

Ancient 1101

Chapter 1101 Soul Soldier Knife

At this moment, the entire central square of Haoran Academy was shrouded in white mist.

The nine Immortal Realm Supreme Elders from Haoran Academy obviously have extremely advanced cultivation levels.

Their understanding of the laws of heaven and earth and morality amazes everyone.

Everyone started to use their own skills one after another, and in this majestic fairy mist, they quickly understood their own martial arts.

At this moment, Ye Feng, who was sitting in the crowd, benefited even more.

Because his brain has been transformed by the soul gem, he is a monster with great understanding.

Therefore, Ye Feng's efficiency in comprehending the laws and moral principles of immortality in the fairy mist is dozens or even hundreds of times higher than that of ordinary people.

Visible to the naked eye at this time, there are actually gleaming immortal laws, bursting out from the mist, like golden characters, wrapping around Ye Feng's body.

This scene looks very magical. If everyone saw it, they would definitely be amazed.

But at this time, almost everyone on the field was immersed in the fairy mist, and no one noticed this scene.

Even Gu Qinlan, who was sitting next to him, had his eyes closed at this moment, comprehending the laws of immortality in the immortal mist, and did not observe this step.

Only Lao Jinlong glanced at the strange phenomena around Ye Feng in surprise, but he didn't care so much, and instead swallowed the endless fairy mist.

At this moment, Ye Feng could feel that his spiritual realm was rapidly improving.

Although these fairy mists are the moral principles and laws of the ancient sages who entered the fairyland, they are not actual energy that can enhance cultivation.

But it made Ye Feng's spiritual realm of martial arts practice suddenly improve many times.

This means that Ye Feng's true vision and spiritual realm at this moment have reached an existence that is almost comparable to the immortal realm.

Although his cultivation level has not increased at all, Ye Feng has indeed stood on the shoulders of giants in terms of martial arts practice.

Ye Feng before absorbing the Immortal Mist might have been an ordinary warrior in the Eighth Secret Realm.

But now Ye Feng is equivalent to a being with the vision and understanding of the Immortal Realm, who uses the cultivation of the Eighth Secret Realm to be far-sighted.

Therefore, this process completely transformed Ye Feng's spiritual realm.

Buzz!

At a certain moment, Ye Feng opened his eyes.

The golden words surrounding him also disappeared.

At this moment, everyone around the central square opened their eyes one after another.

The white fairy mist that shrouded the entire place had completely dissipated.

At this moment, everyone who opened their eyes again had a hint of excitement in every expression.

Obviously, they got what they wanted from this fairy mist and benefited a lot.

Many people had a look of regret on their faces, because the process of the Nine Immortal Realm Great Masters preaching and expounding the laws of the Immortal Realm was too short.

"Look, it's getting dark!"

Suddenly at this moment, someone in the crowd couldn't help but exclaimed.

Everyone looked towards the sky one after another, and immediately saw that the sky, which was originally illuminated by the bright sun, seemed slightly dim at this moment.

"We seemed to be intoxicated for a moment, but in fact nearly a whole day has passed, so the time is not short."

At this time, Dean Chen Tianshu, who was standing in the central square, immediately smiled and said.

At this time, everyone suddenly came to their senses. It turned out that almost a day had passed before they knew it.

At this time, in the crowd, Old Jinlong murmured with some pity: "These fairy mist are all good things. I can't swallow the area of a mountain. I feel that it is not enough."

Ye Feng heard Old Jinlong's muttering from the side, and his eyes lit up slightly.

At this time, Gu Qinlan came over, with a hint of curiosity in her eyes, and said: "Ye Feng, how did you gain from the fairy mist just now?"

Ye Feng smiled and said, "It's quite rewarding."

Gu Qinlan immediately smiled and said: "Me too, these sages and sages from the Immortal Realm of Haoran Academy are really powerful. I am afraid that even some existences at the level of the Divine Realm cannot achieve this kind of ability in discussing Taoism." make it happen."

Ye Feng nodded and said: "The sages preached, taught and solved doubts. These supreme elders of Haoran Academy are more worthy of respect than some of the supreme powerhouses in the realm of gods."

"Farewell to the sage!"

At this time, Chen Tianshu suddenly spoke out in the central square.

"Farewell to the sage!"

"Farewell to the sage!"

...

This time, not to mention the many students in Haoran Academy, all the big shots who came to participate in the Sage Conference stood up one after another and faced the nine immortals who had survived from the chaotic era.

The sages in the world all clasped their fists and shouted to express their respect.

After the nine great elders walked into the entrance of the space again and returned to the sculpture.

The entire central square suddenly became quiet again.

But at this time, everyone's eyes were filled with a hint of expectation.

Because after the sages' discussion is over, it's the highlight that everyone is looking forward to, and that's the sages' auction!

In this grand auction, Haoran Academy will put up for auction some treasures left behind by the sages who have been buried in history.

These relics of the sages that have been preserved from this chaotic era of battlefields for thousands of races are extremely precious and imbued with the sacred spirit of the sages.

Even many of the foreign races on the field were ready to move at this time, and they were obviously very interested in the relics of the human ancestors.

On the central square, there are many major forces who have come all the way here, probably all for the auction session in this sage conference.

"This time, even if I sell the pot and sell it, I still have to buy some of the legacy of the sages."

Gu Qinlan spoke up at this time, with a firm tone, "Ye Feng, if you can auction some treasures left by the sages, you'd better buy some, because our current state is about to reach the end of the nine secret realms, and we will soon. As we move towards the level of immortality in the Immortal Realm, if we can obtain some holy objects left by the sages, it will definitely be of great help to us in understanding the Immortal Way, and it will speed us up to the powerful level of the Immortal Realm as soon as possible."

Ye Feng nodded, staring at the field with strong expectations, and said: "I know this very well. This time I will definitely buy some sages' legacy, but people from all the major forces present probably want to. If you auction one or two items left by the sages, the competition will definitely be fierce."

Gu Qinlan nodded and said: "There are thousands of large and small forces coming to this sage conference, and they are all very financially strong. The competition will definitely be very fierce by then, because everyone knows that if you get it is very likely that the holy relics left by the sages will allow them to break the shackles of the nine secret realms, step into the legendary fairyland, achieve the level of great power, and live forever in heaven and earth. What kind of freedom and longevity is that, for many it is simply too tempting for people, and immortality is something that many warriors have been pursuing for their entire lives."

Ye Feng smiled and said: "To be honest with Miss Lan, when I first entered the path of martial arts cultivation, I thought that if people could achieve immortality, that would be the end of martial arts cultivation. But in the end, I discovered that for some people, immortality The realm of immortality is just a starting point. In this world of cultivation that is full of crises, and among the fierce battles and killings in all the worlds, only the supreme eternal life is the real end!"

When Gu Qinlan heard Ye Feng's words, a ripple appeared in her beautiful eyes.

Then she sighed and said: "Ye Feng, you are right, but eternal life is so elusive and cannot be traced. Even the supreme God Emperor Tongtian, who is regarded as a belief by countless human races, is still very far away from eternal life. It's far away, and for us normal people now, even the level of pursuing the Tongtian Divine Emperor is out of reach, let alone the so-called eternal life. We don't even know whether it exists."

As Gu Qinlan spoke at this time, she seemed to be aroused by some hidden emotion in her heart.

The speaker has no intention, the listener has intention.

Ye Feng's eyes flashed slightly at this time.

Guqinlan is the seventh daughter of the lord of Selangor Prefecture and the seventh young lady of Selangor.

No matter how powerful the Lord of Xuezhou Palace is, he is still a minister of the Tongtian Divine Dynasty.

Even the head of Xuezhou Palace needs to use honorifics when talking about the Tongtian Divine Emperor, and must use the title "His Majesty the Divine Emperor", otherwise it will be disrespectful.

Leng Qingqiu, the female palace master of Qingzhou whom Ye Feng met before, even the top-ranked palace master of Qingzhou, never dared to say the word "Tongtian", but used "His Majesty the God Emperor".

But at this moment, what Gu Qinlan said and called was the cold words "Tongtian Divine Emperor", and there didn't seem to be much awe in his words.

This made Ye Feng suddenly feel a little surprised in his heart. The identity of this girl Lan was absolutely mysterious.

Ye Feng had suspected before that this Guqinlan was the descendant of Gu Tongtian, because both of them were named Gu, and Guqinlan's status in Selangor was also very special.

But if Gu Qinlan was the heir of Gu Tongtian, he would definitely have more respect for his father who was the God Emperor, and he would have deep pride and pride.

But everything Gu Qinlan showed was completely incompatible with the reaction of normal people.

This made Ye Feng's heart suddenly filled with deep doubts.

Ye Feng once asked Gu Qin Lan about her secret, but Gu Qin Lan didn't tell her clearly, so Ye Feng didn't force her.

After all, everyone has their own secrets. Even among the closest friends, there are things that each of them is unwilling to tell the other.

.

The same is true for Ye Feng himself.

Therefore, Ye Feng became more and more curious about this girl Lan who was as mysterious as himself.

While Ye Feng was thinking secretly, on the central square, Dean Chen Tianshu had already begun to have people bring up the remains of the ancient sages.

Ye Feng happened to be acquainted with these academy students left behind by the ancient sages. They were the two close disciples of Chen Tianshu who had invited him before. They were Lu Fan and Xu Mujun, a pair of senior fellow apprentices.

This auction of the holy relics left by the ancient sages is obviously the highlight of the sage conference, so the entire process is controlled and guarded by Chen Tianshu, the dean, and Lu Fan and Xu Mujun, the two top students of the academy.

However, this is the gathering place of the Thunder God Base. In every sage meeting, no vicious alien race dares to show up.

At this moment, Chen Tianshu took out the first auction item, which was a red knife.

What made everyone feel extremely strange was that a red flame that looked like nothingness was still burning on the blade of this crimson knife.

"What's burning on the edge of the crimson knife seems to be a mysterious soul fire!"

Among the people sitting around the square, there were old seniors from big forces with extraordinary eyesight. They suddenly saw some clues and couldn't help but uttered some surprises.

"Soul fire?"

"Is this crimson knife burning with soul fire?"

"If that's the case, is this crimson knife an extremely rare soul weapon?"

At this moment, many people in the big forces couldn't help but exclaimed after hearing the speculation of the powerful elder.

Chen Tianshu smiled and said: "What Senior Wu from Butian Pavilion guessed just now is absolutely correct. This crimson knife is exactly a soul weapon conceived by condensing the origin of the fire element. For soul masters and For a spirit pattern master, it is definitely a treasure, because this crimson soul weapon knife seems to be physical, but in fact it is nothingness and can directly attack the opponent's soul! "

Soul soldiers often attack the enemy's soul inadvertently, causing a fatal blow to the enemy.

Many people on the field stared at the crimson knife burning with red soul fire, their eyes showing surprise.

Soul soldiers that can directly attack the enemy's soul are really rare, and they play a huge role against the enemy.

However, many people from big forces looked at it and then looked away, because 99% of the people present were warriors.

As for the aliens who came here, let alone them, they have never even heard of what a soul soldier is.

Because spirit pattern masters are so rare.

Not to mention the more mysterious soul master.

This can be seen from the fact that Ye Feng revealed his identity as a spirit pattern master after annihilating Shen Nian Ku Ren, and was immediately recruited by the Beacon Fire Mercenary Group to become the Supreme Guest.

Therefore, this crimson soul weapon knife only has an effect on the spirit pattern masters present.

Spiritual pattern masters and soul masters are also related. One cultivates spiritual power and the other cultivates soul power.

Although spirit pattern masters cannot compete with the most mysterious lineage of soul masters in all the worlds.

But after all, spirit and soul still have something in common.

The spirit pattern master can exert some of the power of the soul weapon.

Because the spirit pattern master cannot practice martial arts, his own defense is relatively weak.

If you have a soul weapon knife, or a very aggressive fire-attribute soul weapon knife, which is a sacred object left by the sages, it will definitely be of great help to your combat power.

At this moment, among the tens of thousands of people present, there are still some spirit pattern masters.

Their eyes immediately focused on the red knife burning with soul fire in the central square.

At this moment, Ye Feng, who was sitting in the crowd, suddenly moved his eyes.

In his early years, Ye Feng accidentally obtained a golden knife in a dilapidated and dilapidated ruins, which was also a soul weapon and has been floating in his brain and soul.

Although he has never used the golden knife very much, even Ye Feng himself has almost forgotten that in his mind and soul, there is still a golden knife from the Soul Soldier that he got at some point.

But at this moment, when the crimson soul soldier's knife appeared in the central square, Ye Feng immediately sensed that the almost forgotten golden knife that had been inadvertently integrated into his mind and soul suddenly quickly disappeared into his mind and soul. There was a violent vibration and roar.

"The golden knife that was obtained from a small dilapidated ruins in Longyuan Continent is actually related to the crimson knife left by the sages of Haoran Academy in the battlefield of thousands of races now?"

Ye Feng's eyes were extremely confused, but also very surprised.

A golden knife and a red knife are both soul weapons. They are made in the same style. They are very old and seem to be products of the previous era.

Objects, between the two knives, they only have different colors and different original attributes.

"Perhaps there may be other soul weapon knives, representing the power of different attributes."

Ye Feng secretly guessed that he had a vague idea in his heart. If he could collect all these different soul weapon knives, would they be combined into a terrifying and powerful soul weapon treasure?

As soon as he thought about it, this speculative idea involuntarily amplified rapidly in Ye Feng's heart.

He immediately stared at the red knife that was being auctioned and decided to auction it off.

Chen Tianshu, who was on the field, shouted at this time: "Although the power of this red soul weapon knife is not too powerful, it is left by the only soul master sage in the history of our Haoran Academy. It must have its own specialness. You can study it yourself if you get it at the auction. The starting price for this crimson knife is four million spiritual crystals!"

"Four million spiritual crystals?"

Almost as soon as Chen Tianshu finished speaking, many people on the scene couldn't help but exclaimed, "It's so expensive!"

Some spirit pattern masters were hesitant. Although this red knife was a rare soul weapon, it didn't seem to be very powerful.

Because even when Chen Tianshu introduced it just now, his words were vague.

He probably couldn't tell what was so special about this red knife.

It's just that there may be great secrets hidden, and you have to research it yourself.

To everyone, doesn't this mean it's just deceiving people?

But after all, the crimson knife was a rare soul weapon, and it was left behind by the ancient sage who was the only soul master in Haoran Academy.

Some spirit pattern masters are still interested, but not very interested.

At this time, an old man wearing coarse linen clothes, holding a scepter in his hand, said faintly: "I will give you 4.1 million spiritual crystals."

Chen Tianshu immediately showed an expression of relief on his face. This soul weapon knife really has no special value.

Many immortal realm experts in Haoran Academy have been studying for many years, but they have not found any reason.

It would be great if someone can bid at this moment.

After all, it was just taken out as an appetizer for this Sage Conference auction. The price of four million spiritual crystals was not low, and it was enough to have someone bid to buy it.

Chen Tianshu knew that the old man's bid may have been based on the reputation of the ancient sages of their Haoran Academy.

"I offer five million spiritual crystals. I want this red knife."

But suddenly, just when the old man who made the first bid felt that he was bound to win, a young man's voice suddenly sounded.

"who?"

"Just add one million?"

"So rich!"

Almost at this moment, the eyes of many people in the entire central square were focused on the direction from which the sound came.

Everyone immediately saw that the person who spoke was a young man in black.

The young man in black is naturally Ye Feng. He is bound to get this red knife, so he directly added one million spiritual crystals, which means don't fight with me.

At this time, Lao Jinlong immediately used his golden dragon claws to secretly tug at the corner of Ye Feng's clothes, and said anxiously: "Ye Feng, are you crazy? That red knife is just an extremely ordinary soul soldier. You are holding five hundred Is it too much money to spend to buy this kind of junk? If you can't spend it, you can give it to me!"

Gu Qinlan was also a little surprised at this time, as if she couldn't figure out why Ye Feng was suddenly so interested in such an extremely ordinary little sword soul soldier.

But Ye Feng just smiled mysteriously at Gu Qinlan and Lao Jinlong beside him, and said: "I bid naturally for my reasons. I won't explain it now. I will tell you if you are interested after the Sage Conference is over. "

After hearing what Ye Feng said, Gu Qinlan and Lao Jinlong both had a trace of suspicion in their eyes.

At this time, many people's eyes fell on Ye Feng. When they saw that it was just a young man in black, they couldn't help but have a look of surprise on their faces.

"Maybe he is the foolish son of a certain powerful leader."

"Having spent so much money to buy such an extremely ordinary soul weapon knife, are you out of your mind?"

Many people couldn't help but speak out, with some sarcasm in their tone.

"I guess he wanted to show off his financial resources in front of Miss Gu. I thought he was a good opponent, but I didn't expect him to be a fool. He overestimated this boy."

At this moment, Shao Hen, the young master of the Tianyu Clan, saw this scene with a disdainful sneer on his face.

But at this time, facing all the weird looks from everyone, Ye Feng was extremely indifferent.

Because he always had an inexplicable strong feeling in his heart. If these knives of different colors were collected together, they would most likely form a set of ancient forbidden warriors in the soul path!

Chapter 1102 The Final Treasure

The price of five million is really a bit high.

Almost at the moment Ye Feng spoke out, the other spirit pattern masters who originally wanted to auction immediately retracted their hands and stopped following the auction.

Although spirit pattern masters are very wealthy, no one is stupid enough to use five million spirit crystals, such a huge sum of money, to buy a small soul weapon that doesn't look like much. It would be a big loss.

So after Ye Feng directly added one million spiritual crystals, other people on the field who were interested in the red knife stopped paying attention.

As he wished, the red knife was purchased by Ye Feng.

At this time, Chen Tianshu, the dean who presided over the auction, saw that the person who suddenly increased the price by one million spiritual crystals turned out to be Ye Feng.

His eyes suddenly showed a hint of curiosity.

Originally, he had the same idea as everyone else. It might be that the second generation ancestor from a certain big force foolishly increased the price by one million to buy such a soul weapon knife that even he felt was very ordinary.

But when Chen Tianshu saw that the person turned out to be Ye Feng, he was slightly shocked.

Chen Tianshu knew very well that he was a very extraordinary young man.

At that time, deep in the central temple of the Yaochi Holy Land, the Queen of Yaochi drove everyone away, leaving only Ye Feng alone.

Because of this incident, Chen Tianshu felt that this unknown Ye Feng was definitely an extremely special being.

Moreover, he was entrusted by a big shot. This time, Chen Tianshu personally invited Ye Feng to the Sage Conference, which shows how much he attaches importance to it.

Chen Tianshu knew very well that although this boy Ye Feng looked young, he could not be a second-generation ancestor, and he could not spend money casually to buy a very ordinary soul weapon knife.

At this moment, Chen Tianshu stared at the scarlet knife in front of him and muttered silently in his heart, "Does this Ye Feng know the origin of this scarlet knife?"

Chen Tianshu could tell that Ye Feng was very eager for this seemingly ordinary soul weapon knife.

However, Chen Tianshu didn't think much about it, but said to the close disciple beside him: "Fan'er, since Mr. Ye Feng has already paid the highest price for this crimson knife, then you can give it to others. "

"Yes, Master."

Lu Fan immediately nodded, dragged the disc with the red knife on it, and walked directly in the direction of Ye Feng.

Arriving in front of Ye Feng, Lu Fan immediately smiled and said: "Master Ye, this is the red knife you asked for. I brought it to you."

"Thank you."

