

The Almighty Dragon General Chapter 7422

The Almighty Dragon General Chapter 7422-Meanwhile, James had been playing with infants in the mysterious space and was now lying with them on the riverbank. They gathered beside him as if he were their preschool teacher.

Each infant was derived from Daoism, including the Nine Daoisms and Forty-Nine Daoisms, totaling 58 infants.

The infants representing the Nine Daoisms, formed by destiny, cause and effect, life and death, good and evil, space, time, tribulations, and yin and yang, were the eldest and capable of speaking.

James learned from them that they were in the core of the Haleth Realm, which controlled all aspects. Any slight changes to this place could spell catastrophe for the Haleth Realm.

At first, James somewhat despised the 58 Daoisms. However, after hearing their stories, he gained a new understanding.

The Daoisms of cause and effect, tribulations, and yin and yang, created by the Caeloros Gods of Garuda, Firmament, and Arogada, were not defined by their individual qualities but rather emerged as natural evolutions.

The infant of destiny explained that Xurraeus formed the Ten Holinesses, nine of which had no physical form. Only in a formless state could they remain free of desires and impartial, allowing the Daoism arising from them to be natural and caring for all beings.

Nihilos, however, was born with a physical form. As a result, he could not create a Daoism of his own and eventually became a loner, unloved by any, leading him to become the most hated entity.

Subsequently, Nihilos influenced the Nine Caeloros Gods of Nothingness and forced them to evolve into physical entities. However, the transformation occurred after the 58 Daoisms had already been established. Consequently, the characters of Frona, Yefrenes, Quintinus, and Amos were unrelated to their initial Daoisms.

In fact, after developing their physical forms and consciousness, they were no longer qualified to be Caeloros Gods of Nothingness.

Seeing James go silent, the infant of destiny became anxious. "I've already told you so much. Do you still refuse to accept US?" She pointed her little hand at the other infants. "Look at them. What will happen to them if they fall into the wrong hands? What kind of fate will the Haleth Realm face in the future?" The other eight infants with speaking abilities looked at James nervously, awaiting his response.

James sat up, squinted, and asked, "Can I modify these Daoisms?" The nine infants exchanged glances and nodded simultaneously.

James stood up and said, "Let's get started then. Which one should I comprehend first?" The infant of fate pulled a skinny infant out and said, "This one. She's the Time Daoism since she won't last much longer. The River of Time needs to be repaired as soon as possible. Otherwise, she will disappear 'River of Time? It's been so long since I've last heard this term. I've always wanted to repair it but never had the chance. I never expected to meet the source here,' thought James.

Before James could speak, the skinny infant grabbed him and rushed into the forest.

Soon, the entire lush forest was filled with divine lights.

Meanwhile, Thea, who was in another space opened her eyes. A vast black ocean with turbulent waves instantly came into view the area was filled with the sound of crashing waves, creating an astonishing scene.

Her beautiful face twisted as she struggled to sit up with difficulty. Unfortunately, she could not gather the strength.

"Don't move. I've just reconnected your meridians and restored your physical body. You must rest." A gentle voice resounded, startling Thea.

A mysterious woman wearing a snow-white robe and veil suddenly approached.

The Almighty Dragon General Chapter 7423-Though her veil concealed her face, she exuded a noble and elegant aura that could not be hidden.

She picked a white lotus and let it fall. The next moment, Thea felt a divine light enveloping her body.

Thea asked, "Who are you?" "You saved me in the past. I'm here to return the favor," the woman in white replied lightly, dropping another petal.

As her body relaxed, Thea said in surprise, "You... you're Youcef's mother, the legendary Yaretzi Yolande?" Just as she finished speaking, a man's voice rang out nearby. "Mom! I found Mystic Evolution Dew! The Yin governor will be able to recover soon!" Thea's eyes widened in shock. "Youcef?" The woman in white nodded, smiling.

Thea shouted excitedly, "Youcef! How did you get out of the Silver Tower?" A flash of light appeared beside Thea.

"You've finally woken up, Yin governor! Good, good!" Youcef exclaimed as he was about to pour the contents of a jade bottle into Thea's mouth. However, Yaretzi immediately stopped him.

“You can’t just feed the Mystic Evolution Dew to her, Youcef! It must be refined.” Youcef face palmed, then laughed and took out a furnace. He reached out and summoned a ball of purple flame-to heat up the furnace. Then, he poured the contents of the jade bottle into it.

Thea’s heart warmed as she watched the two work hard for her sake. However, she was still curious about how they escaped the Silver Tower and how Yaretzi regained her physical body.

At that moment, a cold roar came from the void.

“Stop hiding Thea! You’re within my territory! You won’t be able to escape Be smart and show yourself. I’ll treat you the same as before. However, if I find you myself, your good days will be over Yaretzi and Youcef were both stunned. They looked at each other and then quickly continued their work.

Thea frowned. “It’s the Waitara Path’s soul spirit. Is he still alive?” Youcef whispered, “Don’t worry, Yin governor. My mother has already set up a soundproof formation. Now, the waitara Path’s soul spirit is severely injured. He can’t get in here and might not even be able to find us Surprised, Thea asked, “He’s injured? Then, what about my husband...” Just as she was about to move, she felt a sharp pain all over her body and immediately gave up trying.

Yaretzi turned to her and took a deep breath. “You and your husband are of one mind. You should trust him.” Thea sighed and looked into the sky. Naturally, she trusted him wholeheartedly.

However, James’ opponent was the Waitara Path’s soul spirit, who had half the strength of his original entity. Anybody who encountered him would be in a difficult position.

