Chapter 4251 Northern Territory

At this moment, hearing the emperor of the Shenshui Dynasty say this, many people present suddenly had envious looks in their eyes.

Because they know very well that the royal family of the Shenshui Dynasty attaches great importance to this kind of top genius competition.

Therefore, if you can get the top three rankings in this top talent competition, the rewards you will get will definitely be very generous.

At this time, all the eyes of the audience were focused on the top three young talents in this top talent competition.

The first place is Ye Feng.

The second place is the young master of the Divine Sword Villa, Jun Wuyan, a swordsman dressed in white who looks very sharp.

The third place is not a disciple from a big force, but a dark horse this year, from a very small force, the Panlong Sect. .??.

This third place is the number one genius in the Panlong Sect, Long Lietian. It is said that he has the blood of a very powerful tyrannosaurus in ancient times. He is a very majestic and strong man who gives people a very fierce feeling. However, There was always a kind smile on his face.

Buzz!

At this moment, the emperor of the Shenshui Dynasty waved his hand, and a huge force of space swept across the audience, leading these three top geniuses away from the scene.

The next moment, Ye Feng and others immediately discovered that they had been moved directly and instantly to the central palace of the Shenshui Dynasty using the space transfer method by the emperor of the Shenshui Dynasty.

At this time, in the cold and majestic hall, Ye Feng, Wu Yan, the young master of Shenjian Villa, and Long Lietian, the first genius of Panlong Sect, stood side by side.

The emperor of the Shenshui Dynasty at the top was also standing there.

At this moment, the emperor of the Shenshui Dynasty stared at the three young geniuses in front of him and immediately smiled and said: "You all performed very well this time. It is enough for you to win the top three in the top genius competition. It shows your potential and talent, so I will personally give you a huge reward."

at this moment

As the emperor of the Shenshui Dynasty spoke, he immediately stretched out a finger and tapped the front three times casually.

Swish, swish, swish!

The next moment, three rays of light flew directly in front of Ye Feng and the others.

At this moment, every ray of light contains a kind of chance.

Ye Feng discovered that among the light floating in front of him was a very ancient-looking bead.

Ye Feng's eyes were surprised to discover that this ancient bead contained a very powerful and majestic thunder energy.

At this time, the emperor of the Shenshui Dynasty immediately smiled and said: "Ye Feng, the bead I gave you is the dragon bead of an ancient thunder dragon that I killed in the depths of the endless wilderness. The contained dragon energy should be able to transform your cultivation."

Hearing what the emperor of the Shenshui Dynasty said, Ye Feng suddenly had a look of surprise in his eyes.

Unexpectedly, this bead turned out to be the dragon bead of an ancient ancient thunder dragon.

No wonder I could feel a very terrifying and majestic energy from it.

Ye Feng didn't hesitate at this moment. He immediately smiled and said, "Thank you, His Majesty the Emperor, for the reward."

I have to say that the emperor of the Shenshui Dynasty still understands what everyone needs.

The reward given to Ye Feng was the Dragon Ball of the Thunder Dragon, which could increase Ye Feng's skills, which made Ye Feng very happy.

And among the light floating in front of Jun Wuyan, the young master of Shenjian Villa, was an ancient picture scroll.

In this picture scroll, there is an ancient figure. This figure holds a sword in his hand, which gives people the impression that

It's like being able to burst out endless sword energy through the paper of the scroll, capable of breaking the sky.

"This is....."

Seeing this scene, Jun Wuyan immediately revealed a look of deep surprise in his eyes, and said loudly: "Thank you, His Majesty the Emperor, for the reward. This picture scroll should be the true interpretation of the swordsmanship of the ancient Sword Emperor. Picture scroll! This is absolutely a priceless treasure for us sword cultivators. We at Shenjian Villa have been looking for it for many years, but we didn't expect it to be in the hands of His Majesty the Emperor. "

Jun Wuyan spoke at this time, his tone full of excitement.

Obviously, this picture scroll is definitely a priceless treasure for Jun Wuyan, the young owner of Shenjian Villa.

At this time, the top genius of Panlong Sect, Long Lietian, who was standing at the side, this dark horse genius from a small force, was staring at the thing in the light ball in front of him, and his whole body was shaking with excitement. .

Because what is contained in his light mass is actually a mass of ancient tyrannosaurus blood essence.

It is the blood of the extremely pure first-generation Tyrannosaurus!

Bright red.

It contains endless ferocious aura, as well as the aura of ancient barbarism.

This is definitely of great help to Long Lietian, a young genius with Tyrannosaurus bloodline.

It can greatly improve his bloodline level and help his cultivation strength and life essence to further transform.

I have to say that the emperor of the Shenshui Dynasty was very well prepared.

Perhaps he knew from the beginning who the top three contenders for the final top talent competition would be.

At this moment, everyone thanked the emperor of Shenshui Dynasty.

The emperor of the Shenshui Dynasty immediately stared at the three young geniuses in front of him and said solemnly: "The rewards have been given to you.

Okay, next I have something that I need you three to do. "

Hearing what the emperor of the Shenshui Dynasty said, the eyes of Ye Feng and the others became serious.

Because the emperor of the Shenshui Dynasty can be so solemn, it is enough to show that what they do next will definitely be very difficult and even dangerous.

Otherwise, the emperor of the Shenshui Dynasty would probably be reluctant to give them such generous rewards, just to win people's hearts.

At this moment, the emperor of the Shenshui Dynasty said slowly: "What I want the three of you to do is to represent our Shenshui Dynasty in the competition between the three top powers in the Northern Territory in three months' time. The Ten Thousand Dynasties War organized by the 'Blood Demon Dynasty'."

"War between Ten Thousand Dynasties?"

At this time, hearing the emperor of the Shenshui Dynasty say this, Ye Feng and the three people present couldn't help but have deep surprises in their eyes.

The emperor of the Shenshui Dynasty immediately spoke out: "You should also know that our Shenshui Dynasty is located in the Northern Territory of the Ten Thousand Monsters interface. There are three top powers in the Northern Territory, one of which is called the Blood Demon. Dynasty, and our Shenshui Dynasty is one of the thousands of ordinary dynasties that are vassalized under the Blood Demon Dynasty. Therefore, once every fifteen years, in order to replenish the number of strong men under its command, the Blood Demon Dynasty will draw from them. Among the thousands of ordinary dynasties under his command, the hundred most powerful geniuses are selected and entered into the Blood Demon Dynasty. They are trained intensively and will become the pillars of the Blood Demon Dynasty in the future. If any ordinary dynasty can fight in the Ten Thousand Dynasties, Stand out among them and contribute a top 100 super genius to the Blood Demon Dynasty. Then that dynasty will be able to receive the huge resource tilt rewarded by the Blood Demon Dynasty. This is of great importance to our Shenshui Dynasty. Meaning, so I hope that the three of you can represent our Shenshui Dynasty to participate in this Ten Thousand Dynasties War. Just three months from now, this will also be a huge opportunity for the three of you to enter a stronger and more powerful world. Brilliant stage."

Chapter 4252 Change of plan

At this moment, hearing the emperor of the Shenshui Dynasty say this, the three young top geniuses present showed deep surprise in their eyes.

They never thought that the emperor of Shenshui Dynasty would let the three of them represent the entire Shenshui Dynasty to participate in such an important war of ten thousand dynasties.

You must know that once this kind of war between ten thousand dynasties can stand out, it will be able to shine in the entire northern region of the ten thousand demon interface.

Not only can he join the Blood Demon Dynasty, one of the top three forces in the Northern Territory, but he can also become a key training target of the Blood Demon Dynasty.

In the Northern Territory, which is the vastest in the entire Ten Thousand Monsters interface, it can definitely become famous all over the world.

Because those who can stand out from the Ten Thousand Dynasties War will definitely be the focus of everyone in the entire Northern Territory.

It is a symbol of noble status.

At this time, seeing the excitement in the eyes of the three top geniuses, the emperor of the Shenshui Dynasty couldn't help but remind him: "You can also choose to refuse, because although the Wan Dynasty War represents the ultimate glory, there is definitely There is also a very huge danger. After all, the top geniuses from more than 10,000 dynasties will gather together and fight fiercely. Therefore, it is very difficult to enter the top 100 of the Ten Thousand Dynasties War, and it may happen at any time. It's life-threatening."

Hearing the reminder from the Emperor of Shenshui Dynasty, the three top geniuses present, including Ye Feng, all nodded.

They all know that it is indeed very difficult to stand out among the top talents among more than 10,000 dynasties.

After all, you must know that every dynasty chooses geniuses, and those who join this war of ten thousand dynasties must be the top geniuses, not ordinary geniuses, so they are all elites.

At that time, it will really be a collision between geniuses and elites, and the fight between elites will not be comparable to ordinary battles.

At this moment, the three of them fell into silence.

At this time, the emperor of the Shenshui Dynasty immediately smiled and said: "In any case, you can go back and think about it. Anyway, participating in this war of ten thousand dynasties will take place in three months. You still have time to go." Think and practice to improve your strength."

listen

When the emperor of the Shenshui Dynasty said this, Ye Feng and the other three people all nodded, hugged their fists, and left the palace hall.

When they walked out of the palace hall, they walked on the road outside the palace.

Jun Wuyan, the young owner of Shenjian Villa who had always been somewhat taciturn, suddenly looked at Ye Feng and Long Lietian beside him, and asked aloud: "How do you decide?"

Long Lietian, the number one genius from the Panlong Sect, immediately grinned, a simple and honest smile appeared on his rough face, and said loudly: "I come from the weakest small force anyway, so naturally I want to rebel. God changes my destiny, I will definitely participate in this war of ten thousand dynasties, even if I die in it, it will be a worthy death. "

Hearing what Long Lietian said, Jun Wuyan immediately glanced at this rugged-looking man in surprise, as if he didn't expect that the other party was so determined.

