Chapter 4801 Extremely evil

Seeing this old man wearing a robe engraved with countless monster patterns, Ye Feng's eyes suddenly showed a hint of surprise and fear.

Because Ye Feng felt an unfathomable aura of cultivation from the opponent's body, he had no way to resist.

Moreover, Ye Feng was also very curious about the identity of the other party, who could actually kill the old bat man.

You know, Ye Feng had fought against the old bat man before and knew that the opponent was composed of countless bats and was very difficult to kill.

You cut off one of his arms, and with a flash of blood, his arm will be reassembled by countless bats and restored.

So Ye Feng saw the old bat man retreating before, so he didn't get entangled with the old bat man.

Unexpectedly, the head of this old bat man was now on the ground. He looked very frightened before he died.

At this time, Ye Feng couldn't help but guess, could this old man wearing a robe with countless monster patterns be a prisoner imprisoned in the wilderness prison?

However, Ye Feng did not feel happy in his heart at this time, because even if he broke the seal and released many prisoners in the wilderness prison, some of these prisoners were extremely vicious and would not know how to be grateful or repay themselves.

So at this time, Ye Feng immediately put on a very alert state.

At this moment, the old man wearing a robe with countless monster patterns suddenly said, "Young man, don't be so vigilant. If I wanted to kill you, I would have killed you long ago."

Hearing the old man's brutal and direct words, Ye Feng immediately frowned and said, "Senior and I have no grievances. Why did senior suddenly come to me? Is senior a prisoner in that wilderness prison?" ?"

When the old man heard Ye Feng say the word "prisoner", his eyes suddenly showed a trace of anger, but then it dissipated. Then he stared at Ye Feng and said loudly, "Just now, I and the Sun Goddess of the Golden Crow Clan After fighting, although the female doll was young, she was indeed powerful. She actually awakened the pure bloodline of the ancient Golden Crow, and almost transformed her own bloodline into

With the complete Golden Crow bloodline, he can exert the power of the ancient mythical beast Golden Crow, which will make me suffer for a while. "

Hearing what the old man said, Ye Feng suddenly thought of something and immediately couldn't help but said, "Is the senior the owner of the big monster hand that stretched out from the crack in the ground?"

When he said this, Ye Feng suddenly shook his head and said loudly, "But the aura exuded by the senior is completely the aura of our human race, not the aura of the demon clan at all, but that big hand stretched out When it came out, it was completely in the hands of the demon clan."

When the old man heard what Ye Feng said, he immediately smiled and said, "I am a human race, but part of my body is not. The inheritance of my cultivation is the Great Law of Ten Thousand Beasts. You can call me Ten Thousand Beasts." Old man, that palm sticking out from the crack in the ground is indeed my palm."

After finishing speaking, the old man who called himself the Old Man of Beasts suddenly stretched out a hand forward.

Buzz!

His hand expanded rapidly at this moment, and directly expanded into a big monster hand that covered the sky and the sun, filled with endless monster energy, just like Ye Feng did in the Great Wilderness Prison before leaving. The big demon hand that I saw was exactly the same.

Ye Feng immediately showed a look of surprise in his eyes, and couldn't help but say, "Senior's palm became such a big demon hand after it was fused with a very powerful demon clan."

The old man of all beasts nodded and said proudly, "The monster beast fused with my right hand is a hoof of the ancient giant rhinoceros in the wilderness. It has infinite power. In the ancient times, the ancient giant rhinoceros This beast can crush mountains and rivers within a radius of one hundred thousand miles with one hoof."

When he said this, the old man of all beasts suddenly looked at Ye Feng and said, "You and I are destined to be together. You destroyed the seal of the Great Wilderness Prison so that I could escape. But before, I had a close relationship with the Sun God of the Sun God Clan."

Female confrontation also indirectly allows you to escape. "

Hearing what the old man of all beasts said, Ye Feng couldn't help but said, "What do you want to say, senior?"

The Old Man of Beasts stared at Ye Feng and said loudly, "This old bat man offended you before. I brought his head to you as a meeting gift. I want you to help me practice."

"Help you practice?" .??.

When Ye Feng heard what the old man of all beasts said, he immediately showed a look of deep doubt in his eyes and asked, "The cultivation of this junior shouldn't be nothing in the eyes of the seniors. Even if the seniors are imprisoned in prison, After countless years, you probably don't need a young monk like me to help you."

When Old Man of Beasts heard what Ye Feng said, a look of no doubt appeared on his face, and he said loudly, "I have no one available now. You must help me, otherwise, I will kill you on the spot!"

Hearing what the Old Man of Ten Thousand Beasts said, Ye Feng's eyes suddenly showed a hint of shock and anger. Unexpectedly, the other party not only refused to repay his kindness, but also threatened him to help him practice.

Ye Feng couldn't imagine that such a ferocious old man of beasts killed all kinds of ferocious evil beasts in the wilderness and refined them into his own body. How on earth did such a monster-like guy want him to help him cultivate?

Is it using some very evil method?

Ye Feng didn't dare to think about it any more.

Seeing Ye Feng's frightened and angry expression, Old Man of Beasts' expression suddenly softened and he said, "Boy, as long as you help me restore one percent of my cultivation, I will let you go." You are free, and in return..."

When he said this, Old Man Beasts suddenly took out a medium-sized wooden box from his storage ring.

Click!

When the Old Man of Beasts opened the lid of the wooden box, Ye Feng was suddenly shocked.

Because this wooden box actually contains densely packed monster inner elixirs of different colors.

\u003e

Every monster inner elixir contains majestic monster essence and power.

When the old man of beasts saw Ye Feng's surprised eyes, he immediately showed a sly smile and said, "Every inner elixir in this box is the inner elixir of a very extraordinary ancient beast. In order to practice it, I The Great Technique of Ten Thousand Beasts killed the monster beasts of all major races in the wilderness, refined the bodies of various monster beasts, and melted them into my own body. I want to become the legendary immortal beast. The immortal body has the overwhelming power of all beasts. These inner elixirs are the inner elixirs of ancient beasts that I collected during the hunting process. Each one is very precious. As long as you help me recover, Part of your cultivation strength will naturally be shared with you when I set you free. This kind of demon beast inner elixir will be of great benefit to your cultivation. After all, I have seen it with my own eyes before, and you have killed many demons on the spot. All the blood energy has been absorbed. This is an amazing cultivation method. Moreover, you, a human being, can actually absorb the energy of the demon race. It is really amazing. Even I can't do it. I can What I did was to partially fuse the body of the demon clan into my body, and I couldn't directly use the energy of the demon clan. You are quite magical."

At this moment, Ye Feng's face became a little uncertain when he heard the threatening words of the Old Man of Beasts.

The other party was simply an old devil, killing people in the wilderness and committing serious crimes. It was probably because of this that he was sealed and arrested in the wilderness prison.

But he unintentionally released this old devil, and now he was threatening and tempting him. Ye Feng didn't know for a while whether he should fight this old devil directly or choose to be forced to cooperate with him.

If the other party is a super strong person, Ye Feng may agree to cooperate with him without hesitation.

But now it seems that this old man of beasts is simply an old devil who does all kinds of evil and is extremely vicious. Maybe I will help him recover part of his strength by then, but it will make the situation more serious. Maybe this old devil will give him monsters. The inner alchemy's promise will not be fulfilled, but will oppress him even more, making it impossible for him to escape, and he will only be his slave for the rest of his life!

Chapter 4802 Taking the lead

At this time, seeing Ye Feng's uncertain expression, Old Man Beasts didn't say anything more. He just looked at Ye Feng, as if waiting for Ye Feng's decision.

Moreover, this old man of all beasts really exuded a very terrifying murderous aura, as if he was going to kill Ye Feng at the slightest disagreement.

This made Ye Feng's eyes suddenly reveal a gloomy look.

This Old Man of Ten Thousand Beasts is really a vicious guy, and I don't know if he will give me the inner elixir of monster beasts that he promised to me when the time comes.

But if we directly fight against this old man of beasts now, there doesn't seem to be much chance of winning.

At this time, Ye Feng looked at the terrifying murderous aura emanating from the old man of all beasts, and finally nodded and said loudly, "Then according to what the senior said, I can help the senior regain some strength, but I don't know How to help seniors regain their strength?"

The old man of all beasts laughed and said, "It's very simple. As long as I can find various ancient beasts in the wilderness, then cut off part of their bodies and merge them into my body, I can use the great method of all beasts to quickly to regain his strength."

Hearing what the Old Man of Ten Thousand Beasts said, Ye Feng suddenly showed a look of surprise in his eyes. He didn't expect that the inheritance practiced by the Old Man of Ten Thousand Beasts was so vicious. No wonder he was sealed and suppressed in the wilderness prison.

This Old Man of Ten Thousand Beasts is simply the natural enemy of all monsters in the wilderness, because this Old Man of Ten Thousand Beasts will kill various monsters and kill part of their bodies to integrate them into his own body.

But at this time, Ye Feng asked in surprise, "Since senior is a natural enemy of the entire wilderness, why did the Sun God Clan only suppress and seal senior in the wilderness prison instead of directly killing senior after capturing him?" In this case, future troubles will be eliminated forever."

