

## Ancient 2431

Chapter 2431 Xue Wushang

At this moment, after the powerful man from the Elf clan finished speaking, the masters from the major forces gathered around him couldn't help but look surprised.

Obviously they knew that these elves were native creatures of the Ancient Demon Realm, and they were naturally very familiar with everything in the Ancient Demon Realm. Therefore, at this time, no one continued to attack the golden beam of light. They all stood still and watched. .

At this time, Ye Feng was standing not far away and heard the words of this powerful elf clan man, with a hint of surprise in his eyes.

When Ye Feng first arrived here, he could already feel that the power contained in the golden light pillar was a very powerful formation.

Therefore, Ye Feng had long guessed in his heart that this golden light pillar must be a very special protective formation, so he did not take action rashly. At this time, he heard the powerful elf not far away say this, and it was indeed true.

But at this time, Ye Feng was a little curious about how powerful this golden light pillar was.

At this moment, Ye Feng started to take action against the golden light beam with some curiosity.

"Boom!"

Almost at this moment, Ye Feng directly punched out a powerful punch. This punch condensed all his strength and poured forward almost like a tide. .??.

Ye Feng's fist burst out with terrifying power, and suddenly hit the golden light pillar.

In an instant, a terrifying roar erupted. Ye Feng felt that he had hit the iron wall and was unable to destroy the seemingly weak golden light pillar.

The golden beam of light seemed to be made entirely of divine iron, and it was extremely solid.

Even Ye Feng's current powerful power cannot cause any impact or damage to this golden beam of light.

At this moment, Ye Feng couldn't help but look at the group of elves rushing over not far away.

, with a look of surprise in his eyes.

It seems that these elves already know many secrets about the Demon King's Palace.

"Have they ever entered the Demon King's Palace area before?"

At this moment, Ye Feng was thinking secretly in his heart.

At this time, Lan Wuyou, who was beside him, had a hint of surprise in his eyes and asked: "Ye Feng, what do you think? What should we do now?"

Ye Feng said with a smile: "We don't have to do anything now. We just stay here and wait for this golden beam of light to dissipate."

When Lan Wuyou heard what Ye Feng said, there was a trace of surprise in his eyes, and he couldn't help but said: "Ye Feng, do you really believe everything that the elf said just now? Three days and three nights later, will this golden beam of light disperse?"

Ye Feng nodded and said with a smile: "The elves who just said these words are native creatures of the Ancient Demon Realm. They must have a deeper understanding of this Demon King's Palace than we do, so now we listen to them That's it."

Hearing what Ye Feng said at this time, Lan Wuyou's eyes suddenly showed a trace of solemnity and said loudly: "But if we continue to wait like this, more and more powerful people will definitely come next. We will probably be overwhelmed by the time. After all, the movement generated by this golden light pillar will definitely attract all the powerful people in the Ancient Demon Realm, and everyone can see this golden light pillar shooting straight into the sky. "

When Ye Feng heard what Lan Wuyou said, he immediately nodded and said: "You are right, and your worry is not wrong, but there is no way now. I have tried it just now, even if I use the most powerful force to attack this golden beam of light

They are all unable to be broken open, so now we can only wait for the cyan light pillar to dissipate on its own before we can enter it. "

When Lan Wuyou heard what Ye Feng said, he originally wanted to say something, but thinking about it, it seemed that he could only wait now.

So Lan Wuyou didn't say anything more. He just stood silently behind Ye Feng and continued to practice with a group of elders from the Northern Immortal Palace to improve his condition as much as possible.

Because Lan Wuyou knew that an extremely terrifying chaos and killing would definitely happen here next.

At this time, Ye Feng also closed his eyes and began to rest with his eyes closed.

As time goes by, more and more masters and powerful beings are coming here.

Among these people are outsiders, as well as native creatures from the ancient demon world.

Among the outsiders, they are naturally the major overlord forces, such as the Barbarian God Empire, the Law God Sect, the Blood God Palace, etc.

Among the local creatures, in addition to the elves, there are also extremely tall orcs wearing armor.

Of course there are some local races, but no one can tell what race they are. They look extremely ancient, and they are obviously a race that lived many years ago.

When other masters arrived here, many strong ones couldn't help but take action, hoping to break through the golden light pillar in advance and enter the palace complex area of the Demon King's Palace.

But without exception, the results of their attacks were the same as Ye Feng's, they were unable to break through the golden beam of light, and they all ended in failure.

So in the end, everyone could only stay outside and wait for the golden beam of light to disperse by itself.

Among the masters who came here one after another, there were also other elders from the same sect of the Northern Immortal Palace.

However, this group of elders from the Northern Immortal Palace did not join Ye Feng.

The team we are in at this time.

After all, not everyone is familiar with it.

And they didn't know how powerful Ye Feng was.

So they all worked on their own and formed small groups.

Of course, this situation not only happens in the Northern Immortal Palace, but also in other overlord forces.

After all, there are still many talented disciples who have entered the overlord force in this ancient demonic realm. Naturally, it is impossible for them all to gather together.

Unless it is a unified kingdom like the Barbarian God Empire, there will be such a strong sense of discipline, and everyone must gather together, otherwise it will be disobeying the orders of the kingdom of God.

Buzz!

Ye Feng was waiting at this moment, but at this moment he suddenly felt a very cold breath, sweeping over his body from not far away.

This cold breath is like a terrible murderous intention, giving people a very cold and cruel feeling.

"Who showed murderous intent towards me?"

Ye Feng's eyes suddenly showed a hint of surprise.

At this moment, Ye Feng suddenly looked in a certain direction not far away.

He immediately saw a young man wearing a bloody robe walking over from a short distance away.

This young man in blood robe exuded an extremely terrifying and violent murderous aura, and he obviously regarded Ye Feng as his mortal enemy.

Before Ye Feng could say anything, the young man in blood robe who came over had already said very coldly: "You, the young elder of the Northern Immortal Palace, killed my brother Xue Wuji? I am his eldest brother, Xue Wushi, the super genius of the Blood God Palace, today I will kill you in front of everyone's attention! And all the elders of the Northern Immortal Palace around you will be buried with my brother! "

Chapter 2432 You are not human at all

Xue Wushi, the super genius of the Blood God Palace, the eldest brother of Xue Wuji!

The powerful cultivation aura surging in Xue Wushi's body was clearly half-step into the Heavenly Tribulation realm.

Obviously, this Xue Wushi is very confident in his own cultivation strength, otherwise he would not be able to say the big words of killing Ye Feng and all the elders of the Northern Immortal Palace under the spotlight.

Lan Wuyou, who was standing next to Ye Feng, suddenly showed a trace of horror in his eyes.

He obviously never expected that the super genius Xue Wushi from the Blood God Palace would arrive so quickly.

And I don't know what means were used to determine that the small group Ye Feng belonged to was the group of people who killed his brother Xue Wuji.

At this moment, Ye Feng stared at Xu Wushang, who was walking not far away, with a hint of surprise in his eyes, and said loudly: "It's your brother Xu Wuji who ambushed at both ends of the canyon. We wanted to kill us all, so I counter-killed him."

At this time, Xue Wushang's eyes were extremely cold, and he said in a cruel tone: "I don't care who is right or wrong between you, but if you kill my brother Xue Wuji, then you and I are mortal enemies, so Nothing you say at this time is of any use, I will kill you directly."

After Xue Wushang finished speaking, an extremely powerful bloody light suddenly erupted from his body.

That terrifying blood-colored light was filled with unparalleled evil and blood energy, making Xue Wushang's whole body look full of deep domineering power, as if a king among the blood demons had arrived.

The movement here at this moment immediately attracted the attention of many people around.

Many people couldn't help but looked over here curiously, as if they didn't expect that a fight would suddenly break out during what was supposed to be a quiet time.

And the two people fighting seemed to be super geniuses from the overlord forces.

"That young man in white from the Immortal Palace in the Northern Territory is just a breath of cultivation from the first level of the Eternal Realm. How can he be so weak and kill this bloodless brother? It seems that he is also a hidden super genius!"

"Hmph, even if this boy in white from the Northern Immortal Palace is some so-called super genius, since he offended Xue Wushang, a madman from the Blood Palace, he will definitely die here today!"

