Chapter 2131 Declaring War on the Whole World

Ye Feng stayed in the trading city for a while and successfully refined the Giant Ancient God Tower he had just obtained. From then on, the Giant Spirit Ancient God Tower became Ye Feng's natal magic weapon.

During this period of time, Ye Feng, nestled in this large trading city, also received the news that the final battle in the depths of another dimension was over.

In the end, the Frost Prince fled in embarrassment and was said to have fled back to the capital of the Kingdom of Frost.

The Dark King and Xiao Tianshen had a great battle in the abyss. As a result, both sides suffered losses. Xiao Tianshen suffered heavy losses and lost the Giant Spirit Ancient God Tower, which made everyone in the entire Alliance land laugh.

The Dark King was finally united by the Holy Lords from the Four Holy Lands and directly suppressed him, and is now imprisoned in a mysterious place.

After hearing the news, Ye Feng breathed a sigh of relief.

Xiao Tianshen suffered a heavy blow this time, which was good news for him.

But before Ye Feng could relax for long, suddenly a piece of news completely detonated the entire extra-dimensional space area.

That is, although Xiao Tianshen, who was seriously injured, was in seclusion, he issued an order that confused countless people.

That is to send most of the powerful men from the Gods Association to search for the whereabouts of a disciple of the Blue Sky Holy Land named Ye Feng around the extra-dimensional space area.

If found in the search, Ye Feng will be shot dead on the spot!

This time, even the most mysterious first hall leader of the Gods Association, Jun Tiance, personally came to the extra-dimensional space area.

All trading cities around the entire extra-dimensional space were surrounded by experts from the Gods Association, forming a siege network.

As soon as this news came out, the entire alliance land was boiling.

Everyone is speculating that Xiao Tianshen, who was seriously injured, suddenly issued this order. Could it be that Ye Feng was the mysterious man in black robe who was deep in the different dimension that day?

Ye Feng

After hearing the news, I couldn't help but be shocked.

Could it be that Xiao Tianshen had seen his true face that night?

But no matter what, this time the gods will be out in force, and Ye Feng knows that he has to be careful.

However, he is not too worried. After all, Ye Feng's own cultivation has improved a lot now, and he still has the giant ancient god tower on his body, not to mention that he is accompanied by an extremely powerful ancient warrior, the Killing Sword Demon.

Among the masters of the Gods Association, except for the top few hall masters, Ye Feng was not afraid at all.

And just a few days later, the Council of Gods once again sent out a message.

That is, if anyone can kill Ye Feng and bring Ye Feng's head to the Gods Association, he will be rewarded with 10 million divine crystals and a half-step supreme weapon from the Gods Association.

After the news of this bounty reward was sent out, the entire alliance land was boiling.

Countless experts all rushed to the different-dimensional space area to search for Ye Feng's whereabouts.

There must be a reckless man under a lot of money.

Ye Feng himself did not expect that the Gods Association would not only use their own power to repair himself, but also put a heavy bounty on his head, allowing all the masters from the four major regions of the Alliance to hunt him down.

This is a bit troublesome.

However, Ye Feng no longer had the fear he had at the beginning at this time. He came directly to the entrance to the different dimension space, and then yelled: "I am Ye Feng! If you want to kill me in the Gods Council, it's not that Simple! From today on, I will be waiting for you in the world of different dimensions. If any of you want to kill me, just come, I guarantee you.

No one can get out alive! "

Ye Feng's roar resounded throughout the entire area around the extra-dimensional space.

Countless people heard this extremely domineering announcement.

"Is that black-robed boy Ye Feng?"

"How brave! No wonder you dare to challenge the gods!"

"Although this disciple of Qingtian Holy Land looks young, his courage is really beyond the reach of ordinary people!"

...

At this moment, everyone in the countless trading cities below heard Ye Feng's roar.

Everyone couldn't help but exclaimed in surprise.

Ye Feng's roar was like declaring war on the entire world!

It's really crazy to the extreme!

"Stupid! How dare you take the initiative to expose your own traces! All members of the Gods Association are dispatched to me to kill Ye Feng! This is the order of the president, Senior Brother Xiao Tianshen!"

In the trading city below, a young man in flowing white clothes and extremely chic spoke out at this time.

There was strong murderous intent in his tone.

Cold as a knife.

This handsome young man in white is the leader of the entire Gods Association this time, the first hall master, Jun Tiance!

His cultivation is extremely terrifying and unfathomable. Among his generation, he is definitely the top existence!

At this moment, Jun Tiance led a group of masters from the Gods Association and rushed toward the entrance to the different-dimensional space high in the sky.

At this moment, many masters who came from the trading city below and wanted bounties also followed suit.

For them, the rewards from the Gods Council are too generous.

They simply couldn't say no.

so

At this time, countless masters were all heading towards Ye Feng.

They all want to kill Ye Feng, then cut off Ye Feng's head and send it to the Gods Council in exchange for the huge bounty reward.

At this time, Ye Feng entered a different dimension.

Ye Feng knew that if he stayed in the trading city below, he would be searched and discovered by the people of the Gods Association sooner or later.

It would be better to directly enter the vast small world of another dimension and let all those who want to kill you come to hunt you down.

You can then counter-hunt by yourself.

Being provoked again and again by the Gods.

Ye Feng also lost his patience.

This time he will kill the gods to the point of fear in front of the people of the world!

It just so happened that Xiao Tianshen suffered a heavy blow this time and could not show up easily.

Ye Feng is going to kill him this time!

There are also those masters who are chasing him for bounty, and Ye Feng will naturally not show mercy.

As long as Ye Feng dares to appear in front of him, he will kill him, just as nourishment for his own practice.

So considering all this, Ye Feng suddenly rushed to the entrance of another dimension and declared war on the entire world.

Because this is also a big gamble for Ye Feng!

He bet that he wouldn't die!

Instead, bathe in endless blood and grow to a new level of power!

When Ye Feng disappeared at the entrance to another dimension.

Jun Tiance, the first leader of the Association of Gods, led a group of people to the entrance.

Jun Tiance looked at the direction in which Ye Feng disappeared and said with a cold smile: "You arrogant guy dares to expose his whereabouts in front of everyone's attention. He seems to be courageous, but in fact he is arrogant and stupid! Ye Feng, you can't escape. !"

Chapter 2132 Hunting evil beasts

After Ye Feng entered the different-dimensional space, he did not immediately encounter those who were chasing him head-on.

After all, now Ye Feng knows that those people must have gathered together, and there are masters from all over the alliance, as well as various masters from the Gods Association, who are not something he can fight against now.

If you fight with them rashly, there is a high chance that you will fall.

So Ye Feng is now preparing to grow up in this different dimension space.

When Ye Feng entered the different-dimensional space before, he actually always wanted to stop Xiao Tianshen's plan quickly, so he did not explore the entire different-dimensional space and went directly to the deepest area of the different-dimensional space.

In fact, the entire extra-dimensional space is a very vast small world, very vast, almost as big as the entire alliance land.

There are not only the inherited relics of various ancient cultivation civilizations, but also many other powerful native creatures in different dimensions.

That's why such a vast small world gave birth to so many trading cities. It has become a new treasure hunting place in the alliance, and has formed a complete ecological trading circle.

Therefore, Ye Feng is not afraid that those who are chasing him will find him soon in the vast land of this different dimension. He will wait until he develops in this different dimension before looking for trouble with them.

...

Three days later, Ye Feng was fighting with a dragon with three heads in an ocean.

This is a very ferocious ocean monster!

"Roar!!"

The three-headed ocean dragon roared loudly.

Boom! !

A blue energy beam burst out from each bloody mouth in an instant, penetrating the sky in an instant, and bombarding Ye Feng in an instant, as if it could shatter everything.

This ocean dragon is very powerful, possessing extremely powerful cultivation, and the demonic energy in his body is very powerful.

However, although it was extremely powerful, Ye Feng chose to come to this ocean to fight with it, with the purpose of swallowing the demonic essence of this ocean dragon.

Because the energy and blood essence provided by this powerful monster are extremely sufficient, allowing Ye Feng to grow rapidly.

At this time, seeing three terrifying energy beams bombarding him, Ye Feng's eyes showed no fear at all.

He instantly stretched out his hands, clenched them into fists, and then struck hard in front of him.

Sky Meteor Fist!

The terrifying punch power exploded instantly, directly forming countless terrifying meteors that crashed towards the front.

"Boom!"

A series of terrifying roars suddenly erupted on the field.

In the end, Ye Feng's Sky Meteor Fist shattered all the energy beams. Punch after punch was filled with boundless power, and it hit the ocean dragon hard, destroying the huge dragon. It was blasted directly into the bottom of the ocean, and blood stained the entire sea surface red.

This powerful ocean dragon was finally beaten to death by Ye Feng with random fists, killing him instantly.

At this time, Ye Feng directly released the Devouring Domain and began to devour the huge dragon essence on this ocean dragon.

"

Wow..."