Hearing Ye Feng's question, Old Man Beasts immediately showed a cold smile on his face and said, "Because

As the leader of the Sun God Clan, the Sun God Lord is an extremely insidious old guy. He wants to plot the Ten Thousand Beasts Dharma in me. He also wants to practice the Ten Thousand Beast Dharma by obtaining the abilities and bodies of various other ancient monsters. Part of it was integrated into his own body and became the strongest monster existence. Because of my cultivation method, the monsters can also practice it. However, he has imprisoned and tortured me for so many years, and I have never succumbed. He Can't bear to kill me. "

"this....."

Hearing what the Old Man of All Beasts said, Ye Feng's eyes suddenly revealed a look of astonishment. He didn't expect that the patriarch of the Sun God Clan, the Lord of the Sun God, that old guy actually wanted to get the evil and weird magic of the All Beasts from the Old Man of All Beasts. He wants to become the master of all beasts through his own cultivation method.

In other words, once the God Lord of the Sun God Clan obtains the cultivation method and the Great Law of Ten Thousand Beasts from the Old Man of Ten Thousand Beasts, it is very likely that he will launch a war in the entire wilderness, plunder parts of the bodies of other major demon

clans, and merge them into his own body. Among them, the body of all beasts has become the strongest.

This gave Ye Feng a new understanding of Sun God Lord, the patriarch of the Sun God Clan.

However, Ye Feng's eyes were filled with murderous intent, and he couldn't help but say, "The Sun God Lord of the Sun God Clan, and the Amethyst Dragon Lord of the Amethyst Dragon Clan, these two old guys, sooner or later, when I become stronger, they will They were all killed."

"Um?"

Hearing what Ye Feng said, Old Man Beast's eyes showed a look of surprise, and the murderous aura in his body seemed to have dissipated a lot, and then he couldn't help but said, "You have a good talent, I appreciate it very much. It seems that You and I both have a common enemy, so our cooperation is destined."

Hearing what the Old Man of Beasts said, Ye Feng couldn't help but said, "I'm afraid that senior will not keep his promise and help senior recover."

After regaining some of my strength, my senior not only refused to give me the demonic beast inner elixir, but actually wanted to kill me. "

When Old Man of Beasts heard what Ye Feng said, he immediately couldn't help shouting, "That's nonsense! Although I am considered a vicious person in the eyes of many people, it is only for the monsters in the wilderness. You and I are both human beings, so what's the use of killing you? I can't fuse with your human body, so I have no reason to kill you. Besides, I'm not such a shameless person. I can't do anything to tease a junior. come out."

When he said this, Old Man Beast seemed to be afraid that Ye Feng would not sincerely help him, so he took out a palm-sized round bead from his wooden box and gave it directly to Ye Feng.

This round bead exudes a faint blue light, and there is an aura of ice emanating from it.

As soon as Ye Feng took the round bead, he immediately felt a majestic energy contained in it.

But his palms began to freeze.

Ye Feng slightly used the blood energy of his Celestial Clan to dispel the ice energy, and the ice in his hands also shattered.

At this time, just the cold air emitted unintentionally from a round bead was able to freeze Ye Feng's solid and powerful body into a layer of ice. This shows how much energy is contained in this round bead. How terrible.

At this time, Old Man of Beasts said, "This demonic beast inner elixir is the demonic beast's inner elixir that I got from an ice crocodile that I killed under the deep cold pool of the wilderness. I killed it." After killing that ice crocodile, I got the eyeballs of this ice crocodile and merged them into my own eyeballs, allowing my eyes to emit ice energy and possess the power of ice attributes. However, this monster beast The inner elixir is a good thing. I kept it. I can't use this monster inner elixir myself. I didn't expect it now.

But it came in handy. It seems that my original decision was very correct. "

Hearing what the Old Man of Beasts said, Ye Feng showed a look of astonishment in his eyes and said, "Senior just dug out the two eyeballs of the ice crocodile, and then dug out its inner elixir." Come out and don't use anything else?"

The old man of all beasts shook his head and said aloud, "I only fuse the most precious part of each monster, or the part of the body that has innate magical powers. I don't need the other bodies, and I can't absorb monsters like you." All the blood energy of the clan."

Hearing what the Old Man of Beasts said, Ye Feng couldn't help but said, "That's such a waste. Can you take me to find the remaining bodies of the ancient monsters that my predecessors abandoned back then?"

The old man of all beasts shook his head and said aloud, "It happened many years ago. Now I still remember where they are. And after so many years, even if those bodies are still in the same place, they would have been destroyed by countless ordinary demons." It's been chewed into a skeleton, and maybe there's no residue left."

When he said this, the Old Man of Beasts stared at Ye Feng and said loudly, "Next, you help me hunt down some special ancient monsters. I only need the body parts of those ancient monsters that have the innate magical powers to fuse with them." Come into my body and give the rest to you, kid."

Ye Feng couldn't help but said, "I'm afraid this junior doesn't have the ability to hunt so many ancient monsters, and the monsters that the seniors need to fuse are probably special monsters with various innate abilities." The beast is even more powerful, and it will probably be difficult for this junior to deal with it."

The old man of all beasts immediately smiled and said, "Since we are cooperating, I will also take action. It is really not possible for you to do it alone. Your body is strong, like a body made of iron. As long as you lead the way for me, That's it, I'll use the innate magical powers of the various monsters I've fused to assist you in your output."

Chapter 4803 Lord of the Wilderness

Hearing what the Old Man of Beasts said, the corner of Ye Feng's mouth immediately twitched slightly.

Let yourself take the lead?

Isn't this just letting yourself test all kinds of ferocious monsters, and then turning yourself into a cannon fodder-like existence?

However, Ye Feng had no choice at this time. After all, cooperating with this old man of beasts was the most correct choice now.

If you directly break up with this old man of beasts, it will not be of much benefit to you at present.

Moreover, Ye Feng felt that the old man of all beasts had given him such a precious inner elixir of ice crocodile in advance before he cooperated with him, so it showed that the other party was still sincere.

Moreover, Ye Feng is still very confident in his body's defense and is difficult to destroy.

So Ye Feng didn't say much at this time, just nodded, and then began to swallow the inner elixir of the ice crocodile in his hand. .??.

You must know that the ancient monsters that were favored by an old demon like the Old Man of Beasts must have been very powerful and highly cultivated, and they might be the remnants of the mythical beasts from ancient times.

So at this time, after Ye Feng absorbed the inner elixir of the ice crocodile, he immediately felt a very huge ice demon power, which was directly injected into his body.

Then the skill in Ye Feng's dantian immediately began to grow rapidly.

Ye Feng's current cultivation level is at the tenth level of the Enlightenment Realm, and it would have been very difficult to break through this bottleneck.

But with the help of this very advanced ice crocodile's demonic beast inner elixir, Ye Feng suddenly burst out with a terrifying aura of cultivation.

"Boom"!

Ye Feng's cultivation actually directly broke through the current bottleneck of the tenth level of the Enlightenment Realm and reached half a step above the Enlightenment Realm.

Daofu realm!

At this moment, after Ye Feng's cultivation level broke through to the half-foot-step state, he could clearly feel that his skills had been unparalleled and his combat effectiveness had also been greatly improved.

Ye Feng immediately clasped his fists and said loudly: "Thank you, senior, for giving me this demonic beast inner elixir."

Ye Feng could clearly feel that this ice crocodile's demonic beast inner elixir was still very advanced. It was many times better than the ordinary demonic beast inner elixir. Otherwise, it would have been impossible for him to achieve a breakthrough in an instant. The big bottleneck has broken through to the halfway level.

The old man of Wanshou smiled and said: "I'm not giving you the advantage for nothing. You have to do your best to find those special monsters and help me recover. Anyway, the benefits will definitely be with you. of."

Hearing what the Old Man of Ten Thousand Beasts said, Ye Feng immediately nodded, and then said aloud: "How to find those special ancient monsters?"

Old Man Beast smiled and took out a token from his storage ring.

This token has the word "Ten Thousand Beasts" written on it.

The Old Man of Ten Thousand Beasts said aloud: "Actually, I am not the one who created this magical technique. I just got it from an ancient cave. The Ten Thousand Beasts Technique should have been left by an ancient immortal. The inheritance passed down, otherwise it would not be so miraculous. It is simply the creation of heaven and earth. Moreover, that senior also left behind this Ten Thousand Beast Token, which can be used to find various ancient monsters with special talents."
"

Hearing what the Old Man of Ten Thousand Beasts said, Ye Feng's eyes lit up and he couldn't help but glance at the Ten Thousand Beasts Token.

, I didn't expect that there is such a magical thing in the world, which is more useful than my own soul power detection.

But Ye Feng also knew that this Old Man of Ten Thousand Beasts received his inheritance from an ancient immortal cave.

The ancient immortal's methods are very powerful, but they are also very normal.

At this moment, Ye Feng immediately nodded and followed the old man of beasts.

Old Man of Beasts is very satisfied. With a strong young man like Ye Feng taking the lead, Old Man of Beasts has more confidence.

After all, Old Man Beast has been suppressed in the Great Wilderness Prison for so many years, and his strength has been severely depleted. Except for some special means, many of his powers cannot be used.

But with such a powerful helper as Ye Feng, he will be much better.