"I also think that this young man in white clothes cannot be a match for Xue Wushang. After all, Xue Wushang is the top genius in the Blood God Palace. He can probably kill this young man in white clothes instantly with just one move."

...

At this time, many people around could not help but speak out.

Obviously, almost no one thinks that Ye Feng can defeat Xue Wushang, the super genius of the Blood God Palace.

After all, the gap in cultivation between the two people is really too big.

And you must know that Xue Wushang is not an ordinary half-step Heavenly Tribulation Realm strongman, but a super genius-level half-step Heavenly Tribulation Realm warrior cultivation, and his strength must be many times stronger than ordinary ones.

At this moment, Xue Wushang slowly walked towards Ye Feng.

A strong blood light slowly emitted from his body, and an extremely long bloody sword appeared in his hand. There were dense serrations on the blade, which looked extremely ferocious.

At this moment, Xue Wushang had a cruel smile in his eyes, and said loudly: "I will use this knife in my hand to cut off your flesh and blood piece by piece. I will let you endure endless pain

Die hard! "

Ye Feng was finally a little angry at Xu Wushang's domineering and cruel words at this time.

Buzz!

An extremely cold aura also emanated from Ye Feng's body, sweeping towards Xue Wushang like a vast ocean.

"You kid still dare to show your murderous intent towards me. You are so outrageous. Look at how I will kill you with just one blow!"

"Blood cuts the sky!"

Almost at this moment, Xue Wushang immediately held the long serrated knife in his hand and slashed towards Ye Feng crazily.

boom! boom!

boom! boom! boom!

As Xue Wushang slashed out, the long knife in his hand suddenly erupted with terrifyingly sharp streaks of blood.

Those bloody lights formed light blades, which seemed to be able to cut everything and tear the entire world into pieces, full of terrifying and incomparable destructive power.

Era Divine Fist!

At this moment, Ye Feng did not hesitate at all, and immediately burst out his most powerful martial arts inheritance.

"Boom!!"

He punched out hard, condensing all his strength into the power of this punch.

Almost at this moment, a white light like the long river of time burst out from Ye Feng's fist, like a long river of time, impacting in the void, like the wheels of history rolling over, crushing everything. All can be crushed.

Now every time Ye Feng fights with others, he doesn't bother to use any small tricks. He just releases his most powerful attack. In this way, he can decide the winner in an instant and save trouble.

At this moment, the moment Ye Feng punched out, two terrifying forces collided in the entire sky.

Boom! !

The terrifying collision sound suddenly sounded throughout the entire field.

Many of the experts who were watching around couldn't help but retreat.

The destructive aftermath of the collision between these two super geniuses made him unable to help but quickly leave the central area to avoid being affected.

Almost at the next moment, Ye Feng's white fist force shattered countless blood-red blades that came towards him, and then his fist struck hard on the blood-red long knife in Xu Wushang's hand.

Click click click! !

Immediately, everyone saw that the long serrated knife in Xu Wushang's hand was smashed into pieces by Ye Feng's fist. It turned into pieces of ordinary broken iron and fell to the ground with a clanking sound. .

When Xue Wushang saw this scene, his eyes were filled with deep horror for a moment, and he couldn't help but exclaimed: "How is it possible? How could you be so powerful that you can actually break through my... So many bloody sword lights? And why is your fist so strong? This long bloody sword of mine has been forged from thousands of years of cold iron, and has been blessed by the blood god's blessing spell. It has extremely terrifying power. With its strong strength and cutting power, even some powerful armors containing ancient holy power cannot withstand the attack of my bloody sword, but you can smash my bloody sword with just your own body. Knife? You are not a human at all, are you? You are the descendant of some very powerful divine beasts! Only the descendants of ancient divine beasts can have such strong body strength!" Xue Wushang, the super genius of the Blood God Palace, Xue Wuji Big brother!

The powerful cultivation aura surging in Xue Wushang's body was clearly half-step into the Heavenly Tribulation realm.

Obviously, this Xue Wushang is very confident in his own cultivation strength, otherwise he would not be able to say the big words of killing Ye Feng and all the elders of the Northern Immortal Palace under the spotlight.

Chapter 2433 Endless trump cards

It has to be said that when Xue Wushang said such words at this time, he was obviously getting impatient inside and was already furious.

Because in Xue Wushang's eyes, he had always felt that against a weak warrior like Ye Feng, he would definitely be able to kill Ye Feng with one strike.

But the reality was that he never expected that Ye Feng's casual fist would shatter all the bloody swords he had struck, which really shocked Xue Wushang to the extreme.

Because Xue Wushang always felt that he was a super genius, not only a super genius in the Blood God Palace, but also a super genius among all the people who entered the underground demonic realm this time.

He felt that he could beat anyone, let alone Ye Feng, a boy with only the first level of Eternal Realm.

But what he didn't expect was that Ye Feng used his fist to make Xu Wushang realize that the ideal is beautiful, but the reality is extremely cruel.

At this moment, Xue Wu was injured, and he was knocked back by Ye Feng's punch and quickly retreated towards the back.

His eyes were extremely gloomy, because there were many people watching around here, and this was a battle that took place under the spotlight.

Xue Wushang has always felt that he is a super genius and should not have such a weak record.

So at this time, Xue Wushang seemed to have decided something. He suddenly took out a red pill from the storage ring, and then there was a trace of madness in his eyes, and he instantly took out the red pill. The blood-red pill was swallowed directly into his stomach.

Boom! !

Almost the moment Xue Wushang swallowed the elixir, a violent aura that was ten times more terrifying than before erupted from his body.

It was as if he had suddenly transformed from a very ordinary warrior to a peerless powerhouse!

Many people saw this scene with horror in their eyes.

Especially the powerful ones from the God of Law religion who were in the same area as the Blood God Palace could not help but exclaim at this moment: "That seems to be a legendary crazy blood-exploding pill that can only be refined by the Blood God Palace. It is said that After swallowing it, you can

In a short period of time, all the martial arts potential of a person can be squeezed out, allowing the user to release a cultivation level dozens of times stronger than his own! "

"Crazy Blood Exploding Pill?"

When this powerful man from the God of Law finished speaking, everyone present couldn't help but take a breath of air.

hiss!

No one thought that Xue Wushang could be forced to this extent by Ye Feng, a seemingly ordinary young man in white.

He actually had to swallow this forbidden elixir just to kill Ye Feng.

Boom! !

At this time, after Xue Wushang swallowed this special pill, an infinite and terrifying blood light erupted from his body.

At this moment, Xue Wushang's eyes were extremely gloomy, and his face was full of ferocious expressions. He stared at Ye Feng not far away, and said with an extremely cruel sneer: "Ye Feng, Ye Feng, you killed my brother, and just now you made me lose a lot of face in the spotlight. I will take it all back right away. Now I have more than ten times the wealth that I had just now." Even with dozens of times the strength, do you think you can beat me?"

boom! !

After saying that, Xue Wushang immediately roared, and then directly released a powerful inheritance from the Blood God Palace.

A sea of blood!

Almost at this moment, Xue Wushang immediately displayed a very terrifying Blood God Palace inheritance. His whole body suddenly turned into an endless sea of blood, covering the entire sky and earth in an instant. In the midst of blood.

At this moment, Xue Wushang's whole person turned into a sea of blood. From one person, he turned into a vision of heaven and earth. The power of the sea of blood seemed to be endless, boiling and sweeping towards Ye Feng, capable of swallowing up everything. .

this

At that time, Ye Feng was like a small boat in the vast ocean. When faced with the terrifying power of Xue Wushang, his whole body was swaying in all directions, and it seemed that he might fall into Xue Wu Shang at any time. In the sea of blood transformed by the injury.

At this time, many people around were stunned. They did not expect that the battle between the two super geniuses would be so intense.

At this time, many people couldn't help but say: "Although the power that this young elder from the Northern Immortal Palace erupted just now shocked us, it was simply beyond all of our imaginations, but this Xue Wushang , now that he has swallowed the forbidden elixir, his power has reached a level that none of us can imagine. This boy in white from the Northern Immortal Palace is probably completely unable to escape, and can only fall into the endless sea of blood. , From now on, the body and soul will disappear."

