Chapter 2191 The inheritance of the master of the sacred mountain

At this time, Ye Feng stared at the white-haired old man in front of him and couldn't help but ask: "It turns out that the people of the Ancient Sacred Mountain have always had their own subjective consciousness. I always thought that you, senior, were just a caretaker without emotions."

The white-haired old man laughed loudly and said: "To others, I am indeed an emotionless trial controller, but to you, I directly manifested my subjective consciousness."

When Ye Feng heard what the white-haired old man said, he immediately understood that he must be very special in the eyes of this white-haired old man.

He couldn't help but ask: "Why did senior reveal his subjective consciousness to me? Did I do something that senior valued very much?"

The white-haired old man smiled slightly and said loudly: "Yes, you are a young descendant that I have been waiting for for so many years, and you can make me feel very valued. Moreover, you are still a pure human race, but you have the blood of the Chaos God Clan, but It doesn't matter. After all, if you don't have the blood of some gods these days, you can't get into the core of the ancient trial space. All you need is the blood of the human race."

When Ye Feng heard what the white-haired old man said, his eyes showed a hint of doubt and he said, "I don't quite understand what the senior means by these words. Can't I continue the trial?"

The white-haired old man said with a smile: "You have already passed the trial, because the trial of the Ancient God Mountain only has six floors in total, and this so-called seventh floor is actually the place where I want to see you alone."

"There are only six floors in total?"

Ye Feng couldn't help but be a little surprised, and said aloud: "I passed the level so easily? It seems that these trials set by the seniors are not that difficult."

When the white-haired old man heard what Ye Feng said, his eyes were slightly startled. ??

Then he laughed and said aloud: "That's because you are too evil. There are several super geniuses on the Northern Hidden Dragon List who entered the trial space of the Ancient God Mountain, but they only made it to the fifth level. "

When Ye Feng heard what the white-haired old man said, his eyes suddenly showed surprise.

, couldn't help but said: "All the super geniuses on the Hidden Dragon List have only reached the fifth level? It shouldn't be possible. I feel that the fifth or sixth level trials are quite simple. Isn't it just a challenge? Are you an enemy with a higher level of cultivation?"

When the white-haired old man heard what Ye Feng said, he suddenly didn't know how to answer.

After all, Ye Feng is indeed the young junior with the most terrifying combat power he has ever seen.

At this time, the white-haired old man chose not to answer, but said aloud: "Let's not talk about this anymore. Since you have been selected by me, it means that you are qualified to inherit the inheritance of the true master of the entire ancient sacred mountain."

At this time, Ye Feng heard that the white-haired old man was getting down to business, and stopped making jokes. His expression immediately became a little solemn, and he said, "Senior, do you want to give me the inheritance of the master of the ancient sacred mountain directly?"

The white-haired old man shook his head and said, "With conditions."

Ye Feng couldn't help but ask: "What are the conditions?"

Ye Feng was still quite excited at this time.

Because the owner of this ancient sacred mountain must have been an extremely terrifying figure back then.

The inheritance of such a terrifying figure from ancient times must be very precious and powerful.

I don't know how many times more powerful than the so-called advanced inheritance I got before.

So at this time, Ye Feng's eyes still looked expectant.

The white-haired old man looked at Ye Feng's expectant eyes and couldn't help but smile and nod his head and said: "The conditions are actually not difficult at all. That is, after you get this set of inheritance, you must help us, the master of the ancient sacred mountain, find him. The descendants spread outside."

Ye Feng immediately agreed: "Okay! I will definitely find it."

Descendants of the master of the ancient sacred mountain! Just how do I find it? "

The white-haired old man said aloud: "As long as you practice the inheritance of the master of the ancient sacred mountain, you will naturally be able to sense it when you meet his descendants."

When Ye Feng heard what the white-haired old man said, he immediately nodded and said: "Don't worry, as long as the senior can let me get the inheritance of the master of the Ancient Sacred Mountain, I will definitely take care of the descendants of the master of the Ancient Sacred Mountain in the future."

The white-haired old man smiled and said, "What I want is your words."

After finishing speaking, the white-haired old man led Ye Feng directly toward the end of the prairie.

Soon they came to the end of the prairie.

At this time, on the horizon in the distance, there was a huge golden body suspended in the sky.

This golden statue is very majestic and huge. It looks like a golden giant standing between heaven and earth, full of unparalleled momentum and pressure.

The white-haired old man stood behind Ye Feng and pushed Ye Feng out from behind.

"Boom!"

Suddenly a terrifying power broke out.

Ye Feng was suddenly pushed high into the sky, and instantly flew in front of the huge golden statue.

After the white-haired old man finished pushing, his entire body instantly turned into a white light and disappeared.

At this time, Ye Feng had already arrived in front of the huge golden body.

"Could it be that the inheritance of the master of the sacred mountain is in this Dharma?"

Ye Feng's eyes moved and he immediately wanted to release his soul power to investigate.

"boom!!"

Suddenly at this moment, the majestic golden body in front of him immediately vibrated quickly, and then turned into endless golden light, all of which rushed into Ye Feng's eyebrows.

br

Ye Feng immediately saw that a golden chapter with tens of thousands of words had appeared in his mind and in the soul world.

This golden chapter is the destiny inheritance of the master of the ancient sacred mountain!

At the top of the golden chapter, there are five ancient characters written: "Ten Thousand Emperors Hegemonic Body Technique!"

This is a very powerful inheritance, and it is an inheritance that is biased toward physical training.

After Ye Feng read the entire article, he immediately understood some of its secrets.

This set of Ten Thousand Emperors Hegemony Body Technique, once practiced to the end, can turn one's body into a powerful physique like the Heavenly Hegemony Body.

And with every attack, the blood essence in the body will automatically condense into the ancient human emperor, blessing the cultivators with the power of the ancient emperor.

After practicing to the end, even Ye Feng's every move can unleash the power of ten thousand ancient human emperors!

It's really terrifying!

"What a powerful technique!"

"What a domineering secret!"

Ye Feng's eyes suddenly lit up.

This set of Ten Thousand Emperors Hegemon Body Technique is definitely a terrifying inheritance that transcends the Supreme Realm!

At this time, Ye Feng saw a golden token floating in the void with the word "Overlord" written on it.

Ye Feng couldn't help but murmur, "It seems that the title of the owner of this sacred mountain was Overlord. I don't know when I will meet his descendants."

Ye Feng secretly thought in his heart, and then began to practice the newly obtained Ten Thousand Emperors Hegemon Body Technique in this seventh level space.

Because Ye Feng discovered that in the inner space of this ancient sacred mountain, the spiritual energy is extremely rich, and the rules between heaven and earth are also very clear, which is very suitable for his own understanding and cultivation inheritance.

It's not too late to go out after the preliminary cultivation is successful.

Chapter 2192 One against a hundred

The Ten Thousand Emperors Tyrant Body Technique is a very terrifying inheritance.

Beyond the supreme level.

From the master of the ancient sacred mountain, Overlord.

Ye Feng was currently in the seventh level of space, sitting cross-legged, constantly comprehending the golden chapter in his mind.

The Golden Chapter is the collection of all the mysteries of the Ten Thousand Emperors Hegemon Body Technique.

Even the Overlord's insights when he created the Ten Thousand Emperors Tyrant Body Technique were written in it and passed on to Ye Feng.

Coupled with Ye Feng's powerful monster understanding after being transformed by the soul gem, Ye Feng can be said to be very fast if he wants to understand the Ten Thousand Emperors Hegemon Body Art.

But it was just seven days.

Ye Feng has already begun to understand.

At this time, Ye Feng punched in the distance.

"Boom!"

The moment his body moved, the surging momentum immediately formed three extremely tall ancient human emperors. With Ye Feng's punch, three extremely tall ancient human emperors were also released. The power next time will be to smash more than half of the prairie underground in the distance.

"Not bad!"

Ye Feng's eyes were extremely satisfied.

Because the power released by this set of Ten Thousand Emperors Hegemony Technique is extremely terrifying.

And every attack naturally brought with it the power of the ancient human emperor.

You know, the ancient Human Emperor was extremely powerful.

But at this time, Ye Feng was able to condense the power of ten thousand phantoms of the ancient human emperor in the end!

That scene must be very spectacular!

Although the shadows of three ancient human emperors have only been condensed now.

It can be said that I have just realized it.

But Ye Feng believes that as long as he is given time, he will be able to fully comprehend the entire Ten Thousand Emperors Body Technique.

When the time comes, a random attack of my own will be able to burst out the blessing of ten thousand ancient human emperors. It must be very terrifying, just think about it.

excited!

"I have been in this trial space for a long time, probably half a month. It's time to go out."

At this time, Ye Feng was very satisfied with the results of this trial.