At this moment, Jun Wuyan looked at Ye Feng again and asked, "What decision have you made?"

Jun Wuyan, the young owner of Shenjian Villa, is still very curious about Ye Feng.

Because he never thought that such a genius as Ye Feng would appear in Tianhan Valley.

Even Jin Wushuang, the top member of the Ten Thousand Beast Sect, was unable to withstand Ye Feng's attack and was eventually killed by Ye Feng.

At this time, after Jun Wuyan asked this question, Long Lietian, who was standing aside, also looked at Ye Feng with curious eyes.

Because Ye Feng is really special in everyone's mind.

Ye Feng is the biggest dark horse in this top talent competition.

At this moment, Ye Feng glanced at Jun Wuyan and Long Lietian beside him, smiled slightly, and said loudly: "Of course I will participate. The purpose of my training is to become stronger and stronger. Although the Shenshui Dynasty has For ordinary geniuses, it is vast enough for them to stay and practice here, but for me now, it is slowly dying. I have to enter a more advanced cultivation force to quickly improve my abilities. Strength, become stronger."

Ye Feng said this, causing Jun Wuyan and Long Lietian's eyes to tremble slightly.

At this time, they finally understood why Ye Feng was so powerful.

It turns out that Ye Feng has always retained the mentality of constantly getting stronger and never slacks off, even though he has become the strongest being among the younger generation of Shenshui Dynasty.

Ye Feng is not arrogant and arrogant, nor does he feel self-satisfied. Instead, he needs to enter a higher level and join a larger practice stage so that he can continuously improve his strength.

At this time, Ye Feng said, but a cold color flashed deep in his eyes.

Because Ye Feng came to the Ten Thousand Demons interface this time, in addition to being able to use the advanced cultivation resources in this advanced cultivation interface to improve his cultivation strength.

What's more important is to eradicate the huge scourge of the Blood Demon Dynasty.

So this time I just had the opportunity to participate in the Great War of Ten Thousand Dynasties, so that I could enter the Blood Demon Dynasty. This also found a suitable channel for me to enter the Blood Demon Dynasty.

As long as Ye Feng enters the Blood Demon Dynasty, he will have a chance to solve the Blood Demon Dynasty.

Moreover, Ye Feng has other plans in mind, that is, he does not necessarily want to destroy the Blood Demon Dynasty.

If he could control the power structure of the Blood Demon Dynasty and make the entire Blood Demon Dynasty obey him, then the threat to him from the Blood Demon Dynasty would be gone.

This is also a good idea.

And it is easier to operate than Ye Feng's initial plan to destroy the entire Blood Demon Dynasty.

Because if you want to destroy the entire Blood Demon Dynasty, you have to kill all the powerful people in the entire Blood Demon Dynasty. This is definitely a very large amount of work.

But if Ye Feng can secretly lurk inside the Blood Demon Dynasty, then Ye Feng can find opportunities to control the entire Blood Demon Dynasty, which is equivalent to treating the entire Blood Demon Dynasty as his own puppet, and can contribute many cultivation resources to himself.

Moreover, he can also control the entire Blood Demon Dynasty and conquer the entire Ten Thousand Demons interface, which is definitely of great benefit to him. It is equivalent to his own

I have accepted a super powerful force as my younger brother.

But it is also very difficult to do this.

However, the benefits to Ye Feng are definitely maximized.

Originally, Ye Feng had no chance to enter the Blood Demon Dynasty, so he could only see if he could continuously destroy the power of the entire Blood Demon Dynasty.

But now Ye Feng, in this Shenshui Dynasty, unexpectedly has the opportunity to enter the internal area of the Blood Demon Dynasty, and is even regarded as a key training target by the Blood Demon Dynasty.

So Ye Feng immediately changed his thoughts and plans.

Rather than destroying the entire Blood Demon Dynasty, it is better to see if we can find a way to climb to the highest point of power in the Blood Demon Dynasty step by step.

When the time comes, he can secretly control the entire Blood Demon Dynasty, use this super power to his advantage, conquer the entire interface of Ten Thousand Demons, and plunder resources for his own use. This will definitely be many times more beneficial than directly destroying the Blood Demon Dynasty.

At this moment, Ye Feng thought of this, and his eyes suddenly showed a trace of unconcealable anticipation and excitement.

At this time, Ye Feng looked at the two companions beside him and said loudly: "I will definitely participate in this Wanchao War. There are still three months left. During this period, I will try my best to improve my cultivation. Strength."

Uh-huh!

After saying that, Ye Feng took a leap and flew away from the palace area.

Next, Ye Feng flew quickly in the direction of the inn, wanting to find the fat monk, and hurry up to find the ancient ruins of Taichu Buddhism that the fat monk said.

Because Ye Feng only has three months left now.

In three months, he will participate in the Ten Thousand Dynasties War.

During this period of time, Ye Feng hopes to improve his cultivation strength as much as possible.

Otherwise, there will definitely be huge dangers in the Ten Thousand Dynasties War.

Only by rapidly improving your own strength can you stand out in the war of thousands of dynasties, enter the top 100, successfully realize your plan, penetrate into the Blood Demon Dynasty, and seek the highest power of the entire Blood Demon Dynasty!

Chapter 4253 Breaking through the bottleneck

When Ye Feng returned to the inn, he was shocked to find that the fat monk was still sleeping in the room.

This fat monk's magical sleeping skills are truly well-deserved.

At this time, Ye Feng could see that the fat monk's body was still surrounded by some black Buddhist and Taoist symbols.

Let the fat monk's cultivation breath continue to rise.

Ye Feng is really envious. This special cultivation method that can continuously become stronger while sleeping can definitely bear the title of "magic skill".

At this time, Ye Feng stepped forward, woke up the fat monk directly, and said loudly: "Don't sleep, hurry up, let's go quickly to find the ancient ruins of Taichu Buddhism."

After the fat monk was woken up by Ye Feng, he rubbed his eyes in confusion, and then couldn't help but said: "Ye Feng, have you finished participating in the top genius competition so soon?"

Ye Feng nodded and said: "Everything is ready, just waiting to find the ancient ruins of Taichu Buddhism that you mentioned. You must not cheat me, this ancient ruins of Taichu Buddhism." There must be a great opportunity to transform my current cultivation strength. Otherwise, I will participate in the Great War of Ten Thousand Dynasties in three months and may fall into it. "

Hearing what Ye Feng said, the fat monk immediately showed a look of surprise in his eyes, and couldn't help but asked: "Why do you want to participate in the Wanchao War all of a sudden? The Wanchao War is not a fight for children. It is noisy, but a very terrifying Shura killing field. They are all the top geniuses in the major dynasties. Entering it and fighting each other is very terrifying. They may encounter huge dangers and fall at any time. Ye Feng, are you sure? Are you going to participate in the Wan Chao War?"

Hearing what the fat monk said, Ye Feng's eyes showed a look of surprise, and he couldn't help but asked: "Fat monk, you actually know about the Wan Chao War?" .??.

The fat monk smiled and said, "I'm here in Wan

Having been around the demon interface for so many years, of course I know about the Great War of Ten Thousand Dynasties, and I once strayed into a small world of Great War of Ten Thousand Dynasties, and I know that it is very dangerous. The Great War of Ten Thousand Dynasties is a major dynasty that sends the top geniuses to enter In a small world designated by the Blood Demon Dynasty, brutal fighting took place. The War of Ten Thousand Dynasties was very dangerous and bloody. "

Hearing what the fat monk said, Ye Feng just nodded slightly and said: "If I want to enter a higher-level and more powerful spiritual force, I naturally have to participate in the Great War of Ten Thousand Dynasties. Otherwise, there is no way for me to enter. Among the three top forces in the Northern Territory is the Blood Demon Dynasty."

Hearing what Ye Feng said, the fat monk nodded slightly and said, "That's true. This is indeed the best way and opportunity for you ordinary geniuses to enter the high-level cultivation forces."

After the fat monk finished speaking, he immediately grinned and said: "Don't worry, in the ancient ruins of Taichu Buddhism I mentioned, as long as we are lucky, we will definitely be able to find extremely rich cultivation resources. Let your boy's cultivation strength and life essence be transformed."

Ye Feng nodded, and then seemed to have thought of something, and said: "Wait a minute, the emperor of the Shenshui Dynasty gave me the first prize in the Top Genius Competition, which is a dragon ball from the Thunder Dragon. I want it. Refining it first."

At this moment, after Ye Feng finished speaking, he sat down cross-legged in the room, and then took out the dragon ball that the emperor of the Shenshui Dynasty had given to Ye Feng.

This dragon ball of the Thunder Dragon exudes the power of the powerful dragon source, and also has the destructive light of thunder.

At this moment, Ye Feng didn't hesitate at all, just looking at the fat monk's astonishment

With his incomparable gaze, he swallowed the dragon ball of the thunder dragon.

Seeing Ye Feng's rough scene, the fat monk immediately couldn't help but give a thumbs up in admiration and said loudly: "If I, fat monk, swallowed this dragon ball, my internal organs would definitely be destroyed." The power of thunder in the Dragon Ball was destroyed instantly."

Hearing what the fat monk said, Ye Feng did not respond, but quickly digested the powerful energy in this dragon ball.

"Rumble..."

At this time, Ye Feng swallowed the Dragon Ball of the Thunder Dragon, and he could immediately feel that the huge dragon power and thunder energy contained in the Dragon Ball were flowing towards his entire body and limbs. Surging.

