

## THE ALPHA KING'S OBSESSION Chapter 11 - DAY DREAMING ABOUT HIM

### Chapter 11: DAY DREAMING ABOUT HIM

MONA

Have been trying to reach Jack for so many days now, but I can't get through to him. What could be wrong with him, I am getting worried.

Sarah has been trying to cheer me up in the best way she could but I wish I could calm down.

Have been trying my best to avoid Damon, I can't become one of those ladies he thinks will just fall in his arms just like that and besides I have a boyfriend I love so much.

He maybe hot and I regret ever letting him kiss me, I should have avoided it. What's wrong with my thinking? I possibly cannot cheat on Jack. But if only I can get through to him that would keep me very much relaxed.

The wedding is in two days and have spent four days in the castle.

Sarah approached me feeling as happy as she always was. So carefree, I wish I could be like her.

"Hey Mona, guess what?"

"What am I guessing?"

"You won't believe what I heard today. I heard the King is coming here like he's going to be living here in the castle until the wedding."

Oh no, this better not be true. I can't stand being with this Alpha as his name was, sounds weird to me. I have never heard anyone bear such name or given as a title to any King have heard of.

"Sarah what do you mean the King is coming here? He has a company to take care of. Stop listening to gossip will you?"

"I'm serious Mona, it's a gossip but a real gossip, go outside you would see how everyone is on their toes because he's coming. I heard he's a very harsh one."

I thought as much because he can't be nice to me for no reason. All this niceness was to get in between my legs. Ha! What a joke.

I had to leave the area because I could not stand been with that intimidating man in one spot, I would die if I should. Everything about him says he's a very, very dangerous man. I won't let myself fall in that temptation. Those abs protruding from his shirt, those lips so sexy, that I could kiss fore\_

Oh My God! What the hell am I thinking about now?

"Wake up, wake up."

I fanned myself with my hands. I had suddenly become hot, despite the coldness in my room. I drifted off to sleep, shortly afterwards.

Damon stood in front of me, smiling, whispering how happy he was that we finally met. I was happy too, telling him how have waited for him and that I feel for him the moment I saw him."

He moved forward, pulling me to him to his rock-hard chest. I placed my hands on his chest, romancing and admiring how hard and strong it was. I had never seen a man as big as him in my life.

"Mona, will you let me kiss you now?"

"Yes please, I leaned forward giving him lips to take. The moment our lips touched, I felt the electric burning inside me. The kiss was slow and passionate, he kissed gently, then he bit my bottom lip a little which made me gasped, and he used the medium to stick his tongue inside my mouth, devouring every bit of my mouth. The kiss became intense in an instant that my legs gave up. But he lifted me off the ground and swirled my legs around him. He kissed me as though he needed my very soul.

I kissed him back with so much intensity, desire struck inside me, he slide his hands to the zip of my dress bringing it down to my waist. When I saw his eyes, it was filled with need and lust, he pulled down the strap of my bra as he looked at me as though seeking permission from me, I nodded and with that, he nipped my nipples taking every draw with passion, he swirled his fingers round the other side as sucked on each hungrily, I moaned with ecstasy.

I woke up feeling very hot. Wait! What was that? Did I just dream about him? no, no,no, no this is so wrong.

What the hell have I gotten myself into?

I touched my lips and it feels swollen like I was really being kissed. This all must be a dream, I could feel I was soaking wet underneath.

How could a dream make me wet into reality. Such thing never happened to me before. What could really be happening to me?

When I looked at the time, it was 8pm.

DAMON

When Damon arrived, he was greeted by so many guests, he was eye scanning everywhere looking for a glimpse of his mate Mona, but she was nowhere around.

Patrick was on a business trip, so he came with his Gamma Saga, leaving Robbi to watch over his club.

He wondered where Mona might be.

"Hello brother! I never thought you would ever want to be at the pack. I am guessing you are here for Mona.

Damon pretended as though he didn't understand what Xena was talking about.

"It's your wedding for sure, I should be here. Besides this is my pack, I own this place so what stops me from visiting?"

Xena smiled knowing her brother was just pretending because she could see how anxious he was trying to see his mate. Who would have thought Alpha King Damon could be so desperate for a woman in his life's existence.

When it was evening, dinner was served which included all guests were invited for dinner. Damon thought he would see Mona when she comes down for dinner.

But to his surprise, only the weird but cute girl named Sarah showed up.

Xena was the first to speak on Mona's absence.

"Why is Mona not with you for dinner Sarah?"

"She's still asleep Your Highness."

"Oh that explains it."

Xena could see how restless Damon was becoming but she just ate her food smiling at Adrain who also noticed what was going on.

Damon left the hall as soon as he had his meals which he did not spend time eating much.

He wanted to go searching for her now that everyone was still eating.

He followed her scent which led him to one of the guest rooms, his mate shouldn't be in a guest room he thought.

He found the door unlocked so he pushed in