At this moment, the old man of Ten Thousand Beasts urged the Ten Thousand Beasts Token in his hand, and immediately out of the Ten Thousand Beasts Token appeared beast souls that looked like souls and scattered towards the surroundings.

There are a total of eighteen beast souls, scattered in all directions.

The old man of Ten Thousand Beasts said with a smile: "This is called the hunting soul. It can find monsters with special talents. When I was in the wilderness, I found many monsters with special talents through the hunting soul in this Ten Thousand Beast Token. The ancient monsters with special talents have made me become so powerful all of a sudden. Unfortunately, if a tree is as beautiful as a tree, the wind will destroy it. I have also angered many monsters from the dominant race in the wilderness. Although I didn't provoke them, but they saw the threat from me and coveted the very magical method of cultivating the beasts in me, so they all went out to chase me. In the end, I was caught by the Sun God Clan and suppressed. In the Great Wilderness Prison, after being tortured every day, they wanted me to hand over the Great Law of Ten Thousand Beasts and let them

Cultivation, but unfortunately I am a tough guy. Unless I am killed, I will never give in. "

When he said this, the old man of all beasts suddenly looked towards a certain direction in the wilderness. In that direction among the countless jungles, there was a beam of light that reached the sky and connected to the sky.

The old man of all beasts said aloud: "That is where the headquarters of the Sun God Clan is. Once I have completely restored my cultivation to the heights of my heyday, I must cause trouble for the Sun God Clan!"

When Ye Feng heard what the Old Man of Ten Thousand Beasts said, he couldn't help but said: "Senior, you were also suppressed by the strong men of the Sun God Clan back then when you were at your peak. Now, even if you have regained your peak strength, you still have no way to fight against it. The Sun God Clan, the number one overlord race, right?"

Old Man Beast smiled and said aloud: "In Dahuang Prison, I accidentally met a special prisoner in the prison. That prisoner was a tomb robber in Dahuang. He accidentally found the master of Dahuang in Dahuang. The ancient tomb of the Lord of the Wilderness, but he does not have the strength to enter the ancient tomb of the Lord of the Wilderness because it is extremely dangerous. He wants to join forces with me to find the wealth left by the Lord of the Wilderness after he escapes. No one knows about this news I don't know, but I am the only one who knows now,

because the tomb robber was tortured to death by the monsters in the Great Wilderness Prison because he was too weak, so when I return to my peak cultivation level, I will go there. The tomb robber accidentally discovered the ancient tomb of the Lord of the Wilderness, looking for the remains of the Lord of the Wilderness. If I use the Great Beast Technique to integrate the body and magical powers of the Lord of the Wilderness, then my strength will increase to At an unparalleled level, even the most dominant race in the wilderness, the Sun God Clan, will not be able to do anything to me! After all, the Lord of the Wilderness was the Nine-Eyed Black Flame Kirin, the ancient monster overlord who ranked first in the wilderness at that time! '!"

Chapter 4804 Full of motivation

At this time, Ye Feng had a look of surprise in his eyes when he heard what Old Man of Beasts said.

Unexpectedly, the old man of all beasts still holds such mysterious and precious information in his hands. He actually knows the specific location of where the Lord of the Wilderness is buried.

You must know that being able to become the Lord of the Wilderness in this boundless and extremely ferocious wilderness shows how terrifying the Lord of the Wilderness is.

Moreover, this Lord of the Wilderness was still an extremely powerful nine-eyed black flame unicorn. This ancient beast itself was very terrifying, and it had also been cultivated to the level of the Lord of the Wilderness.

No wonder the Old Man of Ten Thousand Beasts is very confident. As long as he fuses the body of the Nine-Eyed Black Flame Qilin and obtains the Nine-Eyed Black Flame Qilin's innate magical powers and physical strength, he will be able to fight against the Sun God Clan, which is now the number one overlord race in the wilderness.

Ye Feng also became a little excited after hearing this, and couldn't help but ask: "Where is the ancient tomb of the Lord of the Wilderness?"

Old Man Beast glanced at Ye Feng, couldn't help but laugh and said: "Of course I can't tell you now, this is a priceless secret, but if you work harder next time, maybe I I can enter the ancient tomb of the Lord of the Wilderness on your behalf and see the world, and maybe you can get some of the wealth left by the Lord of the Wilderness."

Hearing what the Old Man of Beasts said, Ye Feng's eyes suddenly flashed slightly.

This old man of all beasts is indeed a cunning old devil, and the strategy of carrot and stick is indeed used well.

First, he threatened Ye Feng to kill Ye Feng on the spot if he didn't help him, and now he gave Ye Feng various benefits and future promises.

Even though Ye Fengming knew this was a carrot and stick strategy, he couldn't help but agree to help Old Man Beasts.

Because it really is the best option.

However, Ye Feng secretly sneered in his heart. Under the coercion and inducement of Old Man of Beasts, he helped Old Man of Beasts regain his strength, but he could also silently improve his own strength.

\u003e When the time comes, if the old man of all beasts is polite to him after the cooperation is over, then it will be okay, and everyone can coexist peacefully.

But if the old man of all beasts has bad intentions towards him, he will have the ability to resist.

At this moment, Ye Feng didn't say much. Instead, he and Old Man Beasts were waiting for the beast souls released by the Beast Token to see if these beast souls could find the ancient monsters with special abilities around them.

At this moment, Ye Feng looked at the Old Man of All Beasts and said loudly: "These rare elixirs growing around the mountain spring should be relatively low-level for seniors, so they are not needed for the time being."

Hearing what Ye Feng said, Old Man Beast nodded slightly and said loudly: "These elixirs are of no use to me, you kid, take them."

After saying that, Old Man Beasts simply sat cross-legged on the ground, suspending the Beast Token in his hand in mid-air in front of him, as if he could connect with the beast souls radiating out.

Ye Feng didn't care about the Old Man of Beasts at this time and just started swallowing the elixirs one by one.

For Ye Feng, instead of keeping these elixirs to refine elixirs, it would be better to improve his skills as soon as possible.

At this moment, after Ye Feng took the elixirs one by one, he immediately felt the very good medicinal power, which accumulated in his body, and then began to rapidly increase his power.

But after all, these elixirs were not very advanced. They only made Ye Feng's skills stronger, but did not allow Ye Feng to break through his current cultivation bottleneck.

But Ye Feng is not in a hurry.

If you can really find some special ancient demon clan next time, even if you just pick up the remaining demon beast body of this old man of beasts, you will definitely be able to greatly supplement your skills.

Just when Ye Feng had just finished eating a dozen elixirs, the old man Sitting on the ground not far away suddenly stood up with a "swish" sound, a joyful look in his eyes, and said loudly: "In a cave not far from us, there lives a nine-headed snake. It should be the bloodline descendant of the ancient mythical beast. Of course, it is also possible that the bloodline has mutated, otherwise it would be impossible to have nine snake heads. Let's go and take a look. This nine-headed serpent is a monster with special talents. Cut off its nine snake heads and fuse them into my own head, and then use the Ten Thousand Beasts Technique to restore some of my strength. "

Hearing what the Old Man of Beasts said, Ye Feng immediately nodded, but he also became wary in his heart.

The strength of these ancient monsters that can be favored by the Old Man of Beasts must be extraordinary.

Although the old man of all beasts said that he would help him with his output when the time comes, he still had to be careful since he had to lead the battle alone.

However, Ye Feng's current Heavenly God Immortal Body has been greatly enhanced, and he has also awakened the fifth stage of the Heavenly God's Immortal Body's bloodline talent, the God's Halo. Ye Feng is not so nervous and afraid.

At this moment, Ye Feng followed the Old Man of Beasts and flew quickly in a certain direction.

Obviously, this Old Man of Ten Thousand Beasts can use the beast souls released by the Ten Thousand Beasts Token to watch everything discovered by those beast souls. Otherwise, this Old Man of Ten Thousand Beasts will not be able to know what the beast souls have discovered if he stays where he is. In the cave, there lives a nine-headed snake.

And just when Ye Feng was thinking secretly in his heart, the old man of all beasts had stopped in front.

At this time, Ye Feng saw a medium-sized mountain appearing among the towering trees around him.

Under this mountain, there is a huge cave entrance. It is pitch black inside and it is difficult to see what is there.

However, Ye Feng could see that there was actually a wave of energy emanating from the cave.

A jet of black gas.

Ye Feng immediately understood that there must be poison inside. Whether it was the air or the surrounding environment, the poison was very deep.

The old man of all beasts obviously noticed this, his face was a little ugly, and he said aloud: "The nine-headed serpent in this cave discovered by the beast soul in the all beast token seems to be a poisonous snake creature. This It's a bit difficult, Ye Feng, your kid's cultivation level is too low. Even if you have a strong physique and are very durable, you may not be able to resist the toxin of this ancient ferocious beast."

Ye Feng immediately smiled and said, "Ordinary toxins won't do much harm to me. Let's just go in and hunt this nine-headed snake."

Hearing what Ye Feng said, Old Man Beasts glanced at Ye Feng in surprise, as if he didn't expect Ye Feng to become proactive now.

After all, the old man of beasts had to use coercion and inducement to coerce Ye Feng to help him hunt these ancient monsters.

In fact, the reason why Ye Feng became proactive was because the Old Man of Beasts said before that he only needed the special body parts and inner elixirs of these ancient monsters. In addition to the special body parts and inner elixirs, the other bodies were all You can give it to Ye Feng.