Ye Feng nodded, handed a storage spirit ring containing five million spirit crystals to Lu Fan, and said: "This is the price I auctioned, please count it."

Saying that, Ye Feng couldn't wait to grab the red knife into his hand.

At this moment, Ye Feng suddenly felt a strong fire attribute power contained in the red knife.

Moreover, this fire attribute origin power is not the kind of physical fire that everyone can see, but a kind of ethereal soul fire, which is the fire attribute origin power at the soul level.

At this moment, Ye Feng could feel that the golden knife he had obtained earlier in his mind was vibrating violently.

Obviously these two soul weapon knives with the same shape but different colors are definitely from the same lineage, and there must be an unusual relationship between the two.

At this time, Ye Feng directly integrated the red knife into his soul without leaving any trace.

"Buzz!"

And almost at the next moment, in the space of his soul mind, the golden knife and the red knife were connected together.

The two knives were combined together to form a fragment that looked like a long knife!

Ye Feng saw this scene in his mind, and his eyes suddenly lit up.

It seems that my guess is indeed correct. There must be other soul weapon knives like this in the world.

If you collect them all and combine them together, maybe you can really become a forbidden soul weapon!

Moreover, the Taotie soul in the soul world of its mind was staring at the combination of two knives floating beside it, with a trace of surprise in its eyes.

It couldn't help but said: "This seems to be a fragment of an ancient weapon, and the original aura it exudes seems to be cast from the mother energy of all things. It is too rare, but I forgot what the ancient weapon is. I There are many memories that have been lost in endless sleep."

"A fragment of an ancient weapon made from the mother energy of all things?"

Ye Feng heard Taotie's voice in his mind, and couldn't help but reveal a trace of surprise deep in his eyes.

If these strange soul weapon knives are really forged from the mother energy of all things, then he has really found a treasure.

The mother energy of all things, as the name suggests, is the energy of origin of all things in the world. It contains great creation and possesses all kinds of incredible abilities.

Ye Feng finally understood at this time that the original attribute energy emitted from the two soul soldiers' knives gave him a very pure and pure feeling. Unexpectedly, it turned out to be the legendary mother energy of all things. This is a kind of energy that can It is a rare material that is called a divine object.

While Ye Feng was thinking secretly, Lu Fan had already counted the number of spiritual crystals in the storage spirit ring.

He smiled and said to Ye Feng: "Master Ye, I will go back first. You sit here. I will order the two maids to come over and bring you some delicious pastries and tea fruits. The next auction will be held It will last for a long time, Mr. Ye, don't wait too impatiently, I hope you can appreciate it slowly."

Lu Fan said this, then turned around and left, returning to the central square and standing behind Chen Tianshu.

At this moment, when the people around saw this scene, their eyes showed deep horror.

They all knew each other. The Lu Fan who had just sent him the knife was one of Chen Tianshu's close disciples. He was the top young prodigy in Haoran Academy, and his status was extremely noble.

In the eyes of everyone, this Lu Fan is a very arrogant guy, and he is indeed qualified to be arrogant.

But what everyone never expected was that Ye Feng, who they had just laughed at as the useless second generation ancestor of a certain force, would be treated so seriously by Lu Fan at this time.

Everyone saw that when Lu Fan was talking to Ye Feng just now, his expression did not dare to show any slightness at all, and even showed a kind of deep awe and a vague sense of flattery.

Lu Fan's performance suddenly shocked everyone who was originally laughing.

Gazes full of surprise and uncertainty focused on Ye Feng, as if they were guessing who this mysterious young man was.

Gu Qinlan, who was sitting next to Ye Feng, was a little surprised and asked in a low voice: "This Lu Fan is no weaker than some young masters from other races. He is the top genius in the large gathering place of Thunder God Base. He has already set foot on it." After entering the fairy gate realm, the last of the nine secret realms, as far as I know, he is very aloof and does not look down on anyone. Even the young master of a big clan like the Tianyu clan, Lu Fan has no regard for him. You're welcome, why is he so respectful to you?"

Ye Feng looked at Gu Qinlan's confused look beside him and couldn't help but shrugged, "Actually, I don't know much about it. When he and his junior sister came to invite me, they had a very good attitude. I don't know the specific reason. , maybe because he thinks I'm extraordinary."

Gu Qinlan glanced at Ye Feng in surprise, showed a moving smile, and said: "I didn't see it, you are quite narcissistic."

Ye Feng smiled and said: "Because I can only think of this reason."

While Gu Qinlan and Ye Feng were chatting happily, Chen Tianshu in the central square was already auctioning the second treasure left by the sages.

It was a set of black gold armor with dazzling light all over its body. The surface of the armor was covered with pieces of scale-like armor. It looked like armor made from the ancient scales of an unknown monster.

Chen Tianshu looked at the audience and said with a smile: "This set of armor is the natal armor left by a fighting sage in our Haoran Academy. It is a set of semi-immortal weapon-level armor. It is very hard. The starting price is nine One million spiritual crystals."

Wow!

Almost at the moment Chen Tianshu finished speaking, everyone in the square had fiery looks in their eyes.

Obviously, this set of actual semi-immortal-level armor is countless times more attractive to everyone than the mediocre soul weapon knife before.

"I bid 10 million spiritual crystals!"

A middle-aged man wearing a purple robe stood up somewhere among the crowd in the square and spoke.

"I bid eleven million!"

Another gray-haired old man spoke up. He seemed to be the ancestor of a large family and had strong financial resources.

"I bid thirteen million!"

Another person from a powerful force stood up and shouted out a bid.

But at this moment, Ye Feng, who was very high-profile just now, was sitting quietly on his own

He sat in his own position and drank tea slowly, showing no interest in the fierce competition on the court.

Because Ye Feng already has his own powerful armor, a set of golden armor made of five-clawed golden dragon scales, Ye Feng feels that its hardness and power are definitely comparable to real immortal weapons, or even more powerful than ordinary immortal weapons.

After all, it was made by Taotie using all the golden scales of an ancient five-clawed golden dragon tens of thousands of meters long. It was extremely precious.

Gu Qinlan was bidding at this time and seemed to be very interested in the semi-immortal black gold armor.

But in the end, the set of semi-immortal black gold armor was purchased by a large family with strong foundation.

Next, Chen Tianshu continued the auction of the third, fourth, and so on treasures.

During this period, Ye Feng also took action again and purchased a book of practice insights left by the sages, as well as a crystal ball engraved with the inherited martial arts created by the sages of Haoran Academy.

Lao Jinlong actually made a bid for it. It was a sacred core left behind by a sage who failed to become an immortal and then became an immortal.

Guqinlan also auctioned a lot of things during the whole process, and several people got something.

And just when the entire auction was coming to an end.

Everyone's eyes turned surprisingly unanimous and expectant.

Because according to tradition, the last treasure in the auction is definitely the grand finale!

So when the auction progressed to this moment, everyone instantly became excited.

Many people even began to whisper and discuss with each other secretly.

"I heard that at that sage conference a hundred years ago, the final treasure that was auctioned was a pagoda of all saints. That pagoda was not only a powerful and real immortal weapon, but also had countless sages from Haoran Academy discussing the Tao in it, and was contaminated by it. The holy energy of countless sages is very precious."

"Yes, yes, I have also heard that the All Saints Tower is really a good treasure, a treasure-like existence. It is said that the last All Saints Tower a hundred years ago was directly auctioned for a sky-high price of 190 million! "

"The Tower of All Saints itself is an immortal weapon, and countless sages have discussed it in it. It is certainly worth the price!"

"Don't you know what the ultimate treasure of this Sage Conference is?"

At this moment, the eyes of the powerful masters from all major forces were full of expectation.

Even those alien races that have arrived, such as the Tianyu tribe and other alien races with strong foundations, are ready to make a move at this moment, obviously wanting to bid for the final treasure!

In the midst of everyone's expectations, Chen Tianshu spoke to the inside of Haoran Academy: "Elder Han, let's not show off. Let's take out our final treasure and show it to everyone."

"good."

Accompanied by an old voice, an old man in green clothes with an ordinary face and slightly dark skin walked out from the interior of Haoran Academy.

The aura of cultivation on his body was that of a half-step immortal, a half-step powerful being!

At this time, Elder Han was holding a jade box that exuded cold air very reverently in his hands. In the jade box, a drop of bright red blood was sealed in it.

Chen Tianshu looked at the curious eyes of countless people around him and said slowly: "This is a box made of ten thousand years of ice stone. The drop of blood contained in it is the final treasure of this sage conference! "

Wow!

Almost as soon as Chen Tianshu finished speaking, everyone in the arena was in an uproar.

There was a strong look of disappointment in the eyes of many people, and they felt like they came with a sense of joy and came back with disappointment.

"A drop of blood? Is this the so-called finale treasure? It's too perfunctory!"

"Is it the blood of some ancient ferocious beast? But it's of no use to most of us. Only alchemists can use it."

"Dean Tianshu, there is no sincerity at all in your Haoran Academy's grand finale this year."

Many people spoke up at this time, with obvious disappointment in their tone.

But at this time, both Chen Tianshu and Elder Han looked at each other with mysterious smiles.

Then Chen Tianshu nodded to Elder Han and said, "Open this ten-thousand-year-old ice stone box and let everyone see it."

"good."

Elder Han nodded slightly, then took a deep breath and opened the lid of the box in an instant.

"boom!!"

And almost as soon as the lid of the box opened

At that moment, a power of flames that was so terrifying that it seemed like it was going to burn up the entire sky swept across the entire place.

The entire white sky suddenly turned into a crimson color at this time.

Many powerful people present, even half-step immortals, felt a terrifying feeling as if their bodies were being burned inside and outside.

"Crack!"

At this time, Elder Han suddenly closed the lid of the box.

Buzz!

The terrifying power of flames that swept across the sky like an ocean just now disappeared in an instant.

"this....."

At this moment, the eyes of countless people were all focused on the jade box.

They stared at the jade box made of thousands of years of ice, and felt that what was sealed in that small box was not a drop of blood, but an extremely terrifying sea of flames!

Chen Tianshu saw everyone's reaction at this time, and then smiled slowly and said: "Everyone should have seen it. Let me tell you the truth, this is a drop of the blood of the gods! The mysterious creature from the restricted area of life, the 'Infinite Fire Domain' The mighty Vulcan!"

"A drop of the blood of a god!"

"Is it a drop of divine blood from the legendary Vulcan who controlled the infinite fire realm three thousand years ago?"

"Oh my God! The legendary Lord Vulcan in the Infinite Fire Realm? That is the taboo figure who was rumored to be brothers with the legendary figure in the spiritual world three thousand years ago, the God of Creation!"

...

At this moment, countless people screamed in surprise, and even many foreigners in the battlefield of all races had horrified eyes. They had obviously heard of such a taboo figure.

Moreover, they also mentioned the God Emperor of Creation three thousand years ago.

On the land of the spiritual world, there is the Tongtian Divine Dynasty, and discussing matters of the previous dynasty such as the God of Creation will be considered a major sin.

But in the battlefield of all races, everyone has no scruples and discusses casually.

Chen Tianshu also sighed with his eyes at this time, and said: "Yes, in the chaos that swept the entire nineteen states of the human race in the spiritual world for three thousand years, the God Emperor of Creation was betrayed by the current God Emperor Tongtian, and was eventually suppressed and imprisoned in In a top-secret place, the commander of the Infinite Fire Realm, a

taboo figure revered as the 'God of Fire' by the world, was a good brother of the God of Creation. Hundreds of years after the fall of the God of Creation, he came out of seclusion. , only to learn the news that shocked the world, in anger, the Vulcan directly killed the Tongtian Divine Dynasty, and fought with the Tongtian Divine Emperor for three hundred years. It was an unparalleled battle! In the battle, the two great figures fought from the spirit world to the demon world, and finally to the battlefield of all races! In that battle, the two terrifying figures fought for three hundred years. In the end, it is said that the Tongtian God Emperor suffered heavy losses, but That Vulcan was almost killed by Emperor Tongtian with the Gate of Eternal Life, and finally escaped back to the Infinite Fire Realm to recuperate, and this drop of Vulcan's blood in our Haoran Academy came from the time when Vulcan and Emperor Tongtian fought. , which fell from the endless void, was happened to be encountered by a sage from our Haoran Academy, and he quickly sealed it with a ten thousand-year ice stone box. "

At this moment, everyone listened to Chen Tianshu's explanations, and then they understood the specific origin of this drop of divine blood, and the entanglement of grievances and grudges in that long-lasting history actually involved two ancient taboo figures. .

At this moment, Ye Feng, who was sitting in the crowd and heard this passage, was extremely shocked in his heart.

Three thousand years ago, Ye Feng heard his father mention that he had a good brother, who was respected as the "God of Fire" by the world, but the young Ye Feng had never seen him.

Now more than three thousand years have passed, and Ye Feng once again heard about the feats of his father, the Vulcan brother, and his fight with Gu Tongtian, and he couldn't help but have red eyes.

"The Infinite Fire Domain is a very famous restricted area of life in the spiritual world."

At this time, Guqinlan suddenly spoke in Ye Feng's ear.

Naturally, she didn't know what Ye Feng was thinking at this time, but she said with admiration: "That senior Vulcan is really a true hero! God Emperor Tongtian controls the door to eternal life. The most powerful artifact in the world, it is said that even many great figures in the immortal world are afraid of the Tongtian God Emperor, but that senior Vulcan directly went to the divine dynasty and fought with the Tongtian God Emperor for three hundred years, which is really amazing! "

At this time, Lao Jinlong was staring at the drop of Vulcan blood sealed in the box in the distance, and said with some excitement: "Ye Feng, you must buy this drop of Vulcan blood! Didn't you think that the beast that hatched the mysterious fire unicorn before Is it too slow for the egg to last for tens of thousands of years? Now, as long as you can get this drop of Vulcan's blood and refine it into the Black Fire Kirin's egg, there is a great possibility that the egg will hatch in an instant. The young Xuanhuo Qilin!"

Chapter 1103 The mysterious big shot

A drop of god's blood, and a drop of god's blood from a taboo figure like Vulcan, instantly caused a sensation in the whole place.

Everyone's eyes were extremely hot, even the aliens who arrived, their eyes were fixed on the ice box containing a drop of Vulcan's blood.

Obviously, for people from all major forces, this drop of divine blood from an ancient powerful man is simply a supreme treasure.

The existences in the realm of gods are also strong and weak.

And the fierce man who was able to fight against the Tongtian Divine Emperor for three hundred years, this Vulcan who created the Infinite Fire Domain and became the overlord of one side, was definitely the strongest of the group of God Realm beings.

Therefore, even a drop of the blood of this powerful person is extremely precious and extremely rare.

Even some half-step immortal masters who practice fire-attribute skills and inherit the inheritance have been unable to break through. As long as they get this drop of the blood of the God of Fire, the secret of the divine way contained in this drop of the blood of the Fire God will definitely make them Achieve the realm of immortality in an instant, be directly promoted to the legendary level of power, and become a peerless strongman who can suppress one party.

So at this time, many strong men in the Half-Step Immortal Realm who had closed their eyes to rest their minds opened their eyes one after another, with deep expectations and passion in their eyes.

Ye Feng, who was sitting in the crowd, couldn't help but stand up at this time, preparing to bid.

According to Lao Jinlong, this drop of Vulcan's blood can instantly trigger the Mysterious Fire Qilin Egg to hatch into a young Black Fire Qilin, without having to wait for thousands of years.

The Xuanhuo Qilin is the dominant race in the entire universe. Even in their infancy, their strength is probably comparable to those in the fairy realm.

If it reaches maturity, or even reaches its final perfection, it will be a terrifying existence second only to the legendary Lord of the Heavens.

Therefore, Ye Feng naturally hopes to auction this drop of Vulcan blood.

But he also knew very well that this drop of Vulcan's blood had great attraction and temptation to everyone in the entire Sage Assembly Square, including those foreign races.

Ye Feng even guessed that a big family might be bankrupt and would auction off this drop of Vulcan blood.

Because this drop of Vulcan blood may directly create a powerful person in the realm of immortality.

The ancestors of some big families are half-step immortals.

However, among the thousands of half-step immortals who exist, in the end, only a few may be able to successfully comprehend the immortal way and achieve true immortality.

Many others will not be able to understand the immortal way until they die of old age. Eventually, their longevity comes to an end and they die of old age.

You know, from the Nine Secret Realms to the Immortal Realm, that is the difference between mortals and immortals.

As long as you have not stepped into the true realm of immortality, even if you are half-step into the realm of immortality, you will not be able to live forever and will still be bound and imprisoned by the power of time.

But once you step into the realm of immortality, it means you have a long and infinite lifespan and enter the level of immortality.

Therefore, many half-step immortal ancestors of many big families are gearing up at this time, preparing to bid for that drop of Vulcan blood even if they spend all their wealth.

At this time, I looked at the expectant eyes of countless people in the audience and the heated atmosphere.

Chen Tianshu, the dean of Haoran Academy, immediately showed a look of satisfaction in his eyes. He said loudly: "Everyone, be quiet. Now let me announce that the starting price of this drop of Vulcan's blood has been determined by each of our Haoran Academy." The Supreme Elder unanimously decided that the starting price is 90 million spiritual crystals!"

"Wow!"

Almost as soon as Chen Tianshu finished speaking, the entire venue was in a state of uproar.

Ninety million spiritual crystals!

"Ninety million!"

The powerful masters from all the major forces were a little dumbfounded at this time.

Unexpectedly, the starting price for the final treasure of this sage conference was 90 million.

Back then, the starting price of the Immortal Artifact All Saints Tower was only 60 million, and the final bid was 190 million.

And this time the final treasure is a drop of god's blood, and it is a drop of god's blood from the top group of beings in the realm of gods.

The starting price is directly 90 million!

I have to say that although such a high starting price shocked everyone, many people also guessed it.

After all, this drop of divine blood has a great possibility of giving a great power an instant power in the realm of immortals!

The temptation is too great!

Especially for some families who have only half-stepped into the Immortal Realm, they urgently want to create a powerful Immortal Realm person to serve as the patron saint of the family.

These big families are naturally more eager for this drop of Vulcan blood. Their eyes are shining, and the spiritual crystals in the storage rings seem to be unable to hold back.

"Ninety-five million spiritual crystals!"

The moment Chen Tianshu finished speaking, someone from a big family on the scene immediately started to increase the price.

"One hundred million spiritual crystals!"

Another head of a large family spoke up, his tone extremely generous.

"One hundred and ten million!"

The person speaking at this time was a foreigner covered with golden scales. He seemed to be from the Golden Armor clan, with strong financial resources and a huge heritage.

"One hundred and thirty million!"

"One hundred and forty million!"

"One hundred and sixty million!"

"One hundred and ninety million!"

...

The sounds of price increases sounded one by one.

This is simply a huge sum of money.

In the end, with the continuous increase in prices, many big families couldn't stand it anymore. With disappointment on their faces, they gave up and withdrew from the auction competition.

Because these big families know very well that if they continue to follow the shooting, it is estimated that all the property of their entire family will be consumed in an instant. Even if they get the blood of the Vulcan, the entire family will exist in name only.

"Two hundred and ten million!"

Finally, when this sound sounded, the entire central square suddenly fell into silence again.

Two hundred and ten million!

This has far exceeded the wealth value of the Saints Conference a hundred years ago, and the final treasure, the Saints Tower!

Two hundred and ten million, this may be a huge wealth that many ordinary families cannot accumulate for thousands of years!

At this moment, the one who shouted out 210 million was none other than Shao Hen, the young master of the Tianyu clan.