The Almighty Dragon General Chapter 7424-“The Mystic Evolution Dew is ready!” Youcef dispersed his flames and poured the substance into a jade bottle. Then, he brought it close to Thea’s lips.

“You’re so careless.” Yaretzi quickly stepped forward, gently lifted Thea, and fed her the Mystic Evolution Dew.

Nothingness Aura flowed through Thea’s body as the Mystic Evolution Dew entered her mouth. Her fragile body instantly recovered and was full of energy.

The Mystic Evolution Dew’s power surged through her meridians and bones, generating infinite Nothingness Aura.

Thea felt severe pain throughout her body and screamed involuntarily as she floated into the air.

Youcef quickly approached Yaretzi. “Will her strength really improve by leaps and bounds with the Mystic Evolution Dew?” Yaretzi nodded. “The Yin governor is the last Alcide being. She embodies the Haleth Realm’s tribulations. As long as she can get enough external forces, her talent and strength will be tens of thousands of times greater than that of deities. Even James won’t compare to her.” Youcef gasped as he watched Thea constantly unleash terrifying phantom palms, as if to exhaust all her strength.

The void was filled with phantom palms and swirling Vital Energy akin to a great battle.

Yaretzi sighed. “Remember, Youcef. Find a wife like the Yin governor and make friends with people like James. They are the best example of love and friendship.” Youcef silently observed Yaretzi’s sorrowful face and felt a sharp pain in his heart. He knew his mother must have thought about his father again. He could not understand why she still thought of him after his betrayal in search of power.

After Thea released all the excess Nothingness Aura in her body, she finally calmed down and sat cross-legged to cultivate.

Her Three Treasures hovered above her head, and her body emitted a red, orange, yellow, green, blue, and purple glow. At that moment, she was full of a sacred and majestic air.

“Here’s the last piece!” Yaretzi suddenly threw her remaining snow-white lotus at Thea.

Thea cast a colorful force over and absorbed the lotus.

Suddenly, a snow-white lotus bloomed beneath her, and thousands of lotuses also materialized behind her, shining brilliantly.

Youcef exclaimed, “That’s what a real god should be like.” Yaretzi said lightly, “She fell into the Karma Sea, and her flesh was destroyed. However, her bones were soaked in Karma Water for a long time coincidentally allowing her to cultivate a Hongrome Body “With the baptism of the ancient snow lotus and the Mystic Evolution Dew, her Hongrome Body has peaked. Whether in speed, strength or the mastery of Supernatural Powers, she surpasses other-divine beings significantly. She will be able to master any Supernatural Powers within the Haleth Realm with ease.”

Youcef laughed excitedly, “How do you feel, Ms. Thea?” Suddenly, a loud explosion interrupted him. A stream of Waltraud Power shot over and landed behind Yaretzi and Youcef.

The Waitara Rath’s soul spirit .

appeared and laughed, “Haha! I told you! You can’t escape my grasp no matter where you go.” After speaking, he set his eyes on Youcef with evil desires. “Oh? I didn’t expect

another Chosen One to be here. What a blessing! he quickly Stretched out his hand and grabbed the void, unleashing? Waltraud Power straight at Voucef.

The Almighty Dragon General Chapter 7425-Yaretzi flashed and waved her hand, instantly dispersing the attacking Waltraud Power. She then shielded Youcef behind her.

“Hmm?” The Waitara Path’s soul spirit narrowed his eyes at Yaretzi. “You’re not dead yet?” “Aren’t you still here too?” Yaretzi retorted coldly.

The Waitara Path’s soul spirit burst into laughter. “Great! This is great! I didn’t expect two great treasures to be hiding here. It would be a wasted opportunity if I don’t devour you two!” He smiled eerily and asked, “Which of you should I consume first?” Youcef immediately stepped in front of Yaretzi. “Mother, take the Yin governor and go. I’ll hold him off.” The Waitara Path’s soul spirit sneered, “You? Even your father wasn’t as arrogant as you.”

Yaretzi snorted, “You want me to run away? Although I’m a woman, I’ve never fled from a powerful opponent! Watch me!”

She rushed toward the Waitara Path’s soul spirit, leaving a trail of afterimages behind her.

Boom!

Before the Waitara Path’s soul spirit could react, Yaretzi’s palm strike knocked him back.

She charged at him again, engaging in fierce combat in the void.

As they exchanged blows, countless Sword Lights, Vital Energy, afterimages, and lights filled the area.

Yaretzi used bizarre movements and powerful continuous attacks, holding her ground against the Waitara Path’s soul spirit.

Youcef was incredibly anxious. He leaped into the air to help, but the shock waves instantly blasted him away.

The next moment, a phantom hand reached for him.

“It’ll be hard to get the mother. Guess i’ll Have to eat the son first the Waitara Path’s soul spirit shouted, rushing toward Yousef at high speed.

Yaretzi rushed over and stood before him ready to block the phantom hand. Just as she braced herself for the impact, a potent Nothingness Aura shot over And sliced the hand in half.

The Waitara Path's soul spirit felt a shiver down his spine. He raised his head and saw Thea approaching, her body emitting colorful lights.

"Prepare to die!" Suddenly, numerous snow-white lotuses emerged from her body and former two massive phoenixes?

They flapped their wings, rushing toward the Waitara Path Soul spirit.

"A Hongrome Body?" The Waitara Path's soul spirit's eyes widened in disbelief.

He quickly cast a barrier, but the two phoenixes instantly shattered it. The next moment, they wrapped him within their wings.
