Chapter 1001 Luck Golden Dragon

When Ye Feng and Jinse returned to the imperial mausoleum of the Shengtian Dynasty.

They saw that the Ninth Prince was alone, still sitting cross-legged on the previous imperial mausoleum, absorbing the dragon's energy emanating from the depths of the earth.

Buzz!

At this time, Ye Feng and Jin Se came from not far away, and the Ninth Prince sensed them in an instant.

He immediately opened his eyes, jumped down from the imperial mausoleum, and said with a smile: "Master Ye Feng and Miss Jinse are back. This time you two are looking for the dragon vein. Is everything going well?"

Ye Feng smiled and said: "Although I encountered some minor twists and turns, it was relatively smooth. I have successfully swallowed a dragon vein, broke through the bottleneck of cultivation, and entered the fifth secret realm, the heavenly realm!"

When the Ninth Prince heard what Ye Feng said, he was immediately surprised and said: "Master Ye Feng has made a breakthrough again? That's great! In the Heavenly Realm, he is a super master on the same level as my father! This time the ceremony is held. , I rely on you, Mr. Ye Feng!"

Ye Feng laughed and said: "Don't worry, as long as the ancestor of your royal family can block the big demons and old monsters that have transcended the realm of gods and humans, there won't be much of a problem in this dynasty ceremony."

Jinse smiled slightly at this time and said: "Let's go back to the palace first. The dynasty ceremony will start in a few days. I'm afraid the entire imperial city has already begun preparations."

"good."

The Ninth Prince immediately nodded and said: "Now that I have practiced the Ten Thousand Dragons Holy Art, I have also inspired the bloodline of the Giant Spirit God, and my cultivation has reached the third secret realm, I should be able to help this time. After all, I want to My performance is also very important for me to be the crown prince and share enough fortune."

After the three of them spent half a day returning to the imperial city of the Shengtian Dynasty.

They immediately felt that the atmosphere in the entire imperial city had become extremely solemn.

Groups of soldiers wearing giant steel armor, with cold eyes and fierce iron blood, patrolled the entire imperial city.

The three of them could feel at this time that there were many hidden auras hidden in the entire imperial city, probably coming from outside and trying to cause trouble at the Shengtian Dynasty's dynasty ceremony.

"Let's go."

After Ye Feng took a few glances, he flew towards the palace in the center of the imperial city.

With the Ninth Prince by their side, they had an unimpeded journey to the depths of the palace.

At this time, in the main hall in the center of the palace, Murong Yuan, the emperor of the Shengtian Dynasty, was summoning all officials and ministers, as well as various masters recently recruited, as well as the retired elders of the royal family, all came out.

When the Ninth Prince arrived, everyone respectfully said: "Your Highness the Crown Prince!"

Many people's eyes fell on Ye Feng and Jin Se.

Of course, most of the eyes were focused on Ye Feng.

Because at this time, the aura on Ye Feng's body gave everyone the feeling that they were facing an unfathomable ancient evil beast.

"This is...the fifth secret realm, the cultivation level of the heaven and human realm!"

Emperor Murong Yuan stood up all of a sudden, his eyes filled with surprise, and said: "Great! Our royal family has another strong man in the Heavenly Realm! Even if he is a beginner, he can be considered a top master!"

"Cultivation in the Heavenly Realm!"

"This Ye Feng has really stepped into the realm of heaven and man!"

"It's amazing! It's incredible!"

"As expected of a family member who is a descendant of the gods, this talent for practicing breakthroughs is really terrifying!"

In the entire palace hall, many civil and military officials, royal nobles, and retired elders could not help but exclaim at this time.

.

In the entire Shengtian royal family, in addition to the emperor who is a powerful person in the heaven and human realm, there are also several elders, and now there is another Ye Feng!

Moreover, everyone sensed that the aura of cultivation on Ye Feng's body was comparable to that of the emperor, a powerful man in the Dzogchen Realm of Heaven and Earth, not much different.

What does this mean?

This shows that although Ye Feng has just broken through to the elementary level of Heavenly Realm, his combat power is probably comparable to that of a high-level Heavenly Realm, or even a Dacheng Heavenly Realm!

You know, those royal family elders in the Heavenly Realm are only at the elementary and middle levels.

"This kid is really a monster!"

After everyone thought about this clearly, they couldn't help but exclaimed in surprise.

At this time, Ye Feng followed the Ninth Prince and sat on a seat on the left side at the top of the hall.

Next, the emperor began to continue talking about various arrangements and plans for the dynasty ceremony.

When Ye Feng was about to fall asleep, the plan talk ended.

The final decision to hold the dynasty ceremony will be held three days in advance and will be held tomorrow.

In this way, many foreign enemies who are preparing to come to the Shengtian Dynasty will be caught off guard.

Throughout the night, there were busy figures almost everywhere in the Shengtian Imperial Palace.

A huge altar was built, surrounded by countless evil beasts from the endless wilderness, waiting to be slaughtered and sacrificed to heaven.

Ye Feng and many royal masters stood around the altar to guard the entire ceremony.

Just in the early morning of the next day.

When the sky is still gray and bright.

When a wisp of purple energy appeared in the east.

A loud and majestic voice suddenly sounded throughout the Shengtian Palace: "The dynasty ceremony has officially begun!"

"Kill the evil beast!"

br

"Sacrifice to heaven!"

"Please come first!"

"Bless the Holy Heaven!"

"Golden Dragon of Luck, condense!"

boom!

When the loud and majestic voice fell, the heads of all the wild beasts around the altar were instantly cut off by powerful soldiers, and their blood was spilled on the altar.

An incomparably huge force of luck gathered here from the vast territory of the entire Shengtian Dynasty in an instant, and gathered together on the entire altar.

"Buzz!"

At this moment, a majestic golden dragon slowly condensed and roared in the sky above the entire Shengtian Dynasty, full of infinite power.

At this time, Ye Feng, who was standing in the crowd, stared at the majestic golden dragon and felt an extremely surging power of luck, spreading throughout the world, like a condensed spirit from the sky. Manifested in the mortal world.

"Golden Dragon of Luck! The condensation was successful!"

In the palace, everyone's eyes showed surprise.

But at this time, the expressions on everyone's faces became more dignified and serious.

Because they know that the moment when the luck golden dragon is successfully condensed is the most dangerous time.

"boom!"

"boom!"

Sure enough, at this moment, several extremely powerful auras suddenly burst out from somewhere in the imperial city and struck out.

"A strong man with cultivation in the heavenly realm!"

At this time, everyone in the palace was shocked. They did not expect such a powerful being to take action.

...

Chapter 1002 Ancient Demon Palace

boom!

boom!

boom!

At this moment, three auras of powerful beings in the Heavenly Realm suddenly erupted from a hidden place in the imperial city, and rushed towards the altar in the center of the palace.

The three figures were a young man in white, a beautiful mature woman wrapped in a red dress, and an old man with a scar and a black iron crutch.

"The three palace masters of the Ancient Demon Palace!"

Emperor Murong Yuan's eyes suddenly became extremely cold at this moment.

He stared at the three super masters of the Heavenly Realm across from him and said in a cold voice: "In our Holy Heaven Dynasty and your Ancient Demon Palace in the Endless Wild Forest, we have always been in harmony with each other. Now you three palace masters have come to me. The Shengtian Dynasty has violated the ancient covenant, aren't you afraid that our people will rise up and attack it?"

"Hahaha!"

The moment Murong Yuan finished speaking, the young man in white among the three people laughed loudly and said: "Brother Murong, what you said is wrong. We are here today not to start a war with your Shengtian Dynasty, but to get rid of you." Your royal family needs some power from the Luck Golden Dragon to help us bathe in the demonic body and improve our talents."

"Want some Luck Golden Dragons?"

Emperor Murong Yuan's eyes suddenly became extremely cold and he said: "This is impossible. The Luck Golden Dragon is the strength of our whole government and it took so many years of hard work to condense it. If you want it, then I will The Shengtian royal family is still laughed at by everyone in the world."

Among the three ancient demon palace masters, the old man on crutches showed a sinister smile on his face and said: "Then we can't blame you. Since you Shengtian royal family are so ignorant, then we can only steal it openly. , Huh, why bother, your Shengtian Dynasty doesn't have the strength to fight against us."

"boom!"

At this moment, the three ancient demon palace masters in the celestial realm no longer hesitated. They all burst into action one after another, releasing monstrous demonic energy from their bodies, rushing towards the direction of the Luck Golden Dragon, and directly wanted to In front of everyone in the world, snatch the Holy Heaven

The foundation of the dynasty, the golden dragon of luck.

"presumptuous!"

Emperor Murong Yuan saw these three big demons being so unscrupulous and took action directly. He immediately became angry.

"Fellow elders, come with me to fight!"

Murong Yuan roared loudly, and the Ten Thousand Dragons Holy Technique exploded. He was a powerful person in the human race in the Dzogchen Heavenly Realm. The Ten Thousand Dragons Holy Technique was displayed in his hands, which was simply terrifying to the extreme.

