

Ancient 1981

Chapter 1981 Request from the Supreme Headmaster

Ye Feng did not expect that the Lord Tianlong would be so proactive and just walked up to him and said that he wanted to talk to him about something.

Gu Taixu had already reminded Ye Feng before that this Heavenly Dragon God Lord got a great opportunity from the ancient Tianlong Cave, and finally became a big shot at the God Lord level.

However, what has always made Lord Tianlong feel regretful is that he did not get the real ultimate opportunity of the ancient Tianlong Cave.

This ultimate opportunity is the inheritance of the legendary ancient Tianlong Emperor.

Therefore, if Lord Tianlong wants to go further, he must obtain the inheritance from Emperor Tianlong.

At this moment, it is obvious that Lord Tianlong has found out through some channel that Gu Taixu has received the inheritance from Emperor Tianlong, the Heavenly Dragon Emperor Art.

Lord Tianlong didn't dare to go directly to Gu Taixu. After all, Gu Taixu was the first-generation old Lord. He could ignore even the Supreme Headmaster asking him, let alone a newly promoted Lord Tianlong.

So at this time, Lord Tianlong could only focus on Ye Feng.

After all, in the eyes of Lord Tianlong, no matter how powerful Ye Feng's talent is, he is still just a young disciple, a young man who is easier to control.

So at this time, Lord Tianlong was shrouded in divine light, standing in front of Ye Feng, and said these words aloud.

Many people around him focused their attention.

Everyone looked surprised.

No one expected that the mysterious Lord Tianlong would actually come to Ye Feng.

Many people couldn't hear what Lord Tianlong said to Ye Feng.

They thought that the Lord Tianlong was interested in Ye Feng's talent, so he wanted to take Ye Feng as his disciple.

This made many core disciples look envious in their eyes.

At this time, Ye Feng felt a huge sense of crisis all over his body.

He received a shadowy threat and domineering tone from the tone of the Heavenly Dragon God Lord.

But Ye Feng acted neither humble nor arrogant at this time. He just pretended to be confused and said: "Senior Lord Tianlong, if you have something to say, can't you just say it here? You have to find a secluded place to say it."

"Um?"

Lord Tianlong originally thought that Ye Feng would follow him obediently, but he did not expect that Ye Feng would directly reject his request and question him instead.

This Heavenly Dragon God Lord suddenly felt an extremely powerful coldness coming from his body.

"Eye of Sin."

This kind of terrifying momentum makes people tremble from the soul. If it is an ordinary core disciple, I am afraid that it will be frightened to death. But at this moment, Ye Feng directly operates the Eye of Sin, allowing his spirit and soul to be filled with fear. He has the invincible power of the first generation Dark Emperor.

Therefore, at this time, the Lord Tianlong secretly exudes this kind of pressure to attack the soul spirit, which does not pose any threat to Ye Feng at all.

Ye Feng still behaved extremely calmly, his face was neither humble nor arrogant, and he smiled lightly.

"This kid has something."

When Lord Tianlong saw Ye Feng's calm expression, his eyes suddenly revealed a look of surprise.

He never thought that this little disciple in front of him could actually resist his pressure on the soul.

You know, the Heavenly Dragon God Lord exists in the realm of Tao.

Even if the Lord Tianlong needs to be a weaker realm than Gu Tai, he is still a super strong person who has entered the Tao realm at the first level of the Tao realm.

Compared with Ye Feng, a little titled sixth-level divine realm ninth-level heavenly warrior, he was several levels higher.

This made Lord Tianlong feel extremely surprised, but at the same time he was also deeply excited.

Because Lord Tianlong felt that if Ye Feng could withstand his power, he might have really received the inheritance from Emperor Tianlong!

Otherwise, it would be impossible to explain why such a small disciple could withstand his power.

At this time, Ye Feng suddenly saw the deep greed in the eyes of Lord Tianlong.

"Oops! Could this Heavenly Dragon God Lord have misunderstood that I used the inheritance of the Heavenly Dragon Emperor to resist its power?"

Ye Feng paused slightly in his heart.

Looks like this is getting a little tricky.

At this moment, the Lord Tianlong no longer forced Ye Feng, and seemed to have other plans.

His expression became calm again, he looked at Ye Feng and said loudly: "Ye Feng, you are a talent, we will meet again."

After saying that, Lord Tianlong turned around and left.

Looking at the retreating back of Lord Tianlong, Ye Feng's eyes were slightly downcast.

It seemed that he was being targeted by this Heavenly Dragon God Lord.

But the next moment, Ye Feng's eyes suddenly showed a fierce look.

Keep an eye on it!

Ye Feng had a lot of cultivation resources in his hands at this time.

This time Ye Feng is preparing to go into complete seclusion and refine all the cultivation resources to see what height he can reach.

When the time comes when the Heavenly Dragon God Lord dares to offend him, then he will unite with the ancient evil demon in his body and Emperor Chu to see if he can kill the Heavenly Dragon God Lord directly!

"Master Tianlong, you'd better not mess with me, otherwise don't blame me for not caring about our friendship and kill you directly!"

Ye Feng thought hard in his heart, his eyes filled with coldness.

Although he is still relatively weak now, in the sect area of Yuhuashen Sect, Ye Feng knows that no matter how greedy the Dragon God Lord is, he will not dare to do anything to him.

After all, there is Senior Taixu watching over the Yuhua Shenmen at all times.

"It seems that the negotiation was not concluded? Lord Tianlong God actually left directly."

Many people around saw the Heavenly Dragon God Lord leaving in front of Ye Feng, and they all speculated that Ye Feng probably rejected the Heavenly Dragon God Lord's discipleship.

This made many core disciples sincerely admire Ye Feng.

How firm this kind of martial arts will must be.

walk my own path!

Even people at the level of God Lord are not willing to become disciples!

At this time, the Supreme Headmaster suddenly came to Ye Feng and said, "Come with me, I have something to ask you."

After finishing speaking, the other God Lords were a little speechless.

Originally, they were planning to recruit Ye Feng as their disciple.

But now seeing that the Supreme Headmaster spoke in person, several God Lords fell silent one after another.

"He actually asked Ye Feng to follow him?"

When the other core disciples around saw this scene, they were completely boiling.

At this time, Ye Feng's eyes flashed and he followed the Supreme Headmaster towards the distance.

For this elegant headmaster, who was also Gu Taixu's younger junior disciple, he should not have any bad intentions towards him.

After all, the Supreme Master's cultivation is very strong, and his inheritance is also very ancient. He probably isn't that greedy for the inheritance of Emperor Tianlong.

Moreover, the Supreme Headmaster even gave himself his natal magic weapon, the Emperor Suppressing Tower, which should be the kind of true care for him.

So Ye Feng did not refuse at this time. Behind the Supreme Headmaster's back, he quickly left the scene and finally came to the central hall of the Yuhua Shenmen.

This is a palace made of white jade, which looks very noble.

At this moment, above the White Jade Square.

The Supreme Headmaster turned around, looked at Ye Feng who was following behind him, and said loudly: "Master Tianlong God is looking for you, is it because of the inheritance of Tianlong Emperor that my senior brother Taixu obtained from the ancient Tianlong Cave?"

Ye Feng immediately clasped his fists and said loudly: "As expected of the Supreme Headmaster, I guessed it right away."

The Supreme Headmaster smiled and said: "It seems that you rejected Lord Tianlong, but I am very curious as to why he left so calmly all of a sudden. Lord Tianlong is a person who refuses to admit defeat, and in order to achieve his goal, All means will be used."

Ye Feng thought for a while and said: "I guess the Supreme Headmaster is at the scene, so it's hard for the Lord Tianlong to do something to me."

At this moment, Ye Feng's words were very straightforward, directly saying that the Lord Tianlong might do something bad to him.

The headmaster's eyes were stunned, but he didn't expect Ye Feng to speak so directly, saying directly in front of him that Lord Tianlong wanted to harm him.

The Supreme Headmaster smiled hoarsely, and then said aloud: "Master Tianlong is the pillar of our Ascension Sect, and he also takes great care of some juniors. I think he will not harm you. He may just want to communicate with you about Tianlong. The Emperor's business."

Is it really just communication?

Ye Feng smiled coldly in his heart.

It seems that this Heavenly Dragon God Lord has a pretty good impression on the Supreme Leader.

However, Ye Feng didn't refute anything.

anyway.

God Lord Tianlong dares to mess with him.

I don't mind using all means to kill the Lord Tianlong!

Ye Feng doesn't care about the so-called sect's righteousness.

In Ye Feng's case, the truth is very simple.

If Ye Feng is good to himself, he will also be good to him.

If he is bad to himself, then Ye Feng won't mind sending him to see the King of Hell!

Ye Feng rarely thinks about some complicated so-called overall situation.

And this is why Ye Feng has always lived a very transparent life.

Because Ye Feng is a simple person.

Good and evil are distinct.

He was too lazy to think about complicated things.

This is Ye Feng's pure heart.

And when Ye Feng was thinking secretly.

The Supreme Headmaster skipped the topic and suddenly asked: "I have always been curious, Ye Feng, what exactly did you and my senior brother Gu Taixu experience in the ancient Tianlong Cave? I can guess some things, such as My senior brother Gu Taixu has received the inheritance of Emperor Tianlong. You and my senior brother Taixu should have a good relationship, otherwise he would not refuse to discuss my inquiry about you. He chose to keep it secret. This is a kind of respect for you, which can make It is not common for my arrogant senior brother Taixu to respect you, after all, my senior brother Taixu did not even submit to our master back then."

Ye Feng heard what the Supreme Headmaster said at this time, and I had no choice but to smile bitterly, and said aloud: "Supreme Headmaster, you are quite gossipy. Senior Ancient Taixu and I did not experience anything in the depths of the ancient Tianlong Cave. The special thing is that I just got the inheritance book from Emperor Tianlong, and another thing is that deep in the ancient Tianlong Cave, there are traces of the king of the ancient dark race, the Botian clan, who has been suppressed by Emperor Tianlong. "

What Ye Feng said at this time was naturally true and false, combining some truth and falsehood so that the Supreme Leader could not tell whether it was true or false.

After all, Ye Feng would not tell the Supreme Leader directly about the news about the Eye of Sin.

Only Gu Taixu knew about this matter.

The Supreme Leader, who looks so amiable, doesn't seem to be a bad person.

But Ye Feng knew that the Eye of Sin was the dark eye of the first generation Dark Emperor of the Botian Clan.

The Eye of Sin involves too much.

Because he had a life-saving grace for Gu Taixu, Gu Taixu would not do anything to Ye Feng.

But that's not necessarily the case when it comes to the Supreme Headmaster.

As the supreme leader is in a high position, he will consider many situations, and the final decision he makes is also related to the overall situation.

Therefore, once the Eye of Sin is exposed, it is difficult for Ye Feng to determine whether the Supreme Leader will seal all of himself or even get rid of himself to get rid of the scourge of the Eye of Sin.

Therefore, Ye Feng did not tell everything about the Eye of Sin at this time, but only told the Botian Clan to let the Supreme Headmaster know that nothing too special happened in the depths of the ancient Tianlong Cave, so that the Headmaster could Supreme, stop focusing on yourself.

