

Ancient 1771

Chapter 1771 I'm back again

"A visitor from the palace? An urgent matter?"

Ye Feng couldn't help but reveal a trace of doubt in his eyes when he heard what the demon said.

Someone from the palace has something urgent to do?

Who is the one.

Ye Feng was a little confused. Although he had been in the imperial city of the ancient dynasty for a long time, he had almost never interacted with anyone in the palace.

"lead the way."

At this time, Ye Feng looked at the demon in front of him and said aloud.

The demon nodded and immediately led Ye Feng towards a side hall inside the manor. .???.??

Soon Ye Feng came to the door of the side hall. The first thing he saw was that there was a middle-aged man wearing coarse linen clothes standing in the side hall. He did not look noble and did not look like someone from the palace. .

Ye Feng was a little confused, so he walked forward and asked: "I wonder if you have anything to do with me?"

The moment this middle-aged man in coarse linen clothes saw Ye Feng, he immediately shouted in surprise: "Are you the heir of His Highness the Ninth Princess, Your Highness Ye Feng?"

Just such a sentence made Ye Feng's expression suddenly change.

This middle-aged man from the palace actually knows his true identity?

Ye Feng suddenly looked surprised and said: "Who are you, sir, and why do you know my true identity?"

Ye Feng did not reveal his murderous intention at this time, because since the other party knew his true identity, even if he killed the middle-aged man on the spot, it would not help.

The most important thing now is to figure out where this middle-aged man learned his true identity.

Ye Feng knew very well that in the entire imperial city of the Ancient God Dynasty, the only people who knew his identity were the only ones who knew his identity, except for the Young Siming and the Great Siming of the Tianming Division, and his mother who was the Ninth Princess in the palace.

Could it be that the middle-aged man in front of me is someone close to my mother?

Otherwise, how would you know your true identity?

Only this

What a possibility.

At this time, the middle-aged man suddenly spoke: "Your Highness Ye Feng, I am the bodyguard of the Ninth Princess. This time, I disguised myself as an ordinary person and secretly lurked out of the palace and came to Your Highness Ye Feng's private manor. Just to tell you some very urgent news."

Sure enough, he is my mother's subordinate!

Ye Feng's eyes lit up and he said, "What urgent news?"

The middle-aged man said: "This subordinate doesn't know that it was His Royal Highness the Ninth Princess who personally ordered me to take His Highness Ye Feng into the palace secretly to meet His Highness the Ninth Princess. Her Highness the Ninth Princess wants to meet His Highness Ye Feng face to face." explain."

Want to see your mother in person?

Ye Feng couldn't help but look a little excited when he heard this.

After so many years, I have never met my mother once.

Until now, Ye Feng only knows that his mother is the Ninth Princess of the Ancient God Dynasty. She was once a goddess of the God Dynasty, named Gu Youruo.

At this time, Ye Feng stared at the middle-aged man in front of him and said, "Then you take me into the palace immediately, so that I won't be exposed, right?"

When the middle-aged man heard that Ye Feng had agreed, he immediately looked overjoyed and quickly assured: "Don't worry, Your Highness Ye Feng, the route of lurking into the palace has been arranged by the Ninth Princess, and there won't be any problems." "

Ye Feng nodded and said, "Okay, let's go right away."

With that said, Ye Feng and the middle-aged man walked towards the outside of the manor.

At this time, a black cat on the roadside jumped up and stood directly on Ye Feng's shoulders.

The middle-aged man was shocked at first, but when he saw it was just an ordinary black cat, he didn't care anymore.

Ye Feng looked at the black cat on his shoulder, which was the black cat possessed by the old master, and couldn't help but ask via voice transmission: "

Senior also suspects that this middle-aged man was sent by the prince to lure me into the palace? "

The black cat sent a message to Ye Feng and said: "Yes, I feel the aura of the demon clan in this middle-aged man. He should be a subordinate trained by the prince, but I don't understand why the prince knows your true identity. After all, even I have never guessed your true identity, and I only know it now. No wonder you want to develop your own power in the imperial city. "

Ye Feng nodded slightly and said through a message: "Senior, please keep the secret for me and don't tell anyone, including other members of the Divine Society. My identity cannot be exposed for the time being."

The black cat nodded and said through the message: "Don't worry, we are on the same boat now. I won't cheat you. It's just that the prince knows your true identity and is in some trouble."

Ye Feng's eyes also showed doubts.

yes!

How did the prince know his identity?

After I arrived at the Imperial City, I didn't show any signs of weakness.

The reason why Ye Feng went to the palace with the middle-aged man so quickly was naturally to find out this point.

Although he knew that this trip might be a killing opportunity, Ye Feng was not afraid now.

First of all, Ye Feng has learned a lot of secret techniques, and his overall strength has improved too much during this period.

Secondly, Ye Feng had just obtained a large number of saint treasures from Hanlin Academy, all of which had earth-shattering power.

Of course, Ye Feng's greatest confidence is the black cat standing on his shoulder.

The old master is a true saint.

Now he has received the pen of the literary saint.

The strength will definitely increase greatly!

With the old master here, Ye Feng knew that even if he knew that the other party was planning to ambush him, he would not be afraid.

Soon, Ye Feng followed the middle-aged man and entered the palace from a secret passage outside the palace.

, and rushed quickly towards a certain direction inside the palace.

Suddenly at a certain moment, Ye Feng stopped.

The middle-aged man looked stunned, turned around and asked, "What's wrong? Your Highness Ye Feng, why did you stop suddenly?"

Ye Feng smiled and said: "The place we are going in this direction is not the palace where my mother is at all."

Hearing what Ye Feng said, the middle-aged man immediately gave a stiff smile and said bravely: "Ye Feng, are you kidding? This direction is the palace of Her Royal Highness the Ninth Princess."

"No no no."

Ye Feng smiled and shook his head, pointed forward, and said: "I have been fortunate enough to come to the palace once, so I know the layout of the palace relatively well. The direction we are heading now will soon reach the prince's palace. "

"What?!"

Almost as soon as Ye Feng's words fell, the middle-aged man who was leading the way changed his face immediately, but then he smiled fiercely and said: "I didn't expect you to see through it so quickly, Ye Feng, Ye Feng, you It is indeed many times stronger than before, but unfortunately, since you came here with me today, it means that your death has come! "

The moment he finished speaking, the flesh on the middle-aged man's face squirmed.

"Spirit skin mask?"

Ye Feng was a little surprised. This thing was an excellent camouflage mask developed by the alchemists of Zhaixing Tower. It could almost look real and fake, and it was perfect.

And at the next moment, the true appearance of the middle-aged man in front of him was revealed.

Ye Feng was immediately shocked by the true appearance of this middle-aged man, and couldn't help but exclaimed: "It's you! Gu Tongtian!"

At this time, Ye Feng suddenly realized why the prince suddenly knew his true identity.

Gu Tongtian looked at Ye Feng's incredible expression and suddenly said: "Haha! You didn't expect it! I'm back again!"

Chapter 1772 Absolutely dead

The middle-aged man who took off the spirit skin mask turned out to be Gu Tongtian!

This is indeed something Ye Feng did not expect.

Ye Feng always thought that Gu Tongtian was still trapped in the closed First Universe.

But he never thought that Gu Tongtian would secretly escape from the first universe and return to the ancient dynasty.

Moreover, he secretly discovered himself in the imperial city.

Suddenly, Ye Feng was sweating all over his body.

Ye Feng always thought that he was lurking safely in the imperial city, and no one discovered his true identity.

But what he never expected was that his enemies had already realized his true identity and were thinking of ways to deal with him.

Gu Tongtian stared at Ye Feng at this time and said: "Ye Feng! Today we should settle the old and new grudges between us."

Ye Feng exuded the powerful martial arts aura of a half-step mythical realm, and said coldly: "Gu Tongtian, in my eyes, you are no longer the supreme and powerful Tongtian God Emperor. Your current cultivation strength is In front of me, there is nothing more than an ant."

Gu Tongtian snorted coldly and said: "You are worthy of being the bloodline inheritor of the Chaos God Clan. The speed of your cultivation is indeed terrifying, but today, I am not alone. What you have to face is not me, but the Prehistoric God Dynasty." His Royal Highness is above all others!"

boom!

boom!

boom!

