Chapter 1381 Key Points

After Ye Feng and Sima Shuantian made a plan, Ye Feng flew alone towards the direction of the battle wave.

Sima Suantian, on the other hand, drives a level five golden starship by himself, lurking in the dark and providing secret help to Ye Feng at any time.

This golden warship is a fifth-level starship. As long as there are enough holy crystals, it can explode with terrifying destructive power.

At this time, Ye Feng used his skills and quickly came to the direction where the previous battle wave came from.

He immediately saw, in the starry sky in the distance, hundreds of thousands of troops, driving hundreds of starships, forming a huge fleet.

boom!

boom!

boom!

Every fleet starship released a very terrifying energy light wave, which suddenly bombarded the war fortress in the center.

That war fortress is a huge dragon-shaped fortress, surrounded by a dark blue light shield. It is the war fortress of a special team from the Holy Land of the Sea!

Every time the destructive energy light waves of the Taiyin Star Domain fleet bombarded it, the dark blue light shield around the war fortress in the Holy Land of the Sea immediately dimmed a lot.

Obviously, the war fortress of this sacred land of the sea is about to be unable to support it.

"Hahaha! Surrender! The Holy Land of the Sea in the Tiannan Star Region, haha, a bunch of ants!"

Many soldiers from the Lunar Star Territory on the surrounding starships were laughing crazily.

Obviously, they were trying to break the morale of everyone in the Sea Holy Land War Fortress.

At this time, in the middle of hundreds of Lunar Star Territory fleets, on the largest Lunar Star Territory starship, a tall middle-aged man wearing bright yellow armor, like an ancient emperor, stood with his hands behind his back, his eyes indifferent.

This person is the Tiger Commander of the Tiger Army in the Taiyin Star Territory. He possesses the first level of Eternal Realm.

Strong cultivation.

The aura of cultivation on his body was like thousands of mountains rising and falling in the void, full of endless pressure.

Commander Hu sneered at this time and suddenly said: "Stop all attacks, I will take action myself!"

Buzz!

The moment the words fell, hundreds of star warships from the Lunar Star Territory immediately stopped attacking.

All the beams of destructive energy disappeared immediately.

But at this time, in the war fortress of Sea Holy Land, every disciple of Sea Holy Land had eyes full of fear.

Although the energy beam no longer attacks.

But the person taking action now is a powerful man in the eternal realm who has surpassed the realm of gods.

The strength of this transcendent existence is absolutely terrifying to the extreme.

"boom!"

At this time, the Tiger Commander of the Taiyin Star Territory Tiger Army finally took action.

He didn't use any martial arts inheritance or moves, he simply pressed down with one hand.

"boom!!"

Suddenly, under everyone's horrified gaze, countless energies in the universe and starry sky radiation energy were all gathered together, forming a huge hand that could overwhelm the sky.

This big hand almost covered the entire starry sky, and suddenly it was like a huge mountain, violently bombarding the dark blue light shield surrounding the war fortress of the Holy Land of the Sea.

"Click, click..."

Almost at this moment, the dark blue light mask was like broken glass, with huge cracks appearing all of a sudden.

The moment these cracks appeared, everyone in the Sea Holy Land War Fortress suddenly screamed in horror.

"The Tiger Commander of the Taiyin Star Territory's Tiger Army has finally taken action. We are finished!"

"Yes! We are destined to die in this starry sky, and no one knows how we died!"

"Why are we so unlucky? Originally we just wanted to complete a patrol mission, but in the end we encountered the Tiger Army from the Taiyin Star Territory who lurked in our Tiannan Star Territory!"

...

The disciples of the Sea God in the war fortress couldn't help but show deep fear in their eyes.

At this time, the person with the most ugly face in the war fortress was a handsome young man wearing a light blue robe.

He exuded a kind of natural nobility and his status was extremely extraordinary.

This man is called Du Yuesheng, the third son of the Holy Lord of the Sea Holy Land. He has awakened the will of the ancient Sea God since he was a child. He is known as the "Little Sea God" in the Tiannan Star Territory. His talent is extremely extraordinary.

Du Yuesheng came out this time and carried out this patrol mission entirely to win the heart of a beautiful woman from the Holy Land of the Sea.

At this time, Du Yuesheng looked slightly towards the back of a beautiful girl wearing a pale white dress. This beautiful girl was called Nangong Muxue. She was the bloodline inheritor of the ancient ice glass dragon. She was a long-lost person from the Sea Holy Land three years ago. The elder's return seemed to come from a very remote place.

As the third son of the Holy Lord of the Sea Holy Land, Du Yuesheng naturally felt that he could win the beauty's heart by using just a few tricks.

But what Du Yuesheng never expected was that Nangong Muxue, who came from a small place, was not affected at all. The only thing he did every day was to practice hard.

It seems that there is an extremely strong motivation in my heart to become stronger.

Du Yuesheng originally wanted to use strong methods, but behind Nangong Muxue, there was a very powerful elder in their Sea Holy Land, called Elder Wuji, who was Nangong Muxue's master. He brought Nangong Muxue from a small place. It has brought about this vast and perfect world.

This time, in order to be able to travel with the beauty, Du Yuesheng did not hesitate to lower his status and follow a patrol war fortress, performing boring patrol missions in the starry sky.

But what Du Yuesheng never expected was that he came out solely to pick up girls.

But in the end, he was unlucky enough to encounter the Tiger Army from the Taiyin Star Territory.

Moreover, the commander of the Tiger Army is also a super strong man at the Eternal Realm level.

So although Du Yuesheng didn't show anything on the surface at this time, he was already cursing in his heart, and he was extremely angry.

"Click, click..."

There are more and more huge cracks, densely packed.

The war fortress of Sea Holy Land is about to be destroyed.

But at this time, no one noticed.

At this time, a young man in black clothes suddenly flashed to the last starry sky warship among hundreds of starry sky warships in the lunar star field.

It's Ye Feng!

Ye Feng put on the god's gloves and pressed on the starry sky battleship.

"Star warships made of high-grade steel from the second domain can definitely extract a huge amount of toughness. If you want to defeat that tiger commander, these hundreds of star warships are a key point!"

Ye Feng secretly thought in his heart, and then quickly and secretly stole the original attribute power of this huge steel star warship!

Chapter 1382 Huge Improvement

"Sturdiness attribute extraction."

"Advanced Steel Property Extraction."

"Galaxy energy attribute extraction."

"Extraction of the power attributes of the formation."

"..."

At this time, Ye Feng used the God Clan gloves to keep touching the starship in the Lunar Star Territory.

The huge star warship is like a huge evil beast, sinking and floating in the starry sky, cold and hard.

With the extraction of Ye Feng, the hardness and endurance of the entire star warship, including the energy contained in the hull, are rapidly depleting.

"Buzz buzz..."

At this time, the entire starry sky battleship began to shake.

"what's the situation?"

At this time, the eyes of the many soldiers of the Taiyin Star Territory Tiger Army in this star warship changed slightly.

They instantly felt that the starry sky warship under their feet was originally extremely solid, but now it was a little soft.

"How is this going?"

Many soldiers from the Taiyin Star Territory couldn't help but express surprise.

Many people secretly cursed: "The master craftsman who cast this starry sky battleship for us is probably half-assed. The quality of the forged starry sky battleship is really poor."

And while everyone was talking about it, there was a corner at the bottom of the starship that no one saw.

Ye Feng's eyes changed slightly.

It seems that what I extracted was a little too arrogant, which made many people aware of the abnormality of the star warship.

"I have just absorbed and extracted the first star warship. It is better to keep a low profile, otherwise it will be bad if I alert the enemy."

Ye Feng thought secretly in his heart, and then stopped mentioning this starship.

Because if the extraction continues, I am afraid that this starry sky battleship will be completely reduced to fly ash, which will expose his secret existence.

Uh-huh!

Ye Feng concealed his aura and flew to the bottom of the second huge lunar star field star warship.

make

Start touching the Starship with the Protoss Glove.

"Sturdiness attribute extraction."

"Advanced Steel Property Extraction."

"Galaxy energy attribute extraction."

"Extraction of the power attributes of the formation."

"..."

In this way, Ye Feng extracted nearly half of the attributes of each starship, and then continued to lurk to the next starship.

You know, this time the Huben Army's starry sky fleet from the Taiyin Star Territory has hundreds of starry sky warships.

Moreover, although this kind of star warship is only a third-level star warship, it is huge in size and has very strong attribute power.

So at this moment, with the extraction of attributes, Ye Feng's body strength is rapidly increasing.

