

The Almighty Dragon General

The Almighty Dragon General Chapter 7456-Upon hearing that, Thea took two steps back. She hurriedly asked, "What do I need to do? I'll listen to you. I won't act recklessly anymore."

James smiled and brushed Thea's nose bridge. "Don't suppress yourself and go against who you are. You just need to listen to advice at critical moments."

"What do I need to do?" Thea grabbed James' arm. "I want to know now, in case I do something wrong again."

James smiled and said, "The first step is to go back to being yourself and watch the fire."

Thea was confused. "What fire?"

"The fire of all worlds," James said, enunciating each word. "Especially the fire of our acquaintances and friends."

Then, James took a deep breath. "I wish our acquaintances could handle the test of this fire and that our friends could pass."

Test all realms?

Did James stop trusting his acquaintances and friends too?

Gradually, Thea went from shock to calm.

Even Jabari and Franciscus, whom James respected the most, had become Xanthakos' Soremsias. Lyla, who committed suicide for James, also became Yiulia. How many secrets did the acquaintances and friends have? And how many of them could be trusted?

If James didn't take this opportunity to test them, how could he determine who was the real enemy and who was the real friend when he became the Supreme Path and was about to be deified? Then, Thea looked at James. "Do we need to change our appearance and hide our auras?"

James nodded. "Let's descend as unfamiliar bystanders. This way, we can see the true fire. I hope our friends are on our side."

Thea nodded before saying, "What about this baby and the geomantic compass..."

"You can keep the geomantic compass. You can give me the baby." James interrupted Thea. "We need to do the opposite."

Thea waved her hand, and the baby appeared before James. The baby was engulfed by the sacred radiance of the Supreme Path. He was immediately sealed.

"There's another important matter during the trip to all worlds this time." James continued, "We need to find the Path Mirror you left behind last time."

"We need the Path Mirror to find Waitara's reincarnated Soremsia."

Then, James waved his hand. A dazzling Genesis Supreme Path flashed by.

Then, Yaretzi, Youcef, and Yianni appeared. Upon seeing that, Thea was astonished.

When did James screen the three of them? She didn't see him set up a Soundproof Barrier or other formations.

Could it be that once he became the Supreme Path, he could make anyone disappear and appear without anyone knowing?

What shocked Thea even more was that James shot out a ray of dazzling path source toward Yaretzi, Youcef, and Yianni. Their appearances instantly changed, and their auras were different from before.

James was the real Lord of the Haleth Realm. He could do as he wished in the Haleth Realm. There were no taboos.

The Almighty Dragon General Chapter 7457-In the Demon Region of the Genesis World, James and the others appeared on an extremely steep cliff with a few flashes of amethyst-gold light.

Looking at the mist-covered mountains, James asked, "Darling, do you remember this place?" "Of course." Thea, who had a new appearance, nodded.

"After reincarnating from the Dark World, I was born here." James teased, "Back then, you killed a lot of beings from the Timaeus Sect." Upon hearing that, Thea clicked her tongue.

"I still remember someone entered the Timaeus Sect and almost married the saintess." James was at a loss for words.

"What's happening down there?" Yaretzi asked.

"There are so many beings," Youcef, who also had a different appearance, looked down.

“There are still beings flying over from all directions.” Upon hearing that, James, Thea, and Yianni looked over.

In the valley below, a group of beings in black robes holding longswords confronted another group in red robes.

They didn’t want to let anyone pass.

The tension was high.

It was as if they were about to fight.

Almost all of them had reached the First Xaeclon Rank.

Some were in the Second Xaeclon Rank.

The leader was in the Fifth Xaeclon Rank and had cultivated the Marciais Combat Form.

Upon seeing that, Thea nudged James.

“It seems your disciples have improved a lot.” James glared at Thea and said, “As if they aren’t your disciples.” “Of course.” Thea said, “The entire Genesis World was beaten up by you until they respected you.

I have nothing to do with it.” James was speechless.

At this time, from below the cliff, an angry roar sounded.

“What’s so great about the Doom Race? The Maxine Sect is the direct descendant of the Jademora Empire.

Move aside.

Otherwise, we won’t hold back.” Upon hearing that, the group in red robes were enraged.

“Camden, drop the act.

The Maxine Sect isn’t powerful in the Jademora Empire.” That’s right.