Almost at the moment Gu Tongtian finished speaking, monstrous waves suddenly erupted in the surrounding royal gardens.

Those auras are extremely powerful, and they are all powerful men at the level of mythology.

And there are a few auras in it, which even surpass the mythical realm, and seem to be super powerful at the supreme realm!

It has to be said that this time the prince really spent a lot of money to ambush Ye Feng and gathered many terrifying strong men.

Gu Tongtian quickly retreated, haha

He laughed loudly and said: "Ye Feng, you followed me to the ambush scene we specially arranged. Now all the battle fluctuations here will not be transmitted. You will die here. No one knows who killed you. After killing you, His Highness the Crown Prince will rob you of your Chaos God Clan bloodline talents, and everything you do will serve as a wedding dress for the rise of our noble Crown Prince!"

The moment Gu Tongtian's words fell, Ye Feng immediately understood. The prince probably wanted to catch him privately and steal the blood of the Chaos Gods from him.

At this time, Ye Feng looked around and found that four mythical realm experts had surrounded him.

Not far away, a man wearing a golden python robe walked over leisurely with his hands behind his back.

It is the prince himself!

Next to the prince, there was an old man wearing black robes.

This old man looks very ordinary, but the aura of cultivation on his body is unfathomable. He seems to be a super strong man at the supreme level that has surpassed the mythical realm.

At this time, the prince stared at Ye Feng with a hint of ridicule in his eyes and said: "Ye Feng, Ye Feng, I didn't expect you to be so stupid. You were really deceived by Gu Tongtian. I have laid a dragnet here. You Alone, there is no way to escape."

Ye Feng's eyes were extremely cold and he said: "Prince, I didn't expect you to be so vicious and want to rob me of the blood of the Chaos Gods. But I tell you, this is impossible. Do you really think that I didn't see through Gu Tongtian?" Disguise? I had already guessed that this might be someone sent by your prince, but I still came as promised because I am not afraid of you, the prince."

When the prince heard this, he immediately said angrily: "Shut up! Boy, you don't understand the background of our royal family at all. That's right. You are just a bastard born from the ninth princess. You can't stand on the stage. You don't know anything. You don't know anything." I don't know what true royalty is!"

The moment the prince finished speaking, he immediately waved his hand and shouted: "Here! Kill this royal bastard! Imprison him and I will drain all his blood!"

I have to say that the prince's words were very harsh.

"Yes, Your Highness the Crown Prince!"

The four mythical realm experts were all masters secretly trained by the prince. At this time, they all clasped their fists and shouted, and then they erupted with terrifying martial arts aura and divine light murderous aura. They were earth-shattering and they all surged towards Ye Feng. .

The prince's eyes at this time were filled with a deep bloodlust and sneer.

He knew that Ye Feng was absolutely dead!

"The Five Elements Hercules!"

But suddenly at this moment, Ye Feng shouted loudly, stretched out his palm towards the opposite side, and pressed it hard.

"Boom! Boom! Boom..."

Almost at this moment, what shocked everyone in the audience was that around Ye Feng, the power between heaven and earth suddenly condensed into five terrifying five-element Hercules!

The five behemoths were all filled with a deep sense of shock and power, and they instantly rushed towards the four mythical realm powerhouses that were rushing towards them.

"Boom!"

At this moment, the entire field suddenly erupted with a huge and terrifying roar that resounded throughout the sky.

If it hadn't been for the fact that the prince had secretly used formations to isolate this place, I'm afraid the collision and roar at this moment would be enough to make the entire palace boil.

At this time, the smoke and dust dispersed.

Five five-element Hercules guarded Ye Feng's body, and they actually repelled all four mythical realm experts.

It has to be said that this kind of Five Elements Hercules is condensed through the power of heaven and earth. It is really powerful. Every move it makes is as if the heaven and earth are exerting pressure. It is very scary. Even a strong person in the mythical realm cannot break through the defense of the Five Elements Hercules. .

"The Five Elements Hercules!"

The prince was stunned for a moment and couldn't help shouting angrily: "It is indeed you Ye Feng! I didn't expect that the fall of the goddess of the Ten Thousand Monsters Kingdom was really related to you. You actually got the Five Elements Hercules' Cultivation Skill from her. Law!"

Gu Tongtian was standing next to the prince at this time, his eyes were extremely shocked.

He obviously didn't expect that Ye Feng, a boy from the spiritual world back then, would have grown to this point now.

With the power of one person, he can challenge the four powerful men from the Myth Realm!

This kind of strength is too terrifying.

It's shocking.

However, Gu Tongtian glanced at the old man in black robe next to the prince for a moment, with a hint of relief in his eyes.

No matter what, even if Ye Feng defies heaven again, he will definitely die if this old man in black robe is here!

"boom!"

At this time, Ye Feng took the initiative to attack. He let the Five Elements Hercules instantly surround the four mythical realm powerhouses, and then he flashed in front of a mythical realm

powerhouse. Without hesitation, he released the terrifying power of the Chaos Body and used The divine dragon fights the sky.

At this moment, Ye Feng's two hands immediately turned into golden dragon claws, full of ferocity, and directly tore the mythical realm powerhouse in front of him in half.

"ah!!"

The powerful man from the Myth Realm screamed, and his body fell to the ground from a high altitude, and he died in an instant.

"What? So powerful?"

The other three mythical realm experts couldn't help but exclaimed.

They originally thought that Ye Feng was just using the Five Elements Hercules to be powerful, but what they didn't expect was that Ye Feng's own strength was actually so terrifying.

The prince's eyes were extremely gloomy at this time. Unexpectedly, in just a short moment, he had already lost a strong man from the mythical realm.

"Mr. Mo, it seems we still need to ask you to take action to suppress this boy Ye Feng."

Suddenly at this time, the prince spoke to the old man in black robe beside him.

Chapter 1773 Fright

The prince's tone at this time was actually somewhat respectful.

To be able to make the current prince be so polite means that this old man in black robe named Mr. Mo must be an extremely powerful super master!

At this time, Mr. Mo heard what the prince said, nodded slightly, rolled his eyelids slightly, stared at Ye Feng not far away, and said calmly: "Are you going to abolish your martial arts by yourself, or will I help you to abolish your martial arts?"

overbearing!

Extremely domineering!

When Mo Lao spoke, he spoke extremely domineeringly.

Ye Feng must immediately abandon his cultivation.

I have to say that this is the self-confidence of the strong.

At this time, Ye Feng stared at Mr. Mo with extremely cold eyes, with a hint of ridicule in his expression, and said: "For me, a strong man in the mythical realm has no challenge at all. Just like you." A warrior at the first level of the Supreme Realm can let me see how powerful my true combat power is now."

boom!

After saying that, Ye Feng's body immediately surged with a terrifying aura as majestic as the vast sea.

At this time, although Ye Feng was only a half-step mythical realm warrior, he had no fear at all when facing a supreme realm powerhouse like Mr. Mo. Instead, he was filled with a shocking fighting spirit.

Mr. Mo saw that Ye Feng actually disobeyed his orders and even tried to challenge the majesty of a supreme powerhouse like him.

This made Mr. Mo's heart suddenly surge with a cruel and cruel murderous intention. Waves of dark demonic energy emerged from his body, and the terrifying spiritual thoughts were overwhelming. All of a sudden, it was like the mighty power of heaven, and he was locked in an instant. It occupied Ye Feng's whole person.

"Click, click..."

At this moment, Ye Feng was locked by an extremely huge aura. He suddenly felt as if a huge mountain was pressing down on his shoulders. Although his body did not move, the soles of his feet

The ground of the palace, which was paved with white jade, was shattered inch by inch.

Seeing this, Mr. Mo smiled coldly and said: "A boy who is half-stepped into the mythical realm, as humble as an ant, dares to provoke me in front of me. He is simply impatient with life. I will kill him directly this time." You, then drain all the blood from your body!"

"Big Sky Giant Demon Hand!"

Boss Mo yelled, stretched out his palm, and immediately began to expand in the void, directly expanding into a demonic hand emitting blood-red light. It had terrifying power, covering the sky and the sun, and grabbed Ye Feng.

For Mr. Mo, no matter how powerful Ye Feng is, there is absolutely no way he can escape from his grasp. There is only one end, and that is to be crushed to death by him.

"Dragon Fighting Technique!"

