

Ancient 3261

Chapter 3261 Counter Sneak Attack

"Too much?"

When Zhu Wudao heard what the core disciple in front of him said, his expression suddenly showed a hint of astonishment.

He never thought that his brother would betray him for money.

"Brother Zhu, I..." This core disciple wanted to explain something.

"Pfft!" ??

But the next moment, Zhu Wudao looked angry and slapped the core disciple in front of him to pieces.

Zhu Wudao looked at Ye Feng beside him at this time, and asked nervously: "Senior Brother Ye Feng, what should we do now?"

Ye Feng smiled slightly and said: "The Falcon team that is ambushing here to sneak attack and follow us must kill them all before they reach the super large mine. We must not let our whereabouts be exposed again, otherwise there will be even greater dangers." Trouble."

Zhu Wudao immediately said: "Okay! With a strong man like Brother Ye here, plus an ambush and sneak attack, there should be no problem."

Ye Feng nodded, looked around, and said: "I have a space treasure that can perfectly hide us in the surrounding void turbulence. The masters of the Falcon Team will definitely be aware of our aura. Let's wait slowly. Just their arrival."

"good."

Zhu Wudao immediately said happily.

At this time, Zhu Wudao was also looking forward to it.

Because there is a huge grudge between Zhu Wudao and Ying Changkong.

If all of Ying Changkong's Falcon team can be wiped out this time, it will definitely be a good thing for Zhu Wudao.

At this moment, Ye Feng directly used the space gem and began to form a large area of space power, hiding Zhu Wudao and other core disciples under Zhu Wudao in the surrounding void turbulence. among.

At this time, Ye Feng and others were completely hidden in the turbulence of the void, and their aura could not be detected at all.

Next, everyone waited silently in the turbulent void.

This time when we go to that super large mine and fight against so many powerful monsters, we must not let others spy on us in secret.

Otherwise, when the time comes, both the Warcraft and Warcraft will suffer losses, and maybe it is really possible

Being taken advantage of by others.

So this time, we must catch all the Falcon Team!

Never let anyone go!

The long night passed.

Early the next morning.

Buzz!

At the intersection of this extremely quiet interface, a group of more than twenty people suddenly flew over.

These two dozen people were all fully armed, looked very vigilant, and exuded a dangerous aura.

At this time, the young man in green robes leading the way was the captain of the Falcon Squadron, Ying Changkong.

At this time, Ying Changkong looked at the empty area around him, smiled coldly, and said: "It seems that they have arrived at the Demon Realm on the other side. Let's follow them quickly to see how they and countless monsters are harmed."

"boom!"

But at the moment when Ying Changkong finished speaking, suddenly in the surrounding void turbulence, the calm void suddenly burst out with terrifying killing energy.

It was the strong attack from a group of more than a dozen people including Ye Feng, Zhu Wudao, and a terrifying attack that was ready to go.

"boom!"

"boom!"

"boom!"

At this moment, Ye Feng suddenly burst out with a terrifying fist. Chaos energy burst out and rushed directly towards Ying Changkong, the most powerful one.

"What?!"

"Zhu Wudao! You actually counterattacked with a sneak attack!"

Ying Changkong suddenly screamed in anger.

But at this moment, a terrifying attack had already arrived.

Poof!

Poof!

The Falcon team had no time to react, and several people in the Falcon team were killed in this instant, killing them instantly.

"Tianyuan Guardian!"

In a hurry, Ying Changkong directly

He raised his hands and propped up a huge green energy mask in front of himself.

"boom!!"

Ye Feng's fist hit the energy shield around Ying Changkong in an instant, and an earth-shaking roar suddenly erupted.

At this time, the energy mask suddenly shattered inch by inch and turned into fragments all over the sky.

Obviously, the strength of Ye Feng's chaotic body has been greatly improved, and its destructive power is becoming more and more terrifying, which cannot be resisted by a simple energy mask.

"boom!"

Immediately, Ye Feng's fist continued to advance forward, directly hitting Ying Changkong's body hard.

"Buzz!"

At this moment, a thick layer of green armor suddenly appeared on Ying Changkong's body, covering his entire body.

boom! !

Ye Feng's fist struck the surface of Ying Changkong's body, and a terrifying roar erupted.

That layer of green armor can be said to be very strong, and it was able to withstand Ye Feng's current Chaos Body attack, denting a huge hole.

But it was not shattered.

"Huh? This set of armor is pretty good. Can it withstand my punch?"

Ye Feng suddenly showed a trace of surprise in his eyes.

But at this time, Ying Changkong's eyes were extremely frightened, and he couldn't help but exclaimed: "How can your fist be so hard? This set of armor of mine is made of the holy material 'God's Tear Green Iron'. Even a peerless magic weapon cannot break through my armor, but your fist directly made a dent in my armor? How is this possible?"

Uh-huh!

Ying Changkong quickly retreated at this time.

"Senior Brother Ye Feng! I'm here to help you fight against Ying Changkong!" Zhu Wudao flew over not far away.

Ye Feng said aloud: "You trap him, I will attack."

"good!"

Zhu Wudao shouted out

Voice: "Nine Heavens and Bright Moon Domain!"

Boom!

I saw rounds of bright moons rushing out from Zhu Wudao's body, emitting bright light, directly forming a huge moon field, surrounding Ying Changkong not far away.

Ying Changkong's eyes were extremely gloomy, and he shouted instantly: "Eagle strikes the sky!"

boom!

A huge golden eagle suddenly rushed out from Ying Changkong's body. Like the ancient eagle god, it burst out with earth-shattering power and pressure, directly impacting the Zhu Wudao Mingyue Domain and shaking it violently. , it will almost break apart in the next moment.

However, Ye Feng didn't expect Zhu Wudao to really be able to trap Ying Changkong for how long. He only needed to trap him for a little while, which was enough.

"boom!"

At this moment, Ye Feng directly took out the Sword of the Broken King, and then poured all his strength into the sword in his hand.

Boom! !

Suddenly, a terrifying light of destruction burst out from the entire sword of the ruined king, exuding the ferocious aura of the ancient beast king.

"boom!!"

Ye Feng's sword was too terrifying.

The terrifying sword energy of destruction instantly tore the golden eagle released by Ying Changkong into pieces.

"No!!"

Then in Ying Changkong's horrified eyes, he directly chopped it into two halves, completely falling!

The eagle flies into the sky, die!

"Wow!"

The next moment, Ye Feng directly released the Devouring Domain, swallowing up all of Ying Changkong's blood energy skills.

boom!

Ye Feng's cultivation level suddenly broke through the first level and entered the sixth level of Heaven-Suppressing Realm!

At this moment, Zhu Wudao picked up Ying Changkong's storage ring on the ground in the distance, quickly flew to Ye Feng, and handed the storage ring to Ye Feng like a treasure. In front of him, he said loudly: "Senior Brother Ye Feng, this storage ring of Ying Changkong contains all the wealth accumulated by the Falcon Team over the years."

Chapter 3262 Bad luck

"Let me see."

Ye Feng directly took the Ying Changkong storage ring in Zhu Wudao's hand into his own hand.

Buzz!

At this time, Ye Feng Shen Nian investigated and immediately discovered that the wealth in Ying Changkong's storage ring was indeed very rich, with a lot of demon ores and various cultivation resources.

It seems that all the wealth of the Falcon team that Ying Changkong belongs to is gathered in his own storage ring.

But now Ying Changkong's accumulation over the years has become Ye Feng's.

Ye Feng was very satisfied at this time and directly put all the wealth in this storage ring into his own storage ring.

"Boom!" .??.??

"Boom!" .??.??

At this time, a group of core disciples not far away were still fighting each other.

"boom!"

At this time, Ye Feng and Zhu Wudao also rushed towards not far away, helping the core disciples and killing all the members of the Falcon Team without leaving any one behind.

Although the members of this group of Falcon Team are all very powerful, they cannot resist the attacks of Ye Feng and Zhu Wudao.

Zhu Wudao wouldn't say it anymore, he already had captain-level strength.

Not to mention the super powerful existence of Ye Feng.

So in the end, all the members of the Falcon Team and dozens of core disciples were killed.

At this time, Ye Feng released the Devouring Domain in an instant, swallowing up all the blood energy of all members of the Falcon Team.

Boom!

Ye Feng's body suddenly erupted with a terrifying roar.