When the Doom Race followed Emperor Caden and killed Xayal, you were nowhere to be seen ” “Are you trying to compare foundations? Don’t you know that the Doom Race is one of the most powerful races in the Dark World? Even Emperor Caden fears us.” “How shameless.

The founder of the Maxine Sect is Maxine Caden.

We aren't afraid of you.

After all, our founder is Wyot Dalibor.

'Your founder has the Chosen One and Left Grand Lord, but the Doom Race has the Celestial Sages and Skynet.' "Stop pretending to be all that.

If you're brave enough, let's have a test.

Let's see if you are powerful."

The Almighty Dragon General Chapter 7458-In an instant, both parties started shouting at each other, gathering and ready to fight.

Hearing the commotion below, James looked at Thea.

"Maxine and Wyot became founders.

They each established a sect and have their own disciples?" Thea couldn't help but laugh.

"So many years have passed in Zymurgy.

With their talent, they should have almost reached the Daelcon Rank." "I have to see this." James scratched his head.

"If Maxine and Wyot have become founders, what about Taran, Cairo, Zavis, and Henrik? What rank should they be? "what about Truett, Xitlaly, Rebella, Adair, Xantia, Lucille, and Wylie? "Let alone the powerhouses who have been famous for a long time in the Genesis World, such as Yegor, Herodias, Celestial Sages, Mattaniah, the Sect Leaders of the Three Great Sects..." "Stop it.

You're like a mosquito buzzing in my ear." Thea pushed James away.

"Everyone knows you have a lot of friends.

You're annoying!" James didn't refute.

Instead, he counted the number of friends and acquaintances he had in the Haleth Realm.

He couldn't finish counting them.

If he hadn't wanted to put them through a test at this critical moment, he would have wished that the sacred radiance could engulf all worlds and deify all of them.

In this way, they could reunite as soon as possible.

"They're fighting." Youcef suddenly laughed.

James returned to his senses and looked down.

The two groups of beings were fighting each other.

They were agile.

With the Marciais Combat Form and their Supernatural Powers, they displayed their power with great force and seriousness.

In the blink of an eye, hundreds of beings from both parties died.

Thousands were severely injured.

It was tragic.

At this time, the sound of a dragon's roar echoed in the void.

The two groups immediately stopped fighting and looked at the void fearfully.

In an instant, thousands of golden dragons appeared from all directions in the void.

They came in formation as if they were covering the sky, filled with Murderous Energy.

Following several roars, thousands of amethyst-gold dragons landed.

The two groups instantly dispersed out of fear.

Looking at the thousands of golden dragons, they realized that each dragon had a dragon knight in armor.

The leader was on a purple dragon.

His white armor was eye-catching.

'How dare you fight in the place where beings are born? Are you m seeking death?'" Following an angry roar, the being on the purple dragon landed in the middle of both parties.

As the energy wave spread, the survivors from both parties were blown away and hit the ground harshly.

"Tt looks so cool." Youcef smiled.

'I didn't expect all worlds to be so interesting." They're better than us fooling around," Yianni said.

"James Caden, it seems that the beings you raised have your character.

Cool." James shook his head with a bitter smile.

He didn't know who these groups of people showing off were.

'What did you say just now? Please repeat." Suddenly, an unfriendly voice sounded from behind James.

It was filled with murderous energy.

The Almighty Dragon General Chapter 7459-James and the others turned around and saw a tall, burly man with eyes wide open in anger, surrounded by strong Marciais Power.

Behind him were a few beings, all exuding murderous energy, as if James and the others had committed a grave sin.

The few divine beings with James were taken aback.

"you!" The burly man pointed at Yianni.

"How dare you disrespect our god? How can you call him by his name?" He roared and pushed out a fist with Marciais Power.

The power transformed into a tiger that ran toward Yianni, but the tiger was instantly absorbed by Yianni's shield and completely disappeared.

Seeing this, the angry burly man was astonished, and the beings behind him were stunned.

"T didn't know the Second Marciais Combat Form could be used in this manner," exclaimed Yianni.

"How dare you laugh at my power." The burly man exuded extreme Marciais Power and stepped forward to punch Yianni again.

Yianni didn't dodge.

Instead, she watched his fist land.

There was a sound, but Yianni was unharmed.

The burly man was blown away by Yianni's shield.

However, James and the others didn't expect a beautiful woman in a white robe to catch the burly man before he hit the ground.

The burly man coughed up a mouthful of blood and cursed, furious, as he charged toward Yianni again.

