

The Almighty Dragon General

Chapter 7392

The Almighty Dragon General Chapter 7392-“Xanthakos, the Divine Retribution is coming!”

Suddenly, James’ chuckles echoed through the trembling void.

Xanthakos looked up in horror and clenched his fists.

“James, drop the act. I have the Triple Nothingness Martial Technique. No matter how much you try, you can’t do anything to me...”

Before he could finish, a huge Xwem Chessboard appeared beneath him, expanding rapidly.

At the same time, a scroll filled with various runes wrapped around the expanding Xwem Chessboard at a terrifying speed.

“This is...”

Xanthakos was stunned. Then, he saw the Xwem Chessboard beneath him suddenly burst out with Xaria Light, soaring into the sky and forming one black-white-amethyst-gold Energy Wall after another.

Suddenly, rumbling noises sounded above Xanthakos. Countless black-and-white lightning bolts struck, quickly devouring him.

Xanthakos screamed as a terrifying Nothingness Dead Energy erupted from his body, shattering the countless lightning bolts wrapped around him.

As he was about to fight back, several beams of black-and-white light pierced through his body.

Groaning in pain, he found himself trapped by countless black-and-white lights within the chessboard.

“What is that?” Xanthakos roared, slashing at the black-and-white light with his hand. But he was once again assailed by wind, fire, lightning, and thunder, causing his body to tremble and white smoke to rise from his head.

“Damn it!”

Xanthakos, now in dire straits, roared. As his body spun quickly, he broke free from the restraints and rushed toward the void.

With another loud sound, he hit the Path Characters in the void and was knocked back by a terrifying force.

“What is this?”

After a series of attacks, Xanthakos finally went berserk. The Nothingness Dead Energy in his body started to surge.

Before he could fight back, a gush of Galeat Wind blew through. Countless hot flames filled the area, devouring Xanthakos entirely.

Xanthakos screamed again. He trembled and became distorted as the flames consumed him.

In the next second, restrictions and formations struck from the sky, covering Xanthakos again. Several explosions erupted.

e At the same time, James, who was above the gray cloud formation, saw the scene clearly. He was satisfied with the power of this new formation.

Λοι This scene stunned Morgott, Quintus, Taiyi, and Tapia.

“What is that?” Morgott’s face twitched as he asked in fear.

James smiled. “It’s a formation.”

Upon hearing that, Taiyi and Tapia were stunned.

Although they had never tried James’ formation before, as Xanadu Divine Beings, they knew about James’ experiences.

From what they knew, James’ formation had incorporated all of his Supernatural Powers, but it wasn’t this powerful. It couldn’t trap Xanthakos.

Unless he upgraded his formation or changed it entirely.

bet “This is amazing.” Quintus sighed and Even Xanthakos can’t e is no It seems that there.

for you to attack in person.”

Upon hearing that, James shook his head seriously.

The Almighty Dragon General Chapter 7393-“Don’t be too optimistic. With his current strength, Xanthakos has actually surpassed Yefrenes. He has about 70 percent of a Caeloros God’s strength.

“So, this formation can only trap him for a while. There will still be a life-and-death battle in the end.”

Upon hearing that, Morgott frowned. “He has 70 percent of a Caeloros God’s strength?”

“Didn’t you experience his strength just now?” James said. “He almost killed Harper, Yianni, and Febby in one move. He managed to force the four of you into a difficult position. That’s how powerful he is.” Morgott snorted disdainfully. “I can still defeat him with one move.”

“No, Emperor Caden is right.” Quintus said seriously. “Xanthakos has cultivated the Triple Nothingness Martial Technique. He is indeed invincible in the Haleth Realm.”

Then, he looked at James. “But if you take action, you might...”

“No.” James shook his head decisively. “Before my other main self devours Yefrenes, I’m not his match. “Otherwise, do you think I could have saved you, had a chat with him, and put up such a long act?”

When the powerhouses heard that, they were all stunned.

James’ other main self was devouring Yefrenes?

Did that mean James didn’t save them earlier because he was helpless and couldn’t do anything?

