Chapter 2711 Great Light Technique

Buzz!

At this moment, as Ye Feng wore the God Clan gloves and touched the surface of the ruins of the Light God's Court, Ye Feng suddenly felt a very ancient attribute power, which was being quickly absorbed by the God Clan gloves, and then injected into it. Integrated into his own body.

Ye Feng could feel that the power of this attribute was very huge, just like the advanced attributes left over from the ancient era of gods.

"Extraction of light attributes."

"Sturdiness attribute extraction."

"Extraction of the divine power attributes of the God of Light."

"Extraction of the power attributes of the ancient divine court."

"..."

At this moment, a very large and special attribute power is being rapidly extracted and absorbed by Ye Feng.

Ye Feng could feel at this moment that the strength of his entire body was growing rapidly.

You must know that materials that can enhance Ye Feng's body and strength are very rare, so Ye Feng has rarely had the opportunity to use the God Clan gloves because there are no special materials worth absorbing.

But this time, Ye Feng used the God Clan gloves to extract materials from the surface of the ruins of the ancient divine court. It can be said that he gained a huge opportunity.

Buzz!

At this moment, Ye Feng's whole body immediately emitted a faint white light, looking very sacred, as if he was about to ascend on the spot.

Standing next to Ye Feng, Green Dragon saw this scene, and his eyes suddenly showed a trace of surprise. He couldn't help but said: "Ye Feng, what's wrong with you? Why did your whole body suddenly start to glow?" ? And the power of this light feels like the original power of the ancient Light Temple. Are you a descendant of this Light Temple? "

However, Ye Feng did not answer the green dragon at this time, but continued to concentrate on using the magic weapon.

Clan gloves to extract the special attribute power from the special materials on the surface of the ruins of the Court of Light.

Ye Feng immediately felt that his cultivation level was constantly improving.

boom!

Suddenly at a certain moment, Ye Feng's cultivation level suddenly broke through, and an extremely powerful cultivation momentum burst out from his body.

At this moment, Ye Feng's cultivation level suddenly broke through the first level, directly from the ninth level of the Taoist Realm to the tenth level of the Taoist Realm, the Great Perfection.

At this time, the Green Dragon sensed the powerful aura of Ye Feng's breakthrough, and immediately showed a surprised expression on his face. He couldn't help but said: "What's going on with you kid? Why did your whole body suddenly start to glow, and your cultivation level also broke through?" Okay, what's the purpose of wearing these gloves on your hands?"

The Green Dragon is not stupid. At this moment, he naturally noticed that the gloves Ye Feng was wearing were very special and seemed to be able to absorb the power in the ancient temple.

At this time, Ye Feng looked at the green dragon beside him and said loudly: "Don't worry, it will be fine soon."

Half an hour later, Ye Feng's body strength had improved a lot, and his cultivation had also achieved a breakthrough.

At this time, Ye Feng withdrew the God Clan gloves, and then lightly slapped him.

Boom!

Almost at this moment, what surprised the green dragon was that the surface of Mingshenting in front of them was instantly shattered by Ye Feng's light slap.

The green dragon couldn't help but widen his eyes, and then said aloud: "How come the materials on the surface of the Light Divine Court have become so fragile?"

Ye Feng smiled slightly at this time and said aloud: "Because I used my gloves just now to extract all the attributes in this material."

At this moment, Ye Feng stretched out his hand, and a white light suddenly lit up in his palm. This white light was the original power of the Light Divine Court.

After Ye Feng absorbed the surface materials of the Divine Court of Light, he was able to master the original power of the Divine Court of Light in an instant.

At this time, the green dragon stared at the white divine light in Ye Feng's palm, and couldn't help but said: "Ye Feng, you can understand the origin of this ball of light in the Holy Court of Light, and maybe you can understand the most important thing in the Holy Court of Light from it. The core inheritance, the Great Light Technique that disappeared in history, is the seventeenth Great Light Technique among the Three Thousand Avenues of Heaven, and it is very powerful. "

When Ye Feng heard what Green Dragon said at this moment, he couldn't help but said: "Actually, I have practiced many great arts among the three thousand avenues, such as the ninth-ranked Great Death Technique and the tenth-ranked Great Death Technique. Eight's Great Darkness Technique, Nineteenth's Great Sealing Technique, Four Hundred and Fifty-fifth's Great Blood Qi Technique, and Two Thousand Three Hundred and Forty-Two's Great Blood Spell, and Two Thousand I have

successfully mastered the six hundred and twenty-eight Great Cutting Techniques and these Dao techniques during my practice.”

At this moment, Ye Feng did not say that he had learned from Leng Qingxue the initial version of the Great Destiny Technique that ranked first in the Three Thousand Avenues.

After all, the Great Destiny Technique involves too much, and Ye Feng doesn't want to tell him even the Green Dragon he just met.

At this time, hearing what Ye Feng said, Green Dragon suddenly showed a smile in his eyes and said loudly: "You have just practiced several great arts, but only a little bit. Only three thousand great avenues can be mastered." All the techniques have been successfully cultivated. Only by gathering three thousand Dao techniques and integrating them into one can the great master of immortality be achieved. "u003c

br\u003e

When Ye Feng heard what Green Dragon said, he immediately felt a sense of vastness, because Ye Feng had been practicing for so long and had gathered several great techniques.

Unexpectedly, all three thousand great arts must be collected to become the supreme master.

How far away is that?

The Green Dragon didn't say anything more at this time, but looked at the surface of the ruins of the Holy Court of Light that were shattered by Ye Feng, and then said loudly: "Let's not waste time, let's go directly into it, I can't help but want to loot it." All kinds of ancient treasures.”

Ye Feng also came to his senses at this time, nodded and said, "Okay."

Uh-huh! Uh-huh!

At this time, while looking at the map in his hand, Green Dragon led Ye Feng into the space under the ruins of the Court of Light.

When they arrived at the ruins of the Divine Court of Light, they immediately felt a sense of spiritual clarity.

Because under the ruins of the entire Light Divine Court, there is no darkness at all, but every wall is inlaid with stones emitting white light.

The green dragon immediately beamed with joy and said: "I have just entered the ruins of the Holy Court of Light, and I encountered this long wall, all of which are inlaid with bright stones. These bright stones are full of hidden treasures. With the power of light in the Divine Court of Light, Ye Feng, let's divide these stones equally. The power in these stones can be absorbed to strengthen one's own power, and can also temper one's body, and for Ye Feng, you understand the great power of the Divine Court of Light. Light magic has a great effect."

When Ye Feng heard what Green Dragon said, his eyes suddenly showed a hint of joy. He nodded quickly and began to collect the bright stones inlaid on this wall with Green Dragon.

Chapter 2712 Castle of Light

The densely packed stones exuded a holy light, all of which were taken down from the surrounding walls by Ye Feng and Green Dragon.

After the green dragon took these bright stones, he swallowed them directly, and then burped. It seemed that the energy in the bright stones could make the green dragon full.

After Ye Feng took these bright stones, he directly activated his Devouring Domain and absorbed the light power in the bright stones.

When Ye Feng used the God Clan gloves to extract the surface materials of the ruins of the Holy Court of Light, he had already obtained a ball of the original light power of the Great Light Technique.

Therefore, with the help of the power of light in these bright stones, Ye Feng can continue to quickly comprehend the Great Light Technique to the extent that he can exert its power.

When Ye Feng can specifically use the Great Light Technique, it means that Ye Feng has completely mastered the Great Light Technique.

But it's still far behind now.

Because the Great Light Technique is the seventeenth most powerful Taoist art among the three thousand avenues in the universe, it is not that easy to comprehend.

Even if Ye Feng has a very demonic understanding ability, it still takes a long time to understand the mystery.

But Ye Feng has been working hard to understand the Great Light Technique and strive to use it as soon as possible. ??

Because Ye Feng knows very well that only by gathering the three thousand great arts can he achieve the state of supreme domination.

