?"

Goyo was rendered speechless.

Taiyi reprimanded, "It's not that he can't kill you.

He just doesn't want to yet and has been deliberately letting you escape.

"He knows very well that you will try to escape into my Daonus Realm and it would give him an excuse to attack."

Goyo raised his head abruptly and asked, "Are you also afraid of him?"

Taiyi said helplessly, "It has nothing to do with fear.

I simply can't have a conflict with him before the Waitara Path returns."

Goyo shouted, "Why?!! You're an Alcide being..."

Bang! A sudden crisp sound, a beam of light shot out from the black and white gas mass, knocking Goyo to the ground.

Goyo coughed up blood and climbed to his feet whilst clenching his chest.

He looked at Taiyi in disbelief.

Taiyi hissed, "You stubborn fool! At a crucial time like this, why are you still hung up on that? The Leere Tribulation is caused by you."

Goyo was furious but did not dare to utter another word.

After all, Taiyi could kill him with just the flick of her wrist.

He was still reluctant to accept the reality nor did he think he was in the wrong.

However, James was too overpowering.

Taiyi said disappointedly, "Go! You should descend to the Greater Realms.

Perhaps you would be able to survive there for now."

Goyo clenched his fists and argued, "The Greater Realms? Are you asking me to..."

Taiyi reprimanded, "Put aside your lofty status as an Alcide being.

If you don't go now, you'll really die under James' sword and won't have a chance to reincarnate."

Though Goyo was dissatisfied, he understood Taiyi's stance.

He gritted his teeth, transformed into a light beam, and quickly descended to the Greater Realms.

Taiyi sighed after he left and murmured, "If it weren't for the fact that you're still useful, I wouldn't let you go."

Just as she finished her words, a purple-gold Sword Light flickered and James appeared beside her. You're smart, Taiy?!" The black and white gas mass fluttered, then Taiyi's voice resounded. "Impressive skills, Chosen One."

James put one hand behind his back, Stavros! Otherwise, I will destroy the Taiyi Daonus Realm."Taiyi chuckled in the face of James' threat.

The Almighty Dragon General Chapter 7255-James narrowed his eyes slightly and raised one hand.

Suddenly, a gigantic, nine-colored lightsaber appeared behind him, spinning rapidly and emitting a dazzling array of lights.

The Sword Lights that once filled the sky above the entire Goyo Daonus Realm were quickly absorbed, releasing a fierce Murderous Energy that spread rapidly.

Boom! The Murderous Energy clashed violently with the light emitting from the black-and-white gas mass, causing a terrifying explosion.

The surroundings trembled, and countless universes suddenly gathered and swirled around the black and white gas mass, quickly blocking the Murderous Energy.

James quickly pointed his fingers forward, and the huge nine- colored lightsaber transformed into nine divine swords of different colors.

They shot toward the black-and-white gas mass in a swift motion.

A series of deafening rumbles resounded as the divine swords clashed with the universes surrounding the gas mass.

However, as the swords approached, they were blocked by a stream of air.

The battle went into a stalemate, none of them capable of gaining the upper hand.

Suddenly, James raised his hand and summoned Anonymous Gas to form a giant palm, charging straight at the gas mass.

At that moment, a pagoda emerged from the gas mass and instantly collided with James' giant palm.

The terrifying shockwave spread rapidly, shaking the entire Goyo Daonus Realm's void, causing countless cracks and the collapse of tens of thousands of bordering universes.

Just then, dazzling Sword Lights burst out from James' body.

The surrounding sky instantly darkened as if a catastrophe was imminent.

"Are you trying to destroy the Greater Realms? Or do you want to obliterate the entire Realm?"

Suddenly, a familiar yet unfamiliar powerful voice shouted from the gas mass just before James could unleash the lethal attack.

Recognizing the voice, James frowned and halted his attack.

He raised his head and saw a handsome man with long hair emerge from the gas mass.

Surprised, James called out, "Wesley?"

James was under the impression that Wesley had already died and his soul was scattered.

However, judging by the aura emitted from the man, it was undeniably the former ruler of realms below the Fortieth Heaven, Wesley.

Wesley approached with a smile and asked, "How have you been?"

James stared at him suspiciously.

