

Ancient 4021

Chapter 4021 Murong Family

After the group left the Demon City at this time, they flew directly towards the Sea of Chaos in the direction of the Murong family.

Because now there are very terrifying high-level master-level demons deep in the Demon City.

So even the powerful elders of the Murong family like Murong Shuangzhu decided to leave here as soon as possible.

Because there may be huge dangers next.

When they completely left the Demon City, they immediately breathed a long sigh of relief.

Both Murong Mingyue and Murong Shuangzhu breathed a sigh of relief.

Because this time they had more than seventy masters from the Murong family.

So if they are really wiped out in the Demon City this time, it will definitely be a huge loss for the Murong family.

Because these more than seventy masters are all core members carefully cultivated by the Murong family.

If they were all lost in the Demonic City, it would naturally severely weaken the entire Murong family.

So at this time, after leaving the Demon City safely, more than seventy masters of the Murong family also escaped safely.

For Murong Shuangzhu, who was leading the team this time, he was naturally relieved.

At this moment, Murong Shuangzhu suddenly looked at Ye Feng beside him, and said solemnly: "Anyway, it's all thanks to you, little brother Ye Feng, this time. Otherwise, our entire Murong family may suffer." Huge loss."

Ye Feng just smiled slightly and said loudly: "It should be."

Murong Shuangzhu continued: "I also heard from the eldest lady just now that this time it was you, little brother Ye Feng, who led all the masters of the ancient families to break through the demon formations in the entire demon city. Otherwise, You can't enter it at all and help us escape from the demon city."

Hearing what Murong Shuangzhu said, Ye Feng immediately smiled and nodded, and said loudly: "Ms. Murong is my good friend, and we have looked for opportunities together in the demon lair before, so we can be regarded as friends in need. Of course we have to help each other, and this time I need to rely on your Murong family to take me to the Ye family."

Murong Shuangzhu nodded and said aloud: "Although the Ye family is in self-isolation, if the head of our Murong family comes forward to take you there, the Ye family should activate the self-isolation formation and let you in. "

When talking about this, Murong Shuangzhu wrote

He glanced at Ye Feng seriously again, smiled and said, "And if the Ye family knew that among their clansmen living outside, there was such a peerless genius as Mr. Ye Feng, they would definitely welcome you very much, because Now the Ye family has declined in the past few decades, and there is a serious lack of strong young talents to supplement it. "

Hearing what Murong Shuangzhu said, Ye Feng just shook his head, smiled, and said: "I am not as amazing and talented as the third elder thought, I just learned a little bit."

Murong Shuangzhu shook his head and said aloud: "Brother Ye Feng, you are really too humble. I have seen your abilities with my own eyes, not to mention the entire Origin World, anyway, many ancient families in the Sea of Chaos Among them, little brother Ye Feng, your talent and power are definitely at the first level."

And just as a few people were talking, they had already crossed most of the ocean area and arrived at an island area surrounded by fairy spirit.

There are islands here, all united together, surrounded by white mist, and there is a rainbow high in the sky, connected to the entire seawater and islands.

It looks like a confused fairyland.

At this time, Murong Mingyue immediately smiled and said: "We have arrived."

Ye Feng nodded at this time and suddenly looked in a certain direction not far away.

He discovered that at the very front of this island group, there was a gate made of huge stone.

On both sides of the gate made of stone, there are two huge unicorns covered in blue.

This is a living giant blue unicorn, with a very terrifying monster aura.

Murong Mingyue immediately introduced: "Ye Feng, this is the guardian beast of our Murong family. These two unicorns are the guardian beasts left by the ancestors of our Murong family. Their bloodline is very noble, and their strength is very terrifying. They are unfathomable." Measurement."

When talking about this, Murong Mingyue whispered in Ye Feng's ear: "These two guardian beasts are left by the first generation ancestors of our Murong family. They are so senior that even I have to be there." Be respectful in front of them, otherwise, I will definitely let these two guardian beasts give you some blood of the beasts to help you temper your

Immortal bones of gods. "

Hearing what Murong Mingyue said, Ye Feng immediately smiled and shook his head, and said loudly: "I don't want to think about this for the time being. These two blue unicorns gave me a very terrifying feeling, as if they were in front of me. Same for the Lord of Dzogchen."

Ye Feng spoke at this time, with deep amazement in his tone.

The Murong family is worthy of being the first family among the ancient families in the Sea of Chaos, and their strength is truly terrifying.

However, Ye Feng also learned some secrets from Murong Shuangzhu, the third elder of the Murong family.

That is the current changes in the world rules of the Origin World. Among many ancient powers or ancient families, some taboo things left by ancestors in the glorious years cannot be used under the constraints of the original world rules.

But now that the rules of the world have changed, these taboo things can be used.

Therefore, in a short period of time, these ancient powerful forces or families are likely to cultivate a large number of powerful beings at the dominance level at a very fast speed.

It can even give birth to a strong person who can surpass the master.

Because in the past, many ancient powerful forces or old monsters in the family were not talented enough to break through the domination, but were bound by the rules of the world between heaven and earth and could not break through the final level of domination.

But now, with the continuous changes in the rules of the world, their previous huge accumulation exploded in an instant. Just like a long accumulation, they were naturally able to break through quickly and reach a very high level in a short period of time.

"I wonder if the Dean of the Book of Heaven of our Ten Thousand Realms Martial Arts Academy has broken through the Great Perfection Master and entered a higher level..."

And just when Ye Feng was thinking secretly.

Murong Shuangzhu, Murong Mingyue, and a group of dozens of masters from the Murong family, leading Ye Feng, have passed through the huge stone gate and entered the real area of the Murong family.

This is a large area of islands connected together, with huge buildings built everywhere.

There is also an ancient giant tower that penetrates the clouds and reaches the sky, as if it can connect the sky and the earth. It is very majestic, magnificent and boundless.

At this time, Murong Mingyue looked at Ye Feng beside him, and immediately smiled and said: "Ye Feng, this time you disintegrated the entire demon formation in the Demon City.

, you saved the third elder of our Murong family and dozens of core members of our Murong family. For our Murong family, you have made a great contribution, and you are my good friend. I will take you to find your father now and ask him to give you some precious rewards. There are many good things in the treasure house of our Murong family. Maybe you, Ye Feng, can get some rare divine substances. "

Murong Mingyue knew Ye Feng very well. She knew that what Ye Feng wanted most was the divine substance that could temper his body.

As the Murong family is an extremely ancient family in the Sea of Chaos, there might be such a thing in the treasure house.

When Ye Feng heard what Murong Mingyue said at this moment, his eyes suddenly lit up.

This eldest lady of the Murong family is still very honest, treats herself very well, and is a friend worth making friends with.

Murong Shuangzhu said loudly at this time: "Let's go to see the family leader together. I want to report the situation of this attack on the Demon City to the family leader in detail, so that the family leader can formulate the next attack plan."

Hearing what Murong Shuangzhu said, Murong Mingyue immediately couldn't help but asked in surprise: "Are we going to continue attacking the Demon City?"

Murong Shuangzhu nodded and said loudly: "This time we encountered the trap of those powerful demons in the Demon City. Fortunately, Ye Feng saved us. Otherwise, many of the core members of our ancient family would have been wiped out. , but one setback and failure does not mean that we give up attacking the Demon City. The Demon City is the base of the demon clan in the demon lair deep in the ocean. It attacks the entire surface area of the ocean. It must be eradicated. Moreover, it is said that the City of Demons has reached some cooperative relations with the Dark Demon Cult

on the eastern land, so we must get rid of the extreme point of the City of Demons. Otherwise, when the City of Demons completely develops and grows, we will not be able to cooperate with the land. It will be too late if the dark demon sects in the world unite to encircle and suppress our entire ancient family in the Sea of Chaos."

Hearing what Murong Shuangzhu said, Murong Mingyue's beautiful eyes showed a trace of solemnity.

It seems that he did not expect that the situation has reached such a crisis.

And she didn't expect that the demon clan would actually unite with the dark demon sect.

Murong Mingyue immediately nodded solemnly and said, "Okay, then let's go find daddy together."

Chapter 4022 Emerald Island

Murong Mingyue and Murong Shuangzhu, the two beauties of the Murong family, the younger one and the older one, walked with Ye Feng in the Murong family's territory. Naturally, they instantly attracted the attention of many people.

Everyone was very confused as to who Ye Feng, this ordinary-looking young man who was following Murong Mingyue and Murong Shuangzhu, was.

They were actually treated like this, allowing the two beauties of the Murong family to walk with them personally.

It's really incredible.

At this moment, some people couldn't help but guess that this young man in white clothes and snowy snow could be the young master of some transcendent power.

Otherwise, how could he be worthy of being treated like this by the eldest lady and the cold third elder.