Ye Feng and Green Dragon were collecting the bright stones while walking towards the deepest part of the ruins of the Holy Court of Light.

The hard work paid off. At this time, Ye Feng had already begun to be able to display the secret of the Great Light Technique.

When they arrived at the bottom of the ruins of the Divine Court of Light, they immediately saw a very magnificent scene.

I saw a huge underground building at the bottom of the entire ruins of the Holy Court of Light.

This underground building is an extremely huge castle, standing tens of thousands of feet underground and looking very majestic and huge.

"This is the Castle of Light! It was the core of the Holy Court of Light back then! All the treasures must be hidden in this Castle of Light!"

At this moment, Green Dragon couldn't help but speak out, his tone full of excitement.

Uh-huh!

He and Ye Feng immediately flew towards the light castle.

When the two of them arrived inside the Castle of Light, they immediately saw ancient statues in the castle.

Each of these statues has wings. They look very sacred, but they give people a very weird feeling.

At this moment, Green Dragon looked at these sculptures and couldn't help but said: "This is the most powerful warrior of the Light Divine Court in the past. It is a very special creature called an 'angel'. Every angel is growing. With white wings, their combat power is extremely powerful. It is said that the more wings an angel has, the more powerful it is. It is said that special creatures like angels are warriors condensed from the light power of the God of Light. They are the most loyal followers of the God of Light. Believers are not flesh and blood, but pure energy warriors."

When Ye Feng heard Green Dragon say this, he immediately nodded in surprise.

He looked at those angel sculptures and felt a very surging power of light in these angel sculptures.

At this moment, Ye Feng couldn't help but walked up to the sculpture of an archangel.

This is an angel with six wings, a seraph.

Buzz!

At this moment, Ye Feng stretched out his hand and touched the angel sculpture.

"Crack, click, click..."

But suddenly at this moment, cracks suddenly appeared in the entire sculpture, and then exploded instantly with a "bang"

.

Uh-huh!

I saw an angel with white light all over his body and six wings on his back. He rushed out of the sculpture in an instant. He was holding a scepter made entirely of energy in his hand and blasted away at Ye Feng in an instant. .

Boom!

Ye Feng didn't even react at this moment, he was directly blasted away by this angel, and couldn't help but fall down.

However, Ye Feng was not injured. After all, Ye Feng's body was extremely strong.

But Ye Feng's eyes looked a little shocked at this moment.

Because Ye Feng's current strength is extremely powerful.

But this angel can blow him away with a casual attack, which can be said to be very powerful.

At this moment, the sudden movement also attracted the attention of the green dragon not far away.

The green dragon immediately looked over and couldn't help but exclaimed: "What? An angel actually revived after so many years? Ye Feng, what did you do?"

Ye Feng was a little speechless at this moment and said: "I didn't do anything. I just touched these angel sculptures. Unexpectedly, an angel was reborn from inside these sculptures."

boom!

But while Ye Feng was talking to the green dragon, the archangel with six wings continued to hold the scepter and killed directly towards Ye Feng.

The strength of this angel must be said to be very powerful. Although it is only an energy body, it is an immortal existence.

At this moment, Ye Feng immediately burst out with extremely powerful power, and instantly performed the Six Paths of Reincarnation Fist.

Boom! !

At this moment, Ye Feng's fist suddenly burst into light and collided with the scepter in the angel's hand.

Suddenly, earth-shaking roars were heard throughout the entire underground building.

All the land under the entire ground is about to crack, and it seems to be completely collapsed.

At this moment, the green dragon not far away couldn't help but yelled: "Ye Feng, don't be impulsive. If you and this angel fight each other, the energy fluctuations generated will collapse the entire earth. , when the time comes, let alone treasure hunting, we will all be buried alive here!"

Ye Feng couldn't help but say at this time: "But this angel insists on chasing me, what can I do? Don't you resist?"

The green dragon seemed to have thought of something at this time, and immediately said: "This angel is made up of a complete energy body. Ye Feng, didn't you understand the secret of the Great Light Technique before? Hurry up and cast the Great Light Technique. The profound meaning may have special effects."

When Ye Feng heard what Green Dragon said, his eyes immediately moved, and then he immediately nodded and said, "Okay, then I'll give it a try."

Buzz!

Almost at this moment, Ye Feng directly released the secret of the Great Light Technique that he had understood before.

Buzz!

Almost at this moment, Ye Feng's body suddenly lit up with a holy white light, making Ye Feng look like a god of light had descended.

Because what Ye Feng is now displaying is the purest secret of the Great Light Technique, the power released is naturally the purest power of light.

At this moment, after Ye Feng's whole body radiated the light of the Great Light Technique, the Seraphim who was desperately trying to chase Ye Feng suddenly stopped, with a trace of doubt in his eyes. Color, staring at Ye Feng who was glowing with white light.

This angel didn't seem to understand why an alien human race suddenly had the noble aura of the God of Light that their angels needed to believe in.

Chapter 2713 Three Treasures

Buzz!

At this moment, the sacred aura of the Great Light Technique emanating from Ye Feng made the angel immediately reveal a look of deep doubt in his eyes. He seemed to have never imagined that a seemingly ordinary human boy would actually have something like this. It exuded the supreme noble aura of the God of Light.

"It's now!"

And at this moment, the green dragon suddenly flew over from not far away, and then the dragon's claws in his hand held a dark mud altar, and suddenly the angel who was thinking and dazed was put into this In the mud altar.

"boom....."

Instantly, the angry roar of the angel came out from the mud altar, trying to break free from the shackles of the mud altar.

But although the clay altar in the green dragon's hand was shaking violently at this moment, the angel's roar slowly disappeared.

Obviously, the angel was completely trapped and could not escape.

Uh-huh!

At this moment, Ye Feng flew in front of the green dragon, looked at the clay altar in his hand, and couldn't help but asked with some interest: "What kind of treasure is this? It's so powerful, and it can kill such a powerful angel in an instant. Even if it is installed in it, even with the power of the powerful angel, it cannot break the constraints of this clay altar. It seems to be made of a very solid and powerful material. "

At this moment, the green dragon took back the clay altar in his hand into his storage space, and then said loudly: "You kid, don't even think about trying to take advantage of my treasure. This clay altar is my most precious treasure. The treasure of a magnificent empress back then was called the Heaven-Swallowing Demon Altar."

Hearing what the green dragon said, Ye Feng couldn't help but smile, shook his head, and said loudly: "Don't always think of me as greedy, I won't just take your treasure away casually. "

And just when one person and one dragon were talking.

At this time, the green dragon looked towards the middle of the Guangming Castle not far away, and came out

He said loudly: "I'm afraid those angel sculptures contain extremely powerful real angels. After Ye Feng touched those sculptures just now, it must be the original light power of the Great Light Technique in your body that was activated." The sleeping angels in these sculptures, please don't touch these sculptures anymore, let's hurry up and find the treasures."

Ye Feng nodded immediately and followed the green dragon towards the deepest part of the Castle of Light.

When they arrived at the deepest part of the Castle of Light, they immediately saw a huge steel cross inserted into the ground.

And behind this steel cross, there is a huge white light group.

In this white light group, there are actually three treasures that exude terrifying power fluctuations.

They are respectively a set of silver armor that emits white light.

A steel sword made of pure silver.

There is also a white gem that shines brightly.

At this time, the Green Dragon immediately couldn't help but look deeply excited in his eyes, and said loudly: "That set of silver armor is definitely the powerful and precious set of armor of the Light Knight from the Court of Light back then. It has unique characteristics. It is extremely powerful. Once you wear it, you can gain the blessing of the power of the ancient God of Light. And that long sword should be the Sword of Light. It is the artifact used by the Court of Light to kill the demons of the abyss. That white gem emitting light should be the core of the most advanced twelve-winged archangel."

At this moment, Green Dragon immediately looked at Ye Feng in front of him and said, "What do you want?"

