

Ancient 3161

Chapter 3161 Nine Realms

You must know that these few drops of the white tiger's holy blood are the blood left by the real white tiger.

Every drop of blood contains tremendous energy.

The blood of these White Tiger Holy Spirits not only gave Ye Feng the strongest inheritance, but also the success of the immortal magical skills of the Four Ancient Holy Spirits.

In addition, Ye Feng's skill has been greatly improved.

"boom!"

Breaking the Heaven Realm Seventh Heaven!

"boom!"

Breaking the Heaven Realm Eighth Heaven! .??.

"boom!"

Breaking the Heaven Realm Ninth Heaven!

"boom!"

The tenth level of Heaven-breaking Realm, Great Perfection!

At this time, Ye Feng's cultivation level was directly upgraded to the tenth level of the Breaking Heaven Realm, which was a huge improvement.

But what makes Ye Feng most happy is his powerful inheritance. The last bloodline of the White Tiger Holy Spirit he needs is finally gathered!

At this time, Ye Feng was a little lucky that he did not directly kill the Holy Maiden of Heaven.

Because if you kill the Holy Maiden of Tianji, you may not necessarily be able to detect the blood of the White Tiger Holy Spirit from the storage ring of the Holy Maiden of Tianji. The little jade bottle contains it.

Maybe he thought it was just an ordinary small jade bottle and put it aside to waste.

So at this time, Ye Feng had some ideas in his mind.

I had killed so many powerful enemies before and got a lot of things in the storage rings.

Maybe if you have time, you can look for it yourself.

Take a good look at the contents of each bottle to see what's inside.

Maybe you'll encounter some unique treasure.

Because some things are indeed easily overlooked.

At this time, Ye Feng withdrew his power and stood up suddenly.

The eyes of the Holy Maiden of Tianji were full of deep surprise. She stared at Ye Feng and said loudly: "You actually absorbed all the blood of the White Tiger Holy Spirit into your own body and transformed it." It has become my own skill, and my cultivation level has broken through so much at once. This kind of breakthrough method is simply unheard of. "

At this time, the Holy Lady Tianji stared at Ye Feng in front of her and felt

The future achievements of this young man who is not very advanced at present are simply immeasurable.

Maybe even scarier than the prince!

Because the prince does not have such terrifying and domineering abilities.

The red sparrow glanced at the Holy Maiden of Heaven and said: "What is this? From now on, if you follow Feng Boy, you will have many opportunities to be shocked by his trump cards and abilities. Vicious female doll, I will give you a piece of advice, sir. Serve Feng Xiaozi, you will be very grateful for your choice in the future."

The red sparrow is extremely proud, after all, he is a descendant of Suzaku. However, during this period of time spent with Ye Feng, he was also impressed by Ye Feng's endless talents and abilities, and he has long been full of praise for Ye Feng.

Ye Feng smiled slightly at this time, and was not arrogant. He just said: "Well, now that the goal has been achieved, we don't need to venture deep into the primitive forest for the time being. It is indeed life-threatening. I need to return to Yiyuan immediately. Daozong."

"good!"

The red sparrow cheered for joy. It didn't have to go deep into the primeval forest with Ye Feng to die. It felt that this was the happiest thing today.

On the way back to Yiyuan Dao Sect, Ye Feng looked at the Tianji Saint who was flying beside him, and asked aloud: "By the way, what is the crown prince's biggest weakness?"

The Holy Maiden of Tianji looked at Ye Feng's eyes, not daring to hide anything, and said slowly: "The prince has almost no weaknesses. The technique he practices is the 'God's Immortal Body', and his physique is very strong. In addition, since the prince entered the path of cultivation, he has collected various martial arts inheritances from all over the world and created his own martial arts 'Wheel of Life and Death', which is very terrifying and has various ancient moves, such as the God of Heaven. Eyes, wild star pickers, etc. Anyway, the prince is the most unique super genius in the Eastern Territory that I have seen so far. "

Ye Feng couldn't help but nodded when he heard this, and said loudly: "It seems that the prince is indeed the chosen one, very powerful, but is there no super genius from outside the Eastern Region who has provoked the prince? "

The Holy Maiden of Tianji said: "The Eastern Region is the first-level realm of the Origin World, and it is the lowest realm. Therefore, few geniuses from higher-level realms will come to lower-level realms."

"First level realm?"

When Ye Feng heard what the Holy Maiden of Heaven said, his eyes suddenly showed a trace of surprise.

This was the first time he heard about the existence of low-level realms and high-level realms in the great world of origin.

Ye Feng couldn't help but ask: "Besides the Eastern Region, isn't it the Western Region, the Northern Region, etc.?"

"Not really." ??.

The Holy Maiden of Tianji looked at Ye Feng, very patiently, and explained: "On the edge of the Eastern Territory, there is a vast and endless ocean called the East China Sea. On the other side of the Eastern Territory, there is an endless virgin forest, that is, The primitive forest, the East China Sea and the primitive forest where we were before connect the nine realms of the origin world, just like mountains. Our Eastern Region belongs to the lowest first-level realm among the nine realms, and the Eastern Region Above the domain, along the East China Sea, or along the virgin forest, you can lead to more advanced second-level realms, third-level realms, etc. "

Hearing what the Holy Maiden of Tianji said, Ye Feng's eyes suddenly showed deep shock.

Unexpectedly, the world of origin is not a flat world, but a conical world like a pyramid.

From the first level realm, one level upward, there are nine realms in total.

The Eastern Region is only the lowest first-level realm.

Saint Maiden Tianji smiled and said: "However, each major realm has its guardian, that is, the domain master. Therefore, high-level realms cannot invade low-level realms casually."

"Furthermore, the more advanced the realm, the vaster and endless it is, and it contains more majestic opportunities and cultivation resources. Therefore, generally practitioners in high-level realms will not come to low-level realms at all, because there is nothing in low-level realms. They need it."

"Unless there are some super strong people who have entered the high-level realm from the low-level realm, and are tired of the severe involution in the high-level realm, they will return to the low-level realm to retire."

"So, even if our Eastern Region is a first-level realm, there are still many terrifying existences, which are not much weaker than the super strong ones in the advanced realms."

"But if you talk about the comprehensive cultivation resources and the comprehensive level of the practitioners, then the higher realms must be more powerful, so the young warriors are thinking of constantly entering higher realms to seek stronger power and resources, on the contrary, some seniors who want to retire will return to low-level realms and enter deep mountains and old forests."

Medium pension. "

...

The words of the Holy Maiden of Tianji changed Ye Feng's world view of the entire world of origin.

Originally, it might take a long time for Ye Feng to come into contact with these secrets.

But now, Saintess Tianji, a saint from an ancient force, has told Ye Feng all the secrets in advance.

At this time, Ye Feng looked at the red sparrow beside him and couldn't help but ask: "Xiaohong, have you been to the advanced realm?"

The red sparrow grinned and said: "Of course I have. When I was at my peak, I once broke into the seventh-level realm, but later my cultivation reached a bottleneck and I couldn't break into the

eighth-level realm, so I returned to the beginning. Let's see if we can find some opportunities in the Eastern Territory to break through that bottleneck."

"It turns out that your Excellency is a descendant of Suzaku. It's rude."

At this time, the Holy Maiden of Tianji suddenly looked at the red sparrow and said aloud: "It seems that the senior has taken the initiative to dissipate his peak cultivation. He wants to realize the unique opportunity from the ordinary and break the bottleneck. The senior should now be in the state of 'transformation into mortals'." 'stage.'"

The red sparrow glanced at the Saint of Tianji in surprise and said: "I didn't expect that a girl like you would have extraordinary eyesight. The Tianji Tower where you come from should have an inseparable connection with some of the big forces in higher realms. Otherwise, You don't know so many secrets."

Hearing this, Saint Tianji only showed a slight smile on her beautiful face and didn't say much.

At this time, Ye Feng came to his senses and asked: "According to what you said, the prince is unparalleled, but he must have weaknesses. Do you know?"

Saint Tianji said: "Originally, the prince had almost no weaknesses, but now, he has. He is refining the ancient god emperor. Although it may completely transform his cultivation, it also makes him suffer from the ancient curse in the ancient sacred mountain. , The Vulcan Heart Curse, the reason why he wants to capture the innate extreme cold body is to relieve the Vulcan Heart Curse. "

When Ye Feng heard this, his eyes suddenly lit up and he said: "The Vulcan Heart Curse? This ancient curse is so powerful that even a peerless person like the prince can be distressed and unable to solve it on his own. It seems that this This is my entry point to assassinate the prince."

The Holy Maiden of Tianji was suddenly startled and said: "Ye Feng, you actually want to assassinate the prince?"

Chapter 3162 Monitoring the Prince

Ye Feng nodded slightly at this time, looked at the Holy Maiden of Heaven beside him, and said loudly: "Now you and I are on the same team. It doesn't matter if I tell you the truth. In the next six months, I will take the initiative to assassinate The prince, take advantage of the opportunity before the prince has completely refined the ancient god emperor."

There was a look of deep fear in the eyes of Saint Maiden Tianji, and she said loudly: "Your current cultivation level is still far behind the prince's."

Ye Feng's eyes flashed and he asked: "What level of cultivation is the prince exactly at? How powerful is he?"