Shao Hen is the young master of the Tianyu clan. He definitely does not have so much money, but this time he comes to represent the entire clan behind him. The wealth of the entire Tianyu clan is unimaginable and very huge.

At this time, after Shao Hen bid 210 million, the entire venue suddenly fell into silence.

During this period, Ye Feng also announced the price, but was instantly overwhelmed by higher prices one after another.

Although Ye Feng has also plundered a lot of wealth during this period, he just calculated that his wealth is only 150 million at most.

Even if all the unnecessary treasures were converted into spiritual crystals, the value would only reach 170 million.

So when the bidding for the Vulcan Blood just now reached over 170 million, even Ye Feng could only smile bitterly and gave up the bidding.

In fact, Ye Feng knew that this drop of Vulcan blood was too precious and would definitely be auctioned for a sky-high price.

And sure enough, the direct bidding has now reached a huge fortune of 210 million, which is really a huge price!

There was a bit of silence in the central square at this time. Everyone now understood that that drop of extremely precious Vulcan blood had definitely fallen into the hands of the Tianyu clan.

At this time, Shao Hen, the young master of the Tianyu clan, and the two half-step immortal realm guardian elders standing beside him were also very excited and couldn't help but said: "Great! This drop of the blood of the Vulcan will definitely make our Tianyu The clan once again produces a brand-new powerful person in the fairyland. By then, the territory of our Tianyu clan will definitely be able to continue to expand many times. Some other weak clans around us will be able to annex them all by then. Our Tianyu clan will There will be a new glory."

Shao Hen, the young master of the Tianyu clan, also looked very excited at this time.

At this time, he suddenly seemed to have thought of something, and suddenly looked in the direction of Ye Feng and Gu Qinlan, with a deep aloof look on his face, which seemed to show his strong financial resources.

"I bid 300 million to auction off the blood of the God of Fire and give it to the young master named Ye Feng."

Suddenly at this moment, a faint voice sounded.

"What?!"

And almost at the moment when this voice fell, everyone on the field suddenly changed their expressions.

Shao Hen, the young master of the Tianyu clan, was originally very proud, but now that he heard this voice, his face suddenly became extremely ugly, full of livid color.

"Some big shot in the Accord made the bid!"

At this moment, even Ye Feng himself felt a little confused. He followed everyone and looked in the direction of the sound. It was the sound coming from a certain accordion at the top of the square.

Gu Qinlan once said before that the people who can sit in these closed rooms are definitely of extremely extraordinary status and are all supreme figures.

Ye Feng was also puzzled at this time. Why did the big shots in Accord directly pay such a high price, and also auctioned the Vulcan blood to him?

Ye Feng thought about it carefully. He didn't seem to have made any friends with any great people in this battlefield of thousands of races?

And that big shot is so kind to me.

He just said the price of 300 million casually and slapped Shao Hen, the young master of the Yu clan that day, in the face.

"The price increased directly from 210 million to 300 million! It's so drastic!"

At this time, many people on the field could not help but discuss excitedly.

"Three hundred million is indeed an unimaginable sky-high price! But have you noticed that the price just now

The voice coming out of the Accord seemed to be very indifferent when it said three hundred million. In other words, for the owner of the voice, these three hundred million were nothing but a piece of cake and a negligible amount of wealth. "

Many people figured this out and couldn't help but gasped.

Countless eyes were actually staring in the direction of the Accord.

Everyone is extremely curious, who is the big shot in this Accord, and who actually has such a huge wealth.

And at this time, many people were also looking towards the field, as if they wanted to find where the big man just said to give it to Mr. Ye Feng.

Shao Hen was far away at this time, his eyes fixed on Ye Feng, his expression full of disbelief.

Just now he was laughing at Ye Feng, showing off his financial resources.

But now he was slapped hard in the face all of a sudden, and it was burning and painful.

The young master of the Tianyu Clan could not understand why Ye Feng, a little-known boy, could make friends with the kind of rich and powerful man sitting in the Accord.

"hateful....."

Shao Hen was extremely shocked and angry. He stared in the direction of the Accord not far away, as if he wanted to curse something.

"Young master, don't be angry!"

But at this time, the two guardian elders standing behind the Half-Step Immortal Realm held Shao Hen's shoulders and said in a serious tone: "Young Master, the people who can sit in the Accord are definitely of extremely high status. They must be They are all from powerful forces with powerful people in the realm of gods behind them. We are not qualified to provoke them. Young Master, please calm down."

When Shao Hen heard "The most powerful person in the realm of gods", his heart suddenly became cold.

yes!

Those who exist in the realm of gods are the most powerful ones.

If there is a powerful person in the realm of God standing among the big forces behind the characters in Yage, then they, the Tianyu Clan, will not be able to provoke him at all.

Although the Tianyu clan is protected by the immortal realm, it is considered a first-class clan in the area around the Thunder God base.

But compared with those powerful forces who have inherited the realm of gods for hundreds of thousands of years, the entire Tianyu clan is just an ant.

At this moment, the young master of the Tianyu Clan could only sit down again with a livid face.

The sky-high price of 300 million cannot even be raised by selling the Tianyu clan, and there is no way to bid anymore.

At this time, beside Ye Feng, Gu Qinlan and Lao Jinlong both stared at Ye Feng with deep surprise in their eyes, their faces full of disbelief.

Ye Feng shrugged and said, "Don't look at me like that, I don't know what happened."

At this time, Chen Tianshu personally took the ice stone box and came to Ye Feng. Although there was a smile on his face, it could be seen that there was deep surprise in his eyes. Said: "This drop of Vulcan blood belongs to you, little friend Ye Feng."

Ye Feng took over the ice box at this time, and he could deeply feel that what was sealed in the box was not a drop of blood, but an ocean of flames, filled with endless and violent blazing firepower.

Once the box was opened, Ye Feng had no doubt that it would be able to burn the land thousands of miles into scorched earth in an instant.

"So that young man in black is Young Master Ye Feng?"

"It's incredible, it's incredible! Originally, we all thought that this young man in black was some good-for-nothing second generation ancestor, but we didn't expect that he turned out to be a hidden big shot!"

At this time, many people's eyes were focused on Ye Feng, with wonder in their eyes.

Looking at the blood of the Vulcan held in Ye Feng's hand, everyone looked extremely envious and jealous.

Because Ye Feng got the Vulcan blood without spending a penny, other big shots bought it directly for him.

This scene is simply the envy of others!

At this time, Chen Tianshu came up to Ye Feng and said mysteriously: "I didn't expect that little friend Ye Feng would actually make friends with that big shot. This is something I never expected."

Ye Feng was a little confused and said: "Actually, I don't know that big shot either."

"Stop pretending."

Chen Tianshu shook his head and said: "Show your cards! I have already seen that you are not a casual cultivator at all, but a descendant of the most powerful person in the realm of gods, right?"

You young people now Ah, if you are really good at playing, you can pretend to be a pig and eat the tiger."

Ye Feng: "..."

Just when Ye Feng was about to continue explaining, a student from Haoran Academy suddenly ran over not far away.

After the student came, he first saluted Chen Tianshu, the dean. Then he looked at Ye Feng, clasped his fists respectfully and said, "Master Ye Feng, that big shot in the Accord wants to invite you to a meeting." Ju, I haven't seen you for a long time."

"long time no see?"

Ye Feng was extremely confused in his heart.

The mysterious big man in Accord spent a whopping 300 million yuan to buy a drop of Vulcan's blood as a gift for himself.

When did I meet such a great person?

With deep doubts in his heart, Ye Feng smiled at the female student of Haoran Academy in front of him and said: "Okay, then please trouble me to take us to the Accord to have a look."

At this time, Ye Feng looked at Gu Qinlan and Lao Jinlong on both sides and said, "Come with me to meet my mysterious big shot friend."

Gu Qinlan and Lao Jinlong both nodded and followed Ye Feng.

Under the gaze of everyone, Ye Feng and his party left the central square and walked towards the Accord under the respectful leadership of the student from Haoran Academy.

"Damn boy! How did he get involved with such a big shot?"

At this moment, somewhere in the square, Shao Hen, the young master of the Tianyu Clan, had a very gloomy look in his eyes.

The old guardian of the Half-Step Immortal Realm beside him smiled sinisterly and said: "Don't worry, young master, no matter what kind of big shot that boy named Ye Feng has become friends with, after the Sage Conference is completely over, he will definitely still be If we want to return to our residence, we will ambush and intercept him on the way. This boy will definitely die, and the drop of Vulcan blood he got in his hand will eventually belong to us. "

When Shao Hen heard this, he immediately nodded. The young master of the Tianyu Clan seemed to think of the scene of Ye Feng's tragic death in his hands in the future, and suddenly showed a cruel smile.

...

At this moment, Ye Feng, Gu Qinlan and Lao Jinlong had arrived at the central square of Haoran Academy.

There is a very high staircase here, and the student smiled and said: "Master Ye Feng, when you reach the end of this staircase, you will reach the gentleman's Accord."

"Okay, thank you."

Ye Feng nodded to the student from Haoran Academy, and then led Gu Qinlan and Lao Jinlong up the stairs.

When they reached the end of the stairs, the door of a private room in front of them opened automatically.

The two of them immediately saw the scene in Naya's room.

There were two women standing inside, a beautiful young woman in her early twenties wearing white clothes, and a cute girl in a pink dress.

Uh-huh!

Before Ye Feng could say anything, the little girl in a pink dress had jumped directly into Ye Feng's arms and said with deep joy: "Sir! Xiao Tao misses you so much! "

Ye Feng's eyes suddenly showed deep surprise. He didn't expect that this "mysterious big shot" was actually his former maid Xiao Tao from the Sword God Heavenly Palace!

At this time, another beautiful woman in white clothes standing in the elegant room was none other than Bai Ling, the young prodigy from the Bai family, one of the nine divine descendant families in the sky, who had been sending cultivation resources to Xiao Tao!

At this moment, Ye Feng pressed Xiao Tao's shoulders with both hands, stared at it carefully, and said with some surprise: "Xiao Tao, have all the natal immortal king bones in your body awakened?"

Xiao Tao immediately nodded her little head excitedly and said: "Young master, after you left the sect for training, you didn't come back for a long, long time. Sister Bai Ling said that you would take me away. I was not willing to wait for the master to come back, but the Sword God The Heavenly Palace suddenly encountered a great disaster, and was annihilated by the troops sent by the Tongtian Divine Dynasty, so I asked Sister Bai Ling to take Senior Sister Chu Zixuan, the little red bird, and the young master's bald bird friend to leave the spiritual world together. , I went to the sky, I'm sorry, I am unable to protect your sect."

Ye Feng smiled and touched the girl's little head and said: "It's not your fault. The Tongtian Divine Dynasty is at its peak. The imperial court wants to destroy the Sword God Tiangong. No one can stop it. If you can take away all my friends, it's already It's the biggest help to me."

At this time, Bai Ling came over. This young female genius from the Bai family in the sky stared at Ye Feng and said: "I didn't expect that your life is quite tough. Not only did you not die, you also broke through to the eighth secret realm." "

Ye Feng heard it at this time. The person who had previously bid for 300 million was Bai Ling, but he had never met Bai Ling several times. When he was in the central square, he did not recognize her voice.

Ye Feng said at this time: "I will return all the 300 million spiritual crystals to you."

"Need not."

Bai Ling shook his head, glanced at Xiao Tao, and said, "Miss Bai Xiaotao, the most popular little princess of our Bai family, will give it to you, so just keep it."

At this point, Bai Ling couldn't help but murmured: "I really don't know what's good about you, Ye Feng, for making our little princess Bai Xiaotao cling to you so much."

When Ye Feng saw this, he shook his head and smiled. Xiao Tao was now the little princess of the Bai family, so she naturally had countless wealth.

The divine family in the sky is an ancient family that has been inherited for millions of years. It has experienced countless changes over the years and has an incredible rich heritage. A mere 300 million is really nothing.

Gu Qinlan and Lao Jinlong looked at the scene in front of them from behind, feeling a little incredible.

They seemed to have never expected that Ye Feng's little maid in the Sword God's Heavenly Palace at that time was actually the inheritor of such a huge thing as the legendary divine family in the sky. It was really incredible.

Chapter 1104 Red Dust Fairy

In the Accord, Ye Feng stared at Xiao Tao in front of him and couldn't help but ask: "Did my senior sister Chu Zixuan and that guy Bald Bird follow you to the Bai family in the sky?"

Xiao Tao immediately nodded her little head and said very obediently: "Yeah, yes, but they did not come with me this time. Sister Chu Zixuan and Bald Bird are both practicing in our Bai family."

Hearing this, Ye Feng couldn't help but nodded and said: "Actually, when I came back from training before, I saw the Sword God Tiangong in ruins, and I had already guessed that they were taken by you, Xiaotao, to the Bai family above the sky, but now I personally I was completely relieved when I heard you say that."

Xiao Tao smiled cutely and said: "If they know that you will appear at this sage conference, sir, they will definitely come with us, but this time it will be me and Sister Bai Ling."

Ye Feng smiled and said: "Senior Sister Zixuan and Bald Bird can cultivate in a divine family like the Bai family above the sky. It is considered their good fortune."

Above the sky, in the eyes of all creatures in the spiritual world since ancient times, it is absolutely an unfathomable place. ??

Ye Feng remembered clearly that his father, Emperor Ye Qing, had such terrifying peerless combat power. After snatching the golden elixir for himself in the sky, he suffered very serious injuries and his clothes were stained with blood.

It can be seen from this that what a terrifying place the sky is.

Legend has it that above the sky is a fragment of the highest level interface, the 'Ancient God Realm'.

It is said that during the war between the gods, a piece of the divine world was broken into pieces and fell to the top of the spiritual world, forming such a huge life restricted area in the sky, which is equivalent to a small world.

Therefore, the nine great divine descendant families in the sky are rumored to be descendants of the bloodline left over from the gods of the past, and they claim to be descendants of the gods.

Each of the nine divine descendant families is estimated to have a background comparable to that of the Tongtian Divine Dynasty.

However, the Emperor Tongtian now controls the most powerful artifact in the world, the Gate of Eternal Life. After so many years of practice, it has become extremely terrifying.

The nine divine descendant families who were originally high in the sky all felt the slightest fear of Gu Tongtian, an amazingly talented and beautiful person.

At this time, everyone in the Yage was chatting happily.

Bai Ling, a talented female from the Bai family, saw her little princess Bai Xiaotao calling Ye Feng "young master" obediently. She felt very helpless and could only shake her head and sit aside without saying anything more. .

Although Xiao Tao has now become the most beloved little princess of the Bai family, her identity is the sole inheritor of the divine family in the sky.

In terms of status, it is estimated that even if he is the guardian of the Thunder God Base, the Thunder God of the God Realm will treat Xiao Tao seriously when he comes.

As for Xiaotao, who was in the Bai family above the sky, she got countless cultivation resources, and she also met countless peerless geniuses, strong masters, and all kinds of vast and endless powerful forces.

But at this moment, in front of Ye Feng, she was still so well-behaved. In front of Ye Feng, Xiao Tao only felt that she was still Ye Feng's little maid.

Moreover, Xiao Tao liked this feeling very much. She was carefree and didn't need to think about anything. She could just concentrate on following her son and taking care of him in his daily life.

...

Happy time always flies by.

In a blink of an eye, the sky outside became dark.

The Sage Conference also came to an end under the spotlight.

In the Accord, Bai Ling took Xiao Tao and walked outside.

While waving to Ye Feng, Xiao Tao reluctantly shouted: "Sir! I will definitely come to the battlefield of all races to see you when I have time, or I will go to the Snow State in the spirit world to find you!"

Xiao Tao knows that not everyone can go to the sky.

Therefore, if Ye Feng wants to go to the sky for the time being, he does not have the ability.

Ye Feng looked at Xiao Tao, showed a warm smile, and said: "Practice well, and when I step into the fairyland, I will go to the sky to visit you, Xiao Tao, Senior Sister Zixuan and Bald Bird."

Xiao Tao immediately nodded vigorously from a distance, and eventually she was taken away by Bai Ling and disappeared outside Haoran Academy.

At this time in the Accord, Gu Qinlan stared at Ye Feng and couldn't help but smile and said: "Ye Feng, I didn't expect you to have such a loyal little maid. After becoming the little princess of the Bai family in the sky, you still treat you like this. obedient, and

It seems that she can't live without you, Ye Feng, have you done anything that left a deep impression on this little girl? Otherwise, why would she be so clinging to you and seem to be unable to forget you. "

Ye Feng glanced at Gu Qinlan strangely, shook his head quickly, and said: "Xiao Tao is just a simple little girl, how could I do anything that would impress her."

Gu Qinlan stared at Ye Feng, with an inexplicable smile in her eyes.

At this time, Lao Jinlong suddenly said: "Ye Feng, this little peach is actually pregnant with a bone of the Immortal King. I think she will become great in cultivation in the future, and you can be with her..."

"Snapped!"

Before Old Jinlong could say the last word "xiu", Ye Feng slapped the golden dragon's head hard and said, "You are disrespectful to me."

"I'm doing this for your own good!"

Lao Jinlong immediately yelled, very unconvinced, and said: "My hope of regaining my divine power is still with you, kid. I naturally hope that you will become stronger as possible."

Ye Feng looked at Old Jinlong and said in surprise: "You found your lost power. Where was it lost?"

Old Jinlong nodded and said quite solemnly: "Some of my long-standing memories have revived, and I have found some clues, but I am not sure yet, but I know that the place where I lost my supernatural power is in a very dangerous and special place. I need to Only with extremely powerful cultivation can one enter and search for it."

Hearing this, Ye Feng nodded slightly and said, "You continue to search, and when you find out where it is, I will go look for it with you."

"Dong dong dong!"

Suddenly at this moment, there was a knock on the door outside the Accord.

"come in."

Ye Feng said aloud.

Squeak!

The door opened, and a young Confucian scholar in white walked in from the door.

It was Chen Tianshu, the dean of Haoran Academy.

Ye Feng was a little surprised and said, "What is Dean Chen here for?"

Chen Tianshu looked at the entire Accord, and then said: "Are those two people gone?"

Ye Feng nodded and said, "I just left not long ago."

call!

Chen Tianshu took a deep breath and seemed very nervous.

At this time, when he heard that the two women with terrible origins were gone, the dean of Haoran Academy suddenly breathed a sigh of relief and became relaxed.

Ye Feng found it a bit funny, but what he didn't know was that Xiao Tao and Bai Ling, who seemed to be ordinary in his eyes, were definitely real big shots in the eyes of others, and they were the biggest big shots.

Ye Feng looked at Chen Tianshu and asked: "Senior Chen, this time you specifically asked your two close disciples to invite me. Isn't it just for the simple purpose of attending the Sage Conference?"

Chen Tianshu nodded and said with a smile: "Young friend Ye Feng is very smart. I do have other purposes for inviting you here."

Ye Feng's eyes moved and he said, "Oh? I'd like to hear the details."

Chen Tianshu said: "There is an extraordinary person who wants to meet you."

Ye Feng couldn't help but asked curiously: "Is it someone I know again?"

Chen Tianshu immediately smiled bitterly and said, "You really don't know this little friend Ye Feng, but you must have heard of her."

Ye Feng said: "Who is it?"

Chen Tianshu said with a hint of respect in his tone: "The one who wants to meet you is respectfully called the 'Red Dust Fairy' by us. Her name is Duan Hongchen. She is a powerful person in the Immortal Realm, and she is a high-level Immortal Realm." exist."

Ye Feng shook his head and said: "Duan Hongchen? This is the first time I have heard of this person's title."