Sure enough, after hearing what Ye Feng said about the Botian Clan, the headmaster's eyes immediately lit up and he said loudly: "It turns out that there really is a Botian Clan deep in the ancient Tianlong Cave! No wonder my father kept talking about it back then. , You must not go into the depths of the Ancient Tianlong Cave, it may lead you to fall into boundless darkness!"

When Ye Feng saw the Supreme Headmaster saying this, he secretly murmured in his heart. It turned out that the Supreme Headmaster asked him so many questions just to verify a guess he had made in his childhood.

At this time, the Supreme Headmaster said: "Okay, I won't ask you any more questions, otherwise if you complain to my senior brother Taixu, maybe senior brother Taixu will beat me."

When he said this, the Supreme Headmaster suddenly showed an inexplicable smile in his eyes. He suddenly stared at Ye Feng and said loudly: "Senior Brother Taixu has been trapped in the ancient Tianlong Cave for three thousand years. Even I, who was then My junior brother is not very familiar with him, and he ignores me at all when I say some things, but I found that senior brother Taixu seems to have an inexplicable respect for Ye Feng. I want to ask Ye Feng to do me a favor. "

Ye Feng's eyes flashed and he couldn't help but said: "A big shot like the Supreme Headmaster, there is something he can't do and he wants my help?"

The Supreme Headmaster smiled helplessly and said aloud: "The only thing that cannot be done is my senior brother Taixu."

Ye Feng nodded and said: "This time the palm

The Supreme Leader gave me the Emperor Suppressing Tower. It was such a precious treasure. I knew that the Supreme Leader might need my help with something, so he gave me this benefit in advance. "

Ye Feng knew very well that the True Inheritance Trial like that of the core disciples was not the most advanced Holy Son Trial. Even if he ranked first, the reward would at most be some pills to increase his cultivation, or some relatively advanced martial arts. inherited.

But the Supreme Headmaster directly gave him the powerful magic weapon he used in the past, the Emperor Suppressing Tower.

You must know that this Emperor Suppressing Tower is a treasure that is beyond the level of the Titled God Realm and is a Tao Realm level. Logically speaking, only warriors who have entered the Tao Realm are qualified to use this kind of treasure.

Moreover, this is the master's own natal magic weapon, which is definitely much more powerful than ordinary Tao realm treasures.

Therefore, Ye Feng was very confused at that time. It was impossible for the Supreme Leader to give his natal magic weapon to him just because he had a better relationship with Gu Taixu.

It must be something you seek from yourself.

Sure enough, now I have to help myself.

The Supreme Headmaster smiled and said loudly: "Ye Feng, it seems that you are not only talented in martial arts, but you are also very smart. I give you my natal magic weapon, the Emperor's Tower, because I really have a relatively private matter for you. Help, and it's about my senior brother Taixu. After all, even I can't persuade him in the entire Yuhua Shenmen. I'm afraid only you, Ye Feng, can give it a try."

Ye Feng was a little curious at this time and couldn't help but ask: "Supreme Headmaster, just tell me what kind of help you want me to do. I'm very curious about it related to Gu Taixu."

It stands to reason that Senior Gu Taixu has now recovered his cultivation, and has also practiced the inheritance of Tianlong Emperor, and his skills have greatly increased. Moreover, because he has been trapped for three thousand years, he feels guilty for the Yuhuashenmen and chooses to sincerely serve the entire Yuhuashenmen. Contribute services.

Ye Feng couldn't figure out what else the Supreme Headmaster wanted from Gu Taixu.

At this time, the Supreme Headmaster suddenly stretched out his hand and grabbed the surroundings.

A layer of energy light shield immediately enveloped the two people, Headmaster Supreme and Ye Feng.

"I have arranged an isolation formation around us so that Senior Brother Taixu cannot hear our next conversation even if he is in the Yuhua Shenmen."

The Supreme Headmaster said so.

This made Ye Feng become more and more curious.

What on earth is going on.

A big shot like the Supreme Headmaster could actually do something so sneaky.

And at the next moment, the headmaster's words suddenly made Ye Feng's expression become very strange.

The Supreme Headmaster smiled and said: "Ye Feng, can you help me persuade Senior Brother Taixu to make an appointment with the Phoenix Human Emperor in our wilderness? Senior Brother Taixu is now fully qualified to make an appointment with the Phoenix Human Emperor." As martial arts partners, if Senior Brother Taixu can become a martial arts partner with the Phoenix Human Emperor, then the position of our Ascension God Sect in the entire wilderness will be more stable from now on. Although the Phoenix Human Emperor is the patron saint of our wilderness, it is not

Belonging to our Yuhua Shenmen, I asked Ye Feng for your help this time because I want you to build a bridge between my senior brother Taixu and the Phoenix Human Emperor, so that they can get to know each other. Let's get together first and see if there is any connection between them. We have a good impression, maybe it will work out, you will be responsible for my senior brother Taixu's side, and I will be responsible for the Phoenix Human Emperor's side, how about it?"

Ye Feng thought for a while and felt that this seemed not a bad thing for Senior Gu Taixu. After all, his date was the Phoenix Emperor. Ye Feng had seen the power of the Phoenix Emperor before. It was definitely Fenghua. An unprecedented big shot.

It seems that the Supreme Headmaster wants to be a matchmaker.

Ye Feng thought about it for a moment, then nodded and said, "Then let me give it a try. I can't guarantee whether it will work or not."

The supreme headmaster immediately said happily: "Great, even if they can't become martial arts partners, the two of them can get to know each other and deepen the relationship between them. That will also be of great benefit to our Yuhua Shenmen. , but Ye Feng, you must remember that when you ask Brother Taixu to meet the Phoenix Human Emperor, you must not say that it is to compare each other's martial arts strength and fight and kill each other all day long, but to exchange feelings, do you understand? "

The corner of Ye Feng's mouth twitched slightly. He didn't want to get involved in such a matter between big shots, and it was also a rather tricky blind date matter.

But after all, if you take the Emperor's Tower of the Supreme Leader, you will be short-handed and soft-spoken.

So I agreed for now.

"I hope Senior Taixu won't blast me out..."

Ye Feng murmured at this time, then turned and walked towards Taixu Mountain where ancient Taixu practiced in Yuhuashenmen.

Chapter 1982 Dating with the Phoenix Emperor

Ye Feng walked straight towards Taixu Mountain at this time.

Soon he came to the foot of a mountain shrouded in mist.

This mountain is Taixu Mountain!

It is the place of retreat and cultivation of ancient Taixu, and it is also the place of residence.

At the foot of the mountain, many young disciples gathered here, looking up at the top of the mountain shrouded in clouds and mist.

Obviously, these young disciples all want to serve under Gu Taixu.

After all, Gu Taixu was very famous. He was the first generation god master of Yuhua Shenmen three thousand years ago, and he is also the senior brother who is now the supreme master.

Moreover, the ancient Taixu was trapped in the ancient Tianlong Cave for three thousand years, and finally came out, and his cultivation level was so advanced that it was said to be comparable to the Phoenix Human Emperor, the patron saint in the wilderness.

Gu Taixu suddenly became a legendary figure in the entire Yuhua Shenmen.

A powerful being with a legendary color that makes people yearn for him, he naturally became the most popular figure in the entire Yuhua Shenmen.

Suddenly, the name of Lord Taixu was simply louder than that of the supreme leader.

But even though there are many young disciples coming here at the foot of the mountain.

But the entire Taixu Mountain is covered by a huge isolation formation.

When the young disciples reached the halfway point of the mountain, they would already be trapped in the fog, unable to move forward at all and unable to find their way up the mountain.

Therefore, there are many young disciples, including some core disciples and even the Holy Son.

They are unable to enter the top of Taixu Mountain, let alone see the Taixu God Lord himself.

At this moment, many disciples were sitting cross-legged at the foot of the mountain, because they knew they would never be able to go up.

We can only practice slowly at the foot of this mountain to see if we can move God Lord Taixu to accept them as disciples.

Ye Feng came over at this time. After taking a look around, he walked forward and walked towards the top of the mountain.

"Here comes another new disciple who wants to be a disciple of a big man like Lord Taixu. However, he doesn't look in the mirror to see how much he weighs. He actually wants to go to Taixu Mountain. Even if there are several distinguished When the Holy Son came, they all returned disappointed."

Many people saw Ye Feng walking directly towards the top of the mountain, and they couldn't help but laughed and shook their heads.

Buzz!

But just when Ye Feng had just reached the foggy area halfway up the mountain, the fog in front of him suddenly dispersed, creating a passage for one person to pass through. Then Ye Feng walked directly in. The next moment, everyone could vaguely see Ye Feng was about to reach the top of the mountain.

"this....."

"what's the situation?!"

The group of disciples who had originally laughed at Ye Feng for overestimating his abilities saw the incredible scene in front of them, and the sarcastic expressions on their faces suddenly became livid and stiff.

"It's incredible!"

Some disciples couldn't help but speak out.

...

And just when many disciples were shocked.

Ye Feng didn't pay so much attention.

Came directly to the top of the mountain.

Then I saw a thatched hut.

This thatched house is very simple.

At this time, a young man with black hair in his prime was sitting in front of the thatched house, meditating.

This seemingly young man with black hair is none other than Gu Taixu, who has restored his cultivation to its peak.

Obviously Gu Taixu paid more attention to his own image. After recovering from his old state at that time, he used a method of rejuvenation to become a black-haired young man again.

At this time, Ye Feng walked over and saw that Gu Taixu was in a state of cultivation. He did not make a sound to disturb him, but stood there and waited.

It wasn't until it was getting dark that Gu Taixu suddenly opened his eyes and said, "What are you doing here?"

Ye Feng thought of the request from the Supreme Headmaster, and couldn't help but said in embarrassment: "Senior Taixu, are you still single?"

Gu Taixu's eyes showed a strange look, and he said loudly: "Why do you ask this question?"

Ye Feng thought for a while and suddenly said: "I heard from the Supreme Headmaster that the Phoenix Human Emperor seems to have practiced martial arts with Senior Taixu."

Gu Taixu nodded and said: "That is an amazingly talented and beautiful existence.

, I am not her opponent. "

Ye Feng said aloud: "Okay, I don't know how to continue the topic. I'll just show it off. The Supreme Leader wants me to persuade you, Senior Taixu, to go on a date with the Phoenix Emperor."

Gu Taixu: "..."

Seeing Gu Taixu's speechless expression for a moment.

Ye Feng could only bite the bullet and continue: "I just want to say that if Senior Taixu is not willing, I will leave and report to the Supreme Leader."

Gu Taixu suddenly spoke up: "A woman will only affect the strength of my punches, the speed of drawing my sword, and the peak of martial arts in my heart. So, don't talk about it again in the future. I Junior brother, too. Why do you think about these miscellaneous things every day? Tell him not to bother me with these trivial things in the future. I am not interested in a martial arts partner. If he wants to date, let him go and date the Phoenix man by himself. Let's meet the emperor."

Hearing what Gu Taixu said, Ye Feng could only helplessly shake his head and murmured, "Supreme Headmaster, I tried my best..."

At this moment, Gu Taixu suddenly stared at Ye Feng and said loudly: "How are you getting the Eye of Sin? You haven't burst out the power of darkness recently, have you?"

Ye Feng paused inwardly, then shook his head and said aloud: "But there is no danger, and the power of darkness has not swallowed up my soul."