"hold head high!"

"hold head high!"

Along with the thundering dragon roar, golden dragon souls suddenly burst out from Murong Yuan's body.

Wow!

At this moment, the huge and majestic golden dragon of luck that had just been condensed actually actively shed a piece of pure power of luck, covering the emperor Murong Yuan.

"Buzz!"

At this moment, Murong Yuan's body was filled with golden light and thousands of dragons roared. His combat power had reached its peak at this moment.

"Fist of Ten Thousand Dragons!"

Murong Yuan roared loudly and punched out. Thousands of golden dragons merged into his punch, erupting in the void with unparalleled terrifying power.

"Boom!!"

Murong Yuan's fist erupted with extremely terrifying energy, sending the young man in white flying away.

"So strong!"

"But it's not enough!"

The young man in white clothes was a palace master of the Ancient Demon Palace. He was not injured at this time, but was just repelled.

He smiled coldly and shouted: "Fist of Titan!"

boom!

The young man in white seems

It was the bloodline that inherited the ancient Titan beast. He punched out at this time, and a great Titan beast appeared immediately, crushing the void, and bombarded in front of Murong Yuan in an instant.

"Ten Thousand Dragons Shield!"

Murong Yuan roared loudly, and countless dragon energy quickly condensed around his body, forming a golden shield that blocked the titan beast.

"Dang Dang Dang!"

However, the titan beast could not break through Murong Yuan's golden shield and was directly blocked.

At this moment, a golden war spear appeared in Murong Yuan's hand, and he rushed directly in front of the young man and started various fights with him.

"kill!"

At this time, another old man among the three palace masters slammed down the crutch in his hand. Suddenly, a black iron crutch as huge as a mountain appeared in the sky. It was like a weapon of the gods bombarding it. It was so majestic that it was almost It was able to blast the entire Holy Emperor City to pieces in one fell swoop.

"Let's join forces to resist!"

boom!

Several elders of the Shengtian Dynasty broke into action in an instant, and three elders of the Heavenly Realm took action together to be able to resist the old man with a cane.

It can be seen from this that how powerful this old man with a crutch is, he is probably a powerful man in the Dzogchen realm, and only three elders of the Shengtian Dynasty can stop him.

"Luck Golden Dragon, we must get a share of the pie!"

At this time, the last remaining Palace Master of the Ancient Demon Palace was a beautiful mature woman wrapped in a red dress. She smiled softly and immediately rushed towards the golden dragon of luck. A jade gourd appeared in her hand. The entire Qi Luck Golden Dragon must be collected and entered.

"boom!"

But suddenly at this moment, a blue euphorbia suddenly stabbed out of the void, almost killing the woman in red dress.

.

"Who? Is there still a realm of heaven and humanity in the Shengtian Dynasty?"

The woman in the red dress suddenly exclaimed.

She thought that all the powerful people in the Heavenly Realm in the Shengtian Dynasty were held back by the other two masters of the Ancient Demon Palace.

"Who are you? You are not from the Shengtian Dynasty!"

The woman in the red dress looked forward and saw an outrageously young boy, which surprised her.

Such a young boy turned out to be a super master in the realm of heaven and human.

"Who is that young man? Even the master of the Heavenly Realm of the Ancient Demon Palace can withstand it."

"Such a powerful cultivation. In the Shengtian Dynasty, there is such a uniquely powerful young genius?"

At this moment, countless people in Shengtian Emperor City looked at the sky above the palace and couldn't help but exclaimed.

Buzz!

The boy is naturally Ye Feng.

At this time, he was stepping high in the sky, covered with a layer of golden dragon scale armor, holding a blue halberd in his hand, and his body was burning with golden dragon soul flames, giving people the feeling that it was like... Like a young god of war.

Now Ye Feng is wearing golden dragon scale armor, running the Ten Thousand Dragons Sacred Art, activating the dragon soul meaning of the golden five-clawed golden dragon in the dragon scale armor, and Ye Feng suddenly received a huge blessing of combat power.

Although Ye Feng is in the Beginner Heavenly Realm, his combat power at this moment is comparable to that of a Dacheng Heavenly Realm being.

The woman in the red dress is the master of the Ancient Demon Palace, and she also has the cultivation level of Dacheng Tianren.

At this time, she stared at Ye Feng, showing a beautiful smile, and said: "I didn't expect this younger brother to be so powerful and very powerful. You should not be from the Shengtian Dynasty, why don't you follow my sister and join the Ancient Demon?" Palace, my sister wants you to be the fourth palace master of the Ancient Demon Palace."

Chapter 1003 Young God of War

At this time, the red-skirted woman's tone was seductive, and it was obvious that she wanted to win over Ye Feng, the young god of war, to the Ancient Demon Palace.

However, at this time, Ye Feng just said lightly, "We will each go our own way, so you don't have to say these words anymore. I can't turn my back on you."

Hearing what Ye Feng said, the red-skirted woman immediately chuckled and said, "Then I can only be rude to you, little brother."

Buzz!

Almost at the moment when the red-skirted woman's voice fell.

She clenched her hand towards the void, and a fiery red whip suddenly appeared.

The entire whip was made of steel, full of inverted sawtooth, and the whip was burning with flames, full of powerful power fluctuations.

"Flame whip!"

The red-skirted woman shouted, and the steel flame whip in her hand instantly became like a piercing chain, and rushed towards Ye Feng all at once.

"Kill!"

Ye Feng's eyes were ruthless and cold at this moment, and he clenched the azure halberd in his hand and rushed towards the red-skirted woman instantly.

"Boom!"

Ancient and huge power erupted from the sea god's trident, and the tip of the trident burst into dazzling divine light, and it collided with the flame whip at once, making a shocking roar.

"Shua!"

Suddenly at this moment, the red-skirted woman stretched out her bare hand, and a red light instantly pierced through the void and stabbed towards Ye Feng's head.

In the red light, there was actually a steel needle made of steel!

It was very sharp and small, and it could almost pierce the space. It obviously had a very terrible power and destructive power.

At this time, the red-skirted woman suddenly released it, like a hidden weapon, very vicious, to kill Ye Feng with one blow.

"Dang!"

But in the next moment, the vicious red steel needle pierced Ye Feng's head, and Ye Feng's entire head was automatically wrapped with a thick layer of golden dragon scales, and the steel needle could not penetrate it at all.

\u003c

br\u003e "What? What level of treasure is this golden armor you are wearing? How could it be that even my Zhurong Steel Thorn can't pierce it? My steel needle is known as the king of assassination. It once secretly assassinated a great master of the Heavenly Realm!"

The woman in the red skirt was shocked and angry, and her beautiful face was full of deep disbelief.

Ye Feng's eyes were cold and he didn't explain much.

This armor is made of the dragon scales of a five-clawed golden dragon from the ancient times. It is simply indestructible.

Ye Feng felt that even if it was a Taoist weapon that surpassed the magic weapon, or even an immortal weapon, it would not be able to damage the golden dragon scale armor of the five-clawed golden dragon on his body.

"Star Picking Hand!"

Ye Feng grabbed it fiercely at this time, and suddenly a powerful star hand appeared, and suddenly appeared above the head of the woman in the red skirt, and grabbed it in an instant, full of endless majesty and heaviness.

"Flame shield!" The woman in the red dress shouted, and the storage spirit ring in her hand flashed, and a huge round shield with flames burning in the sky appeared, directly defending the sky above her head.

Boom! ! The big hand that was like picking stars and holding the moon suddenly slammed down, and in an instant, the flame shield on the head of the woman in the red dress sank suddenly.

But in the end, it was resisted!

But before the woman in the red dress could feel happy.

"Swish!"

Suddenly at this time, Ye Feng jumped in the air and came to the front of the woman in the red dress.

"Time torrent!" Ye Feng roared, and punched out a white river of time, which instantly hit the front of the woman in the red dress.

Boom! ! The torrent of time has

unparalleled power and destructive power. Now, under the display of Ye Feng's terrifying cultivation, it hit the woman in the red dress in an instant.

"Ah!!"

This beautiful woman suddenly let out a terrifying howl.

She was extremely terrified, because at this time she looked down and saw that half of her body had been shattered into pieces, bloody and mangled.

"No!!"

The red-dressed woman's beautiful face was now filled with extreme fear and terror.

"Die."

Ye Feng's eyes were extremely cold, and the Sea God Trident pierced out with a bang, and with a "puff", the beautiful face of the red-dressed woman was pierced, leaving a bloody hole.

The red-dressed woman, a master of the Ancient Demon Palace, a super expert, was killed instantly on the spot!

"What?"

"She was killed so quickly?"

At this time, let alone the countless people watching the battle in the entire imperial city.

Even the other two masters of the Ancient Demon Palace, seeing their companion, the red-dressed woman, die tragically on the spot, couldn't help but change their faces.

Originally, they didn't care about the black-clothed boy at all.

They were still expecting the red-dressed woman to quickly deal with the black-clothed boy and then come to help them.

But the result was that the woman in the red dress died first, and died so quickly.

