

Chapter 63

"It's late, Aeliana. You should go to bed."

"No," she scoffs, trying to turn back but she's already close. I catch up to her and sweep her off her feet. "Why? Come on, put me down. I want to sing! And we can dance again."

"No more dancing."

"You are such a grump," she sneers, holding onto me. "But you're kind too," she says, muttering something under her breath that I don't fully catch. I only hear the words 'I wish,' 'kind' and 'me.'

When we get to her room, the door is already open, which means she came up here and decided not to sleep. I set her down on her bed, "You should go to sleep."

"No," she grabs my arm, looking up at me. "I am not sleepy."

"Then stay here and be quiet, you can't disturb those who are sleepy."

She nods, her fall falling. "Are you sleepy? You should stay with me." 1

"I'm sleepy," I tell her, freeing my hand but she grabs my sweatpants instead. "Aeliana, for the love of God, go to sleep."

"I don't want to go to sleep," she pouts. "I want you to stay here with me." She rises, "I want you to fuck me Kingston."

I sit her back down. "You're drunk. You need to sleep."

"Make me." She says, her gaze challenging.

I drop her hand from my clothes and head for the door. She follows, I grab the keys from the back of her door and her jaws drop. "Lexie will let you out before you sleep," I say, avoiding her gaze.

She pulls at the handle, wrestling with me while I try to lock it. When I successfully lock it, she bangs on the door, "No!" She screams. "Don't leave me! Why don't you want me?! Please open the door, don't lock me I'm here. I don't want to be alone." She sobs.

I immediately unlock the door, slowly sliding it open in case she is on the other end. When I open it, I find her on the floor, crying to herself. Before I crouch down, she looks up at me, no tears, just a wide smile on her face. "For goodness sake," I groan.

"You should see your face," she laughs. "Stop being so serious, I'm just having a little fun."

I drag a hand down my face, defeated. "You threw a drink in Audrey's face. In front of half the city and now you're causing a scene at home."

"She deserved it," she shrugs, giving me a hand so I can help her up. "And maybe I did too but you know what I don't deserve?"

"What?" I sigh.

"You kissing me and regretting it." She pouts, "You were so hard in the car but you didn't even touch me, do I disgust you?"

"No," I swallow. She doesn't know how hard I fought to hold myself back. My wolf wasn't helping either, he wants us to claim her in every way known to man.

"Everyone is wondering why you don't want to fuck me, I had to sit through our moms telling me how to get you into bed," Her face twists with disgust. "I asked you to fuck me and even with a hard dick you don't want to touch me, you act like I'm dirty, it's been years for crying out loud," she tries to laugh, her voice cracking. "My pussy doesn't bite, it just weeps, and does that stupid thing when you kiss me. And I know that I'm not good enough for you, and this lack, you can all prefer Audrey because she's perfect but I did nothing wrong, I —"

"You're not dirty, Aeliana." I swallow, "The last time I touched you, you were scared, you begged me to stop and right now you are very drunk."

"So are you," she sniffs.

I cup her face in my hands, catching the tears before they fall. "Not as much, which is why it would be wrong for me to go that far with you." I coo. "If you still want this, if you look me in the eye and say it sober, I'll give you everything you want. I will do every filthy thing I've been dreaming about since you came back, but not now."

"You hate me," she sniffs.

"I'll stay with you tonight, come on." I kick her door shut.

She nods, leading me to her bed. I pull the covers for her but she doesn't get in, she puts her hands up, "No clothes."

"Aeliana."

"It's too tight," she argues. "I promise I'm not trying to fuck you again,

I have dignity too you know. I won't ask twice. Help me, I'm wearing panties today."

I help her out of the dress and she sits on the bed, waiting for me to join her. She curls against me the second I get under the sheets, falling asleep almost right away, snoring softly.