Not only has his cultivation level been upgraded to the tenth level of the Immortal Realm and the Great Perfection Realm through rewards!

And he also received a set of super inheritance from ancient powerful men, the Ten Thousand Emperors Hegemon Body Technique!

These are Ye Feng's two biggest gains this time.

Ye Feng knew that his combat power was now many times stronger than when he entered the ancient sacred mountain.

If the previous self had stood in front of him, he would probably be able to kill him with one punch.

This is not Ye Feng's arrogance, that is his strong self-confidence.

Because Ye Feng himself could feel that the power all over his body was surging like a vast ocean.

It was simply terrifying to the extreme!

At this time, even if Ye Feng met the super geniuses on the Hidden Dragon List, he probably wouldn't be too afraid.

Unless the person coming is a super strong person who ranks very high on the Qianlong List.

Otherwise, those at the bottom, such as the genius ranked 99 on the Hidden Dragon List that Ye Feng dealt with before.

If Ye Feng met him again, he wouldn't have to think of so many ways to kill him, he could just kill him in a fight on the spot.

With strong self-confidence, Ye Feng finally left the ancient sacred mountain space.

Buzz!

Accompanied by a violent spatial fluctuation.

Ye Feng appeared outside the Ancient Sacred Mountain in an instant.

The location where he appeared at this time was at the foot of the Taikoo Sacred Mountain.

But the moment Ye Feng appeared, he immediately felt something was wrong.

Because he found a series of very fierce eyes focused on him in the surrounding area.

At this time, Ye Feng looked around and found that many talented experts were staring at him with a deep greed in their eyes.

These genius masters all exude a powerful aura that is different from the human race.

Obviously these genius masters are all masters of foreign races!

"what's the situation?"

Ye Feng was confused for a moment.

I don't know why all the foreign masters are staring at me.

At this time, suddenly a foreign genius who had cultivated to the tenth level of the Immortal Realm spoke out: "Human boy, don't even think about resisting. We have more than a hundred strong people here. You can't deal with it alone." Ours, hurry up and hand over all the rewards you got from the trial in the ancient sacred mountain, otherwise don't blame us for killing you. Even if you are a disciple of some big force, you are of no use. Just accept your destined fate obediently. "

At this time, Ye Feng heard the words of this foreign master and immediately understood why so many foreign masters stared at him with greed.

It turns out that they want to plunder the wealth they obtained in the ancient sacred mountain!

At this time, Ye Feng looked not far away. He found that many human geniuses were staying in the distance with lonely expressions. They had obviously been plundered and plundered. Many geniuses were trying to save their lives. Take the initiative to contribute your wealth.

But Ye Feng doesn't want to do this.

At this time, Ye Feng had an indifferent look in his eyes and said loudly: "It is impossible for me to hand over my wealth."

"presumptuous!"

When the alien genius with the tenth level of Immortality Realm heard what Ye Feng said, he immediately shouted angrily: "Human boy! How brave are you! How dare you say such arrogant words in front of us! You Humans this

How could such a weak race have such mysterious self-confidence? It's really unforgivable! I declare your fate of death! You are dead! Now even if you give all your wealth, you can't save your life! "

Boom!

Suddenly, at this moment, Ye Feng flashed in front of this alien genius who was talking endlessly, and punched him directly in his fearful eyes.

"puff!"

This foreign genius who kept talking was immediately shattered by Ye Feng's punch, exploded on the spot, and died instantly.

Ye Feng smiled coldly: "You talk too much nonsense, so I have no choice but to kill you and shut you up forever."

"What?!"

At this time, Ye Feng killed the alien genius with one fist, which immediately caused a large number of alien masters around to boil.

"How dare this human kid take the initiative to kill our members?"

"Who gave him the courage? How dare he be so arrogant!"

"It's so abominable! This human kid must be completely destroyed!"

"His cultivation level is not strong. He is only at the tenth level of the Immortal Realm. However, he killed a member of the same realm among us with one fist. This shows that this boy's combat power is very terrifying! This boy must be Having broken through many levels in the trial space, I must have gained a lot of wealth. Let's go together and snatch all the precious things from this kid!"

...

Almost at this moment, all the alien masters were gearing up, their eyes filled with greed and killing.

A foreign man wearing a black robe and possessing half-step to the supreme realm looked at Ye Feng and said, "I'm here to kill you."

Ye Feng suddenly stretched out his finger, shook it slightly, and said with a smile: "You can't do it, you all come together, I will fight a hundred of them one by one!"

Chapter 2193 Stare out your eyes

I want to fight a hundred of them!

The moment Ye Feng said these words, the entire venue suddenly burst into excitement.

The more than a hundred foreign masters on the field all had their eyes widened at this moment.

They seemed unable to believe their ears.

"How could this human boy... be so arrogant?"

All the alien masters could not help but speak out at this moment. .??.

Because in their opinion, after Ye Feng said these words, he would definitely die.

"Since this kid wants to be beaten to death by a group of us! Then we will grant his wish!"

Almost at this moment.

One by one, the alien masters took action instantly.

They all burst out with extremely powerful murderous aura and rushed towards Ye Feng.

"Demon Realm Crazy Sword!"

"Nine Heavens Killing God Hand!"

"Bloody Holy Sword Technique!"

"The body of a true demon!"

...

Almost at this moment, all the masters of the foreign races released powerful attacks. Countless terrifying destructive powers were immediately generated in the void, and they all rushed towards Ye Feng.

The first wave of powerful foreigners who took action included more than thirty masters. The weakest ones were all at the tenth level of the Immortal Realm, and many were at the half-step Supreme Realm.

As for the real alien geniuses at the earth supreme level, they seemed to be on the Hidden Dragon List. They didn't even bother to join the others in dealing with Ye Feng. They felt that it would be a disgrace to their status.

After all, in their eyes, Ye Feng, a human boy who was only at the tenth level of the Immortal Realm, although his combat power was indeed somewhat powerful, it was not enough to make them, the Supreme Realm level beings, take action.

It seemed that they felt that by killing Ye Feng, they were simply dirtying their own hands.

At this time, they were faced with the attacks of more than thirty foreign masters who had reached the tenth level of Immortality Realm and the half-step Supreme Realm.

There was no fear in Ye Feng's eyes, but a look of indifference. In an instant,

He punched the surroundings wildly with a fierce punch.

When Ye Feng fired these fists, he also used the peerless inheritance he had just cultivated, the Ten Thousand Emperors Hegemon Body Technique.

"Boom!"

Suddenly, terrifying brute force burst out from Ye Feng's body. Every punch Ye Feng made caused a roar in the entire void, and the space was shattered.

And the most terrifying thing is that at this moment, Ye Feng, three ancient and huge phantoms of the Human Emperor suddenly appeared around him. With Ye Feng's punch, these phantoms of the Human Emperor also frantically attacked their own ancient phantoms. The power of the Human Emperor erupted into a terrifying and boundless wave of power, heading towards the crazy surroundings.

"Boom!"

Almost at the next moment, the entire field suddenly erupted with a terrifying roar and collision.

Countless horrific collision aftermaths spread across the entire sky, and even formed many terrifying death lights, piercing through the surrounding land and directly shattering many mountains and rivers.

This kind of collision is really terrifying.

The image is very scary!

Because this was a collision of more than thirty strong men with Dzogchen level cultivation in the tenth level of the Immortal Realm.

And all of them released their most powerful killing moves.

Ye Feng's fists were also extremely terrifying, and each punch was powered by the power of three human emperors.

This makes Ye Feng full of unparalleled fighting power and destructive power.

But at this time, Ye Feng was also shrouded high in the sky by countless collisions of divine lights.

All the masters involved in the battle were enveloped.

In fact, there are many other foreign masters around.

They all stared at the chaotic place where the divine light collided with a hint of expectation in their eyes.

At this time, there were too many divine lights colliding, so no one could see clearly what was happening inside.

I don't know what the battle situation is like.

"That human boy will definitely die under the terrifying attacks of so many masters. Not even a scumbag will be left!"

"That's right! It doesn't matter if this kid dies and there's nothing left, as long as his storage ring is still there, all his wealth must be in the storage ring!"

...

At this time, many other foreign masters couldn't help but laugh out loud.

Because they felt that under the attack of more than thirty masters, Ye Feng, a boy who was only at the tenth level of the Immortal Realm, would definitely die without a burial place, and there would be no chance of a comeback.

Even some human geniuses who had been plundered not far away could not help shaking their heads and sighing at this time, "Why are you seeking death? It is better to hand over all your wealth. At least you can save your life and keep it." The green hills are here, so you don't have to worry about not having firewood." .??.

...

And at this time.

The aftermath of the collision in the sky finally dissipated.

The whole earth was in ruins.

Swish, swish, swish!

