

Ancient 3691

Chapter 3691 Nine

When Ye Feng heard what Elder Wang said in front of him, he immediately nodded slightly and said loudly: "Elder Wang, can you tell me in advance what kind of chance and fortune you want to share with me?"

Ye Feng still doesn't trust Elder Wang very much.

After all, this is a stranger, so Ye Feng needs to determine in advance what kind of chance the elder Wang mentioned is, and whether it is worth taking Elder Wang's descendants to the Wanjie Martial Arts Academy.

Hearing Ye Feng's question at this moment, Elder Wang immediately smiled slightly and said: "The chance creation I mentioned is in the mansion where I live. It is a special place passed down by our family since ancient times. It's called the inherited ancestral land. I originally wanted my granddaughter to enter the inherited ancestral land alone, but now I can let little brother Ye Feng enter the inherited ancestral land together. As long as you, little brother Ye Feng, are capable, you can Any treasures and inheritance obtained in our family's ancestral land can be taken away at will."

Hearing what Elder Wang said, Ye Feng's eyes revealed a hint of interest.

Ye Feng is still very interested in this ancient family's ancestral land.

Because the ancestral land of such an ancient family generally does have huge opportunities hidden in it, which can greatly enhance one's overall strength.

At this moment, Ye Feng looked at Elder Wang in front of him and said with a smile: "Okay, then I will wait for the captain of the Galaxy Guard to come over, and then I will follow you, Elder Wang, to your family."

Elder Wang nodded, and then said aloud: "It will take three days to open the inheritance ancestral land. If you have anything to do during this period, little brother Ye Feng, you can do your thing first. After three days, Just come to where I live."

After finishing speaking, Elder Wang directly gave Ye Feng a map and said: "The big house where I live, and my family, is at the place marked on the map, southwest of the imperial city of our Galaxy Kingdom."

Ye Feng nodded, and then put this map into his storage ring.

The two of them chatted casually, and Ye Feng also learned that Elder Wang's granddaughter was called Leng Ruoxue. She seemed to be born with a spirit body of ice and snow, which was an extremely ancient and special physique.

That's why Elder Wang is very confident in his granddaughter Leng Ruoxue, thinking that his granddaughter will definitely be able to enter the Wanjie Martial Arts Academy.

However, Ye Feng remained skeptical about this. After all, the examination at the Wanjie Martial Arts Academy was too terrifying.

Although Leng Ruoxue, the granddaughter of Elder Wang, was born with a spirit body of ice and snow, you must know that there are countless extremely powerful physiques in the martial arts academies outside.

To be honest, the ice and snow spirit body may be very good in this galaxy interface, but in a holy place of cultivation such as the Wanjie Martial Arts Academy, it is not very outstanding and can only be said to be relatively ordinary.

But Ye Feng didn't say much. After all, this was just a transaction for Ye Feng, and Ye Feng wouldn't explain anything more.

If Leng Ruoxue fails to pass the examination of the Ten Thousand Realms Martial Arts Academy, it will be none of his business. He will just take her to the Ten Thousand Realms Martial Arts Academy.

At this time, not far away from the entrance of the hall, the captain of the Galaxy Guards appeared, holding a map in his hand.

Uh-huh!

The captain of the Galaxy Guards came to Ye Feng and immediately said: "Ye Feng, I have got the map you want to mark the fission stars, but I still want to remind you that some stars are fissioning. It has reached the advanced stage of fission, and the destructive energy produced is very terrifying. Even strong men who are several realms higher than you dare not approach. They can only evacuate the crowd around the fission star and let the fission star explode on its own. Although you are from There may be many methods outside our galaxy interface, but we still have to be careful."

At this moment, the captain of the Galaxy Guard learned that Ye Feng was going to clean up those dangerous fission stars, and his attitude towards Ye Feng suddenly became much better.

Ye Feng just smiled slightly at this time and said: "Don't worry, since I have to deal with these fission stars, I must have my own confidence."

After finishing speaking, Ye Feng looked at the baby Haoran and the big insect in front of him, and said loudly: "The fission stars are very dangerous. I may not have any problems, but your bodies are not strong enough. If you get close to the fission stars, there may be a huge crisis. , In the next few days, Baby Haoran, you will take Big Chongzi for a walk around the imperial city of the Galaxy Kingdom. It just so happens that Baby Haoran, you want to take a look at the customs and customs of this Galaxy Kingdom."

"Okay, okay."

Baby Haoran immediately nodded, looked at Big Chongzi, and said with a smile: "Let's go, Big Chongzi, baby will take you to eat and drink spicy food."

At this time, Ye Feng looked at the captain of the Galaxy Guard in front of him, smiled and said, "Thank you."

Uh-huh!

After saying that, Ye Feng jumped up and left the hall, disappearing without a trace.

At this time, Elder Wang saw Ye Feng disappearing out of the hall, and immediately shouted to Ye Feng's back: "Brother Ye Feng, don't forget the agreement we made in three days."

Elder Wang is really afraid that Ye Feng will never come back. In that case, his granddaughter Leng Ruoxue will never have the chance to enter the Wanjie Martial Arts Academy to practice, and she will not be able to stand out.

At this moment, Ye Feng heard Elder Wang's words from afar, and immediately laughed and shouted, "Don't worry, I remember it."

Shua!

After saying that, Ye Feng had already left the central hall.

Ye Feng did not stay in the imperial city of the Galaxy Kingdom for too long, after all, Ye Feng was different from Baby Haoran.

Baby Haoran had a big family and did not need to look for any opportunities and fortunes. He came to this Galaxy interface just to have fun.

But Ye Feng came here mainly to get various opportunities and fortunes, so as to quickly improve his cultivation strength.

So at this time, Ye Feng had no time to watch

the prosperous imperial city of the Galaxy Kingdom, a cultivation civilization, but directly took the map given to him by the captain of the Galaxy Guard and flew towards the nearest fissioning star.

Ye Feng took a casual look at this time and found that the map given to him by the captain of the Galaxy Guard marked a total of nine fissioning stars.

This made Ye Feng's eyes reveal a hint of surprise.

There are actually nine fissioning stars. If all of them are swallowed, they will definitely provide themselves with huge energy.

However, after thinking about it, Ye Feng felt that nine stars seemed a bit too few, which made Ye Feng's eyes sigh.

After all, the entire galaxy interface is so vast, but there are only nine fissioning stars. From this, it can be seen how rare this kind of star undergoing fission is.

At this moment, Ye Feng looked at the map in his hand and flew quickly towards the first star among the nine fissioning stars.

When Ye Feng arrived at the first fissioning star area, Ye Feng immediately saw this fissioning star, which was emitting a red light all over.

This fissioning star seemed to have reached its end and was almost about to explode completely.

At this moment, there were dozens of guards wearing blue star armor standing around this fissioning star.

These should all be members of the Galaxy Guard of the Galaxy Kingdom.

However, Ye Feng did not say much at this time, but flew up directly and rushed to the fissioning star.

"Who is it?"

"Get out of the way! Danger!"

"Yes! This star is about to fission and explode!"

At this moment, seeing Ye Feng suddenly appear, he flew directly to the fissioning star, and dozens of members of the Galaxy Guard around him immediately exclaimed.

"Boom!"

But in the next moment, what shocked countless members of the Galaxy Guard was that a terrifying dark field suddenly burst out from Ye Feng's body, like a hideous dark mouth, directly swallowing the entire fissioning star.

Ye Feng opened his eyes at this time, staring at a group of Galaxy Guard members not far away, and said: "Don't panic, I am here to deal with these fissioning stars, and I will definitely deal with them perfectly."

"It turned out to be a super strong man from the Imperial City, who is here to deal with this kind of troublesome fissioning star."

At this time, a group of Galaxy Guard members immediately realized.

Obviously, they misunderstood and thought that Ye Feng was a strong man sent by the Imperial City Headquarters.

However, Ye Feng did not explain anything at this time and continued to absorb the energy from the fissioning star.

Because this fissioning star has reached the end of fission, the destructive energy generated inside the galaxy is much larger and more intense than the energy of the star in the early stage of fission.

So at this time, Ye Feng suddenly received a continuous infusion of huge energy.

This feeling is like a power infusion, very refreshing.

"Boom!"

The seventh level of the extreme transformation realm!

"Boom!"

The eighth level of the extreme transformation realm!

"Boom!"

The ninth level of the extreme transformation realm!

At this time, Ye Feng's cultivation level directly broke through the third level.

This made Ye Feng's eyes show surprise.

The energy contained in these fissioning stars is really powerful to the extreme!

However, Ye Feng also discovered that the fissioning star he swallowed before allowed him to break through the fourth level.

But this time, he broke through the third level.

Sure enough, with the continuous improvement of cultivation, each breakthrough requires more energy.

"I hope the next fission stars will not let me down."

Ye Feng murmured at this time, jumped up, and left here directly, flying quickly towards the second fission star marked on the map.

At this moment, a group of members of the Galaxy Guard at the original place looked at the exhausted star wreckage in front of them, and they all showed deep horror in their eyes.

"Who is this young man? He sucked up the destructive energy in the entire fission star in an instant. It's terrible. Is he the ancient tribe of the Devouring God Clan newly recruited by the royal family of our Galaxy Kingdom?"

At this time, many members of the Galaxy Guard couldn't help but talk about it, with deep shock on their faces.

Because they had never seen an existence with such a strange ability, which instantly sucked up a star that was about to fission and explode. It was really incredible to the extreme.

At this time, a member of the Galaxy Guard couldn't help but speak out: "Young sir, the place you are going to now, could it be the place where another fission star is located?"

"Probably."

The other members of the Galaxy Guardians around had a look of horror in their eyes, and then they said aloud: "Let's follow quickly and see if this young adult can really break all the extremely dangerous fission. If Xingchen is dealt with, he will really be a great contributor to our Galaxy Kingdom. Maybe His Majesty the King will personally receive this young adult and commend him."

...

And just after the discussion, this group of Galaxy Guards members rushed in the direction Ye Feng left.

At this moment, Ye Feng has taken the lead in arriving at the location of the second fission star pointed on the map.

At this time, Ye Feng immediately saw a huge planet appearing in front of him.

"It turns out to be a planet, not an ordinary star..."

Ye Feng's eyes showed a trace of shock at this time.

Because this planet is very huge, more than ten times larger than ordinary stars, and it is very majestic and dense!

Chapter 3692 Wang Family Ancestral Residence

At this moment, looking at the fissioning planet in front of him, Ye Feng had a look of deep surprise on his face.

This fissioning planet is more than ten times larger than ordinary stars.

In other words, the energy produced by the fission of this planet is definitely more than ten times more powerful than the fission of ordinary stars!

"Devouring the Realm!"

boom! .??.

At this moment, Ye Feng naturally did not hesitate at all and directly released his Devouring Domain, covering the entire planet in front of him in an instant.

"Rumble..."

Almost at the next moment, Ye Feng immediately felt that waves of terrifying and extremely powerful energy were being rapidly sucked out of the planet and then injected into his body.

"boom!"

At this moment, Ye Feng's cultivation level immediately began to break through.

"boom!"

The tenth level of extreme transformation!

"boom!"

Half step to the divine rune realm!

At this time, after easily breaking through two levels, Ye Feng's cultivation suddenly began to stagnate.

Because next, there will be a bottleneck of a large realm, which will be very difficult to break through.

At this moment, the fissioning planet in front of him had already swallowed nearly half of the planet's energy by Ye Feng.

At this moment, Ye Feng clearly felt that crossing a big realm was very difficult.

"Absorb it all at once!!"

Almost at the next moment, Ye Feng did not hesitate at all, and directly madly inspired the violent power of the entire Devouring Domain.

Ye Feng wanted to swallow up all the huge energy from the fission of the remaining half of the planet at once.

Then with the help of this terrifying fission energy of half the planet, see if we can instantly break the current bottleneck of this great realm.

"boom!!"

At this moment, Ye Feng injected half of the planet's intense energy into his body.

That is an extremely terrifying energy! !

"ah!"

Even though Ye Feng's willpower was very firm, he roared in pain at this moment, as if his entire body was about to leave completely and become countless fragments.

This is a thousand times more painful than Lingchi's execution!

But the next moment.

"boom!!"

Ye Feng's body suddenly burst out with an extremely terrifying cultivation aura!

At this moment, Ye Feng's cultivation finally made a complete breakthrough!

"boom!"

The first level of the divine rune realm! !

Finally, Ye Feng's cultivation level broke through a whole realm, directly reaching the divine rune realm above the extreme transformation realm.

Now Ye Feng's cultivation level is finally comparable to that of a Wanjie martial artist like Senior Brother Gu.

He has reached the level of a veteran student of the Taoist Academy.

