Chapter 1261 Sharing Secrets

Buzz!

Terrifying murderous intent was released from Ye Feng and Wei Wudao at this moment.

Ye Feng is the Cang Tian Hegemon Body, while Wei Wudao is the most powerful person in the Great Desolate Sect, and is also the Ancient Holy Body.

This is the most terrifying and tyrannical physique among the two human races. After reaching its peak, it can defeat ancient gods.

"boom!"

Almost at the next moment, the two people collided with each other.

Ye Feng's whole body was covered with purple light, and his hegemonic power burst out crazily with every move he made, possessing extremely terrifying destructive power.

"boom!"

At this time, he and Ye Feng exchanged palms. Wei Wudao's palm, which exuded golden holy light, suddenly felt a heartbreaking pain.

The face of the most powerful man in the Great Desolation Sect, which was originally aloof, suddenly became extremely shocked.

"Boy! You! Your cultivation is only at the False God realm. How can you fight against me without losing? And your physique, what kind of physique is it? Even my ancient holy body can't suppress you!"

At this moment, Wei Wudao couldn't help but exclaimed.

Ye Feng's eyes were shining with purple light, and his black hair was dancing wildly. His whole person's aura was like that of an ancient god, full of the supreme aura of dominating the world, the eight wastelands of the universe, and the four directions of the earth, all with the solemn and domineering intention!

This is the Heavenly Tyrant Body!

Hegemonic body, hegemonic body, means that I am the only one who dominates the world!

"What a powerful body!"

At this time, the leader of the Everlasting Hatred Sect, who was standing not far away and watching, also showed a trace of alarm in his pair of cold beautiful eyes.

Originally, she didn't care much about the young man who was only in the False God Realm, but now, the leader of the Everlasting Hatred Sect suddenly became extremely serious.

Judging from everything shown just now, the terrifying combat power displayed by the young man in white clothes Shengxue is enough to rival the masters of major forces like them.

"Where does this young man come from? How come he has such a terrifying talent for fighting monsters?"

The leader of the Everlasting Hatred Sect could not help but murmur at this moment.

"I do not believe!!"

Suddenly at this time, Wei Wudao from the Great Desolation Sect roared loudly, his tone full of madness.

"Great Desolate Fighting Technique!"

Wei Wudao roared and shouted, and the ancient holy body bloomed with boundless power. The golden holy power made him look like a golden god of war.

He blasted out continuously with both hands, and golden energy surged out of Wei Wudao's body like a vast ocean. Big golden hands appeared in the void, as if they were made of golden molten iron. They were vigorous and powerful, as if they could turn this piece of sky. They were all torn open.

"Although I can't kill you, I can still teach young people like you some lessons!" Wei Wudao laughed out loud, his aura rising to a peak.

"The Great Way of Fallen Demons in the Heavens!"

Ye Feng's eyes were also shining with purple light at this moment, and the power of the Heavenly Overlord exploded crazily. A stream of purple overlord power surged out from every inch of his body and flesh, and he used all his strength to display the inheritance of the Great Path of All Heavens Falling Demons.

"boom!"

At this moment, it seemed that he was affected by the hegemonic power of Cangtian Hegemony. Ye Feng's Demonic Way of the Heavens and the three thousand demonic worlds manifested around him suddenly turned into three thousand demonic worlds. Purple world.

"boom!"

Then all three thousand purple worlds were melted into Ye Feng's punch. This was almost Ye Feng's most powerful punch.

The two attacks collided instantly!

This is the ultimate showdown!

The collision between the Heavenly Tyrant Body and the Ancient Holy Body!

The terrifying impact of the Great Way of Falling Demons from the Heavens and the Great Desolate Heaven Fighting Technique!

"Boom!"

In an instant, an infinite and terrifying power storm was generated in the void.

"Click, click..."

The entire hard surface of the earth opened up huge gaps in an instant, and terrifying underground ravines appeared. The scene was shocking.

"boom!"

"boom!"

And almost at the next moment, the two figures retreated towards both sides from the chaotic light waves at the collision point.

Ye Feng landed on the ground and took three steps back.

On the opposite side, Wei Wudao took a dozen steps back before stopping.

At this time, his hands were trembling, and cracks appeared on the golden holy body, and golden blood overflowed.

But Ye Feng only had a piece of skin broken on one arm, and purple blood dripped out.

"Crack!"

A drop of purple blood fell on the ground, just as a palm-sized black scorpion crawled under Ye Feng's feet. The purple blood dropped on the scorpion, and the blood was absorbed by the scorpion.

"boom!"

This palm-sized little black scorpion suddenly expanded its body rapidly, becoming as tall as a man. The black scales all over its body turned purple, and then it ran wildly into the distance and disappeared.

"A drop of blood contains such powerful power of creation!"

Not far away, the beautiful eyes of the Everlasting Hatred Sect Master showed a look of horror. She stared at Ye Feng suddenly and couldn't help but said: "Little brother, where do you learn from?"

Ye Feng looked at this cold and charming woman, grinned, and said: "I have no sect, I am self-taught."

The beautiful eyes of the Everlasting Hatred Sect Master were startled, and then he smiled helplessly and shook his head.

At this moment, Wei Wudao, who was not far away, took a deep breath, stared at Ye Feng, and said: "As the strongest man in the Great Desolate Sect, I, Wei Wudao, have never admired anyone, but as a young man like you, Man, it made me believe that there are unparalleled monsters in this world!"

Wei Wudao is an ancient holy body and possesses peerless fighting skills. Although his cultivation is at the seventh level of the Divine Qi Realm, his combat power is enough to defeat a being at the top of the Tenth Level of the Divine Qi Realm without defeat.

But Ye Feng, this mysterious young man, defeated him with his cultivation at the False God Realm.

This simply filled Wei Wudao's heart with deep shock.

He has never seen such a powerful young man!

At this time, the leader of the Everlasting Hatred Sect smiled coldly, stared at Ye Feng, and said: "No matter what, little brother, you are now qualified to stand here with us."

Ye Feng looked at the beautiful leader of the Everlasting Hatred Sect and asked: "What kind of treasure is hidden in this demon soil cemetery? It seems that you two leaders of big forces came here directly. There seems to be a clear purpose." Purpose."

The leader of the Everlasting Hatred Gate moved his eyes and said, "You don't know what is hidden in this demon soil cemetery? Then why did you come here?"

Ye Feng shrugged and said: "I didn't encounter any good luck along the way, so I kept walking and walking until I reached the end of the land and saw this seemingly mysterious demon soil cemetery."
"

Wei Wudao came over from not far away at this time, glanced at Ye Feng, and said with a solemn tone: "You are now qualified for us to share secrets with you. Maybe we still need to cooperate with you."

Ye Feng's eyes moved and he said: "What secret? Tell me about it?"

Wei Wudao and the leader of the Everlasting Hatred Sect looked at each other, and then the burly man spoke slowly: "It is said that the legendary Emperor of the Wild God once encountered an unknown curse and calamity. Before he died, he killed his subordinates. All the generals were refined into evil corpse puppets, and a demon soil cemetery was arranged, and they were buried forever in the depths of the cemetery. "

Hearing this, Ye Feng's eyes suddenly trembled and he said: "What you mean is that the final burial place of the Savage God Emperor that countless people are looking for is actually in this seemingly inconspicuous demon soil cemetery!"

The Master of Everlasting Hatred glanced at Ye Feng with his beautiful eyes, and said with a smile: "That's right, but in this demon soil cemetery, there are countless terrible evil corpse puppets that were refined by the Savage God Emperor, and these evil corpses are The puppets are all ancient generals with terrifying cultivation who followed the Emperor of the Wild God to conquer the world. They are very terrifying. We need to work together to break into the deepest part of the demon soil cemetery, find the burial place of the Emperor of the Wild God, and get The inheritance of an ancient divine emperor."

Chapter 1262 Red Divine Light

After half a day, the three of them agreed that before entering the real burial place of the Savage God Emperor, they would not fight each other, but would join forces to deal with the huge dangers that might be hidden in the demon soil cemetery.

"It's almost time, we should go in."

Wei Wudao, the strongest man in the Great Desolation Sect, stood with his burly body outside the demon soil cemetery for a long time. After watching it carefully for a moment, he spoke out.

"Well, we can't waste any more time, even if we know it's dangerous, we have to enter."

The beautiful leader of the Everlasting Hatred Sect also nodded slightly at this moment and said aloud. ??

Ye Feng nodded silently, without saying anything else, and followed the two masters of major forces and slowly walked into the gloomy demon soil cemetery.

"Crunch, crunch..."

The soil on the ground was very hard, and the three of them stepped on it, making a sound.

"Crack!"

Suddenly, a gap opened in a huge tomb not far to the left of the three of them.

Uh-huh!

A rotten corpse palm crawled out of the crack all of a sudden. The skin was black and green and shriveled. It was wearing tattered armor. The rotten face was extremely ferocious, and the pupils were glowing scarlet.

"Roar!"

This terrifying zombie-like thing roared and charged towards the three of them.

"It's an evil zombie puppet!"

Wei Wudao immediately pulled out a golden sword from the scabbard on his waist.

"boom!"

He instantly held the golden sword and struck towards the evil corpse puppet.

"when!"

But when the golden sword struck the evil zombie puppet, it didn't break into pieces. Instead, it made a harsh metal collision sound.

The evil corpse puppet was chopped away, but it just shook its rotting head and charged at him with another ferocious roar.

"What?!"

Wei Wudao, who saw this scene, immediately showed a look of horror in his eyes and said: "I am a strong man in the seventh level of the divine energy realm! The golden sword in my hand is a ninth-grade pseudo-god-level weapon! I can't even split this evil corpse. The body of a puppet!"

At this time, the leader of the Everlasting Hatred Sect smiled coldly and said: "Wei Wudao, you underestimate the heritage of an ancient divine dynasty. The evil corpse puppet that can be buried in this demon soil cemetery and guard the tomb of the Savage God Emperor must have been alive during his lifetime. They are all peak powerhouses. After tens of thousands of years of being tempered by the earth's yin energy, their bodies have long been made of divine iron and sacred copper, absolutely invulnerable and indestructible."

"Boom!"

At this time, Ye Feng suddenly stabbed out a sword in his hand, and a violent sword energy instantly smashed the head of the evil corpse puppet that came over again.

"What a strong sword energy!"

"Is it a divine sword?"

At this moment, Wei Wudao and the leader of the Everlasting Hatred Sect both had a look of shock in their eyes.

"Stop looking and leave quickly."

Ye Feng was holding the Heavenly Tribulation Sword, looking around with solemn eyes, and said: "Look, the coffins in the tombs in this demon soil cemetery are all cracked with gaps. "

"It seems to be true!"

Wei Wudao also hurriedly exclaimed at this time: "Maybe it is our blood that has attracted the people in countless tombs.

Evil zombie puppet. "

"Boom! Boom! Boom!"

And while the three of them were discussing, sure enough, all the tombs around them exploded.

The evil corpse puppets, all covered in rot, wearing ancient armor, and with scarlet light in their eyes, roared and roared ferociously, charging towards the three of them, intending to tear them apart.

"Holy Blood Slash!"

Wei Wudao held the golden sword and slashed his palm, slicing the skin, allowing the blade of the sword to be stained with the golden blood of his ancient holy body.

"Pfft!"

Immediately, Wei Wudao slashed the long knife with all his strength, splitting an evil zombie puppet that rushed towards him into two halves.

"Hahaha!"