Swish, swish, swish!

At this time, countless eyes instantly focused on the ruins area not far away.

Almost the next moment.

Countless alien masters and a group of human geniuses not far away almost stared at him.

On top of the huge ruins not far away.

Ye Feng stood there alone, completely unscathed, not suffering any harm at all.

In front of him, around the ruins, more than thirty foreign masters at the tenth level of the Immortal Realm, and even half-step Supreme Realm, were all lying on the ground, all of them vomiting blood, and they were basically dead. Death, injuries, and survival are basically serious injuries, which can be said to be useless.

that is

, Ye Feng really defeated more than thirty foreign masters by himself!

I have to say, this scene is very shocking!

It not only shocked a group of human geniuses in the distance.

Even the remaining ferocious and greedy alien masters couldn't help but have a look of deep astonishment in their eyes at this time.

"What?!"

Seeing this scene, all the experts couldn't help but exclaimed.

They never thought that it would not be Ye Feng, a young human race boy, who died in the end, but those thirty or so powerful alien masters.

"Swallow..."

Just when countless masters were shocked, Ye Feng silently released his Devouring Domain. A black space spread out from the soles of Ye Feng's feet in an instant. He quickly swallowed it secretly and fell into the ruins. More than thirty foreign masters.

Because Ye Feng sensed it, among the more than 70 foreign masters left, there are many real supreme level beings hidden among them. There are more than a dozen earth supremes, and they should all be super geniuses on the Hidden Dragon List.

Ye Feng felt threatened, and Ye Feng felt that the remaining seventy foreign masters would not let him go.

So there will be a fierce battle next.

So at this time, Ye Feng secretly released the Devouring Domain, first secretly devouring all the skills of the more than thirty foreign masters he killed, hoping to break through the current bottleneck of the tenth level of the Immortal Realm and take a half-step into it. In the supreme realm, in that case, Ye Feng would have the confidence to continue the fierce battle with the next seventy foreign masters.

In fact, if Ye Feng wanted to escape now, he could just escape. No one would be able to stop him.

But what Ye Feng hopes even more is to kill all the remaining seventy foreign masters and swallow up all their skills!

In this case, he is expected to break through to the true supreme state!

At that time, Ye Feng will no longer be afraid of the so-called Gods Association and Xiao Tianshen!

Chapter 2194 Silver Dragon

At this time, when everyone was shocked, Ye Feng released the devouring domain, quickly devouring the skills and blood energy of the more than thirty foreign masters who had just been killed.

"Rumble..."

Wave after wave of pure and huge skill and blood were quickly injected from the ground into Ye Feng's entire body.

Although most of the more than thirty foreign masters that Ye Feng killed at this time were at the tenth level of the Immortal Realm, only a few were at the Half-Step Supreme Realm.

But that's more than thirty masters!

Even if Ye Feng's body was still a bottomless pit, he had received sufficient energy injection at this time, and he suddenly broke through the current bottleneck.

Successfully stepped into the half-step supreme realm from the tenth level of the immortal realm!

"Very good!"

The moment Ye Feng made a breakthrough, his eyes suddenly revealed a look of extreme joy.

Because at this time, with Ye Feng's breakthrough, Ye Feng's combat power has also been qualitatively improved.

If it were just an ordinary warrior, maybe if he broke through from the tenth level of the Immortal Realm to the Half-Step Supreme Realm, his combat power would not increase much, just a little bit.

But Ye Feng is different.

Every time Ye Feng makes a breakthrough, even if it is just a small level breakthrough in a realm, his combat power will be greatly improved.

Ye Feng, who is at the half-step Supreme Realm level, and Ye Feng, who is at the tenth level of the Immortal Realm, have absolutely different combat capabilities.

To say it's a world of difference would be a bit of an exaggeration.

But Ye Feng, who is at the half-step supreme realm, is definitely several times more powerful than Ye Feng, who is at the tenth level of the immortal realm!

at this time.

He didn't notice Ye Feng's breakthrough.

Because at this time, everyone's eyes were almost dull, as if they were still recalling the shock just now.

After all, Ye Feng killed more than thirty foreign genius masters alone, which was really shocking.

To know that

The more than thirty foreign masters are not ordinary practitioners. They are all talented warriors from various major foreign races.

Everyone's fighting power is very powerful.

Moreover, Ye Feng is also a human practitioner who is associated with being weak in the eyes of many foreign races.

But even so.

Ye Feng was still alone and killed more than thirty foreign masters.

It really shocked the whole audience!

"Once this human boy grows up, I'm afraid he will become famous throughout the entire northern land!"

At this time, many experts not far away who had just seen this scene couldn't help but make a sound.

At this moment, many of the Qianlong List geniuses among the foreign races could not help but stare at Ye Feng in surprise.

They thought that this human boy was not worth their while.

But now they discovered that this human boy was extremely powerful.

It actually made these foreign super geniuses on the Hidden Dragon List a little bit interested.

"I want to fight this human boy alone."

Suddenly at this time, a young man with silver scales all over his body stepped out from the group of alien masters.

"It's the Silver Dragon of the Silver Armor Clan!"

At this moment, the moment this young man covered with silver scales walked out, many experts who were watching couldn't help but exclaimed in surprise.

"This silver dragon is a powerful being ranked 97th on the Northern Hidden Dragon List!"

"I didn't expect that the boy would actually let him take action directly."

"It seems that this human boy has become a thorn in the side of many super geniuses."

"This silver dragon,

But there is a powerful existence of the Earth Supreme Third Heaven! There's something good to watch now! "

...

At this time, many other foreign masters couldn't help but speak out.

Their tone of voice showed deep awe for this silver dragon of the Silver Armor Clan.

Because this silver dragon not only comes from a powerful alien race, the "Silver Armor Clan", but is also a super genius ranked 97th on the list of hidden dragons in the northern land of God Realm.

At this time, a pure golden long sword appeared in Silver Dragon's hand, with golden dragon soul surging on it. It was obviously a very powerful supreme-level treasure.

At this time, Yinlong stared at Ye Feng across from him and said slowly: "Originally, I didn't want to take action. After all, taking action against a weak human race is really insulting to my status as a super genius, but you just attacked After killing more than thirty members of our alien alliance, you will become my enemy, and your strength also makes me feel some interest. I have no choice but to take action and destroy you, because no one will tolerate it. There are geniuses like you in other races."

At this time, Yinlong spoke, his tone full of cold murderous intent, and of course a deep and powerful confidence.

Obviously, Silver Dragon did not regard Ye Feng as an opponent, but as a lamb that was worthy of his action but could be killed at will.

Ye Feng just smiled coldly at this time and said aloud: "You are good in strength, but you have as much nonsense as the more than thirty aliens I just killed. If you want to kill me, just attack me directly. There is no need to It's a waste of my time to talk nonsense like this before taking action."

"You have courage."

At this time, the silver dragon's face showed a gloomy look. In an instant, he held the golden sword in his hand and headed towards Ye Feng to kill him.

"Kamikaze Sword Technique!"

"Kill all living beings!"

Boom!

Almost at that moment, the golden sword in the silver dragon's hand suddenly erupted with terrifying and sharp golden sword light, which instantly enveloped the entire sky and headed towards Ye Feng.

At this moment, the silver dragon slashed out tens of thousands of sharp and terrifying golden sword lights, surrounding Ye Feng, as if the whole world was tearing away towards Ye Feng's suppression.

"The Ancient True Dragon Fist!"

At this moment, Ye Feng did not hesitate at all. The key was to display a set of extremely powerful martial arts inheritance obtained from the ancient sacred mountain trials.

Taikoo True Dragon Fist!

hold head high! !

Along with a huge dragon roar, a golden real dragon burst out from Ye Feng's fist!

The fist he waved suddenly turned into a real dragon, full of unparalleled impact and destructive power. In an instant, it exploded with monstrous power, directly shattering all the tens of thousands of golden sword lights. .

"Boom!"

The fist like an ancient true dragon continued to blast forward, then shattered countless sword lights and hit the silver dragon's chest directly.

"Pfft!"

Accompanied by the sound of broken flesh and bones, Ye Feng's punch directly penetrated the silver dragon's chest, leaving a bloody hole and breaking his heart.

"you.....!"

Silver Dragon didn't even have time to use the second move, and suffered a fatal blow. His face was stiff, and his body fell to the ground.

Silver dragon, die!

"What?!"

Seeing this sudden scene, all the alien masters present could not help but change their expressions.

quiet!

Deadly quiet!

Chapter 2195 Extremely tough

At this time, the entire field was completely silent.

No one expected that the extremely powerful Yinlong, a super genius from the Silver Armor Clan, would be killed by Ye Feng with one punch.

This scene is really shocking.

Even the many foreign masters were trembling a little at this moment.