Chen Tianshu smiled and said, "Even if you don't know Fairy Duan Hongchen, you must have heard of her brother's name."

Ye Feng asked: "Oh? Who is her brother?"

Chen Tianshu said slowly: "Her brother is called Duan Nantian, and he is also known as the 'Thunder God'."

"Thor?"

Ye Feng's eyes suddenly moved and he said: "This Duan who wants to see me

Senior Hongchen, is the sister of Thunder God, the commander of the God Realm at Thunder God Base? "

"That's right."

Chen Tianshu nodded and said with a smile: "Although Fairy Hongchen is not in the realm of gods, she is the top existence in the realm of immortals. She is not much weaker than her brother Lei Shen in the realm of gods. Some people speculate that Fairy Hongchen may She will become a god within a hundred years, so she is a hot and important person. She wants to meet you. This is a great honor for you, little friend Ye Feng. "

Ye Feng nodded and said: "Why does such a high-ranking man want to see me, a little warrior from the Eighth Secret Realm?"

Chen Tianshu looked at Gu Qinlan next to Ye Feng and Lao Jinlong, who was wrapped in a black robe, and seemed to be hesitating whether to say it or not.

Ye Feng smiled and said: "Dean Chen, just tell me directly. Miss Lan and this old friend of mine are both trustworthy."

Chen Tianshu nodded and said: "Fairy Hongchen wants to see you, little friend Ye Feng, because it has something to do with the Queen of Yaochi."

Ye Feng's eyes flashed and he said: "You also know that the immortal corpse of Queen Yaochi is not in my hands."

Chen Tianshu immediately said: "The Red Dust Fairy doesn't want any fairy corpses and skeletons, they are of no use to her." .??.??

When Ye Feng heard this, his expression changed and he said, "Does this senior Fairy of the Red Dust want the immortal skills inherited from the Queen of Yaochi?"

Chen Tianshu nodded slightly and said, "You guessed it right this time."

Ye Feng was a little puzzled and said: "Senior Red Dust Fairy, according to what you said, Dean Chen, her cultivation level is already at the peak of the immortal realm, and she is almost about to enter the divine realm. The Queen of Yaochi was no more than a talented woman back then. The Immortal Realm Master, the two inherited immortal arts of Queen Yaochi are not advanced, and they should be of little use to a peerless powerhouse like Senior Fairy Hongchen. "

Chen Tianshu smiled helplessly and said: "You don't know this, right? Let me tell you, the Red Dust Fairy has heard all kinds of legends and deeds about the Queen of Yaochi since she was a child. The Queen of Yaochi, a powerful and unparalleled woman who lived tens of thousands of years ago, She was the childhood idol of Fairy Hongchen, so even though Fairy Hongchen has now reached the peak of the fairy realm and has even surpassed the Queen of Yaochi, Fairy Hongchen still has a deep affection for the female ancestor Queen Yaochi. She admires it, so she wants the immortal skills inherited from the Queen of Yaochi, not for practice, but just for collection, in order to fulfill her childhood dream."

When Ye Feng heard this, he couldn't help but suddenly realized, "So that's the reason."

Chen Tianshu approached Ye Feng at this time and said: "Hurry up and see the Fairy of the Red Dust. Make a copy of Queen Yaochi's inheritance for her collection. As the Fairy of the Red Dust, you will definitely not come back empty-handed. , you can ask for more benefits when the time comes, and the Red Dust Fairy will definitely satisfy you. After all, with her existence, you cannot lose your identity. This is a kind reminder from me personally. Don't say that I suggested that you start from She wants all kinds of benefits."

Ye Feng immediately smiled and said, "Okay, I understand. Thank you Dean Chen for the reminder."

Ye Feng was naturally very happy to be able to exchange the two inherited magical arts of the Queen of Yaochi for some additional treasures. This was tantamount to a waste of opportunity.

At this time, Gu Qinlan walked to Ye Feng's side and whispered: "It's best to be careful when you go. I'll wait here for you to come back."

Ye Feng nodded slightly and whispered: "Don't worry, if a big shot like that really wanted to do harm to me, he would have come to me long ago to coerce me."

Hearing this, Gu Qinlan couldn't help but said: "That's right, then go and have a look. Brother Jinlong and I are just meditating and practicing here, digesting the cultivation resources auctioned at this sage conference."

"good."

Ye Feng nodded and said to Old Jinlong: "Protect Miss Lan. If the young master of the Tianyu tribe comes to force Miss Lan to leave, you will take action and drive away that bullshit young master."

Lao Jinlong curled his lips and said: "Your Miss Lan still needs me to protect you? You are overthinking it. She is not enough to protect me. You think she is weak? She may not be weaker than you to be honest."

When Ye Feng heard what Lao Jinlong said, his eyes showed a hint of surprise.

Old Jinlong has a very strong insight. He must have seen something extraordinary about Guqin Lan.

"Tell me when you get back."

Ye Feng Shen Nian sent a message to Old Jinlong, and then

Follow Chen Tianshu towards the interior of Haoran Academy.

On the way, Chen Tianshu said: "Fairy Hongchen is waiting for you in the Sage Pavilion inside our academy at this moment. Go as soon as possible. I won't go. She only allows you, who has inherited the inheritance of the Queen of Yaochi, to approach her."

Ye Feng was a little surprised. He looked at Chen Tianshu and said, "You haven't even seen the face of the mortal fairy, have you?"

Chen Tianshu immediately shook his head and said: "Except for her brother Thunder God, no one in the world has ever seen the true face of this mortal fairy. Little friend Ye Feng, you are blessed. Many people say that as long as you can see I am willing to live like the legendary fairy in the mortal world, even if my life is reduced by a hundred years."

Ye Feng's mouth twitched slightly, glanced at Chen Tianshu, and said, "Is it such an exaggeration?"

Chen Tianshu immediately said: "It's such an exaggeration. Think about it. Fairy Hongchen is the commander of the Thunder God Base and the sister of the God of Thunder in the God Realm. Moreover, she is also a peak existence in the Fairy Realm. It is said that she is also beautiful and fragrant. The legendary Queen of Yaochi is just as beautiful as she was back then. To be honest, even I really want to meet her and see her true appearance. It will be worth my life. "

Ye Feng stared at Chen Tianshu, never expecting that this seemingly elegant and upright dean would have such a surprising side.

Shaking his head, Ye Feng walked towards a pavilion not far ahead, which was the Sage Pavilion.

Chen Tianshu, on the other hand, stood still and did not dare to take another step forward.

At this time, Ye Feng had already approached the gate of the Sage Pavilion.

Squeak!

The moment Ye Feng came over, the pavilion door opened automatically.

Ye Feng's eyes flashed slightly, and then he walked directly into the Sage Pavilion.

He immediately saw that in the middle of this antique little pavilion, on the vermilion sandalwood floor, a young woman dressed in white was sitting there, her jade hands caressing a green guqin.

She looks absolutely beautiful, with slightly curly black hair that hangs casually on her shoulders. She doesn't look too stunning, but she gives Ye Feng a natural, harmonious look. The perfect and natural feel of the fit.

Ye Feng stepped forward, immediately clasped his fists slightly, and said: "Junior Ye Feng, I have met senior Red Dust Fairy."

Duan Hongchen raised his head slightly, a smile appeared on his fair and beautiful face, his voice was empty and pure, and he said: "Sit down first and listen to me play a piece of piano music I created. This piece is for the unparalleled glory of the Queen of Yaochi. And create."

Ye Feng nodded, sat down cross-legged on the spot, and said: "Senior, please play. I will listen attentively to this junior."

Ding, ding, ding...

Almost at that moment, Duan Hongchen's white jade-like fingers began to play on the guqin in front of her.

The sound of the piano turned into tangible notes of divine light from the guqin, and began to wander throughout the entire pavilion.

"What a magical realm. It can actually turn the invisible sound of the piano into tangible notes of divine light. It is worthy of being the top existence in the fairyland!"

At this time, Ye Feng looked at the strange phenomena around him and the divine light notes floating around in the Sage Pavilion. He couldn't help but curiously stretched out his finger to click on a divine light note that happened to be floating next to him.

"boom!"

And almost at the moment when Ye Feng's fingers touched the divine light note, a huge fairy sound suddenly exploded in Ye Feng's mind.

At this moment, Ye Feng only felt that his entire spiritual soul was bathed in a thick and incomparable immortal energy, and it seemed that there was an immortal above the nine heavens, making a sound like a bell to help him cleanse his soul. Spirit.

"Buzz!"

At this moment, Ye Feng was extremely happy that his soul power and mental power had increased tremendously after absorbing a divine light note!

"Swallow!"

At this moment, he glanced at the Red Dust Fairy who was intoxicated in playing the piano not far away. Ye Feng immediately secretly used the Divine Art of Creation and the power of devouring. A dark vortex immediately appeared in the palm of his hand, and he quickly moved the The divine light notes floating in the air were quickly drawn towards him.

Chapter 1105 Huge Gains

Buzz!

At this moment, the darkness swallowing vortex in Ye Feng's palm produced a very huge suction force.

All the divine notes that jumped out from the guqin along with the sound were absorbed into Ye Feng's palm.

Every note of divine light touched Ye Feng's palm, causing a roar in Ye Feng's mind.

"boom!"

"boom!"

"boom!"

It was like there were constant celestial sounds, like Hong Zhong Da Lu, ringing deep in Ye Feng's spiritual soul.

Let his entire spiritual soul continue to grow, becoming more tenacious and powerful.

This song lasted for half an hour.

At this moment, Ye Feng was completely immersed in the fairy sounds.

He felt that his soul had received a huge baptism, as if it had been washed by fairy sounds and became even larger.

Ye Feng could feel that his soul power had skyrocketed from level 368 to level 450.

This is a huge improvement!

It's simply a qualitative transformation!

At this moment, Ye Feng felt it immediately.

His mysterious soul path inheritance 'Soul Emperor Seal', the Great Thunder Emperor Seal, the Fire Emperor Seal and the Gale Emperor Seal that have been awakened are becoming more and more powerful.

And with the surge in soul power, the golden knife he obtained in Ye Feng's mind suddenly burst out with a very strong metallic power.

Buzz!

Ye Feng looked inside and immediately saw that in the space of the Soul Emperor Seal, beside the three phantoms of the Great Thunder Emperor Seal, the Fire Emperor Seal and the Gale Emperor Seal, a fourth brand new one slowly appeared. Emperor's seal.

This fourth emperor's seal is made of strong metallic elements, like a metal giant.

Buzz!

At this moment, an obscure secret was instantly transmitted from the golden metal giant to Ye Feng's memory.

"This fourth Soul Seal is the Great Golden Emperor Seal! It represents the most original power of metal in the world, and has the most terrifying edge and vigor of the gold element!"

Ye Feng's eyes suddenly lit up. Unexpectedly, under the roar of fairy sounds, his soul power surged, and with the assistance of the golden knife, he awakened the fourth emperor seal in the soul emperor seal, the Great Golden Emperor Seal!

The Great Golden Emperor's Seal has the most original sharpness and vigor of the gold element in the world, just like a sword.

Once you attack the enemy's soul, you can cause the enemy's soul to suffer unhealable tearing and cutting damage.

Buzz! Buzz!

And just when Ye Feng was sighing secretly, he suddenly saw it.

The two knives in his mind, the red knives and the golden knives, and the fragments formed by the two knives flew directly into the mysterious space of the Soul Emperor Seal.

"Whoa! Whoa!"

Soul chains appeared one after another in the tall phantoms of the Fire Emperor Seal and the Great Gold Emperor Seal.

A crimson soul chain.

A pure golden soul chain.

They are all connected to the bodies of the red knife and the golden knife.

Just like the Fire Emperor Seal and the Great Gold Emperor Seal, they are the same thing as the red knife and the golden knife.

"What...is going on?"

Ye Feng was slightly dumbfounded when he saw the changes in his mind.

The Soul Emperor Seal is the mysterious soul inheritance that he snatched from a mysterious soul master back then.

As for the scarlet knife and the golden knife, these are the soul weapons that I accidentally obtained.

Unexpectedly, they were strangely connected, which made Ye Feng think a little.

Could it be that the Soul Emperor Seal and the mysterious soul weapon knives such as the red knife and the golden knife originally belong to the same source?

Although Ye Feng had doubts in his heart, he was happy to see such a wonderful connection between the two.

Because he discovered that when the red knife and the golden knife were connected with the Fire Emperor Seal and the Great Gold Emperor Seal, the power of the Soul Emperor Seal suddenly became many times stronger.

Regardless, this wonderful connection is a good thing.

"You were so fascinated by it that you entered a state of enlightenment. No wonder the Queen of Yaochi is so magnificent, but she still passed on her inheritance to you. It seems that you are really extraordinary."

Suddenly at this moment, an ethereal fairy-like voice sounded in Ye Feng's ears.

Ye Feng quickly opened his eyes and found the Red Dust Fairy squatting in front of him, staring at him with a pair of ethereal and pure beautiful eyes.

Ye Feng immediately stood up and said: "Senior is right, this song is so beautiful.

Yes, the junior was indeed a little fascinated by what he was listening to. He fell into an intoxicated state and wasted some of the senior's time. I'm really sorry. "

Ye Feng would not be stupid enough to say that he was refining those immortal light notes and fell into a state of cultivation.

"good very good."

Fairy Hongchen was extremely satisfied with what Ye Feng said.

She has always admired the Queen of Yaochi very much, and she lacks a confidant when it comes to music.

So now, looking at the young man in black in front of me, he is listening to his own music and is fascinated by it. Moreover, this young man in black is also the inheritor of the Queen of Yaochi.

These two reasons suddenly made Fairy Hongchen fall in love with Ye Feng to the extreme.

Fairy Hongchen also stood up at this time, came to Ye Feng, smiled and said: "Now that I have finished listening to the song, let's talk about business. The purpose of inviting Ye Feng to come this time, I think the people of Haoran Academy The dean has already told you in advance."

Ye Feng nodded immediately and said: "Dean Chen has already said that the senior wants to collect the inherited magic of the Queen of Yaochi."

Fairy Hongchen nodded and said: "It is true. The Queen of Yaochi once amazed this land for an era. She was a well-deserved queen at that time. She founded the Yaochi Holy Land with millions of disciples. She is someone I have admired since I was a child and until now. My idol is my belief, or spiritual support. Since ancient times, men have been kings and emperors, but in those ancient times, the Queen of Yaochi was a country that she worked hard for. This kind of spirit of daring to be the first, women The will to not give in has been the driving force behind my cultivation since childhood."

When Ye Feng heard these words from Fairy Hongchen, he immediately nodded with admiration and said: "I feel the will of senior, and now senior is actually enough to make the Queen of Yaochi proud, because you have also surpassed her cultivation and Achievement."

Fairy Hongchen sighed slightly and said: "But the Queen of Yaochi has been dead for tens of thousands of years. It is really a huge regret for me that I did not say a few words to her face to face, and it is also a huge regret for the descendants of our era."

Ye Feng said: "I did have a few words with Queen Yaochi."

Fairy Hongchen stared at Ye Feng, her beautiful eyes seemed to have a look of envy, and said: "Dean Chen has already reported to me what you encountered in the temple of Yaochi Holy Land. I'm so envious."

Ye Feng smiled helplessly and said: "Senior is the pinnacle of the Immortal Realm, but you still envy me, a little Eighth Secret Realm warrior?"

Fairy Hongchen smiled slightly and said: "If I could have a few words with the Queen of Yaochi in person, I would be willing to do so even if my cultivation has regressed to your level now. However, when the ancient ruins of Yaochi Holy Land were opened, I was in retreat. I will regret it for the rest of my life if I missed this time."

Ye Feng was slightly silent when he heard what Fairy Hongchen said.

It seems that the sister of the God of Thunder really regards the Queen of Yaochi as her only belief, otherwise it would not be possible for her feelings to be so strong and deep.

Thinking of this, Ye Feng took out the black fire unicorn egg from the fairy ring of Queen Yaochi, wrapped it in five-clawed golden dragon armor, and put it into his storage spirit ring.

Then Ye Feng took the fairy ring in his hand, looked at the mortal fairy in front of him, and said with a smile: "Senior, although you can't see the Queen of Yaochi, this storage ring belongs to the Queen of Yaochi back then. The personal ring, now I give it to my senior, it can be regarded as a kind of spiritual comfort. "

Fairy Hongchen immediately stared at the fairy ring in Ye Feng's hand, her fair and beautiful face was full of joy, and said: "Okay! Thank you!"

As soon as she finished speaking, Fairy Hongchen carefully took away Ye Feng's fairy ring, and then put it into her intimate dress very solemnly.

Seeing this, Ye Feng couldn't help but smile. This fairy ring was said to be a fairy ring, but in fact it was a little stronger than an ordinary storage ring, and the others were of little use.

So giving it to this mortal fairy at this time can be regarded as Ye Feng's own intention.

Ye Feng said: "Senior, now I will pass on the two inheritances of Queen Yaochi to you."

Fairy Hongchen nodded immediately, and stood in front of Ye Feng with her graceful and tall fairy figure. She closed her beautiful eyes slightly and said softly: "Come on."

"good."

Ye Feng nodded, then stretched out a finger and touched the white eyebrows of the Red Dust Fairy like lightning.

"Senior, concentrate your energy, and I will use my soul power and spiritual thoughts to teach the two major immortal martial arts inheritances of Queen Yaochi, Dragon and Phoenix Zhentian Pillar, and Immortal Mysterious Jade Hand, to senior."

"Okay, thank you."

...

The secrets of immortal martial arts inheritance are very obscure and complicated.

It took a full quarter of an hour for Ye Feng to finally inherit the two immortal martial arts of Queen Yaochi, Dragon and Phoenix Zhentian.

Zhu, the Fairy Xuan Jade Hand, without reservation, copied all the secrets to the mortal fairy in front of him.

Uh-huh!

At this time, Ye Feng finally retracted his finger.

Fairy Hongchen opened her eyes, and there was fairy light flashing in her pupils. She was obviously quickly analyzing the inherited martial arts of Queen Yaochi that Ye Feng had just taught her.

Ye Feng stood aside and waited slowly, thinking in his heart what kind of gift this mortal fairy would give him.

Although the fairy music played by Fairy Hongchen just now has caused Ye Feng's soul power to skyrocket, and even allowed him to awaken the fourth emperor seal of the soul emperor seal, the Great Golden Emperor Seal.

It can be said that Ye Feng has benefited a lot just now.

At this time, Fairy Hongchen seemed to have finished analyzing it, and she couldn't help but exclaimed: "It is indeed the inherited martial arts created by the Queen of Yaochi. Although the grade is not too high, it is only a third-grade immortal-level martial arts, but the true meaning of immortality contained in it, It's really worth continuing to learn now."

Having said this, Fairy Hongchen stared at Ye Feng in front of her, with a very good attitude, and said with a smile: "Ye Feng, are you willing to become my apprentice?"

Hearing what Fairy Hongchen said, Ye Feng was slightly startled.

Obviously, he never thought that the Red Dust Fairy would recruit him as her apprentice?

You know, this mortal fairy has always been like a dragon, and she is also a peak power in the fairyland, and she is the sister of the thunder god who controls the thunder god base.

Regardless of his identity or his own strength, he is superior to others.

I'm afraid that if the news of Fairy Hongchen's recruitment of apprentices spreads, everyone will step over the threshold to join her.

But at this moment, there was a hint of hesitation on Ye Feng's face.

Because Ye Feng knew very well that he would not stay long on the battlefield of all races.