At this moment, Ye Feng directly stared at the twelve-winged sky with the largest energy fluctuation.

The core of the angel, and then said aloud: "I urgently need to improve my cultivation, so I really need the core of this twelve-winged archangel."

The green dragon nodded, then stepped forward in an instant and threw the core of the twelve-winged archangel directly to Ye Feng.

Then the Green Dragon threw the Bright Knight suit to Ye Feng.

Ye Feng's eyes were a little surprised, as if he didn't expect the green dragon to be so generous and directly gave him two treasures.

At this time, the green dragon directly grasped the last treasure, which was the silver sword of light.

boom!

The green dragon slashed forward in an instant, and the silver sword of light suddenly burst out into a bright and boundless white light. In an instant, it slashed the entire land not far away with a beam of several feet. Thousands of miles of cracks.

"Such an exaggerated power?!"

Ye Feng looked a little stupid at this time.

No wonder the Green Dragon gave himself the Bright Knight suit.

It seems that this sword of light is very powerful, and its value is comparable to the other two treasures combined.

However, Ye Feng does not need any powerful soldiers for the time being.

Because what Ye Feng relies on most now is his own strong body and the various inherited Taoist techniques he has learned.

Weapons are no longer so important to Ye Feng now.

Moreover, Ye Feng also got a set of Light Knight suit from the Court of Light at this moment. If he refines it and puts it on, he should be able to get the blessing of the power of the God of Light, and it will be very powerful.

At this time, Ye Feng immediately swallowed the core of the twelve-winged archangel, and then instantly refined the abundant power of light in it.

This is a very pure and huge force

quantity.

At this moment, after Ye Feng swallowed it, he immediately felt that his whole body was filled with countless majestic power.

Buzz...

Ye Feng could immediately feel that his power was growing rapidly, as if his whole body was being poured into the vast ocean, and his whole body was about to burst.

Suddenly at this moment, Ye Feng's cultivation aura immediately began to undergo the most essential transformation.

Ye Feng's cultivation level instantly broke through from the tenth level of the Taoist Realm to the half-step Heavenly Meridian Realm!

You know, Ye Feng's current cultivation level is very high, and the energy required for each breakthrough is extremely terrifying.

What's more, now that Ye Feng has entered the final level of the tenth level of the Dao Realm, the energy required to break through is even more terrifying.

But after Ye Feng swallowed the core of this twelve-winged archangel, he immediately broke through to the half-step heavenly vein realm.

And it goes far beyond that.

Buzz!

The cultivation aura on Ye Feng's body is still growing rapidly.

Suddenly at some point.

"boom!!"

Ye Feng once again burst out with a huge aura of cultivation.

His cultivation has completely transformed.

Directly breaking through to the first level of Tianmai Realm!

At this moment, Ye Feng clenched his fists and felt that every inch of his flesh and blood was emitting white light.

This made Ye Feng's eyes extremely happy.

Because this time not only did he completely break through to the first level of the Heavenly Meridian Realm, but the core of the twelve-winged archangel that Ye Feng swallowed also contained the very original attribute of the power of light, which made Ye Feng more aware of the great power of light. The level of understanding of the Light Technique has once again improved a lot.

Chapter 2714 The Ancient Thunder Clan

After Ye Feng broke through the cultivation level at this moment, he also improved the secret of the Great Light Technique, which made Ye Feng very happy in his heart.

This time I came to the ruins of the Holy Court of Light, and it can be said that I gained a huge harvest.

Especially Ye Feng's cultivation level has broken through to the first level of Tianmai Realm.

This gave Ye Feng greater confidence.

Even after returning to the Holy Land of Heaven, Ye Feng no longer needs to be so afraid of some powerful outer sect elders among the outer sects.

Because the cultivation level of the outer sect elders of the Heavenly Dao Holy Land is only at the Heavenly Vein Realm level.

At this moment, the green dragon was also refining the sword of light not far away.

He was also extremely happy. He immediately came to Ye Feng and couldn't help but said: "Your inheritance is really powerful. You can actually swallow all kinds of power to improve your cultivation strength. I really I'm afraid you'll swallow me up one day." ??.

When Ye Feng heard what Green Dragon said, he immediately smiled and shook his head and said, "I never have any evil intentions towards my friends."

friend?

Hearing the word Ye Feng called him, Green Dragon couldn't help but be stunned for a moment. It seemed that he hadn't heard anyone call him a friend for a long time.

At this time, the green dragon looked at the Bright Knight suit armor next to Ye Feng and said loudly: "Ye Feng, please refine this Bright Knight suit armor quickly. As long as you can refine this Bright Knight suit armor, , this set of armor can be hidden in your body, and as long as you think about it, it can instantly cover your body and equip yourself. "

Ye Feng immediately nodded, then stretched out his hand and placed it on the Bright Knight suit, and immediately began to refine the entire set of armor.

When Ye Feng finished refining it, as expected, the set of silver armor began to shrink, and then shrunk into a light spot, entering Ye Feng's body.

At this moment, Ye Feng thought, and suddenly "click, click, click", all the silver armors were automatically equipped on the surface of Ye Feng's body.

Then Ye Feng's whole person seemed to have turned into a bright knight from the ancient Light God's Court, looking full of cold iron-blooded killing aura.

This armor suit of the Bright Knight seems to be made of a very precious mithril. The cold metallic luster emitted from it is very intimidating and gives people a very majestic and oppressive feeling. feel.

At this time, Ye Feng looked at the green dragon beside him and said loudly: "This time we have a very happy cooperation. Shall we continue to look for other treasures?"

The Green Dragon immediately nodded, covered his mouth with a smile, and said loudly: "With this cooperation, I believe you are sincere in searching for treasures with me. Let's continue to search for the next area of ancient ruins."

At this moment, the green dragon once again spit out an ancient map from its mouth.

Green Dragon said aloud: "This is the last ancient map in my hand. This map records the existence of a place called the ancient Thunder Clan. It is now sealed in a ruins. It is said that the king of the ancient Thunder Clan, the inheritance of the God of Thunder, and the few powerful ancient warriors left behind are all buried in the ruins of the ancient Thunder clan. Most people don't know about this ancient ruins at all. Only I have obtained the ancient ruins.

The final map of the Thunder Clan. "

When Ye Feng heard the Green Dragon say this, his eyes suddenly showed a trace of surprise, and he couldn't help but said: "The ancient Thunder clan? Is it also dead?"

Ye Feng once learned from Gu Long's classics that the ancient Thunder clan was a very powerful ancient race and very terrifying. Unexpectedly, it eventually became a lost civilization, and everything was buried in ruins.

At this time, Green Dragon looked at the map in his hand, identified a certain direction, and immediately said aloud: "I have found the final area of the ancient Thunder Clan, let's go there directly now."

Ye Feng immediately nodded, and then he and Green Dragon left the ancient ruins area of the Light Divine Court directly.

But just when they left the ancient ruins area of the Court of Light and came to the ground.

Boom boom boom...

Suddenly, a huge formation suddenly appeared all around, and then Ye Feng and Green Dragon were all enveloped in the formation.

This formation exudes a very strong demonic energy, and is obviously the formation of a very powerful demon clan.

The green dragon's eyes suddenly showed a trace of surprise, and he couldn't help but said: "Ye Feng, are we being besieged by the demons in this endless wilderness?"

At this time, Ye Feng shook his head and said loudly: "This is not a formation that the demons can arrange. This formation is very exquisite. Even I think this formation is very complicated and annoying." , It is definitely not something that the demons can arrange, it should be someone from the demonic path."

"A man in the devil's path?"

The green dragon's eyes suddenly revealed a look of surprise, and he said aloud: "What demonic forces are around the endless wilderness?"

Ye Feng said aloud: "Surrounding the endless wilderness, one side is the Holy Land of Heaven where I come from, and the other side should be the headquarters of the Everlasting Hatred Demon Sect, the Eternal Demon Sect."

