

# Contract With Alpha Logan by Misha K

## Chapter 99

Katy POV

When Ace said he'd go with me, my cheeks blushed. My lips curled up, and I said, "Okay!"

When I sat in the car with him, from the corner of my eyes, I saw Luce and Rebecca. Both of them were green with envy. I don't know why, but that gave me satisfaction.

Ace drove me to the castle and even accompanied me to my room. As soon as we were there, I said, "Thanks so much. I'll see you soon. You might want to go back and join the tour."

He closed the door behind him and leaned against it. "I don't think they require me anymore." His gaze raked my body and, even though Ace and I had been together so many times, this felt new all over again.

"I'll change and be back in a few minutes," I said coyly and turned. Just as I was about to, he grabbed me from behind. I slammed into his hard chest and my heart started hammering against my ribcage. "Ace!"

He wrapped one arm around my waist and the other around my shoulder. Leaning his head down in the crook of my neck, he inhaled my scent and kissed me on the junction of my shoulder and neck where his mark would sit. "I dreamt of you yesterday," he said in a low voice, making me shiver.

"And what did you dream about me?" I asked, reveling in his touch. This was the only place I wanted to be all my life.

"Your lips wrapped around my cock," he replied in a dulcet voice. Startled, I jumped, but he caged me tightly in his embrace. "Do you think my dream can come true?"

Gods above! My body responded to his dirty words so badly that I combusted. My clit throbbed with need and a needy ache developed in my belly. He nibbled at my earlobe and I nearly moaned. "Ummm... I... don't..." Damn it. What was it I wanted to speak?

Suddenly, Ace turned me towards him and pushed me to my knees. My face was directly in front of his erection. It was so hard that its crown was almost popping out of the belt of the pants. I licked my lips, remembering its taste in my mouth. He curled his fingers beneath my chin and tilted my head up. Our gazes locked. I heard his zipper opening. His pants dropped to the ankles and his phone came out of the pocket, sliding next to me.

His cock freed, and he fisted it before tapping it on my lips, prying them open. The moment my lips parted, he shoved his cock inside me. "Fuck!" he groaned and thrust it all the way inside my throat.

My one hand shot to his cock while the other grasped his leg as he thrust it inside my mouth. As I lightly squeezed his balls, he grunted, fisting my hair in his hands. "That's what I dreamt of, Katy," he said in a dangerously menacing voice. He increased his pace inside my throat with urgency. "Your mouth is so fucking sinful!" He thrust his cock to the back of my throat, making me gag. I choked and tears ran down from my eyes but he was relentless.

His phone buzzed. My eyes darted to the side, but he growled, "Eyes on me, Kat. I want to see you in my eyes when my cock is fucking your mouth!" The phone continued to ring as he fucked my mouth ruthlessly.

The phone stopped ringing, but it started ringing again a second later. In my attempt to slide it away, the call connected.

"Ace!" Luce's voice came from the other end. "Ace, where are you?"

"Fuck!" he growled as he maintained his eyes on me, shoving his cock between my lips like there was no tomorrow. His grip on my hair was hard enough to not let me budge from my position. "I'm about to spill!" he said.

Luce shouted, "Ace! You better come here. The whole tour is going on and the girls want you back. Why aren't you talking to me?"

His chest rose and fell as his breathing turned ragged. His pace was so demanding that I grabbed his thighs.

"That mouth was made for me!" he growled. "Fuck!"

After a brief silence on the phone, Luce shouted, "What the hell are you doing, Ace? I am going to send mom to get you!"

I took my hand in my panties and rubbed my clit. His gaze went to where my hand disappeared and his eyes flashed golden, as if he was turning feral. "Yes, do that, my little cat!" he said and shoved his entire length inside my throat with a loud roar, spilling his seeds down my throat.

The voice on the phone went silent. Ace took his cock out of my mouth and kneeled in front of me, watching me rubbing my clit.

"Ace? Ace?" Luce shouted again.

Without looking at the phone, he disconnected the call and wiped his cum that leaked out of my mouth with his thumb as he watched my hand. "I want to eat your pussy," he said as heat coiled in my belly. "Will you let me?"

Fuck. His dirty words were all I needed. With a soft scream, I came and fell like a jelly. He grasped me against his chest and didn't leave until my orgasm passed. When I opened my eyes, they were hooded. He looked down at me and kissed my lips. "My taste of you is divine. Don't you fucking kiss anyone other than me, Kat. Else I'll kill that man or woman before killing you and me."

I grinned even though my throat was hurting, and my lips were aching. The mate was turning stronger all over again.

His phone started buzzing again. In a hoarse voice, I said, "You should take it."

He exhaled roughly and picked it up. "Ace, where are you?" A stern voice growled from the phone.

"Do you want anything, mother?" he asked in an equally stern voice.

His mother winced and said, "Luce called me and said that you are not where you should be."

I knew it. Luce had snitched to her mother about him.

"Damn right," Ace said. "I am where I want to be." Saying that, he disconnected the call and kissed me. "I have to go back. Why don't you get ready and come with me? I'll wait for you in the main hall of the castle."

"Sure."

He kissed me again. Before leaving, he turned his head over his shoulder and said, "I'll be dreaming more about you now."