Gu Taixu nodded and said aloud: "Go and keep a pure heart. You have time to get involved in the trivial matters of the Supreme Headmaster. Why not think about how to practice the Tianlong Emperor's inherited secrets?" At Dacheng, with the Heavenly Dragon Emperor Technique, the sinful eyes in your eyebrows will not appear for a while."

After saying that, Gu Taixu closed his eyes directly and once again entered a deep state of cultivation.

"I'm leaving."

Ye Feng clasped his fists at Gu Taixu, shook his head helplessly, and then left the top of the mountain.

When Ye Feng reached the foot of the mountain, he found that the eyes of a group of disciples around him were looking at him with a look of deep horror.

"what's the situation?"

Ye Feng was a little confused.

But he didn't care.

Ye Feng left Taixu Mountain directly and returned to the central hall of the Supreme Headmaster. He once again saw the Supreme Headmaster and told him everything he said this time.

"Senior Brother Taixu has indeed not changed at all in the past three thousand years. He is still a martial arts idiot."

The Supreme Headmaster couldn't help but shook his head helplessly.

He said with some complaint: "But I have just sent a message to the Phoenix Human Emperor, saying that I want to introduce a wonderful and stunning person to her. The time is tonight, at the top of Yuhua Mountain outside our Yuhua Shenmen. , the Phoenix Human Emperor has agreed that she will climb to the top of Yuhua Mountain on time tonight, but something went wrong on Senior Brother Taixu's side. What should I do? The other party is the Phoenix Human Emperor. If I break

the appointment, no. I know if she will be furious with our Yuhua Shenmen and stop interacting with our Yuhua Shenmen, the consequences will be very serious. "

Ye Feng couldn't help but said: "Supreme Headmaster, you can go on a date in person. That's what Senior Taixu said."

"forget it."

The Supreme Headmaster couldn't help but smile bitterly: "I'm not interested in these either, and if I go to the top of Yuhua Mountain tonight to meet with the Phoenix Human Emperor, even if it's just to talk about martial arts practice, and this matter is spread, then my family's That tigress will probably beat me to death!"

Speaking of this, even the Supreme Headmaster couldn't help but tremble.

Ye Feng was quite surprised when he saw this scene. He didn't expect that the Supreme Headmaster would already have a family, and he didn't expect that such a big shot would be such a henpecked person.

The Supreme Leader is thinking very hard at this moment about how to solve this matter.

Suddenly his eyes fell on the extremely handsome Ye Feng in front of him.

The headmaster's eyes suddenly lit up and he said, "Ye Feng, why don't you go on a date with the Phoenix Emperor tonight? Anyway, I just wanted to introduce a stunningly talented person to the Phoenix Emperor. He didn't say who he was, nor how old he was. Ye Feng, your martial arts talent is very terrifying, and you are so young and handsome. I have heard about it. Among the core disciples, you are the male idol in the eyes of many female disciples. , I believe you will be able to communicate happily with the Phoenix Human Emperor."

Ye Feng: "..."

Chapter 1983 A huge leap

Ye Feng was speechless at this moment.

He never expected that the Supreme Headmaster would actually push him out at the end.

The Supreme Headmaster looked at Ye Feng and said with a smile: "Just go and deal with it. The Phoenix Human Emperor is a very powerful person and the patron saint of our wilderness. You just take this opportunity to meet her. It wouldn't be bad for you to ask her for some knowledge on martial arts."

When Ye Feng heard what the Supreme Headmaster said, he nodded slightly. ??

If there is an opportunity to exchange martial arts experience face to face with a powerful figure like the Phoenix Human Emperor, and ask her about difficult knowledge about cultivation, it would be a good opportunity to discuss the Tao.

"Okay, I'll go there."

Ye Feng spoke up and agreed to the request of the Supreme Headmaster.

When Ye Feng left the central hall.

He returned directly to his residence.

It's still early in the evening.

Ye Feng can't wait to refine his cultivation resources.

After returning to his residence.

"Bang!"

Ye Feng closed the door directly.

Then he sat down cross-legged.

He took out the diamond blood bead from the storage ring.

Buzz!

Diamond blood beads exude the intoxicating light of diamonds.

Moreover, the bloody essence in it is surging with extremely terrifying energy.

This diamond blood bead condenses all the life essence of the leader of the Golden Armor Clan, a powerful person at the first level of the Tao Realm.

This is a priceless thing!

"Swallow!"

The next moment, Ye Feng no longer hesitated, even swallowing this diamond blood bead.

Whether it is the threat from the Lord Tianlong or the threat from the Golden Emperor, the strongest guardian of the Golden Armor Clan, Ye Feng now urgently needs to quickly increase his strength and strive to catch up with these elders as soon as possible.

"Rumble..."

In Ye Feng's

The moment when the diamond blood drop fell.

An extremely terrifying energy suddenly burst out from inside his body.

"Boom!"

"Boom!"

"..."

At this moment, every inch of Ye Feng's flesh and bones seemed to have long rivers of energy roaring, like roaring dragons, full of huge momentum.

At this moment, Ye Feng's entire body was blooming with golden light. His pupils opened, and sword-like divine light burst out, like a laser eye, covering the entire building. Pierced.

"What a powerful energy!"

"As expected of the leader of the Golden Armor Clan!"

"The existence of the Dao Realm, even if it is only the first level of the Dao Realm, this life essence is too majestic!"

Ye Feng couldn't help but murmured.

"The Great Furnace of Creation!"

At this time, Ye Feng even began to couldn't help but run the furnace of creation to help himself refine the huge blood essence.

Ye Feng's cultivation at this moment is growing rapidly.

"boom!"

Finally, a huge and boundless momentum burst out from his body.

It's the momentum of a breakthrough!

"The sixth level of the divine realm, the tenth level!"

This is much more than that.

"boom!"

The seventh level, the first level of the God Emperor Realm!

"boom!"

The seventh level, the second level of the God Emperor Realm!

"boom!"

The seventh level of the third level of the God Emperor Realm!

"boom!"

The seventh level of the fourth level of the God Emperor Realm!

This kind of breakthrough speed is actually

It's so terrible now.

Even Ye Feng himself felt a little frightened.

Because he had made a breakthrough now, he discovered the life essence of the Golden Armor clan leader in the diamond blood beads, and had only just refined half of it.

There is still a small half that has not been completely refined.

"continue!!"

Ye Feng's eyes showed a trace of madness.

The powerful Chaos Body gives him a body that can hold enough power.

"ah!"

Suddenly at this moment, a painful howl could be faintly heard from the diamond blood beads.

That seemed to be the scream of the leader of the Golden Armor Clan!

He still has a ray of soul that has not been obliterated and is stored in the life essence in this diamond blood bead.

"Spare me! Spare me!"

The leader of the Golden Armor Tribe sent out a cry for help.

But Ye Feng's face showed no emotion, and he simply used the furnace of creation and the power of devouring to refine the remaining half of his life essence.

"boom!"

The seventh level, the fifth level of the God Emperor Realm!

"boom!"

The seventh level, the sixth level of the God Emperor Realm!

"boom!"

The seventh level, the seventh level of the God Emperor Realm!

Finally, when Ye Feng's cultivation reached this point, all the life essence was refined and integrated into his body, making Ye Feng's super cultivation at this moment.

Ye Feng himself was a little shocked by such huge energy.

He guessed that the leader of the Golden Armor Clan was not an ordinary first-level Taoist being.

It is a profound existence in the first level of Taoism.

It may be the seventh heaven of the Dao realm, or even the eighth heaven.

Otherwise, it would be impossible to provide yourself with such huge energy!

anyway

, this time Ye Feng can be said to have soared into the sky.

Directly from the sixth level of the ninth level of the God Sovereign Realm, he made a crazy breakthrough to the seventh level of the seventh level of the God Emperor Realm.

We are not far away from the true realm of Tao.

Ye Feng's combat power also improved many times during this whole process.

I have to say, this is a huge leap!

Ye Feng felt that with one punch now, he could definitely kill himself before he broke through.

At this time, Ye Feng suddenly called out the Chaos Heavenly Emperor's Secret Art and entered the fourth heaven to awaken the Heavenly Emperor's Divine Mirror.

When Ye Feng first entered the Yuhua Shenmen, he spent all his energy to use the Divine Mirror of the Heavenly Emperor to copy the Hongchen God Lord, one of the top ten god masters of the Yuhua Shenmen.

Previously, Ye Feng's cultivation level was low. When he entered the mirror world of the Heavenly Emperor's Divine Mirror, he was directly defeated by the clone of God Lord Hongchen. He was unable to secretly learn the inherited martial arts of God Lord Hongchen.

But now, Ye Feng's cultivation has taken a huge leap this time, and he has entered the seventh level of the Titled God Realm, the Seventh Heaven of the God Emperor Realm.

Ye Feng felt that he might now be able to enter the mirror world in the Heavenly Emperor's Mirror and fight the Red Dust God Lord.

There are two reasons in total. The first is that Ye Feng wants to secretly learn the inheritance of the Red Dust God Lord and strengthen his own methods and strength. The second reason is that Ye Feng wants to fight against the God Lord level characters and become familiar with the God Lord level. After all, Ye Feng knew that he would one day face off against the Lord Tianlong, and now he could use the clone of the Lord Hongchen to train his ability to deal with it.

Ye Feng thought secretly in his heart.

Buzz!

At this time, the Heavenly Emperor's Divine Mirror had already appeared in front of Ye Feng.

Ye Feng stepped into the mirror world, but saw a gorgeous woman in red standing on the ground in the distance.

This is exactly the copy of the Lord of Red Dust!

Possessing all the means and strength of the Red Earth God Lord!

Chapter 1984 The world of mortals

In the mirror world of the Emperor's Mirror.

Ye Feng was alone, facing the replica of the Red Dust Lord, one of the ten great Lords of the Yuhua Divine Gate.

Even though Ye Feng's cultivation has made a huge leap and entered the seventh level of the Titled Divine Realm, the seventh heaven of the Divine Emperor Realm.

But at this time, facing the great figure of the Red Dust Lord, this transcendent existence who has entered the first level of the Dao Realm, the Dao Realm.

Ye Feng still felt great pressure, even a threat of death.

But Ye Feng's eyes at this time were full of deep excitement and excitement.

Because before, when Ye Feng faced the replica of the Red Dust Lord, he felt like an ant, and he had no right to resist at all, and he might be killed directly.

But now, at this moment, although Ye Feng still felt a huge threat and oppression, the feeling of being an ant at the beginning was completely gone.

In other words, now Ye Feng has successfully transformed from an ant to an existence that can fight with the Red Dust Lord.

This is a huge improvement.

It can be said to be very terrifying.