"The ninth level of the initial stage of the second heaven of the chaotic body."

"The tenth floor of the initial stage!"

"The first level of the mid-term stage!"

"The second level of the mid-term stage!"

...

"The ninth level of the middle stage of the second heaven of the Chaos Body!"

Finally, the 260th star warship was extracted.

Ye Feng's body strength has been raised to a whole new level.

With the blessing and fusion of the attribute power of a total of two hundred and sixty star warships, Ye Feng's physique has transformed directly from the ninth level of the Chaos Body's second heaven in the early stage to the ninth level in the middle stage!

This is equivalent to the improvement and transformation of an entire realm, which is very huge.

At this time, Ye Feng could feel that every part of his body was filled with abundant power of chaos, as if he could kill an ancient dragon with one punch!

"Boom!!"

And suddenly at this moment, the location in the center of the starry sky

, a huge roar suddenly sounded.

It turned out to be the Tiger Commander of the Tiger Army in the Taiyin Star Territory. The big hand of this Eternal Realm powerhouse finally bombarded and shattered all the blue energy shields outside the war fortress in the Holy Land of the Sea.

"kill!"

"Fight with this group of people from the Taiyin Star Territory!"

At this time, the disciples of the Sea Holy Land in the war fortress roared out one after another, and their whole bodies bloomed with killing light, killing towards the countless fleets and starships around them.

"A swarm of ants."

But at this time, the handsome tiger smiled disdainfully and waved his hand in front of him.

Wow!

Suddenly a terrifying and mysterious energy spread out.

Thousands of Sea Holy Land disciples who rushed out of the war fortress all died in an instant.

Directly from flesh and blood, it turned into white bones, without even a scream.

"What?"

"Is it really impossible to resist a strong man in the eternal realm?"

At this time, countless disciples from the Sea Holy Land in the War Fortress could not help but have deep shock in their eyes.

They finally understood a cruel truth, that is, the powerful people in the eternal realm are invincible to any god's realm, just like the aloof emperor, who is simply unable to resist and resist.

At this time, Du Yuesheng, the third son of the Holy Lord of the Holy Land of the Sea, a peerless genius known as the "Little Sea God", could not help but tremble all over even though he had a powerful cultivation level of the sixth level of the True God Realm and the tenth level.

He was struggling internally whether to surrender or not.

But at this time, there were countless disciples of the Sea God standing behind him, and the beauty he wanted to pursue, Nangong Muxue, was also standing behind him at this time.

"I surrender....."

Finally, fear defeated vanity, and Du Yuesheng said that

Three words of shame.

"surrender?"

"Hahaha! The people in the Tiannan Star Territory really don't care, so they just surrendered?"

At this moment, the soldiers of the Taiyin Star Territory on the surrounding star warships all had deep mocking looks in their eyes.

"Third Young Master! Why did you surrender?"

At this moment, countless disciples from the Sea Holy Land in the war fortress could not help but scream in anger.

You know, Du Yuesheng is the most distinguished person in the entire war fortress, and he is a representative figure.

Once he says the words of surrender, the remaining tens of thousands of disciples in the entire war fortress will probably lose their fighting spirit. It is really hopeless.

Du Yuesheng heard many people talking behind him, and his eyes were very gloomy.

He was about to say something.

"There's no point in surrendering."

Suddenly at this moment, the Tiger Commander not far away spoke with cold and ruthless words: "This starry sky area is the future stronghold of our Tiger Army. This news cannot be known to anyone in the Tiannan Star Region, so even if you kneel down and beg me, and I will kill you all!"

The moment the words fell, everyone in the entire Poseidon Holy Land suddenly sank to the bottom of their hearts.

Especially Du Yuesheng, the third young master of the Sea Holy Land, was suddenly filled with fear and his face was ashen.

"We can't just sit back and wait."

Suddenly, an ethereal girl's voice sounded.

It was a beautiful girl wearing a pale white dress. She had a fairy-like temperament, giving people a hazy and stunning feeling.

Nangong Muxue stepped out from the crowd in the war fortress at this time, her beautiful eyes full of determination, and said: "Let's take action together to fight against the Tiger Army in the Taiyin Star Territory! As long as one of us can fight and escape, then It's our victory!"

Chapter 1383 Mu Xue, long time no see

Nangong Muxue's voice instantly attracted the attention of everyone on the field.

At this time, many disciples of the Sea God in the war fortress saw this fragile and beautiful girl standing up to resist at the critical moment of life and death, and they couldn't help but rush out with a strong wave of anger all over their bodies. Fighting spirit.

"Yes! We can't sit still and wait for death!"

"Third Young Master wants to surrender, but we must not surrender!"

At this time, the disciples in the Sea Holy Land all expressed strong fighting intentions.

Du Yuesheng's eyes were extremely gloomy at this moment.

He originally thought he could escape death by surrendering.

But what I didn't expect was that the Tiger Commander from the Taiyin Star Territory opposite wanted to kill them all.

"If I had known better, I would not have taken the initiative to surrender. Now, in the minds of all the disciples of the Holy Land of the Sea, my reputation has been reduced to the extreme."

Du Yuesheng's heart was extremely gloomy at this time. .???.??

In particular, he saw many disciples of the Sea Holy Land behind him, all looking at him with a hint of contempt.

This made Du Yuesheng, the third young master of the Sea Holy Land, look extremely ugly.

He knew very well that even if he escaped death this time and returned to the Holy Land of the Sea, if this matter spread, he would definitely be despised by countless people.

Thinking of this, Du Yuesheng became filled with gall, and suddenly had the evil thought of wanting all the disciples of the Holy Land of the Sea to die.

Because as long as everyone else is dead except himself, then today's incident will not be spread.

At this time, Du Yuesheng thought of this idea in his mind, and he couldn't help but realize this vicious idea.

He immediately retreated slightly and retreated behind everyone, hoping to take advantage of the chaos to escape and use a group of disciples from the Holy Land of the Sea as his scapegoat.

Buzz!

What no one saw was that a blue figure appeared on Du Yuesheng's back in his outstretched hand.

Talisman.

This talisman is called the "Great Teleportation Talisman", and it contains extremely mysterious secrets about the origin of space.

This was a life-saving means given to him by Du Yuesheng's father Du Cang, the Holy Lord of the Holy Land of the Sea.

Once this large teleportation talisman is crushed, everyone or anything within a ten-meter radius can be instantly teleported tens of thousands of miles away.

Even a strong person in the Eternal Realm cannot stop it.

At this time, Du Yuesheng kept retreating, obviously not wanting to take anyone with him.

In fact, the big teleportation talisman in his hand can definitely take dozens of people away and escape.

But now Du Yuesheng is unwilling to share it with anyone at all, because he doesn't want anyone to survive, and he doesn't want his own cowardly behavior to be spread today.

"It's still the Third Young Master, what a coward!"

At this time, many disciples of the Holy Land of the Sea saw Du Yuesheng's retreat, and couldn't help but express contempt.

When Du Yuesheng heard this, his eyes were full of gloom.

But then there was a trace of cruelty in the depths of his eyes, and he murmured secretly in his heart: "Huh, everyone is despising me now. Wait a minute and all of you idiots will die. I am the only one to escape. When the time comes, you will I will become a lonely ghost in the underworld. When my body dies and my soul disappears, only I can continue to live freely in this world. "

Sneering in his heart, Du Yuesheng faced everyone's disdainful looks, but at this time he chose to ignore it.

At this time, on one of the largest star warships around, Commander Hu, a powerful man in the Eternal Realm, finally spoke out, with an indifferent tone, saying: "All officers of the Huben Army listen to the order and kill those who want to resist. All the ants have been killed!"

"Yes, handsome tiger!"

"Yes, handsome tiger!"

"..."

one

The officers and soldiers of the Taiyin Star Territory Tiger Army all shouted loudly.

At this moment, all the soldiers of the Tiger Army were like locusts. They suddenly jumped out from each fleet and leaped towards the sea holy land war fortress in the middle. They held the soldiers in their hands and exuded a terrifying and boundless murderous aura. .

"kill!"

"kill!"

At this moment, countless shouts of killing were mixed together.

After all, the disciples of the Sea Holy Land were unable to resist the countless armies from the Lunar Star Territory.

So in an instant, the tens of thousands of disciples in the entire Poseidon Holy Land were immediately shattered by the impact.

"ah!"

"ah!"

At this moment, countless disciples from the Sea Holy Land were killed directly, and their blood spilled across the starry sky.

Even Nangong Muxue was in a desperate situation.