Obviously at this time, everyone felt that it was impossible for Ye Feng to escape and would definitely fall under Xue Wushang's terrifying attack.

But at this time, Ye Feng's face was still extremely calm, with an absolute sense and calmness.

However, there was also a deep and terrifying fighting spirit in his eyes.

At this moment, Ye Feng immediately released the ancient divine ring!

And it also inspired the inheritance of the Emperor of the Era, the Art of Era Hegemony!

In an instant, Ye Feng suddenly entered the state of overlord.

At this moment, an extremely bright divine halo suddenly lit up around Ye Feng's body.

At this moment, Ye Feng's momentum began to surge crazily.

Like Xue Wushang before, Ye Feng's combat power also began to increase several times or even dozens of times.

This sudden change made the people around who thought that Ye Feng would definitely die suddenly showed a look of deep horror on their faces.

Because they suddenly felt that Ye Feng suddenly became more powerful than before.

Moreover, it seems that Ye Feng has not taken any forbidden elixirs, just a

It's just a secret technique.

This made everyone couldn't help but look surprised, and they all said in amazement: "As expected of the only overlord force from the northern land, the Northern Immortal Palace, has so many powerful inheritances, so that this super genius of the Blood God Palace Xue Wushang cannot be wiped out in an instant, maybe this Ye Feng can counterattack!"

At this moment, everyone was talking, with deep curiosity and expectation in their eyes.

Because at this time they all want to know who will be the final winner.

Boom!

Boom! !

At this moment, in the whole high altitude, Ye Feng suddenly punched wildly towards the sea of blood around him.

Ye Feng's fist, now blessed with the power of the brute force gem, was even more terrifying than before. It was indestructible and indestructible to everything.

The blood-colored ocean that could have covered the world was actually broken inch by inch by Ye Feng's bombardment, and big holes appeared.

The entire bloody ocean was torn apart by Ye Feng like a fishing net, and everything was shattered.

This terrifying scene made everyone unable to help but marvel.

Ye Feng, an ordinary-looking elder from the Northern Immortal Palace, was really terrifying in terms of combat power.

At this time, Xue Wushang let out an angry roar in the endless ocean: "How could you, kid, have such a powerful fighting power all of a sudden? What kind of secret technique are you practicing? How could there be such a thing in the world? Such a terrible secret technique? You have gained so much cultivation and combat power without paying any price? This is impossible!"

It was obvious that Xue Wushang's roar at this moment was completely desperate.

Because he found that no matter what method he used, he could not suppress and kill Ye Feng.

Ye Feng's trump cards seemed to be endless, making Xu Wushang feel shocked and powerless again and again, and also amazed all the experts watching around him!

Chapter 2434 The light beam disperses

At this time, Ye Feng's power made everyone feel a deep shock.

Even Xue Wushang, who was in the sea of blood, couldn't help but say at this moment: "I surrender, don't fight anymore. Isn't it okay if I surrender?"

However, when Ye Feng heard what Xu Wushang said, his eyes revealed a hint of sarcasm, and he said, "Why didn't you say surrender when you wanted to kill me just now? I'm about to kill you

now." , but you are saying surrender, are you deliberately trying to trick me? This makes no sense, because I am a decisive person!"

At this moment, after Ye Feng finished speaking, he immediately waved his fist crazily and burst out the Era Divine Fist.

Boom!

Boom! !

The terrifying power exploded in time, and the sea of blood that filled the sky was directly shattered by Ye Feng's pair of glowing fists at this moment. In the end, only a small piece of blood was left, which condensed into blood without injury. . .???.??

At this moment, Xue Wushang was in a miserable state. He was knocked back to his original shape, and his face was extremely pale.

Because all his power was used to manifest that sea of blood.

But that sea of blood was completely shattered by Ye Feng.

Moreover, the consequences of the taboo pill that Xue Wushang just swallowed were very serious and had serious side effects.

So at this time, Xue Wushang was trembling, his whole body was trembling, his body no longer had any strength, and it was completely exhausted.

It was as if his whole body had lost all strength and he suddenly collapsed to the ground.

At this moment, Ye Feng walked towards Xu Wushang.

Xue Wushang's eyes were full of fear, and he immediately shouted: "I am the super genius of the Blood God Palace, Ye Feng, you can't kill me. Although you are the elder of the Northern Immortal Palace, you can't kill me." If you kill me, there will definitely be very serious consequences. The

fact that I can become the chief disciple of the Blood God Palace must have my own noble status. I am actually..."

When Xue Wushang just said this, he seemed to want to show his extremely noble status and make Ye Feng take advantage of him. But how could Ye Feng pay attention to him?

Well, he didn't even let Xue Wushang finish his words, and directly punched him hard.

Poof!

The ruthless iron fist smashed Xue Wushang's head into pieces in one fell swoop.

Xue Wushang, the super genius of the Blood God Palace, was immediately killed and could not die anymore.

"hiss!"

When everyone saw this scene, their eyes suddenly showed deep horror.

Even everyone in the audience couldn't help but gasped.

Because Xue Wushang, the super genius of Blood God Palace, can be said to be almost the top existence, but he still couldn't beat Ye Feng, but was directly killed by Ye Feng.

This made many people present look at Ye Feng, the seemingly ordinary outer elder of the Northern Immortal Palace. They all knew in their hearts that Ye Feng, the outer elder, was a hidden and powerful existence.

Definitely a super genius in the Northern Immortal Palace!

Otherwise, it would be impossible to have such a strong combat power.

Moreover, he was able to leapfrog and kill such a powerful master like Xue Wushang.

At this time, everyone began to tell their teams not to anger Ye Feng, otherwise there may be very serious consequences.

But there are some people who are ready to take action.

Because Ye Feng had just killed Xue Wushang, he might have exhausted all his strength.

So now may be the time when Ye Feng is weak.

But some people have these ideas but don't act on them.

Because they couldn't determine whether Ye Feng was really weak now.

Ye Feng himself had a cold look in his eyes at this time, staring at the surrounding area.

Those cold eyes made many people couldn't help but retreat.

After a few steps, he didn't dare to look at Ye Feng.

Because the powerful power Ye Feng released just now has deeply shocked everyone, leaving a powerful and mysterious image in everyone's hearts.

Naturally, no one dared to provoke Ye Feng at this time, lest it lead to death.

At this time, Ye Feng squatted down, directly took out the storage ring from Xu Wushang, and then put it into his body.

Then Ye Feng put Xue Wushang's dead body into his storage ring without leaving any trace.

Uh-huh!

Ye Feng returned to his team and began to silently devour Xue Wushang.

Teammate Lan Wuyou's eyes were full of deep horror, and of course more of a deep excitement. .??.

Because he never thought that the elder of the same sect of the Northern Immortal Palace that he accidentally met on the way had such a powerful power, which almost shocked everyone.

At this moment, a group of more than a dozen elders from the Northern Immortal Palace following Ye Feng were all very happy.

Because they are virtually protected by a powerful being like Ye Feng, it is very likely that they will have great convenience in the subsequent treasure hunt.

Because no one dares to mess with them.

At this moment, Ye Feng was concentrating on devouring Xue Wushang's lifelong skills and blood energy.

Xue Wushang is the super genius of Blood God Palace.

The inheritance of this powerful force, Blood God Palace, is very mysterious and powerful.

This makes Xue Wushang's skill extremely majestic.

Therefore, Ye Feng immediately felt a huge amount of energy being injected into his body at this moment, constantly strengthening his skills.

At this moment, Ye Feng immediately felt that his cultivation level was continuously rising.

Then Ye Feng started to break through.

"boom!"

Eternal

The second level of heaven!

"boom!"

Eternal Realm Third Heaven!

At this moment, Ye Feng's cultivation level immediately broke through two levels.

This can be said to be very good.

Because this Xue Wushang's cultivation level is, after all, only half a step into the Heavenly Tribulation Realm, and is only one level higher than the Tenth Heavenly Perfection Realm of the Eternal Realm.

An ordinary half-step Heavenly Tribulation Realm powerhouse might only be able to let Ye Feng break through the first level of heaven.

But Xue Wushang is a super genius level half-step Heavenly Tribulation Realm warrior, so his skill is naturally much higher than the average Half-step Heavenly Tribulation Realm practitioner, allowing Ye Feng to break through two heavens in a row.