"Gianni, stop!" The voice halted the burly man, Gianni Hunt, in his tracks.

The beings at the back separated into two groups, and a man in a black robe walked out with a fan in his hand.

The being had a strong aura and was handsome, his black hair swaying despite the lack of wind.

He was eye-catching.

Upon seeing this man, Thea and James were stunned.

"He looks like someone!" Thea mumbled softly.

James glanced at her before smiling.

"Who does he look like?" Yaretzi was confused.

Thea stared at the man.

"A close friend!" As the man walked over, Gianni withdrew his fists unwillingly, lowering his head fearfully.

"Aren't you going to step away?" the man shouted.

Only then did Gianni retreat to the group of beings.

The man smiled and greeted Yianni.

"I'm sorry for what happened.

Please forgive us.

I apologize on behalf of Skynet." Yianni laughed.

“Forget it.

I just want to know how I offended you.” “You didn’t offend us.

It’s blasphemy against our god and belief,” the beautiful woman in a m white rabe who had caught Gianni suddenly spoke up.

“Your god and belief?” Yianni was taken aback.

Then, she turned to look at James.

The Almighty Dragon General Chapter 7460-In an instant, James understood what was going on.

Yianni had called James by his name moments ago and was overheard by this group of beings.

James was known throughout all worlds as the Mortal Emperor who derived the beings’ fates.

To the beings, James was not only their god but also their belief and taboo.

“Trissie, step down,” the man glared at the beautiful woman in a white robe, Trissie Sierra.

Then, he asked Yianni, “You aren’t from the Genesis World, are you?” Yianni smiled bitterly and said, “I used to be from here, but it’s been a long time.

I’ve just returned.” “No wonder,” the man said seriously.

“You mentioned a name just now.

May I know which one of you has Caden as your last name?” Upon hearing that, Yianni turned to glance at James.

When she was about to speak up, James stepped forward.

“Tt’s me.” The man asked James to spell out his last name.

When James did, the man was stunned.

He immediately bowed to James.

“1m Jaime Sadler, the Young Master of Skynet.

I pay my greetings to you.” Following his action, the group of beings behind him, including Gianni and Trissie, immediately kneeled and lowered their heads.

They were extremely respectful.

Upon seeing that, James and the others were stunned.

The word Caden could ignite such an effect.

What was going on? “Jaime Sadler.

This name is quite interesting.” With a smile, Thea looked at Jaime.

“Why do you treat James so politely?” Jaime straightened his back and said seriously, “The last name Caden is the most noble last name in the Jademora Empire.

Everyone knows about it.

It’s respected by all.

“No matter how high one’s status is in all worlds or how powerful one is, one must bow before a being with Caden as the last name.” Upon hearing that, Thea nodded meaningfully.

Then, she pinched James and said through gritted teeth, “It seems that your friends have expanded your empire.

Not only is the empire superior to all worlds, but even your last name is superior.

It’s something even Xanthakos and Waitara have never accomplished.” Feeling the pain from his waist, James endured it and said pitifully, “It’s been a long time since I returned.

I don’t know what they’re doing either.” Thea responded, “Your surname is superior in all worlds now.

I wonder how much our children are worshipped.

They’re bastards.” “That’s right,” James hurriedly answered.

“When we see them, we must investigate and punish them.

Aren’t they bringing hatred to the surname? Isn’t this more shameless and despicable than Waitara and Xanthakos?” Only then did Thea let go of James.

Then, James looked at Jaime.

“Who the hell made this rule? Why is it superior to have Caden as the last “” “Please watch your name? This is words,” Jaime interrupted James.

“This is a decision made by all beings.

No one set this rule.” This was no longer a matter of one person Om attaining Daoism and ascending to heaven.

Instead, it was a matter of one person attaining Daoism and the surname ascending to heaven.

How did the beings think of such a thing? Did they not know that even if they worshipped those with Caden as the surname, they still needed strength and talent to reach the Daelcon Rank? This must be another conspiracy to flatter those with Caden as the last name and kill them.

If the beings worshipped the last name so much, the hatred drawn in the end would be the greatest.

In the end, one would fall the hardest.

The conspiracy might come from within the Jademora Empire.

It might also be one of Waitara’s Soremsia’s vicious tricks.

Upon thinking that, James frowned and asked, “Mr.

Jaime, it’s been a long time since we returned to the Genesis World.

Could you please tell us what’s the current situation here?”