On her body, snow-white cold air surged, and a huge ice glass dragon roared and groaned, possessing extremely powerful fighting power.

But even so, Nangong Muxue was still attacked by the ten generals in the Tiger Army of the Taiyin Star Territory and was forced to retreat. Her breath was exhausted, her beautiful cheeks were stained with blood, and she was about to be completely killed in the next moment. killed.

"Better all be dead!"

At this time, Du Yuesheng, the third young master of the Sea Holy Land, who had retreated to the rear of everyone, had a cruel look in his eyes.

"boom!"

But suddenly at this moment, an extremely sharp and violent sword energy suddenly bombarded down from high in the sky.

"Pfft!"

"Pfft!"

"Pfft!"

Three of the ten generals of the Huben Army who surrounded Nangong Muxue were killed in an instant.

They were directly cut off at the waist by the violent sword energy, and the destructive sword energy destroyed all their vitality at once.

"What?!"\u003c

br\u003e

"Killed three Tiger Generals from the ninth level of the sixth level of True God Realm with one sword?"

"How can this be!"

For a moment, everyone in the Taiyin Star Territory Tiger Army and the disciples of the Sea Holy Land were in a daze.

Swish, swish, swish!

Swish, swish, swish!

At this moment, countless eyes looked upward at once.

In everyone's field of vision, a young man in black clothes instantly appeared.

His whole body was shrouded in a deep energy of chaos, his eyes were bright, and he held a sword burning with golden flames. He seemed to have a sky-high aura, giving people a powerful feeling that he was invincible.

At this time, the one with the most trembling eyes was Nangong Muxue!

At this moment, the eyes of this stunning beauty turned red immediately when she saw the young man in black clothes.

Then big tears suddenly flowed out of Nangong Muxue's beautiful eyes.

Because that young figure in black clothes like ink, like the arrival of a god, is the person Nangong Muxue has been looking forward to for countless years.

"who is he?"

At this time, Du Yuesheng, the third young master of the Sea God Land, suddenly changed his eyes.

He was expecting everyone to die, but in the end, justice suddenly fell from the sky, and a mysterious young man with terrifying power jumped out.

"Damn it! Someone actually came to disturb the situation!"

At this moment, all Du Yuesheng was thinking was that his reputation might become bad in the future.

At this time, a young man in black clothes stood there, as straight as a gun.

He turned slightly and looked at Nangong Muxue, who was wearing a pale white dress and had a beautiful temperament behind him. He smiled slightly and said, "Mu Xue, it's been a long time since we last saw each other at Poseidon Academy in Longyuan Continent."

The young man in black clothes is none other than Ye Feng!

Chapter 1384 So shocking

Ye Feng looked at Nangong Muxue in front of him. Those words made the girl feel more cordial and warm.

Tears were rolling in Nangong Muxue's eyes at this time. She had become strong enough, but now she wanted to release all her weakness in front of the man in black.

"Brother Ye Feng..."

Nangong Muxue murmured, and then she could no longer hold on and fell towards Ye Feng.

Fighting against the ten generals, Nangong Muxue almost exhausted all her strength.

Uh-huh!

Ye Feng instantly stretched out his hand and carried the exhausted girl behind his back.

He held a sword burning with golden flames in his hand, looked at the remaining seven generals, and said coldly: "Today, all of you will die!" ??

boom!

Almost at the moment Ye Feng finished speaking, the sword burning with golden flames in his hand killed him in an instant.

Boom! !

In an instant, the extremely terrifying violent flames of war energy pierced the starry sky.

"Unite to block!"

The remaining seven generals of the Tiger Army all shouted loudly.

A magic weapon appeared in their hands, including a silver pagoda, a pitch-black sword, and a sword emitting thunderous light. They were all sacrificed and guarded in front of them to resist Ye Feng's flaming sword energy. .

"Boom!"

In an instant, countless violent collisions of light waves exploded directly in the middle of the starry sky.

The terrifying aftermath, full of terrible devastation, spread toward the surroundings. Hundreds of star warships shook violently in an instant, and cracks began to appear.

These starry sky battleships had originally extracted most of their attribute power from Ye Feng.

Now after the impact of such a terrifying energy aftermath, it is finally completely shattered.

"Boom!"

"Boom!"

One after another, the star warships of the Tiger Army in the Taiyin Star Territory exploded, almost

At this moment, the entire Huben Army's starry sky fleet was completely destroyed.

"What?"

Seeing this scene, everyone was dumbfounded.

"ah!"

"ah!"

But at this moment, the generals of the seven tiger armies all screamed and fell back from the aftermath of the collision, blood spurting from their mouths.

Their seven super masters were unable to withstand Ye Feng's sword.

"So strong!"

At this moment, the tens of thousands of disciples of the Sea Holy Land in the war fortress looked at this young man in black clothes with deep shock in their eyes.

"enough!"

Suddenly at this moment, Hu Shuai, who had been silent all this time, suddenly spoke up.

Buzz!

Almost at the moment when this Eternal Realm powerhouse spoke out, a terrifying and boundless martial arts aura spread rapidly towards the surroundings like a mighty mountain or a vast ocean.

"puff!"

"puff!"

Countless people around him were all affected by the terrifying momentum, and they couldn't help but spit out a mouthful of blood.

However, Ye Feng's whole body was filled with chaotic energy, as if there was an ancient sacred mountain hidden in his body, towering and motionless, full of the heaviness of eternity.

"Good boy, you have such a terrifying and powerful martial arts foundation before you have entered the eternal realm. It is really rare in the ages. You should be the top genius in the Tiannan Star Territory."

At this time, the handsome tiger suddenly spoke up, with a hint of murderous intent in his tone, and a hint of appreciation at the same time.

At this time, many disciples in the Sea Holy Land had doubts in their eyes.

They looked at Ye Feng's face with doubts in their eyes.

Because they must all know the top geniuses in Tiannan Star Territory, such as the most famous Three Emperors of Tiannan Star Territory, the Five Heroes of Star Territory, etc.

But the young man in black who suddenly appeared today had never made any impression.

But he possesses such terrifying combat power. In terms of momentum, he can almost compete with a strong man in the Eternal Realm.

This is really shocking!

"I don't know if he is a secretly cultivated descendant of one of the big forces in our Tiannan Star Region. His combat power is too terrifying."

At this time, many people couldn't help but whisper.

boom!

At this time, Hushuai suddenly jumped down from the largest star warship and floated in the starry sky.

His whole body was enveloped by an epic and heavy aura. The huge shadow of an ancient tiger, capable of swallowing the sky and the earth, appeared in the void around him. His momentum seemed to be able to complement the entire universe.

This is the eternal realm!

Beings in the eternal realm who have transcended the realm of gods have immortal eternal imprints in their bodies, which can attract each other's breath with the entire universe, starry sky, and the imprints of the entire heaven and earth.

So at this time, even if Tiger Commander is only a human warrior from the first level of the Eternal Realm, every move he makes is as if the entire universe is taking action, putting pressure on the enemy.

At this time, Ye Feng could clearly feel an extremely terrifying coercion of heaven and earth, which was shrouding his entire body. It was as if two giants weighing as much as billions were pressed down on his shoulders. The great mountain is full of endless heaviness.

"Chaos body!"

boom!

But at this time, Ye Feng roared in his heart and fully released his extremely powerful and special body.

Now Ye Feng's chaotic body has transformed and broken through to the ninth level in the middle stage of the second heaven!

This allows

The strength of Ye Feng's body was simply terrifying to the extreme.

Even if his cultivation level has not reached the Eternal Realm, Ye Feng's physical combat power makes him comparable to a true Eternal Realm powerhouse.

"war!"

Ye Feng's fighting spirit was so high at this moment. He carried Nangong Muxue on his back, and rushed toward the handsome tiger in front with divine light gushing out from his body.

This scene, in the cold and dark starry sky of the universe, has a very strong visual shock.

At this moment, Nangong Muxue opened her eyes slightly and looked at her brother Ye Feng, at the cold and dark starry sky around her, and at the handsome tiger who was as powerful as a god in front of her.

In front of the girl's eyes, it seemed that she had returned many years ago. In a small canyon in the Great Yan Dynasty in the southern corner of Longyuan Continent, a young man dressed in white and snowy, carrying her on his back, holding a big bow in his hand, shot arrows like wind and thunder. The arrow shattered the big snake with three ferocious heads...

That was the first time the two met, in the small canyon of that small place.

"Brother Ye Feng, I don't want to leave you again this time..."

Nangong Muxue lay peacefully behind Ye Feng, her beautiful eyes filled with happiness at this moment.

