

Wow

He finally erupts with a grunt that makes my toes curl. His voice is low and very very male, primal even.

My throat hurts, my jaw hurts but it feels so good to look up and see him lost because of me.

"Take it," he pleadingly orders.

He pulls my head down and his cock is so deep down my throat I don't know if I can take it. His cum slides down my throat and his balls squeeze as he empties himself.

When he comes down from his high, he looks down at me. A look of awe mixed with satisfaction.

"Good girl," he murmurs and I feel so good.

Wow. I don't know what just happened but I've never felt so close to a person. So happy.... so content to be with someone. Viktor picks him up in his arms and takes me to the bathroom. 5

Placing me onto my bathroom counter he faces the shower and turns on the water. I stare at his long black hair and his hard muscular back.

He turns back to me and takes his shirt off. His black

eyes are focused on me and I'm not sure how to react. I'm feeling so many different things after what we just did.

He touches my hair and kisses my cheek and I feel tiredness seep into my body. Viktor lifts me up off of the counter and places me steadily on the floor.

When we get into the shower the warm water cascades off my body. His warm hands lather the soap along my body. 2

His length was already hard and pressed against my lower back. I shiver, not from the cold, but from excitement.

Viktor chuckles, "We are done for tonight."

His hands continue to wander my body, massaging and washing. His hand slides down my ass and reaches to my folds.

He carefully washes every inch and I gasp. I'm sensitive but it feels nice having him take care of me like this.

It makes my body feel warm and makes me feel taken care of and ... cherished. The feeling is overwhelming. 3

"Turn around, baby girl," he tells me.

I turn around and look up at him.

He stares down at me while he lathers his hands up and reaches for my hair.

"Close your eyes," he coos, and then there are butterflies in my stomach. 1

I close my eyes and lean into his hands. Strong fingers touch the line where my hair starts and slide back and down my head.

His fingers trail little circles in my hair as he washes my hair. It feels so good. After he finishes washing out my hair he leans down and kisses my lips. 3

I open my eyes and watch as he washes his body. He scrubs his chest, his stomach, and his arms. I can't believe the Goddess blessed me with such a beautiful man.

He washes around his neck and scrubs his arms and muscular legs. I watch as he adds more body soap and washes his member.

I had that in my mouth. The thought shocks me and I blush. I watch as he runs his hands through his hair and rinses.

When we're all washed up, he dries me down and

carries me to my bed. I watch as he gets dressed and walks over to me.

He sits on the corner of my bed.

“As much as I want to stay here with you. I don’t trust myself to not take you tonight. Sleep well Kacie,” he says. 2

One of the corners of his mouth is pulled up in a half-smile. His obsidian eyes have a sparkle in them as he leans down and kisses me.

Before I can answer, darkness takes me.

I’m staring at a red dress, the short red dress that Alpha Ken got me. The lump in my throat is too big to swallow as my feet pull me forward. The room is dark as my hands start undressing me.

The door opens at the same time that I reach for the dress. I know it’s him and why he’s here. I feel my body shake, fear taking over.

“You’ve found it,” he says with a smile. He steps closer to me, “I’m glad,” he says while looking at the dress in my hands.

He wrenches it from my hands and I’m left standing

in my underwear and bra.

"I came to tell you that your dress doesn't need a bra," he says as he fingers my bra strap. I want to run away to get away from his grasp but I know my reality.

Obsidian eyes stare at me in the darkness and I almost remember something before I'm pulled back to where I am.

"Thank you for your consideration, Alpha," I say and bow my head. If I'm good, he won't hurt me again.

"Now that I've had your mouth around my cock, I can't stop thinking about you under me," he whispers as he leans down and kisses the curve of my tits.

He pulls my bra down and I'm bare to him. I want to fight him but my body won't listen. He pulls my right tit into his mouth. Sucking he flicks his tongue across my nipple and I can't help the moan that escapes my mouth.

He growls and reaches up to grab the other tit in his hand. "You're so responsive," he says between sucks and groans.

I feel sick.

"Please Alpha," I beg him. This doesn't feel right, there's something I'm forgetting. Someone...

It's almost as if the room gets foggy and I can't see anything clearly.

"I think we have twenty minutes before they're supposed to arrive," Alpha says to me as he pushes me down on his bed. The dress drops to the floor forgotten for the moment, and he spreads my legs.

"You're wet for me, aren't you Kace?" He asks as he looks down at me.

"I'm not Alpha," I whisper.

"I told you about closing your eyes Kace, listen to me," He growls angrily.

"Yes, Alpha," I say quickly and open my eyes. He grabs my feet and plants them onto the bed pushing them wide so that I'm open to him. Vulnerable, bare, and open to him.

He starts kissing up my thigh and I think I'm going to be sick. "You're beautiful Kace," he murmurs and rips off my underwear.

"You won't need these either," he mumbles.

"Be a good girl..." a warm voice whispers. 4

Alpha unzips his pants and pulls his cock out. I flinch. He sits back on his legs and starts stroking up and

down his length as he slips a finger into me. My body jerks back at the intrusion.

He pumps his fingers in and out of me. I can hear the sounds of his fingers as my pussy clenches and squelches as his fingers move in and out of me.

"So wet, so beautiful," he groans as he slips a second finger in.

He moans as he takes his fingers out of me and sucks on them. "Delicious," he says.

His cock is so close to my entrance, I'm so scared. Pure panic spreads through my chest. I want to run far away.

He leans down and sucks on my clit causing me to jerk up and away from his mouth. His tongue slips out and slides up and down my wet pussy. I whimper as he sucks on my clit and slips a finger into my ass.

Pain and pleasure shoot through my body and I let out a loud moan. "Ah, please, please Alpha," I say unable to move.

He sits up and looks down at me, his finger still in me. "It's hard to concentrate on anything else when I have you near me." 2

His cock is at my entrance and I close my eyes. I think

of a sweet forest far away from here. Where I can run free and explore and- he thrusts into me. In one swift movement, he's buried in me.

He hits my hymen and takes my virginity. Tears fill my eyes and run down my cheeks.

"Remember who you belong to," he pulls out of me and thrusts hard and fast into me again, and my body jerks away from him.

"He may have you now, but I will come for you," he grunts as he pulls out and slams into me mercilessly. 2

I scream. It hurts.

Who is he talking about? Alpha's hand reaches up and grips my throat as he continues thrusting.

"I own you," he groans. His movements become faster, his thrusts shorter. My neck hurts, he's choking me.

I don't move, I stay still and he comes undone.