Wei Wudao laughed loudly: "Sure enough, the golden holy blood of my ancient holy body can restrain and harm these evil corpse puppets!"

When Ye Feng saw Wei Wudao's move, he suddenly smeared his Heavenly Tribulation Sword with his own Heavenly Hegemony blood.

"boom!!"

Next, the Heavenly Tribulation Sword slashed violently in all directions, and with a "puff" and "puff", all the dozen evil zombie puppets that came towards him were chopped into pieces.

However, the qi and blood in these evil corpse puppets have declined, and what is left are only bodies without life essence, without any energy to swallow them, which makes Ye Feng feel quite regretful.

"Eternal Hatred to Destroy the Gods!"

At this moment, the leader of the Everlasting Hatred Sect also displayed her powerful inheritance. She pressed her white palms around her, and black light waves burst out from her ten fingers, killing all the evil zombie puppets. repel.

But even though the three of them were extremely powerful, there were countless evil corpse puppets in the demon soil cemetery, like an endless army of zombies, rushing towards the three of them like a tide.

Even though the three of them are top powerhouses, they are still feeling stressed at this moment, and they feel that their strength is extremely depleted.

"Death to the Gods!"

"boom!!"

Ye Feng held the Heavenly Tribulation Sword in his hand, activated the power of the divine sword, and unleashed an extremely powerful and violent sword energy, clearing away countless corpses in front of him.

Then he quickly said to the two people beside him: "Let's take turns to use our powerful trump cards to open a way to the depths of the cemetery in this endless tide of corpses!"

"good!"

Wei Wudao and the leader of the Everlasting Hatred Sect nodded in agreement.

If the current situation continues, sooner or later the three of them will be consumed by the endless zombie army.

"Great Desolate Fighting Technique!"

Wei Wudao also showed no reservations at this moment, displaying his powerful martial arts.

Big golden hands condensed with golden holy power immediately appeared in front of him, blasting apart the tide of corpses in front of him to create a path.

The three of them moved forward quickly, crossing the entire Demonic Earth Cemetery.

"Look! There's a bronze wall there!"

Suddenly at this moment, Wei Wudao yelled.

Ye Feng and the leader of the Everlasting Sorrow Gate suddenly looked over, and immediately saw a huge and towering bronze wall, standing at the end of the demon soil cemetery, blocking their way.

"This is the end of the Demonic Earth Cemetery! Behind this bronze wall, it should be the final burial place of the legendary Savage God Emperor!"

At this moment, the three of them were fiercely attacking the bronze wall.

"Death to the Gods!"

"Great Desolate Fighting Technique!"

"Eternal Hate Destroying God Light Wave!"

Boom! !

The bronze wall from ancient times was instantly collapsed by the three top powerhouses.

Buzz!

A large piece of red divine light instantly shone out from the inside of the bronze wall.

"ah!!"

The moment the Everlasting Regret Sect Master was illuminated by the red divine light, he suddenly screamed in agony.

Her entire graceful and beautiful body seemed to be soaked in flaming lava at this moment. Her skin, flesh, and bones were melting rapidly, which was very scary!

Almost at the next moment, the Everlasting Regret Sect Master had no time to let out a second scream. She, the most powerful person in the realm of gods, a stunning beauty, was suddenly melted into a pool of blood, and then evaporated.

"What?!"

Seeing this terrifying scene, Ye Feng and Wei Wudao both looked shocked and quickly retreated.

Unexpectedly, behind the bronze wall was not an endless treasure, but a deadly murderous intention.

But it was too late for the two of them to retreat at this time. The red divine light shining out after the broken bronze wall enveloped Ye Feng and Wei Wudao in an instant.

"ah!"

Both of them felt great pain at this moment, and their bodies were melting rapidly.

The red divine light seemed to contain an extremely terrifying high temperature. Like the sky-burning flames above the sky, even the divine bodies of the most powerful people in the realm of gods could be burned and melted in an instant!

Horrible to the extreme!

However, Ye Feng and Wei Wudao have special physiques among the human race after all.

Wei Wudao is the ancient holy body, while Ye Feng is the even more terrifying Cangtian Tyrant Body.

So at this time, the two of them were illuminated by the red divine light. Although their bodies were constantly burning, it only hurt the surface after all. Unlike the leader of the Everlasting Hatred Sect, the ordinary body was melted and evaporated in an instant.

"Forward or backward?"

At this time, Ye Feng and Wei Wudao looked at each other and saw the hesitation in each other's eyes.

Uh-huh!

And at the next moment, Ye Feng's eyes were fierce, and he rushed towards the infinite red divine light in the bronze wall.

"Boy, are you crazy?"

Wei Wudao suddenly exclaimed.

"Made, fight!"

But then, Wei Wudao also cursed secretly, gritted his teeth, and his burly body burst into bright golden light, rushing towards the infinite red divine light area inside the bronze wall.

The inheritance of an ancient wild god emperor is really too tempting.

r\u003e

Wei Wudao knew that this was a huge opportunity that was rare in ten thousand years.

Even if he died, he would still give it a try!

When Wei Wudao bit the bullet and fully stimulated the energy of the ancient holy body, protecting himself and breaking through the barrier of the red divine light, he came to the other side of the bronze wall.

Suddenly he felt a sense of coolness.

Looking back, there was only one layer of the red divine light, covering the entrance like a light shield.

As long as you break through this layer of red divine light barrier, you will be safe.

"Roar!"

"Roar!"

The evil zombie puppets outside roared and roared, but they were unable to pass through the red divine light barrier and were blocked outside.

"Very good!"

Wei Wudao's eyes were excited, and then he turned around and looked at the space on the other side of the red divine light barrier.

This turned out to be a very small underground secret room.

At this time, Ye Feng was standing in front, looking at the dozen or so underground passages connected to this underground secret room.

Wei Wudao came over, saw this scene, and couldn't help but said: "Which way are you going to take?"

Ye Feng smiled slightly and said: "No one can tell where these passages lead to, so just choose one and let nature take its course."

"That's all it can do."

Wei Wudao looked at the dozen or so passages in front of him, took a deep breath, and walked directly towards a certain passage.

He turned his head, looked at Ye Feng and said, "I wish you good luck."

Ye Feng smiled and said: "I also wish you good luck."

Uh-huh!

After saying that, Wei Wudao had already walked into the passage he chose at will and quickly disappeared.

At this time, Ye Feng waited for half an hour in the underground secret room.

Then, he suddenly had a thought.

Buzz!

Buzz!

More than a dozen poison-eating insects returned from more than a dozen passages.

Ye Feng looked at the dozen or so poison-eating insects floating in front of him and asked, "How's the investigation going?"

Suddenly, the largest poison-eating insect conveyed a voice of thought to Ye Feng: "Tell the master, the ends of other passages are all ordinary dilapidated ruins. Only the end of the third passage on the left connects to a huge and glorious ancient ruins." The palace contains a majestic throne, a majestic sculpture of the God Emperor, and many ancient wild weapons."

The poison-eating insect has grown up to this day. Although it cannot speak yet, it has developed intelligence and can be used as Ye Feng's exploration tool, conveying the voice of his thoughts to Ye Feng.

"The third passage on the left?"

Ye Feng's eyes moved, he retracted the poison-eating insect, and jumped directly into the third passage on the left.

As for what Wei Wudao said before about choosing a passage at random, it was naturally Ye Feng's confusing words.

Before Wei Wudao entered this side of the red divine light barrier, Ye Feng had already released a dozen poison-eating insects into each passage to investigate the situation.

After all, Ye Feng was not willing to share the legendary treasure of the Savage God Emperor with a stranger, or even a potential enemy.

Chapter 1263 Inheritance Catalog

After Ye Feng walked on the correct passage for nearly an hour, he finally came to the end.

At this time, Ye Feng was very surprised. He did not expect that this passage was so long.

You know, Ye Feng's current cultivation level has returned to its peak state.

His current speed is extremely fast, but he has actually walked in this passage for nearly an hour. This shows how long and complicated these underground passages are. ??

However, with the guidance of the poison-eating insect, Ye Feng reached the final palace easily.

At this moment, Ye Feng was standing at the door of this huge and majestic palace.

The entire palace is extremely majestic, with sculptures of the Savage God Emperor standing inside, as well as some ancient golden soldiers hanging on the surrounding shelves.

Ye Feng stepped forward, grabbed it with his big hand, and put all the dozen pure gold warriors into the storage ring.

According to Ye Feng's judgment, these pure golden warriors were probably forged by the Savage God Emperor back then. They are all true god-level treasures that have surpassed the pseudo-god level. Like the Heavenly Tribulation Sword, they are real artifacts. They are very special. are precious, they are all treasures.

Every time a soldier is leaked, it will definitely cause a bloody storm and make countless people fight for it crazily.

At this time, Ye Feng collected all the weapons and walked towards the middle of the hall.

In the middle of the hall, in addition to a huge sculpture of the Savage God Emperor, there is also a huge golden coffin placed behind the sculpture.

This golden coffin looked full of nobility. At the same time, Ye Feng suddenly discovered that there was blood flowing in the gaps between the coffin boards.

"Something's wrong."

Ye Feng's eyes suddenly showed a trace of alarm.

"Golden dragon scales!"

"Armor fusion!"

Ye Feng instantly equipped the five-clawed golden dragon scale armor on his body, and his whole body was wrapped in the hard and thick golden dragon scale armor.

Then Ye Feng's soul power moved towards the sculpture of the Savage God Emperor in front of him to explore. To his slight disappointment, he found nothing.

"boom!"

Ye Feng smashed the God Emperor sculpture into pieces with one punch, and there was nothing in the countless fragments.

"It seems that this is really just an ordinary sculpture of the Savage God Emperor."

Ye Feng murmured.

At this time, his eyes were focused on the golden coffin with black blood flowing in the gap on the edge.

Ye Feng was originally unwilling to touch this weird golden coffin.

But although he had harvested more than a dozen precious pure gold true god-level weapons in this hall, Ye Feng had not yet obtained the inheritance of the Savage God Emperor that he really wanted.

So at this time, Ye Feng was covered in five-clawed golden dragon armor and walked toward the golden coffin with black blood flowing in the gap.

"Crunch!"

Ye Feng took out the Heavenly Tribulation Sword, thrust the blade into the gap in the golden coffin, and then pried it hard.

"boom!"

The entire coffin board was pried open by Ye Feng.

"Roar!!"

Almost at the next moment, a humanoid monster covered with black fur roared out of the golden coffin and grabbed Ye Feng directly.

"Zi la!"

Let Ye Fengyan

What shocked God was that this humanoid monster covered with black hair, with its long nails, as if they were made of divine iron, could suddenly pull out three huge claws from the five-clawed golden dragon scale armor on his body. trace.

"What?"

Ye Feng was shocked in his heart. If he had not been equipped with the Golden Dragon Armor, he might have been disemboweled by now. The hardness of the mid-stage hegemonic body would never be able to withstand the terrifying claws of the black-haired monster.

"Could this black-haired monster be transformed into the Savage God Emperor?"

Ye Feng's eyes showed a hint of shock and anger, and he quickly backed away.

He looked down at the terrifying scratches on the golden dragon scale armor on his chest, and felt that this black-haired humanoid monster must have been an invincible strong man before he died.

However, Ye Feng guessed that this black-haired monster was not the Savage God Emperor himself.

Because the Savage God Emperor is a God-Emperor-level figure, even if he has not entered the Eternal Realm, he is definitely the peak existence of the "True God Realm", the last level among the six levels of the God Realm.