"Swallow the sky and eat the earth!"

At this time, Hu Shuai displayed an extremely terrifying martial arts inheritance.

The majestic tiger on his body suddenly opened its bloody mouth, and the entire bright galaxy dimmed suddenly. It was like a huge black hole appeared above the sky and the earth, bottomless and deep, swallowing Ye Feng. And when it goes away, it really seems like it can swallow up the entire heaven and earth.

"Red Demon Dragon Soul Skill!"

Facing a powerful person in the first level of the Eternal Realm, Ye Feng did not rely on his strength. At this moment, he directly displayed his most powerful inheritance.

hold head high! !

At this moment, a monstrous demonic dragon rushed out of Ye Feng's body, exuding evil aura that soared into the sky, the galaxy boiled, and roared towards the handsome tiger.

Chapter 1385 strangled to death

Boom!

Boom! !

An extremely terrifying collision occurred throughout the starry sky.

"hold head high!!"

Accompanied by an earth-shattering dragon roar, the huge black dragon rushed out from Ye Feng's body. The dragon's claws were pitch black, covering the sky and the sun. It suddenly collided with the ancient tiger that devoured the sky and the earth on Hushuai's body.

"Crack!"

The ancient tiger's entire body was directly beaten to the point of collapse.

The Red Demon Dragon Soul Kung Fu is originally a very terrifying martial arts inheritance.

It is a half-step god-level inherited martial arts that surpasses the true god level!

Under the current display of Ye Feng's powerful cultivation, he has exploded with unparalleled power, which can almost compete with a true Eternal Realm first-level powerhouse.

"So strong!"

At this moment, seeing Ye Feng being able to fight against a true Eternal Realm powerhouse with his cultivation level under the Eternal Realm, everyone around him couldn't help but exclaim in surprise.

And Nangong Muxue was shocked in her heart that her brother Ye Feng had become so powerful.

Because she knew very well that Ye Feng back then was just a boy from a small family in a small place in the new universe of the first universe.

To be able to reach this point, I must have endured a lot of hardships to achieve today's achievements.

"Brother Ye Feng, you will always be the most powerful being in my mind..."

Nangong Muxue's eyes suddenly revealed a deep sense of happiness.

At this time, Hushuai's whole body was filled with destructive power. His eyes were flashing with thousands of divine lights. He stared at Ye Feng in front of him and said: "Young man, you are very strong. People like you, It's rare. Even in a second-level star field like our Lunar Star Territory, you can be regarded as a genius with top qualifications. I didn't expect that in such a small first-level star field as the Tiannan Star Territory, someone like you would appear. A peerless genius, it's a pity that if you go against me today, you are destined to die!"

Ye Feng haha

He smiled and said: "If you want to kill me, just come, why bother talking so much nonsense!"

"die!"

Hushuai finally showed off his power and unleashed all his power.

When a powerful man in the Eternal Realm, even if he is just a first-level being who has entered the Eternal Realm for the first time, unleashes all his power with all his strength, it will be extremely terrifying in an instant.

"Boom!!"

The terrifying black light, containing destructive energy fluctuations, suddenly burst out from Hu Shuai's pupils, shooting straight through the sky!

"boom!!"

Ye Feng's whole body was hit by the bombardment all at once. One of his arms was hit, and the skin instantly burst open. Blood and flesh spattered, and the bones were clearly visible.

But the black light failed to penetrate Ye Feng's bones after all, and was blocked by Ye Feng's bones.

Ye Feng's bones were as if they were made of the strongest magic iron in the world, indestructible.

"What??"

At this time, Hu Shuai saw this scene, and his eyes were suddenly startled.

This was his first shock since the war.

Because Hu Shuai knew very well that the destructive black light just released from his pupils seemed ordinary, but in fact it was his most powerful trump card, capable of piercing anything in the world in an instant.

But he never expected that the black light did not pierce Ye Feng's bones, but only exploded the flesh and blood.

At this time, Ye Feng ignored the pain of exploding flesh and blood, and instead grinned, with ferocious eyes, and said: "The methods of a strong man in the Eternal Realm are nothing more than this."

The methods of a strong person in the eternal realm are nothing more than this!

Ye Feng's words were full of huge momentum, causing everyone in the audience to tremble.

"kill!"

Ye Feng roared loudly, and like a bloody war god, he rushed directly in front of Hushuai. There was no fancy punch in his punch, but only the huge strength of his peak body, and he rushed in front of Hushuai in an instant.

"Boom!"

Like a mountain colliding with a river and sea, a terrifying and boundless force suddenly burst out from Ye Feng's fist, directly hitting Hu Shuai's chest.

"Crack!"

The bones in Hushuai's chest immediately shattered.

Streams of blood immediately flowed out from the wound.

The terrifying pain made Hushuai, a strong man in the eternal realm, look extremely ugly.

"ah!"

Even at the end, Hushuai yelled, his voice full of pain.

Ye Feng smiled cruelly and said: "It turns out that strong people in the eternal realm can also feel pain. Will they die?"

boom!

Ye Feng burst out with all his strength, the strongest physical power of the Chaos Body.

Now Ye Feng knows very well that the biggest advantage he can compete with a first-level Eternal Realm powerhouse like Hushuai is the strength of his body.

Now that he can fight in close quarters, Ye Feng will naturally make full use of his greatest physical advantage and strive to severely injure this tiger commander.

"Pfft!"

Ye Feng exerted force with both arms, his palms could tear the sky, and he tore off one of Hushuai's arms in one go.

"ah!"

Hushuai roared in pain and slapped Ye Feng on the chest with his other hand.

"when!!"

But in the end, his palm hit Ye Feng's chest, which did not knock Ye Feng back at all, but made a thunderous roar.

Ye Feng's body was like an iron wall.

"I won't leave

Open yours! "

Ye Feng shouted loudly, hugged Hushuai's body tightly, and then tightened it quickly.

"Click, click..."

Hushuai's entire burly body was suddenly locked by Ye Feng's arms, which were tightening rapidly, and then all the bones in his body were broken, making a cracking sound.

"ah!!"

Hushuai felt the terrible pain, and he roared: "Get out of here!!"

boom!

boom!

boom!

In an instant, powerful magic weapons rushed out of Commander Hu's body and attacked Ye Feng crazily.

"Dang! Dang! Dang!"

But the result was just a series of collision sounds like iron, which was of no use at all.

The strength of Ye Feng's body is now too strong and indestructible.

"Click, click!"

As Ye Feng tightened his arms, Hushuai's entire body was finally crushed to pieces, and he was strangled to death!

"What?"

"Hu Shuai... was strangled to death!"

"No! I don't believe it!"

At this moment, hundreds of thousands of Huben Army officers and soldiers from the Taiyin Star Territory had expressions of disbelief in their eyes.

They never thought that Hu Shuai, a powerful man in the eternal realm, would be strangled to death by the young man in black who used his body as a weapon!

"kill!"

At this moment, the rest of the disciples of the Sea Holy Land were extremely excited, and they quickly rushed towards the remaining officers and soldiers of the Huben Army.

In an instant, the entire starry sky was filled with abandoned armor!

Ye Feng began to release the Devouring Domain and began to devour Hushuai's huge skills!

Chapter 1386 The momentum of breakthrough

Ye Feng's body has now become a humanoid weapon, which is extremely terrifying.

I have to say that this Tiger Commander from the Taiyin Star Territory is very aggrieved.

Not only did he fail to show his ambitions in the Tiannan Star Region, he was also strangled to death under the spotlight.

This kind of death is absolutely extremely shameful for Hu Shuai.

However, Commander Hu is dead after all, and now all the Sea Holy Land disciples in the entire Sea Holy Land war fortress have launched counterattacks.

Without the Tiger Commander-in-Chief's rule, the ten generals would have been killed or injured, and the entire Huben Army would have lost almost any threat.

The remaining seven generals were also killed by Ye Feng one after another, and they were unable to withstand Ye Feng's terrifying attack.

"Devouring the Realm!"

At this time, the devouring realm of boundless darkness was hovering around Ye Feng.

In one fell swoop, Ye Feng devoured the dead Tiger Commander and the ten Tiger and Guard generals.

"boom!"

The boundless skill was instantly integrated into Ye Feng's body.

Ye Feng immediately felt that his cultivation skills were growing rapidly.

"boom!"

Finally, at a certain moment, a new and powerful martial arts momentum burst out from his body.

That's the momentum of a breakthrough!

"Half step into eternity!"

At this moment, Ye Feng opened his eyes, and his eyes were full of divine light.

