

The Almighty Dragon General

The Almighty Dragon General Chapter 7576-“No!” Wyot exclaimed anxiously. “How can you act in person with your status? And it’s only the Doom Race. It’s too...”

James pointed at him helplessly before gesturing at Quattro, who was restrained. “Since you don’t want my help, I’ll stay behind the scenes. You can have him help you.”

Upon hearing that, Wyot looked at Quattro and said helplessly, “He’s the Lord of the Dark World...”

“You care too much about status and positions.” James’ expression darkened. “Can’t you put all of these concerns aside?”

“You’re Wyot. You’re the hope of the entire Doom Race. You’re the most courageous powerhouse they have. Or do you really want the Doom Race to be annihilated?”

Wyot’s face twitched upon hearing that. Slowly, he clenched his fists.

“Alright. I’ll listen to you.”

Without another word, James raised his hand. Immediately, Quattro, still restrained, was dragged over.

“Aren’t you the Lord of the Dark World? You have many beautiful women and loyal warriors under you, don’t you?”

Awkwardly, Quattro said, “Everything I have belongs to you. Besides, I should welcome you...” He stopped talking when James glared at him.

“Bring out a group of powerful warriors,” James commanded, leaving no room for negotiation. “You will personally lead them to the Doom Race and announce Wyot’s decree. Give them ten days to come to Chaos Temple. Anyone who doesn’t come will be killed.”

Facing James’ murderous energy, Quattro couldn’t help but feel fear. He gulped and nodded.

James grabbed his collar and said, “At the same time, prepare an army of 100,000 elite warriors. This army will be Wyot’s protection. If, after ten days, the Doom Race forces defy Wyot’s decree, they will be annihilated.” Quattro nodded again.

“Complete these two tasks first,” James said, narrowing his eyes. “After dealing with the Doom Race, there will be more important tasks. I don’t have time to fool around with

yout “If you fail, not only will you lose your positions as the Lord of the Dark World and the Marshal, you will end up dead.” James then grabbed Quattro and threw him out of the temple. Following a loud cry, Quattro was flung out of the temple. Seeing that, Wyot quickly went forward but couldn’t bring himself to say anything.

“I’m intervening in your race’s affairs because need you for another important matter,” James said, glancing at Wyot. “Before you leave, you have to deal with the Doom Race first and gain respect. “Not only are you the Doom Race’s Leader, I want you to be my right-hand man as well. You need to become a decisive and independent king.” Seeing James’ overbearing demeanor, Wyot took a deep breath and knelt on one knee.

“I won’t let you down.”

Suddenly, James punched Wyot.

“Wrong title. Again,” shouted James angrily.

The Almighty Dragon General Chapter 7577- Wyott slowly rose from the ground, spitting out a mouthful of blood before approaching James again.

This time, he didn’t kneel. Instead, he stood upright, a fire of determination in his eyes. He didn’t utter a single word.

James patted him on the shoulder, nodding in satisfaction.

“There’s something I must tell you.” James withdrew his hand and turned around with a sigh. “Yemima...”

“James!” Wyott interrupted. “I don’t want to hear her name!”

James turned, frowning. “This isn’t only about your dignity; it concerns the safety of the entire Doom Race and all realms.”

Upon hearing that, Wyott raised his head, speechless.

James then recounted everything that had happened to Yemima, including the fact that she was pregnant with the Reincarnation Soremsia of Waitara Path’s soul spirit and her true identity as a Shadowborn.

Stunned, Wyott asked, “Does that mean she had long been possessed?”

James shook his head. “I don’t understand it either. I don’t know if she was possessed first by the Shadowborn or by Waitara Path’s soul spirit. Or...”

Seeing James stop talking, Wyott rushed forward. “Or? James, I want the truth. It doesn’t matter if I can handle it.”

James turned around, waving his hand.

In the Daoism light cluster, a stunning woman surrounded by countless symbols slept soundly.

She had red hair and exuded a terrifying, strange aura that made others shudder.

It was Yemima.

When Wyott saw her, his expression changed. "H-How did she become like this?"

"Perhaps this is her true appearance." James frowned. "But I believe she was harmed."

Breathing sharply, Wyott looked at James, his body trembling.

"So, Waitara Path's soul spirit and Shadowborn colluded long ago. Otherwise, how can they coexist in a main self?" "Your guess is our concern."

Enunciating each word, James said, "To solve this mystery, we need to find the past, current, and future forms of Waitara's Reincarnation Soremsia." James then stared at Wyott.

"You all must wonder why I need to hide my identity to return to all realms. I can only tell you that I have no choice.

"As for everything I do next, you won't understand. It might even pit friends against each other, but I have no choice." Wyott's face twitched. "But you're already the Supreme Path..."

"So what?" James said. "Haven't you heard that those with high status are lonely?"