Huge streams of blood essence were instantly injected into Ye Feng's body, rapidly strengthening his martial arts origin and cultivation skills.

Ye Feng's cultivation at this moment suddenly began to grow and make breakthroughs.

"Boom!"

Take control of the seventh heaven!

An ocean dragon can allow Ye Feng to directly break through the first level of the sky, which is already very impressive.

At this time, Ye Feng left the sea and continued to fly in another direction.

He had previously bought a map in the trading city below. The map contained many instructions about various special places in different dimensions.

For example, this inland ocean, as well as the cloud and mist mountains not far away, as well as some glaciers, forest swamps, etc., are all home to some very powerful evil beasts.

These evil beasts grow in different dimensions and absorb the divine energy left over from the wars of gods. They are stronger than ordinary evil beasts, and the energy they provide is naturally extremely powerful, which is exactly what Ye Feng needs.

Next, Ye Feng went to these special places one by one, looking for powerful evil beasts to fight, and then devoured the blood and energy of each evil beast.

Half a month later, Ye Feng's cultivation level increased to the tenth level of control, the Great Perfection state.

But after reaching the perfection of the tenth level of control, Ye Feng found that even if he hunted those powerful evil beasts, he could not break through this big bottleneck in a short time.

The Killing Sword Demon suggested that we need to find some special treasures, such as some elixirs that have grown for tens of thousands of years, to help Ye Feng break through the final bottleneck in an instant.

When Ye Feng heard the suggestion of Killing the Sword Demon, he immediately nodded in agreement and said, "Then I will go to some inaccessible places to look for that precious elixir."

The Killing Sword Demon followed Ye Feng throughout the whole process and did not take action because he felt that he did not need to take action at all.

Moreover, Ye Feng also asked the Killing Sword Demon to remain mysterious and not to expose his cultivation by taking action easily, so that he could give all his enemies a huge "surprise" at the critical moment.

And just after Ye Feng climbed a thousand-year-old mountain.

He wanted to find a vantage point to overlook the entire surrounding environment and see where the peerless elixir might grow.

But just when Ye Feng had just reached the peak of Dayue, suddenly a huge steel spirit boat rushed over from the horizon not far away.

There is also a battle flag with a skull pattern on this steel spirit boat, which looks quite impressive.

On that huge spirit boat, there were more than a dozen wandering warriors with powerful auras, all of whom were impressively strong at the tenth level of the Control Realm. There was even a half-step Feathering Realm existence that had surpassed the Control Realm.

The moment this group of people saw Ye Feng, their eyes immediately showed greed, and they said directly to Ye Feng who was standing on the mountain below: "Boy, standing in such a conspicuous place is not a very good thing. Good thing, so you have been discovered by our skeleton mercenary group. Hurry up and hand over all the wealth you have, and we will spare your life. "

Obviously, this so-called skeleton mercenary group was not the ones chasing Ye Feng, but a mercenary group composed of wandering warriors who happened to be passing by, specializing in plundering other people's wealth.

Ye Feng raised his head slightly at this time, looked at the group of wandering warriors with greedy eyes, and said indifferently: "You have offended the wrong person." After Ye Feng entered the different dimension space, he did not immediately face those who were chasing him. come across.

After all, now Ye Feng knows that those people must have gathered together, and there are masters from all over the alliance, as well as various masters from the Gods Association, who are not something he can fight against now.

If you fight with them rashly, there is a high chance that you will fall.

Ye Feng raised his head slightly at this time, looked at the group of wandering warriors with greedy eyes, and said indifferently: "You have offended the wrong person."

Chapter 2133 Fengyun Gorge

For Ye Feng, this group of so-called strong men from the skeleton mercenary group did not pose any threat at all.

But for the masters of the Skeleton Mercenary Group, Ye Feng was not as scary as imagined.

Because in their inner thoughts, Ye Feng might just be a disciple of a big family who was alone on this mountain, or an ordinary disciple of a certain sect. After all, Ye Feng looked ordinary and had no Exuding some powerful and terrifying cultivation fluctuations.

So this group of skeleton mercenaries met Ye Feng, landed from high altitude, and wanted to loot Ye Feng's wealth. After all, what they were doing in this different dimension was to rob personal wealth.

They couldn't afford to offend the disciples of the big forces, but a lone boy made the skeleton mercenary group feel hugely greedy.

At this time, a master from the Skeleton Mercenary Group who controlled the tenth level of the realm landed directly from the spirit boat and strode towards Ye Fengxu Kong.

He walked down from the high altitude step by step, with contempt in his eyes, overlooking Ye Feng below, and said loudly: "Boy, don't pretend to be a master, this kind of fake power is of no use to us. Our skeleton mercenary group all came from licking blood from the edge of a knife. If you know the truth, hurry up and hand over all the storage rings, storage bracelets, and other things that contain wealth on you. Otherwise, I will let you know later. It's called pain."

Ye Feng raised his head slightly, glanced at the master of the skeleton mercenary group, and said loudly: "You talk too much nonsense."

"Stubborn!"

The master of the skeleton mercenary group suddenly showed a look of anger and cruelty on his face, and he rushed towards Ye Feng. A blood-red long knife appeared in his hand, and he slashed towards Ye Feng fiercely. , I want to kill Ye Feng directly, and it will be over.

"Uh-huh!"

But suddenly at this moment, Ye Feng stretched out a finger and pointed it on the blood-red long knife of the master of the skeleton mercenary group.

"Crack, click, click..."

At the next moment, the blood-red sword immediately shattered inch by inch, causing everyone on the field to look in shock and anger.

"So strong!"

A group of people from the skeleton mercenary group instantly realized that this boy in black robes was definitely a master among masters. He was not as ordinary as he seemed on the surface. He was probably a big force. Among the geniuses.

"What a great idea! Let's do it together!"

All the masters of the skeleton mercenary group on the spirit boat took action at this moment.

They are basically all masters who have mastered the Dzogchen realm of the Tenth Heavenly Realm, and the leader is still a half-step to the Ascension Realm.

It can be said that such a force has

It has become very powerful.

At this time, they took action one after another, without any reservation in an instant, attacking their most powerful inheritance.

"The Proud Thirteen Swords!"

"Heaven and Earth's Infinite Hand!"

"Blood Demon Heart Sutra!"

"Heavenly Demon Dafa!"

"Soul-Splitting Cross Slash!"

"The Turtle Breathing Technique!"

"The Infinite Void Divine Light Code!"

"The true form of Chunyang Martial God!"

...

At this moment, a group of masters from the skeleton mercenary group violently released their most powerful attacks. The long rivers of energy formed by powerful inherited secret techniques were all directed towards Ye Feng in an instant. Sweeping in the direction, this terrifying attack can definitely kill a super master in an instant.

But at this time, facing the terrifying wave of attacks, Ye Feng's face showed no fear at all. Instead, he still maintained a very calm expression.

Just like those countless terrorist attacks, in front of Ye Feng, they were just like small fights.

"Hahaha! This kid is so scared!"

"I'm just saying that no matter how powerful this kid is, he can't withstand our joint attack!"

"This frenzy of attacks that we have joined forces and all the inherited martial arts combined to form a terrifying destructive force, even a true feathered realm powerhouse who has surpassed the realm of control cannot withstand it!"

...

When a group of people from the skeleton mercenary group saw Ye Feng standing there motionless, they all laughed sarcastically, with expressions of joy and contempt on their faces.

"A bunch of fish."

But at this time, Ye Feng suddenly spoke up.

The moment Ye Feng finished speaking, he stretched out a hand and grabbed it in front of him.

With this hand, Ye Feng displayed the first level of the inheritance of Lord Panwu, Panwu Dharma.

"Boom!"

Ye Feng's hand immediately expanded in the sky and became a majestic and boundless palm, covering the sky and the sun.

This is a real hand of Panwu God!

It was the palm of an ancient god that manifested itself!

Full of unparalleled destructive power and coercion. It can simply crush everything.

"Boom!"

Accompanied by a burst of extremely terrifying destruction

With the sound, Ye Feng's powerful hand directly crushed all the attacking waves, which was simply devastating.

"What?!"

When all the masters of the skeleton mercenary group saw this scene, their eyes were suddenly shocked, and their faces showed deep incredulous expressions.

"Boom!"

However, before these masters of the Skeleton Mercenary Group were given time to be shocked, Ye Feng's giant Panwu hand continued to fall, as if it was bombarded by an ancient mountain, full of irresistible impact and destructive power.

"Pfft!"

"Pfft!"

"Pfft!"

"..." ??

All the masters of the skeleton mercenary group were shattered.

It turned into blood mist and died instantly.

In the end, there was only one leader of the skeleton mercenary group who was in the semi-elevated realm, lying on the ground just barely alive.

He had a set of metal armor on his body, which protected him from the devastating damage of this powerful hand, but the metal armor was already broken.

Ye Feng came over at this time and was about to crush the leader of the last skeleton mercenary group to death.

"Wait a minute!"