Ye Feng roared loudly at this moment, running wildly with the power of the Chaos Body. Every inch of his body was blooming with divine light.

Ye Feng stepped fiercely and leaped high into the sky. At this moment, his whole body turned directly into a golden dragon, full of the ferociousness and fighting power of the dragon clan. The ferocious golden dragon claws seemed to be able to The whole sky was torn apart.

"Boom!!"

The golden dragon and the demonic hand that covers the sky collided instantly, making an earth-shattering roar.

This kind of collision is so terrible, and the energy aftermath can really shatter the nine heavens and ten earth.

Even the isolation formation that the prince had arranged around here in advance was almost shattered at that moment.

"Bang!"

Suddenly at this moment, a figure fell from high in the sky.

Hit the earth

On the ground, the ground was immediately smashed into pieces, and a ruin appeared.

Wow!

Ye Feng suddenly stood up from the ruins. His clothes were somewhat tattered and his long hair was disheveled. He looked quite embarrassed.

But at this moment, his eyes were extremely bright, full of deep excitement and endless fighting spirit.

Because Ye Feng discovered that he really relied on his own personal power to withstand the attack of a supreme powerhouse.

Although he is only the most elementary level one strong person in the supreme realm.

But that is indeed a supreme level existence!

If he were an ordinary warrior, let alone a half-step to the Mythical Realm, even if he had reached the Tenth Heavenly Perfection of the Mythical Realm, he would probably be killed by a supreme realm powerhouse like Mr. Mo.

But Ye Feng relied on his powerful body and fighting power to resist!

"What?"

"This kid is not dead?"

"And it doesn't seem like there's even a single injury!"

"How can this be!"

At this moment, seeing Ye Feng walking out of the ruins, intact and not even vomiting blood, a group of people around him were immediately shocked to the extreme.

Even the prince's eyes widened at this moment. He didn't expect Ye Feng's vitality to be so tenacious.

At this time, high in the sky, Mr. Mo flew out of the smoke and dust of the explosion, his face looking very ugly.

Because his powerful attack was really resisted by a boy who was only half a step into the mythical realm, this really made Mr. Mo feel a sense of shame.

Mr. Mo's eyes were filled with deep anger at this moment, and he said: "Boy, I didn't expect the Chaos God Clan to be so powerful, but next, I will take action seriously, and you won't have any chance."

Buzz!

The moment Mr. Mo's voice fell, the entire field was suddenly plunged into a dark demonic aura.

It seemed that the entire field, the entire world, had turned into a demon realm at this moment.

"Buzz buzz..."

The rich demonic energy dispersed throughout the world, making Ye Feng immediately feel that his whole body was invaded by the demonic energy, and his mind was almost unclear, and he fell into a hazy state.

"This is the demon realm cultivated by Mr. Mo! It is equivalent to the human body field! As long as you are in his demon realm, the rules of heaven and earth are controlled by him."

The black cat standing on his shoulder spoke out.

At this time, the old master stretched out a cat's paw, holding the pen of the literary saint, and made a sharp stroke towards the surrounding world.

"Boom!!"

Like the creation of the world, the terrifying demon realm was directly torn apart by a stroke of white light, and the demonic aura that filled the sky disappeared in an instant.

"ah!"

The next moment, only a scream was heard.

Mr. Mo was standing high in the sky, and there was a huge bloody hole on his chest, with bones visible.

"Not good! There is a powerful person hiding around!"

His body trembled as he fell from the sky, and then ran away quickly.

"what's the situation?!"

Everyone around him, including Gu Tongtian and the prince, had dull eyes at this moment.

They had no idea what happened at that moment just now.

All they saw was a flash of white light between the sky and the earth, and then Mr. Mo screamed and ran away in panic. He even ignored the prince. He was obviously frightened.

At this moment, Ye Feng suddenly rushed out of the smoke, stared at the prince and Gu Tongtian opposite, smiled coldly, and said: "Now it's time for us to settle the score!"

Chapter 1774 Reconciliation

At this time, the prince and Gu Tongtian finally knew what fear was.

At this moment, Ye Feng is in their hearts, which is simply synonymous with incredible things.

After all, in the eyes of the prince or Gu Tongtian, no matter how powerful Ye Feng was, he would not be able to withstand the attacks of so many powerful men.

But now, Ye Feng's methods and power really frightened them.

No!

I can't say I'm shocked anymore!

Rather, it should be fear!

At this moment, Ye Feng stepped towards the prince and Gu Tongtian.

The prince immediately looked at the remaining three mythical realm subordinates and shouted: "Including me!"

Uh-huh! Uh-huh! Uh-huh!

The three mythical realm experts were all loyal to the prince. At this moment, they rushed towards Ye Feng without any hesitation.

But all this is destined to be a moth flying into a flame.

"boom!"

"boom!"

"boom!"

Ye Feng, who possesses powerful combat power, together with the Five Elements Hercules, directly punched three powerful men in the Myth Realm to death.

Even Ye Feng immediately released a devouring vortex, directly devouring several killed mythical realm experts.

boom!

A terrifying martial arts momentum burst out from Ye Feng's body in an instant.

However, the four mythical realm experts were all ordinary warriors, and they did not allow Ye Feng's cultivation to directly break through.

But Ye Feng could feel that his accumulation in the Half-Step Mythical Realm was becoming more and more powerful.

As long as he swallows a few more mythical realm experts, he will definitely be able to break through in one fell swoop!

At this moment, Ye Feng walked towards the prince.

The prince was trembling all over, because now he didn't have any strong person to protect him at all.

His own strength is not strong either.

Gu Tongtian didn't know where the courage came from at this time, and suddenly shouted at Ye Feng: "Ye Feng! You can't kill the prince! The prince is the future heir of the ancient dynasty. If you kill the prince, then forget it No matter how powerful you are, you will be punished by God's law and sentenced to death!"

boom!

But at this time, Ye Feng didn't say a word, and directly stretched out his hand and pressed in the direction of Gu Tongtian.

"boom!"

Suddenly an invisible force was released from Ye Feng's hand, directly forming a spatial field that imprisoned Gu Tongtian's entire body. Then as Ye Feng raised his hand, Gu Tongtian's body became uncontrollable. His feet lifted off the ground and floated in mid-air.

"Boy! Let me go! Let me go!"

At this moment, Gu Tongtian could not resist and could only roar in shame.

Once upon a time, Ye Feng was just an ant in front of him, the Emperor of Heaven.

But now, Ye Feng stood tall in front of him, an unstoppable strong man.

This huge sense of gap filled Gu Tongtian's eyes with deep anger, but at the same time there was also a deep sense of powerlessness.

At this moment, Ye Feng stared at Gu Tongtian and said indifferently: "You are already an ant in my eyes. Today, I just want to take revenge."

"What are you going to do?!"

Gu Tongtian seemed to be aware of Ye Feng's murderous intention. He was immediately shocked and wanted to say something.

"boom!!"

But at the next moment, Ye Feng's eyes were cold and he clenched his hands fiercely.

A huge pressure was generated instantly, and Gu Tongtian's entire body exploded, killing him on the spot!

That generation of gods in the spiritual world back then

The Emperor, who was very useless at this moment, was crushed to death by Ye Feng's hand, leaving no intact body.

"Crack!"

At this time, Gu Tongtian's blood splashed on the face of the prince beside him.

The prince watched helplessly as Gu Tongtian was blown into pieces. He was greatly stimulated, and he immediately shouted in horror: "I don't want it! I don't want to die like this!"

Only then did the prince realize what a big mistake he had made by secretly dealing with Ye Feng without telling everyone.

Ye Feng's own methods and hidden trump card really made the prince frightened and unbelievable to the extreme. .??.

"Tap tap tap tap..."

At this moment, only Ye Feng's footsteps could be heard on the field.

The prince looked frightened and stepped back.

Ye Feng rushed over instantly, wanting to slap the prince to death.

"boom!"

But suddenly at this moment, an extremely majestic force separated the two of them.

Even the black cat on Ye Feng's shoulder couldn't resist it. Ye Feng and the prince were instantly separated, thousands of miles apart.

The old master's voice came from the black cat's mouth, solemnly saying: "It was the powerful Daluo realm who was on the supreme realm who took action."

"A strong man in the Great Luo Realm!"