The Holy Maiden of Tianji said: "Even I don't know the specific cultivation level of the prince. Anyway, he is very powerful, much higher than you are now. And the most important thing is that the prince's real combat power is much higher than that of you now. His cultivation level is even more terrifying, he is a peerless genius who can fight beyond the level."

Ye Feng smiled slightly and said: "I am also a being who can fight beyond the level."

Saintess Tianji said: "However, the gap between you is still too big. If you go against the prince, it is tantamount to seeking death."

Ye Feng was not angry, and just said with a smile: "So what I am about to carry out is an assassination, not a head-on confrontation. To assassinate a person, you do not necessarily have to be stronger than that person. As long as it can be arranged properly, no matter how powerful the prince is, , the assassination can be successful, and, ten thousand steps back, even if the assassination is unsuccessful, it is still a good achievement to be able to severely injure the prince and disrupt the prince's rhythm of refining the ancient god emperor. "

Saintess Tianji's beautiful eyes flashed slightly, and she suddenly understood that the young man in front of her was not a benevolent man, but a ruthless person who would do whatever it took to get rid of his enemies.

At this time, Saintess Tianji suddenly asked: "Is there someone supporting you behind your back?"

When Ye Feng heard this, he didn't answer anything. He just said, "I am going back to Yiyuan Dao Sect to fully enter the state of cultivation. There is no use for you to follow me."

Questions from the Holy Maiden of Heavenly Secrets

Said: "Then what should I do?"

Ye Feng said: "You return to the ancient sacred mountain area and still stay around the prince. Monitor the prince's movements for me. If there is any situation, report to me through soul communication at any time."

The soul mark that Ye Feng planted in the mind of Saint Tianji can not only be used as a fatal weapon to threaten Saint Tianji, but can also communicate with each other through souls even though they are hundreds of thousands of kilometers apart.

When the Holy Lady Tianji heard what Ye Feng said, her eyes showed a trace of fear, and she said, "You want me to return to the prince's side and monitor the prince? What if the prince discovers something abnormal about me?"

Ye Feng smiled slightly and said: "No, the prince is not a soul master and cannot detect the abnormality of the soul mark I planted. When you go back, you will say that you chased me to the deepest part of the primitive forest. Now that I am severely injured and missing, the prince will relax his vigilance."

When the Holy Lady Tianji heard what Ye Feng said, she knew that she could not disobey Ye Feng's orders and arrangements. She could only nod her head and said aloud: "Then when you return to Yiyuan Dao Sect, you must go back secretly and don't be sworn in by the prince of Yiyuan Dao Sect. The members found out, otherwise, I might expose myself and be killed by the prince."

Ye Feng smiled and patted Saint Tianji on the shoulder and said, "Don't worry, it'll be no problem."

Uh-huh!

After Ye Feng finished speaking, he flew quickly in a certain direction in the distance and left the place.

The red sparrow glanced at the Holy Maiden of Heaven and said, "When you are around the prince, you can secretly cast a curse of misfortune on the prince. He is not a soul master like Ye Feng.

The curse of bad luck you secretly cast will not be discovered. In this case, the prince's luck will decline and the bad luck will be possessed, which will buy Ye Feng more time. "

Saint Maiden Tianji nodded immediately and said, "Okay, I understand."

"Um."

The red sparrow also flew away from the place at this time, quickly chasing in the direction Ye Feng left.

The Saint of Tianji looked at the back of Ye Feng who was leaving, sighed secretly on the spot, and then couldn't help but smile bitterly.

This time she was really unlucky, being controlled by Ye Feng.

The Holy Maiden of Tianji never expected that Ye Feng was actually the owner of the soul gem. .??.

Otherwise, there would be no way she could fall for Ye Feng's tricks.

...

Ye Feng was very fast, and he and Red Sparrow quickly returned to Yiyuan Dao Sect.

In order to prevent being discovered by the members of the Prince Alliance of the Yiyuan Dao Sect, Ye Feng was wrapped in black robes and went directly to the secret pavilion created by the young sect leader Murong Zhentian.

Swish!

Soon, Ye Feng arrived at the gate of the Dark Pavilion, but was stopped by two powerful members of the Dark Pavilion.

The two members of the Dark Pavilion immediately said coldly: "This is an important area of the Dark Pavilion. No one is allowed to enter. Anyone who violates this rule will be killed without mercy."

Wow!

Ye Feng did not hesitate at this time and directly took off the long hood on his black robe, revealing his true face.

"It's you!"

Seeing Ye Feng's true face, the two members of the dark pavilion had deep horror in their eyes.

It turns out that these two members of the Dark Pavilion are the two old disciples that Ye Feng taught Shui Lingxi when he came here.

At this moment, when they saw Ye Feng's true appearance, they immediately became extremely respectful.

Both of them quickly clasped their fists and said, "It turns out to be Senior Brother Ye Feng! Please come in!"

At this time, the two members of the Dark Pavilion had already understood that Ye Feng was a being that the young sect master valued very much. He was a peerless genius and was not something ordinary members of the Dark Pavilion could offend.

So at this time, when they met Ye Feng again, their attitude naturally became very respectful and they did not dare to offend Ye Feng at all.

Ye Feng nodded slightly and said aloud: "Take me to see the young sect master. I have something to tell him."

"Yes! Senior Brother Ye Feng!"

The two old disciples were very respectful and immediately nodded and bowed before leading Ye Feng into the inner area of the dark pavilion.

The small body of the red sparrow was lying on Ye Feng's shoulder, closing its eyes and concentrating.

After a while, Ye Feng arrived at the central area of the dark pavilion.

The dark pavilion is very large, and Ye Feng saw that there are many special training grounds.

For example, the gravity abyss, the thunder hammering tower, the burning land, the inner demon training camp, the wild battle field, the extreme cold training ground, etc.

These specialized training venues were built by the young sect master at great cost, and can train and enhance the potential of warriors in all aspects!

"Ye Feng, why did you come back from the virgin forest so quickly?"

While Ye Feng was watching with some fascination, Murong Zhentian, the young sect leader not far away, spotted Ye Feng's figure and walked over directly.

Ye Feng looked at Murong Zhentian, smiled slightly, and said: "I have successfully obtained the bloodline of the four holy spirits and successfully laid the foundation for the immortal power of the four ancient holy spirits. Next, our improvement plan can start directly."

Chapter 3163 The First Step Plan

At this time, hearing what Ye Feng said, Murong Zhentian's eyes suddenly showed a trace of surprise, and he couldn't help but said: "You have gathered the blood of the four ancient holy spirits so quickly? "

Ye Feng nodded slightly and said with a smile: "I have better luck, so I gathered them together quickly. Now, in addition to comprehending the immortal magic of the Four Ancient Holy Spirits to the Dacheng state as soon as possible, the most important thing is to do it as soon as possible." Improve your own cultivation strength, and the higher your cultivation strength is, the better."

Hearing what Ye Feng said, Murong Zhentian nodded immediately, with a trace of expectation in his eyes.

He is very much looking forward to how far Ye Feng can grow in the next six months. .??.

Originally, Murong Zhentian, the young sect leader, and the eldest lady Murong Mingyue discussed letting Ye Feng be the leader of the team that assassinated the prince this time, but they still didn't trust Ye Feng.

After all, Ye Feng's cultivation strength is indeed relatively low.

Ye Feng had just come to the Great World of Origin from the lower world and joined the Yiyuan Dao Sect not long ago, and his cultivation base was still very weak.

But now I see that Ye Feng's cultivation has been directly promoted to the tenth level of Breaking Heaven Realm. Even in such a short time, he has gathered the blood of the four ancient holy spirits and successfully integrated them into his body.

This speed is really too fast!

Murong Zhentian suddenly thought of the character of the prince.

He looked at Ye Feng in front of him, and suddenly he saw a young prince rising.

No!

The young man in front of him may be even more evil than the prince was back then.

Murong Zhentian immediately said: "Okay, I have been studying your improvement plan during this period. I found that you want to quickly improve your cultivation strength. In addition to entering various special training grounds to train you The most important thing is that the comprehensive ability and reaction ability, as well as the assassination ability, require huge cultivation resources to accumulate. This is what Murong Mingyue told me,

Therefore, I will try my best to help you obtain various cultivation resources as my young sect leader. "

When Ye Feng heard what Murong Zhentian said, his eyes suddenly lit up, and then he said loudly: "I really need all kinds of precious cultivation resources to quickly improve my cultivation strength, because my powerful cultivation base basically It's all accumulated by absorbing other energy."

At this point, Ye Feng would naturally not hide anything.

Instead, he told the young sect leader in front of him the secret of how he could absorb other energies to strengthen himself.

After all, Ye Feng and Murong Zhentian can be said to be in the same boat now.

So Ye Feng didn't want to hide anything at this time.

Instead, let Murong Zhentian know his various abilities as much as possible, and then improve his overall strength in all aspects.

Murong Zhentian nodded slightly and said aloud: "I also got a lot of information about your situation from my sister, so our first improvement plan is to first set up various training grounds in the dark pavilion. Clear the level. In this case, your comprehensive ability and assassination ability can be improved in all aspects. As for the accumulation of training resources, I have already arranged it for you. That is the second step of the plan. We will proceed to the first step now. "

Ye Feng nodded and said, "No problem."