The leader of the skeleton mercenary group roared loudly at this time and begged for mercy in horror: "Sir, have mercy! Master, have mercy! As long as you can let me go, I will tell you a huge secret that our skeleton mercenary group has just obtained." information!"

Ye Feng's eyes flashed at this moment and he said loudly: "Oh? Big news? What big news? Tell me quickly."

The leader of the Skeleton Mercenary Group immediately said: "As long as you agree to let me go, I will tell you the news."

Ye Feng nodded and said loudly: "It doesn't matter if I let you go, just tell me the big news you know. If you dare to lie to me, I will kill you immediately."

"Don't dare lie to the adults!"

The leader of the skeleton mercenary group immediately said: "Just a few days ago, the spirit boat of our skeleton mercenary group passed through a huge canyon. That canyon is called "Fengyun Gorge". It is said that Fengyun The gorge is a wonder of heaven and earth created by an ancient swordsman with a sword. When we passed by there, we originally wanted to go down and check out if there was anything good, but in the end we found that several groups of disciples of big forces were doing it. The confrontation there should be disciples from the major holy places, and there seems to be traces of the Gods Association, the largest disciple faction in our alliance land. They are stationed there, and they seem to have discovered something. It is very likely that under Fengyun Gorge, A place with the inheritance of ancient swordsmen."

\u003c

br\u003e When Ye Feng heard the news from the leader of the Skeleton Mercenary Group, his eyes suddenly lit up.

The inheritance place of ancient swordsmen?

Where are the disciple groups from major holy places gathering?

Is there even a meeting of gods?

"It's really big news."

Ye Feng nodded slightly, looked at the leader of the skeleton mercenary group in front of him, and said loudly: "I have always kept my promises. A gentleman's words are hard to follow, but I can't let you go now because I still have I don't know if the news you gave me is true, so you need to take me to Fengyun Gorge. When we get to the destination, I will make sure it is true and let you go."

Seeing that Ye Feng did not kill him immediately, the leader of the Skeleton Mercenary Group nodded and said fearfully and respectfully: "Yes, sir! Thank you for not killing me!"

At this time, Ye Feng walked to the place where the masters of the skeleton mercenary group who had just been killed by him died, and directly began to release the Devouring Domain.

"Boom!"

A large area of darkness swallowed up the field, instantly spreading out from Ye Feng's body, covering all the dead masters of the Skeleton Mercenary Group.

"Crash!"

All the blood energy of the dead masters of the Skeleton Mercenary Group was absorbed by the Dark Swallowing Domain and injected into Ye Feng's body, rapidly increasing his power.

Although the skills of these masters did not allow Ye Feng to directly break through in cultivation, after all, Ye Feng's cultivation level is now at the final bottleneck of the Tenth Heavenly Perfection of Control, so it is very difficult to break through.

But after all, it added a lot to Ye Feng's skill and made Ye Feng's skill cultivation a little deeper.

And all that Ye Feng did, this strange scene fell into the eyes of the leader of the skeleton mercenary group not far away, but it frightened the leader of the mercenary group.

After all, seeing the bodies of the dead mercenary group members shriveled up in an instant and turned directly into strange mummies, it was so scary and weird that people couldn't help but feel chills.

Even the leader of the skeleton mercenary group, who has been walking on the edge of the knife all year round, was so scared that his legs were weak at this time.

He looked at Ye Feng and felt that this was probably not a human boy, but probably a demon in human skin!

"terrible....."

The leader of the Skeleton Mercenary Group turned pale with fright at this time and did not dare to make any small moves anymore. He decided to take Ye Feng to the Fengyun Gorge with peace of mind, otherwise he would most likely turn into one of those weird mummies. It's scary to think about it!

Chapter 2134 The Sword of the Emperor

Three days later, the leader of the Skeleton Mercenary Group brought Ye Feng to Fengyun Gorge.

Ye Feng was standing next to Fengyun Gorge at this time, hiding and looking at the scene under Fengyun Gorge.

There is a very narrow valley under Fengyun Gorge, but at this time, this small valley is filled with densely packed people.

Ye Feng saw at this time that among this group of people there were disciples from the four holy lands, as well as strong masters from the first-class forces in other alliance lands.

"There are indeed members of the Gods Association!"

The first thing Ye Feng saw was the special costumes of the Gods Association.

However, this group of masters from the Gods Association were not the group of people led by the first hall leader, Jun Tiance, to hunt him down. .??.

This group of members of the Gods Association should be the core members who are scattered in different dimensions, looking for the inheritance of strong people and gaining promotion.

After all, the members of the Gods Association in different dimensions account for almost half of the entire Gods Association. Some of them are specifically hunting for themselves, such as a group of Gods Association masters led by the first hall leader Jun Tiance, but there are also some scattered around. Improve yourself in a different dimension.

After all, Xiao Tianshen allowed more than half of the members of the Gods Association to enter a different dimension this time, in order to enhance the overall strength of the Gods Association.

At this time, Ye Feng met this group of members of the Gods Association, and naturally he would not give up.

At this time, he took out a set of black robes from the storage ring, covered himself, and then entered the crowd under Fengyun Gorge, hiding in the sea of people.

As for the Killing Sword Demon, Ye Feng did not let him appear at this time. The Killing Sword Demon has always stayed in the storage ring space in Ye Feng's hand and can take action at any time.

At this time, Ye Feng entered the crowd and secretly observed every move of the members of the Gods Association.

This time he came to Fengyun Gorge not only to find the inheritance of the ancient swordsman, but also to kill all the core members of the Gods Association.

Now Xiao Tiancheng ordered the entire Gods Association, and even the entire world, to hunt down Ye Feng.

Then Ye Feng will naturally not be polite. As long as he meets the core members of the Gods Association, he will find a way to get rid of them all!

Ye Feng's principle has always been that if others don't offend me, I won't offend others.

But if someone offends me, I will punish them!

"Boom!"

And while Ye Feng was observing secretly, suddenly the ground in the middle of the entire valley shook rapidly.

"What happened? Why is the whole valley shaking?"

"It seems like something is about to rush out from the ground in the middle!"

"It must be the treasure of the ancient swordsman who wants to escape! Hurry and prepare to snatch the treasure!"

...

Almost at this moment, all the masters in the entire valley were ready to move, their eyes

All of them exude the light of greed.

Ye Feng was hiding among the crowd at this time, and for a moment his eyes focused on the middle of the valley not far away.

"Kacha kacha..."

The ground there began to crack rapidly.

Layers of bright light shine from the cracks in the ground, looking extremely magical.

"The treasure is definitely about to be born!"

Some experts couldn't help but exclaimed and quickly flew towards the middle area of the canyon.

Swish, swish, swish!

Swish, swish, swish!

At this time, the countless masters who were watching around them all couldn't bear it anymore and rushed towards the middle area of the valley.

Because at that moment when the ground cracked, there was a bright divine light coming out from under the ground. This scene made everyone feel that there must be a big horse about to rush out from under the ground.

If they move slowly, they may miss the powerful magic weapon.

So at this time, many experts were surrounding the middle area, trying to seize the opportunity.

However, many people in the crowd stood still. Still keeping on the sidelines.

This includes Ye Feng.

Because at this time, Ye Feng's powerful soul power could feel that the place in the middle of the valley looked very gorgeous, but it also had a very dangerous aura.

So Ye Feng did not move forward rashly, because he felt that the treasure left by the extremely terrifying swordsman was. It can't be obtained that easily. Otherwise, it would have been taken away long ago, and it would be impossible to wait until now to be born.

"Boom!!"

And suddenly at this moment, the ground in the middle of the valley exploded instantly.

Swish, swish, swish...

Waves of terrifying sword energy and sword light, like divine swords, quickly pierced through the surroundings.

"Crash!"

It was like a rain of thousands of swords, able to tear everything apart.

This scene was so terrifying that the faces of the first group of experts who gathered around him instantly changed.

"Run!"

Everyone yelled in horror at this time.

Because they all felt that if they were hit by that terrifying sword light, they would most likely be pierced through the body instantly and fall directly.

And sure enough, what these experts imagined was right. Those terrifying sword lights contained extremely terrifying destructive and penetrating power, and were indestructible to everything.

countless swords

The light stabbed towards the surroundings. As long as it was hit, no matter what the master's cultivation level was or what kind of advanced protective armor he was wearing, everything would be pierced through the body in an instant, piercing the flesh and blood, and there was no time to react. He was instantly killed by that terrifying sword light.

This kind of sword light that burst out in an instant was really terrifying. Everyone trembled when they saw this terrible destructive power.

Almost at this moment, the sword light suddenly exploded from the ground and killed a large number of masters surrounding them. They all fell into a pool of blood and died instantly!

At this moment, the group of people standing behind them couldn't help but take a breath of air.

Fortunately, they did not surround the middle area of the valley in advance, otherwise it is very likely that they would be dead now.

"What on earth came out from under the ground? It killed a large circle of masters in one fell swoop!" .??.