But immediately some members of the Murong family retorted: "Whether it is the eldest lady or the third elder, they are very proud and will not pay attention to the ordinary so-called powerful young masters at all, because our Murong family is also a super powerful force. , so the identity of this

young man in white must be very mysterious, and he is probably from an advanced cultivation interface."

"What??"

Hearing what this tribesman said, many other members of the Murong family couldn't help but widen their eyes, and then they couldn't help but say: "It is very possible that only noble beings from the advanced cultivation interface, are you qualified to be treated like this by our cold third elder and eldest lady?""??

While everyone was discussing, Ye Feng's perception was very strong. Naturally, he heard the discussions of many people around him, and he couldn't help but shook his head with a wry smile.

It seems that Murong Mingyue and Murong Shuangzhu have a very special status in the Murong family.

Not only is his strength and cultivation very strong, but his status is very noble, and his appearance is especially beautiful.

Murong Mingyue has the kind of generous and generous appearance of a beautiful girl, while Murong Shuangzhu has a cold and very cool look.

They are all well-known beauties of the Murong family.

And this

At that time, Ye Feng followed two beauties, which naturally attracted the attention of many people.

However, the discussions among the people around him also gave Ye Feng a sense of urgency in his heart.

Even the members of the Murong family know that the rules of the world have changed, and transcendent beings from the advanced cultivation interface will come to the world of origin.

It means that maybe among other major forces, strong men with advanced cultivation interfaces have come to the origin world.

These beings from the advanced cultivation interface must have extremely terrifying cultivation levels, surpassing the realm of domination.

Ye Feng secretly thought in his heart that his vision could no longer be limited to the origin world of the entire Dharma Ending Age, but should be enlarged to the entire heavens and worlds and all major higher cultivation interfaces.

You must know that with the changes in the rules of the world, the ancient forces in the Origin World are likely to suddenly burst out with infinite vitality.

Because these ancient forces are inherited from the glorious era of the origin world.

Their ancestors left behind many forbidden magic weapons and cultivation resources from the glorious age.

In the past Dharma-ending era of the Origin World, these taboo-like things could not be used and were bound by the rules of the world.

But now that the rules of the world have changed, these taboo-like things have regained their vitality, naturally making some super powerful forces more powerful and more unfathomable than Ye Feng knew before.

At this time, Ye Feng was thinking secretly in his heart, and then followed Murong Mingyue and Murong Shuangzhu, the two beauties of the Murong family, and flew quickly towards the core area of the Murong family.

The entire territory of the Murong family is connected by many ocean islands

made.

The place where Ye Feng is following Murong Mingyue and Murong Shuangzhu is right in the middle of the Murong family island group.

In the middle, there is the largest island.

This island is so magical that the entire island is made of a special kind of jade, a kind of emerald jade.

So the entire island is like a huge emerald stone, suspended on the surface of the ocean.

Moreover, there are very ancient patterns engraved on the surface of this emerald island, which are obviously ancient formations.

"That is....."

At this time, Ye Feng's eyes showed surprise.

Because he saw that at the entrance of this emerald island, there were puppets made of emerald jade.

These puppets are all very tall and exude a powerful aura of power.

What surprised Ye Feng was that each of these puppets made of jadeite actually possessed spirituality.

In other words, like real humans and real creatures, they are actually able to speak and perform various normal behaviors.

At this time, Murong Mingyue stepped forward, took out a token from her storage ring, and showed it to the group of jade puppets guarding the entrance to the island.

Then the group of emerald puppets immediately nodded and opened the entrance.

Obviously, these puppets are psychic and no different from ordinary creatures.

Next, the three of them entered the middlemost emerald island directly.

Buzz!

At this moment, when Ye Feng entered the Emerald Island, he immediately sensed a very pure energy.

Quantity is contained in the entire world.

If you stay here for one day, it is no less than ten days of hard training outside.

After sensing all this, Ye Feng immediately said with surprise in his eyes: "This island seems to contain a very magical and pure energy that can accelerate the improvement of practitioners' skills."

Hearing what Ye Feng said, Murong Shuangzhu glanced at Ye Feng in surprise, as if he didn't expect Ye Feng's perception to be so powerful.

Murong Mingyue smiled and said: "This emerald island is also passed down by the first generation ancestors of our Murong family. It is a super magic weapon, somewhat similar to your Ye family's Hongmeng Gate. They are both No. 1. What the ancestors left behind has very incredible effects."

Murong Shuangzhu beside him also said aloud at this time: "In fact, among all the ancient families in our Sea of Chaos, there are magical treasures left by the first ancestors, which can make every family prosperous from generation to generation. If they continue to prosper, this will be the case for many big forces in the East and the West. They all have various magical magic weapons and some inherited resources left by the first-generation founders. Otherwise, it is impossible to continue to prosper to this day. this era."

Hearing what Murong Shuangzhu said, Ye Feng immediately nodded.

It seems that the background of the major forces and major families is not something that I can simply imagine.

While everyone was talking, the three of them had arrived at the middle of the emerald island.

In the middle of this emerald island, stands this palace made of black gold. It looks quite depressing, but it also looks very majestic and solemn.

Murong Mingyue immediately spoke up and said: "My father lives here all year round, and many elders and members of the elders of our Murong family live here, handling various major affairs of our entire Murong family."

Chapter 4023 Within the Family

At this time, Ye Feng looked at the palace made of black gold in front of him, looking very depressed and solemn.

The head of the Murong family, as well as various members of the elder group, the most powerful people all live here.

At this moment, even Murong Mingyue, the eldest lady of the Murong family, had a hint of awe in her eyes as she walked into the black gold palace in front of her.

Ye Feng followed Murong Shuangzhu and Murong Mingyue into the palace in front of them.

The moment Ye Feng walked into the palace, he immediately saw that there was a large group of old people in the entire palace, gathering in the lobby of the palace, and seemed to be discussing something intensely.

Standing at the top of the palace was a middle-aged man wearing black armor.

This middle-aged man wearing black armor looks very majestic, and his eyes are as unfathomable as two abyss. The first impression is very scary, and it is impossible to guess his true cultivation strength.

Ye Feng's eyes showed deep surprise at this moment.

He also didn't expect that Murong Mingyue's father, the head of the Murong family, would have such a terrifying cultivation level.

Because Ye Feng sensed in an instant that the head of the Murong family was definitely a Dzogchen ruler.

But now the world rules of the Origin World have changed, a lot has changed.

Perhaps the head of the Murong family was not so powerful before, and it was only recently that he became the master of Dzogchen.

Only an extremely evil being like Dean Tianshu of the Ten Thousand Realms Martial Arts Academy, or the amazingly talented Hongmeng Ancestor of the Ye family, can cultivate to the level of the Great Perfection Master in the Age of Ending Dharma.

Ye Feng guessed in his mind that the head of the Murong family was the Great Perfection Master. He probably only broke through after the recent changes in the world rules. He might have been just an ordinary junior master or intermediate master before.

At this time, Ye Feng was secretly thinking in his heart. Murong Mingyue, who was standing aside, walked into the palace and immediately said: "Dad, this time our attack on the Demon City failed, but all of our Murong family All the masters have returned safely."

Hearing what Murong Mingyue said, many elders present looked in the direction of the three of them.

Buzz!

At this moment, a terrifying pressure suddenly came over.

This group of elders of the Murong family are all very terrifying in cultivation, and almost all of them are at the master level.

So they are just eyes, but they also have terrible pressure.

But Ye Feng stood

Among the three of them, there was no fear at all, their eyes were very calm, and they seemed not to feel any pressure at all.

Seeing this scene, many elders of the Murong family showed surprise in their eyes.

It seemed that he didn't expect that this ordinary young man could bear the gaze of such an elder.

Because even an ordinary early-stage master would probably break out in cold sweat on his forehead if he faced the gazes of so many elders all of a sudden.

But Ye Feng looked very calm.

At this moment, the head of the Murong family who was standing at the top wearing black armor smiled slightly and said: "I know everything. A master came back to report it before. This time, Mingyue, you did a very good job." Well, your friend is the young man standing next to you. He seems to be called Ye Feng. He has also made great contributions to our Murong family. If he had not broken through the demon formation, we would have The masters of the Murong family, including Murong Shuangzhu, the third elder, will probably be destroyed in the city of demons. Some other ancient families also sent messages of thanks to our Murong family, saying that the eldest lady of our Murong family was shocked. She is extremely talented and has managed to win over a genius formation mage who is of unparalleled magnificence, even more amazing than the chief formation mage in our ancient family alliance."

At this moment, after the head of the Murong family finished speaking, Murong Mingyue's eyes widened slightly, as if she didn't expect that her father understood all the situations so clearly.

Ye Feng was not surprised.

After all, for a big shot like the head of the Murong family, their intelligence system is very complete.

You can basically know what is happening thousands of miles away.

Not to mention, this time Ye Feng led many masters from ancient families to break through the formation of the entire Demon City. They did not hide it, but broke it in public.

