### Chapter 51 A light smile

He knew the eldest lady Ye Shenyue very well, and there was no way she would agree to marry the young city lord Chu He. Ye Shenyue once secretly told herself that she hated Chu He very much.

But why, now she agrees?

"Does the eldest lady have her own reasons for the decision made by the family elders?"

Ye Feng thought in his mind and walked straight towards Ye Shenyue's residence. No matter what, he wanted to figure everything out.

After all, Ye Shenyue was a relatively familiar friend to him, and he was a member of the same clan. He wanted to know the truth.

The wedding is happening in three days?

If she really did it of her own free will, Ye Feng wouldn't care about it anymore.

But if Ye Shenyue was forced by threats to agree to the wedding three days later, then Ye Feng would never show mercy to anyone!

Outside a palace in the central area of the Leaf Clan.

A solitary blue figure was standing beside a pond and rockery.

Ye Shenyue, the eldest lady of the Ye family, was in a daze, staring at the fish in the pond.

The blue dress outlines her perfect and graceful figure, but her beautiful face is full of sadness at this time.

Ye Shenyue looked at the fish in the pond, with a bitter smile on her fair and holy face, "Fish, fish, if only I could be as free and carefree as you, how wonderful it would be... well..."

She sighed, and for some reason, her blue eyes reflected the figure of a handsome young man in white clothes.

"Ye Feng..."

Ye Shenyue murmured. When she was most helpless now, the only person she could think of was the figure of the young man in white.

Unfortunately, more than a month ago, the young man in white disappeared into the wilderness. She went back to look for him, but she was not sure whether Ye Feng was still alive in this world.

"But my father's injury requires the dragon blood elixir from the City Lord's Mansion to be healed. If I don't marry Chuhe, he won't give it to me.

That Dragon Blood Pill..."

Ye Shenyue fell into endless despair at this time. Thinking of Chu He's ferocious face that threatened her some time ago, she felt sick in her heart.

However, if you don't agree to marry Chu He, you won't get the dragon's blood pill.

Although her father did not want her to get married, as a daughter, how could Ye Shenyue watch her father die like this.

"There are three days until the wedding day. Ye Feng, where are you..."

Ye Shenyue fell into deep depression. Although she was the proud daughter of the Ye clan and a disciple of the Sword Sect, at this moment, she also felt a deep sense of powerlessness.

She couldn't break the deadlock at all, and marrying Chu He seemed to be the only way.

However, Ye Shenyue felt so unwilling to marry someone she hated so much.

"Tap tap tap..."

Suddenly at this moment, a slight sound of footsteps suddenly sounded beside Ye Shenyue.

"who is it?"

Ye Shenyue's eyes turned cold, she stood up suddenly and looked behind her.

But with just such a turn, Ye Shenyue saw a handsome young man in white clothes standing in front of him.

It was exactly the same as the figure that I had just imagined in my mind.

"Ye Feng..."

Ye Shenyue's voice was trembling a little, she was afraid that everything in front of her was an illusion.

The eldest lady of the Ye clan stretched out a trembling little hand as white as jade and touched Ye Feng's face.

"Miss, it's really me, I'm back."

When Ye Feng saw Ye Shenyue's haggard face, he immediately understood that this wedding was definitely threatened and forced by someone.

At this moment, Ye Feng suddenly held Ye Shenyue's white hand and said in a cold voice: "Miss, what happened?"

Half an hour later, Ye Shenyue told the truth.

It turned out that the head of the Ye clan, Ye Shenyue's father, was seriously injured and his life was in danger. He needed the most precious treasure in the city lord's mansion, a dragon's blood pill to heal his injuries.

And Chu He, the young city lord of Nanyang County, had been coveting the beauty Ye Shenyue for a long time.

He was cunning and cunning, and took advantage of this opportunity to directly blackmail Ye Shenyue into marrying him.

Otherwise, he would never give the Dragon Blood Pill to the Ye Clan.

In addition, the elders of the Ye clan all united in order to curry favor with the city lord's mansion behind Chuhe.

This group of aloof elders showed their ugly faces and forced Ye Shenyue to marry Chu He, otherwise they would drive Ye Shenyue's father Ye Tianya away from the position of head of the family.

"A bunch of old immortals! And Chu He is so insidious!"

After Ye Feng heard everything, a cold and strong murderous intent suddenly appeared in his eyes.

Chu He was just sinister, but he didn't expect that the family's elders, who were supposed to be the family's backbone, would actually sacrifice Ye Shenyue, the family's eldest daughter, to please the city lord's palace at this time.

Outside the palace, Ye Feng stared at the beautiful woman in front of him, took her hand and walked towards the family center hall: "Let's go, I will take you to make it clear to the elders that you do not agree to this marriage."

"Ye Feng, but the family elders in the elder group are very powerful. We are no match for them. Even my father, as the head of the family, is helpless."

Ye Shenyue's beautiful eyes had a look of despair as she said aloud that she didn't want Ye Feng to die for her.

But at this time, Ye Feng suddenly turned around, stared at her, and said solemnly: "You are my friend and my sister from the same clan. No one can force you to do something you don't want to do, I said so!"

Ye Feng's tone was sonorous and powerful, full of toughness that could not be rejected.

Ye Shenyue looked at the serious man's face in front of her. Her beautiful eyes trembled slightly. She didn't say anything, but tears overflowed from the corners of her eyes.

"No one can force you to do something you don't want to do. What I said..."

Ye Feng's sonorous and powerful voice rang in her mind. At this moment, Ye Shenyue suddenly understood why many girls always hope that a hero of their own will appear to save them when they are in the most critical moment. .

In the past, Ye Shenyue, as a proud daughter of heaven and powerful, felt that these were just the thoughts of some delicate little girls.

But now, as the eldest lady of the Ye Clan looked at the tall man pulling her towards the central hall, she suddenly understood the infatuating feeling.

When his unparalleled hero appeared, Ye Shenyue suddenly felt an unprecedented sense of security and warmth.

"Ye Feng, no matter what, thank you."

Ye Shenyue had decided at this time that if Ye Feng went there this time and angered the elders, and was killed by the family elders in the elders, she would die with Ye Feng.

"It turns out that when I desperately returned to the wilderness to look for you, Ye Feng, I might have fallen in love with you..."

Ye Shenyue was being pulled by Ye Feng at this time, and she was thinking silently in her heart. A faint smile suddenly appeared on her beautiful and charming face, which was so beautiful that it was shocking.

...

## Chapter 52 Smile

In the central area of the Ye Clan, there is a magnificent meeting hall.

The atmosphere in the entire palace was filled with the smell of gunpowder.

At this time, the head of the family, Ye Tianya, faced the persecution of more than a dozen elders, and he was very angry. His face was extremely pale because of the serious injuries on his body.

Ye Tianya stared coldly at the group of more than a dozen elders, and said: "Uncles and elders, I don't think there is any need to discuss this matter anymore. It is impossible for me to agree to this girl Shenyue marrying that sinister boy named Chu He! "

However, after Ye Tianya finished speaking, more than a dozen family elders in the entire hall remained silent, with their eyes slightly closed, as if they didn't care at all what the family head said.

Because these family elders are all elders of the Ye clan and have strong cultivation, they are not afraid of Ye Tianya's so-called status as the head of the family.

In fact, all the decisions of the entire Ye Clan have always been in the hands of this group of elders.

Finally, an old man in green clothes finally spoke up, but his tone was also lazy, and said: "Ye Tianya, you have to agree even if you don't agree. This marriage has been decided, and the wedding must be held in three days. No one can stop it."

"you.....!"

Ye Tianya's eyes were frightened and angry, and a trace of blood spilled from the corner of his angry mouth.

Obviously, the elders of this group of elders did not give him any respect at all.

All decisions are in the hands of these elders, who are strong and domineering.

"Don't argue anymore."

At this time, the old man sitting in the middle of a group of elders suddenly spoke up.

He was wearing a golden robe. Although he was old, he was tall and powerful, and his every move made the air vibrate.