Breaking through from the first level of the Eternal Realm to the third level of the Eternal Realm!

It can be said that this is Ye Feng's huge gain so far.

This made Ye Feng feel quite emotional.

The two brothers from the Blood God Palace have brought a lot of nourishment to themselves.

At this moment, after Ye Feng devoured all of Xue Wushang's skills, he began to explore Xue Wushang's storage ring.

Xue Wushang, I have to say, is indeed the super genius of the Blood God Palace. He is extremely rich.

There are many good things in the storage ring, most of which are very powerful armors and weapons as well as huge amounts of divine crystals.

These are naturally very rich resources for the current Ye Feng.

Boom!

And just when everyone was still reminiscing about this battle between super geniuses.

Suddenly, the golden beam of light in front of everyone began to dissipate and slowly disappeared. This made everyone in the audience couldn't help but stare, and they suddenly showed excitement.

"Finally we can go in!"

At this moment, everyone had crazy and fiery looks on their faces, and the atmosphere on the field suddenly became extremely tense.

Everyone is preparing to rush to the ancient palace complex in the middle of the golden light pillar.

Chapter 2435 Strange Bird

"Buzz..."

In the expectant gazes of countless powerful men, the golden beam of light that reached the sky slowly disappeared.

Almost at this moment, all the powerful men present quickly exploded their power and charged towards the center area of the golden light pillar.

Because for them, if they can obtain some very ancient luck and powerful inheritance in that ancient palace complex, it will be able to change everyone's destiny.

So at this time, everyone was completely desperate and with a deep look of madness in their eyes, they all rushed towards the palace complex.

At this time, Ye Feng also led a group of elders from the Northern Immortal Palace and quickly flew towards a group of palaces.

However, Ye Feng reminded the dozen or so elders around him on the way: "This is an area we have never set foot in before, so everyone must be careful about the dangers and mishaps we may encounter later. Remember to stay vigilant at all times. Don't be blinded by greed and die without care."

Hearing what Ye Feng said, more than a dozen outer elders of the Northern Immortal Palace, including Lan Wuyou, nodded.

They all know that this is not a safe place but the center of a very dangerous ancient demonic realm.

There may be ancient opportunities here, but there are definitely no shortage of dangers.

After all, there is no such thing as a free lunch.

boom!

boom!

boom!

At this moment, countless masters flew high into the sky.

Flying towards the palace group floating high in the sky not far away.

Because everyone knows that if there are treasures and inheritances, they must be among the ancient palaces.

That ancient palace complex must be very important, otherwise it would be impossible for the golden light pillar to protect it for three whole days and nights before dissipating.

However, at this time, no one knew where the real Demon Lord Shrine was, but

What is certain is that even if you cannot find the real Demon Lord Palace, if you can find some cultivation resources from some ancient temples in these palaces, it will be a good harvest.

So at this time, the entire field suddenly became chaotic.

The entire field became extremely chaotic.

Because everyone is blinded by greed.

No one cares about anything at this time.

The only thing they want to do is to crazily enter those palaces suspended in the sky, and then rob and search for treasures.

But just when everyone was approaching this palace complex.

Suddenly they saw a dense mass of things rushing towards them in the gaps and spaces between these palaces.

It was like a dark frenzy.

When the dark craze approached, everyone's eyes suddenly showed deep surprise.

That frenzy of black things turned out to be strange birds covered with blood-black scales.

This seems to be a very scary bird monster. Each bird's mouth is full of ferocious fangs, which looks very scary.

"This is... the Blood Demon Bird!"

Suddenly, someone in the crowd couldn't help shouting, and his tone was full of faint panic.

The person who said these words was an old man from the elves native to the ancient demon world.

At this moment, seeing the countless blood demon birds in a frenzy, the old man from the Elf clan couldn't help but exclaimed: "This is a legendary and extremely vicious bird that is infected by the devil's energy. The fighting power is very terrifying. It is said that a powerful evil beast can be torn in half instantly with just a tear with its beak!"

almost

At this moment, everyone was besieged by countless blood demon birds.

These blood demon birds are indeed very terrifying in combat. Their bodies are covered with blood-colored and black scales, and they are simply indestructible.

The weapons of many masters could not even cause damage to these blood demon birds. Instead, many masters were torn apart by countless blood demon birds at this moment.

It has to be said that this kind of blood demon bird is an extremely terrifying creature. At this time, they all rushed out from the depths of the surrounding palace, forming dark clouds in the sky, which also gave people a dark and oppressive feeling.

At this moment, everyone was panicking, and they were stunned in place for a moment, not knowing what to do, neither retreat nor advance.

But there were also some top experts who broke out of the encirclement in an instant and rushed toward the innermost direction of the palace complex.

The first ones to react were naturally the native races of the ancient demon world, the elves and orcs.

At this time, under the leadership of the most powerful masters of their respective races, they began to kill the blood demon birds one after another, and then ran towards a certain direction in the deepest part of the palace complex. .??.

When other outsiders saw this scene, they all shouted: "Hurry up and follow these local races! They must know some secret. They are running so impatiently towards the deepest part of the palace

complex. I think the most precious Demon King's Palace must be at the deepest part of this palace complex!"

Uh-huh! Uh-huh! Uh-huh!

Rumble...

Almost at this moment, the masters from all the forces burst out their most powerful power.

They no longer hesitated and all rushed towards the deepest part of the palace complex.

All the blood demon birds along the way were all attacked by masters with all their strength, killing them all.

But this doesn't seem to be of much use.

But there are more blood demon birds, which are constantly rushing out of the void around the palace complex, biting towards everyone.

Obviously if you want to get rid of these blood demon birds as soon as possible, you must either retreat directly or rush directly towards the deepest part of the palace complex.

There seems to be an inexplicable power in the deepest place, which prevents these blood demon birds from approaching.

At this moment, a group of elders from the Northern Immortal Palace around Ye Feng were hesitant.

Their cultivation level is not high among everyone, so many people want to leave here at this time.

After all, they can't risk their lives just for the sake of chance.

Ye Feng just said aloud: "If you really want to leave, you can leave this dangerous place at any time. Maybe it is really not a good place for you. You may be able to save your life by leaving. "

Lan Wuyou and a group of other outer elders from the Northern Immortal Palace all nodded their heads at this moment, and then quickly retreated towards the rear.

Apparently they were giving up.

It's because it's so dangerous here!

The continuous black mass of Blood Demon Birds around them puts too much pressure on people's minds.

Ye Feng breathed a sigh of relief when he saw a group of people in his team retreating.

After all, if he brought his own team, he would definitely be distracted.

At this moment, Ye Feng became a person again, walking alone, which made Ye Feng more convenient.

At this time, Ye Feng immediately burst out with powerful power, waving his iron fists and smashing all the blood demon birds that rushed towards him into pieces.

Then he chased towards the deepest part of the palace complex.

"Boom..."

Of course, Ye Feng was also releasing his Devouring Domain along the way.

The blood energy of every blood demon bird that was killed was devoured by Ye Feng, and Ye Feng's skills immediately continued to grow and improve!

Chapter 2436 The hidden killer

It has to be said that although these blood demon birds are very ferocious, the blood energy contained in their bodies is extremely majestic and vast.

Although they are just bird monsters that look very thin and small, they seem to have been bathed in some very terrifying demon blood, so they mutated into such terrifying blood demon birds.

Boom!

At this time, the entire field was amidst countless chaos and fighting.

All the strong men were fighting against large swaths of blood demon birds.

Because they want to rob the deepest treasure of the palace at this time.

So at this time, no one is afraid of death.

Of course, some people chose to retreat.

Because they know that this is not a dangerous place that they can touch.

Those who can stay at this time are naturally powerful beings who are very confident in their own strength.

At this time, Ye Feng was killing while releasing the Devouring Domain, constantly devouring the blood energy of the dead Blood Demon Birds around him.

You must know that Ye Feng is not the only one who is killing these blood demon birds in the whole field now.

There are many other strong men who are also killing these blood demon birds.

Therefore, the blood energy of the blood demon bird that Ye Feng swallowed at this time had a terrifying and huge reserve.

