

Ancient 3021

Chapter 3021 Broken

The Sand Sea is a very dangerous area in the Eastern Territory, covering tens of millions of kilometers and is very vast.

Rumor has it that there are ancient forbidden creatures living in the depths of the sand sea, which are very mysterious and terrifying.

However, the desert ruins that the group of people are going to this time are in the peripheral areas of the Sand Sea. With the strong cultivation of Master Yi and Yunlan, the female sect leader, there should be no danger.

After all, Yunlan don't think she looks young, but in fact she is an out-and-out female sect leader, and her combat power is even more powerful than Master Yi's.

Although Master Yi is a Jiuding alchemist and may have a more prominent status than Yun Lan, his actual combat power is definitely not as good as that of a strong female martial artist like Yun Lan.

Ye Feng was like a follower, following behind these two powerful elders.

Ye Feng knew very well that in the next exploration, he would just be a loyal follower.

After all, I came out this time just to see the world with two distinguished figures, and the important thing was to participate.

...

Three days later.

Ye Feng followed Master Yi and Yunlan through most of the Eastern Territory, and finally arrived at the outskirts of the Sand Sea area.

Ye Feng looked into the distance and saw a vast and endless desert area.

There is almost nothing around, exuding a desolate and boundless atmosphere, giving people the feeling that there is no fluctuation of life.

At this time, Ye Feng's eyes showed surprise. Is there really any great opportunity in this desolate place?

At this moment, the three of them were standing on a huge steel ship.

This flying steel ship is the flying magic weapon of Yunlan, the female sect leader of Tianlei Sect.

Not only is it extremely fast, but it also has a very powerful defensive mask.

There are densely packed steel turrets on the edge of the hull, which can instantly absorb the energy of the world and blast out energy beams with astonishing destructive power.

Last night, they encountered a black dragon with black scales all over its body. It suddenly rushed out of the endless yellow sand of the desert and wanted to devour the group of people.

But Yunlan didn't even need to take action. The steel turrets on the edge of the huge steel ship they were riding on were instantly released.

A series of terrifying energy beams blasted through the body of the desert black-scale dragon in an instant. There were dense blood holes all over the body. The death was very miserable, which made Ye Feng see the power of this steel ship. .

After all, Master Yi and Yunlan were both extremely powerful beings, and they didn't care at all about the black-scaled dragon.

So Ye Feng took advantage of this and got off the ship directly, put the dead black scale dragon into his storage ring, and then secretly swallowed it.

Ye Feng's cultivation directly broke through the first level of heaven again and entered the fifth level of heaven realm.

...

With Yunlan, the extremely powerful female sect leader, there was no chance of any surprises along the way. Instead, there were no surprises and no dangers, and they went straight into the sand sea area.

This day is already the fourth day that the group came to the sand sea area.

At night, under the bright moonlight, Master Yi was sitting on a steel ship, holding a red scepter in his hand, as if he was sensing something.

Yunlan was observing the extremely quiet desert around her, seeming to be looking for something.

"found it!"

Suddenly at this moment, Master Yi suddenly opened his eyes, looked down in a certain direction, and then jumped directly from the steel ship.

Uh-huh!

Yunlan's eyes were also filled with joy at this time, and she said, "Master Yi discovered the aura of the saint's flame?"

Master Yi nodded and said aloud: "If you find the Saint's Flame, you can find the place where the ancient Saint was seated. The inheritance belongs to you, Master Yunlan, and the Saint's Flame belongs to me."

Yunlan nodded immediately and said: "Let's capture the Saint Flame first. It is said that the Saint Flame has given birth to spiritual intelligence and has become a flame spirit-like existence. Even strong men like us need to be careful. "

Master Yi laughed and said aloud: "I am the master of Jiuding alchemy. Even the ancient saint's flame cannot harm me, but the saint's flame is indeed very sharp. Don't let that ball of saint's flame escaped.

"

Ye Feng was at high altitude at this time, temporarily becoming the captain, driving Yunlan's steel ship, following Master Yi and Yunlan who were speeding in the desert ahead.

If it weren't for driving this steel ship, Ye Feng might not be able to keep up with these two top powerhouses.

Uh-huh!

At this time, Master Yi had landed somewhere on the ground.

He suddenly raised the scepter in his hand and thrust it into the desert under his feet.

"boom!"

The moment the scepter touched the desert, centered on where Master Yi stood, a surging energy wave spread to the surroundings in an instant.

Obviously, Master Yi wants to use the power of the scepter in his hand at this moment to force out the saint's flame hidden around him.

"boom!!"

Sure enough, almost at the next moment, a piece of desert ground in the southwest suddenly exploded.

A large golden flame burst out from the desert ground in an instant, and surged out all of a sudden, like an infinite golden ocean, surging and full of monstrous flame power.

This golden flame is exactly the flame of the saint that Master Yi and Master Yunlan are looking for!

"boom!"

At this moment, the saint's flame burst out with terrifying burning power, forming a giant flame that trampled towards Master Yi in the middle.

"Jiuding controls the sky!"

"Listen to my orders!"

Boom boom boom...

Suddenly at this moment, an ancient cauldron composed of nine energies rushed out from Master Yi's body. It was full of terrifying power and seemed to have a natural suppression of the power of fire. It was bombarded high in the sky in an instant. And go.

"Boom!!"

A terrifying roar erupted instantly.

Master Yi's Jiuding was filled with overwhelming power, and it suddenly shattered the flame giant transformed into the saint's flame.

Uh-huh...

At this moment, that piece of golden fire

The flames immediately receded like the tide.

Master Yi saw this scene and immediately shouted: "Master Yunlan! Seal the surrounding area and don't let the saint's flame escape! It has been severely damaged by the power of the Nine Cauldrons!"

"boom!"

In fact, Yun Lan already knew that he was going to take action before Master Yi reminded him.

"Excalibur Realm!"

Swish, swish, swish!

I saw Yunlan's pair of jade-like hands facing the sky a little bit, and her fingertips suddenly burst out with streaks of pure white light, which instantly turned into nine huge white lightsabers high in the sky, heading towards Shooting around, a realm of divine swords was formed.

Even the Saint Flame was severely damaged by the power of Master Yi's Nine Cauldrons and was unable to break through the realm of the divine sword of Yun Lan, a powerful female sect leader.

"Success!"

At this moment, Master Yi and Yun Lan both had joy in their eyes.

boom!

But suddenly at this moment, the golden saint's flame, with spiritual intelligence, suddenly shot towards the sky.

The direction of the impact was exactly where Ye Feng was driving the steel ship.

"No! This saint's flame is looking for a host! When attached to the host, it can burst out with tremendous power!"

Master Yi, a master of alchemy, was very familiar with flames. He suddenly thought of something and his expression suddenly changed.

But it's too late.

boom!

The saint's flame rushed into Ye Feng's body at once. Even Ye Feng had no time to react before the saint's flame occupied his entire body.

Ye Feng immediately felt that his entire body was filled with a huge and boundless flame energy. Every piece of flesh and blood and every meridian seemed to be burning, with boundless heat.

At this time, Master Yi and Yunlan, who were standing in the desert below, stared at Ye Feng, who was filled with thousands of feet of golden flames in the sky. He seemed to have turned into a flame emperor, exuding a terrifying and destructive aura that burned the sky and destroyed the earth.

"broken....."

The eyes of Master Yi and Yun Lan suddenly became extremely ugly.

Chapter 3022 Quasi-Five Cauldrons

Master Yi felt extremely regretful at this time. He should not have brought Ye Feng, a young junior, to this extremely dangerous sand sea area.

At this time, looking at Ye Feng whose body was burning with golden flames, Master Yi's eyes showed deep regret.

Because Master Yi knew that Ye Feng must be dead.

Master Yi knows very well how terrifying the saint's flame is.

He knew that with Ye Feng's current weak cultivation level, he simply could not withstand the terrifying flame power of the Saint's Flame.

At this moment, Ye Feng is possessed by the saint's flame, so he must be completely disabled. I am afraid that his internal organs will be burned and melted later. .??.

At this time, Yunlan's eyes were a little ugly, but then she became deeply calm and said: "Master Yi, things have developed to this point. Regret is of no use anymore. Let's take action quickly to kill Ye Feng." The body of the saint is destroyed. As long as the saint's flame does not have the host's body, it will not be able to exert its powerful destructive power."

Destroy Ye Feng's body?

When Master Yi heard what Yun Lan said, hesitation suddenly appeared in his old eyes.

For Master Yi, Ye Feng is already a junior he is very familiar with, and a junior he values very much.

Now to directly destroy Ye Feng's body, Master Yi couldn't do it at all, because he simply couldn't bear it and couldn't do it.

But at this time, Yun Lan's beautiful and mature face showed a very decisive killing look.

She said aloud: "Since Master Yi can't bear to take action, then let me take his place!"

boom!

Almost as soon as Yun Lan finished speaking, a long sword emitting thunderous light appeared in her hand.

This is obviously a powerful treasure among Tianlei Sect.

After all, Yunlan is the sect master, and the magic weapons she possesses are naturally first-rate and powerful.

