

## Ancient 2551

Chapter 2551 Golden Buddha Seal

At this time, after Ye Feng finished speaking, he immediately flew towards the black lotus core fire in front of him.

"Buzz!"

At this moment, Ye Feng suddenly felt a very terrifying power of flames, surging towards him from the black lotus core fire.

At this moment, Ye Feng felt that his body, including his soul, was burning rapidly.

"boom!"

Ye Feng immediately burst out his Ancient Burning Heaven Technique, and then released all his original flames, covering the surface of his body.

At this moment, Ye Feng suddenly turned into a little fire man, looking very imposing.

Uh-huh!

When Ye Feng came to the moment of the Black Lotus Earth Core Fire, he wanted to reach out and grab the Black Lotus Earth Core Fire, take it into his own hands, and then refine it directly.

Boom! !

But at this moment, a huge will suddenly rushed out from the Black Lotus Earth Core Fire.

This is a phantom composed of will, using the power of the Black Lotus Earth Core Fire to form a black flame giant, full of unparalleled momentum.

Just like a flame king!

At this moment, the black flame giant immediately made a majestic and mighty voice: "Outsiders, hurry up and leave. The fire in the heart of the Black Lotus is not something that a weak human boy like you can get. This is a strange fire in the world. Only those who are destined can get it." Talent can be obtained, but you, a human ant, have very poor qualifications and are not destined to be one."

Ye Feng laughed loudly at this time and said loudly: "A destined person? You don't care if I am a destined person or not, today I will completely plunder the Black Lotus Earth Core Fire!"

Almost at the moment Ye Feng finished speaking.

Boom!

Ye Feng's body suddenly erupted with a terrifying and boundless flame power, which directly condensed into a huge flame sword hundreds of meters long in Ye Feng's hand, and instantly faced the black flame giant in front of him. Kill him fiercely.

Boom! !

Almost at this moment, the flame sword in Ye Feng's hand suddenly burst out with terrifying flame power.

You must know that although the black flame giant opposite is a powerful being condensed from the Black Lotus Earth Core Fire, Ye Feng's own natal flame is not weak.

His natal flame was formed by merging various powerful flames.

Although it may not be as high as the Black Lotus Earth Core Fire and the flames of the earth at the center of the God Realm, it was Ye Feng who worked hard to fuse many kinds of flames to grow to where he is today.

When the black flame giant saw the flame sword that Ye Feng killed, there was a trace of surprise in his eyes, and he couldn't help but said: "I didn't expect that a human boy like you also has such power. Incomparable power of fire, that's just right, I will kill you and swallow the original flame in you, and the power of the Black Lotus Earth Core Fire will become even more powerful."

At this moment, after the black flame giant finished speaking, a terrifying and boundless black flame light burst out from his body, condensing into black flame lotuses in the void.

"Rumble..."

There are tens of thousands of black lotus flowers. Each black lotus flower has the terrifying power of flame explosion, and it attacks Ye Feng in an instant.

Boom!

Almost at the next moment, the flame sword in Ye Feng's hand collided with tens of thousands of black lotus flowers, and a terrifying flame frenzy broke out.

But at the next moment, Ye Feng couldn't help but take several steps back, because the power of these black flame lotuses was so powerful.

"What?"

This shocked Ye Feng. It was the first time for him to encounter such a ferocious fire.

No

Although Guo Yefeng was a little shaken in his heart, his face was full of surprise.

Because the stronger the Black Lotus Earth Core Fire is, the more precious it is.

If you can devour and fuse this black lotus earth core fire, then the quality of your flames will most likely not only be improved by one level, but may also be improved by several levels instantly.

Thinking of this, Ye Feng immediately spoke to the fat monk not far away: "Fat monk, stop watching the show. You help me suppress this black flame giant. When we succeed, we will be around here." I will give you all the other treasures found in the cave."

When the fat monk heard what Ye Feng said, his eyes suddenly lit up.

Originally prepared to avoid the battle, he immediately took out a huge golden Buddha seal from his storage ring.

"My Buddha is compassionate!"

"Foyin suppresses the killing!"

Boom!

Almost at this moment, the fat monk sacrificed the golden Buddha seal in his hand, and immediately attacked the head of the black flame giant not far away who was born out of the Black Lotus Earth Heart Fire.

Boom! !

Almost at this moment, the golden Buddha seal in the fat monk's hand burst out with boundless golden Buddha light.

It even condensed into a huge living Buddha giant, and then stretched out a golden giant Buddha hand, and instantly pressed it on the head of the black flame giant.

You know, the fat monk can be said to have used his most powerful magic weapon at this time.

This golden Buddha seal is very powerful, and the condensed shadow of the Buddha is also extremely terrifying.

Boom! !

In an instant, the black flame giant was directly suppressed on the spot, unable to move at all, and was locked in a golden Buddha's light prison.

"So powerful?"

When Ye Feng saw this scene, he couldn't help but look at the fat monk not far away and said loudly: "Fat monk, I didn't expect that your true power would be so powerful. It seems that you have been hiding your clumsiness before. ”

The fat monk grinned at this time and said loudly: "This golden Buddha seal is a forbidden weapon. Although it can explode with terrifying power, the number of uses is limited. One use is less. However, as long as I help you suppress this black flame Giant, I helped you successfully refine the Black Lotus Earth Core Fire. You said that all the treasures found around here belong to me, so I will definitely work hard, but you are not at a loss, after all, there are underground caves around here. Among all the treasures in the treasure, this black lotus earth heart fire is definitely the most precious, but I don't have any use for this powerful black lotus earth heart fire.”

"Holy Buddha's Big Hand!"

boom!

After the fat monk finished speaking at this moment, he once again burst out with more powerful power.

The golden Buddha seal he released suddenly became as big as a mountain, directly crushing the black flame giant.

"No!!!"

At this moment, the black flame giant couldn't help but roared angrily: "What kind of magic weapon is this? What kind of ancient treasure is this? How could it be possible to suppress the body of black lotus earth heart fire that I condensed?" Unable to move! How is this possible?"

At this moment, the black flame giant suddenly realized that the uninvited guests who came here this time were not ordinary people, but each one was stronger than the last.

The chubby-looking monk didn't expect that he would burst out with such powerful power and be so terrifying.

"good chance!"

At this time, Ye Feng saw that the black flame giant was suppressed and could not move. His eyes suddenly lit up and he rushed to the other side of the black lotus earth core fire. He stretched out his hands and began to release The Ancient Burning Heaven Technique began to quickly refine the black lotus earth core fire that had lost its will to protect it!

Chapter 2552 The inheritance place of the Flame King

"No!!!"

At this moment, the black flame giant not far away roared with anger and unwillingness.

But all to no avail.

It was suppressed by the fat monk with the golden Buddha Seal, a forbidden weapon, and could not move at all. He could only watch helplessly as Ye Feng, not far away, quickly refined the original power of the Black Lotus Earth Core Fire. .??.

"Boom!"

At this moment, Ye Feng, who was not far away, pressed his hands on the flame light ball of the Black Lotus Earth Core Fire. His whole person was shrouded in the incomparable black flames of the Black Lotus Earth Core Fire.