The heads of these ancient families were naturally able to get the news in an instant.

After all, in just half an hour, Ye Feng accomplished something that even the Chief Array Master of the Ancient Clan Alliance could not do. Naturally, it would definitely cause quite a shock and sensation.

At this time, Ye Feng immediately stepped forward and said with a smile: "Senior Murong's words are really exaggerated. How can I possibly compare to the incomparably powerful chief formation in the ancient family alliance? It's just that I happen to have special views and insights on the demon formation in the City of Demons, so I was able to break through that formation in just half an hour.

The demon formation is just my luck. "

Just good luck?

Hearing what Ye Feng said, many of the elders of the Murong family present showed a hint of surprise in their eyes.

It seemed that he didn't expect this young man to be so humble.

After all, if other young people had accomplished all this, their pride would have been raised to the sky.

But I didn't expect that Ye Feng could still remain so humble under the spotlight. He is really a rare talent with both talent and talent.

At this time, the head of the Murong family also had a look of surprise in his eyes, as if he did not expect that Ye Feng would say such a thing, without the slightest hint of pride.

The head of the Murong family immediately burst into laughter and said loudly: "Girl Mingyue, you are a very good friend. It is true that a hero comes from a young boy."

After finishing speaking, Murong Mingyue immediately said with a smile: "Dad, Ye Feng has made great contributions to our Murong family this time. I want to help him apply for some rewards. Otherwise, I feel a little sorry for Ye Feng this time." contribution."

When the head of the Murong family heard what Murong Mingyue said, he immediately nodded majestically and said: "Of course, if little brother Ye Feng hadn't taken action this time, I'm afraid our Murong family would have lost a large number of elite members. , these core elite members will be the mainstay of our Murong family in the future, so little brother Ye Feng has indeed made great contributions this time, and I will definitely be rewarded. "

After finishing speaking, the head of the Murong family suddenly looked at the many elders of the Murong family in the entire hall and said loudly: "Now that the rules of the world are gradually changing, the seal of the ancient trial place within our Murong family that has been dusty for a long time has also begun. It happened that this time we also discussed letting many young geniuses from the Murong family enter to see if they could find any good things left by their ancestors. This time, we asked Mingyue Yatou and little brother Ye Feng to lead the team. The two of them People with strong cultivation should be able to command the entire young team of our Murong family. Originally, this kind of ancient trial place within the family, which is full of opportunities and fortunes, would never allow outsiders to enter, but this time Ye Ye Brother Feng has made such a huge contribution to our Murong family and saved dozens of core members who will be the mainstay of our Murong family in the future. He is qualified to join it. "

Hearing what the head of the Murong family said, the expressions of many elders present changed.

After all, there has never been a precedent for allowing foreigners to enter the ancient trial place within their family.

After all, this is far

The ancient trial place has not been opened for tens of thousands of years due to the constraints of the previous world rules.

Therefore, the cultivation resources, such as some heavenly materials, earthly treasures and elixirs, have been growing for tens of thousands of years. They must be very precious and should only be enjoyed by members of their family.

But I thought that Ye Feng had indeed made a huge contribution to their Murong family this time.

Many of the elders present were not ignorant people.

At this moment, the head of the Murong family said so, and naturally many elders did not say anything more.

Many elders nodded in agreement.

Murong Shuangzhu spoke out at this time: "Master, the Demon City has not been captured after all. Should we continue to organize our forces and join forces with other families to launch another attack on the Demon City?"

The head of the Murong family frowned slightly when he heard Murong Shuangzhu mentioning the matter of the Demon City, and then said loudly: "Let's put this aside for now. This is no longer a big deal. The most important thing now is to put it aside." The young geniuses of our Murong family should be trained as quickly as possible to cultivate more master-level beings. The rules of the world are changing rapidly. I have a hunch that the day when transcendent beings from the advanced cultivation interface will come to the world of origin is not far away. If there really are transcendent beings from the advanced cultivation interface coming to the world of origin, the major local forces in the world of origin will be the first to bear the brunt, including ancient families like us. They are all the targets of plunder and attack by those advanced cultivation interfaces, so we need to prepare early, because the things passed down by us big forces and the first generation ancestors of ancient families are the things that those high-level cultivation interfaces want to plunder. "

Hearing what the head of the Murong family said, although Murong Shuangzhu wanted to organize his forces again and continue to attack the Demon City, he had no choice but to nod his head and obey the order of the head of the family.

At this time, the head of the Murong family suddenly looked at the entire hall and said loudly: "Fellow elders, please step aside now and prepare to open the ancient trial place within our family and organize all qualified candidates. Young geniuses, gather together as soon as possible, open the entrance tomorrow, and enter the ancient trial place as quickly as possible. "

"It's the head of the family."

At this time, many elders left the hall one after another.

Murong Shuangzhu also left here.

Ye Feng followed Murong Shuangzhu and was also preparing to leave.

But at this time, the head of the Murong family suddenly said: "Girl Mingyue, and little brother Ye Feng, don't leave yet. I have something to say to you two alone."

Chapter 4024 Ten times the quality

At this time, when Ye Feng heard the head of the Murong family calling him and Murong Mingyue, a trace of surprise suddenly appeared in Ye Feng's eyes.

It seemed that he did not expect that the head of the Murong family, who had only met him once, would call him alone. It seemed that he had something important to say to him alone.

Ye Feng glanced at Murong Mingyue beside him.

Murong Mingyue seemed to see the doubt in Ye Feng's eyes, and immediately sent a private message to Ye Feng, saying: "Ye Feng, don't be nervous. Since my father left us alone, it must be a good thing. , maybe I'll give you some rewards privately."

Hearing Murong Mingyue's message, Ye Feng couldn't help but shake his head and smile dumbly.

Of course Ye Feng was not nervous, but just a little curious as to why the head of the Murong family left him alone.

At this moment, Ye Feng and Murong Mingyue were both looking at the middle-aged man wearing black armor at the top of the hall.

It has to be said that the head of the Murong family is definitely a practical person, and he is definitely not the kind of puppet head that many elders in the family push out.

Because his cultivation aura is very terrifying, and his temperament is also very iron-blooded and killing.

Previously, the head of the Murong family had a very powerful voice in front of a group of elders.

It shows that this family head is a family head who holds real power.

At this moment, the head of the Murong family stared at Murong Mingyue and Ye Feng in front of him, with a smile of satisfaction on his face, and said loudly: "Girl Mingyue, it seems that you got a

lot of luck this time when you went out. , your cultivation and combat effectiveness have improved a lot, and you exude a very special aura of ancient dragons. It seems that you have been inherited by the ancient dragon clan, which is the inheritance of a super sect in a glorious era. "

Murong Mingyue immediately said with a smile: "Dad is indeed a super strong man. He immediately saw through the inheritance of my cultivation. Yes, this time Ye Feng and I teamed up to enter the ruins of the demon lair and found it. A lot of good stuff, and we got the ancient super sect's

Strong heritage. "

When she said this, Murong Mingyue seemed to have thought of something, and immediately said: "By the way, dad, this time Ye Feng not only saved all the masters of our entire Murong family, but also saved me. I was in the demon before." I was imprisoned in the lair, but Ye Feng happened to pass by the place where I was imprisoned and rescued me. "

"Oh, is it so?"

Hearing what Murong Mingyue said, the head of the Murong family immediately nodded and said: "Okay, girl Mingyue, I know very well what you are thinking. Don't worry, I will definitely not treat Ye Fengxiao badly. Brother's."

At this moment, the head of the Murong family looked at Ye Feng with great satisfaction in his eyes.

Uh-huh!

He took out a round bead that exuded emerald light from his storage ring. It was about the size of a fist. He handed it to Ye Feng and said aloud: "I see that your current cultivation level is at half a level." Lord, then I will give you a helping hand and help you directly ascend to the real realm of domination. Under the dominator, you will eventually become an ant. Although the world rules of the origin world are gradually recovering, the realm of domination is still a very powerful state. , after entering the true realm of dominance, it is naturally completely different from the previous realm."

After finishing speaking, Murong Mingyue showed deep surprise in her eyes, staring at the round bead that exuded the light of emerald in her father's hand, and immediately couldn't help but said: "

This is the emerald divine bead that took decades to condense! As long as it is swallowed and refined, it can reach a great realm without any restrictions!"

When Ye Feng heard what Murong Mingyue said, he also had a look of deep surprise in his eyes.

He didn't expect that the head of the Murong family would give him such a precious thing.

Because of this jade

The effect of the divine beads is so incredible that it directly allows a practitioner to break through to a great realm without any restrictions. It is absolutely like a holy object.

If this kind of thing were to leak outside, it would definitely cause a bloody storm and cause countless experts to come to fight for it.

So this thing, let alone outside, even among the first family in the sea of chaos like the Murong family, is probably a very precious good thing, a sacred object that can be encountered but cannot be sought.

Unexpectedly, the head of the Murong family was going to give it to him directly.