"Even strong men with the level of Feathered Realm died in it!"

Accompanied by waves of exclamations, at this moment, everyone's eyes were focused on the middle area of the valley.

"Rumble..."

Suddenly they saw, as those terrifying sword lights exploded, a giant bronze sword slowly rose from the ground and floated high in the sky.

The material of this giant bronze sword looks very ancient. The surface of the sword is engraved with complex patterns, forming patterns of mountains, rivers, and dynasties. It looks vast and majestic.

This giant bronze sword does not have the sharpness of a normal swordsman. Instead, it has the majesty of an emperor. It is really like an emperor among swordsmen. It does not have the sharpness of a sword, but is full of nobility and supreme feeling.

"This is definitely the natal sword of an ancient emperor!"

"No! This is not a war sword! It is an emperor's sword that educates the world! It is specially used to carry the emperor's destiny!"

"In other words, this is an emperor's sword that contains a huge amount of luck? This is of great benefit to the future practice of martial arts. If you can absorb the huge amount of luck in it, it can change a person secretly. The destiny of the future! Can change the future!"

...

Almost at this moment, all the experts present showed extremely excited expressions in their eyes.

Even Ye Feng's face became very hot at this time.

The sword of the emperor!

It's not an ordinary weapon!

That is an imperial instrument that carries a huge amount of luck!

This is of great benefit to Ye Feng in enhancing his Little Fate Technique.

And it also has a huge improvement effect on Ye Feng's unknown future destiny.

☺

In addition, the bronze giant sword that can carry the fortune of a huge emperor is certainly not ordinary.

"I want this sword!"

Suddenly at this moment, Ye Feng jumped directly onto the giant bronze sword, facing countless masters on the field.

"What?"

"Who is that boy! So bold? To face all of us directly?"

"Is this kid looking for death?"

...

At this moment, countless masters saw Ye Feng suddenly appearing on the bronze giant sword, and their eyes suddenly showed deep astonishment.

They have never seen such an arrogant young man!

At this time, a group of members of the Gods Association suddenly showed excited expressions on their faces.

"I've seen his portrait! This is Ye Feng! He's the kid our president wants to kill!"

"Hahaha! It's really hard to find a place after trying hard to find a place, but it turns out it doesn't take any effort at all!"

"Ye Feng, who is only capable of controlling the tenth level of heaven, dares to appear directly in front of our Gods Association. He is really looking for death!"

Suddenly, a group of core experts from the Gods Association burst out laughing.

A member of the Gods Association wearing a robe immediately said to all the masters from the major forces around him: "Everyone, please don't take action for the time being. Let us, the Gods Association, kill Ye Feng first!"

"no!"

But at this moment, all the masters from all major forces in the room refused.

"The reward for Ye Feng's head is worth 10 million divine crystals and a half-step supreme magic weapon! He belongs to me!"

"Hmph! Who can kill this Ye Feng depends entirely on his ability, so don't fight over it to see who can kill him first!"

...

At this time, a group of experts were all fighting over who could kill Ye Feng.

Seeing this chaotic scene on the field, Ye Feng found that he seemed to have become a "commodity" for others to choose.

This made Ye Feng's eyes suddenly darken.

Ye Feng smiled coldly at this time, looked at all the hundreds of masters in the audience, and said slowly: "That's enough! Shut up, everyone! I'm going to kill all of you today!"

Boom! !

Almost at this moment, Ye Feng immediately released the Giant Spirit Ancient God Tower.

The terrifying huge ancient tower turned into a towering and vast mountain in an instant, directly shrouding all the experts in the audience under the shadow of the giant tower.

"No one can escape today! Everyone must die!"

Chapter 2135 Crush everything

Buzz!

The moment the huge ancient giant spirit tower appeared, the sky and the earth above the entire valley changed color. The sky instantly became dark, and a dense black cloud appeared, which was like a black cloud that was threatening to destroy the city.

At this time, the Giant Spirit Ancient God Tower descended from the sky, suppressing all the masters in the valley in a small space in the valley, and no one could escape.

It was like an iron gate in the sky had closed, imprisoning everyone.

Moreover, the giant ancient divine tower that was now the size of a mountain was slowly falling down, crushing everyone.

"Attack quickly!"

At this moment, the countless masters in the valley and we all bombarded high into the sky.

"when!"

"when!"

"..."

But no matter what kind of attack it is, no matter what high-level magic weapon it is, it is impossible to shake the ancient giant spirit tower when it is bombarded. It makes a sound of metal collision, just like hitting a copper wall and an iron wall.

"What?!"

"The attack by hundreds of us had no effect on this ancient tower!"

"How is this possible? What kind of treasure is this?"

Everyone was a little panicked at this time.

Because they found that everyone working together could not shake the huge ancient tower.

That dark ancient tower, like an eternal monument, came from the age of mythology and broke through time and space. It can suppress everything. It stands between heaven and earth, and no one can shake it.

"I understand! This giant tower must be the Ancient God Tower of Giant Spirits!"

"That's right! Many people have recently speculated that this Ye Feng is the mysterious man in black robe who destroyed Xiao Tianshen's plan! In other words, the ancient artifact that suppressed the Dark King in the depths of the extra-dimensional space, the Giant Spirit Ancient God Tower, is this Ye Feng got it!"

...

At this moment, some people's speculation suddenly caused an uproar in the entire field.

Ancient artifact!

Everyone looked at the ancient tower that fell from the sky, with fear in their eyes, but at the same time there was also a deep excitement.

Because this is an ancient artifact that surpasses the supreme weapon!

Now it appears in everyone's sight.

if they could get

With this ancient artifact, what kind of terrifying improvement will happen to their strength?

At this moment, greed suddenly covered up the fear in everyone's hearts.

They roared and roared, attacking high in the sky.

However, the Giant Spirit Ancient God Tower was still slowly suppressed and could not be shaken at all.

"Quickly kill Ye Feng who is standing next to the bronze giant sword! He has probably refined the ancient artifact of the Giant Spirit Ancient God Tower! As long as you can kill him! You can break the prison of the Giant Spirit Ancient God Tower, and even It's to win this ancient artifact!"

At this moment, countless masters burst out with terrifying murderous intent and rushed towards Ye Feng in an instant.

"Well done!"

Ye Feng didn't have any fear at all at this time. He saw countless masters rushing towards him. Not only were their eyes devoid of fear, but they were filled with a killing excitement.

"The first level of Panwu God Lord!"

"Pan Wu Dharma Prime Minister!"

At this moment, Ye Feng activated all his magic power, and his whole body suddenly expanded into a huge appearance of Panwu God!

"Boom!"

He slapped it out, and that hand was as majestic and vast as the ancient Great Mountain, full of endless energy and destructive power, and instantly slapped away all the dozens of masters who rushed over first.

The dozens of experts were sent flying into the canyon. Without paying attention, they were shattered into pieces by the ancient giant spirit tower above.

"hiss!"

"How can it be so powerful?"

"Isn't his cultivation similar to ours? He controls the tenth level of heaven!"

...

The other masters who saw this scene couldn't help but gasped at this moment, as if they were incredulous at the powerful power that Ye Feng burst out in this moment.

At this time, a group of experts from the Gods Association seemed to have seen something incredible, with deep shock in their eyes.

"This is....."

"The true form of Panwu God's Dharma!"

"How is that possible! Isn't this the exclusive technique of our president, Senior Brother Xiao Tianshen?"

How come this Ye Feng can do it too? "

"And he seems to be very skilled. He directly condensed the appearance of Panwu God, and exploded the power of the ancient god. He is absolutely invincible at the same level!"

In an instant, the faces of a group of masters from the Gods Association suddenly became very wonderful, full of a series of complex emotions such as shock, disbelief, and panic.

Because the inheritance of Lord Panwu is so special, only Xiao Tianshen, the president of their association of gods, possesses it.

Or only a few of the top subordinates under Xiao Tianshen can practice a little bit of the inheritance of Panwu God.

But now a group of members of the Gods Association saw that Ye Feng had also displayed the power of Lord Panwu, and they were immediately frightened and dumbfounded.

"What exactly is going on?"

A group of masters from the Gods Association couldn't help but exclaimed at this time.

But Ye Feng didn't have time to explain anything to them at this time.

"Panwu God Reverend Dharma Appearance!"

"Master Panwu!"

"Shaking the earth!"

Boom! !

At this time, Ye Feng tried his best to release the power of Panwu Shen Zun's Dharma.

"Boom!"

Immediately, extremely terrifying energy exploded, and a big hand of the Panwu God that covered the sky and the sun bombarded it from high in the sky. However, it did not bombard the group of experts, but hit the ancient giant spirit. The top of the tower.

A terrifying force caused the Ancient Giant Spirit Tower to sink several inches.

"Pfft!"

"Pfft!"

"..."

At this moment, a group of masters who were struggling to resist the ancient giant spirit tower had their backs crushed and their entire bodies shattered in an instant.

"ah!"

"ah!"

"..."