"You're not dead?"

Wesley replied calmly, "I didn't die! I was reborn! A new beginning after death!

Isn't that the highest realm of our cultivation?"

James asked puzzledly, "In the Wuinfinite Formation, you..."

Wesley interrupted, "It was me.

However, I'm still much worse off than you.

I only have an extra Primordial Spirit, whereas you already have an extra main self".

James immediately activated his Chaos Yin- Yang Eyes to carefully inspect Wesley.

Once he had verified, he excitedly stepped forward and hugged him.

"wesley, I really thought you...

Who would've thought this would've happened? This is such a surprise!"

Wesley gently patted James' back and said, "Being righteous and loyal is a good thing, but can also be the cause of your downfall.

We can still negotiate with Taiyi.

There's no need to fight till death."

After that, Wesley turned to the gas and said, "You've already witnessed everything now, Haven't you? I was telling the truth."

The Almighty Dragon General Chapter 7256-James also looked at the black and white gas mass, his handsome face full of vigilance.

Taiyi sighed and said calmly, "Seeing is believing.

This child is indeed an anomaly."

As she spoke, a dazzling pearl flew out from the gas mass, buzzing as it slowly approached James.

James frowned at the sight.

Taiyi explained, "This is the Taiyi Pearl you need.

Whether you use it to integrate your Five Spirits or enter the Gate of Wuia is up to you."

Faced with this unexpected turn of events, James glanced at Wesley, who

smiled and nodded, urging him to take it.

James was startled, as his carefully laid out plans had gone to waste.

His original plan was to use the escaped Goyo and Stavros as an excuse to storm into the Taiyi Daonus Realm and seize the Taiyi Pearl.

By doing so, he could integrate his Five Spirits and open the passage to the Gate of Wuia to intercept Xanthakos.

He was completely caught off guard that Taiyi was willingly handing it over.

It was like being handed a treasure he had fought tooth and nail for, only to find it offered to him.

At that moment, he was unsure of how to react.

The unexpected situation had overturned his understanding of divine beings and deities.

After thinking for a while, he only managed to blurt out, "Why?"

Wesley smiled and looked at the black-and-white gas mass.

Taiyi said calmly, "To help you understand that not all Alcide beings and divine beings are like Goyo or Xanthakos.

We' re not all ambitious, evil, selfish, greedy, and power-hungry.

"True Daoism does not involve personal emotions.

It addresses matters as is, and operates through cause and effect of actions.

Everyone has a different Daoism and fate.

We do not determine your destiny.

It's entirely up to you to walk yours."

'Different Daoism?' James was confused.

Wesley asked, "Sounds familiar? This is the Daoism you had forged in the Greater Realms.

Taiyo admires and agrees with it."

James' face changed immediately.

The so-called admiration and agreement could also be seen as a form of recognition.

After grasping the situation, he realized that Taiyi was gradually breaking free from the Waitara Path's control because of Wesley's influence.

Suddenly, James asked, "If that's so, why did you let Goyo go?"

Taiyi answered, "I had to.

Otherwise, he'd just become a problem for you."

James squinted and asked, "What do you mean?"

Taiyi explained, "Even with the Wuia Demon – Slayer Sword, you can't kill him. He was derived from the Historial Daoism, meaning he is immortal in the haleth realm. Even if he dies, he will be reincarnated.

On top of that, he would just become stronger each time he reincarnates."

James asked surprisedly, "So, he's like Morgott?"

Taiyi replied, "He is stronger than Morgott."

James fell silent at her response.

Taiyi said calmly, "I know what you're thinking.

Since you can't kill him, you want to imprison him in the gate of \_com Anonymous like the Waitara Path's soul spirit. But if you follow through with the idea, you will regret it."

The Almighty Dragon General Chapter 7257—James looked at Wesley perplexedly.

Wesley nodded in approval. Then, he sighed and said, "Goyo is completely different from other Alcide beings. He was created from the Historial Daoism, and you can consider him as the Waitara Path's defender. More importantly, he is the Waitara Path's first successor.

"Once he merges with the Waitara Path's soul spirit, he would instantly gain half of the Waitara Path's strength. If that were to happen, nobody in the Haleth Realm would stand a chance against him, not you, nor Xanthakos."