"Thunder!"

boom! !

At this moment, Yun Lan gave a cold shout and killed directly in the direction of Ye Feng. An earth-shaking thunder was directly drawn down from the sky and hit Ye Feng directly.

"Boom!"

This kind of attack is extremely terrifying, and the power of thunder is also full of unparalleled destructive fluctuations.

However, the light of thunder bombarded Ye Feng's body and was blocked by the golden flames on Ye Feng's body, leaving him unharmed.

Harming every bit of Ye Feng's body.

When Yun Lan saw this scene, there was a hint of surprise in his eyes, "I didn't expect that the saint's flame possessed a weak body and could burst out with such terrifying power. Even a top powerhouse like me I can withstand all attacks!"

"continue!"

The next moment, Yunlan chose to continue to take action boldly.

I have to say that this female sect leader is still very scary.

She slashed with her second sword, and a total of nine thunderbolts were received from the sky and struck Ye Feng crazily.

Even though Ye Feng now had the saint's flame attached to his body, he was still being bombarded and retreated repeatedly at this time, and the golden flames on his body were suppressed by the terrifying thunder.

At this moment, Yun Lan immediately shouted: "Master Yi, the Saint's Flame has been suppressed by me. Now is a good opportunity for you to take action to collect the Saint's Flame."

Master Yi heard what Yun Lan said and knew that now was the best time.

But when he looked at Ye Feng's young and familiar face, he still couldn't bear to take action.

But now, at this time, we have to take action.

"Alas! What a pity!"

Master Yi sighed deeply, and then rushed in front of Ye Feng in an instant, trying to collect the saint's flame from Ye Feng.

Master Yi knew very well that once the saint's flame was taken away from Ye Feng's body, Ye Feng's body would probably disintegrate instantly, turn into fly ash, and completely disappear from the world without the saint's flame to maintain it.

"Master Yi! I'm not dead!"

But just when Master Yi was about to take action, Ye Feng suddenly spoke up.

"Um?"

Master Yi's expression, which was originally sighing, suddenly became extremely exciting.

He couldn't help but stare at Ye Feng in front of him to make sure he heard correctly.

"Master Yi, I am indeed not dead."

Ye Feng opened his eyes at this time. Under Master Yi's shocked gaze, he stretched out his hand, holding a very ancient talisman in his hand.

"This is... a powerful talisman with the attribute of fire. It saves

about you? "Master Yi has extraordinary eyesight and couldn't help but say immediately.

Ye Feng nodded and said: "This is the Flame Ancestral Talisman. It is a powerful talisman that I got from the low-level world I came from. It can restrain any flame in the world. Although I came to the origin world, the Flame Ancestral Talisman It seems that it is not so powerful and cannot completely suppress the saint's flame, but it can still protect my safety from being burned by the saint's flame."

"Very good!"

Master Yi immediately showed joy at this time, and then said aloud: "The only way now is to suppress the saint's flame into your body. In this case, you and the saint's flame will merge together, It can not only solve your life and death crisis, but also improve the quality of your natal flame."

When Ye Feng heard this, he was a little surprised and said: "This saint's flame originally belongs to you, Master Yi, how can I have the nerve to fuse it?"

"Hahaha."

Master Yi laughed and said: "Although the Holy Flame is precious and rare, in my eyes, it is not a priceless thing. Now that the Holy Flame is attached to you, I will grant you a great blessing."

boom!

"The power of Jiuding!"

At this moment, Master Yi released the power of his Nine Cauldrons and suppressed the Saint's Flame in Ye Feng's body.

Ye Feng stopped being pretentious at this moment, and he will repay Master Yi more in the future.

At this moment, Ye Feng circulated his own natal flame and quickly merged with the saint's flame.

Although Saint Flame is very terrifying, it has already fought against two top powerhouses, Master Yi and Yunlan, and was in a state of severe damage.

Moreover, now there is the power of the Nine Cauldrons, Master Yi, the Nine Cauldron Alchemy Master, to help him refine and fuse it.

Therefore, Ye Feng spent a full half an hour and finally successfully integrated this rare and incomparable saint's flame.

Buzz!

Ye Feng could feel that his natal flame had undergone a qualitative transformation all of a sudden!

Ye Feng's originally colorful natal fire merged with the saint's flame at this moment, and suddenly turned into a noble golden flame.

It has to be said that after the saint's flame merged into Ye Feng's hodgepodge of natal fire, it seemed to become

A big brother whose color has turned into the golden color of the saint's flame itself.

At this time, Ye Feng could feel that the quality of his natal fire had once again been improved, directly transforming from the previous fourth-grade perfection to the fifth-grade elementary level!

Of course, Ye Feng's definition of his flame quality is based on the previous definition and title in that low-level cave world.

According to the name of the Great World of Origin, Ye Feng's current flame quality is at the "primary level of the Five Cauldrons".

Master Yi is the master of Jiuding alchemy.

In addition to the quality of the natal flame, the alchemist's level is also based on the alchemist's alchemy skills.

Therefore, Master Yi's flame quality is Jiuding level, and his alchemy skills are also at Jiuding level, so he deserves to be called "Jiuding alchemy master".

Although Ye Feng's flame quality has now been upgraded to the fifth level and he is a "Five-Tripod Alchemist", Ye Feng's alchemy skills may not yet reach the Five-Tripod level.

Therefore, Ye Feng is now barely considered a quasi-Wuding level alchemist.

"Very good!"

Master Yi looked a little surprised at this time and couldn't help but said: "I just had the attitude of giving it a try, but I didn't expect that Ye Feng, you are really talented. At such a low level, you successfully integrated the saint's flame. "

Ye Feng quickly clasped his fists and said, "Thanks to Master Yi's help!"

Master Yi patted Ye Feng on the shoulder and said with a smile: "This is also your own creation, I am just the icing on the cake. In the future, our Yiyuan Dao Sect will have another alchemy master. Work hard, I am very optimistic about you. "

Uh-huh!

At this time, Yun Lan flew up from the ground, her beautiful and deep eyes were fixed on Ye Feng, and she couldn't help but said: "Master Yi, you are really generous. You just gave away the Saint Flame. It seems that , you really value this junior."

Master Yi smiled slightly and said, "I am also cultivating talents for our Yiyuan Dao Sect."

Yun Lan didn't reply, but just said: "You haven't got the Saint Flame Master Yi, so are you ready to leave like this?"

Master Yi laughed and said: "Of course not. I promised you, Master Yunlan, that I will definitely do it. Now we are going to look for the lost ancient civilization in this desert ruins. I will definitely do my best to help Master Yunlan find that." The inheritance of ancient civilization."

Chapter 3023 Eat a big meal

The three of them continued to move forward, going deep into the sand sea area.

"boom!"

Suddenly, a piece of soil in front of him exploded, and a huge black scorpion emerged from the desert, its teeth and claws showing.

The huge scorpion tail stinger is like a black spear, full of extreme sharpness and poison.

Uh-huh!

The tail thorn stabbed towards the three people in an instant. .??.

At this time, Yun Lan suddenly looked at Ye Feng beside him and said: "Just right, Ye Feng, you can try the Saint Flame that you fused by chance and see how powerful it is."

Hearing what Yun Lan said, Ye Feng's eyes suddenly froze, as if he didn't expect that this noble female sect master would take the initiative to mention him.

Master Yi also stroked his beard and smiled at this time, and said aloud: "Ye Feng, just follow what Sect Master Yunlan said and try the Saint's Flame. The Saint's Flame is very powerful and can become your enemy. Strong trump card."

"good."

Ye Feng nodded. He also wanted to test whether the terrifying saint's flame was really that powerful.

After all, the saint's flame is something that even great figures like Master Yi and Sect Leader Yunlan consider precious.

At this time, Ye Feng took a deep breath and flew forward.

Master Yi and Sect Master Yunlan stood on the steel ship behind them, watching what Ye Feng did.

"boom!"

At this time, the ferocious aura emanating from the huge desert black scorpion rushing in front was extremely terrifying. The aura of cultivation on its body was definitely a powerful creature at the holy realm level that surpassed the heavenly realm and was very powerful. The terrifying desert bug is very vicious.

When encountering such a terrifying desert insect, even a human warrior of the same level as the Holy Realm would probably have to avoid the edge for a while.

But this time

At the same time, Ye Feng stared directly at the huge desert black scorpion, and then instantly activated his own natal flame.

Now Ye Feng's natal flame is almost dominated by the saint's flame, so with a "boom", a golden flame aura rushed out of Ye Feng's body, looking very noble.

"boom!!"

Then Ye Feng punched directly in front of him, almost at the moment when Ye Feng punched out.

Wow!

All the golden flames on Ye Feng's body surged out, condensing into a huge fist of golden flames directly above the entire sky, and then struck hard on the desert black scorpion.

"Boom!"

Almost at the next moment, the whole body of this desert black scorpion suddenly caught fire, crackling with fire.

The entire body of the black scorpion was burning violently, emitting a foul smell, like beacon smoke.

"Howl howl howl..."

This huge desert black scorpion immediately let out a very painful howl and immediately retreated quickly.