"Finally one foot has entered the realm of eternity..."

At this time, Ye Feng couldn't help but murmur.

After many years, I finally reached this step.

Those who exist in the eternal realm are considered masters among all the heavens and worlds.

At this time, Ye Feng put down Nangong Muxue behind him, took out a spiritual elixir from the storage ring, and gave Nangong Muxue to take it.

Then Ye Feng said: "Mu Xue, you recover slowly here first, I want to search around for some loot."

Nangong Muxue immediately nodded her head and said, "Okay, Brother Ye Feng, be careful."

Ye Feng laughed and said: "Don't worry, there is no threat to the Tiger Army now."

Swish

!

The moment the words fell, Ye Feng immediately rushed towards the surroundings.

With a wave of his hand, he put all the hundreds of Huben Army's star warships into the storage rings, waiting to slowly extract the solid and metallic properties.

In addition, Ye Feng continued to release the Devouring Domain, absorbing the majestic blood energy on the entire battlefield.

It was confirmed that the other Tiger Soldiers were ordinary warriors with very little blood energy.

But that is an army of hundreds of thousands, and the accumulated energy is quite good.

Now Ye Feng needs to accumulate more of this blood energy and store it inside his body to prepare for entering the eternal realm.

"Boom boom boom..."

Groups of majestic ocean-like blood energy were swallowed up by Ye Feng and stored inside his body like a whale.

In addition, Ye Feng also collected huge wealth from the storage rings on the Tiger Commander and the Ten War Generals.

After all, this time Hushuai led so many tiger troops from the Taiyin Star Region to lurk in the starry sky of the Tiannan Star Region, preparing to set up camp and then show off his grand ambitions.

Therefore, the military pay they carry is a huge amount of money.

But now, all these huge sums of military pay have fallen into Ye Feng's hands.

It can be said that Ye Feng has become rich overnight.

"Buzz!"

Suddenly at this moment, a huge golden starship descended from the sky.

It was Sima Suantian who galloped over in the golden starship.

At this time, he opened the starry sky cabin door, smiled and said: "Originally, I wanted to help you Ye Feng, but now it seems that it is not necessary."

Ye Feng nodded slightly and said: "Brother Sima, if you have time now, clean up the entire battlefield and collect all the wealth on our golden starship."

At this time, Ye Feng was devouring the refining blood energy and had no time to manage so many small things.

Sima Suantian smiled and said: "Okay, you can swallow and refine it with peace of mind."

Just leave your cultivation and these other little things to me. After all, I always have to do something when I'm with you. "

Uh-huh!

With that said, Sima Suantian began to drive the golden starship and began to clean up the entire starry sky battlefield.

After all, he is also a powerful soul master. At this time, the soul power is dissipated, and no matter what kind of treasure or wealth it is, he can find it in an instant and then put it into the golden starry sky ship.

Many disciples from the Sea Holy Land saw this scene and did not step forward to stop it.

Because they knew that it was Ye Feng's appearance that saved all their lives this time.

Therefore, even if Ye Feng took away all the wealth on the battlefield, no one would dare to object.

But at this moment, a discordant voice suddenly sounded: "The wealth left behind on the battlefield is the result of all of us fighting together. Now you want to monopolize it all by yourself, I'm afraid it's a bit inappropriate, right?"

The person who said these words at this time was none other than the third young master of the Holy Land of the Sea, Du Yuesheng!

Du Yuesheng originally thought that he could escape perfectly this time, and then everyone else would die, and the scandal of his surrender would not spread.

But it turned out that Ye Feng came out halfway.

Almost ruined all Du Yuesheng's plans.

So Du Yuesheng was feeling very uncomfortable at this time.

"Buzz!"

But suddenly at this moment, an extremely strong murderous intention suddenly enveloped Du Yuesheng.

It's Ye Feng!

Ye Feng stared at Du Yuesheng coldly and said: "Don't think that since you and I are both from the Tiannan Star Territory, I won't kill you. If you dare to mess with me, I will kill you."

"you....."

Du Yuesheng originally wanted to say something, but at this moment everything was stuck in his throat and he could not speak.

His face turned livid all of a sudden, and he said: "You, you dare to speak to me like this. Although you are powerful in combat, my status is not low. I am the Holy Land of the Sea..."

"Shut up!"

Suddenly Ye Feng shouted loudly and slapped Du Yuesheng away.

Du Yuesheng's face changed

My chest was red and swollen, and I don't know how many teeth were broken.

Ye Feng said: "For interrupting my devouring practice, don't babble in front of me. Even if you are the King of Heaven and can't beat me, I will still trample you under my feet."

After saying that, Ye Feng continued to devour blood energy and reserve energy for entering the eternal realm.

Many disciples from the Sea Holy Land around saw their third young master of the Holy Land being beaten into a pig's head. Not only did they not have the slightest anger, but they felt extremely happy inside.

Because of the third young master Du Yuesheng's previous behavior of being greedy for life and afraid of death, he had already lost his reputation in the eyes of everyone.

"Ahhhh..."

At this moment, Du Yuesheng's heart was full of hostility. He was roaring in his heart, but he didn't dare to show it on the outside.

He could only give Ye Feng one last cold look, then turned around and quickly left the starry sky area.

At this time, Ye Feng had already finished devouring it.

It's a pity that the blood energy of these ordinary Tiger Army soldiers is too low-level.

Ye Feng broke through to the half-step eternity realm, but his skill and cultivation did not increase much.

But this time, his gains have been great.

Nangong Muxue also recovered from her injuries at this time. She immediately flew to Ye Feng, her beautiful eyes filled with joy, and said: "Brother Ye Feng, Xue'er will never leave you again this time. Where are you going?" , I will follow you wherever you go."

Ye Feng smiled slightly and said: "I will not leave the Tiannan Star Territory at the moment. I will continue to practice in the Galaxy Holy Land."

"Galaxy Holy Land?"

Nangong Muxue nodded and said, "That's great. Brother Ye Feng and I are both in the Tiannan Star Territory, so that's fine."

At this time, not far away, Sima Suantian drove over in a golden starship.

Apparently he had reaped the rewards, collecting all the treasures on the battlefield.

Nangong Muxue looked at the other group of disciples in the Sea Holy Land, then looked at Ye Feng, and said: "Brother Ye Feng, this time I am the captain of the war fortress. Wait for me to escort my fellow disciples back to the Sea Holy Land. , I will go to the Galaxy Holy Land to chat with you."

Ye Feng smiled warmly, gently stroked Nangong Muxue's black hair in front of him, and said, "Okay, I'll wait for you."

Chapter 1387 Settle the Grudge

In the end, Ye Feng bid farewell to Nangong Muxue, and drove the golden starship with Sima Suantian to leave this star region.

The rest of the journey was very smooth and there was no danger.

The huge golden starship finally arrived on the planet where the Galaxy Holy Land is located at noon on the sixth day.

In the distant hinterland of the planet, huge and magnificent buildings stand.

That is the base camp of the Galaxy Holy Land.

Ye Feng took Sima Suantian and quickly passed through a large wilderness and arrived at the gate of the Galaxy Holy Land.

Ye Feng took Sima Suantian back to his residence, but found no trace of Lao Jinlong and Xiao Huo.

"Is it in the Holy Medicine Hall?"

Ye Feng arranged a room for Sima Suantian to live in.

Then he walked directly towards the Holy Medicine Hall.

When Ye Feng came to the Holy Medicine Hall and asked about it, he discovered that Old Jinlong had left the Galaxy Holy Land with Xiao Huo.

According to a senior sister from the Holy Medicine Hall, Ye Feng's trip to participate in the Star Territory War took too long.

Elder Yao is now also on the frontline battlefields in the Tiannan Star Territory and the Taiyin Star Territory, joining forces with the alchemy masters of the Pill Emperor Holy Sect to supply a steady stream of various elixirs to the billions of human armies in the Tiannan Star Territory.

So Lao Jinlong and Xiaohuo had nothing to gain from the Holy Medicine Hall, and Ye Feng couldn't come back even after waiting for Ye Feng, so the two of them left the Galaxy Holy Land and ran to find opportunities and luck somewhere. When are you coming back.

Ye Feng felt slightly relieved when he heard the news.

Since the two of them left on their own initiative, there would be no problem.

Ye Feng has been worried that after Elder Yao left, those guys from the God Society would make things difficult for Old Jinlong and Xiaohuo.

"Ye Feng, I didn't expect you to go to the Starfield battlefield and not die in the war. It's really surprising, but your good luck has come to an end."