You know, this woman in the red dress looks delicate, but in fact she is a powerful and terrifying palace master-level figure in the Ancient Demon Palace, with a terrifying cultivation level of the Great Perfection Heaven Realm.

I didn't expect her to die so soon!

This made everyone tremble to the extreme in their hearts.

The mysterious black-clothed boy in the Shengtian Dynasty, wearing a golden dragon scale armor and holding a blue halberd, gave people the feeling that he really had unparalleled combat power.

Simply

Like a young god of war descending from the nine heavens to the mortal world, he is invincible!

"good!"

"Very good!"

Emperor Murong Yuan's eyes suddenly burst into boundless radiance.

He looked at the other two ancient demon palace masters in front of him, and immediately laughed and said: "Hahaha, it seems that your ancient demon palace has suffered heavy losses this time. You two don't leave this time, stay here. Well, just in time to offer the blood of the great demon to the altar of our Shengtian Dynasty!"

Boom!

In an instant, Emperor Murong Yuan and several other elders became more motivated and stepped up their attacks, forcing the other two Ancient Demon Palace masters to retreat.

Uh-huh!

At this time, Ye Feng also attacked, and the euphoria in his hand burst out with tremendous power, almost piercing the head of an ancient demon palace master.

"Great Yin Demon Lord, aren't you going to take action? How long will it take to wait? Qin'er has already been killed! Do you want to watch us all die before you take action?"

Suddenly at this moment, the old man on crutches in the Ancient Demon Palace suddenly roared with deep anger in his tone.

Apparently, they had made contact with a powerful Manghuang demon clan before and took action together.

But as a result, the demon has not taken action yet.

"The Great Yin Demon Lord!"

At this time, when Emperor Murong Yuan heard this title, his expression suddenly changed and he said: "Great Yin Demon Lord? Hasn't this great demon been killed in the endless wilderness by an ancestor of our Shengtian Dynasty? ? He's not dead yet?"

The faces of several royal family elders around them also changed drastically.

Because this Great Yin Demon Lord is a super big devil in the sixth secret realm of void realm that has surpassed the heaven and human realm!

Moreover, if he has not died after so many years, he has probably entered a very advanced level of the Void Realm, and may be even more powerful than their Void Realm ancestor in the Shengtian Dynasty!

Chapter 1004: Sinking to the bottom

Buzz!

At this moment, almost at the moment when the old man on crutches in the Ancient Demon Palace finished speaking.

A huge and boundless terrifying aura, unparalleled, suddenly emanated from somewhere in the Holy Emperor City and shot straight into the sky.

"That is....."

At this moment, under everyone's extremely horrified gaze.

On a street somewhere in the imperial city, an inconspicuous mortal man suddenly began to swell.

Under the horrified gazes of the people around him, every part of this mortal man's body, including his head, arms, legs and feet, began to swell and grow, and eventually grew in size in place, becoming a man with a height of more than 10,000 meters. Troll.

The troll, which was more than 10,000 meters long, was like an ancient black mountain, rising from the earth. It was so powerful that it gave everyone an unparalleled sense of oppression.

"Jie Jie Jie."

The terrifying giant that was 10,000 meters high was letting out a cold laugh, like an eternal ancient demon making a fearful sound under the endless abyss. Everyone's body was trembling with chills.

They looked at the giant monster that was 10,000 meters tall, and the feeling of oppression was really terrifying.

Even Emperor Murong Yuan, a super powerful person in the Dzogchen Realm of Heaven and Earth, felt frightened all over when faced with the giant monster as black as a mountain. His legs and feet were weak, and it was very difficult to even move.

"As expected... the Great Yin Demon Lord..."

Many elders of the Shengtian Dynasty were simply frightened to the extreme.

They thought of the previous legend about this Great Yin Demon Lord.

It is said that three hundred years ago, in the endless wilderness outside the Shengtian Dynasty, a terrifying demon named Dayin Demon Lord appeared.

It crawled out from the endless abyss, hungry, bloodthirsty and cruel. In just one day, it swallowed up tens of millions of creatures, whether they were mortals or human warriors, on the northwest land of the Shengtian Dynasty. have eaten.

In the end, this alarmed several ancestors of the Shengtian Dynasty at that time.

However, the Great Yin Demon Lord is an ancient demon that has been sealed for countless years, and his cultivation strength is extremely strong.

So even though the Shengtian Dynasty was at its peak at that time, several of the ancestors of the Void Realm

The elders are also fighting against this big demon who has awakened from the abyss. The sky is dark, the sun and the moon are dim, and the sky is dark.

That battle almost shattered Manghuang, and most of the northwest land of Shengtian Dynasty was devastated.

So at this time, the Great Yin Demon Lord appeared again, which directly frightened the emperor of the Shengtian Dynasty, including the senators and ministers to the extreme.

Buzz!

The 10,000-meter-tall Great Yin Demon Lord was overlooking the entire field, his eyes full of infinite contempt, and said: "A group of ant-like humans, your ancestors are all dead, but I am immortal. Now When I wake up again, the entire Shengtian Dynasty will be completely destroyed!"

boom! !

Almost at the moment when the Great Yin Demon Lord finished speaking, he took action instantly.

"Boom!!"

A palm as dark as a mountain covered the sky and was as heavy as the sun and the moon. It fell from the boundless sky in an instant.

"Let's work together to resist!"

Emperor Murong Yuan roared loudly, and several elders of the Heavenly Realm of the dynasty gathered together.

Even Ye Feng came to Murong Yuan's side with a single step at this moment, bursting out with powerful strength, and worked together with everyone to resist.

"Boom!!"

The terrifying, dark, giant hand of the troll, covered with dense scales, struck down, bursting out with overwhelming power in an instant.

Like an ancient magic mountain, it suddenly bombarded everyone.

"puff!"

"puff!"

At this moment, Emperor Murong Yuan, as well as many elders of the Shengtian Dynasty, all spat out a mouthful of blood, and their bodies flew backwards in an instant.

boom! boom! boom!

Each one of them hit the palace hall behind them hard, smashing many buildings and vomiting blood in the ruins.

Even Ye Feng has a strong body and wears five-clawed golden dragon scales.

The dragon scale armor made from pieces was also blown away by the terrifying force at this moment. However, he did not vomit blood. He just groaned and felt that the bones in his body were almost broken for a moment.

This Great Yin Demon Lord is really too powerful. With just one hand, he can blow away all the top combat power of the Shengtian Dynasty. If he didn't defeat the enemy with just one move, it would be so terrifying!

"powerful!"

"Too strong!"

At this time, everyone on the field couldn't help but exclaim in surprise.

Everyone on the Shengtian royal family felt very frustrated.

The other powerful foreign enemies hidden in the imperial city all sneered inwardly.

If there is an unparalleled powerful person like the Great Yin Demon Lord to disrupt the situation, then they can take advantage of the chaos to fight for the golden dragon of luck.

"Destroy them all!"

At this moment, the Great Yin Demon Lord roared, and directly released the huge and boundless demonic energy, condensing a huge black heavy hammer in his hand, the size of a mountain, and suddenly bombarded the entire palace of the Shengtian Dynasty. down.

The entire sky suddenly changed color, and blackness fell down. If this heavy hammer hit, the entire palace of the Shengtian Dynasty would be destroyed!

"Uh-huh!"

But suddenly at this moment, a terrifying divine light pierced out from a certain direction deep in the palace, shattering the huge hammer into pieces.

"What? The heavy hammer was shattered all at once?"

"That Liu Guang is?"

"It's an arrow condensed with flames!"

At this moment, in the shocked eyes of countless people.

Under the dim sky, in the royal ancestral hall deep in the palace, an old man with pale hair, extremely thin, holding a broken red-gold bow in his hand, walked out slowly, step by step, as heavy as a stone.

Although the big bow in his hand is broken and soaked in the dust of history, at this moment, the bow body is blooming with bright light of flames, as if there is a divine fire containing billions of energy, burning in the big bow, endlessly. , possesses the power to kill gods.

"Ancestor!"

"Ancestor, you are finally out!"

At this moment, everyone in the Shengtian Dynasty was crying with joy.

Many people thought that this old ancestor was dead. Unexpectedly, at this critical moment of life and death, the old man once again walked out of the clan ancestral hall, shot the big demon with one man and one bow.

"That's the Great Sun Burning Sky Bow!"

Some people stared at the broken bow in the old man's hand and exclaimed.

"It is said that this bow is a powerful treasure passed down from ancient times. It has a history of thousands of years. It surpasses the magic weapon and is a legendary Taoist tool. It contains the way of heaven and earth and has the power to destroy the heaven and the earth. !"

At this moment, there were many strong men in the crowd with extraordinary eyesight, and they all spoke in alarming tones.

At this time, the 10,000-meter-tall Great Yin Demon Lord stared at the old man, smiled coldly, and said: "So you, the old immortal, are not dead yet. You were the one who cut off one of my vital spiritual veins back then. You really have committed a huge sin by causing me to be seriously injured and sleeping for so long before I woke up."