If it were an evil corpse transformed from a being at the peak of the sixth level of the God Realm, Ye Feng knew very well that it would definitely not be as simple as leaving a scratch on his golden dragon armor.

"It seems that the magnificent hall I am in at this time is not the true habitat of the Savage God Emperor!"

Ye Feng thought quickly in his mind.

"Roar!"

At this time, the black-haired evil corpse not far away roared and killed again.

"Death to the Gods!"

Ye Feng held the Heavenly Tribulation Sword in his hand and slashed away with one strike.

boom!

Immediately, the terrifying storm of destruction formed by the Gods of War swept across the void, directly blasting the black-haired evil corpse away, shattering the nails on both hands.

"Nine Netherworlds reach the Third Eye!"

Ye Feng's pupils shot out two red laser beams in an instant, filled with terrifying heat, and hit the black-haired evil corpse at once.

"howl!!"

This black-haired evil corpse suddenly let out a painful howl, as if it was alive, and it was different from the evil corpse puppet in the cemetery that Ye Feng encountered before.

This seems to be a more advanced evil corpse!

"God-killing bow!"

In the end, Ye Feng took out a first-grade true god-level weapon with terrifying killing power.

The God-killing Bow and the Heavenly Tribulation Sword are different.

Most of the divine power of the Heavenly Tribulation Sword has been sealed. So far, Ye Feng has not been able to completely unlock the entire Heavenly Tribulation Sword.

But the God-killing Bow, the most precious treasure of the Shenjian Hou Mansion, has no seal at all and is fully capable of divine power.

"boom!"

Ye Feng opened the God-killing Bow, and instantly a black light arrow shot out, hitting the black-haired evil corpse that rushed towards him.

"Crack!"

But what made Ye Feng's eyes twitch was that the black light arrow fired from the God-killing Bow did not directly pierce the head of the black-haired evil corpse, but only penetrated the slightest bit.

"boom!"

Ye Feng was once again hit in the chest by the black-haired evil corpse that rushed over, and his whole body was knocked upside down.

go.

"Come again!"

boom!

Ye Feng pulled the God-killing Bow again, and another black light arrow hit the black-haired evil corpse, directly exploding one of the black-haired evil corpse's arms.

"Roar!"

But the black-haired evil corpse howled miserably and rushed over again.

"The third arrow! I bet you will die!"

Ye Feng jumped into the air and suddenly pulled the God-killing Bow in his hand into a full moon state.

"boom!"

This arrow forged Ye Feng's infinite hegemonic power, and there was even a trace of purple energy surging in the black light arrow.

"Boom!!"

This arrow was full of terrifying destructive power, and finally tore the entire body of the black-haired evil corpse not far away and exploded into countless pieces.

"call!"

At this time, Ye Feng suddenly let out a sigh of relief.

This black-haired evil corpse has been dead for so many years, and he is still so difficult to deal with.

"During his lifetime, he was definitely a top-notch expert in the savage dynasty of gods. He was probably a strong person in the third level of the 'God's Blood Realm'!"

Ye Feng looked at the broken black-haired evil corpse not far away and couldn't help but murmur in wonder.

At this time, Ye Feng walked up to the previous golden coffin and immediately saw that on the inner metal wall of this golden coffin, there was actually a set of very ancient inheritance catalogs carved on it!

"Great Wild God Chaos Fist!"

Seven ancient wild characters are engraved on one side of this inheritance catalog.

At this time, Ye Feng's soul power covered the inheritance catalog on the wall of the golden coffin.

"Wow!"

In an instant, he saw a vast vision:

On the endless wild land, a majestic god of the wild, standing tall and tall, came from the depths of the wilderness, punched out with a punch, countless turbulent currents poured out from the void, and a violent and overwhelming barbaric spirit was cast in this place. In one punch, the entire world was shaken to its core.

This is pure brute force to the extreme!

Represents the ultimate power of the Barbarian God!

It can shake the world and shatter everything!

"This is very similar to the way of great power that I have always understood!"

Ye Feng looked at the inheritance vision that appeared in his soul, with joy in his eyes.

At this moment, Ye Feng used his super soul power to successfully obtain the inheritance of the ancient wild god dynasty that was engraved in the golden coffin: the Great Wild God Chaos Fist!

This is a set of unparalleled martial arts that surpass the pseudo-god level!

It's a set of first-grade true god-level martial arts!

This is the most advanced martial arts Ye Feng has obtained so far!

"It's a worthwhile trip to get such a terrifying set of ancient martial arts from the barbaric dynasty."

Ye Feng's eyes were extremely bright.

The core martial arts secret of this set of Great Wilderness Barbarian God's Chaotic World Fist is to use infinite brute force to smash everything and cause chaos in the world. It has the true meaning of martial arts that only dominates the world!

This is deeply consistent with Ye Feng's Heavenly Hegemony and the "Great Power Technique" that Ye Feng has followed since he entered the path of cultivation.

"This Great Desolate Barbarian God Chaotic World Fist was probably practiced by that black-haired evil corpse during his lifetime.

I have developed powerful martial arts. No wonder I have turned into the evil corpse I am today. Every move I make contains tremendous power. Even my mid-term hegemony is temporarily unable to compete with it. It is really powerful. "

Ye Feng murmured, and then buried the broken evil corpse lying on the ground.

Then Ye Feng looked around the glorious hall, his eyes flashing: "It seems that there is a deeper space in this underground world. The hall I am in at this time is not the real burial place of the Savage God Emperor, it is just a The burial place of a top general from the Savage God Dynasty."

At this time, Ye Feng suddenly felt a little emotional. The legendary Emperor of the Wild God had really used all his tricks to refine each and every one of his powerful subordinates into such ferocious evil corpses like humans and demons. Just to protect his own final underground tomb.

Uh-huh!

Ye Feng didn't stay for too long and quickly left this place to explore other passages.

Maybe the real core of this underground tomb is still hidden in other passages.

"Brother Ye, we meet again."

When Ye Feng explored the fourth passage, he happened to meet Wei Wudao from before.

Wei Wudao couldn't help but smiled bitterly and said: "It's like a maze in here. I can't get out at all, and I didn't find any treasures. Brother Ye, what about you?"

Ye Feng also pretended to have a sad face and said: "I also turned around now and found that I couldn't find the core of the real underground tomb of the Savage God Emperor."

Wei Wudao nodded slightly and said: "I think there must be something else in this underground mausoleum. Where is the real burial place of the Savage God Emperor? We have encountered so many dangers and haven't found it yet. It's really... Not willing to give in. "

"Dang Dang Dang!"

Suddenly at this moment, at the end of a passage not far away, there was a sudden sound of metal collision, which seemed to be the sound of a group of people fighting.

Ye Feng and Wei Wudao looked at each other and saw the surprise in each other's eyes.

"Why are there other people in the underground tomb so deep? It seems like there are quite a few people?"

Wei Wudao couldn't help but scream in horror.

After all, apart from Ye Feng, the only person who came all the way to this underground mausoleum was the dead leader of the Everlasting Hatred Sect.

Ye Feng listened for a while and suddenly said: "This must be a strong fight! I thought of a possibility!"

Wei Wudao immediately asked: "What's possible?"

Ye Feng said slowly: "The end of one of the dozen or so passages we are in is connected to other spaces!"

"It's not impossible!"

Wei Wudao nodded immediately.

"Go and see!"

The two of them lurked along the passage where the sound of fighting came from.

Soon they came to the end of the ninth passage. At the end, there was an empty stone room.

"Dangdangdang..."

The sound of the clash of weapons that the two people heard before was now coming from the other end of one wall of the stone chamber.

Ye Feng's eyes moved, staring at the wall, and said: "Is there a cave on the other side of this wall?"

Wei Wudao grinned, raised the golden sword in his hand, and said, "You'll know after you chop it into pieces."

Chapter 1264 Mausoleum Maze

Boom! !

Wei Wudao was very strong. He held a golden sword in his hand and slashed directly at the wall in front of him.

"Wow!"

The entire wall suddenly shattered, revealing the scene on the other side.

The space on the other side is an ancient underground palace. The treasures in the palace have been plundered. There are several broken bodies of humanoid black-haired monsters on the ground, as well as the corpses of several strong human beings who have no longer human form.

The sound of the fighting just now has disappeared. It seems that there has just been a tragic fight here.

Wei Wudao looked at the ancient palace behind this wall, and then saw more than a dozen passages at the other end of the palace. .??.

He couldn't help but said helplessly: "Sure enough, this underground mausoleum is a huge underground maze. There must be other exits and entrances. It may even be connected not only to our wild area, but also to other places in the spiritual world. Entrance, that's why there are so many strong people in it."

Ye Feng nodded slightly and said: "I have encountered this kind of black-haired monster just now. It is so powerful that it cannot be killed by those who are not in the realm of gods. It is impossible for such a monster to appear in the wild area near the Valley of the Evil where we were before. There are many powerful people in the realm of gods, so there must be powerful people from other regions in the spiritual world entering this underground tomb."

Wei Wudao looked at the tragic battlefield in front of him, the broken corpses, and the blood. He couldn't help but his eyes were a little cold, and he said: "It seems that the ancient ruins of the Savage God Emperor have attracted many powerful people. This time it is. It's a bit dangerous."

Ye Feng smiled and said: "No matter what, we continue to move forward. I won't be willing to do it unless we find the final burial place of the Savage God Emperor."

Wei Wudao grinned and said, "I'm not willing to do it either."

With that said, the two of them parted ways, each choosing a passage to enter the underground maze.

Ye Feng did not use bite this time

The poisonous insect explores every passage.

Because that is really a waste of time.

It takes at least an hour for the poison-eating insects to come and go.

And now Ye Feng already knows that many powerful people from other regions in the spiritual world have entered this underground tomb.

No time can be wasted, otherwise all the treasures will be plundered.

Just like the ancient palace just now, it experienced a fierce fighting and all the treasures were plundered.

Walking in the underground labyrinth passage, Ye Feng comprehended the martial arts secrets of the first-grade true god-level inherited martial arts "Great Wilderness Barbarian God Chaotic World Fist" that he had previously obtained, while exuding powerful soul power and exploring the surroundings. everything.

Soon, Ye Feng reached the end of the passage, and a gate made of gold appeared.

"boom!"

Ye Feng's hegemonic power surged throughout his body, and he shattered the golden door with one punch.

Wow!

Among the countless fragments, Ye Feng walked behind the golden door.

This is another majestic ancient palace, similar in shape to the palace Ye Feng encountered for the first time, but there is no golden coffin.

But on the side of the palace, there are still soldiers with shining auras hanging on the weapon shelves.

The spiritual power fluctuations of a Zun Zun warrior are very powerful.

Obviously, even if it is not a true god-level treasure, it is definitely a pseudo-god-level treasure at the peak of the ninth rank.

There were several war swords among them. Ye Feng's eyes were filled with joy, and he quickly collected the war swords and melted them into his own invincible sword domain.

These war swords were all ancient warriors of the Wild God Dynasty. After merging into the Invincible Sword Domain, Ye Feng immediately felt that the Invincible Sword Domain had become much stronger again.

In addition, Ye Feng also saw many white jade boxes on the other side of the palace.

"Crack!"

Ye Feng opened these white jade boxes, and they were all filled with pills that exuded a strong medicinal fragrance.

These must be the burial objects of the underground tomb of the Savage God Emperor!

For foreign warriors like Ye Feng, they are all treasures.