In addition, Ye Feng knew that even if she became a master like Fairy Hongchen, who was so mysterious and invisible, she would not have many opportunities to meet her and would not receive any substantial guidance.

So at this time, Ye Feng cupped his fists and said: "Senior, this junior's home is not in the battlefield of all races, but in the spiritual world. Besides, this junior is used to wandering around, so..."

When Fairy Hongchen heard what Ye Feng said, she immediately said: "So you don't want to become my teacher?"

Ye Feng could only nod his head at this time.

Fairy Hongchen seemed to be a little unwilling, and walked up to Ye Feng. The beautiful and fair fairy face came right in front of Ye Feng's eyes, so close that she was almost touching her face.

At this moment, Ye Feng could even smell the faint fragrance of the other party.

Fairy Hongchen stared at Ye Feng with her beautiful eyes and said: "You have to know that you have now inherited the inheritance from Queen Yaochi. Many people even think that the fairy corpses and skeletons left by Queen Yaochi are still in your hands, especially some vicious ones. Foreign races, including many big powerful families of our own human race, are all eyeing you. If you can become my disciple, I will declare it to the world, so that you will have a talisman, and ordinary big powers will I don't dare to take action against you."

Ye Feng's eyes were cold and he said: "If those people dare to offend me, then I will let them know what it means to come back and never come back."

Fairy Hongchen glanced at Ye Feng in surprise. She didn't expect that the young man in black in front of her was so proud and proud.

Originally, Fairy Hongchen thought that by speaking out about these threats from the outside world, she would make Ye Feng obediently accept her as her teacher. Unexpectedly, this aroused Ye Feng's stubbornness.

But what Fairy Hongchen didn't know was that Ye Feng said these words not because he was conceited, but because he really had such strength now.

After Ye Feng's current invincible sword domain was integrated into the Dragon and Phoenix Fairy Sword, it has become extremely powerful. And with the immortal martial arts inherited by Queen Yaochi, Ye Feng's attack power will be extremely terrifying.

Moreover, this time he obtained many treasures left by ancient sages from the Sage Conference. Ye Feng felt that he might be able to directly break through to the Ninth Secret Realm in a short period of time, and by then his own combat power would skyrocket.

In addition, when a drop of Vulcan blood hatches a real Black Fire Qilin from the Black Fire Qilin Beast egg, according to Old Jinlong, even the newly hatched juvenile Black Fire Qilin will spray out The flames can definitely make ordinary immortal realm powers fearful.

So to sum up, Ye Feng knew that even if he faced a real ordinary powerful person in the immortal realm, he didn't have to have any fear at all, and he could even consider killing an ordinary powerful person who had just entered the immortal realm.

The actual situation is that many big families and foreign races simply cannot have the power to make a move in the Immortal Realm. At most, they can only exist at half a step in the Immortal Realm.

Because every powerful person in the Immortal Realm is an existence that suppresses the background of a clan. It is impossible to come out easily or casually.

Take action if it's convenient, otherwise the immortal realm powers from other forces may find opportunities to trap and kill him, and then annex the family forces they protect.

Therefore, the great masters of the Immortal Realm are basically like divine dragons who have never seen the end of their lives, or they are practicing with great concentration in the depths of their family's power, regardless of worldly affairs, and will only come out when there is a crisis of genocide.

Therefore, Ye Feng not only has no fear about the attacks and killings from various major forces and alien races that he may encounter next, but also has a trace of expectation.

Because once a strong person takes action against him, he can justifiably kill those strong people, then devour their skills and strengthen his own cultivation. These are not enemies at all, but a steady stream of cultivation for him. of nourishment.

Naturally, Fairy Hongchen didn't know Ye Feng's true thoughts at this time.

She just nodded and said: "After all, the great masters in the Immortal Realm are not cabbage on the roadside. You can get a lot of them when you grab them. Basically, they will not appear in the mortal world. You have to know that the powerful masters in the Immortal Realm are all owned by them. With infinite longevity, what they think about is no longer to fight and kill, but to constantly comprehend the immortal ways of heaven and earth and break through their own cultivation, because time has no meaning at all to the great masters in the immortal realm. , so some immortal realms exist, and they may be in seclusion for hundreds or thousands of years, and they don't pay much attention to mundane things. However, Ye Feng, you still have to be careful about those powerful half-step immortal realm experts. These half-step immortal realms If those who are powerful in the Immortal Realm hold immortal weapons or inherit Immortal-level skills, they may be able to unleash the true power of the Immortal Realm."

Ye Feng nodded slightly and said, "Thank you, senior, for reminding me. If this junior knows about it, he will definitely act with caution."

With that said, Ye Feng turned around and left. Being able to break through his soul this time has already been a great benefit and a huge harvest.

"etc."

But at this time, Fairy Hongchen suddenly spoke up.

She stared at Ye Feng and said: "You young man is very different from other people. If it were other men, when they were with me, they would definitely find ways to delay the time with me, be attentive to me, and try their best to please me. , but you gave me the feeling that you were just doing business. After completing your commitment, you couldn't wait to leave. Are you busy? "

Ye Feng turned around, smiled and said, "I'm not busy even if I say I'm busy, but I feel that what I have to do has been done."

Fairy Hongchen was slightly silent when she heard what Ye Feng said. Then she took out two things from her storage ring and said: "Anyway, you are the first one in so many years to fall into a state of intoxication after listening to my piano music." Confidant, not to mention you are still the inheritor of my idol. It doesn't matter if you don't worship me as your teacher. We can still be friends, so naturally I can't treat you badly. I will give you these two treasures. For the current You should be of great help."

Ye Feng looked at Fairy Hongchen's hand and found that the two things were a core shining with fairy light, and the other was an ancient book.

Fairy Hongchen explained with a smile: "This core is the fairy core of an alien ancestor in the fairyland. Three hundred years ago, I killed him in the depths of the wilderness and got this fairy core. Ye The wind you refine slowly will be of great benefit to your cultivation."

Ye Feng's eyes suddenly lit up and he said: "An immortal core from an ancestor of a foreign race in the Immortal Realm! What a good thing!"

At this time, Fairy Hongchen continued to smile and said: "This second treasure is an ancient book that records a very powerful sword inheritance, called the 'Tai Chi Heaven-Slaying Sword', which was written a thousand years ago. Created by a Tai Chi Immortal from the powerful Tai Chi Sect, it ranks as a second-level immortal-level swordsmanship and martial arts. Ye Feng, you must have obtained the Dragon and Phoenix Immortal Sword, the natal weapon of the Queen of Yaochi. It just so happened that I brought this set of swordsmanship and martial arts Here you go, once you practice it, you should be able to exert great power."

It has to be said that the two things Fairy Red Dust gave Ye Feng were not given casually, but precious gifts that she had thought about before and carefully selected.

Ye Feng took the fairy core and the ancient book, solemnly hugged his fists to the Red Dust Fairy, and said with a hint of gratitude: "Actually, I didn't give senior anything, but senior gave me such a precious gift. Thank you very much, senior for the gift." "

Fairy Hongchen smiled slightly and said: "It doesn't have to be like this, this is what it should be. By the way, Ye Feng, if you have time, you can come to me at the Thunder God Temple in the center of the Thunder God Base at any time, and I can continue to play a song for you. The sound of the piano."

Ye Feng immediately looked happy and said, "Okay! If I have time, I will definitely visit Senior Fairy often."

The music played by the Red Dust Fairy has great benefits for improving Ye Feng's soul power. It can cleanse his spirit and strengthen his soul power. Ye Feng will naturally not refuse this invitation.

After saying that, Ye Feng turned around and left the Sage Pavilion, disappearing at the end of the corridor outside in a blink of an eye.

At this time, the mortal fairy stared at Ye Feng's leaving back with her beautiful eyes, a slight smile on her beautiful face, and secretly murmured, "What a arrogant little guy, I am the disciple of the Dzogchen Immortal Realm." Not even willing, huh..."

Chapter 1106 Immortal Sect

When Ye Feng came out of the Sage Pavilion, he returned to the area he entered before.

At this time, Chen Tianshu, the dean of Haoran Academy, was still standing there waiting.

When he saw Ye Feng walking out of the Sage Pavilion, he immediately looked a little excited. He hurriedly stepped forward and couldn't help but ask: "How is it? Have you seen the true face of the Red Dust Fairy?"

Ye Feng glanced at Chen Tianshu in surprise, but still replied truthfully: "I saw it."

Chen Tianshu immediately asked curiously: "How is it?"

Ye Feng smiled and said: "Perfect."

"real?"

Chen Tianshu's eyes immediately lit up, and he asked expectantly: "How is Fairy Hongchen's attitude towards you? She doesn't look down on you as a junior, does she?"

Ye Feng shrugged and said: "Not only did I not look down upon me, but Senior Fairy Hongchen was very kind to me, and we had a pleasant chat with me, or she invited me to go to her residence from time to time to listen to her play music."

"What?!"

Almost at the moment Ye Feng's voice fell, Chen Tianshu was so shocked that he almost jumped up.

His eyes were full of horror, and he said: "What did you say? Fairy Hongchen invited you to her residence at any time, and she was also willing to play the piano for you?"

Ye Feng nodded and said, "Well, yes, that's what she said."

Chen Tianshu immediately stared at Ye Feng carefully, with a strange look in his eyes, and said, "Young friend Ye Feng, are you bragging? When it comes to the power of the Immortal Realm, you can't just talk nonsense. Otherwise, great disaster will befall you."

Ye Feng spread his hands and said, "I'm not bragging. Everything I said is true. It's up to you to believe it or not."

After finishing speaking, Ye Feng walked not far away and heard a voice: "Dean Chen, we are going to live in Haoran Academy for a few days in the next few days. I need to refine the resources obtained from this sage conference and conduct Practice."

Chen Tianshu said immediately from behind: "Okay, you can stay for as many days as you like."

...

Half an hour later, Ye Feng returned to the previous Accord.

At this time, Gu Qinlan and Lao Jinlong were practicing separately in the room.

The moment Ye Feng entered the room, one person and one dragon sensed Ye Feng's aura.

They opened their eyes one after another, and then saw the undisguised joy on Ye Feng's face.

Gu Qinlan immediately smiled and said: "Looking at Ye Feng's expression, I can tell that you will definitely get a lot of benefits from meeting that mortal fairy this time."

The old golden dragon was very direct, and rushed to Ye Feng's side, stretched out a golden dragon claw, and immediately hugged Ye Feng's shoulders, showing a sly smile, and said: "How is it? What good thing did you get? It must be a treasure, right? You are a money addict and very greedy. It must be a treasure that makes you laugh till now!"

Snapped!

Ye Feng knocked the old Jinlong's faucet hard and said: "You are the money addict!"

"Fuck! It hurts so much! Is your body getting hard again?"

Lao Jinlong immediately covered his head and stared at Ye Feng resentfully.

Then the old fritter still refused to give up and asked: "Hurry up and tell me what treasure the Red Dust Fairy gave you. It must be something good. Otherwise, you kid can't keep laughing and make me happy, can't you?"

Ye Feng glanced at Lao Jinlong and said, "Okay, it doesn't hurt to show it to you. In fact, it's not a very precious thing. It's just an immortal core from the ancestor of the alien fairyland, and a set of second-grade immortals." Super swordsmanship inheritance."

"What? Immortal Core!"

Old Jinlong's eyes widened immediately, and he said with envy and hatred: "The Immortal Core is the most essence of the creatures in the alien fairyland! According to my many years of research, at least one of them contains nearly half of the alien immortality. Jing Da Neng's power while alive."

"What, nearly half of the power of a powerful alien from the Immortal Realm?"

Ye Feng was also shocked at this time and said: "So much energy? I didn't know that before. I thought that the fairy core is similar to an ordinary beast core. It can contain at most one percent of the original owner's skill and energy. That's good. No. How huge is it to think that I have nearly half of the power! It seems that this time I can break through the bottleneck of the eighth secret realm and rush directly into the ninth secret realm, the Immortal Gate Realm!"

Gu Qinlan could not help but smile and said: "Ye Feng, this time

This time you really got lucky, what are you going to do next? Should you continue to be a guest in the Beacon Fire Mercenary Group, or should you return to the spirit world with me? "

Ye Feng's eyes showed a hint of surprise, and he looked at Gu Qinlan and said, "Are you going back to the spirit world?"

Gu Qinlan nodded and said: "I came to the Battlefield of Ten Thousand Races several months before you. I have been practicing here for a long time, and I have finished talking about the things that need to be discussed. I am going to go back to Xuzhou to practice in seclusion for a while. , see if you can hit the immortal realm."

Ye Feng looked shocked and said: "Miss Lan, are you about to enter the fairyland?"

Gu Qinlan smiled and said: "Don't be so surprised. When I practiced with you before, I only hid part of my cultivation. In fact, my true cultivation realm has already entered the ninth secret realm. This time I came to Ten Thousand I went to the tribal battlefield to find some opportunities for breakthroughs. Unfortunately, I didn't gain much. However, I gained a lot from the sage conference this time, and I also listened to many lectures by powerful people in the fairyland. I feel like I'm about to catch it. The opportunity to step into the Immortal Realm is here. This feeling of opportunity is really rare, so I can't delay it any longer. I want to return to the Snow State of the Spirit Realm as soon as possible and practice in seclusion in a quiet and peaceful environment. "

Ye Feng nodded and said: "Yes, the opportunity for breakthrough is indeed very precious. Now that you have grasped some opportunities, the best choice is to go back to retreat for meditation. But I'm afraid I can't go back with you. I just came to the Thunder God Base. , I want to stay here for a while."

Gu Qinlan looked at Ye Feng and said with a smile: "Your inheritance is very special. It is not easy to break through in a calm environment, so this battlefield of ten thousand races is very suitable for you."

After saying that, Gu Qinlan walked towards the outside of the Yage, and the last voice came: "Ye Feng, I am waiting for you to come back at the Xuezhou Mansion. I estimate that this retreat will take a long time, maybe several years, or even more than ten years." , decades."

For Gu Qinlan, let alone decades, hundreds or thousands of years are not precious to her now.

Because once she can break through to the fairyland, time will have no meaning to her.

So Ye Feng knew very well that although Gu Qin Lan said it very plainly, Ye Feng guessed that if Gu Qin Lan could not break through to the immortal realm, she might never come out of seclusion until her longevity reaches the end and then she passes away.

Ye Feng looked at Gu Qin Lan's leaving figure and suddenly shouted: "Miss Lan!"

Gu Qinlan paused, turned around slightly, glanced at Ye Feng with some doubts, and said, "What's wrong?"

Ye Feng smiled and said: "If you really can't break through to the immortal realm, then come out of seclusion. Don't be in seclusion. I'm still waiting for you outside."

When Gu Qinlan heard what Ye Feng said, a touching smile suddenly appeared on her beautiful face, and she said: "Okay, I remember, if I really can't break through, then I will come to Ye Feng, and I will A friend of yours."

Ye Feng immediately said: "Don't worry, I will help you."

"Um."

Gu Qinlan nodded, turned around with her graceful figure, jumped up, and disappeared into the corridor outside the Accord.

Ye Feng then turned around, looked at Old Jinlong, and said, "You said before that Miss Lan is not weaker than me. Did you find something?"

Old Jinlong shook his head and said: "I didn't find anything, I just felt that there is an aura about your Miss Lan that makes me feel afraid."

Ye Feng said: "Your eyes are vicious, can you tell what kind of inheritance she is practicing?"

Old Jinlong still shook his head and said, "I can't tell. She hides it very deeply and is as mysterious as you."

When Ye Feng heard what Lao Jinlong said, he could only give up temporarily.

"It's better to strengthen your own strength first."

Ye Feng looked at Old Jinlong and said: "We will stay in Haoran Academy for a few days. I want to refine and refine all the training resources I obtained this time. There are still many martial arts inheritances to understand."

Old Jinlong nodded and said: "I can do it, it doesn't matter. It just so happens that Haoran Academy is full of sage spirit, and it's very comfortable to stay here."

Ye Feng nodded and led Lao Jinlong towards the outside of the Accord.

On the way, Ye Feng found Chen Tianshu and asked the dean to arrange a place for them to live.

leaf

Feng now has such a good relationship with Fairy Hongchen, so Chen Tianshu naturally takes it very seriously.

He directly arranged Ye Feng and Lao Jinlong in a castle in the innermost part of Haoran Academy.

This castle is incompatible with the buildings of many surrounding academies.

But the people living in this castle are all the half-step immortal masters from Haoran Academy. It is a residence specially built for these top powerhouses.

Ye Feng and Lao Jinlong settled in a house in the castle.

...

It's night, and the lights are like beans.

In a dark training stone room.

Ye Feng sat cross-legged and took out the fairy core from the storage ring.

This fairy core was one of the gifts given to Ye Feng by Fairy Hongchen.

At this moment, this fist-sized fairy core is emitting a faint fairy light and looks very pure, as if it is made of the most perfect diamond in the world.

boom!

Ye Feng directly released the creation oven, put the immortal core into the oven, and began to undergo intense refining.

This fairy core is very advanced, and it is useless for Ye Feng to swallow it directly, unable to absorb the huge fairy power in it.

Only by directly using the Creation Oven and utilizing the terrifying smelting power in the Creation Oven can this fairy core be completely melted and absorbed.

"boom!"

And almost at the moment when the immortal core was put into the oven of creation, an extremely terrifying amount of pure immortal power suddenly erupted from the oven, rushing into Ye Feng's body and beginning to strengthen his magic power and merge into him. Among the limbs and bones.

At this moment, Ye Feng felt that his entire body was beginning to surge. It felt like he was bathing in the legendary fairy pool, able to endlessly absorb the pure and incomparable fairy power.

"boom!"

Suddenly at a certain moment, a new and huge martial arts momentum broke out in Ye Feng's body and spread.

That was the explosive momentum of a breakthrough in cultivation!

"Great Perfection Realm of Creation!"

At this moment, Ye Feng's eyes were extremely excited. He didn't expect to break through the first level so quickly.

Ye Feng knew very well that with the Divine Art of Creation he had cultivated, the higher his level of cultivation was, the more terrifying energy he needed to break through.

But now, in just half an hour, I have broken through from the Dacheng Creation Realm to the Dzogchen Creation Realm!

This kind of improvement rate is really terrifying!

"Continue refining!"

Ye Feng could feel that the fairy core in the oven of creation had not been completely refined yet and still had a lot of fairy power.

In this way, Ye Feng slowly refined the immortal core in the secret training room, and his magic power became more terrifying and powerful day by day.

In addition, Ye Feng asked Lao Jinlong to integrate the blood of the Vulcan into the Xuanhuo Qilin beast egg to see if he could hatch a race of starry sky overlords like the Xuanhuo Qilin as soon as possible.

In the process of practicing in the secret room, in addition to refining the immortal core, Ye Feng was also comprehending the two third-level immortal-level inheritance of the Queen of Yaochi, the Dragon and Phoenix Suppressing Tianzhu and the Immortal Xuan Jade Hand, as well as the previous gifts from the Red Dust Fairy. That set of second-grade immortal-level swordsmanship inheritance, the Tai Chi Heaven-Destroying Sword!

During this period of seclusion, Ye Feng was not only rapidly improving his cultivation, but he was also quickly comprehending the secrets of various martial arts inheritances that he had previously acquired.

On the seventh day.

In the secret training room where Ye Feng is.

"Buzz!"

An incomparably huge momentum, like the energy of an angry dragon that suddenly opened its eyes, instantly exploded in the entire practice chamber.

"Click, click..."