Suddenly a series of screams sounded.

A group of masters who had threatened to kill Ye Feng just now, and were even fighting over who would kill Ye Feng, were in extreme misery at this moment, their bodies shattered to pieces as they were directly suppressed by the Giant Spirit Ancient God Tower.

At this moment, many masters of the Gods Association were directly shocked to death.

"

What a powerful force! "

"The president, Senior Brother Xiao Tianshen, is able to bring out the true power of Lord Panwu. That's because Senior Brother Xiao Tianshen has the blood of the ancient gods flowing in his body, so he can give full play to the power of the ancient gods in the form of Lord Panwu!"

"But how did this humble Ye Feng boy do it? He is just an ordinary human boy!"

...

A group of masters from the Gods Association were filled with deep doubts before they died. They seemed unable to believe that Ye Feng, who seemed to be easily crushed to death, turned out to be such a powerful hidden existence!

"We must spread this news! This Ye Feng is too powerful! And he can also exert the power of the ancient god Panwu God! We must spread this news to other members of the Gods Association, so that they must Be careful and be careful!"

At this time, many experts from the Gods Association broke out outside, wanting to spread the news about everything that happened here today.

Ye Feng obviously noticed this. He just sneered. Naturally, it was impossible for this group of people to spread the news that he was so powerful. Otherwise, if other people knew that he was so powerful, they would probably use all kinds of people. Tactics, or setting up all kinds of terrible traps to deal with yourself, using all possible means. That would be terrible. In that case, how can you pretend to be a pig and eat the tiger?

So at this time, Ye Feng yelled: "No one can escape today! Suppress them all!"

Boom!

Ye Feng once again used the power of Panwu's big hand and directly hit the top of the Giant Spirit Ancient God Tower.

"Boom!"

The terrifying power caused the Giant Spirit Ancient God Tower to suppress it once again.

The soldiers in their hands, the armor on their bodies, and their bodies among the group of experts who were supporting and resisting the Ancient God Tower of the Giant Spirit were all shattered at this moment and were directly shattered.

Hundreds of experts in the audience were all killed at this moment, and no one survived.

Even those masters of the Gods Association who wanted to break out could not escape at this moment. They were all suppressed and killed by the Giant Spirit Ancient God Tower.

It has to be said that the Giant Spirit Ancient City Tower is very strong and its power is also very heavy and terrifying. Coupled with the monstrous brute force of Panwu God displayed by Ye Feng, the Giant Spirit Ancient City Tower is simply like a powerful weapon of war. Same, capable of crushing everything.

Chapter 2136 Weird Smile

Hundreds of masters were all killed.

They all fell into this small valley.

If other people saw this scene, they would definitely be shocked.

Although the group of masters in this valley are not truly top-notch masters, they can still be regarded as the first-class masters in the Alliance Land.

But now that they all died in a small valley, it was really shocking.

Ye Feng's expression remained unchanged at this time, as if he had crushed a group of ants to death.

His eyes were emotionless as he looked at the hundreds of dead masters in the entire valley and suddenly released the Devouring Domain.

"Boom!"

Suddenly a large area of darkness swallowed up the entire valley.

Suddenly, streams of majestic blood essence were directly absorbed from the entire valley and injected into Ye Feng's body.

In the process of devouring, Ye Feng was also thinking about his own attack method.

Although he is still unable to exert the true power of ancient artifacts such as the Giant Spirit Ancient God Tower.

But Ye Feng can directly use the majesty and heaviness of the Giant Spirit Ancient God Tower itself.

Combining Panwu God's Panwu true form with the Giant Spirit Ancient God Tower can unleash terrifying destructive power and crushing force.

At this time, Ye Feng's aura began to gradually expand and expand as he swallowed.

He is now in the tenth level of control, in a very special realm.

If you take another step forward, it will be a whole new realm and level.

So this last step is very difficult.

But now there are hundreds of masters present providing blood energy.

Although these masters are not truly top-notch experts, most of them are in the tenth heaven of the Control Realm, and a very few are in the first or second heaven of the early Ascension Realm.

But it can't stand the crowd.

That's a real expert with hundreds of numbers!

So under this huge accumulation of blood energy.

Ye Feng's cultivation level instantly made a qualitative leap.

"Boom!"

A huge momentum suddenly burst out from his body.

That's a breakout trend!

At this moment, Ye Feng's cultivation level successfully broke through and he entered the half-step feathering stage!

And that's not all.

The energy of hundreds of masters was only half refined.

"Boom!"

Huge blood energy surged in Ye Feng's body, continuing to accumulate Ye Feng's cultivation skills, heading towards a higher level of breakthrough.

"Boom!"

Ye Feng once again burst out with a new and powerful martial arts aura.

"First level of Ascension Realm!"

At this moment, Ye Feng's cultivation finally broke through to the Feathering Realm. He completely transformed from the Control Realm to the Feathering Realm level!

Beings at the Feathering Realm level are definitely considered top-notch masters in the entire alliance.

At this time, Ye Feng's eyes were flashing with excitement.

This time it really wasn't in vain.

And Ye Feng also got an emperor's sword.

He looked to his side and found that the giant bronze sword was still suspended high in the sky, exuding an imperial majesty.

"Buzz!"

Ye Feng stretched out his hand and directly held the Emperor's Sword in his hand.

But before he could refine the giant bronze sword, a huge shadow of will suddenly stepped out of the sword body and stood under the blue sky, exuding overwhelming majesty.

This is the shadow of the will of an ancient emperor. He is also wearing a golden dragon robe and a flat crown on his head. He looks domineering and full of majesty that looks down on the world.

This phantom of the emperor immediately stared at Ye Feng and made a majestic voice: "Mortal, surrender to me, I will reward you with endless strength, glory and wealth."

"roll!"

But the next moment, Ye Feng shouted loudly and directly used the Panwu God's Dharma. He instantly grasped Panwu's big hand, turned it into a fist as big as a mountain, and struck forward fiercely.

go.

"Boom!"

Suddenly, the huge fist directly hit the phantom of the ancient emperor's will.

"Ding-deng-deng!"

In an instant, the entire phantom of the ancient emperor was directly blasted by the mountain-sized fist, causing it to stumble back several steps.

"Mortal, dare to take action against me? How dare you! I will give you death!"

The shadow of the ancient emperor immediately became furious, and his whole body suddenly lit up with divine halos.

"Dragon Soul! Get up!"

The ancient emperor roared, and a giant golden dragon soul rushed out of his body. In an instant, he let out a roaring dragon roar and roared directly in the direction of Ye Feng, full of terrifying and boundless power.

"Eye of Sin!"

At this moment, Ye Feng, facing the powerful shadow of the ancient will of the ancient emperor, directly released the Eye of Sin without any hesitation.

"boom!"

At this moment, Ye Feng's eyebrows immediately split open, and a dark and boundless eye appeared.

It is the eye of sin!

At this moment, a large area of dark light burst out from the Eye of Sin.

Buzz!

The dark light condensed into a huge shadow of will in an instant.

It is the Dark Emperor!

And it's the first generation of Dark Emperor!

At this moment, the Dark Emperor suddenly grabbed a hand in front of him.

"Crack, click, click!"

The golden dragon released by the ancient emperor was directly grabbed by one hand of the Dark Emperor and crushed instantly.

"What?"

The ancient emperor was suddenly shocked and stared at the Dark Emperor, with deep fear in his eyes. He couldn't help but said: "Mortal, how can you have such a powerful shadow of will in your body? What kind of will is this? How can it be nobler than mine? This is impossible!"

The ancient emperor roared in anger, but the next moment, the Dark Emperor had already attacked.

"Boom!"

The Dark Emperor opened his mouth and turned into a black hole in the sky and earth, swallowing up the ancient emperor in an instant.

"Buzz!"

The whole world calmed down again in an instant.

The ancient emperor was swallowed up by the Dark Emperor and disappeared.

"powerful!"

Ye Feng couldn't help laughing at this time.

"Jie Jie Jie."

But suddenly at this time, the shadow of the dark emperor's will suddenly turned its head and showed an evil smile to Ye Feng.

"this....."

Ye Feng was stunned when he saw this scene.

The next moment, I felt a chill rising from the soles of my feet to Tianling Gai.

There is always a weird feeling.

However, the Dark Emperor only showed this evil smile for a moment, and the next moment it became an expression that seemed to have no consciousness.

It was as if the weird smile just now was just Ye Feng's illusion.

"Buzz!"

At this time, Ye Feng withdrew the Eye of Sin and put it back between his eyebrows.

With the withdrawal of the Eye of Sin, the shadow of the Dark Emperor's will also disappeared.

"It seems that we should find a way to awaken the sleeping soul gem as soon as possible, so as to prevent the resurgence of the Eye of Sin. The Eye of Sin is simply a double-edged sword, with advantages and disadvantages."

Ye Feng thought in his mind, and then looked at the giant bronze sword not far away, preparing to directly refine the emperor's sword.