Senior Brother Gu's cultivation is at the tenth level of the divine rune realm, Great Perfection.

At this moment, Ye Feng opened his eyes, and his whole body was filled with red light, looking very magical.

Buzz!

Ye Feng clenched his fists at this time, feeling that his whole body was filled with a terrifying and majestic energy.

Ye Feng's eyes were filled with deep surprise at this time.

Unexpectedly, this second fission star turned out to be a fissioning planet.

The energy contained is more than ten times that of ordinary stars, which is really terrifying to the extreme.

Ye Feng received huge energy at this moment, and his cultivation level improved a lot.

Swish, swish, swish!

Suddenly at this time, a group of strong men wearing blue armor flew over not far away.

Ye Feng immediately saw that they were the members of the Galaxy Guards from before.

However, Ye Feng ignored these people and left the scene directly.

After Ye Feng left, a group of Galaxy Guards members came over.

Everyone looked at the withered and dead planet in front of them, and their eyes suddenly showed deep horror.

A member of the Galaxy Guardian couldn't help but exclaimed: "This is a huge planet that is fissioning. The size of this planet is more than ten times that of ordinary stars. The destructive energy produced by fission is also the energy produced by the fission of ordinary stars." More than ten times that of the planet, even the top experts in our Galaxy Kingdom would not dare to approach such a fissioning planet rashly. However, I didn't expect that the young adult would actually turn this fissioning planet into another one in just a short moment. The fission planet has completely absorbed it, which is really terrifying!"

At this moment, after the member of the Guardians of the Galaxy finished speaking, some other members of the Guardians of the Galaxy couldn't help but nod.

At this time, Ye Feng had already headed to the third fission star pointed on the map.

The third fission star is not a planet, but an ordinary star.

After Ye Feng devoured it, his cultivation level only improved by one level, and he entered the second level of the divine rune realm.

"this....."

"Just broke through the first level of heaven."

This made Ye Feng's eyes reveal a trace of a wry smile.

It seems that after my own cultivation has broken through to the extremely powerful realm of the divine rune realm, the energy generated by these fission formations has become less and less useful to me.

Because after he stepped into this new and powerful realm, every breakthrough required more and more energy.

At this time, Ye Feng continued to go to the next few fission star locations guided by the map.

In the end, Ye Feng destroyed all nine fission stars on the entire map.

It was devoured.

Ye Feng's cultivation level finally accumulated and advanced to the fifth level of the divine rune realm.

For Ye Feng, this is actually a very good opportunity.

After all, Ye Feng directly broke through to a great level.

He broke through from the extreme transformation realm to the divine rune realm, and also accumulated to the higher level of the fifth heaven of the divine rune realm. .???.??

Ye Feng was already very satisfied.

After all, fission stars like this are something that can only be encountered but cannot be sought. It is not something that can be obtained just by thinking about it.

This time, Ye Feng was able to get the news of nine fission stars from the captain of the Galaxy Guards of the Galaxy Kingdom. Ye Feng swallowed the entire nine fission stars, which made Ye Feng very satisfied.

At this time, after Ye Feng had devoured all the fission stars, he did not pay attention to the shocked members of the Galaxy Guards who had been following him, but left the scene directly and returned to the imperial city of the Galaxy Kingdom.

Because Ye Feng has not forgotten the agreement with the old man, Elder Wang.

After Ye Feng returned to the Imperial City of the Galaxy Kingdom, he went directly to Elder Wang's family without any hesitation.

When Ye Feng came to Elder Wang's family, he immediately saw a very dilapidated scene.

I saw that the place where Elder Wang lived was full of dilapidated mansions. The buildings were also very old, and there were few servants cleaning them.

Ye Feng immediately understood that Elder Wang's family might have declined, otherwise it would be impossible for the place where he lives now to be so dilapidated and desolate.

Ye Feng walked in directly. He immediately saw a servant standing not far away, walking directly towards him.

The servant asked aloud: "Who is this little brother looking for?"

Ye Feng smiled slightly at this moment and said, "I'm here to see Elder Wang."

"It turned out that he was looking for our family master."

Hearing what Ye Feng said, the servant immediately nodded and said loudly: "Our master should still be in the central hall of the imperial city and has not come back yet. If you are not in a hurry, little brother, you can stay in our reception room." Wait for a while."

Hearing this, Ye Feng nodded slightly.

Anyway, I'm not in a hurry now.

After all, what Ye Feng wants to do now is to discuss with Elder Wang and strive to quickly enter the ancestral land of Elder Wang's family.

As for Elder Wang's granddaughter, Ye Feng didn't pay much attention.

Anyway, when the time comes, he will take his granddaughter directly to the Wanjie Martial Arts Academy, and he will have completed his mission.

As for whether Elder Wang's granddaughter Leng Ruoxue can finally pass the newcomer assessment and enter the Ten Thousand Realms Martial Arts Academy, it depends on Elder Wang's granddaughter's own talent and strength.

At this moment, Ye Feng, led by this servant, quickly arrived at the Wang family's living room.

The servant said aloud: "Little brother, you can wait here for a while. The master of the house will come back every evening."

"OK."

Ye Feng nodded at this time and sat directly in the living room to wait.

The servant left the living room directly, walked outside, and disappeared in the blink of an eye.

However, Ye Feng hadn't waited long in the living room when suddenly a very restless sound came from outside.

"Boom!"

There was even the sound of buildings collapsing.

Before Ye Feng could stand up.

"Uh-huh!"

Suddenly a figure was blasted in and fell directly in front of Ye Feng's feet.

Ye Feng took a closer look, with a hint of shock and anger in his eyes.

The person who was blasted in front of him turned out to be the servant of the Wang family who had received him before.

At this moment, the servant of the Wang family was lying on the ground, vomiting blood, all the bones in his body were broken, and he could no longer die.

This shows how cruel the strong man who killed this royal servant was!

Ye Feng still had a very good impression of this servant of the Wang family.

Because since Ye Feng entered the Wang family, this servant of the Wang family has always had a very good attitude. He does not look down on himself because he looks young, but has a very good attitude and is very kind.

But now, this servant of the Wang family died tragically in front of Ye Feng. He was vomiting blood and his bones were broken. He probably couldn't be saved even if he tried to save him.

At this time, Ye Feng immediately looked outside the reception hall.

A group of fierce-looking strong men came not far away. They were all wearing uniforms and seemed to be members of a certain force.

The leader was a stern young man wearing a blue robe.

This stern young man had a very arrogant look on his face at this time, and he said loudly: "A lowly slave who dares to block my way is really looking for death. Head of the Wang family, come out quickly, your Wang family's old house, I have long said that I want to buy it, but if you don't agree, then I have to be tough. I will kill anyone who dares to resist! "

At this moment, after the cold young man finished speaking, he immediately saw Ye Feng in the living room.

This stern young man immediately stared at Ye Feng. Seeing that Ye Feng was very young, he immediately said with disdain in his eyes: "Boy, you are a servant of the Wang family. Go and inform the head of the Wang family that today's I must get the ancestral home of the Wang family. If you are not willing, then I will directly destroy all of you. Anyway, your Wang family has been in decline for so long and you have no connections in the imperial city. If you destroy your Wang family, It doesn't cost me anything."

Chapter 3693 I am from outside the territory

This stern young man's tone at this moment was very arrogant, very domineering, and very cruel.

Obviously, the status of this stern young man is very noble, otherwise he would not be so arrogant.

At this time, Ye Feng showed a trace of indifference in his eyes, and said loudly: "I am not from the Wang family. Please resolve the grievances between you yourself. Don't mess with me."

"Don't mess with you?"

At this time, hearing what Ye Feng said, this stern young man immediately showed a sarcastic smile on his face and said loudly: "Whether you are from the Wang family or not, it is none of my business. As long as you appear in this Wang family, Then it must be related to the Wang family, and the most important thing is that you dare to say such big words in front of me, saying not to mess with you. I would like to see what qualifications you, a humble boy, have to dare. Saying such arrogant words about not messing with you in front of me made me very unhappy, so I wanted to kill someone. "

Almost at the moment when the cold young man finished speaking, he rushed towards Ye Feng, stretched out a palm, and said with a cruel smile on his face: "No matter who you are, you dare to If you are so arrogant in front of me, I must teach you a lesson."

However, the moment the cold young man finished speaking, a defensive mask automatically appeared on Ye Feng's body. The moment the cold young man rushed in front of Ye Feng, he suddenly encountered the protective mask. superior.

boom!

This cold young man suddenly felt a terrifying and huge power, which emanated from the defensive light shield in front of Ye Feng, and directly sent this cold young man flying backwards, and then fell hard on the ground. He fell to the ground not far away and was smashed into pieces.

"ah!!"

The face of this stern young man, which was originally quite handsome, seemed to have hit a wall at this moment. It swelled up and became very ugly.

Seeing this scene, the expressions of the group of strong men following this stern young man changed drastically, and they couldn't help but exclaimed: "Young Master, are you okay?"

This stern young man suddenly got up from the ground, stared at Ye Feng in an instant, and said angrily: "You have two brushes, but this is of no use at all."

After finishing speaking, this stern young man immediately looked at the old man with a scar on his face beside him, and said loudly: "You hurry up and destroy this boy's cultivation in an instant, and then I will personally kill him." All the bones in his body were crushed one by one, and it is unforgivable that this young man suffered such a big loss. This boy must endure endless torture and die."

At this moment, after the stern young man finished speaking, the scarred old man standing next to him immediately nodded, and a terrifying aura of cultivation suddenly erupted from his body.

That was the aura of perfect cultivation at the tenth level of the divine rune realm!

In the Imperial City of the Galaxy Kingdom, he is definitely considered a first-rate master.

At this moment, the scarred old man immediately fixed his cold eyes on Ye Feng, smiled cruelly, and said loudly: "Originally, if you were subdued in front of our young master, there would be no problem, but now you actually If you dare to let the young master suffer such a big loss, your end will be very miserable, and I will destroy you directly."

Almost at the moment when the scarred old man finished speaking, Ye Feng's face was calm, he just smiled faintly and said: "If you think you can destroy me, then go ahead."

For Ye Feng, he originally didn't want to meddle in such nosy matters.

But now that someone else has come directly to the door, naturally Ye Feng will not just come to him directly.

Then escape.

That's not Ye Feng's character.

It just so happens that I have a cooperative relationship with Elder Wang, the head of the Wang family, and I can help the Wang family solve this problem. Maybe Elder Wang can thank me and give me more opportunities.

So at this time, Ye Feng looked at the scarred old man in front of him, with no fear in his eyes at all.

Although the aura exuded by the cultivation of this scarred old man is that of the tenth level of the divine rune realm.

But you must know that Ye Feng is invincible at the same level.

Although Ye Feng's cultivation is at the fifth level of the Divine Rune Realm, let alone the strong ones at the tenth level of the Divine Rune Realm, even if he is a powerful being at the Heshen Realm above the Divine Rune Realm, Ye Feng doesn't need anything at all now. If you are afraid, you can definitely suppress it directly.

So at this time, Ye Feng's face was very calm.

Seeing the indifferent expression on Ye Feng's face, the stern young man immediately felt as if he had been insulted, and shouted loudly: "Scarred old man, help him! Let him die!"

The old man with Scar nodded slightly, then put his hands behind his back, as if he were a master, and slowly walked towards Ye Feng, and said loudly: "With my cultivation level of the tenth level of the Divine Talisman Realm, in the Galaxy Kingdom, There are all first-rate masters in the imperial city. Anyone who sees me will give me a thumbs up. Today I will kill this arrogant boy like

you with my own hands. Let everyone know that anyone who dares to mess with our young master of the Shen family will suffer a terrible end. miserable."

At this moment, what the old man with scar said was very domineering. It was obvious that this old man with scar was a first-rate master in the imperial city of the Galaxy Kingdom and had quite a high status, so he had a high level of self-esteem.

But at this time, Ye Feng just smiled coldly and said: "Hurry up and take action. Stop talking nonsense and make me anxious."

"You...are arrogant!"

Hearing what Ye Feng said, the old man with the scar suddenly widened his eyes, as if he had never expected Ye Feng to be so arrogant.

After all, in the eyes of these people, Ye Feng looks very young, maybe just a young genius.

Therefore, these strong men of the Shen family did not take Ye Feng into their eyes at all.

As a strong man in the tenth level of the divine rune realm, this old scarred man is already considered a good strong man in the advanced interface of the galaxy interface.

So at this moment, the scarred old man rushed towards Ye Feng, and a steel claw appeared in his hand. The steel claw was also emitting a faint green light, and seemed to be highly poisonous.

The old man with the scar suddenly rushed in front of Ye Feng and grabbed Ye Feng fiercely with the steel claw in his hand. It seemed that he could disembowel Ye Feng in an instant.