Like a vast ocean, it exploded in his body.

Ye Feng immediately felt that his skill was increasing at an incredible speed.

Boom!

At the next moment, Ye Feng's body suddenly burst out with an extremely powerful aura of cultivation.

Ye Feng's bottleneck was completely broken!

Directly from the previous tenth level of Yuanfu Realm, he successfully stepped into the Half-step Hedan Realm above Yuanfu Realm!

But at this time, the energy in the thunder dragon's dragon ball has been almost consumed by Ye Feng and has been completely absorbed.

After all, the emperor of the Shenshui Dynasty did not expect that Ye Feng would not completely break through the bottleneck and enter the true Hedan realm.

It just helped Ye Feng break through to the half-step Hedan realm.

Ye Feng couldn't help but smile helplessly at this time.

It seems that as my cultivation level continues to become higher, the energy required for each breakthrough becomes larger and larger.

.

My body is becoming more and more like a bottomless pit!

It requires a constant accumulation of huge energy to allow you to continue to make breakthroughs.

However, at this time, with the help of the Thunder Dragon Pearl given to him by the emperor of the Shenshui Dynasty, he successfully transformed from the Yuanfu realm to the Half-step Hedan realm.

This already makes Ye Feng very happy!

Because even a half-realm breakthrough would be of great help to Ye Feng, and it would enhance Ye Feng's combat power unparalleledly.

At this time, Ye Feng looked at the fat monk in front of him, smiled and said: "Let's go directly to find the ancient ruins of Taichu Buddhism."

The fat monk nodded and couldn't help but murmured, "You kid is really a monster. You directly swallowed the dragon ball of this thunder dragon. Not only did nothing happen, but you also achieved a breakthrough in your cultivation, and you only... Breaking through half the realm, that is the dragon ball of a thunder dragon. How deep is your martial arts background? "

The fat monk couldn't help but sigh a little at this time.

And just when Ye Feng and Fat Monk opened the door to the room.

Su Jixue's beautiful figure appeared outside.

Su Jixue immediately stared at Ye Feng and couldn't help but ask: "Junior Brother Ye Feng, are you leaving the Imperial City directly? I am also planning to visit you in the Imperial City for a chat. Or participate in another auction."

For some reason, Su Jixue was always a little uneasy, feeling that Ye Feng's departure this time was a complete departure and would never be seen again.

So Su Jixue has been waiting in the inn since Ye Feng was called by the emperor of Shenshui Dynasty, hoping to meet Ye Feng again and say a few words in person.

Chapter 4254 Found it

At this time, Su Jixue couldn't help but said: "Junior brother Ye Feng, after you leave this time, will you never come back?"

Hearing what Su Jixue said, Ye Feng's eyes suddenly showed a look of astonishment, and then he said: "Of course not, next I just want to find a very mysterious person with my friend, the fat monk." After I find this place, I will definitely return to Tianhan Valley, because I will be participating in the Ten Thousand Dynasties War in three months."

"What? The Great War between Ten Thousand Dynasties?"

Hearing what Ye Feng said, Su Jixue's beautiful and cold face immediately showed a look of deep shock.

She couldn't help but said loudly: "Junior Brother Ye Feng, the Wan Chao War is very terrifying and contains huge dangers. Junior Brother Ye Feng, do you really want to take the risk?"

Ye Feng nodded and said very solemnly: "This is the opportunity given to us by the emperor of the Shenshui Dynasty. I must seize it. If I can stand out in the war of ten thousand dynasties, I can enter the north of our ten thousand monster interface." With the Blood Demon Dynasty, one of the three top superpowers in the domain, my status will be greatly improved by then, and the training resources I have access to will become more and more advanced, able to support my rapid and continuous improvement. "

Hearing what Ye Feng said, Su Jixue showed a look of disappointment in her eyes, and couldn't help but said, "Is cultivation the only thing in Junior Brother Ye Feng's world?"

When Ye Feng heard Su Jixue ask this question, he immediately looked at the other party in surprise and said, "That's not true, but at the moment, I think the main thing is to improve personal cultivation."

After Ye Feng finished speaking, he looked at the fat monk beside him and said loudly: "Let's go directly, Senior Sister Su, don't worry, I will definitely go back to Tianhan Valley."

After saying that, Ye Feng walked directly with the fat monk towards the outside of the inn, and disappeared at the end of the streets of the Imperial City in a blink of an eye.

At this moment, looking at Ye Feng's retreating back, Su Jixue's eyes showed a trace of disappointment.

She was very panicked, even though Ye Feng said that after searching for this mysterious place, he would return to Tianhan Valley.

But for some reason, Su Jixue always felt that if Ye Feng left this time, he might never come back, and there would be no way for them to meet again.

Thinking of this, Su Jixue couldn't help but quickly chased after him.

But when she chased Ye Feng to the place where he disappeared, she found that Ye Feng and the fat monk had completely left the imperial city of Shenshui Dynasty and disappeared into the endless wilderness outside.

Seeing this scene, Su Jixue could only sigh and shake her head, and returned to the imperial city.

At this time, after Ye Feng followed the fat monk and left the imperial city, he completely entered the endless wilderness.

At this time, Ye Feng asked: "Do you know where the ancient ruins of Taichu Buddhism are?"

The fat monk immediately nodded confidently and said: "Of course I know. If I hadn't been inadvertently imprisoned in the palace prison of the Shenshui Dynasty, I might have arrived at the ancient ruins of Taichu Buddhism."

After finishing speaking, the fat monk took out a golden compass directly from his storage ring.

There is a pointer on this compass.

The fat monk pointed a finger on the compass.

Uh-huh!

The pointer immediately pointed in a certain direction.

The fat monk's eyes suddenly lit up and he said loudly: "We can just follow the direction pointed by the compass."

Hearing what the fat monk said, Ye Feng immediately nodded and said: "Okay, let's set off directly. This time my time is limited, only three months. After three months, I have to rush Return to Shenshui Dynasty and participate in the Great War of Ten Thousand Dynasties."

Hearing what Ye Feng said, the fat monk immediately smiled and said: "Don't worry, there is definitely enough time. The ancient ruins of Taichu Buddhism are not too far from the imperial city of Shenshui Dynasty, so I passed by the royal family of this Shenshui Dynasty before."

At this time, the fat monk said that the two of them had followed the guidance of the pointer on his compass and flew quickly in a certain direction.

The two of them ran quickly in the endless wilderness, and soon passed through a large stretch of endless forest and arrived at the other side of the wild jungle.

There is red earth everywhere, and the earth is scorched. There are three suns high in the sky, baking the entire earth, giving people a very hot feeling.

At this moment, Ye Feng and Fat Monk came here and immediately couldn't help but asked in surprise: "Fat Monk, are you sure that the place where Taichu Buddhism was originally established will be in such a barren land?"

The fat monk looked at the compass in his hand at this moment, with a trace of surprise in his eyes. He couldn't help but said: "It should be here. The compass in my hand is the founder of Taichu Buddhism back then. It is absolutely impossible to point out the wrong location of what the ancient Buddha left. It seems that the degradation and destruction of Buddhism in Taichu at that time was not without reason. It was most likely that it was attacked by some very terrifying force, so the

entire Taichu was destroyed. The area where Buddhism is located has become as desolate and desolate as it is now.”

When Ye Feng heard what the fat monk said, he nodded slightly and said: "Anyway, let's go over and investigate. We have been on the road for half a month, and you said this is far away from the imperial city of Shenshui Dynasty. It's not far, it takes a month to go back and forth.”

Hearing what Ye Feng said, the fat monk immediately grinned and couldn't help but said with some embarrassment: "I didn't expect it to be so far away. I thought it was not that far away from the imperial city of Shenshui Dynasty. I didn't expect it to be so far away." We are almost reaching the frontier of the Black Demon Dynasty.”

This is a huge red desert that looks deserted.

At this time, the fat monk immediately threw the compass in his hand high into the sky.

Uh-huh!

The next moment, I saw the compass in his hand flying rapidly in a certain direction, as if guided by some inexplicable force.

The fat monk immediately said: "Ye Feng, let's catch up quickly."

Ye Feng nodded immediately, and then followed the fat monk in the direction of the compass that was flying quickly into the distance.

Soon, they chased the compass and finally reached their destination.

This is already the end area of this desert.

A huge mountain with a majestic height of tens of thousands of meters actually appeared here.

On this majestic mountain, there are four ancient characters "Taichu Buddhism" written on it.

When the fat monk saw this scene, he immediately said excitedly: "Sure enough, it's here, we found it!" At this time, Su Jixue couldn't help but said: "Junior brother Ye Feng, after you leave this time, Will you never come back?"

Hearing what Su Jixue said, Ye Feng's eyes suddenly showed a look of astonishment, and then he said: "Of course not. Next, I just want to find a very mysterious person with my friend, the fat monk." After I find this place, I will definitely return to Tianhan Valley, because I will be participating in the Ten Thousand Dynasties War in three months."

"

Hearing what Ye Feng said, Su Jixue showed a look of disappointment in her eyes, and couldn't help but said, "Is cultivation the only thing in Junior Brother Ye Feng's world?"

When Ye Feng heard Su Jixue ask this question, he immediately looked at the other party in surprise and said, "That's not true, but at the moment, I think the main thing is to improve personal cultivation."

After Ye Feng finished speaking, he looked at the fat monk beside him and said loudly: "Let's go directly, Senior Sister Su, don't worry, I will definitely go back to Tianhan Valley."

After saying that, Ye Feng walked directly with the fat monk towards the outside of the inn, and disappeared at the end of the streets of the Imperial City in a blink of an eye.