Ye Feng's eyes were startled.

Black Cat said: "But don't worry, although I can't defeat the powerful people in the Daluo Realm at the moment, there is still no problem in taking you away safely."

Ye Feng nodded and was about to leave.

But suddenly at the next moment, Ye Feng saw a familiar figure walking towards him not far away.

"King Qin?"

Ye Feng's eyes showed a hint of surprise.

Yes!

The strong man in Da Luo realm who just took action to separate himself and the prince should

He is the King of Qin.

King Qin is a very powerful prince. He is a prince who has been trained on the battlefield. He has strong cultivation and is extremely powerful.

When Ye Feng first came to the Imperial City of the Prehistoric Dynasty, he lived in the palace of Prince Qin.

When he entered the Night Watch, King Qin also had the grace to recommend him.

Therefore, Ye Feng's impression of King Qin is still good.

"Ye Feng, don't panic, I will coordinate this matter." King Qin came from not far away and said.

The prince's face was gloomy at this time. He didn't expect King Qin to come at this time.

However, the prince still walked to King Qin silently, fearing that Ye Feng would suddenly kill him.

At this time, Ye Feng stared at King Qin and said: "King Qin, the prince and I are mortal enemies. There is no use in coordinating with you."

King Qin sighed, his eyes were a little complicated, and he looked at Ye Feng and said: "I didn't expect that you are the heir of the Ninth Princess. No wonder when you came to the imperial city and lived in my Prince Qin's house for the first time, I vaguely felt that you had something An inexplicable feeling of familiarity."

At this time, King Qin said, looking at the prince beside him, and said: "This is what Mr. Mo just told me. Only the three of us know this secret. How about we don't tell it to anyone?"

At this time, the prince's eyes were ugly, but he still nodded and said: "As long as Ye Feng promises not to kill me again, I promise not to tell this secret."

At this time, King Qin looked at Ye Feng, who was not far away.

At this time, the black cat sent a message to Ye Feng, saying: "Now that King Qin is mediating, please agree for the time being. Your current strength is not yet able to go against the royal family of the entire prehistoric dynasty."

Ye Feng nodded, then he looked at King Qin not far away and said: "If I knew that the prince had passed on the secret of my true identity, I would kill him with my own hands."

At this time, Ye Feng temporarily hid his desire to kill the prince in his heart, then jumped up and left here.

Chapter 1775 Wishes

After Ye Feng left the palace, his expression didn't seem to have changed much.

But his heart was full of turmoil and changes.

Because he never expected that the prince would know his true identity.

Although Gu Tongtian died this time.

But it doesn't mean much to Ye Feng.

Because Gu Tongtian is just a little person in the eyes of Ye Feng today.

And Ye Feng knew very well that the biggest threat came from the prince.

But this time there was no chance to kill the prince.

After all, King Qin came forward to mediate.

Ye Feng is very urgent and must quickly strengthen his power in the imperial city.

Because Ye Feng couldn't guarantee how long the prince would last without telling his secret.

Although there is King Qin in the middle as a guarantor.

But what a person like the prince says is absolutely untrustworthy.

At this time, Ye Feng thought secretly in his heart, and then accelerated his speed.

He did not walk towards his large manor, but towards the Night Watch headquarters.

Because Ye Feng decided to go to the Night Watch Commander and ask him to help him improve his cultivation, break through the final hurdle, and strive to enter the mythical realm as soon as possible.

In this imperial city filled with masters, there are too many crises.

Ye Feng felt that if he stepped into the mythical realm as soon as possible, he would be safer.

Last time, Ye Feng disguised himself as a young eunuch and entered the queen's chamber in the palace, helping the commander obtain the supreme secret book of Ragnarok, the demon clan.

Therefore, the commander-in-chief has always owed Ye Feng a promise and promised to fulfill Ye Feng's wish.

Ye Feng would naturally not ask for too much, because he knew very well that the commander was just being polite when he said that he would grant his wish.

If he goes too far and puts forward a wish that makes the commander-in-chief feel embarrassed, it will definitely destroy the relationship between the two of them.

At present, Ye Feng still needs the help of the Night Watch Marshal, so Ye Feng will naturally not make unreasonable wishes randomly.

Ye Feng is ready to let the commander help him improve his cultivation to the mythical realm, and if possible, he will continue to improve his cultivation as much as possible.

This wish should not be too much for the commander.

With a secret plan in mind, Ye Feng walked quickly towards the Night Watch headquarters.

When Ye Feng arrived at the Night Watch headquarters, he went directly to the ninth floor pavilion without any hesitation.

The commander was dressed in black armor and looked mysterious and vicissitudes of life. As expected, he was standing in the ninth floor pavilion.

This ninth-floor pavilion is the commander's daily training place.

Here, he can overlook the entire imperial city, which is also very convenient for the night watchman to supervise the entire imperial city.

The commander seemed surprised by Ye Feng's arrival, and asked aloud: "You are in such a hurry, do you have anything to do with me?"

At this time, the commander-in-chief said, his eyes lingering on the black cat on Ye Feng's shoulder for a moment, as if he noticed something, but he didn't say anything more.

Ye Feng directly cupped his fists and said: "Commander, the last time you promised to give me a wish, it should still count."

The commander-in-chief said with a hint of a smile, "What I said and promised will certainly count. What's the matter, have you decided what you want?"

Ye Feng nodded, and then went straight to the point: "My subordinate has been staying in the Half-Step Mythical Realm for a long time.

, my subordinate's wish this time is that the commander-in-chief can help me break through to the mythical level! "

"Breaking through the level of the mythical realm?"

The commander was a little surprised and said: "Ye Feng, this wish is a bit unsatisfactory. With your qualifications, you don't have to worry about not being able to break through to the mythical realm. You will definitely be able to step into the mythical realm in up to half a year."

Ye Feng nodded and said: "I know this, but now I have no time to wait for improvement. I need to improve my cultivation as soon as possible. The storm is coming, and I urgently need to become stronger."

The commander saw Ye Feng's anxious look and couldn't help but asked in surprise: "What have you experienced?"

Ye Feng shook his head and said: "I just encountered some very huge resistance."

The commander asked: "Is he the prince?"

Ye Feng's eyes were startled and he said: "The commander-in-chief knows that the prince is secretly dealing with me?"

The Marshal nodded and said: "I basically know a thing or two about the many happenings in the imperial city, and they cannot be hidden from my eyes. But what I am very curious about is why the Prince is so interested in you, a little night watchman in silver armor. I have impeached the queen, and the queen has been banished to the cold palace, but the prince is still unyielding in dealing with you. This is something I cannot see through. "

Ye Feng breathed a sigh of relief in his heart. He thought that the commander also knew his true identity. ??

At this time, Ye Feng pretended to be innocent and said: "My subordinates don't know, maybe I indirectly caused the queen to be thrown into the cold palace, so that's why the prince is so jealous of me and wants to get rid of me." "

The marshal nodded and said: "This matter involves the prince, the future heir of the divine dynasty. It is really not easy for me to intervene forcefully. You are right to feel the urgency. Okay, I will fulfill your wish and help you." you ascend to myth

Realm, but forcibly improving the mythical realm may be extremely dangerous. "

Ye Feng smiled and said: "Commander, my technique is special. As long as I have enough energy and blood, I can break through to the mythical realm safely. But I am alone and cannot find enough energy in an instant. My breakthrough energy is huge."

The commander nodded and said: "The technique you practice is indeed very special. It is very similar to an ancient inheritance. I don't want to ask about your true origin. Anyway, as long as you are sincere to the Night Watch and the Divine Dynasty, it will be fine." Well, since you need a huge amount of energy and blood, I know a place that can satisfy you, so I'll take you there."

As he said that, the commander grabbed Ye Feng's shoulder and crossed the mountains, rivers and seas in one step. He left the imperial city and arrived at the end of the ancient continent.

This is the end of the ancient continent, connected to the boundless starry sky.

At this time, Marshal and Ye Feng stopped.

Even though Ye Feng's soul power was strong, he followed the commander and teleported hundreds of millions of miles across most of the ancient continent and arrived at the starry sky at the end of the continent. Ye Feng also felt dizzy.

At this time, Ye Feng saw that there was a dark abyss at the end of the wild continent.