Ye Feng couldn't help but glance at the middle-aged man in front of him in surprise.

It seems that the other party is very grateful to me and thinks highly of him.

But thinking about everything he had done, it was in line with the Murong family's head to give such a precious thing.

Because he not only saved the eldest lady Murong Mingyue, but also saved many masters of the entire Murong family, including the third elder Murong Shuangzhu.

To the Murong family, these are all core members.

So Ye Feng didn't show any pretense at this time, and directly took the jade beads from the head of the Murong family into his own hands.

At this moment, Ye Feng could immediately sense a very majestic energy from this jade bead.

This energy is a very pure and miraculous force. It is exactly the same as the pure force that Ye Feng sensed when he entered this emerald island before. It can enhance a practitioner's ability dozens of times. Skill.

At this moment, Ye Feng's eyes revealed a look of surprise, and he couldn't help but ask: "Senior Murong, this special pure energy does not seem to be the power of our origin world. This energy is stronger than our current power." The energy of heaven and earth originating from the great world is ten times higher in quality and can enhance the practitioner's skill ten times."

Hearing what Ye Feng said, the head of the Murong family suddenly showed a look of surprise in his eyes, and then nodded with satisfaction,

He said aloud: "Sure enough, a hero comes out of a boy. Your perception is very terrifying. You can identify this pure energy in an instant, which is ten times the quality of the energy of the entire world of origin. Let me tell you, this kind of pure energy is The pure energy is the vitality of heaven and earth that originated in the glorious age of the great world. Its quality is ten times higher than that of today's Dharma Ending Age, so it has an unparalleled improvement effect for practitioners in our Dharma Ending Age."

Hearing what the Murong family said, Ye Feng suddenly had a look of surprise in his eyes.

I see.

This pure energy quality, so high, is actually the vitality of heaven and earth that originated from the glorious age of the great world.

No wonder the glorious era of Origin World gave birth to so many super terrifying cultivating forces and super strong men.

The gap from today's Dharma-ending era is really huge!

Ye Feng also understood at this time. It seemed that this emerald island was a magical island left by the founder of the Murong family, the first generation ancestor.

The energy contained in it is still the aura of power that originated from the glorious era of the great world.

No wonder the Murong family was able to cultivate so many powerful masters in a short period of time.

At this time, Ye Feng also had a new understanding of the strength and background of these ancient families and ancient forces.

Sure enough, these ancient families, or the great ancient forces, all have good things in their hands that other forces do not have.

At this moment, Ye Feng swallowed the jade bead without any hesitation.

A pure and majestic energy, which is ten times the quality of the energy of heaven and earth in the Dharma Ending Age, suddenly exploded in Ye Feng's dantian, and began to crazily improve Ye Feng's skills!

"boom!!"

At this moment, there was almost no obstacle. Ye Feng's cultivation was directly filled with energy, and he suddenly broke through to the real realm of domination and stepped into the junior domination realm!

Chapter 4025 Internal Trial Place

Buzz!

At this time, with Ye Feng's cultivation, he was directly promoted to a junior master.

Ye Feng could immediately feel the extremely abundant energy, surging crazily throughout his entire limbs.

For Ye Feng, once he breaks through to the true realm of dominance, Ye Feng's combat effectiveness will increase unparalleled.

At this moment, Ye Feng's eyes immediately revealed a look of deep surprise.

Unexpectedly, I actually broke through to the primary level of dominance all of a sudden.

You know, Ye Feng had sensed his half-step dominance before. If he wanted to break through to the true dominance, he would need a terrifying and majestic amount of energy to accumulate.

Because you must know that as Ye Feng's body improves, it becomes more and more like a bottomless pit. .??.

Every breakthrough requires tremendous energy.

And if you want to break through from half-step dominance to true dominance, the energy accumulation required is absolutely earth-shattering and boundless.

Unexpectedly, a small jade bead could suddenly make a breakthrough in his cultivation and reach the level of a true junior master.

At this time, Ye Feng's eyes showed deep wonder.

No wonder the glorious age of the Origin World was able to give birth to so many terrifying superpowers and superpowers, even the Age of Gods.

The violent energy of ten times the quality contained in this jade bead is too rare and too precious for practitioners.

At this time, Ye Feng suddenly felt a deep yearning for the glorious era of Origin World.

At this moment, it seems that he saw what Ye Feng was thinking. The head of the Murong family standing in front of him immediately smiled and said: "You will definitely see the scene of the glorious era, because the rules of the current era of lawlessness. Beginning to change, with the continuous recovery of world rules, the Great World of Origin will eventually reappear the

environment of the glorious era. By that time, you peerless geniuses may become saints and ancestors, so every step you take next will be very important. The key is because the world of Origin is no longer in the Age of Ending Law, and it has begun to gradually recover and regain the glory of the ancient times."

At this time, after the head of the Murong family finished speaking, Ye Feng immediately nodded, then clasped his fists towards the head of the Murong family, and said gratefully: "Anyway, thank you, senior Murong, for allowing me to If I break through directly to the primary master, my combat power will increase unparalleled, and I won't be too afraid."

Ye Feng very much agreed with what the head of the Murong family had said before, that everyone under the control was an ant.

Because Ye Feng has now truly stepped into the realm of true domination, he can deeply feel how terrifying and terrifying the true realm of domination is.

For the creatures under his dominion, he simply crushed them.

At this time, Ye Feng felt that if he, who had dominated half a step before, stood in front of him, he could kill him with one punch now.

It can be seen from this that Ye Feng's combat effectiveness has been greatly improved after he has become a junior master.

At this time, Murong Mingyue suddenly took out an ancient book from her storage ring, handed it to her father, and said loudly: "

This book, the inheritance recorded in it, is exactly the inheritance that Ye Feng and I received from the super sect in the ancient glorious era. It is called Nine Transformations of Heavenly Dragon Art. Dad, you can just take it. This is my contribution to the family. . "

Hearing what Murong Mingyue said, the head of the Murong family immediately nodded happily and said: "This inheritance is very precious, very ancient, and very advanced. If this inheritance can give us If the core members of the Murong family practice, it will definitely greatly enhance the overall strength of our Murong family. Girl Mingyue, you did a very good job this time. "

After finishing speaking, the head of the Murong family once again took out an emerald bead, handed it to Murong Mingyue's hand, and said loudly: "This is the last emerald bead in my hand. You swallow it directly, it will just help." You have broken through to the true realm of domination. Next, you and Ye Feng will take many young children of our Murong family into the ancient trial place within our family. Therefore, it is very necessary for you to step into the junior domination realm now. ”

Hearing the head of the Murong family say this, Murong Mingyue was very happy to take the jade bead, and then swallowed it without any hesitation.

Half an hour later.

Boom!

Murong Mingyue's body suddenly burst out with an extremely powerful aura of cultivation.

She also made a breakthrough, directly breaking through to the junior level!

It has to be said that this kind of jade beads is really a rare treasure, which can allow people to break through a great realm in an instant without any restrictions.

However, this kind of thing is very rare even in the Murong family.

The head of the Murong family only has the last emerald bead left in his hands. It takes hundreds of years for the emerald island to condense a few beads, so they are naturally very precious.

At this time, the head of the Murong family looked at Murong Mingyue and Ye Feng in front of him, and said loudly: "Girl Mingyue, you will take little brother Ye Feng to live in our Murong family, and wait for the start of the internal affairs of our family tomorrow. That ancient trial place, you bring many young geniuses from our Murong family into it."

After finishing speaking, the head of the Murong family seemed to have thought of something and said loudly: "When this trial is over, I will take you, little brother Ye Feng, to the Ye family."

When Ye Feng heard this, he immediately nodded.

Naturally, he is also very interested in the ancient trial place within the Murong family, the oldest family.

There is definitely good luck and good luck among them, which can further improve your cultivation skills.

As for heading to Ye's house, Ye Feng is not in a hurry.

And now, with the continuous changes in the world rules of the Origin World, more and more powerful people have appeared.

Even if Ye Feng has broken through to the primary level of dominance now, I am afraid that his cultivation level is not enough and he needs to continue to improve before he can be able to handle it with ease in the future.

At this moment, Ye Feng hugged the head of the Murong family, and then followed Murong Mingyue directly out of the central hall and walked outside.

When they walked outside the main hall, Murong Mingyue immediately smiled and said loudly: "Ye Feng, it's still early, let me take you to visit other places in our Murong family. There is a person in our Murong family. This special place is called the Eighteen-Storey Cultivation Tower. It's a very magical place. It's a special training place left over from the era of our ancestors. "Buzz!

At this time, with Ye Feng's cultivation, he was directly promoted to a junior master.

Ye Feng could immediately feel the extremely abundant energy, surging crazily throughout his entire limbs.

There is a person in our Murong family. This special place is called the Eighteen-Storey Cultivation Tower. It is a very magical place and is a special place of cultivation left over from the era of our ancestors."