Ye Feng looked at the top of the formation at this time, and sure enough he saw several people from the demonic path wearing the costumes of Eternal Demon Cult disciples, floating in the sky at the top of the formation, with sneers on their faces, staring at Ye Feng and Green Dragon at the bottom.

"I didn't expect to meet a disciple from the Holy Land of Heaven here."

At this time, several members of the Eternal Demon Sect suspended in the sky above the formation stared at Ye Feng below, and immediately sneered and said: "Look at the clothes you are wearing, they are just ordinary outer doors. Disciple, you are really weak. What did you and the pet beside you get in this ancient ruins? Hand them all over now. I can spare your life. Otherwise, don't blame me for killing you. Although we The Eternal Demon Cult has an agreement with you, the Holy Land of Heaven, not to kill each other, but in this wilderness, in this endless wilderness, no one can control anyone, and fists are the king."

"Who are you calling a pet?"

Suddenly at this time, the green dragon couldn't help roaring angrily, and immediately said: "I am not this boy's pet, I am a noble jade dragon clan."

Hearing what the Green Dragon said, the demon cultists from the Eternal Demon Sect immediately said impatiently: "Whoever you are, hurry up and hand over all the good treasures you got from the ancient ruins. Don't do it here." Stop talking nonsense. If you keep talking nonsense, I will kill you all one by one!" After Ye Feng broke through the cultivation level at this moment, he also improved the secret of the Great Light Technique, which made Ye Feng very happy in his heart.

This time I came to the ruins of the Holy Court of Light, and it can be said that I gained a huge harvest.

Although we The Eternal Demon Sect has an agreement with you, the Holy Land of Heaven, not to kill each other, but in this wilderness, in this endless wilderness, no one can control anyone, and fists are the king."

"Who are you calling a pet?"

Suddenly at this time, the green dragon couldn't help roaring angrily, and immediately said: "I am not this boy's pet, I am a noble jade dragon clan."

Hearing what the Green Dragon said, the demon cultists from the Eternal Demon Sect immediately said impatiently: "Whoever you are, hurry up and hand over all the good treasures you got from the ancient ruins. Don't do it here." Stop talking nonsense. If you keep talking nonsense, I will kill you all one by one!"

Chapter 2715 Inviting the Green Dragon

boom!

Almost at the moment when these demon cultivators from the Eternal Demon Cult finished speaking, waves of terrifying demonic energy suddenly erupted from their bodies, extremely powerful.

And the moment they released their power, the entire magic formation immediately exerted its incomparable power.

Boom! !

Almost at this moment, the entire magic formation suddenly condensed into powerful monsters.

These monsters are entirely composed of the power of the formation. They look very ferocious and feel very scary. They also have very powerful attack power and can tear the enemy into pieces in an instant.

"Roar!"

"Roar!"

These monsters roared crazily, condensed in the formation, and then instantly charged in the direction of Ye Feng and Green Dragon.

Ye Feng hadn't even made a move at this time, but Green Dragon suddenly shouted: "You hateful boys, I'm going to kill all of you today."

The green dragon was able to survive in this extremely ferocious and endless wilderness to this day. Naturally, he was not a good man and a believer. His murderous intention was also extremely strong.

Boom!

Almost at this moment, the green dragon roared, and a large wave of flames was sprayed out of its mouth in an instant. In an instant, the monsters condensed from the rushing formations were all burned into pieces. ash.

At this moment, Ye Feng, who was standing next to him, saw this scene, and his eyes suddenly showed a trace of surprise. He couldn't help but stare at the green dragon and said aloud: "So you can breathe fire. It seems that you are a fire attribute dragon."

The green dragon smiled faintly at this time and said loudly: "I am not as simple as you kid thinks. Our jade dragon clan is a natural five-element dragon clan, and we can use the power of the five elements."

Boom!

Boom!

Almost at the moment the Green Dragon finished speaking, he continued to roar, and then instantly sprayed out a frenzy of other attribute powers.

There is ice frenzy, there is fire frenzy, there is storm frenzy and so on.

In an instant, it swept forward.

The whole field was like a level 9 sandstorm, and all the formations were shattered.

The people in the demonic path of the Eternal Demonic Sect in front saw that the entire formation was shattered by the green dragon in an instant, and their eyes suddenly revealed a look of deep surprise.

They never thought that this seemingly inconspicuous green dragon would possess such powerful power.

At this moment, a member of the Eternal Demon Sect could not help but say: "I didn't expect this green-skinned dragon to have two brushes."

"What? Green-skinned dragon?"

When the Green Dragon heard the insulting names given to him by these members of the Eternal Demon Cult, his eyes immediately showed deep anger.

Uh-huh!

In an instant, he took out the sword of light he had obtained before, and then waved the long sword in his hand in an instant, directly bombarding several people in the demonic path of the Eternal Demon Sect in front of him.

Boom! !

Almost at this moment, the sword of light in the green dragon's hand burst out with a terrifying light of destruction and a brilliant sword light. In an instant, it slashed forward, and in an instant, the entire A huge crack of more than 100,000 meters was opened in the ground.

Those people in the demonic path were the first to bear the brunt. They had no time to react and were instantly killed by the sword of light in the green dragon's hand. They didn't even let out a scream. It was very miserable.

When Ye Feng saw this scene, his eyes showed an even more surprised look. He didn't expect that the green dragon's combat power would be terrifying once it exploded.

Uh-huh!

At this moment, Ye Feng flew forward in an instant, releasing the Devouring Domain, swallowing up all the blood and energy left behind after the death of those in the demonic path of the Eternal Demon Sect.

Ye Feng's skill was instantly improved at this moment.

However, Ye Feng's cultivation level did not directly break through.

After all, they were just a few ordinary disciples of the Eternal Demon Sect, and the blood energy they brought to Ye Feng was not too much.

At this moment, the green dragon came over, stretched out its claws, took all the storage rings of the disciples of the Eternal Demon Sect into its claws, and then divided them in half. To Ye Feng, he said aloud: "These short-sighted boys actually dare to be so rude to me and want to rob us. They are really naive."

At this time, Ye Feng looked at the green dragon beside him, and suddenly asked: "After we explore the last map in your hand, the ancient thunder clan, what are your next plans? Are you ready to continue in this endless wilderness? Wandering?"

When Green Dragon heard what Ye Feng said, his eyes suddenly showed a trace of thinking, then he shook his head and said loudly: "I don't know this, after all, I have been wandering in this world for endless years. , let's talk about it then."

When Ye Feng heard what Green Dragon said, he struck while the iron was hot and said, "Why don't you, Green Dragon, come back to the Holy Land of Heaven with me?"

Green dragon listens

When Ye Feng said this, there were expressions of surprise in his eyes. He glanced at Ye Feng, curled his lips and said, "You want me to be your thug, right?"

Ye Feng smiled slightly at this moment and said loudly: "Let's help each other."

After thinking for a while, the green dragon said: "Okay, after I finish exploring the ancient Thunder clan, if I haven't changed my mind, I will go to the Holy Land of Heaven with you first. After all, I have also wandered a lot in this endless wilderness. After 20 years, I also want to see what the outside world is like now."

The last time the green dragon left the endless wilderness and went outside was tens of thousands of years ago.

Therefore, the Green Dragon is still quite interested in the outside world today, tens of thousands of years later.

Ye Feng knew that the Green Dragon was an immortal being. Although he was not a powerful figure, he had taken a very special elixir and became immortal. He had witnessed a lot of ancient history.

Therefore, Ye Feng felt that if the green dragon went out with him, it would definitely be of great help to him.

Moreover, Ye Feng feels that now that he has come to the real core area of the land at the center of the God Realm, and has entered a behemoth like the Holy Land of Heaven, if he has the help of an experienced veteran like the Green Dragon, then his chances of survival and growth will be greatly reduced. It will improve a lot.