"correct."

Murong Zhentian seemed to have thought of something, and suddenly asked: "You have just merged with the blood of the four holy spirits. Do you need to give you time to understand this inheritance now? After all, you want to fight against the prince, can you use this A set of powerful inheritance is very important for cultivating to the realm of Dacheng, and can unleash tremendous power."

Ye Feng immediately smiled, shook his head and said loudly: "I don't need time to understand this inheritance.

Believe me, in just a few months, I will be able to pass on this set of inheritance and practice it to the level of Dacheng. "

For Ye Feng, if he wants to pass on this set of inheritance to the Dacheng realm, he only needs to wait for the enlightenment ability that occurs once every three months, and he can reach the Dacheng realm in an instant.

Previously, Ye Feng practiced the Abi Hell's Eye given to him by the Holy Lord of Water, and through his epiphany ability, he reached the Dacheng state in just a few seconds.

Otherwise, Ye Feng might not be able to defeat the big demon bull demon sent by the prince. .??.

Therefore, Ye Feng does not need to waste time on practicing inheritance. The most important thing for him now is to train his assassination ability and comprehensive ability, as well as obtain various cultivation resources to improve his cultivation level.

Hearing what Ye Feng said, Murong Zhentian had a hint of surprise and disbelief in his eyes.

But thinking of all the miracles that happened to Ye Feng, he immediately nodded and chose to completely believe in Ye Feng.

Murong Zhentian immediately spoke out: "Our first training place is the Gravity Abyss. There is a dead star core in the Gravity Abyss. It was discovered by our Yiyuan Dao Sect elders from outside the territory accidentally while traveling outside. And the extracted star core can release a very terrifying gravity, which is very magical. After ordinary warriors enter the gravity abyss, they can greatly temper their body strength, so the first One step, what I want to train you, Ye Feng, is the power of your body. Although your body power is already very powerful, I guess it is still a little bit behind when facing the prince's extremely powerful Immortal Body of God. So You must improve your physique first before you can fight against the prince."

When Ye Feng heard what Murong Zhentian said, he immediately nodded and agreed with the young sect leader's plan.

After all, Ye Feng also knows very well that the most important thing to him is his body.

The body is the shell that carries everything.

\u003e

The stronger the body, the more terrifying the power it can unleash at critical moments.

The human body is like an infinite small universe, containing infinite potential.

As long as it is continuously developed, it will be able to explode with monstrous power.

Moreover, Ye Feng knew that if he wanted to fight against the prince, he had only practiced the immortal magical skills of the Four Ancient Holy Spirits, which was probably not enough.

After all, Ye Feng knew very well that no matter how much resources he devoured, it would be impossible to raise his cultivation level to that of a prince in just half a year.

Not to mention, with Ye Feng's current conditions, it is impossible to obtain so many training resources.

Therefore, Ye Feng must overcome his own weaknesses in other aspects and make up for the gap between him and the prince's cultivation.

What Ye Feng is most proud of is his Chaos Body power.

So at this time, Ye Feng felt that if his chaotic body could break through the first level again.

From the seventh heaven, break through to the eighth heaven.

Then, the power of Ye Feng's body will become more terrifying and powerful.

Moreover, after the Chaos Body steps into the eighth heaven, it will once again awaken a very terrifying bloodline talent.

Perhaps that kind of bloodline innate ability is the key to fighting against the prince!

"Unfortunately, my most powerful Hongmeng bloodline is currently not open. I may not be able to open it until I enter the Ye family where my father and mother live in the future."

Ye Feng secretly murmured in his heart.

In any case, the Chaos Body is also a very powerful physique.

After all, the Chaos God Emperor was considered the most powerful group of masters back then.

Although the Chaos Bloodline and Chaos Body may not be comparable to the Hongmeng Bloodline, they are definitely enough for Ye Feng to compete with other ordinary Dominator Bloodlines for the time being.

Chapter 3164 Breaking the Record

Murong Zhentian didn't waste any time and took Ye Feng directly to the very mysterious training place in the dark pavilion.

This is the first training place where Ye Feng will undergo physical training, the Gravity Abyss.

Uh-huh! Uh-huh!

When Ye Feng followed Murong Zhentian to the Gravity Abyss, he immediately saw an extremely dark abyss standing in front of him.

When Ye Feng approached the gravity abyss, he suddenly felt a terrible pulling force, pulling his entire body toward the abyss.

"Crunch, crunch..."

Ye Feng suddenly felt that the gravity on his body had increased several times.

Even the earth and stone under Ye Feng's feet began to show deep footprints, and Ye Feng's feet sank into the ground.

Ye Feng's eyes were a little surprised, and he couldn't help but said: "This gravity abyss is really powerful. It has just approached the entrance, and it already has several times the gravity. I don't know how much gravity there is in the deepest part." How strong?"

When Murong Zhentian heard what Ye Feng said, he immediately smiled slightly and said aloud: "The deepest area may have a gravity increase of thousands of times, which can greatly squeeze a warrior's body and release endless energy. potential, so this place is definitely a very good place for you."

Ye Feng took a slight breath of cold air and said aloud: "Thousands of times the gravity? This can indeed squeeze the potential of a warrior's body to the extreme."

Murong Zhentian nodded slightly and said aloud: "For an ordinary warrior, I will definitely not let him enter the deepest part of the gravity abyss, because he cannot bear it at all, and his body's potential may not have been squeezed, and his whole body will He was directly crushed and killed instantly, but I believe, Ye Feng, you will be able to enter the deepest area."

Ye Feng nodded immediately, and then said aloud: "I want to improve my body strength. There are two ways. The first one is to directly absorb the attribute power of some very solid special objects through my awakened talent. To enhance the power of the body, the second way is to place one's body in a very extreme environment, squeeze the potential in the body, and release the original power of the chaotic body, thereby transforming and sublimating. "

Uh-huh!

After saying that, Ye Feng jumped directly into the gravity abyss.

Murong Zhentian stood at the entrance of the abyss, patiently waiting for Ye Feng to return.

He was curious, how many layers of the gravity abyss could Ye Feng enter?

The red sparrow did not follow Ye Feng into the gravity abyss, but waited outside.

The red sparrow looked at Murong Zhentian and asked:

"This kid is a chaotic body, and he is estimated to be able to enter below the 90th level of the gravity abyss."

Murong Zhentian glanced at the red sparrow, seeming a little surprised that Ye Feng's little pet was actually quite familiar with the Gravity Abyss.

Murong Zhentian nodded and said: "There are ninety-nine layers in the Gravity Abyss. The withered star core is buried under the ninety-nine layers. There are body-refining geniuses in my

secret pavilion who specialize in cultivating the power of the body. , is the 'Ancient Dragon Elephant Bloodline' that has been lost for many years. Entering the Gravity Abyss, the limit is the 66th level, and the Gravity Abyss is not as simple as we imagined. "

The red sparrow suddenly asked: "What is the limit of your own ability to enter the gravity abyss?"

Murong Zhentian's eyes were stunned, and then he said calmly: "My limit is the fifty-second floor."

"Forehead?"

When the red sparrow heard what Murong Zhentian said, he immediately laughed out loud, as if to say, you, the young sect master, are not very good either.

Murong Zhentian glanced at the red sparrow indifferently, and then said aloud: "There are specializations in the arts. I am not a body refiner. I am good at other aspects."

...

Buzz!

At this time, Ye Feng had already jumped into the gravity abyss.

He immediately felt an extremely terrifying gravity enveloping his body.

Ye Feng knew that buried in the bottom crust of this gravity abyss was a huge, dead star core.

It was taken from the universe outside the territory by an old senior from the Yiyuan Dao Sect.

The huge gravity that exists in the entire gravity abyss is generated by that dead star core.

The closer you get to the bottom of this gravity abyss, the more terrifying the gravity becomes.

Ye Feng knew that his Chaos Body was already very powerful.

If you want to suppress the body's potential in the gravity abyss and allow the chaotic body to evolve and transform, you must break your own limits.

Therefore, Ye Feng did not hesitate at this time and did not waste time in the shallow area. Instead, he quickly descended towards the bottom of the entire gravity abyss.

Ye Feng's goal this time is very clear.

Even if you can't completely transform your chaotic body from the seventh heaven to the eighth heaven, you must upgrade your chaotic body to the most perfect state of the seventh heaven.

As for whether he can completely transform to the eighth heaven, sublimate the power of his body and awaken a new kind of

Bloodline talent, this still depends on Ye Feng's own luck.

After all, this kind of thing cannot be forced.

However, Ye Feng knew that the Gravity Abyss was enough to increase his body's strength by a large amount.

Ye Feng's chaotic body strength is now at the ninth level of the late seventh heaven.

It is still quite far away from the Dzogchen state of the seventh heaven.

So Ye Feng knew that he had to make good use of this gravity abyss and work hard to transform.

Buzz buzz...

At this moment, as Ye Feng continued to fall, Ye Feng could feel the gravity on his body increasing almost geometrically.

During the descent, Ye Feng also saw that there were many disciples of the Yiyuan Dao Sect practicing in each layer of the Gravity Abyss.

These should all be members of the secret cabinet established by the young sect leader.