At this moment, looking at Ye Feng's retreating back, Su Jixue's eyes showed a trace of disappointment.

The fat monk's eyes suddenly lit up and he said loudly: "We can just follow the direction pointed by the compass."

Hearing what the fat monk said, Ye Feng immediately nodded and said: "Okay, let's set off directly. This time my time is limited, only three months. After three months, I have to rush Return to Shenshui Dynasty and participate in the Great War of Ten Thousand Dynasties."

Hearing what Ye Feng said, the fat monk immediately smiled and said: "Don't worry, there is definitely enough time. The ancient ruins of Taichu Buddhism are not too far from the imperial city of Shenshui Dynasty, so I passed by the royal family of this Shenshui Dynasty before."

At this time, the fat monk said that the two of them had followed the guidance of the pointer on his compass and flew quickly in a certain direction.

The two of them ran quickly in the endless wilderness, and soon passed through a large stretch of endless forest and arrived at the other side of the wild jungle.

There is red earth everywhere, and the earth is scorched. There are three suns high in the sky, baking the entire earth, giving people a very hot feeling.

At this moment, Ye Feng and Fat Monk came here and immediately couldn't help but asked in surprise: "Fat Monk, are you sure that the place where Taichu Buddhism was originally established will be in such a barren land?"

The fat monk looked at the compass in his hand at this moment, with a trace of surprise in his eyes. He couldn't help but said: "It should be here. The compass in my hand is the founder of Taichu Buddhism back then. It is absolutely impossible to point out the wrong location of what the ancient Buddha left. It seems that the degradation and destruction of Buddhism in Taichu at that time was not without reason. It was most likely that it was attacked by some very terrifying force, so the entire Taichu was destroyed. The area where Buddhism is located has become as desolate and desolate as it is now."

When Ye Feng heard what the fat monk said, he nodded slightly and said: "Anyway, let's go over and investigate. We have been on the road for half a month. You also said that this place is far away from the imperial city of Shenshui Dynasty. It's not far, it takes a month to go back and forth."

Hearing what Ye Feng said, the fat monk immediately grinned and couldn't help but said awkwardly: "I didn't expect it to be so far away. I thought it wasn't that far away from the imperial city of Shenshui Dynasty. I didn't expect it to be this far away." We are almost reaching the frontier of the Black Demon Dynasty."

This is a huge red desert that looks deserted.

At this time, the fat monk immediately threw the compass in his hand high into the sky.

Uh-huh!

The next moment, I saw the compass in his hand flying rapidly in a certain direction, as if guided by some inexplicable force.

The fat monk immediately said: "Ye Feng, let's catch up quickly."

Ye Feng nodded immediately, and then followed the fat monk in the direction of the compass that was flying quickly into the distance.

Soon, they chased the compass and finally reached their destination.

This is already the end area of this desert.

A huge mountain with a height of tens of thousands of meters actually appeared here.

On this majestic mountain, there are four ancient characters written "Taichu Buddhism".

When the fat monk saw this scene, he immediately said excitedly: "Sure enough, this is it, we found it!"

Chapter 4255 Buddha Sculpture

At this time, Ye Feng also showed a look of expectation in his eyes, and quickly followed the fat monk and flew towards the mountain quickly.

When they flew in front of this mountain, the four ancient characters "Taichu Buddhism" written on the surface of the mountain suddenly emitted bright golden light.

This golden light is the ancient Buddha's light, which has a deep power to purify all evil.

At this moment, the golden Buddha light immediately shrouded Ye Feng and the fat monk who had walked to the mountain.

At this moment, the fat monk couldn't help but exclaimed: "Get back quickly! Don't be scanned by this ancient Buddha's light, otherwise, we will all be driven out of this space in an instant."

When Ye Feng heard the fat monk say this, he immediately nodded.

Although Ye Feng didn't know whether what the fat monk said was true or false, he was cautious now.

Buzz!

So at this moment, Ye Feng immediately used his power of the void, grabbed the fat monk's shoulders, and let himself and the fat monk lurk in the depths of the void.

Those Buddha lights scanned the place where Ye Feng and the fat monk were standing just now, and could not scan the two people at all, because they were already deep in the void.

At this moment, the fat monk looked at the void beside him, and his eyes suddenly showed surprise. He couldn't help but stare at Ye Feng, and said loudly: "Ye Feng, you kid is so good, you actually master this kind of power." The magical void technique allows us to hide in the deepest void without suffering any harm from the outside space. "

Ye Feng just smiled faintly at this time and said loudly: "I have many other methods that you can't think of."

After saying that, Ye Feng and the fat monk jumped out of the void, and then entered the mountains after avoiding the rays of Buddha's light.

Inside this huge mountain, there is an ancient passage.

This ancient passage should lead to the place where Taichu Buddhism was originally established.

This is the place where the ancient ruins of Taichu Buddhism are now.

When Ye Feng and the fat monk successfully passed through the passage inside the mountain, their vision suddenly became clear.

A vast and boundless prairie appeared outside.

On this prairie, build

Many ancient Buddhist buildings were erected.

There are many temples and pagodas standing on the ground, which seem to tell the glory of Buddhism in the early days of that era.

But now, Taichu Buddhism has been completely annihilated.

Many temples and pagodas have collapsed and broken, and the whole world is filled with a sense of desolation.

At this time, the fat monk immediately said excitedly: "Let's start looking directly from the entrance."

Ye Feng nodded, and the two of them immediately flew towards the nearest pagoda.

But halfway, they saw a lot of corpses.

These corpses include those of monsters and humans. They are all decayed. It seems that many years have passed.

Seeing this scene, Ye Feng couldn't help but ask: "Are these decaying corpses the corpses of monks from the original Buddhist sect?"

The fat monk glanced at the ancient corpses on the ground, and couldn't help but said in surprise: "Those human corpses should be the corpses of those Buddhist practitioners in the original Buddhist sect, but there are also corpses of demons, and some The body of the demon clan looks very strange. It is covered with scales and its eyeballs are all black. This should be the dark demon clan. The dark demon clan was the common enemy of all races in the entire ten thousand demon interface and was the most terrifying demon clan. , has dark attributes, and is even more ferocious than the demons. "

Hearing what the fat monk said, Ye Feng's eyes suddenly moved and he couldn't help but say: "Is the destruction of Buddhism in the beginning of time related to the most terrifying dark demon clan among the ten thousand demons?"

The fat monk immediately nodded and said loudly: "It is very possible. Otherwise, how could the corpse of such an evil dark demon clan appear in the holy place of Taichu Buddhism? It is estimated that the dark demon clan invaded the entire Taichu Buddhism. , and there must be a super powerful person among the dark demon clan, otherwise, a transcendent existence of the level of the Ancient Buddha would not have fallen."

When he said this, the fat monk immediately grinned and said loudly: "What does this have to do with us? As long as we can stay in this Taichu Buddhist Residence

Just find good things among the ruins and ruins that come down. "

"really."

Ye Feng nodded.

At this moment, the two ignored the ancient corpses and flew quickly towards the nearest pagoda.

This pagoda is very tall, but now it has collapsed and looks dilapidated.

At this time, Ye Feng and Fat Monk walked in without any hesitation.

The moment they walked into the pagoda, they immediately saw that the space inside the pagoda was very large, about three or four times larger than what they saw from the outside.

Seeing this scene, Ye Feng's eyes suddenly moved and he said loudly: "In this pagoda, there is a formation with space attributes, which expands the space inside the pagoda several times."

The fat monk nodded and said with a sigh: "The Taichu Buddhism was one of the most glorious Buddhist holy places in the entire world of monsters. Therefore, the various construction technologies in the Taichu Buddhism were very high, and all kinds of The method of cultivation is also very brilliant. A small pagoda is blessed with the power of the formation that can expand the space. It is really a luxury. It is worthy of being one of the most prosperous Buddhist sects in the world of monsters at the time. Specifically speaking, Taichu Ancient Buddha, the founder of Taichu Buddhism, was on the verge of breaking through to the level of the most powerful person in the world of demons, but in the end it seemed that he was targeted by the dark demon clan and was destroyed. "

Hearing what the fat monk said, Ye Feng nodded and didn't say anything more. Instead, he exuded his soul power and began to explore whether there was any special chance inside this ancient pagoda.

"Um?"

Almost at the moment when Ye Feng released his soul power, Ye Feng immediately sensed a very violent energy fluctuation in a certain direction inside the pagoda.

Uh-huh!

Ye Feng immediately flew quickly in that direction.

When the fat monk saw this scene, he quickly followed him. He knew that Ye Feng's perception was very strong, and he might sense something particularly precious at once.

Soon, Ye Feng came to the central area of the pagoda, and immediately saw a Buddha statue whose entire body was gilded.

Standing in the center of this pagoda.

This golden Buddha statue looks very precious and solemn.

Even after endless years, it still exudes a faint golden light, giving people a very sacred feeling.

The violent energy fluctuations that Ye Feng sensed were emanating from this Buddha statue.

Ye Feng couldn't help but look at the fat monk beside him, and said aloud: "I sensed a rather violent energy fluctuation from this ancient Buddha statue. Is there anything special about this ancient Buddha statue?" The source of energy?"

When the fat monk heard what Ye Feng said, he thought for a moment, then couldn't help but show a hint of excitement in his eyes, and said loudly: "We must have encountered the most special Buddha statue among the Buddhists in the early days. "

Ye Feng couldn't help but have a look of surprise in his eyes, and asked aloud: "What is the most special Buddha statue?"