That is the momentum of breakthrough.

Ye Feng absorbed the blood energy of dozens of members of the Falcon Team, and once again broke through the first heaven, directly stepping into the seventh heaven of the Heaven-Suppressing Realm!

Ye Feng was very satisfied with this. He really gained a lot this time.

Seeing that Ye Feng can directly swallow other people's blood energy, after all, Ye Feng did not deliberately conceal the process of swallowing, so Zhu Wudao and others

A group of core disciples showed deep awe in their eyes.

At this moment, they suddenly understood that Ye Feng might be more terrifying than they imagined, and his origins were even more extraordinary.

Because this kind of evil ability really makes them, the demon cultivators, feel deeply chilled.

At this time, Zhu Wudao's group of core disciples had no other thoughts in their hearts. The only thought was to follow Ye Feng's back and have a good time.

At this time, Ye Feng looked at Zhu Wudao and said aloud: "Now that the Falcon Team has been killed, let's go directly to the super large mine in the Demon Realm. Now we can explore that place with peace of mind. A very large mineral vein."

Zhu Wudao immediately nodded and said, "Okay, I'll take Senior Brother Ye Feng over there right now."

Uh-huh! Uh-huh! Uh-huh!

At this time, everyone walked directly through the intersection of interfaces and stepped onto a deep demon soil.

This is already the territory of the real demon world.

The scorched earth on the ground exudes a dark atmosphere.

Moreover, the entire sky is dark, with only a bloody sun hanging high in the sky. The scene looks very depressing and gives people a very scary feeling.

However, everyone is a practitioner of the demonic path, and they are very adaptable to this kind of energy aura from the demon world.

Ye Feng naturally didn't have any problems.

Although Ye Feng is here for the first time, his Chaos Body is extremely tolerant. Ye Feng can even actively absorb the bad aura of the Demon Realm to strengthen his own power.

"So strong!"

When Zhu Wudao saw that Ye Feng had caused the energy of the world of heaven and earth to be injected into his body, Zhu Wudao's eyes suddenly revealed a look of deep horror.

Because when he first came here, even if he was a demon practitioner, he felt very uncomfortable and even felt

He was troubled by the evil energy invading his body and corroding it.

But Ye Feng was actually able to directly absorb the energy of the entire heaven and earth world.

This is really incredible.

At this time, if it weren't for the aura exuding from Ye Feng's body, which was indeed the pure aura of the human race, Zhu Wudao would have even thought that Ye Feng might be the heir of a certain demon god in the demon world.

Zhu Wudao was secretly surprised, but he didn't say much, but led Ye Feng towards the super-large mineral vein quickly.

Along the way, Ye Feng saw a lot of scenery around him. This is the land that belongs to the Demon Realm. It looks very different from the human world. There are no continuous mountains, no buildings, and no life around. , there are no plants, most of them are barren.

The land is endless as far as the eye can see, and everything is scorched black, like scorched earth that has been destroyed by a war.

And at this time, just as everyone was walking, suddenly a large black thing like a dark cloud suddenly appeared high in the sky.

When everyone took a closer look, their expressions suddenly changed.

Those were all crows.

However, these crows are different from the crows in the human world. These crows are covered with pitch black scales, their claws are very sharp, and their eyes are glowing scarlet. They look very evil, like a demonized version. Like a crow.

At this moment, Zhu Wudao immediately whispered: "The Heavenly Demon Realm is very dangerous, and you may encounter a very scary demon clan in the Heavenly Demon Realm at any time. This should be the bloodthirsty crow clan, which is very scary. They shouldn't have discovered us yet, we'd better hide around a little bit."

At this moment, Ye Feng looked at the evil crows in the sky and nodded immediately.

After all, Ye Feng also felt the aura of fear from these crows.

After all, there are only a dozen of them in the group, and the crows in the sky are like dark clouds, there must be hundreds of thousands of them.

Once all these bloodthirsty crows swoop down, Ye Feng will probably be a little overwhelmed.

Swish, swish, swish!

Swish, swish, swish!

So at this moment, the group of people found a relatively secluded place nearby and lay down on the ground temporarily to avoid attracting the attention of these terrifying crows.

Boom!

But unfortunately, at this moment, a creature that looked like an ancient elephant suddenly appeared from the ground not far away.

But this ancient elephant, covered with blood-red scales, should be another terrifying beast in the demon world.

But the moment this elephant appeared, it immediately attracted hundreds of thousands of bloodthirsty crows high in the sky, and they swooped down in an instant.

"Crash..."

Immediately, like locusts crossing the border, hundreds of thousands of bloodthirsty crows instantly gnawed this ancient elephant, which was as majestic as a mountain, into a skeleton. The scene was very terrifying.

Not far away, Ye Feng, Zhu Wudao and his party saw this scene and suddenly felt a little chilly.

Because the fighting and destructive power of this bloodthirsty crow is really terrifying.

Boom!

But just when everyone was praying that these hundreds of thousands of bloodthirsty crows would leave directly, several crows suddenly discovered the blood energy of a group of people lurking not far away, and rushed towards everyone.

Wow! !

Then hundreds of thousands of crows all rushed over, like locusts covering the sky, making people's scalp numb!

"No! These bloodthirsty crows found us!"

"Hurry up and run!"

At this moment, Zhu Wudao's eyes suddenly showed a look of horror, and he quickly led a group of people and flew away in a certain direction.

Ye Feng's face looked a little gloomy at this time, and he quickly followed.

It can only be said that they were not very lucky. As soon as they arrived in the Demon Realm, they encountered a large number of bloodthirsty crows.

At present, we can only avoid the sharp edge for the time being and escape from here as soon as possible.

Chapter 3263 Under the Lake

Wow! !

At this time, on the ground of the Demon Realm, Ye Feng, Zhu Wudao and others were escaping quickly.

Behind the scenes, hundreds of thousands of bloodthirsty crows were frantically chasing the group of people.

This group of bloodthirsty crows are very fast and will catch up with everyone in a blink of an eye.

"Wow!"

At this moment, a core disciple was surrounded by hundreds of bloodthirsty crows before he had time to react. ??

The next moment, the core disciple didn't even have time to scream, and his whole body turned into a bloody skeleton, scattered on the ground, looking very scary.

"hiss!"

At this time, when everyone saw this scene, they couldn't help but gasped in fear.

"Damn it!"

Even the captain Zhu Wudao couldn't help but cursed secretly. This time he was really unlucky to be targeted by these hundreds of thousands of bloodthirsty crows.

They had been to the Demon Realm many times before, and they had never been so unlucky.

At this moment, Ye Feng released his natal flame towards the back.

"boom!!"

The next moment, a large area of endless flames surged out of Ye Feng's body.

But what made Ye Feng's eyes change was that these flames were unable to harm these bloodthirsty crows.

These bloodthirsty crows are different from ordinary crows. Instead of feathers, they have black scales.

The scales on their bodies are very strong, as if they are made of metal, and they are actually fireproof!

Even Ye Feng's current natal flame cannot burn these bloodthirsty crows.

Ye Feng knew that the quality of his natal flame had not been improved for a long time, so when he came to this advanced interface, he could no longer keep up with his use.

"It seems that if I have the chance, I still have to find a way to improve the quality of my flames. Otherwise, my flame skills will be useless."

\u003c

br\u003e At this time, Ye Feng couldn't help but murmur secretly in his heart.

Then, Ye Feng did not want to waste his power, so he withdrew his flames, followed Zhu Wudao and the others, and continued to fly quickly in a certain direction in the distance.

Some demons in the demon world today are indeed very difficult to deal with.

These hundreds of thousands of bloodthirsty crows are all fireproof. Even Ye Feng's flame power cannot burn them. They are indeed very difficult to deal with.

"There is a frozen lake ahead! Although this bloodthirsty crow is not afraid of fire, it is afraid of water, especially cold water!"

Suddenly at this moment, Zhu Wudao, who was leading the way to escape, suddenly spoke out.

At this moment, everyone immediately flew towards the front crazily, and then they saw a large lake exuding a cold air.

Plop!

Plop!

Almost at the next moment, all the core disciples, including Zhu Wudao and Ye Feng, jumped into the ice lake.

Buzz!

At this moment, they suddenly felt the biting cold water, stimulating their skin crazily and stimulating their nerves, making them feel that their whole bodies were about to be frozen, and even their spirits and souls were about to be frozen. Same.