At first, when Ye Feng entered the Gravity Abyss, he did not attract the attention of many geniuses practicing in it.

But when Ye Feng continued to decline, he even began to descend to the fiftieth or even the sixtieth layer of the Gravity Abyss.

In the entire Gravity Abyss space, the super geniuses who were practicing in the secret chambers on each level finally began to become unable to sit still.

They all walked to the edge of their respective floors and looked in the direction of Ye Feng below, with deep surprise in their eyes.

"Who is this fierce man?"

"Dropped directly from the first floor to the sixtieth floor? Moreover, it seems that it is still falling!"

"Isn't this kid a fool? He fell so much in an instant, and his body can't withstand the drastic changes in gravity. He will be directly crushed to death!"

...

At this moment, all the super geniuses practicing in the Gravity Abyss started talking.

Ye Feng's appearance was very strange to them, and many geniuses guessed that he should be the latest recruit of the young sect leader.

But this latest recruit gave everyone the impression that he was too reckless.

"This kid is probably arrogant. He has just entered the secret pavilion and is eager to show himself in front of the young sect leader. So if he drops so much all at once, he is seeking death. He will cry later!"

In the gravity abyss, some people couldn't help but sneer.

But the next moment, Ye Feng's performance severely slapped the sneer in the face.

Because Ye Feng has nothing to do now and is still declining.

There was no explosion at all as expected.

The scene of death.

"Yes, that kid has descended to the sixty-sixth floor!"

"Oh my God! He's still falling! Gravity doesn't seem to have any effect on him! How is this possible?"

"Oh my God! Who is this fierce man? He has reached the 70th floor now! The highest record in our dark pavilion is that Senior Brother Lin Tiancang, who has the blood of the ancient dragon and elephant, has entered the 66th floor underground! "

"This fierce man has already broken the highest record in the Gravity Abyss! Oh my god, we have witnessed a miracle happen!"

...

Ye Feng's continuous descent directly broke the record, and finally completely made all the geniuses in the entire Gravity Abyss space change from skeptical attitudes to deep amazement.

"Who is this kid?"

At this time, in the 66th layer of the Gravity Abyss, a tall young man's eyes became a little gloomy.

This person is none other than Lin Tiancang, who has the bloodline of the Ancient Dragon Elephant!

He has always been the holder of the highest record in the Gravity Abyss. He has the physique of an ancient dragon and an elephant, and has strong cultivation. He is a super genius in the eyes of everyone. In the dark pavilion, he enjoys the dazzling light that attracts everyone's attention.

But now, a strange young man suddenly appeared and instantly broke his proud record.

This made Lin Tiancang suddenly panicked, feeling that his halo had been taken away by that young man.

Lin Tiancang's fear quickly turned into jealousy, and even a trace of hatred arose in his heart.

Because now in the entire Gravity Abyss, the eyes of all geniuses are focused on Ye Feng.

Lin Tiancang, on the other hand, instantly became mediocre to the extreme.

Lin Tiancang stared at Ye Feng, who was still descending rapidly, with a sinister light in his eyes. He couldn't help but murmur, "This kid has only reached the tenth level of the Heaven Realm. He's not very powerful. He's not very powerful." Thinking that my body is so powerful, but my cultivation level is too low, it is impossible for me to be my opponent. I have to find a way to defeat this huge threat..."

For Lin Tiancang, he didn't want to fall out of favor, so he felt a huge hatred and murderous intention towards Ye Feng in his heart.

At this time, Ye Feng didn't know that he had aroused the hatred of a super genius.

He landed on the seventy-sixth floor and felt that it was very difficult to move his body.

Ye Feng stopped immediately and began to temper his body strength on the 76th floor.

After being tempered and improved, Ye Feng continued to go deep into the space under the gravity abyss.

Chapter 3165 Star Core Energy

"Buzz!"

At this time, extremely powerful gravity was exerted on Ye Feng's body.

Ye Feng was in the 76th level of the gravity abyss, and the gravity on his body was a full 7,600 times!

If he were an ordinary genius at the same level as Ye Feng, on the 76th level of the gravity abyss, his entire body would probably be crushed into pieces in an instant.

But at this time, Ye Feng only felt a lot of pressure, but didn't feel anything else.

"boom!"

Ye Feng tried his best to stimulate the original power of his chaotic body and quickly suppressed his body's potential.

"Buzz buzz..."

In the process of withstanding 7,600 times the gravity, Ye Feng could feel that his chaotic body was being squeezed continuously, and then slowly and continuously improved.

Ye Feng's eyes suddenly lit up with joy. It seemed that this gravity abyss was very useful to him.

At this time, Ye Feng could feel that the chaotic body was subtly transforming and strengthening.

Ye Feng spent a whole half an hour in this sixteenth floor.

And Ye Feng's chaotic body finally transformed from the ninth level of the late seventh heaven to the tenth level of the late seventh heaven!

Uh-huh!

At this time, Ye Feng opened his eyes and felt relaxed.

When Ye Feng's chaotic body became stronger by one layer, he instantly felt that the gravity of the seventy-sixth layer seemed to have a much smaller suppressive effect on him.

This made Ye Feng's eyes froze for a moment. He didn't expect that his chaotic body had only broken through a small layer, and the 76th layer of the gravity abyss where he was currently had no great suppressive effect.

It really made Ye Feng feel a little surprised.

It seems that the true potential of the Chaos Body is much more powerful than Ye Feng imagined.

"It seems we still need to continue moving down."

Ye Feng thought secretly in his heart at this time, then jumped up and flew directly towards the lower layers of the Gravity Abyss.

.

"Look! That fierce man continues to descend!"

"Oh my god, who is this boy? How could he be so powerful? How does he withstand that terrifying gravity?"

"Yes, this young man looks so delicate and delicate, how can he have a body like a demon?"

At this time, all the geniuses in the entire Gravity Abyss space couldn't help but exclaimed, and the wonder and shock in their eyes became more and more intense.

"What?!"

Lin Tiancang, who was prepared to deal with Ye Feng secretly and had the blood of the Ancient Dragon Elephant, suddenly felt his palms trembling slightly.

Originally, he was planning to bite the bullet and find trouble with Ye Feng.

Unexpectedly, Ye Feng continued to dive again.

The gravity abyss space that Ye Feng is heading to now is something even Lin Tiancang can't bear if he bites the bullet.

At this moment, Lin Tiancang let out a sigh of relief, and his face turned extremely pale.

Because he knew that a being who could enter the deepest part of the gravity abyss, even if his cultivation level was much lower than his, could still crush him just by relying on the strength of his body.

At this moment, it could be said that Lin Tiancang had already let go before fighting, and he no longer dared to take action against Ye Feng.

Because he knew that this was definitely a terrifying monster that he could not fight against. It was really terrifying.

At this time, Ye Feng himself paid no attention to the wonder or curiosity of the geniuses in the Gravity Abyss.

He just focused on using the terrifying gravity to crazily squeeze the potential of his chaotic body and rapidly transform his physical strength.

"The eightieth floor!"

"Eight thousand times gravity!"

...

"The ninetieth floor!"

"Nine thousand times gravity!"

...

"The ninety-sixth floor!"

"Nine thousand six hundred times gravity!"

At this time, Ye Feng had almost reached the bottom space of the gravity abyss.

The gravity he endured also increased by thousands.

Ye Feng could feel that there seemed to be sounds like broken glass appearing in his body. .??.

A kind of pain, like being shattered into pieces, occurred throughout Ye Feng's entire body.

However, Ye Feng endured the horrific pain and wildly stimulated his chaotic origin, allowing his body to stand up again and transform towards a greater and more powerful level.

Ye Feng knew that if he wanted to fight against the prince, he had to improve his overall combat power in all aspects to be able to compete with a terrifying figure like the prince.

Therefore, Ye Feng knew very well that he could no longer improve his cultivation honestly. He had to use some extreme methods to break his limits in order to reach the ultimate vastness and become the strongest existence.

"boom!"

Finally, like some kind of shackles in the body, it was broken inside Ye Feng.

At this moment, Ye Feng's body power suddenly transformed from the tenth level of the late seventh heaven to the first level of Dzogchen in the late seventh heaven!

The strength of his body changed again, allowing Ye Feng to withstand even more terrifying gravity.

Ye Feng's eyes turned sharp at this moment, and he walked directly towards the deeper part of the gravity abyss.

He walked directly from the ninety-sixth floor to the final ninety-ninth floor.

Here, everything is dark.

The geniuses practicing in the space above the gravity abyss can no longer see Ye Feng.

They only see the depth

Under the abyss, there is darkness.

Ye Feng entered the darkness, and they did not know which level Ye Feng was on.

At this moment, Ye Feng stood on the 99th floor of the lowest space of the Gravity Abyss. He immediately felt that a full 10,000 times gravity was blessing his body, making Ye Feng feel endless pressure.

At this time, Ye Feng also saw that in the darkness, the ground he stepped on was already the withered star core.

Ye Feng is now standing on the surface of this dead star core.

This star core is very special and can produce extremely terrifying gravity.

Ye Feng guessed that it was related to the special energy stored in the star core.