This naturally filled Ye Feng with full motivation.

After all, Ye Feng knew very well that if he were alone, he would not be able to hunt these special ancient monsters with his own strength.

After all, these special ancient monsters have very ancient bloodlines, may also have various special racial talents, and are very lethal.

If there was no Old Man of Beasts to support him behind his back, Ye Feng would not dare to hunt these ancient monsters alone.

So this is just an opportunity for him to hunt more of these ancient monsters and devour as much of their blood and energy as possible to strengthen his cultivation strength.

It can be said that this is a good opportunity for win-win cooperation, and Ye Feng naturally has to take the initiative.

Chapter 4805 Combination

At this moment, Ye Feng didn't hesitate at all, he took the initiative and walked directly towards the cave in front of him.

When Ye Feng walked to the entrance of the cave, he felt that the toxins in the air were getting thicker and thicker.

Obviously, the deeper you go into the cave, the more toxins are in the air.

However, these toxins did not cause much harm to Ye Feng for the time being.

After all, Ye Feng's current Immortal Body of God has been promoted and evolved to the fourth level of the fifth stage.

Therefore, ordinary toxins do not cause much harm to Ye Feng.

At this time, seeing that Ye Feng didn't even need to release any defensive light shield, he could just breathe normally to resist these toxins, which made the old man of beasts who was following him have a look of surprise in his eyes, and looked at Ye Feng. Instead, I became somewhat interested.

Originally, Old Man Beast's idea for Ye Feng was to temporarily recruit a thug, but now he is becoming more and more curious about Ye Feng, a young man, and feels that he is also a very extraordinary young man.

At this moment, the Old Man of All Beasts did not release any defensive light shield. After all, the physical strength of the Old Man of All Beasts was also very terrifying.

The most important thing for Old Man Beasts now is that his skills have been almost exhausted after countless years of torture.

But the body of Old Man of Beasts, you know, is very powerful. After all, Old Man of Beasts hunted all kinds of ancient monsters with different talents in the wilderness, and used the special body parts of their talents to Everything is integrated into his body.

Even the old man of Wanshou himself can't remember how many special parts of monster beasts he has fused into his body.

Therefore, the body of Old Man Beasts is very powerful.

After all, the ultimate goal of the Ten Thousand Beasts Dafa is to transform oneself into an immortal body of ten thousand beasts, possessing the power of thousands of ancient monsters and beasts integrated into one furnace. From this, one can imagine that the body of the Old Man of Ten Thousand Beasts

The power of the body is also very terrifying, no less than those of the so-called holy bodies and divine bodies among the human race.

At this time, Ye Feng and Old Man Beasts were both practitioners known for their physical strength, and they walked directly into the cave.

When they entered, they immediately saw a large snake several hundred meters long lying on a haystack in the deepest part of the cave.

And the most bizarre thing is that this snake has a tail on one end, and nine snake heads growing on the other end.

Each snake head is as huge as a millstone and looks very ferocious and magical.

The old man of all beasts was standing behind Ye Feng at this time. When he saw the nine-headed snake, his eyes suddenly showed a hint of greed and desire.

But the next moment, the nine-headed serpent clearly noticed the aura of the two people walking in from the cave entrance, and immediately opened its eyes.

A total of eighteen pairs of eyes of the nine snake heads were opened instantly. Each eye was emitting a strange red light. All of a sudden, Ye Feng and Old Man Beasts felt a sense of mental confusion. .

However, Ye Feng's soul power was powerful, and he woke up from this mental confusion in an instant. He held the black broken sword in his hand and charged towards the nine-headed snake.

Old Man Beasts was no ordinary person. After all, he was an ancient figure. He suddenly woke up and immediately stretched out his left hand.

His left hand and right hand are different. After stretching out the old man's right hand, it can directly turn into the huge monster palm of the ancient giant rhinoceros. However, the moment his left hand stretches out, an infinite amount of flames spurt out. With all his strength, he formed a big flaming hand, which instantly engulfed the surrounding area.

The poisonous energy around him was dispersed, and then he fiercely charged towards the nine-headed serpent in front.

Obviously, the left hand of the Old Man of Beasts is fused with the palm of some kind of extremely powerful fire attribute monster, which can burst out huge flame power.

Ye Feng and Old Man Beasts came here specifically to hunt down the nine-headed serpent, so they didn't hesitate at all. The moment the nine-headed serpent discovered them, they immediately struck cruelly.

The black broken sword in Ye Feng's hand is not an ordinary thing. It is a powerful weapon given to Ye Feng by the old man guarding the tomb. It contains the power of gods and demons.

Therefore, Ye Feng's black broken sword burst out two balls of light of gods and demons, which had terrifying destructive power, and the palm of the fire power that Old Man Beast could burst out directly hit the nine-headed serpent.

"howl!"

Accompanied by a painful cry, the nine-headed serpent didn't even have time to defend itself. It was knocked upside down and flew out, slamming into the stone wall not far away.

This nine-headed snake is definitely an ancient relic from the prehistoric era, and it can actually grow nine heads.

If he goes one step further, he might be able to transform into an extremely powerful dark nine-headed dragon.

But this ferocious beast will never have a chance to evolve.

Because under the joint attack of Ye Feng and Old Man of Beasts, the Nine-Headed Serpent had no time to react and was seriously injured.

Uh-huh!

The Old Man of Beasts is an old monster. He has no mercy and is cold and ruthless. He immediately rushed forward and stretched out his right hand. His right hand directly turned into a huge monster palm. With a "puff", he smashed the nine-headed snake. The inner elixir was taken out directly from the body.

The Hydra was killed instantly!

I have to say that the combination of Ye Feng and Old Man of Beasts can be said to be very perfect.

, the coordination is perfect, and the attack power of the two is very strong.

At this moment, Old Man Beast glanced at Ye Feng beside him, with a look of surprise in his eyes. He couldn't help but said: "I didn't expect that your boy's body is so strong and his defense is amazing. I didn't expect that The attack power is also so powerful. Originally, I just wanted to use your defense power, but it seems that your attack power is also very strong, which makes me a little impressed. "

When he said this, Old Man Beast glanced at the black broken sword in Ye Feng's hand.

This black broken sword just burst out with extremely powerful divine and demonic power, which made the old man of all beasts feel a feeling of fear.

So at this time, Old Man Beasts naturally had a new understanding of Ye Feng.

The next thing that made Ye Feng breathe a sigh of relief was that the Old Man of Beasts still kept his promise. After cutting off the nine heads of the nine-headed serpent, he also collected the inner elixir of the nine-headed serpent.

The rest was thrown to Ye Feng.

Ye Feng naturally smiled and accepted it at this time, and then released the Devouring Domain and began to devour all the blood and energy of this nine-headed snake on the spot.

You must know that the nine heads of this nine-headed serpent are still very small compared to the huge body, so most of the blood energy is still stored in the remaining body of the nine-headed serpent.

After Ye Feng swallowed it, he immediately felt a surge of very majestic blood energy, which was directly injected into his Dantian, rapidly increasing Ye Feng's power.

With the help of all the blood energy of this nine-headed snake, Ye Feng finally broke through the bottleneck he was currently in.

Boom!

A burst of cultivation aura erupted from Ye Feng's body, which also meant that Ye Feng had successfully used the huge blood energy to break through the cultivation bottleneck of the half-level Taoist realm and stepped into the real first-level Taoist realm. !

Chapter 4806 Ten Thousand Beast Sect

At this time, Ye Feng's cultivation had achieved a breakthrough in the entire realm, and a trace of joy suddenly appeared in his eyes.

Unexpectedly, the power contained in this nine-headed snake was so profound, and its blood energy was so majestic that Ye Feng's cultivation level suddenly broke through the final bottleneck.

This shows how huge such an energy is. Otherwise, Ye Feng would not be able to break through so easily.

At this moment, the old man of all beasts has fused the nine snake heads into his own head, making his eyes look a little evil.

But then this evil spirit immediately subsided.

"Um?"

When Ye Feng saw this scene, his eyes suddenly showed surprise. .??.

This Old Man of Ten Thousand Beasts has fused the special parts of the body of so many ancient monsters. I wonder if the thoughts and spirit of this Old Man of Ten Thousand Beasts have been affected by these different types of ancient monsters?

Ye Feng thought in his mind that if this old man of all beasts could not control the spirits and souls of so many different types of ancient monsters in the future, he would probably turn into a madman in the end.

However, Ye Feng didn't think too much about it. After all, he and Old Man of Beasts only cooperated for a short time, and then they went their separate ways and had nothing to do with each other.

At this moment, Ye Feng immediately smiled and said: "How is your senior's strength recovering?"

The old man of all beasts shook his head and said aloud: "It's just a part of the body of an ancient monster. It can't make me recover much. I still need to hunt more ancient monsters, but your boy's cultivation has improved." good."

When he said this, the old man of Wanshou stared at Ye Feng, with a rare look of appreciation in his eyes, and said loudly: "Your kid's inheritance is very special, and his physique is also very special. Otherwise, you wouldn't It may be able to accommodate different types of energy, even energy other than the human race. Your kid is very suitable for me. I don't know where your kid is practicing now, or in this wilderness.