This old man, named Ye Yuanlong, is the commander-in-chief of the elder group, and he is also the supreme elder respected by countless people in the Ye clan.

His cultivation is unfathomable. Although he is old, he is as powerful as a lion and a tiger. No one can disobey his will.

Ye Yuanlong opened his eyes at this time. His old eyes were filled with supreme majesty. He stared at Ye Tianya and said: "Ye Tianya, you are the head of the Ye clan. You should not only pursue your own selfish interests. You must think about the family."

When Ye Tianya saw the Supreme Elder, Ye Yuanlong, the most powerful person in the entire Ye clan, said this, the look in his eyes completely dimmed.

"What a person who thinks about the family! Are you sacrificing family members just to please the city lord's palace? Is this thinking about the family?"

Suddenly at this moment, a cold and majestic shout suddenly came from outside the hall.

"who is it?"

"Who dares to be so presumptuous?"

"You dare to speak like this in front of our elders. Don't you want to live?"

All the elders of the group of elders opened their eyes one after another at this time and looked towards the door of the hall with furious expressions.

They are accustomed to being aloof and cannot tolerate anyone challenging their authority!

In the sight of everyone in the hall, a handsome young man in white clothes stepped in from outside the gate.

He stood tall and straight, with eyes like swords. He held Ye Shenyue, the eldest daughter of the Ye clan, with one hand and walked slowly over, his eyes cold and firm.

"Shenyue!" Ye Tianya, the head of the Ye clan, immediately changed his eyes and said, "Shenyue, run away! Dad's injuries don't matter, I don't need your pity, as long as you are happy!"

"Humph, now that you're here, don't leave, just send Shenyue this

The disobedient girl was put under house arrest and given to Young City Lord Chu He after three days! "One of the elders, Su Lao, said sadly.

At this time, Ye Yuanlong, the supreme elder who commanded the entire group of elders, stared at Ye Feng with his old eyes, and said without any emotion in his voice: "It is not good for young people to be so arrogant, and who are you? I don't know you, but when did such a bold descendant appear in our Ye clan?"

"Reporting to the Supreme Elder, this boy's name is Ye Feng. He is just an adopted son of our Ye Clan who was picked up from the street. He is usually a slave and feeds the horses in the mansion."

Suddenly at this moment, a young voice full of contempt suddenly sounded from the side door of the hall.

A young man wearing blue brocade clothes walked in from the side door of the hall. Next to him stood a middle-aged man with a deep breath, obviously a master.

"Ye Qingsong and his son."

Ye Tianya frowned slightly.

The two people who walked in from the side door were Ye Qingsong, the second master of the Ye clan, and his son, Ye Ling.

This Ye Qingsong is Ye Tianya's half-brother, and he has been competing with him for the position of head of the family.

At this time, Ye Ling, the second young master, walked up to Ye Yuanlong, the supreme elder, and bowed deeply.

This made Ye Yuanlong nod and smile, and said: "Ling'er, yes, your cultivation has reached the first level of the Lingwu Realm. Among the younger generations of the Ye Clan, you are the backbone and the next choice for the head of the family. You are the best."

"Thank you so much, great uncle!"

When Ye Ling heard what Ye Yuanlong said, his face immediately turned red with excitement.

He knew that Ye Yuanlong, the highly respected and unfathomable Supreme Elder, was the real controller of the entire Ye clan.

What Ye Yuanlong said is absolutely a golden rule, and no one can disobey it.

At this time, Ye Tianya's eyes darkened, staring at the middle-aged man beside Ye Ling, and said: "Ye Qingsong, what are you doing here? The things discussed here seem to have nothing to do with you, even if Ye Ling is a talented kid. Extraordinary talent is also a matter for the next generation. In this generation, I am still the head of the family. "

Ye Tianya said this with a domineering tone.

Although he had no temper in front of the elders.

But for people of his generation, he is still the head of the Ye clan who cannot be offended!

But Ye Qingsong was obviously not afraid at all. He just said with a smile: "Brother, your injuries are so serious. I'm afraid you will die soon. Why are you still showing off your majesty as the head of the family in front of me? How ridiculous."

"you.....!"

Seeing Ye Qingsong's contemptuous look, Ye Tianya was so angry that he covered his chest and trembled all over.

"Have you become completely dispensable in this family?"

Ye Tianya had a sad smile on his face.

"father!"

When Ye Shenyue saw Ye Tianya's face turned pale and more blood spilled from his mouth, her expression immediately changed and she hurried over.

"Shenyue, go quickly! Escape from this family that is rotten to the core! Although dad is seriously injured, he will risk his life to protect you!"

Ye Tianya suddenly roared loudly, rushed in front of Ye Shenyue and Ye Feng, and blocked the two of them. The shadow of a golden lion suddenly appeared all over his body.

It's the Ye Clan's inherited technique, the Nine Heavens Lion Technique! In the central area of the Ye Clan, there is a magnificent meeting hall.

The atmosphere in the entire palace was filled with the smell of gunpowder.

It's the Ye Clan's inherited technique, the Nine Heavens Lion Technique!

Chapter 53 Completely Abandoned

The head of the End Family yelled at Ye Feng: "Girl Shenyue once mentioned you to me. You have extraordinary talent and will definitely achieve something in the future. Girl Shenyue, I will leave it to you!"

From the moment Ye Tianya burst out with strength and rushed in front of Ye Shenyue and Ye Feng, all these movements and the whole process were very fast and sudden.

In the entire hall, including the elders, all the elders failed to react immediately. They seemed not to have expected that Ye Tianya would suddenly explode.

"presumptuous!"

Ye Yuanlong, the supreme elder, shouted angrily and stood up from his chair.

boom!

It was like an evil beast had awakened. Although Ye Yuanlong was nearly a hundred years old, at this moment, his whole body was filled with a terrifying aura as vast as the sea, as heavy as a mountain, and suffocating.

"This is... Tianwu Realm cultivation!"

Ye Tianya's face suddenly showed a look of deathly gray.

A top expert at the Tianwu realm. ??

This kind of cultivation means unstoppable.

Today, none of them may be able to leave.

So Ye Tianya was completely desperate at this time.

"Tianwu realm cultivation!"

"Great uncle finally broke through the final bottleneck and entered the Tianwu realm!"

"Our Leaf clan is about to rise completely!"

Everyone in the entire central hall exclaimed in surprise.

Ye Shenyue's face was even more pale. She held Ye Feng's palm, her beautiful eyes showed a look of death, and she thought to herself: "Being able to die with you, Ye Feng, maybe this is the best destination for me."

The terrifying aura on Ye Yuanlong's body instantly suppressed the golden lion's shadow on Ye Tianya's body.

Ye Tianya was suddenly discouraged and sat on the ground blankly. He looked at Ye Shenyue and Ye Feng beside him and said in pain: "

I'm sorry for you. "

Ye Yuanlong has broken through to the Tianwu realm. Who else in the entire Ye clan can disobey him?

At this time, Ye Ling, the second young master, suddenly stared at Ye Feng and said coldly: "This slave dares to be so close to the eldest lady Ye Shenyue. The two of them must have had an affair

for a long time. If word of this spreads, I, Ye, The clan's reputation will be lost in an instant. When the people in the City Lord's Mansion are blamed, it will be difficult for our Ye clan to deal with it."

Ye Ling spoke at this time in a strange and sinister manner, which made Ye Shenyue furious: "Ye Ling, please keep your mouth clean and don't confuse right and wrong!"

But at this time, Ye Yuanlong nodded and said: "Family scandals cannot be made public, so let's execute this Ye Feng secretly first."

Ye Yuanlong said at this time, regained his momentum and sat on his chair.

At this time, Ye Qingsong, the second master of the Ye clan, suddenly had a look in his eyes, and he immediately whispered to his son Ye Ling: "Ye Ling, go kill that Ye Feng. Grand uncle is giving himself a chance to show off. You Go kill Ye Feng and establish your authority. After Ye Tianya dies, you can immediately become the next generation head of the family.

When Ye Ling heard his father say this, he immediately said excitedly: "Thank you so much, uncle."