Chapter 4026 Eighteen-story Training Tower

At this time, hearing Murong Mingyue say this, Ye Feng immediately showed a trace of interest in his eyes, and said: "Since it is something that your Murong family has passed down from the ancient glorious era, then I will go and take a look." Murong Mingyue heard that Ye Feng was very interested, and smiled happily and said: "Okay, then I will take you there now. This eighteen-story cultivation tower is a very magical place. Ye Feng, you will know it when you go there." Next, Ye Feng followed Murong Mingyue and flew quickly towards a certain direction in the area inside the Murong family. They flew away from the Emerald Island in the middle. Because this Emerald Island is a place where only the big figures of the Murong family can live. After Ye Feng and Murong Mingyue left the Emerald Island, Murong Mingyue took Ye Feng to see the various buildings of the entire Murong family and the customs and habits in each territory. Soon, Ye Feng followed Murong Mingyue to the place where the eighteen-story cultivation tower was located that Murong Mingyue mentioned. There are many huge mountains here, with thunder flashing on the top of the mountains, reflecting the sky, and there are also abysses burning with raging fire, and dens where unknown monsters surge and demons roar...

This area seems to be a place specially used for the members of the Murong family to practice.

Murong Mingyue looked at Ye Feng beside him and introduced: "This is the training ground for our Murong family to cultivate super talents. There are many special training grounds, such as the Fiery Abyss, the Thunder Mountain, the Deep Sea Swamp, the Demonic Cave, etc., but the most magical one is the 18-story training tower I mentioned to you before. This 18-story training tower is a special training ground left by an ancestor of our Murong family. Entering the 18-story training

tower, every time you pass a level, you can get a huge opportunity. This opportunity is a reward for passing the level left by our ancestors. It is very precious and is a good thing from the ancient glorious era. There is also a rumor that this 18-story training tower is actually a super magic weapon, but no one has confirmed this rumor, because no one can break into the highest level of the 18-story training tower. Legend has it that only those who can enter the highest level of the 18-story training tower are qualified to control a training tower." Hearing Murong Mingyue say this, Ye Feng nodded immediately. But in the next moment, Ye Feng seemed to have thought of something. Suddenly, with an inexplicable look on his face, he stared at Murong Mingyue beside him and said, "Ms. Mingyue, you don't want me to try to see if I can enter the top floor of this 18-story training tower, do you?"

When Murong Mingyue heard what Ye Feng said, she immediately said with a smile, "Ye Feng, you are really smart. You guessed my purpose at once. Yes, Ye Feng, your martial arts talent is so powerful, and now you have entered the primary master. I really want you to try to see if you can enter the top floor of this 18-story training tower, because I really want to confirm whether this 18-story training tower is a super magic weapon left by our ancestors."

Hearing Murong Mingyue beside him say this, he saw the excited expression on Murong Mingyue's face that seemed to be very expectant.

Ye Feng couldn't help but smiled bitterly and shook his head. He looked at the eldest lady of the Murong family beside him and said, "You really believe in me. I don't have the confidence to pass the barrier left by your ancestors of the Murong family." Ye Feng knew very well that the barrier left by the ancestors of the Murong family must be very extraordinary and not so easy to pass. And according to Murong Mingyue, this magical 18-story training tower of the Murong family has never been entered by a member of the Murong family for tens of thousands of years. So Ye Feng felt that he probably didn't have the ability. After all, Ye Feng was not arrogant enough to think that his talent was the best in the world. However, the toad lying on his shoulder seemed very interested and immediately encouraged him: "Ye Feng, just try it. You have now integrated the strongest bone in the world, and your talent is already the best in the world. Maybe you can pass the barrier successfully." At this moment, hearing the toad say this, Ye Feng's eyes flickered slightly. Ye Feng knew that Toad would not say something about this casually.

But since Toad said it, it means that the 18-story training tower of the Murong family must be very special, and Toad may have experienced it personally.

Because Toad will not easily say some nonsense.

So at this time, Ye Feng stared at the Toad on his shoulder, with an inexplicable look in his eyes.

It seems that Toad knows something about this 18-story training tower.

When Ye Feng thought of this, he immediately sent a voice to the Toad on his shoulder and asked: "Toad, have you encountered this 18-story training tower before?"

"You kid, you know me well..."

Toad grinned at this time, transmitted the message to Ye Feng's mind, and said aloud: "Indeed, the owner of this eighteen-story cultivation tower is an ancestor of the Murong family. I have met him before, and he I had a fight, but I didn't beat him, because he controlled this eighteen-story cultivation tower, which was very powerful. This eighteen-story cultivation tower had incredible effects and could release eighteen kinds of power with different attributes. Very scary."

Hearing what Toad said, Ye Feng suddenly showed deep surprise in his eyes.

Unexpectedly, Toad actually fought with the ancestors of the Murong family.

You know, the person who can be called the ancestor of the Murong family is absolutely terrifying.

Although the ancestor of the Murong family is not one person, he may be a certain group of original strong men.

But that group of strong men were definitely the original founders of the Murong family, and they must be very powerful.

Even the toad, an ancient divine beast, had never defeated the ancestor of the Murong family.

It shows how terrifying this ancestor's strength is.

How powerful is the eighteen-story cultivation tower he controls.

Ye Feng immediately couldn't help but ask: "In this case, this eighteen-story cultivation tower is really a super magic weapon, not a simple reward place for completing levels."

The toad nodded and transmitted the message to Ye Feng and said: "Of course, this eighteen-story cultivation tower was actually originally called the Great Buddha Tower. It is a powerful magic weapon that is said to be born at the junction of the demon world and the Buddhist world, so Ye Feng If you are lucky enough to be able to control this Great Pagoda, then you will get a very powerful super magic weapon that can release the power of Buddha and demons. However, your kid is not a member of the Murong family. Even if you succeed in breaking through, it is estimated that the Murong family Some of today's elders will not let you take away this extremely precious pagoda easily."

Hearing what Toad said, Ye Feng's eyes were very bright and he said loudly: "If you say that, then I am very interested. I want to give it a try. Can I succeed in breaking through the level? If I can really Break into the highest level and get this big pagoda. With Murong Mingyue here, I should be able to take away this super magic weapon."

Hearing what Ye Feng said, Toad was stunned for a moment, then couldn't help grinning and said loudly: "Indeed, this little girl's elbows are turned out. It seems that this little girl has a good impression of you. "

Chapter 4027 Thunder Holy Mountain

Hearing what Toad said at this time, Ye Feng immediately grinned, then glanced at Murong Mingyue, the beautiful eldest lady of the Murong family, who was walking side by side with him, and then couldn't help but shook his head, and didn't say much. say what.

At this moment, Ye Feng and Murong Mingyue were walking quickly in the Murong family's special training place, trying to reach the eighteenth floor training tower as soon as possible.

But suddenly, when they were passing by somewhere, the toad on their shoulders said directly: "This Holy Thunder Mountain is a good place."

Hearing what Toad said at this moment, Ye Feng and Murong Mingyue both looked towards their sides.

There stood a purple mountain.

On the top of this mountain, there are countless blue-purple rays of thunder and lightning surging.

It's like the entire mountain is connected to the entire sky.

In the middle is a sea of thunder.

This is the Holy Thunder Mountain among the many special training places of the Murong family.

Members of the Murong family who practice the thunder attribute can practice on the Holy Thunder Mountain and withstand the bombardment of rolling thunder to temper their bodies.

At this moment, when Ye Feng heard what the toad on his shoulder said, he couldn't help but have a look of surprise in his eyes, and then said, "Does this Holy Thunder Mountain have a great effect on me?"

Ye Feng knew very well that toad would not speak without reason.

Since the toad said it, there must be something special about it.

Sure enough, when Ye Feng said this, Toad immediately nodded, and then said loudly: "The power of thunder in this Holy Thunder Mountain can temper your body's power and help your body's power to increase quickly. "

When he said this, Toad stared at the mountain not far away that was connected to the thunder in the sky, and said slowly: "And I have heard a legend, that is, some mountains that can connect to the thunder in the sky are all In the ancient times, the gods with the attributes of thunder left the place where they sat, which is why such a scene can be formed. Therefore, in this holy mountain of thunder, in the thunder, it may be possible to absorb the tempering power from the thunder. Refining the divine substance and absorbing it."

Hearing what Toad said, Ye Feng's eyes suddenly lit up and he couldn't help but say: "You mean, in the thunder, I can not only temper the power of my body, but also can draw from the infinite thunder. Extracting the legendary divine substance can help my immortal body continue to improve."

Toad nodded and said loudly: "You can give it a try and see if you can directly temper the divine substance. I'm not sure about this. After all, it's just a legend."

Hearing what Toad said, Ye Feng immediately nodded, and then flew quickly towards the Thunder Holy Mountain not far away.

Divine substances are the most precious things to Ye Feng.