The feeling of oppression given to them by that human boy was too strong.

Originally they thought this human boy was just a very weak boy.

But it turned out again and again that this human race boy's combat power was really terrifying.

At this time, after Ye Feng killed the silver dragon, his eyes did not waver at all, as if he had trampled an ant to death.

At this time, Ye Feng looked indifferently at the remaining seventy foreign masters and said loudly: "You should all come together, otherwise you may not even have a chance to take action later."

"run!"

But what surprised Ye Feng was that at this time, none of the remaining foreign masters took action, and instead ran away crazily in all directions.

"What a bunch of cowards."

Ye Feng couldn't help but shake his head and smile.

But what he didn't know was that just now he had killed more than thirty foreign masters in succession, and then killed Silver Dragon, a super genius on the Hidden Dragon List, with one punch, which shocked many foreign masters. too big.

So even if there are still more than 70 foreign masters left, they don't dare to take action against Ye Feng at this time, because they all feel that Ye Feng is too terrifying.

Therefore, at this time, many foreign masters did not dare to be hostile to Ye Feng, even if they joined forces.

They all ran away quickly and crazily around them.

Even if you can't fight, you can still escape, right?

But at this time, Ye Feng looked at the many foreign masters fleeing in all directions, with a confident smile on his face, and suddenly released his natural talent, the Book of Wenzu.

"Buzz!"

almost

At this moment, a book emitting white holy light floated above Ye Feng's head.

This is exactly the book of Wenzu!

The moment the Book of Wenzu was released, it immediately gave Ye Fengyan the ability to use magic skills.

At this time, Ye Feng had the ability to speak out, and in an instant he said to the entire land in front of him: "Blockade!"

Boom!

Almost at the moment Ye Feng's words fell, these two words seemed to trigger a reaction from the laws of heaven.

In an instant, the power of terrifying laws appeared in the entire world, sealing off the entire land below. The void suddenly became as indestructible as if it were poured with molten iron.

"Boom!"

"Boom!"

"Boom!"

...

The alien masters who were fleeing around seemed to have hit steel at this moment.

The void in front of them suddenly became extremely solid. Although they were running away, they bumped into the invisible wall, directly hitting their heads and bleeding, and then stopped in place, unable to break through the encirclement.

"What? What is going on?"

"Why did the void suddenly become so hard? It's like there is an iron wall in front of me!"

"The human boy seemed to have said two words just now! The entire rules of the world suddenly changed! This is too terrifying! What kind of method is this?"

...

Almost at this moment, all the faces of a group of alien masters showed panic expressions.

They never expected that the human boy was not only powerful in combat, but also

And he also possesses the super ability of the great sages of ancient times to speak and follow the rules.

This is simply a combination of magic and martial arts!

Able to fight at close quarters!

You can also cast spells to attack from a distance!

The combination of this ability really makes all the foreign masters feel a deep despair.

They can't escape today!

"If you can't escape, then fight to the death!"

The remaining more than seventy foreign masters all had a sense of struggle on their faces at this moment.

They knew now that they couldn't escape at all.

So at this time, they could only fight to the death and fight Ye Feng, a terrifying human boy, to see if they could survive in the end. .??.

"Kill!!!"

At this moment, countless alien masters and super geniuses from all major races all released their most powerful power and rushed towards Ye Feng in an instant.

Whether each of them held back at this time, they all released their most powerful attacks at this moment.

Because in their hearts, Ye Feng, a seemingly ordinary human boy, is already a scourge to them, very terrifying, and they need to use the most powerful means to deal with it, and there is still a chance of survival. .

"Boom!"

"Boom!"

Almost at this moment, more than seventy alien masters and geniuses all released their most powerful attacks. The entire sky was immediately enveloped by an endless wave of destructive energy. The entire world was dimmed by the sun and the moon. The earth tore and shattered crazily.

This sight is very terrifying.

After all, no one has ever seen more than seventy super geniuses take action together.

Moreover, these geniuses are all from the major foreign races in the northern land, and they are all the best among the major races.

So their attacks and inheritance are extremely terrifying.

Attacking together at this time, the destructive frenzy released is definitely a doomsday disaster level and very terrifying.

But in the face of the countless terrifying waves of destruction, Ye Feng stood proudly on the earth at this moment, with a deep fighting spirit in his eyes, and shouted: "The wind is rising and the blood is flying! Today I will kill all of you Kill all the alien geniuses! It's time for me, the human race, to become famous all over the world!"

"Ancient Divine Ring!"

The combat power is doubled!

"The Ten Thousand Emperors Overlord Body Technique!"

Blessed by the power of the Ancient Human Emperor!

"The Ancient True Dragon Fist!"

Boom!

At this time, Ye Feng adjusted his momentum to the strongest fighting state and punched forward hard.

Immediately, terrifying energy burst out from his fist, directly condensing into a golden ancient dragon in the entire sky, erupting with unparalleled impact and destructive power.

"Boom!"

Suddenly, a terrifying big explosion occurred all over the sky.

The surrounding sky and earth were all shattered. Even the ancient sacred mountain not far away was shaken violently by the blast, and it seemed that it would completely collapse in the next moment.

This terrifying collision is truly unprecedented.

Because there has never been a time when so many super geniuses took action together.

Therefore, the aftermath of destruction was simply terrifying to the extreme.

At this time, far away, the human geniuses who had been plundered before could not help but retreat quickly because they felt the aftermath of the devastating explosion.

At the same time, they were also amazed at how terrifying Ye Feng, a boy from the human race, actually challenged more than a hundred alien geniuses by himself!

It's really tough to the extreme!

Chapter 2196 Shameless person

Exactly half an hour later.

The terrifying aftermath of the collision on the earth finally calmed down completely.

At this time, the entire earth and mountains were turned into ruins.

There was smoke everywhere and it looked very tragic.

"Ahem..."

At this time, suddenly a young figure stood up among the ruins.

This young man is naturally Ye Feng!

Ye Feng was obviously severely injured at this time.

After all, it was an attack by more than seventy geniuses from various races, and it was really terrifying to the extreme.

With Ye Feng's cultivation level, it was simply a miracle that he could survive.

The main reason is that his Chaos Body is too powerful, and the Ten Thousand Emperors Overlord Body Technique also greatly improved Ye Feng's defense, so he dared to collide with all the foreign masters.

Although Ye Feng suffered heavy injuries, he did not die.

And Ye Feng's record is also very impressive.

The more than seventy alien geniuses on the opposite side were all dead at this time, and their bodies were lying on the ground, looking very shocked.

For Ye Feng, this battle was very worthwhile.

He used his own injuries to exchange for the deaths of more than seventy alien genius masters.

It's really a great deal!

At this time, Ye Feng stared at the corpses of young geniuses from all major races on the ground, and his eyes suddenly showed deep excitement.

Because he knows that he will definitely make a profit this time!

Because these young geniuses are not ordinary masters.

Those who can enter this ancient trial space to experience are definitely super geniuses from all major races in the entire northern land.

The wealth of each of them is absolutely extremely abundant.

Moreover, the skills of these alien geniuses are definitely a great complement to Ye Feng.

\u003e

At this time, Ye Feng was going to collect the storage rings from the major foreign masters and geniuses, and then devour their skills.

But this time.

Swish, swish, swish!

Suddenly, several human geniuses appeared from a short distance away.

At this time, they looked at the seriously injured Ye Feng, and their eyes showed a kind of greed, and they said loudly: "We won't kill you, but you have to leave, we want this wealth!"

Unexpectedly, these human masters who had been plundered by the major alien geniuses before were so shameless and wanted to take advantage of Ye Feng's serious injury to plunder the wealth of all the alien geniuses on the field.

Ye Feng's eyes suddenly became extremely cold, and he smiled coldly: "If the human race is like you, then I am very worried about the future of our human race."

"you shut up!"

When a human genius heard what Ye Feng said, his face suddenly turned red.

He couldn't help but said aloud: "You can say whatever you want! Gaining benefits is the real thing! So don't think that a few words can make us change our minds. You are seriously injured now. We are already doing you a disservice by not killing you." The greatest kindness, please hurry up and leave, the wealth of all the alien geniuses here belongs to us. "

At this time, a total of more than a dozen human geniuses gathered around.

All of them are human geniuses who have been plundered by other alien masters before.

They became paupers, but at this time they had evil thoughts and wanted to take all the wealth of the alien geniuses that Ye Feng killed for themselves.

"I have never seen anyone so shameless!"

But suddenly at this moment, an angry voice of a young woman came from not far away.

Boom!

The moment the words fell, a terrifying sword light struck not far away.

"who is it?"

The dozen or so human geniuses surrounding Ye Feng suddenly felt a terrifying and sharp sword light attack from their backs at this moment.