It has to be said that there are many very special natural environments in this demon world, such as this ice lake, which is simply terrifying to the extreme.

Even Ye Feng's chaotic body felt cold at this moment.

But Ye Feng was okay, he just felt a little cold.

But other core disciples, including Zhu Wudao, felt that their whole bodies were about to be frozen and their blood was about to solidify into ice.

But at this time, what made everyone breathe a sigh of relief was that hundreds of thousands of bloodthirsty crows

Those who rushed over were hovering above the icy lake, seemingly daring not to touch the extremely cold water.

Seeing this, Ye Feng showed a hint of surprise in his eyes and looked at Zhu Wudao not far away.

It seems that Zhu Wudao is very experienced. After all, he has been in the Demon Realm for such a long time, so he naturally knows some common sense about nature.

At this moment, Zhu Wudao saw that many bloodthirsty crows were afraid to come down, and his eyes suddenly showed deep joy.

They finally got rid of this terrible bloodthirsty crow.

But several hours had passed, and everyone was almost frozen in the icy lake.

But those terrifying bloodthirsty crows were still hovering above the lake, seemingly with no intention of leaving.

Obviously, these bloodthirsty crows are not mindless creatures, but very intelligent.

They know that this group of humans simply cannot stay in the icy lake for too long. .??.

At this moment, after seeing this scene, Zhu Wudao's eyes suddenly darkened. It seemed that he did not expect that this large group of bloodthirsty crows were so smart, waiting for them above the lake.

Ye Feng suddenly spoke up at this time: "Continuing like this is not an option. We will lurk directly towards the bottom of the ice lake and dig a hole in the ground to leave this area."

When Zhu Wudao heard what Ye Feng said, his eyes suddenly lit up, and then he said loudly: "Okay, let's do this."

Swish, swish, swish!

Next, the group of people lurked directly to the bottom of the icy lake and began to dig underground passages.

But just when they were digging the bottom of the lake, suddenly the bottom of the entire lake seemed to be leaking, and a huge pothole appeared in an instant, sucking everyone in instantly.

Wow! !

Even Ye Feng, at this moment

He was unable to resist the terrifying force of underwater washing and was sucked into the space at the bottom of the lake.

When everyone reacted, they had arrived in a strange underground space.

There is no cold water here anymore, and it is surrounded by very humid underground building spaces.

The surrounding walls are engraved with very ancient patterns, making it look like you have arrived in a mysterious architectural space from ancient times.

The dozen or so core disciples present looked around with strange expressions in their eyes.

Zhu Wudao couldn't help but look at Ye Feng beside him, and said aloud: "Senior Brother Ye Feng, we seem to have mistakenly entered an ancient underground building space. It seems to be an ancient ruins."

Ye Feng looked around at this time and used his soul power to sense it slightly. He indeed sensed a very ancient aura.

At this moment, Ye Feng couldn't help but nodded and said: "It seems that we have indeed entered a very secret and ancient ancient ruins. This ancient ruins are under the ice lake. Most people may not be able to see them at all. We wouldn't have thought of looking for any ancient ruins in such a bitterly cold lake, but we didn't expect that by chance, we were forced to the bottom of the lake by those bloodthirsty crows, and ended up accidentally entering this ancient ruins."

Zhu Wudao was also quite surprised and said: "It seems that as the old saying goes, misfortunes and blessings really depend on each other. Although we were forced into desperation by hundreds of thousands of visual crows, we didn't expect that another village would be bright and we would arrive. In an ancient underground building, perhaps we can get great opportunities."

When the dozen or so other core disciples around him heard what Ye Feng and Zhu Wudao said, they all showed a hint of excitement in their eyes.

Ye Feng nodded slightly and said: "Then let's explore this ancient ruins carefully. Maybe we can find a way to fight against those bloodthirsty crows. After all, I think this lake is so cold and biting, maybe it has something to do with the coldness under this lake. This piece of ancient architectural space has a relationship."

Chapter 3264 Ice Sculpture

At this time, after Ye Feng finished speaking, he took Zhu Wudao and a group of core disciples directly towards the deep area of the underground building space.

Ye Feng and Zhu Wudao were walking at the front because their cultivation bases were the strongest. In case of any danger, they could respond as quickly as possible to avoid unnecessary losses to their members.

At this moment, the entire surrounding environment is very cold.

And the further you walked toward the inside, the colder you felt.

The ground even began to freeze, and there was a layer of mist-like frost in the air, slowly flowing, and ice began to appear on the surface of people's bodies.

Buzz!

But at this time, Ye Feng directly released his own flame.

The next moment, he turned into a burning man!

The cold atmosphere around him disappeared instantly.

At this time, as everyone approached inside, they suddenly encountered a huge ice sculpture that appeared on the ground in front of them.

This ice sculpture looks like a human-shaped sculpture, and it also holds an ice sword in its hand. It looks very majestic and shocking.

Zhu Wudao couldn't help but speak out at this time: "Brother Ye Feng, we seem to have reached the deepest part of this underground building space. There is no road ahead, only this ice sculpture."

Ye Feng nodded slightly, his eyes fell on the ice sculpture, and he looked at it carefully.

Boom! !

Suddenly at this moment, a very cold air of ice rushed out from the entire ice sculpture.

It was like an ice frenzy, charging directly towards the people in front, as if it could freeze everything.

It has to be said that the cold air in these ice frenzy is simply terrifying to the extreme.

Before even getting close to the crowd, the surrounding void was frozen.

"What a terrifying ice energy!"

At this moment, Zhu Wudao and many other core disciples showed deep horror in their eyes.

They backed away quickly. \u003c

br\u003e

But at this time, Zhu Wudao suddenly saw Ye Feng still standing where he was.

He immediately couldn't help but his face changed, and he couldn't help shouting anxiously:
"Brother Ye Feng! Hurry and retreat! This kind of ice frenzy is not something we can resist! This is stronger than the cold air in the ice lake , hundreds of times higher! It can instantly freeze warriors in our realm into ice!"

Seeing what Zhu Wudao said not far away, Ye Feng said with a serious face: "I want to try to see if these ice waves can freeze me. I vaguely feel that this ancient underground building space The biggest secret is hidden in that ice sculpture, so we must get close to that ice sculpture to find the final secret. If we retreat now, everything here will be destroyed by the terrifying ice frenzy. If it is frozen, it is almost impossible for us to re-enter, so I have to fight hard. You are watching from behind. Don't get close to me. Come and try to see if it works. If it doesn't work, I will retreat. "

"Born Flame!!"

Boom! !

At this moment, Ye Feng frantically activated his own natal flame.

Suddenly, Ye Feng's whole body suddenly surged with a terrifying power of flames.

Ye Feng felt as if he had become an ancient god of fire at this moment. He was very terrifying and could directly defeat the terrifying ice frenzy.

The ice frenzy froze the entire void, but when it hit Ye Feng, it was quickly melted by the power of the flames on Ye Feng's body.

"Boom, boom, boom..."

At this moment, Ye Feng's body was burning with terrifying flames, and he walked quickly step by step in the direction of the ice sculpture in front of him.

Ye Feng felt the huge impact and pressure.

But Ye Feng knew that there must be a big secret in this ice sculpture.

So Ye Feng

You have to see what kind of secret it is.

Maybe you can get a very terrifying and earth-shattering inheritance.

Now that he has come, Ye Feng cannot retreat easily.

At this time, Ye Feng roared loudly and burst out with even more terrifying fire power.

Ye Feng even used the flame ancestral talisman he had obtained before. .??.

Uh-huh!

Ye Feng placed the Flame Ancestral Talisman directly on his forehead, frantically strengthening his flame power.

This Flame Ancestral Talisman was given to Ye Feng by Ye Qinglan, Ye Feng's aunt.

Ye Feng has never used it much because there is no need for it at all.

But now facing this terrifying power of freezing ice, the flame ancestral talisman on Ye Feng can play a huge role.

At this moment, Ye Feng was blessed by the blessing of flames, and the power of the flames on his body became even more terrifying.

Like a god of fire from the ancient times, he moved forward quickly, resisting the terrifying ice wave, and finally came to the ice sculpture.

Wow!

Here, Ice Frenzy is at its greatest intensity.

