

The Almighty Dragon General Chapter 7551

The Almighty Dragon General Chapter 7551- “From emptiness emerges energy, and from this energy, the universe is born. The turbid part becomes the earth, while the clear part becomes the sky. The sky protects all living beings, and the earth nurtures all things. The balance of yin and yang achieves Dernaturae.

As these profound words resonated through the void, the enormous black and white circle formed by the fusion of the Celestial Sages began to rotate, emitting a halo of colorful flames. It was clear they had chosen self-immolation out of despair.

The scene deeply moved Yaretzi and Thea, who had ventured into invincibility to collect Soul Energy Balls. Outside the Tirta Grand Formation, Truett and Xitlaly were in agony, their hearts breaking at the sight. The war kings following the false James boiled with fury, eager to shatter the formation to fight the enemy. Even the false James was shocked beyond words, his eyes wide with fear. No one had anticipated that the Celestial Sages would remain so resolute and decisive in their darkest hour.

Meanwhile, James was the busiest one on the scene. He knew the imminent death of the two Celestial Sages would unleash a cataclysmic event upon the low-level worlds of the Greater Realms. Since it was his plan, he had to see it through.

With their deaths, he had no one else to take their place. Thus, he used the Supreme Path Source and the Nothingness Neon Pen to replace the affected beings with their counterparts from a parallel universe. Using the Supreme Path Source, he created a virtual world to temporarily preserve their souls and help them survive the disaster.

Naturally, their counterparts were not perfect copies, and there were slight discrepancies. However, in such dire moments, the priority was ensuring innocent lives could be saved and revived after the Leere Tribulation had been averted.

Amidst the chaos, the Celestial Sage’s voice reached him. “We’ve tried our best, Supreme Path. We can only fulfill your last task by self-destructing.” Shortly after, the Earthly Sage’s voice also resounded in his mind.

“James, please allow me to address you like that one last time. I’m afraid I’d only be able to call you the Supreme Path from now on. It’s truly a blessing to have met you.

“The Celestial Sage and I are not ordinary entities, and we have countless weaker beings behind us who need protection. The Celestial Sage is too prideful to ask, but Cam shameless. Before I die, I want to request...” James interrupted him. “Don’t worry. I’ve made arrangements. After all, I am a mortal and won’t forget my roots, won’t allow innocent lives to suffer because of the war between higher entities.” After speaking, the enormous black-and-white circle began to expand within the blazing flames.

Suddenly, the Heavenly Saint's voice thundered throughout the entire Tirta Grand Formation.

"You don't care about other living beings or believe in cause and effect. Even though you're powerful, if you become the Supreme Path again, Waitara Path, you will still be spurned by the Haleth Realm!"

The Earthly Saint's voice followed. "You're but the Waitara Path's Reincarnation Soremsia and can never become the Supreme Path again by sacrificing so many lives!"