At this time, Ye Feng smiled faintly and stretched out a finger calmly.

Then with a flick of his finger.

"Boom!!"

Almost at the moment when this finger was popped out, it was like detonating the vitality of the whole world. A terrifying roar suddenly erupted from Ye Feng's finger, and it suddenly exploded. The steel claw grabbed by the scarred old man in front of him was shattered into pieces by the instant bombardment.

Then the power of Ye Feng's finger produced a wave of destruction that still did not stop and directly bombarded the old man with Scar. In an instant, the old man with Scar was turned into a corpse and turned into pieces, scattered on the ground.

"What?"

Seeing this scene, a group of strong men from the Shen family not far away immediately widened their eyes.

Especially the young master of the Shen family, his eyes were full of deep horror.

He never thought that Ye Feng could be so powerful.

With just a flick of the finger, one finger actually possesses such terrifying power, bursting out extremely terrifying destructive power.

This is really terrible!

Even if the young master of the Shen family, no matter how unscrupulous he was at this time, suddenly understood that he had indeed messed with someone he probably shouldn't have messed with.

The young master of the Shen family's legs were weak at this moment, and he immediately led a group of strong men from the Shen family behind him and fled frantically towards the outside of the Wang family's house, hoping to stay away from Ye Feng, a terrifying young strong man.

But at this time, Ye Feng smiled indifferently and said: "I have warned you not to provoke me, but you still come to provoke me, so if you want to escape now, you are not taking me seriously. , since you came and provoked me, you must leave something behind."??

Boom!

Almost at this moment, Ye Feng stretched out a palm without any hesitation.

Buzz!

The moment his palm stretched out, all the energy of the entire world converged on Ye Feng's palm, and an invisible big hand covering the sky was immediately formed.

The sky-shielding hand was very terrifying. It suddenly hit the young master of the Shen family and a group of strong men from the Shen family who were fleeing not far away. They were all shrouded in his sky-shielding hand, and they were forcibly killed. It was fixed in the void, unable to move at all.

Now Ye Feng's cultivation level has been greatly improved, and he has been directly promoted to the fifth level of the divine rune realm.

After devouring so much energy from the fissioning stars, Ye Feng's current methods are already very terrifying.

Even if he doesn't display any powerful inheritance, his movements can trigger a riot of the power of the entire world, releasing terrifying and boundless power.

The young master of the Shen family and the group of strong men behind him were no match for Ye Feng. They were imprisoned in the void by Ye Feng in an instant.

At this moment, even Ye Feng's own eyes showed a hint of surprise.

Because he didn't expect that he could instantly kill a strong man in the tenth level of the divine rune realm with just one finger.

However, Ye Feng also knows that the powerful tenth-level divine runes in this galaxy interface are definitely not as powerful as those super geniuses in the Wanjie Martial Arts Academy. They are just ordinary tenth-level divine runes, so their combat effectiveness is actually Not very powerful.

Buzz!

At this time, Ye Feng first swallowed up all the blood and energy of the scarred old man who was killed by one of his own fingers. It only increased Ye Feng's skill a little, but did not allow Ye Feng to break through.

This made Ye Feng immediately understand that although the strong men in this galaxy interface had reached a very high level, their energy was not as powerful as those in the advanced world.

So after Ye Feng devoured it at this moment, he didn't even break through to the first level, which made Ye Feng quite disappointed.

But at this time, Ye Feng stared at the young master of the Shen family who was fixed in the void not far away, but his eyes lit up, and then he said loudly: "You are from the Shen family of this Galaxy Imperial City, and you are also the Shen family. My young master, it seems that you have a lot of wealth."

Hearing what Ye Feng said, the young master of the Shen family immediately showed an angry look on his face and said loudly: "How dare you rob me in public?"

Ye Feng immediately shook his head at this time and said loudly: "No, no, no, I am not robbing you, I just think that you provoke me and want to kill me, so I will naturally charge some interest, otherwise if so, wouldn't it make people think that I am very easy to mess with?"

After saying that, Ye Feng just shook his hands.

boom! boom! boom.....

The next moment, the young master of the Shen family and a group of strong men behind him all exploded and died.

Only one strong member of the Shen family was left, staring at Ye Feng in horror and begging loudly for mercy.

At this moment, Ye Feng held the young master of the Shen family in his hands like a little chicken.

Then Ye Feng looked at the last strong man of the Shen family left behind, and said loudly: "Go back to your Shen family quickly, and tell you Shen family people to bring enough wealth to redeem your young master, otherwise, you will The young master is about to move his head."

Hearing what Ye Feng said, the last strong man of the Shen family immediately turned pale with fright and shouted: "Yes, yes! I will inform people in our family to come and redeem the young master!"

After saying that, the strong man of the Shen family immediately rolled and crawled away from the Wang family's mansion in fear, as if he was afraid that Ye Feng would change his mind at the next moment and kill him directly.

At this moment, the young master of the Shen family looked very frightened.

Ye Feng crushed all the strong men in an instant, making him feel Ye Feng's terror again.

But at this time, the young master of the Shen family showed a sinister look in his eyes.

This young man was so bold that instead of killing them all, he left one person behind and asked them to inform the strong men of the Shen family.

This gave the young master of the Shen family a glimmer of hope.

That is, there are extremely powerful top experts in the Shen family. If they come over then, they will definitely kill this kid instantly.

The young master of the Shen family was thinking secretly in his heart at this time.

But at this time, Ye Feng suddenly showed an evil smile on his face, and said aloud: "Are you thinking in your heart, why am I so arrogant and let someone inform you that the strong men of the Shen family are coming to redeem you?" Your life? Are you thinking that the top experts from your Shen family will kill me?"

When the young master of the Shen family heard what Ye Feng said, his face immediately turned pale, and he couldn't help but said, "You can actually...can read minds?"

Ye Feng immediately grinned and said aloud: "I don't know how to read minds, but looking at the sinister look in your eyes, I can guess what you are thinking. You must want to Take revenge on me, my current strength is beyond your imagination, I come from outside the territory."

"What?"

"Are you from outside the territory??"

Hearing what Ye Feng said, the young master of the Shen family immediately turned pale with fright.

These big families in the galaxy interface seem to have a natural fear of strong people from outside the territory.

At this time, the young master of the Shen family finally understood why Ye Feng was so powerful.

It turned out to be from a mysterious foreign land.

At this time, the young master of the Shen family finally felt a deep fear in his heart. He felt that maybe the top strong man in their Shen family was really unable to fight against Ye Feng, a mysterious foreign boy.

At this time, Ye Feng directly took off the storage ring of the young master of the Shen family, smiled and said: "First, count your wealth to see if there is anything good. As a member of the Shen family, Young Master, you should be extremely rich."

Chapter 3694 Don't give me a chance

At this time, Ye Feng didn't hesitate and started searching the storage ring of the young master of the Shen family.

Buzz!

The soul power released by Ye Feng wrapped the storage ring of the young master of the Shen family.

Almost at that moment, Ye Feng instantly shattered the mark of spiritual thought left by the young master of the Shen family on the storage ring, and then made the storage ring his own.

At this time, Ye Feng explored it and his eyes suddenly lit up.

It has to be said that the young master of the Shen family is worthy of being the crown prince of the Shen family. His wealth is still very huge, and there are a lot of spiritual diamonds in the storage ring.

Spiritual diamonds are the hard currency in all the worlds, and they exist like currency.

In addition, there are many powerful inheritances in the storage ring of the young master of the Shen family.

However, Ye Feng looked down upon these inheritances at all. .??.

What Ye Feng really cares about is the golden bead inside the storage ring of the young master of the Shen family.

Inside this golden bead, there seemed to be small energy dragons roaring and roaring.

It's like a bead, like a world, housing many dragons.

At this moment, Ye Feng immediately took out the golden bead exuding majestic energy from the storage ring, held it in his hand, and began to observe.

He could sense a very ancient energy from it.

Seeing this scene, the young master of the Shen family couldn't help but exclaimed: "This dragon ball is an inheritance left by the first generation ancestor of our Shen family. You can't take it away. My father will definitely bring a lot of wealth to redeem my life, so I must take this dragon ball away."

There was a "pop" sound!

At this time, Ye Feng slapped the young master of the Shen family directly, turning his face into a pig's head.

Ye Feng smiled slightly at this moment and said loudly: "You have become my prisoner, what qualifications do you have to negotiate terms with me? I can take whatever I want."

After saying that, Ye Feng opened his mouth and swallowed the golden dragon ball in the face of the shocked and angry look in the young master of the Shen family.

But at the next moment, the young master of the Shen family laughed loudly: "You actually swallowed the inherited dragon ball left by the first ancestor of our Shen family. It contains very huge destructive power. , once swallowed, even if it is not digested, the energy it emits is enough to tear your body into pieces. "

But at the next moment, Ye Feng just smiled faintly and said loudly: "Whether it will fall apart, you will know next."

Boom!

Almost at this moment, what made the young master of the Shen family freeze his smile and even turn livid.

After Ye Feng swallowed this dragon ball left by their ancestors, he was not in any danger at all. Instead, he began to burst out with powerful cultivation momentum, which seemed to have digested the energy of this golden dragon ball. .

At this moment, Ye Feng swallowed this

After receiving a golden dragon ball, he immediately gained huge dragon power, and his cultivation level suddenly reached a breakthrough.

From the fifth level of the divine rune realm, he broke through to the sixth level of the divine rune realm.

After the breakthrough in cultivation, the breakthrough aura exuded from his body made the young master of the Shen family immediately widen his eyes and open his mouth.

He seemed to have never thought that not only was Ye Feng not in danger, but he had also completely digested the golden dragon ball left by the first generation ancestor of the Shen family.

It's incredible!

At this time, Ye Feng smiled faintly, stared at the young master of the Shen family in front of him, and said loudly: "I have said it before, I come from outside the territory, and my means and strength are beyond your imagination."

After the words fell, a large group of strong men suddenly flew up from high in the sky, and they all exuded a terrifying aura.

Standing at the front is a middle-aged man, wearing a purple robe, giving people a very calm and confident look.

"Dad, save me quickly!!!"

Almost at this moment, the young master of the Shen family saw the group of strong men in the sky and couldn't help shouting, as if he saw hope.

Obviously, the middle-aged man in purple robe at the front of the group of strong men in the sky should be the father of the young master of the Shen family, and the head of the entire Shen family.

At this moment, there were hundreds of strong men from the entire Shen family, all of them surrounding the Wang family's residence, giving the impression of an army approaching the city.

boom!

At this time, the head of the Shen family burst out with a terrifying momentum.

That was a strong man in the Heshen Realm who had surpassed the Divine Talisman Realm!

At this moment, the head of the Shen family stared at Ye Feng below and said loudly: "You are so brave, you dare to go against our Shen family, and even imprisoned my son. What you are doing is simply audacious in the extreme."

Ye Feng just smiled faintly at this time, looked at the young master of the Shen family beside him, and then looked at the head of the Shen family high up in the sky, and said loudly: "I don't have much time to talk nonsense with you, everything I want to say has already been said. Come and bring huge wealth to redeem your young master, otherwise I will make your young master's head move."

"presumptuous!"

Hearing what Ye Feng said, the head of the Shen family immediately exuded a terrifying majesty and said, "How dare you touch a hair of my son?"

Click!

But the moment the head of the Shen family finished speaking, impatience flashed across Ye Feng's face, and he suddenly stretched out his hand and twisted off the head of the young master of the Shen family next to him.

Bang!

The young master of the Shen family, his eyes widened before he died, and his body fell straight to the ground.

He seemed to have never imagined that Ye Feng could be so cruel and impatient.

, directly killing the young master of the Shen family.

"What??"

Seeing this scene, all the Shen family experts in the sky widened their eyes for a moment.

It seems that he didn't expect that the young man below would be so cruel, and he would kill the young master of the Shen family after a disagreement.

"My son!!"

At this moment, the head of the Shen family saw his son's head being twisted off. His eyes suddenly turned red and he couldn't help but yell crazily: "How dare you kill my son! This is my son." Only son! What a sin!"

A cruel smile appeared in Ye Feng's eyes at this moment, and he said aloud: "I have said it many times, I will bring huge wealth to redeem your young master, otherwise I will have his head moved, you After I came here, not only did you not give me wealth, but you kept saying that I was too presumptuous, so I had no choice but to kill your young master. I am too lazy to coddle you." .??.

At this moment, Ye Feng was speaking with such cruelty in his tone that the strong men of the Shen family couldn't help but swallow their saliva. This young man was so cruel that he would directly kill them at the slightest disagreement. The young master of the Shen family was killed.

At this moment, the head of the Shen family looked extremely pale.