If Ye Feng hadn't resisted with the Flame Ancestral Talisman in front of him, he would have been frozen and turned into a dead body.

At this moment, Ye Feng approached this place and suddenly discovered that the ice frenzy did not erupt from the ice sculpture, but from the big ice hand held by the ice sculpture. It was struck from the sword.

"This is definitely a peerless weapon with cold attributes!"

Ye Feng immediately understood that this ice sculpture did not pose much of a threat at all. The real threat was the ice sword in the hand of this ice sculpture.

But Ye Feng was also very excited. The ice energy emitted by this ice sword was so terrifying that he needed to use the Flame Ancestral Talisman to resist it.

It can be seen from this that if this ice sword can be

If you use it yourself, it will definitely explode with earth-shattering ice power.

Maybe one slash with a sword can freeze a small world!

At this moment, Ye Feng did not go directly to get an ice sword.

Because Ye Feng didn't know what level of treasure this ice sword was.

If you rush to snatch it by force, you may risk your life.

So at this time, Ye Feng first exuded his soul power, covering the huge ice sculpture in front of him.

Ye Feng wanted to find out what kind of secrets were hidden in it.

Buzz!

However, almost at the moment when Ye Feng's soul power touched the ice sculpture, Ye Feng suddenly felt that his soul body was being pulled into the inner space of the ice sculpture.

Immediately, Ye Feng's soul body suddenly saw that the inner space of this ice sculpture turned out to be a vast world of ice and snow.

At this time, Ye Feng's soul body could see that his own body was still outside the ice sculpture, with flames burning on his body, resisting the ice frenzy released by the ice sword, but there was nothing too big. Danger.

This made Ye Feng's soul breathe a sigh of relief.

Then, Ye Feng's soul power looked at the entire vast world of ice and snow around him, with deep amazement in his eyes.

"I didn't expect that such a huge world of ice and snow could be hidden in a small ice sculpture."

Ye Feng couldn't help but sigh at this moment.

But Ye Feng knew that this should be a virtual world at the soul level.

"Huh? That's..."

At this moment, Ye Feng suddenly saw that in the middle of the ice and snow world, there was a huge castle completely made of ice, standing on the earth, exuding an ancient and vicissitudes of life.

Uh-huh!

Ye Feng's eyes flashed, and he immediately flew quickly in that direction, wanting to find out.

Chapter 3265 The Mysterious Ice Moon

Swish, swish, swish!

Ye Feng's soul power is strong, which makes his soul body very strong, so Ye Feng's speed is very fast at this time.

In a blink of an eye, Ye Feng controlled his soul body and came to the front of the huge castle.

This huge castle is the only building in the entire ice and snow world.

Buzz!

At this moment, Ye Feng could sense a very deep cold air from the huge castle in front of him, which was spreading around, making Ye Feng's soul body almost frozen.

If Ye Feng's soul power was not very strong, he would not be able to approach this huge castle that could freeze the soul.

"The final secret should be in this castle." .??.

Ye Feng thought in his heart at this time, and then flew directly to the door of this castle.

Then Ye Feng took a deep breath and walked directly into the castle.

When Ye Feng came to the castle, he immediately saw that the entire castle was made of pure ice.

In the center of the castle, there was an ice coffin!

Ye Feng couldn't help but be startled, and whispered in secret, "Could it be that this castle hides an ancient strongman?"

Tap tap tap...

In the huge castle, only Ye Feng's footsteps sounded.

Ye Feng walked directly to the front of the ice coffin and looked inside.

"This is..."

The next moment, Ye Feng suddenly saw a sleeping beauty who looked like a living person, lying in this ice coffin.

"Bingyue."

At this time, Ye Feng noticed that there was a stone tablet next to the ice coffin, and the words "Bingyue" were written on the stone tablet.

Ye Feng's eyes immediately showed a trace of surprise. Could it be that this sleeping beauty lying in the ice coffin was called

Bingyue?

And just as Ye Feng was observing.

"Buzz!"

Suddenly, the sleeping beauty with her eyes closed in the ice coffin opened her eyes, which scared Ye Feng.

Shua!

Ye Feng immediately retreated quickly to the back.

But at this moment

"Boom!" The lid of the entire coffin exploded. Then the sleeping beauty who looked very mysterious and noble, who seemed to be called Bingyue, flew towards Ye Feng and appeared directly in front of Ye Feng. Swish! Then Bingyue stretched out a slender hand that seemed to be made of cold jade and grabbed in front of Ye Feng. Ye Feng subconsciously wanted to burst out with terrifying power to resist. "What?" "My power disappeared!" But Ye Feng was shocked to find that he could not exert all his power. Obviously, the means of this mysterious Bingyue were extremely terrifying, and he could block all his power in an instant. "This is definitely a very terrifying ancient strongman!" Ye Feng immediately had such an idea in his mind. At this time, Ye Feng couldn't help but smile bitterly. He didn't expect that this terrifying ancient strongman in this castle was not dead yet. Originally, Ye Feng thought that he might be able to obtain the powerful inheritance of a certain ancient strongman, but now it seems that he has become a prey sent to others. But at this moment, suddenly, a talisman emitting cold air flew out of Ye Feng's body outside this ice and snow world. This talisman was the Ice Ancestral Talisman that Ye Feng had obtained before! Swish! The Ice Ancestral Talisman instantly flew in front of Ye Feng, and immediately made the Sleeping Beauty who wanted to kill Ye Feng stop her palm. This ancient Sleeping Beauty, who seemed to be called Bingyue, had a trace of doubt in her beautiful eyes at this moment, staring at the Ice Ancestral Talisman in front of her, and then she actually said: "Are you the inheritor of the Ice Ancestral Talisman?" Ye Feng heard what Bingyue said, of course he nodded immediately, and said: "Senior is right, I am the inheritor of the Ice Ancestral Talisman!" Ye Feng was about to forget the Ice Ancestral Talisman, but he didn't expect that the Ice Ancestral Talisman would save Ye Feng's life at the critical moment. ??

Hearing what Ye Feng said, Bing Yue nodded slightly, then stopped attacking, and said: "Since you are the inheritor of the Ice Ancestral Talisman, then it should be the Ice Ancestral Talisman that guided you here to wake me up, right?"

"Of course."

Ye Feng naturally followed the words of this terrifying ancient strongman at this time. He naturally would not say that he came here to plunder the inheritance here.

Although Bing Yue, the sleeping beauty, is extremely powerful, she seems to be very naive and has not experienced any intrigues.

So at this time, Bing Yue believed Ye Feng's words in an instant, and the look in her eyes when she looked at Ye Feng was not as cold and ruthless as before, and it also became a little more relaxed.

Bing Yue nodded slightly, and then said: "Then you are also my benefactor, awakening me from endless sleep."

Ye Feng immediately asked: "I wonder what kind of identity the senior is?"

When Bingyue heard Ye Feng's question, she thought for a moment, then showed a confused expression on her face, and said aloud: "I don't know what my identity is, I only remember that I have been sleeping here for a long, long time. "Yes, my memory seems to be somewhat damaged."

When Ye Feng heard what Bingyue said, he immediately said: "Anyway, senior's identity back then must have been earth-shattering."

Bingyue shook her head indifferently, and then said aloud: "I will follow you out first to see if I can find my true identity back then."

Ye Feng's eyes looked a little horrified at this moment, because he suddenly discovered that this ice moon was actually real!

A physical creature can actually exist in this virtual ice and snow world at the soul level.

This shows how terrifying this Bingyue's true cultivation and methods are.

He is actually able to turn reality into reality and integrate his own entity into this virtual soul-level world.

This kind of method is currently beyond the imagination of Ye Feng and cannot be fathomed.

At this time, Ye Feng immediately said: "Okay, since senior is willing to follow me out, let's go out directly."

Bingyue nodded slightly and followed Ye Feng to fly towards the outside of this ice and snow world.

Ye Feng didn't feel much loss at this time.

Although he did not receive any earth-shattering inheritance, being able to have such a terrifying Sleeping Beauty follow him was considered an extremely powerful bodyguard.

However, Ye Feng also knew that the other party would definitely not help him easily. After all, he had nothing to do with the other party.

But no matter what, it's already good if my life is saved.

Chapter 3266 Solved in an instant

At this time, Ye Feng took Bingyue and quickly flew out of the ice and snow world and arrived outside the ice sculpture.