The surging energy immediately caused Ye Feng's skill to begin to grow rapidly.

Ye Feng could clearly feel that waves of incomparable energy and momentum were surging through his body.

He only felt that his entire limbs and bones were being filled with abundant energy.

This feeling made Ye Feng very happy.

Because what Ye Feng needs most now is to accumulate his own cultivation base.

Even if Ye Feng couldn't find any powerful inheritance or ancient treasures this time, just devouring so many large pieces of blood energy from the Blood Demon Bird has already made Ye Feng

The wind has gained a lot.

At this moment, a huge momentum suddenly began to break through from Ye Feng's body.

"boom!"

The fourth level of the Eternal Realm!

"boom!"

The fifth level of the Eternal Realm!

At this moment, Ye Feng's cultivation level is constantly making breakthroughs and improvements.

In just a short moment, the blood energy provided by those blood demon birds allowed Ye Feng to directly break through the two heavens.

Breaking through from the third level of the Eternal Realm to the fifth level of the Eternal Realm!

It has to be said that this speed of progress can be said to be very terrifying.

This also shows that these blood demon birds are very powerful, otherwise they would not be able to provide so much energy and allow Ye Feng to break through so much at once.

After all, Ye Feng had devoured many super geniuses and masters before, and his breakthrough speed was not so fast.

However, most of the Blood Demon Birds had been killed by this time, and Ye Feng was preparing to rush towards the deepest part of the palace complex in the chaos.

Because the most mysterious Demon Lord Palace in the legendary Ancient Demon Realm contains countless opportunities and ancient inheritances, it is located at the deepest end of this palace complex.

But just when Ye Feng was about to leave the scene, he suddenly felt a very terrifying murderous intention, which suddenly came to him.

Almost at this moment, Ye Feng didn't even react. A pitch black sword came out of the void in an instant and stabbed Ye Feng's chest fiercely.

If this sword succeeds, Ye Feng's heart will be broken directly.

Ye Feng will suffer terrible injuries in an instant!

Although he won't die, he will definitely take over

Come into a state of serious injury and temporarily lose combat effectiveness.

Ye Feng never thought that someone would deliberately assassinate him when he was most relaxed.

And he also used a very secret assassination method.

Ye Feng's eyes widened as he looked at the long black sword that was about to pierce his heart.

But at this critical moment, suddenly a piece of jade pendant Ye Feng was wearing suddenly burst out with an extremely strong light, and in an instant, the jet-black sword that came from a sneak attack was enough to seriously injure Ye Feng instantly. , was instantly resisted.

The black long sword was instantly knocked back!

Uh-huh!

Ye Feng was covered in cold sweat and retreated instantly.

Because he really didn't react just now.

The timing and angle of the assassinating jet-black sword were so tricky that it was impossible to detect it.

At this moment, Ye Feng immediately took a fancy to the jade pendant he was wearing, and couldn't help but feel a little lucky in his heart.

This jade pendant is called the Natural Jade Pendant. It was a protective jade pendant given to Ye Feng by Zeng Rou, the master of the Natural Temple, before he left for the inner sect elder examination.

Unexpectedly, it played a key role at this time.

At this moment, Ye Feng burst out with powerful fighting spirit and looked in a certain direction not far away.

The person who had just assassinated Ye Feng in the void had been shaken out. This person was wrapped in a black robe and looked very mysterious.

At this time, he saw the natural jade pendant on Ye Feng's body that withstood the fatal blow, and his eyes were a little gloomy.

At this moment, the jade pendant was of course broken.

The black-robed man couldn't help but said gloomily: "I didn't expect that the God of the Temple of Nature would give you this jade pendant, otherwise you would have been seriously injured just now, and then you would be willing to

If you can't resist my killing move, you will fall directly. It's a pity. "

At this time, the black-robed man did not leave directly after finishing speaking. Instead, a terrifying and boundless cultivation aura surged from his body, sweeping towards Ye Feng.

It was obvious that this man in black robe was determined to kill Ye Feng.

I just don't know where he comes from and what his identity is.

Ye Feng was also thinking in his heart at this time. He came to this ancient demon world and did not offend anyone secretly.

All the super geniuses in the Blood God Palace have been killed by him.

The masters of the Barbarian God Empire should not take action against themselves.

The Fashen Cult is even more impossible.

That leaves only one situation.

That is, this man in black robe comes from the Immortal Palace in the Northern Territory where he is!

Thinking of this, Ye Feng's eyes suddenly showed a hint of coldness.

At this time, he suddenly remembered what the master of the Natural Temple told him before, that is, Ye Feng had offended the Sword Emperor of the Sword Emperor Temple in the Northern Immortal Palace and killed the Holy Son of the Sword Emperor Temple. This made the Sword Emperor very angry.

However, the Sword Emperor cannot directly sneak into the Inner Sect Elders Assessment Trial, so this black-robed man must be a super killer hired by the Sword Emperor in the Sword Emperor Temple, specifically for this Inner Sect Elders Assessment Trial. To kill yourself.

Thinking of this, Ye Feng immediately showed a cold look in his eyes.

Because I didn't expect that the God of the Natural Temple was right.

This Sword Emperor of the Sword Emperor Temple could really use such despicable methods, and even hired a super killer to get rid of him.

Ye Feng's eyes were extremely cold at this moment, staring at the man in black robe opposite, and suddenly said: "I know your identity, you should be sent by the Sword Emperor of the Sword Emperor Temple to assassinate me, right? "

Chapter 2437 The way to die together

Hearing Ye Feng say these words, the man in black robe first showed a hint of surprise in his eyes, then a sneer appeared on his face, and said loudly: "You are quite smart. You have guessed my identity in such a short period of time, but unfortunately, you are going to die soon. Although you just escaped my fatal assassination, this does not mean that you are safe now. Since the sword Lord Huang sent me to assassinate you, which means that I am much stronger than you."

At this moment, after the man in black robe finished speaking, his eyes immediately burst out with a powerful bloody light.

boom! !

Almost at the moment when the bloody light appeared, Ye Feng immediately felt that his head was suddenly enveloped in a bloody light, making him feel drowsy.

Soul gem!

But almost at that moment, the soul gem in Ye Feng's mind burst out with an extremely powerful soul impact, instantly shattering all the bloody light that could affect the spirit and soul.

And the next moment Ye Feng shattered the influence of these bloody lights, he discovered that the man in black robe was almost approaching him!

The man in black robe appeared in front of him, and the long sword in his hand was about to stab his head.

This time Ye Feng reacted completely, and in an instant he punched forward fiercely with his fist.

Ye Feng's fist is extremely strong and powerful, as if it is made of divine iron, containing boundless power.

Moreover, Ye Feng learned that the other party was the assassin sent by the Sword Emperor to assassinate him, and Ye Feng showed no mercy.

At this moment, a fist blasted out the Divine Fist of Era, filled with extremely terrifying power. In an instant, it shattered the long sword in the hand of the man in black robes.

"What a powerful body!"

The black-robed man's eyes were startled, and he quickly retreated towards the back, with a sneer on his face, and said loudly: "You are exactly what the Sword Emperor said. The strength of your body is your biggest trump card. You should have practiced a very powerful and terrifying body refining inheritance, but what I didn't expect is that you can still escape my influence on your spirit and soul. I have to say, if you

If you can survive, you will definitely be able to make a sensation in the entire Northern Immortal Palace in the future, and even be able to go to the legendary center of the God Realm, and become a big shot in the entire God Realm in the future. But now I have to kill a super like you with my own hands. genius! I have to say, this is an honor for me! "

boom! !

At this time, after the man in black robe finished speaking, a powerful and terrifying aura suddenly erupted from his body.

That kind of cultivation momentum has surpassed the Eternal Realm, but it has not reached the Heavenly Tribulation Realm.

Because once your cultivation reaches the Heavenly Tribulation Realm, you will be affected by the local rules of heaven in the ancient demon world.

It is very likely that a terrifying thunderstorm of destruction will come.

So at this time, the man in black robe exploded with his own cultivation, but he did not unlock his cultivation to the Heavenly Tribulation Realm, because the consequences would be very serious, and even he himself might not be able to bear it.

Ye Feng immediately understood at this moment that this man in black robe was a super strong man at the level of Heavenly Tribulation.