James had always been taking risks. He risked his life to hinder Xanthakos and Amos. He chatted with them to buy some time.

At the same time, he was betting that Morgott would come and save his friends.

Before James’ other main self could devour Yefrenes, he wasn’t Xanthakos’ match. In fact, he wasn’t even Quintinus’ and Amos’ match.

Upon learning the truth, Taiyi and Tapia were terrified.

It didn’t matter if they died. If James was exposed, he would be imprisoned by Xanthakos and might even be killed. Then, the Haleth Realm could never be saved.

After a moment of silence, Morgott frowned and asked, “James, how did you know I would come and save them?”

“Because you’re Morgott.” With a smile, James said. “And because you like beautiful women.”

Morgott smirked. “It seems that you know me best. No wonder we have great chemistry.”

Tapia spat. “If it weren’t for Quintus, he would have been hiding in the dark and watching the fight. He wouldn’t have come to help.”

Morgott widened his eyes. “No, when Quintus called me, I had just arrived. I was about to take action.”

Taiyi rolled her eyes at Morgott. “I’m sure you were thinking of devouring Quintinus after we injured him.”

Morgott became flustered. He waved his hands and explained to James.

“I was trying to scare Quintinus. Otherwise, if I had taken it seriously with my strength at that time, he wouldn’t have been my match.”

“Alright.” James waved at him. “You contributed a lot this time. No one’s saying that you didn’t help.”

Upon hearing that, Morgott gradually calmed down.

“I have a question.” Quintus stared at Morgott. “Morgott, why are the two Caeloros Gods afraid of you?”

Morgott laughed. When he was about to speak, he heard explosions from the formation below. The entire formation was trembling.

Looking down, James and the others realized that the Supernatural Powers that trapped Xanthakos were shattering under Xanthakos’ black-and-white body.

“Oh no.” James frowned. “Xanthakos has realized it. We must stop him from approaching my other main self. Otherwise, I won’t be able to devour Yefrenes.”

Upon hearing that, Morgott, Quintus, Taiyi, and Tapia rushed into the formation along with James without hesitation.

The Almighty Dragon General Chapter 7394-In the formation, following the explosions, the restricted sections in each box collapsed one after another. The walls of the formation, inscribed with countless runes, were blocked by the terrifying Nothingness Dead Energy.

At this moment, on one side of the formation, an illusory figure composed of black-and-white Vital Energy was receiving the baptism of lightning from the thick gray clouds above. His entire body was wrapped in electricity, and he laughed like a madman.

This was Xanthakos after mutation, having fully activated the Triple Nothingness Martial Technique. He was terrifying.

“James, your formation is incredibly powerful. It can be regarded as one of the top three treasures in the Haleth Realm.

“It’s a pity that you’re going against me. Even if you can defeat Yefrenes, you can’t escape today.”

Then, Xanthakos turned into two black-and-white Vital Energies and soared into the sky, striking the gray clouds.

With a loud sound, the gray clouds struck by Xanthakos began to shake. The Path Characters around the gray clouds fell and collapsed. “How interesting!”

Xanthakos, who hit the formation and bounced back, increased his power. His Triple Nothingness Martial Technique had reached its peak. However, when he soared into the sky again, countless black-and-white Sword Lights struck from the gray clouds the moment he hit them.

Seeing this, Xanthakos’ face turned pale. With several loud sounds, he was devoured by the Sword Lights.

Xanthakos screamed as the Sword Lights filled the area. His body became deformed, with flesh and blood flying everywhere. Blood splattered all around.

After the Sword Lights had finished attacking Xanthakos, a terrifying skeleton appeared in the void. It was half black and half white.

Amidst the sounds, the skeleton slowly raised its head.

“James, it seems that I have really underestimated you.

“But do you really think that you will be my opponent just because you hold the Demon-Slayer Sword?”

Then, Xanthakos extended his skeleton arms. A mysterious gray Vital Energy exuded from his body. He turned into countless skeletons and headed toward the gray@louds above him.

There were sounds of explosions again. The gray clouds trembled from the violent impact. The Path Characters rotating fell one after another. The gray clouds cracked, forming countless broken clouds.