Suddenly at this moment, a group of people never

It flew over from a distance and happened to pass by the Holy Medicine Hall.

The person speaking at this time was a young man wearing a blue gown who was the leader of the group.

Ye Feng's eyes flashed slightly, and he looked towards the young man in blue shirt, and a cold arc suddenly appeared at the corner of his mouth.

This person turned out to be the great protector of the Celestial Society, Senior Brother Luo Feng, who had felt sorry for Ye Feng before.

This Luo Feng is the core disciple of the Punishment Hall, possessing the cultivation level of the sixth level True God Realm.

The last time Luo Feng also led a group of people from the God Society to force Ye Feng to execute him in the Holy Medicine Hall.

In the end, it was Mu Qing, a beautiful elder from the inner sect, who came forward and took Ye Feng to see Elder Jian, and finally resolved the crisis.

So now that he met Luo Feng again, Ye Feng felt a cold murderous intention in his heart.

At this moment, Luo Feng led a group of people and stared at Ye Feng condescendingly. His eyes were full of teasing and said: "Boy, you can't run away this time. This time, the elders of the Holy

Medicine Hall, Elder Yao, Elder Jian, etc. , all of them are fighting against the strong men in the Taiyin Star Territory on the first-line star field battlefield. The entire Galaxy Holy Land can be said to be the world of our God Association. Today, I happened to take action to kill this kid like you. Don't you keep jumping up and down, do you really think you've been lucky?"

Ye Feng smiled coldly at this moment and said: "I no longer need the protection of others. Killing you is as simple as squeezing an ant to death."

Almost at the moment Ye Feng finished speaking.

Luo Feng and other members of the Celestial Society immediately looked at each other, and then laughed disdainfully.

"Ye Feng, you, a new disciple, was saved by a woman last time, how dare you say such things to us?"

"Hahaha! It's so funny!"

A group of people, including Luo Feng, couldn't help laughing out loud.

"Luo Feng, right?"

Ye Feng smiled indifferently and said: "Back then, you forced me to take me back to the punishment hall in front of everyone, and even chased me directly on the spot and asked me to kill you. Today is the time to settle all these grievances. "

Luo Feng laughed loudly and said: "Boy, even if you practice again...ah!"

Luo Feng was about to say something, but Ye Feng suddenly stretched out his hand and shook it slightly into the void, and then Luo Feng's expression changed drastically.

Everyone saw it immediately. Luo Feng stretched out his hands and covered his throat, his eyes widened. It was as if an invisible hand had strangled his throat, making him extremely frightened. ??

"Woooooooooo..."

At this time, Luo Feng was simply speechless.

He even found that he couldn't use any of his skills, as if he had been instantly sealed and suppressed by a mysterious and majestic force.

"this....."

The group of Celestial Society members around Luo Feng all had extremely frightened eyes at this moment.

Their cultivation levels are much lower than Luo Feng.

At this moment, when they saw Senior Brother Luo Feng, they were all restrained for an instant, and their whole bodies started to tremble.

At this moment, everyone's eyes were focused on the young man in black clothes in front of him.

"How far has this son's cultivation level reached now?"

Everyone's eyes were extremely frightened.

"Die."

Seeing Luo Feng struggling, Ye Feng squeezed his palm slightly.

"Crack!"

Along with the sound of bones breaking, Luo Feng tilted his head and died.

"died?!"

The other members of the Celestial Society following Luo Feng were all

His face turned extremely pale all of a sudden.

Ye Feng smiled indifferently, his eyes unwavering, as casually as if he had crushed an ant to death.

Obviously, in the eyes of Ye Feng today, Luo Feng, the core disciple of the Punishment Hall, who once posed a huge threat to him, has long been an ant-like existence, and he doesn't care at all.

At this time, Ye Feng glanced at the other members of the Celestial Society, grabbed them with his big hand, and said in a cold voice: "You also threatened me to die, so please stay here today."

"escape!"

"Run! This guy is weird!"

"Hurry up and inform the other superpowers of our Celestial Society!"

At this moment, a dozen members of the Celestial Society all flew away into the distance.

"Buzz!"

But at this moment, Ye Feng just shook hands slightly in front of him.

"puff!"

"puff!"

"..."

Immediately, the bodies of all the members of the Celestial Society exploded and turned into pieces of blood mist, killing them instantly.

Today's Ye Feng's cultivation strength is really too strong.

In the Holy Land of Galaxy, it is estimated that only some powerful Holy Sons or the powerful men of the older generation can compete with him.

At this time, Ye Feng released the Devouring Domain, swallowing up everyone's blood and energy to reserve strength.

There are also more than a dozen storage rings, all of which store a lot of wealth.

After all, Luo Feng and the dozen or so people are all core members of the Celestial Society, so each of them is worth a lot of money. Ye Feng can be regarded as taking revenge and making a small fortune.

"This time I participated in the Star Territory War and accumulated a lot of wealth. It seems that this time I can buy the treasures I need in the Magic Treasure Pavilion and Martial Arts Pavilion in the Holy Land."

Ye Feng murmured, with a hint of expectation in his eyes, and walked towards the trading hall of the Galaxy Holy Land.

Chapter 1388 Purchasing Materials

Ye Feng was very fast and soon arrived at the trading hall of the Galaxy Holy Land.

This is the place where the Galaxy Holy Land has many magical treasures.

As long as you have enough spiritual stones and contribution points, you can purchase any treasure in the trading hall.

Now Ye Feng has gained a lot of wealth in the war city, and he has made great contributions by capturing the great military advisor in the Taiyin Star Territory camp in the war city. Senior brother Lu Ming gave Ye Feng a large amount of Holy Land contribution points.

So now Ye Feng holds huge wealth in his hands.

Usually there are not many people in the trading floor.

Because everything in the trading floor is very expensive.

Therefore, many disciples do not have enough wealth to buy precious magic weapons.

But today's trading floor is very crowded, it's almost a sea of people.

Ye Feng's eyes were stunned for a moment, but then he suddenly understood.

This time, the Star Territory War launched by the Tiannan Star Territory against the Taiyin Star Territory led to countless disciples fighting, and invaded the vast territory of the Taiyin Star Territory, and looted countless wealth.

So in this way, many disciples became rich.

Although there were heavy casualties.

But the surviving disciples are all much richer than before.

Therefore, the trading hall is particularly lively during this period of star war.

At this time, Ye Feng walked in and came directly to a huge counter.

Behind the counter was a lovely young disciple. She saw Ye Feng and said, "Senior brother, do you want to buy anything?"

Ye Feng smiled slightly and said: "I want to buy some seeds of the original material of the fourth-grade elixir recipe 'Ancient Qi Refining Pill', as many as you can get."

The cute female disciple behind the counter looked a little confused and said: "Senior brother, are you sure you only want seeds? That is extremely cheap, but it is of no use. It is impossible to refine the elixir, and it takes hundreds of expensive years. Only with the required materials can the ancient Qi Refining Pill be refined."

Ye Feng Weiwei

He smiled and said: "Don't worry, junior sister, I have my own uses. Just give me all the seed stocks of the raw materials for the ancient Qi Refining Pill."

"good."

The lovely female disciple could only nod her head and began to speak to the disciple responsible for delivery behind her: "Take out all the raw materials and seeds for the ancient Qi Refining Pill."

"yes."

The disciple immediately remembered it.

At this time, the cute female disciple looked at Ye Feng and said, "Senior brother, is there anything else you need?"

Ye Feng said: "There are many more, please write them down one by one."

"Fire Essence, give me as much as you want. I need to use it to improve my own natal elixir fire."

"Give me all the elixirs that have the effect of refining the body, or the materials and treasures that have the ability to temper the body. I bought them all, and I want them all."

"Is there any powerful martial arts inheritance reserve in the trading hall now? If so, show me."

Ye Feng was talking one after another at this time, leaving the cute female disciple behind the counter stunned.

Even the eyes of many people around him became extremely surprised, and they all looked over.

At this time, Ye Feng immediately said: "Don't look like this, I'm not kidding."

With that said, Ye Feng directly opened the storage spirit ring and released all the holy crystals on his body at once.

"Crash!"

"Crash!"

In an instant, pieces of holy crystals, exuding a faint spiritual light, rolled out all at once.

In the entire trading hall, a huge mountain of holy crystals was piled up!

"hiss!"

The huge Holy Crystal Mountain exudes a rich and rolling wave of spiritual energy, which instantly makes the entire field fall into chaos.

There was a lot of gasping sound.