Ye Yuanlong just smiled and nodded lightly, as if he was admiring the intelligence of the second young master Ye Ling.

Ye Ling walked towards Ye Feng, his eyes shot with explosive intent.

Ye Tianya immediately shouted: "This matter has nothing to do with Ye Feng, Ye Qingsong, please tell your son to stop!"

Ye Qingsong smiled coldly and said: "From the time when Ye Feng questioned the great uncle's decision just now, his fate has been determined, and that is to die to repent for offending the great uncle's majesty.

"

"you.....!"

Ye Tianya was furious. Ye Qingsong wanted to use the power of the elders to eradicate them. What else did he want to say.

But at this time, Ye Feng interrupted Ye Tianya's words and said calmly: "Master, there is no need to condescend to plead for me. I brought the eldest lady here today, and I have no intention of leaving. I must tell everything today. It's clear that those who need to be dealt with will also be dealt with."

After saying that, Ye Feng suddenly stared at Ye Ling who was walking not far away, and said indifferently: "You should have finished saying what you should say. From now on, it is my turn to do something. Your name is Ye Right, let's start with you."

Ye Ling saw Ye Feng's indifferent look, he suddenly smiled gloomily and said: "A slave, what's so arrogant about!"

"Snapped!" ??

But the moment Ye Ling finished speaking, a powerful slap hit him directly in the face.

"Pfft!"

The second young master of the Ye Clan immediately spat out a mouthful of blood. He had countless broken teeth, and was suddenly blown away. He hit a pillar in the hall and fell hard to the ground.

The one who took action was naturally Ye Feng.

But no one saw what he did just now.

"What?!"

The dozen or so elders in the group of elders on the field all looked shocked.

Including Ye Yuanlong, the Supreme Elder, they all stared at the young figure in white clothes not far away.

Ye Qingsong, the second master of the Ye clan, was even more horrified. He immediately came to his son Ye Ling, hugged Ye Ling and cried bitterly: "Ling'er's head was broken in half, he won't survive! Even if he can't survive! If he survives, his brain will be damaged and he will become an idiot!"

Ye Qingsong's eyes were full of hatred. He stood up and stared at Ye Feng, shouting: "You are so cruel!!"

There was no expression on Ye Feng's face, he just said calmly: "Your son has a bad mouth. He is a slave all the time. Sooner or later, if he angers others, he will be killed. I will slap him now and beat him into a fool." He can spend the rest of his life stupid, and I'm helping him."

"you.....!"

Ye Qingsong's elation just now suddenly turned into despair and despair.

If his son is ruined, he is also ruined.

This feeling is like falling from heaven to hell in a dark and dark place.

"I'll fight this vicious boy like you!"

Ye Qingsong roared loudly, and a powerful aura from the seventh level of the Spiritual Martial Realm suddenly surged from his body.

Roar!

A golden lion suddenly appeared on Ye Qingsong's body, and he instantly possessed the powerful power of the king of beasts.

"Am I vicious? The really vicious ones are you guys, right?"

Ye Feng sneered, stretched out one hand and grabbed Ye Qingsong from a distance.

"boom!"

The vitality of the world boiled, and a huge spiritual hand suddenly appeared above Ye Qingsong's head. Like a mountain, it came down with a bang and directly suppressed Ye Qingsong.

"Wow!"

The golden lion on Ye Qingsong's body was shattered, and his whole body was suddenly blasted to the ground by the big spiritual energy hand, spurting out a mouthful of blood.

All the bones and meridians in his body were destroyed at once, and he could no longer survive. Even if he survived, he would become a cripple.

In just a short moment, Ye Ling was beaten into a fool, and Ye Qingsong was completely destroyed!

Chapter 54 Not worthy

"What?!"

If Ye Feng had slapped Ye Ling away just now, everyone would have been shocked.

But now that he suppressed and destroyed Ye Qingsong with one hand, the feeling it brought to everyone was shocking!

Moreover, it was a deep shock!

Ye Qingsong, the second master of the Ye Clan, is the top strong man among the Ye Clan!

In addition to the elders of the elder group, Ye Qingsong is the strongest person on the first level of the Ye clan.

Even if Ye Tianya, the head of the family, fights Ye Qingsong, he may not be able to defeat Ye Qingsong.

But now, such a strong man was suppressed by Ye Feng with one hand.

What a terrifying combat power this is!

At this time, Ye Tianya was stunned. This boy who looked to be only sixteen or seventeen years old was actually so strong.

"Ye Feng!"

At this time, even Ye Shenyue's beautiful eyes were shocked, but immediately, the young lady's heart was full of surprises and sweetness!

She stared at the back of the young man in white clothes. The bitterness and despair on the alluring face finally disappeared completely.

Ye Shenyue knew that this time when he returned, Ye Feng looked different from before, more mature and much more stable.

She knew that Ye Feng must be stronger than before, but she never expected that Ye Feng would become so powerful in just over a month after his return this time.

"You must have suffered a lot this month..." At this time, Ye Shenyue stared at Ye Feng's back with her beautiful eyes. In addition to shock, there was also a deep concern in her heart.

"Great uncle! Please take action and kill this vicious boy..."

Ye Qingsong lay on the ground, his meridians all broken. He was so desperate that he could only place his hope on the invincible Grand Elder Ye Yuanlong.

"You dare to say that you want me to die?"

Ye Feng's eyes suddenly turned cold, revealing a piercing murderous intent. He stretched out his hand and sucked a long knife on the shelf beside the hall into his hand.

Daoguansenhan

, Ye Feng held the knife and walked directly to Ye Qingsong, the second master of the Ye clan, to kill him.

"enough!"

Suddenly Ye Yuanlong spoke up, his tone filled with supreme majesty.

"not enough!"

But at this time, Ye Feng suddenly roared.

"Pfft!"

He killed Ye Qingsong with one knife.

"presumptuous!!"

Ye Yuanlong roared instantly.

The Supreme Elder of the Tianwu Realm finally broke out, and a surge of majesty surged from his body.

boom!

A golden lion was ten times the size of what Ye Qingsong had condensed on his body just now.

The phantom of a golden lion dozens of meters tall and majestic appeared around Ye Yuanlong, making people feel as if they were facing a real king of beasts, suffocating.

"You are the one who is presumptuous!"

Ye Feng suddenly turned around, and a huge martial arts aura also erupted from his body.

That momentum was even more powerful and boundless than Ye Yuanlong's.

"What?"

"Tianwu realm!"

At this moment, the entire hall fell into deathly silence.

Even Ye Yuanlong, the unrivaled and majestic Supreme Elder, was stunned.

The aura on Ye Feng turned out to be that of the Tianwu realm!

"How can it be!"

"He is only seventeen years old!"

At this moment, countless old men stood up from their chairs, their eyes filled with horror and shock.

quiet!

Deadly quiet!

Everyone in the entire hall was full of shock, staring at the figure of a young man wearing white clothes and snow.

A seventeen-year-old Tianwu realm expert!

This is simply...

"It's amazing!"

"It's so scary!"

All the elders, who were usually stern and unsmiling, all had wonderful expressions at this time, with faces full of disbelief.

"This child Ye Feng is actually a being in the Tianwu Realm..." Ye Tianya, the head of the Ye Clan, was also speechless at this time, feeling incredible.

After all, a little-known adopted son of a family suddenly became a super master who could rival the Supreme Elder.

This is equivalent to a stinky beggar who begs for food at your door every day, and suddenly one day becomes a high-ranking emperor.

This strong contrast gives everyone an incredible feeling, like an illusion.

But at this time, Ye Feng's extremely terrifying aura of a strong man in the Tianwu Realm struck hard on everyone's heartstrings.

Everything in front of me is not fake, it is real!

Among the Ye clan, a strong young man at the Tianwu realm appeared unexpectedly!

Everyone was shocked, even many elders in the elders were speechless.

Seeing this scene, a gloomy look appeared on the majestic and old face of the Supreme Elder Ye Yuanlong.

He felt his unrivaled authority and was provoked.

