

The Almighty Dragon General Chapter 7272 -7275

The Almighty Dragon General Chapter 7272-Instantly, the ball of malevolent energy expanded. It covered the entire ruins of the Goyoan Temple, filling the area with red-gold light and a terrifying aura.

When the wind blew, sand and rocks flew. The mountains collapsed, and the spiritual and divine creatures that passed by wailed.

At this moment, all powerhouses and divine beings in the Anonymous Formation felt the chilling aura. They opened their eyes one after another.

"The malevolent energy is terrifying. Where is it from?" Cosimeon asked in a trembling voice.

"Look around," Yiulia exclaimed, pointing outside the formation. "It's filled with red-gold light. The aura is terrifying. Could it be that the Leere Tribulation has arrived in advance?" Marius got up in shock. He had a stern expression.

"It isn't the Leere Tribulation, but an Inner Demon's malevolent energy. It's my first time seeing such a powerful Inner Demon." "Oh no!" Yianni frowned. "Did something happen to James' Five Spirits Integration?" "Five Spirits Integration?" Harper looked at Yianni in astonishment. "When did James start the Five Spirits Integration?" "The Five Spirits Integration is extremely dangerous. It's even more dangerous than the Three Treasures Integration." With a frown, Morgott said, "If he's careless, the Inner Demons will come out. Once it takes control of him, there will be endless killings. Wherever the malevolent energy passes, not even a blade of grass will grow. It's more powerful than me." When the divine beings and powerhouses heard that, their expressions changed.

At this time, a beautiful silhouette took the lead and rushed out of the Anonymous Formation. She headed straight to the void.

She spread her hands, spreading the amethyst-gold light in the void. She completely encompassed the sand and rocks around her. In this world filled with red-gold light, a huge amethyst-gold cyclone was formed. It encircled the expanding red-gold light.

"Lesia has taken action!" Yianni shouted, "She wants to set up the Nothingness Formation. We must help her." Then, Yianni rushed out of the Anonymous Formation and went straight to the void.

Marius, Yiulia, Cosimeon, and Hankin rushed out, heading in different directions and using their Supernatural Powers. They completely blocked the expanding malevolent energy. However, the power of the red-gold light was terrifying. The huge oval-shaped Energy Wall that the divine beings and powerhouses had set up was shattered immediately.

A steady stream of explosions sounded from all directions. The moment Energy Wall was shattered, several powerhouses and divine beings were immediately blown away by the red-goldlight.

Then, the red-gold light expanded rapidly at a speed visible to the naked eye. It swept toward the powerhouses and divine beings.

At this moment the Nothingness Formation formed by Lesia using the sand and rocks suddenly rose into the sky with a strong Nothingness Aura. It cut off the expanding red-gold light and trapped most of the red-gold light in it.

But even so, the red-gold light that was cut off on the outside immediately devoured the powerhouses and divine beings. Explosions and fights erupted within it.

Yianni questioned, "James, what are you doing?" "James, I'm Harper," exclaimed Harper.

"Master, it's me, Marius." Marius' voice sounded.

"James," shouted Morgott. "Don't strangle me. We are on the same team." Yiulia asked, "James, have you gone insane?" "Emperor Caden, you have lost your mind." Cosimeon rotated quickly.

"Emperor Caden, wake up. I'm Hankin." As they screamed one by one, bursts of terrifying Supernatural Powers suddenly came from within the red-gold light. The Sword Lights filled the sky, blowing everyone away.

The Almighty Dragon General Chapter 7273-In the blink of an eye, several powerhouses and divine beings were severely injured. They were blown away by the red-gold light.

After spitting out blood, the divine beings and powerhouses fell to the ground, severely injured.

Then, the Nothingness Formation that Lesia had just set up shattered into pieces when the red-gold light hit it.

Even Lesia was blown away. She fell to the ground heavily, spitting out a mouthful of blood. Her hair was messy and her body was covered in blood.

"Lesia!" Harper, who was in better condition, rushed toward Lesia.