And Ye Feng still can't figure out what other real methods the Green Dragon has, but they must be very rich.

Therefore, Ye Feng naturally spared no effort to invite the Green Dragon to leave the endless wilderness with him and return to the Holy Land of Heaven.

At this moment, after Ye Feng and Green Dragon cleaned up the battlefield, they stopped wasting time, looked at the map in their hands, and hurried towards the direction of the ancient Thunder clan.

Chapter 2716 A beautiful scene

One person and one dragon moved very fast. In less than half a month, they passed through endless wilderness of deep mountains and old forests, and a large inland ocean, deep water swamps, swamp gas miasma, etc., and finally came to a huge The edge of the incomparable icebergs and snowfields.

At this moment, Green Dragon looked at the map in his hand, then looked at the ancient iceberg and snowfield in front of him, and said slowly: "According to the instructions on the map, the place where the ancient Thunder clan finally declined is right here. In a snowfield."

Ye Feng looked at the vast icy snowfield in front of him, couldn't help but show a trace of surprise in his eyes, and said loudly: "Are you sure that the area where the ancient Thunder clan finally survived was this desolate iceberg snowfield? Why? I feel like there's nothing here, because it's so desolate."

The green dragon spoke slowly at this time: "Back then, this iceberg and snowfield was not an iceberg and snowfield, but a vibrant green prairie. But the young master of the ancient Thunder clan, and Hanbing, the ancient Ice clan The Lord had a grudge, so in the end the two ancient races fought and died together. The green prairie where the ancient Thunder clan lived was also completely frozen by the Lord of Ice during the battle, so that's why This formed the current area of icebergs and snowfields."

When Ye Feng heard what Green Dragon said, his eyes suddenly showed deep surprise.

He looked at the vast icy snowfield in front of him and couldn't help but say: "How powerful is that Lord of Ice? He was able to freeze the entire endless green prairie in the middle of the battle. And it has still existed for tens of thousands of years, and it is still bitterly cold. It is truly a majestic force that reaches the sky. "

When Green Dragon heard what Ye Feng said, he nodded solemnly and said: "In this ancient area of the Endless Wilderness, it is vast and endless. Incomparably powerful cultivation civilizations have been born. We really need to go there. Awe."

When he said this, the solemn expression on Green Dragon's face disappeared, he smiled and said: "But the most important thing now is to search for these big forces.

The treasure left behind. "

At this moment, the green dragon was talking, looking at the map in his hand, and led Ye Feng into the vast iceberg and snowfield in front of him.

Soon Ye Feng saw that in the middle of this iceberg and snowfield, there was a huge steel tower.

However, this giant steel tower seemed to have been attacked by a huge force, and it actually collapsed from the ground. Most of the giant tower body was buried under the ice and snow, leaving only one spire, which fell on the ground. .

"This is the Thunder Tower of the ancient Thunder Clan. It was the landmark building of the Thunder Clan back then."

The green dragon seemed to be very clear about everything. At this time, he said loudly: "This building leads to the underground."

Then the green dragon brought Ye Feng to the edge of the Thunder Tower.

At this moment, the Green Dragon said: "We directly break the spire of the Thunder Tower, and then enter the internal area of the Thunder Tower, which will lead to the area under the ground where the ancient Thunder Clan is buried."

Ye Feng nodded slightly, and then instantly attacked with the green dragon with extremely powerful force, directly bombarding the top of the Thunder Tower.

"Kacha kacha..."

This Thunder Tower must have been extremely strong back then, but over the past tens of thousands of years, it has become extremely fragile under the erosion of countless ice, snow and cold winds. It is like glass and can be attacked casually by Ye Feng and Green Dragon. , which makes the entire spire crack and shatter.

Uh-huh! Uh-huh!

Next, Ye Feng and Green Dragon flew into the spire without any hesitation.

When they came to this Thunder Tower

When entering the internal area, I immediately discovered that there were lightning currents on the entire metal wall, which looked very magical.

At this time, Green Dragon looked at Ye Feng and said loudly: "Although the ancient Thunder clan has declined, it is very likely that there are still creatures of the ancient Thunder clan living under the ground. We must be careful, this and The Holy Court of Light is different. The Holy Court of Light has become a ruin, but not all the ancient thunder alien races have fallen."

When Ye Feng heard what the green dragon said, he nodded slightly, then used his powerful power to be ready at any time.

Step, step, step...

At this time, Ye Feng and Green Dragon were walking cautiously throughout the interior area of the Thunder Tower, and they were walking down layer by layer towards the bottom of the entire tower.

When they completely walked out of the Thunder Tower, they had reached a very deep underground space.

At this time, they walked out of the Thunder Tower and immediately saw a magnificent scene.

I saw that the entire depth of the underground seemed to be an underground world opened up by a very great existence.

There are prosperous trees growing everywhere and various ancient buildings standing underground, looking like an underground world.

But now, all the trees are withered, the buildings are dilapidated, broken walls are everywhere, and it is full of lifelessness.

"This must have been an extremely brilliant civilization back then!"

Ye Feng couldn't help but sigh at this moment.

Green Dragon said with a smile: "The ancient Thunder Clan has been a glorious existence for an era, and the most powerful inheritance among the ancient Thunder Clan, the Great Thunder Technique, ranks twenty-fifth among the three thousand avenues in the heavens. Its existence shocked an era back then, so the ancient Thunder clan's cultivation civilization was naturally extremely prosperous."

At this moment, when the two of them were talking

.

Wow!

Wow!

Suddenly, there were sounds in the jungle not far away.

"who is it?"

Ye Feng and Green Dragon immediately showed warning in their eyes and rushed towards the jungle not far away.

When they parted the jungle, they immediately saw an emerald green lake hidden in the jungle.

And around this emerald green lake, there are spiritual beasts that exude a faint light.

These spirit beasts are taking a leisurely walk at this moment.

The noise in the jungle just now was from these strange spiritual beasts taking a walk.

"Boy Ye Feng, look in that direction."

At this time, the green dragon asked Ye Feng to look north.

Ye Feng looked in that direction, and suddenly there was a deep look of surprise in his eyes.

I saw an antique pavilion on the north side of this emerald green lake.

A very beautiful girl in green clothes was sitting in the pavilion, her little feet dangling in the emerald green lake.

The whole scene looks very beautiful, but also gives people a very weird feeling.

Because everything in front of me is so beautiful.

However, you must know that under this underground world, there are relics of the ancient Thunder race that have been buried for tens of thousands of years.

There are broken walls and ruins everywhere, withered and rotten trees everywhere, and a lifeless atmosphere.

But here...

How could such a beautiful scene appear?

At this moment, Green Dragon suddenly whispered to Ye Feng: "Ye Feng, use your special eye skills to see what kind of monster that beautiful girl is!"

Chapter 2717 Steel Fortress

At this moment, Ye Feng also felt that the beautiful scene in front of him looked a bit strange.

Because it is so different from the lifeless environment of the entire underground world, it gives people a very scary feeling.

So at this time, Ye Feng felt that the beautiful girl in front of him was definitely not simple.

"Okay, let me take a look."

At this moment, Ye Feng nodded and immediately released the power of the Divine Eye of Creation.

Then a bright light appeared in Ye Feng's eyes, and he was able to see through illusion and everything in an instant.

Almost at the moment when Ye Feng used the Divine Eye of Creation, he saw the beautiful scene in front of him, and it disappeared immediately.

The real scene was revealed.

In the vision of the God of Creation, Ye Feng saw that all the green mountains and green waters in front of him were turned into lifeless tombs.

And that beautiful girl, in the sight of the God of Creation, turned into a rotting corpse, sitting on the tombstone of a tomb, looking very terrifying.

At this moment, Ye Feng immediately said to the green dragon beside him: "I saw the lifeless tomb and the rotting corpse."