Obviously, the burning power of Ye Feng's Saint Flame is too terrifying.

Even this extremely powerful and vicious black scorpion was unable to withstand Ye Feng's flame attack.

Seeing this scene, Ye Feng's eyes showed surprise.

You must know that the punch he just made was just an ordinary punch, but because it stimulated the power of the saint's flame, the destructive and burning power that exploded was extremely terrifying.

At this moment,

Seeing the desert black scorpion trying to escape, Ye Feng rushed forward, his whole body burning with golden flames, as if he was possessed, like a golden god of fire, his every move was filled with monstrous flames. force.

The desert black scorpion, which was as huge as a mountain, was an evil insect. It didn't last long before it was roasted by Ye Feng. It even gave off the aroma of roasted scorpions.

Uh-huh!

At this moment, Master Yi and Yun Lan flew over from the steel ship behind them and stood beside Ye Feng.

Yun Lan nodded slightly, seeming quite satisfied, and said: "As expected of the Holy Flame, your Yiyuan Dao Sect has very good luck. You have another alchemy wizard, and his combat power is also very good."

Master Yi seemed quite proud when he heard what Yun Lan said, and said loudly: "That's right, Ye Feng is the junior I value most."

Yunlan's beautiful eyes were fixed on Ye Feng beside her, and she said aloud: "If you have a chance, come and see our Tianlei Sect. Maybe you think our Tianlei Sect is good and will join our Tianlei Sect. I can I'll give you the position of great protector of Tianlei Sect."

Master Yi glanced at Yunlan and said with some reproach: "Master Yunlan, if you speak so directly in front of me, won't it have a bad impact?"

Yun Lan smiled slightly, with a mature and confident girl's smile on her beautiful face, and said: "Haha, a good bird chooses a tree to roost in. I didn't force Ye Feng, it was just an invitation. Master Yi, don't be too nervous."

Ye Feng's eyes showed surprise at this time.

In the Eastern Territory, where the Great World originated, are all the major forces so short of talents?

In this short period of time, Ye Feng was invited by two powerful people.

And they are all noble people.

For example, the country of ten thousand demons that invited me in the underground city black market before

Princess Bauhinia.

And the current female sect leader of Tianlei Sect, Yunlan.

They are all well-known big shots.

Therefore, Ye Feng feels that all the major forces in the Eastern Territory are probably lacking in geniuses.

However, maybe he is just too good.

This is also possible.

At this time, Master Yi and Yun Lan walked forward. Under Ye Feng's shocked eyes, they actually started to pull off the roasted scorpion legs and claws of the desert black scorpion, and then began to eat the scorpion meat.

This desert black scorpion has been roasted by Ye Feng's saint's flame.

But the whole body still smells like pests.

Ye Feng felt a little dirty.

But when Master Yi waved his hand and asked Ye Feng to have a taste.

Ye Feng took a bite of the black scorpion's scorpion meat, and his eyes suddenly lit up: "It tastes so good!"

It turns out that the smell of evil insects emitted by black scorpions is just the smell of scorpion shells.

The roasted scorpion meat is still very fragrant.

And after eating, Ye Feng found that a stream of heat melted in his body, which was continuously strengthening his body.

Sect Master Yunlan ate very elegantly. She even took out a set of silver props from her storage ring and cut up the scorpion meat from the two big claws of the scorpion in the desert. She looked very goddess-like.

Sect Master Yunlan said: "The black scorpion meat roasted with the saint's flame is indeed a delicacy in the world, which cannot be eaten anywhere else."

Master Yi took out a pot of wine and asked Ye Feng to drink with him.

Ye Feng suddenly understood that the reason why the two powerful men let him deal with this black scorpion was to have a big meal!

Chapter 3024 Snake Tribe

After eating and drinking, Ye Feng continued to move forward with Master Yi and Sect Leader Yunlan.

Not long after they advanced, they suddenly saw a large building appearing at the end of the land in front of them.

These buildings are basically ancient castles with an exotic architectural style.

At this time, Master Yi's eyes revealed a hint of surprise, and he couldn't help but say: "This seems to be a native civilization in the desert. Perhaps, we can ask them about the ruins of that ancient civilization."

Hearing this, Yun Lan nodded immediately and said, "Okay, we can ask this local person who has been living here. He should know some traces of that lost ancient civilization."

When Ye Feng heard this from the side, he couldn't help but asked curiously: "Master Yi, what kind of civilization is that lost civilization that you have been talking about for so long? It must be very exciting that even Sect Master Yunlan is looking forward to it. It's extraordinary."

Master Yi nodded slightly and said aloud: "It was a lost ancient marine civilization, which once gave birth to an unparalleled king of the ocean. We call him 'Sea King'. It is said that the natal weapon of the King of the Sea is a rod of gold." The trident contains the will of the ancient Sea King and is very powerful. It is said that if one obtains the inheritance of the Sea King, he can communicate with any water-type creature and thereby control the majestic power of the ocean."

Neptune?

Golden Trident?

The majestic power of the ocean?

Hearing what Master Yi said, Ye Feng's eyes were slightly startled and he couldn't help but ask: "But this is a sea of sand. Is there really a lost marine civilization in the desert?"

"some."

Yunlan, the peerless female sect master, spoke up, her beautiful eyes filled with unwavering trust, and said: "The reason why the sand sea is called the sand sea does not mean that this is a desert, but that this place is a desert." It was originally a vast and endless ocean area, but with the changes of the sea and the stars, the ancient ocean here disappeared and turned into an uninhabited and endless desert, which became very decayed. "

Hearing what Yun Lan said, Ye Feng immediately became enlightened.

He nodded and realized that this vast and endless desert was once a vast ocean.

But it finally changed and turned into the barren desert it is today.

At this time, the three of them moved forward together and arrived in front of the desert native building not far away.

But just when they arrived here, Ye Feng's eyes suddenly moved.

He saw that the people living in those buildings were not human beings, but snake people.

These snake-men look like humans on the top and the body and tail of a snake on the bottom. They look very strange.

"They are the snake people in the desert."

At this time, Yun Lan seemed to have thought of something and couldn't help but murmur.

Swish, swish, swish!

Swish, swish, swish!

At this time, snake warriors wearing armor suddenly surged out of the building below.

They all held spears with shining black light in their hands, which seemed to be a special weapon. They all surrounded Ye Feng and the three people who came here.

At this time, the commander of a snake warrior stared at Ye Feng and the others with vigilant eyes, and warned: "This is the territory of our snake clan. You outsiders, get out of here quickly. Otherwise, don't blame us, all the snake warriors will take action and kill you on the spot!"

At this time, Master Yi spoke up and said: "We are not here with any hostility, we just want to inquire about some of the surrounding terrain. We want to know the traces of the ancient marine civilization here."

"Ancient marine civilization?"

Hearing this, the snake warrior showed impatience in his eyes and said loudly: "We don't know any weird ancient marine civilization. Now we only give you two choices. The first choice is to hurry up and get out.

The second option is to be killed by us on the spot! "

Buzz!

At this moment, after the snake warrior finished speaking, thousands of snake warriors around him all raised their spears in an instant, and pieces of pitch-black light immediately surged out from the tips of the spears, emitting... There are terrible energy fluctuations.

"You guys are ignorant."

Master Yi was angry.

Originally, he was going to ask these snake people peacefully.

But these snake people didn't buy it. .??.

As a master of Jiuding Alchemy, Master Yi has never taken these snake people seriously.

At this moment, Master Yi's body suddenly surged with a huge and terrifying aura.

Buzz!

At this time, Ye Feng stood beside Master Yi, with a golden flame coming out of his body, ready to fight.

"Wait a moment."

But at this tense moment, Yun Lan suddenly stood in front of Ye Feng and Master Yi, telling them not to take action for the time being.

Yun Lan looked into the deepest part of the snake tribe, suddenly strengthened her voice, and said, "Queen Medusa, I haven't seen you for many years, don't you recognize me? Is this how you treat guests?"

"Queen Medusa?"

Ye Feng and Master Yi were stunned when they heard Yun Lan say this.

Does Sect Master Yunlan still know the commander of this snake tribe deep in the desert?

Queen Medusa is rumored to be the leader of the desert snake people. She is stunningly beautiful and has an alluring appearance. However, it is rumored that anyone who is looked at by Queen Medusa will be petrified and turned into a stone man.

"Master Yunlan, it's true that we haven't seen each other for many years. I never thought that we two sisters would be able to meet again in our lifetime."

A voice full of endless temptation suddenly sounded from the depths of the snake tribe.

one

A stunningly beautiful woman wearing a purple dress, exuding a mysterious aura, flew over from the depths of the Snake Tribe.

"Queen Medusa is your sister?" Master Yi couldn't help but glance at Yun Lan beside him suspiciously.

Yun Lan quickly explained: "Back then, when I was not the leader of Tianlei Sect, I met Medusa, a snake spirit who had just become a successful practitioner. The two of us experienced some special things, so we became god sisters. It's just that in the end we each went our own way. We haven't seen each other for many years and we are very unfamiliar. When I first came to this snake tribe, I carefully sensed a familiar scent, and I didn't expect it to be Medusa. I didn't expect the Queen's aura. She never appeared in the Eastern Territory. She didn't leave the Eastern Territory, but lurked into the depths of the sand sea and commanded a snake tribe civilization."