When the two came outside the ice sculpture, Ye Feng's body was still burning with strong flames, resisting the ice frenzy erupting from the ice sword.

Uh-huh!

When Bingyue saw this scene, she immediately stretched out her hand slightly, and the ice sword immediately shrank quickly, and then turned into an ice hairpin.

Bingyue used this ice hairpin to tie up her long hair.

At this time, the ice frenzy also disappeared, and Ye Feng's soul body returned to his original body.

"Senior Brother Ye Feng! Are you okay?"

Not far away, a group of core disciples such as Zhu Wudao who were watching ran over.

Their eyes were a little surprised. They didn't expect that a strange woman with extremely beautiful temperament would appear next to Ye Feng.

It's like the Guanghan Fairy above the nine heavens, giving people a very desolate and mysterious feeling.

Zhu Wudao came to Ye Feng's side and asked in a low voice: "Senior Brother Ye Feng, who is this?"

Ye Feng lowered his voice at this time and said: "Don't ask anything, don't say anything, because I don't know either."

Hearing what Ye Feng said, Zhu Wudao was immediately startled and quickly closed his mouth.

At this time, Ye Feng and Zhu Wudao walked towards the outside of the building space under the lake.

Bingyue behind him was following Ye Feng, inseparable.

When Ye Feng saw this scene, his eyes showed a hint of surprise.

Bingyue's ethereal voice sounded in Ye Feng's ears at this time: "I will follow you for the time being. I am not familiar with the outside because I have been sleeping for too long. I will follow you first to see if I can find it. Return to my true identity back then, and it will take some time for me to regain my true identity.

The power of cultivation. "

When Ye Feng heard this, he immediately nodded happily and said loudly: "Senior, just follow me and give me any instructions if you need anything."

Ye Feng knew that this Bingyue was not only beautiful in appearance but also had an extraordinary temperament, but her methods and strength were also terrifying to the extreme.

If Bingyue follows him, even if he doesn't take the initiative to help him, it will still be a powerful trump card.

Ye Feng didn't believe that Bingyue would not rescue him when his life was really in danger.

At this time, Bingyue suddenly spoke up: "Actually, when I was sleeping, I was about the same age as you. You don't need to call me senior, just call me Bingyue."

When Ye Feng heard what Bingyue said, he immediately nodded and said: "Okay, then I will call you by your name directly from now on. By the way, my name is Ye Feng."

Bingyue nodded slightly and murmured: "Ye Feng...I remember."

Next, the group walked directly out of the underground building space of the ice lake, and then came to the lake.

When they arrived at the lake, the bloodthirsty crows all over the sky had not left yet. They were all hovering high in the sky, seemingly waiting for Ye Feng and his party.

At this time, Ye Feng couldn't help but look at Bingyue beside him, and said loudly: "These bloodthirsty crows have been chasing us for a long time. My power of fire is of no use to them. I am also because of the Ice Ancestral Talisman." Forgot to use it, now let me use it to see if I can deal with these bloodthirsty crows."

Uh-huh!

At this moment, Ye Feng said and directly displayed the Ice Ancestral Talisman.

"boom!"

Immediately, a terrifying and cold air of ice burst out from the Ice Ancestral Talisman, rapidly impacting directly towards the high altitude.

Immediately, a large group of bloodthirsty crows at the front were directly frozen into ice cubes and fell from the high altitude with a "snap" and "snap".

However, Ye Feng's coldness was too small, and it was just a drop in the bucket.

After all, there are hundreds of thousands of bloodthirsty crows in the sky above.

Bingyue seemed to be unable to stand it any longer, and suddenly said: "Leave it to me."

After saying that, Bingyue reached out and grabbed it.

Boom! !

In the palm of her hand, earth-shattering ice energy suddenly burst out, and the entire sky was frozen in an instant.

Hundreds of thousands of bloodthirsty crows all turned into ice cubes at this moment and fell from the sky one after another.

Hundreds of thousands of bloodthirsty crows were all eliminated in an instant!

"this....."

After seeing this scene, Zhu Wudao and a group of core disciples standing behind Ye Feng were stunned for a moment.

They opened their mouths wide, as if they had never imagined that this beautiful woman with a cold and cold temperament could actually have such terrifying cultivation strength.

This kind of strength is really terrifying to the extreme.

At this time, Zhu Wudao looked at Ye Feng and finally understood why Ye Feng had told him not to ask anything.

The origin of this beautiful woman is absolutely terrifying.

Zhu Wudao couldn't help thinking at this time, what exactly did Senior Brother Ye Feng experience during the ice frenzy of the ice sculpture?

Why did such a powerful, strange and beautiful woman suddenly appear?

Zhu Wudao was thinking in his heart at this time,

I admire Ye Feng more and more.

Unexpectedly, Senior Brother Ye Feng is not only very powerful.

Moreover, he was able to get such a terrifying and beautiful woman to take action for Senior Brother Ye Feng.

He is simply a role model for our generation!

At this time, Ye Feng saw that all the bloodthirsty crows in the sky were frozen and fell from the sky, with deep surprise in his eyes.

Sure enough, my guess was correct. The strength of this Ice Moon was terrifying to the extreme. It was simply unfathomable, and it was impossible to figure out where its true upper limit of power was.

At this time, Ye Feng quickly flew towards the surrounding lake and collected all the frozen bloodthirsty crows into his storage ring.

The blood energy of these bloodthirsty crows is very high-level, and there are hundreds of thousands of them. If they are devoured, they will definitely greatly improve Ye Feng's cultivation.

This made Ye Feng very happy. He really missed a lot of good things this time.

At this time, after Bingyue took action casually, he withdrew his cold energy and stood beside Ye Feng again.

It seems that she only trusts Ye Feng and is inseparable from Ye Feng.

After Ye Feng collected all the ice cubes from the bloodthirsty crows, he looked at Zhu Wudao who seemed to be thinking to himself not far away, and said, "Don't be stunned, let's go directly to the super large mineral vein now."

Zhu Wudao nodded immediately at this moment, and looked around excitedly, wanting to go to the super large mine vein as soon as possible.

Originally, Zhu Wudao was still a little unsure about plundering the super-large mineral vein.

But now there is such a terrifying and mysterious beautiful woman next to Senior Brother Ye Feng. There will definitely be no problem in going to the super large mine this time!

Chapter 3267 Practice on the spot

Under the leadership of Zhu Wudao, the group quickly traveled through a large area of the Demon Realm, and finally came to a stretch of mountains.

This stretch of mountains is all pitch black and looks very depressing, giving the impression that there is an ancient demon living in it.

At this moment, everyone came here, and Zhu Wudao immediately warned: "Everyone, be careful. In this continuous black mountain, there may be powerful monsters appearing at any time, with very terrible destructive power."

Everyone nodded after hearing this.

At this time, Ye Feng saw Bingyue, following him, not observing the surroundings, but with a trace of confusion in his eyes, as if he was thinking about something.

Ye Feng knew that the other party had just woken up from endless years and was very unfamiliar with his current identity and the place he was in, so it was normal for her eyes to look confused.

At this time, Ye Feng couldn't help but said to Bingyue beside him: "When we complete our mission here, we will leave the demon world and return to the human world."

When Bingyue heard what Ye Feng said, she nodded slightly without saying anything more.

At this moment, Zhu Wudao was leading the way. He suddenly stopped and said to Ye Feng behind him: "Senior Brother Ye Feng, we have arrived. The super large mine I mentioned is right there. Behind this black mountain, we should first plan how to break into the super large mine, because there are many extremely powerful dark monsters lurking around this black mountain. "

When Ye Feng heard what Zhu Wudao said, he glanced at Bingyue beside him and found that the other party didn't care at all about what they were doing.

Ye Feng has no intention of asking Bingyue to help for the time being. After all, Bingyue has no obligation to do many things for herself.

Ye Feng was already very satisfied that Bingyue could save him in a dangerous moment.

So Ye Feng still needs to complete it himself.

At this time, Ye Feng thought for a moment, looked at Zhu Wudao beside him, and said loudly: "You lead a group of core disciples and advance from the edge of this black mountain. I walked directly from the front of the black mountain alone. Attack in and attract the attention of most of the monsters, then go around from the edge to the rear and attack these monsters from behind. "

Hearing what Ye Feng said, Zhu Wudao suddenly showed a hint of surprise in his eyes, and couldn't help but said: "Brother Ye Feng, if you attack directly from the front alone, wouldn't it be too risky? You know, those monsters are all very scary."