The ancestor of the royal family said in an indifferent voice: "Today I will kill you completely and let you die forever!"

"Jie Jie Jie!"

The Great Yin Demon Lord suddenly let out a ferocious laugh and said: "Back then, you were in your prime, with strong Qi and blood. Now you are very old. I can feel that the Qi and blood in your body are about to be exhausted. This big rod The bow is a top-quality Taoist weapon, and the cost of each use is very high. How many times do you think you will have the opportunity to use the Great Sun Burning Sky Bow? The arrow you just smashed my magic hammer has already overwhelmed you, right? , What's more, I came prepared this time and brought a powerful helper! Come out, Brother Taikoo Tengshe!"

boom!

And almost at the moment when the Great Yin Demon Lord finished speaking, a huge black snake, tens of thousands of meters long, instantly circled out from the depths of the wilderness, giving people an overwhelming and sinister aura.

"Another ancient evil beast from the void realm from the sixth secret realm?"

At this moment, everyone was shocked.

At this moment, the members of the royal family of the Shengtian Dynasty, who had just cried with joy, completely sank to the bottom of their hearts.

Chapter 1005 Shocked the whole audience

"The Ancient Soaring Snake!"

At this moment, in the shocked eyes of countless people, a giant black snake tens of thousands of meters long, like an ancient beast, hovered over from the depths of the distant forest in an instant.

This black giant snake is an ancient soaring snake, a descendant of the ferocious giant beast from the ancient times. Like the Great Yin Demon Lord, it also has a void realm cultivation that surpasses the heaven and human realm, and is very terrifying.

At this moment, the ancient Soaring Snake appeared, standing together with the 10,000-meter-high Great Yin Demon Lord. The two behemoths formed a large black mass, like two ancient magic mountains standing on the earth, giving everyone in the audience All brought an ultimate sense of suffocation.

At this time, everyone's eyes were full of fear.

Even those who are not members of the Holy Heaven Royal Family are trembling.

Because these two powerful creatures are united at this time, they may destroy the entire Shengtian Dynasty, and the entire Tiannan Continent will be devastated.

The many powerful human beings who thought of this had their eyes extremely downcast at this moment.

"kill!"

At this moment, the ancient Soaring Snake descended and charged directly towards the royal ancestor holding the big bow.

The huge snake body of tens of thousands of meters is covered with a thick layer of solid scales, like an indestructible armor. This kind of savage beast can trample and tear everything to pieces.

"kill!"

At this moment, although the royal ancestor of the Shengtian Dynasty looked solemn, he still roared and rushed forward.

"Buzz!"

He pulled the Sun Burning Sky Bow in his hand, and infinite divine light gathered on his bow body. An arrow of divine light burning with blazing flames instantly condensed on the bow string, and then turned into a The red lightning was stimulated and shot out.

"Pfft!"

The Great Sun Burning Sky Bow is indeed a powerful warrior at the peak level of Taoist weapons. The flaming arrows condensed at this time pierced one of the eyes of the ancient Teng Snake.

"howl!!"

The evil beast, the Ancient Soaring Snake, suddenly let out a howl of extreme pain and anger.

It was so angry that it used its huge tail, like an iron whip, to bombard it from high in the sky and hit the royal family.

On the body of the ancestors.

"boom!!"

The ancestor of the royal family immediately used a huge crystal light shield to cover his entire body.

But this evil beast, the Ancient Soaring Snake, possesses tremendous power and is simply unparalleled.

"boom!"

So at this moment, the ancestor of the royal family was suddenly knocked away by the huge tail of the ancient soaring snake, and the crystal light shield suddenly shattered with a "crash".

Bang!

The old man fell into the ruins of the palace not far away and spat out a mouthful of blood, dyeing the red-gold bow in his hand red.

Every time the Great Sun Burning Sky Bow is pulled, it can explode with unparalleled majestic power and can instantly injure a savage beast like the Ancient Soaring Snake.

But the price is also huge. Every time the bow is drawn to condense the divine light arrow, it requires a huge consumption of energy, blood, and even longevity.

The royal ancestor's energy and blood were already declining. At this moment, his energy and blood were exhausted. He was hit by the ancient Teng Snake and was seriously injured in an instant.

"Buzz!"

But the ancestor of the royal family still pulled the third Great Sun Burning Sky Bow with difficulty.

boom!

An arrow burning with infinite flames penetrated seven inches of the ancient Teng Snake, directly piercing the heart of the big snake.

"howl!!"

The Ancient Soaring Snake seemed to have low IQ and was ignorant. It only knew how to run rampant. At this moment, it was shot through the heart, and it suddenly let out a miserable howl of extreme pain. The huge snake body fell to the ground in an instant, and it was already dying.

And at this time.

"Bang" sound.

The red-gold bow in the hands of the ancestor of the royal family also fell to the ground. He had no power at all. His face was pale, his body was withered, and he was about to die.

Although the ancestors of the royal family struggled to kill the Taikoo Teng Snake and seriously injured him.

But at this moment, there is a terrifying majestic statue not far away.

Threat.

That is the Great Yin Demon Lord!

At this moment, it laughed cruelly: "Hahaha, thank you Brother Teng She for resisting the murder for me. Now, the only support of the royal family has fallen. The entire Shengtian Dynasty will be destroyed, and the entire Tiannan Continent, I will surrender to my demonic power!"

"It's over..."

At this time, everyone in the Shengtian Dynasty showed deep despair and deathly gray eyes.

Everyone stared at the 10,000-meter-tall Great Yin Demon Lord. The mighty demonic power simply made everyone panic and despair to the extreme.

"Buzz!"

But just when the Great Yin Demon Lord was about to completely trample the entire Shengtian Dynasty.

A handsome young man suddenly walked into the ruins, squatted down, and grabbed the blood-stained broken bow in his hand. ??

"Master Ye Feng! You'd better hurry up and run away! Only the blood of our Murong family can pull the Great Sun Burning Sky Bow! It's useless for you to hold this peak Taoist weapon!"

At this moment, the Ninth Prince Murong Shi, not far away, his eyes turned gray and he was yelling in despair.

"Buzz!"

But the next moment, what made countless people in the audience feel deeply shocked.

At this time, Ye Feng grinned and suddenly pulled the string of the broken bow in his hand.

Buzz!

The sun-burning sky bow was pulled directly into the full moon. At this moment, the infinite essence of heaven and earth gathered from all directions. On the bow string in Ye Feng's hand, a divine light arrow burning with fierce flames was condensed. The arrow's sharp edge can tear the sky, and its fierce flames can burn all things!

"What?"

"The Great Sun Burning Sky Bow was opened?"

"Isn't that Ye Feng a member of the Giant Spirit God clan? Isn't he a bloodline heir of the Murong family?"

"How can this be!"

At this time, not to mention everyone else, even Emperor Murong Yuan, including the ancestor of the royal family himself, all had extremely shocked eyes.

Moreover, what shocked everyone even more was that the flaming arrows condensed by Ye Feng when he drew his bow were even larger and larger than the arrows of divine light condensed by the ancestors of the royal family who drew their bows.

Ten times more terrifying.

"If I draw the Sun-burning Sky Bow, I'm afraid that before the divine light arrow takes shape, all the life essence and power in my body will be sucked away by the big bow..." At this moment, Emperor Murong Yuan, the Great Perfection Heavenly Being, The powerful person murmured.

"The ultimate monster!"

Everyone stared at Ye Feng, staring at the god-like figure of the young man, and their hearts were shocked beyond measure!

"What? Impossible!"

The 10,000-meter-tall Great Yin Demon Lord was extremely frightened at this time.

Because the flaming arrows condensed by the bow in Ye Feng's hand had the power to burn the sky, and were even more terrifying than the ancestors of the royal family.

"This is impossible!"

The Great Yin Demon Lord let out a terrifying roar and wanted to turn around and run away.

"Uh-huh!"

But at this moment, Ye Feng suddenly let go of the long-awaited bowstring in his hand.

boom!

The flaming arrow ripped through the void like a bolt of lightning, and with a "puff" sound, it directly pierced the head of the Great Yin Demon Lord.

The next moment, endless flames broke out, burning the entire Great Yin Demon Lord into a piece of black coal, and he fell to the ground and died.

Killing the Great Yin Demon Lord took just an instant!

This made countless people's eyes widen and their mouths grow wide. Their hearts could not continue to be shocked, otherwise they might suffocate and die.

At this time, Ye Feng murmured, "As expected of the Murong family's inherited treasure, it's amazing..."

The ancestor of the Murong family, the forger of the Great Sun Burning Sky Bow, and the first generation user, was one of the ten major families that protected the dynasty of Creation God three thousand years ago.

The Great Sun Burning Sky Bow forged by ancestor Murong was blessed by the divine power of the God of Creation. Apart from the blood descendants of the Murong family, only Ye Feng, the crown prince of the God of Creation who had practiced the secret of the God of Creation, could use it easily. .

With this arrow, Ye Feng even activated the divine power hidden in the Sun Burning Sky Bow, and then it exploded with such terrifying power, killing the old demon Lord Dayin instantly, shocking the whole audience!