"Little Princess Wind Spirit of the Wind Temple! Hahaha! I have finally led you into this trap! All of you in the Wind Temple can't escape!"

Suddenly at this moment, Ye Feng's powerful ears heard a sound of wanton laughter in the distance.

"Wind Temple?"

"Junior Sister Fengling?"

When Ye Feng heard the voice, his eyes flashed slightly. He didn't have time to refine the Emperor's Sword, so he first put the Emperor's Sword into the storage ring, and then quickly galloped in the direction of the sound.

Chapter 2137 Wind God Jade Pendant

Ye Feng relied on his powerful soul power to hear news about Junior Sister Fengling from not far away.

Ye Feng was quite impressed by this junior sister Fengling.

They first met in the ordinary ancient country of Loulan.

Unexpectedly, the last princess from the ancient kingdom of Loulan would inexplicably become the little princess of the Wind Temple of the Blue Sky Holy Land. This was something Ye Feng did not expect.

So when he heard the news about Fengling at this time, Ye Feng naturally rushed in that direction.

From what the voice said just now, Feng Ling and a group of disciples from the Wind Temple must have been surrounded by a powerful force in this extra-dimensional space.

Now Ye Feng's cultivation level has been greatly improved and he has entered the realm of Ascension.

Therefore, his confidence is getting stronger and stronger. Even though there may be many strong people in the direction not far away, Ye Feng does not have any fear.

You may even get unexpected opportunities.

After all, Ye Feng is now very eager for powerful enemies. .??.

If you can kill a powerful enemy, you can devour the enemy's skill and strengthen Ye Feng's own cultivation.

No matter what the reason, Ye Feng had to go to that place to take a look.

Soon Ye Feng followed the fluctuation of the sound and came to a very beautiful lake.

The lake is covered with willow trees and various flowers and plants. It looks colorful and very beautiful.

But at this time, this quiet lake was filled with an icy murderous aura.

...

Feng Ling and a group of disciples from the Wind Temple were surrounded by a group of masters in the middle, unable to escape.

This group of masters obviously come from different holy places, and they should all come from the other three major holy places in the Alliance Land.

Ye Feng saw this scene

I didn't find it strange, because the four holy lands were originally in a state of competition, and now the Qingtian Holy Land had a Xiao Tianshen who broke the balance, causing the other three holy lands to join forces and specifically target the Blue Sky Holy Land.

At this time, the masters surrounding Feng Ling and a group of Wind Temple disciples were all from the other three holy places. They were surrounded by very powerful beings, all of whom were at the level of the Ascension Realm.

However, if they were not strong in the Ascension Realm, they probably would not have the guts to surround and kill Feng Ling and a group of core members of the Wind Temple.

After all, the Wind Temple is one of the six temples belonging to the Blue Sky Holy Land, and Fengling is the little princess of the Wind Temple. She has a noble status, and ordinary people would not dare to offend the core members of the Wind Temple.

At this time, a group of people surrounded Fengling and other Wind Temple disciples, with cold murderous smiles on their faces.

"Little Princess Wind Spirit! Hurry up and hand over the Wind God Jade Pendant you just got! Otherwise we will kill all of you! Don't think that we don't dare to kill you because you are members of the Wind God Temple. The Wind God Jade Pendant is too precious. Let us do anything we dare not do!"

A group of masters from the other three holy places were making threatening sounds at this moment.

Fengling's small hand was currently holding a jade pendant emitting light blue light.

A jade pendant is the legendary Fengshen jade pendant!

Contains mysterious power.

At this time, Fengling's beautiful eyes were full of shock and anger, and she said to the people around her: "This piece of Wind God Jade Pendant is an ancestral artifact of our Wind God Clan, and there is no way I can give it to you!"

At this time, the six Wind Temple disciples surrounding Fengling shouted loudly: "Little princess! Run quickly! I

They are behind! "

Boom!

Boom!

Almost at this moment, the six masters of the Wind Temple took action in an instant, wanting to open a way for Wind Spirit to survive and pave a way of escape with their own lives.

It has to be said that these disciples of the Wind Temple are still bloody men. They did not surrender and beg for mercy in front of the masters of the three holy places. Instead, they directly took crazy action to protect their Wind Temple's most promising little princess, the Wind Spirit, from escaping.

"Stubborn!"

The masters of the three holy places suddenly turned gloomy when they saw the six disciples of the Wind Temple taking action instantly.

"Since these guys from the Wind Temple want to die! Then we will help them!"

More than twenty experts from the three major holy places at the Ascension Realm level were shouting loudly at this moment.

These are all top-notch geniuses at the level of Ascension Realm!

Has very strong strength!

They took action in an instant, and the damage they caused was simply terrifying.

In an instant, all the weapons in the hands of the six disciples of the Wind Temple were shattered, and their bodies fell backwards. They were unable to withstand the attacks of more than twenty first-class geniuses at the level of Ascension Realm.

Fengling also took action instantly at this time: "Wind God Jade Pendant! Please give me power!"

Boom!

A large swath of terrifying wind blades suddenly erupted from her body, quickly cutting towards the surroundings.

"when!"

"when!"

"..."

In an instant, a group of top-notch masters from the three holy places were unable to withstand the extremely violent wind blades, and they all held the weapons in their hands to resist.

Fengling thought at this time

Escape quickly.

"Dagnet!"

But at this time, there were experts who specialized in practicing formations in the three holy places. At this moment, a huge formation was created, emitting an extremely intense light.

Boom!

In an instant, a six-pointed star-shaped trapping formation was formed from high in the sky. It was suppressed directly, and the wind spirit that wanted to escape was bombarded to the ground.

"ah!"

"ah!"

"..."

This six-pointed star formation not only has the power of restraint, but also has a very terrifying power of suppression.

At this moment, accompanied by screams one after another, the six masters of the Wind Temple, who were only half-step feathered beings, were suddenly shattered by this formation and turned into a blood mist. .

Although Feng Ling was also at the half-step Feathering Realm, she was protected by the Wind God Jade Pendant. At this moment, she did not die in an instant, but was knocked to the ground.

When Ye Feng arrived, he happened to see this scene happening in front of him.

Seeing the miserable look of Feng Ling being knocked to the ground, his eyes suddenly showed anger, and he rushed out of the jungle next to him and ducked to Feng Ling's side.

"Junior Sister Fengling, are you okay?"

Ye Feng immediately helped Fengling up.

"Senior Brother Ye Feng!"

The moment Fengling saw Ye Feng's familiar face, her beautiful eyes suddenly showed a look of joy.

But the next moment, her face suddenly changed and she said loudly: "Senior Brother Ye Feng! Get out of here and leave me alone! The more than 20 Ascension Realm masters in the three holy places are too scary! Senior Brother Ye Feng, run away quickly. !"

Chapter 2138 Kill with one punch

At this time, Fengling's tone was very urgent. Obviously she knew that under the siege of more than twenty masters of the Ascension Realm in the three holy places, she would not be able to leave today without leaving the Jade Pendant of the God of Wind.

At this time, there was no fear on Ye Feng's face. Instead, he said in a rather relaxed tone: "Junior Sister Fengling, leave it to me. This group of masters from the three holy places are really... They are too arrogant and dare to openly kill our fellow disciples in Qingtian Holy Land. Today I will teach them a lesson and let them know what fear is."

After hearing what Ye Feng said, Fengling's beautiful little face suddenly showed a look of panic.

Because he knew that the more than twenty masters in these three holy places were all extremely powerful and could not be dealt with casually.

Although Feng Ling can now sense the cultivation aura on Ye Feng's body, he has already broken through to the Feathering Realm.

But it seems to be only the first level of Ascension Realm.

And their enemies are more than twenty powerful people in the Ascension Realm!

And they all come from the other three holy places, and are not ordinary Ascension Realm warriors.

They are all first-class geniuses, and they must have very powerful methods and inheritance. Once they are displayed, it is impossible for Ye Feng to resist them alone.

So at this time, although Fengling saw Ye Feng's extremely confident face, the girl's heart was still filled with a deep worry.

But when she saw Ye Feng turning around and walking towards the group of more than 20 masters, Fengling was really moved because she had always wanted to see this scene, that is, Ye Feng taking action for her.

This is tantamount to satisfying one of the most primitive wishes in Fengling's heart.

The reason why Feng Ling embarked on the path of cultivation, even at the expense of his human body, awakened his bloodline and completely transformed into the Wind God Clan, was to be with Ye Feng and to follow Ye Feng's footsteps.

So at this time, Fengling was both worried and deeply moved.

here and now

Carving Wind Spirit silently whispered to a soul in his storage spirit ring: "Grandma Feng, if Senior Brother Ye Feng can't resist it by then, then you can lend me your power, although that may cause damage." I have a strong foundation in martial arts, but there is really nothing I can do. I can't just watch Senior Brother Ye Feng get hurt because of me."

There has always been a very powerful soul body in Feng Ling's storage ring, called Granny Feng. She is a very ancient existence among the Wind God Clan, but she has become a soul body.