Even the walls around the secret room, which were poured with molten iron and specially reinforced, began to crack with cracks at this time, and the scene was very horrifying.

At this moment, Ye Feng, who was sitting cross-legged in the middle of the secret room, slowly opened his eyes.

At this time, you can vaguely see that there seems to be a bright light on Ye Feng's eyebrows. The shape of the bright light is a small door, which reveals endless mystery.

This is the Immortal Sect!

It means that practitioners are about to knock on the door of the fairyland.

That's right!

At this moment, Ye Feng finally broke the shackles of the eighth secret realm.

, breaking through to the ninth secret realm, the Immortal Gate Realm!

"After refining an entire immortal core, I finally entered the primary immortal realm!"

Ye Feng couldn't help but murmured. He clenched his fists and felt infinite power surging through his body. It felt like he could smash a 10,000-meter-high mountain into pieces with one punch.

Uh-huh!

Ye Feng suddenly stood up and broke through to the ninth secret realm. He was in a great mood.

Humming a little tune, Ye Feng walked out of the secret practice room.

In the room outside, the old golden dragon was holding an animal egg covered with red scales and was sleeping soundly at the door of the room, basking in the sun shining in from outside.

Ye Feng walked over, kicked one of the old golden dragon's golden claws, and said, "How is the hatching of the Black Fire Qilin Beast egg?"

The old golden dragon suddenly woke up and said: "I have integrated that drop of Vulcan's blood into the Xuanhuo Qilin beast's egg. It is estimated that within a few months, a member of the starry sky overlord race, Xuanhuo Qilin, will be born." The cubs can be hatched and born."

"How many months?"

Ye Feng nodded, his eyes showing a hint of surprise.

If it were before, it would probably take tens of thousands of years to hatch the Black Fire Qilin.

But now a drop of Vulcan blood has shortened such a long time to a few months in an instant, which is very good!

Ye Feng walked out of the room and said, "It's time for us to leave Haoran Academy."

Boom, boom, boom!

At this moment, there was a rush of footsteps not far away.

As soon as Ye Feng walked out of the room, he saw at the end of the corridor on the left, Chen Tianshu, the dean, was rushing towards him.

The direction is exactly the direction of Ye Feng.

"Little friend Ye Feng, you have finally finished practicing and come out of seclusion? That's great!"

When Chen Tianshu came over, he grabbed Ye Feng's wrist and pulled him towards a certain direction.

Lao Jinlong quickly followed up and asked, "Chen Tianshu, where are you taking Ye Feng to?"

Chen Tianshu now also knew the identity of Old Jinlong, a rare five-clawed golden dragon. He immediately responded: "Senior Jinlong, you don't know something. The seal of suppressing a dark evil tribe within our Haoran Academy has been loosened. We need to Enter that sealed space and re-strengthen the seal."

Hearing this, Ye Feng couldn't help but wonder: "There are so many elders in the Immortal Realm of Haoran Academy, can't they just go and reinforce it?"

Chen Tianshu sighed and said: "Originally, all the sages and elders were asked to reinforce it, but this time, the sealed dark evil clan used dark evil energy to erode the sealed space and made it extremely fragile. That fragile sealed space cannot contain the powerful life energy of the Immortal Realm. Otherwise, it will collapse instantly, and those terrifying dark evil tribes will break free and come out in full force. It will definitely be a disaster for the entire Haoran Academy. A devastating disaster."

Ye Feng's eyes immediately moved and he said: "So Dean Chen is planning to let the existence of the Ninth Secret Realm enter to strengthen the seal?"

"That's right."

Chen Tianshu said: "I have asked my two close disciples Lu Fan and Xu Mujun to take the treasures needed to strengthen the seal into the seal space, but it has been three or four days and no news has been transmitted, and I have not lost the token connection with them, so this time I can only ask little friend Ye Feng to take action and go in to see what's going on. I know that Ye Feng's combat power is terrifying, almost as good as the half-step immortal realm. This time, please do me a favor and save the entire Haoran Academy."

Ye Feng heard what Chen Tianshu said and was about to say something out loud.

But Chen Tianshu immediately continued: "As long as little friend Ye Feng can enter the sealed space to see what is going on and help my two apprentices strengthen the seal successfully, I have already made an agreement with the Supreme Elder of the Nine Immortals Realm. , they will take action at the same time to help you, little friend Ye Feng, undergo a sage baptism! It is like having the Nine Great Immortal Realm help you imbue you with immortal power at the same time, allowing your cultivation to grow rapidly!"

Ye Feng's eyes lit up and he said: "Okay, I will go to the sealed space to check the situation. Dean Chen, remember your promise."

Chen Tianshu pulled Ye Feng and couldn't wait anymore. He immediately said: "Don't worry, as the head of the hospital, I won't lie to you. Don't worry! The top priority now is to rescue my two disciples. They two But I still count on the children I have worked so hard to train for their old age, so I can't just die. It would be such a loss if they die!"

Ye Feng: "..."

Chapter 1107 Blood Road in the Starry Sky

When Ye Feng and Lao Jinlong followed Chen Tianshu, the dean of Haoran Academy, to a sealed square inside the academy.

They immediately saw monstrous evil spirits filling the entire seal square.

There are a total of more than a dozen sculptures of ancient sages on the square, all of which are suppressed here.

But at this time, the sculpture of the ancient sage was covered with thick black air.

It was obviously severely corroded, and this sealed square was almost about to burst.

At this moment, Chen Tianshu's eyes were full of anxiety, and he quickly explained: "Little friend Ye Feng, under this square, what is sealed is the entrance of a passage of the dark evil clan. This dark evil clan comes from a A very advanced and terrifying interface, called the 'Dark Evil World', is known as the most destructive interface and dark evil spirit in all the worlds, so suppressing this seal is crucial."

Ye Feng nodded and said: "Don't worry, I'll go in and take a look. As long as this seal hasn't been completely broken yet, there shouldn't be a big problem."

Chen Tianshu nodded, then took out a golden talisman from his arms and threw it towards the seal square in front of him.

"Buzz!"

Almost at this moment, white rays of light suddenly appeared on the dozens of sculptures of ancient sages around them, all focused on the golden talisman.

Wow!

And at the next moment, this golden talisman seemed to have absorbed enough of the ancient power of the sages from more than a dozen ancient sage sculptures, and suddenly formed a golden space gate high in the sky.

Chen Tianshu said: "This is the entrance to the sealed space, little friend Ye Feng, this time it all depends on you."

Ye Feng nodded, then jumped up, flashed directly into the sky, and came to the golden space door.

He walked into it instantly and disappeared.

Lao Jinlong watched this scene outside, then stared at Chen Tianshu beside him, and said: "The dark evil world is a high-level interface comparable to the legendary fairy world. Those dark evil tribes are extremely cruel and terrifying, even worse than the demon world." The tribe is even more terrifying, are you sure there is no problem letting these young people in? "

Chen Tianshu immediately said: "Senior Jinlong, please rest assured. Since little friend Ye Feng agreed to go in, he must have his own control. Moreover, there is really no other way now but to invite little friend Ye Feng to help. "

After hearing this, Lao Jinlong was silent for a while, then nodded and said: "Ye Feng, this kid is indeed very mysterious and has many tricks."

And just outside, Lao Jinlong and Chen Tianshu were chatting without a word.

Ye Feng passed through the golden space door and came to the sealed space.

At this moment, Ye Feng suddenly discovered that there was a starry sky around him.

At this time, he was walking in a void of stars.

"That is....."

There is a small planet not far away. At this time, the entire planet is shrouded in black air.

Countless evil humanoids, with their bodies covered with black scales and their eyes red, were currently besieging the two young figures glowing with divine light on the planet.

The two young men who were fighting in a bloody battle were none other than Chen Tianshu's two close disciples, Lu Fan and Xu Mujun!

Although the two people were glowing with divine light at this time, if you look closely, you can see that their hair is a bit messy.

Moreover, blood was flowing from the corners of their mouths, and there were many battle wounds on their bodies. They were submerged in the endless siege of the dark evil clan.

Although the two of them were still fighting bloody battles, it was obvious that they could no longer hold on.

At this moment, Ye Feng stood in the starry sky, overlooking the entire small planet, and immediately saw that the entire planet was blocking the entrance to a huge dark passage spreading in the starry sky.

Once this planet collapses, it will no longer be able to block the entrance to the void and dark passage in the starry sky.

As a result, there may be endless dark evil tribes escaping from their traps and coming out in full force.

At that time, it will be a huge disaster not only for Haoran Academy, but also for the entire Thor Base.

Ye Feng himself is a human race, so he naturally has great righteousness and wants to deal with the alien race that wants to destroy and devour the human race.

After all, if the skin is gone, the hair will not be attached.

Even if it is not for the benefit that Chen Tianshu promised to him, let the Supreme Elder of the Nine Immortals Realm perform the sage baptism.

Ye Feng saw this horrific disaster scene at this time, and as long as he had the ability, he would try his best to strengthen the seal.

If he really had no ability, Ye Feng would not be so stupid as to step forward to help.

But now as his cultivation level has skyrocketed and his combat power has increased, Ye Feng has become more and more confident.

"Uh-huh!"

With this thought, Ye Feng instantly activated his powerful skills and flew towards the huge planet blocking the entrance to the dark evil world's starry sky.

As he got closer, Ye Feng felt his scalp tingling more and more, because the entire planet was densely populated by dark evil tribes.

All of them were tall and powerful, their bodies covered with dense scales like black armor, their heads were like triangular snakes, their pupils were red, and they looked extremely scary.

However, what made Ye Feng a little relieved was that there were no dark evil creatures at the level of the Immortal Realm that broke the seal and ran out. Most of them were from the Seventh Secret Realm, the Eighth Secret Realm, or the Ninth Secret Realm.

Of course, there are also many dark evil tribes in the Half-Step Immortal Realm. They are all evil tribe leaders and are besieging the two close disciples of Chen Tianshu with all their strength.

At this time, Ye Feng approached the planet that sealed the entrance. Before he could reach the surface of the planet, there were suddenly fierce and powerful beasts.

The dark evil clan attacked.

"Another human race!"

"Hahaha! This group of humans is really stupid and pitiful, they sent another person to die!"

"Hmph, it's good to have one more strong human race. Kill him and use the blood of the human race to defile the power of the ancient sages in this sealed planet. Then our entire dark race can escape!"

At this moment, countless creatures from the dark evil clan were roaring with excitement in killing.

However, the language they used was naturally the language of the dark evil tribe, which Ye Feng could not understand. He only heard a group of dark evil tribes roaring and charging towards him.

"Invincible Sword Domain!"

At this moment, Ye Feng directly released his ultimate move, Invincible Sword Domain.

Clang! Clang! Clang...

Accompanied by bursts of harsh sword sounds, a war sword bloomed with bright sword light, spinning in the space around Ye Feng.

Dozens of war swords rotated rapidly around Ye Feng, forming a huge sword wheel that enveloped Ye Feng's entire body.

"Pfft!"

"Pfft!"

"Pfft!"

The space around Ye Feng and the Invincible Sword Domain simply became a meat grinder.

No matter how many dark evil clans came over to attack them, they were instantly cut into pieces of flesh and blood by countless swords in the Invincible Sword Domain. The scene looked extremely bloody.

The killings continued, and the dark evil tribes rushed over desperately, but without exception, they were all quickly cut into pieces by Yue Yefeng's invincible sword field, like cutting wheat, they fell down as soon as they were cut. A big piece.

Moreover, Ye Feng directly released the Devouring Domain at this time.

"boom!!!"

Suddenly, a large vortex of darkness appeared above his head, condensing into a darkness-devouring realm.

The dark evil tribe are not undead in the world of the undead, but creatures of flesh and blood. Although they are very cruel and brutal, they are still flesh and blood, and the dark energy contained in their bodies is very advanced.

At this moment, the Invincible Sword Realm is responsible for cutting off the dark evil tribes one after another, while the Devouring Realm is to quickly devour the blood energy and life source of the dark evil tribes that were cut and killed.

"Grrrrrrrrrr..."

Then huge and boundless energy sources all converged into Ye Feng's body.

"What terrifying energy!"

Ye Feng's eyes were full of huge surprise.

He discovered that the blood energy of the dark evil tribe in the seventh and eighth secret realms was comparable to that of an ordinary human being in the ninth secret realm.

It is indeed a creature from the advanced interface!

Sure enough, the source of life and blood energy are extremely advanced and majestic!

At this moment, the power in Ye Feng's body is growing rapidly.

To ordinary people, the dark evil tribe was a nightmare, but in front of Ye Feng and in his eyes, it was a steady source of energy, a rich and powerful source of nourishment for his growth.

At this time, the ferocity and terror of the Invincible Sword Domain was finally revealed.

Including the dragon and phoenix swords, a total of forty-nine swords, like the scythe of the god of death, quickly harvested the lives of the dark evil tribes.

Ye Feng knew very well that without the Invincible Sword Domain, even if he held a sword in one hand and fought with two swords, he would not be able to kill these endless dark evil tribes so quickly and efficiently.

The dark evil clan, as dense as locusts, were still fearless of death and surged towards Ye Feng.

"Hahaha! You are all nourishment! Nutrience! If you come here, you can only die to strengthen my cultivation and energy!"

Ye Feng burst out laughing at this moment, watching the surrounding Invincible Sword Realm quickly harvesting the dark evil tribe, watching the blood flying and the flesh and blood broken, his eyes were full of madness and cruelty.

"kill!"

"kill!"

"kill!"

At this moment, Ye Feng not only used the Invincible Sword Domain to automatically harvest the dark evil tribe, he also quickly displayed various powerful martial arts.

"Dragon and Phoenix suppress the Tianzhu!"

"Xianling Xuanyu Hand!"

boom!

boom!

On a huge sky pillar, there are phantoms of real dragons and phoenixes entwining, full of endless pressure. When suppressed, thousands of dark evil tribes were shattered in an instant.

The Xuan Jade Hand of the Fairy Spirit was even more terrifying. The big hand condensed with nine-colored fairy light was bombarded at once, and tens of thousands of dark evil tribesmen were beaten to pieces.

"boom!"

At this moment, Ye Feng's body suddenly burst out with a new and powerful martial arts aura.

That is a sign of breakthrough in cultivation!

At this moment, after absorbing the blood energy of hundreds of thousands of dark evil tribesmen, Ye Feng's cultivation level suddenly broke through from the primary level of the Ninth Secret Realm to the intermediate level of the immortal level!

It can be seen that the small white light in the center of Ye Feng's eyebrows is getting stronger, which shows that Ye Feng is one step closer to becoming a true immortal.

At this moment, Ye Feng was frantically killing the dark evil tribe. In the dark army that was as dense as locusts, it was as if he was in an uninhabited land. He used his unparalleled combat power to forcefully carve out a bloody path in the starry sky!

The violent movement of Ye Feng's killing finally caused Chen Tianshu to close the door on the surface of the planet.

disciple's attention.

They had been killed and were almost in despair, thinking that they might be buried here today.

But what I never expected was that an invincible young god of war appeared in the distance!

"It's Young Master Ye Feng!"

On the surface of the planet, junior sister Xu Mujun was the first to see Ye Feng's true face, and she immediately burst into laughter.

Senior brother Lu Fan was even more excited and shouted: "Master Ye! It's Master Ye who is here to save us! Okay! Great! Master Ye is the son of Interface! He's so powerful!"

boom! .??.

At this moment, Lu Fan suddenly shouted: "Martial Emperor's body! Kill!"

boom! .??.

His whole body suddenly swelled up, and he swelled directly into a little giant more than three meters tall. His skin was covered with a layer of armor-like cyan skin. With one punch, there were more than a dozen of them. The dark evil tribe was killed and shattered.

Lu Fan shouted to Xu Mujun beside him: "Junior sister, let's stop holding back. Use our strongest means to kill and join Young Master Ye!"

Xu Mujun nodded immediately, a look of determination flashed through her beautiful eyes, and she suddenly chanted: "Vine of Life! Release your most original power!"

Xu Mujun comes from the elven clan, and her inheritance is a racial talent called the vine of life.

The moment she spoke out.

Uh-huh! Uh-huh! Uh-huh...

Huge green vines, with dozens of roots, rushed out directly from her hands. Each green vine was like the sharpest war spear in the world, "Puff" "Puff" "In an instant, it pierced the bodies of many people from the dark evil clan.

Then the strange thing is that the moment these dark evil tribes were pierced, their bodies shriveled up, as if their life essence was sucked out instantly by the life vines.

On the other hand, Xu Mujun's beautiful face was rosy.

It is obvious that he has been fed back by the power of life!

Xu Mujun's racial talent is somewhat similar to Ye Feng's devouring ability.

But Ye Feng's devouring ability can directly absorb the source of life and skills to strengthen himself.

But Xu Mujun only absorbed some life force, making her life source stronger, and her cultivation skills were not blessed.

At this moment, Lu Fan and Xu Mujun, brothers and sisters, all unleashed their strongest inheritances and killing moves, heading towards Ye Feng to join up with Ye Feng.

At this time, Ye Feng also observed two people coming towards him not far away, and he also went to kill them in the direction of them.

Finally, half an hour later, the three people finally met.

At this time, Lu Fan and Xu Mujun immediately breathed a sigh of relief after entering the protective circle of Ye Feng's Invincible Sword Domain.

The killing they had just carried out in half an hour had almost exhausted all their strength. Both of them were pale and blood-stained, and they were obviously very dangerous.

At this time, Lu Fan and Xu Mujun saw that the invincible sword domain around Ye Feng formed an airtight sword wheel protection circle, like a meat grinder, crazily harvesting lives in the dense tide of dark evil tribes. .

Ye Feng stood in the center of the Invincible Sword Domain, very calm, like an emperor of the Sword Domain.

This scene made Lu Fan and Xu Mujun look extremely horrified, and then they were filled with deep awe.

This Young Master Ye Feng is really too powerful, with countless methods, and each of his killer moves is simply amazing.

Lu Fan and Xu Mujun were shocked as they watched Ye Feng kill those ferocious dark evil tribes, just like chopping melons and vegetables.

But at this time, the two of them looked like they were about to ask questions.

Ye Feng smiled and said: "Your master, Dean Chen, asked me to help you."

Lu Fan immediately nodded vigorously and said: "Master Ye, we must strengthen the seal in this sealed space now, otherwise the more powerful dark evil tribe will rush out, which will be troublesome."

Ye Feng nodded and said: "I heard from Dean Chen that the treasure that strengthens the seal is in your hands. Show it to me. How can I strengthen the seal?"

Lu Fan immediately said: "Master Ye, this is very simple."

As he spoke, he took out a small transparent crystal stone from his arms. This crystal stone was very magical. Inside the small crystal stone, there were actually mini shadows of ancient sages chanting something in it. , the entire crystal stone exudes a faint white light, looking full of sacred flavor.

At this time, Lu Fan explained: "This crystal stone is called the All Saints Stone. It is the core of the seal passed down from generation to generation in our Haoran Academy. As long as this All Saints Stone is placed in the middle area of the planet under our feet, On the groove of the All Saints Platform, the sealing formation set up by the ancient saints on the entire planet can be activated. If the sealing formation is charged with enough holy power, this sealing space will be re-reinforced, at least it can be restored. Stable for ten thousand years."

Ye Feng stared at the All Saints Stone, nodded and said: "Okay, I will take you to the middle area of the planet now to find the All Saints Platform and put the All Saints Stones in it."

Lu Fan nodded and said, "Thank you, Mr. Ye, for being able to enter this dangerous place to help us this time."

Ye Feng smiled and said, "It doesn't matter."

boom! .??.