...

Chapter 1006 Legend

quiet!

Deadly quiet!

The entire chaotic Shengtian Dynasty, both inside and outside, fell into a deep silence.

Everyone's eyes were blank. They were shocked to the extreme when they saw the figure of the young man holding a broken bow in his hand, wearing golden armor, pulling the bow to kill a big demon, showing his heroic spirit and power over the mountains and rivers.

"The Great Yin Demon Lord died like this?"

At this time, the two ancient demon palace masters were preparing to watch the show.

But at this moment, he suddenly saw the Great Yin Demon Lord being killed directly, and he was immediately frightened.

"Run!"

The two masters of the Ancient Demon Palace, who were masters of the Dacheng Heavenly Realm, were like mice seeing a cat. They trembled all over and fled into the distance.

"Uh-huh!"

"Uh-huh!"

But at this moment, Ye Feng suddenly pulled the big bow in his hand, and two divine light arrows burning with flames tore through the sky in an instant, and hit the two ancient demon palace masters in an instant. .

"ah!"

"ah!"

Accompanied by two shrill howls, the two ancient demon palace masters' entire bodies exploded and they were shot dead instantly.

"hiss!"

This bloody scene made everyone on the scene take a breath of cold air, seeing the terrifying power of the peak Taoist weapon, the Great Sun Burning Sky Bow.

At this time, Ye Feng's face suddenly turned pale.

Obviously, the use of the Great Sun Burning Sky Bow made Ye Feng feel even more exhausted with such a strong martial arts background and deep magic power, and he only felt that his body was a little short of energy and blood.

Because even Emperor Murong Yuan, who is in the Dzogchen Realm of Heaven and Earth, would probably have all the life essence drained from his entire body if he only pulled the Great Sun Burning Sky Bow once.

At this time, Ye Feng looked at the royal ancestor not far away and said, "Are you okay?"

Mouth stained with blood

The ancestor of the royal family, his eyes are still wide open, full of disbelief, staring at Ye Feng, and said: "Young Master Ye... you... who are you?"

Obviously, Ye Feng was able to pull the Sun Burning Sky Bow, which horrified the royal ancestor.

Hearing this, Ye Feng did not explain anything, but just said: "It doesn't matter who I am, the important thing is that now the crisis of the Shengtian Dynasty has been resolved."

"Thank you, Mr. Ye Feng!"

At this moment, Emperor Murong Yuan, as well as all the elders of the royal family, officials and ministers, all came to Ye Feng one after another and saluted respectfully.

Even His Majesty Murong Yuan, the emperor, bowed solemnly to Ye Feng at this moment.

Ye Feng just smiled slightly and said: "You should be grateful for the power of the Taoist weapon, the Great Sun Burning Sky Bow. It is really terrifying."

At this moment, Ye Feng said, even he felt a little embarrassed.

The Great Sun Burning Sky Bow, a ninth-grade peak Taoist weapon, is extremely lethal.

At this time, the ancestor of the royal family struggled to stand up from the ruins, looked at the dying ancient soaring snake lying not far away like a continuous black mountain, and said: "I will deal with this ferocious beast."

"Need not."

Ye Feng shook his head and said, "I'll handle it."

The ancestor of the royal family nodded, naturally not daring to resist, and said: "Okay, Mr. Ye will handle it personally."

At this time, Ye Feng walked towards the dying ancient snake not far away.

He sensed a very familiar aura from the Ancient Teng Snake and needed to verify his conjecture.

Ye Feng walked to the body of the huge ancient soaring snake and asked, "Where did you come to this Tiannan Continent from?"

The huge snake eyes of the Taikoo Soaring Snake moved slightly, and his voice was very dull, and he said: "How do you know that I come from somewhere else?"

Ye Feng smiled and said, "Because you and I come from the same place, Longyuan Continent."

"What?"

Taikoo Tengshe's eyes suddenly widened. When he heard the four words "Longyuan Continent", his heart suddenly surged with turmoil.

The ferocious beast of the Ancient Soaring Snake stared at Ye Feng in front of him, and said in shock: "You, how do you know that I am from Longyuan Continent?"

"Because of a legend and the familiar aura on you."

Ye Feng smiled and said: "When I was growing up and practicing in Longyuan Continent, I once heard an old friend say that it is said that at the bottom of the magnificent Longyuan River flowing on Longyuan Continent, there sleeps an ancient The Ancient Soaring Snake of the era, I only thought it was a legend before, but today, I saw it with my own eyes. "

Hearing this, Taikoo Tengshe suddenly said: "So that's it. Indeed, I come from Longyuan Continent. After the demonic army came to Longyuan Continent, I was targeted by several super strong men from the demon clan. I came from Longyuan Continent." An ancient teleportation formation in the river escaped to the Tiannan Continent and lived in the endless forest. It was won over by the Great Yin Demon Lord. Unexpectedly, it used me as a shield today. It is really disgusting. Fortunately, you killed me. "Having it is like venting a lot of anger on my behalf. You are so powerful. A human boy has such terrifying combat power. Don't kill me, I am willing to follow you."

Because they came from the same hometown, Taikoo Tengshe felt a sense of intimacy towards Ye Feng at this time.

Ye Feng looked at the ancient Teng Snake in front of him with some emotion in his heart.

I didn't expect that the legend of my youth would be seen with my own eyes now, and I still have to submit to myself. It's really embarrassing.

At this time, Ye Feng nodded, naturally agreeing to the Taikoo Teng Snake's request.

this

Such a savage beast with ancient bloodline, and also has the cultivation of Dacheng Void Realm, its destructive power is terrifying.

Ye Feng is a soul master, and he easily signed a soul contract with the Ancient Soaring Snake. From then on, the Ancient Soaring Snake became Ye Feng's pet, and Ye Feng could control the life and death of the Ancient Soaring Snake at any time.

"Buzz!"

At this time, the huge 10,000-meter body of the ancient Tengshe suddenly flashed, and directly in a piece of divine light, the 10,000-meter snake body disappeared, and the Tengshe turned into a tall, thin man in black clothes, and followed Ye. Behind the wind.

This is the human form transformed by the ancient Teng Snake, making it easier to follow Ye Feng.

At this time, many people around the Shengtian Dynasty were shocked when they saw this scene.

This Ye Feng is truly unbelievable. Not only did he kill the Great Yin Demon Lord, but he also subdued the Ancient Soaring Snakes. He was simply the chosen one.

At this time, the ancestor of the royal family walked up to Ye Feng and whispered: "Master Ye, I shot through the eyes and heart of this ancient snake..."

Ye Feng smiled and said: "Don't worry, the Ancient Teng Snake is a remnant of the ancient times and has a strong vitality. If you don't give it a fatal blow, it won't die easily and it will recover quickly."

At this time, the shadowy man in black who transformed into an ancient snake stared at the royal ancestor coldly, making the old man tremble.

But now that Teng Snake has been subdued by Ye Feng, the ancestors of the royal family are not afraid that Teng She will be detrimental to the Shengtian royal family.

Next, the entire war came to an end.

Many people with evil intentions who wanted to take advantage of the chaos and speculate left the Holy Emperor City in disappointment.

On this day, Ye Feng was practicing in the house. Suddenly the Ninth Prince knocked on the door and said: "Master Ye Feng, hurry up and follow me to the depths of the palace. Today is the day when the power of the Golden Dragon of Luck is distributed!"

...

Chapter 1007: Traveling Together

The voice of the Ninth Prince outside the house immediately made Ye Feng feel happy.

Unexpectedly, the day has finally come to share the golden dragon of luck.

"Walk!"

Ye Feng rushed out of the house and followed the Ninth Prince towards the central hall of the Shengtian Dynasty's palace.

Uh-huh!

The shadowy man in black clothes transformed by Soaring Snake also flashed in the void at this time, following closely behind Ye Feng.

At this time, a full half a month has passed since the last tragic battle.

So at this time, all the buildings in the entire palace have been repaired, and they once again exude the aura of royalty.

At this time, Ye Feng and the Ninth Prince quickly arrived in the palace hall.

They immediately saw Emperor Murong Yuan, as well as the ancestors of the royal family, as well as civil and military officials, standing in the main hall with solemn faces, apparently waiting for the arrival of a certain sacred moment.

At this time, Ye Feng and the Ninth Prince came and stood in the crowd.

Many people looked at Ye Feng with a kind of deep awe.

Obviously, Ye Feng's powerful fighting prowess in the dynasty ceremony shocked everyone and made them feel incomparable awe.

At this moment, an old man wearing sacrificial attire shouted loudly to the sky: "Golden Dragon of Luck, rise!"

boom!

Almost at this moment, a huge force of luck surged from the entire Shengtian Dynasty's boundless territory, and all gathered in the imperial city and palace in the center.

Then, under the shocked gazes of countless people, a golden dragon of luck, glowing with divine light, suddenly condensed in the field of vision of countless people.

At this moment, everyone was paying homage to the golden dragon of luck with deep awe in their eyes.

"Luck envelopes you!"