And it is very likely that they are not just those who have just entered the Heavenly Tribulation Realm, but are even advanced beings in the Heavenly Tribulation Realm.

However, he could not fully release his peak cultivation level, because once he revealed the aura of the Heavenly Tribulation Realm, he would be ushered in the destructive attack of the terrifying thunder tribulation in this small world.

After thinking about this, Ye Feng suddenly showed a confident smile on his face and said loudly: "Even if you are a super strong person in the Heavenly Tribulation Realm, if you can't unblock your own cultivation now, then you will never be able to kill me, and the only one who will die in the end is you!"

Hearing what Ye Feng said, the man in black robe immediately smiled and shook his head and said: "You don't understand how powerful I am, although now my cultivation level can only be suppressed to the half-step Heavenly Tribulation Realm and cannot enter. A true Heavenly Tribulation Realm, but you have to know that my combat experience, including my martial arts inheritance, is much higher than yours, so you will definitely die in my hands next time!"

say at this time

After finishing, the man in black robes immediately roared loudly, and his body suddenly erupted with an extremely dark light.

"Hand of Darkness!"

Almost at this moment, the man in black robe suddenly displayed a very powerful inheritance.

Boom!

The black light on his body suddenly condensed into an earth-shattering dark hand, full of unparalleled coercion and destructive power.

It's like it was grabbed from the depths of endless darkness, able to lead anyone into the endless darkness of the abyss!

This seems to be a very special inheritance of dark attributes.

This man in black robe is absolutely extremely powerful and extremely special.

It is estimated that the special talents trained by the Sword Emperor in the Sword Emperor Temple are specially used to do things that are not worthy of publicity.

At this moment, Ye Feng looked at the big dark hand that seemed to be able to hold up the sky, and a terrifying and boundless fighting spirit burst out in his eyes.

"boom!!!"

He instantly exploded with the Ancient God Ring and the Era God of Overlord Technique, and his whole body directly entered the peak state.

Era Divine Fist! !

At this moment, Ye Feng gathered all his strength and punched out hard.

Ye Feng even used the power of the brute force gem in this fist.

Ye Feng fused the brute force gem into his fist at this time, and then released the Era Divine Fist.

Suddenly, a white beam of light that penetrated the sky and the earth was bombarded directly from Ye Feng's fist.

This white beam originally possessed the power of the Era Divine Fist, and now it is also integrated with the power of dominance in the Brute Force Gem.

"Boom!!"

The white beam of light penetrated the entire hand of darkness at once, and then struck hard on the man in black robe not far away.

"Dark Armor!"

At this time, the man in black robe immediately performed a protective technique.

"Crash!"

other person

A set of extremely thick black armor suddenly formed.

The next moment, Ye Feng's white beam bombarded the dark armor, and an earth-shattering roar suddenly broke out.

Boom!

At the next moment, Ye Feng's punch was so terrifying that it directly bombarded the man in black robe from a high altitude, smashing a large area of land, and the bottom directly became a ruin.

The man in black robe stood up from the ruins, his dark armor all broken into pieces.

Some blood spilled from the corner of his mouth, obviously suffering a serious injury.

At this time, the black-robed man's eyes were full of disbelief, as if he never thought that Ye Feng could burst out with such a powerful force.

The man in black couldn't help but have a look of madness in his eyes, and said loudly: "I have been trained by the Sword Emperor since I was a child, and I am willing to sacrifice my life for the Sword Emperor. I must complete the mission of the Sword Emperor, even if I die today I will destroy you too!"

After saying this, the man in black robe suddenly unlocked all his cultivation abilities.

"Rumble..."

His cultivation momentum was rising steadily, and in an instant he reached the sixth level of the Heavenly Tribulation Realm.

I have to say that the cultivation of this man in black robe is indeed very powerful.

But at the moment when he unsealed his cultivation, a large black cloud suddenly appeared in the sky above the world of the Ancient Demon Realm.

"Click, click..."

Rays of thunderous light suddenly rushed out from the dark clouds, obviously intending to destroy the man in black robe, a powerful man in the Heavenly Tribulation Realm.

The black-robed man's eyes were full of madness at this time, and he suddenly rushed in front of Ye Feng and shouted: "Darkness Imprisonment!"

Almost at this moment, dense black tentacles suddenly appeared on the man in black robes, surrounding and imprisoning Ye Feng and himself.

Obviously, the purpose of this man in black robe is very clear, that is, to directly destroy himself and Ye Feng through the terrifying thunder catastrophe of destruction in the ancient demon world!

This is a cruel way to die together!

Chapter 2438 I'm not willing to give in

At this moment, dense black energy entangled Ye Feng and the man in black robes together.

Even if Ye Feng's whole body bursts out with light at this time, he will not be able to break free from the shackles of those black energies in a short time.

The dark confinement that the man in black robe finally used was obviously a very powerful confinement technique.

Even Ye Feng's body is so powerful, he can't break free from the shackles of those dark energies.

At this moment, the man in black robe looked at Ye Feng who was close in front of him, his eyes full of terror and madness, and shouted loudly: "Ye Feng! You will definitely die today. The order given to me by the Sword Emperor It must be completed, even if it means death, I will drag you into the Nine Nether Hells, hahaha!"

At this time, the man in black robe said that his tone was full of crazy and life-threatening emotions. It was obvious that this man in black robe had been brainwashed by the Sword Emperor. Even if he died, he would complete the task for the Sword Emperor at the cost of his own life.

At this time, Ye Feng couldn't help but said: "I didn't expect that the Sword King would have such a loyal dog!"

Hearing what Ye Feng said, the man in black robe immediately sneered and said: "No matter how you ridicule me now, you and I will die in this terrible thunder disaster. How can you scold me now?" It doesn't matter, because I have completed my mission!"

After the man in black robe finished speaking, he immediately closed his eyes, his expression even somewhat peaceful, quietly waiting for death to come.

Boom! !

At this time, thunder from high in the sky struck down instantly.

This is an extremely terrifying thunder disaster!

Like it can destroy everything!

Almost at the moment when so many lightning strikes struck down, Ye Feng and the man in black robe were both hit.

"Boom..."

Their entire bodies were under the crazy destruction of thunder and lightning at this moment.

Visible to the naked eye, the body of the man in black robe is rapidly disintegrating.

Even a strong person like him in the Heavenly Tribulation Realm cannot withstand such a terrifying Heavenly Thunder Tribulation.

But before the man in black robe could be happy, he suddenly saw an incredible scene!

Ye Feng's body,

It didn't even disintegrate.

Thunder light shields appeared on Ye Feng's body, which not only resisted the thunder power of those thunder tribulations, but also absorbed them.

"Are you absorbing thunder tribulation?!"

This discovery made the man in black robe suddenly have a look of extreme astonishment on his face, full of deep disbelief and disbelief.

The man in black robe couldn't help but yelled crazily: "What? How is it possible? How can you absorb the thunder tribulation? I don't believe it!!"

At this time, the eyes of the man in black robe were filled with astonishment and deep disbelief.

Obviously, he never thought that the thunder catastrophe of the ancient demon world that he had brought down with all his hard work, even at the risk of dying together, would have no harmful effect on Ye Feng. On the contrary, his own body was rapidly disintegrating and disintegrating in the thunder catastrophe. broken.

"I'm not willing to give in!!"

At this time, the man in black robe yelled wildly, obviously unwilling to the extreme.

Even the eye sockets were blood red.

However, the man in black robe has unlocked his Heavenly Tribulation Realm cultivation, and now he has fallen into a destructive thunder tribulation.

So he couldn't regret it at this time, as his body was rapidly disintegrating.

The situation is irreversible.

At this time, Ye Feng was constantly absorbing the power of Thunder Tribulation.

Ye Feng's body is constantly being tempered, and his body's strength begins to increase rapidly.

Even Ye Feng's cultivation skills are constantly growing.

This discovery made Ye Feng's eyes reveal a look of surprise and surprise.

When he was entangled by the dark imprisonment of the man in black robe before, Emperor Chu once said in Ye Feng's mind whether he should take action and forcefully open the imprisonment.

But Ye Feng rejected Emperor Chu's kindness, and instead took the initiative to be imprisoned in the dark energy with the man in black robe.