He originally thought that relying on the power of the head of the Shen family, he could make the young man Ye Feng subdue and let the young master of the Shen family go safely.

But he never expected that this young man would be so cruel. He didn't even let him say a few words before he killed the young master of the Shen family without any regard for the consequences.

This counter-routine behavior made the head of the Shen family freeze on the spot for a moment, and he didn't know what to do, because the situation was completely different from what he expected.

"Crush this kid into thousands of pieces! Pay homage to my son!"

Almost at the next moment, the head of the Shen family was filled with anger and revenge.

At this moment, he immediately made countless strong men from the Shen family rush down and kill Ye Feng, intending to cut Ye Feng into pieces!

But at this time, Ye Feng just smiled indifferently, looked up into the sky, and said loudly: "Since you are so ignorant, don't blame me. I didn't want to cause a bloody storm, but you didn't give me a chance."

Boom!

Almost at this moment, Ye Feng's body suddenly burst out with a terrifying momentum and power.

At this moment, Ye Feng frantically exploded the power of his Hongmeng Immortal Body, and then displayed the Hand of Hell.

boom!

Suddenly, a big hand covering the sky, filled with the terrifying light of hell, appeared directly in the sky and bombarded the hundreds of Shen family experts who were rushing towards them. In an instant, terrifying and boundless destructive power erupted.

At this moment, Ye Feng also released his extremely powerful and exclusive soul attack method, cursing the crystal ball.

Suddenly, the power of cursed souls burst out from Ye Feng's mind.

go.

Each cursed symbol of the cursed crystal ball hit the strong men of the Shen family. In an instant, the entire souls of the strong men of the Shen family were severely damaged. Their faces suddenly became extremely pale, and then they fell from the sky and fell directly to the ground. above, and then fell to pieces.

In addition, Ye Feng also used the master treasure that he had obtained before, the revenge soul spear, which was refined by the Lord of the Underworld.

"boom!"

At this moment, a transparent green spear appeared in Ye Feng's hand, specifically designed to kill the enemy's soul.

At this moment, the revenge soul spear in Ye Feng's hand flew forward, piercing the souls of different Shen family experts again and again.

"ah!"

"ah!"

"ah!"

At this moment, the entire field suddenly erupted in painful screams.

All the powerful men of the Shen family fell from the sky.

Even though their bodies were not harmed, their spirits and souls had been instantly pierced by Ye Feng's revenge soul spear. All of their souls died, and then they fell from the sky, which was very miserable.

After all, Ye Feng's Revenge Soul Spear is a master-level treasure refined by the Lord of the Underworld, and it is simply not something that these ordinary small family powerhouses can fight against.

At this time, many strong men were seen falling from the sky.

The head of the Shen family finally couldn't sit still.

His eyes were full of deep horror, and he said aloud: "What kind of method is this? Specialize in killing people's souls? What kind of existence are you?"

Ye Feng didn't bother to pay attention to the head of the Shen family at this moment.

Since this group of people came to take back their young master dishonestly, Ye Feng had no choice but to be tough.

So at this time, Ye Feng frantically killed these strong men of the Shen family, just in time to release the Devouring Domain and devour the blood and energy of these strong men of the Shen family.

boom!

boom!

At this moment, Ye Feng's cultivation suddenly began to explode.

The seventh level of the divine rune realm!

The eighth level of the divine rune realm!

Ye Feng's cultivation level suddenly reached two levels, which made Ye Feng's eyes look overjoyed.

At this time, the head of the Shen family finally no longer maintained the majesty and identity of his predecessors, and suddenly shouted: "I will personally kill you, you weird boy!"

"The true form of Pangu God!"

Almost at that moment, the head of the Shen family displayed their family's extremely powerful inheritance.

Behind him, a majestic Heaven and Earth Dharma, tens of thousands of meters tall, suddenly appeared. It exuded boundless golden light and possessed the power of the ancient Pangu God. It bombarded Ye Feng directly, as if it could. The entire Wang family residence was destroyed, and the destructive power was extremely shocking.

Chapter 3695 Dharma Giant

At this time, the true form of Panwu God released by the head of the Shen family was very terrifying.

You must know that the cultivation of the head of the Shen family is a strong man in the Heshen realm that has surpassed the Divine Talisman realm.

Moreover, he is not an ordinary Heshen Realm powerhouse, but a being at the top level of the Heshen Realm, the tenth level of the Great Perfection of Heshen Realm, who is very powerful.

So at this time, when the head of the Shen family really unleashed his most powerful inheritance and fighting power, it was still very terrifying and the destructive power was astonishing.

"The true form of Lord Panwu?"

At this moment, Ye Feng stared at the Dharma giant appearing behind the head of the Shen family in the sky, with a hint of strong fighting intent in his eyes, and said loudly: "What an ancient inheritance, it is very powerful, but it is still enough to defeat me. , your Shen family's luck has run out."

Hongmeng Immortal Body!

Hands of hell!

Almost at this moment, Ye Feng frantically activated his body's power.

One of Ye Feng's palms immediately became towering and boundless, completely blocking out the sky and the sun, and directly collided with the Dharma Giant behind the Shen family's head.

"Boom!"

Suddenly, a terrifying roar resounded throughout the entire world.

Almost at the next moment, Ye Feng felt that his hands of hell were numb, and he couldn't help but take several steps back.

At this moment, the Dharma giant released by the head of the Shen family could not help but take several steps back.

Seeing this scene, the head of the Shen family immediately couldn't help but exclaimed: "How is this possible?! I, a Dharma giant, am the true body of the extremely powerful Panwu God passed down by our ancestors, and then refined it into Without my Dharma, you can fight against the power of my ancient Dharma just through the power of your own body? This is impossible!"

When Ye Feng heard what the head of the Shen family said, he just smiled coldly and said: "If this is your strongest method, then we can only say that you will not be able to kill me today, but I will kill you. ”

Boom!

At this time, Ye Feng did not hesitate and jumped directly into the sky. Then he instantly released his most powerful power, directly activating the beast-controlling emperor's natal magic weapon that he had obtained before, the Burial Tomb. .

"Buzz!"

Almost at this moment, a huge tomb made of steel suddenly appeared in Ye Feng's palm, and then erupted with terrifying power of death, as if it could bury the entire heaven and earth. Just bombarding the head of the Shen family.

Boom!

Almost at this moment, the terrifying power of death erupted from the Sky Burial Tomb, shattering the entire head of the Shen Family Patriarch and killing him instantly.

Seeing this scene, Ye Feng didn't show any surprise in his eyes.

Because Ye Feng knew that a small family like the Shen family in the galaxy could have such a powerful family.

An ancient Dharma giant is already very good. He has no other powerful means at all. How can he be compared to a super genius like Ye Feng who has received all kinds of great opportunities?

Any means on Ye Feng's body, whether it is the Hand of Hell, the Sky Burial Tomb, or Ye Feng's own Hongmeng Immortal Body, are all top-notch means, and can naturally crush the head of the Shen family.

It would be really strange if the head of the Shen family really had endless tricks.

Uh-huh!

At this time, Ye Feng reached out and grabbed all the blood and energy of the Shen family's head into his hands, and then swallowed them directly.

"boom!!"

The master of the Shen family is still very powerful.

The skills he had cultivated for hundreds of years were all swallowed up by Ye Feng at this moment and turned into Ye Feng's nourishment.

"boom!"

The ninth level of the divine rune realm!

"boom!"

Great Perfection in the Tenth Level of Divine Rune Realm! !

At this time, Ye Feng's cultivation level directly broke through two heavens in a row and rushed into the tenth level of the divine rune realm, the Dzogchen realm!

Uh-huh!

Next, Ye Feng stretched out his hand and grabbed the dharma-like giant of the Panwu God that was left behind after the death of the Shen family's head, and instantly grabbed it into his hands.

Looking at the majestic Panwu Shen Zun Dharma-like giant in front of him, Ye Feng's eyes showed a hint of interest.

For Ye Feng, this kind of giant Panwu God is still very good.

It's just because in the hands of the head of the Shen family, this Dharma giant did not show its due strength.

But if it is refined by Ye Feng and used by Ye Feng's boundless magic power to display the Panwu God's dharma giant, it will definitely make this dharma giant even more terrifying.

At this moment, Ye Feng looked around and found that the Wang family's mansion had collapsed.

This made Ye Feng's eyes reveal a hint of helplessness.

After all, the fluctuations in the battle between them were really terrifying.

"Granddaughter, are you okay?"

Suddenly at this moment, an old figure flew from a distance.

It's Elder Wang!

At this moment, Elder Wang's face seemed to be very anxious, and he hurriedly ran from a distance. When he saw the collapsed building, his expression suddenly changed.

Apparently, he received the news that the Shen family was coming to destroy the Wang family, and hurried over, thinking that he was late and the Wang family had already been reduced to ashes.

"fine."

But this time

At that moment, Ye Feng walked out of the ruins of the Wang family's ancestral home, with a slight smile in his eyes, and said loudly: "Elder Wang, I have completely solved your Wang family's troubles."

"What?"

Seeing Ye Feng walking out of the ruins, Elder Wang first breathed a sigh of relief, and then said in horror: "Brother Ye Feng, you...what did you do?"

At this moment, Elder Wang looked at the collapsed ruins all around, which obviously indicated that an extremely terrifying battle had just broken out here, otherwise it would not have been possible to create such a terrifying scene.

So Elder Wang had a look of deep horror in his eyes at this time, not knowing what was going on.

At this time, Ye Feng smiled slightly and said: "Your enemies of the Wang family, the strong men of the Shen family came to trouble your Wang family. Unfortunately, they provoked me, and I killed all the strong men of the Wang family."

"What?"

When Elder Wang heard what Ye Feng said, his eyes widened slightly, and he couldn't help but said: "Brother Ye Feng, are you telling the truth? You gave all the powerful men of the Shen family to Killed?"

At this time, after Elder Wang finished speaking, there was still a hint of panic on his face, and he said loudly: "But the Shen family is very powerful, and the head of the Shen family is an extremely powerful tenth level of the Heshen Realm. A powerful being at the level of the Great Perfection, and the head of the Shen family owns an extremely powerful dharma giant inherited from the first generation ancestor of the Shen family. It is very ancient and powerful, and has always suppressed the major families. Otherwise, I must have fallen out with the Shen family a long time ago, but the Dharma Giant is too terrifying. Once released, it will be enough to suppress any cultivator in the same realm, and can even kill powerful beings in higher realms. It is simply not something we can resist. "

When Ye Feng heard what Elder Wang said, he couldn't help but shake his head and smile, and said: "Don't worry, the head of the Shen family has been killed by me."

"What??"

Hearing what Ye Feng said, Elder Wang's eyes widened immediately, as if he couldn't believe what Ye Feng said.

Because when Ye Feng met Elder Wang for the first time, Elder Wang could tell that Ye Feng's cultivation was not very strong.

But now Elder Wang suddenly discovered that the cultivation aura on Ye Feng was much stronger than when he first saw it.

In a short period of time, Ye Feng's cultivation level has directly improved to several realms, causing Elder Wang to have a horrified expression in his eyes.

Moreover, what frightened Elder Wang the most was that Ye Feng's cultivation level was a whole level lower than that of the Shen family's head. He still killed the Shen family's head and even took away the Dharma Giant that had been passed down by the Shen family since ancient times. .

It's incredible!

At this time, Ye Feng directly used his own body as a

, he released the Panwu God Master Dharma Giant that he had refined.

Seeing the towering Panwu God Zun Dharma Giant appearing behind Ye Feng, Elder Wang immediately widened his eyes and couldn't help but exclaimed: "This Dharma Giant is the strongest of the Shen family. The trump card is a powerful dharma that the first generation ancestor of the Shen family stole from the cemetery of gods and demons. It has the power of crushing ancient gods and demons. How could it appear in your hands? "

Ye Feng smiled at this time and said aloud: "Of course I killed the head of the Shen family and snatched his Panwu God Master Dharma Appearance Giant, so now you believe what I say."

Hearing what Ye Feng said, Elder Wang immediately couldn't help but exclaimed: "Brother Ye Feng, you are so powerful, you actually killed the extremely powerful being, the head of the Shen family, without knowing it. The Shen family is a big family. Although it is not the top class in the imperial city of our Galaxy Kingdom, it is definitely a first-class family. It is very powerful. I didn't expect that in a short period of time, you would kill all the heads of the Shen family. "

Ye Feng smiled at this time and said: "In any case, I solved such a big trouble for your Shen family, and I don't need anything in return. After all, I also stole a lot of wealth from the Shen family." , Now I just want you, Elder Wang, to quickly open your Wang family's ancestral land. I want to go in and see if there is anything good in your Wang family's ancestral land."