The fat monk said slowly: "In order to unify Buddhism and Taoism in the entire interface of ten thousand demons, Taichu Buddhism also caused a lot of killings and killed many ancient Buddhist strongmen from other forces. In order to suppress these ancient Buddhists, Taichu Buddhism Due to the resentment of the strong Buddhists, the corpses of other ancient Buddhist strongmen who disobeyed the orders of Taichu Buddhism were fused together with very special materials, and dozens of Buddha statues were cast and placed in the territory of Taichu Buddhism. Among them, used to suppress their resentment, Ye Feng, the energy fluctuation you sensed should mean that the Buddha statue in front of us at this moment is that kind of special Buddha statue, which contains an ancient Buddha. The corpse of a powerful Taoist."

When Ye Feng heard what the fat monk said, his eyes suddenly lit up and he said loudly: "The corpses of these ancient Buddhist masters were integrated into these ancient Buddha statues and isolated from the passage of time from the outside world, so these The bodies of ancient Buddhist masters must still contain ancient Buddhist energy, which is different from the rotten corpses outside. Otherwise, I would not be able to sense very violent energy fluctuations from them. These Buddhist energies , maybe it can greatly improve my skills."

At this moment, after Ye Feng finished speaking, without any hesitation, he flew directly in front of the ancient Buddha statue, and then punched it out, hoping to get the essence that had been incorporated into the ancient Buddha statue. The body of a strong Buddhist man.

Chapter 4256 Dark Mouse

Boom!

Ye Feng's fist has the power of the Celestial Clan, is very strong, and has a very terrifying impact.

Almost as soon as Ye Feng punched out, the Buddhist and Taoist sculpture was instantly shattered into pieces.

Then among the countless fragments, the corpse of an ancient Buddhist powerhouse fell from the Buddha statue and hit the ground.

What surprised Ye Feng was that this powerful Buddhist man still maintained the fresh look he had before his death.

It looked like it had just fallen.

At this moment, Ye Feng did not hesitate, and directly released his huge swallowing ability, and began to devour the Buddhist power left in the body of this powerful Buddhist man.

It has to be said that this powerful man of Buddhism is worthy of being the one who even Taichu Buddhism had a special Buddha statue cast for him.

Even if it has been dead for many years, the Buddhist energy it provides is very powerful and advanced.

After letting Ye Feng absorb it, he immediately felt that his skill had completely increased.

This is a very ancient and majestic Buddhist energy, which instantly transformed Ye Feng's skills.

Directly from the half-step Hedan realm, he broke through the bottleneck and stepped into the real first level of Hedan realm!

This made Ye Feng's eyes suddenly show a look of joy.

At this moment, when the fat monk standing next to him saw this scene, he couldn't help but said in amazement: "Ye Feng, you are really a genius. You can actually use the power of such a powerful person from the ancient times. The Buddhist energy contained in the corpse can enhance your own power. This ability to directly devour it is really unbelievable. If you were given enough energy, wouldn't you be able to go directly to heaven?"

Hearing what the fat monk said, Ye Feng immediately couldn't help grinning and said loudly: "Fat monk, your sleeping skills are also incredible. As long as you sleep deeply every day, you can continuously improve your cultivation." For strength."

The fat monk immediately couldn't help but shook his head and said loudly: "That is far inferior to your tyranny of devouring ability. Although I can practice while sleeping, the speed of practice is very slow. It takes a long time to sleep to achieve a breakthrough." Realm, but your kid absorbed so much energy in an instant and transformed his skills and cultivation. It is really disappointing.

I'm amazed, monk, I've seen a lot of things in the world, but this is the first time I've seen your boy's domineering and even somewhat evil devouring ability, monk. Moreover, the most amazing thing is not just you. This kind of devouring ability, as well as your body, can actually allow you to absorb energy of various different attributes without being messed up. It is really magical! "

At this moment, the fat monk said that he really felt that Ye Feng's various abilities and talents were astonishing and magical.

At this time, Ye Feng just smiled faintly and said: "These are all innate to me. Others want to learn from me, but they still can't."

Hearing what Ye Feng said, the fat monk immediately showed a trace of sadness on his face.

Obviously, the reason why the fat monk praised Ye Feng to the sky was because he also wanted to follow Ye Feng and learn Ye Feng's special domineering ability.

But all of this is Ye Feng's talent, so when the fat monk heard it, he naturally showed a trace of disappointment.

But the next moment, the fat monk seemed to have thought of something. He immediately picked up all the materials on the ground and said loudly: "These fragments of Buddha statues are also good things. They are all from that ancient era. The top-quality materials in Taichu Buddhism

cannot be wasted like this. If I collect enough of these materials, I might be able to reshape a Buddhist golden body for myself."

At this moment, Ye Feng smiled and said: "Let's go explore the next location."

At this time, Ye Feng spoke with great expectations, because Ye Feng had received huge benefits and became more and more interested in this relic of Taichu Buddhism.

Uh-huh!

But just when the two were about to leave here, suddenly a ferocious figure exuding an evil aura rushed out from the darkness of the collapsed Buddhist ruins, and rushed towards the fat monk and Ye Feng.

This figure exuding an evil aura looked very ferocious.

It turned out to be a dark demon!

It looks like a mouse.

But it is as big as one person.

This one-person-sized rat has black scales all over its body and exudes an evil aura. Moreover, the rat's teeth are several meters long, as if they are made of steel, and can bite everything to pieces in an instant. .

Uh-huh!

Ye Feng didn't hesitate at this moment. His perception was super strong, and he sensed the rushing dark demon clan in an instant.

Ye Feng immediately waved his fist fiercely.

You must know that Ye Feng's fist is the fist of the God Group, so at this moment, Ye Feng burst out with bright golden light in his fist.

Ye Feng's fist turned directly into gold, and instantly knocked the charging mouse away.

Click! Click!

The rat's teeth were shattered into pieces by Ye Feng's golden fist.

When the fat monk saw this scene, he immediately couldn't help but said: "This is the dark rat clan among the dark demon clan."

Ye Feng nodded slightly and said aloud: "But it doesn't seem to be very powerful. It should be a weak dark demon clan that managed to survive."

When the fat monk heard what Ye Feng said, he immediately couldn't help but glance at Ye Feng and said loudly: "It's not that this dark demon clan is weak, but that you are already very powerful. You have to know that your current cultivation Because, combined with your extremely strong Celestial Clan fist, it is enough to kill existences that are several realms higher than you."

Hearing what the fat monk said, Ye Feng just smiled lightly, said nothing more, and walked quickly towards the dark mouse that was blown away by him.

At this moment, the mouse from the dark demon clan was knocked dizzy by Ye Feng's terrifying golden fist. He fell to the ground and could not get up for a while.

I have to say that Ye Feng's golden fist is still very powerful.

At this time, Ye Feng stepped forward and immediately asked: "Can you speak human language?"

The dark mouse shook his head, and then made a very sharp and hoarse voice: "How can a human boy like you have such a strong fist? What is your special physique?"

Hearing this dark mouse speak, the fat monk immediately became happy. He stepped forward and asked questioningly: "Did the destruction of Buddhism in the early days have something to do with your dark demon clan?"

When Dark Mouse was asked this question by the fat monk, a cruel smile suddenly appeared in his eyes, and he said loudly: "Yes, Taichu Buddhism was wiped out by our dark monster clan back then. The founder of Taichu Buddhism is only to blame. The ancient Buddha at the beginning was really too greedy. In order to live forever and enter a higher level of practice, he actually let his ancient Buddha soul enter the dark dimension where our dark demon race lives, and wanted to absorb the entire dark dimension. The eternal dark energy to maintain his immortality, we dark demon clan will naturally not let him go. "

"What?"

Hearing what the dark mouse said, the fat monk suddenly showed a look of astonishment in his eyes, and couldn't help but say: "A saintly existence like the ancient Buddha in the early days would actually draw dark energy from the dark dimension to maintain himself. Eternal life? This is impossible!"

The dark mouse in front of him immediately smiled coldly and said: "Nothing is impossible in this world. In any case, Taichu Buddhism has been completely destroyed. You, the descendants of Taichu Buddhism, will never be able to revive again." Taichu Buddhism, because the Taichu Ancient Buddha of Taichu Buddhism has been destroyed by our dark demon tribe back then. The only hope of the Taichu Ancient Buddha, the ancient Buddha relic, is a dark giant of our dark demon tribe, suppressed in this You are the deepest confidant of Taichu Buddhism, and you can't even think of resurrecting the ancient Buddha of Taichu!"

Obviously, this dark mouse among the dark monster clan regards Ye Feng and the fat monk as the descendants of Taichu Buddhism, and came here to revive the ancient Buddha of Taichu.

But at this time, Ye Feng grasped the key point. He immediately stared at the dark mouse in front of him and couldn't help but said: "The ancient Buddha relic of the ancient Buddha you mentioned was suppressed. In the deepest place of Taichu Buddhism, where exactly is it?"

The Dark Mouse immediately shouted: "I can't possibly tell you. I'll just let you bear the pain of the destruction of Buddhism in the beginning and suffer forever!"

Boom!

Almost at the moment when the dark mouse finished speaking, it actually self-destructed its inner elixir, completely exploding into countless pieces!

Chapter 4257 True Biography of Buddha

I have to say that this dark mouse is worthy of being a dark demon clan, and he is still very cruel to himself.

Because he directly blew up his inner elixir, blowing himself into countless pieces.

Because he didn't want Ye Feng and the fat monk to know the specific location where the ancient Buddha relics of the Taichu Buddha were suppressed.

But at this time, Ye Feng and Fat Monk still had deep expectations in their eyes. .??.

Because they have learned from the mouth of this dark mouse that there are still good things in the ruins of ancient Buddhism.

That is the relic of the ancient Buddha left by the ancient Buddha in the early days.