"Let me say something you might think is hypocritical. If I had a choice, I would rather give the Supreme Path to you."

Wyott quickly waved his hands. "No matter what you do, I'll support. I'm willing to face life and with you. This will never change." Looking at Wyott, James slowly reached out his hand.

Content that "I just hope I can do my best to prevent our friends from turning against each other and killing one another. Otherwise, I don't know if I can handle it." Wyott took a deep breath before stepping forward. With all seriousness, he held James' hand.

"As long as you're around, I will be by your side. If you're gone, I will disappear as well." Hearing Wyott's powerful and sincere words, James felt pleased.

The Almighty Dragon General Chapter 7578-Then, Wyot suddenly asked, "How are you going to deal with the fraud?"

"With Lesia and my friends around, I'm not worried about the realms." James withdrew his hand and sighed. "The most important thing right now is whether or not you and the Doom Race can shoulder the responsibility."

Wyot frowned. "Let me know what I need to do."

Slowly turning around, James raised his head with his hands behind his back. "I'll think about it after the Doom Race has been disciplined." Wyot wanted to speak but couldn't find the words.

In Zvecha Temple in the Dark World's Yin's Void, Goyo sat on a zafu exuding amethyst-gold light. He wore a purple robe and meditated with his eyes closed.

In front of him, Gladwin and Quardion were anxious but silent.

"Is that all?" Goyo asked after a while, without opening his eyes.

Gladwin gritted his teeth and nodded. "Lord Goyo, we are done. Based on our investigation, it's impossible for Jacopo to be Waitara's Reincarnation Soremsia."

"Before coming to Yin's Void, he had been fighting for the Jademora Temple on behalf of James. It can be said that he contributed more than half of the efforts to help the Jademora Empire rule all realms."

Upon hearing this, Goyo snorted.

"I want physical evidence."

Gladwin was taken aback. In a panic, he rushed toward Goyo.

"Lord Goyo, with your ability, as long as he takes action, you can beat him up. It..." Before Gladwin could finish speaking, he was blown away by the amethyst-gold light Goyo shot out.

Seeing that, Quardion, who was also anxious, immediately knelt on the ground. His expression changed with fear.

"I've said before, keep your distance when speaking to me." Enunciating each word, Goyo said, "Have you forgotten the most basic rule?"

At this time, Gladwin, who had been blown away, spat out a mouthful of blood. He slowly got up and knelt on the ground.

“Lord Goyo, please forgive me. I made a mistake. It’s just that Jacopo...”

“Without solid evidence, it’s treason for me to take action against him Goyo interrupted coldly. “If you really want to help, you should strengthen our foundation and create another group of powerhouses.” “For the return of Waitara’s Reincarnation Soremsia, these are the things that are useful.”

Goyo’s voice rose with the last phrase.

This shocked Gladwin and Quardion, who were kneeling on the ground. They were terrified.

At this moment, at the entrance, the fake James appeared following a beam of Bohnwer Light.

However, when Gladwin and Quardion saw him, they were frightened and backed away as if they had encountered a formidable enemy.

“J-James!”

“Lord Goyo, James is here!”

Upon hearing this, Goyo slowly opened his eyes.

“What are you doing?” The fake James suddenly roared, “I’m not James I’m the Yang governor of you, move aside. I have Ov Both something to report to Lord Goyo.”

However, Gladwin and Quardion didn’t move. Instead, they became more wary, ready to risk their lives if necessary.

The Almighty Dragon General Chapter 7579-Upon seeing that, the fake James became anxious.

“Lord Goyo, it’s me. I’m the Yang governor. I have something to report.”

With a heavy expression, Goyo, who was sitting on the zafu, said, “Bring him here.”

Gladwin and Quardion, who acted as if they were facing a mortal enemy, turned around in astonishment.

However, they couldn’t defy Goyo’s orders. They had no choice but to move aside.

The fake James took the opportunity to crawl toward Goyo.

“Greetings, Lord Goyo!”

“Who told you to come here at this time?” Goyo suppressed his anger. “Did you forget what I said?”

“Of course not.” The fake James quickly shook his head. “However, I was discovered by them. If I don’t flee, I will be chopped into pieces.”

At that, Goyo was utterly stunned.

“Who discovered you? Did the real James return?”

The fake James raised his head. “No, it’s James’ second body. It’s Frona. She has returned to all realms.”

At that, Goyo shuddered. He almost fell from the zafu.

Frona had returned?

She was James’ second body. If she had returned, it meant that the real James had come back to all realms.

How could that be?

Wasn’t James fighting for Wuia Palace against Xanthakos in the Forty-Ninth Heaven? Why was he back so soon?