While Yun Lan was explaining secretly, Queen Medusa had already arrived in front of the three of them.

All the surrounding snake warriors knelt on one knee and said respectfully: "Greetings to the Queen."

Medusa just stared at Yunlan, and then glanced at the old man, Master Yi, seemingly uninterested.

Finally, Medusa's eyes suddenly fell on Ye Feng, the most inconspicuous person in front of her. An inexplicable smile suddenly appeared on her beautiful face, and she said aloud: "What a good young man from the human race. Are you willing to stay with me? I can give you any treasure you want."

Ye Feng's eyes were stunned, and he was a little confused. He and Queen Medusa had never met before, they were just strangers. Why were they so enthusiastic when they met?

Emperor Chu's voice suddenly spoke in Ye Feng's mind: "This Medusa has practiced the Great Charm Technique and is a strong spiritual power. The soul gem in your body, Ye Feng, is naturally attracted to this kind of snake demon." Although she can't see through that you possess the Soul Gem, you, as the master of the Soul Gem, will make this powerful snake demon have a natural affinity for you."

"..."

Ye Feng was speechless when he heard this.

Soul gems still have this kind of operation?

Chapter 3025 Ancient Map

At this moment, seeing Ye Feng's silence, Emperor Chu continued to say in his mind: "But although your soul gem has a natural attraction for this Medusa, you can't say for sure what this Medusa is." Will it directly rob you of the soul gems, so Ye Feng, you'd better take it easy."

When Ye Feng heard what Emperor Chu said, he immediately nodded.

Ye Feng also knew very well that Queen Medusa was definitely not a simple lord, but an extremely cunning being, otherwise it would be impossible to command the entire snake tribe.

So at this time, Ye Feng didn't say much, but just stood behind Master Yi and Yunlan.

At this moment, Yunlan stood up and said: "Queen Medusa, we are here this time not to target the snake tribe you command, but to find the remains of the ancient Sea King's civilization."

Queen Medusa smiled and said aloud: "Actually, I have been looking for traces of the ancient Sea King's civilization recently, and I have also found some clues. You can follow me."

After Queen Medusa finished speaking, she turned around and walked towards the inner area of the snake tribe.

Sect Leader Yunlan and Master Yi looked at each other, nodded, and followed Queen Medusa towards the depths of the Snake Tribe. Ye Feng also quickly followed.

Ye Feng actually doesn't worry much about his own safety.

Because, even though the snake demon Queen Medusa is very powerful, the two top powerhouses around her are also terrifyingly powerful.

Even if Queen Medusa has any bad intentions, she probably won't be able to stop Sect Master Yunlan and Master Yi from joining forces.

Moreover, Queen Medusa had a close relationship with Sect Master Yunlan in her early years, so she would not frame them.

On the way, Queen Medusa suddenly turned around and looked at the people beside her.

Several people standing there spoke out: "I can provide you with some clues about the ancient marine civilization, but you must also promise me that you will take me to find that marine civilization together, because I have some knowledge about that lost marine civilization. I am also very interested in the treasures left behind, which will make me stronger. To be honest, our entire snake tribe is inherited from a powerful race in the ocean civilization, the Ocean Black Snake Clan."

Hearing what Queen Medusa said, several people present showed surprise in their eyes. It seemed that they did not expect that the snake tribe that Queen Medusa belonged to was actually a race inherited from the marine civilization back then.

At this time, Sect Master Yunlan said: "Don't worry, as long as you can provide us with clues, you can join our search team, and if you, a strong man like Medusa, join us, we will enter the lost ocean." The ancient ruins of civilization are safer."

After Yun Lan finished speaking, Master Yi nodded in agreement.

Ye Feng naturally had no objections.

After all, I am currently just a small follower behind the two powerful men. Everything depends on the choices and decisions of Master Yi and Sect Master Yunlan.

At this time, Queen Medusa nodded immediately and said loudly: "We have arrived."

At this moment, Queen Medusa has led three people to the deepest area of the snake tribe.

There is an ancient dilapidated hall here.

Queen Medusa said aloud: "This hall is the only existing building left over from that ancient marine civilization. After so many years,

Despite the vicissitudes of life, there is no decay, but it is slightly dilapidated. You may be able to discover some secrets from it. Anyway, I have been studying it for many years, and I always feel that this hall is very mysterious. "

"That ancient marine civilization back then still left behind such a complete building?"

Sect Leader Yunlan and Master Yi couldn't help but light up their eyes at this time, and walked directly into the hall.

Ye Feng also followed.

While the two of them were exploring the entire hall. ??

Queen Medusa is very close to Ye Feng.

Ye Feng felt that this beautiful snake demon queen was very dangerous and deliberately avoided her.

But Queen Medusa has always wanted to get closer to Ye Feng.

At the end, she found that Ye Feng seemed to be really avoiding her. Queen Medusa couldn't help but asked: "My sister won't eat you, why are you avoiding me?"

Ye Feng showed an awkward smile and said, "I always feel that you are in danger."

Hearing Ye Feng's honest answer, Queen Medusa couldn't help but chuckle. She came to Ye Feng's side, stared at Ye Feng with her beautiful and mature eyes, and said loudly: "Don't worry. , My sister just has an inexplicable fondness for you, and she doesn't have any bad thoughts towards you. Moreover, my sister is really curious about why you have an inexplicable attraction to me, which makes me feel very comfortable being around you. It feels so strange."

Ye Feng knew that that was the function of the soul gem.

But Ye Feng naturally wouldn't say it directly at this time.

"I found some clues!"

Master Yi suddenly spoke not far away at this time.

Swish, swish, swish!

Several people present

People gathered there one after another.

Buzz!

At this moment, a ball of flame appeared in Master Yi's palm, baking an ancient hall wall.

As Master Yi baked, patterns suddenly appeared on this ancient wall that was originally empty.

These patterns come together like an ancient and mysterious map.

"As expected of the Jiuding Alchemy Master among the human race, he discovered the clues so quickly. I have been studying for many years, but I have never thought of using this method to find clues."

At this time, Queen Medusa looked at the map on the wall baked by Master Yi with flames, and she couldn't help but admire it.

Sect Master Yunlan also had a look of surprise in his eyes at this time, staring at the ancient map revealed on the wall, and suddenly couldn't help but said: "According to the guidance on the map, the entrance to the ancient marine civilization ruins is within this hall. , that's where we are at this moment!"

"Um?"

Hearing what Yun Lan said, several people present looked surprised.

Then Queen Medusa sighed: "After studying it for so many years, I didn't expect that the entrance is within my snake tribe. It's really surprising."

At this time, Master Yi had already found a corner of the hall according to the instructions on the map and patted it with his hand.

"Click, click..."

A huge groove suddenly appeared on the ground.

Queen Medusa flipped her palm, and several rough stones appeared and were stuffed directly into the grooves.

"Buzz!"

The next moment, the entire hall lit up with a large piece of divine light, covering all the people present.

Chapter 3026 The Lost Ocean Civilization

Buzz!

This sudden divine light was obviously a very ancient teleportation array.

The moment the light came on, all the figures present disappeared into the hall.

"Buzz!"

Accompanied by a violent dizziness, the group opened their eyes again and found that they were already in an ancient ocean underground.

The air here is very humid, and the space is filled with a very strong aura of water element. ??

At this moment, Yunlan looked around and said aloud: "This should be under a very special ocean. It may have been the birthplace of that marine civilization."

At this time, Ye Feng seemed to have seen something, and suddenly said: "There is a golden hall not far away. It looks very extraordinary. Let's go and have a look."

Swish, swish, swish!

The moment Ye Feng finished speaking, the other three people present all looked in that direction.

Sure enough, I saw a golden hall, standing in an ocean ditch not far away.

It was a very deep ocean ditch, surrounded by darkness, so the golden hall looked very conspicuous, as if it had just been built, and it was extremely brilliant.

At this moment, the group of people sped quickly in that direction.

In less than a moment, they had arrived not far from the golden hall.

But at this moment, everyone suddenly discovered that in the mud of this extremely dark ocean ditch, there were actually very ferocious and evil-looking venomous snakes living there.

Buzz!

At this moment, quite powerful fluctuations were transmitted from the golden hall, causing the eyes of several people present to move.

Yunlan couldn't help but her eyes lit up, and she said aloud: "The golden trident of Neptune, that

Isn't a legendary treasure located in this golden hall? "

He does not mean that.

Buzz!

At this moment, the beautiful figure of Queen Medusa flew forward in an instant.

The poisonous snakes surrounding the dark trench where the Golden Hall stood, all gave way to Queen Medusa at this moment.

Obviously, Queen Medusa, as the queen of the snake demon clan, has natural control over snakes.

At this time, Yun Lan and others were also ready to follow.

"Shuashuashua..."

But at this moment, countless black poisonous snakes densely packed around suddenly surged over, blocking Yun Lan, Master Yi and Ye Feng from outside.