Ye Yuanlong immediately stared at Ye Feng across from him and shouted: "Who are you pretending to be? A boy of only seventeen years old cannot have such a powerful cultivation! You must be a master in some family, Pretending to be a member of my Ye clan, he wants to infiltrate our family and destroy our entire family!"

Hearing this, Ye Feng just sneered and said: "Ye Yuanlong, all

At this time, I still want to deceive myself and others. If I am really pretending to be a strong man in a family, will I be stupid enough to play the role of an insignificant adopted son of the family? "

"You dare to call me by my first name?"

Ye Yuanlong said angrily: "An adopted son of a family like you is not worthy of being in our Ye Clan. You should have just stepped into the Tianwu Realm. Leave quickly. I won't take action against you. The affairs of our Ye Clan, Solve it yourself."

When Ye Feng saw Ye Yuanlong like this, he knew that the old man was angry, but he didn't dare to take action against him, so he said this.

Ye Feng couldn't help laughing and said: "Ye Yuanlong, at this time, you still want to show off as the ancestor of the family. It may be useful to other people, but it doesn't exist for me!"

boom!

As Ye Feng spoke, a sense of vicissitudes of life suddenly surged through his body.

Behind him, six behemoths suddenly appeared in the void.

Those were six ancient dragon elephants as towering as mountains!

Each ancient dragon elephant has limbs as thick as sky pillars, and its body is covered with dense dragon scales. With a breath of its proboscis, mountains and rivers are broken, and the earth is destroyed.

"Tap, step, step..."

Ye Feng's aura soared into the sky, and the six ancient dragon elephants around him roared. He seemed to have stepped from the ancient times, and the entire hall was suddenly enveloped by a vast and vast aura.

He walked towards Ye Yuanlong step by step, with a look that looked down upon the common people. The golden lion figure around Ye Yuanlong suddenly retreated crazily in fear.

"In front of me, you still want to show off the majesty of the ancestor of the family. Let me tell you, it is useless. You, an old man who only wants to please the city lord's palace and sacrifices people in the family, is no longer worthy of becoming the supreme leader of the Ye clan. Elder."

As Ye Feng spoke every sentence, his aura became more and more powerful. In the eyes of everyone, he had become a giant towering into the sky.

Chapter 55: Eternal vicissitudes

"Ah! Little bastard, come and die!!"

Ye Yuanlong couldn't stand the terrifying pressure. He roared and rushed towards Ye Feng, displaying a powerful set of martial arts to suppress the clan: the Lion Beast King Fist!

Suddenly, huge golden lions appeared in front of Ye Yuanlong. They opened their teeth and claws, biting wildly, trying to devour Ye Feng.

"Roar!"

But at this time, the ancient dragon elephant around Ye Feng roared violently, as if a vast roar came from ancient times.

The ancient dragon elephant, in legend, is a powerful creature born from the combination of a true dragon and a divine elephant. Even in the ancient ancient times, it was the ruler of the earth and a supreme evil beast-like existence. ??

At this time, how could the mortal lions in front of Ye Yuanlong be the opponents of the ancient dragon elephant.

With just the momentum, Ye Feng stepped forward, and the majestic dragon elephant around him looked up to the sky and roared. The elephant's hooves, as thick as a sky pillar, stepped down with a crash, crushing everything.

"boom!"

Ye Yuanlong was directly knocked away by Ye Feng's Ancient Dragon Elephant Fist.

"Wow!"

The Supreme Elder of the Leaf Clan suddenly spurted out a mouthful of blood and fell to the ground, his eyes full of horror.

At that moment, Ye Yuanlong only felt that he had encountered an irresistible terrifying force. That kind of force was overwhelming and terrifying.

"What kind of martial arts is this Ye Feng practicing? How come he is so terrifying after entering the Tianwu realm for the first time!"

Ye Yuanlong was shocked.

"Defeated the ancestor with one move?"

In the main hall, everyone's eyes widened.

Even the eldest lady Ye Shenyue, who was most familiar with Ye Feng, had a pair of beautiful eyes that were so shocked that they were dull.

How terrifying is this strength?

Shock!

Extremely shocked!

Ye Feng stared coldly at Ye Yuanlong who fell on the ground and said, "What? Get up and fight again!"

"I... lost."

Ye Yuanlong patted the dust on his body, stood up, and wiped the blood from the corner of his mouth. He seemed ten times older and said feebly: "Ye Feng, from now on, the entire Ye clan will respect you."

"What?!"

All the elders, including Elder Su, Ye Tianya and Ye Shenyue, were all shocked.

Although Ye Yuanlong was defeated, he didn't give in to Ye Feng just like that.

Ye Yuanlong laughed at himself, if Ye Feng really wanted to kill him just now, he would have died.

"He who knows the current affairs is a hero."

Ye Feng pointed out a sword energy, rushed into Ye Yuanlong's Dantian, and said: "Ye Yuanlong, from now on, you must obey the instructions and arrangements of the family head wholeheartedly. If you dare to disobey, this sword energy will burst out instantly and pierce you." Dantian will make you a useless person in an instant."

When Ye Yuanlong heard this, his eyes suddenly changed, but in the end he could only sigh.

He walked up to Ye Tianya, bowed and said, "From now on, I will obey the master's arrangements in everything."

"Great uncle doesn't have to be like this. Great uncle has just broken through to the Tianwu realm and is still the pillar of my Ye clan. From now on, as long as great uncle is safe and can be a good elder, that's all."

Ye Feng dared to ignore Ye Yuanlong, but Ye Tianya did not dare. After all, Ye Yuanlong was an ancestor of the Tianwu Realm and his uncle.

However, with Ye Feng's words, this crisis was naturally completely resolved.

Moreover, in the future, Ye Tianya knows that the entire Ye clan, including the elders in the elder group, will no longer act so wantonly.

.

Everything is because of Ye Feng!

Ye Tianya walked up to Ye Feng, bowed and said sincerely and solemnly: "Thank you very much this time."

"You're welcome."

Ye Feng helped Ye Tianya up. The coldness and murderous look on his face dissipated, and he returned to his usual gentleness. He smiled and said: "The master of the family does not need to pay such a big gift. Although I am the adopted son of the Ye Clan, after all, the Ye Clan has had a great relationship with me since childhood. Thanks to my great upbringing, and the eldest lady and I are brothers and sisters of the same race, and we are also good friends, so it is appropriate to take action. "

"Sisters and sisters of the same race? Good friends?" Ye Shenyue, who was not far away, heard Ye Feng say this, and for some reason, she felt a faint sense of loss in her heart.

It turns out that Ye Feng did all this for him not because he liked himself, but because he and he were good friends and siblings of the same race.

"But no matter what, Ye Feng is definitely closer to me now than to any other woman."

Ye Shenyue thought this in her heart and became happy again. With her graceful figure, she walked to Ye Feng's side and suddenly hugged Ye Feng.

With Nephrite in his arms, Ye Feng was a little dazed. Smelling the faint fragrance of the young lady in his arms, Ye Feng couldn't help but ask: "What's wrong?"

"To thank you."

Ye Shenyue broke away from the embrace and took a step back. A trace of rosiness appeared on her beautiful face, which was very beautiful and moving.

When Ye Tianya on the side saw this scene, he was startled for a moment, then laughed loudly and said: "My big girl who has always been lonely and cold-blooded will become shy one day."

Ye Feng couldn't help but move his eyes when he heard what Ye Tianya said. He saw the blush on Ye Shenyue's beautiful face and couldn't help but secretly smile bitterly.

It turns out that the eldest lady may already have a vague feeling for herself.

But Ye Shenyue

It was impossible for Ye Feng not to fall in love with such a stunning beauty.

But now, he is not qualified to make any promises to anyone, especially his confidante.

The things he was carrying were too heavy.

I don't know where the spiritual world is yet.

He is still so weak.

It is also unknown whether his father, Emperor Ye Qing, is dead or alive.

The Tongtian Divine Dynasty founded by Gu Tongtian has definitely become an extremely terrifying behemoth after three thousand years.