At this time, he saw Ye Feng being enveloped by countless jet-black flames. The fat monk who was suppressing the black flame giant not far away immediately showed a trace of worry in his eyes and asked aloud: " Ye Feng, are you okay? Is everything normal?"

But at this time, Ye Feng seemed to have entered a critical moment of refining the Black Lotus Earth Core Fire, so Ye Feng did not respond to the fat monk's question.

"Hahaha!"

At this moment, the black flame giant who was suppressed by the golden Buddha seal laughed loudly and said: "This boy seems to have a weak heart. His cultivation is not very good, and he still has to forcibly refine it." The Black Lotus Earth Core Fire, I am afraid that this kid has been backfired by the Black Lotus Earth Core Fire and is about to be burned to death."

"Shut up!"

The fat monk immediately shouted, then madly hit the black flame giant with the golden Buddha seal, smashing the black flame giant half to death.

But the black flame giant still laughed loudly at this moment: "It's useless. As long as the fire in the heart of the Black Lotus remains alive, I will be immortal."

"Oh, is it so?"

But suddenly at this moment, Ye Feng's voice suddenly came out from the pitch-black flames not far away.

Uh-huh!

The next moment, Ye Feng's figure slowly

walked out of the flames.

Moreover, Ye Feng's body was covered with all the black flame power of the Black Lotus Earth Core Fire at this moment.

At this moment, Ye Feng slowly walked out of the endless flames, as if a great flame king had resurrected. He looked full of endless momentum, giving people a soul-stirring sense of vastness and vastness.

At this moment, I saw Ye Feng walking out of the endless flames intact and safe, and his body was still burning with the flames of the Black Lotus Earth Core Fire. The black flame giant who was still mocking Ye Feng just now suddenly grew up. His mouth was full of shock.

Moreover, the black flame giant could feel that the power in his body was dissipating rapidly.

This shows that Ye Feng has now successfully refined the Black Lotus Earth Core Fire and successfully controlled the Black Lotus Earth Core Fire.

"I knew you could do it!"

When the fat monk saw this scene, his originally worried expression suddenly became extremely excited, and he couldn't help shouting.

At this time, Ye Feng smiled slightly and said: "It's just refining a black lotus earth heart fire. It's not a big deal. I have encountered too many strong winds and waves. This is nothing."

"you.....!"

At this time, when he heard Ye Feng say such domineering words, the black flame giant's face suddenly became extremely ugly, and then in his unwilling eyes, he completely dissipated in an instant and turned into ashes. .

The fat monk took back the golden Buddha seal at this time.

At this time, Ye Feng had successfully refined the Black Lotus Earth Heart Fire.

The quality of the original flame has been greatly improved just now, directly from the third-grade Dzogchen to the fourth-grade mid-level!

Directly passed the fourth level of primary level!

Entered the fourth-grade intermediate level!

Moreover, Ye Feng's natal flame now has a powerful special flame power, which is the Black Lotus Earth Core Fire.

At this moment, Ye Feng can feel that his control over the power of fire is getting stronger and stronger. He can instantly release his powerful natural flame, which can burn mountains and boil seas, which is extremely terrifying.

This makes Ye Feng very happy, because this time he has refined the Black Lotus Earth Heart Fire, which can be said to have truly greatly improved his overall strength.

Because Ye Feng knows very well that the powerful martial arts inheritance he received before, or the powerful silver sword, are only external possessions after all. They will most likely be eliminated after Ye Feng continues to improve his realm. It is not a big deal. Useful.

However, the Black Lotus Earth Core Fire that has been refined now has been completely integrated into his own natal flame. In the future, it can continuously release powerful flame power, which will be of great and continuous help to Ye Feng, forever. Probably won't be eliminated.

At this moment, after Ye Feng refined the Black Lotus Earth Core Fire, the surrounding endless sea of fire completely dissipated, because the endless sea of fire here was originally formed by the Black Lotus Earth Core Fire.

At this time, the fat monk said to Ye Feng: "Let's go to the island in this endless sea of fire."

Ye Feng immediately nodded and said: "This island is surrounded by the Black Lotus Earth Core Fire, which may be guarding it. Perhaps there really is a powerful inheritance from a fire attribute superpower on this island."

The fat monk immediately nodded and said with a smile: "Ye Feng, what you just said still counts. What will you find later?"

The babies are all mine. "

Ye Feng laughed loudly, patted the fat monk on the shoulder, and said aloud: "I can successfully refine the Black Lotus Earth Core Fire this time. Fat Monk, you helped me a lot, allowing me to refine the Black Lotus Earth Core with peace of mind. Huo, of course I mean what I say. I am a person who keeps my promises. If I don't make promises to others, if I give them, I will definitely carry them out."

The fat monk nodded and said with a smile: "You have a good conscience."

Uh-huh!

Uh-huh!

After saying that, the two of them immediately flew towards the small island in the middle.

When they arrived on the island, they immediately discovered a huge statue standing in the center of the island.

There is also a huge stone tablet in front of the statue. On the stone tablet are written the four ancient characters "Fire King".

The fat monk took a look, and then said aloud: "Sure enough, this is an ancient fire-attribute strongman, but I have never heard of such a person. It seems that he has fallen for a long time. Maybe he was in the Black Lotus Land before. The endless sea of fire formed by the inner fire is a test for outsiders. Now that we have passed the test and come to this island, we can obtain the inheritance of this flame king. "

After the fat monk finished speaking, he immediately flew to the back of the sculpture of the Flame King.

There is a huge golden palace there, which should be the inheritance left by the Flame King!

Ye Feng was also very interested at this time and quickly followed him.

Now he is not very interested in weapons, treasures or anything like that, so he leaves everything to the fat monk.

But for the inheritance of this Flame King, Ye Feng can use his soul power to make a copy of his own cultivation.

Chapter 2553 The Land of Ten Thousand Graves

At this moment, Ye Feng followed the fat monk into the golden palace behind the sculpture of the Flame King.

They immediately saw boxes of golden boxes stacked around the golden palace.

Uh-huh!

At this time, the fat monk immediately flew to the golden boxes and opened them.

Treasures suddenly appeared inside, all shining brightly and looking very precious.

But at this time, Ye Feng smiled and said: "Fat monk, all these things belong to you."

The fat monk's eyes immediately became extremely happy and he said, "Great, I'm rich!"

Blah blah blah! !

After saying that, the fat monk immediately collected all the treasures contained in these gold boxes into his own storage space.

Then Ye Feng and the fat monk continued walking towards the interior of the palace. .??.

They immediately saw that there was a totem pole in the center of the Golden Palace, and ancient texts were recorded on this totem pole.

The fat monk said aloud: "These ancient characters seem to be the characters of a demon clan. It seems that this Flame King transformed into a fire-attribute monster, and eventually transformed into an extremely powerful Flame King."

At this moment, Ye Feng nodded immediately, looked at the words on the totem pole, and said aloud: "This seems to be a very powerful inheritance, but the words are not the words of our human race, and it is not very understandable. "

At this time, the fat monk nodded, then took out a spiritual talisman from his storage ring, and then immediately threw it on the totem pole.

Wow!

Almost at that moment, the words on the totem pole immediately flew out, and then turned into human words that Ye Feng and the fat monk could understand.