The dark abyss, connecting the sky and the earth in the entire starry sky, looks unfathomable, like a dark beast that chooses people to devour, standing in the universe, capable of swallowing the entire heaven and earth at any time.

The commander was wearing black armor. He was standing with his hands behind his back, standing next to Ye Feng, staring at the dark starry sky in the distance, and said: "That is the entrance to the blood demon world. The blood demons are basically pure. It is made up of the condensed blood energy and demonic energy. The power of blood energy is very powerful. I will take you into the blood demon world. I will kill as many blood demons as you need to break through. "

Chapter 1776 Tunnel

"The entrance to the Blood Demon Realm?"

"Go directly into the Blood Demon Realm to kill the Blood Demons?"

Ye Feng was a little shocked when he heard the domineering words of the handsome man next to him.

For a long time, the Blood Demon Realm where the Blood Demon Clan is located has always been a home interface for the survival of very terrifying dark creatures.

This kind of dark interface, let alone going there on your own initiative, even with a knife on your neck, I'm afraid some people would rather die than dare to go to this dark interface.

But now the commander directly said that he wanted to enter the blood demon world.

Perhaps only a powerful person like the Marshal is qualified and confident to say such domineering words.

"let's go!"

At this time, the commander grabbed Ye Feng's shoulders and suddenly jumped towards the entrance to the dark starry sky in the distance.

Uh-huh!

At this moment, Ye Feng immediately followed the commander into the dark and deep starry sky vortex channel.

At this moment, Ye Feng saw that the starry sky whirlpool channel was actually filled with dense space cracks, and there were terrifying ancient demons floating in them, seemingly practicing.

The moment the commander and Ye Feng entered, many ancient demons around them immediately opened their eyes, and their eyes were all emitting red light, exuding terrifying demonic energy and power.

"Jie Jie Jie! There is actually a human race who is not afraid of death and dares to enter the space entrance of our Blood Demon Realm. This is really a sumptuous lunch for us!"

The ancient demons all had ferocious and cruel smiles on their faces.

They were whispering around them, and then they all erupted with terrifying demonic energy, charging towards the two of them, as if they had regarded the two as their own food.

Ye Feng looked at the group of ancient demons, each of them filled with demonic energy.

If he were an ordinary person, he would have long ago seen these endless ancient demons coming towards him.

He was so scared that his whole body was shaking.

But at this time, Ye Feng's face showed no trace of fear.

Because a powerful man like the Marshal stood beside him.

"snort!"

Sure enough, at this moment, the commander suddenly let out a cold snort.

boom!

Suddenly, a huge force and momentum burst out from the commander's body and spread rapidly towards the surroundings.

This terrifying power and momentum was like a violent storm, spreading towards the surroundings, full of terrifying destructive power.

Almost at this moment, countless ancient demons were all wrapped up in this terrifying wave of destructive power.

"Pfft!"

"Pfft!"

"Pfft!"

"..."

In an instant, in the entire surrounding space tunnel, ancient demons, whether strong or weak, were all crushed to pieces by the terrifying destructive power.

At this moment, the space with a radius of several kilometers centered on the commander was like a huge meat grinder, mincing any nearby ancient demons into pieces. A piece of blood mist.

"good chance!"

Ye Feng's eyes lit up at this time, and he immediately released the Devouring Domain and began to absorb and devour the blood of the ancient demons around him.

However, there were only a few ancient demons in the space tunnel after all. Ye Feng devoured them and felt no other feeling except that his power had increased.

So at this time, Ye Feng is still looking forward to receiving the

Come down and enter the blood demon interface to devour.

Because that is the key to whether you can completely transform.

At this time, the commander noticed the devouring field around Ye Feng, and couldn't help but look slightly surprised.

Because this was the first time that he had seen such a monster's talent, he could actually seize the creation of other living beings, thereby strengthening his body and achieving his own power.

However, the commander-in-chief has experienced too much in his life, so he was only slightly surprised, and then stopped paying attention.

At this time, he grabbed Ye Feng's shoulders and just rushed forward quickly.

At this time, the two people quickly passed through the entire starry sky tunnel.

They flew out from the other end of the star tunnel.

In the field of vision of the two people, a blood-red land immediately appeared.

This blood-red land is full of ferocious-looking demons wandering everywhere.

The skin, scales, hair, and eyes of these demons are all red.

These demons are all blood demons!

"This is the Blood Demon Realm!"

The commander looked at the entire vast red land and said aloud.

Ye Feng felt a very strong blood demon energy from the whole world.

Perhaps this blood demon energy is like a poison to ordinary people.

But for Ye Feng, it had no harmful effect. Instead, Ye Feng felt an abundant source of energy in this extremely rich blood demon environment.

The commander beside him originally wanted to release some of his own power to protect Ye Feng from the blood demon interface.

But just now the commander-in-chief

When he was about to release the energy shield, he discovered that there was nothing wrong with Ye Feng at all. He was floating in the blood demon interface, surrounded by the blood demon's energy. Not only did he not suffer any harm, but instead He looked like he was enjoying himself very much.

This scene made the commander extremely shocked.

He can't see through this Ye Feng more and more.

How come this human boy has such evil methods and talents?

However, the Marshal thought of such an evil young man, now serving under the Night Watchmen he founded, and the Marshal couldn't help but smile.

No matter what, this evil boy is his subordinate after all.

At this time, the commander looked in a certain direction not far away and said: "Ye Feng, follow me in that direction. If I remember correctly, there is a powerful blood-powered island on a floating island in that direction. A huge demon kingdom created by the Demon Lord. The blood demons wandering around the land around us at this time are all low-level blood demons. They do not have much high-level blood energy at all. But the Blood Demon Lord I mentioned created In that demon kingdom, all the people who survive are high-level blood demons, and there seem to be many nobles among the blood demons. The quality of their blood energy is very high, and they should be able to transform you."

At this time, the commander also understood how difficult it was for Ye Feng to break through, requiring huge and boundless energy.

Because when he was advancing through the starry sky tunnel at the entrance to the Blood Demon Realm, the Marshal noticed that Ye Feng had swallowed and absorbed a lot of the blood of the Blood Demon.

That much blood energy is enough to sustain an ordinary mythical realm powerhouse until he explodes.

But after Ye Feng swallowed and absorbed it, it seemed like he had eaten a few dishes of side dishes, without much change.

The commander is the most powerful man, and he can see at a glance that Ye Feng's body is a bottomless pit, which is very terrifying.

Chapter 1777 A show of force

At this time, Ye Feng heard the commander's words and actually wanted to go directly to a demon kingdom established by the blood demon monarch to kill.

This made Ye Feng's eyes suddenly become a little excited and excited.

Sure enough, it was the right choice to ask the commander to help him improve his cultivation this time.

Only a super fierce man like Marshal could help him think of simple and crude methods of killing blood demons and absorbing blood energy in a short period of time.

And only a powerful person like the Marshal would dare to lead him alone into the blood demon interface, preparing to provoke a very large demon kingdom.

At this moment, the commander flew forward, and Ye Feng quickly followed.

The two people moved very fast and flew to a vast land in a blink of an eye.

But at this time, their eyes were not focused on the ground, but looking high in the sky.

At this moment,

There is a huge island floating in the dark and endless sky.

This huge island is surrounded by a thick layer of black light.

If you look carefully, you can see that there are countless tall blood demons living on this huge island.

These tall blood demons are different from the low-level blood demons wandering on the ground.

Each of these tall blood demons are covered with red scales, and their palms have metal-like barbs, just like natural demon warriors.

As the commander said, all the blood demons living on this huge floating island are high-level blood demons, and there may even be blood demon nobles with very precious blood.

The commander spoke up at this time: "The Blood Demon Kingdom that I mentioned was established by the Blood Demon Lord, is on this floating island. Back then, in order to complete a mission, I hunted down a human demon. Entering the Blood Demon Realm, I happened to pass by this floating giant island.

At that time, we fought with the Blood Demon Lord and both sides suffered losses, so I know this place very well. "

When Ye Feng heard the commander's words, his eyes suddenly showed a hint of surprise.

Unexpectedly, the Marshal had some grudges with the Blood Demon Lord many years ago.

At this time, Ye Feng couldn't help but ask: "Commander, how does your current strength compare with that of the Blood Demon Lord?"