Seeing that James was indifferent, Wesley patted his shoulder and said, "I know that you have entered the Zenthur Rank, and your strength is extraordinary. In the Forty-Ninth Heaven, you can almost take on anybody. However, you are not invincible."

James raised his eyebrows at this.

Wesley said earnestly, "Don't be unwilling to accept the truth. You just fought with Taiyi and proved to be on par with her. However, compared with the Waitara Path..." James asked, "Is the gap wide?" Wesley glanced at Taiyi in the black and white gas, then explained, "Let me put it this way, if the strength of Waitara Path is ten, then the strength of you and Taiyi should be between two and three. Even if you join forces, you may not be able to deal with Goyo if he merges with the Waitara Path's soul spirit."

James fell silent.

Wesley said solemnly, "That's why I tried my best to persuade Taiyi to intervene, otherwise, the Leere Tribulation won't be solvable." James frowned and asked, "Does Goyo not know about it?" Taiyi answered, "Of course, he does. That's why he orchestrated things so that you would release the Waitara Path's soul spirit." Taiyi then explained Goyo's plan in detail.

After hearing everything, James took a deep breath. He was confused about why the Waitara Path's soul spirit suddenly appeared after he fused the Wuia Demon-Slayer Sword's Upper and Lower Swords. Moreover, it broke through the Greater Realms' Spiritual Providence and put everyone into a dream-like state.

Now he finally understood it was part of Goyo's plan.

Goyo was sure he would not be able to seize the Wuia Demon-Slayer Sword's Lower Six Swords, so he deliberately made it possible for James to obtain the Upper Three Swords. By doing so, he could ensure that the Waitara Path's soul spirit would be released. As long as he could meet with the Waitara Path's soul spirit, they could merge and he could become invincible.

To his surprise, the Waitara Path's soul spirit went to seek James and not him after devouring numerous of the Greater Realms' creatures. Then, the Waitara Path's soul spirit was locked up in the Gate of Anonymous.

Goyo was furious and incited the believers of the Waitara Path to besiege Thea's group using the name of the Waitara Path. He wanted to capture them and threaten James to release the Waitara Path's soul spirit.

However, James' timely arrival caused his plan to fail. Hence, Goyo sought Taiyi's protection as his final resort.

Yet, Taiyi claimed that Goyo was an immortal existence. He could survive and reincarnate even after being killed by the Wuia Demon-Slayer Sword, so his escape was questionable.

James immediately expressed his doubts.

Wesley answered, "Who would want to die if they could live? Moreover, even if he can be reborn after death, it would take some time. By then, it would be incredibly difficult for him to find the Waitara Path's soul spirit." After listening to this explanation, James reached out and grabbed the Taiyi Divine Pearl floating in front of him.

"You're very generous, but I can't accept something without giving something in return." James looked at the gas mass and said, "I have some useful news for you."

Yaretzi has perished.”

The gas mass fluttered violently at his words.

Wesley said anxiously, “You shouldn’t spread misinformation, James.” James looked at Wesley and denied, “It’s true. Xanthakos not only killed Yaretzi, but he also planned to use Yaretzi’s soul to threaten Youcef.

“Ultimately, he was so enraged that he wanted to destroy Yaretzi and Youcef’s soul. My wife risked her life to save them.” As soon as James finished speaking, the gas mass exploded with a loud rumble. The next moment, a tall, fair woman stepped out.

The woman grabbed James by the collar and asked, “Where is your wife?” James was stunned to finally see Taiyi. She was a beautiful woman with white hair, dressed in a white robe.

Seeing her flawless face up close, James was dazed momentarily.

Taiyi asked urgently, “Where is your wife?!!” Wesley hurriedly intervened, “ Please calm down, Taiyi. James is a man who values relationships and loyalty Since he informed you in exchange for the Taiyi Pearl, he must have prepared to give you an explanation as well” Taiyi let go of James and stepped backward.

“I’m sorry. I lost my composure.” James did not say anything but waved his hand, summoning a wave of Anonymous Gas. Thea immediately appeared, sitting in crossed-leg position with her eyes closer She was covered in blood, but the Anonymous Gas made her look sacred.