This talisman is called a transformation talisman and can parse various ancient texts.

At this moment, Ye Feng suddenly saw that what was recorded in these words was the inheritance of this Flame King.

It is an extremely powerful fire attribute inheritance technique, with a total of three levels.

The first level is "Flame Slash".

The second level is "Fire Qilin's Wrath".

The third level is "Fire Dragon Destroys the World".

Each layer is stronger than the next.

I have to say that Ye Feng really came to the right place this time.

Because not only did he refine an extremely powerful flame of heaven and earth, called the Black Lotus Earth Heart Fire, but he also received a powerful inheritance from this flame king.

At this moment, Ye Feng immediately exuded his soul power and began to cover the totem pole.

Then he imprinted all the inheritance words recorded on this totem pole into his soul.

In this case, Ye Feng can continue to comprehend in the next time.

The fire attribute inheritance of the Flame King recorded on this totem pole must be very powerful, possibly even more powerful than the Luan Gu Emperor Fist that Ye Feng obtained before.

Because you must know that these inheritances are specialized fire attribute inheritances.

Ye Feng's natal flame has now been greatly improved and has become more powerful. If he can release the power of his flame through this inheritance, it will give Ye Feng an extremely powerful attack skill.

You must know that Ye Feng's previous flame ability, although not weak, basically did not have much offensive power. At most, it could only be used to refine elixirs or refine treasures and weapons.

But now that he has obtained the fire attribute inheritance of this flame king, Ye Feng can use this inheritance to release the true power of his own birth flame.

At this time, the fat monk also put the totem pole into his storage space.

The fat monk is also very interested in this ancient inheritance.

Although he is not a fire attribute practitioner himself, he cannot practice the fire attribute inheritance on the totem pole.

But this totem pole records such an ancient inheritance. When the time comes for the fat monk to sell it outside, he will definitely be able to

Enough to sell for a high price.

At this moment, after the fat monk collected all the treasures around him, the two of them also shared the inheritance of the Flame King.

At this time, Ye Feng said aloud: "Fat monk, there should be nothing here, right?"

The fat monk looked around at this time, nodded and said loudly: "There should be nothing left, let's go."

Next, the two of them left the Flame King's cave deep underground, and returned to the inner space of the tomb.

At this time, the fat monk said with a smile: "Let's go to the last location. It is a very terrifying place of thousands of graves. There are many followers of the tomb owner buried there. I am afraid there are mass burials of tens of thousands of strong men." Gang, there must be a lot of treasures there. After we have searched this land of thousands of tombs, we will go find the zombie king that the owner of the tomb turned into. "

Ye Feng nodded, smiled and said: "Okay, actually, even if we go to find the zombie king now, I think we should have some confidence. After all, the two of us have already searched in the past few days. We got a lot of good things, and our respective strengths also improved a lot."

The fat monk smiled slightly and nodded, and said loudly: "First, loot all the treasures in the last Land of Ten Thousand Tombs, and then go find the Zombie King. There can't be any waste. Such a super big tomb, but A natural treasure place, absolutely no money can be wasted."

At this time, Ye Feng was very happy when he heard what the fat monk said.

Being able to meet such a calculated tomb robber like Fat Monk was of great benefit to Ye Feng.

Because this prevents Ye Feng from missing all the wealth in the entire tomb.

At this moment, the two people were talking, and then they instantly walked towards the place of ten thousand graves that the fat monk said.

Both of them were extremely fast and soon arrived at the entrance of the Land of Ten Thousand Tombs.

This is the edge of the Land of Ten Thousand Tombs.

The two people stood here and looked inside.

Ye Feng immediately saw ancient tombs standing on the dark ground, looking very desolate and cold.

If you are an ordinary person, you may be frightened when you come here and see so many graves, all densely packed on the ground, surrounded by darkness.

But Ye Feng and Fat Monk's eyes were shining at this moment.

The fat monk spoke out at this time: "Ye Feng, you are a soul master. This land of thousands of graves may have given birth to very powerful Yin spirits. Then you will have to work harder."

At this moment, Ye Feng immediately smiled and nodded, and said: "Don't worry, I got a Netherworld Pearl before, which can release Netherworld Soul Soldiers and protect our safety."

At this moment, after Ye Feng finished speaking, he immediately released the Nether Pearl, and then began to input his soul power.

Buzz! Buzz! Buzz...

Suddenly, ghostly soul soldiers gathered around Ye Feng and the fat monk.

There are dozens of them.

All of them were wearing soul-state armor and holding soul-state weapons in their hands.

They surrounded Ye Feng and the fat monk, like the most loyal soul guards.

At this time, Ye Feng also used his evolutionary spring water to directly evolve a Nether Soul Soldier into a Nether Soul Giant Warrior that was several kilometers tall. He was considered the captain of this small team of Soul Soldiers.

Ye Feng's current soul power can only evolve a Nether Soul Soldier into a Nether Soul Giant Warrior for the time being.

With so many Nether Soul Soldiers as guardians, the fat monk immediately felt much safer.

He couldn't help but give Ye Feng a thumbs up and said, "This Netherworld Pearl is in your hands, and you can really make the best use of it."

Because Ye Feng's soul power is very powerful, he can not only summon a large number of soul soldiers through the Nether Soul Bead, but he can also evolve the Nether Soul Soul Soldier into an extremely powerful Nether Soul Giant Warrior, which can be said to give full play to the role of the Nether Soul Bead. .

Chapter 2554 Steel Tomb

At this time, there was a huge Nether Soul Giant War General, leading a group of Nether Soul Soldiers to clear the way in front. Ye Feng and Fat Monk walked behind this group of Nether Soul Soldiers, feeling much safer.

At this moment, they entered the Land of Ten Thousand Tombs area ahead.

The two of them immediately felt that the entire air contained a very biting coldness, as if it was about to freeze people's blood.

At this time, the fat monk couldn't help but said: "There are definitely many terrible ghosts in this land of thousands of graves, and there may also be powerful zombies. We must be careful."

At this moment, after the fat monk finished speaking, he immediately activated his cassock.

Buzz!

Almost at this moment, the cassock on the fat monk's body immediately released a faint golden Buddha's light, shrouding both Ye Feng and the fat monk in the protection of Buddha's light.

The team of Nether Soul soldiers leading the way could not help but take several steps forward at this moment, wanting to stay away from the area where Ye Feng and the fat monk were.

Because the golden Buddha light released by the fat monk also caused some damage to the team of Nether Soul Soldiers condensed by Ye Feng.

Buzz!

At this moment, Ye Feng released his huge soul power and moved towards the surrounding area. He wanted to find some wealth that might be hidden in this extremely difficult place.

At this time, the fat monk also took out his treasure hunting compass and was locating it.

"Boom!"

Suddenly at this moment, a tomb not far away suddenly exploded.

Suddenly, a zombie with its skin all over the body rushed out from the mud, roaring and roaring, and rushed towards Ye Feng and Fat Monk, two people full of life energy.

"Qiang!"

Almost at this moment, Ye Feng immediately took out

The silver sword that he had obtained before coming was slashing forward.

"Pfft!"

The silver sword in Ye Feng's hand instantly killed the zombie, breaking it into two halves and falling to the ground.