Almost at the next moment, Ye Feng activated the Invincible Sword Domain with all his strength, unleashed all his martial arts skills with one move, and once again cut a bloody path in the starry sky, heading towards the middle area of the planet.

Boom! !

Boom! !

The terrifying fight turned the starry sky red.

The entire planet is filled with broken corpses of the dark evil race.

"Stop that human boy! We must not let him put the All Saints Stone back into the All Saints' Platform. Then we will be suppressed for another ten thousand years!"

Suddenly, at this moment, a terrifying evil thought came out from the other side of the starry sky entrance blocked by the planet.

boom!

boom!

Immediately at the next moment, all the most powerful dark evil tribes in the Half-step Immortal Realm woke up. From other areas of the planet, their eyes were full of killing light, and they started to kill Ye Feng and the others. .

Boom boom boom!

Boom boom boom!

The dark evil tribes were not afraid of death, and even came to Ye Feng's body, and directly exploded wildly, erupting with terrifying destructive power, completely destroying Ye Feng, Lu Fan and Xu Mujun.

"Crack!"

No matter how powerful Ye Feng is, he still can't sustain himself in the face of countless dark evil clan self-destructions. The Invincible Sword Domain has been broken through a line of defense, and even many lower-grade True Saint-level war swords have cracked. The gap is about to collapse.

Lu Fan and Xu Mujun's eyes showed nothing but fear at this moment. The attacks of these dark evil tribes were really too fierce.

The three people were like a small boat at this time, being hit by countless violent waves in the dark ocean and about to capsize and be annihilated.

Ye Feng suddenly stared at Lu Fan at this time and shouted: "Give me the All Saints Stone! I want these dark evil tribes to know how terrifying the true potential of the human race is."

"good!"

Lu Fan immediately handed the All Saints Stone to Ye Feng.

Almost at the next moment, Lu Fan and Xu Mujun looked at the scene in front of them, their eyes were stunned, and their faces were stunned to the point of being stunned.

"The laws of heaven and earth!"

"Immortal golden body!"

boom!

Almost at this moment, Ye Feng activated his seventh natal companion talent.

At this moment, his whole body began to swell, and he swelled in the starry sky and became a golden giant with a height of 20,000 feet. It was majestic and majestic, as if the ancient golden god had revived and brought with it Endless shock.

The immortal golden body of the human race transformed from Fa Tian Xiang Di has a total of eighteen levels. Every time it breaks through one level, the golden giant Ye Feng transforms into can increase in height and become ten thousand feet larger.

Now Ye Feng's Law of Heaven and Earth is the second level.

So the moment he inspired it, he rose up from the ground and expanded into a tall golden giant of 20,000 feet.

In the boundless starry sky, a 20,000-foot golden giant stood across the sky, like a giant spiritual god that reached the sky and the earth suddenly appeared in the dark ocean.

This scene is very visually impactful!

"boom!"

The golden giant was holding the All Saints Stone at this time, and his huge golden hand shot it down from the starry sky, like a huge meteorite bombarding the planet, killing hundreds of thousands of dark evil tribes with one slap.

"The legendary human giant who has disappeared from history..."

Countless dark evil tribes fell into endless shock and sluggishness at this moment.

The golden giant in the starry sky is almost as big as an entire planet. It is really shocking.

"boom!"

At this time, Ye Feng's arm, like a golden pillar, suddenly reached the middle area of the planet and pressed the All Saints Stone into the groove of an ancient altar.

That is the All Saints' Altar, the altar built by the All Saints back then to seal the dark evil clan.

"boom!"

And almost at the moment when the All Saints Stone was pressed into the groove on the All Saints Platform, a terrifying and boundless great Will of the All Saints awakened.

Buzz! !

Strands of dazzling white divine light shone out inch by inch on the surface of the entire huge planet. The entire planet bloomed with brilliant white divine light in an instant, full of infinite power.

"ah!"

"ah!"

Almost at this moment, tens of millions of dark evil tribes were pierced by the white divine light on the planet, and then they were completely wiped out.

At this time, in the starry sky not far away, the 20,000-foot golden giant disappeared.

Ye Feng's body was shaking a little and his face was pale. It was obvious that he had consumed too much and became the size of a normal person, falling from the starry sky.

Although the golden giant transformed by Fa Tian Xiang Di has the power to reach the sky, it only took a moment to almost overdraw all of Ye Feng's power.

"Master Ye!"

"Master Ye Feng!"

Swish!

At this moment, brother and sister Lu Fan and Xu Mujun flew over immediately. One of them held one of Ye Feng's arms and lifted Ye Feng down to the surface of the planet to protect him.

At this time, countless dark evil tribes on the entire huge planet were screaming in agony and were quickly eliminated by the white sacred light.

Lu Fan's eyes were excited and he said: "Master Ye! We succeeded!"

Xu Mujun also held Ye Feng's arm at this time and supported him. His beautiful face was full of excitement and said: "Master Ye Feng! The will of the ancient saints has been activated! The seal of the entire planet It's been reinforced again! That's great! Those dark evil tribes will be suppressed for another ten thousand years!"

Ye Feng's face was a little pale, but he couldn't help but grin when he saw the white divine lights on the planet frantically killing those dark evil races.

Chapter 1108 Planning

"Rumble..."

At this moment, the infinite light of the ancient saints, a vast expanse of white, extremely sacred, shines out from the interior of the planet.

These lights of saints contain extremely huge ancient power and can destroy all the dense and endless dark evil races on the surface of the planet in an instant.

And this kind of destruction is like ashes, not even a little bit of debris is left.

At this moment, Ye Feng looked at the spectacular scene of destruction in front of him, although he felt a little regretful that he could not devour the power of these dark evil tribes.

But I thought that all my strength was now exhausted. Without the sacred light of the ancient sages to wipe out all these endless dark evil races, I am afraid that I would not be able to withstand the endless killing calamity.

At this moment, Ye Feng, Lu Fan and Xu Mujun were standing on the vast planet, watching the endless dark evil races on the entire planet being wiped out. ??

This scene is really shocking!

All three of them felt deeply shocked from the bottom of their hearts. After all, the grand scene in front of them was truly a once-in-a-thousand-year experience.

When all the dark evil races on the entire huge planet were wiped out, a huge light and shadow suddenly appeared on the ancient All Saints' Platform.

This is a human-shaped light and shadow, which seems to be the will of ancient saints.

At this time, this huge light and shadow of saints made a grand and sacred voice: "You three descendants of our human race have brought us the pure power of saints this time, and your contribution is huge. Next, you will get the rewards you deserve." , we, the fallen ancient saints, are paving the way for our descendants."

Buzz!

Almost at the moment when the huge lights and sounds of the saints fell, he waved his hand, and a large piece of sacred white light fell from the starry sky, like a long river and ocean, covering all three people present. .

"What a warm feeling..."

At this moment, Xu Mujun couldn't help but make a sound.

"I feel like my Martial Emperor's body has been greatly improved!"

Lu Fan was also extremely pleasantly surprised, and quickly started to run the inherited skills and began to practice in this piece of holy light.

Ye Feng naturally did not waste time at this time. He found that this sacred light was quickly nourishing every part of his body.

A very obscure and high-quality sacred place, under Ye Feng's deliberate guidance at this moment, is strengthening his life source and body constitution.

This state lasted for three days and three nights. Ye Feng finally opened his eyes at this moment. He felt that his body was filled with infinite power, as if it was filled with an ocean of sea water.

"My holy body has finally transformed again!"

Ye Feng felt the power of his body and couldn't help but murmur to himself.

At this moment, bathed in the ancient holy light, Ye Feng's seventh-stage transformation of the Galaxy Holy Body finally ushered in a huge evolution once again.

From the intermediate holy body, we stepped into the high-level holy body!

We are only one step away from the extremely powerful Dacheng Holy Body!

In addition, Ye Feng also discovered that his realm of law, heaven and earth was also nourished and evolved in the holy light, from the second level to the third level.

This also means that if Ye Feng activates his seventh natal talent, Heaven, Elephant and Earth, next time, the height of the golden giant he becomes will be directly 30,000 feet tall and majestic, with the power to reach the sky!

"I broke through!"

At this moment, Lu Fan, who was not far away, suddenly burst into laughter.

At this moment, he saw a shadow of the Martial Emperor several hundred meters tall appearing in the space around him.

That was his inheritance, the innate ability of the Martial Emperor's domineering body.

Xu Mujun also opened his beautiful eyes at this moment, with a look of joy, and said: "My life vine has evolved to the second level."

Ye Feng walked towards the two of them and said with a smile: "It seems that everyone has gained a lot this time, and I have also improved a lot in some aspects."

Lu Fan nodded and sighed: "After all, that is the holy light given to us by the ancient saints."

Just looking at the surface of the entire planet that had returned to calm, Lu Fan was a little surprised and said: "I once heard Master say that this planet is the sealed place where the dark evil clan has the entrance. It is said that inside this entire planet, Buried is the immortal body of the ancient saints in the realm of gods, so the entire planet has infinite

The poor holy power can suppress the entrance of the dark evil clan. "

Xu Mujun also nodded at this time and said: "There are also records about this in the ancient books among our elves. It is said that the ancient saints in the realm of gods were a great power of the human race. In order to protect this battlefield of all races, The human race gathering place, directly in the starry sky at the entrance, countless terrifying creatures in the dark evil tribe fought with countless evil beings for thousands of years, and finally died in the starry sky, but that ancient saint was there Before he died, he used his great supernatural power to absorb a huge planet from the depths of the starry sky, and buried his immortal body inside the planet to suppress this entrance to the dark evil tribe forever! "

Ye Feng nodded and said: "I have also learned about the dark evil clan. Among the vicious alien clans in the world, they can be ranked among the top few. They are even worse than the demon world, hell, demon clan, etc. It's scary, but the disaster is huge."

Lu Fan smiled and said: "No race in the world is the master. All races are trying their best to carve out a world for their own race. When cultivators have reached our level, for these natural It's all about understanding."

Hearing this, Ye Feng nodded slightly and said, "In any case, this ancient saint deserves our deep admiration. Let's bow before going back."

"good."

Lu Fan and Xu Mujun both nodded.

The next three people faced the direction of the ancient All Saints' Platform and saluted with deep clasped fists to express their gratitude to their ancestors.

Uh-huh! Uh-huh! Uh-huh!

Then the three people jumped up, turned around and rushed into the starry sky, leaping towards a golden space portal above the starry sky.

"Buzz!"

When the three people passed through the golden space portal, they no longer saw the starry sky and the planet in front of them, but returned to Haoran Academy.

"You're all okay! That's great!"

When Chen Tianshu saw Ye Feng and the others walking out safely, he immediately said with surprise in his eyes.

And at this time, the black air that was originally entangled on the dozen or so sage sculptures in this square disappeared.

Chen Tianshu immediately understood that the mission of the three people had been successful and they had re-strengthened the ancient seal of the dark evil clan.

Chen Tianshu immediately walked up to Ye Feng and said with a smile: "Thank you so much for your help this time, little friend Ye Feng. Not only did you successfully rescue my two disciples, but you also successfully strengthened the seal, which is equivalent to saving the world." Visited our Haoran Academy once."

Having said this, Chen Tianshu took out a talisman from his arms, said a few words, and threw the talisman away.

Uh-huh!

The telegraph instrument immediately turned into a stream of light and flew away in a certain direction in the distance.

Chen Tianshu stared at Ye Feng and said: "I have informed the nine great elders. If you are willing, little friend Ye Feng, you can follow me to the Sage Pavilion now. The nine elders must have been waiting there. Here you go. Perform sage baptism."

"good."

Ye Feng nodded. He looked at Old Jinlong and said, "You go back to your residence first. After I finish, I will go find you. Then it is time for us to leave Haoran Academy and return to the Fenghuo Mercenary Group."

Old Jinlong nodded, then turned and left.

Ye Feng and Chen Tianshu walked towards the Sage Pavilion.

When they arrived, sure enough, all the nine supreme elders of Haoran Academy were already staying there.

This time Ye Feng helped Haoran Academy a big favor. Although these Supreme Elders were all powerful in the Immortal Realm, they were extremely polite to Ye Feng.

The baptism of saints is very simple. The nine supreme elders exerted their own original power one after another, forming a sea of immortal power, which directly enveloped Ye Feng's entire body.

This kind of baptism of saints is different from the light of saints that Ye Feng bathed in on that planet before.

The baptism of saints is equivalent to the initiation of skill, which is the actual original skill of the great power in the immortal realm.

Although each Taishang Elder did not give much power, but each of the nine people gave a little, which was also a huge amount of energy for Ye Feng who was currently practicing.

So after the whole process, when Ye Feng refined all the original immortal power given by each elder, his cultivation level seemed to come naturally, and he once again made a breakthrough.

, directly stepped into the high-level fairy gate realm!

Even Ye Feng himself did not expect that in just a few days, his newly achieved breakthrough would be able to improve so quickly.

"The battlefield of all races is really a good place."

In the end, Ye Feng could only sigh to himself.

After the baptism of the saints, Ye Feng and the nine great elders of Haoran Academy reported some things that happened when the seal was reinforced, and then he left directly.

After walking out of the Sage Pavilion, Chen Tianshu was waiting outside. The dean came up to him and asked: "Little friend Ye Feng, I don't know what your plans are next. If you are willing to stay in our Haoran Academy, I can promise Let me give you an experience of being a holy son of the academy."

Ye Feng smiled and shook his head, saying: "I still have many things to do in the spirit world, so I won't stay in the battlefield of all races for a long time. Even if I go back to the Beacon Fire Mercenary Group this time, I won't stay too long and may leave at any time. "

When Chen Tianshu heard what Ye Feng said, he could only sigh and said: "If you have time in the future, remember to come to our Haoran Academy to take a look. By the way, my two apprentices admire you very much now. Is it true that you turned into a 20,000-foot golden giant in the starry sky?"

Ye Feng smiled and said, "Dean Chen, let's guess for ourselves."

Uh-huh!

After the words fell, Ye Feng's figure moved and disappeared from the place.

Chen Tianshu looked at Ye Feng's leaving back and shook his head with a smile, "This little guy is really mysterious. How can a human race turn into a tall golden giant? What kind of ability is this? No, I I have to go back and check carefully..."

Chen Tianshu also left the place with deep curiosity at this time.

...

When Ye Feng returned to his residence, he took Lao Jinlong and left Haoran Academy.

They were going back to the Beacon Fire Mercenary Group, and Ye Feng was going to say goodbye to a few friends in the Beacon Fire Mercenary Group before returning to the spiritual world.

This time Ye Feng knew that his purpose of coming to the battlefield of all races had been achieved.

His cultivation level has skyrocketed to a very powerful level in this short period of time.

But I don't know when it will take me to enter the fairyland.

Ye Feng knew very well that because of the inheritance of Queen Yaochi, he had attracted the attention of many foreign and human races.

Now that there are crises everywhere, Ye Feng is preparing to go back to the spiritual world to avoid the limelight.

Moreover, it took too long to come to the Ten Thousand Races Battlefield this time, and it was time to go back to Snow State.

Now that Ye Feng's cultivation level has improved, he will start to plan his own goal, which is to personally lurk into the divine capital of the Tongtian Divine Dynasty.

He even unknowingly infiltrated into a certain big force in the city of God, or among the royal family, waiting for an opportunity to kill the ancestors of the eight major families, as well as Gu Tongtian's ultimate enemy!

Ye Feng still clearly remembers how loyal Gu Tongtian, as the first prime minister of the Divine Dynasty of Fortune, was to the Divine Dynasty of Creation three thousand years ago.

But what no one expected was that when Ye Qingdi, the God Emperor of Creation, came back from the sky and was seriously injured, Gu Tongtian not only failed to protect his monarch, but instead showed a ferocious face in an instant, leading the eight powerful men and charging straight into the sky. Entering the palace, he killed Ye Feng, suppressed and imprisoned Emperor Ye Qing, and destroyed the entire Divine Dynasty.

Moreover, in the past three thousand years, the royal family of the Tongtian Divine Dynasty has sent countless powerful men to madly hunt down the remnants of the Creation Divine Dynasty.

In that battle that year, I don't know how many powerful masters from the Creation God Dynasty died.

Even the surviving members of the old tribe were hunted down by Gu Tongtian in the next three thousand years until they had no way to go to heaven and no way to go to earth, and they were almost dead.

For Ye Feng, this is simply an indelible hatred.

Therefore, Ye Feng's inner will is very firm, that is, to destroy Gu Tongtian and the eight powerful men, overthrow the rule of the Tongtian Divine Dynasty, and revive the former glory of the Fortune Divine Dynasty!

This is the original motivation that has inspired Ye Feng to keep working hard and making breakthroughs since he entered the spiritual path. It is also the necessary responsibility for him as the crown prince of the God of Creation after his rebirth three thousand years later!

Ye Feng wanted to plot to enter the divine capital of the Tongtian Divine Dynasty. In addition to killing the culprit, his other purpose was to find out about his father, Emperor Ye Qing.

news.

As his cultivation level improved, Ye Feng thought that he had had the same dream several times before.

That's a nightmare!

In that nightmare, Ye Feng dreamed that he was in an extremely dark abyss.

On the wall at the end of the abyss, a tall man was pierced by countless chains. He was imprisoned in the depths of the abyss, and it seemed that there was no trace of life in him.

In the nightmare, Ye Feng approached the tall man and found that the man's face was none other than his father, Emperor Ye Qing, three thousand years ago!

If it was just a nightmare like this, Ye Feng might not take it seriously, but he missed his father too much.

But after having such nightmares several times in a row, Ye Feng immediately understood that this must be his father, Emperor Ye Qing, entrusting him with dreams through some mysterious means.

This also shows that the father is not dead, but is now imprisoned under a mysterious abyss. This mysterious place is very likely to be in the divine capital of the Tongtian Divine Dynasty.

Ye Feng knew that there were nine levels of the Divine Art of Creation. His father Ye Qingdi's Divine Art of Creation had been cultivated to the eighth level of Great Perfection, and he had achieved the Great Perfection Divine Body. It was so hard that Gu Tongtian could not destroy it. He could only Imprison him.

Therefore, Ye Feng had already planned. When his cultivation strength reached a certain level, he did not want to waste any more time and prepared to sneak into the divine capital of Tongtian Divine Dynasty, secretly inquire about information, and face the biggest threat of the Fortune Divine Dynasty that year. The enemy, the Tongtian Divine Emperor, and the entire royal family of the Tongtian Divine Dynasty!

Thinking secretly in his heart, Ye Feng led Old Jinlong to speed up. He could not help but prepare to return to the land of Snow State in the spiritual world, and then find a way to directly enter the divine capital of the Tongtian Divine Dynasty.

But on the third day, when Ye Feng and Lao Jinlong passed by a wilderness.

At the end of the earth in the distance, three figures flew over quickly from a distance.

Those three figures, Ye Feng recognized, turned out to be Shao Hen, the young master of the Tianyu Clan, and the two powerful guardian elders who followed him from the Half-Step Immortal Realm!

The moment Shao Hen arrived, his cruel eyes stared at Ye Feng who was not far away. He smiled coldly and said: "Ye Feng, I have been waiting for you in this wilderness for half a month. , I thought you were really a coward, hiding in Haoran Academy and never coming out."

Old Jinlong whispered: "The person who comes here is not malicious, so be careful. The two old guys next to the boy seem to have the aura of fairy weapons."

Ye Feng nodded slightly, then stared at Shao Hen not far away, and said: "It turns out to be the young master of the Tianyu tribe. I wonder why you have been waiting for me in this wilderness for so long? Is there something so urgent?"