At this time, Zhu Wudao also saw that the relationship between Bingyue and Ye Feng did not seem to be as close as he imagined.

Most of the time, Bingyue actually stayed out of the matter, so this mysterious strong woman probably couldn't be relied on.

When Ye Feng heard Zhu Wudao say this, he just smiled slightly and said, "Don't worry, there will be no problem. My real strength is much stronger than you think."

Boom! !

After finishing speaking, Ye Feng's body suddenly burst out with an extremely powerful aura, and his whole person directly released a terrifying fighting spirit, heading straight ahead, towards the black mountains in front of him.

"Roar!!"

From the black mountains in the distance, terrifying beast roars suddenly rang out.

boom!

boom!

boom!

The next moment, in the black mountains, extremely powerful dark monsters from the Demon Realm rushed out and charged towards Ye Feng.

Seeing the scene in front of him, Zhu Wudao immediately looked at the dozen core disciples beside him and said loudly: "Senior Brother Ye Feng is attracting the maximum firepower for us now. Let's quickly go around the edge and prepare. Use extremely powerful war weapons to attack these monsters from behind, trying to kill all the monsters in this super-large mineral vein, and help Senior Brother Ye Feng get out of trouble as soon as possible!"

"Yes, congratulations, senior brother!"

All the core disciples nodded one after another at this moment, and then immediately followed Zhu Wudao, from the edge of the black mountain, quickly around to the back of the black mountain.

At this moment, Bingyue stood there and glanced at Ye Feng, who was not far away. She did not go directly over, but still stood here, seeming to be thinking about something.

matter.

Perhaps, Bingyue did not take action because she felt that those monsters did not pose a life threat to Ye Feng and there was no need for her to go there.

At this moment, on the battlefield directly in front of the black mountains not far away, Ye Feng burst out with terrifying power and was fighting terrifyingly with dozens of dark monsters.

Boom!

These dozens of dark monsters are the guardian monsters that live in this super-large mine. Each of them is very powerful, and their realm is a whole realm higher than Ye Feng.

However, Ye Feng's Chaos Body is very powerful, and it has been improved a lot by using Dark Ganoderma before. So at this time, Ye Feng can only rely on the power of his body to burst out with terrifying power, and can go head-to-head with these dark monsters.

Moreover, Ye Feng's physical strength is relatively powerful now. If he really used some martial arts moves, he would not be able to cause any harm to these dark monsters.

What Ye Feng is most proud of now is the strength of his Chaos Body.

During this period of time, the Chaos Body has improved a lot in the Black Demon Sect, so now Ye Feng punches out with punch after punch, knocking these dark monsters back again and again, making these dozens of dark monsters feel the deep pain. A deep look of surprise.

This group of dark monsters didn't seem to expect that a small human boy would actually have terrifying body power that could rival their dark monsters.

And while Ye Feng was fighting these dozens of dark monsters.

Suddenly, behind the black mountains, war crossbows exuding terrifying sharpness flashed out.

boom! boom! boom.....

These war crossbows were shooting at these dark monsters like crazy.

"Pfft"

"Pfft"

At this moment, each of the dark monsters did not expect that there would be such a terrifying attack suddenly behind them, and they were all very terrifying war weapons, all of which shot through these dark monsters instantly.

"hateful!"

"Cunning humans!!"

These dark monsters immediately let out screams of agony.

And Ye Feng took advantage of this opportunity to directly take out the extremely powerful weapon he had obtained before, the Sword of the Broken King, and then slashed forward fiercely with the sword.

Boom! !

The terrifying sword energy burst out from the Sword of the Broken King in an instant, full of terrifying lethality, directly killing all the dark monsters!

"Very good!"

Seeing this scene, Zhu Wudao and a group of core disciples who were sneak attacking from behind all showed excitement in their eyes.

At this time, Ye Feng also showed a look of relief on his face, and finally got rid of all the dozens of dark monsters.

"Buzz!"

But at this moment, suddenly in the deepest part of this black mountain, a very terrifying aura was awakening.

It's like an old monster that has lived for hundreds of thousands of years is about to wake up.

The terrifying aura was so powerful that everyone present felt a life-threatening threat.

Zhu Wudao couldn't help but exclaimed in the distance: "Senior Brother Ye Feng, there seems to be a terrifying dark monster, which far exceeds our current combat power."

Ye Feng nodded solemnly at this time and said aloud: "This aura makes me feel a life threat, but the aura of this dark monster is slowly awakening, and it has not fully awakened yet. I still have time. Come and improve your cultivation. You will protect me. I will practice directly on the spot now."

boom!

After saying that, Ye Feng instantly released the Devouring Domain, covering all the blood and energy of the more than twenty powerful dark monsters killed at the scene, quickly devouring and absorbing them.

In addition, all the hundreds of thousands of bloodthirsty crows that Ye Feng had obtained before were released by Ye Feng and then put into the Devouring Domain, rapidly increasing Ye Feng's power and cultivation!

Ye Feng's current plan is very simple, that is, in the short period of time when the terrifying monster aura in the deepest part of the black mountain has not fully awakened, he will improve his cultivation skills as much as possible, so as to have a weapon that is comparable to that last terrifying beast. The power of Warcraft!

Success or failure depends on this!

Chapter 3268 Dark Dragon

"Rumble..."

At this moment, a huge amount of energy was quickly injected into Ye Feng's body, and was swallowed up by Ye Feng, strengthening Ye Feng's power.

You know, dozens of dark monsters, plus the blood energy of hundreds of thousands of bloodthirsty crows, are very terrifying.

It was like a vast ocean, filling Ye Feng's entire body, causing Ye Feng's skill to be greatly improved.

In this short moment, Ye Feng's cultivation level immediately broke through quickly.

"boom!"

The eighth level of the Heaven-Suppressing Realm!

"boom!"

The ninth level of Heaven-Suppressing Realm!

"boom!"

Perfection in the tenth level of Heaven-Suppressing Realm!

In just a short moment, Ye Feng's cultivation level directly broke through the third level of heaven and entered the tenth level of heaven-suppressing realm!

And this is far from enough, because the majestic energy has not been completely digested.

"boom!"

Ye Feng's body continued to erupt with a terrifying breakthrough momentum, directly stepping into the Half-Step Ten Thousand Tribulation Realm above the Heaven-Suppressing Realm!

immediately.

"boom!"

Another breakthrough.

He rushed directly into the first level of the Myriad Tribulation Realm! !

At this time, Ye Feng couldn't help but look up to the sky and roar, feeling the energy in his body, undergoing an extreme transformation, which greatly improved Ye Feng's combat power.

You know, after a breakthrough in a major realm, Ye Feng's combat power at this moment is many times stronger than before.

Zhu Wudao and a group of core disciples who were watching the whole process had their eyes widened.

Because Ye Feng's breakthrough was so brutal, it directly devoured the power of other lives for his own use.

It's really terrible!

At this time, don't talk about other ordinary people

The core disciple, even the captain Zhu Wudao, felt a deep fear from Ye Feng in an instant.

At this time, everyone felt towards Ye Feng, in addition to awe, there was also a terrible sense of fear.

"Um?"

Bingyue, who was standing not far away, also saw the whole process of Ye Feng's devouring, and finally attracted the eyes of this mysterious and beautiful strong woman, making her stop thinking about her own affairs and look at it in surprise. Ye Feng glanced at it.

However, Bingyue didn't say much. Although she was quite surprised by Ye Feng's devouring ability, Bingyue seemed to be a well-informed person. After casually taking a look at Ye Feng at this moment, she fell into self-thinking again.

At this time, Ye Feng broke through to the real first level of the Myriad Tribulation Realm, his skills were greatly improved, and his combat power also underwent a crazy transformation.

At this moment, Ye Feng looked directly at Zhu Wudao beside him and said loudly: "We will directly attack the deepest part of this black mountain and take the initiative to attack!"

boom! !

After finishing speaking, Ye Feng's body suddenly erupted with a terrifying fighting aura, just like the God of War, charging forward into the depths of the black mountain.

Directly take the initiative to attack the most terrifying dark monster that is about to awaken!

This is a great courage!

Zhu Wudao and other core disciples seemed to be infected, and followed Ye Feng enthusiastically.