Because Ye Feng had always wanted to test whether the inheritance of the Thunder God Crocodile he had cultivated could absorb the energy of the thunder tribulation descended from heaven.

Now Ye Feng is very happy because he found that there is no problem with his idea.

The inheritance of the Thunder Divine Crocodile that I had cultivated actually absorbed the power of the thunder tribulation of heaven and earth!

Moreover, Ye Feng could feel that his body and skills were constantly growing and improving.

This discovery made Ye Feng very excited!

At this moment, as Ye Feng absorbed the thunder calamity, the man in black robe in front of him was finally shattered and disintegrated by the terrifying power of the thunder calamity in his endless unwillingness.

But what makes Ye Feng quite regretful is that everything about this man in black robe was destroyed by the thunder calamity, not even a bit of scum was left.

So there is no way to swallow his blood energy.

But the power of thunder tribulation that Ye Feng absorbed at this moment was stored in his body by Ye Feng.

If he continues to refine it slowly, it is very likely that Ye Feng will continue to improve his skills, and maybe he will suddenly break through at any moment.

At this time, Ye Feng grabbed a storage ring from the void.

This storage ring is exactly the storage ring left behind by the man in black robe after his death.

Obviously, the quality of this storage ring is very extraordinary, and it was not destroyed by the thunder power of Lei Jie.

After Ye Feng explored it at this time, he instantly discovered that there was a lot of wealth in the storage ring.

But Ye Feng had no time to be happy at this time, because when he was fighting with the black-robed man, many masters had already left the scene and entered the deep area of the palace complex.

So at this time, Ye Feng did not waste time and immediately continued to fly towards the inner area of the sky palace complex not far away.

The Demon King's Palace is at the deepest part of the palace complex, and Ye Feng is naturally unwilling to miss such an opportunity.

Because this is very precious to Ye Feng.

Ye Feng not only wants to improve himself from the Demon Lord Shrine, but also wants to get some ancient inherited secrets from the Demon Lord Shrine.

In this case, Ye Feng can practice these inheritance secrets by himself, and can also use these inheritance secrets to exchange for himself enough trial points for the inner sect elder assessment after the trial is over.

In this case, if you can enter the top few in the trial, you can also get some benefits and rewards from the upper levels of the sect in the Northern Immortal Palace.

With this plan in mind, Ye Feng immediately increased the power of his movements and directly caught up with the previous group of masters from major forces and arrived at the deepest part of the palace complex.

On Ye Feng's way to the deep area of the palace complex, the power of thunder in Ye Feng's body was being continuously refined.

Ye Feng's cultivation actually began to change.

His level of cultivation actually broke through one level during the journey, from the fifth level of the Eternal Realm to the sixth level of the Eternal Realm!

I have to say that the situation this time is quite dangerous.

However, Ye Feng successfully escaped a dangerous assassination by relying on his own cards and wisdom.

And he also benefited from the thunder disaster.

This made Ye Feng very happy.

The powerful black-robed man sent by the Sword Emperor this time is really trying to steal the chicken but lose the rice.

Not only did he kill himself, but he also allowed Ye Feng to absorb the power of thunder and calamity, and his skills were improved.

In addition, Ye Feng's body strength has also been strengthened by the tempering of Thunder Tribulation.

After Ye Feng's body power was tempered by the thunder tribulation, he successfully transformed from the sixth level of the late fifth heaven of the Chaos Body to the tenth level of the late fifth level of the Chaos Body.

There is only one step left to enter the fifth level of Dzogchen.

And it is getting closer and closer to the sixth level of the Chaos Body.

Ye Feng is very much looking forward to this.

He really wants to know, when his chaotic body really transforms into the sixth heaven, what kind of powerful blood talent will be awakened?

Chapter 2439 Unknown Place

Ye Feng felt more and more powerful about the Chaos Emperor Technique he practiced.

However, this also made Ye Feng's sense of crisis become more and more intense.

Because the Chaos Body he cultivated is, after all, the most powerful god race from the center of the God Realm, the Chaos God Race.

And his mother is still alone among the Chaos Gods.

Although Ye Feng also knew that his mother had entered the Chaos God Clan and could get good training resources.

But Ye Feng also knew very well that a newcomer like his mother who entered the Chaos God Clan would definitely be suppressed by some old-school forces.

It is even possible that because of her mother's powerful talent, she will be coveted by other strong men of the older generation.

Therefore, Ye Feng's heart became more and more intense about going to the center of the God Realm.

However, Ye Feng also knew very well that before heading to the center of the God Realm, he must have accumulated enough strength and cultivation.

Otherwise, it will just exist like an ant, without any meaning.

Fortunately, Ye Feng has now entered the Northern Immortal Palace and is using various resources of the Northern Immortal Palace to rapidly improve.

At this moment, Ye Feng was thinking about all this, and then unknowingly arrived at the deepest area of this floating palace complex.

In the front area, many people gathered together.

These people are all the masters who have just impacted this area.

At this time, they were all observing a huge, pitch-black building that looked like a giant tower.

That should be the legendary Demon Lord Shrine.

However, no one entered it hastily, apparently there seemed to be other reasons.

Ye Feng walked over at this time and immediately heard the discussions among the people around him.

Through the discussions between these people, Ye Feng learned that it seemed that there were some very strange powers in the Demon King's Palace, which could make a person go completely crazy in an instant.

The bottom of madness.

"ah!!"

And just when Ye Feng was about to ask some of the surrounding experts, a fierce roar suddenly came from not far away.

Everyone immediately saw a strong man from the orc tribe, running out of the Demon King's Palace at this moment.

His whole body was filled with a strange black energy, and he was roaring ferociously at this moment.

This strong man from the orc tribe possesses the cultivation level of the Eternal Mirror of the Tenth Heavenly Perfection, but at this moment, his eyes are filled with blood-colored light, and his seven orifices are bleeding, as if he has been cursed.

"Bang!"

Under the attention of everyone on the field, this strong orc clan fell to the ground, twitching all over, and then became completely silent.

Obviously killed directly!

This scene made all the experts present couldn't help but shudder.

Everyone looked at the pitch-black Demon Lord Palace again, their eyes full of inexplicable fear.

Because they felt that there seemed to be a very terrible curse power in the Demon King's Palace.

As long as anyone enters the Demon King's Palace, all without exception will go crazy, run out, and then die tragically on the spot.

This situation makes many experts hesitant, wondering whether they should enter the Demon King's Palace.

After all, it is said that the Demon King's Palace contains a lot of ancient inheritance and special opportunities.

But now the tragic death of many masters who entered the Demon King's Palace has left many people outside hesitant and not sure what to do.

Ye Feng, who saw this scene, also showed a hint of surprise in his eyes, as if

Unexpectedly, the legendary Demon King's Palace has turned into an ominous place, possessing strange powers that ordinary people cannot understand.

At this moment, Ye Feng seemed to have thought of something. He immediately looked at a strong elf man standing next to him and asked: "My friend, I was delayed by something just now and haven't come over yet. I want to ask, what happened before?" Have all the masters who entered the Demon King's Palace become like this?"

When the elf clan expert heard Ye Feng's question, he immediately shook his head and said, "The first wave of people who entered the Demon King's Palace included nearly a few hundred top warriors. So far, there have been fifty or sixty A crazy strong man rushed out of the Demon King's Palace, which was the strange death scene you just saw."

When Ye Feng heard this powerful man from the Elf clan say this, he immediately couldn't help but move his eyes and continued to ask: "That means there are still many powerful men still in the Demon King's Palace. I don't know what the situation is. "

When the powerful Elf clan heard this, he immediately nodded and said, "Yes, there are still many powerful people still in the Demon King's Palace."

When he said this, the elf clan expert looked at Ye Feng and saw that he was a very young human boy. He immediately advised him kindly: "Although I don't know the specific situation inside, I advise You'd better not go in easily, young people, don't be too impulsive, because I think this Demon King's Palace has been cursed by the ancient and terrible dark power. It is definitely an ominous place. Everyone who goes in to look for opportunities will be They died miserably. Those strong men who have not yet come out may not be safe. They may have died in the Demon King's Palace, or it may be that the time has not yet come."