A casual cultivator in China? "

Ye Feng smiled and said: "I am not a casual cultivator, I am now a member of the Blood Demon Dynasty in the Northern Territory."

"oh?"

Hearing what Ye Feng said, Old Man Beasts immediately showed a look of surprise in his eyes and said loudly: "I didn't expect your kid to come from the Northern Territory."

Ye Feng couldn't help but ask: "What's wrong with me coming from the Northern Territory?"

The old man of all beasts said with a smile: "Because I am also from the Northern Territory. I entered the wilderness many years ago in order to hunt different types of monsters, obtain their special parts, and integrate them into my body. I want to pass through all kinds of beasts." The beast method is used to cultivate the most powerful and immortal body of all beasts. Unfortunately, the overlord race in the wilderness, the Sun God Clan, combined with other overlord races, directly suppressed me. It is also because I was too young at the time. Too conceited."

When he said this, Old Man Beast looked at Ye Feng and said loudly: "Since you and I are both from the Northern Territory, then after I finish everything in the wilderness, we will return to the Northern Territory together. domain."

Hearing what the Old Man of Beasts said, Ye Feng's eyes immediately revealed a look of astonishment.

Ye Feng originally thought that his cooperation with this ruthless old man of beasts would only be a short-term cooperation, and they would soon separate and go their own ways.

Unexpectedly, this old man of all beasts also came from the Northern Territory, and now he wanted to return to the Northern Territory with him, which made Ye Feng feel helpless.

However, Ye Feng doesn't want to say anything about separation now. After all, Ye Feng still wants to rely on this old man of beasts to find various ancient monsters. The two of them will work together to kill them, and he also wants to devour the blood and energy of different types of ancient monsters.

Moreover, Ye Feng is also very interested in the ancient tomb of the Lord of the Wilderness.

, naturally wanted to get a share of the pie behind Old Man of All Beasts.

So at this time, Ye Feng didn't want to say anything that was temporarily detrimental to unity.

At this moment, Ye Feng just nodded slightly and said: "Okay, since the senior thinks so highly of the junior, then let's go back to the Northern Territory together. I wonder which big force in the Northern Territory the senior comes from?"

The old man of Wan Beasts immediately smiled and said: "I do not belong to any overlord in the Northern Territory. I have an independent sect of my own, called Wan Beast Sect, but I haven't gone back for so many years. It is estimated that the sect I founded may have been disbanded, but that is not necessarily the case. After all, when I left the Northern Territory and went to the wilderness to hunt ancient monsters in order to achieve the immortal body of all beasts, I came to Before leaving, we set up a great formation of Ten Thousand Beasts in our Ten Thousand Beasts Sect to protect the safety of the entire sect. If our Ten Thousand Beasts Sect encounters a powerful foreign enemy, as long as it is not a super powerful person from the overlord force, it should not be possible. Our Ten Thousand Beasts Sect will be attacked from the outside, so as long as there are no differences

within my Ten Thousand Beasts Sect and it automatically disintegrates internally, then our Ten Thousand Beasts Sect should still exist now, and it may even be stronger than when I left. ”

When he said this, Old Man Beast seemed to have thought of something. He immediately looked at Ye Feng in front of him and couldn't help but asked: "What is your position in the Blood Demon Dynasty?"

Ye Feng immediately replied: "I am currently an assistant to the prince in the Blood Demon Dynasty."

"What??"

Hearing what Ye Feng said, Old Man of Beasts, a ruthless old monster, couldn't help but have a look of astonishment in his eyes, and then he immediately sneered, shook his head, and said loudly: "A talent like yours, in this country In the eyes of a conceited strongman like you, you are the only talent among talents. Although you are among the dominant forces in the Northern Territory, you are only an assistant beside the prince. This is really too humiliating. You should have more talents.

big development. "

When he said this, Old Man of Beasts stared at Ye Feng, and said seriously: "After finishing all the things in the wilderness this time, I will return to Myriad Beasts Sect on your behalf, and I will also I don't ask you to be loyal to me, because I know that you are arrogant, so you and I can jointly take charge of the entire Ten Thousand Beast Sect, develop the entire Ten Thousand Beast Sect, and make the Ten Thousand Beast Sect stronger. Maybe we can also compete for the position of the fourth overlord in the Northern Territory. I believe that if I can achieve the immortal body of all beasts, and with the help of you, I will definitely be able to develop the entire Beast Sect. Becoming the fourth overlord force besides the three overlord forces in the Northern Territory."

Hearing what Old Man of Beasts said, Ye Feng's eyes suddenly revealed a look of surprise. He seemed to have not thought that Old Man of Beasts was quite ambitious and wanted to personally create a new overlord force in the Northern Territory.

But at this time, Ye Feng shook his head and said: "I am already very familiar with the Blood Demon Dynasty, and I don't want to leave the Blood Demon Dynasty and join other forces for the time being."

The old man of Wanshou was not angry, but stared at Ye Feng, smiled and said: "You kid, don't decide so quickly. After all the things in this wilderness are completed, I will take you to Wanshou Sect. You Feel the power to control everything and control the lives and lives of countless people in the sect, and maybe you will change in time."

Hearing what the Old Man of Beasts said, Ye Feng did not refuse for a second time. After all, he still had to rely on this old monster to grow up on his behalf.

So at this time, Ye Feng just nodded and said loudly: "Okay, since the senior has invited me again and again, then the junior has no choice but to refuse the invitation. When the time comes, I will follow the senior to the Ten Thousand Beasts Sect founded by the senior to pay homage to the Ten Thousand Beasts Sect. The style of the Beast Sect."

The Old Man of Beasts, an old monster and an old devil, was smiling all over his face at this time. He even reached out and patted Ye Feng on the shoulder and said, "I like you very much."

Chapter 4807 Sun Goddess

Obviously, Old Man Beasts originally only regarded Ye Feng as a tool for his own use.

But now, as Ye Feng's strength becomes more and more powerful and his talent becomes more and more extraordinary, even Old Man Beast, an old monster and old devil, has a love for talents.

So at this time, the Old Man of Ten Thousand Beasts actually started to solicit Ye Feng.

Ye Feng did not refuse or agree to this. It would be better to remain in a stalemate with this old devil for the time being.

At this moment, Old Man Beast didn't say anything, but continued to sense other beast souls to see if he found any rare beasts.

Just when the old man of Wanshou was about to sense it, his face suddenly changed slightly and he said, "Hurry up and leave the entrance of the cave. It seems that there are strong men from the Sun God Clan patrolling around. It would be terrible if we are discovered."

The Old Man of Ten Thousand Beasts was originally a very powerful old monster. He was not afraid of anything, not even heaven or earth. But now he is too weak, and Ye Feng has not fully grown up, so he encountered the Sun God Clan, the number one monster in the wilderness. The elite

and strong men of the overlord race were patrolling, which naturally made the old man of beasts quite afraid.

Hearing what Old Man of Beasts said at this time, Ye Feng nodded quickly, and left the cave with Old Man of Beasts.

Sure enough, not long after the two left. .??.

Swish, swish, swish!

Swish, swish, swish!

Suddenly, from a high altitude not far away, a group of strong men wearing golden armor descended, numbering dozens in total.

These dozens of strong men wearing golden armor are obviously powerful and elite beings among the Sun God Clan. The golden armors they wear are all specially made special armors, exuding the power of the Sun God Clan's flames.

At this moment, these dozens of strong men from the Sun God Clan are all elite masters who came from the Sun God Clan's headquarters.

Because of the chaos in the Wilderness Prison that time, they entered the depths of the Wilderness to look for the escaped prisoners.

Of course, the main reason is to find the most threatening prisoner like Old Man of Beasts.

At this moment, another beautiful young woman wearing a golden dress descended from the sky. She looked very noble, and there was a golden sun floating in the void behind her head, giving people the impression that she was from the legend. It's like the sun god has arrived.

This person is the Sun Goddess of the Sun God Clan who had fought against Old Man of Beasts before. She is the eldest daughter of the patriarch of the Sun God Clan. She is the most amazing and talented person among the younger generation of the Sun God Clan, and her cultivation is very terrifying. .

At this moment, the Sun Goddess glanced around with her beautiful eyes, and then said coldly: "Stop looking for them, they have already left."

A group of golden-armored warriors from the Sun God Clan underground immediately clasped their fists and respectfully said, "Miss, it seems we are a step too late."

The Sun Goddess nodded slightly, then glanced around and said aloud: "Don't worry, they can't escape our pursuit. As long as they didn't leave the wilderness and chose to stay here, it means they will never be able to escape the wilderness. , But this Old Man of Beasts must have someone to help him. Otherwise, he is so weak now and was injured by me when he just escaped from the Great Wilderness Prison. It is impossible for him to hunt down an extremely powerful nine-headed serpent so easily. "

a golden

The armored man couldn't help but said: "Who is so bold as to dare to confront our Sun God Clan and blatantly help such a vicious criminal like the Old Man of Beasts?"