"Then let's fight!" Ye Feng murmured. Boom! He suddenly burst out with an extremely powerful aura, boiling with terrifying fighting spirit, and rushed directly in the direction of the Red Dust Lord in front. The Red Dust Lord's replica possesses all the strength and means of the Red Dust Lord himself. So at this moment, the Red Dust Lord directly stretched out a delicate hand. "Buzz!" Almost in the next moment, the Red Dust Lord's palm actually rushed out of the Red Dust God's palm. It was like countless mortal worlds were all mixed together, forming a world of mortal world and historical vicissitudes. Boom! Ye Feng was directly enveloped in the Red Dust World. This Red Dust World is really terrible. If the three thousand worlds of Gu Taixu are the ordinary three thousand worlds combined together. And this Red Dust God's Red Dust World is a world of mortal world that makes people feel extremely real and can be immersed in it instantly. At this moment, Ye Feng was enveloped in the world of the mortal world, and suddenly felt that he had turned into an ordinary person. In an instant, he experienced countless vicissitudes of life, experienced an ordinary life of birth, aging, illness and death, experienced a fierce life of being an official and dominating the court, experienced a life of drinking and living a life of drunkenness and dreaming, experienced a life of hunger and cold, a life of wine and meat in the rich houses and frozen bones on the road... Almost at this moment, Ye Feng's whole state was immersed in the mortal world in an instant, and he lost his true self in an instant, and was experiencing a virtual life all the time. If an ordinary person experienced all this, he would probably be trapped in an endless reincarnation life. And even if he calmed down, he would probably become mentally ill and become crazy from then on.

However, Ye Feng is a strong soul after all, and he experienced this feeling a long, long time ago and experienced a lot of reincarnations. So this time Ye Feng had experience and suddenly released the Soul Emperor Seal. "Break it for me!" Ye Feng roared, and a boundless and brilliant soul light suddenly bloomed in his head. These soul lights instantly tore a hole in the lost world of the ten thousand zhang mortal world, and then Ye Feng rushed out directly, rushing out of the ten thousand zhang mortal world. "Huh!" At this time, Ye Feng let out a long breath. He finally escaped from the endless reincarnation and the mortal world. At this time, the Red Dust God Lord clone opposite showed a look of surprise in his eyes. It seemed that he had never expected that the young man who had fought with him before was only in the titled god realm, and could actually escape from her strongest means, the ten thousand zhang mortal vision. "It seems that I have to increase the power of the vision." The Red Dust God Lord clone murmured at this time. "Pause!" Ye Feng heard this murmur, cold sweat broke out on his forehead, and he directly ordered the Emperor God Mirror to end this battle. Buzz! The next moment, the Red Dust God Lord clone stopped the next move to increase its power. Ye Feng breathed a sigh of relief, then walked out of the Emperor's Mirror, returned to his room, and began to rest.

Just now, in order to escape from the world of the mortal world, Ye Feng had consumed almost all of his soul power.

So at this time, Ye Feng naturally could not continue to fight, and needed to recuperate before continuing to fight.

But at this time, Ye Feng was also extremely excited.

It seems that the biggest trump card of the Lord of the Red Dust is this mortal world of the ... It can make all enemies lost in this world of mortals.

It is equivalent to an illusion.

"If I could successfully learn this mortal world phenomenon earlier, and cooperate with the ancient vision of the golden troll, it would be a perfect combination, with one confusion and one powerful attack, the power would be absolutely terrifying."

Ye Feng thought secretly in his heart.

After resting for a while, Ye Feng continued to enter the Divine Mirror of the Emperor of Heaven and fought with the clone of the Lord of Red Dust.

Every time, Ye Feng has to experience the feeling of birth, old age, illness and death, and being lost in reincarnation in the world of mortals.

However, this has a benefit for Ye Feng, that is, it can make his martial arts mind more and more firm, so as to

Later, if he encounters confusing practitioners, Ye Feng can maintain his inner stability.

In the constant battles, Ye Feng also gradually secretly learned the worldly visions of the Red Dust God Lord.

This made Ye Feng very happy.

Without spending a penny, you can directly learn the priceless vision of the Red Dust God Lord.

But there is no such treatment as anyone else in the Yuhua Shenmen.

Because no one has ever seen God Lord Hongchen take action.

Let alone displaying such a powerful vision of the mortal world.

Because many powerful people would not use their trump cards easily.

But Ye Feng secretly learned the biggest trump card of God Lord Hongchen.

And it cost nothing.

It's just nonsense.

"It's so cool!"

Ye Feng took back the Divine Mirror of the Emperor of Heaven, and in just one day, he got the vision of the God of Red Dust for free.

This feeling is really refreshing.

After learning the vision of the world of mortals, Ye Feng can be regarded as having two powerful visions, and these two visions are very advanced, not ordinary visions.

Ye Feng's strength can be said to have doubled at this moment.

At this time, Ye Feng looked outside the house and found that it was already dark.

He suddenly thought of the agreement he made with the Supreme Leader.

That is to go to the top of Yuhua Mountain to meet the Phoenix Human Emperor.

"But what should we talk about when I get here?"

This made Ye Feng feel a little embarrassed.

Ye Feng couldn't help but look at his storage ring and called out: "Emperor Chu, what should I talk about when I meet the Phoenix Human Emperor? You can't say that I went to become a disciple. That would be too cheap. After all, the Supreme Headmaster told the Phoenix Human Emperor that he had introduced an amazingly talented person to her, and she must not disgrace the Yuhua Shenmen."

Emperor Chu spoke out in the storage ring at this time: "Ye Feng, I think we can talk about our relationship with the Phoenix Human Emperor. Although the Phoenix Human Emperor is very powerful, you are not weak either. You will be here soon." Enter the realm of Tao."

When Ye Feng heard what Emperor Chu said, he immediately twitched the corner of his mouth and said, "Let's forget it. I'm afraid the Phoenix Human Emperor will slap me to death."

Emperor Chu immediately chuckled and said: "I know you think the Phoenix Human Emperor is too powerful, too cold, and a cold goddess-level existence, so you are afraid that you can't hold her, but I tell you based on my many years of experience, It is this kind of cold goddess, this kind of strong woman who only knows how to practice and climb to the pinnacle of martial arts all day

long, who is the easiest to be tempted. As long as you use the right method to leave a deep impression on her, remember this sentence: If she is new to the world, take her to see all the prosperity of the world. If she has already experienced vicissitudes of life, take her to see the brilliant fireworks."

Ye Feng: "..."

Next, Ye Feng ignored Chu Huang's nonsense, opened the door directly, and walked towards the Yuhua Mountain outside the Yuhuashen Gate.

Ye Feng decided that when he saw the Phoenix Human Emperor, he said that he had admired the Phoenix Human Emperor for a long time. Taking advantage of this opportunity to be ranked first in the True Inheritance Trial, he asked the Supreme Leader to give in.

He was able to meet the Phoenix Emperor and ask him to guide his practice.

Ye Feng secretly thought about this wording in his heart, smiled happily, and felt very satisfied. If he said this, he would be able to flatter the Phoenix Emperor, and on the other hand, he could truly get guidance from a person of the Phoenix Emperor's level. , it is also of great benefit to yourself.

"Let's just say that when the time comes, I'm really a little genius."

Ye Feng secretly thought in his heart that at this time, he had left the Yuhua Shenmen area and walked towards the largest mountain outside the wilderness, which was Yuhua Mountain.

And just when Ye Feng had just walked out of the Yuhuashenmen area.

At the entrance of the Yuhua Shenmen, a tall figure shrouded in light appeared.

This tall figure is none other than Lord Tianlong!

At this time, behind Lord Tianlong, stood two figures wrapped in black robes.

The aura of cultivation emanating from these two men in black robes turned out to be super strong men at the first level of the Tao Realm and the tenth level of the Great Perfection of the Tao Realm!

These two men in black robes are a little stronger than the current cultivation level of the Heavenly Dragon God Lord himself!

Lord Tianlong fell into an ancient ruins in the ancient Tianlong Cave, and then received the inheritance of that ancient ruins.

These two men in black robes are the old antiques who survived the ancient ruins, and are now the guardians of the Lord Tianlong.

At this moment, the Lord Tianlong looked at the direction where Ye Feng was retreating in the dark night, with a cruel smile in his eyes, "This boy is really restless, knowing that I am plotting to inherit the inheritance of the Heavenly Dragon Emperor in him, yet he dares to do this After leaving the Yuhua Shenmen area, maybe he thought that I took the overall situation into consideration and didn't dare to take action against him, but I really wouldn't take action myself."

At this time, the Lord Tianlong ordered to the two men in black robes behind him: "You two, my future depends on you. You two take action at the same time, and destroy the boy named Ye Feng tonight, and then imprison him." In the jungle outside, I will go over and extract the inheritance of the Heavenly Dragon Emperor from him!"

At this time, Lord Tianlong spoke, his tone full of cruelty.

The two men in black robes behind him immediately spoke out: "Little master, please rest assured. Although that young man Ye Feng seems to have improved a lot in cultivation, he is still at the level of the Titled God after all. The two of us have entered the Taoist realm. The powerful men of the Tenth Heavenly Perfection are attacking at the same time. Even if that boy has the inheritance of the Heavenly Dragon Emperor, he cannot compete with us. Don't worry, little master, the inheritance of the Heavenly Dragon Emperor must belong to you, little master!"

Uh-huh!

Uh-huh!

After saying that, the two men in black robes immediately flew towards the mountains and forests outside the dark night.

Lord Tianlong stood at the entrance of the Yuhua Divine Gate at this time, with a proud and cruel smile on his face, "Ye Feng, Ye Feng, no matter how evil you are, you will not be able to escape from the palm of my hand. When I get Tianlong The inheritance of the great emperor has completely activated the Tianlong bloodline in my body, and I will be able to achieve successive breakthroughs, directly from the first level of Tao realm, to the third level of Tao Emperor. By then, what will the Ancient Taixu and the Supreme Master be like? They are no match for me, I want to control the entire Yuhua Shenmen!"

Although Lord Tianlong's voice was very low at this time, the ambition revealed in his tone was extremely great.

Chapter 1985 It will definitely be miserable

Ye Feng's speed was very fast. In less than half an hour, he had arrived at Yuhua Mountain.

At this time, under the dark night, the entire Yuhua Mountain seemed extremely quiet, shrouded in darkness.

Ye Feng knew that no one knew about this scheduled meeting between the Supreme Headmaster and the Phoenix Human Emperor.

Therefore, this Yuhua Mountain has not been specially decorated. It is still a wilderness.

After all, if this kind of thing spreads, it may have an impact on the reputation of the Phoenix Emperor.

So this was a very confidential operation.

Ye Feng didn't alert anyone and came here alone in the night.

Uh-huh!

Ye Feng jumped up and ran directly towards the top of Yuhua Mountain.

Because the agreed place is on the top of Yuhua Mountain.

So at this time, Ye Feng restrained his aura, lurking and leaping towards the top of the mountain.

And just when he left.

At the foot of Yuhua Mountain, two guardians of the Heavenly Dragon God Lord, two figures in black robes appeared.

One of them couldn't help but said loudly: "What is this kid doing here in this barren mountain so late at night?"

Another person said aloud: "Whatever he does, this place is already far away from the core area of the Yuhua Shenmen. There should be no strong people who can detect it. Let's seize the opportunity to take action. It's on this Yuhua Mountain. Get rid of that boy."

The first person nodded, with a hint of murderous intent in his tone, and said: "Okay, let's do it as soon as possible, so as not to have a long night and a lot of dreams."

To these two men in black robes, a young warrior like Ye Feng posed no threat at all.

Because the gap between their cultivation levels is really too big.

The two men in black robes flew quickly towards the top of the mountain in an instant.

And at this moment.

On the top of Yuhua Mountain.

Ye Feng has already walked up.

The first thing he saw was a gorgeous woman with a cold and holy temperament, standing on the top of the mountain. Under the cold moonlight, she looked like a fairy in the sky.