Taiyi and Wesley were surprised by her sudden appearance.

Wesley asked, “What happened to her?”

The Almighty Dragon General Chapter 7258-James sighed and said, “Goyo used the Pantheon Nexus on her and my friends.” Wesley abruptly turned to Taiyi upon hearing James’ words. He exclaimed, “Goyo must have gone to the Infernal Prison, otherwise, he wouldn’t be able to obtain the Pantheon Nexus.” Taiyi remained silent but slowly reached out her arm. A black-and-white force instantly shot toward Thea, who was surrounded by Anonymous Gas.

The black-and-white force gradually thickened and replaced the Anonymous Gas, then engulfed Thea.

After a while, Taiyi trembled uncontrollably and retreated a few steps. She

withdrew her force and spat out a mouthful of blood.

Wesley hurried forward to support her, "Are you okay?" James was also stunned for a moment, watching them puzzledly.

Taiyi took a deep breath and said, "The Cursed Smoke is too powerful. It seems that it will take a long time to cure her." Turning to James, she added, "Leave her with me. Take the Divine Pearl and do what you need to first." James was taken aback.

Wesley said calmly, "Don't worry. Besides Taiyi, nobody else is capable of neutralizing the Cursed Smoke." Without waiting for James to speak, Taiyi waved her hand and took Thea, then instantly turned into a mass of black-and-white gas and disappeared suddenly.

Startled, James tried to intervene but was stopped by Wesley.

"To be capable of resisting the Pantheon Nexus, your wife's strength is equivalent to that of an army of a trillion soldiers.

"I know you don't trust Taiyi, but trust me." James took a deep breath and bowed, saying, "Thank you." Wesley said "Also, I have a few reminders'. Don't place full trust in Frona She might not be completely honest with you. Additionally you should still be polite to Taichu.

"As for the Waitara Path's soul spirit, you will have to execute caution. He is extremely dangerous, but if you control him well, you can weaken the Waitara Path's strength significantly. The chances of winning will increase greatly?"

Wesley patted James on the shoulder, then turned into a red light and disappeared into the void.

Meanwhile Taichu, Cosimeon, Yiulta, Harper, Yianni, and others were anxiously looking at the void, waiting for James' return in the Goyoan Temple's ruins. They were all injured but witnessed the terrifying scene of James killing numerous divine beings. They could not help but be in awe of James' strength.

Morgott asked anxiously, "Why hasn't he returned? He should've been able to take down Goyo by now." Taichu said anxiously, "Goyo isn't the priority. The real opponent is Taiyi." Everyone was startled by her words and began to wonder if Taiyi would protect Goyo. They thought about whether James would be able to take on Taiyi.

While they anxiously awaited, a Sword Light suddenly descended from the void and transformed into James.

The surrounding divine beings immediately gathered and began to chatter non stop. But as James waved his hand, they immediately fell silent.

James scanned the area and asked, "How many of the Forty-Ninth Heaven's powerhouses that are at the Daeclon Mahayana survived?"

The Almighty Dragon General Chapter 7259-The powerhouses present exchanged looks of disbelief, each rendered speechless.

He had just wiped out the Forty-Ninth Heaven's powerhouses above the Historial Daeclon Rank that gathered here just moments ago. Other powerhouses were likely hiding within the Taiyi Daonus Realm. As for below the Forty-Ninth Heaven, there probably are not many left.

After pondering for a while, Marius hesitantly stepped forward and said, "There are still a few powerhouses in the Wyrmscale Source. Should we let them manage some of the Daonus Realms for now?" James' brows furrowed at his words.

Marius added bitterly, "There isn't anyone left. You killed all of them just now." Embarrassed, James replied awkwardly, "Uhh...okay. Then, you go ahead and

make arrangements. Execute anybody who defies orders." Marius immediately left to complete his mission.

James sat down on a nearby rock and said, "Gather over here. We need to discuss our next steps." The powerhouses glanced at each other and then sat down in a circle around James.

The terrifying sight of him slaughtering numerous divine beings was still fresh in their minds. James had truly dominated as the supreme ruler, and they had to obey his command.