A cold smile appeared on the face of the Sun Goddess, and she said aloud: "Before, in the area of the Great Wilderness Prison, when I rushed from inside our Sun God Clan, I saw a young man in white clothes and snow from a distance. He should be The young man named Ye Feng that my father and the leader of the Amethyst Dragon Clan went after before. Unexpectedly, after escaping from the wilderness, he actually returned and broke the seal of the wilderness prison under our Sun God Clan. , so many prisoners were released. It seems that this Ye Feng is very scheming and a talent. I admire him very much, but he must die. When such a person grows up, he will be more terrifying than the old man of beasts. Our Sun God Clan is a huge threat."

When she said this, the Sun Goddess looked at the group of golden armored men around her, and immediately said in a majestic voice: "You continue to patrol and search around, I am also high in the sky, closely monitoring the entire inner area of the wilderness. If there is any movement, please report it immediately."

"Yes, Miss."

A group of golden-armored warriors from the Sun God Clan clasped their fists and then spread out, patrolling and investigating the surroundings.

The Sun Goddess suddenly looked in a certain direction and smiled coldly, "Old Man of Beasts, Ye Feng, you can't escape my grasp. You must either surrender to my command and serve me, or you will be killed by me." Killed on the spot."

This Sun Goddess, the eldest daughter of the current patriarch of the Sun God Clan, is obviously also an ambitious person. Although she looks extremely beautiful and noble, the ambition in her eyes makes her seem a bit seductive.

At this moment, after Ye Feng and Old Man Beasts left the cave, they immediately went deep into the wilderness of the wild forest.

Moreover, Ye Feng also exuded his own soul power to cover the surroundings, preventing the exploration of some strong men's spiritual thoughts.

After seeing Ye Feng's methods, Old Man Beast couldn't help but said: "I didn't expect that your boy is actually a soul master who has practiced the soul method. I didn't expect that I accidentally met a genius like you. It can be regarded as... It's a coincidence, it's destiny, God will never stop me."

And just as the old man of all beasts was talking, suddenly the old man of all beasts moved his eyes and said loudly: "Another beast soul discovered another rare and exotic beast. Let's go over and take a look, and then fuse another rare and exotic beast." With his special body, my strength should be able to return to one-tenth of what it was at its peak."

Ye Feng nodded, and he and Old Man Beast flew quickly towards the direction where the beast soul found the rare beast.

However, the two of them did not fly too fast, otherwise, the fluctuations in skill emitted by their flight would most likely attract the attention of the strong men of the Sun God Clan.

Now that they have discovered that the powerful men of the Sun God Clan are patrolling and hunting them down, the two of them naturally need to be more careful and attentive.

At this time, Ye Feng couldn't help but asked: "Senior, what kind of monster is the second rare beast discovered by the beast soul? Is it weaker or stronger than the nine-headed serpent?"

The old man of all beasts shook his head and said aloud: "This time the beast soul did not dare to approach that rare beast, for fear of attracting the attention of that rare beast. That rare beast lives in the wilderness. In an ice pool, the beast soul is not sure what kind of monster it is, but it is definitely much stronger than the previous nine-headed serpent. It may be difficult to hunt it this time. "Obviously, the old man of beasts was originally just. Treat Ye Feng as a tool for his own use.

But now, as Ye Feng's strength becomes more and more powerful and his talent becomes more and more extraordinary, even Old Man Beast, an old monster and old devil, has a love for talents.

So at this time, the Old Man of Ten Thousand Beasts actually started to solicit Ye Feng.

Chapter 4808 Ice Pond Water

At this time, when Ye Feng heard what the Old Man of Beasts said, his eyes were full of determination and he said, "No matter what, we have to take a look. If we really can't beat him, then run away."

The old man of all beasts nodded, then smiled and said: "It shouldn't be the case. After fusing the nine heads of the Nine-Headed Serpent, I have recovered a lot of strength, and you just swallowed the blood in the remaining body of the Nine-Headed Serpent." Energy and cultivation have also broken through the major bottlenecks. Our current strength has improved a lot, so there shouldn't be any big problems."

After saying that, Ye Feng nodded, and he and Old Man Beasts flew quickly towards a certain direction in the wilderness.

When they arrived at their destination, they immediately saw a cold pool standing in front of them. The surface was frozen, and they couldn't see what was under the water.

Ye Feng looked around at this time and found that the surroundings were all surrounded by towering trees and jungles.

Such a small ice pool suddenly appeared in the middle of the wild forest. It really makes people marvel at the magic of nature.

At this time, the old man of all beasts showed a solemn look in his eyes, and said loudly: "Under this ice pool, there seems to be a very terrifying aura. I estimate that the one living under this ice pool The ancient monsters are very powerful, we have to be careful." ??

Ye Feng nodded, and then said aloud: "Since that ancient monster lives under this ice pool, it seems that the power attribute of this ancient monster belongs to the ice attribute. When the senior dealt with the nine-headed serpent just now, The left hand releases infinite power of fire, which should naturally suppress the monster under the ice pool. "

Hearing what Ye Feng said, the old man of all beasts nodded immediately, and then couldn't help but said proudly: "My left hand is fused with the prehistoric species 'Earth Fire Celestial Eye Centipede' left over from ancient times. The power of fire released by its eighteen eyes is naturally very terrifying. "

Hearing what the Old Man of Beasts said, Ye Feng's eyes showed a look of surprise. It seemed that he didn't expect that the Old Man of Beasts was so powerful back then and actually killed so many rare and rare beasts, and all of them were Ye Feng. It is an ancient monster beast that Feng Du has never heard of.

No wonder this Old Man of Ten Thousand Beasts is confident. As long as he fuses the special body part of the 'Nine-Eyed Black Flame Qilin', the lord of this great wilderness, he will have the strength to challenge the entire Sun God Clan single-handedly.

At this time, Ye Feng finally understood how terrifying and powerful this Ten Thousand Beasts Magic was. It gathered the talents and magical powers of thousands of ancient monsters into one body. It was very powerful just thinking about it.

At this time, Old Man Beasts did not hesitate at all and said directly: "Go straight ahead."

boom!

After saying that, Old Man Beasts immediately stretched out his left hand, and directly sprayed out a terrifying power of flames, blasting towards the icy pool in the distance.

The power of flames emanating from the left hand of the Old Man of Beasts is not an ordinary flame, but the special flame power of the ancient monster beast.

So at this moment, the thick ice on the surface of the entire ice pool was immediately melted by the endless flames, and then even the water was evaporated.

The next moment, the two of them immediately saw that lurking under the icy pool was actually a big snake with dragon horns on its head.

The scales growing on this big snake are almost becoming the scales of a dragon. They are very thick and very strong, and they all look like they are made of pieces of ice.

Apparently, this is a very magical and ancient snake, and it seems to be on the verge of metamorphosis.

The old man of all beasts immediately couldn't help but said: "It turned out to be an ancient ice dragon. It must have just transformed successfully and is actually sleeping. If we can kill this ice dragon, we can fuse it with this one." With the ice dragon's claws and horns, my strength will definitely return to one-tenth of its peak. At that time, we can go directly to the tomb of the Lord of the Wilderness and look for opportunities. If we can get the Lord of the Wilderness, With the wealth left behind and the special body parts of the Lord of the Wilderness, my strength can not only be restored to its peak state, but also be able to break through to an unprecedented level. When the time comes, I will definitely challenge the Sun God Clan."

When he said this, Old Man Beast couldn't wait for Ye Feng to take the lead, and the old monster rushed directly under the ice pool.

Uh-huh!

At this moment, Ye Feng also quickly followed.

When Ye Feng rushed under the ice water pool, he immediately saw the ice dragon sleeping in the deepest part of the ice water pool. He opened his eyes all of a sudden, and his two eyes were emitting ice blue light. .

"Roar!!"

At this moment, the ice dragon immediately let out a huge roar, which resounded throughout the surrounding wilderness area.

When Old Man Beast heard the beast's roar, he couldn't help but his face changed immediately, and he said: "Ye Feng boy, hurry up and help me solve the battle. This ice dragon has probably just transformed into a dragon and is still in a very weak state. , He knew that we were coming fiercely and could not resist us. The roar he made just now was asking for help. "

Hearing what the Old Man of Ten Thousand Beasts said, Ye Feng immediately nodded, took hold of the black broken sword in his hand, and slashed hard with the sword.

At this moment, the black broken sword suddenly erupted with the power of gods and demons. The light group directly merged together to form a huge sword light that spread several kilometers long and slashed towards the bottom.

Boom! !

Ye Feng's huge sword light directly attacked the ice dragon, making a huge roar.

But what surprised Ye Feng was that the scales on this ice dragon were not broken by the sword light released from the black broken sword in his hand.

There seems to be an immortal light of ice flowing on the surface of this ice dragon's scales, which can withstand the destruction of terrible forces.

Ye Feng's eyes were immediately startled, and he couldn't help but said: "As expected of an ancient relic that has completely transformed into a dragon, it is indeed extremely powerful."

At this time, the old man of all beasts had already stretched out his right hand, which turned into the palm of a huge ancient giant lizard. It was full of terrifying pressure and destructive power, and it hit the ice dragon hard. .

The ice dragon was hit in the body by the continuous attacks, and was suddenly sent flying backwards.

However, the ice dragon did not seem to be seriously injured. Instead, it roared angrily, opened its mouth and spurted out a terrifying river of ice, which seemed to be able to freeze the void. The vast expanse of white seemed to pull down the entire world. It's winter! At this time, when Ye Feng heard what the Old Man of Beasts said, his eyes were full of determination and he said, "No matter what, we have to take a look. If we really can't beat him, then run away."