Zhu Wudao ordered to the group of core disciples behind him: "Prepare all the important weapons of war, and then be there to assist Senior Brother Ye Feng to kill that terrifying dark monster!"

"You humans are so presumptuous!"

Suddenly at this time

, along with a majestic ancient sound, the black mountains not far away shook rapidly.

The entire mountain collapsed!

Deep in the dark earth, a dark dragon with three heads rushed out of the earth in an instant.

This is an extremely terrifying dark monster. It is covered with black scales and has two dragon claws that cover the sky. It looks very huge, majestic and towering, covering the sky and the sun, giving people a very... Depressed feeling.

The magical beast aura exuding from this dark dragon is simply boundless, rolling like a vast ocean, spreading to all directions. It is a terrifying evil beast at the level of Nirvana that has surpassed the Ten Thousand Tribulations Realm!

"A terrifying monster at the realm of annihilation!"

Feeling the majestic and vast aura, Zhu Wudao suddenly showed a trace of horror in his eyes. .??.

Sure enough, this final dark monster was terrifying to the extreme. It turned out to be a powerful monster at the level of the Nirvana Realm that surpassed the Ten Thousand Tribulations Realm!

At this time, Zhu Wudao subconsciously looked towards the rear, his eyes falling in the direction of the mysterious and beautiful Bingyue.

But what made Zhu Wudao quite disappointed was that Bingyue, the mysterious and powerful ancient female powerhouse, did not seem to want to help. She still stood there with confused eyes, seeming to be thinking about life anytime and anywhere.

"Senior Brother Ye Feng?"

At this time, Zhu Wudao suddenly saw Ye Feng bursting with terrifying power, charging directly towards the dark dragon not far away.

"Senior Brother Ye Feng, this is too brave!"

Zhu Wudao and a group of other core disciples couldn't help but exclaimed in surprise.

Because Ye Feng's behavior was so ferocious, he rushed directly towards the terrifying dark dragon. No one else had the courage at all. \u003c

br\u003e

At this time, Ye Feng rushed in front of the dark dragon, and immediately felt a very huge dark aura rushing towards his face, making Ye Feng's eyes reveal a hint of fear.

If Ye Feng's cultivation had stayed at the sixth level of the Heaven-Suppressing Realm before, then Ye Feng would never have rushed directly in front of this dark dragon to provoke this terrifying ancient dark creature.

But now Ye Feng relied on devouring to quickly accumulate his own skills, and directly broke through to the first level of the Myriad Tribulation Realm, giving Ye Feng the confidence to face this dark dragon head-on.

"Weak human boy, you dare to come directly in front of me. Who gave you the courage to do this?"

At this time, the dark dragon covering the sky and the sun stared at the little Ye Feng in front of him, and made a majestic and gentle voice, with deep disdain in his tone.

"boom!"

However, Ye Feng didn't bother to say a word at this time, and just punched hard.

Although Ye Feng's fist was small, the moment it came into contact with the dark dragon's body, it burst out with earth-shaking power.

The terrifying impact directly bombarded the dark dragon that covered the sky from high in the sky.

The huge dragon body fell hard to the ground, smashing a large area of land and forming a ruin.

"So strong!!"

Not far away, Zhu Wudao and a group of core disciples saw this scene, and their eyes showed deep excitement.

"Damn it! How come you, a boy, have such great power? You are like a young god!"

The dark dragon suffered a big loss and flew out from the ruins again, looking at Ye Feng with some embarrassment.

At this time, the disdain in the dark dragon's eyes finally disappeared, but was filled with deep horror!

Chapter 3269 Showing Loyalty

The dark dragon probably never thought that Ye Feng, a seemingly ordinary human boy, would have such terrifying body power. He could be bombarded directly from the sky to the ground with one fist, and it was not possible at all. Unable to resist.

The dark dragon suffered a big loss. At this moment, its body was covered with dust. It flew high into the sky, stared at Ye Feng not far away, and then said slowly: "I have to admit, you, a human race The boy does have two brushes, which are very powerful. Your body is as if it is made of divine iron. I wonder how you have developed such a strong physique. In my impression, the human race has a very strong body. It's impossible for me to have such a body made of divine iron as you are so weak. Who are you?"

When Ye Feng heard what the dark dragon said, a hint of sneer appeared in his eyes, and he said loudly: "It doesn't matter who I am, what matters is that you are blocking my way, so either get out now." Open or be killed by me."

When the dark dragon heard what Ye Feng said, a look of deep anger appeared on his face, and he said loudly: "This super large mine is the legacy left to us by my ancestors from generation to generation. We all need to absorb it in our cultivation. The energy of this super large mine. It is really abominable that you are here to rob the things left by our ancestors. It is impossible for me to leave directly. Although your body and intelligence are very strong, your cultivation is more than I have fallen a whole level lower. The most powerful thing about our dark dragon family is not the physical strength, but the extremely powerful dragon's breath."

boom! !

Almost at the moment when the dark dragon's words fell, the dark dragon immediately roared, opened its bloody mouth, and then instantly spurted out a terrifying black flame.

This kind of black flame burst out from the bloody mouth of the dark dragon, filled with terrifying burning power. In an instant, it burned the entire void to the point of melting, and then instantly covered Ye Feng. .

Uh-huh!

Ye Feng directly released the Flame Ancestral Talisman at this moment, and then

The last layer of flame energy light shield appeared around Ye Feng, blocking all the flames of this dark dragon.

"What?!"

Seeing this scene, the dark dragon immediately widened his eyes.

It seemed that it had never imagined that this little human boy was not only extremely powerful, but also possessed of many methods.

It is simply incredible that a small talisman can withstand its dragon flames.

Boom!

At this time, Ye Feng didn't hesitate at all. He directly burst out with extremely powerful power, charged towards the dark dragon, and then directly performed the eternal battle technique.

The moment Ye Feng displayed the Book of Eternal Battle, his combat power was greatly improved. He punched out with a fierce punch, shattering all the flames in front of the dark dragon.

Then, the fist was directly printed on the body of the dark dragon, and immediately the entire body of the dark dragon was bombarded from the sky again, and then hit the ground hard.

"ah!!"

The dark dragon immediately screamed, and many of the scales on its body were shattered by Ye Feng at this moment.

At this time, Ye Feng was still unyielding, without any hesitation at all, and continued to release the Dzogchen future body.

Boom! !

At this moment, Ye Feng's cultivation aura immediately began to surge rapidly.

Under everyone's incredible gaze, Ye Feng's cultivation level skyrocketed from the first level of the Ten Thousand Tribulations Realm that he had just broken through to the tenth level of the Ten Thousand Tribulations Realm at the Great Perfection!

"How can this be....."

Countless people were shocked.

The next moment, under the horrified gaze of the dark dragon, Ye Feng's fist directly smashed the dark dragon's head into pieces.

Dark dragon, die!

"Three punches...killed this terrifying dark dragon??" ??

At this time, Zhu Wudao and a group of core disciples standing nearby all had their eyes widened.

They knew Ye Feng was very powerful, but they didn't expect Ye Feng to be so powerful.

It's so scary!

At this time, Zhu Wudao suddenly had inexplicable doubts about Ye Feng's identity.

How could a new disciple who had just entered their Black Demon Sect possess such terrifying methods and cultivation strength?

But although Zhu Wudao had doubts in his heart at this time, he did not dare to say more or doubt anything.

Because he knew that Ye Feng must not be provoked.

Zhu Wudao could only choose to pretend to be confused at this time.

And he felt that he should hug Ye Feng's thigh well. In this case, he might be able to prosper in the Black Demon Sect in the future.

At this time, after Ye Feng killed the dark dragon, there was a hint of surprise in his eyes.

Even Ye Feng himself didn't expect that he would have such a powerful force when he burst out with all his strength.

It seems that after his cultivation reached the first level of the Ten Thousand Tribulations Realm, and combined with his various powerful fighting techniques and methods, the lethality unleashed was indeed beyond the imagination of ordinary people.

At this moment, Ye Feng released the Devouring Domain and swallowed the dark dragon directly on the spot.

boom!

boom!

At this moment, two powerful cultivation auras burst out from Ye Feng's body, breaking through two heavens in an instant.

From the first level of the Ten Thousand Tribulations Realm, he broke through to the third level of the Ten Thousand Tribulations Realm!