Emperor Chu suddenly spoke in his mind: "Ye Feng, this is a very special star core. The mass density in this star core is very high, reaching an absurd level. I just scanned this star core with the soul gem. A star core, if Ye Feng can steal the energy present in the entire star core, it may be able to greatly improve your physical strength, which is many times more effective than using gravity to suppress your potential. "

"Stealing star core energy?"

When Ye Feng heard Emperor Chu say this in his mind, his eyes suddenly flashed. I am afraid that Emperor Chu was the only one who could have such a crazy idea.

However, this star core is the core of the Gravity Abyss. If the energy in it is stolen, it is unknown whether it will have a huge impact on the Gravity Abyss.

"No matter! Now the young sect leader strongly supports me. His only purpose is to make me a very terrifying killing weapon and severely injure the prince. Even if I absorb the energy in the entire star core, if I can let me Perhaps the young sect leader will find it worthwhile to completely transform his chaotic body."

Ye Feng didn't want to waste time at this time. He directly released his Devouring Domain and enveloped it around his body. Then he directly got into the huge withered star core under his feet and began to steal stars. Nuclear energy!

Chapter 3166 Awakening of bloodline talent

"Buzz..."

At this time, huge streams of star core energy were immediately absorbed by Ye Feng using the Devouring Domain and injected into his own body.

At this moment, Ye Feng suddenly felt that although this very special star core energy could not improve his own skills, it could greatly temper his body.

Ye Feng could feel that every inch of his body, every inch of flesh and blood, was soaked in a very irritating energy liquid and was constantly undergoing transformation.

And as Ye Feng continues to devour it, the entire huge star core is constantly collapsing.

However, Ye Feng's body strength is indeed constantly increasing.

"boom!"

The second level of Dzogchen, the seventh level of the chaotic body!

"boom!"

The third level of Dzogchen, the seventh level of the chaotic body!

"boom!"

The fourth level of Dzogchen, the seventh level of the chaotic body!

...

Just when Ye Feng continued to absorb the energy of the entire star core to break through the limit of his body's power.

All the geniuses who were practicing in the Gravity Abyss suddenly felt something was wrong.

They immediately stood up one after another, looking at each other in great surprise, and then couldn't help but say: "Have you ever felt that the gravity in the entire abyss is getting weaker and weaker? What's going on? thing?"

All the geniuses couldn't help showing deep astonishment in their eyes.

This is the first time they have encountered this situation after practicing for so long.

The gravity in the gravity abyss is slowly disappearing.

Of course, at this time, not many people suspected Ye Feng.

After all, everyone felt that Ye Feng alone could not make the entire gravity

The Abyss had such an impact.

After all, the Gravity Abyss can be said to be a naturally formed place of cultivation.

No matter how evil the young man Ye Feng is, he cannot change the environment of heaven and earth.

So everyone was just curious and confused as to what was going on.

At this time, a genius immediately flew towards the gravity abyss, obviously to inform the young sect leader Murong Zhentian.

Uh-huh!

When Murong Zhentian heard the news, he soon came to the gravity abyss with doubtful eyes.

At this time, he looked at the many geniuses with doubtful expressions on their faces, thought for a moment, and then seemed to suddenly think of something, and couldn't help but asked: "A strange young man came in just now, where is he now?" place?"

Hearing the question from Young Sect Master Murong Zhentian, a genius immediately said: "I'm telling you, Young Sect Master, that strange boy is very powerful. He just entered the Gravity Abyss and directly entered the dark space at the bottom of the abyss. There is absolutely no It's below the 90th floor, and we can't sense what he is doing at all."

Hearing what this genius said, Murong Zhentian seemed to confirm some of his inner guesses, and immediately said aloud: "Now everyone has left the gravity abyss space, and everything that happens here has nothing to do with you. Don't ask too much."

After hearing what Murong Zhentian said, many geniuses were very confused, but they did not dare to disobey the young sect leader's order, and they all left the Gravity Abyss.

At this time, Lin Tiancang, who had the ancient dragon-elephant bloodline, seemed to have guessed something. His pupils suddenly shrank, and he couldn't help but murmured in his heart, "Could it be that this drastic change in the Gravity Abyss is related to the... That

Related to a young man? "

However, Lin Tiancang knew that these things were not something he could guess or inquire about.

The next moment, Lin Tiancang followed many geniuses and left Standing in the Abyss.

Uh-huh!

At this time, the red sparrow also flew down from above, looked at Murong Zhentian, and said loudly: "It should be the fault of that guy Feng Xiaozi."

Hearing what the red sparrow said, Murong Zhentian nodded slightly, and then said loudly: "Ye Feng should be doing something under this gravity abyss, but it's better for us not to disturb him, and wait until he comes out by himself before asking. what's going on."

The disappearance of gravity in the Gravity Abyss will completely destroy this training place.

However, Murong Zhentian didn't feel any distress.

Because as long as Ye Feng can get huge benefits from this, he feels that it is worth it.

You know, Murong Zhentian now puts all his hopes on Ye Feng.

He also saw that the one who has the ability to fight against the prince now is probably Ye Feng, a peerless prodigy from the lower world.

In the eyes of Murong Zhentian, the young sect leader, Ye Feng was already the same figure as the prince.

They are the same kind of people.

They are all children of luck who have great opportunities.

And at this moment.

The bottom of the gravity abyss.

Ye Feng had already sneaked into the core area of the star core.

The star core energy here is the most abundant.

Ye Feng unleashed the Devouring Domain with all his strength, frantically absorbing the terrifying energy stored in the surrounding star cores.

These special energies are most likely the energy that this star core has nurtured for tens of millions of years.

Because the birth of a star will exist in the universe for tens of millions of years, or even longer.

Therefore, although this star has withered and only a star core is left, it still stores the most essence of the star.

"boom!!"

And just one day and one night later, the huge star core exploded.

At this moment, Ye Feng's whole body was exuding the light of the stars. He walked out from the exploded star core, his black hair dancing wildly and his momentum overwhelming.

At this time, Ye Feng's chaotic body completely transformed, transforming to a whole new level.

Ye Feng absorbed all the energy in the entire star core and successfully transformed his chaotic body from the seventh heaven to the eighth heaven!

Now the strength of Ye Feng's Chaos Body is already at the first level of the early eighth heaven!

The complete transformation of the Chaos Body into a large realm has made Ye Feng's body power increase by an unknown number of times.

Ye Feng felt that any of his fists now contained earth-shattering power. Even if he didn't use any martial arts moves, he could blast the infinite land stretching hundreds of thousands of kilometers with one punch!

Truly, every move contains the power of the ancient giant!

In addition to the qualitative transformation of his physical power, after Ye Feng entered the eighth level of the Chaos Body, his bloodline talent awakened again.

Buzz!

At this moment, Ye Feng suddenly saw with surprise that shadows of ancient gods appeared in the void around him, and there were a total of ten thousand ancient gods!

This scene is very shocking!

Ye Feng himself didn't even know what happened.

Are these ten thousand ancient gods related to the bloodline talent of the eighth heaven of the Chaos Body that I am about to awaken?Chapter 3167 Great changes in Danzun Palace

Buzz, buzz, buzz...

The phantoms of ancient gods, exuding a grand and sacred aura, appeared around Ye Feng, with Ye Feng as the center point, surrounding him.

Ye Feng, set off by the gods, was like a king of gods, arrogant, domineering and supreme.

But at this time, these gods are all phantoms and not real gods.

But Ye Feng could feel that the moment a total of 10,000 gods appeared, his power in all aspects was greatly strengthened.

The degree of enhancement was astonishingly ten thousand times greater!

At this moment, a mysterious and ancient inheritance message was immediately injected into Ye Feng's mind.

Ye Feng immediately understood what was going on.

It turns out that this is indeed the bloodline talent of the eighth heaven of the chaotic body that he awakened!

It's called "Blessings of the Gods"!

The moment the blessings of the gods are cast, a total of ten thousand phantoms of the gods will appear instantly.

All the phantoms of the gods will give Ye Feng the power of blessing.

Let Ye Feng's all-round abilities increase super-strength by 10,000 times in an instant!

"A full 10,000-fold increase in strength! And it's in all aspects, including a 10,000-fold increase in mental power, a 10,000-fold increase in speed, a 10,000-fold increase in brute strength, etc..."

Ye Feng murmured at this time, and the look in his eyes became brighter and brighter.

This blessing from the gods is simply a super amplifying talent that defies heaven!

For example, an ordinary person can only move a large stone pier weighing one hundred kilograms.

But once he is blessed by the gods and his power increases ten thousand times, then this ordinary person can move a mountain in one fell swoop!

Next, Ye Feng also learned from the inheritance message that this blessing from the gods would greatly consume his own skills.

If an ordinary warrior performs the Blessing of the Gods once, his entire skill may only be able to sustain it for a few minutes.

But Ye Feng's skill reserve is innate

Very powerful.

Therefore, Ye Feng felt that if he used the blessings of the gods, he should be able to last for half an hour.

At this time, Ye Feng was very excited. This time he really gained a huge harvest.

After absorbing an entire star core, not only did the chaotic body undergo a qualitative transformation, but it also awakened a new and powerful bloodline talent ability.

Ye Feng knew that God's Blessing, a talent that could instantly increase his power ten thousand times, would definitely be of great use at critical moments.