Hearing what Ye Feng said, the green dragon immediately showed a look of deep horror in his eyes, and then he immediately pulled Ye Feng and ran away, saying: "Hurry up and run, this is a ghou! It's a very scary thing. Living beings have transcended the six realms of reincarnation, and we can't fight against them. Even if you, Ye Feng, are a soul master, you can't fight against them."

When Ye Feng heard what Green Dragon said, he quickly quickened his pace and ran towards the distance.

Because Ye Feng knew very well that Green Dragon had a lot of knowledge, so what he said was naturally very reliable.

It shows that this beautiful girl is indeed very dangerous and may bring great terror, so it is better to leave first.

At this moment, Ye Feng and Green Dragon were running among the ancient ruins.

But suddenly at this moment.

Buzz

!

They felt a deep cold air behind them, following them.

And at this moment, Ye Feng immediately turned around and saw the beautiful girl just now. At this moment, she had turned into the same rotting corpse that she saw in the vision of the God of Creation, and was chasing them quickly. .

Seeing the change in Ye Feng's face next to him, Green Dragon did not look back, but couldn't help but said: "Is that rotting corpse chasing us from behind?"

Ye Feng immediately nodded and said, "What should we do now?"

Green Dragon said aloud: "I don't know what to do, so I'd better run away."

Ye Feng's eyes widened at this time and he said loudly: "I don't believe in evil."

Boom!

Almost at this moment, Ye Feng immediately turned around and punched the front with six reincarnation fists in an instant.

Click!

But the moment Ye Feng's fist struck the rotting corpse, it suddenly broke.

Ye Feng suddenly felt a heartbreaking pain.

Ye Feng's eyes showed deep surprise, because this was the first time that his fist was broken.

At this time, Ye Feng immediately released a huge amount of soul power, directly forming a soul storm that swept towards the rear.

Finally, at the moment when Ye Feng released his soul power, the rotting corpse behind him finally stopped and stopped chasing them.

When the Green Dragon saw this scene, there was a hint of surprise in his eyes. He couldn't help but stare at Ye Feng and said loudly: "Oh? It seems that your boy's soul power is still very huge, and he can actually make this All kinds of weird corpses stopped immediately, indicating that she

I'm afraid of you, but we still have to prevent this kind of thing from following us, so we'd better leave as soon as possible. "

Ye Feng nodded. He had already seen the horror of this strange existence in just a short shot.

Now using his powerful soul power to frighten this weird corpse, Ye Feng immediately rushed towards the dilapidated ruins ahead with the green dragon, not wanting to confront this weird existence for the time being.

"I hope it won't bother us anymore."

Ye Feng murmured.

After all, his most important thing this time is to search for the core inheritance and treasures of the ancient Thunder clan with Green Dragon.

Instead of confronting this weird existence and fighting to the death.

That doesn't make much sense.

Uh-huh! Uh-huh!

At this moment, Ye Feng and Green Dragon were moving quickly in this ancient ruins.

Ye Feng couldn't help but asked: "Look at the map in your hand, where are we now?"

The Green Dragon looked at the map in his hand and said aloud: "We have now arrived at the most central area of this underground ruins. We should be almost at the place where the ancient Thunder clan's final inheritance is hidden."

Ye Feng nodded slightly, and suddenly he stopped at this moment because a huge fortress appeared in front of him.

This huge fortress is made of a special kind of steel. It stands on the ground in the distance. There are stone tablets in the shape of eight trigrams standing around it. It looks very extraordinary and seems to have an ancient... Existence is forged.

At this time, Green Dragon also stopped, looked at this huge fortress and said loudly: "This should be the base of the ancient Thunder Clan. It is the core base. If we enter it directly, we can find the ancient The treasure of the Thunder clan."

Ye Feng nodded, his eyes a little excited.

have

The Green Dragon, an experienced helper, guided the direction and indeed saved himself a lot of time.

Otherwise, if you wander around alone, you don't know when you will be able to find the base of this ancient thunder alien race.

At this moment, Ye Feng and Green Dragon walked quickly towards the steel fortress.

When they came to the entrance of the steel fortress, they immediately saw two giant dog-headed statues made of steel on both sides of the steel fortress.

At this moment, these two huge dog-headed statues were hundreds of meters tall. Suddenly, when Ye Feng and Green Dragon approached, they suddenly came to life.

boom!

Pieces of bright blue-purple thunder surged out of their bodies. Holding the battle axes in their hands, they instantly slashed towards Ye Feng and the Green Dragon.

"They are two powerful steel puppets created by the ancient Thunder Clan to protect the base! They are almost indestructible. We don't want to confront them head-on. We leave their combat area directly and enter the base of Steel Fortress to search for treasures."

The Green Dragon didn't want to go head-to-head with these two dog-headed steel puppets at this time. At this moment, he led Ye Feng around them and then rushed into the steel fortress.

But the moment Ye Feng and Green Dragon bypassed the two steel puppets and entered the fortress.

Rumble...

Suddenly, there was a huge shaking in the entire fortress.

Then there were thousands of tall steel puppets similar to those outside the door. Like a steel army, they rushed towards the two people at the door from the depths of the fortress in an instant.

Seeing this scene, Ye Feng and Green Dragon looked at each other, and then they both burst out with their powerful cultivation aura.

Because now the two of them can only fight against this group of steel puppets, and they must overcome obstacles to enter the deepest part of the fortress base.

Chapter 2718 Unexpected Harvest

Rumble...

At this moment, in the depths of the fortress not far away, extremely tall steel puppets were grouped together, like a torrent of steel, rushing towards Ye Feng and Green Dragon.

"kill!"

At this moment, Ye Feng and Green Dragon no longer hesitated, and instantly burst out their most powerful power.

boom!

The green dragon first sprayed out a large amount of freezing air and blasted it out in an instant, freezing all the dozen steel puppets in one fell swoop.

At this moment, Ye Feng was radiating a divine light, and every punch he punched could shatter a steel puppet into pieces.

"Boom!"

At this moment, Ye Feng and Green Dragon didn't hesitate at all. They all unleashed their most powerful power and charged towards the deepest part of the steel fortress.

Although these steel puppets are extremely strong, they cannot withstand the hard attacks of these two powerful guys, Ye Feng and Green Dragon.

So after half an hour, they finally reached the bottom of the entire steel fortress.

At the bottom of the steel fortress, they immediately saw a basement, and there was a space vortex in the basement.

At this moment, the Green Dragon was staring at the vortex of space, and immediately couldn't help but said: "Is there another special space that passes under this steel fortress?"

At this time, Ye Feng also looked at the swallowing vortex, nodded slightly and said, "That should be it."

Uh-huh!

At this moment, Ye Feng naturally did not retreat. He walked directly forward, and then stepped into the space vortex in an instant.

Buzz!

Almost at the next moment, Ye Feng's figure suddenly appeared

It just disappeared into the space vortex.

When the green dragon not far away saw this scene, his eyes jumped slightly.

Unexpectedly, Ye Feng would take such a risk and walk directly into the space vortex.

But at this time, the green dragon naturally would not flinch, and followed Ye Feng into the space vortex.

Buzz...

After a violent space fluctuation, both Ye Feng and Green Dragon opened their eyes.

At this moment, they immediately saw that they had passed through the space vortex and arrived at a huge frozen world.

In this frozen world, everything is covered by thick ice, whether it is buildings or various powerful creatures.

However, all the buildings were broken. It could be seen through the ice that those powerful creatures had their bodies penetrated by weapons one by one. They had obviously died a long time ago.

However, all this has been frozen until now, so you can still see the remains and scenes of these people before they died.

At this time, the Green Dragon couldn't help but said: "There seems to have been a very tragic war here. It should be the war between the Thunder Clan and the Ice Clan in ancient times. It looked very tragic, and was eventually destroyed by the endless ice. The ice was frozen, leaving behind the last scene of the war."

At this moment, after the green dragon finished speaking, he immediately walked forward, trying to find the treasure of the Thunder clan.