Ye Feng couldn't help but said: "It's just an ordinary zombie, very weak."

The fat monk nodded slightly, then his eyes were still full of caution, and he said loudly: "The further we go inside, the more terrifying the creatures born in the Land of Ten Thousand Tombs will be. We must always be careful."

The two of them continued walking at this moment.

Buzz!

After they walked for nearly a few minutes, a powerful Yin spirit in the soul state suddenly rushed out from the tombstone of a tomb they passed by, and attacked the two of them in an instant.

Boom!

But at this moment, there was no need to wait for Ye Feng and the fat monk to react. The Nether Soul soldiers who were protecting Ye Feng and the fat monk immediately stopped the powerful Yin spirit that rushed out of the tombstone.

Boom!

Almost at this moment, a large group of Nether Soul Soldiers attacked directly, instantly wiping out the powerful Yin Spirit that rushed out of the tombstone.

At this moment, Ye Feng released the devouring domain, swallowing up all the soul fragments formed after the obliterated strong man's Yin spirit was shattered.

Buzz!

At this moment, Ye Feng's soul power increased a lot, rising to three levels.

I have to say, this is still very good.

Along the way, Ye Feng and Fatty

The monk encountered many attacks from powerful ghosts or zombies.

However, under the powerful attacks of the two men and the obstruction of a group of Nether Soul soldiers, everything was easily solved.

And Ye Feng devoured many soul fragments formed by the broken Yin spirits of powerful men along the way, and his soul power surged by a thousand levels in just a few hours!

Ye Feng's soul power strength directly increased from level 36,000 to level 37,000.

I have to say, this is also a good improvement.

"Um?"

At this moment, Ye Feng suddenly noticed something with his soul and immediately rushed to an area not far away.

The fat monk's eyes flashed and he quickly followed.

At this moment, a huge steel tomb appeared in front of the two of them.

That's right, this tomb is actually made entirely of steel and looks like a steel fortress.

The fat monk's eyes lit up and he said loudly: "There is definitely something good in this."

boom!

Almost at this moment, the fat monk immediately blasted out a palm. In an instant, bright Buddha light burst out from his palm, condensed into a huge Buddha, and suddenly hit the steel tomb in front of him. .

"Boom!!"

The entire steel tomb immediately shattered, revealing the scene inside.

The inside turned out to be like a magnificent underground palace, which looked very shocking.

An old zombie wearing a yellow robe that looked like an ancient prince was lying on a silver mercury river in this magnificent underground palace, floating everywhere, looking quite strange.

Buzz!

And almost at this moment, the old zombie of the ancient prince floating on the silver mercury river opened his eyes immediately after his tomb was smashed, and his eyes were filled with red light.

This old zombie has iron-green skin, and its mouth is full of long blue fangs. It has obviously been a zombie for a long time. The corpse energy on his body is soaring, giving people a terrifying and ferocious feeling.

The fat monk's eyes immediately lit up and he said loudly: "This is indeed an extremely powerful old zombie, and it seems that he had an extraordinary status during his lifetime. He is actually wearing the clothes of an ancient prince. This is a strong man who was crowned king at that time. This There must be a lot of treasures in the magnificent underground palace hidden under the tomb."

At this moment, after the fat monk finished speaking, the cassock on his body immediately burst into brilliant golden Buddha light.

boom!

As if he had turned into an ancient Buddha, he rushed into the underground palace under the tomb in an instant and rushed towards the old zombie of the ancient prince.

At this time, the fat monk was quite fierce and wanted to kill the old zombie.

Ye Feng was not idle at this moment, and immediately rushed over with the fat monk.

An extremely powerful natal flame erupted from his body. This time he wanted to use the inheritance of the Flame King he had just comprehended to see if it was powerful.

"Jiejieje..."

But at this moment, the old zombie of the ancient prince in the magnificent palace under the steel tomb let out a ferocious laugh from his mouth full of green fangs. His voice was extremely hoarse, and He said cruelly: "Two stupid humans dare to disturb my prince's rest. It just so happens that I have been hungry for many years. Both of you will become my blood food!"

Chapter 2555 Difficult to Deal with

At this moment, this ancient prince and old zombie was speaking, his tone full of deep cruelty and cruelty.

Obviously Ye Feng and Fat Monk want to kill this ancient zombie old prince, but this ancient zombie old prince also wants to kill the two outsiders, Ye Feng and Fat Monk.

Because whether it is Ye Feng or Fat Monk, the blood energy in their bodies is extremely huge.

If this old zombie of an ancient prince can kill Ye Feng and the fat monk and become his blood food, and after swallowing them, his strength will be greatly enhanced.

Boom! !

At this time, the fat monk had already poured out boundless Buddha light from all over his body, condensed into a huge Buddha, and instantly bombarded him in front of the old zombie of the ancient prince.

"Nine Yin Corpse King Claws!"

boom!

Almost at this moment, the ancient prince and old zombie also burst out with powerful martial arts.

This zombie has obviously truly become a brand-new life existence. It can actually use the zombie energy it has cultivated to perform extremely powerful underworld martial arts.

Boom!

Almost at the moment when the old zombie of the ancient prince showed his martial arts skills, each finger of his palm instantly grew into extremely long and slender nails. Each of those nails was three meters long. Long, like a jet-black iron blade, it instantly smashed the golden Buddha that the fat monk had hit to pieces, and then those huge long nails directly pierced the fat monk's body.

"Pfft"!

Almost at that moment, the fingernails of the ancient prince and the old zombie pierced one of the fat monk's arms, almost breaking every bone of the fat monk.

"Ah! So powerful!"

At this moment, the fat monk suddenly gasped in pain and quickly retreated towards the back.

At this moment, the fat monk's entire arm appeared

There was a scratch mark that was deep enough to show the bone.

Moreover, there was a strong corpse poison in this scratch, which was rapidly attacking the fat monk's entire body.

The fat monk's face suddenly turned a little pale, and his brows began to darken.

The fat monk immediately couldn't help but cursed: "I didn't expect that this old zombie has been cultivated into a spirit corpse body. There is no big difference from resurrecting his life. He can actually use his own zombie energy to explode. With such a powerful force, you can no longer just rely on the zombie's body to fight, but you can also use the zombie's energy to display such a powerful martial arts inheritance. "

At this moment, the fat monk said that he immediately took out the detoxifying pills from his storage ring and swallowed them, trying to suppress the corpse poison on his body.

At this moment, the old zombie of the ancient prince chuckled and said loudly: "You are no match for me at all. If you dare to disturb my rest this time, you are destined to become my food!"

Boom!

Almost at the moment when the ancient prince, the old zombie, finished speaking, his entire huge zombie body flew into the air in an instant, and then charged directly at the fat monk, hoping to kill the fat monk in advance.

"Fire Slash!"

boom!

But suddenly at this moment, there was a huge roar not far away.

Ye Feng held a long sword burning with flames in his hand, and directly used the first level of the powerful inheritance he had received from the Flame King, Flame Slash.

boom!

The Flame Slash struck hard, and instantly struck the palm of the old zombie's hand, the ancient prince.

Wow

La la! !

Almost at this moment, a stream of terrifying flames instantly ignited the entire body of the ancient prince and old zombie.

"ah!"