It has to be said that this dark dragon is worthy of being a dark creature at the Annihilation Realm level above the Ten Thousand Tribulations Realm.

The energy contained in his body was truly terrifying to the extreme. It was so powerful that it was like a vast ocean. Ye Feng's skills were greatly improved in an instant.

In an instant, he broke through the second heaven and entered the third heaven of the Myriad Tribulation Realm.

There was joy in Ye Feng's eyes at this time.

Coming to the Demon Realm this time, I really gained a lot, and my cultivation strength was greatly improved.

And the final super-large mineral vein has not been swallowed up yet.

At this time, Ye Feng looked at Zhu Wudao not far away, and immediately said: "Let's go directly to the super large mine and see how much resources are left in that mine."

At this time, Zhu Wudao immediately nodded and bowed and said, "Okay, Senior Brother Ye Feng is truly unparalleled and magnificent."

When the other core disciples heard what their captain said, they immediately realized something and said respectfully: "Senior Brother Ye Feng, you are unrivaled!"

Hearing what the core disciple of the Black Demon Sect said, Ye Feng's eyes showed a flicker of color.

It seems that this group of people have seen their extremely powerful methods along the way, and now they are completely loyal to them.

Ye Feng didn't say much about this. He just smiled and said, "Everyone is praising me. In fact, I'm just an ordinary person."

Uh-huh!

After saying that, Ye Feng jumped up and flew directly towards the super-large mineral vein behind the black mountain.

Chapter 3270 Brother Ying Changkong

Uh-huh!

When everyone came to the back of the black mountain, they immediately saw a huge hole in the ground.

In this pit, there are all shiny stones buried deep in the ground.

These stones all emit black light and contain the majestic pure dark energy of the demon world.

At this time, Zhu Wudao, who was standing aside, immediately said very excitedly: "This is it! The place we explored before was this Heavenly Demon Mine. Under this deep pit, there is a huge vein of Heavenly Demon Ore buried. And no one knows how deep it is, but I'm sure the reserves are amazing."

Ye Feng nodded slightly at this time, and then said loudly: "Let's go down and investigate first." ??

Uh-huh!

After saying that, Ye Feng jumped directly into the pit in front of him and flew towards the deepest part of the mineral vein.

Zhu Wudao and a group of core disciples of the Black Demon Sect also quickly followed.

Bingyue stood outside and did not follow. She seemed to be guarding the entrance for Ye Feng and his party.

Swish, swish, swish!

At this time, Ye Feng was diving quickly.

Exactly half an hour later, Ye Feng arrived at the bottom of the Demon Mine.

There was a hint of shock in Ye Feng's eyes.

This mine is really huge, and it definitely stores dozens of tons of demonic ore!

At this time, Ye Feng looked at Zhu Wudao and a group of core disciples beside him, and said loudly: "You collect some of the Demon Ore first, and the rest, I will directly practice and devour it here."

Ye Feng no longer concealed his devouring ability at this time, and just said these words directly.

Zhu Wudao and a group of core disciples immediately clasped their fists respectfully and said, "Okay, I will listen to Senior Brother Ye Feng in everything."

After finishing speaking, Zhu Wudao and a group of core disciples immediately began to quickly dig out the Demon Ore veins in front of them, trying to dig out as much Demon Ore as possible into their storage rings.

They probably dug out nearly

One-tenth of the amount, and then he stopped digging, but said respectfully: "The rest will be handed over to you, Senior Brother Ye Feng."

Ye Feng nodded slightly and said loudly: "You guys are here to protect me. I want to completely refine this super large mineral vein."

At this time, after Ye Feng finished speaking, he directly released his devouring domain in this super large mine.

Buzz!

The extremely dark Devouring Domain immediately emanated from Ye Feng's body, spread to the surroundings, and then quickly enveloped the entire super-large mineral vein.

The next moment, Ye Feng began to absorb all the dark energy from the dozens of tons of ore in the Tianmo Mine, and then quickly injected it into Ye Feng's own body.

At this time, Ye Feng tried his best to absorb and swallow the dark energy in these ores, rapidly increasing his power.

Ye Feng, who had just made a breakthrough, was once again bursting out with extremely powerful cultivation aura, which began to rise steadily.

boom!

Fourth level of the Myriad Tribulation Realm!

boom!

The fifth level of the Myriad Tribulation Realm!

boom!

The sixth level of the Myriad Tribulation Realm!

boom!

The Seventh Heaven of the Ten Thousand Tribulations Realm!

...

At this time, waves of extremely powerful cultivation aura erupted from Ye Feng, which shocked the core disciples around him.

Even at this moment, Zhu Wudao had deep awe in his eyes.

Because he has never seen a genius as terrifying as Ye Feng.

This devouring ability is truly terrifying to the extreme!

Capable of plundering all the energy in the world

Use what you have for yourself, and be domineering without limit.

As Ye Feng devoured it, Ye Feng's cultivation continued to grow rapidly.

At the end, all the energy in the dozens of tons of demon ore in the entire super large mineral vein was absorbed by Ye Feng.

Then they gathered together and merged into Ye Feng's body.

"boom!"

At this time, Ye Feng looked up to the sky and roared, his whole body radiant, bursting out with a terrifying and boundless cultivation aura.

At this moment, his cultivation reached the tenth level of the Ten Thousand Tribulations Realm, and reached the Great Perfection!

"What a powerful force!"

At this moment, Ye Feng clenched his fists and felt infinite energy gathering in his body, as if he could shatter the entire sky with one fist.

At this time, the entire mineral vein was finally swallowed up by Ye Feng.

Ye Feng's cultivation level skyrocketed to the tenth level of Ten Thousand Tribulations Realm, Great Perfection.

At this time, the aura emanating from Ye Feng spread invisibly in all directions, causing the bodies of Zhu Wudao and a group of core disciples of the Black Demon Sect to tremble rapidly.

Because they felt that the cultivation aura on Ye Feng's body was so terrifying that it made them feel as if their bodies were about to break apart.

At this time, Zhu Wudao felt that if Ye Feng wanted to kill them, he might just stretch out a finger and kill them all.

Bingyue was at the outermost part of the mine at this time, with a hint of surprise in her beautiful eyes.

Even though she is an extremely mysterious ancient female power, in this short period of time, she saw that Ye Feng's cultivation has undergone earth-shaking changes, and she was also surprised by Ye Feng's super potential for improvement.

At this time, Ye Feng showed a deep look of joy on his face, looked at Zhu Wudao not far away, and said loudly: "You have helped me a lot this time. When you come to this super large mine, let My cultivation has been greatly improved

Big improvement. "

When Zhu Wudao heard what Ye Feng said, he immediately nodded and bowed to please him and said: "Senior Brother Ye Feng is unparalleled in his elegance. I just helped him a little. Everything is due to Senior Brother Ye Feng's unlimited potential. Achievement."

Hearing what Zhu Wudao said, Ye Feng laughed loudly and said without saying anything more, "Let's just leave here."

Zhu Wudao nodded immediately, and the group walked directly towards the outside of the Demon Realm.

Bingyue was still following Ye Feng not far away, inseparable.

...

Three days later, everyone once again traveled through the interface intersection, returned to the Dark Forest from the Heavenly Demon Realm, and then returned to the Black Demon Sect.

But just when a group of people arrived at the gate of the Black Demon Sect, suddenly a group of guards wearing silver armor surrounded the group.

At the front of this group of guards stood a tall young man wearing golden armor.

This young man wearing golden armor immediately stared at Zhu Wudao among the group of people, and said coldly: "Did you kill my brother Ying Changkong? Zhu Wudao, Zhu Wudao , you are really brave, you dare to kill my brother in the wilderness, do you really think that killing someone in the wilderness will not be known? I have a secret method that can sense the death of my brother? The aura of the people around you includes your aura of Zhu Wudao! Don't even think about leaving today, I will kill you on the spot!"

Boom!

After the young man in golden armor finished speaking, a terrifying aura suddenly erupted from his body.

That was clearly a powerful cultivation level from the sixth level of the Nirvana Realm!

This young man wearing golden armor is Ying Changkong's brother and the captain of the Law Enforcement Hall of the Black Demon Sect.

He possesses extremely powerful cultivation, much more powerful than the core disciples. He is in charge of killing power in the Black Demon Sect and is very powerful and powerful.