When Yun Lan saw this, her eyes suddenly changed. She couldn't help but look at Queen Medusa behind the group of poisonous snakes, and said loudly: "Medusa, we agreed before that we have found the ancient ruins of this marine civilization. Let's explore together."

"Hehehe."

Queen Medusa laughed, her beautiful eyes full of cunning, and said loudly: "This golden hall may contain the most powerful treasure of the ancient Sea King, the Golden Trident. Once I get it, the blood will I have undergone tremendous transformation and evolved towards a greater level of life, which I cannot share with you."

Uh-huh!

After saying that, Queen Medusa flew directly into the golden hall and disappeared.

"this.....!"

When Yun Lan saw this scene, she suddenly became furious.

"boom!"

Her eyebrows lit up

The light, "swish, swish" rushed out, and nine lightsabers composed of white light rushed out, spinning rapidly around Yunlan.

Almost all the densely packed venomous snakes that rushed over were cut into pieces by the lightsabers around Yun Lan in an instant with a "puff" and "puff".

"boom!"

At this time, Master Yi's body suddenly burst out with a large amount of terrifying flames, and the black poisonous snakes flying around were burned to ashes in an instant.

Obviously, the two top powerhouses couldn't bear it at this moment. Even if they rushed into the terrifying group of venomous snakes in the trench, they still wanted to snatch the treasures in the golden hall.

"Saint's Flame!"

At this moment, a large golden flame surged out of Ye Feng's body, ready to rush into it.

Because the two top powerhouses, Master Yi and Yunlan, were so fast, Ye Feng could hardly see the backs of the two top powerhouses.

"Don't worry!"

But suddenly at this moment, Emperor Chu's voice suddenly sounded in Ye Feng's mind. ??

Ye Feng stopped subconsciously and couldn't help but ask: "What's wrong?"

Emperor Chu said aloud: "The treasure in the golden hall should not be the golden trident of the Sea King, but it should also be a powerful treasure. But with Ye Feng's current cultivation level, if you compete with the three top powerhouses, there is no way There is no hope, so you might as well go somewhere else."

When Ye Feng heard what Emperor Chu said, he thought for a moment, then nodded and said: "You are right, and, in fact, I am not very interested in the Golden Trident. After all, it is just a powerful It's just a magic weapon, I'm interested in various resources and inheritance that can improve your cultivation skills."

At this time, Ye Feng quickly retreated and avoided the attack of a large group of black poisonous snakes.

re

Uh-huh!

Ye Feng rushed quickly in a certain direction.

The direction Ye Feng flew to at this time was an area deeper into this ancient ruins.

It was dark there, and no one knew what was there.

Even with the strength of Ye Feng's soul power at this time, he was unable to detect things in the darkness.

"Buzz!"

At this time, Emperor Chu in his mind began to inspire the powerful power of the soul gem, and a huge and boundless perception spread out from Ye Feng's head in an instant.

At this moment, Emperor Chu immediately spoke out: "Go nine thousand meters toward the southeast, then turn left for three thousand meters. There are some energy fluctuations there. You can go and see what they are."

With Emperor Chu's "navigation", Ye Feng was very relieved and quickly rushed towards that location according to Emperor Chu's guidance.

Soon, Ye Feng arrived at his destination.

At this time, Ye Feng immediately saw that this was a land of ocean that had dried up long ago.

In this dry ocean area, there are many dilapidated buildings.

What struck Ye Feng most was that in the middle of this dilapidated building, there was a huge blue tower towering into the sky.

Buzz!

Even though the marine civilization has long since disappeared, the giant blue tower still emits a faint light at this moment, giving people a rather sacred feeling.

"This giant blue tower gives me the feeling that it is more ancient and sacred than the golden hall. It has a pilgrim-like feeling. It is definitely a building with some special function in the marine civilization of that year."

Ye Feng was thinking in his mind at this time, and immediately flew towards the giant blue tower in front of him.

Chapter 3027 Tower of Poseidon

When Ye Feng had just reached the entrance area of the giant blue tower, suddenly a blue divine light surged out of the ancient gate, forming a blue giant with a height of more than ten meters.

This blue giant is wearing armor and holding a scepter made of divine light in his hand. He looks very sacred.

Ye Feng stared at the blue-light armored giant in front of him and felt a rather palpitating feeling from him.

This blue-light armored giant is obviously very powerful and is definitely an ancient heroic spirit.

"Outsiders, you are not from our Ocean Clan and are not allowed to enter the Tower of Poseidon."
The blue-light armored giant suddenly spoke up.

"Tower of Poseidon?"

Ye Feng stared at the majestic blue tower in front of him, and his eyes suddenly lit up.

At this time, Ye Feng looked at the blue-light armored giant in front of him who was blocking him, and said loudly: "Sorry, I am very interested in this Poseidon Tower, so I can only force my way through."

boom!

Almost at the moment Ye Feng finished speaking, he didn't hesitate at all and directly burst out his huge soul power and rushed towards the blue-light armored giant.

This blue-light armored giant is a heroic being composed of a soul body and needs to be dealt with by a soul master.

"boom!"

Ye Feng's soul power is still very strong now.

At this moment, Ye Feng took action instantly, and his huge soul power burst out with terrifying destructive power. Suddenly, a soul storm formed, which directly impacted the blue-light armored giant in front of him, causing very serious damage to him. sex.

"The power of Poseidon!"

boom! !

At this moment, the scepter in the hand of the blue-light armored giant suddenly burst out with a huge blue light, which directly condensed into a vast sea and rushed towards Ye Feng, as if it could destroy Ye Feng's entire body. The body was shattered by the impact in an instant.

"Gem of Brute Strength!"

At this time, Ye

Feng instantly integrated the brute force gem into his fist, directly blasting out a huge fist force.

"Boom!"

The power of this fist was extremely terrifying. Ye Feng's fist instantly broke through the power surge of the ocean and directly bombarded the blue-light armored giant.

"boom!"

Along with a huge roar, Ye Feng smashed the blue-light armored giant into pieces in an instant.

"Success!"

Ye Feng's eyes suddenly lit up with joy.

"Don't be happy too early."

But suddenly at this moment, a cold voice sounded.

Not far away from the entrance of the Poseidon Tower, another wave of blue light surged out, and a tall and majestic blue-light armored giant re-condensed on the spot.

"Huh? He actually condensed another body!"

Ye Feng's eyes were filled with surprise.

At this time, the blue-light armor giant slowly spoke out: "I am the guardian spirit of the Poseidon Tower. If the Poseidon Tower is not destroyed, I will not be destroyed. No matter how powerful you are, you cannot destroy it at all." mine."

When Ye Feng heard this, his eyes immediately showed surprise. He didn't expect that this blue-light armored giant was actually the guardian spirit of the Poseidon Tower.

At this time, Ye Feng slowly walked towards the blue tower.

The blue-light armored giant said loudly: "What are you going to do?"

Ye Feng said: "I can't destroy you, but as long as I control this Poseidon Tower, doesn't that mean I control you."

When the blue-light armored giant heard this, he immediately smiled faintly and said: "Only the most orthodox bloodline of the marine civilization can enter the Poseidon Tower and control the Poseidon Tower. Others can enter it."

, it is impossible to get recognition from Poseidon Tower, and it is impossible to control Poseidon Tower. "

At this time, Ye Feng heard the blue-light armor giant say this, his face showed confidence, and he said: "Then we will wait and see."

Buzz!

After saying that, Ye Feng walked directly towards the inside of the blue tower with firm steps.

The blue-light armored giant not far away no longer stopped Ye Feng, but came to Ye Feng's side, walked side by side with Ye Feng, and said loudly: "Then let me see what you are capable of, how dare you disobey the ancient times. The Will of the Ocean God."

When Ye Feng heard this, he just smiled lightly and said, "Just watch."

"Buzz!"

At this time, Ye Feng walked to the gate of the blue tower, looked at the ancient gate in front of him, and stretched out his hand to press it.

The blue-light armored giant standing next to him smiled and said: "The gate of this Poseidon Tower was made by our Lord Poseidon back then, using god-level ocean steel hundreds of thousands of meters below. It took hundreds of years to build." It has just been cast, let alone you, even the top human race experts who came with you can't break it." .??.

Obviously, this blue-light armored giant is very aware of everything that happened in the entire marine civilization ruins.

But at this time, Ye Feng, who was being ridiculed, had an extremely calm look in his eyes. He didn't say much, just a faint smile flashed across the corner of his mouth.

At this moment, Ye Feng directly released one of his natural talents, the God Clan Gloves.

"Buzz!"

The surface of Ye Feng's palm was immediately covered with a divine glove.

At this moment, Ye Feng released the God Clan gloves and directly began to extract the attribute power from the gate of the Poseidon Tower in front of him.

"Crash..."

Suddenly, streams of very special ocean properties and steel properties were all extracted and injected into Ye Feng's body, starting to

Begin to merge.

At this moment, Ye Feng could immediately feel that his body's physique was rapidly and continuously improving.

"boom!"

The second level of the early stage of the seventh heaven of the chaotic body!

"boom!"

The third level of the early stage of the seventh heaven of the chaotic body!