The ancient prince and the old zombie immediately let out a painful howl: "What kind of flame is this? Why is it so powerful that it can naturally suppress the zombie energy in me!"

Ye Feng smiled coldly at this time and said: "This is the natal flame that I have cultivated for countless years. The quality is already very high. You will be completely buried in my flame."

Hearing what Ye Feng said, the ancient prince and the old zombie immediately shouted angrily: "Netherworld Armor!"

Boom!

Almost at this moment, a huge black armor appeared on the surface of the ancient prince's old zombie body, and the terrifying power of darkness erupted.

In one fell swoop, all the countless flames struck by Ye Feng's Flame Slash were annihilated.

"What?"

"This zombie also has such a powerful set of underworld armor?"

When Ye Feng saw this scene at this moment, there was a hint of surprise in his eyes.

He didn't expect that this old zombie actually had his own zombie treasure, and he could use his zombie energy to stimulate the power of this Netherworld Armor.

It has to be said that this is the most powerful zombie opponent that Ye Feng has encountered so far.

Not only does it possess a very powerful zombie immortal body, but it also wears powerful underworld armor, and can even release zombie-specific inheritance through the zombie aura.

It has to be said that this ancient prince and old zombie is very difficult to deal with.

But at this time, Ye Feng was not afraid, but became more and more excited.

Because of the power of this old zombie of an ancient prince, Ye Feng understood that the magnificent palace under the steel tomb definitely contained very precious and rich wealth.

Boom! !

Almost at this moment, Ye Feng held the long sword burning with flames in his hand and once again fiercely bombarded the old zombie of the ancient prince in front of him.

This time Ye Feng used the second layer of inheritance of the Flame King, the Fury of the Fire Qilin!

Boom! !

Almost immediately after Ye Feng slashed with the sword, countless flames poured out from his sword blade, and in an instant, a majestic flame unicorn with a height of several hundred meters was condensed in the void.

"Roar!!"

This fire unicorn is completely condensed from Ye Feng's natal flame, roaring and roaring, full of endless majesty high in the sky.

Boom!

Almost at this moment, this huge fire unicorn rushed in front of the old zombie of the ancient prince, and in an instant it opened its mouth and swallowed the old zombie of the ancient prince into its belly.

"Crash!"

Then the ancient prince and the old zombie seemed to have fallen into a huge furnace, and the entire zombie body was being baked rapidly, as if it was about to melt.

"Bodies everywhere!!"

But at this moment, the ancient prince and the old zombie suddenly displayed an extremely powerful move.

Boom!

The ancient prince's old zombie immediately erupted with terrifying zombie aura, forming a horrific scene of corpses strewn across the field. All of a sudden, the huge fire unicorn was directly blasted to pieces, turning it into flames all over the sky. dust.

"wild!"

At this moment, even Ye Feng felt a feeling that was difficult to deal with.

Chapter 2556 There is another one

"Golden Buddha Seal!"

But at this moment, the fat monk became angry and once again used the extremely powerful Buddhist magic weapon from before.

The Golden Buddha Seal is an extremely powerful forbidden weapon with a limit on the number of times it can be used. Each time it is used, the Golden Buddha Seal will be damaged by one point.

But at this time, the fat monk no longer wanted to hold back, and directly used a magic weapon as powerful as the golden Buddha seal. ??

Boom! !

Almost at that moment, the golden Buddha seal thrown by the fat monk instantly turned into a huge golden ancient Buddha.

boom!

The golden ancient Buddha directly stretched out a monstrous hand, filled with unparalleled golden Buddha light, which seemed to be able to shake the heaven and the earth and suppress all directions.

Boom!

The old zombie of an ancient prince was suddenly bombarded to the ground by the hand of this huge Buddha, and was pressed firmly on the ground, unable to move at all.

"No!!!"

At this time, the ancient prince and the old zombie let out a roar, stretched out his hands, and wanted to lift the hand of the giant Buddha directly and smash it into pieces.

At this time, the fat monk immediately shouted at Ye Feng who was not far away: "Ye Feng, hurry up and use a powerful killing move to kill this ancient prince and old zombie!"

"good!"

"I am coming!"

Ye Feng immediately nodded at this time, seized the opportunity, and violently displayed the third level of Flame King's inheritance, which was the last and most powerful move.

"The fire dragon destroys the world!"

Boom! !

Almost at this moment, Ye Feng displayed the third layer of Fire Dragon Destruction. The endless flames on his body immediately rushed to the sky, and then condensed into an unparalleled huge fire dragon, full of terror. Boundless destructive momentum.

"boom!!!"

A terrifying and boundless fire dragon suddenly crashed down from high in the sky, and then slammed into the old zombie of the ancient prince who was pressed to the ground by the hands of the giant Buddha.

Boom! !

\u003e

Almost at this moment, an earth-shattering roar suddenly sounded across the entire field.

The old zombie of the ancient prince was instantly enveloped in endless flames.

He immediately let out an extremely shrill howl, obviously in extreme pain.

At this moment, Ye Feng discovered that in the endless flames, the old zombie of the ancient prince had not turned into ashes. Instead, he was stimulating the zombie energy in his body and resisting the invasion of the power of the flames.

After discovering this, Ye Feng's eyes were a little shocked. He didn't expect this old zombie of an ancient prince to be so stubborn.

However, Ye Feng did not hesitate at all at this time and continued to increase his power. At this moment, Ye Feng directly displayed the power of the chaos gem replica.

Boom! !

Almost at this moment, the replica of the Chaos Gem in Ye Feng's hand suddenly caused a terrifying chaotic wave.

This kind of chaotic fluctuation was like an earthquake in the void, full of terrifying quantum resonance force, and it suddenly enveloped the old zombie of the ancient prince.

"Crash la la la..."

Almost at the next moment, the old zombie of the ancient prince, who was about to reach the end of his strength, was wrapped in the chaotic fluctuations released by Ye Feng, and was instantly shattered by the terrifying quantum resonance force.

Click, click...

It turned directly into zombie fragments on the ground, completely dead.

The fat monk saw this scene not far away, and immediately said happily: "Okay! Great! Finally killed this powerful old zombie!"

At this moment, Ye Feng walked to the zombie fragments not far away and saw a fist-sized stone among the smoking fragments.

This fist-sized stone exudes a zombie light at this moment, and is filled with extremely thick corpse energy.

The fat monk came over and said loudly: "This is the core of this old zombie. It should contain a very strong zombie power. Ye Feng, your chaotic body may be able to accommodate this zombie power. You can devour it." Give it a try, it may greatly improve your skills."

Ye Feng nodded slightly and said: "Fat monk, go look for the treasure in the palace first. Don't waste time. When the time comes, we will share it equally. I will devour this zombie core."

"good."

The fat monk immediately nodded and flew towards the magnificent underground palace underneath the large steel tomb not far away.

"boom!"

At this time, Ye Feng released the Devouring Domain on the ground. ??

A small dark vortex suddenly appeared in his palm, sucking the fist-sized zombie core on the ground into his hand, and then quickly absorbed the power of the zombie in the core.

Wow!

Almost at this moment, Ye Feng immediately felt the terrifying and boundless power of zombies, full of an ancient charm, which was absorbed by him in an instant, and then quickly integrated into his body.