As for the true body of the ancient Buddha in the early days, the fat monk said it before, but the possibility of finding it is really very small.

The fat monk only said such words to attract Ye Feng to save him.

But now, according to what this dark mouse said, the core thing of the ancient Buddha in the early days, the relics of the ancient Buddha, really still exists somewhere in this ancient ruins and is being suppressed.

At this moment, Ye Feng immediately looked at the fat monk beside him, and couldn't help but said: "Fat monk, this time we are prosperous. If we can find the ancient Buddha relic of the ancient Buddha in the beginning, the two of us will be greatly improved."

When the fat monk heard this, he immediately said with great expectation: "Indeed, you need the energy of the ancient Buddha in the relics of the ancient Buddha to improve your skills, and I need

the inheritance of the ancient Buddha from the beginning contained in the relics of the ancient Buddha. Mysterious, this has a huge effect on both of us.”

At this moment, the fat monk said, and immediately continued very excitedly: "Ye Feng, we must find that ancient Buddha relic! Although this dark mouse exposed himself, he still allowed us to get this important information after all. ”

Ye Feng nodded at this moment, and then released the Devouring Domain, swallowing up the dark rat that exploded into countless pieces.

However, this dark mouse's cultivation level is not very powerful. It only slightly increases Ye Feng's skills, but does not make Ye Feng's cultivation level much better.

Such a big improvement, but it's better than nothing.

At this time, Ye Feng said: "Let's go look for the good things in other buildings of this ancient ruins first. At the end of the search, maybe we can find the place where the ancient Buddha relics were suppressed."

At this moment, Ye Feng said that he and the fat monk left the collapsed pagoda and walked outside.

When they came outside, Ye Feng continued to exude his soul power and continued to look for other energy fluctuations around him.

Soon, Ye Feng locked on one of the energy waves and flew quickly in that direction.

The fat monk also quickly followed.

On the way to the energy fluctuation point, the fat monk immediately said in amazement: "Ye Feng, your perception is really amazing. You can sense various energy fluctuations from a long distance. With your ability , it's really like a divine help to find hidden treasures in various ancient ruins.”

Hearing what the fat monk said, Ye Feng immediately grinned and said, "No way, I'm born with it."

Hearing Ye Feng say that it was an innate ability, the fat monk immediately couldn't help but sigh and shook his head, and said loudly: "How come you are born with such an incredible ability? Otherwise, I will tell you It's also good to learn both ways."

And just when the fat monk was complaining, Ye Feng led the fat monk to the place where he sensed the energy fluctuation.

This is a huge temple that looks very ancient. The surface is also decorated with various ancient Buddhist and Taoist patterns, giving people a sacred but lonely feeling.

At this time, Ye Feng and the fat monk walked directly into the ancient temple in front of them.

This ancient temple is larger than the collapsed pagoda they entered just now.

There are many, and they should be a little higher than the level of that pagoda.

The moment they entered the temple in front of them, they immediately saw three ancient Buddhist and Taoist sculptures appearing in the temple.

However, Ye Feng did not sense any energy fluctuations from these three ancient Buddha sculptures.

In other words, these three ancient Buddha sculptures are different from the sculptures in the previous pagoda.

These three are just ordinary sculptures and have not been integrated into the body of the ancient Buddhist powerhouse.

But at this time, the fat monk seemed to have seen something good. His eyes immediately lit up, and he walked up to the sculpture and put all the Buddhist utensils in front of the sculpture, such as Buddhist niches, etc., into his storage. Inside the ring.

The fat monk looked like he was obsessed with money, he chuckled and said: "Although these are not very powerful magic weapons, these Buddhist instruments were all made by the Buddhist sect in the early days, and the materials used must be very high-quality. Advanced, collect more of these things, they will work wonders when you encounter some evil beings in some ancient tombs."

Hearing what the fat monk said, Ye Feng's eyes suddenly froze. He didn't expect that the fat monk collected these things in order to deal with some evil creatures produced in ancient tombs when he robbed tombs in the future.

Ye Feng couldn't help but shook his head and didn't say anything more. Instead, he continued to exude his huge soul power and carefully sensed other good things in this temple.

Soon, Ye Feng discovered that a huge Buddha was engraved on a huge wall of this temple.

Although this Buddha is carved on the wall, it feels vivid, just like a real Buddha sealed on the wall.

At this moment, Ye Feng stood in front of this wall. The Buddha pattern on the entire wall actually emitted a faint Buddha light, covering Ye Feng's whole person.

.

When the fat monk saw this scene, he couldn't help but exclaimed: "Ye Feng, be careful, any Buddhist light in this Taichu Buddhism may be harmful."

Ye Feng immediately shook his head at this moment and said: "It's okay. I feel that these Buddha lights have no intention of attacking me. I just feel these Buddha lights and bring me a warm feeling."

As Ye Feng spoke at this moment, he opened his heart and carefully sensed the Buddha's light that made him feel warm.

At this moment, Ye Feng immediately sensed that these faint golden Buddha lights actually entered his mind, and an ancient phantom of Buddha condensed in his mind.

And the moment the golden Buddha image in Ye Feng's mind was successfully condensed, the Buddha pattern on the entire wall had completely disappeared.

The entire wall became an ordinary wall again.

Ye Feng immediately looked at the fat monk beside him, and couldn't help but said in surprise: "Why do I feel that this Buddha has entered my mind?"

When the fat monk heard what Ye Feng said, he immediately showed a hint of shock in his eyes and said loudly: "Did you get the true biography of a Buddha! The ancient Buddha pattern on the wall should be He was a super powerful person at the Buddha level in the original Buddhist sect, and the true meaning of practice left behind was unexpectedly absorbed into the mind of this kid. It was really an unexpected and great opportunity. "

When Ye Feng heard what the fat monk said, he couldn't help but reveal a look of surprise in his eyes, and said loudly: "In other words, I have obtained the inheritance of an ancient Buddha?"

The fat monk nodded and said: "If you carefully understand the ancient golden Buddha's shadow condensed in your mind, you will definitely be able to get the peerless inheritance of a Buddha from it. Buddha, an existence of this level, in those days Among the Taichu Buddhism, they are definitely the top group."

Chapter 4258 There is a big problem

Hearing what the fat monk said, Ye Feng suddenly showed a look of deep surprise on his face.

Unexpectedly, on a wall of this ancient temple, Ye Feng actually received the martial arts inheritance of an ancient Buddha-level Buddhist superpower.

This is a priceless treasure!

Some practitioners, even if they want to find the secrets passed down by the superpowers of ancient times, may not be able to find them.

Only by entering such ancient ruins can we explore this ancient and precious martial arts true inheritance.

At this moment, Ye Feng observed the Buddha's shadow floating in his mind, constantly trying to use his soul power to touch the Buddha's shadow, hoping to obtain the Buddha's inheritance from it.

But for a while, Ye Feng had no way to get the Buddha's inheritance contained in this Buddha's phantom.

It seems that we can only wait and slowly realize it. .??.

At this moment, the fat monk seemed to have discovered something not far away, and immediately said: "Ye Feng, don't think about it yet. Anyway, this Buddha's phantom is already in your mind. You can slowly understand it later." , come here and see what this is?"

Uh-huh!

Hearing the fat monk's voice, Ye Feng immediately flew over.

The next moment Ye Feng discovered that the fat monk was digging something in a ruins at a corner of the temple.

Ye Feng walked over and saw that the fat monk had dug out a small stone tablet.

This stone tablet is buried deep underground and has many ancient symbols engraved on it.

Ye Feng didn't recognize these symbols.

But the fat monk was very excited at this time and said: "These ancient symbols are special symbols in our Buddhist practice. Let me give it a try to see if I can inspire these symbols. This ancient stone tablet is very Maybe it's some kind of special device."

At this moment, after the fat monk finished speaking, he took out a small writing brush directly from his storage ring.

s things.

Then the fat monk took out a small bowl from his storage ring.

Inside this bowl, there is some golden liquid.

At this moment, the fat monk took the brush in his hand, dipped it in the golden liquid, and then began to smear it on the ancient stone tablet in front of him.

At this moment, the fat monk immediately grinned and said: "These golden liquids are good things. They are the holy water in our Buddhist practice and can activate any Buddhist equipment."

While the fat monk was talking, he had already smeared all the golden liquid material on the surface of the ancient stone tablet buried deep in the ground in front of him.

Buzz!

Almost at the next moment, Ye Feng immediately saw that the originally dim stone tablet buried deep in the ground began to emit a bright golden light.

When the fat monk saw this scene, he immediately said excitedly: "It seems that the profiteer did not lie to me. This is really Buddhist holy water, which can activate any device with Buddhist attributes in the world."

At this moment, the fat monk asked Ye Feng to take a few steps back and said: "Let's stay away, be careful of any danger."

Ye Feng nodded, took a few steps back with the fat monk, and then looked at the ancient stone tablet that was emitting light.

Soon, the golden light emitted from the ancient stone tablets under the ground became stronger and stronger.

At the end, the ancient stone tablet began to shake.

Boom!

And almost at the next moment, this ancient stone tablet exploded.

Wow!

The moment this ancient stone monument exploded, the entire ground collapsed.

A bottomless underground passage was trapped.

Seeing this scene, the fat monk immediately said in surprise: "Under this temple, there should be an underground space sealed. This ancient stone tablet sealed this underground space. But now that we have opened it, there must be something inside." Good thing, let's go in and take a look."

Ye Feng nodded, and the fat monk jumped directly into the underground passage that appeared on the ground.

As the two of them fell, there was a look of uncertainty in their eyes.

Because the deeper they fell, the more they felt that there was a creepy cold atmosphere exuding in this underground space.