"boom!"

The fourth level of the initial stage of the seventh heaven of the chaotic body!

"boom!"

The fifth level of the early stage of the seventh heaven of the chaotic body!

At this moment, Ye Feng's chaotic body was greatly improved and transformed.

Ye Feng could feel that the strength of his body had increased a lot again.

"How can it be....."

At this moment, the most shocked person was naturally the blue-light armored giant standing next to Ye Feng.

The guardian spirit of the Poseidon Tower, at this time, looking at the door in front of Ye Feng that he boasted about, it turned into as fragile as tofu in a short period of time, and collapsed all of a sudden.

"This is incredible."

The blue-light armored giant couldn't help but murmured: "This is impossible."

But just when the blue-light armored giant was doubting his life, Ye Feng was satisfied and walked into the blue tower.

When Ye Feng entered the giant tower, he immediately saw a shocking scene.

I saw a huge and majestic Poseidon sculpture standing inside the huge interior.

This Poseidon sculpture looks very domineering, full of majesty, giving people the feeling that it is like a god standing there.

At this time, the blue-light armored giant followed from behind, with a pious look in his eyes, and said loudly: "This is the great Poseidon. Human boy, give up. Even if you enter the Poseidon Tower, You can never be certified by the Poseidon, and mortals cannot disobey the gods."

Chapter 3028 Holy Spirit

At this time, Ye Feng heard the blue-light armor giant say this, his eyes were still extremely calm, just staring at the huge Poseidon sculpture in front of him.

Then, Ye Feng spoke slowly: "I don't need to be recognized by Poseidon's will, because I will directly suppress it."

Ye Feng said these words extremely calmly, but it contained an extremely domineering temperament.

At this moment, when the blue-light armored giant heard what Ye Feng said, his eyes widened and he looked extremely shocked. .??.

Obviously, he never thought that Ye Feng would be so courageous and dare to say such rebellious words.

At this time, the blue-light armored giant immediately spoke with an extremely stern voice, and said angrily: "Young man from the human race, even if you are powerful and extremely talented, you cannot be so disrespectful to the great Poseidon. Now you must admit your mistake in front of the Poseidon sculpture. Mortals must be reverent in front of gods and maintain a pious heart. Only by believing in gods can they gain powerful power and gain blessings."

Ye Feng heard what the blue-light armored giant said at this time, and just smiled coldly and said: "Since I entered the path of spiritual practice, I don't pray to gods, worship Buddha, or pay homage to saints. I only believe in myself. Only man can defeat heaven, and it is of no use to believe in any illusory gods. My strength is obtained bit by bit through my hard work and struggle. The human

race is constantly striving for self-improvement, and there is no need to believe in gods such as Poseidon! "

boom!

After Ye Feng finished speaking, a terrifying aura of will suddenly erupted from his body, and he rushed to the Poseidon sculpture in front of him and punched out a terrifying fist.

Boom!

Ye Feng directly smashed the Poseidon sculpture in front of him into pieces.

"you.....!"

When the blue-light armored giant saw this scene, his eyes suddenly changed.

But before the blue-light armored giant could say anything, Ye Feng had already grabbed a stone emitting blue light from the broken sculpture.

When the blue-light armored giant saw this scene, his eyes suddenly froze, and he couldn't help blurting out: "The heart of the ocean! It's actually hidden in the Poseidon sculpture!"

Obviously, the guardian spirits of the Poseidon Tower don't know about this.

Because he has always regarded the Poseidon sculpture as his belief, he would never touch the Poseidon sculpture, let alone break it.

At this moment, after Ye Feng smashed the Poseidon sculpture, he obtained this heart of the ocean, which contained a huge ocean power and contained the Poseidon's will.

"What a huge amount of ocean energy!"

Ye Feng could feel at this moment that this Heart of the Ocean stone contained very terrifying ocean energy.

"Gulu!"

Almost at the next moment, Ye Feng swallowed the stone.

boom! !

Then a huge amount of ocean-type energy exploded directly in Ye Feng's entire body.

Ye Feng's whole body began to emit a bright blue light even at this moment.

The guardian spirit of the Poseidon Tower standing next to him saw Ye Feng swallowing the stone Heart of the Ocean. His expression immediately changed and he couldn't help but said: "This is what happened after our Poseidon fell." The essence of the stone left behind contains the boundless and terrifying power of the ancient Poseidon. If you swallow it directly, your mortal body will simply not be able to withstand the power of this god!"

However, Ye Feng didn't pay attention to the guardian spirit at all at this time. He just quickly rotated the Devouring Domain, and in his body, he quickly devoured the powerful energy bursting out from the Heart of the Ocean.

Ye Feng could feel that his cultivation skills were growing rapidly, just like a volcano erupting.

It has to be said that the ocean energy contained in this ocean heart is indeed terrifying and majestic to the extreme. Ye Feng's skills have improved a lot all of a sudden. Ye Feng's cultivation aura immediately began to explode continuously. .

"boom!"

Heavenly Realm Sixth Heaven!

"boom!"

Heavenly Realm Seventh Heaven!

"boom!"

Heavenly Realm Eighth Heaven!

"boom!"

Heavenly Realm Ninth Level!

At this time, Ye Feng's cultivation aura continued to make breakthroughs.

Because the energy contained in the heart of the ocean is so huge, Ye Feng's body is like a bottomless pit, and his terrifying skills are rapidly and continuously increasing.

And at this moment, after Ye Feng broke through the fourth heaven in a row, the energy in the heart of the ocean has not been completely swallowed up, but it still contains nearly half of the energy.

This shocked Ye Feng's heart.

"It is indeed the essence left by the ancient Poseidon. It indeed contains very terrifying energy!"

At this moment, Ye Feng continued to devour, and the cultivation aura on his body continued to rise rapidly.

The guardian spirit of the Poseidon Tower standing next to him saw this scene, with an incredible look in his eyes.

He couldn't help but said aloud: "How is this possible? The power of the great and supreme ancient sea god, why can you, a little mortal, swallow up this energy? And it was also integrated into your humble mortal body. , This is impossible! The power of the gods is supreme and it is impossible for mortals to contain it!"

But even though the guardian spirit of the Poseidon Tower said so, Ye Feng should still devour it.

At this moment, Ye Feng's cultivation aura continues to make rapid and continuous breakthroughs.

This time Ye Feng really got a huge improvement and

Chance makes things happen.

"boom!"

The tenth level of Heaven Realm!

At this time, Ye Feng's eyes were full of divine light, shining boundlessly, and he looked extraordinary, as if a young god had been born.

At this moment, Ye Feng could feel that the energy in the Ocean Heart had not been completely swallowed up.

Ye Feng's cultivation continues to move towards a higher level, constantly transforming.

The next realm behind the Heavenly Realm is the extremely powerful Holy Realm.

When a warrior wants to step into the holy realm, he must condense his own holy spirit.

So at this time, Ye Feng was ready to start condensing his Holy Spirit.

Ye Feng was very serious about this.

Because the strength of the Holy Spirit represents the strength of oneself in the Holy Realm.

The more advanced the Holy Spirit is, the more powerful it will be at the level of the Holy Realm.

At this time, Emperor Chu suddenly said in his mind: "Ye Feng, now you have a good opportunity to condense a very advanced and powerful holy spirit."

When Ye Feng heard Emperor Chu's words in his mind, his eyes suddenly lit up and he couldn't help but ask: "Emperor Chu, what do you mean by this? Is there any way you can let me get the high-level holy spirit?" ?"

Emperor Chu smiled slightly and said aloud: "Where you are now means that you can condense a very advanced holy spirit."

Ye Feng looked around, suddenly his expression changed, and he couldn't help but said: "Emperor Chu, do you mean that this Poseidon Tower can allow me to gather very high-level sacred spirits?"

"That's right."

Emperor Chu nodded in his mind and continued: "As long as Ye Feng can refine and control this Poseidon Tower, and be able to connect with the Poseidon's will in the Poseidon Tower, you will have It is extremely possible to condense an exclusive and unique high-level sacred spirit: the spirit of the Poseidon!"

Chapter 3029 Ocean Pearl

"Spirit of Poseidon?"

Hearing what Emperor Chu said, Ye Feng's eyes suddenly showed excitement, and he couldn't help but ask: "Then how should I refine this Poseidon Tower now?"

At this moment, Emperor Chu suddenly flew out of Ye Feng's mind.

With the help of the power of the soul gem, Emperor Chu directly transformed into a majestic giant of red light, and then stood directly in the entire Poseidon Tower, instantly releasing a very terrifying and huge soul wave.

"Dong dong dong..."

At this moment, the entire huge and majestic Poseidon Tower was shaking rapidly.

The next moment, under the shocked gaze of the guardian spirit of the Poseidon Tower, Emperor Chu directly activated the power of dominance in the soul gem, and at once directly suppressed the Poseidon's will contained in the entire Poseidon Tower.

I have to say that Emperor Chu is still very powerful, and he uses thunderous means whenever he takes action.