Ye Feng immediately felt that his energy and blood were about to freeze. Obviously, the power of this zombie was extremely terrifying, being able to turn a living person into a zombie.

But at this time, Ye Feng used his own chaotic body power, and immediately a kind of chaotic holy power, full of powerful tolerance, integrated all these zombie powers into Ye Feng's own body, becoming Ye Feng own strength.

At this moment, Ye Feng's cultivation level immediately made a huge breakthrough.

boom!

Entering the fourth level of Taoism!

boom!

Entering the fifth heaven of Taoism!

Almost at this moment, Ye Feng's cultivation level immediately broke through two levels in a row!

Directly from the third level of the Dao Realm, he broke through to the fifth level of the Dao Realm.

I have to say, this is a huge improvement.

\u003c

br\u003e Because Ye Feng's current breakthrough is very difficult and requires a lot of energy.

But the corpse core dropped by this old zombie actually contained such huge power that it directly allowed Ye Feng's cultivation to break through to the fifth level of the Dao Realm.

It has to be said that although this old zombie's entire zombie body was reduced to fragments and had no blood energy to devour, the zombie core bred in his zombie body was something that Ye Feng was very satisfied with.

At this moment, Ye Feng's cultivation level once again made a breakthrough, and Ye Feng's combat power was once again improved.

At this time, the fat monk under the big steel tomb not far away suddenly started calling for help: "Ye Feng! Come and save me! In addition to the old zombie of the ancient prince, there is also a female zombie here!"

"What?"

When Ye Feng heard the fat monk's cry for help not far away, he immediately moved his eyes and flew over.

Uh-huh!

When Ye Feng arrived at the underground palace, he immediately saw the fat monk being quickly chased by a female zombie wearing ancient palace clothes.

This female zombie seems to be a little more powerful than the old zombie of the ancient prince just now. She also holds a vermilion scepter in her hand. Every time she activates a huge ruby inlaid on the scepter, a terrifying explosion will occur. The red laser exudes a strong aura of death from the underworld and can destroy everything instantly.

The golden Buddha seal suspended above the fat monk's head was shattered by the red laser released by the scepter.

At this moment, seeing Ye Feng rushing over from the ground, the fat monk immediately flew towards Ye Feng, his eyes were extremely anxious, and he said in a very embarrassed voice: "This female zombie is even more powerful than the old prince zombie just now. , it seems that this ancient prince, the old zombie, and the princess have also turned into a very terrifying zombie. I almost had my heart ripped out by her just now! Ye Feng, you must be careful about the scepter in her hand. It seems that the crimson laser erupted from the legendary treasure of the underworld, the Death Scepter, is the legendary death light, which eroded and shattered my golden Buddha seal!"

Chapter 2557 This is impossible

Boom!

Just as the fat monk was talking, the female zombie not far away picked up the death scepter in her hand and once again released a very terrifying red light.

This crimson light exudes a very strong aura of death, giving people the feeling that it is pulling all human life into the endless abyss of death, which is very terrifying.

It has to be said that this female zombie must have been an extremely powerful mage before she died.

Now after death, after the corpse has turned into a zombie, it can still cast the spells of the underworld. It can be said that people have to sigh, nature is really magical to the extreme, and it can give birth to such a weird existence.

"Boom!"

At this time, Ye Feng instantly burst out with the power of his Chaos Holy Body. He punched the red laser with a fist, and instantly shattered the red laser into pieces. .

But at this time, the skin of Ye Feng's fist was burned to the point where the bones were exposed, the flesh and blood were corroded, and even green smoke came out.

"Hiss!" .??.??

Ye Feng immediately took a breath of cold air and instantly used his blood energy to regenerate the flesh and blood of the damaged fist.

At this moment, the fat monk saw this scene and immediately couldn't help but said: "Ye Feng, you must be careful. The red light erupting from the death scepter in the hands of this female zombie is extremely powerful. Not only does it have The breath of death also has a terrifying burning power."

Ye Feng immediately nodded, looked at the imposing female zombie not far away, and couldn't help but said with some surprise: "I didn't expect that there is another extremely powerful zombie under this steel tomb, which is more powerful than the one just now. The ancient prince and the old zombie seem to be even more powerful."

The fat monk spoke out at this time: "Actually, the main reason is that this female zombie has a death scepter in her hand. This death scepter is a very terrifying magic weapon with an innate aura of death. You see the one on this scepter. A huge ruby? It is said to be a death gem from the underworld, although it is not as good as the nine master gems.

, but it can be regarded as a very powerful gem in the world. "

When Ye Feng heard what the fat monk said, he nodded solemnly, and then burst out with powerful momentum, rushing towards the female zombie not far away. Now he could only take the initiative to kill the female zombie. Killed.

Because Ye Feng knew very well that if it was a long-range attack, it would definitely not be able to fight against this female zombie.

Because the red laser released by this female zombie with the death scepter is so powerful that it is impossible to fight against it.

Even Ye Feng's current Chaos Body strength is unstoppable.

But if Ye Feng can get close to the female zombie and attack at close range, he still has a chance to kill the female zombie.

If the death scepter in this female zombie's hand could be taken away, then this female zombie would not be so powerful.

Ye Feng actually knew very well that the reason why this female zombie was so powerful was mainly because she held an extremely powerful magic weapon in her hand, the death scepter.

"Two outsiders dared to disturb our sleep and even killed the prince. Today I will kill you all completely. No! I can't just kill you in vain. I will refine you all." Make me a zombie puppet so that you can avenge the dead prince!"

At this moment, the female zombie actually spoke extremely hoarse words, and her tone was full of deep ferocity and cruelty.

Boom!

At this moment, the female zombie immediately activated the death scepter in her hand. The red gem on the top of the death scepter, the death gem, immediately burst out with a terrifying blood-red laser, which instantly struck Ye Feng.

At this time, it was obvious that the female zombie felt that Ye Feng was the greatest threat, so she wanted to kill Ye Feng first.

But at this time, Ye Feng suddenly burst out with a powerful momentum.

"Boom!"

Powerful chaotic energy surged out of Ye Feng's body, forming a chaotic barrier around him, which temporarily blocked the red laser emitted by the death scepter.

And at this time, Ye Feng was quickly approaching the female zombie.

boom!

At this moment, Ye Feng immediately released the space gem, and then cut away in the distance instantly.

"Space crack!"

Click!

Almost at this moment, Ye Feng stretched out his hand and released a space crack in the distance, which happened to appear next to the female zombie.

Poof! ??

The female zombie instantly noticed the terrifying spatial fluctuations, and subconsciously retreated towards the surroundings.

But she still reacted too late, and one of her arms was directly cut and shattered by Ye Feng's space crack.

The arm that Ye Feng cut off was exactly the arm of the female zombie holding the death scepter.

"Crack!"

At this moment, the female zombie's arm held the death scepter and fell directly to the ground.

"Damn it!"

Seeing this scene, the female zombie couldn't help but yelled angrily: "Storm of the underworld!"

Boom!

Almost at this moment, a terrifying storm that seemed to come from the underworld instantly broke out from the female zombie's body, forming a lingering tornado that swept towards Ye Feng instantly.