The commander smiled slightly and said: "Let's give it a 50-50 shot. After all, the opponent is a Blood Demon Lord from the Blood Demon Realm. He is still very powerful and is equivalent to the top demon in the Blood Demon interface."

At this moment, when Ye Feng heard this, his eyes were startled and he was about to say something.

But at this time, the commander had already jumped, taking Ye Feng directly to the boundless sky and standing on top of the floating giant island.

"It smells like a human being!"

Almost at this moment, countless blood demons on the huge island smelled the human aura of the two people.

At this time, a group of blood demons suddenly looked up into the sky, and when they looked over, they saw two people standing above them.

An extremely tall blood demon warrior, seems to be a blood demon commander, with the cultivation of the supreme tenth level of heaven.

At this time, he was filled with demonic energy, and his red pupils stared at the commander and Ye Feng in the sky. He smiled cruelly and said: "How many years have passed, and there are actually human beings who dare to come to the territory of our blood demon clan? I have to say You two are really brave, you are simply audacious, but this is also a good thing. I haven't eaten human food for a long time. Today is just the right time for a full meal. The blood on you smells very strong. It should be human food. If you are the strong one, it will be very delicious."

At this time, the blood demon commander was speaking, with a cruel smile on his ferocious face.

Countless Blood Demon warriors around him immediately echoed and said: "Commander, we really found a treasure today. After you have eaten the flesh and blood of these two human races, Commander, you hope to share some of their bones and stubble with us. Also have a taste of the human race."

The Blood Demon Commander laughed loudly and said: "Okay!"

After saying that, the whole body of the Blood Demon Commander began to expand, and turned into his own body, becoming a huge demon head standing tall on the sky and the earth. His whole body was covered with red scales, and he looked extremely ferocious and terrifying.

At this time, he laughed, with deep contempt in his eyes, and immediately grabbed the two people in front of him.

boom!

Almost at this moment, a huge magic hand that covered the sky and the sun suddenly covered the heads of the Marshal and Ye Feng.

The Blood Demon Commander laughed cruelly and said: "Look at how I crushed you two pitiful humans to death. The scene must be very interesting! Hahaha!"

At this time, the Blood Demon Commander seemed to have seen the cruel scene of two people being crushed to death by him.

Because in the eyes of the Blood Demon Commander, these two small humans couldn't even resist one of his hands.

But suddenly at this moment, the commander suddenly stretched out a hand.

"boom!!"

Almost at this moment, a terrifying shock wave, possessing terrifying and incomparable destructive power, instantly erupted from the commander's hand.

Wow!

Like a divine beam capable of tearing apart the sky, it suddenly penetrated the void and directly bombarded the blood demon commander.

Blood Demon

The commander-in-chief originally wanted to laugh at the commander-in-chief for daring to attack him, but the moment the shock wave just touched him, the expression of the extremely powerful blood demon commander suddenly changed.

He felt an irresistible terrifying destructive force, which suddenly came to him. He was unable to resist it. He could only watch the terrifying shock wave, which completely destroyed his body, leaving nothing behind. trace.

The great commander of the Blood Demon, who reached the tenth level of the Supreme Realm, was completely turned into ashes between heaven and earth. His death was extremely miserable, and not even his body was left behind.

"What?!"

"Our commander-in-chief was killed by a human in black armor with one move?"

"Not even a trace was left! It's terrible!"

Almost at this moment, the countless high-level Blood Demon warriors who were laughing cruelly around them couldn't help but change their faces and scream in horror. They were simply shocked beyond measure.

At this time, Ye Feng saw that the blood demon commander turned into flying ashes, and immediately couldn't help but said: "Commander, please use your strength gently!"

It was a pity for Ye Feng that the blood demon commander was turned into ashes and could not be swallowed by himself. It was a huge waste.

The commander-in-chief smiled slightly and said: "It doesn't matter. There are many blood demons at the commander-level in this demon kingdom, including this one. I just take action casually to give the blood demon monarch in this kingdom a show of strength."

Sure enough, the moment the commander finished speaking, a tall blood demon wearing blood-red armor appeared from the depths of the floating giant island.

He is the Blood Demon Lord!

His body exudes a kind of violent and terrifying demonic aura, which makes people feel like an emperor from the demon clan has appeared and descended into the world. People can't help but want to worship him.

Chapter 1778 Devour to your heart's content

The moment the Blood Demon Lord appeared, the entire field was immediately plunged into an oppressive force that was like the might of God.

The Blood Demon Lord is like the world lord of the entire Blood Demon interface. It feels very scary and has a strong sense of majesty, as if he is facing an ancient demon god.

At this time, the Blood Demon Lord looked at the dead Blood Demon Commander, with an ugly look in his red eyes.

He stared at the commander floating high in the sky opposite and said, "What on earth do you want to do?"

The commander smiled indifferently and said: "I don't do anything, just to kill the blood demon in your kingdom."

The Blood Demon Lord's face was a bit ugly, with an angry look on his face, and said: "Commander of the Night Watch of the Ancient Dynasty, don't be too arrogant. You are a human race, and you are so unruly in our Blood Demon interface. Aren't you afraid of me and some other realm masters?" United, will you be refining and killed?"

The commander stared at the blood demon monarch, still very calm and indifferent, and said: "If this could really kill me, you would have done it long ago, and you are still talking nonsense to me?"

"you.....!"

The Blood Demon Lord immediately felt a little embarrassed.

But he was helpless.

The Blood Demon Lord knew exactly how terrifying this Night Watch commander was.

At this time, the commander stared at the Blood Demon Lord and said coldly: "To tell you the truth, I recently obtained the Twilight of the Gods from the demon clan, and I am about to break through the shackles of the five declines of heaven and man, and step into a new level, so you blood A low-level Demon Realm Lord like the Demon Realm is no longer my opponent, but I can't kill you, so let's make a deal. You let a young man under my command devour the blood of your Blood Demon Clan, and wait for him Breakthrough, I'll leave, and you can't disturb me during this period, okay?"

I'm going to kill your blood demon, but you can't disturb me.

Ye Feng couldn't help being a little shocked as he listened to the commander's astonishing words.

The handsome man is really a fierce man!

At this time, when the Blood Demon Lord heard the commander's arrogant words, his face suddenly became extremely gloomy.

He wanted to get angry, but thinking of the commander's current powerful state, he finally endured it.

The Blood Demon Lord has lived for many years, and he knows exactly what to do and when.

These high-level blood demons in his kingdom are all his descendants, and there is no great affection for them.

The commander-in-chief is forcing him so much, just let him kill him. One more thing is worse than one less thing.

For the descendants of these high-level blood demons, I can always use more and slowly replenish them. There is no need to fight against the strongest human race like the Marshal because of this kind of thing.

At this moment, the Blood Demon Lord thought a lot in his heart. Finally, he took a deep breath, looked at the commander opposite, and said loudly: "I thought about it carefully, and I agree with what you said, but you don't agree either. It is too exaggerated to kill all the high-level blood demons I gave birth to. After all, it is very hard for me to give birth to these high-level blood demons. It often takes decades or even hundreds of years to replenish them. If you do If it goes too far, I will definitely fall out."

After saying that, the Blood Demon Lord snorted coldly, then turned and left the floating island, obviously unwilling to see the humiliating scene that followed.

The commander smiled slightly and didn't say much.

, seems to have already expected that the Blood Demon Lord would make such a decision.

Ye Feng, who was standing aside, was stunned. It seemed that he did not expect that the Blood Demon Lord would finally give in and did not even resist.

You must know that the Blood Demon Lord is an extremely powerful existence in the Blood Demon interface. He is almost a top-level demon comparable to the Realm Lord in the Blood Demon interface.

But in front of the commander, the Blood Demon Lord finally accepted this shameful request and ran away in despair.

This really opened Ye Feng's eyes.

A big figure like the Blood Demon Lord is not a powerful person who can control the wind and rain somewhere. He has entered the starry sky of the universe. He is definitely a demon emperor who can make the entire star field feel fear.

But today, at this moment, in front of the commander of the Night Watch, the Blood Demon Lord was timid, and extremely timid.

At this time, Ye Feng suddenly realized that when a person's strength reaches a certain level, he can indeed do whatever he wants.