"Hahaha!"

Almost at the moment Ye Feng's words fell, Shao Hen, the young master of the Tianyu clan, burst out laughing: "Ye Feng, do you really don't know or are you pretending not to know? Okay, then I will tell you directly, I The young master has been waiting for you in this wilderness for so long just to kill you and then plunder all the wealth from you. That drop of Vulcan blood belongs to me after all, hahaha..."

"That drop of Vulcan blood has been used by me."

Ye Feng's sudden voice caused Shao Hen, who was originally laughing, to freeze his smile, and then his face suddenly turned ashen.

But the next moment, Shao Hen immediately said cruelly: "No matter what, Ye Feng, you must die today. You are an unknown boy with no backing or power behind you. How can you win the favor of the ancient girl? And I, the noble young master of the Tianyu clan, have been treated so coldly, no, I don't accept it! I am higher than you, more handsome than you, and more powerful than you.

Why can you, the young man, be treated affectionately by Miss Gu? You must die! Miss Gu can only belong to me!"

Ye Feng stared at the roaring Shao Hen, his eyes suddenly became cold, and said: "I didn't expect that you have such deep anger in your heart. Keeping you here will be a huge disaster for me or Miss Lan. Since you are here today, don't leave and die here!"

"Hahaha!"

A guardian elder of the Tianyu clan next to Shao Hen immediately laughed and said: "Junior, don't you think this is ridiculous? The only person who will die today is you! Although the blood of the Fire God is gone, but you still have And with the powerful inheritance of the Yaochi Queen, I can get a lot of benefits from killing you! Do you think you can survive in the hands of two half-step immortals? I can tell you for sure that it is not possible!"

Chapter 1109 What is this?

At this time, the words of the guardian elder of the Tianyu clan were full of deep disdain.

They have been waiting here for so long, and they have long been sure that Ye Feng will be killed.

This time, in order to completely get rid of Ye Feng, the two guardian elders of Tianyu even brought a clan-suppressing immortal weapon from the Tianyu clan with them.

However, these two guardian elders felt that there was no need to use fairy weapons to deal with Ye Feng, a junior human race.

They brought the fairy weapons just in case Ye Feng would be followed by strong men on his way back to the Beacon Fire Mercenary Group.

But now it seems that Ye Feng is just a loner.

As for the figure wrapped in black robes next to Ye Feng, these Tianyu tribesmen have all inquired about it, but they are just a desolate dragon tribe that has lost its power and is useless.

So now all their attention is focused on Ye Feng.

Shao Hen, the young master of the Tianyu tribe, smiled coldly and said: "Today I will make it impossible for you to go to heaven and to the earth. Don't even think about running away. You must die!"

boom!

Almost as soon as Shao Hen finished speaking, the two pairs of wings on his back spread out.

"Heaven Splitting Halberd!"

Shao Hen roared loudly, spread his wings, and at extremely fast speed, he was in front of Ye Feng in an instant. Holding a halberd in his hand, he slashed directly towards Ye Feng.

Shao Hen is the young master of the Tianyu Clan. He is also very powerful. He has the cultivation level of the Ninth Secret Realm. Among the younger generation in the Thunder God Base, he is definitely regarded as the top genius and possesses terrifying combat power. !

At this time, the two guardian elders of the Tianyu clan not far away did not take action. Instead, they stared at the battle between the two men not far away with a look of fun.

They seemed to have seen the joking scene of Shao Hen, the young master of the Tianyu clan, suppressing Ye Feng so hard that he vomited blood.

"boom!"

But at this moment, Ye Feng suddenly punched out, directly trying to collide with Shao Hen's halberd with his pure body.

"Hahaha! Ye Feng, your head is broken!"

Shao Hen, the young master of the Tianyu Clan, immediately burst into disdainful laughter, looking like he was looking at a fool.

"boom!"

But the moment Ye Feng's fist collided with Shao Hen's euphoria, Ye Feng's fist suddenly turned into a perfect star color, like an extremely hard star. Cast from iron.

"Boom!!"

The terrifying energy of the high-level Galaxy Holy Body exploded instantly. At this moment, Ye Feng's fist suddenly seemed to become the most terrifying weapon in the world, full of infinite power and with extremely terrifying impact.

"Crack!"

To the shock of everyone present, the euphoria in Shao Hen's hand was instantly shattered by the bombardment.

Then Ye Feng's fist remained unabated, devastating, as sharp and terrifying as a war spear, and directly bombarded Shao Hen's chest.

"ah!!"

The young master of the Tianyu Clan immediately let out an earth-shattering howl, and the sound was filled with endless pain.

r\u003e

"Little Lord!"

The expressions of the two guardian elders of the Tianyu Clan who were watching the show changed suddenly, and they suddenly flew towards the direction of the battle between Ye Feng and Shao Hen.

"late!"

But at this time, Ye Feng suddenly exerted force and punched Shao Hen directly through the chest.

"Pfft!"

Heart broken!

Blood spilled!

Shao Hen, the young master of the Tianyu tribe, stared at Ye Feng in disbelief. Then his expression became stiff, his tall body fell to the ground, and he died instantly!

"No!!"

The two guardian elders of the Tianyu clan not far away saw this scene and their eyes suddenly burst into tears!

They never thought that their young master, who had the cultivation level of the Ninth Secret Realm and was a top genius, would be defeated so quickly and die so quickly.

When the two guardian elders arrived, all they saw was Shao Hen's body lying on the ground, his eyes wide open and he could not rest in peace.

"Damn it! Damn it!"

An old guardian of the Half-step Immortal Realm instantly stared at Ye Feng, who was not far away. His eyes suddenly became fierce and frightened to the extreme. He yelled: "Boy, you are so bold, you are so bold! Ours How noble the young master is, but you actually killed him? Do you know how much trouble you caused!"

Ye Feng blew off a trace of blood on his fist, smiled coldly, and said: "The cause of trouble? What kind of bullshit is the Tianyu Clan? Today I will not only kill you, but also wipe out the entire Tianyu Clan. It is said that your Tianyu Clan is A sacred mineral vein was discovered inside, which is a huge resource. Originally, I was just thinking about whether to plunder it, but now you dare to ambush me on my way back, then I am sure now, I will take your Tianyu Clan The sacred mineral vein was robbed."

"presumptuous!"

One of the old guardians suddenly became furious and stretched out his five fingers, turning into ferocious claws. Each claw seemed to be made of steel, and it instantly grabbed Ye Feng.

"You are really brave enough to dare to challenge my human holy body!"

Ye Feng laughed out loud, punching out one punch after another, and the boiling holy power surged in his fists.

"boom!"

"Crack!"

Ye Feng has now achieved a high-level Holy Body, and is only one step away from becoming a Holy Body.

His body was as strong and hard as if it were made of divine gold.

At this moment, Ye Feng smashed the steel-like claws of the guardian of the old man with one punch, which was simply devastating.

"hiss!"

The powerful guardian old man from the Half-Step Immortal Realm immediately took a breath of cold air, and quickly retreated towards the back, exclaiming to his companions: "Let's go together! Use magic long-range attacks to kill this kid. This kid has a strong physique among the human race. His physique is so hard and powerful that even my Nine Netherworld Iron Melting

The cast hand bones were unable to withstand him and were even broken into pieces by him. "

"Okay! Let's use the martial arts inheritance of the Zhen clan to kill this kid remotely!"

Another half-step immortal realm guardian elder of the Tianyu clan also immediately spoke out.

"Join forces!"

"Nine Heavens Great Thunder Destruction Heavenly Punishment Technique!"

boom!

boom!

At this moment, at this moment, the two guardian elders of the Tianyu Clan in the Half-Step Immortal Realm roared loudly, with their hands holding the sky.

On the bodies of the two old men, streaks of extremely sacred white light suddenly appeared. That was the original power of Tianyu of the Tianyu clan, and they all rushed to the sky thousands of feet high, as if they were trying to arouse something.

"Crack!"

And at the next moment, the wind and clouds changed, and the black clouds above the sky were pressing down on the sky. A thunderbolt as thick as a bucket suddenly crashed down from the endless black clouds, possessing the extremely terrifying destructive power of thunder.

The direction of the thunder bombardment was exactly where Ye Feng was!

The two guardian elders of the Tianyu clan not far away showed cruel smiles and said: "Young man from the human race, enjoy this endless punishment from heaven! These thunders will not stop until you are destroyed!"

But at this time, Ye Feng looked up at the sky. Facing the terrifying thunder, he laughed boldly and said: "It's just a little trick to attract some thunderclouds. Is this a punishment from heaven? You are really naive! What do you think of me?" Break your so-called ridiculous heavenly punishment!"

boom!

At this moment, Ye Feng shouted directly: "Fa Tian Xiang Di!"

Buzz!

Almost at the next moment, Ye Feng's whole body suddenly began to expand on the spot. In just a few seconds, he turned into a 30,000-foot tall and majestic golden giant. He stood tall and majestic, standing tall and majestic, reaching through the clouds and into the sky. Unparalleled shock.

"What is this?!"

Looking at the golden giant rising from the ground, it was as if an infinitely majestic mountain had suddenly risen from the ground, full of overwhelming pressure and momentum. The two guardian elders of the Tianyu clan not far away were almost blinded by shock. They all stared down.

A small human boy, in just a few seconds, expanded directly on the spot and became a golden giant standing tall on the sky and the ground. This scene was really full of violent visual impact.

"Crack!"

At this moment, countless beams of thunder and destruction light bombarded Ye Feng's golden giant body. The terrifying heavenly punishment that was enough to instantly destroy a Ninth Secret Realm Great Perfection did not leave even a trace, as if it was giving Ye Feng It's like the wind tickling an itch.

"Break it all for me!"

The 30,000-foot tall and majestic golden giant roared loudly at this time.

Boom!

The terrifying roar and the huge sound wave impact suddenly shattered the entire dark cloud covering the sky. The thunder of punishment and everything else were all disintegrated in this moment.

"What kind of terrifying existence have we messed with?"

At this moment, the two guardian elders of the Half-Step Immortal Realm even

He didn't even dare to use the immortal weapon he brought out, and he quickly rolled and crawled towards the distance and fled crazily.

"Now that you're here, let's all stay. Your young master is dead, don't you want to go and accompany him?"

Ye Feng's voice rang out. It came from the mouth of the golden giant at this time, like a great voice from heaven, like a great bell, resounding throughout the heaven and earth, full of unparalleled majesty, like a god judging the ants of the common people.

boom!

boom!

At this moment, the 30,000-foot-tall golden giant stretched out two hands respectively. His arms were like thick golden pillars, spanning the entire sky. His golden hands covered the sky and the earth, and in an instant, the two half-stepping immortals were The old man of the Tianyu tribe was caught.

"No!!!"

The two guardians of the elderly had extremely frightened eyes for a moment.

"late."

But at this time, the golden giant's two huge eyes as blazing as the sun stared at them, and he opened his mouth wide and swallowed the two alien creatures.

"boom!"

At this moment, two huge waves of Half-Step Immortal Realm original skill energy exploded in the body of the golden giant.

"receive!"

Ye Feng uttered one word, and the 30,000-foot golden giant quickly shrank in size and disappeared under the sky.

He returned to normal human size.

At this time, Ye Feng had a strange look on his face, and spit out two storage rings from his mouth, which were the storage rings of the two old men from the Tianyu Clan who were in the Half-Step Immortal Realm.

"boom!"

And just when Ye Feng was checking the storage spirit ring, a new and huge cultivation aura erupted from his body.

At this moment, he digested two half-step immortal realm powers from the Tianyu Clan, and his cultivation level directly entered the Dacheng Immortal Realm from a high level!

"Sure enough, there is an immortal weapon!"

At this time, Ye Feng suddenly took out a small silver hammer from the storage ring of an old guardian.

Although it looked ordinary in appearance, Ye Feng sensed that this small silver hammer was a genuine fairy weapon, brought out from his own clan by the guardian elder of the Tianyu clan.

"I don't know what grade it is, but as long as it is an immortal weapon, it must be terrifyingly powerful!"

Ye Feng looked at the small silver hammer and knew at a glance that it was a heavyweight fairy weapon. It was powerful and heavy, and it was quite suitable for his wild fighting style of the human race's holy body.

At this time, Ye Feng put the small silver hammer into his storage ring, then looked at the old Jinlong who was lying leisurely on the ground not far away, with his legs crossed, and said: "Let's go."

Uh-huh!

Old Jinlong rolled over and stood up, asking, "Where are you going?"

"Go to the Tianyu Clan and grab the sacred mineral veins!"

Ye Feng said something and flew away in a certain direction.

"Robbing the sacred mineral vein? What a great idea to get rich! I'm going to rob it too!"

The old golden dragon immediately turned into a golden stream of light and chased in the direction of Ye Feng.

Chapter 1110 Golden City

The Tianyu Clan is an extremely large alien race in this battlefield of thousands of races. There are several immortal realm powerful men in the tribe, so they are extremely prosperous.

Originally, Ye Feng was planning to forcefully break into the Tianyu Clan and plunder the sacred mineral veins, but along the way, he found out that the Tianyu Clan had several powerful immortals from other races, so after careful consideration, Ye Feng decided to sneak into the Tianyu Clan first. Secretly find out where the sacred mineral vein is located.

Ye Feng originally wanted to disguise himself as a creature of the Tianyu Clan, otherwise he was afraid that he would not be able to enter the Tianyu Clan's territory.

But when he came outside the Tianyu clan, he was shocked by the scene in front of him.

It turns out that the Tianyu Clan is not at all like a tribe of beasts living in primeval forests or deep swamps as Ye Feng imagined before. Instead, it has developed into a prosperous and civilized ancient city like the human race.

That's right, at this time, in the Tianyu tribe's territory in front of Ye Feng, a huge city made of gold has been erected, a huge mansion, and majestic city walls. The walls are engraved with complex and obscure lines, which are obviously A kind of guardian spirit pattern that seems to be full of great power.

Moreover, Ye Feng also saw that many human caravans were driving camels and horses towards the golden city of the Tianyu tribe, and there were no creatures from the Tianyu tribe to stop or check.

Obviously, this Tianyu clan has great ambitions and is so tolerant. It wants to develop into a huge force, unlike some other races that live in seclusion in the mountains and old forests.

"This Tianyu clan is worthy of being one of the giant alien clans in this battlefield of thousands of races. Just this broad mind that embraces all things is worthy of admiration. However, the stronger this Tianyu clan is, it will be a disadvantage to me, because Now that I have killed the young master of the Tianyu Clan, I have completely turned against the Tianyu Clan."

Ye Feng thought in his mind and walked straight towards the golden city of the Tianyu clan.

When passing the city gate, although the Tianyu clan guards saw that Ye Feng was from the human race, they did not step forward to check his identity.

After all, the ambition of the Tianyu Clan is to ensure that the Golden City of the Tianyu Clan will not be subject to various strict investigations and will allow human beings and other creatures of various races to enter the Golden City to conduct various trades, thus promoting the entire Tianyu Clan. The strong development of the family.

Ye Feng walked into this golden city and immediately saw countless tall and majestic buildings standing throughout the city.

It has to be said that the development strategy of the Tianyu Clan is very clever and powerful. It has made the entire Tianyu Clan's base extremely prosperous. Every day, countless human race or caravans from other races come into this golden city. , conducting various transactions.

Ye Feng was walking on the wide street when he suddenly saw a large number of guards in silver armor patrolling in the distance.

And Ye Feng's eyesight was very sharp. Even from a distance, he could see the portraits in the hands of the silver armored guards.

That portrait turned out to be my own face!

Looking at the murderous Tianyu Clan guards, Ye Feng's eyes were suddenly startled, and he murmured: "Could it be that the headquarters of the Tianyu Clan already knew that the young master of the Tianyu Clan died outside, but how did they know my face and portrait? Is there any treasure in the Tianyu Clan that can simulate the death of the young master of the Tianyu Clan? "

The more Ye Feng thought about it, the more it seemed possible. He quickly used some disguise techniques to change his face, and then put on a black robe.

This way you won't be able to recognize it.

Ye Feng is disguising now because he does not want to have any major conflicts with the guards of the Tianyu clan for the time being.

Because after all, there are still several immortal realm experts living in the depths of the Tianyu Clan. For the time being, Ye Feng is still very afraid of the real immortal realm experts.

"Human boy, where are you from?"

At this moment, a group of Tianyu clan guards not far away, wearing silver armor and menacing, came over.

They specifically stared at the humans on the road and conducted various inspections.

Ye Feng's face was calm and he said: "I come from the Thunder God Base and come here to trade treasures. What, what can you do?"

A tall Tianyu clan guard with a height of two meters, a strong man from the Ninth Secret Realm, seemed to be the captain of this patrol team.

At this time, the captain looked at Ye Feng with evil eyes and said, "Come with us."

Ye Feng's eyes were calm and he said: "You must have recognized the wrong person. I look completely different from the person in the portrait in your hands."

"You are indeed not the murderer we are looking for."

The captain of the patrol team of the Tianyu tribe sneered: "But I suspect that you are an accomplice of the murderer we are looking for, so come with us. It's not far away, right at the entrance of the alley."

Ye Feng's eyes moved, and he understood immediately when he saw the meaningful look in the captain's eyes.

The captain of the patrol team probably deliberately used this reason to slander himself and then extort some wealth from himself.

Ye Feng nodded and said, "Okay, then you can take me to the alley."

"you....."

The captain of the patrol team did not expect that Ye Feng was so ignorant that instead of paying him, he let them take him away.

The captain of the Tianyu tribe immediately smiled coldly and said: "Boy, give me some money, and you can stay safe. If you insist on confronting me, then, let's go to the alley, I want to take a look, yes Who gave you the courage to go against me?"

Having said this, the captain of the Tianyu clan immediately turned to the guards behind him and said, "You continue to patrol, I want to have a good talk with this boy who doesn't know how high the sky is and how high the sky is."

"Yes, Captain!"

A group of Tianyu clan guards spoke out one after another, and then continued to patrol the streets.

However, the way they looked at Ye Feng before leaving was filled with deep mockery.

Obviously they all know that this boy refused to hand over some money to the captain, and he will definitely be dealt with badly by the captain!

A group of guards left, and the tall captain of the Tianyu Clan patrol team stared at Ye Feng with a threatening tone and said, "Follow me to the entrance of the alley."

Ye Feng nodded and said, "Okay."

With that said, Ye Feng directly followed the captain of the patrol team towards the entrance of the alley without any resistance.

When the two of them arrived at the entrance of the alley, there was no one around.

At this time, the patrol captain of the Tianyu tribe immediately looked at Ye Feng in front of him jokingly, with a hint of viciousness in his eyes, and said: "You are quite talented, you really dare to come with me, but now you are looking around No one, no one will notice if I perform all kinds of torture on you. What do you think will happen to you next? "The Tianyu Clan is an extremely large alien race in this battlefield of thousands of races. There are Several powerful people from the Immortal Realm were in charge, so it was extremely prosperous.

Originally, Ye Feng was planning to forcefully break into the Tianyu Clan and plunder the sacred mineral veins, but along the way, he found out that the Tianyu Clan had several foreign experts from the Immortal Realm, so after careful consideration, Ye Feng decided to sneak into the Tianyu Clan first. Secretly find out where the sacred mineral vein is located.

Ye Feng originally wanted to disguise himself as a creature of the Tianyu Clan, otherwise he was afraid that he would not be able to enter the Tianyu Clan's territory.

But when he came outside the Tianyu clan, he was shocked by the scene in front of him.