The guardian spirit couldn't help but exclaimed: "Young man from the human race, what kind of existence is this red giant of light flying in your mind? Why can't even the great ocean gods resist his power? Can he suppress the ancients? What kind of existence is the power of the gods? It's so terrifying!"

Obviously at this time, the guardian spirit of the Poseidon Tower had been extremely shocked by Ye Feng. He didn't know what to say at all and could only utter exclamations again and again.

At this moment, Emperor Chu, who had turned into a giant of red light, instantly looked at Ye Feng aside and said, "Now! Come to me quickly, break through to the Holy Realm, and then When you evolve the Holy Domain Spirit, directly absorb the Poseidon's will that I suppressed. In this case, the Poseidon's will will become your Holy Domain Spirit, and you will obtain the Poseidon Spirit. Explode the power of the ancient gods!"

"good!"

At this moment, Ye Feng did not hesitate at all and continued to devour and refine all the remaining energy in the Ocean Heart.

boom!

Suddenly, Ye Feng's body burst out with an extremely powerful and terrifying aura of cultivation.

Ye Feng's cultivation level immediately broke through the bottleneck of the tenth level of the Heavenly Realm and reached the first level of the Holy Realm!

At this moment, a blur of void fluctuations suddenly appeared in the void behind Ye Feng.

That was the prototype of Ye Feng's Holy Spirit!

"It's now!"

At this moment, Emperor Chu saw this scene and directly injected the Poseidon's will in the Poseidon Tower into the prototype of Ye Feng's Holy Spirit.

"boom!"

The next moment, Ye Feng, who was originally a vague spirit of the Holy Realm, suddenly took on a form, and burst out with a blue light.

Buzz!

A majestic blue figure condensed and formed in the void behind Ye Feng.

This blue figure is the ancient Poseidon.

The whole body is covered with dense blue scales, the head is that of a dragon, and both hands hold a huge trident, full of the power of the ancient terrifying gods.

"Click, click..."

At this time, Ye Feng suddenly discovered that there were cracks in the huge Poseidon Tower around him, and then like broken glass, it completely turned into countless fragments and scattered all over the ground.

saw this

At this scene, Ye Feng's eyes were a little stunned. Originally, he thought he could obtain the extremely powerful magic weapon called Poseidon Tower.

Emperor Chu flew back to Ye Feng's mind and said aloud: "The support of this Poseidon Tower is the heart of the ocean and the will of the Poseidon. Now that these two things have been refined by you, naturally the entire Poseidon The tower also collapsed."

When Ye Feng heard what Emperor Chu said, he immediately nodded.

This time I have indeed made a huge improvement, it is simply a qualitative transformation!

Just as the two of them were talking, the guardian spirit of the Poseidon Tower not far away began to tremble all over.

Because he discovered that Ye Feng, who he originally thought was a humble mortal, actually possessed such terrifying means and could even possess the will of the great Poseidon. It was really terrifying.

At this time, Ye Feng noticed the guardian spirit not far away, and his eyes showed a hint of surprise. He couldn't help but said: "The Poseidon Tower has collapsed. I didn't expect that your guardian spirit has not dissipated yet. It's quite strange." of."

Plop!

At this time, the guardian spirit no longer had the previous aloof attitude, but suddenly knelt down in front of Ye Feng, kowtowed quickly and said: "My lord, please forgive me, my lord, please forgive me! I was wrong before, and I didn't expect that." The Lord actually has such terrifying methods, and even the great Poseidon's will is played in the hands of the Lord. It's really amazing! The admiration of the villain for the Lord is like an endless stream!"

Seeing the guardian spirit in front of him suddenly make a 180-degree change in attitude, Ye Feng didn't expect it. His eyes suddenly showed a trace of astonishment, as if he had a completely different attitude towards this before and after. The guardian spirit was surprised.

At this time, Ye Feng originally wanted to kill the guardian spirit with his hand.

But Ye Feng seemed to have thought of something at this moment, and walked directly to the trembling guardian spirit and said, "If you want to survive, you have to show your value. So, I can give you a chance to survive now, but you need to tell me all the hidden places of opportunities and fortunes in the ancient ocean ruins around you." When the guardian spirit heard what Ye Feng said, he immediately kowtowed and said, "Don't worry, sir, as long as I know the opportunities and fortunes, I will tell you everything, and I dare not hide anything!" Ye Feng nodded, and then said, "Then you just lead the way." "Yes, sir!" The guardian spirit immediately nodded and said. Half an hour later, the guardian spirit took Ye Feng to a dry area on the seabed not far from the Poseidon Tower. There are actually a lot of purple corals growing here. The purple corals have long been

rotten. But in the mud around these withered purple corals, there are actually many sea clams. When these clams were opened, they actually contained pearls emitting brilliant white light.

Ye Feng could feel that these pearls were not ordinary pearls. Each pearl emitted a faint light and contained very rich energy fluctuations.

The guardian spirit stood beside Ye Feng, looking at the pearls emitting a faint light, and said: "This is the emperor of our ocean civilization. It was the place where ocean pearls were cultivated in the past. Now there are still many ocean pearls left. Each pearl is priceless and has great benefits for adults' cultivation." "Spirit of the Sea God?"

Hearing what Emperor Chu said, Ye Feng immediately showed excitement in his eyes and couldn't help asking: "Then how should I refine this Sea God Tower now?"

At this moment, Emperor Chu suddenly flew out of Ye Feng's mind.

With the power of the soul gem, Emperor Chu directly turned into a towering red giant of light, and then stood directly in the entire Sea God Tower, instantly releasing a very terrifying and huge soul fluctuation.

"Boom boom boom..."

At this moment, the entire huge and majestic Sea God Tower was shaking rapidly. ??

The next moment, under the shocked gaze of the guardian spirit of the Seagod Tower, Emperor Chu directly activated the dominant power in the soul gem, and immediately suppressed the Seagod's will contained in the entire Seagod Tower.

It must be said that Emperor Chu is still very powerful, and his first move is thunderous.

The guardian spirit couldn't help but exclaimed: "Young man of the human race, what kind of existence is this red giant of light that flew out of your mind? Why can't even the great sea gods resist his power? What kind of existence is it that can suppress the power of the ancient gods? Too terrifying!"

Obviously at this time, the guardian spirit of the Seagod Tower had been shocked beyond measure by Ye Feng, and didn't know what to say at all, and could only exclaim in amazement.

At this moment, the Emperor Chu, who had turned into a giant of red light, instantly looked at Ye Feng and said, "Now! Hurry up and come to me, break through to the Holy Domain, and then when you evolve the Holy Domain Spirit, absorb the will of the Sea God that I suppressed directly. In this way, the will of the Sea God will become your Holy Domain Spirit, and you will obtain the Sea God Spirit and burst out the power of the ancient gods!" "Okay!" At this moment, Ye Feng did not hesitate at all, and continued to devour and refine all the remaining energy in the Heart of the Ocean. Boom! Suddenly, Ye Feng's body burst out with a powerful and terrifying aura of cultivation. Ye Feng's cultivation, at this moment, immediately broke through the bottleneck of the Tenth Heavenly Perfection of the Heavenly Realm, and rushed directly into the First Heaven of the Holy Domain! At this moment, a vague void wave suddenly appeared in the void behind Ye Feng. That was the prototype of Ye Feng's Holy Domain Spirit! "Now!"

At this moment, Emperor Chu saw this scene and directly injected the will of the Sea God in the Sea God Tower into the prototype of Ye Feng's Holy Domain Spirit.

"Boom!"

The next moment, Ye Feng's originally vague Holy Domain Spirit suddenly had a form, and it burst out with a thousand-foot blue light.

Buzz!

A towering blue figure condensed and formed in the void behind Ye Feng.

This blue figure is the ancient Sea God.

The body is covered with dense blue scales, the head is the head of a dragon, and the hands are holding a huge trident, full of the power of the ancient terrifying gods.

"Crack, crack..."

At this time, Ye Feng suddenly found that the huge Sea God Tower around him actually had cracks, and then it was like broken glass, completely turned into countless fragments, scattered all over the ground.

Seeing this

scene, Ye Feng's eyes were a little stunned. He originally thought that he could get the Sea God Tower, an extremely powerful magic weapon.

Emperor Chu flew back to Ye Feng's mind and said, "The support of this Seagod Tower is the Heart of the Ocean and the Will of the Seagod. Now that these two things have been refined by you, the entire Seagod Tower will naturally collapse." Ye Feng nodded immediately after hearing what Emperor Chu said.

This time I have indeed made a huge improvement, it is simply a qualitative transformation!

Just as the two of them were talking, the guardian spirit of the Poseidon Tower not far away began to tremble all over.

Because he discovered that Ye Feng, who he thought was a humble mortal, actually possessed such terrifying means and could even possess the will of the great Poseidon. It was really terrifying.

At this time, Ye Feng noticed the guardian spirit not far away, and his eyes showed a hint of surprise. He couldn't help but said: "The Poseidon Tower has collapsed. I didn't expect that your guardian spirit has not dissipated yet. It's quite strange." of."

Plop!