At this time, the high priest shouted again.

boom!

boom!

boom!

Suddenly, rays of luck came directly from

The Luck Golden Dragon burst out from its body and immediately enveloped everyone.

Everyone's body is covered with a layer of pale golden light, looking extremely sacred.

At this moment, Ye Feng's luck turned out to be the strongest.

The light golden light radiating from his body was so rich that it almost condensed into substance.

However, no one was surprised at this scene.

Because the Luck Golden Dragon has a spirit, during the last sacrifice ceremony, it knew very well who really protected it and helped it tide over the difficulties.

"Buzz!"

At this moment, the golden light on Ye Feng was extremely intense.

Ye Feng could feel that at this moment, his whole person seemed to be enveloped by a powerful warm current. His whole body felt warm, as if he was bathing in a hot ocean.

At this moment, Ye Feng's body essence is slowly undergoing transformation.

Moreover, his mana cultivation level is also increasing rapidly.

"Intermediate Heavenly Realm!"

"High-level Heavenly Realm!"

"Xiaocheng Tianren Realm!"

"Dacheng Tianren Realm!"

At this moment, under the surge of infinite luck energy given by the Luck Golden Dragon, Ye Feng's cultivation level experienced a violent surge.

At this time, Ye Feng's eyes were full of excitement and excitement.

Unexpectedly, the power of this luck golden dragon was so vast that it allowed him to break through the fourth level in a row and directly enter the realm of Dacheng Tianren.

Moreover, at this time, Ye Feng could still feel that his holy body had also transformed, from the elementary level to the intermediate galaxy holy body!

This time, Ye Feng has simply received a huge improvement.

his war

The power also experienced a huge surge at this moment!

At this moment, Ye Feng looked up to the sky and roared. He felt that there was infinite power in his body that needed to surge out, like a roaring dragon.

Emperor Murong Yuan smiled when he saw this scene and said: "Young Master Ye Feng has indeed received great luck this time."

At this time, the Ninth Prince, who was of course also the crown prince of the current Shengtian Dynasty, was sincerely happy for Ye Feng when he saw this scene.

After all, the Ninth Prince knew that Ye Feng came to the Shengtian Dynasty this time just to get part of the luck from the Luck Golden Dragon.

But now, Ye Feng directly received great help from the Luck Golden Dragon and directly broke through to a very advanced level.

...

Three days later.

Ye Feng bid farewell to the Shengtian Dynasty.

The only one who knew about this was the Ninth Prince.

Ye Feng smiled and said: "Ninth Prince, just say that after I helped you win the position of crown prince, I decided to return to the Giant Spirit God family to continue hard training."

The Ninth Prince nodded and said, "Okay, Master Ye Feng, take care of yourself along the way."

In the end, Ye Feng did not forcibly take away the Sun-Burning Sky Bow, because the Murong clan of the Shengtian Dynasty was the descendant of the ten major families who protected the dynasty of the Creation Dynasty, and the Sun-Burning Sky Bow could protect them.

Moreover, Ye Feng controls the Ninth Prince and can make the entire Shengtian Dynasty serve him at any time if needed in the future.

After leaving the Shengtian Dynasty, Soaring Snake naturally followed Ye Feng.

After all, it now completely follows Ye Feng and becomes Ye Feng's pet companion.

When Ye Feng walked out of the territory of the Shengtian Dynasty, he saw a familiar and beautiful graceful figure standing in the wilderness not far away.

She is Jinse, the most beautiful woman in the Shengtian Dynasty.

Ye Feng was a little curious and said: "Miss Jinse, you have now become a powerful figure in the Shengtian Dynasty, why do you appear here?"

Jinse smiled slightly, showed a charming smile, and said: "I am going to leave this Tiannan Continent with you and go to the spiritual world."

Ye Feng's eyes were startled and he said: "You already know that I am not from Tiannan Continent?"

Jinse smiled and said: "Of course I have known for a long time that the various methods you used before are not the abilities of the Giant Spirit God family at all."

Ye Feng suddenly said: "It seems that you saw it when you and I captured the earth's dragon veins."

Jinse nodded and said: "Yes, but I did not expose your identity in the Shengtian Dynasty. Ye Feng, do you want to thank me?"

Ye Feng actually smiled and said, "Oh? How can Miss Jinse thank you?"

Jinse smiled charmingly and said, "Follow me and join Tianyin Pavilion."

Ye Feng said: "I said I will consider this in the future, but now, I am a disciple of the largest sword god Tiangong in Snow State, so I may not be able to obey my orders."

"Sword God Tiangong?"

Jinse shook his head and said: "The power in a small state is nothing. Our Tianyin Pavilion covers the entire spiritual world, and even the power has spread to the mysterious places in the spiritual world beyond the nineteen states of the human race. Huge power."

Ye Feng smiled and said: "I won't mention this for now, but I am very curious. You gave up the power of the Shengtian Dynasty, but you want to go to the spirit world?"

Jinse said: "I was promoted. This time, thanks to your blessing, I protected the Shengtian Dynasty. The great protector of Tianyin Pavilion thought it was my contribution, so they raised my level. This time I am going to the spirit world." In Snow State, which is the world's largest land, I have been appointed as the head of Tianyin Pavilion's branch in Snow State. If you encounter any difficulties in Snow State, you can come to me at any time. "

Ye Feng said: "That's a coincidence. I didn't expect Miss Jinse to go to Xuzhou, so let's go together."

Jinse stared at the man in black next to Ye Feng and said, "This one must be the ancient soaring snake beast. I didn't expect that you, Ye Feng, are such a great talent, that you can even subdue such a savage beast. It is really enviable for others to be willing to serve you."

Chapter 1008 Ruins

Next, Jinse joined Ye Feng and walked together.

The man in black clothes who transformed into a soaring snake has been hiding in the void, easily not appearing.

Ye Feng was very curious about Soaring Snake's hiding in the void. This seemed to be the natal inheritance of the ancient Soaring Snake lineage.

However, with the space seeds in his body, Ye Feng had no interest in learning Soaring Snake's natural racial talent.

"It's been a long time since I came to this ancient Tiannan ruins. I guess the great elder Ziyunchuan has been waiting for a long time."

Ye Feng secretly murmured in his heart.

If he didn't go out, the great elder Ziyunchuan would definitely be waiting at the entrance.

At this time, Ye Feng took out a map from the storage ring and walked in a certain direction.

This map was given to Ye Feng by the great elder when he entered the Tiannan ancient ruins. Once he has experienced it to a certain level, he can come out directly.

Now Ye Feng can feel that the pressure of heaven in the entire small world of Tiannan Continent is becoming more and more hostile to outsiders like them.

Even wherever Ye Feng went, there were dark clouds rolling in the sky of Tiannan Continent, thunder flashing, and it seemed that thunder would fall down at any time as a punishment from heaven.

Ye Feng knew that Tiannan Continent was driving away these outsiders who had smuggled in.

"It's time to leave."

Ye Feng and Jinse followed the map and soon came to a very mysterious place.

This is the polar glacier area in the northwestmost area of Tiannan Continent.

Endless wind and snow covered the entire earth, and even the ocean was frozen and turned into a glacier.

But at this time, Ye Feng took Jinse's little hand and smashed a huge glacier in one fell swoop.

Wow!

Deep within countless broken glaciers, an ancient teleportation array is imprinted on the earth.

"Buzz!"

The moment Ye Feng and Jinse stepped into the teleportation array, along with a burst of intense space fluctuations, their figures disappeared instantly.

...

The spiritual land.

In the wilderness outside Xuzhou.

An ancient and dilapidated temple suddenly bloomed with a bright divine light.

Along with this bright divine light, a door to space suddenly appeared high in the sky.

Two figures suddenly stepped out of the space door.

It was Ye Feng and Jinse.

Jinse looked around, breathing in the breath of the entire world. A feeling of extreme enjoyment suddenly appeared on her beautiful face, and said: "I can breathe the pulse of the entire spiritual world, more than Tiannan." The mainland is hundreds of thousands, even millions, times more powerful, it is simply endless and vast, and it is truly a complete interface."

Jinse's inheritance is mysterious, and he has been cultivated in many strange techniques in Tianyin Pavilion, which is very mysterious.

At this time, Jinse looked at Ye Feng beside her and saw that Ye Feng seemed to be looking for something. She couldn't help but ask: "Ye Feng, what are you looking for?"

Ye Feng said: "I'm looking for Ziyunchuan, the great elder of my Sword God Tiangong. He brought me to the entrance of the Tiannan ancient ruins. Logically speaking, he should be guarding this exit. How is that possible? Missing?"

Jinse smiled and said, "I guess I've been waiting for you for too long, so I'll go back to the sect to practice first."

Ye Feng nodded and said: "There is a possibility. This time I stayed in Tiannan Continent for a long time. In fact, to be honest, if it weren't for the Heavenly Thunder Tribulation in Tiannan Continent, it seemed that I, an outsider, was going to be killed. , I guess I will continue to look for treasures for a while."