Picking Lesia up, Harper asked, "Are you alright?" "Master has gone insane," Lesia shouted anxiously. "Master has gone insane.

How could he go insane?

“We never forced him or asked him to do anything. Everything was done according to his wishes. We never forced him to do anything.

“Why did he go insane? Why does he have so much anger and resentment?” Lesia shouted the last sentence heartbreakingly. Then, she burst into tears. She looked pitiful.

She was the Soremsia of Frona, the leader of the Nine Caeloros Gods of Nothingness. She devoted everything she had to create James. He was her greatest pride. He was also the second creation she was most proud of.

But now, he was facing his greatest challenge and setback.

Lesia had always treated James sincerely, responding to every request. She was afraid that he would feel manipulated and used, thus developing feelings of resistance. It would lead to complications.

However, when she thought she was leading James to Zymurgy, she realized that everything had become uncontrollable. She was so anxious that she didn't know what to do. Now, the situation had actually happened. She didn't expect such a thing to happen. So, it caught her off guard. She even found it difficult to accept it.

Hearing Lesia's heartbreaking cries, Harper was affected as well. Two streams of tears rolled down her cheeks.

Although she wasn't by James' side for long, she knew him well.

He was free, wild, righteous, upright, humorous, and infatuated with only one person.

It was really hard for her to believe that such a person could have such a powerful Inner Demon and go insane because of it.

Unbeknownst to them, in the red-gold light in the void, a lonely and handsome figure with malevolent energy was watching them intently.

When he saw Lesia cry and the severely injured powerhouses as well as divine beings, he trembled.

As the light of the malevolent energy became stronger, his whole body was completely enveloped in it. He became more violent and ferocious.

“Xabat, catch!” At this time, a clear voice sounded from the void.

In the next second, a Path Cauldron with Holy Light entered the Anonymous Formation from the sky above the red-gold light.

Xabat, who felt helpless, quickly caught the Path Cauldron. Then, he mustered his courage and soared into the sky.

Upon seeing that, the handsome man in the red-gold light suddenly roared, exuding violent Murderous Energy.

The Almighty Dragon General Chapter 7274-n the next second, the Path Cauldron in Xabat's hand was suddenly raised. A boundless black-and-white energy burst out from within.

The black-and-white energy rushed out quickly, moving above the red-gold light.

In the blink of an eye, it suddenly merged with the black-and-white energy on the end. Then, it formed a black-and-white energy that suppressed the red-gold light.

"Spin!" The clear voice sounded again.

Xabat immediately held the Path Cauldron high and began to spin rapidly around the red-gold light.

In the blink of an eye, a huge ball of black-and-white energy was pulled at both ends by two beautiful figures. It covered the red-gold light quickly.

Instantly, the red-gold light suddenly erupted with terrifying Sword Lights. It continuously impacted the black-and-white energy, but it was completely absorbed and devoured by it.

In the ruins, the severely injured divine beings and powerhouses saw the scene.

They were stunned.

"Taichu has used the Xyloria Path Cauldron," Cosimeon hurriedly said. "I hope it can suppress the malevolent energy of Emperor Caden." Meanwhile, the other divine beings watched the scene nervously.

"Taichu," Marius suddenly shouted. "Half of Zymurgy is derived from you. Create a space immediately to avoid causing greater killings." In the void, Taichu, who was holding a Path Cauldron, took a deep breath. As soon as she raised her hand, the area trembled. Everything shifted their shapes and positions. A loud rumbling sound erupted.

"Taichu, you shouldn't meddle in other people's business." At this moment, James' evil roar sounded from within the red-gold light. "Otherwise, I won't hold myself back." Then, a red figure shouted out from the red-gold light that Taichu and Xabat had covered with black-and-white energy. He stood on top of the black- and-white energy cloud.

Upon seeing that scene, the powerhouses and divine beings in the ruins were stunned. Even Taichu's and Xabat's faces turned pale.

"Step back," the red figure said coldly. "Don't make me use your souls to commemorate the new life." "James." Taichu hurriedly shouted, "I know you still have rationality and consciousness. Tell me how I can help you." "I don't need anyone's help."