When Elder Wang heard what Ye Feng said, a respectful expression appeared on his face for the first time, and he said loudly: "Okay, little brother Ye Feng, don't worry, I will go find my granddaughter Leng Ruoxue. The two of you go in together, so you can cultivate your relationship together. After all, in the future, little brother Ye Feng, you are going to take my granddaughter Leng Ruoxue to the Wanjie Martial Arts Academy. You can communicate with me first. My granddaughter, although her current cultivation level is Not very tall, but very talented. She is a spirit of ice and snow, and she is very beautiful and naturally beautiful. As the saying goes, a beauty matches a hero..."

When Elder Wang wanted to continue speaking, Ye Feng quickly interrupted the old man's words and said with a smile: "Hurry up and open the inheritance ancestral land, don't waste my time."

"Okay, okay!"

Seeing that Ye Feng seemed a little impatient, Elder Wang immediately nodded, then walked towards the inner area of the Wang family's ancestral home, and said loudly: "Brother Ye Feng, please come with me. I will take Ye Feng with me right now." Little brother, go and open the inheritance ancestral land of our Wang family. I hope it will satisfy you, little brother Ye Feng. Our Wang family was also a big family comparable to the Shen family back then. There are many good things in the inheritance ancestral land. We will definitely not let little brother Ye Feng. You are disappointed."

At this time, it was learned that Ye Feng had such strong strength. All the heads of the Shen family were killed by Ye Feng. Elder Wang no longer treated Ye Feng as a junior, but as a senior. Gong Respectfully.

At this time, Elder Wang finally understood that these powerful men from outside the territory were all geniuses, and their methods were too terrifying.

Chapter 3696 Leng Ruoxue

At this time, Elder Wang was still very excited and excited.

Originally, in the eyes of Elder Wang, Ye Feng was just a tool, responsible for bringing his granddaughter Leng Ruoxue to the Wanjie Martial Arts Academy.

But now, I see that Ye Feng has such terrifying potential and strength, and his methods are endless.

In Elder Wang's heart, Ye Feng has become a very powerful being, the supreme master of advanced interfaces.

Elder Wang especially hopes that his granddaughter Leng Ruoxue can get close to Ye Feng.

That's why Elder Wang said before that Leng Ruoxue and Ye Feng should cultivate their relationship.

However, Elder Wang saw Ye Feng's seemingly impatient look and thought that maybe this strong young man from outside the territory had very high standards and might not look down on his granddaughter.

But Elder Wang did not give up.

At this time, Elder Wang took Ye Feng directly to the deep area of their Wang family's ancestral home. ??

Here, there is an ancient palace.

In this palace, a slim and beautiful girl is standing at this moment.

This beautiful girl has a very cold temperament, which gives people a very beautiful feeling. She can be seen from a distance but has a noble feeling that is inaccessible.

This beautiful girl is none other than Elder Wang's granddaughter, Leng Ruoxue.

At first glance, Leng Ruoxue is indeed very stunning, very beautiful, and has a very cold temperament, which may be related to her congenital ice and snow spirit body.

But at this time, Leng Ruoxue walked up to Elder Wang and Ye Feng with a very respectful attitude and said: "See Grandpa, see Lord Ye Feng."

Leng Ruoxue may be a cool beauty at the level of the proud daughter of heaven in the Galaxy Kingdom, the dream goddess in everyone's heart.

But Leng Ruoxue was very respectful and low-profile in front of Ye Feng at this time. There was a deep look of flattery on her beautiful and cold white face.

Obviously, in Leng Ruoxue's heart, Ye Feng, a strong young man from outside the territory, is definitely a very terrifying existence, with an extremely noble status.

Leng Ruoxue knew that although she was in the imperial city of the Galaxy Kingdom, she might be the proud daughter of a big family and the dream goddess of many young geniuses.

But Leng Ruoxue knew very well that in the eyes of an outsider like Ye Feng, she must be of low status.

Elder Wang had secretly sent a message to his granddaughter Leng Ruoxue before, and explained in detail to Leng Ruoxue the origin of Ye Feng and Ye Feng's incomparable strength.

Therefore, the first time Leng Ruoxue saw Ye Feng at this moment, she was very respectful and wanted to please this young and powerful man from outside the territory.

Because Leng Ruoxue knew very well that if she could get Ye Feng's approval and be happy to serve Ye Feng, then Leng Ruoxue knew very well that she would be able to soar into the sky, break away from the ordinary interface of the galaxy interface, and enter the tenth century. Become a master in a high-level holy land of spiritual practice.

At this moment, Ye Feng saw Leng Ruoxue's low posture, and there was a trace of surprise in his eyes.

It seems that he did not expect that such a cold-looking goddess-level figure would be so respectful in front of him and deliberately want to please him.

Ye Feng understood immediately. It was estimated that Elder Wang had secretly sent a message to his granddaughter, clarifying his identity.

Ye Feng didn't feel anything bad about this.

After all, such a cold goddess-level figure pleases himself so much and has such a low profile in front of him, which makes Ye Feng feel a sense of achievement in his heart.

At this time, Ye Feng was a little bit lighter

He raised his head, looked at Leng Ruoxue in front of him, and said loudly: "You are an innate ice and snow spirit, and your cultivation strength is pretty good. I will take you to the Ten Thousand Realms Martial Arts Academy. Maybe you can really pass the Ten Thousand Realms Martial Arts Academy." Newcomer assessment."

Hearing what Ye Feng said, Leng Ruoxue's cold and beautiful eyes suddenly showed a look of ecstasy.

Leng Ruoxue's long-awaited wish is to enter the highest level world of origin, enter the legendary holy land of practice, the Ten Thousand Realms Martial Arts Academy, and become a human master.

It has to be said that although Leng Ruoxue looks very cold and is a goddess-level figure, she seems to care about fame and fortune in her heart.

Ye Feng also saw this.

However, Ye Feng didn't comment much on this.

After all, everyone has different ideas, and Ye Feng will not interfere with other people's ideas and values.

Moreover, Ye Feng felt that it would be good for the other party to please him in exchange for the opportunity to enter the advanced interface.

After all, it is relatively easy for Ye Feng to get along with such a relatively pure person.

I'm afraid of people who have very deep thoughts.

At this moment, when Elder Wang heard what Ye Feng said, he immediately couldn't help but look at Leng Ruoxue in front of him, and said quickly: "Master Ye Feng said so, it seems that Xue'er, you definitely have hope of being able to enter. The Wanjie Martial Arts Academy has completely broken away from our weak interface. If you don't hurry up and thank Lord Ye Feng, you will walk the world with Lord Ye Feng in the future. You must listen to Lord Ye Feng next. Do you understand? "

Hearing her grandfather's vague hint, Leng Ruoxue immediately understood something.

It seemed that his grandfather wanted him to please Ye Feng at all costs.

At this time, Leng Ruoxue's fair face seemed to show a trace of rosy color, and she didn't know what she was thinking of.

Then Leng Ruoxue took a deep breath and seemed to have made some kind of decision in her heart.

At this time, for the sake of fame and fortune, she finally decided that if this young strong man from outside the territory wanted "everything" for herself, she would be willing to dedicate herself to this young strong man.

As long as Ye Feng is willing to let himself achieve a higher status.

For Leng Ruoxue, perhaps she is a very aloof, goddess-level and cold person in the Imperial City of the Galaxy Kingdom. That is because Leng Ruoxue simply does not like the so-called young geniuses in the Imperial City of the Galaxy Kingdom. .

At this time, seeing the unfathomable Ye Feng, the kind of domineering that was faintly exuding, Leng Ruoxue immediately understood that what she had always wanted was this kind of super genius from the advanced world outside the territory.

This is what she dreams of.

At this time, Elder Wang suddenly looked at Ye Feng beside him and said loudly: "Master Ye Feng, since you have met my granddaughter Xue'er, let's go directly to the ancestral land of our Wang family. I hope Ye Feng Sir, you can get to know each other well with Xueer in the ancestral land."

Ye Feng just nodded slightly at this moment and said: "Go directly to the ancestral land of your Wang family."

Elder Wang immediately nodded and quickly took Ye Feng and his granddaughter Leng Ruoxue to fly towards the deep area of the Wang family's ancestral land.

Under the leadership of Elder Wang, the three of them soon arrived at the deepest area of the Wang family's ancestral home.

There is an area of very dilapidated buildings.

Even Elder Wang's granddaughter Leng Ruoxue looked around with a hint of surprise in her eyes at this moment.

Obviously, Elder Wang's granddaughter Leng Ruoxue seems to have never been here since she was a child.

Ye Feng looked at Elder Wang beside him and couldn't help but said: "Is this the ancestral land of your Wang family?"

Elder Wang smiled and shook his head at this moment, and said aloud: "This is the teleportation formation area leading to our Wang family's ancestral land."

At this moment, after Elder Wang finished speaking, even the granddaughter Leng Ruoxue next to her had a hint of surprise in her beautiful eyes. It seemed that she did not expect that the Wang family had such an ancient history and that they still needed to go through it. Only through teleportation formation can one enter the inherited ancestral land.

Uh-huh!

Elder Wang did not hesitate at this moment and flew directly to the broken building area in front.

Then he slowly took out an ancient token from his storage ring.

This ancient token seems to be cast from a special kind of black wood. It is mottled with traces of time and looks very extraordinary.

At this time, Elder Wang carefully placed the black token into a stone groove in the center of this area of dilapidated buildings.

Boom!

Almost at the moment when the token was placed into the stone groove, the surrounding dilapidated buildings suddenly erupted with a terrifying light.

Then, a huge teleportation formation was formed directly in front of everyone, emitting very strong spatial fluctuations.

At this moment, Elder Wang immediately said: "Okay, the traditional formation has been activated. The inheritance ancestral land of our Wang family can only be activated once in a hundred years, so now, Lord Ye Feng and Xue'er, you guys You two must be careful, you may encounter danger when entering the ancestral land, but with a super genius like Lord Ye Feng, there will definitely be no problem. "

After finishing speaking, Elder Wang suddenly and secretly sent a message to his granddaughter Leng Ruoxue, and said: "Granddaughter Xue'er, you must please this Lord Ye Feng. He comes from outside the territory. He is very terrifying and very terrible." Powerful, if you can please him and make him happy, then your future will be promising thanks to him."

Hearing the message from her grandfather, Leng Ruoxue immediately nodded vigorously, with a hint of determination in her beautiful eyes. She sent the message to her grandfather and said loudly: "Grandpa, don't worry, I I will definitely take good care of this young man."

After the transmission, Ye Feng had strode into the teleportation formation. Leng Ruoxue quickly followed, with a flattering smile on his beautiful and cold face, and said loudly: "Master Ye Feng, wait for me. , let's go in together."

After saying that, Leng Ruoxue came directly behind Ye Feng and got so close to Ye Feng that Ye Feng could even smell the fragrance of Leng Ruoxue's body.

Buzz!

At this moment, with the fluctuation of the space formation, Ye Feng and Leng Ruoxue had disappeared.

Elder Wang's eyes showed a hint of joy at this time. Looking at the two people who had disappeared, he took a deep breath and couldn't help but murmured: "Xue'er, you must capture this Qilinzi. , From Grandpa's perspective of a hundred years, his future is absolutely immeasurable."

...

Buzz!

At this time, accompanied by a burst of extremely violent air

Fluctuating in time, Ye Feng and Leng Ruoxue instantly entered a very cold world.

This very cold world should be the ancestral land of the Wang family. It is a small independent world.

At this moment, after Ye Feng and Leng Ruoxue arrived here, they looked around and found that there was snow everywhere.

The entire sky is white, with heavy snowflakes floating in the sky, and the air is very cold.

This made Leng Ruoxue couldn't help but get closer to Ye Feng.

At this moment, looking at Leng Ruoxue who was leaning next to him, Ye Feng said aloud: "Before entering this ancestral land, did your grandfather say anything special to you, such as how to find this ancestral land? "

When Leng Ruoxue heard Ye Feng say this, she nodded slightly and said loudly: "Grandpa told me a long time ago that as long as I enter the ancestral land of inheritance, I can inspire my innate awakening. Ice and snow spirit body, because the first generation ancestor of our Wang family was also an ice and snow spirit body back then. He eventually cultivated and evolved into the ice and snow holy body, and created the extremely powerful Wang family. However, it has declined now, so my grandfather told me that entering this After inheriting the ancestral land, I immediately activated my ice and snow spirit body, saying that I could sense where the inheritance of our first generation ancestors was."

Hearing what Leng Ruoxue said, Ye Feng immediately nodded slightly and said: "Okay, then you can directly activate your ice and snow spirit body to sense where the inheritance of your first generation ancestors is? I'll start with After I take you to find your destiny, I will carefully explore whether there are any other opportunities that belong to me in the entire ancestral land."