"The star core was sucked dry by me, and it was completely destroyed..."

And then, what made Ye Feng's eyes slightly stunned was that the huge star core in front of him had been torn apart and turned into an underground ruin, completely scrapped.

This made Ye Feng's mouth twitch slightly.

After all, this Gravity Abyss was a special training ground created by the young sect leader and a super powerful senior from the Yiyuan Dao Sect, but it was destroyed by him unintentionally.

Ye Feng didn't know how to explain it.

"Ye Feng, you have become more powerful! I can feel that your body, inside and outside, is filled with extremely huge energy aura, which even makes me a little afraid."

At this time, the voice of Murong Zhentian, the young sect leader, sounded not far away.

Uh-huh!

The red sparrow also flew over, like a red lightning, landing on Ye Feng's shoulder, grabbing Ye Feng's shoulder with its small claws.

The red sparrow couldn't help but said in surprise: "Little Feng, why do you have the aura of the gods on your body? Although it is very faint, I can feel a trace of it."

Ye Feng just smiled slightly and said, "Maybe you sensed it wrong."

The red sparrow glanced at Ye Feng and said, "What did you do secretly without telling me again? Hurry up and recruit me truthfully!"

Murong Zhentian stared at Ye Feng and asked: "Have you absorbed all the energy of the star core?"

Ye Feng nodded slightly, knowing that he couldn't hide it, and said loudly: "Yes, I'm really sorry. I accidentally sucked up the star core. The Gravity Abyss is considered useless, but I will compensate."

"hiss!"

When Murong Zhentian heard Ye Feng admit that he had really swallowed up an entire star core energy by himself, the young sect leader couldn't help but gasp.

Murong Zhentian knew very well the energy of the star core. It was extremely huge and extremely powerful.

Even Murong Zhentian himself was unable to withstand the huge energy impact of an entire star core.

But Ye Feng's current cultivation level is not high, and he can actually absorb all the energy of an entire star core.

Even the star core was sucked dry and scrapped.

It's incredible!

Murong Zhentian stared at Ye Feng in front of him, seeming to be thinking, how could this young boy, Ye Feng, hold the huge energy of an entire star core in his seemingly thin body?

After Murong Zhentian was shocked for a moment, he then said with a smile: "There is no need for compensation. Originally, it was very dangerous for you to assassinate the prince this time. I will naturally devote all my resources to make you stronger. So, relax and go to Yiyuan Dao Zongzhong, maybe you can't be arrogant, but in the secret pavilion I created privately, Ye Feng can mess with you casually without any problem, and no one dares to say anything. "

What Murong Zhentian said at this time was very domineering, showing his courage as the young sect leader.

When Ye Feng heard what Murong Zhentian said, he immediately nodded and said: "Don't worry, young master, I have gained huge benefits from the star core this time. My overall strength has been greatly improved, and I am more confident in assassinating the prince." "

"Report to the Young Sect Leader!"

Suddenly at this moment, under this abyss of gravity

Not far from the ruins, a member of the Dark Pavilion hurriedly flew over.

Murong Zhentian frowned and said, "Didn't I say that no one is allowed to enter the Gravity Abyss for the time being?"

"Young Sect Master, make atonement! It's really urgent!"

The member of the dark pavilion immediately said anxiously: "There has been a huge change in the Danzun Palace. Deep in the Danzun Palace, an extremely evil existence has appeared. He calls himself the Bone Sage. He has terrifying strength and overwhelming evil. He is wreaking havoc on our sect. In the area, Master Yi and the sect leader of the Alchemy Hall have left the sect and have something to do. Now the eldest lady has just brought a group of masters to suppress the Bone Sage, but they can't resist at all, so the eldest lady lets I will inform you, the young sect master, and ask the young sect master to bring the super geniuses from the dark pavilion to help!"

"The Great Sage of Bones?"

At this moment, when Ye Feng, who was standing aside, heard this member of the dark pavilion say this, his eyes suddenly moved.

Ye Feng had a relationship with this Bone Sage before.

Previously, when Ye Feng was in the Alchemy Hall, he and Master Yi's true disciple Xiao Yaoxian accidentally arrived at the deep area behind the Alchemy Hall and entered a strange mountain.

In that weird mountain, Ye Feng discovered a special red gem on the ground. There was an evil cultivator in the red gem, and he once tempted Ye Feng and asked Ye Feng to let him out.

If Ye Feng hadn't possessed the soul gem, he might have enslaved his soul and released the evil cultivator.

The evil cultivator with the red gem sealed in the mountain deep inside the Alchemy Palace seems to be the Bone Sage!

But now, why did the Bone Sage come out on his own?

Who released him from the seal?

"Little Medicine Fairy!"

Ye Feng immediately thought of Master Yi's disciple Xiao Yaoxian. She was the only one who had been to the weird mountainous place behind Danzun Hall with Ye Feng.

It is very possible that the soul of the little Yaoxian was enslaved by this Bone Sage!

Chapter 3168 Another Domination Gem

Ye Feng had a very good impression of Xiao Yaoxian, a close disciple of Master Yi.

Because Xiao Yaoxian is definitely a very gentle girl alchemist, and her attitude towards Ye Feng is also very good and gentle.

Previously, Danzun Master Yi always wanted to help Ye Feng and Xiao Yaoxian become a martial arts couple.

So at this time, Ye Feng thought that the little Yaoxian might have had his soul enslaved by the Holy Bones, and he immediately said anxiously: "Then let's go and see what's going on."

At this time, Murong Zhentian suddenly showed a trace of surprise in his eyes. It seemed that he did not expect that Ye Feng was so anxious when he was not anxious yet.

It seemed that Ye Feng was worried about his sister, Murong Mingyue.

Thinking of this, Murong Zhentian felt a little relieved in his heart.

It would not be bad if Ye Feng really became his brother-in-law.

Because Ye Feng cared so much about Murong Mingyue, and was so talented that he was a peerless evildoer who could rival the prince. ??

While Murong Zhentian was thinking secretly in his heart, Ye Feng did not think so much. He was anxious because he was afraid that the little Yaoxian would be enslaved by the Bone Sage.

As for the eldest lady Murong Mingyue, she is extremely powerful in her own right, and with many super masters from the Yiyuan Dao Sect, there should not be much danger.

At this time, the member of the dark pavilion who made the report immediately nodded and took Murong Zhentian and Ye Feng to fly quickly in a certain direction not far away, and the red sparrow also followed.

The group moved very quickly and arrived at the Danzun Hall area in a blink of an eye.

The moment they arrived here, everyone immediately felt a strong aura of death, shrouding the world.

"That is....."

At this moment, both Ye Feng and Murong Zhentian looked at the scene in the distance with a hint of shock in their eyes.

Because on the ground of Dan Zun Hall not far away, a tall skeleton giant as majestic as a mountain was wreaking havoc.

It exudes a strong black aura of death, and looks like an ancient evil spirit has revived, which is very shocking.

There are many masters of Yiyuan Dao Sect around, attacking this tall skeleton.

But it's of no use.

Because no matter what kind of attack, as long as it touches the bones of this tall skeleton, it will be

The black aura of death covering his body was corroded, and it was very terrifying.

This tall skeleton is obviously the Great Sage of Bones, a very evil practitioner who existed in an unknown era.

Now for some unknown reason, he has escaped from the seal and is destroying various buildings around him, as if to vent the grievances he has accumulated over the years.

"That is....."

At this moment, Ye Feng's eyes immediately focused on the brows of the Bone Sage, the tall skeleton.

I saw a red gem inlaid between the eyebrows of this tall skull.

This red gem exudes a very terrifying aura of death.

Ye Feng immediately understood that the reason why this Bone Sage was so powerful and that the death energy in his body could corrode all attacks must be the power of this red gem.

"Death Gem!"

At this time, Emperor Chu suddenly shouted in his mind: "The red gem on the forehead of the giant skeleton seems to be the death gem among the master gems of the gods!"

Emperor Chu's tone was a little excited at this time, because the master gem was not so easy to come across.

The Dominate Gem, or the Gem of the Gods, is produced by the self-disintegration of the most powerful Dominator. It contains the supreme power of the Dominator and has incredible effects.

Ye Feng also showed a trace of excitement in his eyes at this moment.

Unexpectedly, there is an extremely rare dominator gem in this Bone Sage.

And it's a very mysterious Death Gem!

Contains the supreme meaning of death in the world.

At this time, Ye Feng turned his Divine Eye of Creation and suddenly saw a sleeping beauty-like figure lying in the death gem between the eyebrows of the Bone Sage.

That turned out to be the Little Medicine Fairy!

"Why is the Little Medicine Fairy in the Death Gem?" Ye Feng suddenly looked shocked.

"Perhaps, the Bone Sage sacrificed the little Medicine Fairy to the Death Gem so that he could get out of trouble."

The Necromancer, who had never spoken, suddenly appeared in Ye Feng's mind at this moment.

Zhong made a sound.

Obviously, the necromancer still knows the secret of death very well.

Although the Necromancer is a large interface from another world, he is not a native practitioner of the origin world.

But what he specializes in is the mystery of death, which is of the same type as the mystery of death in the death gem.

Therefore, his guess about the little Yaoxian's condition at this moment should be very accurate.