But at this time, the Green Dragon searched for a long time and found nothing.

The green dragon couldn't help but said: "Ye Feng, let's continue to go deep into the deepest part of this frozen world. I don't believe there is nothing."

stay. "

At this time, Ye Feng looked at the ancient frozen battlefield around him and said: "Green Dragon, you first go deep into this frozen world to find some treasures left by the ancient Thunder clan. I have other things to do here. "

When the Green Dragon heard what Ye Feng said, he looked at the frozen corpses of the dead ancient creatures in the surrounding ancient battlefield, and immediately understood something.

The green dragon nodded and said, "Okay, then I'll go look for it first. You be careful."

Uh-huh!

At this moment, after the green dragon finished speaking, he immediately flew quickly in a direction not far away, hoping to find the treasure left by the ancient Thunder clan.

At this moment, Ye Feng, who was still on the spot, flew to high altitude in an instant, and then released the Devouring Domain instantly.

"boom!!"

A terrifying and boundless dark devouring realm suddenly spread out from Ye Feng's body, like a boundless dark sky, covering all the surrounding battlefields.

Buzz...

Under the influence of the Devouring Domain, countless ices began to melt.

The purpose of Ye Feng's stay is very simple, that is to run the Devouring Domain and devour the blood and energy in the bodies of all the strong men preserved from the ancient times.

Although these powerful men have been dead for many years, they have not lost much blood because they are sealed in ice.

If Ye Feng swallows it now, it will also have a huge effect and can provide himself with a very huge amount of energy.

At this time, Ye Feng released the devouring domain, and the first thing devoured was actually the ice that sealed those powerful creatures.

But just as the ice slowly melted, Ye Feng felt a very biting cold.

Appeared in his own body.

This biting cold made Ye Feng's body tremble uncontrollably.

But Ye Feng did not stop the Devouring Domain from devouring the ice energy at this time.

Because Ye Feng discovered that after swallowing the ice energy, he had vaguely touched a very powerful ice secret.

That seems to be the secret of the Great Ice-Sealing Technique, which ranks thirty-fifth among the Three Thousand Avenues of the Heavens.

"The Great Ice-Sealing Technique..."

At this time, Ye Feng's eyes showed a hint of joy.

He immediately understood that this frozen world was released by the Ice Clan back then.

That Ice Lord must have mastered the Great Ice-Sealing Technique, which is why he was so powerful that he sealed everything in the ancient Thunder Clan in thick ice.

At this moment, Ye Feng released the Devouring Domain, swallowed up the ice, and actually began to master the Great Ice Sealing Technique.

I have to say, this is an unexpected gain.

At this time, Ye Feng felt more and more that his devouring domain was also undergoing subtle changes.

From the beginning, it could only swallow the blood energy of ordinary creatures.

In the end, it can swallow the soul power.

Until now, the secret of the Great Ice-Sealing Technique can still be extracted from these ices.

This shows that the Devouring Domain is becoming more and more advanced and complex as he continues to practice.

At this moment, Ye Feng is not in a hurry to devour the blood and energy of those ancient powerful men who are frozen in ice.

Instead, he continued to concentrate on swallowing up all the ice energy on the field, striving to master the great ice sealing technique as soon as possible.

Chapter 2719 Thunder Giant

Buzz...

At this moment, as Ye Feng continued to swallow the special ice energy around him, Ye Feng became more and more clear about the secret of the Great Ice Sealing Technique.

At the end, Ye Feng's soul suddenly shook, and he immediately understood the original meaning of the Great Ice-Sealing Technique.

As long as we continue to understand the original meaning of the Great Ice-Sealing Technique in the future, we will be able to continuously master the Great Ice-Sealing Technique completely.

"I didn't expect that I would come to the ancient Thunder clan this time. I originally wanted to get the Great Thunder Technique, but I haven't gotten the Great Thunder Technique yet, but I have mastered the Great Ice Sealing Technique. I really didn't expect it."

At this time, Ye Feng couldn't help but sigh.

Sometimes opportunity just knocks on your doorstep, and you don't need to deliberately look for it.

At this time, after Ye Feng mastered the Great Ice-Sealing Technique, he immediately began to increase the power of the Devouring Domain and began to devour the blood and energy of the ancient strong men under the ice on the entire field.

"boom....."

Suddenly, waves of terrifying blood energy and the skills of ancient powerful men were directly absorbed by the Devouring Domain, and then all injected into Ye Feng's own body.

You must know that these ancient strong men on the entire field are all powerful beings when the Thunder Clan and the Ice Clan were at war with each other.

Although they have been dead for nearly tens of thousands of years, they have been dead for even longer.

But they were all sealed in this endless ice world by the Great Ice Sealing Technique.

So they still have a lot of blood energy left behind.

So at this moment, after Ye Feng swallowed it, his cultivation aura immediately began to experience a very rapid and violent breakthrough.

boom!

The second level of Tianmai Realm!

boom!

The third level of Tianmai Realm!

boom!

The fourth level of Tianmai Realm!

boom! \u003c

br\u003e

The fifth level of Tianmai Realm!

boom!

The sixth level of Tianmai Realm!

Finally, at this moment, Ye Feng's cultivation aura stopped.

But Ye Feng's eyes were full of excitement at this moment.

Because Ye Feng really achieved a huge gain this time, he actually broke through directly from the first level of Tianmai Realm to the sixth level of Tianmai Realm.

Ye Feng could feel that at this moment, his strength had increased many times compared to before.

At this time, Ye Feng was very happy that he could meet the Green Dragon.

Otherwise, if he wandered around in this endless wilderness, he probably wouldn't have been able to improve so much in such a short period of time.

And he also obtained two extremely powerful techniques of the Three Thousand Dao of the Heavens, the Great Light Technique and the Great Ice-Sealing Technique.

At this time, after Ye Feng absorbed the blood energy of all the strong men present, he walked directly towards the deepest part of this frozen world.

Ye Feng felt that after such a long time, something special had happened to the Green Dragon.

Uh-huh!

But just when Ye Feng arrived at the deepest part of this frozen world, he suddenly saw a huge and majestic palace standing on the ground.

At this moment, a dragon-shaped ice sculpture as tall as a person was standing at the gate of the palace, motionless.

Ye Feng only felt that this dragon-shaped ice sculpture seemed familiar.

"Isn't this a green dragon?"

Ye Feng suddenly showed a trace of surprise in his eyes.

He never thought that the green dragon would be frozen into an iceberg at some point.

Carved.

"Brother Green Dragon, you died so miserably..."

Ye Feng walked up to the ice sculpture and couldn't help but speak.

"I'm not dead yet!"

But the moment Ye Feng finished speaking, the green dragon's curse suddenly came from the ice sculpture: "Boy, hurry up and find a way to rescue me from this ice sculpture!"

"You're not dead yet!"

Ye Feng's eyes showed surprise, and then he instantly reached out and touched the ice sculpture in front of him.

When the green dragon in the ice sculpture saw this scene, he couldn't help but exclaimed: "Ye Feng, don't touch this ice sculpture. It is surrounded by a very ancient formation of the Ice Clan. Ye Feng, you Once you touch the ice sculpture outside me, your whole body will be frozen in the ice sculpture."

"Great Freezing Technique."

Buzz!

But suddenly at this moment, Ye Feng directly released the great ice sealing technique that he had just realized.

In an instant, a large amount of cold air appeared in Ye Feng's hands, and then merged with the ice sculpture in front of him.

Uh-huh!

Ye Feng stretched out his hand and grabbed it. The ice sculpture in front of him, which could freeze the Green Dragon, dissipated in an instant, and the Green Dragon escaped from the trap in an instant.

"Amazing!"

The green dragon escaped from the ice sculpture at this time, and immediately fixed its incredible eyes on Ye Feng, and couldn't help but said: "What magic did you understand? You were able to completely dissipate this ice sculpture." "

Ye Feng was about to say that he had understood the great ice sealing technique.