After all, as long as you can temper your immortal body of the gods to the state of Great Perfection, then you will be invincible.

When Murong Mingyue saw this scene, she immediately couldn't help but asked: "Ye Feng, do you really want to go to Thunder Holy Mountain? The power of thunder there is very terrifying, especially the thunder on the top of the mountain. The power can literally tear apart a ruler, so if you want to go to this Thunder Holy Mountain, don't go to the top of the mountain."

Toad immediately spoke out and said: "If you want to refine and extract the divine substance from the thunder, you must extract it from the thunder in this holy thunder mountain."

The power of thunder is extracted from the place where the strongest and richest power is, so you must enter the top of the Thunder Holy Mountain. In other places of the Thunder Holy Mountain, the power of thunder is relatively weak, of no use, and cannot be tempered at all. Any divine substance. "

Hearing what Toad said, Murong Mingyue's face suddenly changed slightly, and then she said loudly: "Toad, you are asking Ye Feng to die! On the top of the Holy Thunder Mountain, the power of thunder is so terrifying that even us Murong Many of the elders in the family dare not step into the mountaintop area, let alone Ye Feng, who has only just begun to enter the realm of junior domination. "

When Toad heard Murong Mingyue's worried words, he just shook his head indifferently and said: "If you want to become stronger quickly, you can only take risks. Don't worry, Ye Feng is now the strongest in the world and has very vitality. He's so tenacious that he won't die so easily."

Ye Feng also nodded slightly at this time and said aloud: "I just happened to encounter this kind of thunder holy mountain, so naturally I want to go there and take a look. I want to try it to see if I can really temper the magic from these thunders. Sexual substances."

Uh-huh!

After saying that, Ye Feng did not hesitate and flew directly towards the Thunder Holy Mountain.

Murong Mingyue and Toad also quickly followed.

Buzz buzz...

When they arrived at the Thunder Holy Mountain, they immediately sensed that the void was filled with light from thunder and lightning.

Crackling!

At this time, there were streaks of thunder and lightning in the sky, which were beginning to cover everyone.

At this time, the toad opened its mouth and swallowed the thunderous light directly.

When Ye Feng saw this scene, there was a look of surprise in his eyes.

But thinking about the toad that could spit out terrifying and advanced thunder power before, Ye Feng felt that the toad must have been a divine beast with thunder attributes before.

At this time, Murong Mingyue said: "I can't continue climbing. The power of thunder here has reached my limit. If I continue to climb this Thunder God Mountain, I estimate that my entire body will soon be destroyed." Completely electrocuted."

Toad glanced at Murong Mingyue beside him and said loudly: "You stay here, don't move forward. I will accompany Ye Feng and continue climbing to the top of the mountain."

Murong Mingyue glanced at Ye Feng flying in front, nodded immediately, and shouted quickly: "Ye Feng, you must be careful. At the top of this Thunder Holy Mountain, the power of thunder is very violent and terrifying. I have torn apart many powerful geniuses. Don't drag it out. If there is danger, come down as soon as possible. Don't force the divine substance. You can also slowly look for it from other places in the future."

Ye Feng turned around, showed a smile, and said loudly: "Don't worry, I won't bully you."

After saying that, Ye Feng followed Toad and flew directly towards the top of the holy mountain filled with thunder.

When Ye Feng was flying towards the top of the Holy Mountain, the closer he got to the top of the mountain, the more powerful he felt the thunderous light in the sky becoming more and more powerful. In the end, Ye Feng felt that he was almost Being hit by crazy electric shocks from the terrifying power of thunder, my whole body felt like it was going numb.

At this moment, the toad immediately said: "Ye Feng, you don't have to go to the top of the Holy Thunder Mountain. The light of thunder and lightning here is already strong enough. Try it and see if you can get rid of the light of thunder and lightning." The divine substance that exists between heaven and earth is extracted from it. "Hearing what Toad said at this time, Ye Feng immediately grinned, and then glanced at Murong Mingyue, a beauty from the Murong family who was walking side by side with him. The eldest lady couldn't help but shook her head and said nothing more.

At this moment, Ye Feng and Murong Mingyue were walking quickly in the Murong family's special training place, trying to reach the eighteenth floor training tower as soon as possible.

But suddenly, when they were passing by somewhere, the toad on their shoulders said directly: "This Holy Thunder Mountain is a good place."

When Ye Feng saw this scene, there was a look of surprise in his eyes.

However, thinking about the toad that could spit out terrifying and advanced thunder power before, Ye Feng felt that the toad must have been a divine beast with thunder attributes before.

At this time, Murong Mingyue said: "I can't continue climbing. The power of thunder here has reached my limit. If I continue to climb this Thunder God Mountain, I estimate that my entire body will soon be destroyed." Completely electrocuted."

Toad glanced at Murong Mingyue beside him and said loudly: "You stay here, don't move forward. I will accompany Ye Feng and continue climbing to the top of the mountain."

Murong Mingyue glanced at Ye Feng flying in front, nodded immediately, and shouted quickly: "Ye Feng, you must be careful. At the top of this Thunder Holy Mountain, the power of thunder is very violent and terrifying. , I have torn apart many powerful geniuses. Don't drag it out. If there is danger, come down as soon as possible. Don't force the divine substance. You can also slowly look for it from other places in the future."

Ye Feng turned around, showed a smile, and said loudly: "Don't worry, I won't bully you."

After saying that, Ye Feng followed Toad and flew directly towards the top of the holy mountain filled with thunder.

When Ye Feng was flying towards the top of the Holy Mountain, the closer he got to the top of the mountain, the more powerful he felt the thunderous light in the sky becoming more and more powerful. In the end, Ye Feng felt that he was almost Being hit by crazy electric shocks from the terrifying power of thunder, my whole body felt like it was going numb.

At this moment, the toad immediately said: "Ye Feng, you don't have to go to the top of the Holy Thunder Mountain. The light of thunder and lightning here is already strong enough. Try it and see if you can get rid of the light of thunder and lightning." The divine substance that exists in heaven and earth is extracted from it."

Chapter 4028: Inciting Thunder

Wow!

At this time, when Ye Feng heard what Toad said, he immediately stopped, and then looked at the surging thunder light in the sky, and immediately asked: "Toad, how can I escape from this thunder in the sky?" , tempering the divine substance?"

Toad glanced around, and then said aloud: "It's very simple, directly draw the power of these thunders into your body, and then use your immortal bones of the gods to see if you can absorb divinity from these thunder powers. Matter, you have to know that your Immortal Bone of the God, the strongest bone in the world, is the best weapon for extracting and absorbing divine matter."

Hearing what Toad said, Ye Feng suddenly nodded in realization.

Then Ye Feng no longer hesitated, and directly began to pull the light of thunder from the sky into his own flesh and blood.

Wow!

At this moment, streaks of thunder and lightning light were immediately injected into Ye Feng's body.

Ye Feng immediately felt that his entire flesh and blood body was in the midst of crazy electric shocks, and he felt a little numb.

At this moment, Ye Feng did not hesitate at all. He directly activated his strongest bone, the Immortal Bone of the God, and then generated a very special attraction. From the light of thunder that was introduced into his body, Quickly extract the divine substance from it.

And the moment Ye Feng activated the God's Immortal Bone, Ye Feng immediately discovered that there was indeed a trace of golden substance, which was attracted by the God's Immortal Bone into the light of thunder in his body, and was forcibly extracted.

This trace of golden substance is exactly the divine substance!

Seeing this scene, Ye Feng immediately said happily: "There is indeed a divine substance in these thunderous lights."

Ye Feng's tone at this moment was filled with a trace of disbelief.

Unexpectedly, there was divine substance in the light of thunder and lightning that descended from the sky.

Ye Feng thought that only things left by ancient gods could possess divine substances.

Toad seemed to have seen Ye Feng's inner thoughts at this time, and immediately smiled and said: "These thunder lights are all shot down from the infinite sky, and they naturally contain the natural majesty of heaven and earth. power, so it contains divine things

The quality is normal. After all, the ancient gods relied on the rules of heaven and earth and the laws of the universe to achieve the realm of gods. Therefore, if we trace the source, the divine substances obtained by the ancient gods were actually obtained from the heaven, earth and universe.
"

Hearing what Toad said, Ye Feng immediately nodded.

Ever since Ye Feng started practicing, he has indeed seen endless magic of nature and magnificent scenes between heaven and earth.

At this time, Ye Feng no longer thought about anything, but concentrated on inducing the sky thunder to enter his own flesh and blood.

Then use the immortal bones of the gods to absorb the divine substances in these thunders of heaven and earth.

Although each extraction can only extract a trace of divine substance at most.

But Ye Feng saw it, and the entire sky was filled with thunder from heaven and earth.

Therefore, with such a huge amount of thunder from heaven and earth, Ye Feng was naturally able to obtain a lot of divine substances.