The commander seemed to notice Ye Feng's shock at this time, and explained with a smile: "The Blood Demon Lord may think that he is the top powerful being in the world, but if he really encounters a tough guy like me, he will think twice about making peace with him." As a result of my battle, my power has greatly increased because of Ragnarok, the supreme secret book of the demon clan. If he fights with me, he will only suffer heavy losses and lose both sides. The Blood Demon Lord knows very well that for some blood he has given birth to, It is really not worth it for the demon cannon fodder to fight against a strong human race like me and severely damage our vitality. With the sea of blood demons, the blood demon monarch can breed more blood demon warriors at any time. He is not short of demons. Warrior, if I try to snatch his rare treasure, this Blood Demon Lord will definitely fight me."

At this time, the commander-in-chief spoke, his tone full of wisdom.

It is obvious that the commander is not only powerful, but also good at spying on people's hearts and penetrating the enemy's true thoughts.

At this time, the commander looked at the high-level blood demons and blood demon warriors on the huge island in front of him, and said: "Ye Feng, go down, I will kill for you!"

boom!

The moment the commander finished speaking, he jumped up and landed directly on the giant island with Ye Feng.

Ye Feng sat cross-legged directly on the spot, running the Chaos Heavenly Emperor Technique, releasing the Devouring Domain, and began to devour and absorb the majestic blood energy around him.

At this time, the commander quickly took action, hitting the ground with a palm from high in the sky.

"Boom!"

"Boom!"

"..."

Every palm of the Marshal seemed random, but the moment it was struck, it was filled with terrifying energy. All of a sudden, all the Blood Demon warriors in the area of several kilometers around the surface of the giant island were smashed to pieces. There were even huge slap marks, which were deeply sunken, looking extremely terrifying and shocking.

Therefore, every time the commander launched a bombardment, thousands of Blood Demon warriors were shattered, and huge slap marks appeared on the ground.

This killing speed is really too fast.

The blood energy was also produced all at once, boundless and boundless, as if it were vast.

Ye Feng's eyes were extremely excited at this moment. Through the Devouring Domain, he could safely and fully absorb the rolling blood. The continuous blood provided him with endless energy, which allowed him to crazily expand his cultivation at this moment. And skill! The moment the Blood Demon Lord appeared, the entire field was immediately plunged into an oppressive force that was like the might of God.

The Blood Demon Lord is like the world lord of the entire Blood Demon interface. It feels very scary and has a strong sense of majesty, as if he is facing an ancient demon god.

Chapter 1779 Realm Lord

"Buzz buzz..."

Endless blood, full of majestic energy, was absorbed into Ye Feng's body through the Devouring Domain.

At this moment, Ye Feng immediately felt that his body was suddenly enveloped by abundant and powerful power.

At this moment, the terrifying energy in his limbs and bones has simply turned into long energy dragons, roaring and roaring, and every muscle and vein is like a rushing river.

This kind of blood energy is really terrifying.

"boom!"

"boom!"

"..."

At this time, high in the sky, the commander was still slapping one after another.

They were frantically slaughtering the groups of Blood Demon warriors below.

These blood demon warriors, as well as high-level blood demons and even noble blood demons, cannot escape the fate of being killed by the commander at this moment.

After they died, the billowing blood demon energy all gathered in the area where Ye Feng was sitting cross-legged, providing Ye Feng with a steady stream of energy.

It has to be said that this kind of treatment is simply rare in thousands of years.

The two of them alone entered the blood demon world and used the power of the blood demon to build their own skills.

This kind of crazy approach is probably something only Ye Feng and Marshal can do.

If it were anyone else, they would probably be frightened to death, let alone practice with the Blood Demon.

At this moment, Ye Feng's skill is rapidly increasing.

Even if his body is like a bottomless pit, it is almost filled at this time.

Because that infinite blood energy is so powerful and majestic.

"boom!!"

Finally, at a certain moment, Ye Feng suddenly burst out with a new and powerful martial arts aura.

That is the momentum of transformation!

"Mythical Realm!"

"The first level of the mythical realm!"

At this moment, Ye Feng roared loudly and his skill surged.

He finally broke through the bottleneck that had always been extremely difficult, completely broke through the shackles, and entered the first level of the mythical realm!

But at this moment, the commander is still killing

The blood demon warrior.

Large tracts of blood demon blood filled the entire world.

Ye Feng knew that this was a once-in-a-lifetime opportunity and he absolutely couldn't miss it.

So at this time, Ye Feng not only did not stop practicing, but also expanded his devouring field to a larger area.

"boom!"

"boom!"

The majestic blood energy was swallowed up by the Devouring Domain and turned into pure power, which was then refined by Ye Feng himself.

"boom!"

The second level of the mythical realm is broken!

A little while longer.

"boom!"

The third heaven of mythology!

But this is far from enough. At this moment, Ye Feng is still frantically devouring the majestic blood energy around him.

The commander stepped high in the sky and looked at Ye Feng's continuous breakthrough momentum. He couldn't help but reveal a hint of surprise in his eyes.

He didn't expect that Ye Feng's inheritance was really so terrifying, swallowing it up on the spot, strengthening his cultivation on the spot, and breaking through so fast on the spot.

"If we let him keep devouring it, wouldn't he have no upper limit to his cultivation level?"

Even a powerful man like the Marshal felt horrified at this moment.

"boom!"

And just as the commander was thinking secretly, Ye Feng underneath once again burst out with a huge martial arts aura.

The fourth level of the mythical realm!

"No more killing."

Suddenly, the voice of the Blood Demon Lord came from inside the kingdom: "You have slaughtered nearly one-fifth of the Blood Demon warriors in my kingdom. If you continue to slaughter, my kingdom may be shattered. This is the maximum I can tolerate." It's your limit, so hold on tight now, or don't blame me for fighting you!"

The words of the Blood Demon Lord were filled with a trace of anger and a deep sense of shame.

The commander spoke up: "Kill another fifth."

"you.....!"

The Blood Demon Lord was sitting in the palace hall inside the kingdom. When he heard the commander's words, his face immediately showed an angry and ferocious look.

But after thinking about it, the Blood Demon Lord still resisted the impulse and said in a deep voice: "Kill another fifth, hurry up and get out!"

After the words fell, the Blood Demon Lord restrained his momentum and fell silent again.

"Boom!"

"Boom!"

"Boom!"

The commander continued to stretch out his hand and quickly bombarded the entire underground.

Large handprints appeared on the ground instantly, creating huge pits.

Countless blood demon warriors died under this terrifying big hand seal, and then the demon body exploded into pieces of blood mist.

These blood mist containing huge energy were all gathered into the dark devouring vortex in the center of the entire giant island, and then continuously injected into Ye Feng's body, becoming a powerful nourishment for Ye Feng's cultivation.

At this moment, the energy in Ye Feng's body is still growing at an extremely terrifying speed.

"boom!"

"boom!"

After the commander killed another fifth of the blood demons, Ye Feng's cultivation continued to break through two heavens in a row, and finally entered the sixth heaven of the mythical realm!

"Howl!"

At this moment, Ye Feng suddenly stood up, looked up to the sky and roared. The sound waves in the roar were like waves, with extremely terrifying energy fluctuations.

The blood demons around them were extremely powerful, but at this moment they were all shaken and shattered by the sound waves produced by Ye Feng's long roar.

It has to be said that Ye Feng's strength has undergone earth-shaking changes compared to before.

This time, he was directly promoted from the half-step mythical realm to the sixth level of the mythical realm.

With this surge in cultivation level, his strength has naturally undergone earth-shaking changes.

At this time, what Ye Feng wants most is to find a strong person to have a good fight and test his true fighting power.

How powerful.

But there seems to be no such opportunity now.

Uh-huh!

The commander instantly rushed to Ye Feng's side and said: "Let's leave quickly. The Blood Demon Lord seems to have secretly contacted several world leaders in the Blood Demon interface and seems to want to keep me here."

"How many realm lords?"

Ye Feng's eyes were startled, and he and the commander immediately flew toward the entrance of the Blood Demon interface.

Half an hour later, when they flew to a red blood demon prairie.

The sky above, which was originally bright, suddenly turned blood red.

A sea of blood, rolling like a tide, covered it from high in the sky.

"He is the ancestor of the Blood Sea, a realm master of the Blood Demon interface."

The commander spoke out, staring at the blood-red patch of sky high in the sky, his tone was very calm.