Could it be that he had already gained the authority to control the Forty-Ninth Heaven and Wuia Palace? Had he already obtained the Path Designation Bead and become the Lord of the Haleth Realm? Had he already become the second Supreme Path?

The more Goyo thought about it, the more terrified he became. In the end, he couldn’t help but gulp.

“How can you be seen through by a second body? Did James not appear?”

“No.” The fake James shook his head. “My disguise was great. The entire Jademora Empire and all realms were under my control. In fact, even punished the Doom Race and raised my own forces. “But I didn’t expect...”

Goyo didn’t let him continue. Two beams of amethyst-gold light shot out of his eyes immediately, engulfing the fake James.

In an instant, he understood the situation.

In the next second, he waved his hand furiously. Then, a ray of y. The amethyst-gold light flashed by fake James immediately fell to the ground. Upon seeing that, Gladwin and Quardion shuddered before lowering their heads.

Covering his face, the fake James got up after spitting out blood.

“Lord Goyo, I didn’t have a choice...”

He was slapped again, blown aside once more. A handprint appeared on his face. His face instantly became swollen. “Shut up,” Goyo shouted through gritted teeth, “Who allowed you to do that?”

As if he had gone insane, he got up and rushed down the steps. He grabbed the fake James by his collar furiously.

“Have you never seen a woman? Have you never carried out Dual Cultivation with a woman before?”

“Do you think that all the women need to carry out Dual Cultivation in all realms just because you’re acting as James?” “N-No...” The Yang governor shook his head. “Lord Goyo, I...”

“Of course, you’ve been in Yin’s Void for too long, Lean understand that you have these thoughts.” Angrily, Goyo shouted, “But out of all the women, Wnfidant. Why did you take a you had to find Jameét action against Maxine? Don’t you know Who she is?” Content Then, he punched the fake James again, making the latter fall to the ground. Upstodatee from Seeing how angry Goyo was, Gladwin and Quardion knelt on the ground again. They dared not even take a breath.

The Almighty Dragon General Chapter 7580-Gladwin and Quardion were acutely aware of how violent Goyo could be. Provoking him now could lead to a fate worse than death; permanent eradication was a very real possibility.

At this moment, the weakened imposter James struggled to his feet after numerous attempts.

“Lord Goyo, I apologize. Please give me another chance!

“I’ve already established my authority in the Jademora Empire. I have my own group of believers, all of whom obey my orders. They believe in Waitara’s reincarnation. Even if the real James returned, nothing would change.

“No matter what, all the powerhouses above the Fifth Xaeclon Rank across all realms are under my control. With a single command, I can overthrow the Jademora Empire.

“I’ve returned at great risk to inform you that we should prepare immediately. Increase our forces and allow me to annihilate all realms and the Jademora Empire.”

The imposter James would have been better off staying silent. Goyo, still fuming, immediately grabbed him.

“You’re useless.”

“You know that if the real James returns, even I would need to exert immense effort to defeat him, let alone you!”

“I swear James hasn’t returned to all realms,” the imposter hastily shouted while being lifted, “and the woman who resembles Frona doesn’t appear to be an incarnation. She seems to be an independent individual.

“Besides, I’ve uncovered a significant secret...”

Goyo’s furious demeanor shifted to one of intrigue.

“Continue!”

“Lord Goyo, can you put me down first?” the Yang governor pleaded pitifully.

Goyo’s face twitched, and he threw the imposter to the ground.

The Yang governor rose and knelt once again, quickly saying, “I’ve been in the Jademora Empire for a long time. When I altered the empire’s core, no one interfered. Even Xezal was absent. “I believe the powerhouses from the Great Historial Land are no longer there. It’s possible they’ve gone to Zymurgy to aid James.” Goyo was briefly stunned by this revelation.

He snapped back to attention upon hearing the Yang governor’s words.

Initially, Goyo’s plan was for the Yang governor to impersonate James and control the Jademora Empire and all realms. However, the el powerhouses from the Great Historial Land were astute and challenging to control. So, Goyo had contingencies in place to deal with them if the Yang governor’s disguise was compromised.

Now, the situation appeared to have changed. As the Yang governor suggested, the Great Historial Land might be abandoned, an empty shell. Whether it was Yegor, Herodias, or Silver-whom Goyo feared the most-they must have all gone to the Forty-Ninth Heaven to aid James.

This explanation seemed most plausible. Only this could account for the unusual events across all realms.

If James had achieved the Supreme 1910 Path, he wouldn’t have needed to remain hidden. The Light of the Supreme Path would dominate all realms. There was no way Goyo would remain unaffected.

With this in mind, Goyo slowly turned, “Come with me. Prepare to act.”

He then walked towards the inner palace.

Gladwin and Quardion, who had been kneeling, immediately got up and followed Goyo.

Meanwhile, the Yang governor wiped sweat from his brow, relieved to have survived.