If his identity as the prince of the God of Creation three thousand years ago was exposed.

I am afraid that what awaits me will be an overwhelming pursuit!

Ye Feng didn't want to hurt the people around him who he cared about.

So in this life, ever since he entered the path of cultivation, he has never wanted to get too close to others.

Because, in the future, I am destined to have endless killings.

But this is his own destiny.

God gave me a chance to live another life and wake up after three thousand years.

Ye Feng didn't want to be like an ordinary person and live this life in a haze.

Maybe that would be a carefree life, but it was not the life Ye Feng wanted.

As the prince of a subjugated country, the hatred of his family and the country, and his father who did not know whether he was alive or dead, had always touched the deepest part of Ye Feng's heart.

"If these mountains and rivers are not there, what use will my broken body have?"

Ye Feng's eyes showed a firmness and coldness as if they had experienced the vicissitudes of time.

Perhaps, after I have completed all my responsibilities, I will be relieved of all my burdens.

At that time, I can truly be free and unrestrained in the world, and be intoxicated in the magnificent mountains and rivers with my confidante, brothers and friends.

Chapter 56 The insidious villain

Ye Shenyue noticed the change in Ye Feng's eyes.

She didn't understand why this young man, who had not yet started his career, had such complicated eyes.

The look in her eyes that seemed like an eternity of loneliness made the eldest lady of the Ye clan feel that although she was standing next to Ye Feng, she was still far away from him.

"What on earth have you experienced..."

Ye Shenyue suddenly felt inexplicably distressed. She could feel that Ye Feng was under a lot of pressure and was not as happy and carefree as outsiders looked.

However, Ye Shenyue didn't ask any further questions. She just stretched out her small white hand and held Ye Feng's palm, as if she felt that doing so could bring some warmth and strength to Ye Feng.

"Thanks."

Ye Feng turned around and saw Ye Shenyue's beautiful and concerned eyes, and he smiled slightly.

"Report to the head of the family and the elders!"

Suddenly, a leaf clan guard ran into the central hall in a panic.

However, when the guard saw the blood-stained bodies of Ye Qingsong and Ye Ling on the floor of the hall, he couldn't help but be frightened.

"Say, what's wrong?"

But Ye Tianya spoke calmly.

The guard secretly wiped a cold sweat. It seemed that a big change had occurred at the top of the family, but it probably had nothing to do with him, a little guard.

The guard quickly clasped his fists, bowed and said: "Report to the family master, spies are here to report that a large number of black-armored troops have come from the direction of the city lord's palace, and they are menacing. The family spies are disguised in the black-armored army and have already learned that Chu, the young master of the city lord's palace, He seemed to be impatient with waiting, so he brought a large number of masters and black-armored troops from the City Lord's Mansion to come to our Leaf Clan and snatch the eldest lady directly!"

"presumptuous!"

Ye Tianya had never suffered such humiliation before. He immediately shouted an order: "Gather all the people of my Ye clan and wait outside the family gate. No one from the City Lord's Mansion can even think of stepping into my Ye clan's area today!"

With Ye Feng, a super master, Ye Tianya became more courageous, and he was no longer afraid of even the majestic City Lord's Mansion!

Ye Feng smiled slightly at Ye Shenyue beside him and said: "Miss, let's go and take a look. This Chuhe came just in time. He suppressed him and used his life to exchange for the dragon in the city lord's palace. Blood treasure pill to treat the owner's injuries."

When everyone heard what Ye Feng said, even Ye Yuanlong's mouth suddenly twitched. Ye Feng's words were really too fierce.

Boom!

Boom!

Accompanied by bursts of violent hoofbeats, the men and horses of the City Lord's Mansion, a large black mass, galloped from the road in the distance, and the sky was filled with smoke.

This group of men and horses is the guard army of the city lord's palace, a fearsome black-armored army. They are all tall and burly, wearing thick black armor. They hold long swords in their hands. The sword is cold and intimidating.

There are hundreds of people in this group of black-armored soldiers, and every one of them has at least entered the true martial realm.

A group of black-armored troops, all composed of real warriors, were really extremely fierce. In Nanyang County, this was a torrent of steel that could break through everything and tear everything into pieces.

At the forefront of the black-armored army, Young City Lord Chu He was riding on a tall iron-armored horse, with an aloof face and a look of contempt in his eyes.

Because he borrowed hundreds of black armored troops from his father, such a force was enough to run rampant throughout Nanyang County.

I thought that I could bring back the stunning Ye Shenyue from the Ye Clan right away.

, Chu He's face suddenly revealed a twisted excitement.

"Junior Sister Ye, you still can't escape from my grasp, hahaha."

Chu He burst into wild laughter, his whole body trembling, he couldn't wait any longer.

A black-armored soldier beside him hesitated for a moment and said to Chu He: "Young Master, it's better to be careful. After all, this Ye clan is also a big family in Nanyang County that has been passed down for hundreds of years."

In this regard, Chu He just smiled coldly and said disdainfully: "What a big bullshit family. Not to mention the Ye Clan, even the entire Nanyang County is just a remote small place. The Ye Clan are just a group of people who have never seen real people. He's just a frog in the well in the world, there's nothing to be afraid of."

Soon, this huge group of people arrived outside the Ye Clan's mansion.

Many residents on the surrounding streets were attracted and sounded frightened.

"This is the fearsome black-armored army from the City Lord's Mansion! The young talent at the front should be Chu He, the stunningly talented young City Lord from the City Lord's Mansion!"

"Yes, that's him! It is said that this Chu He is a high disciple in the largest sect of our Great Yan Dynasty. This time he comes to marry the eldest lady of the Ye Clan."

"Hmph, it seems that the eldest lady of the Ye clan has always deliberately kept a distance from this Chu He. This Chu He brought so many black armored troops this time. I am afraid that he has bad intentions. It is probably not to welcome a bride, but to rob someone!"

"Hush! If the people in the City Lord's Mansion heard what you said, they will definitely execute you on the spot!"

...

Everyone around was talking a lot.

Many people are worried for the Ye Clan. The Black Armored Army of the City Lord's Mansion is coming fiercely. If the Ye Clan resists stubbornly, it is likely to be directly destroyed.

At this time, the door to the Ye Clan's mansion suddenly opened.

Inside, the guards and disciples of the Leaf Clan walked out one after another. Their faces were nervous but full of death determination, staring at the dark black-armored army outside.

At this time, Ye Tianya also walked out with a group of old people.

Behind them, Ye Feng pulled Ye Shenyue and slowly stepped out.

"Look! The young man in white is actually dragging the beautiful eldest lady of the Ye clan with her. What is their relationship?"

"I know that young man in white. He is an adopted son in the Leaf Clan. He has always been in a low status. Why is he now surrounded by big figures from the top of the Leaf Clan, like he is the leader."

On the street outside, many people saw this scene, and their eyes showed surprise.

"Ye Feng, you're not dead yet!" Chu He was sitting on the tall horse. At this moment, he saw Ye Feng not far away, and his eyes were suddenly startled.

He thought that last time, Ye Feng had died in the hands of the demon from the Demon Blood Sect in the wilderness.

He saw Ye Shenyue actually taking the initiative to hold Ye Feng's hand and being pulled by Ye Feng. This intimate scene made Chu He feel shocked.

The young city lord of Nanyang County's eyes suddenly became extremely gloomy: "Junior sister Ye, you have agreed to my proposal before and will soon become my wife, but now you dare to marry other men So intimate!"

In front of the Ye Clan's mansion, Ye Shenyue's beautiful eyes suddenly revealed a look of disgust, and said: "Chu He, I was forced to make all the decisions before, so you can use the Dragon Blood Pill from the City Lord's Mansion. You came to threaten me and asked me to marry you, so you gave me the Dragon Blood Pill to treat my father's injury. Fortunately, I respected you as my senior brother before. You are a sinister villain!" Ye Shenyue noticed Ye! Changes in the look of the wind.

She didn't understand why this young man, who had not yet started his career, had such complicated eyes.