When Leng Ruoxue heard what Ye Feng said, a trace of gratitude suddenly appeared in her beautiful eyes, and she said loudly: "Thank you, Lord Ye Feng!"

Ye Feng smiled at this time and said aloud: "You don't need to call me Lord Ye Feng, it sounds too unfamiliar. Just call me Young Master Ye Feng."

"Um?"

Hearing what Ye Feng said, Leng Ruoxue's beautiful and cold eyes suddenly showed a hint of surprise.

Because she knew that if she called Ye Feng that, it meant that Ye Feng already regarded her as a relatively close existence, otherwise it would be impossible for her to change her name.

At this time, Leng Ruoxue had a sweet smile on her face and said loudly: "Thank you, Mr. Ye Feng!"

After saying that, Leng Ruoxue no longer hesitated and directly activated her natural ice and snow spirit body.

Buzz!

At this moment, Leng Ruoxue's body suddenly emitted a faint light of ice.

At this time, Leng Ruoxue seemed to be in the entire ice and snow world, and the goose feather snow in the sky was all integrated into one, giving people a very holy and cold feeling.

At this time, Ye Feng, who saw this scene, also showed a trace of surprise in his eyes.

I have to say that this Leng Ruoxue does have a very extraordinary temperament.

Although she is a proud woman in a relatively ordinary world, her temperament is indeed very beautiful, giving people a sense of holiness and nobility.

However, a figure like Leng Ruoxue, who is at the level of an iceberg goddess, still maintains a very low-key attitude in front of him, which makes Ye Feng feel a rather strange feeling.

At this time, Leng Ruoxue suddenly opened her eyes, with light blue light shining in her eyes.

She said aloud: "Master Ye Feng, I have sensed the place where our first generation ancestors left and passed on. Let's go there as soon as possible."

Chapter 3697 Ice and Snow Monster

At this moment, when he heard Leng Ruoxue in front of him say this, Ye Feng's eyes suddenly moved, and then he nodded and said: "Okay, since you have sensed the legacy of your first generation ancestors through your physique. The land of inheritance, then we will go directly there, and I will help you get the inheritance left by your first-generation ancestors, and then rely on the induction of your physique to sense other opportunities. "

Hearing what Ye Feng said, Leng Ruoxue immediately nodded and said quickly: "As long as Mr. Ye Feng can help me get the inheritance of the first generation ancestor, then I will use my first ancestor to stay The inheritance, to sense the other good fortunes in this inheritance ancestral land, when the time comes, all those good fortunes will belong to Mr. Ye Feng. This is what grandpa promised you, and I will naturally try my best to help Mr. Ye Feng. "

Ye Feng nodded slightly, and then said loudly: "Then you can take me directly now."

Uh-huh!

At this moment, Leng Ruoxue jumped up and flew quickly towards a certain direction in this small world of ice and snow.

The two were very fast, and they didn't seem to encounter any so-called danger.

In less than half a day, Leng Ruoxue and Ye Feng had arrived at the place where she sensed the inheritance of the first generation of ancestors.

But at this time, they were all shocked by the scene in front of them.

On the ice and snow ground not far ahead, there unexpectedly appeared an ancient ruins completely made of ice. It was like a country of ice. It felt very grand and majestic, very shocking, and there was An epic visual impact.

But at this time, this ancient ruins country, which was completely made of ice, was completely deserted.

For there was not a single living creature among them, and there were wreckage and collapsed ice buildings everywhere.

It feels like a natural disaster has occurred here.

"this....."

Seeing this scene, Leng Ruoxue's eyes showed a trace of fear, and she couldn't help but said: "What exactly happened here back then, how could such a human tragedy happen."

Ye Feng nodded slightly at this moment and said aloud: "The ancestral land of your Wang family seems to be very unusual. It is different from the ancestral lands of other ordinary families. In the ancestral land of your Wang family, it seems that it has experienced a lot. A disaster, rather than

saying that this is the ancestral land of the Wang family, it is better to say that this is the place of disaster that was sealed by some super powerful people of your Wang family. "

"This is actually the place where our Wang family suffered a disaster?"

Hearing Ye Feng's speculation, Leng Ruoxue immediately showed a look of deep surprise on her face.

However, she did not doubt Ye Feng's speculation.

Because she also saw at this time that the land of ice and snow in front of her was probably established by the ancestors of the Wang family.

However, due to natural and man-made disasters, it became such a tragic situation today.

At this time, Ye Feng spoke up and said: "Let's not worry about what happened many years ago. The most important thing now is to help you find the first generation ancestor of your Wang family. No wonder your grandfather would look for a young and strong man like me. I'll take you with me because

If I weren't here, maybe you would die instantly in this land of ice and snow. "

When he said this, Ye Feng seemed to have thought of something, and suddenly couldn't help but asked: "By the way, you are the granddaughter of Elder Wang and a descendant of the Wang family. Why is your last name 'Leng' instead of 'king'."

Leng Ruoxue immediately smiled and said loudly: "My mother is from the Wang family, but my father is not from the Wang family. My father is the son-in-law of the Wang family. My father's and my surnames are mine, and I am my grandfather's granddaughter."

"I see."

When Ye Feng heard this, he immediately nodded.

Boom!

Almost at the moment Ye Feng finished speaking, the snow not far away suddenly exploded, and a monster with sharp thorns all over its body appeared immediately, heading towards Ye Feng and Leng Ruoxue. The direction struck.

This monster is very scary. Its whole body is covered with dense metal thorns, making it feel like a steel puppet.

Buzz!

But at this moment, Ye Feng just stretched out a hand, and the Hand of Hell was activated instantly, and the terrifying power of hell suddenly burst out. Together with Ye Feng's extremely powerful Hongmeng Immortal Body, it suddenly destroyed this The monster was crushed instantly.

Wow!

Then Ye Feng opened his mouth and sucked in, swallowing all the blood and energy of this monster.

However, it only increased Ye Feng's skill a little bit, but did not make Ye Feng's cultivation breakthrough.

This monster was actually not that powerful, but Leng Ruoxue felt a ferocious feeling.

After all, Leng Ruoxue's current cultivation level is not high.

Although Leng Ruoxue is a genius-level figure in the Imperial City of the Galaxy Kingdom, in the entire world, Leng Ruoxue's cultivation strength is nothing.

After all, Leng Ruoxue has been stuck in the relatively ordinary interface of the Galaxy interface. Naturally, she is much weaker than a super genius like Ye Feng from the Wanjie Martial Arts Academy.

At this time, Leng Ruoxue breathed a sigh of relief. Looking at the dead monster, she couldn't help but admire Ye Feng even more.

Because the monster just now was very vicious to her, and it could probably kill any so-called super genius in the Imperial City of the Galaxy Kingdom in an instant.

But in front of Ye Feng, this terrifying monster was crushed to pieces by Ye Feng with one hand.

Leng Ruoxue was even more excited at this time. There must be more super geniuses like Ye Feng in the Wanjie Martial Arts Academy.

It is indeed a holy land for cultivation, everyone is so powerful.

Just as Leng Ruoxue was thinking about it, Ye Feng suddenly looked in a certain direction and said loudly, "We seem to be surrounded."

"Are we surrounded?"

Hearing what Ye Feng said, Leng Ruoxue suddenly showed a trace of doubt in her eyes.

, and immediately looked around.

The next moment, she immediately discovered that in the surrounding snow, there were monsters covered with metal thorns. Just like the monster just now, it gave people a very advanced and terrifying feeling.

Moreover, there are thousands of these monsters!

Moreover, these monsters that suddenly appeared were much more powerful than the monsters Ye Feng killed just now.

There were even ice and snow giants several thousand meters high in the distance, as well as many ice and snow giants, all of which appeared and rushed towards Ye Feng and Leng Ruoxue.

At this time, Ye Feng showed a trace of surprise in his eyes. He didn't know why so many powerful ice and snow monsters suddenly appeared here. .??.

Leng Ruoxue understood instantly at this time. Grandpa said that there was a huge danger inside, and it seemed that it was these evil ice and snow beasts living inside.

At this time, Leng Ruoxue looked at Ye Feng beside her and couldn't help but asked: "Master Ye Feng, what should we do now?"

Ye Feng spoke out at this time: "There are so many ice and snow monsters, and there are also terrifying monsters such as this ice and snow giant. Their cultivation is very strong. If I were alone, there would be no problem in escaping, but with the It's probably not possible to follow you, so we'd better go directly into the ancient ruins of this land of ice and snow and find the inheritance left by your ancestors first."

Hearing what Ye Feng said, Leng Ruoxue immediately nodded. At this time, she naturally followed Ye Feng's orders.

At this moment, Ye Feng and Leng Ruoxue immediately rushed towards the ancient ruins of the ice and snow country in front of them.

The countless monsters that appeared in the snow in the distance all roared and rushed towards them quickly.

At this moment, Ye Feng led Leng Ruoxue and quickly shuttled through the ancient ruins of the ice and snow country.

Ye Feng said aloud: "Continue to use your ice and snow spirit body to sense the inheritance of your first generation ancestors and where they are."

Leng Ruoxue nodded vigorously at this time, and then quickly activated her ice and snow spirit body.

Buzz!

The next moment, a faint blue light emitted from her body, and then began to guide Ye Feng's direction.

In less than a moment, Ye Feng, under the guidance of Leng Ruoxue, had reached the deep area of the ancient ruins in this land of ice and snow.

At this time, they were already standing in front of a huge ice and snow castle.

This building is very strange and gives people a very artistic feeling.

At this time, the two of them could still hear a lot of monsters roaring and roaring outside, seeming to be looking for traces of the two of them.

However, there are many buildings in this land of ice and snow, and they are so densely packed that it is estimated that the terrifying ice and snow monsters will not be able to find the two of them for a while.

At this moment, Leng Ruoxue stared at the castle in front of her and said aloud: "This should be what our first generation ancestors left and passed down.

place. "

Ye Feng nodded slightly, and then said aloud: "You go directly into this inheritance castle, I will go out to resist those monsters, you get the inheritance of your first generation ancestors as soon as possible, and then leave here."

When Leng Ruoxue heard what Ye Feng said, her eyes suddenly showed surprise, and she couldn't help but said: "Master Ye Feng, are you in danger if you go out to deal with so many terrible monsters alone now? ?"

Ye Feng smiled at this time and said aloud: "It may be a bit difficult, but it shouldn't be dangerous. However, you should get the inheritance left by your first generation ancestor as soon as possible. I will try my best to delay time for you."

Uh-huh!

After saying that, Ye Feng jumped up and left the place.

Leng Ruoxue saw a hint of emotion in her eyes when she saw Ye Feng's leaving figure.

After all, Ye Feng was willing to resist so many thousands of terrifying ice and snow monsters for her, which was really touching.

However, Leng Ruoxue had a firm look in her eyes at this time. Since Ye Feng was willing to do so much for him, he must successfully obtain the inheritance of the first generation ancestor and must not disappoint Mr. Ye Feng.

At this moment, Leng Ruoxue immediately walked into the inheritance castle in front of her, looking for the inheritance left by her first generation ancestors.

At this moment, Ye Feng left the inheritance castle and came to the area outside this castle, flying quickly in a certain direction.

Then Ye Feng yelled: "All monsters, come and chase me, I'm here!"

At this time, Ye Feng naturally wanted to use his roar to lure these thousands of ice and snow monsters away, so that they would not destroy the inheritance castle where Leng Ruoxue was at this time.

"Roar!!"

"Roar!!"

At this time, those thousands of ice and snow monsters heard Ye Feng's call, and naturally they immediately chased in the direction of Ye Feng, perfectly avoiding the ice and snow castle where Leng Ruoxue was at this time.

At this time, Ye Feng came to a ruined city wall area and looked at the thousands of ice and snow monsters rushing over from a distance, with a hint of coldness and killing in his eyes.

At this moment, Ye Feng did not hesitate and directly released the Dharma Giant of Panwu God that he had just obtained.

boom!

Suddenly, a towering and boundless Dharma-like giant appeared behind Ye Feng, with a height of tens of thousands of meters.

The huge palm blocked the sky and the sun, and struck down in an instant, directly bombing dozens of ice and snow monsters in an instant.

In addition, Ye Feng also released the puppet of the Beast Controlling Emperor that Demon Ancestor helped him refine, which was also indestructible.

The Emperor's Puppet rushed into the countless groups of ice and snow monsters ahead, and quickly killed the ice and snow monsters one after another.

As for Ye Feng himself, he released the Devouring Domain, with a look of fanaticism in his eyes, and said loudly: "Devour as much as you like, you so-called ice and snow monsters will become my nourishment!"

Chapter 3698 Blizzard Tomahawk

Boom!

At this time, with the attack of Panwu God Master and the indestructible puppet of the Beast Controlling Emperor, Ye Feng was very relaxed.