The old man of all beasts nodded, then smiled and said: "It shouldn't be the case. After fusing the nine heads of the Nine-Headed Serpent, I have recovered a lot of strength, and you just swallowed the blood in the remaining body of the Nine-Headed Serpent." Energy and cultivation have also broken through the major bottlenecks. Our current strength has improved a lot, so there shouldn't be any big problems."

After saying that, Ye Feng nodded, and he and Old Man Beasts flew quickly towards a certain direction in the wilderness.

When they arrived at their destination, they immediately saw a pool of cold water standing in front of them. The surface was frozen, and they couldn't see what was under the water.

Ye Feng looked around at this time and found that the surroundings were all surrounded by towering trees and jungles.

Such a small ice pool suddenly appeared in the middle of the wild forest. It really makes people marvel at the magic of nature.

At this time, the old man of all beasts showed a solemn look in his eyes, and said loudly: "Under this ice pool, there seems to be a very terrifying aura. I estimate that the one living under this ice pool The ancient monsters are very powerful, so we have to be careful."

Ye Feng nodded, and then said aloud: "Since that ancient monster lives under this ice pool, it seems that the power attribute of this ancient monster belongs to the ice attribute. When the senior dealt with the nine-headed serpent just now, The left hand releases infinite power of fire, which should naturally suppress the monster under the ice pool. "

Hearing what Ye Feng said, the old man of all beasts immediately nodded, and then couldn't help but said proudly: "My left hand is fused with the prehistoric species 'Earth Fire Sky Eye Centipede' left over from ancient times. The power of fire released by its eighteen eyes is naturally very terrifying. "

Hearing what the Old Man of Beasts said, Ye Feng's eyes showed a look of surprise. It seemed that he didn't expect that the Old Man of Beasts was so powerful back then and actually killed so many rare and rare beasts, and all of them were Ye Feng. It is an ancient monster beast that Feng Du has never heard of.

No wonder this Old Man of Ten Thousand Beasts is confident. As long as he fuses the special body parts of the 'Nine-Eyed Black Flame Qilin', the master of this vast wilderness, he will have the strength to challenge the entire Sun God Clan.

At this time, Ye Feng finally understood how terrifying and powerful this Ten Thousand Beasts Magic was. It gathered the talents and magical powers of thousands of ancient monsters into one body. It was very powerful just thinking about it.

At this time, Old Man Beasts did not hesitate at all and said directly: "Go straight ahead."

boom!

After saying that, Old Man Beasts immediately stretched out his left hand, and directly sprayed out a terrifying power of flames, blasting towards the icy pool in the distance.

The power of flames emanating from the left hand of the Old Man of Beasts is not an ordinary flame, but the special flame power of the ancient monster beast.

So at this moment, the thick ice on the surface of the entire ice pool was immediately melted by the infinite flames, and then even the water was evaporated.

The next moment, the two of them immediately saw that lurking under the icy pool was actually a big snake with dragon horns on its head.

The scales growing on this big snake are almost becoming the scales of a dragon. They are very thick and very strong, and they all look like they are made of pieces of ice.

Apparently, this is a very magical and ancient snake, and it seems to be on the verge of metamorphosis.

The old man of all beasts immediately couldn't help but said: "It turned out to be an ancient ice dragon. It must have just transformed successfully and is actually sleeping. If we can kill this ice dragon, we can fuse it with this one." With the ice dragon's claws and horns, my strength will definitely return to one-tenth of its peak. At that time, we can go directly to the tomb of the Lord of the Wilderness and look for opportunities. If we can get the Lord of the Wilderness, With the wealth left behind and the special body parts of the Lord of the Wilderness, my strength can not only return to its peak state, but can even break through to an unprecedented level. When the time comes, I will definitely challenge the Sun God Clan."

When he said this, Old Man Beast couldn't wait for Ye Feng to take the lead, and the old monster rushed directly under the ice pool.

Uh-huh!

At this moment, Ye Feng also quickly followed.

When Ye Feng rushed into the ice pool, he immediately saw the ice dragon sleeping in the deepest part of the ice pool. He opened his eyes all of a sudden, and his two eyes were emitting ice blue light. .

"Roar!!"

At this moment, the ice dragon immediately let out a huge roar, which resounded throughout the surrounding wilderness area.

When Old Man Beast heard the beast's roar, he couldn't help but his face changed immediately, and he said: "Boy Ye Feng, hurry up and help me solve the battle. This ice dragon has probably just

transformed into a dragon and is still in a very weak state. , He knew that we were coming fiercely and could not resist us. The roar he made just now was asking for help. "

Hearing what the Old Man of Ten Thousand Beasts said, Ye Feng immediately nodded, held the black broken sword in his hand, and slashed hard with the sword.

At this moment, the power of gods and demons suddenly burst out from the black broken sword, merging directly to form a huge sword light that spread several kilometers long and slashed towards the bottom.

Boom! !

Ye Feng's huge sword light directly attacked the ice dragon, making a huge roar.

But what surprised Ye Feng was that the scales on this ice dragon were not broken by the sword light released from the black broken sword in his hand.

The surface of this ice dragon's scales seems to be flowing with an immortal light of ice, which can withstand the destruction of terrible forces.

Ye Feng's eyes were immediately startled, and he couldn't help but said: "As expected of an ancient relic that has completely transformed into a dragon, it is indeed extremely powerful."

At this time, the old man of all beasts had already stretched out his right hand, which turned into the palm of a huge ancient giant lizard. It was full of terrifying pressure and destructive power, and it hit the ice dragon hard. .

The ice dragon was hit in the body by the continuous attacks, and was suddenly sent flying backwards.

However, the ice dragon did not seem to be seriously injured. Instead, it roared angrily, opened its mouth and spurted out a terrifying river of ice, which seemed to be able to freeze the void. The vast expanse of white seemed to pull down the entire world. It's winter!

Chapter 4809 Calling for help

Boom!

A long river of white ice spurted out from the mouth of this ice dragon, possessing the power to freeze everything.

At this moment, even Ye Feng and Old Man Beasts were frozen in the river of ice.

Almost at the next moment, Ye Feng immediately felt the infinite and terrifying power of ice, and it immediately penetrated crazily into his entire body.

It was like there were countless ants trying to burrow into the 18,000 pores in his body, making Ye Feng feel as if his soul was about to be frozen.

boom!

But the next moment, Ye Feng burst out with the terrifying power of the Immortal Body of the Gods. The blood of the Gods surged through Ye Feng's body, like a long river of extremely hot blood, making Ye Feng's whole body feel like a transformation. For a melting pot with the power to melt everything.

The terror and majestic blood energy caused Ye Feng to directly wash away all the ice power in his body.

Then Ye Feng broke through the ice instantly and put away the black broken sword in his hand.

Because there is a layer of immortal divine light flowing on the surface of this ice dragon's scales, the black broken sword cannot destroy the scales of this ice dragon.

So at this time, Ye Feng directly used the Hand of the Emperor.

boom!

At this moment, a huge black palm condensed above Ye Feng's head. It had the power of the underworld. It was like the lord of the underworld. It grabbed it from high in the sky and broke through the underworld. The time and space interface comes here and can capture the soul of any living creature.

Sure enough, the underworld energy contained in the Emperor's hand has a great deterrent effect on the ice dragon.

When the hand of Emperor Ye Feng came to the top of the ice dragon's head, the ice dragon's eyes suddenly showed a hint of fear, as if he did not want to confront the hand of the emperor with the power of the underworld.

So at this moment, Ye Feng mastered the technique, and his eyes immediately revealed a look of deep surprise.

It seems that this ice dragon is very afraid of this weird anti-life energy in the underworld.

So at this time, Ye Feng directly released the Nether Armor, wrapping himself in the armor condensed with thick Nether Yin Qi, and then released the Nether Realm, directly displaying three types of anti-life inheritance from the underworld.

At this moment, Ye Feng was like a god of war from the underworld, charging towards the ice dragon.

The old man of all beasts also broke out of the ice behind him, looking at everything in front of him in amazement, as if he did not expect that Ye Feng could actually exert the anti-life energy of the underworld.

However, Old Man of All Beasts was not idle either. Old Man of All Beasts simply stretched out a foot. His left foot seemed to be fused with the hoof of an ancient elephant.

boom!

At this moment, one of the legs of the Old Man of Beasts immediately turned into a huge elephant hoof, like the huge hoof of an ancient elephant that could support the sky and the earth. The whole body seemed to be made of white jade, and It shimmered with cold jade luster, which directly showed great power, and trampled towards the ice dragon fiercely.

Boom! !

Under the terrifying attacks of the two, the ice dragon was unable to resist for a while, and was directly blasted to the point of dying.

This ancient monster that had just turned into a dragon had extremely terrifying powers.

It was powerful, but under the attacks of two strong men, Ye Feng and Old Man of Beasts, it was impossible to resist, and he was almost killed by the direct attack.

Uh-huh!

At this moment, Old Man Beasts didn't hesitate at all. He rushed forward with a very ruthless look in his eyes. He directly broke off the two horns of the two ice dragons, then merged them into his own head, and then Take out the inner elixir of this ice dragon.