Many people had horrified looks in their eyes. They didn't expect that the ordinary-looking young man in black actually possessed such huge wealth.

Even the cute female disciple was stunned.

Ye Feng knocked on the table of the counter before this cute female disciple came back to her senses. Her eyes immediately became extremely respectful and she said: "Senior brother, wait a moment, I will make arrangements immediately! Make all arrangements!"

If such a huge deal is completed, the lovely female disciple herself will be able to receive a large amount of remuneration.

...

Half an hour later.

Ye Feng walked out of the trading hall with a satisfied look on his face.

Although a lot of wealth was spent this time, Ye Feng gained a huge amount. .??.

He returned to the Crystal Palace where he lived.

Sima Suantian was fetching water to water the flowers.

Ye Feng looked surprised and said: "Brother Sima, if you don't practice, you still have time to grow flowers?"

I have to say that Sima Suantian is really an anomaly in this world of martial arts practice.

Normally, he is not seen practicing hard. He is either reading books, playing the piano, or cultivating flowers. He is really leisurely in the extreme.

Sima Suantian said with a smile: "The inheritance of the soul path that I practice is called the 'Spell of Cultivation of the Body and Nature'. Only by constantly recuperating can we continuously improve our soul power."

Ye Feng's eyes were a little dazed and he said: "This is so cool."

Sima Suantian shook his head and gave a bitter smile, saying: "It's nothing to me. My master also has a disciple, one of my senior brothers. The inheritance of the soul path he practices is called the 'Big Dream Creation Technique'. He sleeps every day. You can continuously improve your soul power while sleeping."

Ye Feng: "..."

Shaking his head helplessly, Ye Feng could only sigh: "I really envy you, it's so comfortable to practice."

Sima Suantian stared at Ye Feng and said: "

But suffering can make people's will stronger and their future achievements will be higher. Moreover, Brother Ye, you also said that you envy us. The soul path inheritance 'Seal of the Soul Emperor' in your body is what truly makes everyone The inheritance envied by soul masters is the ultimate inheritance of the true soul path. It is said that the ultimate secret of the Soul Emperor Seal is sealed in the Soul Master Association of the Divine Ruins Realm. However, there was a turmoil in the Soul Master Association, and a soul The traitors from the Master Association stole the "Black Soul Art", the initial inheritance of the Soul Emperor Seal, and reportedly fled to a small place, so the inheritance of the Soul Emperor Seal disappeared from then on. "

At this time, Sima Suantian said, staring at Ye Feng, as if he meant something.

Ye Feng smiled slightly and said, "Brother Sima suspects that I am related to the traitor who stole the Soul Emperor's Seal?"

Sima Shuantian laughed and said: "That's not the case. If Brother Ye really has a relationship with that traitor back then, there is no way he wouldn't know what the Shenxu Realm is and he wouldn't be friends with me. He would definitely kill me and silence me. Therefore, I believe that Brother Ye just accidentally obtained the inheritance of the Soul Emperor Seal."

Ye Feng nodded slightly and said: "Brother Sima, please stay here. When my soul power reaches a sufficient level, you can take me to see your master."

Sima Suantian said: "Okay, actually you don't need to worry too much. My master is not a bad person. Brother Ye, you don't have to wait until your soul power is almost the same as my master's before you go, so you don't need to be so vigilant."

Ye Feng smiled slightly and said: "I still have a lot of things to do in the Galaxy Holy Land. Let's talk about it after everything is dealt with."

After saying that, Ye Feng walked directly into his training room.

He was going to use the hands of time to ripen those seeds into materials that were hundreds of years old, and began to refine the ancient Qi Refining Pill.

Moreover, this time I also purchased a lot of flame essence, which can be used to devour and improve the quality of the Dragon Spirit Holy Fire.

There are also many body refining elixirs and materials that can be used to increase body strength.

"I hope this time, I can completely break through to the eternal realm!"

Chapter 1389 Eternal Mark

In the slightly dim training room, Ye Feng swallowed the body-tempering elixirs one by one into his stomach.

Buzz!

Suddenly, a subtle body tempering energy was integrated into the flesh and bones of Ye Feng's body.

Ye Feng's body strength suddenly increased. .??.

Now Ye Feng's body is already very strong.

So even if you buy just one of these body-tempering elixirs from the trading hall, you won't be able to improve it much.

But as long as it can be improved a little, that's enough.

Because Ye Feng purchased a huge amount of body tempering elixir this time.

"Gulu!"

"Gulu!"

He swallowed all the pills into his stomach.

Ye Feng purchased these from the trading hall of Galaxy Holy Land.

Although one pill has little effect, dozens, hundreds, or even thousands of pills can have a huge effect!

"Buzz buzz..."

There is extremely abundant energy in Ye Feng's body at this moment, which is surging rapidly.

He could feel that the strength of his body was rapidly increasing.

This time, Ye Feng spent a huge price to buy so many body tempering pills from the trading hall, just to improve his body strength.

In addition, Ye Feng also took out all the starships found in the storage ring, then put on the God Clan gloves and began to extract the toughness and metal properties of these starships.

The power of these attributes can also greatly enhance Ye Feng's body strength.

Until the end, all the body tempering pills were swallowed and refined, and all the starry sky warships, as well as the magic weapon soldiers that were searched and plundered, had extracted all their original attributes.

Finally, Ye Feng's body strength has been greatly improved.

His physical level has transformed to the third level of the late stage of the second heaven of the Chaos Body.

This is a huge breakthrough!

Ye Feng could feel that every part of his body at this moment contained explosive power.

His combat power is now many times stronger than before.

"Buzz!"

At this time, Ye Feng took out energy balls burning with red flames.

These energy groups are the essence of fire.

It can be used to improve the quality of Dragon Spirit Holy Fire.

Ever since he obtained the Dragon Spirit Holy Fire, a powerful holy fire on the flame list of all heavens and worlds, Ye Feng has always attached great importance to the holy fire.

Whether it is alchemy or fighting against enemies, the Dragon Spirit Holy Fire can provide great help to Ye Feng.

This time Ye Feng bought the second most item from the trading hall, which was the essence of fire.

"Buzz!"

At this time, Ye Feng stretched out a hand, and a golden flame suddenly emerged from the center of his palm.

It is the Dragon Spirit Holy Fire!

At this time, Ye Feng integrated all the flame essence into the Dragon Spirit Holy Fire.

It can be seen that the Dragon Spirit Holy Fire is burning more and more vigorously.

This means that the power and grade of the holy fire are getting higher and higher.

In the end, one hundred and ninety-six flame essences were integrated.

The level of Dragon Spirit Holy Fire has been upgraded from the initial first-level elementary level to the first-level intermediate level!

Although it only broke through a small level, the power of the holy fire suddenly increased many times.

"The next step is to continue to accumulate skills and see if we can break through to the true eternal realm!"

Ye Feng thought to himself, and then took out a lot of plant seeds he had purchased before.

These seeds are all the seeds of various elixirs, flowers and plants needed to refine fourth-grade true god-level elixirs such as ancient Qi Refining Pills.

"

The hands of time. "

At this time, Ye Feng displayed his first bloodline talent, 'Hand of Time'.

Suddenly, a large amount of green energy surged out of his palm.

This green energy is like the purest life force in the world. The moment it comes into contact with those seeds, each seed immediately bursts out of its cocoon and sprouts, begins to grow rapidly, and suddenly grows into a soul that is as tall as a person and is hundreds of years old. medicine.

Now Ye Feng's skill is already very powerful, so he can use the Hand of Time continuously without running out of power for a while.

Soon, Ye Feng gave birth to elixirs that were hundreds of years old.

Then he began to use the holy fire to refine the ancient Qi Refining Pill.

Ye Feng has long been a fourth-grade true god-level alchemist, and he is also a holy fire alchemist. ??

In addition, the quality of the Dragon Spirit Holy Fire has been improved a lot.

Therefore, the success rate of refining the ancient Qi Refining Pill this time is very high.

In almost every furnace, thirteen round white pills will be successfully condensed.

Moreover, on the surface of these ancient Qi Refining Pills, there are still wisps of dragon energy floating and floating, and there are even dragon roars.

Obviously, after being blessed by the Dragon Spirit Holy Fire, the quality of these ancient Qi Refining Pills is very high, and they are all the best among the best.

For the entire next month, Ye Feng continued to generate materials that were hundreds of years old, and then continuously refined ancient Qi Refining Pills.

At the end, the ground in front of Ye Feng was filled with a whole hill of ancient Qi Refining Pills.

"Swallow!"