"boom!"

And at the next moment, a huge throne suddenly appeared between heaven and earth.

It was a throne made of blood-colored crystals. It was extremely huge and exuded an aura of nobility and supremacy.

At this time, sitting on the throne was a giant monster wearing crimson armor, with a majestic body and a black halberd in his hand. He looked extremely imposing and powerful.

"The War Demon Emperor is also a realm lord of the Blood Demon Realm."

The Marshal continued to speak, his tone still calm, but it could be seen that there was finally a trace of fear in his eyes.

"Hahaha! Marshal of the Night Watch! You killed so many of my descendants just to practice martial arts for your subordinates. I must find this place back! Today you have been surrounded by our three powerful men from the Blood Demon Realm. You Don't even think about leaving, we're going to tear you apart alive today!"

Suddenly at this time, a familiar voice sounded.

Not far away from the end of the sky, a figure wearing imperial robes flew over, it was the previous Blood Demon Monarch!

At this moment, the Blood Demon Monarch, the Blood Sea Ancestor, the War Demon Emperor, and the most powerful men at the realm lord level of the three blood demon realms arrived at the same time, surrounding the commander and Ye Feng, with earth-shattering murderous intent and overwhelming momentum.

Chapter 1780 Dilemma

Buzz!

Buzz!

Buzz!

The three most powerful blood demon clan masters at the level of world lords, whose cultivation levels are all in the sky and the earth, released three kinds of extremely terrifying murderous thoughts, overwhelming the sky and completely blocking the way of the commander and Ye Feng. .??.

Being surrounded by three world lord-level powerhouses from the Blood Demon interface, this kind of pressure is really terrifying.

Ye Feng even guessed that if the commander-in-chief was not standing beside him, just the murderous thoughts of the three world masters would have completely wiped him out.

This makes Ye Feng's desire to become stronger stronger and stronger, because although he is indeed a strong master among the younger generation.

But compared with the real top most powerful people in the universe, there is still a long way to go.

At this time, the commander was alone, facing the three major realm masters of the Blood Demon Realm, and said coldly: "Are you really going to surround me and kill me?"

The Blood Demon Lord's tone was extremely cruel, and he laughed ferociously: "Commander of the Night Watch, although your strength has increased greatly recently, and you are about to break through the shackles of the Five Declines of Heaven and Man, you still haven't been able to step into that new realm. Do you want to It is simply impossible for one to fight three. Today I have invited the two major masters of our Blood Demon Realm to help. You are definitely dead!"

At this time, the Blood Demon Lord said, and suddenly he said to the two realm masters not far away, the Blood Sea Ancestor and the War Demon Emperor: "Let's take action directly!"

boom!

boom! !

Almost at this moment, terrifying energy fluctuations erupted from the three world masters.

The majestic demonic light burst out from the bodies of the three powerful men. They attacked. The terrifying wave of power almost wiped out the avenue. The heaven and earth no longer existed, and the earth was also torn into pieces, as if it were coming. When it comes to the ancient battlefield, the end of the world is very scary.

The handsome man is alone, and his body is also bursting with energy at this moment.

With overwhelming momentum, one person fights against three world masters.

"Boom!"

This is a battle at the level of the strongest. It is truly terrifying and majestic, catastrophic and spectacular.

Ye Feng stood there and watched, feeling that he had arrived in the age of gods.

The four most powerful men fought together like ancient gods, shattering tens of millions of miles of mountains, rivers and land, almost obliterating the sky, and causing chaos in the sky and the earth.

This is a scene that is frightening and suffocating. The sea of blood surges across the sky and the earth, and the black halberd slashes the sky and destroys the Tao. It has unimaginable power.

The commander's black armor clanked all over his body. He had no weapons, just a pair of metal iron fists wrapped around his palms. He forcefully collided with the three strongest men in the Blood Demon Realm, bursting out with earth-shattering destructive power and power. Dayue collapsed. The ground cracked, the void at the center of the battle was shattered, and a terrifying black hole appeared, swallowing everything.

Ye Feng could only watch from a distance at this moment. It was not easy to protect himself from the aftermath of the battle, let alone intervene.

Fortunately, the target of the three most powerful demons in the Blood Demon Realm is the Marshal.

Therefore, Ye Feng was not targeted, otherwise he would have died in the fighting frenzy.

"I am really lucky to witness this kind of battle between the most powerful people in the universe in my lifetime." Xiaoyao, who had not spoken for a long time, now spoke out in the Queen's Picture.

She had been in a deep sleep recently, but at this moment she was awakened by the earth-shattering energy outside, and she couldn't help but speak out.

Ye Feng nodded at this time and said with great emotion: "It is true that this kind of battle at the level of the strongest is indeed very terrifying. If you are not careful, you may...

It was instantly affected and was directly obliterated without leaving any traces. "

At this moment, even the goddess Bing Mengling from the Kingdom of Ten Thousand Demons, who was in the soul prison, could not help but open her eyes and began to watch the battle outside.

Even the Taotie soul, which had not spoken for a long time, spoke out in Ye Feng's mind: "When I was rampant in the ancient continent, I was so powerful. Alas, it's a pity that now I only have a remnant soul left. on one's last legs."

When Ye Feng heard this, his eyes couldn't help but move. If the Taotie soul hadn't spoken out at this moment, he would have almost forgotten that there was still a Taotie soul in his mind that was one of the ten evil spirits from ancient times.

"I wonder how this guy Shang, this old demon dragon, is doing in the demon world now. By the way, my trade with the demon world is very close now. Maybe I will go to the Kingdom of Ten Thousand Monsters in person to get rid of all the demons. This huge scourge of the Demon God Kingdom, I have time to go to the demon world with Fox Immortal An Miaoyi."

This idea suddenly came to Ye Feng's heart.

Now Ye Feng's biggest enemies in the ancient dynasty were the prince and the queen.

The fact that the prince and the queen are able to achieve what they have today must be attributed to the Kingdom of Ten Thousand Demons behind them, which provided huge help.

Therefore, Ye Feng was thinking at this time that if he could secretly enter the demon world and destroy the Kingdom of Demons, it would definitely deprive the prince and queen of their biggest support.

Even if his true identity is revealed by the prince in the future, there is nothing to be afraid of. .???.??

Among the royal families of the ancient dynasty, the one who was hostile to him was the prince. The King of Qin had a good relationship with him. Of course, there was also Gu Tiancang, the king of Zhenbei, who had been fighting abroad all year round. His attitude was still unclear at the moment.

Of course, Ye Feng knew very well that once his identity was exposed, the final key figure would still be the emperor of the prehistoric dynasty, his own

Grandpa, I don't know what the emperor's attitude is towards his illegitimate son.

"boom!!!"

Suddenly at this moment, an earth-shattering roar erupted from high in the sky.

The three most powerful men in the Blood Demon Realm actually defeated the commander.

The blood sea area of the blood sea ancestor was wiped out by less than half.

The great halberd of the War Demon Emperor was interrupted.

The Blood Demon Lord lost an arm.

The black armor all over the commander's body was shattered a lot, and blood was flowing out from the gaps in the black armor. It was obvious that he had also suffered heavy injuries.

But with one against three, this record is already quite remarkable.

It can be seen from the incredible eyes of the three most powerful men in the Blood Demon Realm that they are also very shocked by the commander's monstrous fighting power.

The Blood Demon Lord lost an arm and could not recover it for a short time. He smiled sneerly and said: "Commander of the Night Watch, I didn't expect you to be so powerful now. If I had to fight you alone, I'd probably be dead. Fortunately, I found two helpers at the realm lord level."

The War Demon Emperor's eyes were extremely cold. He held the broken halberd in his hand and said in a cold voice: "Don't waste any more time. Let's use the last forbidden killing move and try to completely kill this Night Watch Commander in one fell swoop!"

Ye Feng was very anxious at this moment, because he could see that the commander was at the end of his strength.

"Ye Feng, lend the ancestral talisman on your body to the Night Watch Commander. Ordinary treasures are no longer useful to him, but the ancestral talisman is the most precious treasure in the world. In the hands of the most powerful human race like the Night Watch Commander, it can explode. Use shocking power! This is the only way you can get out of your current predicament!"

Suddenly I felt that at this time, the Ice Dream Spirit in the soul prison had spoken out.