The fat monk immediately couldn't help but said: "Is this underground space not a place where treasures are buried, but a place where corpses are buried?"

"The burial place?"

Hearing what the fat monk said, Ye Feng's eyes twitched slightly.

If the underground space that the fat monk had worked so hard to open was really a burial place, then they would be very unlucky.

But at this time, since Ye Feng and Fat Monk have already begun to disappear, it is naturally impossible to return.

So at this time, the two of them didn't say much, but descended silently.

Finally, after a few minutes, they successfully landed at the lowest point of the underground passage.

At this moment, the entire underground space was very dark.

However, Ye Feng and Fat Monk are both highly cultivated beings, so they can see everything around them clearly even in a dim environment.

At this time, Ye Feng immediately saw this underground space, and they guessed it, it was really the place where corpses were buried.

There were six coffins surrounding it.

And they are all made of pure gold and look very good.

Nobility.

But it also exudes a strange smell of death.

When the fat monk saw this scene, he couldn't help but grin and said: "It is very likely that these powerful men were noble beings in the Buddhist sect in the early days, and they were able to enjoy such a standard burial method."

After the fat monk finished speaking, his hands suddenly felt itchy and he couldn't help but walk towards the pure gold coffins to find out.

Obviously, the fat monk felt that the status of the ancient Buddhist masters in these coffins must be extraordinary. They were buried here, and they probably carried many precious treasures as burial objects.

At this time, Ye Feng was also observing the surroundings to see if there were any other good things.

Boom!

But just as the fat monk approached a coffin, something happened to the coffin, and the lid of the coffin exploded.

Uh-huh!

A monk zombie covered in golden scales suddenly jumped out of the pure gold coffin, exuding a strong aura of death and a very evil aura.

And you can see that this monk zombie that jumped out of the coffin is covered with golden scales, and its pure golden nails are more than ten meters long. It is like a golden sword, with extremely terrifying cutting capabilities. force.

The monk zombie immediately rushed towards the fat monk who had just approached the coffin, and seemed to tear the fat monk into pieces.

The fat monk was so frightened that he immediately screamed strangely and said: "These ancient monks turned into corpses? But their bodies were covered with these weird golden scales, and their nails were more than ten meters long? This is not an ordinary corpse transformation? ! And the ancient Buddhist monks who practiced the most orthodox Buddhist heritage should not be able to transform into corpses, because after death, they have the light of Buddhism to protect themselves from the invasion of the Yin Qi of heaven and earth. How could they be transformed into corpses, and also become corpses? It's become so hideous and weird, there's a big problem here!"

Chapter 4259 Return to normal

As the fat monk spoke at this time, he quickly took out a golden hammer from his storage ring. It looked like the devil-conquering hammer in Buddhism, but it didn't quite look like it.

But the golden hammer that the fat monk took out was still very powerful.

As soon as the corpse-turned monk approached the fat monk, he was knocked backwards by the golden hammer in his hand.

The moment the fat monk used this golden hammer, golden symbols of Buddhism could emit from the hammer, releasing a powerful attack power.

However, this golden hammer had no way of harming the monk zombie, so after the monk zombie was blown away, it continued to let out a ferocious roar and charged in the direction of the fat monk.

Uh-huh!

At this time, Ye Feng immediately flew to the side of the fat monk and said loudly: "This monk zombie, before his death, had already cultivated into a golden body of Buddhism and Taoism. Now he has transformed into a corpse. There is no way to destroy his body. Let me try to attack the soul of this monk zombie. This monk zombie can move so flexibly, and there must be a trace of residual thoughts controlling his body. "

When the fat monk heard what Ye Feng said, he immediately widened his eyes slightly and said, "What? Ye Feng, you can actually attack at the soul level? Are you the legendary soul master? Oh, yes Now, I remember that you were able to sense any energy fluctuations from a long distance. This is not because your perception is strong, but because you use your soul power to sense it. Ye Feng, you kid. But he is really hidden deep, and he is actually a very rare soul master."

At this moment, the fat monk said that Ye Feng had begun to release his soul and tried to attack the area in the monk zombie's mind to see if he could make the monk zombie incapacitated by attacking the soul level.

Buzz!

When Ye Feng's soul power touched the head area of this monk zombie.

At this moment, Ye Feng's soul body immediately saw that in the mind of this monk zombie, a monk soul emitting golden light appeared.

But the monk's soul fell into a deep sleep. There were streaks of black light around the monk's soul, which enveloped the monk's soul and turned it into a dark attribute.

At this moment, Ye Feng saw this scene and couldn't help but exclaimed: "This monk's soul was actually invaded by some evil dark energy? No wonder he turned into such a ferocious zombie. It seems that this should also belong to the dark demon clan'

Masterpiece', alas, you won't be at peace even if you die, so let me free you. "

boom!

At this moment, Ye Feng's soul body suddenly burst out with a huge soul power of 63 million, and suddenly bombarded the monk's soul in front of him.

"boom!"

But at this moment, the dark energy around the monk's soul condensed into a ferocious monster, roaring and fiercely attacking Ye Feng's soul body.

Boom! !

At this moment, Ye Feng's soul power suddenly came into contact with this dark demon clan composed of dark energy.

A terrifying soul frenzy suddenly erupted in his entire head.

At this moment, Ye Feng's soul body couldn't help but take several steps back, and his eyes suddenly showed a look of surprise.

The soul body of the dark demon race composed of dark energy is so terrifying that it can withstand Ye Feng's huge soul power.

At this moment, Ye Feng immediately said in his mind: "Emperor Chu, help me."

The sleeping Emperor Chu nodded in his mind at this time, and then rushed out directly, transforming into a red giant of light, and then instantly transformed into a ferocious monster soul composed of dark energy. It was instantly wiped out.

I have to say that Emperor Chu is still an eternal god, and his attacks on the soul level are indeed too terrifying.

Even the ferocious demon soul composed of this dark energy could not withstand the power of Emperor Chu.

At this time, after obliterating these dark energies, Ye Feng saw the monk's soul and completely revived.

After the monk's spirit revived, he opened his eyes, looked at Ye Feng, and said: "Thank you, donor, for helping me eliminate these evil dark energies. I have been imprisoned for tens of thousands of years, and I can only watch myself. The golden body of Buddhism was corroded into such a hideous and terrifying zombie monster, and now it can be done."

After finishing speaking, Ye Feng's eyes suddenly showed a look of surprise. He didn't expect that the monk's soul was still alive and had his own consciousness.

Ye Feng immediately clicked

head, and then exited his soul body.

At this time, the fat monk outside saw Ye Feng's body, opened his eyes, and immediately couldn't help but ask: "How is it?"

The fat monk also knew very well that the confrontation at the soul level was very mysterious and dangerous, so he had not dared to disturb Ye Feng just now.

Only when he saw Ye Feng's eyes opened did he dare to ask about the situation.

Ye Feng smiled slightly at this time and said aloud: "It should be related to the dark demon clan. The soul of this ancient monk was eroded by the dark energy of the dark demon clan, so he turned into such a zombie monster."

At this moment, Ye Feng was talking, and the ferocious ancient monk in front of him, who looked like a zombie with black scales all over his body, was actually emitting a faint golden Buddha light.

Then under the fat monk's incredible gaze, the zombie monk actually regained his original appearance.

The scales on his body and the ferocious black aura completely disappeared, and then he turned into the appearance of an ancient monk illuminated by Buddha's light.

At this time, the ancient monk who had returned to normal walked directly in front of Ye Feng, clasped his hands together, and said loudly: "Thank you, donor."

Ye Feng's eyes showed some joy at this time, and he asked aloud: "Is the master resurrected?"

The ancient monk shook his head and said loudly: "There is no resurrection, just a brief awakening. The two benefactors came to the ancient ruins of our Taichu Buddhism, probably to find opportunities for good fortune."

Hearing what the ancient monk said, both Ye Feng and the fat monk showed a trace of embarrassment in their eyes.

After all, the other party is an authentic monk and practitioner of Taichu Buddhism.

At this moment, the ancient monk smiled slightly, as if he was in a very high state. He was not angry or unhappy at all, but said very calmly: "Buddhism has been destroyed in the early days, and the resources in the ancient ruins it left behind, Being able to help subsequent practitioners climb to the peak of practice is a sign that our Taichu Buddhism has contributed part of our strength to the entire practice world of the Ten Thousand Demons Interface."

Hearing what this ancient monk said, Ye Feng and the fat monk immediately said in awe: "The master's mentality and state of mind are indeed admired by us ordinary people."

At this moment, the ancient monk just smiled and shook his head, and then spoke

Said: "The threat of the dark demon clan is very serious for our Ten Thousand Demons Interface. I hope that after the two donors have obtained the cultivation resources of our Taichu Buddhism, in the future, when the entire Ten Thousand Demon Interface suffers from the invasion crisis of the dark demon clan, they will also I can contribute, but I don't force it, I just hope."

After finishing speaking, the ancient monk suddenly opened his mouth and spit out a round bead emitting golden light, and then said loudly: "This is my relic. It can sense the location of the relic of Taichu Ancient Buddha, the founder of Taichu Buddhism. Location, the two donors must be here to find the Taichu Ancient Buddha of our Taichu Buddhism. I hope that you two can succeed, which can also be regarded as fulfilling the last wish for our Taichu Buddhism, which is to let the senior Ancient Buddha of Taichu rest in peace completely. If you receive another suppression from the dark demon tribe, you must prevent the ancient Buddha from being invaded and corroded by dark energy. Otherwise, if the ancient Buddha from the beginning turns into the ferocious zombie state that I did before, I am afraid that no one in the entire interface of ten thousand demons will be able to do so. If you can't stop it, it will destroy the entire Ten Thousand Demons interface."