After all, these elixirs can be preserved for tens of thousands of years without decay. Even if they are not true god-level elixirs, they are definitely high-grade pseudo-god-level elixirs.

"There are a dozen jade boxes in total! What a good thing!"

Ye Feng's eyes were excited and he collected everything.

"boom!"

But just as he was collecting it, a biting cold murderous intent suddenly struck from behind.

"who?"

Ye Feng turned around instantly and punched out without even thinking.

Boom! !

With this punch, Ye Feng displayed the martial arts secrets of the Great Wild God Chaos Fist that he had just comprehended.

This is a set of true god-level martial arts!

The terrifying energy of the fist burst out all of a sudden.

Ye Feng didn't even see the true face of the person who attacked him. The sneak attacker had been directly shattered by Ye Feng's punch and was killed instantly.

"So strong!"

Ye Feng's eyes suddenly lit up.

The sneak attacker just now, Ye Feng sensed, was at least a fifth-level expert in the Divine Qi Realm.

But it was instantly shattered by Ye Feng's punch.

You must know that Ye Feng has just understood the Great Wilderness Barbarian God's Chaos Fist, and has only initially released a trace of the true meaning of the Barbarian God's Chaos martial arts.

But in conjunction with his own hegemonic body, he already has such powerful and destructive power.

This made Ye Feng feel that this set of Great Wilderness Barbarian God Chaos Fist was almost tailor-made for him.

Ye Feng walked to the sneak attacker he killed, took the storage spirit ring in the blood mud into his hand, then swallowed the life essence, and quickly left here.

...

Swish, swish, swish!

Not long after Ye Feng left, the fighting that took place here quickly attracted several figures to come.

These figures are all the most powerful, and they all exude the terrifying cultivation aura of the seventh and eighth heavens of the divine energy realm.

There is even a strong man whose cultivation aura is clearly a transcendent existence from the Divine Fire Realm, the second level of the Divine Realm!

It can be seen from this that how many powerful people have descended into the huge underground tomb of the Savage God Emperor.

I am afraid that many gods in the entire spiritual world have arrived here.

And this further confirms the previous speculations of Ye Feng and Wei Wudao, that is, the entrance to the underground tomb of the Savage God Emperor does not only exist in the wilderness, but may also have entrances in other places in the spiritual world.

It has to be said that the God Emperor of the Wilderness is worthy of being a God-Emperor-level figure who unified the entire Wilderness region hundreds of thousands of years ago.

Even though he is not as brilliant and powerful as the current Emperor Tongtian, he is definitely a peerless hero!

The size and majesty of this underground mausoleum is simply shocking. I don't know how much manpower and material resources were spent to finally build such a huge underground world!

Chapter 1265 Extreme Cold Essence

In the next few days, while Ye Feng consumed his soul power and quickly understood the secrets of martial arts, he moved like a ghost and quickly shuttled through the maze of underground mausoleums.

In the past few days, Ye Feng found several palaces and found many ancient elixirs and soldiers.

What makes Ye Feng most happy is that he found another divine sword.

It was a second-grade true god-level battle sword, with a pure golden sword body engraved with dragon patterns, and it looked extremely noble.

Although this dragon-patterned golden sword may not be as high-grade as the Heavenly Tribulation Sword, like the God-killing Bow, it is a divine sword without any seal!

Ye Feng can directly cast it into his own invincible sword domain.

"Buzz!"

At this moment, the number of swords in Ye Feng's Invincible Sword Domain has surged from more than two hundred to three hundred and twenty-six.

And the most important thing is that in today's Invincible Sword Domain, a second-grade true god-level sword such as the Dragon Pattern Golden Sword has also been forged.

A real divine sword has been added to the Invincible Sword Domain, and the overall power has been raised to a higher level in an instant!

...

"Boom!"

On this day, Ye Feng held the Heavenly Tribulation Sword in his hand and split open an ancient bronze door in front of him with one sword.

"Uh-huh!"

Ye Feng stepped into it, originally thinking it was another ancient palace.

But the moment Ye Feng just stepped into it.

"Buzz!"

In the secret room behind the ancient bronze door, there is actually a huge teleportation array on the ground.

Before Ye Feng could react, his entire body had been teleported away.

"Buzz!"

Along with a severe feeling of dizziness, Ye Feng opened his eyes.

He saw that he actually appeared on a land with extremely dark sky.

There is billowing demonic energy everywhere, as if you have arrived on the devil's land.

Ye Feng's eyes were a little surprised, not knowing where this place was.

"Boom!"

And suddenly at this moment, there was a burst of fighting sounds from a certain direction not far away.

Uh-huh!

Ye Feng quickly flew over and soon came to a huge ice lake.

At this time, several figures were fighting in chaos on the icy lake.

There are six people in total, and the cultivation aura exuding from each of them is at least the fifth level of the divine energy realm.

The most powerful among them is a young man wearing a purple robe. His cultivation is at the peak of the tenth level of the Divine Energy Realm.

"Thunder from heaven!"

Suddenly, the scepter in the hand of the young man in purple robe pointed a little higher in the sky.

Boom!

Boom!

Immediately, endless thunder struck down from the dark sky, knocking all five strong men around him away.

"Ah!"\u003c

br\u003e

"ah!"

"..."

The five strong men couldn't help but scream miserably. Although they were not dead, they were instantly burned to death by the electric shock.

"The power of the elements!"

Ye Feng watched from not far away, his eyes suddenly filled with surprise.

He is a soul master and is very sensitive to this elemental power of heaven and earth, and can even use it.

"Could this young man in purple robe come from the Dharma Emperor's Palace?"

Ye Feng was slightly surprised.

He still remembered that in the wild area, the only one who could use the power of the elements of heaven and earth so powerfully was the Emperor's Palace of the Western Continent, which was inherited from the other side of the chasm.

At this time, Ye Feng saw that the appearance of the young man in purple robe did not seem to be very similar to the native human race in the spiritual world. He had golden hair, a high forehead, a hooked nose, and he seemed to have a natural ruthlessness. It means spicy.

A strong man who was flying away from the ground shouted loudly: "Master of the Emperor's Palace! This ice lake contains the extremely cold essence of an entire lake. Do you want to swallow it all by yourself?"

The young man in purple robe sneered and said: "That's right, I want to monopolize the extremely cold essence of the entire lake. You losers dare to compete with me for this natural treasure. Get out

of here, otherwise I will. If I am really angry, I will kill you all even if I spend some of my original power!"

The conversation between several people in the distance confirmed Ye Feng's guess.

That young man in purple robe turned out to be the most powerful person in the Dharma Emperor Palace, and he was also the master of the Dharma Emperor Palace!

"Extreme cold essence, pretty good stuff."

At this time, Ye Feng suddenly stepped out from a short distance away, looked at the five strong men who were electrocuted and fell to the ground, and said with a smile: "Let's join forces and kill the master of the Fahuang Palace, and then this whole cold I want half of the extreme cold essence of the ice lake, and the remaining half will be divided between the five of you, how about it?"

Among the five powerful men at the fifth level of the Divine Energy Realm, an old man wearing a red robe immediately looked disdainful and said: "Boy, who are you? An ant in the False God Realm, are you qualified to join forces with us?"

"boom!"

Suddenly Ye Feng punched out, and a huge phantom of the Barbarian God appeared in his fist wind, roaring and roaring, full of infinite power in troubled times!

"ah!"

This powerful man in the fifth level of the Divine Qi Realm was killed in one fell swoop.

"What?"

The remaining four strong men's eyes were immediately horrified, and they couldn't help but said: "How can the Void God Realm be able to erupt with such tyrannical power? It is almost comparable to the existence of the eighth heaven of the Divine Qi Realm!"

Ye Feng looked at the remaining four strong men with a smile and said: "If I hadn't been able to fight against the master of the King's Palace alone, I wouldn't have bothered to join forces with you. Now I have proven my strength. Compared with How about any of you being strong?"

, would you consider joining forces with me? As long as the four of you can restrain the Master of the Royal Palace from half of his energy, the rest can be left to me. "

"good!"

The remaining four strong men who have been able to practice to this day are not mothers-in-law, so they immediately nodded and agreed to this cooperation.

Not far away, the master of the Fahuang Palace stared coldly at Ye Feng who suddenly walked out. He smiled coldly and said: "Boy, you have great fighting power and are very courageous and courageous, but you are my enemy." , will definitely be the most wrong thing you have ever done in your life." .??.

Great Wild God Chaos Fist!

Ye Feng didn't say any nonsense, and directly hit the master of the Fahuang Palace not far away with a peak punch.

"Thunder from heaven!"

The master of the Fahuang Palace had a fierce look in his eyes, and he suddenly raised the golden scepter in his hand and pointed it sharply in the direction where Ye Feng was rushing.

"Boom!"

Above the dim sky, a barrel-thick thunder beam suddenly bombarded down, hitting Ye Feng instantly.

"Hahaha! You don't even defend yourself? What a stupid boy!"

The master of the Fahuang Palace laughed out loud and said: "If you are hit by my Nine Heavens Thunder, you will be dead!"

Uh-huh!

But at this moment, a young figure with purple light blooming all over his body, domineering and unparalleled, full of infinite momentum, rushed out of the thunder and still punched him.

It's Ye Feng!

"What?"

When the Master of the Fahuang Palace saw that Ye Feng was intact, his eyes suddenly changed.

But the destructive energy of Ye Feng's terrifying punch had already bombarded him.

"Earth Elemental Holy Shield!"

The master of the Fahuang Palace roared and raised his hands violently. In front of him, the infinite power of the earth elements surged out, and a huge earth shield condensed in front of him.

This earth shield looks very ordinary, but it has terrifying hardness.

"Boom!!"

Ye Feng's Great Desolate Barbarian God Chaotic World Fist bombarded it, and with the blessing of the mid-stage hegemonic body's hegemonic power, it only created a crack and did not directly shatter it.

It has to be said that the power of elements in the heaven, earth and universe is indeed terrifying.

Moreover, the master of the Dharma Emperor Palace is a powerful man at the top of the tenth level of the Divine Energy Realm, but his strength and methods are extremely powerful.

"The World-Destroying Sword Technique!"

"Raging Fire Lotus!"

"The Great Collapse of Heaven's Fortune Palm!"

"The royal killing fist!"

Suddenly at this moment, four figures appeared next to the master of the King's Palace, and all of a sudden they bombarded him with their strongest martial arts moves from all directions.

These four people are all powerful in the fifth or even sixth level of the Divine Qi Realm. The most powerful means of attack are also incomparable.

terrible.

Now the main energy of the Master of the Fahuang Palace is being restrained by Ye Feng. The remaining four strong men are not stupid. Seeing that the Master of the Fahuang Palace is busy fighting Ye Feng at this time, they immediately lurk next to the Master of the Fahuang Palace and start shouting. Use terrifying skills and killing moves.

"ah!"

The master of the Fahuang Palace did not expect that these four powerful men would directly attack the surroundings. He was immediately hit by the killing moves of the four powerful men. He let out a miserable howl and his body was about to be shattered.

Buzz!

The master of the King's Hall suffered heavy losses, and the earth elemental shield in front of him suddenly collapsed.

"kill!"

Ye Feng saw the opportunity, clenched his hands into fists, and continued to attack.

"Pfft!"

The master of the Fahuang Palace had no time to respond, and his head was suddenly shattered by Ye Feng.

"ah!!"

An earth-shattering howl immediately erupted from his headless body, and he was killed instantly.

"Success!"

When the four powerful men saw this, their eyes were filled with surprise.

