

THE ALPHA KING'S OBSESSION Chapter 14 - ONE NIGHT STAND WITH HER MATE

Chapter 14: ONE NIGHT STAND WITH HER MATE

MONA

I can't believe I had sex with the King.

I must have been so crazy.

Why the hell did I get so drunk last night?

The moment I woke up I found myself in a strange looking room. I was very confused as to why I wasn't in my own room but I got the greatest shock of my life when I found myself naked.

I was still trying to figure out why I was without clothes when I suddenly saw the big portrait on the wall that said "ALPHA KING DAMON BROOKE"

"What the hell?"

"Heartbreak can't make me this loose or can it? What the hell is wrong with you Mona?"

I was scared to recall what might have happened last night.

Just as I was about leaving the bed, I found a note at the corner of the bed.

I curiously opened it to find a beautiful hand writing on the paper, the writings were so fine and neat as I admired it.

I quickly read its content which almost choked me to death.

I'm so dead.

"Am sure you must be awake by the time you read this, no worries you should get more rest as you might be feeling very tired after last night."

"Wait for my return my Luna."

This must be all be a dream.

I quickly looked for my dress but it was gone.

"Did he take away my dress so I wouldn't be able to leave?"

I broke down in tears as reality dawned on me that I was no different from those women who desperately wanted to be on his bed.

What if his fiancée was to come into the room and find me naked on her King's bed? I'm sure she would kill me before I ever get the chance of escaping.

"Am so fucked right now!"

"Why is my life such a mess? Jack broke up with me just last night and now I'm sleeping with a goddamn womanizer of a King!"

Mona stayed in the room pacing to and fro with the bed cover tied around her chest.

"Mona, think, think, think."

She knew she had to leave the castle as soon as possible, besides their work was done and they were to report back to work in two days.

There was no way she was going to let Damon see her ever again, not after what happened between them last night.

She quickly searched for her phone but remembered she left it in her room.

How can she get Sarah over here?

No, that might be a big mistake. Sarah is too nosy and she will never let her be until she finds out everything that happened between her and the King.

Mona finally decided to leave the room with just the bed cover tied around her.

It was better she left and be discovered by a maid or two, rather than be waiting patiently for the King like she was one of his loyal subjects.

He might be a King but certainly not her King.

She opened the door as quietly as possible. She walked on tip toe but was frightened when she heard footsteps approaching.

She quickly hastened her step as she walked to her room, dragging the bed cover with her.

"Phew! that was close". Mona said as she sat up straight on her bed, once she's settled, she quickly dashed to her bathroom to take a hot shower.

Sarah didn't call her that was strange. Was she still asleep?

Mona didn't care as she took her belongings, she went straight to Sarah's room to find her still asleep but strangely as though she was made love to. Her appearance looked so strange, hair tossed aside, her whole body peppered with hickeys.

Mona suddenly remembered she had a lot on her neck and her boobs area.

"What the fuck, did Sarah have sex with someone too!?"

"Sarah, get up, its time to leave."

Mona tapped at Sarah impatiently like she was going to be caught if she delayed any further.

Sarah just rolled to her side mumbling some words Mona could not understand.

"Sarah, get out of bed this minute before I leave you behind!"

Mona said as she continued packing Sarah's things in a hurry.

Sarah woke up at the sound of being left behind. She will be so dead if she does not report to the office with Mona.

"Oh my God I can't believe I slept this late".

Sarah was confused to see Mona packing her stuffs while she dragged herself to the bathroom.

"Mona what's wrong?, I know we are to leave today but why are you in such a hurry?"

"We don't have time Sarah, get dressed quickly there is no time!"

Sarah could not understand why Mona was such in a hurry but she knew it was not something good.

Whereas, Mona was going to ask Sarah about the hickeys even though hers was well hidden under her shirt.

Sarah also realized what happened to her last night and quickly covered her neck from Mona but she didn't know Mona saw it the moment she walked into her room.

After Mona was done packing, they both left the castle.

"Mona shouldn't we have told the princess we were going back?"

"Don't worry about that, I will let her know once I get back. Besides, there's nothing much we could have done there since the finance was already paid to the company.

DAMON

He could not stop thinking about his mate and what happened to them last night.

He had never felt so complete with a woman the way he felt with Mona.

Their love making was the best he ever had.

Her skin, so smooth to his touch, her scent intoxicating him, she smelled so good that he could still feel her scent in his office.

This woman was just perfect in every way possible.

Patrick walked into his office taking him away from his wide imagination.

By Patrick's expression he looked very different like something good happened to him.

"Are you thinking of your mate?"

Patrick asked smiling brightly.

"Well you look like you found your mate. Did you perhaps find her on your journey?"

"Not likely, I found her here Damon. She's so beautiful and I almost marked her last night."

Damon raised his brow, clearly interested in Patrick's meeting.

"Where did you meet her then?".

"At the castle your Majesty. You won't believe me if I tell you who she is."

Damon was more curious now.

"Spill."

"It's Sarah, If I did not come back that day I might have never found her.

You know I have your mate to thank for bringing her to me."

Damon was very surprised to hear this, he can't believe the cute little girl was his Beta 's mate.

The goddess must have planned the meeting.

Damon could not wait to get back to his mate, for he plans on making her stay.

He will never let her out of his sight ever again.

She's here to stay as his Queen and his Luna.

He smiled to himself, feeling contented and happy.

Some minutes later, Patrick burst into his office like something was wrong.

"Patrick why are you this nervous, what happened?" Patrick whimpered as he trembled.

"They are gone Alpha, they have left us."

Damon was now very confused at what Patrick was saying.

"What do you mean by they've left us, who are they!?"

He demanded in a commanding way.
