

Chapter 8

"YOUR LUNA."

"W-what?" Xavier asked.

Dylan wore his blue jeans.

I looked at Xavier.

"What what?" Dylan asked Xavier.

"How can you be so beautiful, Luna?" Xavier kneeled in front of me and asked.

"This flawless white fur I have never seen in my life. And the ocean blue eyes! You look like a goddess. I'm thinking about our Alpha. How can he control himself if you are this much beautiful?" He said.

"Your Alpha? Yeah, he couldn't control himself some minutes ago and jumped on me to lick my neck. And now look at him behaving like an arrogant king." I thought.

"Luna, shift now. We need to talk. No, let's go for a run." Xavier smiled with happiness like a kid who saw his favorite hero.

"Can't you see your alpha is standing here? Did you dare to flirt with her in front of me? Nice try." Dylan said.

"Oh, I forgot you are here. Okay, I'm going back but please take care of our Luna. She is very precious to me."

"I'm precious to everyone except this arrogant king." I thought.

"Yeah yeah sure." Dylan rolled his eyes.

"Good night Luna, good night Dylan."

After wishing us good night Xavier left.

"Wear this." Suddenly Dylan said while throwing a white shirt at me.

I took it with my mouth and went behind a big tree so that he wouldn't see me.

I shifted and wore his white shirt. It was very big on me.

But its length stopped on my knees. He could see my bare legs.

I came out shyly. I didn't look at him. I was very nervous to face him.

"Let's go." I heard him.

When I looked up, I saw him walking forward.

And here I thought of some unrealistic things. Him and I? Not even in my dreams.

I walked fast and tried to walk beside him.

Suddenly, my eyes fell on his body.

'What the hell? Why is he half-naked?'

I wanted to close my eyes but my eyes betrayed me.

His body was super hot. He had muscles and eight-pack abs.

My wolf said, "I want to lick his body, let me take over you one more time."
"

'Shut up, perverted bitch. He doesn't like you at all.' I said to her.

"Oh really? That's why his wolf sucking my neck while licking my-"

"SHUT UP," I said loudly and off my mind link.

Dylan stopped walking and looked at me.

"What did you just say?"

"No no, I was just talking with my wolf. She is blabbering." I tried to explain.

"What is her name?" He asked.

I was stunned, he was asking something about me?

I replied, "Her name is Alisa."

"Alice, Alisa. Nice." He praised.

"What about yours?" I asked.

"Dan" he replied.

"Dylan, Dan, Nice." I said the exact same way he replied.

He looked at me for a second and started to walk.

I was following him. But my legs touched a rock and I was about to fall when he pulled me to him by my waist.

I was shocked and looked at him.

I could see his side face closely. He was so handsome. His jawline was very sharp. He was very attractive.

We were so close to each other that I could feel his breath. His body was

hot. Like a warm machine.

He turned his head and looked at me then he caught me looking at him.
He moved away from me, no longer close to me. 1

I was helpless. "This man is mine. But he can't be mine. I'm his luna but for him, I'm only his pack's Luna." I thought.

We almost reached the pack house. I wanted to talk about his chosen mate but didn't dare to say anything.

"From Tomorrow your training will start." He said.

"Okay."

"Don't be late like today."

I nodded my head. We reached the pack house.

All the maids were surprised to see their Alpha and Luna together.

I thanked him and went to my room or I could say chamber.

I lied down on my bed and started to think about today's incident.

How he came to me, how good I felt when he licked my wolf's neck.

The mate bond was really something else.

'I'm overthinking now. Stop it, Alice. You are not like that. What's wrong with you???' I told myself.

'I know he doesn't love me, maybe dislikes me because he likes his chosen mate. But he is my Alpha, my mate. Now I have only him.

He is my only family. I can't lose him. Because he is mine.'

I still remember what my mom said,

"Your mate is your power. One day you will meet him. Don't give up if he won't accept you. Just make him yours."

'Mom, how did you know about all of this? Did I miss something? I'm trying to get along, mom. But I'm missing you daily. I can't forget how they killed you both.' I was crying.

Sometimes I felt alone because I knew I had no one. Sometimes I wanted to get revenge on those rogues who killed my parents, who took my happiness, who took my reason to live. I was powerless, that's why I couldn't do anything. The way they were trafficking our omegas to alphas, that was ridiculous. I hoped one day someone would stop them.

The next morning Diva woke me up.

"Morning, Luna."

"Umm morning, Diva."

"Luna, wake up. You have to go for breakfast first and then to the training ground."

"Training ground?" I opened my eyes and asked her.

"Yes, Alpha will train you today."

"Your Alpha will train me today by himself?" I was shocked. 7

"That's all I heard, Luna." She said.

I got down from the bed, went to the bathroom, and washed up.

When I came out of the bathroom I saw a black jogger and a sleeveless t-

shirt on the bed.

"What is this?"

"This is for your training clothes. Joggers for you so that you can kick freely and a t-shirt for punch." Diva laughed and said.

"Wait, a minute, girl. Do you mean I have to train like this and not in my wolf form?" I asked.

She nodded while smiling.

'HOW CAN I FIGHT WITH HIM WHEN HE WILL STAND IN FRONT OF ME?'