The reason why Granny Feng chose Wind Ling was precisely because Wind Ling's body contained the oldest bloodline of the Wind God Clan.

The reason why Fengling has achieved so much is inseparable from Granny Feng's help.

At this time Granny Feng also understood, and she immediately said: "Don't worry, girl Feng Ling, if that boy Ye Feng is really in danger, I will unblock my power and give it to you, whether it's to save you or not." That Ye Feng boy is still to protect the Jade Pendant of the God of Wind. I will take action in the end. Although forcibly bearing my power will damage some of your martial arts roots, there is nothing you can do now depending on the situation. But let's watch it for a while. I feel This boy Ye Feng is not as simple as we thought, and the aura on his body makes me, an old man, feel a little afraid. "

At first, Granny Feng had no opinion of Ye Feng. She felt that Ye Feng was just an ordinary human kid and not worthy of Fengling's serious treatment and infatuation.

But as time went by, what Ye Feng did in Qingtian Holy Land made Granny Feng look at her with admiration.

Especially this time, Xiao Tianshen's plan was destroyed in a different dimension, which shocked the world.

I'm afraid even Granny Feng herself can't do this.

So at this time, Grandma Feng's impression of Ye Feng has changed a lot. She feels that Ye Feng

He is a young man who can create miracles.

Now Granny Feng doesn't even object to her girl Fengling getting close to Ye Feng, because Granny Feng feels that if Ye Feng doesn't die young, he might really be able to become the next Xiao Tianshen.

Because even in the Wind Temple, there are few geniuses like Ye Feng who defy the odds.

At this moment, Ye Feng walked alone towards the more than twenty Ascension Realm masters in front of him.

These more than twenty masters all come from the other three holy places.

At this time, a Holy Land master wearing a white robe immediately stared at Ye Feng, with a look that seemed to be a disdainful sneer and said: "Where did this kid come from? He is so weak, and he is only at the first level of the Ascension Realm. Are you thinking of being a hero to save the beauty? I'm afraid you've come to the wrong place. I guess you can't be a hero to save the beauty, because you will be mercilessly killed by us!"

Boom!

The moment the man in white robe spoke out, he immediately took action.

A powerful aura of cultivation from the third level of the Ascension Realm suddenly burst out from his body, and a long sword appeared in his hand, slashing directly towards Ye Feng.

A group of other Holy Land masters did not take action because they felt that it was enough for the man in white robe to take action.

This white-robed man comes from the Divine Sword Holy Land in the Divine Sword Domain. His sword attack is very powerful, not to mention that his cultivation realm is two heavens higher than Ye Feng.

Therefore, in the eyes of other Holy Land masters, this white-robed man could kill Ye Feng with one sword, and there should be no doubt about the result.

"boom!"

But suddenly at this moment, Ye Feng clenched his fist and punched forward.

"This kid actually used his fists to deal with the swordsman of the man in white robe?!"

"Hahaha! We're afraid we met a fool!"

...

A group of Holy Land masters not far away saw Ye Feng coming out.

At the scene of the fist fight, everyone couldn't help laughing sarcastically.

"Boy! This sword of mine is a magic weapon! It cuts iron like clay! How dare you strike with your fist? I have to say, you are the stupidest person I have ever encountered!"

The man in white robe immediately sneered, and the long sword in his hand suddenly erupted with a terrifying sword light, directly tearing the space apart, and was about to kill Ye Feng in half instantly.

"Boom!"

"Crack, click, click!"

But at the next moment, Ye Feng's fist collided with the sword in the hand of the man in white robe. The sword of the man in white robe was shattered into pieces by Ye Feng's fist.

Ye Feng's fists were as if they were made of the strongest magic iron in the world, indestructible!

"What?!"

The faces of everyone who saw this scene suddenly became stiff with sarcastic smiles.

They all stared with wide eyes, as if they couldn't believe that the white-robed man's magical weapon was shattered by the fist of an ordinary-looking boy.

"So strong!"

Fengling was cheering not far away and couldn't help shouting: "Senior Brother Ye Feng is so awesome!"

Ye Feng shattered the long sword at this time, stared at the astonished white-robed man in front of him, and said with a cold smile: "Your sword is broken, it's your turn next!"

Boom!

It was another simple punch, but it suddenly burst out with tremendous power.

"puff!"

The whole body of the man in white robe was directly penetrated by Ye Feng's fist, and a blood hole appeared, as big as the mouth of a bowl, and blood was flowing.

"I....."

The man in white robe wanted to say something else, but the next moment his whole body suddenly fell to the ground and died.

A Holy Land master who was in the third level of the Ascension Realm was killed by Ye Feng with one punch!

Chapter 2139 Suppress All

quiet!

Deadly quiet!

At this moment, the entire field fell into a dead silence.

Everyone stared blankly at the body of the white-robed man who was killed.

They seemed to have never imagined that the extremely powerful man in white robes, a genius swordsman from the Holy Land of Divine Sword, would be killed by a single punch by a human boy who was not above the first level of the Ascension Realm.

You must know that this man in white robe is not an ordinary person, but a genius among geniuses, and his combat power is very terrifying.

But even so, he was still killed by Ye Feng with one punch. .??.

This made the other Holy Land masters couldn't help but feel a little surprised.

They originally thought that the young man who suddenly appeared as a hero to save the beauty was just a stupid boy without a brain.

But now it seems that this is a master who cannot be underestimated.

He is a hidden genius!

"who are you?"

At this time, many Holy Land masters in front were staring at Ye Feng and couldn't help but ask.

Ye Feng smiled indifferently and said: "It doesn't matter who I am. What's important is that all of you will die in my hands next and pay the price with blood for everything you just did."

Hearing Ye Feng's arrogant words, a group of Holy Land masters all darkened their faces.

"presumptuous!"

"Arrogant!"

A group of Holy Land masters shouted loudly at this time: "Boy, do you think that killing a master of the third level of Ascension Realm can make us afraid? That is really ridiculous! We have more than twenty Ascension Realm masters. A powerful man of this level, if we attack together, you will never survive for even one breath!"

Ye Feng just said calmly: "Then let's give it a try and see if I can survive a breath!"

"This arrogant boy must be taught a bloody lesson!"

A group of Holy Land masters could no longer hold back at this moment, and they all shouted loudly.

But no one was acting alone at this time.

Because they just

Everyone has already seen Ye Feng's powerful strength.

If it were a one-on-one challenge, there was no way Ye Feng could be his opponent.

So at this time, all the masters of the Ascension Realm took action together.

Because they feel that no matter how powerful Ye Feng is, his cultivation is only at the first level of the Ascension Realm.

More than twenty of them, who are strong in the Ascension Realm, can definitely kill Ye Feng in an instant if they attack together.

"Boom!"

"Boom!"

"..."

At this moment, infinitely terrifying, huge and vast power attacked Ye Feng.

All attacks by these masters of the Ascension Realm are extremely terrifying and extremely destructive, as if they can destroy everything.

Because they are all talented disciples from the other three holy places.

Therefore, this group of masters are not ordinary warriors. The attacks released at this time are almost all extremely precious and advanced inheritance or secret killing techniques.

The lethality and destructive power that erupted was definitely far beyond their own cultivation!

But in the face of these horrific attacks, Ye Feng's face remained as calm as usual.

At this time, Feng Ling couldn't help but plan to use Granny Feng's power.

But at this time, Ye Feng seemed to be aware of the movement of Fengling behind him. He immediately sent a message to Fengling and said: "Don't use the powerful soul power in your storage ring. There is no need. To deal with these people, I will do it alone." People are enough."

After saying this, Ye Feng instantly jumped to the sky.

Fengling heard Ye Feng's voice transmission and immediately nodded vigorously, with a look of trust on her beautiful little face.

"Pan Wu Dharma Prime Minister!"

Ye Feng was high in the sky at this time, and without any reservation, he directly displayed the first layer of inheritance of the extremely powerful Panwu God.

, Panwu Faxiang!

Boom! !

With a terrifying roar, Ye Feng's whole body expanded directly into a majestic giant at high altitude!

The whole body is exuding bright golden light!

Looks noble and domineering!

This is not simply turning into a human giant, but becoming the true form of the ancient god. It is much more powerful than simply becoming a human giant, because every move contains the ancient power of Panwu God!

At this time, Ye Feng struck down with a slap. That big martial hand covered the sky and was filled with an unparalleled sense of oppression.

"Boom!"

It was like an ancient mountain crashing down, and it suddenly blocked all the attacks of more than twenty Ascension Realm masters, and even shattered them all. ??

A group of more than twenty masters of the Ascension Realm saw this scene, and they couldn't help showing deep shock on their faces.

They were trembling as they stared at the huge giant image of Panwu God Lord in the sky.

Deep in their hearts, they felt a kind of fear coming from their souls.

At this time, a few experts seemed to see something, and they couldn't help but exclaimed: "This seems to be the appearance of Panwu God!"

"What?!"