The look in her eyes that seemed like an eternity of loneliness made the eldest lady of the Ye clan feel that although she was standing next to Ye Feng, she was still far away from him.

You can use the Dragon Blood Pill from the City Lord's Mansion. You came to threaten me and asked me to marry you, so you gave me the Dragon Blood Pill to treat my father's injury. I still respected you as my senior brother before, but you are a sinister villain!"

Chapter 57 Shock from the soul

"Wow!"

The moment Ye Shenyue finished speaking, the entire venue suddenly fell into a state of excitement.

The people who were attracted on the street finally understood the truth of everything at this time.

It turns out that Chu He, the young city lord, is forcing the Ye clan into all this.

"This kind of behavior is so shameless!"

Someone in the crowd whispered.

"hateful!"

Chu He listened to the comments around him, and his handsome face suddenly turned extremely sinister.

His eyes flashed with murderous intent, and he said: "Ye Shenyue, how dare you speak to me like this. It seems that you trust Ye Feng next to you, but let me tell you, I am here today, no matter whether you answer or not Promise, I will snatch you away, you can only belong to me, and I will kill anyone who dares to stop me. If the Ye Clan dares to stop me, I will lead the Black Armored Army and crush the entire Ye Clan!"

Chu He's words were so domineering and cruel that people were shocked. .??.

The guards and disciples of the Ye Clan all had fearful expressions on their faces.

But at this time, the head of the family, Ye Tianya, suddenly sneered and said: "Young City Master, before you speak, you must first consider the consequences of your words."

"Hahaha!"

Chu He immediately laughed wildly, with deep disdain in his eyes, and said: "Consequences? What consequences can there be? Ye Tianya, what qualifications do you have to talk to me about the consequences?"

"The head of the family is naturally qualified."

At this time, Ye Feng suddenly spoke up.

He suddenly stepped forward and stood directly in front of everyone in the Ye Clan. He faced a large black armored army alone and said in an indifferent tone: "Whoever dares to step into the land of my Leaf Clan will die!"

"hiss!"

Almost at the moment Ye Feng finished speaking, everyone onlookers on several streets took a breath of air.

"This young man in white named Ye Feng has such a strong tone!

Chu He even laughed loudly and said: "Ye Feng, what are you pretending to be here? Don't I know your true identity? An adopted son of a family with a humble status. Relying on some small opportunities, he can barely keep up with a peerless genius like me. , Under the trampling of the black-armored army, nothing can resist it!"

The moment Chu He finished speaking, his eyes showed deep ferocity and cruelty, and he shouted to all the black-armored troops in the rear: "Attention, everyone, load up your bows and arrows. First, shoot all the resisting Ye clan people with repeating crossbows and arrows." kill!"

"Yes, Young City Lord!"

Swish, swish, swish!

Swish, swish, swish!

Hundreds of black-armored soldiers had cold eyes. They took out the war repeating crossbows they carried on their backs, mounted their black iron bows and arrows, and aimed them coldly at the entire Ye Clan mansion.

These war crossbows are all made of fine iron, and the arrows can pierce thick city walls.

This was originally a powerful killing weapon for attacking camps, but now it was brought by Chu He. This is an invincible killing weapon in the city lord's palace!

"No wonder this young city lord has such strong self-confidence. Hundreds of war repeating crossbows are released in an instant. I am afraid that even a top master at the ninth level of the Spiritual Martial Realm will be shot and killed in an instant!"

On the street, everyone watching the battle retreated with fear in their eyes, fearing that Chi Yu would be harmed.

At this time, everyone in the Ye clan also changed their colors.

Even Ye Tianya's face suddenly sank.

This Chu He was so cunning and cruel. He seemed to know that there were masters in the Ye clan, so he brought hundreds of war repeating crossbows to kill everyone in the Ye clan with random arrows.

Ye Feng was still calm and calm at this time, but the coldness in his eyes became even colder.

"good very good."

Ye Feng suddenly spoke up. He stared at Chu He and said, "Since you are so cruel and don't want to leave anyone alive, then I don't have to show mercy to you people. Kill them!"

After spitting out the last word, Ye Feng suddenly stepped on the ground and rushed toward Chu He and hundreds of black-armored troops with lightning speed.

"We're here just in time. Everyone obeys the order and shoot this boy named Ye Feng! Kill him quickly!"

Chu He's eyes were sinister, and he roared loudly at this moment. He had strong jealousy and hatred in his heart towards Ye Feng, and he wanted to get rid of it quickly.

"He rushed up alone. Is he going to die directly?"

At this time, the eyes of everyone watching the battle on the street were shocked, and then they laughed at the ignorance of the young man in white.

Even many people in the Ye clan were shocked when they saw this. They didn't expect Ye Feng to be so impulsive.

But at the next moment, what shocked countless people to the point of trembling.

Facing the arrows that filled the sky, Ye Feng suddenly stretched out a hand.

"boom!"

An incredibly powerful golden energy burst out from Ye Feng's body.

He grabbed it with one hand, and the air suddenly shook. A big hand made of golden energy covered the sky, and suddenly caught all the thick black iron arrows in the sky.

The thick black iron arrows that could penetrate the city wall were unable to penetrate Ye Feng's golden true energy hand.

"This aura... Tianwu realm!"

Chu He suddenly sensed something and suddenly looked horrified.

"What? This boy in white is only sixteen or seventeen years old

Right, he is actually a legendary Tianwu realm super master? "

Countless people were severely shocked.

"Our Ye clan has produced a top genius in the Tianwu Realm?"

The guards and disciples of the Ye clan looked dull at this time, as if they couldn't believe the scene before them.

Because this is so shocking.

One person can fight against hundreds of black-armored troops. Only those who are strong in the Tianwu Realm can have such strength.

"This child may not be as simple as an ordinary Tianwu Realm strongman. The power of those war rifles can attack camps and storm strongholds. It is very terrifying. Ordinary Tianwu Realm strongmen cannot resist it. This child is really frightening. Desperate!"

Among the crowd, an old man exclaimed in surprise and analyzed it carefully.

But the most shocking thing at this time was naturally the countless black-armored troops in the city lord's palace.

Their black-armored army, known as the "Dark Death", has always been feared.

But now, hundreds of them were actually resisted by a boy in white who was only sixteen or seventeen years old from the Ye clan.

This simply made countless black-armored soldiers feel a kind of shock from the soul.

At this time, on the field, on one side was a young figure dressed in white, Sheng Xue, and on the other side was a mass of black-armored troops.

This scene of strong contrast actually has a strange beauty in everyone's eyes.

“Ding-ding-ding-ding-ding-ding!”

At this time, Ye Feng let go of his hand, and the hundreds of thick black iron arrows grabbed by the golden Zhenqi hand suddenly fell to the ground.

"Shoot the Ye Clan people!" Suddenly Chu He yelled.

He actually asked the Black Armored Army to stop shooting Ye Feng and directly shoot the Ye clan. He wanted to make Ye Feng panic and make Ye Feng despair!

Chapter 58 Chu Tianlang

"Chu He, you really deserve to die!"

Ye Feng heard Chu He's voice, and his eyes suddenly flashed with murderous intent.

"Swish, swish, swish!"

At this time, hundreds of black-armored soldiers all released black iron arrows all over the sky towards the people in front of the Ye Clan's mansion.

"You all deserve to die!"

Ye Feng roared loudly, and suddenly opened a pair of purple cloud wings behind his back. Under the incredulous eyes of countless people, he flew directly to the sky and smashed the arrows in the sky into pieces with one punch.

Then he swooped down, one hand stretched out towards the ground. .??.

"Buzz!"

High in the sky above the heads of hundreds of black-armored troops, a huge golden palm of zhenqi suddenly appeared, like a giant's hand, and suddenly bombarded it down. The force was so heavy that it felt like a great mountain was smashing down. The angry sea is churning.

"ah!"

"ah!"

"..."

Accompanied by bursts of screams, hundreds of black-armored soldiers were all bombarded by one of Ye Feng's hands until they vomited blood, their armor was shattered inch by inch, and all the horses under them were shocked to death.