At this moment, Jin Se spoke out: "Ye Feng, let me ask you again, please come with me to Tianyin Pavilion's branch in Xuzhou. I am now the sect leader of Tianyin Pavilion in Xuzhou. , I have a distinguished status, I hope to invite you, a peerless genius, to build Tianyin Pavilion with me.

The power in Selangor. "

Ye Feng smiled and said: "I am now a disciple of the Sword God Tiangong. Besides, I am not particularly familiar with Tianyin Pavilion. If I have the chance, I will definitely go there."

"All right."

Seeing Ye Feng's firm attitude, Jin Se couldn't help but nodded with some disappointment.

She walked towards the distance, looked back at Ye Feng, with a look of reluctance in her beautiful eyes, and said: "Then I will leave first, and come to the Sword God Tiangong to find you when I have the chance."

As soon as the words fell, Jinse stepped out of the way, and the beautiful and graceful figure had disappeared into the distance.

Ye Feng looked at Jinse's disappearing back, his soul power radiating out. He really didn't sense the aura of the great elder, so he could only give up. .??.

"It's better to go back to the sect first. Maybe the great elder is really too anxious to wait and goes back to practice first."

Ye Feng thought in his mind, taking Soaring Snake and flying towards the direction of Sword God Tiangong.

...

For three whole days and nights, Ye Feng was on the road.

Finally on this day, Ye Feng arrived outside the mountain gate of the Sword God Tiangong.

But the scene in front of him made Ye Feng freeze on the spot, his eyes filled with disbelief.

At this time, in Ye Feng's field of vision, the Sword God Tiangong in his memory was no longer there.

What appeared in front of Ye Feng was a barren and dilapidated ruins.

The entire Sword God Tiangong, the glorious largest sect in Snow State, has now become a huge ruin!

And the majestic stone monument towering into the clouds outside the Sword God's Heavenly Palace also seemed to have been cut off by a sharp weapon and collapsed on the ground.

Ye Feng was stunned and stood there, feeling dizzy for a moment.

I went to the ancient ruins of Tiannan, but I didn't expect that when I came back, the sect had become a ruin.

"Sword God Tiangong is the largest sect in Snow State. It is extremely powerful, and it is said that there are adults in the court behind the sect.

How could this thing become a ruin in just a few months? "

Ye Feng was deeply shocked.

Although he came to Sword God Tiangong just to follow the letter that Uncle Nan left for him, Ye Feng did not have much emotion or sense of belonging to Sword God Tiangong.

But after all, Ye Feng practiced here for a while and made some friends, including the great elder Ziyunchuan, whom Ye Feng admired.

But at this moment, I'm afraid they have encountered something unexpected.

Ye Feng thought to himself, that is to say, he entered the Tiannan ancient ruins and still escaped with his life.

Otherwise, the existence that could destroy the behemoth Sword God Tiangong in one day would definitely be able to wipe out Ye Feng instantly.

"I wonder if you escaped?"

"How is Senior Sister Chu Zixuan doing?"

Ye Feng recalled various figures in his mind.

As for the maid Xiao Tao, Ye Feng is not worried.

Xiao Tao is a member of the Bai family, a family of gods above the sky. If she is in danger, the super masters of the Bai family will definitely rescue her.

"Senior sister has been teaching Xiaotao how to practice during this period. Xiaotao should probably save senior sister."

Such a guess flashed through Ye Feng's mind.

He looked around and found no sign of anyone.

The bald bird also disappeared, but Ye Feng was not worried. Before the accident in Sword God Tiangong, the bald bird definitely escaped faster than anyone else.

"What kind of force can destroy the Sword God Tiangong, the largest sect in Snow State, in one fell swoop?"

Ye Feng looked at the endless ruins. Although he was shocked, he was also extremely confused.

After Ye Feng took a few glances, he walked towards the distance.

He planned to go to the city in the center of Selangor, where the capital of Selangor is located, to inquire about the news.

Just in time, we can go to Gu Qinlan, our confidante. The daughter of the lord of Xuezhou Palace must know some inside information.

Chapter 1009 The capital of Selangor

The capital of Selangor is located in the core area of Selangor.

After seven days and seven nights, Ye Feng traveled through most of the Snow State, and a majestic capital city, stretching for thousands of miles across the land, finally appeared in his sight.

Even though he was thousands of meters away, Ye Feng could feel the majesty and majesty of the entire capital city at a glance.

The capital of Selangor, as the most core and prosperous place in Selangor, is also an institution directly under the imperial court of the Tongtian Divine Dynasty. It is naturally built with incomparable majesty.

No matter what kind of monsters they are, they don't dare to act unruly in the capital of Snow State.

Because this place has inherited the destiny of the Tongtian Divine Dynasty and has the super powerful people in the imperial court sitting here, even the most powerful people in some special areas on the spiritual world do not dare to act arrogantly here.

Ye Feng looked at the capital from a distance and put on his identity token as a disciple of the Sword God Tiangong.

The Sword God Tiangong was mysteriously wiped out. It must have been caused by some mysterious and powerful force.

Ye Feng guessed that it was most likely done by some big shots in the court.

Although the Tongtian Divine Dynasty was extremely prosperous, there were still people from various major factions in the entire court.

These factions fight openly and secretly, which will naturally lead to the collapse of some big forces or the rise of some new forces.

Thinking in his mind, Ye Feng walked directly into the capital of Xuezhou.

The ancient street is extremely wide, enough for ten carriages to drive side by side.

People were coming and going on the streets, and creatures and masters from all major races were walking among them.

Obviously, in today's human land, it is very common to encounter some creatures from other races.

Because the entire spiritual world is extremely vast, although the nineteen human states have a huge territory, they only occupy a small part of the spiritual world.

In the entire spiritual world, there are many races, all races in the spiritual world, and many other mysterious and powerful beings exist.

Not all of these races in the spirit world hate the human race.

Some races that are very friendly to the human race, such as the elves, foxes, dwarves, barbarians, etc., can freely travel across the human land and conduct various transactions.

Ye Feng once heard his father, Emperor Ye Qing, say that the land of the Nineteen States Human Race is located in the east of the land of the spirit world.

On the western land of the spiritual world, there is another human cultivation civilization. It is a huge continent called the Western Continent, with different western cultivation civilizations.

However, that is just a rumor, because there is a huge chasm between the eastern land and the western land of the spiritual world. Even the super powers in the fairyland cannot cross that dangerous chasm.

Ye Feng was walking in the capital of Xuezhou and found an inn. On the one hand, he wanted to rest, and on the other hand, he also wanted to see if he could find out any news about the destruction of the Sword God's Tiangong.

After all, in a place like an inn, there are many people and people from all walks of life. If you want to get information, this is the best place.

Sure enough, as soon as Ye Feng entered the inn, he immediately heard many people discussing things about the Sword God Tiangong.

After all, Sword God Tiangong is the largest sect in Selangor, and its reputation is very high in Selangor.

Now that it was destroyed, it naturally attracted countless attention.

At this time, several experts who looked like high-rollers were discussing in low voices.

"It's really a pity that the Sword God Tiangong was destroyed in just three days. Countless masters died and their blood flowed like rivers."

"There's nothing we can do about it. I heard that he was the backer of the Sword God Tiangong and angered the Su family, one of the eight super families in the imperial court."

Su Yici, the ninth son of the family, led countless powerful men and blocked them directly. "

"It's amazing. Each of the eight super families is a very respected person. No one can mess with them."

"That's for sure. Each of the super families is a behemoth. Surviving in the divine capital of the Tongtian Divine Dynasty, their forces are intertwined. They are second only to the royal family. Even the many major forces in the top-ranked states, They all don't dare to provoke the super rich people."

"It is said that the ninth son of the Su family, Su Yici, was born with supreme bones. He is extremely powerful and has a very strong reputation in the Su family. This time he led countless powerful men and was ordered to seal off the entire Sword God Tiangong. This shows how much he is valued in the family. "

"I heard that the Ninth Young Master of the Su family has not left yet. He is a guest in the Xuezhou Palace. He seems to be very interested in a daughter of our Xuezhou Palace Master."

...

At this time, this group of wealthy people were discussing.

Ye Feng heard a lot of secrets and suddenly felt enlightened.

The facts were correct as he had guessed. The Sword God Tiangong had offended a big shot in the court, a super rich man.

No wonder, even the Sword God Tiangong couldn't resist it and was wiped out overnight.

But another news made Ye Feng's heart move even more.

That is Su Yici, the ninth son of the Su family, who was born with supreme bones.

Moreover, he is still a guest in the Selangor Prefecture and is very interested in the daughter of the mansion owner.

"The master of Xuezhou Mansion is a big shot, with many wives and concubines, many sons, and many daughters. I wonder if the person Su Yici is interested in is Miss Lan..."

Ye Feng thought of Gu Qinlan's beautiful figure, and his heart moved. He stood up directly in the inn and walked in a certain direction.

This time Ye Feng came to the capital of Snow State. In addition to inquiring about the destruction of the Sword God Tiangong, he also wanted to look for Guqin Lan.