At this time, when they looked at Ye Feng's young figure in white clothes, they all had deep shock in their eyes.

Who is this young man who appears suddenly? His strength is so terrifying.

At the tenth level of the Virtual God Realm, can he compete with a strong person at the top of the tenth level of the Divine Qi Realm like the Master of the Fahuang Palace?

It's really awesome!

At this time, the four powerful people in the fifth and sixth heavens of the divine energy realm who could be called the most powerful outside and might be the overlords of one party looked at Ye Feng with a look of awe involuntarily.

Uh-huh!

At this time, Ye Feng flashed to the place where the master of the Fahuang Palace died, looked at the four powerful men and said: "According to the previous agreement, I will share half of the

extreme cold essence contained in this ice lake, and the four of you will share it equally. Half, don't disturb me next time, I'm going to enter the cultivation state."

Ye Feng said, no matter what the four powerful men said, he directly released the Devouring Domain and began to devour the power of the master of the Fahuang Palace, as well as the high-quality extreme cold essence contained in half of the huge ice lake.

This kind of extremely cold essence can only be produced in such strange places as the underground tomb of the Savage God Emperor!

At this time, Ye Feng also gradually guessed that the dark land he was transported to was most likely the small world created by the Savage God Emperor himself.

In other words, this small world is the real burial place of the Savage God Emperor!

"Let's quickly absorb the extreme cold essence and practice. We may encounter more powerful opponents next!"

At this time, the four powerful men also quickly walked to the other side of the ice lake and began to absorb it.

They all know very well that if they can improve their cultivation strength now, they will have more ability to protect themselves when they explore this small world.

Chapter 1266 Floating Building

At this time, Ye Feng was quickly devouring the extremely cold essence that was refining the master of the Dharma Emperor Palace and half of the lake.

"Buzz buzz..."

At this time, visible to the naked eye, the majestic elemental power of the Master of the Emperor's Palace, as well as the ice-blue extreme cold energy of half a lake, were rapidly surging towards Ye Feng's body.

Ye Feng could feel at this moment that two huge energies with different attributes were boiling and roaring in his body.

At this moment, his skill is growing rapidly.

"boom!"

Suddenly at a certain moment, Ye Feng's whole body was shaken.

His martial arts momentum instantly broke through the tenth level of the Virtual God Realm and the Great Perfection.

But there is still one final hurdle before the true realm of God.

"The realm of demigods..."

Ye Feng opened his eyes, the divine light in his eyes flashed, and he couldn't help but murmured.

Although in the end he did not break through to the true realm of God, Ye Feng was a little disappointed.

But after all, he transcended the realm of virtual gods and entered the realm of demigods.

At this time, Ye Feng also understood how terrifying and powerful energy accumulation he needed to break through to the true realm of God.

Although Ye Feng was quite shocked, he knew after all that the more powerful the energy required for a breakthrough in cultivation, the more solid his martial arts foundation would be.

When you truly step into the realm of God in the future, your combat power will definitely increase dramatically.

Uh-huh!

At this thought, Ye Feng stood up suddenly. At this moment, he saw that the master of the Fahuang Palace next to him had become a skeleton without any life essence.

Moreover, the entire ice lake has also dried up, and all the cold air has disappeared.

Not far away at this time, the four strong men were still staying there.

Moreover, the eyes of these four people were all looking in the direction of Ye Feng.

Ye Feng walked over and asked in surprise: "What? You seem to be waiting for me. What else is there? Our cooperation has ended."

A strong man at the sixth level of the Divine Energy Realm spoke up and said with a smile: "This little brother, you are so powerful, we want to follow you to the final burial place of the Savage God Emperor in this small world."

Ye Feng's eyes immediately moved and he said, "Do you know some secrets about this small world?"

The only woman in red among the four people immediately replied: "Yes, we all come from super powers, and we have a lot of information in our hands. The real burial place of the Savage God Emperor is at the end of this small world, there. An immortal floating building is being built. It is said that the floating building is that before the death of the Savage God Emperor, he spent a huge price to build the epitome of his entire Savage God Dynasty into a certain proportion in this small world.

The end was built as a place for him to rest after his death, representing his status as the master of the wild god dynasty after his death. "

"Floating building?"

Ye Feng nodded slightly and said: "Since you know so much information, you can follow me, but you must ensure that everything you say is true. If you dare to deceive me, I will not be polite. "

The four strongest men immediately smiled and said: "Don't worry, we won't lie to you. You are so powerful, and we know the consequences of lying to you."

At this time, the eyes of the four powerful masters of the Divine Qi realm were filled with a hint of joy.

Obviously being able to walk in this small world with a young prodigy like Ye Feng who has terrifying combat power, their safety factor has suddenly improved a lot.

...

The group moved very quickly, and in less than a few days, they had reached the end of this small world.

At this time, Ye Feng looked into the distance, and sure enough he saw a vast floating building on the ground at the end of this small world, thousands of feet high in the sky.

“That’s where the Savage God Emperor once lived!”

At this time, among the four strong men, the woman in red said excitedly.

"Hahaha! Finally found the burial place of the Savage God Emperor!"

At this time, along with a long laugh, a very powerful man with a very powerful aura and the ninth level of divine energy came from a distance and landed not far away from Ye Feng and others.

"Look! We have finally arrived at this floating building! The kingdom of death that the legendary Emperor of the Wild God forged for himself!"

At this moment, several more figures arrived.

To be able to finally reach this point, the cultivation strength of these people is not weak at all. They are all in the divine energy realm. There are even a few figures whose faint aura is suspected to be the second level of the divine fire realm in the realm of gods!

Ye Feng's eyes flashed slightly. At the edge of this floating building, there was probably a group of the most powerful people in almost the entire spiritual world.

Among them may be some strong men from the realm of gods from the Tongtian Divine Dynasty, the main land of the Nineteen States Human Race.

"Uh-huh!"

So at this time, Ye Feng took out a set of black robes from the storage ring and covered himself to avoid being discovered by people he knew.

After all, in the divine capital of the Tongtian Divine Dynasty, the eight super families, including other powerful people in the realm of gods, all thought that they were dead.

If you are alive now

If the news is passed back, it may be very detrimental to one's friends in the city of God.

"Let's go straight up!"

Many people were ready to make a move, and a few of the most powerful men in the fourth and fifth levels of the Divine Qi Realm finally couldn't help themselves and jumped directly towards the floating building.

"Pfft!"

"Pfft!"

However, before they could get close to the floating building, terrifying sharp energy burst out from the void instantly, like long swords, and instantly wiped out the bodies of those who flew up. , was stabbed full of holes.

"ah!"

"ah!"

Accompanied by screams, those strong men instantly fell from the sky. Although they did not die, they were seriously injured. The blood holes all over their bodies looked shocking.

"That is?"

At this moment, everyone was shocked.

Buzz!

At this time, in everyone's field of vision, weapons emitting sharp light suddenly appeared in the void near the floating building.

However, these weapons are not entities, but are condensed from an invisible gas. Their penetrating power and sharpness are very terrifying, and they can easily pierce the divine body of a strong person in the realm of gods.

And the most frightening thing is that the weapons condensed by these gases are densely packed, like locusts all over the sky. The black mass gives people a very strong sense of suffocation, as if they are facing thousands of troops. .

"In the void around the floating building, there should be a huge military formation, covering the entire floating building. Using the power of the entire small world of heaven and earth, countless invisible weapon edges are derived, just like thousands of armies. Like a horse, it protects the habitat of the Savage God Emperor and does not allow outsiders to enter and destroy it!"

At this time, an old man wearing a formation robe spoke up, with a hint of amazement in his tone: "This military formation, combined with the world power of the entire small world, makes the floating building There is an almost impenetrable formation barrier formed around it. As long as you enter, you will be pierced by countless military energy and die. Anyone who can arrange such a perfect military formation must be extremely powerful with weapons. The research may have been arranged by a certain god-level formation mage from the Wild God Dynasty."

"Army formation?"

"Did it be arranged by a god-level array mage?"

After hearing the old man's explanation at this moment, many of the strongest people present looked a bit ugly.

They didn't expect that after working so hard to reach the end of this small world and suffering countless casualties, they would encounter such a terrifying military killing formation again.

"No matter what, it's all here, we can't

Stand back and fight! "

A powerful man shouted loudly, covered his body with a thick layer of black iron armor, and instantly rushed towards the vast floating buildings high in the sky.

"Dang Dang Dang!"

Immediately, the infinite martial energy condensed into countless warriors, and they stabbed towards him, colliding with the armor, making a harsh clanking sound.

But after all, it did not pierce the black iron armor, and the strong man continued to fly quickly towards the floating building.

"Quick! Put on the armor and resist the sharp energy of the military formation!"

"It seems that those who don't have powerful armor this time will have no chance of getting the inherited treasure of the Savage God Emperor!"

At this moment, all the strong men had fiery eyes.

"Crack!"

"Crack!"

"..."

At this moment, nearly half of the powerful men present were equipped with sets of armor.

These armors were of various shapes and colors, and dozens of the most powerful ones all rushed into the sky.

"Dang Dang Dang!"

"Dang Dang Dang!"

In an instant, there was a crash of metal delivery all over the sky.

"Pfft!"

However, there were some strong men whose armor was too weak and was still pierced by the sharp energy of the military formation. They howled instantly and fell from the sky.

"Uh-huh!"

At this moment, Ye Feng didn't bother to care about the four powerful men following him. He was instantly covered with golden dragon armor, stepped directly through the ground, and rushed into the sky.

"Dang Dang Dang!"

The moment he entered the field of military formation, Ye Feng instantly felt that in the surrounding void, there were countless sharp auras, like swords, guns, swords and halberds, quickly cutting through the golden dragon armor on the surface of the body.

"boom!"

Ye Feng increased his speed and flew towards the floating building high in the sky.

The higher you go, the more terrifying the sharpness becomes.

"ah!"

A strong man not far away suddenly howled miserably. It turned out that the armor on the surface of his body could no longer support it, and his entire body was crushed into pieces and turned into a blood mist.

"Not good! The higher this military formation goes, the more terrifying the military edge becomes!"

When many people around saw this scene, they couldn't help but change their eyes.

"Go, go, go!"

But now at this time, it is impossible for everyone to go back. They can only bear the terrifying energy of cutting weapons and rush upwards.

Chapter 1267 Young Emperor

"Buzz!"

"Buzz!"

"..."

Just as dozens of powerful men were attacking the floating building above, suddenly a tall armored soldier condensed in the field of military formations.

These armored soldiers, all made of pure steel, killed them from high altitudes.

"They are steel puppet soldiers forged by the Savage God Emperor!"

Some people couldn't help but exclaimed.

"boom!"

When a steel puppet slashed down with a giant steel sword, a strong man tried to resist, but was suddenly blown away, and the armor on his arms almost cracked.

"So strong!"

When everyone around saw it, their eyes were suddenly shocked.

That strong man was a seventh-level being in the Divine Qi Realm. He was wearing powerful armor, but he was instantly knocked away by the steel puppet.

This shows how powerful this steel puppet is!

"Swish, swish, swish!"

At this moment, many steel puppets came to kill from high altitude.

"Don't fight with these steel puppets, rush to the floating building quickly!"

Some people couldn't help but exclaimed and quickly left the area.

Uh-huh!

Suddenly a steel puppet rushed in front of Ye Feng, holding the machete in his hand and slashing towards Ye Feng.

"boom!"

