The Almighty Dragon General Chapter 7564-After hearing the information, James couldn't help but gasp. Yianni had left these things behind because he still hadn't given up on recruiting him. Yianni was just like him-stubborn and relentless in achieving his goals.

James pondered, 'The swastika token can sense a lost treasure. What could this treasure be? Could it be the Path Mirror my wife once lost, which can reflect the Waitara Path's Soremsia? If this is true, then everything has newfound hope.' Frona's voice sounded again. "James, you--"

James interrupted Frona, speaking solemnly, "You're so noisy! Stop being annoying! I'll give you an answer now!"

He glared at her and said, "You're right! Not only will my friends and comrades have to die, but everyone in the Greater Realm must perish! Are you satisfied now?"

"You..." Frona looked at James in disbelief, as if he were a devil.

James angrily retorted, "What's wrong with me? If I only cared about myself, I'd just sit back and accumulate strength, waiting for death!"

"However, I'm not as selfish as you think! I am the Supreme Path, but my friends are still weak! They need tribulation for breakthroughs! Experiencing a life-and-death catastrophe is the best way for them to improve their cultivation strength.

"You think I'm cold-blooded, cruel, and ruthless, right?" James approached Frona with an angry expression.

"You think that now that I'm the ruler of the Haleth Realm and have the power to appoint deities, I should choose my friends and let them be worshipped." James waved his hand and shouted, "Then you underestimated me and my friends. Tam determined to change the Haleth Realm, break Greater Realms, the Five pet rules, and oppose Tai Chi, the Emperors, and the Waitara Rath. I want everyone to be capable of controlling their destiny. "As my friends, if they don't have the pride and ambition, even if I promote them to deities, it is superficial and will be a joke."

James turned around and looked at Frona.

"Regardless of whether it's you or my wife, I will not compromise.

"Call me cold-blooded or heartless. Even if you call me cruel and insane, I will never change my mind.

“My friends and comrades may not understand it now, but I will help them learn what it means to be truly respected because of strength and being in control of their destiny.” After speaking, James waved his hand and flew straight into the universe ahead of him, leaving Frona standing frozen in place.