In the underground palace, there was a strong wind, as if it could blow away people's souls.

"Ice Ancestral Talisman!"

At this moment, Ye Feng instantly released the power of the Ice Ancestral Talisman.

r\u003e Hua La La!

Suddenly, an infinitely terrifying ice storm broke out from Ye Feng's body.

A terrifying and extremely cold ice air instantly froze all the underworld storms that were blowing over, freezing them in the void, forming a static ice and snow storm.

"What?"

When the female zombie saw this scene, she immediately yelled in disbelief and said, "What kind of talisman is this? It can actually freeze my underworld air? How can there be such a high-level talisman power in this world?"

Ye Feng sneered at this time: "The power of the ancestral talisman is not something that a small zombie like you can understand!"

Swish!

Ye Feng didn't have any nonsense at this moment. He instantly released the power of the space gem, allowing himself to pass through a large area of space and come to the place where the death scepter fell just now.

Swish!

Ye Feng instantly stretched out his hand and directly grasped the death scepter.

The fat monk not far away saw this scene and was very happy.

But at this time, the female zombie laughed coldly and said: "You, a human, can't control the death scepter. Even if you get the death scepter, it's useless.

Boom!

But in the next moment, Ye Feng held the death scepter in his hand and suddenly released a large area of red death light, which instantly enveloped the female zombie and was rapidly disintegrating the entire body of the female zombie.

"Impossible!"

The female zombie saw this scene, and her sneer on her face immediately became extremely angry and couldn't help but say: "What? How is this possible? This death scepter can only be used by us zombies! How can you, a human, exert the power of the death scepter? This death energy conflicts with the pure yang energy of you living beings. How can you use the death light of the death scepter? This is impossible! I don't believe it!"

Chapter 2559 List of Wandering Warriors

At this time, the two of them were lying in the dark jungle, watching the battle in the distance, with a hint of shock in their eyes.

The fat monk couldn't help but said: "That white-skeleton giant, if I guessed correctly, should be the owner of this land of thousands of graves. He is very powerful and terrifying. I didn't expect that he never died and actually revived."

At this time, Ye Feng looked at the huge skeleton giant in the distance and said aloud: "I can sense the aura of this white-bone skeleton giant, which makes me feel a terrible sense of depression, like the shadow of death. Just like me, this skeleton giant's strength is definitely far beyond my current level, and he may be able to kill me in an instant."

The fat monk nodded and said aloud: "Fortunately, the mysterious woman not far away fought with the skeleton giant in the depths in advance. Otherwise, if we attracted the attention of the skeleton giant, we might not be able to escape."

Ye Feng nodded at this time, and then continued to observe the battle not far away. He saw the beautiful woman with purple light blooming all over her body. Her face looked a little blurry, shrouded by the light, so she couldn't see the real thing clearly. Face, but can be seen very beautiful.

But at this time, Ye Feng could feel an inexplicable sense of familiarity from the aura of this powerful and beautiful woman. It could even be called a sense of intimacy. This kind of intimacy, It's as if it comes from the depths of the blood.

This inexplicable feeling suddenly caused Ye Feng to have a deep doubt in his heart.

Who is this stunningly beautiful woman?

Ye Feng is very strange, because there should be no one else in the world who can have such a strong blood affinity with him except his father and mother.

However, he did not know this beautiful woman with purple light all over her body, but she did have a sense of familiarity and intimacy deep in her blood, which really made Ye Feng feel very strange.

but

At this time, Ye Feng did not directly reveal his aura, because it was still unclear whether this beautiful woman was a friend or foe.

Beings that can fight the skeleton giant must be very powerful, and Ye Feng cannot take the risk to ask.

Boom!

And suddenly at this moment, there was an earth-shattering roar not far away. The beautiful woman with purple light all over her body actually shattered the tall white-bone skeleton giant in an instant.

At this time, the white-bone skeleton giant suddenly turned into countless bone fragments, which fell to the earth from high in the sky.

Then this beautiful woman took the giant core contained in the skeleton giant, which exuded bright light, directly into her storage ring, then jumped and disappeared in the space not far away in an instant. middle.

The depths of the entire Land of Ten Thousand Tombs once again returned to calm.

This mysterious and beautiful woman with purple light all over her body came here just to hunt this white-bone skeleton giant.

Next, Ye Feng and Fat Monk did not come forward rashly, but lay quietly in the dark jungle and continued to lurk.

After a full hour passed and they were sure that there was no danger, they walked out of the dark jungle and walked to the battle area not far away where the white skeleton giant had been killed and his bones were scattered on the ground.

This battle area has been shattered at this moment, and the earth has become a ruin. This shows how tragic and terrifying the battle just now was.

Although this extremely powerful white skeleton giant is the master of the Land of Ten Thousand Tombs, he has no power to resist at all.

The mysterious and beautiful woman with the lustrous light was instantly killed.

At this time, the fat monk couldn't help but said: "The woman with the purple light all over her body is really too powerful. I'm afraid her strength far exceeds ours. I don't know how many realms she has surpassed."

Ye Feng immediately nodded and said: "Yes, I also felt a very terrifying feeling."

The fat monk said aloud at this time: "The woman with purple light all over her body came to this underground mausoleum alone, hunting this kind of white-bone skeleton giant, and grabbing the giant core in the body of this kind of white-bone skeleton giant. Look, He should not be a big figure in a big force, but a wandering warrior." .??.

"Wandering warrior?"

When Ye Feng heard what the fat monk said, he couldn't help but said: "Is there such a powerful being among the wandering warriors?"

The fat monk immediately looked at Ye Feng and said with a smile: "There are many wandering warriors in the center of our God Realm. Each of them is extremely powerful alone. Some wandering warriors can even rely on themselves." Human power can threaten an entire powerful force, so there is a list of wandering warriors in the center of the God Realm. It is said that the Empress of Purple Light, who is ranked first on the wandering warriors list, is a legendary woman with an extremely mysterious origin. No one knows where she comes from. place, but her strength and cultivation, including her inheritance, are earth-shattering. Many super figures in the God Realm dare not provoke the Purple Light Empress."

When Ye Feng heard this, he couldn't help being a little surprised.

Because in Ye Feng's long-held understanding, wandering warriors simply cannot compare to the super powerful among the big forces.

Whether it is his own inheritance or cultivation base, he is much weaker than the super strong people carefully cultivated by major forces.

At this time, the fat monk continued: "It is rumored that

The Purple Light Empress who ranks first on the Wandering Warrior List is said to be not a local cultivator of our God Realm, but a higher level world from outside the territory, the Origin World. Of course, the Origin World is just a legend, and we don't know the truth. Whether such a large and advanced world exists is still too far away for us to speculate. "

Ye Feng heard what the fat monk said at this time, and his heart was filled with shock.

I didn't expect that the wandering warriors in the center of the God Realm could become so powerful.

This broke Ye Feng's past habit of thinking that he had to join a super power to become stronger.

At this moment, the fat monk seemed to have seen Ye Feng's inner thoughts, and said with a smile: "Ye Feng, when you were practicing in other places, did you habitually join some super powerful forces? Only by gaining a strong inheritance can you gain powerful power and make rapid breakthroughs? In fact, this is also correct, because in the four domains where you come from, there are not many resources on the entire earth, and they are basically concentrated in the major areas. Among the overlord forces, you must join those overlord forces to get rich cultivation resources."