The Sword God Tiangong has been destroyed, and Ye Feng has become a prodigal son. He can only find a place to live temporarily.

The trip to the ancient ruins in Tiannan established a deep friendship between Ye Feng and Gu Qinlan.

Now the first place Ye Feng wants to go to is the capital of Selangor, where Guqinlan is located.

It just so happened that Ye Feng wanted to take advantage of this opportunity to see if he could sneak into the court's forces to facilitate his revenge.

Before Ye Feng came to the spiritual world from Longyuan Continent, he originally wanted to sneak into the court of Tongtian Divine Dynasty, seek opportunities to get close to Gu Tongtian, assassinate Gu Tongtian, and avenge his family and country.

But because Uncle Nan said that Ye Feng should go to the Sword God's Heavenly Palace to practice, it is even possible to receive Uncle Nan's arrival in the Sword God's Heavenly Palace.

That's why Ye Feng went directly to the Sword God Tiangong.

Otherwise, Ye Feng would probably have followed Wu Jiu, who was rescued by him from the Qiren Mansion in Selangor, to the Qiren Mansion in Selangor.

Now that the Sword God Tiangong has been destroyed, Ye Feng can no longer complete Uncle Nan's instructions. This time, he just wants to see if he can sneak into the Tongtian Divine Dynasty's court organization and attempt to assassinate Gu Tongtian.

Ye Feng has seen the prosperity of the Tongtian Divine Dynasty. He has no hostility towards other people in the court. They are all unrelated people.

The only people Ye Feng truly harbors hostility and hatred for are Gu Tongtian and the eight rebellious ministers and sons who followed Gu Tongtian in his rebellion.

Before Ye Feng died in the previous life, he saw with his own eyes that when Gu Tongtian entered the palace of the God of Creation, he was followed by eight powerful men.

Ye Feng remembers everyone's faces and will never forget them.

Ye Feng even speculated that the eight super families that now stand on the first level of imperial power were established by the eight powerful families who followed Gu Tongtian.

However, Ye Feng still needs to explore all of this slowly.

Chapter 1010 Strange Man's Mansion

After inquiring, Ye Feng quickly arrived at the most central area of the Snow State capital.

There is a huge building standing here, which is very heavily guarded.

Ye Feng walked over, and immediately two tall guards in armor stopped him.

Ye Feng said: "I'm here to visit an old friend."

A tall guard said: "If there is no active invitation from the people in the state capital, this little brother should be invited back."

Ye Feng shook his head and said: "I did not invite you, but I came here this time to find Gu Qinlan from your Snow State capital. She and I are good friends."

"Guqinlan?"

At this time, a tall guard was a little surprised and said: "You actually know the name of our seventh lady. It seems that you are indeed her good friend. Our seventh lady is the most mysterious daughter of the palace master. Few people know her name." "

With that said, the two guards said: "But we still need to confirm your identity. Just tell me, what is your name? I'm going to report it to Miss Seven, but you can go in with us now and rest." Wait in the hall for a while."

Ye Feng smiled and said, "Okay."

A guard led Ye Feng into the mansion of Xuezhou Prefecture.

The other guard ran in a certain direction of the mansion, apparently to report the news to Miss Seven.

Not long after Ye Feng waited in the lounge of the state capital, he saw a familiar and beautiful figure trotting over from a distance.

It's Guqinlan!

The girl Lan in Ye Feng's heart had experienced a lot with Ye Feng in the ancient ruins of Tiannan.

However, when the Shengtian Dynasty was about to hold a dynasty ceremony, Gu Qinlan left alone, leaving only a letter.

At this time, Ye Feng saw Gu Qin Lan running over, and immediately a smile appeared on his face and said: "Miss Lan, long time no see."

Gu Qinlan suddenly came to Ye Feng, with a look of surprise on her beautiful face, and said: "Ye Feng, I didn't expect you to come to me so soon."

Hearing this, Ye Feng's eyes dimmed slightly and said: "Because the Sword God Tiangong was obliterated, the once prosperous and largest sect in Snow State has now become a ruin."

Gu Qinlan's eyes were startled and she said: "What? This is the first time I heard this news. After I left the Tiannan ancient ruins and returned to the spiritual world, I have been dealing with a matter. After handling it, I fell into seclusion. Among them, I have never heard of this matter, Ye Feng, don't mind..."

"It doesn't matter."

Ye Feng shook his head and said: "I came to you this time mainly to inquire about the obliteration of the Sword God Tiangong. But now that I heard some truth in the inn in the capital of the state, I came to see you this time. You also want to meet an old friend of mine."

"Your old friend? Who is it?"

Gu Qinlan was a little surprised and said: "Do you still know anyone in our capital of Snow State?"

Ye Feng smiled and said: "Back then, I saved a person named Wu Jiu, who was a very powerful spirit pattern master. In addition, when I was performing sect tasks, I guarded the border. I got acquainted with the number one painter of Qiren Mansion in your Xuezhou Prefecture, Li Qingshan."

As he spoke, Ye Feng took out a token from the storage spirit ring and said: "This is the Qingshan Token that Senior Li Qingshan once gave me. At that time, Senior Li painted a picture of Golden Armor of Hundred Wars outside the ancient city on the border. I was amazed at how many demons were wiped out in an instant."

Seeing Ye Feng talking freely, Gu Qinlan couldn't help but joked: "I thought Ye Feng came here just to see me. I didn't expect you know so many people in the state capital."

people. "

Ye Feng laughed and said, "Miss Lan, please don't tease me. My original intention of coming here this time is because of you."

Having said this, Ye Feng took out a letter from his arms. It was the letter that Gu Qinlan left for him on the Tiannan Continent at that time.

Gu Qinlan saw that Ye Feng did not put her letters in the storage ring, but wore them close to her body, and her beautiful eyes couldn't help but reveal a hint of brilliance.

Gu Qinlan did not take the letter, but smiled sweetly and said: "Ye Feng, just keep this letter. There is no need to return it to me. This is a testimony of our friendship. You must remember me in the future."

Ye Feng smiled and said: "Of course I will remember Miss Lan. By the way, Miss Lan, you said before that as long as I come to you this time, you will tell me a big secret of yours. Can you tell me now?"

When Gu Qinlan heard this, the smile on her beautiful face froze slightly, but she soon returned to normal and said with a smile: "I don't have any secrets. What I said in the letter is just In order to attract Ye Feng, you came to me."

Ye Feng looked surprised and said, "Oh? Really?"

Ye Feng didn't believe Gu Qinlan's words anyway.

This girl Lan has endless skills and inheritance, and is almost on par with Ye Feng.

Ye Feng didn't believe that this Guqinlan was just an unknown seventh lady in the capital of Selangor.

But Gu Qin Lan didn't say anything, she must have had her considerations. Ye Feng didn't force it. At this time, he just smiled and said: "It would be best if there were no secrets. The most important thing now is that I heard that the man who destroyed the Sword God Tiangong Su Yici, the ninth son of the Su family, is now a guest in your state capital? "

Gu Qinlan's beautiful eyes flashed and she said: "You want to kill him to avenge the Sword God Tiangong?"

Ye Feng shook his head and said: "I just heard that he was interested in a daughter of the Lord of Xuezhou Palace.

I'm very interested, so I want to come and see if that daughter is you, Miss Lan. "

When Gu Qinlan heard what Ye Feng said, she felt a little happy. She didn't expect that Ye Feng really came for her.

Gu Qinlan shook her head and said: "It's not me. I'm just the most inconspicuous seventh lady in Xuezhou Prefecture. I'm unknown. Su Yici is pursuing another daughter of the lord of Xuezhou Prefecture."

When Ye Feng heard this, he felt some urgency and tension in his heart, and immediately relaxed.

But hearing what Gu Qin Lan said to the Lord of Snow State made Ye Feng confused.

Gu Qinlan actually did not call the Lord of the Snow State Palace "Dad", but directly called him "The Lord of the Snow State Palace".

And when talking about everything about the Selangor state capital, Gu Qinlan's words were almost without any emotion.

This made Ye Feng somewhat doubtful as to whether Gu Qinlan's true identity was the daughter of the Lord of Xuezhou Palace.

But if she was not the daughter of the lord of the Snow State Palace, why did even the guards outside the mansion clearly state that Gu Qinlan was the seventh daughter of the lord of the Snow State Palace.

Ye Feng had a headache thinking about it, so he simply stopped thinking about it.

Who Gu Qin Lan is has nothing to do with him.

Most importantly, the two are good friends.

Gu Qinlan asked: "Ye Feng, what are your plans next? Why don't you consider my previous proposal, stay in the Selangor state capital, enter the Qiren Mansion in the state capital, and enjoy the salary of the court and various preferential treatment in the state capital. "

Ye Feng thought for a while and said: "I am considered a wanderer now. It is not impossible to stay in the capital of Selangor for the time being. I don't have any particularly good plans at the moment."

When Gu Qinlan heard what Ye Feng said, she immediately said happily: "Ye Feng, do you agree? I'll make arrangements for you! From now on, the two of us can often go out to practice together!"