At this time, the guardian spirit no longer had the previous aloof attitude, but suddenly knelt down in front of Ye Feng, kowtowed quickly and said: "My lord, please forgive me, my lord, please forgive me! I was wrong before, and I didn't expect that." The Lord actually has such terrifying methods, and even the great Poseidon's will is played by the Lord. It's really amazing! The admiration of the villain for the Lord is like an endless river! "

Seeing the guardian spirit in front of him suddenly change his attitude 180 degrees, Ye Feng didn't expect it. His eyes suddenly showed a trace of astonishment, as if he had a completely different attitude towards this before and after. The guardian spirit was surprised.

At this time, Ye Feng originally wanted to kill the guardian spirit with his hand.

But Ye Feng seemed to have thought of something at this moment, and walked directly in front of the trembling guardian spirit, and said loudly: "If you want to survive, then you have to show your worth, so now I can give you a chance to survive, but you need to tell me all the places where chance creations are hidden in the ancient ocean ruins around you."

When the guardian spirit heard what Ye Feng said, he immediately kowtowed and said quickly: "Don't worry, sir. As long as the villain knows about the chance and fortune, he will definitely tell you everything, and he won't dare to hide anything!"

Ye Feng nodded, and then said: "Then just lead the way."

"Yes, sir!"

The guardian spirit immediately nodded and bowed.

Half an hour later, the guardian spirit took Ye Feng to a dry area on the seabed not far from the Poseidon Tower.

There are actually a lot of purple corals growing here.

The purple coral has long since decayed.

But there are actually many sea clams living in the mud around these withered purple corals.

When these sea clam shells are opened, there are actually pearls emitting bright white light.

Ye Feng could feel that these pearls were not ordinary pearls. Each pearl exuded a faint light and contained very rich energy fluctuations.

The guardian spirit stood beside Ye Feng, looking at the pearls that exuded a faint light, and said loudly: "This is the emperor of our marine civilization. The place where marine pearls were cultivated in the past, there are still many marine pearls left. Once you get it, every pearl is priceless and will be of great benefit to your cultivation."

Chapter 3030 Under the Earth's Crust

"Ocean Pearl?"

Ye Feng's eyes were somewhat satisfied and he said aloud: "It's very good. I'm very satisfied with the place you brought me to."

Hearing what Ye Feng said, the guardian spirit couldn't help but be overjoyed. It seemed that his life could be saved.

"Crash!"

At this time, Ye Feng reached out to the large piece of ocean pearls in front of him and sucked in the ocean pearls one by one into the palm of his hand.

There are thousands of ocean pearls, all gathered in Ye Feng's hands.

Ye Feng wanted to devour it directly.

But Emperor Chu said in his mind: "The energy contained in these ocean pearls actually does not have much effect on improving your skills. After all, these pearls are too small. If you swallow them directly, they will be too big." It's a waste. But these ancient ocean pearls are the raw materials for many precious elixirs. If you take them out, you should be able to sell them at sky-high prices. After all, the ocean pearls of this ancient marine civilization are almost extinct outside. You can sell them at sky-high prices. After that, it should be more cost-effective to exchange for what you need when the time comes."

Hearing what Emperor Chu said, Ye Feng immediately nodded and said: "At that time, you can go directly to the black market in the underground city to trade, and you can definitely sell it there."

Uh-huh!

At this time, Ye Feng collected all the thousands of ocean pearls into his storage ring.

At this moment, Ye Feng looked at the guardian spirit beside him and said, "Continue taking me to the next location."

The guardian spirit immediately said respectfully: "Yes, sir."

After the guardian spirit finished speaking, he led Ye Feng to move quickly in another direction.

Soon they traveled through a large dry seabed area and came to a dark depression.

There seems to be something rather mysterious hidden in this dark depression.

The guardian spirit spoke out at this time: "This dark depression was once the inheritance place of our marine civilization. It was only destroyed in the war that year, but there should be something left now. Sir, can you Look carefully."

When Ye Feng heard what the guardian spirit said, he nodded slightly.

head, and then jumped directly into the dark depression in front of him.

It's like a wet abyss, with ruins everywhere.

Ye Feng could feel the tragic atmosphere of the battle back then, which remained for eternity and can still be felt today.

"Buzz!"

Suddenly at this moment, Ye Feng's powerful soul power seemed to sense something. He instantly flew to a corner of this dark depression, then stretched out his hand to grab it, and his five fingers directly pierced into the solid soil, and then grabbed it instantly. Out came a crystal-cast book.

"This is it!"

At this time, the guardian spirit saw the crystal book covered with mud in Ye Feng's hand, and immediately said: "The martial arts inheritance learned by the young practitioners in our marine civilization were all recorded in this crystal book. "

Buzz!

At this moment, Ye Feng directly released his soul power to sense the crystal book in his hand.

He immediately received a powerful secret of inheritance, an extremely powerful inheritance of ancient marine civilization, called "Sea Dragon Suppressing Heavenly Hand"!

Once the learning is successful, Ye Feng's random attacks can condense the power of the surrounding water elements, bursting out the terrifying destructive power of the ancient sea dragon.

At this time, Ye Feng's eyes showed a look of joy.

After all, he has been in the world of origin for so long and has not received any decent martial arts inheritance.

Unexpectedly, the first inheritance he received was such a precious and powerful martial arts inheritance from ancient marine civilizations.

At this time, Ye Feng absorbed all the secrets of martial arts inheritance in the crystal book in his hand, and immediately learned this set of "Sea Dragon Suppressing Heaven Hands".

It has to be said that the methods of ancient marine civilization are quite miraculous. They are imprinted in crystal books and can be directly absorbed and understood by practitioners.

At this time, Ye Feng looked at the guardian spirit beside him and said loudly: "There are other opportunities created by

Transformation? "

The guardian spirit immediately said respectfully: "There is also the last place, which is also the most mysterious place. It is the place of the ancestors of our marine civilization, and it is also a taboo place. Practitioners of the marine civilization are not allowed to enter it, but now the marine civilization They have all disappeared, so naturally you can go in and take a look. To be honest, I am quite curious myself, because the ancestral land of marine civilization, every generation of sea kings in those years, strictly prohibited any people of the marine race from entering it. , I don't know what kind of secrets are hidden inside."

Hearing what the guardian spirit said, Ye Feng suddenly became interested.

Ye Feng immediately said: "Then please take me there quickly."

The guardian spirit said aloud: "The entrance to the land of ancestors is here."

When Ye Feng heard this, his eyes suddenly froze and he said, "Is it right here? Where is the entrance?"

The guardian spirit spoke out: "It's under this dark depression! Just break this piece of ground into pieces."

"Okay, let me try."

Ye Feng nodded and took action boldly, just in time to use the powerful marine civilization inheritance he just learned, the sea dragon's sky-suppressing hand!

"Boom!"

Almost at the moment Ye Feng performed it, he immediately felt that countless water-attribute elements around him were all forcibly taken away from the void, and then a huge line of energy was quickly condensed around Ye Feng's palm. The incomparable blue sea dragon has a mighty power.

Ye Feng suddenly bombarded the entire ground, and a huge roar suddenly erupted from the entire field.

"Click, click..."

All the ground immediately shattered quickly and exploded completely.

"That is....."

At this moment, as the outermost surface of the ground shattered, Ye Feng immediately saw that under the soil, a large crust made of steel appeared.

The guardian spirit immediately said excitedly: "Under this earth's crust is the ancestral land of our marine civilization. Let me open it! I once had

Fortunately, I saw a Neptune's method of opening it. "

Hearing this, Ye Feng nodded slightly and said, "You can turn it on."

This guardian spirit is the tower spirit of the Poseidon Tower, and the Poseidon Tower was once the talisman of every generation of Neptune. This guardian spirit is naturally well-informed.

"Buzz..."

At this time, the guardian spirit began to chant a series of very ancient spells, and then muttered, "That's what Lord Neptune chanted back then. I hope what I chanted will be useful."

When Ye Feng heard the whispers of the guardian spirit, the corner of his eye twitched slightly. Ganqing, the guardian spirit, was not sure whether he could really open the ancestral land of marine civilization.

Buzz!

But the next moment, magically, when the guardian spirit finished chanting the spell, Ye Feng saw that the steel crust under his feet instantly emitted a bright blue light.

"Rumble..."

Then, with a huge roar, the steel-cast crust slowly opened a huge gap from the middle area, like a huge door opening.

Buzz!

The next moment, Ye Feng suddenly felt a very heavy gravity, pulling himself invisibly, and suddenly fell into the area under the earth's crust.

Under this crust, Ye Feng saw a very spectacular scene.

All around were large cold tombs floating in the dark void.

Each large tomb is like a lonely spaceship, sailing in the endless dark starry sky.

At this time, the guardian spirit flew to Ye Feng's side in an instant. Looking at the shocking scene around him, he hugged Ye Feng's arm with some fear, and said tremblingly: "Sir, there is actually a building in this ancestral land. A great tomb of death!"

"Snapped!"

Ye Feng slapped the coward, the guardian spirit, away, then stared at the dark tombs filled with the aura of death, and said loudly: "What are you afraid of? They are just a group of dead sea kings, even if they are born I am not afraid of evil spirits. With the soul gem here, I am immune to evil spirits."