"How is this possible? The Dharma of Lord Panwu is an inheritance that only the supreme God Xiao Tian of Qingtian Holy Land can practice!"

"How come this kid who suddenly appeared can display the magic form of Lord Panwu? And also burst out with such powerful power?"

"This is impossible! Could it be that this boy is a secretly cultivated core member of the Gods Association, so he received part of Xiao Tianshen's inheritance?"

...

After making this guess, the eyes of a group of masters from the three holy places were filled with deep fear for an instant.

Because they all have great reverence for the gods.

After all, the Association of Gods is the most powerful place in the Alliance today.

It is a disciple faction that is in the limelight.

Even the distinguished disciples from the three holy places did not dare to provoke the Gods Association.

At this time, they obviously mistakenly thought that Ye Feng was the core master of the Gods Association, so they quickly dispersed towards the surroundings, not daring to continue attacking.

But Ye Feng didn't care so much at this time.

When he saw that everyone seemed to be trying to escape, his expression suddenly changed.

This is a huge wave of blood power and energy!

Don't let it go to waste!

It is not common to see so many young masters in other places.

I am afraid that only this time in the interdimensional space trial will there be so many top geniuses that I can devour.

A rare opportunity!

Therefore, it is impossible for Ye Feng to let these holy land masters go.

He instantly summoned the Giant Spirit Ancient God Tower. boom! !

A huge tower rushed out of Ye Feng's body, turning into a mountain as majestic and vast as a mountain in the sky.

"Suppress them all!"

The Giant Spirit Ancient God Tower was instantly suppressed from high in the sky, full of unparalleled power.

As Ye Feng's current cultivation level continues to improve, the power he unleashes using the Giant Spirit Ancient God Tower is getting stronger and stronger.

Because the Giant Spirit Ancient God Tower is an ancient artifact that surpasses the Supreme Weapon, the stronger the user's cultivation level, the stronger the destructive power it can unleash.

Although ancient artifacts are divided into good and bad, and have upper limits on power, it is obvious that Ye Feng's current cultivation level cannot reach the upper limit of the Giant Spirit Ancient God Tower.

In other words, the Giant Spirit Ancient God Tower can still be used by Ye Feng for a long time.

Boom! !

"ah!"

"ah!"

"..."

At this moment, with the suppression of the Giant Spirit Ancient God Tower, every Holy Land master was suddenly shocked to the point of vomiting blood and letting out a series of screams.

Chapter 2140 The Cave of Ancient Powers

At this time, the eyes of a large group of Holy Land masters were filled with deep fear.

Because they found that they could not resist the giant ancient divine tower that descended from the sky.

They all felt that their bodies were about to be broken into pieces, and no weapons in their hands could cause any harm to the falling giant tower.

"Who is this young man? There is no way there is such a powerful master in the Association of Gods!"

The eyes of the group of Holy Land masters who were running for their lives at this time were filled with deep shock.

Because the power they unleashed when they joined forces was absolutely terrifying, and it could even be said that they were rampant in this extra-dimensional space.

But at this moment, they were being hunted down by a human boy.

"who are you?!"

The masters of the Holy Land were all shouting in fright and anger at this time.

"Why should a dying person know so much?"

Ye Feng just smiled coldly at this time, and then instantly burst out with the super power of the Giant Spirit Ancient God Tower.

"Boom!"

Suddenly a terrifying force burst out.

The Giant Spirit Ancient God Tower became even heavier, and it crashed downwards in an instant.

"Pfft!"

"Pfft!"

"..."

At this moment, all the masters who were running and escaping on the entire land were crushed to death by the Giant Spirit Ancient God Tower.

No one survived.

Kill them all!

When Feng Ling not far away saw this scene, her beautiful eyes were full of excitement and admiration.

Granny Feng, the soul body in her storage ring, couldn't help but say at this moment: "This boy is a person with great luck."

At this time, Ye Feng, who was not far away, had already released the Devouring Domain.

In front of Fengling, he didn't need to hide anything.

"Boom!"

A large area of darkness swallowed the field, spreading directly from Ye Feng's body and covering the entire place.

Wow...

Suddenly, a large amount of blood energy was directly absorbed from the dead masters, and then injected into Ye Feng's own body.

At this moment, Ye Feng's skill is growing rapidly.

These are all genius masters from other major holy places, and they are all at the level of the third or even fourth heaven of the Ascension Realm.

The blood energy they can provide is naturally extremely huge.

There are more than twenty masters in total.

The skills provided one by one made Ye Feng feel very full.

Ye Feng's cultivation aura suddenly began to explode.

"boom!"

The second level of the Ascension Realm!

"boom!"

The third level of the Ascension Realm!

"boom!"

The fourth level of the Ascension Realm!

"boom!"

The fifth level of the Ascension Realm!

It was only at this time that Ye Feng's cultivation momentum gradually stabilized.

It has to be said that these are indeed masters from the Holy Land. The skills they have worked hard to cultivate are of very high quality, allowing Ye Feng to make many breakthroughs in one fell swoop.

Fengling, who was not far away, immediately trotted over, his eyes full of joy, and said loudly: "Senior Brother Ye Feng, thank you for saving me this time!"

Ye Feng smiled and said: "Junior Sister Feng Ling, you asked Senior Feng Shen from the Wind Temple to save me from the threat of Xiao Tianshen. I haven't yet

I don't have time to thank you. "

Buzz!

Suddenly at this time, a soul flew out of Fengling's storage ring and transformed into the form of an old woman.

This is Granny Feng.

Granny Feng stared at Ye Feng at this time. There seemed to be some incredible look in her old eyes. She couldn't help but said: "What kind of inheritance is the darkness shrouding method you just used?"

Ye Feng looked at Granny Feng, smiled and said, "This is my own secret, so there is no need to tell my seniors."

Although Ye Feng and Fengling have a good relationship, they are strangers to this Granny Feng.

Seeing Ye Feng's refusal to answer, Granny Feng seemed to have a trace of anger on her face, as if she felt that Ye Feng did not respect her as an old senior.

But Feng Ling immediately spoke up and said, "Senior Brother Ye Feng has his own secrets. Granny Feng, please stop asking. After all, everyone has secrets."

When Granny Feng heard what Fengling said, she snorted coldly and said nothing more.

Ye Feng didn't care at all about this.

Although this Granny Feng is an ancient soul body.

But this doesn't mean that Ye Feng is afraid of her.

What Ye Feng is least afraid of now is the soul body or the shadow of will.

At this time, Ye Feng looked at Fengling and asked with a smile: "Junior Sister Fengling, are you going to return directly to the Holy Land? This extra-dimensional space is too dangerous. There is only one person left now. I think you It's better to go back to the Holy Land directly."

When Feng Ling heard what Ye Feng said, she immediately shook her head vigorously and said, "Senior Brother Ye Feng, I can't go back to the Holy Land yet. I just found the Jade Pendant of the Wind God, and we haven't gone to the inheritance cave of the ancient power of the Wind God Clan yet. "

When Ye Feng heard what Fengling said, his eyes suddenly flashed, and he couldn't help but ask: "You want to go to the inheritance cave of the ancient power of the Wind God Clan? Where is it?"

"exist....."

Fengling was about to say something.

But Granny Feng suddenly interrupted and said: "This is the secret of our Feng Shen clan. We cannot tell Ye Feng, an outsider like you."

Feng Ling immediately smiled and said: "Grandma Feng, it's okay. Senior Brother Ye Feng is the person I trust most. Tell him it's okay."

At this time, Fengling looked at Ye Feng and said loudly: "Senior Brother Ye Feng, do you want to go with me? There are many opportunities in our Wind God Clan's ancient and powerful inheritance cave. If Senior Brother Ye Feng is lucky, maybe I can get a huge improvement from it. I know that Senior Brother Ye Feng is being hunted by the entire Gods Association and the people of the world. I also want to help Senior Brother Ye Feng improve your strength as soon as possible. "

After Fengling finished speaking, Grandma Feng immediately snorted coldly, "You're so lucky to have met such a good girl like our Fengling."

Ye Feng didn't care what Grandma Feng said, he just stared at Fengling and said with a smile: "Okay, then I'll go with you, Junior Sister Fengling. This kind of ancient and powerful inheritance cave is very dangerous, and I happened to be there along the way. I can also protect you, Junior Sister Fengling."

When Fengling heard that Ye Feng wanted to go together, she immediately became as happy as a little girl and said with a smile: "That's great! Senior Brother Ye Feng is so kind to me!"

Seeing Feng Ling's state, Granny Feng couldn't help stroking her forehead, shaking her head helplessly and saying: "This girl's nymphomaniac is hopeless..."

However, Granny Feng did not stop her, because she also knew that it might not be a bad thing for Fengling to invite Ye Feng to go to the cave where the ancient power of the Wind God Clan was inherited.

Because in the previous battle, Granny Feng had already seen Ye Feng's great strength, and she might indeed be able to protect this girl Feng Ling at the critical moment.