After finishing speaking, the ancient monk returned to the coffin and lay down.

Only the relic was left, still floating in the air.

Seeing this scene, Ye Feng immediately grabbed the relic. With a hint of excitement in his eyes, he stared at the fat monk beside him and said loudly: "It seems that we will definitely be able to find the ancient Taichu." The relics of the ancient Buddha are there, as well as the location of the immortal golden body of the ancient Buddha."

But at this time, the fat monk spoke out with some fear: "If existences like the ancient Buddha in the beginning turn into ferocious zombies like this ancient monk, then we will probably be wiped out in an instant!"

Ye Feng shook his head at this time, very firmly, and said loudly: "At this time, why are you still thinking about these dangers? Wealth can be found in danger, don't say so much, let's get on the road."

After saying that, Ye Feng directly used the relics of the ancient monk to sense the specific location of the ancient Buddha in the early days.

But just when Ye Feng sensed it, a burst of hearty laughter suddenly sounded at the entrance to the underground space: "Hahaha, I didn't expect someone to find and open the seal of this burial place for us in advance. This is simply... You have done a great favor to our Black Demon Dynasty royal family. Kill the boy in white and the fat monk as soon as possible, and move the six ancient Buddhist coffins back. If the father can take the golden bodies of these six immortal Buddhist monks, After being refined into six external incarnations, my father will be invincible. Then all the emperors of the Shenshui Dynasty will die in my father's hands!"

Chapter 4260 You will definitely die

At this moment, these words were very domineering and cruel. They actually wanted to kill Ye Feng and the fat monk directly and plunder the golden bodies of the ancient monks in the six coffins.

At this moment, Ye Feng and the fat monk immediately looked towards the entrance of this underground space.

In the next moment, they immediately saw a young man in black robes, with several extremely powerful guards in armor, already standing at the intersection.

This young man wearing a black robe, if nothing else, must be a powerful son of the royal family in the Black Demon Dynasty.

Otherwise, he would not directly call the emperor of the Black Demon Dynasty "Father".

At this time, Ye Feng looked at the fat monk next to him, immediately grinned, and said loudly: "Someone actually got the better of us."

The fat monk was not a good person. At this time, a trace of cynicism appeared on his face and he said: "Then let them know what the consequences will be if they try to rob our wealth."

Boom!

Almost at this moment, the fat monk took action immediately.

I have to say that the fat monk is also very mysterious and powerful.

At this moment, he was holding the big golden hammer in his hand, and he immediately struck forward fiercely.

Almost at this moment, the powerful son of the Black Demon Dynasty stretched out a hand and shouted: "Black Demon's Palm!"

Obviously, this is an extremely powerful martial arts inheritance from the Black Demon Dynasty.

In an instant, the palm of the young man in black robe turned into the palm of a huge dark demon clan, and instantly collided with the big golden hammer in the hand of the fat monk.

Boom! !

Along with a huge roar, the fat monk was pushed back several steps.

But the young man in a black robe remained motionless.

When the fat monk saw this scene, he couldn't help but show a look of surprise in his eyes, and said loudly: "This kid has two skills. He seems to be the top genius among the powerful children of the Black Demon Dynasty. Otherwise, not It may have such a strong fighting capacity."

Ye Feng also had a look of surprise in his eyes at this time. He didn't expect that this young man in black robe from the Black Demon Dynasty had such a strong fighting power.

At this moment, this young man in a black robe immediately stared at

The fat monk, with a look of surprise on his face, laughed loudly: "A monk who doesn't know where he comes from, dares to resist the murderous attack of this prince? It's like a mantis trying to kill a chariot! To tell you the truth, I am a black man. The most talented Ninth Prince in the Demon Dynasty, if you have any sense, give me all the coffins here, and then surrender to me and work for me, otherwise, you will all die."

When Ye Feng and the fat monk heard what the young man in black robe said, they suddenly realized something.

It turned out that this young man was actually the ninth prince of the Black Demon Dynasty.

No wonder it has such a strong fighting power.

At this moment, the fat monk immediately retreated to Ye Feng's side, then grinned and said loudly: "I'm not very good at fighting. Everything else here will be left to you, Ye Feng."

Ye Feng nodded slightly at this moment.

"ridiculous!"

When the Ninth Prince of the Black Demon Dynasty not far away heard what the fat monk said, he immediately laughed out loud, with a deep sarcasm in his eyes.

Then the ninth prince of the Black Demon Dynasty stared at Ye Feng, who was not far away, and said disdainfully: "This kid looks ordinary, and you can't rely on him to have any effect."

Uh-huh!

After finishing speaking, the ninth prince of the Black Demon Dynasty walked slowly towards Ye Feng and the fat monk, and said loudly: "Since you two are talking so much nonsense, I will have to do this with my own hands." Let's take action and kill you all so we don't waste time."

At this moment, the ninth prince of the Black Demon Dynasty rushed towards Ye Feng, preparing to kill Ye Feng first.

Because he felt that Ye Feng was the weakest among the two. He looked ordinary and seemed to be very easy to kill.

"boom!"

But at this time, Ye Feng's body suddenly erupted with a terrifying aura of cultivation.

Then Ye Feng waved a golden fist and struck forward instantly.

Almost at the moment when Ye Feng burst out with his cultivation, the ninth prince of the Black Demon Dynasty immediately showed a look of surprise in his eyes and said: "

It turned out to be an existence that has stepped into the level of Hedan Realm. Although it is only the first level of Hedan Realm, an existence that can step into this realm can be regarded as a first-class master among the younger generation even in our Black Demon Dynasty. Who are you, kid? who? "

At this moment, Ye Feng just smiled coldly and said: "You don't need to know who I am. The moment you wanted to kill us and plunder our wealth, your fate was destined to be killed by me. "

"Hahaha!"

Hearing what Ye Feng said, the ninth prince of the Black Demon Dynasty immediately laughed out loud and said: "Even if your cultivation is at the first level of the Hedan Realm, it will be of no use. My cultivation is at the Hedan Realm." The Tenth Heavenly Perfection, and I am a royal noble in the Black Demon Dynasty, and the cultivation inheritance I have is beyond the understanding of an ordinary boy like you."

Boom!

At this moment, the ninth prince of the Black Demon Dynasty immediately burst out with the powerful inheritance that he had previously attacked the fat monk.

His palm suddenly turned into the palm of a dark demon clan, extremely huge and terrifying.

When Ye Feng saw this scene, there was a look of surprise in his eyes.

It seems that the inheritance cultivated by the ninth prince of the Black Demon Dynasty is somewhat similar to that of the Ten Thousand Beasts Sect of their Shenshui Dynasty.

They all fuse the palms or part of the body of the ancient beasts into their own palms, so that the violent power of the ancient beasts can be unleashed.

But at this moment, Ye Feng didn't have any fear at all, nor did he flinch at all. The fist in his hand emitted a bright golden light, possessing the terrifying power of the Celestial Clan, and he directly struck forward fiercely. .

Seeing this scene, the ninth prince of the Black Demon Dynasty immediately laughed out loud: "Boy, you actually dare to use your fist to directly confront my dark palm? I have to say that you are very courageous, but you are so brave Such courage is just stupidity. The extremely powerful weapon in the hands of the fat monk just now cannot resist my dark palm, let alone your fist. "

At this moment, after the ninth prince of the Black Demon Dynasty finished speaking, a cruel smile appeared in his eyes.

His huge dark palm struck fiercely in the direction of Ye Feng, as if he was going to blow Ye Feng into pieces in an instant.

Boom!

But the moment the two collided with each other, the eyes of the ninth prince of the Black Demon Dynasty immediately changed, and then

There was an expression of extreme pain on his face.

Because at this moment, he felt infinite power bursting out from Ye Feng's fist.

Ye Feng's golden fist seemed to contain the most terrifying power in the world.

There was no way to resist his black demon palm.

Poof!

Almost at the next moment, Ye Feng exerted his strength, and his golden fist was like the sharpest spear in the world, and it suddenly penetrated the palm of the prince of the Black Demon Dynasty.

Then his entire arm was blown to pieces.

"ah!!"

The ninth prince of the Black Demon Dynasty immediately screamed in pain, his face turned pale, and he quickly retreated with frightened eyes.

He instantly said to the group of guards behind him: "Hurry up and join forces to kill this kid!"

At this moment, the expressions of the powerful guards of the Black Demon Dynasty who were preparing to watch the show suddenly changed.

They never thought that the powerful Ninth Prince would have his arm shattered by such an ordinary boy in an instant. It was really unbelievable.

Boom boom boom...

But at this moment, this group of powerful guards burst out with their own extremely powerful cultivation power.

All of them are actually super masters who have surpassed the Hedan Realm and are half-step to the Hehun Realm level.

As expected of the powerful bodyguards brought by the Ninth Prince of the Black Demon Dynasty, each one of them is very powerful in cultivation.

At this moment, a group of guards all gathered together to protect the ninth prince of the Black Demon Dynasty, and then they all shot towards Ye Feng.

There were nine guards in total.

Nine half-step soul-level masters charged towards Ye Feng. The attack power was so fierce that ordinary people could not withstand it.

The ninth prince of the Black Demon Dynasty was looking at the surrounded Ye Feng from the rear. A cruel smile suddenly appeared on his face and he said loudly: "Boy, no matter how powerful you are, you will still be invincible with two fists." Four hands, I am besieged by nine of my most powerful guards. Even a true Hehun Realm powerhouse cannot resist it, so you will definitely die! After you die, this prince will definitely kill your body! Crushing bones and ashes!"