Ye Feng slapped out, and the golden armored palm wrapped in the golden dragon armor immediately blew away the steel puppet. The machete in the steel puppet's hand was shattered.

"This guy is so strong!"

Many people couldn't help but look slightly shocked when they saw Ye Feng's battle.

"boom!"

"boom!"

But at the next moment, two towering steel puppets rushed towards Ye Feng.

"Uh-huh!"

Ye Feng's eyes changed slightly, and he did not dare to fight any longer. He quickly left the area and rushed towards the floating building from another direction.

"ah!"

"ah!"

But others who were slow or whose armor level was too low were torn to pieces by a group of steel puppets, making miserable howls and staining the sky with blood.

Swish, swish, swish!

Swish, swish, swish!

Including Ye Feng, a group of strong men quickly left this area, and finally shuttled through the entire military formation field and jumped to the floating building area.

area.

"Tap tap tap!"

At this moment, everyone stepped on the ground.

This floating building area is like an ancient divine dynasty built high in the sky.

Although it was a microcosm of the Savage God Dynasty back then, it was probably only one percent of the size of the territory of the Savage God Dynasty during its glory days.

But at this time, everyone stood in front of this floating building, looking at the endless magnificent palaces, towering towers, continuous city walls, etc., and they all felt a sense of insignificance.

"How glorious was the Savage God Dynasty in its heyday..."

Some people couldn't help but sigh, feeling a deep awe in their hearts for this ancient divine dynasty that had disappeared in the long river of history.

Uh-huh! Uh-huh! Uh-huh...

Next, everyone quickly shot away in one direction, not wanting to waste time and looking for treasures quickly.

Ye Feng stared at the entire floating building, with no end in sight, and quickly flew towards the depths.

"boom!"

"boom!"

Behind them, powerful and cold steel puppets rushed up and continued to chase everyone.

...

Three days later.

"Crack!"

Ye Feng spent all his strength to smash the steel head of a steel puppet that was chasing him.

With a look of surprise in his eyes, he put the damaged steel puppet into his storage ring.

If this powerful technique of making steel puppets could be researched, it would definitely be priceless.

At this time, Ye Feng had solved the steel puppet that was chasing him, and he finally breathed a sigh of relief.

At this time, Ye Feng was a little helpless, because in the past few days, he had discovered a group of seemingly magnificent buildings, but they were empty and empty.

There are not as many treasures as Ye Feng got from the underground tomb before.

This shows that the Savage God Emperor built this magnificent floating building just to show his majesty and power, and did not leave behind too many treasures.

But now for Ye Feng, he can no longer look down on ordinary treasures.

What Ye Feng cares about most now is to find the treasure from this floating building that will allow him to break through to the realm of true god.

Or, look for the inherited skills and martial arts of the Savage God Emperor.

This is Ye Feng's true purpose.

...

Next, Ye Feng simply didn't bother to explore the palaces and giant towers on the road.

He muffled his voice and headed directly towards the depths of the floating building.

When Ye Feng came to the end of this land of floating buildings.

He immediately saw an illusory gate made entirely of white clouds, suspended at the end of the sky.

Inside the gate composed of white clouds, there was a dazzling light that could not be seen clearly.

At this time, there were more than a dozen figures standing outside the Baiyun Gate, seemingly hesitating whether to enter or not.

Ye Feng looked at the dozens of figures, and his heart moved secretly. It seemed that there were people like him who didn't bother to search the countless buildings in the floating building, and went directly to the final place of the floating building.

Ye Feng had already dispelled his golden dragon armor, and was covered in a black robe. He walked over. A dozen people not far away glanced at him, and then continued to stare at the white cloud gate at the end of the sky.

"Uh-huh!"

Finally, someone couldn't help it. It was a woman in blue, with blue light shining under the soles of her feet. She rushed directly into the dazzling light behind the white cloud gate, and disappeared in the blink of an eye.

"We have arrived at the final place. No matter whether we live or die, going in to have a glimpse of the legacy of the Savage God Emperor will be considered a life well spent."

An old man in the realm of gods laughed, very free and easy, and suddenly stepped into the white cloud gate.

But there are some people who don't dare to take risks after all. After all, they have encountered too many dangers along the way and are already afraid.

These people took one last look at the Baiyun Gate, then turned and left, preparing to search for other ordinary treasures on the land of floating buildings, which was considered a profit.

Ye Feng was a little hesitant at this time, but the next moment, he gritted his teeth and decided to enter the final place behind the White Cloud Gate.

Because Ye Feng knew very well that it was extremely difficult to achieve the realm of a god by himself.

If you were in the outside world, you would probably have to practice for several years, or even more than ten years, before you could step from the realm of demigods to the realm of true gods.

But now the situation in the land of the gods of the Tongtian Divine Dynasty is tense, and the eight super families are a huge threat.

If you want to fight against the eight super families with one person, you must achieve the realm of God!

"rush!"

Ye Feng thought of this, jumped up directly, and rushed directly with great courage and strong determination.

Entering the endless dazzling divine light in the white cloud gate.

However, the moment he passed through the Baiyun Gate, Ye Feng's eyes suddenly froze.

He found that he had not encountered any danger, but was already standing on a magnificent martial arts square.

The martial arts square is surrounded by continuous towering walls, connecting the sky and the earth, like a huge cage.

And just when Ye Feng was extremely confused.

Buzz!

Not far from the martial arts square where he was, a young man wearing a golden dragon robe appeared.

The moment this young man appeared, the whole world became filled with tremendous pressure.

He has a burly body, a face as sharp as a knife, a majestic posture, deep eyes, and shoulders as tall as a god, as if he can support the entire sky, giving people a sense of supreme majesty that cannot be disobeyed.

This person is like a supreme young emperor.

Ye Feng's eyes suddenly changed.

The cultivation aura of this young emperor was exactly the same as his own, that of a demigod.

But Ye Feng felt a deep sense of death crisis from this young emperor.

This is something Ye Feng has never felt before.

Because ever since he entered the cultivation path, Ye Feng has always directly crushed opponents of the same level with absolute power.

But this emperor-like young man of the same realm gave Ye Feng a heavy and depressing feeling.

Ye Feng couldn't help but ask: "Who is your Excellency?"

The young emperor's deep eyes were fixed on Ye Feng, and he smiled slightly and said: "I am the combat clone of the Savage God Emperor when he was in the demigod state. You fight with me. If I lose, you can get the Savage God." The ultimate inheritance of the emperor."

Ye Feng's eyes moved and he said: "Is the same true for other people who enter here?"

The young emperor nodded and said: "We are all fighting in the same realm. I, the Emperor of the Wild God, rose up in the wilderness. I have faced countless enemies in my life and have never

suffered a defeat. I am not weaker than anyone in my life. If you can reach the same realm Defeat me, and you will get all the inheritance and treasures of my Savage God Emperor!"

Ye Feng's eyes flashed and he said: "Then, what if I lose?"

Hearing this, the young emperor revealed a hint of extreme coldness in his deep eyes, and said: "If you lose, there will only be one end, and you will be killed directly by this emperor!"

Chapter 1268 Martial Arts Divine Inscriptions

The God Emperor of the Wilderness is an ancient figure who amazed an era on the wild land.

Hundreds of thousands of years ago, he was able to carve out a human dynasty of gods with one person in such a ferocious land as the wilderness, which shows how terrifying and terrible it is.

At this moment in the martial arts square, Ye Feng stared at the young emperor of the same realm across from him, with a deep fighting spirit in his eyes, and said loudly: "I have never met someone of the same realm who is as powerful as you. Opponent, this battle just allows me to see who is stronger between me and the young God Emperor at the same time?"

The young God Emperor opposite also had a hint of smile in his eyes at this moment, and said: "The other few who entered my inheritance place have been defeated now. I, who is in the same realm, solved them all with one move. It's too weak. Are future generations of humans getting weaker and weaker?"

Ye Feng stared at the young God Emperor, grinned and said: "Fight with me, and you will know how amazing and talented the future generations of humans are!"

The young God Emperor smiled and said: "You are very confident and courageous, but whether you are really as powerful as you say, I still need to test it!"

boom!

Almost as soon as the young God Emperor finished speaking, he took action.

"Buzz!"

The young God Emperor didn't use any martial arts moves, he just grabbed Ye Feng with one hand.

"boom!"

Ye Feng felt it all of a sudden, and his vision suddenly darkened.

Under the hand of the young God Emperor, the entire universe ceased to exist, and the whole person suddenly fell into an infinite abyss of darkness, never to see the light of day again.

"Hegemonic body! Overlord power! Break it open for me!"

Ye Feng roared loudly, facing the infinite darkness, and punched the sky hard.

"Boom!"

This punch was the purest physical power. The boundless and majestic power of hegemony burst out from Ye Feng's fist, blooming into a purple divine light that seemed to be able to shatter the entire infinite darkness.

At this moment, the domineering light of Ye Feng's punch was like the original light of the universe, illuminating the infinite darkness and regenerating all things in the world!

"If the darkness in this world is endless, then I am willing to become the first ray of light and bring hope and light to all things!"

At this moment, Ye Feng was shrouded in infinite darkness. After throwing this punch, he suddenly felt something in his heart.

"Click, click..."

And at this moment, the entire infinite darkness in the field of vision was shattered.

Ye Feng's powerful punch hit the palm of the young God Emperor who had just grabbed him.

"Boom!!"

Accompanied by a huge roar, the two of them instantly retreated several hundred meters.

rice.

"Um?"

The young God Emperor's eyes showed surprise as he stared at Ye Feng across from him and said: "It's amazing. Your martial arts true meaning and martial arts courage are both very great. You actually broke through my martial arts realm in one go."

"you flatter me."

Ye Feng was humble at first, and then asked with some confusion: "Martial Arts Divine Realm? What is that?"

The young God Emperor didn't seem to be in a hurry to fight with Ye Feng. He finally paid attention to the young man in front of him who was only in the semi-god realm. He even showed admiration in his eyes and explained: "Martial arts realm is a place where warriors enter After entering the realm of gods, you need to continuously condense and field the true meaning of martial arts that is unique to you, that is, turn your martial arts spirit, martial arts will, martial arts pursuit, etc., into a small world where you can kill enemies and Defense and protection, this is the realm of martial arts."

As the young God Emperor spoke, his eyes showed a trace of reminiscence, and he said: "Back then, I led countless human races to carve out an immortal dynasty in this wild area with countless ferocious beasts, killing countless people, so what I pursue is to give countless ferocious beasts Bring endless darkness and let them know that going against our human race is heading towards death and darkness. Therefore, my way, my martial arts realm, is endless darkness, which means that all enemies will be put to death. "

When Ye Feng heard this, he suddenly felt enlightened and said: "Martial arts in the divine realm is my own way!"

"That's right."

The young God Emperor looked at Ye Feng with a smile and said: "So before you step into the realm of God, you need to understand what your future path will be? The moment you took action just now, I saw the light, which is the hope. Light, that is the light of courage. Perhaps, your way brings light to the world."

Ye Feng shook his head and said: "That's just a shallow level. What I really and only trust is power, infinite power. No matter it is disaster and crisis, or fate and misfortune, as long as you have absolute power, you can achieve anything." Being able to break everything and break through all constraints is my true way!"

Ye Feng was speaking word by word at this time. He had practiced countless inheritances and martial arts, but only the word "power" was the most primitive Tao that Ye Feng truly followed in his heart!

"Buzz!"

At this moment, behind Ye Feng, the void suddenly trembled, and a vague word "power" composed of chaotic energy appeared behind Ye Feng.