It is the Phoenix Human Emperor!

However, at this time, the Phoenix Human Emperor seemed to be afraid of others spying on their meeting on the mountain top tonight.

Therefore, the Phoenix Human Emperor also restrained all his cultivation aura.

She looked like an ordinary woman.

Of course, this ordinary refers to ordinary cultivation.

Because the Phoenix Human Emperor has restrained all his aura.

But even though the Phoenix Human Emperor disguised herself as a woman without any cultivation, her invisible temperament and stunning appearance were at the top of the world.

Ye Feng walked over and said awkwardly: "Junior Ye Feng is the core disciple of Yuhua Shenmen."

The Phoenix Human Emperor seemed a little surprised that a young junior came tonight.

Although he looks very handsome and handsome, his cultivation level is really a bit poor. He has not even stepped into the realm of Tao, which is the realm of titled gods.

There seemed to be a hint of disappointment in the Phoenix Human Emperor's beautiful eyes.

After all, the Supreme Headmaster told her at that time that the person coming to meet her tonight was an amazingly talented person.

But although the young man in front of him may be considered good among his generation, he is still far behind compared to top big shots like them.

The Phoenix Human Emperor seemed to have lost interest, but smiled openly and said: "It seems that the Supreme Headmaster of the Yuhua Shenmen values you very much, and he did not hesitate to consume the favor I once owed him to let you come to see me."

Ye Feng also noticed the disappointment in the Phoenix Human Emperor's words and immediately hugged him

He cupped his fists and said aloud: "This junior won the first place in the True Inheritance Trial, so I asked the Supreme Headmaster to give me this opportunity to meet the Phoenix Human Emperor whom I admire."

When Ye Feng was being chased by the Dark Head of State before, the Phoenix Human Emperor had taken action once.

But now Ye Feng saw that the Phoenix Human Emperor didn't seem to recognize him.

It seemed that that night, the Phoenix Human Emperor didn't even notice the two weak ants below.

She just sensed that the Dark Head of State had invaded the wilderness, so she took action automatically.

At this time, the Phoenix Human Emperor heard what Ye Feng said, looked at Ye Feng in surprise, and said, "Have you always admired me?"

Ye Feng immediately nodded and said aloud: "Since I stepped into the Ascension Gate, I have always heard various rumors and legendary deeds about Senior Phoenix Human Emperor, so I have always wanted to see the same thing as Senior. , I didn't expect that I got what I wanted tonight."

The Phoenix Human Emperor seemed to find it a bit funny and said aloud: "Just because you want to see me, the Supreme Headmaster asked you to come?"

Ye Feng shook his head and said: "In addition, I also want to ask the Phoenix Human Emperor for some guidance on cultivation. This is the main purpose of my coming tonight."

When the Phoenix Human Emperor heard what Ye Feng said, he nodded slightly and said loudly: "It seems that the Supreme Headmaster has trained you as the next generation successor of the Yuhua Shenmen, and I will not hesitate to consume his favor. I owe him , I just want you, a junior, to ask me about cultivation knowledge."

Ye Feng nodded immediately: "The Supreme Headmaster has always been very loving to me."

What Ye Feng said was naturally a lie.

He came here tonight mainly to prevent the Supreme Headmaster from losing face.

So next, Ye Feng is going to use some of his trump cards to open the eyes of the Phoenix Human Emperor, at least not to look down upon himself so much.

After all, it feels like being looked down upon

, I feel really unhappy.

Ye Feng didn't want to lose face of the Yuhua Shenmen, nor did he want to lose his own face.

Since you have come to meet the Phoenix Human Emperor, you must leave something deeply impressive to him.

At this time, Ye Feng said aloud: "Then I will use some of my inheritance. Senior Phoenix, please give me guidance one by one."

The Phoenix Human Emperor suddenly said: "Okay, anyway, I am here tonight just to meet with you, to give you advice on your cultivation, and to contribute to the entire human race in the wilderness."

Just as the two were talking.

"Hahaha! Ye Feng boy! To think that you are still a romantic! So late at night, you went to the top of Yuhua Mountain to have a tryst with a woman? We thought you were here to find some treasure. It seems that we are Look up to you!"

Suddenly at this moment, a mocking laugh sounded, which seemed particularly harsh in the dark night.

Uh-huh! Uh-huh!

And the moment the voice fell, two men in black robes with extremely powerful momentum appeared on the top of the mountain.

"Um?"

At this moment, Ye Feng noticed that a pair of beautiful and noble eyes of the Phoenix Human Emperor beside him suddenly revealed a cold light.

At this moment, Ye Feng understood that tonight's date was a confidential operation.

If outsiders knew about it and the news spread, it would definitely have a great impact on the reputation of the Phoenix Emperor.

So Ye Feng understood from the flash of cold light in the Phoenix Emperor's eyes that the Phoenix Emperor would never allow a third person to know about what happened tonight.

At this moment, even though the two men in black robes exuded the powerful cultivation of the first level of the Tao Realm and the tenth level of the Tao Realm, and came specifically for him, Ye Feng also grinned at the corner of his mouth.

Because no matter who the two men in black robes opposite are, what Ye Feng knows is that their next end will definitely be miserable...

Chapter 1986 Good Luck

At this moment, the two men in black robes finished speaking.

The Phoenix Human Emperor suddenly stood in front of Ye Feng.

A pair of beautiful and moving eyes immediately stared at the two men in black robes opposite.

The two men in black robes said with a cold smile: "Today we came to hunt Ye Feng. We must not let other people know about it. You woman actually saw everything, so I'll kill you first, and then Catch Ye Feng again."

At this time, Ye Feng heard the voices of the two men in black robes and immediately shook his head, feeling sad for them.

"Oh? You want to kill me?"

The Phoenix Queen spoke out, with a hint of coldness in her tone.

Buzz!

Almost at this moment, a crimson flame began to burn from the Phoenix Queen's body.

The mountains, which were originally pitch black, were suddenly illuminated in fiery red. .??.

It was like the whole world was on fire.

At this moment, a huge phoenix appeared in the void behind the Phoenix Queen.

Although it is just a phantom of a phoenix, it gives people a suffocating feeling of the arrival of a real divine beast.

"This is....."

The two men in black robes were originally filled with murderous intent, but when they saw the strange phenomenon on the Phoenix Human Emperor, their eyes immediately froze, and then they seemed to have thought of something, and they exclaimed in shock: "You... you are from the wilderness Human Emperor!"

As two men in black robes, it was natural that they had heard of the Phoenix Human Emperor in the wilderness.

At this time, looking at the powerful cultivation aura rising from the Phoenix Human Emperor, he was clearly the Tao Emperor at the third level of the Tao Realm!

"Why is the Phoenix Human Emperor here?"

"You're still meeting this guy Ye Feng?"

The two black-robed guardians of the Heavenly Dragon God Master suddenly looked extremely frightened.

They probably couldn't have imagined that Ye Feng, a young disciple of the Ascension God Sect, a little person like an ant, actually went out tonight to have a secret tryst with the Phoenix Human Emperor?

"Am I crazy, or is the world crazy?"

The two men in black robes were somewhat doubtful about life at this time.

"Run!"

At this moment, the two men in black robes immediately ran away crazily in the distance.

Even if they are also in the realm of Tao.

But it is only the first level of the Dao Realm, the Dao Realm level.

The gap between each level of the Dao Realm is like the gap between heaven and earth.

Therefore, the two men in black robes knew that they could not possibly be the opponent of a terrifying figure like the Phoenix Human Emperor.

"You still want to run away now? It's too late."

The Phoenix Human Emperor sneered at this moment, with a hint of cold beauty on his beautiful face.

"Buzz!"

She looked into the distance and saw that the two fleeing black-robed guardians suddenly stood still in the void.

Then their bodies began to burn with flames for no apparent reason.

"ah!"

"ah!"

Almost at the next moment, two extremely sad howls immediately sounded in the dark night.

"Lord Phoenix Emperor, please spare my life!"

"We didn't mean to interrupt your tryst!"

The two black-robed guardians immediately couldn't help but yelled for mercy.

"court death!"

But when he heard the word "tryst", the Phoenix Human Emperor immediately snorted coldly: "Only dead people will not reveal the news, and you two are secretly trying to murder the top genius of the Yuhua Shenmen. This is destroying our wilderness." The heritage of the human race in the domain, that's all, you two will die!"

The Phoenix Human Emperor had an overall view of the situation. At this time, she knew clearly that the two men in black were looking for trouble for Ye Feng, but she still took action directly, regardless of the identity of the other party. In an instant, she pinched the distance with her bare hand.

"boom!"

"boom!"

The flames on the two men in black robes, who were begging for mercy and screaming, burned even more fiercely.

The next moment, their screams stopped abruptly.

Completely burned to death.

Bang!

Bang!

The two charred corpses immediately fell from the sky and fell into the wilderness.

Ye Feng watched this scene from behind, with a look of yearning in his eyes.

He is worthy of being the Phoenix Human Emperor.

He is worthy of being the Tao Emperor at the third level of the Tao Realm!

It is indeed extremely powerful!

So scary!

Two super strong men who had reached the Great Perfection of the Tenth Heavenly Realm were burned to death abruptly.

Ye Feng stared at the place where the two charred corpses fell, and secretly decided in his heart that when he left here, he must pick up the two charred corpses.

At this moment, the Phoenix Human Emperor suddenly turned around, looked at Ye Feng, with an inexplicable look on his beautiful face, and said loudly: "These two men in black robes don't seem to be the human race in our wilderness. , seems to come from other places, and their skills do not belong to any inheritance of our human race in the wilderness. "

When Ye Feng heard what the Phoenix Human Emperor said, he said a little strangely: "I haven't offended anyone recently. There are only two people I can think of who might want to kill me secretly. One is the patron saint of the Golden Armor Clan. The Golden Emperor, there is another one who wants to plot my inheritance as the Heavenly Dragon Emperor."

When the Phoenix Human Emperor heard what Ye Feng said, a look of surprise suddenly appeared in his beautiful eyes, and he said, "Do you have the inheritance of the Heavenly Dragon Emperor?"

Ye Feng was stunned, he didn't expect that he would reveal this secret inadvertently.

Now that he has said it, Ye Feng can only bite the bullet and answer: "I obtained the inheritance of the Tianlong Emperor from the depths of the ancient Tianlong Cave, but I ask the Phoenix Emperor not to tell anyone about this matter. I keep it secret, otherwise I might be targeted by many superpowers."

The Phoenix Human Emperor nodded and stared at Ye Feng with a pair of beautiful eyes. It seemed that he was finally interested in the young man in front of him and said loudly: "I will keep it a secret for you, and there is one thing I can tell you clearly. , I am very interested in you personally now."

Ye Feng's eyes showed a look of surprise, and he said loudly: "Senior Phoenix is interested in me? Does senior want to learn the inheritance of my Heavenly Dragon Emperor?"

The Phoenix Human Emperor shook his head and said aloud: "I have the blood of the ancient phoenix flowing in my body, and my inherited phoenix secret is not much weaker than the inheritance of the Tianlong Emperor. It should be almost the same as the inheritance of the Tianlong Emperor, so I don't I need to practice the inheritance of Tianlong Emperor, which will cause confusion in my power and may make me go crazy. When I say I am interested in you, I am really interested in you as a person, not in your sense of inheritance. interest."