Enunciating each word, the red figure said, "I can't trust anyone's" help. i Don't need anyone to control me James shouted the last sentence.

Then, a red-gold Sword Light erupted from his body. It quickly swept toward the surrounding areas.

"What about Thea?" Suddenly, Yiulia shouted from the ruins.

At once, the Sword Lights that were approaching Taichu and Xabat suddenly stopped.

"It's fine if you don't trust us." Yiulia shouted in tears, "But don't you trust the woman you've loved your whole life? To Pursue her, you've suffered so much. It wasn't easy for you to finally reunited. Are you going to destroy her too?"

The statement was useful.

James, who was enveloped in red-gold light, was lost in thought. So, the terrifying attacks stopped.

At this moment, Taichu immediately said to Xabat, "Put his body into the cauldron and seal him!" Xabat was taken aback. He raised his head in shock and shouted, "No, James is my benefactor. I can't seal him." "Are you stupid?" Taichu cursed angrily. "He has gone insane. No one can control him. If we want to resolve this catastrophe, we must seal him temporarily and find a solution before letting him out.

The Almighty Dragon General Chapter 7275-Then, Xabat closed his eyes as his body trembled. He turned into a ray of Bohnwer Light and entered the Path Cauldron.

In the next second, the Path Cauldron burst with black-and-white light. With an endless stream of black-and-white energy, it quickly suppressed James further.

One layer, two layers, three layers...

On the other side, when Taichu was about to enter the cauldron, she saw hundreds of millions of divine beings from all directions suddenly coming out from all around the void fiercely.

"The Alcide beings," Taichu exclaimed, "Everyone, step back. Don't come here." However, her warning was completely ignored by the Alcide beings.

Looking at James who was suppressed by several layers of black-and-white energy clouds, they seemed to have discovered an opponent they had never

seen before. They shouted fiercely.

“Kill the demon. We will defend the Path to death.” “We have the duty to slay demons.” “Let’s charge together. We’ll kill this madman.” Following the shouts one after another, the Alcide beings enveloped the vast formation and headed toward James from all directions.

Upon seeing this scene, Marius roared angrily, “What a bunch of b*stards.” “It’s time for US to help, right?” Holding the demonic spear, Morgott roared, “If you dare to take advantage of others’ danger and kill James, I will kill you.” When he was about to charge forward with his spear, he was stopped by Yianni.

“What are you doing?” Morgott glared.

Helplessly, Yianni said, “They aren’t killing James right now. They’re seeking death.” “Oh no,” Cosimeon said with pity, “These Alcide beings are really seeking death.” Just as they finished speaking, a loud rumble came from the void.

James, who Was initially suppressed by several lasers of black-and-white energy clouds, suddenly exuded red-gold light. The red-gold light completely devoured the Alcide being that were charging fiercely from all directions.

Then, an endless stream of screams and wails came from the red-gold light.

Countless broken limbs, heads, and bodies flew out of the red-gold light.

Although one couldn’t see what was going on inside, one could tell how tragic it was just by hearing the screams and wails.

With his strength, James was nearly invincible Aside from Goyo and o Xanthakos who might be able to withstand a few attacks, the other Path Emperors and divine beings were powerless.

Previously, James’ sword had killed more than eighty percent of the powerhouses, path kings, holinesses, and emperors in the Forty-Ninth Heaven.

Now, this group of Alcide beings were like moths rushing to the flames.

In the red-gold light, broken limbs, heads, and bodies continued to fly” out. In the ruins of Goyoan Temple, a hill formed by broken limbs appeared. It was growing taller More importantly, around the broken limbs and bodies, as the blood continued to drip, it formed a terrifying river of blood. It was expanding endlessly.

Upon seeing such a tragic scene, Taichu set up a formation and pulled Marius, Hankin, Yiulia, Cosimeon, Harper, Yianni, and Lesia into the void.

‘We’re doomed.’ In despair, Taichu closed her eyes. “It seems that only Taiyi can resolve this.