Bang! Bang! Bang dong...

One by one, the black-armored army fell to the ground, like a large piece of wheat falling. In the end, only a dozen powerful black-armored army leaders remained, but they were also seriously injured and were suppressed by the golden hands. Miserable, covered in blood.

Almost instantly.

The Black Armored Army was completely wiped out!

Ye Feng alone is like a god coming down to earth to turn the tide!

The whole place fell into dead silence.

Chu He's face suddenly turned extremely pale, and he yelled angrily and crazily: "Ye Feng, you...impossible! How could you have such a powerful power! I don't believe it!!"

boom!

But at this moment, Ye Feng slapped Chu He to the ground, then stepped on his face, and said to the dozen or so black-armored soldiers who were still alive not far away: "I want you, Young Master Chu." I will use the Dragon Blood Pill to redeem my life tomorrow. I advise your Lord City Master not to engage in any conspiracy, otherwise, your Young City Lord will die at any time."

After the words fell, under the shocked eyes of countless people, Ye Feng dragged the half-dead Chu He to the Ye Clan's mansion.

The black-armored troops outside were all trembling in their souls, and they all ran away in fear.

"The weather in Nanyang County may have completely changed."

Everyone on the street was shocked at this moment, and they all sighed with emotion.

No one expected that among the small Leaf Clan, there would be such an amazingly talented young man in white, which was astonishing.

Hundreds of black-armored troops destroyed the Ye clan.

Chu He, the young city lord, was captured under the spotlight.

This news, as if it had wings, spread throughout the entire Nanyang County in just one day.

And the name of the initiator of all this, Ye Feng, this legendary boy in white, suddenly attracted everyone's attention.

"The Ye Clan has produced such a peerless genius. He has only entered the Tianwu Realm at the age of sixteen or seventeen. I am afraid that even among the largest sword sect, he is definitely the best."

"This is not necessarily true. There are countless geniuses in the central area of our Great Yan Dynasty. It is said that the Tianwu Realm exists. Among the Sword Sect, they are just outer disciples. Like the eldest lady of the Ye Clan and our Nanyang County Young City Master, although they are swordsmen A disciple of the sect, but actually he didn't even enter the outer sect, he was just a handyman disciple."

"No matter what

Hey, in this three-acre area of our Nanyang County, this Ye Feng is probably definitely the number one genius, and even many figures from the older generation may not be his rivals. "

"This time the city lord's mansion suffered heavy losses, and the young city lord was captured. I wonder if our city lord of Nanyang County will be furious and directly lead his troops to destroy the Ye clan."

...

At this time, in the streets and alleys of Nanyang County, everyone was discussing with each other.

Obviously, this incident has become the hottest news in the entire Nanyang County.

At this time, in the center of Nanyang County.

In the majestic main hall of the City Lord's Mansion.

"waste!"

boom!

A middle-aged man in a golden robe suddenly smashed the golden chair under him with a palm, and roared at the group of masters in front of him: "My city lord's palace has raised you people for so many years, and you have delicious food and drink." Supplied, why did you all turn into cowards at the critical moment!"

This middle-aged man in a golden robe is none other than the city lord of Nanyang County, Chu He's father, Chu Tianlang.

The group of people in front of Chu Tianlang who was scolding them at this time were the many staff and experts recruited by the City Lord's Mansion.

Chu Tianlang originally wanted to take this group of people directly to the Ye Clan for revenge, but when these people heard the news that Ye Feng killed hundreds of black armored soldiers by himself, they were all trembling with fear. How dare they come to collect debts? .

A staff member wearing a Confucian robe and holding a feather fan in his hand smiled bitterly at Chu Tianlang and said: "Lord City Lord, Ye Feng killed hundreds of black-armored troops with one person. This is no longer an ordinary sea of people. If the tactics can resist it, the city lord will let us all die."

"you....."

Chu Tianlang's face suddenly turned livid, and he felt extremely angry.

\u003e At this time, another staff member stepped forward, clasped his fists and said: "Lord City Lord, Ye Feng's Tianzong posture is simply not something we can resist. My subordinates suggest that the City Lord use the Dragon Blood Pill to replace the Young City Lord first, and then we can Make plans."

"Yes, City Lord, think twice before you act."

"At this time, we can't be too impulsive. If we really anger that young genius, none of us can stop his anger."

At this time, one by one the staff spoke out and gave advice.

Seeing everyone like this, Chu Tianlang's face became increasingly gloomy and livid.

But in the end, he sighed, as if he had aged countless times.

Chu Tianlang waved his hand and said: "Everyone, please go down. I will think about this matter again."

"I hope the Lord of the City will think twice."

A group of staff seemed to have been waiting for Chu Tianlang's words. They quickly exited the hall as if they were running away.

The entire magnificent hall suddenly became empty again.

Chu Tianlang was sitting alone in the dim environment of the main hall, the look in his eyes flickering.

After a long time, the city lord of Nanyang County took a deep breath and seemed to have made some difficult decision.

He suddenly took out a jade communication talisman as black as ink from his cuff.

"Click."

Chu Tianlang suddenly crushed the jade communication talisman in his hand, and then sat quietly in the dim hall, with an extremely cold and piercing murderous intent deep in his eyes.

...

Three days later.

The northwest area of Nanyang County.

Deep in the Ye Clan's mansion, in the central lobby.

At this time, the entire upper class of the Ye clan gathered together.

Chapter 59 Legendary deeds

Ye Tianya was sitting at the top of the lobby. Next to him, two young men, Ye Feng and Ye Shenyue, were sitting.

On both sides of the lower hall, there were a group of elders sitting on each side, as well as many second-generation family managers.

All the people here form the core of the entire Leaf Clan.

At this time, Ye Tianya was in great power and truly controlled the entire Ye clan.

Ye Tianya held a letter in his hand and said, "I asked you to come today because a secret message came from the City Lord's Mansion. They are willing to exchange the Dragon Blood Pill for Chu He's life, but they don't want this. Let the matter be publicized, and let Ye Feng alone take Chu He to trade in a dense forest outside Nanyang County early tomorrow morning."

"Could it be a scam?"

Someone wondered aloud.

"Probably not. Ye Feng's current strength is obvious to everyone. There is no one in the entire Nanyang County who can be Ye Feng's opponent. Even the human sea tactics cannot kill Ye Feng."

At this time, Ye Shenyue suddenly spoke up. She said: "I know the masters in the City Lord's Mansion very well, because I have been to the City Lord's Mansion. Even Chu Tianlang, the City Lord, is only at the ninth level of the Lingwu Realm. He is far away." Far from being Ye Feng's opponent."

After Ye Shenyue finished speaking, many people below showed cautious expressions in their eyes and said: "I think it is better to let Master Feng bring a group of elite guards from our Ye clan to prevent the city lord's palace from cheating."

At this time, everyone focused their attention on the young man in white next to Ye Tianya.

At this time, in the entire Ye clan, although Ye Tianya is the head of the family, everyone knows that the most prestigious one should be this young master Ye Feng.

In just a few days, the entire Nanyang County was filled with Ye Feng's legendary deeds, which were recited by countless people.

After all, with the power of one person, he could turn the tide, save the entire Ye clan, wipe out hundreds of black-armored troops, and capture the young city lord Chu He alive. Everything was too shocking.

At this time, even the head of the family, Ye Tianya, cast his gaze on Ye Feng beside him.

Obviously, everyone is waiting for Ye Feng's answer.

At this moment, Ye Feng's Dama Jindao was sitting there, his eyes slightly closed, and there was a faint aura of a superior who commanded the entire clan.

In the eyes of everyone, Ye Feng seemed to be very cold and lonely.

But Ye Feng closed his eyes at this time, and he was not actually pretending.

He was just secretly using the evil talent transformed by the Golden Divine Pill to quickly understand the martial arts secrets of the Qiankun Lieyang Sword.

This set of swordsmanship inheritance was obtained by Ye Feng from Chu He who became a prisoner.