James looked at Taichu and said, "Goyo mentioned that you had opened the Wuia Palace before. Does it require the combined strength of two Xyloria gods and the Five Path Emperors?" Taichu nodded and replied, "Yes. Me and Taiyi's Natal Pearls, Goyo's Wuia Demon-Slayer Sword's Upper Three Swords, the Path Emperor's Path Gate, and the Path Cauldrons are capable of opening the Gate of Wuia."

James fell into thought, his brows furrowed tightly. 'I already have the Taiyi Pearl and Wuia Demon-Slayer Sword. Surely, it won't be hard to get Taichu to contribute her Natal Pearl.

'Additionally, I've already acquired the Gate of Virtue and Gate of Creation.

Morgott also has the Gate of Vitality.' James turned to Taichu and asked, "What if we're short of a Path Cauldron?" Taichu sighed and answered, "I've never tried it before. But from my observation, it should pose no major obstacle." She had read James' mind and knew just what he had planned.

Standing beside, Yianni asked, “Do you want to open the Gate of Wuia now?” James asked, “Do you think it’s not the right time yet?” Yianni replied solemnly, “It would depend on what level they’ve reached Perhaps your other half might-come into play now. Remember, you two are connected by soul.”

James’ eyes suddenly lit up after recalling his other half in the Gate of Mystery.

Now that external matters had been settled, it was time to see what Xanthakos had been up to After scanning the divine beings around the area, James said, “Everyone must’ve been injured. Treat your wounds here for now. We’ll discuss the rest later.” James waved his hand and a wave of Anonymous Gas emerged to create a formation around the divine beings.

Sensing the Anonymous Gas, everyone including Taichu, was overjoyed. They immediately assumed cross-legged positions and began to recuperate.

James also sat down in the void, beginning to establish a spiritual communication with his other half inside the Gate of Mystery.

The Almighty Dragon General Chapter 7260-James’ main self of Path sat in a cross-legged position within the Gate of Mystery’s Delmuna. He had remained motionless, akin to a statue, as he bathed in a murky mist.

At that moment, his fingers moved gently and the mist around him fluctuated.

Suddenly, his eyes opened and two beams of Virtuous Aura shot out.

The surroundings trembled violently, and the murky mist rapidly cleared.

As soon as visibility was restored in the area, a dazzling pearl flew past him, emitting a buzzing sound.

“It’s the Eclipse Pearl! Quick, grab it! That’s the core of Delmuna! If you capture it, you’ll be able to control half of the Gate of Mystery.” A female voice resounded, offering quick advice.

After a momentary daze, James instantly reached out and grabbed the pearl before it left the area.

The Eclipse Pearl rotated within James’ palm, releasing an even more blinding light as if using all its strength in an attempt to break free.

“Interesting.” James stared at it, then urged some Virtuous Aura in his other hand and suppressed the pearl.

When he raised his head, he was met with a surprise. Whilst he was distracted, Yukha, Xabat, and Marci had unknowingly appeared in the area. Additionally, Light Thea and Yehria were also present.

The women sat crossed-legged, bathing in the Virtuous Aura. At that moment, all of them had reached the Daeclon Mahayana. Surprisingly, the strongest among them were Light Thea and Yehria.

After staring at them puzzled, James asked, "How did you all come out?" They silently glanced at each other, nobody answering him.

Shortly, Light Thea responded, "This, is a really good place, and it would be a waste to not use the opportunity to enhance our cultivation..." James interrupted, "Was it you? Only you are capable of freely traversing my soul space." Startled for a moment, Light Thea lowered her head nervously, her beautiful face filled with tension.

James scanned the people around him and questioned, "The numbers don't add up. I forgot the others but I know Taotie is also one of my contracted pets..."

Light Thea suddenly raised her head and said, "There are a few more, but..." Yehria interjected, "We killed them after discovering their treacherous plot to escape." James stared at Yehria as if she were a monster. "Then why not just kill me as well?" Yehria glared at James furiously. She parted her lips but hesitated to speak.

Light Thea hurriedly explained, "She didn't kill Taotie. It was only Xever and Lysander." James stared coldly at Yehria. Even in such a dire state, she still could not change her ruthless, vicious, and cruel nature.

Xever and Lysander were only captured because they tried to rescue her. On top of that, Lysander was pursuing her.