"Martial Arts Divine Inscriptions!"

When the young God Emperor saw the word "power" at this time, his eyes that were originally Gujing Wubo suddenly changed.

At this moment, he stared at the word "power" behind Ye Feng, with a look of surprise on his face, and couldn't help but say: "This is the divine writing of martial arts! Words are the origin of civilization, and martial arts

Divine writing is the origin of writing! Martial Arts Divine Inscriptions have incredible power. They are the mark of civilization and a symbol of origin. You, you can actually condense the Martial Arts Divine Inscriptions! This is something countless times more precious than the martial arts realm! It is the most powerful divine text that surpasses any level of martial arts realm! "

At this moment, looking at the excited eyes of the young God Emperor not far away, Ye Feng looked a little surprised.

I just suddenly had a thought, and my true meaning of martial arts condensed into two chaotic words behind my back: "Power".

Unexpectedly, this caused such a violent reaction from the young god emperor opposite.

You must know that the young God Emperor opposite is the mind of the Savage God Emperor himself.

To be able to frighten a supreme god emperor, Ye Feng suddenly felt how precious the so-called "power" of martial arts and divine words condensed behind him was.

At this moment, Ye Feng looked at the young God Emperor, and finally couldn't help but ask: "Senior, is this so-called martial arts inscription very rare?"

"Very rare."

The young God Emperor spoke up, stared at Ye Feng, and said with amazement in his tone: "Within an era, there may not be a being who can comprehend and awaken the martial arts divine inscriptions. The martial arts divine inscriptions represent The origin of civilization contains incredible ancient power."

Ye Feng thought at this time and grabbed the word "power" composed of the two chaotic energies behind his back in his hand. He said with some confusion: "These two words don't seem to have any power, and they have nothing to me." Is the role of blessing wrong, senior?"

The young God Emperor smiled and said: "I'm not wrong. You don't have power now because you haven't fully comprehended these two martial arts sacred texts. If you slowly comprehend them in the future, it will bring you infinite power."

Ye Feng saw the young God Emperor's expression that didn't seem to be fake, then nodded, then clasped his fists and said, "Thank you, senior, for your advice."

The young God Emperor spoke out at this time: "Originally, a person can only have at most one kind of martial arts realm of his own, so my inheritance of the martial arts realm is meaningless to you, because you can't condense it after you get my dark martial arts realm. You have your own martial arts divine realm, but now you have awakened the martial arts divine inscriptions that are rare in the ages. Then you have the qualifications to surpass many martial arts divine realms. You

can inherit my dark martial arts divine realm, and in the future, you can open another one yourself. Your own martial arts realm."

Ye Feng's eyes flashed and he said: "Senior, what I mean is that my martial arts divine inscriptions are like an emperor, and the martial arts divine realm is like a minister. With the martial arts divine inscriptions, I have the qualifications to command many martial arts divine realms, while ordinary people, including you, senior, can only have one martial arts realm, because you are all ministers, not emperors like me."

The young God Emperor stared at Ye Feng and said with a smile: "Although what you said is crazy, but in layman's terms,

This is indeed the case. "

Having said this, the young God Emperor continued: "But I advise you not to reveal the martial arts divine inscriptions easily, otherwise it will attract the prying eyes of countless powerful people. Since you have cultivated to this level, you should also understand the truth of this world. Now, the land we are on is in a new small universe, and our small universe is actually in a larger second universe. Outside our small universe, there is a perfect big world with countless advanced civilizations. There are countless super strong people, some of them even transcend eternity. It's so terrifying that just one thought can wipe out the Savage God Dynasty when I was at my peak."

Ye Feng nodded immediately and said, "I know this."

Hearing this, the young God Emperor couldn't help but smile and said: "You don't need to fight me anymore. Your qualifications and talents are enough to obtain and inherit all my inheritance."

"What?"

Ye Feng suddenly looked shocked, and then revealed a deep surprise.

Unexpectedly, the young God Emperor wanted to give his inheritance directly to him.

At this time, as the words fell, the body of the young God Emperor began to dim and gradually dissipated. He finally stared at Ye Feng, with a trace of freedom on his face, and said: "In the last moment of his life, I can see the appearance of my human race. I am very pleased to have such an eternal genius like you. The status of the human race among all the races in the world is still too

low, and it has been oppressed too much. Young man, I hope you can become the light that breaks through the infinite darkness and lead our human race to the true direction. brilliant....."

Suddenly, the words stopped abruptly, and the figure of the young God Emperor completely disappeared.

A great figure with unparalleled splendor, the Savage God Emperor who carved out an immortal dynasty in the wild and ferocious land, completely disappeared in this world.

Ye Feng looked at the dissipating figure of the young God Emperor, feeling slightly dazed.

As powerful as the God Emperor, he will one day die and dissipate in this world.

"I'm afraid only the true master, the immortal master, will live forever in heaven and earth unless he wants to free himself from his master..."

Ye Feng murmured.

Buzz!

At this time, a huge teleportation array suddenly lit up in the martial arts square under Ye Feng's feet.

Uh-huh!

The next moment, Ye Feng's figure disappeared instantly. As his surrounding vision changed, he had arrived in front of a huge palace hall.

The palace hall in the distance is made entirely of purple gold, surrounded by countless coiled dragon jade pillars, standing on the ground, full of endless domineering and imperial aura.

Ye Feng stepped up the long stairs and walked towards the palace hall.

The final inheritance of the Savage God Emperor should be in the palace hall.

Chapter 1269 Savage Scepter

When Ye Feng walked to the entrance of the palace hall.

"Boom!"

The purple-gold door automatically opened instantly.

Ye Feng immediately saw an ancient golden man sitting on a huge throne in the main hall.

That's right!

There is a golden man sitting on the throne, looking like an immortal emperor. After death, he still holds the power of the entire divine dynasty and is extremely majestic.

"Tap tap tap..."

Ye Feng stepped into the main hall and immediately saw that the golden man on the throne suddenly shattered from the middle with a "click".

Buzz!

A ball of dark and deep energy light immediately levitated out of the golden man's split body.

At this moment, Ye Feng could feel a sense of endless darkness and the end of death from the dark energy light group.

"This should be the most precious inheritance of the Savage God Emperor, the dark martial arts realm that he condensed back then!"

Ye Feng's eyes lit up, and he immediately stretched out his hand to grab the dark energy light ball.

But the next moment.

"boom!"

A huge counter-shock force suddenly bounced Ye Feng's palm away, preventing him from touching the dark energy light group.

"Um?"

Ye Feng's eyes were puzzled.

But then he suddenly thought of something, and suddenly he thought: martial arts divine inscriptions.

"Buzz!"

The two martial arts divine words representing "power" were completely composed of the energy of chaos, and were condensed behind Ye Feng.

At this time, Ye Feng was blessed by the power of martial arts. He stretched out his hand again and caught the dark energy light ball in his palm.

Sure enough, the origin of the martial arts and divine civilization has absolute suppression on the martial arts and divine domain.

"absorb!"

Ye Feng released the power of devouring and suddenly absorbed the jet-black energy light group in his hand into his body.

"boom!"

At this moment, Ye Feng felt a shock all over.

He could feel that with every move he made, he was able to release the power of the dark martial arts realm.

At this time, Ye Feng also felt the way of the Savage God Emperor.

The emergence of the Dark Martial Arts Realm plunged countless vicious monsters into endless darkness and led to their death.

How magnificent this is!

Only then can we create this dark way of death!

"Bang!"

At this moment, a huge golden scepter, stained with blood, suddenly vibrated on a shelf not far away in the hall.

Ye Feng immediately walked over and saw an introduction to this golden scepter on the stone platform next to him:

"The Savage Scepter is the natal treasure of the Savage God Emperor. It ranks among the ninth-grade true god-level treasures. It is the king among artifacts, second only to the legendary Taoist-level treasures."

When Ye Feng saw this introductory text, his eyes suddenly lit up.

r\u003e

This blood-stained golden scepter turned out to be a true god-level treasure of the highest level!

Savage Scepter!

Ninth-grade true god-level treasure!

Ye Feng immediately stretched out his hand and grasped the huge golden scepter. He felt that there was infinite wild power contained in this golden scepter.

However, the next moment Ye Feng put in some of his own power, he found that there was no response at all.

It seems that if you want to activate this ninth-grade true god-level treasure, your current cultivation level is simply not enough.

"But what I need most now is energy, endless energy!"

At this moment, Ye Feng looked towards the entire hall, but could not find anything else.

Finally, Ye Feng suddenly focused his eyes on the golden man who had cracked open before.

He walked over, and under the soul power detection, his eyes suddenly lit up with joy.

Ye Feng felt a very terrifying and majestic pure power from this golden man.

"Could this golden man be the immortal golden body that the Savage God Emperor used to create for himself?"

Ye Feng secretly guessed in his heart.

But no matter what, it is impossible for Ye Feng to let go of this immortal golden body now.

"Swallow!"

Ye Feng sat directly on the throne, and swallowing vortexes appeared around him, covering the immortal golden body.

"boom!!"

Almost at the next moment, an unprecedented majestic energy surged out from the immortal golden body and poured into Ye Feng's body.

Ye Feng immediately felt that his entire body was filled to the point of exploding.

"As expected of the Savage God Emperor! This immortal golden body is definitely forged from some kind of rare treasure from heaven and earth!"

Ye Feng's eyes were extremely excited.

He began to close his eyes and concentrate on absorbing the majestic energy transmitted from the immortal golden body to his body.

The core of cultivation within Ye Feng's entire body was undergoing an extremely violent and rapid transformation at this moment.

...

Half a month later.

Swish, swish, swish!

Swish, swish, swish!

On the white jade ground square outside the palace hall, dozens of the most powerful people in the realm of gods appeared in a flash.

They searched the floating building for many days and finally found another road leading to the White Jade Square of the Royal Palace.

At this time, the door of the palace hall was closed tightly.

In the white jade square under the long stairs, dozens of the most powerful people in the realm of gods looked at the majestic purple and gold palace hall with deep surprise in their eyes.

"That Purple Gold Palace must be the final inheritance of the Savage God Emperor!"

Dozens of the most powerful people in the realm of gods are

With extremely excited eyes, they all flew towards the palace hall.

"Buzz!"

But suddenly, just as they stepped onto the stairs leading to the palace hall, an extremely terrifying and vast aura suddenly spread out from the palace hall and spread in all directions.

Everyone, even the most powerful ones in the realm of gods, instantly felt a deep sense of suffocation coming from their hearts!

"Wow!"

However, this vast and vast momentum only appeared for a moment, and the next moment it dissipated like a tide.

"What happened to that momentum just now?"

"How could the final royal palace of the Savage God Dynasty, which had been sealed in dust for tens of thousands of years, suddenly appear with such terrifying aura?"

At this moment, dozens of the most powerful people in the realm of gods were standing on the white jade square outside the main hall. Their eyes were a little startled and uncertain, and they did not dare to move forward.

After all, that Savage God Emperor was a legendary figure. If he had left any deceptive killing moves, dozens of the most powerful people in the realm of gods present might have perished.

"Squeak!"

But just when everyone was hesitant, the door of the palace hall at the top suddenly opened.

A tall figure wrapped in a black robe slowly walked out of the palace hall.

"Who is that?"

When dozens of the most powerful people saw a living figure walking out of the palace hall that had been covered in dust for tens of thousands of years, their faces suddenly became horrified, showing deep fear.

At this time, the young man shrouded in black robes felt the surging divine power in his body, and the corners of his mouth suddenly curved.