Ye Feng fell silent slightly when he heard what the Phoenix Human Emperor said.

And it was the Phoenix Human Emperor who stared at Ye Feng with his beautiful and noble eyes and said loudly: "I have always been more direct and don't like to use euphemisms, so I can tell you now that I am interested in you because If I can practice the Phoenix inheritance together with a descendant of the Tianlong Emperor like you, I can get twice the result with half the effort."

When Ye Feng heard what the Phoenix Human Emperor said, he was immediately startled and couldn't help but said: "What does Senior Phoenix mean?"

yes? Do you want to cooperate with me in training? "

Ye Feng was a little shocked. He didn't expect the Phoenix Human Emperor to speak so directly.

To practice cooperatively, only martial arts partners who have a very close relationship will practice cooperatively.

The Phoenix Human Emperor stared at Ye Feng at this time, with an inexplicable smile in his beautiful and noble eyes, and said loudly: "I do have this idea, but your current cultivation level is too weak and your status is too low. In a short time, I I guess I don't like you, it depends on your ability to keep up with me."

Ye Feng looked at the Phoenix Human Emperor's beautiful and meaningful eyes, and felt a little embarrassed for a moment, not knowing what to say.

"Don't mention this anymore." .??.??

The Phoenix Human Emperor suddenly spoke up, changed the subject, and said, "I'd better continue to give you guidance on your practice. If you have anything you don't understand about martial arts practice, you can ask me now."

Ye Feng nodded and did not mention this topic again. After all, it was still too far away.

Next, Ye Feng began to discuss martial arts practice with the Phoenix Human Emperor.

It has to be said that the Phoenix Human Emperor, as a Tao Emperor at the third level of the Tao Realm, has a comprehension and understanding of cultivation that far exceeds that of Ye Feng at his current level.

So Ye Feng learned a lot from the Phoenix Human Emperor.

Although Ye Feng can continuously achieve breakthroughs in cultivation by relying on devouring.

However, combat experience, martial arts understanding, and insights into various realms, including some cultivation techniques, these things cannot be obtained through devouring.

The Phoenix Human Emperor can just make up for Ye Feng's current shortcomings.

Although it was only one night, Ye Feng gained a lot of knowledge.

There is a feeling that listening to you is better than ten years of reading.

Until dawn comes.

There is a hint of fish belly white in the distance in the east.

Ye Feng sincerely hugged the Phoenix Emperor and said, "Thank you to Senior Phoenix for your guidance all night, and thank you to Senior Phoenix for being able to kill two mysterious and powerful enemies for me."

The Phoenix Human Emperor smiled slightly at this time, with an inexplicable look on his beautiful face, and said loudly: "It's just a small effort, I have repaid the favor of the Supreme Headmaster. You go back and tell him that I didn't fool him. "

Ye Feng immediately smiled and said: "Okay, I will report the truth to the Supreme Master. Senior Phoenix taught me a lot of knowledge about the practice tonight, which is a huge gain for me."

At this moment, Ye Feng is not flattering, but he has really gained a lot.

Ye Feng has always been troubled by the fact that sometimes his martial arts knowledge and state of mind cannot keep up with the level of cultivation gained through devouring.

But tonight, Ye Feng made up for his long-standing troubles.

But at this moment, the Phoenix Human Emperor suddenly moved, and his graceful and beautiful figure had disappeared on the top of the mountain.

Ye Feng looked at the place where the figure disappeared, and for a moment he felt a faint sense of reluctance.

Because the Phoenix Human Emperor gave Ye Feng a very good first impression.

Moreover, they discussed martial arts knowledge for a whole night, which can be regarded as a thorough understanding.

"What am I thinking? She is a big shot at the level of a human emperor."

Ye Feng shook his head slightly and smiled dumbly.

Uh-huh!

The next moment, Ye Feng also jumped up and left the top of Yuhua Mountain.

Soon Ye Feng came to the jungle under the mountains.

Buzz!

At this time, his majestic soul power spread out, and like a scanner, he began to conduct a thorough search and scan of the surrounding area.

"found it!"

Suddenly at this time

, Ye Feng's eyes immediately lit up, and then he quickly ran in that direction.

Soon Ye Feng came to a swamp.

At this time, two charred corpses were lying on the swamp.

These two charred corpses were the two mysterious powerful enemies killed by the Phoenix Human Emperor last night.

Ye Feng walked over and looked at the two charred corpses, with a hint of deep doubt in his eyes.

Who wants to ambush him?

First of all, exclude the strong men from the Golden Armor Clan.

After all, although this place is a bit far away from the core area of Yuhua Shenmen, it is the territory of the wilderness, and it is impossible for the strong men of the Golden Armor Clan to lurk here.

"That's Lord Tianlong!"

Ye Feng's eyes showed a hint of speculation at this time.

Lord Tianlong is the greatest possibility.

However, Ye Feng was also a little shocked. He did not expect that under the command of the Lord Tianlong, there would be two strong men at the level of the Great Perfection of the Tenth Level of the Dao Realm working for him.

It's really a bit shocking.

If he hadn't been with the Phoenix Human Emperor last night, he might have really been imprisoned.

"No matter what, let's devour the power of these two strong men first."

At this time, Ye Feng murmured, and then began to release the Devouring Domain, covering the charred corpses of the two guardians.

Although they had been burned by the Phoenix Human Emperor's flame power and lost a lot of blood energy.

But even if everyone only retains half of their skills and blood essence.

For Ye Feng, it is definitely a huge source of nourishment!

"Rumble..."

Along with the Devouring Domain, the two strong men were covered.

Ye Feng immediately felt the energy belonging to the realm of Tao. It was boundless and extremely pure. It was absorbed in an instant and swallowed into his body.

"Boom!"

At this moment, Ye Feng also felt that the power in his body was roaring like a vast ocean.

His skill is increasing at an incredible speed!

Even though most of the blood energy in these two men in black robes has been lost.

But for Ye Feng, who is currently only in the Titled God Realm, it is already a big supplement.

Moreover, these two charred corpses could be said to have been picked up for free.

"boom!"

The momentum of breakthrough burst out from Ye Feng's body.

"boom!"

The seventh level of the Titled God Realm, the eighth level of the God Emperor Realm!

"boom!"

The seventh level of Titled God Realm, the Ninth Level of God Emperor Realm!

"boom!"

The seventh level of the Titled God Realm, the tenth level of the God Emperor Realm!

"boom!"

Half-trail realm!

Finally, at this moment, Ye Feng's cultivation momentum stopped.

At this time, the charred corpses of the two black-robed guardians who were devoured by him had completely shriveled up. It was obvious that all the remaining blood energy and skills had been plundered by the Devouring Domain and became the nourishment for Ye Feng to grow.

“The realm of half-trail!”

Ye Feng suddenly opened his eyes at this time, with divine light flashing in his pupils, and his face was full of joy.

Unexpectedly, there would be such an unexpected surprise this time.

After all, Dao Realm-level existences are not common in the wilderness, let alone swallowing them directly.

"I really got lucky this time!"

Ye Feng couldn't help but murmured.

Chapter 1987 Commander

At this time, after Ye Feng devoured it, he searched the two black-robed men in front of him who had shriveled up.

What made Ye Feng a little disappointed was that no storage rings were found on the two men in black robes.

It seems that some people are not used to carrying storage rings with them.

Ye Feng shook his head in disappointment, and then took advantage of the night to return to the Yuhua Shenmen.

Although Ye Feng now suspects that these two men in black robes were sent by the Lord Tianlong, he is not sure yet.

Moreover, this matter cannot be reported to the upper echelons of the sect, because he does not have any evidence.

So at this time, Ye Feng could only secretly be wary of the Lord Tianlong.

He also decided not to leave the Ascension Gate in a short period of time.

After all, Ye Feng still feels a little scared when he thinks about what happened tonight.

If he hadn't gone out to meet the Phoenix Emperor tonight, he might have actually been caught by two men in black robes. .??.

So at this time, Ye Feng walked to his residence in the Yuhua Shenmen and started to retreat directly.

But just when Ye Feng had not been in seclusion for long, a violent wave of demonic energy suddenly came from his storage ring.

"what's the situation?"

Ye Feng immediately entered his storage ring with his spiritual thoughts.

He immediately saw that the ancient evil demon in the storage ring had grown automatically, from the seventh level of the God Emperor Realm, the tenth level, to the first level of the Dao Realm, the tenth level of the Dao Realm.

"This ancient evil demon is really gifted. Every time he grows, he directly transcends the tenth heaven."

There was a hint of joy in Ye Feng's eyes.

This young ancient evil demon plundered from the Black God Clan in the ruins of ancient civilization really brought me a lot of surprises.

At this time, Emperor Chu also smiled and said loudly in the storage ring space: "With this one

Carrying the ancient evil spirits from the first level of the Tao Realm to the tenth level of the Tao Realm in your storage ring is really a huge helper. "

Ye Feng also smiled and nodded, looking at the burly ancient evil demon exuding demonic energy, he said with great satisfaction: "I was a little worried just now, but now I am not worried at all. If the Lord Tianlong is really that If the person who wants to harm me next time we meet, if he dares to mess with me, I will kill him directly. "

When he said this, the fear in Ye Feng's heart towards the Lord Tianlong finally completely disappeared.

Because now that the ancient evil demon has grown, it is not difficult to deal with a Heavenly Dragon God Lord if he joins forces with him.

Thinking of this, Ye Feng withdrew his spiritual thoughts from the storage ring with great satisfaction.

Now the Lord Tianlong is nothing to Ye Feng.

At this time, Ye Feng sensed the powerful cultivation fluctuations in the half-step realm in his body, and thought in his heart that it was time to bring back Senior Shen Cangtian.

When Ye Feng first came to the God Realm, it was Senior Shen Cangtian, the Lord of Cangtian, who accepted Ye Feng, gave Ye Feng a lot of help, and even eventually taught Ye Feng the unique skill of the Heavenly Reincarnation Technique of Yuhua Shenmen.

Therefore, Ye Feng also promised to Senior Shen Cangtian that if one day he could have a certain degree of power in the Yuhua Shenmen and be comparable to the God Lord level figures, then he would take him back.

Ye Feng felt that now that he had the trump card in his possession, the help of the ancient evil demon, and the support of the ancient Taixu behind him, he was no longer afraid of those so-called divine masters.

So at this time, Ye Feng decided to personally go back to the Cangtian territory.

Of course, the current Cangtian territory has expanded into the Cangtian Empire.

Senior Shen Cangtian is probably waiting for his good news in Cangtian Empire.

It just so happened that this time when he went out, Ye Feng decided to practice again.

See if you can find an opportunity to break through the bottleneck of the half-trail realm.

But just when Ye Feng was about to leave, a spiritual talisman suddenly flew outside his house.

"Is it a transmission talisman?" ??

Ye Feng was a little confused, who suddenly wanted to send a message to him?

Uh-huh!

Ye Feng suddenly stretched out his hand and took the talisman that flew in front of him into his hand.

An old voice suddenly came from inside:

"Ye Feng, come to the central hall of Yuhuashenmen. The Supreme Headmaster and I have something to tell you."

This voice is the voice of senior Gu Taixu.