At this time, Ye Feng released the Devouring Domain, covering the entire body of this ferocious beast and began to devour it.

Boom!

Suddenly, a huge amount of energy and the very advanced Ice Dragon's skill were directly absorbed into Ye Feng's body.

Ye Feng immediately felt that his skill was growing at an incredible speed.

After all, you must know that this ice dragon is a very ancient ancient evil beast that has just transformed into a dragon, so the energy contained in its body is very terrifying. It even retains some of the energy of the heavenly tribulation thunder, which Ye Feng absorbed .

Ye Feng's cultivation aura immediately began to rise.

boom!

boom!

boom!

At this moment, Ye Feng's cultivation level directly broke through the third level of heaven, and directly broke through to the fourth level of Daofu realm, making Ye Feng's eyes suddenly reveal a look of deep surprise.

It seems that he did not expect that this ice dragon would bring him such huge profits and breakthroughs.

After all, you must know that this ice dragon has just transformed into a dragon, but Ye Feng thinks it is normal.

After all, this ice dragon can transform from a big snake in the ice pond into a dragon. It can be seen that this big snake should have inherited the blood of some kind of ice attribute dragon from the ancient times. With this advanced The dragon transformed from his bloodline naturally contains a huge amount of blood energy, allowing Ye Feng to make a quick breakthrough.

At this time, Ye Feng's eyes suddenly revealed a look of deep joy. This time, he happened to meet the Old Man of Ten Thousand Beasts and cooperated to kill these ancient monsters. It can be said to be a huge destiny destined by fate. , which has improved his cultivation strength so much.

At this time, Ye Feng looked at the Old Man of All Beasts beside him and found that the Old Man of All Beasts had fused the two dragon horns and the inner elixir, and it seemed that the aura of his cultivation had become even more unfathomable.

At this moment, Ye Feng couldn't help but said happily: "It seems that the senior's cultivation strength has recovered a lot. I wonder if it has returned to one-tenth of its peak as predicted by the senior." What about two?"

When Old Man Beast heard Ye Feng say this, he slowly opened his eyes and said loudly: "Indeed, this ice dragon is very extraordinary. It has obtained special parts of its body and merged with my own body. Among them, using the Ten Thousand Beasts Technique, my immortal body of all beasts has been restored a lot, and we can go directly to find the ancient tomb of the Lord of the Wilderness, the Nine-Eyed Black Flame Qilin."

But just when the two of them flew out of the pool and landed on the ground, suddenly three behemoths rushed over from the surroundings, possessing extremely terrifying power, which made Ye Feng and Old Man Beasts unable to bear it. His expression suddenly changed.

The old man of Wanshou immediately couldn't help but said: "No! It's the helper called by the ice dragon just now! Three ancient monsters came at once!"

Chapter 4810 Huaxian Valley

At this moment, Ye Feng and Old Man Beasts suddenly saw three towering ancient beasts rushing over from all directions.

Among these three ancient beasts, one is a huge ape covered with golden scales. He also holds a large iron rod in his hand and looks very ferocious.

The second ancient demon beast was a huge crocodile covered with silver scales. It opened its bloody mouth and seemed to be able to swallow the entire world.

The third ancient monster is a flower fairy who looks a bit beautiful.

However, the wings on the back of this flower fairy are dark in color, giving people a strange beauty.

At this moment, three ancient monsters rushed towards Ye Feng and Old Man Beasts instantly.

The cultivation aura emanating from their bodies was actually much more powerful than that ice dragon.

At this moment, Old Man Beasts did not show any panic on his face, but looked at everything coldly.

Obviously, after the Old Man of Beasts fused the special body parts of the Ice Dragon and the Nine-Headed Serpent, his strength has recovered a lot, and he is no longer afraid of these so-called extremely powerful ancient monsters.

At this time, Ye Feng was standing beside Old Man of Beasts, with a trace of solemnity in his eyes.

Because the strength of these three ancient monsters is two or three levels higher than that of Ye Feng now, and they are also the descendants of ancient monsters with special bloodlines passed down from ancient times, and each of them has extraordinary talents and magical powers. The

strength is naturally very terrifying. Ye Feng alone will definitely not be able to defeat these three ancient beasts together.

But now Ye Feng knows that Old Man of Beasts has recovered a lot of strength, and now he only needs to follow this old monster, Old Man of Beasts.

At this moment, Ye Feng didn't say anything more, because he saw the face of Old Man of Beasts, and he didn't have the slightest fear.

There was an escape.

Ye Feng guessed it immediately, and estimated that the old man of beasts might already have a countermeasure.

At this moment, Ye Feng only needs to watch the performance of Old Man of Beasts.

Sure enough, the old man of Wanshou looked at the three ancient monsters rushing around him at this time, and immediately said coldly: "You three ancient monsters, you don't stay in the depths of the wild forest, and you are still here?" It is simply ridiculous to dare to come in front of me and want to kill me."

After finishing speaking, Old Man of Ten Thousand Beasts suddenly shouted: "The body of ten thousand beasts!"

Buzz!

At this moment, Old Man Beasts suddenly expanded rapidly, and then directly expanded into a monster-like giant composed of countless monster beast bodies.

At this moment, the old man of all beasts has obviously manifested the bodies of all the ancient monster beasts that were integrated into his body, so he turned into this very weird monster giant.

After the Old Man of Beasts turned into a monster giant, he seemed to have the power of an ancient god.

He immediately grabbed it forward with both hands.

The ancient monster, which was very powerful in Ye Feng's eyes, was as weak as an ant in front of the monster giant transformed by Old Man of Beasts at this moment. It was directly suppressed by the two palms of Old Man of Beasts. on the earth.

Whether it was the huge ape with an iron rod and covered with golden scales, or the huge crocodile with silver scales all over its body, at this moment, under the bombardment of the two hands of the old man of beasts, all of them were pressed down. It fell to the ground and couldn't move at all.

And the third ancient monster, the one with

The flower fairy with black wings was so frightened that her face turned pale, and she immediately ran away crazily into the distance.

However, at this time, two terrifying rivers of ice suddenly burst out from the eyes of Old Man Beasts. They hit the flower fairy instantly and sealed it in the ice.

Seeing this scene in front of him, Ye Feng immediately showed deep astonishment in his eyes.

Unexpectedly, after the Old Man of Ten Thousand Beasts transformed into the body of Ten Thousand Beasts, he would have such terrifying strength.

At this moment, Ye Feng couldn't help but look at Old Man of Beasts and said loudly: "Senior, I just heard you say 'no' under the pond. I thought I was going to escape with senior. Unexpectedly, senior suppressed these three ancient monsters in just a few seconds."

At this time, the old man of Wanshou smiled slightly and said aloud: "I thought the three monsters that came just now were very terrifying. They were some of the overlord monsters in the wilderness, but I didn't expect that they were only stronger than the ice dragon just now. Just a little bit, it seems that he is just a friend of the ice dragon, so this is a false alarm. "

When he said this, the old man of all beasts immediately looked at the three beasts, and directly crushed the golden-scaled ape holding an iron rod and the crocodile covered with silver armor into pieces and fused them together. in his own body.

There was a flash of light on his body, and it was obvious that the body of all beasts had become more powerful.

When Ye Feng saw this scene, his eyes suddenly showed a look of pity.

This time, the Old Man of All Beasts fused the entire demonic beast, and did not leave any remaining body for himself to devour.

At this time, Old Man Beasts suddenly looked at the Flower Fairy who was frozen by him not far away, with a look of surprise in his eyes, and said loudly: "This Flower Fairy,

It was originally the weakest spirit in the world. Unexpectedly, it has cultivated to the same level of power as this ancient monster. Its wings are black. It seems that it has inadvertently absorbed some very terrifying demonic energy before it became a monster. It's so powerful. I don't need this kind of thing. It's full of demonic power. It's a kind of harm to my body of beasts. There are too many impurities. . "

Hearing what the Old Man of Ten Thousand Beasts said, Ye Feng's eyes lit up, and he flew directly in front of the frozen ice and shattered the ice with one punch.

The flower fairy inside had turned pale from the cold. At this moment, she couldn't help but knelt down and said loudly: "Two adults, spare your life, two adults, spare your life."

Obviously, this flower fairy has also cultivated her own spiritual wisdom.

Ye Feng was about to take action and devour the flower fairy directly.

But at this moment, Hua Xianzi hurriedly said: "As long as the little demon survives, the little demon can take the two adults to our Hua Xian Valley. There are many ancient elixirs growing in it, and our Hua Xian Valley There is also an ancient legend circulating. It is said that in the deepest part of our Huaxian Valley, an ancient strong man who was seriously injured and fell from the sky once fell. However, the deepest part of our Huaxian Valley is sealed by an ancient formation. I can't Entering it, but a black round bead I accidentally obtained from the edge of the sealed place can turn me into such a powerful monster, which is enough to prove how powerful the severely injured ancient strongman in the seal is. Very powerful."

Hearing what Hua Fairy said, Ye Feng and Old Man Beasts immediately looked at each other.

The old man of all beasts couldn't help but said: "It seems that I guessed it right. This flower fairy can cultivate from the weakest spirit to the level of a powerful ancient monster. He must have received other opportunities. , just save this Flower Fairy's life first, and let's go to the Flower Fairy Valley to take a look."