At this moment, Ye Feng gathered all the extracted divine substances into his fists, and continued to refine the fists of the first stage of the God's Immortal Body.

Now Ye Feng's two fists have been tempered to the third level.

At this moment, Ye Feng worked hard to absorb the divine substance in the power of thunder from heaven and earth, hoping to continue to improve his fist.

You must know that if Ye Feng wants to cultivate into the immortal body of the God in the Great Perfection state and become the most powerful existence in the world, he must temper all the ten stages of the Immortal Bone of the God to the Great Perfection.

But Ye Feng has only refined the first stage of the God's Immortal Bone and his two fists to the third level.

So there is still a long way to go in the future.

Now that he has encountered a divine substance, Ye Feng naturally hopes to get as much divine substance as possible to improve his immortal bones.

Wow!

At this time, Ye Feng attracted more thunder light and poured it on himself.

That kind of terror

The light of thunder poured on Ye Feng's body like a vast ocean, making the toad couldn't help but move back a lot.

When Toad saw Ye Feng shrouded in the infinite light of thunder, he couldn't help but sigh and shook his head, saying, "This kid is really crazy."

And when Ye Feng continued to absorb the divine substance in the light of thunder, he used it to hone his fists.

Around Thunder Holy Mountain, many young geniuses from the Murong family gathered.

They looked towards the top of the mountain with deep shock in their eyes.

A young genius from the Murong family couldn't help but said: "Who is that young man in white? He was able to approach the top of the mountain and trigger so many terrifying thunderous lights. Isn't he afraid of death?"

Murong Mingyue stood around the Thunder Sacred Mountain. At this moment, she smiled slightly and said: "This young man in white is my friend, named Ye Feng. Next, he will lead all of us into the inner world of our family." In the ancient trial place, look for opportunities and fortune."

"What?"

Hearing what Murong Mingyue said, a group of geniuses from the Murong family around them couldn't help but widen their eyes.

It seems that they did not expect that this time the ancient trial place within the family would let an outsider lead them.

So at this time, naturally some geniuses from the Murong family expressed dissatisfaction.

A genius from the Murong family wearing a black robe, named Murong Jian, is one of the top geniuses of the younger generation of the Murong family.

The aura of cultivation emanating from him is clearly that of a junior master

I have to say that Murong Jian's cultivation is indeed very powerful, comparable to Ye Feng and Murong Mingyue, the eldest lady of the Murong family.

So this Murong Jian was very aloof.

At this time, he walked out of the crowd and said loudly: "Miss, whose decision is it to let an outsider lead us into the trial place within the family? I think this decision is really bad. We In the Murong family's internal trial ground, there are many precious heavenly materials and earthly treasures. Some of them have even grown for tens of thousands of years. These things

It should not be allowed to an outsider, even if he only shares some. "

Hearing what Murong Jian said, Murong Mingyue just smiled faintly and said: "This is the decision of my father's family, and no one can disobey it. Even the members of the elder group agreed, because my friend Ye Feng, this He made a huge contribution to our Murong family and saved more than 70 core members of our Murong family. This is what Ye Feng deserves."

Hearing what Murong Mingyue said, Murong Jian immediately showed a cold smile in his eyes and said loudly: "Even if he has made such a huge contribution to our Murong family, just let you follow our team to get some benefits. , what qualifications does he have to lead us? Even if it is the decision of the family head, we have to see if Ye Feng is qualified to lead us. The geniuses of our Murong family are the strongest geniuses in the entire sea of chaos. This is called Is Ye Feng's boy from the declining Ye family? Isn't it a bit unconsidered to let a member of the declining family lead the genius of our strongest family? "

"yes!"

"This looks down upon the genius of our Murong family!"

Murong Jian's words naturally aroused the echoes of many Murong family geniuses around him.

When Murong Mingyue heard what Murong Jian beside her said, she immediately smiled and said, "Then how do you think we can make him qualified to lead us?"

Murong Jian smiled faintly and said: "It's very simple. Let this kid compete with me. If he can beat me, then I think he is qualified."

"Count us in."

After finishing speaking, two young geniuses suddenly walked over not far away.

They are a young man wearing a white gown and a young woman wearing a purple skirt.

The two people came over, with arrogant smiles on their faces, and said loudly: "Counting the two of us, the boy named Ye Feng must defeat us at the same time before we are convinced. If he can't defeat us, Then don't blame us for being rude and ask him to get out of our team for this ancient trial."

Like Murong Jian, these two young men are the top geniuses of this generation of the Murong family. They are called Murong Bai and Murong Ling respectively.

Chapter 4029 Let's Come Together

The two young geniuses Murong Bai and Murong Ling who came over, like Murong Jian, are also super geniuses at the junior master level, and their combat capabilities are very strong.

Because they have inherited the strongest bloodline of the Murong family, as well as the strongest skills, and they all have their own trump cards, their combat power is definitely no less than that of Murong Mingyue, and even stronger than the eldest lady Murong Mingyue.

At this time, Murong Mingyue's face looked a little ugly, as if she didn't expect that so many top geniuses from the Murong family would come out to find trouble with Ye Feng.

After all, Murong Mingyue had already said that it was his father's family's decision to lead all the young geniuses into the ancient trial grounds this time.

Unexpectedly, these top geniuses are all very arrogant.

Murong Mingyue believed in Ye Feng's fighting ability.

But now three top geniuses suddenly jumped out, all of them are junior master level beings.

Ye Feng has to challenge three challenges at once, which is still very stressful.

If Ye Feng is defeated, it will definitely have a huge impact on how they can lead the entire Murong family's young geniuses into the ancient trial grounds.

Murong Mingyue didn't know how to decide at this moment.

Uh-huh!

But at this time, a toad suddenly flew over from the direction of a mountain not far away, and directly agreed on Ye Feng's behalf: "If you three want to challenge Ye Feng, then just wait until Ye Feng's practice is over. , you three can come together."

Toad deeply knows how terrifying Ye Feng's fighting power is.

And now Ye Feng is still on the Holy Thunder Mountain, using the infinite power of thunder from heaven and earth to extract divine substances and temper his immortal body of the gods.

After the cultivation is successful, Ye Feng's combat effectiveness will reach another level.

Even if he were to challenge three super geniuses of the same level at once, there would probably be no pressure.

Hearing what Toad said, Murong Mingyue's eyes showed a look of surprise, as if he didn't expect Toad to believe so much in Ye Feng's fighting power.

But now that the toad had said so, Murong Mingyue didn't say anything more, but nodded and said loudly: "Murong Jian, Murong Bai and Murong Ling, if the three of you are defeated by Ye Feng, what will happen if you are defeated by Ye Feng?" Then you must listen to us honestly."

Murong Jian smiled faintly and said: "Of course, but if this Ye Feng is defeated in our hands, then let him get out of the team participating in the ancient trial this time."

Murong Mingyue's face turned very ugly when she heard Murong Jian's arrogant words.

But at this time, Ye Feng had not yet proven his strength, and Murong Mingyue could not say much. She just nodded stiffly and said in a very cold tone: "Then we will wait and see."

Swish, swish, swish!

At this time, many of the geniuses of the Murong family around them were looking towards the top of Thunder Holy Mountain.

Wow...

At this time, Ye Feng didn't know all this, nor did he know that Toad directly agreed to this battle on his behalf.

But Ye Feng probably knew about it and just laughed it off.

Because in Ye Feng's eyes now, young geniuses of the same age are no longer considered Ye Feng's opponents.

Now Ye Feng's real pattern is to look at all the strong men in the entire world of origin, including those old strong men and some old monsters hiding in the dark.

.

At this moment, the infinite power of thunder was released on Ye Feng's body.

Ye Feng extracted a lot of divine substances, and streams of golden divine substances gathered towards Ye Feng's two fists, causing Ye Feng's fists to emit immortal golden light.

In the end, Ye Feng succeeded in tempering his fist from the previous third level to the final fifth level, rising two levels at once.

At this time, Ye Feng looked at his two fists, which were emitting bright golden light, and his eyes showed deep joy.

Unexpectedly, he extracted so much divine substance from these thunders, which raised the level of his two fists by two levels. Ye Feng was naturally very happy.

When Ye Feng's two fists were promoted from the third level to the fifth level, Ye Feng could feel that the divine energy contained in his two fists was becoming more and more powerful and terrifying.

Like two fists, they can smash the entire mountain into pieces in an instant.

After Ye Feng sensed this at this moment, he suddenly found that the power of thunder in the entire Holy Thunder Mountain seemed to have been absorbed and tempered by himself.

For a while, there was no light of thunder in the entire Holy Thunder Mountain.

Seeing this scene, Ye Feng couldn't help but shook his head. He originally wanted to continue absorbing the divine substance.

At this moment, Ye Feng tempered his two fists to the fifth level, and then flew down from the Holy Thunder Mountain.

When Ye Feng flew down from the top of the mountain, he immediately saw a rather surprising scene.