The tone of this powerful elf man's words was full of deep frustration.

Because he finally went through all kinds of hardships to get here, only to find that the Demon King's Palace was an ominous place that was cursed.

actually

At this time, there are more than a thousand people who dare not enter the Demon King's Palace outside, and they all feel the same as this powerful Elf clan person.

They all want to enter the Demon King's Palace to find legendary treasures and wealth, as well as ancient inheritance.

However, seeing the powerful men coming out of the Demon King's Palace and dying tragically, many masters did not dare to step in easily. They could only stand outside and watch, hesitant.

"Forget it! Just die! Anyway, I don't want to be such a useless person in this life. I want to enter the Demon King's Palace to try my luck! If I survive the disaster, maybe I will soar into the sky and become someone else. A big shot in the eyes, enjoying endless power and wealth!"

At this moment, suddenly a genius in the Fashen Cult could not help but speak out.

He couldn't suppress the greed in his heart for the wealth in the Demon King's Palace, or in other words, greed had defeated fear.

This made the genius of the God of Law no longer hesitate. He directly held the scepter in his hand and entered the huge dark building of the Demon Lord Palace. In the blink of an eye, he disappeared from everyone's sight.

Ye Feng didn't want to wait anxiously anymore at this time, because if he waited any longer, maybe all the wealth in the Demon King's Palace would have been plundered by those who entered in advance, and he might not even be able to drink the soup.

So at this time, Ye Feng walked directly towards the Demon King's Palace.

The reason why Ye Feng has this courage now is not because he is young and impulsive, but there is an important reason.

That's what Ye Feng just observed. Every strong man who rushed out of the Demon King's Palace and died tragically seemed to have suffered heavy mental and soul injuries, which was the so-called curse.

Ye Feng felt that his soul gem could resist such power on the soul and spiritual level, so Ye Feng chose to enter the Demon King's Palace directly.

Chapter 2440 Dark Sculpture

When Ye Feng decided to enter the Demon Lord's Palace, he walked directly towards the Demon Lord's Palace.

Many people couldn't help but shook their heads when they saw Ye Feng's figure disappearing into the building of the Demon King's Palace. Obviously, everyone felt that this was another person who entered to die.

But at this time, Ye Feng didn't have time to care about what the group of experts behind him said about him.

At this time, Ye Feng walked directly into the Demon King's Palace.

The moment he walked in, Ye Feng immediately saw the Demon King's Palace. It was very tall and majestic. The whole body was made of an unknown black gold material, exuding an ancient and vicissitudes of atmosphere. .

Moreover, every wall is engraved with a very ancient pattern. These patterns even form some ancient totem-like patterns, which look very scary.

However, the moment Ye Feng walked into the Demon King's Palace, he did not feel any evil curse force intruding into his mind.

This made Ye Feng immediately understand that not everyone received the power of the curse as soon as they walked into the Demon King's Palace. .???.??

Those cursed strong men must have encountered something in the deepest part of the Demon King's Palace, so they became so crazy and died miserably on the spot.

This made Ye Feng even more vigilant. He couldn't help but said to Emperor Chu in his mind: "Emperor Chu, you must concentrate on the soul gem next. If there is any very evil soul power invading, In my mind, you must use the soul gem to block it in time."

After Ye Feng finished speaking, Emperor Chu immediately smiled and promised: "Ye Feng, don't worry, as long as I and the soul gem are in your mind, you will never be harmed at the spiritual and soul level. This you Just rest assured, I will make sure there is nothing wrong with your mind."

After Emperor Chu said these words, Ye Feng suddenly felt relieved.

After all, Emperor Chu is still very reliable.

Especially now that it is integrated with the soul gem, the role that Emperor Chu can play is even greater.

So at this time, Ye Feng tensed up his whole body and was all scattered.

With a strong fighting spirit, all you need to do is guard against damage from entities.

At this time, Ye Feng was walking alone in the Demon Lord's Palace. He saw that the space inside the Demon Lord's Palace was even grander and wider than what he saw outside.

At this time, Ye Feng was walking in an ancient corridor.

When Ye Feng reached the end of the corridor, he immediately saw many forks.

Each fork is very long, and there is darkness inside. You can't see clearly what the scene is, and you don't know where it leads.

Ye Feng can't tell which fork is a safe passage now.

But maybe there is danger hidden in every fork.

So Ye Feng could only choose one at random and walked in.

When Ye Feng reached the end of the fork he chose, a very strange dark sculpture suddenly appeared in front of him.

This sculpture is made of a black material. The shape of the sculpture is a humanoid sculpture, but the face of this humanoid sculpture has no facial features, giving people a very strange feeling.

At this moment, Ye Feng stood in front of the sculpture and suddenly felt that the surrounding air had become very cold.

Buzz...

There was a mysterious and dark invisible aura and power that was drilling into his head.

Boom! !

But suddenly at the next moment, a bright crimson light burst out in Ye Feng's mind.

These crimson rays of light are the pure soul-dominating power erupted by Emperor Chu using the Soul Gem.

These crimson rays of light rushed out of Ye Feng's mind, making Ye Feng's head turn into a red sun, dispelling all the darkness and strange forces around him.

"howl!"

Almost at this moment, an extremely shrill scream suddenly came from the dark sculpture without a face or facial features in front of Ye Feng.

It feels like there is a devil living in this sculpture, and it is hurt by the red light of Ye Feng's soul gem at this moment.

Wow!

Almost at the next moment, Ye Feng suddenly saw a demon in soul state jumping out of this strange dark sculpture.

This demon turned out to be like a demon from hell. It was covered with dense black scales and had a pair of evil black wings. It also held a black steel fork in its hand and had a mouth full of fangs. It looked very ferocious.

Ye Feng immediately understood. I am afraid that the powerful men who rushed out before and died miserably were hurt by the demon in the soul state of this dark sculpture and were cursed.

But Ye Feng is also quite surprised. After all, this is the first time he has encountered a demon in this kind of soul state. Just like a real demon, it can cause huge damage to people's souls and spirits, making people go crazy in an instant. It's like going crazy.

At this moment, the demon with a soul floating in the air stared at Ye Feng's head that was emitting red light, and suddenly shouted in disbelief: "You are just an ordinary human, why are you... There is such terrifying power in the soul? This red light can melt my demon soul like the flames of the sun! Human boy, who are you?"

When Ye Feng heard this, he immediately smiled coldly and said: "There are people outside the world, and there is a sky outside the sky. Nothing is impossible in this world."

"This is impossible!"

But the demon in this soul state shouted at this time: "Even the origin world where I come from cannot have such a magical and powerful soul light. This is just a cave world. How could you be born like this?" existence, what is in your head?

What does it contain? I want to come and take a look! "

Uh-huh!

At this time, after the demon finished speaking, he emitted an extremely strong black light, full of endless evil. He held the steel fork in his hand and rushed towards Ye Feng's head, trying to kill Ye Feng's head. The head was torn open, trying to see what was hidden in Ye Feng's head, which could actually release such strong soul light.

However, when Ye Feng saw this demon doing this, with a confident smile on his face, he did not dodge at all, and suddenly the soul demon rushed into his mind.

boom!

The moment this demon rushed into Ye Feng's soul world, he immediately saw a gem emitting red light, suspended in the center of Ye Feng's soul world.

The demon seemed to have thought of something, and he couldn't help being frightened, and shouted loudly: "This kind of power and aura is so noble, with supreme majesty, is this something left by the legendary master? But the Overlord has completely disappeared in the ancient lost era. Even in today's great world of origin, there is no Overlord-level existence. How could this small cave world evolve something that only the Overlord can possess? Gem... This is impossible, how could a master-level creature be born in this small cave world!"

When he said this, the devil suddenly shouted: "And how could such a precious thing fall on such a weak human boy like you, and also recognize you as the master? This is simply unbelievable! No way ! I want to plunder this domination gem. You, a small and humble human being, don't deserve to have something from the domination!"

It has to be said that this demon is still very fierce. It can actually withstand the red light emitted by the soul gem and wants to take possession of the soul gem in Ye Feng's mind.

"You're a step too late, the soul gem already has its owner!"

But at this moment, the soul gem suddenly remembered the voice of Emperor Chu, full of boundless domineering power.