Their expressions suddenly changed, and they quickly defended towards the rear.

"Boom!"

A terrifying sword light, hiding a very terrifying power, instantly knocked all these dozen geniuses away.

However, they were not injured, they were simply attacked and flown away.

After all, the cultivation level of each of these dozen human geniuses is not weak.

"Uh-huh!"

And at the next moment, a beautiful young woman wearing a black dress appeared next to Ye Feng in an instant, holding a long sword that exuded blazing light, and stared at the dozen geniuses vigilantly.

"Shangguan Mingyue?"

Ye Feng's eyes showed a look of surprise at this time.

The beautiful woman in black dress who appeared next to him at this moment was none other than the female disciple of the Black River Holy Land that he had met before, Shangguan Mingyue.

Shangguan Mingyue also invited Ye Feng to join the Black River Holy Land.

The relationship between the two can be said to be very good.

At this time, Ye Feng's body was severely injured and he immediately struggled to stand up.

"Ye Feng, are you okay?"

When Shangguan Mingyue saw Ye Feng's badly injured appearance, she immediately had a look of distress in her beautiful eyes. She quickly walked to Ye Feng's side and helped Ye Feng up.

"No big deal."

Ye Feng shook his head and looked at Shangguan Mingyue who suddenly appeared next to him. He couldn't help but laugh and said, "I didn't expect you to appear suddenly."

Shangguan Mingyue said:

"I was practicing nearby, and was suddenly attracted by the huge movement here, so I looked over here to see what was going on. Unexpectedly, I found a group of human beasts, attacking You start."

At this time, the eyes of the dozen or so human geniuses not far away were a little ugly.

Although Shangguan Mingyue's sword just didn't hurt them, these dozen human geniuses also saw how powerful this woman Shangguan Mingyue was.

They felt that if they continued to deal with Ye Feng, they might not get any benefits.

After all, although Ye Feng was seriously injured, more than a dozen human race geniuses knew that with the help of Shangguan Mingyue, Ye Feng was not something they could kill.

"Let's go."

A dozen human geniuses thought for a moment, then turned and left.

"Did I let you go?"

But suddenly at this moment, Ye Feng suddenly spoke up.

The moment Ye Feng finished speaking, the dozen or so human geniuses not far away suddenly froze.

They all turned around and looked at Ye Feng. They couldn't help but sneer and said: "You are already seriously injured like this, what? You still want to keep us? Do you really think that just one woman by your side can keep us all?" ?"

Ye Feng smiled slightly and said aloud: "You will know after you try it."

"We are all ready to leave, but you still want to keep us?"

"Since you are so ignorant, a dozen of us will join forces to get rid of this arrogant guy like you!"

"A seriously injured person dares to say such arrogant words. You have successfully angered us. This time we will not only plunder your wealth, but also kill you!"

...

At this moment, more than a dozen human geniuses were full of fear, and they rushed towards Ye Feng and Shangguan Mingyue in an instant.

Chapter 2197 Stunned

Boom!

Boom!

The dozen or so geniuses of the human race are all masters among masters, otherwise they would not be able to come to the core of this ancient trial space.

Therefore, the power they released at this moment was still very powerful.

Obviously, all these dozen human geniuses did not hold anything back. They all released their strongest killing moves and power. The purpose was not to give Ye Feng and Shangguan Mingyue any chance to survive. They wanted to kill these two people. Kill them all.

Because the benefits are really too great.

If they could kill Ye Feng and Shangguan Mingyue, then all the storage rings and wealth of the more than seventy foreign masters on the field would belong to a dozen of them.

Even if a dozen of them share the wealth equally, I'm afraid they can become rich instantly!

So at this time, more than a dozen human geniuses were determined to kill.

They all released their most powerful killer moves one after another.

"Wind Sword Technique!"

"The Ten Thousand Transformations White Bone Technique!"

"Thirteen swords to kill the god!"

"Billions of Gold Body Dragon Elephant Technique!"

"Great Fortune Palm!"

...

Almost at this moment, waves of terrifying attack energy bombarded Ye Feng and Shangguan Mingyue in an instant.

This kind of attack is very terrifying. Together, they can definitely kill a super master in the early stage of Earth Supreme, such as Earth Supreme Third Heaven, or even Earth Supreme Fourth Heaven, in an instant.

Even Shangguan Mingyue, who has now grown to the half-step supreme state in this ancient trial space, his eyes changed slightly at this moment, feeling the crisis of death.

But she didn't back down.

Because Ye Feng is now a very good friend in Shangguan Mingyue's heart.

But just when Shangguan Mingyue was about to fight,

When it comes to a fatal blow.

Snapped!

Suddenly a strong hand pressed on her shoulder.

It's Ye Feng!

At this time, Ye Feng coughed twice and pulled Shangguan Mingyue behind him. With infinite coldness in his eyes, he looked at the destructive energy that was attacking crazily in front of him and said loudly: "Even if I am seriously injured now, I am not more than ten years old." A bad fish can shake it."

Boom!

Almost at this moment, Ye Feng suddenly displayed his trump card of One Qi Transformation and Three Clears.

"boom!"

"boom!"

"boom!"

Almost at this moment, three clones who were exactly the same as him and had the same cultivation and aura appeared in front of Ye Feng.

The three clones of Ye Feng all possess Ye Feng's own powerful cultivation strength. Although the clones cannot release Ye Feng's inheritance or martial arts moves, their pure power is already very terrifying.

"Boom!!"

Almost at the next moment, all three clones released by Ye Feng punched forward fiercely.

Suddenly, the terrifying and boundless punch force burst out, almost shattering the entire space.

This is a very scary scene!

It is enough to show how terrifying the energy gathered by the three punches fired by the three clones at this time is!

"Boom!!"

The entire void was blasted through at once.

The crazy attack energy from more than a dozen genius masters was instantly shattered by this terrifying punch power.

"What

? ! "

Seeing that all their attacks were cracked, the faces of the dozen or so human geniuses immediately changed.

"He is a seriously injured body! How can he release such terrifying power all at once! This is like the power released in his heyday!"

"Three clones suddenly appeared in front of him, but what clone can possess all the power of the original body? I have never encountered such a terrifying clone technique before!"

...

Almost at this moment, the expressions of more than a dozen human geniuses suddenly became extremely gloomy.

They didn't dare to attack anymore at this time and all retreated.

"It's too late!"

But at this time, Ye Fengluo's indifferent words suddenly rang out.

Swish, swish, swish!

Almost at the next moment, the three clones released by Ye Feng rushed towards the direction where the dozen or so human geniuses were escaping in front of them, and then waved their fists wildly.

"puff!"

"puff!"

"puff!"

Accompanied by bursts of sounds of flesh and blood being broken, more than a dozen human geniuses were all shattered by the fists of the clones at this moment, and screams suddenly sounded across the entire venue.

"Spare my life!"

"Spare us!"

...

At this moment, the human geniuses who were showing off their power just now were all begging for mercy from Ye Feng, hoping that Ye Feng would let them live.

There was even a human genius who couldn't help but knelt down and kowtowed, and shouted loudly: "Spare our lives! Seeing that we are all human beings, please spare our lives! It is not easy for us to be able to cultivate to this day!" "

Ye Feng

At this time, listening to the begging for mercy of this group of human geniuses, he just smiled coldly and said: "When you tried to plunder my wealth just now, your death was already destined. I will never let you go." Enemy, because that is tantamount to letting the tiger go back to the mountain and looking for trouble."

Boom!

And almost at the moment Ye Feng finished speaking, the remaining human geniuses were instantly killed by three clones.

At this time, the entire field suddenly became silent.

All human geniuses were killed.

It has to be said that Ye Feng discovered that the set of trump cards, One Qi Transformation and Three Clears, are really useful and can often defeat the enemy at critical moments.

At this time, Shangguan Mingyue, who was standing next to Ye Feng, was stunned.

Shangguan Mingyue was shocked to the extreme when she saw that three clones that were exactly the same as Ye Feng were able to erupt with such terrifying power.

Because she also knew something about the art of clones.

But no matter how powerful the clone technique is, the power of the clone cannot be exactly the same as the original one.

This is simply against the will of heaven.

But Ye Feng did display three clones with the same cultivation and combat power as his own.

And if you hadn't seen it with your own eyes, you wouldn't be able to tell which one was the main body and which one was the clone. They were exactly the same, and they were many times more advanced than those so-called shadow clones and other clone techniques.

At this time, Shangguan Mingyue finally understood why Ye Feng dared to confront the gods.

Because Ye Feng's talent is so monstrous, as long as Ye Feng is given time, he can basically surpass any so-called peerless genius!

"This is the eternal genius!"

Even Shangguan Mingyue, the most outstanding female talent in the Black River Holy Land, was filled with admiration at this time.