I saw Murong Mingyue and Toad confronting a group of people.

The other group of people seemed to be geniuses in the Murong family.

r\u003e

What surprised Ye Feng was that the geniuses of the Murong family, the three at the front, were all junior master level beings, at the same level as himself.

Ye Feng couldn't help but sigh. The Murong family is indeed the number one powerful family in the Sea of Chaos. It has a deep foundation and has actually cultivated so many powerful top geniuses.

When Ye Feng arrived, Murong Mingyue immediately flew to Ye Feng's side and whispered about the situation.

After learning the situation, Ye Feng's eyes showed a look of surprise.

Unexpectedly, the genius of the Murong family would challenge him.

Murong Mingyue said aloud: "Originally I didn't want to put so much pressure on you, but the toad flew over and insisted on helping you agree to this challenge."

Ye Feng heard this, glanced at the toad next to him, couldn't help but laughed and said: "It's okay, anyway, I will take all the geniuses of the Murong family with you into the ancient trial place. Now It is also a good thing to kill their prestige, otherwise it will be quite troublesome if they don't listen to us. "

After Ye Feng finished speaking, he walked forward, looked at the three geniuses of the Murong family standing at the front, and said loudly: "It's you three who want to challenge me, right?"

Among the three, Murong Jian was the first to speak up: "Yes, although you have made great contributions to our Murong family, you are a foreigner after all. If you want to lead all our young geniuses, you must prove your Strength."

After finishing speaking, Murong Bai, who was standing next to Murong Jian, suddenly said: "I'll be the first to come."

Ye Feng suddenly shook his head, and with everyone's stunned eyes, he said directly: "It's a waste of time to come one by one. The three of you come together."

Chapter 4030 Just tell the truth

"What??"

At this time, everyone heard Ye Feng's light words, and their eyes showed deep surprise.

They seemed to have never imagined that Ye Feng would be so bold as to directly ask three of the Murong family's top geniuses to come together.

This made everyone's eyes widen and some were stunned.

Even Murong Jian, Murong Bai and Murong Ling, the three top super geniuses of the Murong family, were staring at Ye Feng in front of them with a look of deep disbelief in their eyes.

Murong Bai, who was preparing to take action first, couldn't help but said with some uncertainty: "Ye Feng, who gave you the courage to say such bold words?"

Ye Feng just smiled faintly at this time and said: "I don't need much courage to deal with you three."

At this time, Murong Jian suddenly said: "Ye Feng, do you think we are all ordinary junior masters? I admit that for a genius like you, it may be difficult to deal with three ordinary junior masters at once. There is no problem, but you have to know that we are all the top super geniuses in the Murong family. Our strength can also leapfrog the competition. We are not ordinary junior masters. We have a supreme inheritance. Powerful trump card, unparalleled combat power."

Hearing what Murong Jian said, Ye Feng just smiled faintly, his tone still without any nervousness or fear, and said loudly: "I have already said, you guys come together, then come together, don't waste time, pick up I'm going to take a look at the eighteen-story training tower when I get down, so I don't have much time to waste."

Hearing Ye Feng's arrogant words, even Murong Ling, the only girl among the three super geniuses, could not maintain the elegance of a girl, and a look of deep shock and anger appeared on her beautiful face.

Murong Lingtong immediately said: "Ye Feng, you are really too arrogant. Although you have saved so many core members of our Murong family, you cannot be allowed to humiliate us like this."

"humiliation?"

Hearing what Murong Ling said, Ye Feng just smiled faintly, shook his head and said loudly: "Do you think I am humiliating you? No, no, no, I am just telling the truth. If you think it is humiliating, then I will too. no way."

"This kid is so arrogant!"

At this moment, not to mention Murong Jian and the other three top super geniuses, even the other younger generations of the Murong family who were watching felt that Ye Feng was simply crazy to the extreme.

No one seemed to have thought that Ye Feng, a seemingly ordinary young man, could speak so arrogantly and say such bold words.

At this moment, many of the younger generation of the Murong family around them immediately shouted: "Murong Jian, Murong Bai and Murong Ling, you are the three strongest beings of the younger generation of our Murong family, hurry up and take this Ye Feng should teach him a lesson and let him know that our Murong family does not lack super geniuses."

Hearing the shouts of many young people of the Murong family around them, Murong Jian and others immediately nodded.

Then Murong Jian looked at Ye Feng, who was not far away, and said: "There is no need for the three of us to come together. I can deal with you alone."

Buzz!

At this moment, Murong Jian immediately rushed towards Ye Feng. Murong Jian slowly pulled out a sword exuding emerald light from the sword box behind him.

Seeing this sword, a group of young geniuses from the Murong family around them couldn't help but exclaimed: "This seems to be a sword cast from the emerald stone of the Emerald Island. It is made from materials from the ancient glorious era." The weapons are absolutely terrifying, this Ye Feng will definitely lose!"

"The sword breaks the sky!"

boom!

At this moment, Murong Jian suddenly roared.

At this moment, the emerald sword in Murong Jian's hand began to expand rapidly, instantly turning into a huge emerald sword with a length of more than ten meters, and then slashed hard in the direction of Ye Feng. Cut away.

boom! !

On top of this giant emerald sword, there was a terrifying sword light that was tens of thousands of meters long.

I have to say that this Murong Jian is indeed the youngest member of the Murong family.

The top genius of the era, and his cultivation level is at the junior level. Once he makes a move, the situation will change.

His understanding of the way of swordsmanship has also reached a very high level.

As soon as it came up, it erupted with a sword light that was tens of thousands of meters long, capable of splitting mountains and rivers and crushing the sky.

Ye Feng suddenly raised his head at this moment, and then did not use any martial arts inheritance, but just punched forward fiercely with both fists.

At this moment, Ye Feng's fists, which had been tempered to the fifth level of the Immortal Bones of the Gods, suddenly erupted into terrifying waves of golden energy.

I saw vast and boundless power surging out of Ye Feng's fists, like a vast ocean.

The tens of thousands of meters long sword light that suddenly killed Murong Jian was directly shattered into pieces.

Then Ye Feng's two fists, like the fists of gods, were indestructible and directly hit the emerald sword in Murong Jian's hand.

Boom! !

Accompanied by a terrifying roar, even Murong Jian, the top super genius of the Murong family, could not help but change his expression at this time.

Because he felt that what hit his sword body was not like two human fists, but like two ancient mountains, full of vast and endless oppressive power, making Murong Jian unable to hold back his jaws all of a sudden. There was a pain, and then he couldn't help but let go of the emerald sword in his hand, and his whole body flew out, with a trace of blood overflowing from the corner of his mouth.

The emerald sword in his hand also made a "ding" sound and fell to the ground.

"What??"

Seeing this scene, the countless young people of the Murong family who had been shouting excitedly at the scene suddenly widened their eyes at this moment.

Everyone's eyes showed a look of deep disbelief, and their faces were filled with deep horror.

quiet!

Deadly quiet!

At this time, everyone in the audience fell into a deep daze.

Because no one thought that Ye Feng's strength could be so terrifying.

Book

They thought that the helper Miss Murong Mingyue was looking for must be extraordinary, but they never expected that he was extraordinary to such an extent.

Even Murong Jian, the top super genius of their Murong family, was sent flying backwards by Ye Feng's two fists, and even a trace of blood spilled out.

This shows that Ye Feng's strength is definitely far superior to Murong Jian, otherwise it would be impossible to blow away Murong Jian with just two fists.

Uh-huh!

At this moment, Ye Feng suddenly flew in front of the emerald sword that fell from Murong Jian's hand, with a hint of surprise in his eyes.

Because Ye Feng sensed a trace of divine substance from this jade sword.

Ye Feng suddenly thought that this emerald long sword might be forged from the materials on the emerald island at the center of the Murong family.

It is a good thing left over from ancient glorious times, and it naturally contains divine substances.

At this time, Ye Feng directly took the emerald sword in his hand, and then directly used the strongest bone in the world, the Immortal Bone of the God, to begin to absorb the divine substance from the emerald sword.

At this time, Murong Mingyue, who was not far away, also widened her beautiful eyes. It seemed that she did not expect that Ye Feng's combat power was now so strong.

As for Toad, he was not surprised. He seemed to have known for a long time that Ye Feng had such terrifying strength.

At this moment, Murong Bai and Murong Ling's faces were a little ugly, including the defeated Murong Jian.

Because they seemed to really underestimate Ye Feng's strength.

At this time, Murong Bai suddenly said: "Let's go together. We must defeat this kid. Otherwise, we will probably have to listen to this kid in the future! Although it's hard to win if the three of us go together. Wu, but as long as this Ye Feng can be defeated, it is also a good thing to kill his majesty."

"good!"

Murong Ling beside him also nodded.

Murong Bai and Murong Ling flew to both sides of Murong Jian, preparing to deal with Ye Feng together.