At this time, Ye Feng was able to quickly kill the numerous ice and snow monsters that were rushing towards him without even having to take action himself.

Although these ice and snow monsters are very powerful and covered with solid scales, they are indestructible, and their cultivation is also very powerful.

If Ye Feng were alone, he might be overwhelmed and even be besieged to death by these terrifying ice and snow monsters.

But now Ye Feng has many methods.

Ye Feng didn't even need to kill these ice and snow monsters himself. Ye Feng directly released the Panwu God Master Dharma Giant that he had just obtained.

This dharma-like giant of Lord Panwu was very majestic and terrifying. The moment it appeared, it was tens of thousands of meters tall. It waved its two big hands that covered the sky and the sun, as if it could smash everything.

Every time a big hand covered it, it was like a mountain was bombarded, and dozens of ice and snow monsters could be blasted into pieces in an instant.

Then the puppet of the Beast Controlling Emperor released by Ye Feng was carefully refined by Demon Ancestor and was also indestructible.

You must know that the Beast Controlling Emperor was an existence that was infinitely close to being a master. Although he is dead now, the puppet made from his corpse is also very terrifying and indestructible.

The steel-like pair of corpse palms were as if they were made of divine iron. They were indestructible and could tear a terrifying ice and snow monster into pieces in an instant.

Therefore, under the double attack of the Panwu Divine Dharma Giant and the Beast Controlling Emperor's puppet, even if thousands of terrifying ice and snow monsters charged toward Ye Feng, most of them were killed in an instant.

Ye Feng himself was very relaxed at this time, floating leisurely high in the sky, releasing the Devouring Domain.

"Buzz!"

Immediately, the endless darkness devoured the realm, covering the entire world, quickly absorbing the blood and energy of the ice and snow monsters killed by the Panwu God Master Dharma Giant and the puppets of the Beast Controlling Emperor.

Boom!

At this moment, Ye Feng immediately felt waves of terrifying blood energy injected into his body, rapidly increasing Ye Feng's strength and skill.

You must know that these ice and snow monsters are most likely the ice and snow kingdom built by the first generation ancestors of the Wang family who destroyed it.

So these ice and snow monsters are very powerful.

But at the same time, it also shows that the blood energy contained in the bodies of these ice and snow monsters must be very majestic.

Therefore, after Ye Feng swallowed it now, his skill naturally increased very quickly.

\u003e

Ye Feng's cultivation continues to make rapid breakthroughs at this moment.

boom!

At this moment, Ye Feng's cultivation level at the tenth level of the Divine Rune Realm suddenly reached the half-step Heshen Realm above the Divine Rune Realm.

At this time, Ye Feng's cultivation reached a huge bottleneck.

So the breakthrough immediately slowed down.

But at the next moment, Ye Feng absorbed nearly half of the blood of ice and snow monsters at once. With the help of this terrifying and boundless energy, Ye Feng suddenly broke through the bottleneck of his cultivation.

From the half-step to the Heshen Realm, he stepped into the true first level of the Heshen Realm!

"Buzz!"

At this moment, the moment Ye Feng stepped into the Heshen Realm, he immediately felt that his power had increased dozens or even hundreds of times.

It has to be said that with the improvement of cultivation level, the increase in power brought by each major realm breakthrough is really incredible.

So at this moment, after Ye Feng broke through to the first level of Heshen Realm, he found that his power had increased hundreds of times.

Ye Feng roared directly at this moment.

"Rumble..."

The rolling sound wave, like a thunderous vibration, erupted from Ye Feng's mouth, and then instantly shattered all the remaining ice and snow monsters into countless fragments.

Ye Feng opened his mouth and sucked in, and immediately swallowed up all the blood and energy of all the remaining ice and snow monsters.

Then Ye Feng's skill increased again and he directly broke through to the second level of Heshen Realm.

At this time, Ye Feng saw it. He roared casually and instantly shattered all the ice and snow monsters not far away.

Ye Feng's eyes immediately revealed a look of deep surprise.

It seems that his cultivation has been upgraded to a new level of Heshen, and his strength has indeed increased a lot.

At this moment, Ye Feng looked in a certain direction not far away, and instantly put away the puppets of Panwu God Giant and Beast Controlling Emperor.

At this time, Ye Feng also saw that the puppet of the Beast Controlling Emperor was still very powerful. It was killing countless monsters indiscriminately. There were almost no ice and snow monsters that could crush the Beast Controlling Emperor's puppet.

It is indeed an existence that was able to be infinitely close to the master back then!

Even if you turn into a puppet, killing these ice and snow beasts is a piece of cake.

At this time, the Demon Ancestor in the eyebrows spoke in Ye Feng's mind: "Boy Ye Feng, I seem to have been to this ice and snow kingdom once before. The Wang family was very prosperous back then and established an ice and snow kingdom. There seems to be a very powerful treasure in this ice and snow kingdom, maybe you will be interested in it, Mr. Ye Feng."

Hearing what the Demon Ancestor said in his eyebrows, Ye Feng suddenly showed a trace of surprise in his eyes.

Unexpectedly, this Demon Ancestor has actually visited this galaxy interface.

Demon Ancestor seemed to sense Ye Feng's surprise, and he immediately said with a smile: "I traveled all over the world in those days, and I know many interfaces quite well."

After finishing speaking, the Demon Ancestor suddenly spoke up and said: "Boy Ye Feng, don't waste your time. I seem to feel a very terrifying energy fluctuation, which is emanating from the snowy mountains outside the ruins of the Ice and Snow Kingdom. It's possible that he was the culprit of the destruction of the Ice and Snow Kingdom back then, and it's not something you can fight against now, Ye Feng, so you'd better hurry up and find the treasure, and then take that girl out of here."

When Ye Feng heard what Demon Ancestor said, there was a hint of surprise in his eyes.

Unexpectedly, among the mountains of the ruins of this ice and snow country, there is still the culprit from back then, and he is not completely dead, but is now recovering.

At this time, Ye Feng also knew the urgency of the matter. Without any hesitation, he immediately asked: "Demon Ancestor, where is the treasure of the ice and snow country you mentioned? Isn't it in Leng Ruoxue?" In the inheritance castle that accepts the inheritance, right?"

The Demon Ancestor immediately shook his head and said aloud: "The inheritance that the girl received is the inheritance left by the first generation ancestor of the Ice and Snow Kingdom. It should be the inheritance of the Ice and Snow Spirit Body, which can allow her Ice and Snow Spirit Body to eventually evolve into The Holy Body of Ice and Snow, but the treasure I am talking about has nothing to do with her. It was cast by a very powerful first weapon refiner in the country of ice and snow. It was made from the divine iron of ice and snow above the nine heavens. It's very powerful, hurry up and look for it."

At this moment, Ye Feng nodded immediately, followed the instructions of Demon Ancestor, and quickly shuttled through the ancient ruins of this land of ice and snow.

Soon Ye Feng came to a huge crack.

This is a very wide crack in the ice and snow ground. It is like an abyss at the bottom with no end in sight.

At this moment, Demon Ancestor said in Ye Feng's eyebrows: "That treasure is under the abyss of this crack. Go down and take a look. However, there seem to be some very strange dark creatures living under this abyss. , but with Ye Feng's methods, there should be no problem."

Ye Feng

Hearing what the Demon Ancestor said, he immediately nodded and jumped directly into the abyss under the crack in the ground.

Just when Ye Feng landed under the abyss, something seemed to be approaching him quickly in the darkness.

Ye Feng immediately activated the Divine Eye of Creation and was able to see through the darkness around him.

He immediately saw some translucent dark and strange creatures floating towards him, like dark ghosts, which gave people a very strange feeling.

boom!

Ye Feng did not hesitate at this moment and directly burst out his extremely powerful soul power, which immediately spread towards the surroundings.

The moment those dark ghosts touched Ye Feng's soul power, they immediately let out a sharp howl, and then the entire body began to rapidly disintegrate.

"Um?"

When Ye Feng saw this scene, he immediately smiled and said, "These dark ghosts are nothing more than that."

Demon Ancestor said in the middle of his eyebrows: "Hurry up and find that treasure. These dark ghosts are just very low-level dark ghosts. The truly high-level dark ghosts have not come out from the deepest part of the abyss. Don't waste your time." "

When Ye Feng heard what Demon Ancestor said, he immediately suppressed the smile on his face, and then quickly flew towards the left side of the dark abyss.

Soon Ye Feng came to the place where Demon Ancestor said.

He immediately saw a stream in the distance.

There is a stone above the stream.

On this stone, there is a very huge looking axe.

The entire ax head is made of ice-blue cold iron. It looks very elegant and very ancient, exuding a terrifying aura of ice and ice.

Demon Ancestor immediately said: "Sure enough, this Blizzard Battle Ax is still here. It was made by the number one weapon refiner in the Ice and Snow Kingdom back then, but before he could offer it to the King of the Ice and Snow Kingdom at that time, This place suffered a disaster and was completely reduced to ruins. I was still traveling in the land of ice and snow at the time. I couldn't resist the disaster and ran away directly. The reason why I knew there was a Blizzard Tomahawk

here was because I had a drink with the No. 1 weapons master. He bragged to me, saying that the Blizzard Battle Ax he built was so powerful that it could freeze the entire world with one strike. The king definitely liked it very much, but it was a pity. Unfortunately, before he could offer it to the king, he completely died in that disaster. However, although the others died, the exquisite Blizzard battle ax he created will remain forever. , it's time to see the light of day again.”

Chapter 3699 Dark Ghost King

At this moment, the Blizzard Battle Ax in front of me looks very ancient, very domineering, and exudes an extremely cold aura, as if it can freeze everything in the world in an instant.

At this moment, Ye Feng stepped forward and could indeed feel that this Blizzard Battle Ax contained a very ancient and terrifying power.

It was indeed a powerful weapon made by the number one weapon refiner in the Ice and Snow Kingdom. After all, being able to be brothers and drink with a figure like Demon Ancestor must be very extraordinary.

At this time, Ye Feng couldn't help but asked: "Demon Ancestor, how can I directly refine this Blizzard Battle Ax now?"

Hearing what Ye Feng said, the Demon Ancestor immediately said in the middle of his eyebrows: "Just refine it directly. This Blizzard Battle Ax was made by the No. 1 weapon refining master, and there is no spiritual thought left in it. It has never become the natal magic weapon of any strong person, so you go directly to refine it. As long as you can withstand the extreme cold power in this Blizzard Tomahawk, you can control this Blizzard Tomahawk. But let me remind you in advance, The extreme cold power in this Blizzard Tomahawk is so terrifying that it can freeze everything in the world. Once you refine and activate the power of this Blizzard Tomahawk, it may be frozen into an ice sculpture in an instant, but your kid's body His physique is very strong, so there shouldn't be any problems.”

When Ye Feng heard what Demon Ancestor said, he immediately nodded.

Although Demon Ancestor said it relatively easily, Ye Feng knew very well that the weapons made by the first weapon refining master in ancient times must be very terrifying, and refining them was not as easy as Demon Ancestor said.

At this moment, Ye Feng took a deep breath and walked directly in front of this Blizzard Tomahawk.

Buzz!

Before Ye Feng could get close to the Blizzard Tomahawk, Ye Feng already felt that his whole body and limbs seemed to be frozen.

The Blizzard Tomahawk feels very scary, as if the whole person has fallen into an ice cave. It is so cold that even the whole person's spirit and soul are about to be frozen.

This made Ye Feng's eyes show a hint of horror.

This weapon is estimated to have gone beyond the scope of ordinary weapons. It can not only freeze the body of a living being, but even the spirit and soul of a living being.

At this moment, Ye Feng took a deep breath, and then stretched out his hands directly to hold the handle of the Blizzard Battle Ax.

"boom!"

At this moment, Ye Feng suddenly felt a terrifying and extremely cold air, forming a rolling cold wave that rushed towards him in an instant.

Rumble...

Like thousands of troops, endless ice energy rushed out of this blizzard battle ax in an instant, almost covering Ye Feng's entire body.

Thick layers of ice suddenly appeared on Ye Feng's body, making Ye Feng's whole body feel as if he had been frozen into an ice sculpture.

"boom!"

At this moment, Ye Feng directly released his extremely powerful body power without any hesitation.

The billowing blood energy suddenly burst out from Ye Feng's body like a frenzy, like flames starting to fight against the cold energy released from this blizzard battle axe.

This Blizzard Battle Ax was indeed forged by the number one weapon refiner in the Ice and Snow Country.

Ye Feng's powerful dragon-like blood energy is somewhat unable to withstand this cold atmosphere at this moment.

At this time, Ye Feng was ready to directly release the extremely powerful flame power in the Flame Emperor's master bone to counter the ice breath released from the Blizzard Battle Ax.