At this time, Ye Feng's eyes showed a trace of surprise, and his heart sank slightly.

It seemed that his guess was correct. The White Bone Sage could not tempt him to release the seal, so he chose Xiao Yaoxian, a simple and innocent girl.

After all, Xiao Yaoxian had been to that weird mountainous place and must have been targeted by the Bone Sage.

Perhaps the Great Sage of Bones used some strange means to lure the little Medicine Fairy back during this period, and then sacrificed the Little Medicine Fairy to the Death Gem, and escaped from the trap himself. .??.

Thinking of this, Ye Feng immediately said aloud in his mind: "Senior Necromancer, the little Yaoxian is now sacrificed to the Death Gem. I wonder if he can be rescued?"

The Necromancer said aloud: "Theoretically it is possible, because the Bone Sage must have been sacrificed back then and entered the death gem, so as long as he can subdue the Bone Sage, he should have a way."

When Ye Feng heard what the Necromancer said, he immediately nodded.

The Necromancer suddenly spoke out at this time: "But the Bone Sage seems to have just escaped from the seal and is still very weak. This is a very bad thing."

When Ye Feng heard what the Necromancer said, he immediately said with some doubts: "The Bone Sage is very weak now. Isn't this a good thing?"

The Necromancer shook his head in his mind and said aloud: "Look in the direction not far away, the Yiyuan Dao Sect you are in, those super strong men are using a very terrible war weapon, maybe they can Kill this extremely weak Bone Sage in an instant. In that case, your friend Xiao Yaoxian will no longer be able to be saved."

Hearing what the Necromancer said, Ye Feng was suddenly startled and looked not far away.

Sure enough, he saw that the eldest lady Murong Mingyue and the young sect leader Murong Zhentian were having sex with a group of masters from the One Yuan Dao Sect.

Controlling some kind of terrifying magic weapon like a war cannon, it seemed that he wanted to kill the Bone Sage instantly.

It has to be said that the foundation of Yiyuan Dao Sect is still very profound. Although the sect master is not in the sect now, the sect possesses all kinds of terrifying ancient magic weapons. Under the control of ordinary warriors, they can also explode with earth-shattering effects. of destructive power.

"Wait a minute!"

When Ye Feng saw this scene, he immediately flew over and said loudly: "Master Yi's closed disciple Xiao Yaoxian is now sealed in the red gem on the eyebrow of the Bone Sage. We If we kill the Bone Sage directly now, Master Yi's close disciple, my friend Xiao Yaoxian, will also die instantly."

Hearing what Ye Feng said, both Murong Mingyue and Murong Zhentian's eyes changed slightly, and then they said loudly: "Master Yi's close disciple Xiao Yaoxian is trapped in that red gem?"

As they spoke at this time, they also stopped what they were doing.

After all, Xiao Yaoxian has always had a very good character, and has made great contributions to the Yiyuan Dao Sect. He also has a very good relationship with the core members of the Yiyuan Dao Sect. He often refines various elixirs for them to save lives and heal the wounded.

Therefore, Xiao Yaoxian's popularity in Yiyuan Dao Sect is still very high.

Now that she knew that the little medicine fairy was sealed in the red gem, Murong Mingyue immediately asked: "Ye Feng, what should we do?"

Unknowingly, in the heart of the eldest lady Murong Mingyue, Ye Feng was no longer the little follower back then, but had become a very trustworthy and reliable figure.

At this time, Ye Feng looked at the tall and majestic skeleton giant that was wreaking havoc not far away, and then said slowly: "Leave this Bone Sage to me to deal with next, you just need to guard around it. I'll try to see if I can save the little Yaoxian and suppress this Bone Sage."

Hearing what Ye Feng said, some of the seniors and super masters of the Yiyuan Dao Sect around Murong Mingyue and Murong Zhentian showed deep suspicion in their eyes.

An old senior immediately spoke up and said: "Miss, Young Master, do you really want to believe such a fledgling young man? I have some doubts about this young man's ability. After all, this Bone Sage is an evil man from a very ancient era. The characters are not as simple as you think. I think this young man will die even if he goes."

Chapter 3169 The truth back then

Hearing what the elder of the Yiyuan Dao Sect said, the eldest lady Murong Mingyue immediately said, "I believe him."

At this moment, looking at Ye Feng's leaving back, Murong Mingyue's beautiful eyes revealed a deep expectation and a look of trust.

At this time, the eldest lady suddenly had an inexplicable thought in her heart: "If I were the person sealed in the red gem, would Ye Feng be alone for me and fight against this evil and terrifying bones?" Great Sage?"

Murong Zhentian looked at Ye Feng's leaving back and shouted: "Ye Feng, you are very important now. If you really encounter an irresistible danger, don't bear it forcefully. Come back quickly. At the critical moment, even if you sacrifice Even with the help of Little Medicine Fairy, I can't put you in danger of life or death."

It has to be said that the most important thing in Murong Zhentian's heart is Ye Feng, because Ye Feng is the key figure in his ability to fight against the prince.

At this time, Ye Feng just waved his hand towards the back and said, "Wait for my good news."

At this time, hearing what Ye Feng said, many of the elders of the Yiyuan Dao Sect present couldn't help but shake their heads.

"This young man is overconfident. Does he really think he can fight against such a strange existence as the Bone Sage alone?"

"The aura of death surrounding the giant skeletal body of the Great Sage of Bones makes even our attacks useless, let alone this young man."

"Miss, young master, it seems that this boy was trained by you to fight against the prince. However, I think this boy is too proud. I feel that he will fall this time."

...

At this moment, many seniors of the Yiyuan Dao Sect spoke out one after another, and their tone was full of doubts about Ye Feng, a young man who obviously did not have any confidence.

But at this time, the brother and sister Murong Mingyue and Murong Zhentian didn't say much. They just looked into the distance, waiting for Ye Feng's triumphant victory.

Buzz!

At this time, the hinterland of Danzun Palace was not far away.

Ye Feng floated into the air, alone, facing the Bone Sage not far away.

The reason why others didn't help was Ye Feng's intention, because it might affect Ye Feng's operations and methods.

In addition, if Ye Feng can deal with the Great Sage of Bones by himself, Ye Feng can decide how to deal with the Great Sage of Bones by himself, and others will not dare to say anything.

Therefore, Ye Feng chose to deal with the Bone Monkey King alone.

If it was the White Bone Monkey King in his heyday, then Ye Feng would definitely not be so trusting.

But now the Necromancer said that the Bone Sage had just escaped from the seal and was in his weakest state. Ye Feng felt that he could fight against it.

"It's you....."

The tall and majestic skeleton giant of the Bone Sage stood in front of Ye Feng, staring at Ye Feng, a small human race, and made a strong and dull voice: "It's you who resisted my soul before. Temptation, you must be a soul master among the human race."

When Ye Feng heard what the Bone Sage said, his eyes showed a trace of surprise. He didn't expect that this old monster would still remember him.

However, Ye Feng had no expression on his face at this time, just staring at the tall and majestic skeleton giant in front of him, and said coldly: "Release my friend Xiao Yaoxian safely, and we can still negotiate peacefully."

"

Hahaha! "

The Great Sage of Bones burst out laughing: "Boy, I advise you not to meddle in other people's business. This is a grudge between me and the Yiyuan Dao Sect. Although the Yi Yuan Dao Sect has been updated for many years, at that time, it was the Yi Yuan Dao Sect. In order to cultivate the evil inheritance, the first-generation sect master sacrificed my best friend to the death gem, just to be able to enter a higher realm. Haha, that hypocrite, even if I die, I will keep that hypocrite. The Yiyuan Dao Sect that came down was destroyed!"

When Ye Feng heard what the Great Sage of White Bones said, there was a trace of surprise in his eyes.

Unexpectedly, this Bone Sage was actually sealed by the first generation master of the Yiyuan Dao Sect.

Moreover, it seems that the first generation leader of the Yiyuan Dao Sect was a hypocrite and used some very dark methods to harm his friend, the Bone Sage.

No wonder the White Bone Great Sage's resentment was so deep. As soon as he was freed from the seal, he began to destroy various buildings of the Yiyuan Dao Sect.

But even though he knew the truth, the most important thing for Ye Feng now was to save his friend, Xiao Yaoxian.

And just when Ye Feng was thinking.

Boom!

The Great Sage of White Bones erupted with an even more terrifying aura of death. He quickly bombarded the surroundings, smashing all the nearby buildings into pieces, and then continued towards the core of Yiyuan Dao Sect. Go.

Obviously, the current purpose of the Great Sage White Bones is very simple, that is to destroy the entire Yiyuan Dao Sect and vent his resentment at being harmed by the first generation leader of the Yiyuan Dao Sect.

"Senior! If you are unwilling to negotiate peacefully with me, then you will be offended!"

boom!

Ye Feng shouted loudly at this time, and then instantly released the extremely powerful Four Ancient Holy Spirit Immortal Skills he had practiced.

Boom, boom, boom, boom!

Almost at the next moment, four huge phantoms of the Holy Spirit appeared around Ye Feng, namely Qinglong, Xuanwu, White Tiger, and Suzaku.

The four Holy Spirit shadows all released the terrifying power of the ancient Holy Spirit, giving Ye Feng a huge power bonus at this moment.