"I finally broke through the demigods and stepped into the realm of true gods..."

The young man under the black robe is naturally Ye Feng, who has been practicing in the palace hall for half a month!

After swallowing the entire immortal golden body, the majestic ancient energy finally helped Ye Feng break all the shackles of his cultivation, and he broke through to the true level of God in one fell swoop!

At this time, his cultivation level was at the first level of the Divine Qi Realm, the first level of the Divine Realm!

Ye Feng could feel that after entering the realm of gods at this moment, his combat power not only increased several times or dozens of times, but also skyrocketed by hundreds or even thousands of times!

Moreover, now Ye Feng has also obtained the Dark Martial Arts Divine Realm of the Savage God Emperor.

Even though Ye Feng has not yet condensed his own exclusive martial arts realm.

But now, he directly owns a complete martial arts realm.

Ye Feng's combat power has simply expanded to a terrifying level!

"I know this black-robed figure!"

Suddenly, among the dozens of powerful men below, a young man spoke up, with a deep greed in his eyes: "This black-robed figure is not the powerful man from tens of thousands of years ago as everyone imagined. It was a tenth level boy from the Void God Realm who came to the floating building area with us half a month ago! The cultivation aura on his body now is the first level of the Divine Qi Realm!"

The inheritance of the Savage God Emperor in the palace hall has been broken through! "

"What?"

"Just a boy with the first level of Divine Qi Realm?"

When everyone heard this, they couldn't help but exclaimed in surprise.

"Did he find any shortcut? Did he arrive at the palace hall ahead of schedule?"

"If you put it that way, this kid is really lucky!"

"Hahaha! I thought the person who walked out of the palace hall was a strong man from tens of thousands of years ago, but it turned out to be just a lucky boy!"

Each of the strongest men burst out laughing.

Immediately, many people stared at Ye Feng who had just walked out of the palace hall, and shouted loudly: "Boy, you actually broke through to the realm of gods in the palace hall. You are so lucky, but now you need to get rid of you." All the other treasures obtained in the hall must be handed over, otherwise we, dozens of powerful people from the realm of gods, will definitely crush this kid like you into slag!"

"yes!"

Another strong man from the ninth level of the Divine Qi Realm spoke up. It was an old man with white eyebrows, who seemed to be a veteran of a big force. He said coldly: "Young man, who can break through to the realm of gods in the palace hall, has already become the Savage God Emperor." This is the greatest gift to you. Now you have obtained other treasures, such as the legendary king's artifact 'Barbarian Scepter', and the inheritance of the martial arts and divine realm that the Barbarian God Emperor learned back then. You must hand over all of them, otherwise you There is only one word for it, and that is death!"

At this moment, in the White Jade Square under the stairs, all the strongest men were shouting loudly, their tone full of threats and coercion, their eyes shining with greed.

But at this time, Ye Feng stood at the top of the stairs, overlooking a group of powerful people in the realm of gods below, and suddenly let out an uninhibited sneer: "Twenty-nine eighth level of divine energy realm, sixteen ninth level of divine energy realm, three One is at the first level of the Divine Fire Realm, and the other is at the second level of the Divine Fire Realm. How can you, a bunch of chickens and dogs, be worthy of threatening me now? "

boom!

And almost at the moment Ye Feng finished speaking, a vast and terrifying aura suddenly surged out of his body.

Although his cultivation level is only at the first level of the Divine Qi Realm, the violent martial arts aura and domineering boundless fighting will that Ye Feng possesses at this moment surpasses the first level of the Divine Qi Realm and the second level of the Divine Fire Realm. It is simply It is comparable to the most powerful person in the third level of divine blood realm!

At this moment, Ye Feng was like an invincible emperor. He walked down step by step from the towering palace stairs and walked towards the people in the white jade square below. Every inch of divine light burst out from his body. , a pair of eyes that shine with infinite light, can penetrate the minds of countless people.

"What a strong aura!"

"It actually makes me, a super master of the Divine Fire Realm, feel a sense of death crisis!"

"How can this be!"

At this moment, the words of the people who were threatening and coercing suddenly stopped, and their faces became stiff and livid.

Because the young figure walking down the high stairs at this time gave everyone a really shocking, dangerous, and extremely depressing and suffocating feeling!

Chapter 1270: All in one pot

"The aura of this boy is too strong! Should we retreat?"

"What are you afraid of? No matter how strong his aura is, what's the use? After all, his cultivation level is only the first to enter the divine realm, but it is only the first level of divine energy realm!"

"That's right! A strong aura can only mean that his inheritance is powerful, but it does not mean that his combat power is that powerful. I don't believe that dozens of us, the strongest, can't defeat a boy who has just entered the realm of gods!"

At this moment, the most powerful people from all major areas of the spiritual world were shouting loudly.

"boom!"

A strong man from the eighth level of the Divine Qi Realm, an old man, seemed to be the master of some big force. He couldn't bear it for a long time. He directly held an emerald-colored war sword in his hand, and his whole body was surging with terrifying sword intent, like It can tear everything apart and rush towards Ye Feng in an instant.

"boom!"

But at this time, Ye Feng just slapped him.

There was a "pop" sound!

The terrifying huge force exploded, and the body of the eighth-level divine Qi realm expert was instantly shattered and turned into a bloody mist.

"What?!"

Everyone who saw this scene had horror in their eyes.

"Why is this boy so powerful?"

They never expected that Ye Feng, a newly promoted expert who had just entered the first level of the divine energy realm, would kill a powerful person in the eighth level of the divine energy realm with one slap.

This kind of fighting power is simply shocking!

"Let's take action together!"

"Kill this boy!"

"Plunder the most powerful inheritance!"

At this moment, the dozens of strong men present were so frightened that they immediately banded together to take action.

"Die them all!"

Ye Feng roared and grabbed dozens of strong men with his big hand.

"Dark Martial Arts Realm!"

The most powerful inheritance of the Savage God Emperor was displayed by Ye Feng.

Buzz!

At this moment, dozens of strong men fell into endless darkness.

"What's this?"

"Why can't I see anything? Everything is dark around me!"

"ah!

This is the legendary martial arts divine realm. Only those with extremely terrifying talents in the realm of gods can condense and understand the martial arts divine realm! "

"This must be the Dark Martial Arts Divine Realm of the Savage God Emperor! It is the top divine realm that the Savage God Emperor suppressed for an entire era! Oh no! In just half a month, this kid has already refined the strongest inheritance of the Savage God Emperor! "

At this moment, every strong man was making a sound of fear in the darkness.

They attacked frantically around them, but to no avail.

Their only way out is to die in the dark.

Just like the end of a hero, there is no way to escape the darkness of death!

"ah!"

The Dark Martial Arts Realm brought deep despair to countless strong men. They howled in misery one after another. Their entire bodies were corroded rapidly in the Dark Martial Arts Realm, losing all their life essence. Finally, they fell to the ground and died of despair. .

"Bang!"

"Bang!"

The bodies of the most powerful men fell to the ground, buried forever in the darkness.

"The bright moon is facing the sky!"

Only a strong man from the second level of the Divine Fire Realm, with very powerful cultivation methods, actually shouted out in the final moment of despair, holding a white jade sword in his hand, and chopped out a ball surrounded by a bright moon. The strange phenomenon of Tianque tore apart the dark martial arts divine realm.

"Um?"

Ye Feng's eyes showed a trace of surprise, "It seems that the Dark Martial Arts Realm is not omnipotent. A strong person who practices the inheritance of light attribute is much higher than me, and can still tear apart the endless darkness."

Ye Feng murmured at this time and looked directly at the second-level divine fire realm expert.

This is a young man with long golden hair, heroic appearance, and immortal golden light flowing all over his body. He looks full of nobility.

"Great Wild God Chaos Fist!"

But Ye Feng had already punched him at this time.

After entering the true realm of gods, Ye Fengcai

Finally, the true majesty of the first-grade true god-level martial arts, the Great Wild God Chaos Fist, was released.

"Roar!"

With this punch, a huge phantom of the Barbarian God appeared in the infinite divine light on Ye Feng's fist. It roared and roared, and the golden fist that covered the sky was blasted out. It was able to shake the world and destroy the eight wastelands. Qiankun.

"boom!!!"

The second-level strongman of the Divine Fire Realm who escaped from the Dark Martial Arts Realm didn't even react before he was immediately attacked by the Great Wild God's Chaos Fist.

"ah"

The man suddenly screamed and was blown away to the white jade square in the distance, smashing a large piece of the white jade ground, and blood spurted from his mouth.

"Do not kill me!"

This powerful man in the second level of the Divine Fire Realm was actually afraid. He had a huge fear in his heart towards Ye Feng, who was like the invincible Heavenly Emperor. He shouted in shock: "Sir, please have mercy! My Lord, please have mercy! I am the gold, the dominant race among all the races in the spiritual world." Chief of the Lion Clan, if you let me go, I can give you countless wealth!"

"Pfft!"

Ye Feng stepped forward, a sword appeared in his hand, and he cut off the head of the Golden Lion Clan leader who was begging for mercy, killing him instantly.

Ye Feng took a cold look at the corpse on the ground and couldn't help but mutter to himself: "Your strong skills are the real wealth to me."

In just a quarter of an hour, dozens of extremely tyrannical experts in the realm of gods all died in Ye Feng's hands and were eaten in one fell swoop.

If word of this battle spreads, it will definitely shock the world.

Because so many powerful people in the God Realm died at once, it was definitely a great loss to the entire spirit world.

"Swallow!"

Next, Ye Feng swallowed up all the skills, life essence, and divine essence of dozens of powerful people.

On the ground outside the entire palace hall, there were only dozens of shriveled corpses, which looked shocking.

"Boom!"

"Boom!"

"Boom!"

As the swallowing continued, Ye Feng's cultivation also ushered in a huge surge.

☪

You know, these dozens of powerful people who can enter the core area of the Savage God Emperor's Tomb are almost the most powerful people on the land of the spirit world.

So the terrifying life essence contained in their bodies is extremely magnificent.

After Ye Feng swallowed all of them at this time, his cultivation directly soared from the first level of the God Realm to the sixth level of the God Realm!

You know, Ye Feng's body is a bottomless pit.

But now he has broken through the fifth level in a short period of time.

This shows how powerful the skills of those dozens of powerful people are.

Otherwise, Ye Feng felt that if he practiced peacefully, he would not be able to break through so many points in a few decades.

"Sixth level of the Spiritual Realm!"

"My power has become even stronger!"

At this time, Ye Feng murmured, his eyes shining with brilliant light.

If the eight powerful men of the Shendu Super Family who had been chasing him before were in front of him, he could now brutally kill them all with one move!

"Swish!"

At this time, Ye Feng stretched out his hand and grabbed the storage rings of dozens of the strongest men on the ground.

"Good! Good! Good!"

Under the divine sense, Ye Feng's eyes were filled with deep surprise, and he couldn't help but say good three times in a row.

These dozens of powerful men are almost the most powerful ones on the land of the Spirit Realm.

The wealth contained in the storage rings on them can be said to be rich enough to rival a country.

Now Ye Feng not only gained the powerful skills they have cultivated for many years, but also got the wealth they have accumulated for countless years.

Swish!

Then Ye Feng did not stay for too long, he jumped directly, found the exit, and left the palace.

Not long after Ye Feng left, many other powerful people came here one after another.

But when they saw the dozens of mummies of powerful gods lying on the ground under the palace, they were all scared and their faces turned pale.