Seeing this, Xanthakos, now a skeleton, laughed eerily.

“The Three Treasures and Five Spirits Integration is nothing.”

Then, he soared into the sky once again.

At this moment, the divine pen with Xaria Light flew out, circling the broken gray clouds.

Countless Path Characters appeared again, gathering the dispersed gray clouds.

Before Xanthakos, now in the void, could react, he was flung away by the reformed gray clouds.

Xanthakos skeleton landed on the Xwem Chessboard. Following a flash of black-and-white light net his skeleton was replaced by a complete physical body.

He spat out a mouthful of blood and raised his head with a ghastly expression.

The Almighty Dragon General Chapter 7395-“I didn’t expect the Nothingness Neon Pen to be so powerful.”

Then, the Nothingness Neon Pen in the void made another rotation. Countless runes fell, engulfing Xanthakos instantly.

As the runes shone, the Holy Light spread. Xanthakos, trapped inside, screamed in agony and thrashed against the walls of the formation as if he had gone insane.

However, the runes held him tightly. He was in so much pain that he seemed on the verge of exploding.

Meanwhile, James and the others formed a semi-circle around the black-white-amethyst-gold halo in the center of the formation. They knew James’ main self of Path was within the halo, devouring Yefrenes. At this critical moment, they couldn’t retreat. They needed to stop the violent Xanthakos.

Prepared for death, they were nonetheless stunned by the scene in front of them.

“Xanthakos has gone insane!” Taiyi widened her eyes.

“No, he’s in pain,” Yasmina said. “He cultivates the Nothingness Dead Energy, the malevolent energy separated by the Nine Caeloros Gods. Now, Xanthakos is facing the runes drawn by the Nothingness Neor Pen. It’s impossible for him to be unscathed.”

"Anyone who commits unjust acts will die," Quintus said. "This kind of malevolent energy makes him extremely powerful, but it also makes him suffer a painful defeat."

"What do you mean?" Morgott glared at Quintus.

Quintus hurriedly waved his hand. "Morgott, I don't mean you. I'm saying that..."

"Alright. Stop talking. I'll remember this. After we fight Xanthakos, I'll fight you." Then, Morgott looked at James. "How long can the runes trap him?"

"I don't know." James shook his head.

He hadn't expected the runes drawn by the Nothingness Neon Pen to have such a restraining power over Xanthakos.

After clicking his tongue, Morgott raised the Tyrant Spear in his hand. "It seems we need to wait for this life-and-death battle. How long do we need to wait?" James turned around and glanced at him. Then, he smiled.

His friends were willing to risk their lives for him. They didn't care about the price they needed to pay.

less, he couldn't accept their help and feel at ease.

Their lives were also precious. They had been cultivating for a long time and had experienced numerous difficulties and dangers. How could he just sacrifice them?

Since the Nothingness Neon Pen had such an effect and could trap Xanthakos, it could buy them some time.

They needed to wait until James' main self of Path could devour Yefrenes entirely, combining the Anonymous main self and the main self of Path. Only then could James deal with Xanthakos.

"James," Taiyi said suddenly, "you should enter the halo. The earlier you devour Yefrenes, the better our chances of winning."

"Yeah." Yasmina looked at James. "Two main selves devouring Yefrenes will be quicker than one."

"Emperor Caden, you still have us here." Quintus hurriedly said. "Don't worry. We'll protect you until you come out."

"What are you waiting for?" Morgott urged. "James, hurry up. Leave everything here to us."

Then, without waiting for James' response, he held the Tyrant Spear and charged toward Xanthakos.

After that, Taiyi, Yasmina, and Quintus charged forward.

James wanted to call out to them, but they had already begun to siege Xanthakos. He had no choice but to stop talking.

With such friends, what else couldn't he bet on?

Upon thinking that, he turned into a Sword Light without hesitation and entered the black-white-amethyst-gold halo where his main self of Path was.

Then, a dazzling Xaria Light erupted from the amethyst-gold halo. The halo surged and was pulled to the top of the gray clouds.