"But the land at the center of the God Realm is different. The land at the center of the God Realm has been glorious for countless years, and countless powerful forces and cultivation civilizations have been born. Although many resources are also controlled by various powerful forces, the ancient land at the center of the God Realm And in the endless vast land, there are also buried many resources and inheritance left by ancient civilizations. For example, the place where we are robbing the tomb now also contains a lot of cultivation resources. We can practice here, plunder treasures, strengthen and improve ourselves, It is not much worse than that of some big forces. Therefore, in the central land of our God Realm, even if wandering warriors do not join the super power, they can continue to improve their cultivation by practicing in one place, and eventually become better than the super power. The big names in the movie are even more powerful, and one person can threaten a super powerful force!"

Chapter 2560 Devouring the Yin Stone Mine

After the fat monk finished speaking, Ye Feng took a slight breath, nodded, and said, "We can deal with the zombie king now."

The fat monk smiled slightly and said: "Don't worry, although the Lord of Ten Thousand Tombs is dead, we can look for his lair. Maybe there will be a great opportunity."

At this time, the fat monk said that he had collected all the broken bones scattered on the ground by the white-skeleton giant Lord of Ten Thousand Tombs. He didn't know what their use was.

At this moment, Ye Feng nodded slightly and said, "Then let's continue searching."

At this time, the fat monk took out his treasure hunting compass and began to explore the surroundings.

Soon the two found a rather secret place.

This is the deepest area of the Land of Ten Thousand Tombs.

There is a continuous black mountain.

In this stretch of black mountains, the entire interior of the mountain was empty and hollowed out.

A huge palace building in the mountain appeared in their sight.

At this moment, the fat monk couldn't help but said happily: "This should be the place where the Lord of Ten Thousand Tombs sleeps."

Uh-huh!

Uh-huh!

At this moment, both Ye Feng and the fat monk showed deep excitement in their eyes, and they immediately flew towards the palace not far away that was hidden in the mountain.

It has to be said that the entire interior of this continuous black mountain has been hollowed out.

Therefore, the space of the entire palace is extremely huge, and the buildings are also very majestic. It feels like the buildings of ancient gods, very vast and majestic.

When Ye Feng and the fat monk arrived at the palace inside the mountain, they immediately saw the gleaming stones growing throughout the building.

The fat monk couldn't help but say aloud

Said: "This seems to be a kind of Yinshi mineral vein. It should be something that the Lord of Ten Thousand Tombs has been sleeping for so many years. It has actually formed a mineral vein. It is really amazing."

At this time, both Fat Monk and Ye Feng understood that the most powerful person in this underground tomb was probably not the zombie king who owned the tomb, but the Lord of Ten Thousand Tombs who lived and slept in the deepest part.

However, Ye Feng and Fat Monk were lucky and did not directly encounter the Lord of Ten Thousand Tombs. The Lord of Ten Thousand Tombs was directly killed by a mysterious wandering warrior.

At this moment, Ye Feng sensed that the aura emitted by the Yinshi veins in the entire mountain was extremely huge.

"I want to swallow this entire Yinshi vein."

Ye Feng suddenly spoke out at this time.

"What?"

The fat monk standing beside him immediately couldn't help but said: "This entire mine contains terrifying underworld energy. If you swallow it all, are you sure nothing will go wrong? You know, these are all mineral veins nurtured by the Lord of Ten Thousand Tombs."

Ye Feng smiled slightly at this time and said: "There should be no problem, let me give it a try."

At this moment, after Ye Feng finished speaking, there was a roar, and a terrifying devouring domain suddenly erupted from his body, and in an instant it enveloped the entire mineral vein inside the mountain in front of him.

Boom!

Almost at this moment, Ye Feng immediately felt a huge stream of Yin Qi, which was directly absorbed by him from the mineral veins, and then injected into his body.

At this moment, Ye Feng could feel that the blood in his entire body was about to freeze.

And the whole person seems to be starting from a living

The living creature suddenly turned into a very cold zombie.

"boom!"

At this moment, Ye Feng immediately burst out the chaotic energy in his body.

Boom!

Almost at this moment, a huge burst of chaotic energy dispelled all the underworld energy, making Ye Feng feel alive and regain his vitality.

At this time, all the underworld energy swallowed up by the Devouring Domain was transformed into Ye Feng's skill at this moment, and injected into Ye Feng's Dantian, so that Ye Feng's cultivation skill suddenly received a huge boost. promote.

You know, this is the energy contained in an entire mountain's mineral veins. It is so huge that Ye Feng is as if he has absorbed the skills of dozens of super powerful people at once. His cultivation aura suddenly That's when the big breakthroughs started to happen.

boom!

Entering the seventh heaven of Taoism!

boom!

Entering the eighth level of Taoism!

boom!

Entering the ninth level of Taoism!

At this moment, Ye Feng's cultivation suddenly broke through to the ninth level of the Taoist realm, and finally stopped.

At this moment, the fat monk sensed the change in Ye Feng's cultivation, and his eyes widened immediately, as if in disbelief. He couldn't help but said: "Ye Feng, you really got a huge benefit this time." By chance, he swallowed up the entire mineral vein. Not only did he not turn into a zombie, but he also broke through his current cultivation level and directly broke through the third heaven. It is really amazing. "

Even though the fat monk was very mysterious, he couldn't help but be a little amazed when he saw Ye Feng's terrifying ability.

At this time, Ye Feng himself was extremely happy and couldn't help but said: "I didn't expect the energy contained in this mine.

The amount was so large that it suddenly allowed me to break through the third heaven, directly from the sixth heaven of the Dao Realm to the ninth heaven of the Dao Realm. Even I felt a little incredible. "

At this time, Ye Feng never expected that in this short period of time when he came to this underground mausoleum, he would have made such a huge breakthrough in his cultivation.

Ye Feng was very glad that he entered this underground tomb at this time. Otherwise, he would not have been able to break through so quickly. He might not be able to find where Tiandao Sect is even if he went to Tiandao Sect.

At this time, Ye Feng looked at the fat monk beside him and said, "Let's continue to look for the wealth of the Lord of Ten Thousand Tombs contained in this underground palace."

At this time, after Ye Feng finished speaking, the fat monk immediately nodded and followed Ye Feng into the deepest part of the palace.

It has to be said that the palace built in this mountain is very huge, almost occupying the entire continuous mountain range.

At this moment, Ye Feng immediately exuded his powerful soul power and spread towards the surroundings.

He immediately sensed some very powerful spiritual energy fluctuations.

The fat monk's eyes also lit up at this time, because he saw a huge room somewhere in the deepest part of the palace.

Everything in this room is filled with glittering treasures, many of which are weapons and armors, and some unknown treasures. All of them emit strong energy fluctuations, and they are obviously powerful magic weapons.

Moreover, it is an ancient magic weapon that has disappeared in ancient history. It seems that it has never been seen before. It is obviously cast by a long-lost craft.

At this moment, Fat Monk and Ye Feng immediately ran to the door of the room containing the treasure.

Then their eyes were extremely bright, and they almost said in unison: "This time I really made a fortune."