Chapter 2198 The so-called consequences

At this time, Ye Feng looked at Shangguan Mingyue beside him and said: "I will practice on the spot for a while to recover from my injuries. Mingyue, help me find a commanding height in the distance. You stay there and help me protect the law. "

When Shangguan Mingyue saw Ye Feng's seriously injured appearance, she immediately nodded, with a serious look in her beautiful eyes, and said loudly: "Okay, I will protect you now, don't worry, if there are any special circumstances, I will inform you of."

"Okay, thank you."

Ye Feng immediately grinned and said.

"You're welcome."

Shangguan Mingyue walked towards the distance at this time, showing a touching and beautiful smile to Ye Feng, and said loudly: "If you hadn't helped Ye Feng before, I'm afraid I would have been killed by the group of corpse gods." The disciples were killed, and you are now my savior. I am willing to do anything for my savior."

Shangguan Mingyue was speaking at this time, and there seemed to be a special meaning in his tone.

But at this time, Ye Feng had already sat upright on the spot and began to release the Devouring Domain.

Shangguan Mingyue saw Ye Feng's seemingly indifferent look, and couldn't help but reveal a hint of disappointment in her beautiful eyes.

But the next moment, she flew high into the sky and found the top of a huge mountain.

Shangguan Mingyue stood on the top of the mountain and began to carefully observe the various movements around her, trying to create an absolutely quiet training venue for Ye Feng.

And at this moment.

The edge of the ancient sacred mountain.

Without any hesitation, Ye Feng instantly released the Devouring Domain and spread it around.

Whether it was to plunder the blood energy to heal his injuries, or to strengthen his own skills, Ye Feng needed to quickly devour all the skills of the dead alien geniuses on the field.

"Rumble..."

There are more than a hundred talented masters here, gathered together

The energy that arose was simply majestic to the extreme.

At this moment, abundant and infinite blood energy and skill attributes were all injected into Ye Feng's body.

At this moment, Ye Feng immediately felt that majestic energy was surging in all his limbs.

These majestic energies are like long dragons surging through Ye Feng's limbs and bones, roaring and roaring, and even producing the vision of heavenly veins thundering.

At this moment, Ye Feng could immediately feel that his final bottleneck was rapidly transforming and finally achieved a breakthrough.

"boom!!"

Finally, a terrifying and boundless aura erupted from Ye Feng's body.

Ye Feng's cultivation level finally made a complete breakthrough.

Finally, he passed the biggest hurdle of the half-step Supreme Realm and successfully entered the real Supreme Realm.

The Supreme Earth and Heaven!

This is much more than that.

Because the skills of the alien geniuses on the field have not yet been fully refined.

After Ye Feng broke through, there were still streams of majestic blood energy continuously injected into Ye Feng's body in the devouring field around him.

This allowed Ye Feng's cultivation to continue to make breakthroughs.

Ye Feng himself felt a little incredible.

There are more than a hundred of these talented masters from various major alien races. As expected, all of them have very strong cultivation skills.

But the skills they had worked hard to cultivate for so many years now all became Ye Feng's.

"boom!"

The Supreme Earth and the Second Heaven!

"boom!"

The Supreme Earth and the Third Heaven!

Finally, Ye Feng's cultivation level broke through again before he stopped.

Uh-huh! .??.

At this moment, Ye Feng stood up in an instant.

His eyes glowed with divine light, as bright as two stars.

Moreover, the aura fluctuations exuding from Ye Feng's body at this time were simply terrifying to the extreme.

It's like a small body contains a terrifying beast from ancient times.

Gives a feeling of palpitations.

Ye Feng, who had broken through to the Earth Supreme, had his combat power improved by an unknown amount.

Next, Ye Feng reached out and grabbed all the storage rings on the ground, sucked them all into his hands, and then put them all into his own storage ring.

Ye Feng was going to leave this place of right and wrong first, wait until he reached a safe area, stabilize, and then take a good inventory of the more than one hundred storage rings he had harvested this time.

At this time, Ye Feng looked at the top of a mountain not far away and saw Shangguan Mingyue, the unparalleled female genius of the Black River Holy Land, still standing on the top of the mountain nervously on guard.

Uh-huh! .??.

Ye Feng took one step forward, and the space around him shifted. He suddenly appeared next to Shangguan Mingyue.

"Have you finished practicing?"

When Shangguan Mingyue saw Ye Feng appearing next to her, she couldn't help but ask.

Ye Feng nodded and said with a smile: "The practice has been completed."

At this moment, Shangguan Mingyue stared at Ye Feng, who had become lively again, and couldn't help but

Zhu tutted in surprise and said: "Ye Feng, you are so powerful, your vitality is so terrifying. Half an hour ago, you were still seriously injured, but in just half an hour, your breath has returned to normal. Peak state, and I can't see through your true cultivation, have you made a breakthrough?"

Ye Feng nodded slightly and said with a smile: "We have broken through to the Earth Supreme."

hiss!

When Shangguan Mingyue heard what Ye Feng said, she couldn't help but gasped.

This proud woman from the Holy Land of Heihe couldn't help but stare at Ye Feng with a bright brilliance in her beautiful eyes, and exclaimed in wonder: "Is this the legendary breaking and

rising? Directly from Seriously injured and dying, you have recovered to your peak condition and achieved a breakthrough in cultivation. Ye Feng, you are really amazing!"

At this time, Shangguan Mingyue said that she couldn't help but stretched out a pair of white hands, and immediately held Ye Feng's palm, as if to express her exclamation and admiration for Ye Feng.

Ye Feng smiled and said: "Let's leave this place of right and wrong as soon as possible. There is a war here, and other strong men may be attracted to come at any time."

Shangguan Mingyue nodded immediately and said: "Yes, by the way, Ye Feng, although you have accomplished an unprecedented feat this time, killing more than a hundred foreign geniuses at once, but these are all from our northern land." The super genius of the great alien race is a core member and even the inheritor of all the great alien races. I estimate that the entire northern land will be shaken due to your actions today. "

When Ye Feng heard what Shangguan Mingyue said, a very determined look suddenly appeared in his eyes, and he said: "An eye for an eye, a tooth for a tooth. If those more than a hundred foreign geniuses want to kill me, then I will naturally give them away." They all go to the West! As for the so-called consequences... Huh, if they dare to come, I will kill them!"

Chapter 2199 A shocking incident

It must be said that Ye Feng's words at this time were full of deep murderous intent and domineering power.

Shangguan Mingyue did not deny it, but looked at the sky not far away with her beautiful eyes and said softly: "I believe you."

At this time, Ye Feng looked at Shangguan Mingyue beside him and asked: "Where are you going next? Do you want to continue training in this ancient trial space?"

When Shangguan Mingyue heard what Ye Feng said, her beautiful eyes flashed and she couldn't help but said: "Ye Feng, do you want to leave this ancient trial space?"

Ye Feng nodded and said: "Yes, I have experienced the ancient sacred mountain in the deepest part of the ancient trial space. The next few small opportunities will not have much improvement for me."

Having said this, Ye Feng looked into the distance, with a hint of cold murderous intent in his eyes, and said loudly: "Moreover, my cultivation has now reached the level of Earth Supreme. Maybe it is nothing in the entire northern land of the God Realm. But among the alliance lands of the four major domains, it is definitely considered a top-notch existence, and it's time for me to return to the Blue Sky Holy Land."

Return to Qingtian Holy Land!

Hearing Ye Feng say this, Shangguan Mingyue couldn't help but reveal a look of surprise in her beautiful eyes, and said, "Ye Feng, you...are you going to duel with Xiao Tianshen?"

Ye Feng nodded, took a deep breath, and said, "Yes, it's time."

Although Shangguan Mingyue knew that Ye Feng had become extremely powerful now.

But there was still some deep worry in her eyes at this time.

After all, the opponent Ye Feng is about to face is Xiao Tianshen, the number one legendary figure in the four realms!

That was a terrifying figure that countless powerful men of the older generation could not suppress in the land of the Four Domains Alliance.

However, Shangguan Mingyue knew very well that since Ye Feng had decided to go back, he definitely couldn't stop him.

At this time, Shangguan Mingyue immediately said to Ye Feng: "Then I want to go back with you."

Ye Feng was a little surprised and couldn't help but said: "You want to go back to Qingtian Holy Land with me?"

Shangguan Mingyue shook his head and said: "I will leave the ancient trial space with you and return to the alliance land of the four major regions. If you are in danger, I can also ask my master, the Holy Lord of the Black River Holy Land, to come and help you." you!"

Hearing what Shangguan Mingyue said, Ye Feng immediately nodded and said, "Then let's set off."

Uh-huh!

Uh-huh!

The two of them quickly walked towards the entrance of this ancient trial space.