But suddenly at this moment.

Wow!

Suddenly the ancient building in front of me

In the main hall, a series of very terrifying whistling sounds suddenly came out.

"That is....."

It almost felt like the next moment, Ye Feng and Green Dragon suddenly saw a large area of thunderous light surge out of the hall in front of them.

These thundering lights immediately formed a huge giant of thundering light in front of them.

In an instant, this thunder giant condensed a huge thunder hammer in his hand, and then struck hard at Ye Feng and the Green Dragon.

"Rumble..."

When this hammer struck, it immediately caused thunderous fluctuations in the entire heaven and earth, as if there was an infinite thunder catastrophe bombarding it.

It feels like the whole world is about to be destroyed, and the destructive power is very terrifying.

When the Green Dragon saw this scene, he immediately opened his mouth and spat out a large amount of earth-attribute power, forming a huge earth shield directly in front of them to resist the terrifying power of thunder.

Then the Green Dragon spoke up and said: "Ye Feng, this hall should be the core place of the ancient Thunder Clan. Otherwise, it would be impossible to condense such a terrifying Thunder Giant. I think all the treasures of the ancient Thunder Clan are hidden here. In a large hall, we quickly kill this thunder giant, and then go in to search for treasures."

At this moment, the green dragon was talking, his eyes full of excitement.

"Boom!"

At this moment, the thunder hammer in the hand of the thunder giant had already hit the green dragon's shield.

Although both the Thunder Giant and the Thunder Hammer in his hand are energy bodies composed of pure thunder and lightning power.

But at this moment, when the bombardment came down, a terrifying and boundless power burst out, which immediately shattered the earth shield condensed by the green dragon.

Chapter 2720 The Clan's Treasure

Rumble...

At this moment, the thunder hammer condensed by the thunder giant was full of unparalleled impact and destructive power. It instantly shattered the earth shield condensed by the green dragon and turned it into countless fragments.

"so smart!"

The green dragon also had a look of deep surprise in his eyes at this time. Obviously, he never expected that this thunder giant actually possessed such terrifying combat power.

After all, this Thunder Giant is not a truly powerful ancient creature, but a giant composed of energy bodies, so the Green Dragon feels that this Thunder Giant is not very powerful.

But what he didn't expect was that the Thunder Giant had such terrifying power with just one hammer blow, and the Green Dragon couldn't help but look surprised in his eyes.

"Let me do it!"

At this moment, Ye Feng suddenly made a sound.

Boom!

Almost at this moment, an extremely powerful cultivation aura burst out from his body.

At this moment, Ye Feng instantly burst out with the extremely powerful cultivation power he had just broken through, and then his whole body emitted a divine light, and instantly bombarded towards the thunder giant.

Boom! !

The terrifying roar instantly resounded throughout the sky and the earth.

Ye Feng and the Thunder Giant collided, erupting with terrifying and boundless destructive power.

Countless frozen worlds around it were shattered and turned into dust all over the sky. The terrifying power and light collided crazily high in the sky, creating a terrifying and boundless aftermath that almost destroyed the entire world. .

"Great ice sealing technique!"

Suddenly at this moment, Ye Feng suddenly displayed the great ice sealing technique that he had just learned.

You know, the Ice Clan and the Thunder Clan are old enemies, and they were sworn enemies back then.

So the ice clan's great ice seal

Technique has a natural suppression on the power of the ancient Thunder clan.

So at this moment, Ye Feng used the Great Ice-Sealing Technique, and his whole body suddenly surged with boundless ice-sealing energy.

"Crash!"

Almost at the next moment, the thunder hammer that was struck down by the thunder giant was instantly frozen by the cold air emitted by Ye Feng's great ice sealing technique.

"Crack!"

At this moment, Ye Feng jumped directly into the air, and punched the thunder sledgehammer in the hand of the thunder giant with a fist.

The thunder sledgehammer that was sealed by ice was immediately shattered inch by inch by Ye Feng's fist, and turned into countless ice cubes.

"This is....."

At this moment, the green dragon not far away saw this scene, and his eyes suddenly showed deep horror. He couldn't help but said: "Ye Feng boy! What kind of cold air are you doing? The pure thunder energy sledgehammer of this thunder giant is frozen. Is this the great ice sealing technique? When did you learn the great ice sealing technique?"

When Ye Feng heard this, he smiled slightly and said, "I just realized it a few hours ago."

"What?"

Hearing what Ye Feng said, Green Dragon suddenly felt helpless, "This kid is too evil!"

boom!

At this time, the thunder giant saw his thunder energy sledgehammer being shattered by Ye Feng's ice seal, and he turned around and ran towards the main hall at the rear.

It seemed like he was going to run away directly.

"Where to go!"

boom!

Ye Feng at this time

At this moment, he immediately shouted loudly, flew above the head of the thunder giant in an instant, and then shouted: "Big Ice Sealing Technique!"

Wow!

In an instant, the majestic cold air suddenly covered the entire body of the Thunder Giant.

"boom!"

The next moment, Ye Feng directly punched the ice on the surface of the Thunder Giant with a fist. ??

"Crash..."

Almost at this moment, the entire huge body of the Thunder Giant was shattered directly along with the ice.

Snap!

At this time, a stone emitting thunderous light suddenly fell from the sky, fell to the ground, and rolled right to Ye Feng's feet.

Uh-huh!

Ye Feng stretched out his hand and grabbed the stone that exuded the light of thunder.

After careful sensing, Ye Feng could feel that there was a majestic and vast thunder energy contained in this stone.

It's like there is an endless ocean of thunder hidden in this small stone.

At this moment, Green Dragon also came over, stared at the stone in Ye Feng's hand, and couldn't help but said: "This is a thunder core. I didn't expect that this thunder giant also gave birth to a thunder core. No wonder he has it." With such a powerful force, not even my earth shield can withstand the attack of this thunder giant. If Ye Feng hadn't mastered the great ice sealing technique, maybe we wouldn't be the opponent of this thunder giant."

Hearing what Green Dragon said, Ye Feng just smiled and didn't say much.

But what Ye Feng was thinking in his heart was that even if he didn't have the great ice sealing technique, there were other ways to deal with this thunder giant.

You know, Ye Feng also has a Thunder Ancestral Talisman on his body. For thunder attributes,

The enemy of sex is inherently repressive.

At this moment, Ye Feng said aloud: "Let's enter this hall and see what the ancient Thunder clan left behind."

At this time, the green dragon rubbed its claws with some anticipation and said, "Okay, let's go in and take a look."

Crunch...

One person and one dragon worked together to push open the door of the Thunder Clan's hall in front of them.

As the door of the entire hall slowly opened, Ye Feng and Green Dragon immediately saw that there were three crystal coffins placed in this hall.

In each crystal coffin lies an ancient skeleton.

At this moment, every crystal coffin and every ancient skeleton is equipped with a treasure.

In the first crystal coffin, the ancient skeleton had a red cloak surging with the power of the storm.

In the second crystal coffin, there is a golden belt around the skeleton's waist, exuding mysterious power.

In the third crystal coffin, the skeleton was very huge, and in the broad white palm of the hand, a huge pure silver hammer was tightly held. The surface of the silver hammer shone with a faint blue-purple thunder light.

Green Dragon saw this scene and immediately said excitedly: "This is the resting place of the three most powerful leaders of the ancient Thunder Clan! Those three ancient skeletons must be the three leaders of the ancient Thunder Clan!"

"Three leaders?"

Ye Feng's eyes were slightly startled, and he said: "The leader-level figure of the ancient Thunder clan, what a powerful and terrifying existence he must be!"

The Green Dragon nodded, stared at the three crystal coffins, and said excitedly: "The treasures on them must be the three great treasures of the Thunder Clan, the Storm Cloak, the Power Belt and the Thor's Hammer!"