But at this time, he seemed to be aware of Ye Feng's movement. The Demon Ancestor in his eyebrows couldn't help but exclaimed: "Boy Ye Feng, please don't use the power of flames in the bones of Emperor Yan. Although the flames can resist the ice energy in the Blizzard Tomahawk, but you have to know that you are refining this Blizzard Tomahawk, and you must rely on your own mana and body strength to withstand this Blizzard Tomahawk. If you use the power of flames in the Emperor Yan's master bone to fight against the Blizzard Tomahawk, it will cause ice and fire to be incompatible. The Blizzard Tomahawk will automatically detect the presence of the enemy, which will create even more terror. The cold air, you know, you

The cold air you are enduring now is just the cold air used by this Blizzard Battle Ax to test its future owner. If you use the Flame Emperor's Dominator Bone to fight against it, this Blizzard Battle Ax will treat you as an enemy. By then, it will really be fully stimulated. If you don't know the terrifying and extremely cold power contained in the Blizzard Tomahawk, it will be really troublesome. "

"I see!"

Hearing what the Demon Ancestor said, Ye Feng was immediately startled. He quickly restrained the power of flames in the Flame Emperor's bones and began to purely use his own strength to counter the cold aura formed in the Blizzard Battle Axe. Dare to use other means, lest it arouse the truly huge cold power in this Blizzard Tomahawk.

"Hongmeng Immortal Body!"

At the critical moment, Ye Feng exploded with his strongest physical power and finally completely suppressed the extremely cold air in the Blizzard Tomahawk.

Then Ye Feng forcibly input mana into the Blizzard Tomahawk in his hand.

"boom!"

The Blizzard Battle Ax suddenly erupted into a brilliant icy blue light, and then Ye Feng pulled it out from the stone in front of him and slashed forward fiercely.

Boom!

Suddenly, a terrifying cold aura erupted directly from the Blizzard Tomahawk, forming a blizzard that instantly froze the entire abyss ahead and turned it into countless icy ground.

At this time, Ye Feng laughed loudly and said: "I finally control this Blizzard Tomahawk."

Boom!

But before Ye Feng could be happy for long, suddenly something terrible seemed to be resurrected in the depths of the abyss.

Along with a huge roar, a dark ghost that had materialized suddenly appeared.

This seems to be the king of dark ghosts.

The cultivation level of this dark ghost king was very terrifying. At this time, his eyes that were emitting red light were fixed on Ye Feng, or in other words, on the Blizzard Battle Ax in Ye Feng's hand. He couldn't help but said: " This artifact has been here for endless years. I didn't expect it to be able to reappear in the world after so many years.

I got it from a human boy like you. It seems that your body and constitution are very extraordinary and can be recognized by Blizzard Tomahawk. As long as I get your body, then I can get out of this dark abyss. Conquer the world. "

Hearing what the Dark Ghost King said, Ye Feng suddenly had a look of surprise in his eyes.

Unexpectedly, these dark ghosts were imprisoned under this abyss and could not get out unless they took someone else's body.

At this moment, the dark ghost king seems to want to get Ye Feng's body, because he has seen that Ye Feng's body is very powerful and can be recognized by an ancient artifact like the Blizzard Battle Ax.

At this moment, Ye Feng did not hesitate and flew directly towards the abyss, because he could feel that this dark ghost king was very terrifying and was not something he could deal with.

"Can't leave."

Rumble...

At this moment, the Dark Ghost King smiled coldly, and then stretched out an illusory dark hand, and the entire abyss was suddenly shrouded in a dark light.

Bang!

Ye Feng hit the dark light shield and was suddenly bounced back.

The Dark Ghost King was filled with a mighty dark aura at this time. He rushed towards Ye Feng and said loudly: "Human boy, the strength of your body is so extraordinary, but your cultivation level is really bad. "Young Master, so today your body is destined to become the new body of this king."

boom!

After saying that, the dark ghost king immediately rushed towards Ye Feng.

This dark ghost king is very difficult to deal with, because it not only possesses terrifying power at the soul level, but his body is almost materialized, indicating that he also has attacks at the physical level.

Ye Feng couldn't deal with this dark ghost king just by relying on attacks at the soul level.

At this moment, Ye Feng immediately asked in his mind: "Demon Ancestor, how to deal with this dark ghost king? When you came here, you must have encountered this kind of dark ghost, please think of a way."

Chapter 3700 Dark Throne

Hearing Ye Feng's cry for help, the demon ancestor in his eyebrows immediately showed a smile in his eyes and said loudly: "In fact, it is very simple to deal with this dark ghost king, because you have to know that after so many years, , this dark ghost king is afraid to approach this blizzard battle axe, which shows that the cold air in this blizzard battle ax is very restrained against the creatures with the dark ghost attribute, so you have now controlled and refined it For this Blizzard Tomahawk, just use the power of the Blizzard Tomahawk to fight against this Dark Ghost King. Even if this Dark Ghost King's cultivation is much stronger than yours, there is an artifact like the Blizzard Tomahawk that specifically restrains creatures with Dark Ghost attributes. Now, you shouldn't be in much danger."

Hearing what Demon Ancestor said, Ye Feng immediately came to a realization.

yes!

Blizzard Tomahawk has been here for countless years.

But this dark ghost king has never dared to control this Blizzard Tomahawk. It must be because the Blizzard Tomahawk has a natural suppression against this dark ghost king.

Otherwise, this dark ghost king is so powerful that he would probably have controlled the Blizzard Battle Ax long ago.

But until now, this Blizzard Battle Ax is still here quietly. It was not until Ye Feng came over that he refined the Blizzard Battle Ax.

Therefore, this Blizzard Battle Ax has great restraint against these creatures with dark ghost attributes. ??

After figuring this out at this time, Ye Feng immediately laughed out loud after being reminded by Demon Ancestor.

Looking at the Dark Ghost King rushing over not far away, he no longer showed any fear.

Although this dark ghost king's soul power and cultivation are much stronger than his own.

But now that Ye Feng holds the Blizzard Battle Ax in his hand, he feels strong confidence in his heart.

Boom!

At this moment, Ye Feng immediately jumped into the air, and then frantically input his mana into the Blizzard Tomahawk.

After receiving Ye Feng's mana input into the Blizzard Tomahawk, terrifying ice energy immediately erupted.

You must know that this Blizzard Tomahawk was an artifact forged by the number one weapon refiner in the Ice and Snow Country.

Therefore, after Ye Feng released the power in the Blizzard Battle Ax, he naturally caused countless blizzards.

"Boom!"

Countless blizzards were seen, suddenly rushing out of the Blizzard Tomahawk, and immediately covering the dark ghost king rushing forward.

Wow!

Like a frenzy of ice, the entire body of the Dark Ghost King was frozen in the void.

Boom!

But the next moment, the Dark Ghost King immediately broke through the confinement of this ice storm.

The Dark Ghost King shouted: "Human boy, don't think you can deal with me with the Blizzard Tomahawk in your hand. Your current cultivation strength is simply unable to exert the true power of the Blizzard Tomahawk. You can't kill me." of."

At this time, Ye Feng smiled coldly and suddenly released his soul attack.

Ye Feng directly released the powerful soul-level magic weapon he had obtained, the Revenge Soul Spear, forged by the Lord of the Underworld.

Uh-huh!

At this moment, the revenge soul spear suddenly rushed out of Ye Feng's mind, and suddenly attacked the dark ghost king in front.

Boom!

The revenge soul spear is very terrifying, and it is also a magic weapon at the soul level, so the moment it attacks the dark ghost king, it immediately makes the dark ghost king seem to have suffered a heavy injury, and his whole body can't help but fall back. took several steps.

"What?"

"Such a strong attack power!"

At this moment, the Dark Ghost King stared at the revenge soul spear that was floating above Ye Feng's head and exuded soul light. He immediately couldn't help but exclaimed: "You kid is actually a rare soul master, and you also have the ability With such a powerful soul-level magic weapon, what level of existence can this magic weapon be able to repel me?"

At this moment, Ye Feng just smiled coldly and said: "You don't have to worry about this. You just need to know that you can't kill me today, and I will definitely kill you in the end."

Boom!

The moment Ye Feng finished speaking, the Revenge Soul Spear attacked the Dark Ghost King, and then Ye Feng attacked with the Blizzard Battle Ax.

The combination of soul and physical attacks immediately caused the Dark Ghost King to retreat quickly.

At this time, the Dark Ghost King's face finally became very ugly.

Because he originally thought that he could easily kill Ye Feng, a young human race with a weak cultivation level.

.

But now he suddenly discovered that the methods of this human boy were too terrifying. Suddenly, the Dark Ghost King was beaten back by Ye Feng.

The Dark Ghost King's face was very livid at this time, and he quickly rushed towards the depths of the abyss, trying to escape from here.

Ye Feng naturally burst out laughing at this moment: "Dark Ghost King, you are no match for me at all!"

Boom!

At this moment, Ye Feng immediately rushed towards the direction where the Dark Ghost King was escaping, wanting to kill all the Dark Ghost King.

Because Ye Feng has already felt a very surging and terrifying soul energy from this dark ghost king.

If this dark ghost king can be killed instantly, and if the soul energy of this dark ghost king is swallowed up, then Ye Feng can guess that his soul power level will increase unparalleled, and there will definitely be a huge promote.

So for this dark ghost king, Ye Feng naturally wants to kill them all now. ??

Because it is not easy to encounter a soul-level creature like the Dark Ghost King, and it is also a very powerful soul-level creature. If you kill or devour it, it will be of great benefit to the improvement of your soul power.

Ye Feng will naturally not let go of this dark ghost king.

Before, Ye Feng was very afraid of the Dark Ghost King.

But now with the dual blessing of the Revenge Soul Spear and the Blizzard Battle Ax, Ye Feng already has the confidence to deal with the Dark Ghost King.

Swish, swish, swish!

At this moment, Ye Feng quickly chased the Dark Ghost King and reached the deepest part of the abyss in a blink of an eye.

When Ye Feng reached the deepest part of the abyss, he was immediately shocked by the scene in front of him.

I saw that the deepest part of the abyss turned out to be an underground palace-like building.

In the middle of the room, there is actually a huge dark throne.

Demon Ancestor saw the Dark Throne in Ye Feng's eyebrows, and immediately couldn't help but exclaimed: "This is actually the legendary Dark Throne! These dark ghosts must be the creatures born of this Dark Throne. This The Dark Throne is a very extraordinary existence."

When Ye Feng heard the Demon Ancestor in his eyebrows say this, he immediately forbore

He couldn't help but ask: "What level of existence is the Dark Throne?"

Demon Ancestor immediately said: "I don't know this very well, but the Dark Throne has been passed down since ancient times. No one knows who cast the Dark Throne. There is a saying that this Dark Throne was created by the heavens in those days. It was forged by the first group of ancient strong men who became the masters of the world, and was specially used to seal the most primitive source of darkness. If someone gets this dark throne, he can control the extremely powerful original force of darkness in the world. , and it is a power at the level of dark souls, not an ordinary dark power."

Hearing what Demon Ancestor said, Ye Feng's eyes revealed a hint of surprise.

I didn't expect that when I was chasing this Dark Ghost King, I would encounter such a powerful treasure as the Dark Throne.

But just as Ye Feng was thinking secretly, the Dark Ghost King suddenly rushed to the dark throne and sat directly on it.

Boom!

At this moment, the Dark Throne immediately burst out with a terrifying dark soul power, which suddenly enveloped the entire Dark Ghost King sitting on the Dark Throne.

The Dark Ghost King seemed to be blessed by the extremely powerful dark power at this moment, and his whole body immediately became larger, taller and towering.

The Dark Ghost King was like a dark king at this moment. He immediately stared at Ye Feng, who was chasing him not far away, and laughed loudly: "Young boy from the human race, I didn't expect you to really dare to chase me." Come here, this is my territory, now that I have the power and value of the ancient dark throne, I am definitely no match for me."

Hearing what the Dark Ghost King said, Ye Feng just smiled coldly and said: "You are a creature born from the Dark Throne. It is impossible to completely control this Dark Throne. This Dark Throne can only give you a little power at most." , Next I will not only kill you, but also snatch this dark throne, hahaha, God help me!"

Ye Feng never expected that here he would not only get the Blizzard Battle Ax, a powerful weapon with ancient ice attributes, but also encounter the Dark Throne, an ancient treasure at the soul level passed down from ancient times.

It's really Ye Feng's great opportunity!

At this moment, Ye Feng said, his eyes were very fiery, and he immediately burst out with all his strength, charging directly towards the Dark Ghost King sitting on the Dark Throne, wanting to kill this Dark Ghost King as soon as possible .