"Senior Gu Taixu and the Supreme Headmaster want to find something to do with me at the same time?"

Ye Feng secretly thought in his heart, what is it that deserves the two of them to find him personally.

However, he didn't hesitate at all, and walked out of his residence directly, flying towards the central hall of Yuhua Shenmen.

Soon Ye Feng arrived in front of a magnificent white jade hall.

He walked into the central hall and saw two figures standing there.

It is the Supreme Leader and Gu Taixu.

"Ye Feng, you are here."

When the Supreme Headmaster saw Ye Feng, he immediately smiled and said: "It seems that you performed very well last night. The Phoenix Human Emperor sent me a message saying that she is very satisfied with you."

Ye Feng smiled and said, "Just a casual chat."

At this time, Gu Taixu stared at Ye Feng and couldn't help but shake his head and said: "I have advised you before to talk less about emotional matters. This

It will affect your practice. "

When Ye Feng heard what Gu Taixu said, he immediately couldn't help but explain: "The Supreme Headmaster just asked me to deal with it. I didn't talk about other things. I just asked the Phoenix Human Emperor about some martial arts practice." Knowledge."

Hearing this, Gu Taixu nodded slightly, then his expression became a little solemn, and he said aloud: "Let's talk about the business of calling you here today. I discussed it with the Supreme Headmaster and prepared to promote you to We, the Holy Son of the Ascension God Sect, have asked you to prepare to lead our many disciples and elders of the Ascension God Sect, including the ten major divine masters, to assist you to join the human armies from the other six domains and engage in a huge battle. Enter In the dark battlefield, stop a secret plan of the dark race. "

Listening to what Gu Taixu said at this time, Ye Feng's face showed a trace of shock, and he couldn't help but said: "What kind of plan is it to unite the seven major domains of our human race?"

The supreme leader spoke with a solemn tone at this time: "It is said that many dark races are trying to build ancient altars underground in the dark battlefields not far from the seven major domains of our human race, preparing to summon a dark god. The great evil god is coming, and we must stop this at all costs."

Hearing this, Ye Feng was silent for a while, and then suddenly said: "There is a more powerful Holy Son than me in the Yuhua Shenmen. Why did you choose me, a newcomer, as the commander-in-chief?"

When the Supreme Headmaster heard what Ye Feng said, he glanced at Gu Taixu.

Gu Taixu spoke slowly: "Because Ye Feng, you are the most special. You have the eye of evil in your body, and you have a natural suppression of the dark race. On the surface, we are all the armies united together. But the battle situation is definitely very difficult, so we chose to let you lead everyone so that you can use your personal advantages at the critical moment to destroy this operation of the dark race. No matter whether it is successful or not, the leader and I The Supreme Lord will recommend you to the Holy Land of Blue Sky as a reward."

Chapter 1988 It must be him

Ye Feng couldn't help but nodded when he heard Gu Taixu say this.

It seems that the Supreme Leader and Senior Taixu have guessed that they may be able to use some evil eye abilities.

Ye Feng nodded and said loudly: "I can agree to your request, but you must also fulfill your promise. Regardless of whether this battle is successful or not, you need to jointly elect me to the Blue Sky Holy Land."

For Ye Feng, Yuhua Shenmen is just a temporary stop. ??

Ever since I learned everything about the Blue Sky Territory and the Blue Sky Holy Land from Lu Qianqian, the former disciple of the Blue Sky Holy Land.

Ye Feng felt that whether it was the Yuhua Shenmen, the entire wilderness, or even the entire seven domains of the human race, it was a very small place.

Although the Qingtian Domain is not the largest domain in the God Realm, it is many times larger than the seven human domains combined.

Ye Feng knew very well that if he wanted to grow into an existence that could eventually fight against the Chaos Gods, the dominant race in the divine world, he had to keep moving up and towards a larger domain.

Because only the larger the place, the more advanced the domain, and the more noble the power, the more powerful the inheritance and power will be, and the more powerful people and creatures will be devoured by it.

At this time, upon hearing Ye Feng's agreement, the Headmaster Supreme and Gu Taixu both looked at each other and smiled.

Gu Taixu looked at Ye Feng at this time and said loudly: "Now the major domain forces of our human race are making preparations. Ye Feng, you are also preparing. If you need anything, just tell me and I will try my best to satisfy you."

Ye Feng nodded and said aloud: "There is indeed something that I want to trouble Senior Taixu."

Gu Taixu said aloud: "If you need my help, just ask."

Ye Feng said aloud: "Before I entered the Yuhua Shenmen, I was introduced by a senior named Shen Cangtian, and I once promised him that if I could get a certain amount of power in the Yuhua Shenmen, I would Senior Shen Cangtian was brought back, but there was some dispute between Senior Shen Cang Tian and the Lord of the Epoch Times among the ten great Lords of our Ascension Shen Sect. Back then, Senior Shen Cang Tian was framed by Ji Ning, the son of the Lord of the Era, so he was expelled from the sect. , this is the lifelong pain of Senior Shen Cang Tian, so my request now is to re-invite Senior Shen Cang Tian back to the Yuhua Shenmen, and then ask the Supreme Leader to re-judge the grudges of the past. Who is right and who is wrong must be punished accordingly. punishment."

Ye Feng spoke at this time, with a deep determination in his tone.

If other people were talking about this matter, the Supreme Headmaster might not bother to pay attention to it. After all, it was just a small matter, a grudge between some disciples. It was nothing at all, and he didn't bother to care about it.

It was Ye Feng who said these words at this time.

Ye Feng is now the most amazing and talented figure among the younger generation of Yuhua Shenmen.

Moreover, he had just been promoted to become the Holy Son of the Yuhua Shenmen.

The most important thing is that Ye Feng is also Gu Taixu's savior.

In addition, the Supreme Leader now wants Ye Feng's evil eye to go and destroy the dark race's conspiracy to summon the dark evil god.

So putting all this together, the Supreme Headmaster had to pay attention to it at this time.

The supreme headmaster immediately said: "Okay, I promise you, Ye Feng, you will bring back that God Cangtian, and I will personally preside over the trial of grievances that year. Who is right and who is wrong, everyone will be clear. The wrong person

No matter who it is, they must be punished. Are you satisfied? "

When Ye Feng heard what the Supreme Headmaster said, he immediately clasped his fists happily and said loudly: "Thank you so much, Supreme Headmaster. Anyway, it's still some time before we enter the dark battlefield. I'm going to walk out of the Feathered Divine Gate this time. Go bring Senior Shen Cangtian back, and then just practice outside, maybe you can break through your current cultivation level."

"What's your current level of cultivation?"

At this moment, the Supreme Headmaster seemed to have just noticed the aura of cultivation on Ye Feng.

"Half-trail realm!!"

Even the Supreme Headmaster was shocked by the cultivation aura on Ye Feng at this moment.

Because he never expected that Ye Feng's cultivation level would break through so quickly.

You know, it didn't take long for Ye Feng to enter the Yuhuashen Gate.

But in a short period of time, it has made so many breakthroughs. It can almost be described as soaring into the sky, which is shocking.

Gu Taixu smiled and said loudly at this time: "Ye Feng, I really saw you right. You are a genius that comes once in ten thousand years. No, once in ten thousand years can't even describe you. Your achievements and martial arts It can be said that your talent is unprecedented in our Yuhuashenmen. I dare not say that there will be no successors, but at least it is unprecedented. Anyway, since I came to Yuhuashenmen, I have never seen anyone as powerful as you. No wonder you Such a small young man makes even the Phoenix God and Emperor satisfied."

At this time, Ye Feng heard Gu Taixu say this, and said slightly modestly: "Senior Taixu is ridiculously complimentary."

The Supreme Headmaster just glanced at Gu Taixu in surprise. It was the first time that he saw the fresh and indifferent senior brother Taixu say so many words of praise for a young man.

It can be seen that Ye Feng, a young man, has really been recognized by Gu Taixu, and there is even a kind of admiration in his tone.

After discussing with the two people for a while, Ye Feng was ready to leave.

"Wait a moment."

Suddenly at this time, Gu Taixu spoke up: "The Lord Tianlong is probably very greedy for the inheritance of the Heavenly Dragon Emperor in you. This time you leave the Yuhua Divine Sect, do you want me to accompany you to pick up the man you said was framed? Disciple Shen Cangtian?"

Ye Feng shook his head, walked towards the outside of the central hall, and said with a smile: "If he dares to come, then he will definitely be the last person to die."

After the words fell, Ye Feng's figure had disappeared from the white jade square outside the main hall.

At this moment, the Supreme Headmaster and Gu Taixu in the central hall were stunned for a moment, and then they all looked at each other and smiled.

"This kid is really confident..."

Gu Taixu couldn't help but shook his head.

The Supreme Headmaster said aloud: "The Heavenly Dragon God Lord will definitely grab Ye Feng's inheritance, but this can also be regarded as a test for Ye Feng. If Ye Feng can't even pass the Heavenly Dragon God Lord level, then he is not qualified to become the commander of the Feathered God Sect that will enter the dark battlefield next."

Gu Taixu nodded and said, "Don't worry, I know Ye Feng very well. If he doesn't have absolute confidence, he won't say such things."

The supreme leader also nodded and said: "We should hurry up and gather all the disciples of the Yuhua Shenmen and train them into a coordinated human army as soon as possible. After Ye Feng returns, we can go directly to the battlefield." Ye Feng said. When he heard Gu Taixu say this, he couldn't help but nodded.

It seems that the Supreme Leader and Senior Taixu have guessed that they may be able to use some evil eye abilities.

Ye Feng nodded and said loudly: "I can agree to your request, but you must also fulfill your promise. Regardless of whether this battle is successful or not, you need to jointly elect me to the Blue Sky Holy Land."

Chapter 1989 The Lord Tianlong takes action

After Ye Feng left the central hall, he flew directly towards the Cangtian Empire.

The Cangtian Empire is located in a remote corner of the wilderness, and Ye Feng came from there, so he doesn't need to look at the map and can find the right direction directly based on his memory.

Just when Ye Feng left the Yuhuashen Gate.

He instantly sensed a looming and powerful aura following behind him, hidden in the void.

This time Ye Feng left the Yuhua Shenmen with an extra caution, so no matter how hidden the figure was, the clues were captured by Ye Feng's powerful soul power.

"The cultivation aura seems to be that of the tenth level of Dao Realm, and there is a wisp of dragon aura, which is very similar to the energy of my Heavenly Dragon Emperor's inherited Heavenly Dragon Emperor Technique. It seems that the person following me is undoubtedly the Heavenly Dragon God Lord. "

At this moment, Ye Feng was thinking secretly in his heart, and a cold smile appeared at the corner of his mouth.

His eyes were filled with boiling murderous intent.

At this time, Ye Feng was also sure that when he met the Phoenix Human Emperor that night, the two men in black robes who chased him must have been sent by the Lord Tianlong.

After the two men in black robes died, they still failed to scare the Lord Tianlong.

This time Ye Feng left the Yuhua Shenmen alone, but the Lord Tianlong still followed him.

At this time, Emperor Chu spoke in the storage ring: "Ye Feng, do you want to find a place to kill the followers behind you?"