Ye Feng opened his mouth wide, and a hurricane swept out of his mouth, swallowing tens of thousands of ancient Qi Refining Pills into his stomach at once.

"boom!!!"

Almost at this moment, a powerful and powerful elixir power exploded in Ye Feng's body.

That's one

This unimaginable abundant power, almost like a vast ocean, flows and roars in Ye Feng's body, like a roaring dragon.

"ah!"

Even though Ye Feng was determined, he was still in agony from the ubiquitous, crazy and surging energy in his body, and even couldn't help but scream.

But Ye Feng was gritting his teeth at this moment and his eyes were red.

Ye Feng swallowed tens of thousands of ancient Qi Refining Pills this time.

Then he used the huge energy of tens of thousands of ancient Qi Refining Pills to break through the final hurdle in one fell swoop.

Buzz!

The terrifying aura exuded a heaven-destroying energy wave, which emanated from Ye Feng's entire body and spread to all directions.

The entire training room suddenly fell into a violent energy frenzy.

Ye Feng spent the entire half month in his training room.

Finally on this night.

"Squeak!"

Ye Feng opened the door of the training room and walked out.

At this time, his expression had a hint of joy and a hint of contemplation.

At this time, Ye Feng's cultivation has completely crossed the final hurdle and entered the true realm of eternity!

But Ye Feng is not considered a first-level heavenly warrior in the eternal realm.

Because after a warrior enters the eternal realm, he needs to imprint a series of "eternal marks" on his body.

This kind of eternal mark is like the mark of the great avenue.

Only when an eternal mark is condensed and imprinted on his body can Ye Feng truly achieve the first level of the eternal realm.

"But this eternal mark, why didn't it condense when I broke through? I don't know if other powerful people in the eternal realm are like this."

Ye Feng had some doubts in his heart. He decided to go to the small world deep in the Galaxy Holy Land to find the sword elder who had helped him before and ask.

Chapter 1390 Horror

In the small world of Galaxy Holy Land, Ye Feng did not meet Elder Jian.

It is a pity that almost all the Supreme Elders in the entire Holy Land have been dispatched to the front-line battlefield at the junction of the star fields, and are fighting with the super strong men of the Taiyin Demon Cult in the depths of the starry sky.

However, on the way back, Ye Feng met the old inner sect beauty elder Mu Qing.

Mu Qing had rescued Ye Feng before, and she was also a disciple of Elder Jian.

At this time, Ye Feng immediately stepped forward, with a slight smile, and said: "Elder Mu Qing, can I ask you about the martial arts knowledge about eternal marks?"

Ye Feng could sense at this time that this Mu Qing's cultivation level was impressively at the second level of the Eternal Realm.

As a disciple of Elder Sword, this Mu Qing is truly amazing and talented.

You know, when Ye Feng met Mu Qing, a beautiful elder from the inner sect, for the first time, Mu Qing had not yet entered the realm of eternity.

But now, he has rushed into the second level of the eternal realm, which shows that his talent is unparalleled and very powerful.

"It's you." .??.

Mu Qing turned around at this time and stared at Ye Feng, with a hint of surprise in his eyes.

For this Ye Feng, Mu Qing was deeply impressed by the special treatment she received from her master, Elder Sword.

So Mu Qing suddenly remembered Ye Feng's identity.

She said aloud: "Why are you asking about the eternal mark? You are only at the fifth level of the realm of God now, and you still need to take care of yourself... huh? No? The aura on your body?"

Suddenly at this time, Mu Qing sensed the cultivation aura on Ye Feng's body, and his eyes widened immediately.

Because she felt an aura from Ye Feng's body that was in the same realm as her own.

That is... the breath of eternity!

Mu Qing's body trembled slightly, and she couldn't help but said in horror: "You...you

Also achieved the eternal realm? "

Ye Feng smiled slightly and said: "Elder Mu Qing, yes, this time the star field war has brought me huge benefits. I have tempered myself in the starry sky battlefield, and I have indeed entered the eternal realm. However, I am now There is not even an eternal mark condensed into the body, so I am not even considered to be in the first level of the eternal realm."

Mu Qing couldn't help but said: "I remember not long ago, you were at the fifth level of the realm of gods. How come you broke through so quickly in such a short period of time? Ye Feng, my master, Elder Jian, has high hopes for you. , I feel that you are the hope of our Holy Lord's lineage. Don't use any quick success method to force a breakthrough in cultivation. This will cause your martial arts foundation to be unstable. Although you have indeed made great achievements in a short period of time, But it limits the upper limit of your practice, and you will never reach the supreme peak of martial arts."

Ye Feng immediately shook his head and smiled, and said: "Elder Mu Qing, don't worry, I didn't do anything eager for quick success. My current achievements in cultivation were achieved step by

step, and with huge energy. As a result, my martial arts foundation is very strong and there won't be any instability."

Mu Qing heard what Ye Feng said. Although Ye Feng was very confident, Mu Qing still felt a little unconvinced.

As if seeing Mu Qing's disbelief, Ye Feng suddenly grinned and said, "If Elder Mu Qing doesn't believe me, you can try my strength."

Mu Qing's eyes showed a trace of surprise and smiled, and said: "Oh? You want to fight me? You have to know that existences at the Eternal Realm level, even if they are only one level apart, their strength is very different."

Ye Feng smiled slightly, as if he had great confidence, and said: "Elder Mu Qing, don't worry about hurting me."

The moment the words fell

In the meantime, Mu Qing also nodded and said: "Okay, then I will give you a try and see why Master values you so much and what kind of secrets you have."

boom!

Almost as soon as Mu Qing finished speaking, a sword light that tore through the sky and earth burst out from her body.

This sword light was very terrifying, just like the first light that created the world, full of unparalleled power and edge.

Mu Qing is not an ordinary warrior, but an extremely rare sword spirit awakener.

In her body, a very powerful sword spirit was innately awakened. It was the spirit of an ancient sword emperor, which awakened in Mu Qing's body.

So this gives her unparalleled swordsmanship talent.

At this time, Mu Qing did not use the power of the sword spirit, but just slashed with a sword.

She is the king of swordsmanship in the second level of the Eternal Realm, and has an eternal mark in her body.

Therefore, the attack power and destructive power of this sword are very terrifying.

Ye Feng's eyes were filled with infinite solemnity at this moment.

He could feel that this Mu Qing was very, very powerful.

"Chaos body!"

Ye Feng thought silently in his heart and punched out a large area of chaotic light.

This was the pinnacle punch that forged his current powerful cultivation and physical strength.

There's nothing flashy about this punch.

It's like defeating ten enemies with one force, a sense of power that can defeat all kinds of magic with one punch!

"Boom!!"

An extremely terrifying roar suddenly sounded throughout the void.

The dazzling sword light and the fist as strong as chaos collided, shaking the sky and the earth.

Kick, kick, kick!

The next moment, Ye Feng immediately

He took several steps back.

There was a crack on his fist. A layer of skin was scratched, but no blood dripped out. The scratch was obviously very small.

At this time, Mu Qing on the opposite side was dumbfounded.

Although the sword just now was not Mu Qing's peak sword, she also incorporated a trace of the power of the ancient sword spirit, so that sword was enough to kill an ordinary fourth-level eternal realm, or even a fifth-level eternal realm. The strong man of heaven.

But in the end, only a tiny scratch was left on Ye Feng's fist.

This is incredible!

Mu Qing stared at Ye Feng, took a deep breath, and said: "Now I believe that your cultivation is really built up step by step, and your body is simply too strong. You have cultivated a An extremely powerful physical training technique, right?"

Ye Feng nodded slightly and said: "Elder Mu Qing is also very powerful."

Hearing this, Mu Qing couldn't help but smiled bitterly and shook his head, saying: "If you and I were in the same realm, even if I used my ultimate method, the power of the sword spirit, I might not be able to defeat you, and the person who would win in the end would definitely be you."

The tone Mu Qing spoke at this time was not a compliment, but a deep admiration. It was obvious that this beautiful elder from the inner sect was really shocked by Ye Feng's incredible fighting power.

Ye Feng smiled and said: "Elder Mu Qing, the discussion is over. You also believe that my cultivation is stable. Now you can tell me about the eternal mark. Elder Jian is not here. I I can only ask you."

Mu Qing nodded and said: "Follow me to my residence, and I will explain clearly to you. My master, Elder Jian, values you so much, which means that your identity and role for my master must be very great. I I won't skimp on my martial arts knowledge."

With that said, Mu Qing walked in a certain direction.

As soon as Ye Feng's eyes moved, he immediately followed him.