Ye Feng took Shangguan Mingyue and soon left the ancient trial space and flew out of a space entrance on the edge of the Four Domains Alliance.

They flew directly towards the center of the Four Domains Alliance.

After flying for a while, Shangguan Mingyue suddenly said: "I recognize it. We are about to arrive at our Black River Holy Land. Ye Feng, we have been traveling for so many days and are quite tired. How about you Come with me to our Black River Holy Land for a rest, and then you can set off back to your Blue Sky Holy Land. My master, Holy Lord Black River, has always been curious about you and has long wanted to meet you."

Ye Feng heard what Shangguan Mingyue said. After thinking about it for a moment, he nodded with a smile and said, "Okay, it's been a long journey, so it's good to take a rest."

Ye Feng agreed to go to the Black River Holy Land with Shangguan Mingyue at this time, mainly so that he could have a stable place and count all the wealth contained in his storage ring, especially the wealth he had plundered before.

There must be a lot of wealth among the storage rings of more than a hundred alien geniuses, which may be able to take your cultivation to a higher level.

"Very good!"

At this time, Shangguan Mingyue was very happy when she heard Ye Feng agreed. She immediately grabbed Ye Feng and flew quickly towards the Black River Holy Land ahead.

The Black River Holy Land stands on the edge of a wide and endless black river.

An endless stretch of ancient tall buildings, tall buildings, palaces, and giant towers stand on the land beside the long black river.

That is the core of the Black River Holy Land.

At this time, Shangguan Mingyue came with Ye Feng, and she was very happy.

But just when the two of them reached the gate of Heihe Holy Land.

Uh-huh!

Uh-huh!

Suddenly, two tall men wearing silver armor flashed in front of them.

The two silver-armored men looked extremely solemn. They instantly raised the long swords in their hands, looked at Ye Feng and Shangguan Mingyue, and shouted coldly: "This is the important place of the Black River Holy Land. All the rest, get out of here! Violators!" Those who are killed will be killed without mercy!"

Ye Feng's eyes were a little surprised and he couldn't help but look at Shangguan Mingyue beside him.

Shangguan Mingyue's beautiful face suddenly showed a look of shock and anger, and she said: "Are you crazy? I am the direct disciple of the Holy Lord!"

"Huh? A direct disciple of the Holy Lord?"

The two silver-armored men immediately stared at Shangguan Mingyue, and then laughed loudly and said: "It turns out to be you Shangguan Mingyue. Do you know that now the Black River Holy Land is dominated by the punishment elders, and that master of yours has long since disappeared. The Holy Lord of Heihe Holy Land is no longer the Holy Lord of Heihe Holy Land, but His Highness the Punishment Elder!"

"What?!"

When Shangguan Mingyue heard what these two silver-armored men said, her face suddenly changed and she couldn't help but ask, "What happened?"

A silver-armored man immediately smiled disdainfully and said: "Shangguan Mingyue, your master has become a prisoner half a month ago. Our punishment elders have taken refuge in the Association of Gods. Xiao Tianshen from the Association of Gods has come to help punishment. The elder suppressed the previous Holy Master, your master, and now the Black River Holy Land is ruled by the Punishing Elder and is protected by the Gods Association. "

"What?!"

Upon hearing this silver-armored man's words, Shangguan Mingyue and Ye Feng's eyes changed slightly.

Unexpectedly, they had only been in the ancient trial space for more than a month, and such a shocking change occurred in the entire four major domains.

At this time, the second silver-armored man also smiled disdainfully and said: "Now the entire alliance land is about to respect Xiao Tianshen! The Blue Sky Holy Land, the Black River Holy Land, the Divine Sword Holy Land and the Sea Holy Land are all taking refuge. After the meeting of gods, only the last stubborn royal family of the Kingdom of Frost is left. However, Xiao Tianshen has already sent the most powerful men under his command to attack the imperial city of the Kingdom of Frost. If it weren't for the fact that there are several immortals in the royal family, The old dragon burned his longevity and worked hard. Xiao Tianshen had already captured the Imperial City of the Frost Kingdom, but that day was not far away. It is said that Xiao Tianshen, with the help of the Holy Lord of the Blue Sky Holy Land, had already arrived in a very special strange place. A very terrifying inheritance has been cultivated in the dimensional space. When Xiao Tianshen returns and completes his magical skills, it will be the day when the royal family of the Frost Kingdom will be destroyed. At that time, the entire alliance will be respected by Xiao Tianshen and the gods! It will lead us to a new glory!"

At this time, the two silver-armored men were talking, their voices full of worship for Xiao Tianshen, and even that became a kind of belief! It must be said that Ye Feng's words at this time were full of deep murderous intent and domineering power.

Shangguan Mingyue did not deny it, but looked at the sky not far away with her beautiful eyes and said softly: "I believe you."

At this time, Ye Feng looked at Shangguan Mingyue beside him and asked: "Where are you going next? Do you want to continue training in this ancient trial space?"

After flying for a while, Shangguan Mingyue suddenly said: "I recognize it. We are about to arrive at our Black River Holy Land. Ye Feng, we have been traveling for so many days and are quite tired. How about you Come with me to our Black River Holy Land for a rest, and then you can set off back to your Blue Sky Holy Land. My master, Holy Lord Black River, has always been curious about you and has long wanted to meet you."

Ye Feng heard what Shangguan Mingyue said. After thinking about it for a moment, he nodded with a smile and said, "Okay, it's been a long journey, so it's good to take a rest."

Ye Feng agreed to go to the Black River Holy Land with Shangguan Mingyue at this time, mainly so that he could have a stable place and count all the wealth contained in his storage ring, especially the wealth he had plundered before.

There must be a lot of wealth among the storage rings of more than a hundred alien geniuses, which may be able to take your cultivation to a higher level.

"Very good!"

At this time, Shangguan Mingyue was very happy when she heard Ye Feng agreed. She immediately grabbed Ye Feng and flew quickly towards the Black River Holy Land ahead.

The Black River Holy Land stands on the edge of a wide and endless black river.

An endless stretch of ancient tall buildings, high-rise palaces, and giant towers stand on the land beside the long black river.

That is the core of the Black River Holy Land.

At this time, Shangguan Mingyue came with Ye Feng, and she was very happy.

But just when the two of them reached the gate of Heihe Holy Land.

Uh-huh!

Uh-huh!

Suddenly, two tall men wearing silver armor flashed in front of them.

The two silver-armored men looked extremely solemn. They instantly raised the long swords in their hands, looked at Ye Feng and Shangguan Mingyue, and shouted coldly: "This is the important place of the Black River Holy Land. All the rest, get out of here! Violators!" Those who are killed will be killed without mercy!"

Ye Feng's eyes were a little surprised and he couldn't help but look at Shangguan Mingyue beside him.

Shangguan Mingyue's beautiful face suddenly showed a look of shock and anger, and she said: "Are you crazy? I am the direct disciple of the Holy Lord!"

"Huh? A direct disciple of the Holy Lord?"

The two silver-armored men immediately stared at Shangguan Mingyue, and then laughed loudly: "It turns out to be you Shangguan Mingyue. Do you know that now the Black River Holy Land is dominated by the punishment elders, and that master of yours has long since disappeared. The Holy Lord of Heihe Holy Land is no longer the Holy Lord of Heihe Holy Land, but His Highness the Punishment Elder!"

"What?!"

When Shangguan Mingyue heard what these two silver-armored men said, her expression suddenly changed and she couldn't help but ask, "What exactly happened?"

A silver-armored man immediately smiled disdainfully and said: "Shangguan Mingyue, your master has become a prisoner half a month ago. Our punishment elders have taken refuge in the Association of Gods. Xiao Tianshen from the Association of Gods has come to help punishment. The elder suppressed the previous Holy Master, your master, and now the Black River Holy Land is ruled by the Punishing Elder and is protected by the Gods Association. "

"What?!"

Upon hearing this silver-armored man's words, Shangguan Mingyue and Ye Feng's eyes changed slightly.

Unexpectedly, they had only been in the ancient trial space for more than a month, and such a shocking change occurred in the entire four major domains.

At this time, the second silver-armored man also smiled disdainfully and said: "Now the entire alliance land is about to respect Xiao Tianshen! The Blue Sky Holy Land, the Black River Holy Land, the Divine Sword Holy Land and the Sea Holy Land are all taking refuge. After the meeting of gods, only the last stubborn royal family of the Kingdom of Frost is left. However, Xiao

Tianshen has already sent the most powerful men under his command to attack the imperial city of the Kingdom of Frost. If it weren't for the fact that there are several immortals in the royal family, The old dragon burned his longevity and worked hard. Xiao Tianshen had already captured the Imperial City of the Frost Kingdom, but that day was not far away. It is said that Xiao Tianshen, with the help of the Holy Lord of the Blue Sky Holy Land, had already arrived in a very special strange place. A very terrifying inheritance has been cultivated in the dimensional space. When Xiao Tianshen returns and completes his magical skills, it will be the day when the royal family of the Frost Kingdom will be destroyed. At that time, the entire alliance will be respected by Xiao Tianshen and the gods! It will lead us to a new glory!"