Ye Feng shook his head slightly and said loudly: "This place is still very close to the Yuhua Shenmen. If we take action now, we may scare the snake. After all, the Lord Tianlong is also a legendary figure of his generation, and his combat power must be very terrifying. This will be a battle. It will be a fierce battle, so we need to be as far away from the Yuhua Shenmen as possible, so as not to attract anyone to watch the battle, so that we can suppress the Heavenly Dragon God Lord with peace of mind."

Emperor Chu nodded: "You are right, but what should I do if the Heavenly Dragon God suddenly takes action?"

Ye Feng smiled

He smiled and said very confidently: "The Lord Tianlong has the same idea as us now. He definitely wants to wait until I am far away from the Yuhua Divine Sect before taking action."

Ye Feng's guess was correct. He flew for several days and nights, but the Lord Tianlong was patient and did not rush to take action. Even Ye Feng had to admire the patience of the Lord Tianlong.

And on this day, Ye Feng came to a desolate desert.

After passing through this desert, you can reach the Cangtian Empire.

And this place is already very far away from the Yuhua Shenmen.

Suddenly at this time.

"Boom!"

A golden dragon claw, full of endless majesty and sharpness, was suddenly grabbed from high in the sky, as if it could tear the entire world apart.

"Master Tianlong! You really can't help but take action! I've been waiting for you for a long time!"

But at this time, Ye Feng was not panicked at all.

Instead, he turned around sharply, looking at the golden dragon claws high in the sky with a smile on his face.

"Boom!"

Almost at this moment, an ancient evil demon that towered over the sky and the earth rushed out of Ye Feng's storage ring.

"boom!!"

The ancient evil demon held a huge claw and bombarded it directly into the sky. When it collided with the captured golden dragon claw, an earth-shaking roar suddenly broke out. It was like cracking gold and stone, and it was extremely harsh. .

The next moment, the golden dragon claw was shattered by the ancient evil demon.

"Huh? No wonder you are so calm, it turns out there is an ancient evil demon in you!"

Accompanied by a cold

With the sound of laughter, a young man wearing a golden robe came from the end of the desert.

This young man wearing a golden robe is none other than the Heavenly Dragon God Lord among the ten great God Lords of the Yuhua Shenmen!

Lord Tianlong turned out to be just an ordinary disciple of the Ascension God Sect.

But he ventured into the ancient Tianlong Cave and obtained the inheritance cave from the adults of the ancient Tianlong clan, so he soared into the sky and became a god-lord level figure.

So it is equivalent to an upstart big shot.

Therefore, when he met Ye Feng, a young man with the inheritance of the Heavenly Dragon Emperor, the Heavenly Dragon God Lord naturally couldn't bear the greed in his heart and tried every means to kill Ye Feng and obtain his inheritance.

Because now only the unparalleled inheritance of the Heavenly Dragon Emperor can make the Heavenly Dragon God Lord further powerful.

At this time, Lord Tianlong stared at Ye Feng and said with a cold smile: "Ye Feng, Ye Feng, I have to say that your luck is really good. That night, you were able to get the Phoenix Human Emperor to take action and kill the two supers I sent over. All the powerful ones were killed, which caused me heavy losses. I only have two powerful beings at the Taoist level under my command, but they all died because of you."

Ye Feng's face was expressionless at this time, and he said in an indifferent tone: "If they didn't come to trouble me, they wouldn't be dead. It was all because of your own greed that you killed those two men of yours. You Saying this now is just to make excuses for my inner guilt and powerlessness."

"shut up!"

Lord Tianlong immediately shouted angrily.

Then a gloomy smile suddenly appeared on his face, and he said loudly: "Ye Feng, you can't be prouder. No one is helping you today. Phoenix Human Emperor, you can't ask for help for a while, so today you will definitely Death in my hands, do you really think this ancient evil behind you can protect you?

I also have a trump card! "

Boom!

Almost at the moment Lord Tianlong finished speaking, his bracelet suddenly glowed with light.

A dragon with green scales all over his body flew out of the space of his bracelet. The thick demonic aura exuding from his body made him reach the tenth level of the Taoist Realm!

It is an evil beast on the same level as the ancient evil demon!

"I didn't expect that."

Lord Tianlong laughed loudly, and then immediately gave the order: "Qinglong, hold that ancient evil demon down for me. I will personally kill Ye Feng!"

"It's the master!"

The green dragon with metal scales all over its body roared suddenly, full of endless ferocious power. In an instant, it rushed towards the extremely tall ancient evil demon, opening its ferocious mouth, which was filled with dense steel-like flesh. The silver fangs look evil and ferocious.

This does not seem to be a pure blue dragon, but a mutated dragon, which looks very scary.

"Roar!!"

The ancient evil demon was also extremely ferocious in nature. At this time, it was natural that he would not be outdone. He waved two black claws and rushed towards the flying blue dragon in an instant.

Boom!

Boom!

The two behemoths were fighting together in an instant, a very primitive and brutal attack method, tearing each other apart and killing each other, causing a huge commotion in the entire desert.

At this time, Lord Tianlong's golden pupils stared at the lonely Ye Feng for an instant. A cruel smile appeared on his face and he said loudly: "Your biggest support has been contained. Next, you Just enjoy your own death slowly, don't worry, I won't kill you directly, I will torture you slowly until you tell the inheritance of the Tianlong Emperor."

Chapter 1990 Illusion

At this time, he looked at the cruel smile on the face of Lord Tianlong in the distance.

Ye Feng remained extremely calm and said: "Master Tianlong, are you really sure that you can defeat me?"

Lord Tianlong said coldly: "Your biggest trump card, that ancient evil demon, has been restrained by me. What other means do you have to compete with me now?"

Ye Feng said calmly: "My own strength is not weak either."

Lord Tianlong immediately burst out laughing, his tone full of sarcasm: "I admit that you have made rapid progress and have broken through to the half-step realm in a short period of time, but I want to tell you that my current cultivation level is only the entry-level realm. The tenth level of the Great Perfection Realm, the Dao Realm is not as good as the Titled God Realm. The gap between each level of the Dao Dao Realm is very big. Believe it or not, I can crush you to death with one hand."

Ye Feng's eyes were cold and he said loudly: "You can give it a try."

"Emperor Dragon Claw!"

Suddenly at this moment, Lord Tianlong took action.

One of his hands immediately turned into an extremely strong metal scale dragon claw, and he immediately grabbed Ye Feng.

"Emperor Tower!"

At this moment, Ye Feng immediately released his powerful soldiers, the Emperor's Tower.

A small dark golden tower immediately flew out of Ye Feng's body, exuding a divine light. The next time it turned into a huge metal tower, it directly collided with the golden dragon claws of the Lord Tianlong. Together.

"when!!"

Suddenly there was a harsh sound of metal delivery high in the sky.

Although the Lord Tianlong is powerful, its golden dragon claws did not scratch the Emperor's Tower, but only scratched out a white mark on the surface of the Emperor's Tower. There was no obvious damage at all.

"Emperor Tower?"

The eyes of Lord Tianlong God

Shocked, he couldn't help but say: "The Supreme Leader really loves you, a young man, and even gave you all his magic weapons."

Ye Feng said aloud: "This is the first reward I got in the True Inheritance Trial, and now I can use it to deal with you."

Boom!

At this time, under the control of Ye Feng's mind, the Emperor's Tower immediately turned into a huge tower, emitting infinite divine light, and suddenly bombarded towards the Lord Tianlong.

"If you had entered the realm of Tao through cultivation, I might not be able to defeat you by running the Emperor's Tower, but now that your cultivation has not entered the true realm of Dao, you will not be able to exert the true power of the Emperor's Tower. , I just happened to kill you today, get the inheritance of the Tianlong Emperor, and get the Emperor's Tower, I have to say, my luck is really good!"

At this moment, the eyes of Lord Tianlong were filled with greed.

He simply stretched out his hand and shouted: "Space Confinement!"

This is a method only available to those who have entered the Dao realm.

The Phoenix Human Emperor also used this method before burning the two black-robed men to death, and was able to confine everything in a small space at once.

"Buzz!"

At this moment, the Emperor's Tower was immediately imprisoned high in the sky by the Lord Tianlong, and was unable to move for a moment.

It has to be said that Lord Tianlong still has two skills. He is very powerful and has many methods.

However, Ye Feng still remained calm at this moment.

He knows very well that the Heavenly Dragon God Lord has been able to reach this point, and he is naturally not an existence that can be dealt with casually.

exist.

"In that case, let's fight to the fullest!"

Ye Feng suddenly burst out with an extremely strong fighting spirit.

"Ye Feng, I admit that your cultivation has improved very quickly recently. Not long after you entered the Yuhua Divine Sect, you have already broken through to the half-step realm. But you have to know that the gap at each level of the Tao realm is huge. It's extremely big, much larger than the Titled God Realm, so you don't understand how huge the gap between us is now. The fate of you and me is destined to be death, and you will die soon! "

Lord Tianlong immediately roared, his eyes filled with deep disdain and sarcasm.

Boom! !

The power of the Great Perfection of the Tenth Level of the Dao Realm exploded in full force. The entire energy frenzy was like a vast ocean, pouring out crazily from the body of the Lord Tianlong, and it suddenly shattered the fate whirlpool of the reincarnation skills of the heavens into pieces.

"Hahaha!"

Lord Tianlong laughed loudly, his tone full of sarcasm: "Ye Feng! You are a little half-step warrior! How can you compete with me? Death is your destined fate and end!"

But just when Lord Tianlong was laughing, Ye Feng suddenly took advantage of the moment when Lord Tianlong relaxed his vigilance towards him, and suddenly released the strongest trump card of God Lord Hongchen that he had stolen from the clone of Lord Hongchen. A strange sight in the world of mortals!

"Buzz!"

Almost without any warning, a vast world of mortals immediately enveloped the Heavenly Dragon God Lord who was laughing loudly.

At this moment, God Lord Tianlong suddenly found that the environment around him was no longer a desert area. He turned into a weak and weak scholar who was surrounded by a group of bandits in a deserted wilderness. ...

"What's going on? Why did I suddenly become a helpless person? What's going on?"

Lord Tianlong didn't have the powerful soul power of Ye Feng, so at this moment he was suddenly immersed in the illusion, unable to escape at all, and could only be beaten miserably by a group of bandits.

"The ancient vision of the golden troll!"

At this time, Ye Feng, who was outside the illusion, took advantage of this once-in-a-lifetime opportunity to release his most powerful golden troll ancient vision, which represented the ultimate power and attack.

"Rumble..."

A huge troll suddenly rose up from Ye Feng's body, holding a black fist the size of a planet. It was full of unparalleled destructive power and impact. In an instant, it was facing Tianlong who was lost in the illusion below. The God Lord blasted away.

"Boom!!"

The terrifying and boundless power exploded.

The golden troll's terrifying blow directly hit the Lord Tianlong.

"ah!!"

The Lord Tianlong immediately let out an earth-shaking howl.

"Click, click..."

Almost at this moment, all the bones in the Lord Tianlong's body were broken into pieces.

But at this time, the Heavenly Dragon God Lord was also forcibly attacked from the illusion.

God Lord Tianlong immediately vomited blood, with an incredible look in his eyes, staring at Ye Feng high in the sky, and couldn't help shouting: "The vast world of mortals! This is God Lord Hongchen's special skill! Even the Supreme Headmaster was from She said she wanted to study, but she ignored her. How could you, a young disciple? This is impossible!"