"Fist of the Holy Spirit!"

At this moment, Ye Feng displayed this powerful set of immortal magic skills and punched out. The four ancient and four great holy spirits around him merged into Ye Feng's punch, and an earth-shattering blast suddenly erupted. The energy beam directly impacted in front of the Bone Sage.

"Boom!"

Ye Feng's punch was filled with terrifying power, enough to shatter all the mountains hundreds of thousands of kilometers away in an instant.

But when this beam of light struck in front of the Great Sage of Bones, it was instantly corroded by the death energy from the Great Sage of Bones. It did not even push back the Great Sage of Bones even one step.

"Um?"

When Ye Feng saw this scene, there was a hint of surprise in his eyes.

It seems that this Bone Sage controls the Death Stone and is indeed very powerful.

The attacks released by these masters of the Yiyuan Dao Sect were unable to break through the protection of the death energy of the Bone Sage.

The Great Sage of White Bones stared at Ye Feng coldly at this time and said loudly: "Since you, a junior, are so rude and dare to take action against me, then I will deal with this stupid boy like you first!" When this senior member of the Yiyuan Dao Sect said this, the eldest lady Murong Mingyue immediately said, "I believe him."

At this moment, looking at Ye Feng's leaving back, Murong Mingyue's beautiful eyes revealed a deep expectation and a look of trust.

At this time, the eldest lady suddenly had an inexplicable thought in her heart: "If I were the person sealed in the red gem, would Ye Feng be alone for me and fight against this evil and terrifying bones?" Great Sage?"

Murong Zhentian looked at Ye Feng's leaving back and shouted: "Ye Feng, you are very important now. If you really encounter an irresistible danger, don't bear it forcefully. Come back quickly. At the critical moment, even if you sacrifice Even with the help of Little Medicine Fairy, I can't put you in danger of life or death."

It has to be said that the most important thing in Murong Zhentian's heart is Ye Feng, because Ye Feng is the key figure in his ability to fight against the prince.

At this time, Ye Feng just waved his hand towards the back and said, "Wait for my good news."

At this time, hearing what Ye Feng said, many of the elders of the Yiyuan Dao Sect present couldn't help but shake their heads.

"This young man is overconfident. Does he really think he can fight against such a strange existence as the Bone Sage alone?"

"The aura of death surrounding the giant skeletal body of the Great Sage White Bones makes even our attacks useless, let alone this young man."

"Miss, young sect master, this boy seems to have been trained by you to fight against the prince. However, I feel that this boy is too proud. I feel that he will fall this time."

...

At this moment, many seniors of the Yiyuan Dao Sect spoke out one after another, and their tone was full of doubts about Ye Feng, a young man who obviously did not have any confidence.

Chapter 3170 Hard Attack

boom!

At this time, the Great Sage White Bones suddenly began to surge with pieces of death energy.

These death auras were so terrifying that they formed like dark clouds all over the sky. They suddenly invaded Ye Feng not far away, shrouding Ye Feng in a death realm composed of death auras.

No matter what kind of creature it is, once it is shrouded in this death realm, it will lose its life instantly.

"boom!"

But the next moment, what surprised the Bone Sage was that Ye Feng actually rushed out of the death realm.

At this moment, the vitality surging in Ye Feng's body was very strong. Even the realm of death was unable to restrain Ye Feng's majestic vitality.

At this moment, the Bone Sage immediately said with some surprise: "I didn't expect the life energy in you to be so strong. It seems that your physique is definitely different from ordinary people."

At this time, Ye Feng's eyes showed a hint of confidence.

Since the strength of his chaotic body has completely transformed to the eighth heaven, Ye Feng's chaotic body is getting closer and closer to the final perfection of the tenth heaven.

The chaotic body in the Great Perfection state is an existence that can fight with ancient gods.

Therefore, as Ye Feng is approaching the Great Perfect Chaos Body at this time, the power of his body becomes more and more terrifying.

Even if the Hongmeng bloodline has not yet awakened, the Chaos Body is still very powerful.

boom! !

At this moment, Ye Feng released the extremely strong vitality of the Chaos Body, which was enough to compete with the death energy of the White Bone Sage.

Emperor Chu suddenly said aloud in his mind: "A pure magic attack is probably unable to break through the corrosion of the death air around this Bone Sage. Therefore, Ye Feng, your only advantage now is that your Chaos Body is very powerful. You You can try to use your pure physical strength to fight against this Bone Sage, it might have a miraculous effect."

I have to say that at critical moments, Emperor Chu's vision was still very strong.

He grasped the problem in an instant

The key place.

Ye Feng's eyes lit up when he heard Emperor Chu say this.

Uh-huh!

He was immediately alone and charged directly towards the main body of the Bone Monkey King.

Buzz!

When Ye Feng's fist struck in front of the Bone Sage, Ye Feng immediately felt a very terrifying death aura, which was rapidly corroding his body strength.

However, Ye Feng's chaotic body contains huge vitality and can withstand the erosion of the aura of death in an instant.

Therefore, Ye Feng's fist hit hard on the skeleton of the Bone Monkey King in an instant.

"Clang!!"

The collision between the two immediately erupted with an earth-shattering roar.

It was like two iron mountains colliding together, producing a huge sonic impact.

The billowing sound waves caused many masters of the Yiyuan Dao Sect who were watching around to cover their ears, feeling their eardrums vibrating and causing great pain.

"Deng Deng Deng!"

The next moment, Ye Feng was completely motionless, but the majestic mountain-like skeleton of the Bone Sage took several steps back.

"I actually knocked back this giant skeleton with one punch!"

The many masters of Yiyuan Dao Sect who were watching around couldn't help but have deep shock in their eyes.

The old seniors who were unwilling to believe that Ye Feng could fight against the Great Sage of Bones also had a hint of horror in their eyes.

Because they know very well how terrifying this Bone Sage is. He is not a simple evil spirit, but an evil spirit formed by an extremely ancient strong man.

But Ye Feng was able to knock the Bone Sage back with just one fist.

.

"Very good!"

At this moment, the eldest lady Murong Mingyue and the young sect leader Murong Zhentian couldn't help but have deep brilliance in their eyes.

Sure enough, Ye Feng has now grown to the level they expected, and has become many times more powerful than before.

The old man who had not believed Ye Feng before could not help but exclaimed in admiration: "Sure enough, this young man is so powerful. The strength of his body is probably comparable to that of an ancient beast. What a dragon!"

Another old man couldn't help but said in surprise: "The eldest lady and the young sect master have really found a treasure. Once this son fully grows up, he will definitely be able to fight against the prince and defeat everything. In the future, he will definitely be the leader of my Yiyuan Dao Sect." dragon!"

Although Ye Feng simply punched out, the impact of this punch was huge, and he received heartfelt praise from many seniors!

"How can your boy... the vitality in your body be so strong? It's as majestic as a dragon! What kind of physique do you have?"

At this time, the arrogant Bone Sage was stunned by Ye Feng's punch.

He never thought that Ye Feng would be able to fight him head-on with the sheer force of his body. .??.

"Death Gem!"

At this moment, the Bone Sage did not dare to despise Ye Feng anymore and directly released the power of the death gem in his eyebrows.

Boom! !

Suddenly, the gem directly released a ray of death.

No matter where it shines, all life is corroded into a rich state of death.

Flowers, plants, trees, and all kinds of creatures were all withered.

At this time, Ye Feng looked at the terrifying light of death, his eyes showed a deep look of madness, and he rushed directly towards the light of death.

"What?"

"He actually took the initiative to welcome the light of death?"

The Great Sage of White Bones saw Ye Feng charging straight at him without dodging, and he immediately felt that this kid was crazy!

Because this is the light of death released by the death gem, which contains the supreme master's understanding of the mysteries of life and death.

Not to mention Ye Feng, a young man with low cultivation level, even the Bone Sage during his heyday did not dare to bear the light of death directly from the Death Gem.

The body will disintegrate in an instant!

"Blessings from the gods!"

But at this moment, Ye Feng immediately released the bloodline talent he had just awakened, the blessing of the gods.

Boom boom boom boom...

Suddenly, in the void around Ye Feng, a total of ten thousand phantoms of ancient gods appeared, full of terrifying power, shrouding Ye Feng in the light of blessings of the gods. .

At this moment, Ye Feng's attribute power suddenly increased ten thousand times!

The vitality aura in Ye Feng's body directly increased ten thousand times, and it was as vast as the vast ocean in an instant.

It was as if Ye Feng had suddenly transformed from an ant into a giant dragon. The life energy that he exuded was as powerful as the sea, and could actually defeat the light of death from the Death Gem.

"this....."

In the dumbfounded gaze of the Bone Master, Ye Feng rushed directly in front of him, struck out with one hand, and instantly pulled off the death gem on the Bone Master's eyebrows.

"ah!!"

The moment the Death Stone left the body, the Bone Sage was no longer fierce, but lost all sources of power. The huge skeleton fell to the ground with a bang, and he screamed suddenly.

"The Great Sage of Bones was really suppressed!"

When a group of seniors from the Yiyuan Dao Sect who were watching in the distance saw this scene, their expressions suddenly became extremely exciting. They were shocked, admired, and deeply excited!