At this time, the two silver-armored men were talking, their voices full of worship for Xiao Tianshen, and even that became a kind of belief!

Chapter 2200 Trap

At this time, the two silver-armored men were talking, and the expressions of Ye Feng and Shangguan Mingyue became very incredible.

"I didn't expect that in just over a month since we left, the entire alliance land of the four major regions would undergo such drastic changes."

Ye Feng couldn't help but sigh at this time.

Shangguan Mingyue also nodded at this time and said loudly: "This Xiao Tianshen moves too fast, and his strength is probably even more terrifying now than before. Otherwise, it is impossible to suppress even a person at the level of the Holy Lord."

When Ye Feng heard what Shangguan Mingyue said, he immediately agreed and said, "It seems that Xiao Tianshen has been underestimated."

"Who is this guy?"

Suddenly, a man in silver armor looked at Ye Feng and couldn't help but ask.

Shangguan Mingyue smiled slightly and said, "This is Ye Feng."

"Ye Feng?!"

When the two silver-armored men heard what Shangguan Mingyue said, they couldn't help but change their expressions as they recognized him: "This is the Ye Feng whom the gods will issue a wanted order to kill! How did he come to our Black River Holy Land?"

Shangguan Mingyue stared at the two silver-armored men at this time and said loudly: "If you don't want to die, take us to see my master. Is my master imprisoned in the heavenly prison of Heihe Holy Land now? "

When the two silver-armored men heard what Shangguan Mingyue said, their expressions suddenly changed. They first retreated toward the rear, and then shouted at the Black River Holy Land: "Enemy attack! Enemy attack!"

"Pfft!"

"Pfft!"

But at the next moment, Ye Feng stretched out his finger and pointed a little ahead. In an instant, two divine beams rushed out, tearing through the sky like sharp swords, and instantly hit the two silver-armored men who were shouting. Pierced the head.

Bang!

Bang!

The two silver-armored men immediately fell to the ground, becoming dead in an instant.

Both of them are minions in the Black River Holy Land. Their cultivation levels are extremely low and they are no match for Ye Feng.

At this time, Shangguan Mingyue looked at Ye Feng and said, "Ye Feng, what should we do now? Now the entire alliance of the four major regions belongs to Xiao Tianshen."

Ye Feng said aloud: "The four major

The Holy Land may be under the control of Xiao Tianshen, but the two men just said that among the four major alliances, only the Imperial City of the Frost Kingdom in the center has not yet been attacked, because Xiao Tianshen seems to be somewhere. Cultivation in the mysterious extra-dimensional space has not yet completely arrived, so we must hurry up before Xiao Tianshen comes to stabilize the rule of the Imperial City of the Frost Kingdom, and unite with many powerful people in the Imperial City of the Frost Kingdom to be able to Against the entire Council of Gods. "

When Shangguan Mingyue heard what Ye Feng said, she immediately nodded and said, "Then let's rescue my master first, and then we will go to the Imperial City of Frost Kingdom together."

Ye Feng said: "Okay, I have this plan. Your master is very powerful. He is at the level of a Holy Lord, and at least has the cultivation level of the Heavenly Supreme Lord."

At this time, Ye Feng said and immediately took Shangguan Mingyue towards the Black River Holy Land.

He said aloud: "Take me directly to the prison in your Black River Holy Land and rescue your master directly."

Shangguan Mingyue nodded immediately and led Ye Feng through the area of the Black River Holy Land.

Shangguan Mingyue was originally a disciple in Heihe Holy Land, and she was also a true disciple of Heihe Holy Land before, so she was very familiar with the layout and area of Heihe Holy Land.

Soon, the two of them arrived outside the prison.

With the two people's cultivation, no one could detect their traces along the way.

The Heavenly Prison of Heihe Holy Land is built under the surface of the earth and looks like a very huge underground castle-like building.

At this time, Shangguan Mingyue only said: "If you want to break into the Heavenly Prison to rescue my master, it will definitely arouse the alert of the entire Black River Holy Land. It is impossible to enter the Heavenly Prison unknowingly."

Ye Feng smiled slightly and said: "No problem, just break into the sky prison. If anyone dares to stop us, I will kill him directly. The most powerful person in your Black River Holy Land is probably the punishment elder. He is not mine." My opponent, I have sensed his cultivation aura, but he is the second level of Heavenly Supreme, and it is nothing to me."

Now Ye Feng's cultivation level is in the third level of the Earth Supreme

Chongtian, but his combat power is extremely terrifying, far exceeding his cultivation level.

Shangguan Mingyue heard the strong confidence in Ye Feng's tone. She immediately nodded and walked towards the Tianlao.

Sure enough, just when the two of them were approaching the Tianlao area.

Buzz!

Suddenly an invisible formation was activated.

And at the moment this formation appeared.

A very strong energy fluctuation spread throughout the entire Black River Holy Land.

Shangguan Mingyue's face suddenly changed slightly, and she couldn't help but said: "No! This is a trap! Someone had known that we were coming to Tianlao to rescue my master!"

Swish, swish, swish!

Swish, swish, swish!

And almost at the moment Shangguan Mingyue finished speaking, groups of figures flew over not far away.

These people are all core members of the Black River Holy Land, including various elders, protectors, and some core disciples.

The leader was an old man wearing a black robe. He was very majestic. He exuded the fluctuations of cultivation at the level of the Heavenly Sovereign, giving people a very depressing feeling.

This old man in black robe is obviously the current controller of Heihe Holy Land, Elder Punishment!

At this moment when Elder Punishment and a group of people arrived, he looked at the two people trapped by the formation below and immediately laughed out loud: "Shangguan Mingyue! Ye Feng! When you two just arrived at the entrance of our Black River Holy Land, At that time, I saw you through the surveillance formation, but I did not alert the snake, which allowed you to arrive outside the prison very smoothly, and then entered the trap. Now you are trapped by this formation. , and with so many strong men surrounding you, we have no chance of escaping! Especially you, Ye Feng! If I capture you alive! Dedicate it to Xiao Tianshen! When Xiao Tianshen comes to the alliance again, I will receive a huge reward!"

At this time, the punishment elder was speaking, his eyes filled with deep greed.

His face was full of joy, because he seemed to have never expected to catch Shangguan Mingyue and Ye Feng so easily.

personal.

Especially Ye Feng, that is the person that the gods will focus on.

At this time, Shangguan Mingyue couldn't help but look at the punishment elders and a group of core members of Heihe Holy Land in the sky, and said coldly: "You were all the most loyal people in Heihe Holy Land. I didn't expect that you all rebelled and turned traitor." You have betrayed the Holy Lord, and you have also taken refuge in that ambitious guy Xiao Tianshen! "You are so disappointing!"

When being questioned by Shangguan Mingyue, a group of core members of the Black River Holy Land couldn't help but look a little ugly.

Elder Punishment discovered this scene and shouted coldly: "Huh! Shangguan Mingyue, don't even think about instigating people to rebel! It's useless! Xiao Tianshen is a lucky man favored by God. He is the son of God and is blessed with great luck. Otherwise, only by surrendering to Xiao

Tianshen can we bring the entire Heihe Holy Land to new glory! Your master is too stubborn and wants to fight against the Gods Association. Naturally, he is stopped by all the core members of our Heihe Holy Land! , so we can only put your master into a heavenly prison and imprison her forever. Only when she wakes up can we release her!"

Shangguan Mingyue's eyes were full of anger, and she shouted loudly: "We are a group of spineless people! It's really a shame to have you in the Black River Holy Land!"

"Shut up!"

The punishment elder immediately shouted angrily: "There is no point in saying anything now!"

At this time, Elder Punishment looked at the other elders around him and said loudly: "First Elder, Second Elder, Third Elder, the three of you take action, capture these two young juniors below, and lock them into the sky prison. Then notify the masters of the Gods Association and ask them to come and take Ye Feng away. "

"yes!"

At this moment, the three elders of Heihe Holy Land clasped their fists respectfully and shouted.

These three elders all have the perfect cultivation of the Earth Supreme Tenth Level Heaven!

Extremely powerful!

So at this time, the punishment elder was very relieved and asked the three elders to capture the two juniors, Ye Feng and Shangguan Mingyue.

After all, in his eyes, although these two young people are super geniuses, they are absolutely impossible to fight against the powerful elders like the three elders in the Black River Holy Land.