Anyway, he was about to go to the Sword Sect and become a disciple of the Sword Sect. He would practice this martial arts in advance, so he didn't have to worry about the sect's inspectors chasing him down.

The Qiankun Lieyang Sword is a very powerful kendo martial arts inheritance in the Sword Sect. It is ranked at the prefecture level and is very powerful.

And Ye Feng is still a young sword king. Any kendo martial arts he performs are even more terrifying with the bonus of the sword king's sword intention.

At this time, Ye Feng was secretly comprehending, leaving only a trace of his mind to pay attention to the discussion in the lobby.

At this time, I saw that everyone was focusing their discussion on themselves.

Ye Feng opened his eyes, and a strong divine light, like two golden little suns, burned in his pupils.

This surprising scene made many people in the audience look shocked.

This young master Feng, I don't know what kind of strange martial arts he has been practicing in the past few days.

His pupils were like the blazing sun, and his gaze made everyone feel as if they were being burned by burning flames.

"This boy is really talented and terrifying." At this time, the Supreme Elder Ye Yuanlong, who was sitting at the front of the group of elders, smiled bitterly. He was really impressed by Ye Feng's evil talent.

Looking around the entire field, Ye Feng spoke up and said: "I can go alone. The elite of the Ye Clan should stay in the family. The Ye Clan needs to develop rapidly."

At this moment, Ye Feng suddenly had an idea in his mind. ??

Should we start by ourselves and slowly support and build a super powerful force?

After all, Ye Feng knew that his future enemy would be the entire Tongtian Divine Dynasty.

There are some connections between Longyuan Continent and the spiritual world, but it seems that there is an invisible barrier between the two, blocking the communication between them.

This can be inferred from the fact that people on Longyuan Continent do not understand the writing of the spiritual world.

Ye Feng specifically asked the eldest lady Ye Shenyue before, but she didn't recognize the ancient words on the sculpture of Emperor Tongtian at the central square of Nanyang County City.

So at this moment, Ye Feng suddenly had the urge to support a big force, and he might need to confront the entire Tongtian Divine Dynasty in the future.

But Ye Feng knew that this was destined not to be accomplished overnight.

However, he can plant a seed in advance, and the Ye Clan, the family he belongs to in this life, is a very good seed.

At this thought, Ye Feng suddenly had an irritable idea in his mind to eradicate the entire City Lord's Mansion.

Then, he directly let the Ye clan behind him take charge of the entire city lord's mansion.

However, Chu Tianlang of the City Lord's Mansion is, after all, the City Lord designated by the Great Yan Dynasty. If he touches him directly,

It may cause a lot of trouble.

Thinking of this, Ye Feng rubbed his eyebrows slightly, feeling a little tired.

But the idea of cultivating a super power of his own appeared in his mind and had already taken root.

Ye Feng thought for a while and then said: "This time for the deal with the City Lord's Mansion, I can just take Chu He alone. No one in Nanyang County can kill me yet."

"good."

Hearing that Ye Feng had made his own decision, no one on the court said anything more.

Because Ye Feng's authority is now recognized by the entire Ye clan as the true controller in everyone's mind.

Even the head of the family, Ye Tianya, looked at Ye Feng with a look of relief in his eyes.

It is really great luck to have such an amazing and talented young descendant in the Ye clan.

As for Ye Feng being an adopted son of the Ye clan and not a direct descendant, Ye Tianya actually didn't care at all.

Many people, including many in the Ye clan, don't care.

Because the Ye clan has been absorbing outside talents, both men and women, into their own family during the development of the inheritance for so many years.

In addition, Ye Tianya has already thought about it. When the right opportunity comes, he will let Ye Feng and his own daughter Ye Shenyue communicate more, even if he does not hesitate to make his family head angry.

It would be great if the two of them could get married.

When Ye Feng and Ye Shenyue have another big fat boy, it will be even more perfect.

Thinking of this, Ye Tianya, who was usually dignified and dignified, couldn't help but laugh at this time.

He looked at his daughter Ye Shenyue and Ye Feng sitting next to him, and felt a sense of joy.

#### Chapter 60 Silver Battle Body

Ye Shenyue glanced at Ye Tianya with some confusion, and she whispered: "Dad, why are you laughing in such a serious occasion?"

Ye Tianya stopped smiling and just whispered: "Yue'er, do you like Ye Feng?"

"Dad, what did you say?"

Ye Shenyue's beautiful face suddenly showed a trace of rosy color.

Ye Feng's perception was so strong that he naturally heard the whispers of the father and daughter beside him, and he couldn't help but have a helpless smile on his face.

Ye Shenyue likes him, and Ye Feng knows it.

As for Ye Shenyue, a beautiful woman who has attracted the attention of the whole country, with a graceful and perfect figure, ice-cold muscles and jade bones, Ye Feng has had admiration and affection for her since he was a child. It is impossible to say that he is not attracted to her.

However, now I still carry too many burdens and secrets.

Ye Feng could not give Ye Shenyue the heavy promise of staying together for a lifetime. If he died in the endless catastrophe that might come in the future, he would be letting this young lady down for the rest of his life.

"Let everything take its course."

In the end, Ye Feng could only think this way.

After the clan meeting broke up, Ye Feng suddenly stopped Ye Tianya, Ye Yuanlong, and several upper-level figures of the Ye clan.

"Master Feng asked us to stay. Is there anything special?"

In the main hall, only the real core figures of the Ye clan were left.

Ye Shenyue stood silently beside Ye Feng, obviously everything was dominated by Ye Feng.

Ye Feng glanced at the people around him and finally spoke out what he was thinking: "Master, elders, and uncles, are you interested in swallowing up the city lord's mansion and replacing it?"

"What?!"

Everyone was shocked when they heard Ye Feng's words. Even the head of the family, Ye Tianya, suddenly changed his eyes.

Ye Shenyue couldn't help but stare at the young man next to her with her beautiful eyes, looking surprised.

br

But she didn't say much, she just stretched out her white little hand and held Ye Feng's palm, as if to express her full support in this way.

Swallow the city lord's palace and replace it!

The moment Ye Feng's words rang out.

The entire Ye Clan central hall suddenly fell into a dead silence.

Obviously, no one expected that Ye Feng's idea would be so crazy.

"Young Master Feng really has great spirit." An old man said with admiration.

"I think it's feasible, but after all, Chu Tianlang is the city lord designated by the Great Yan Dynasty. If we casually attack the city lord's mansion and replace it, it may not end well if the upper echelons of the Great Yan Dynasty find out."

Ye Tianya thought for a while, frowned and said aloud.

Obviously swallowing the city lord's mansion is an extremely difficult task.

Ye Feng nodded and said: "The head of the family is right, but I will find a way to do this. Maybe this transaction with the City Lord's Mansion is an opportunity."

When Ye Yuanlong heard what Ye Feng said, his old eyes suddenly flashed slightly and said: "What Mr. Feng means is that we all know that this transaction with the City Lord's Mansion must be fraudulent, but we can take advantage of this time. The government's deception allowed us, the Ye clan, to attack the city lord's government and make a name for ourselves."

Jiang is indeed very old. Ye Yuanlong just heard Ye Feng say this and guessed what he meant.

Ye Feng glanced at Ye Yuanlong, then nodded to everyone and said: "The elder Taishang is right, that's exactly what I meant."

Ye Shenyue was a little worried and said: "Ye Feng,

Will you be in danger? The City Lord's Palace knew that we would guess that this transaction was fraudulent, so they still chose a remote place outside the city. The City Lord's Palace must be fully confident that they can ambush Ye Feng. "

Ye Feng smiled slightly, gently shook Ye Shenyue's little hand, and said: "Don't worry, I said, there will be no power to kill me in Nanyang County, so I will never die."

...

When everyone dispersed, Ye Feng also returned to his residence.

It was getting dark now, and tomorrow was the trading time agreed with the City Lord's Mansion.

Tonight, of course, there was no time to waste.

After Ye Feng returned to his residence, he entered his house directly.

This evening is just the right time for me to digest and settle down what I have gained from this trip.

If he could successfully push the Divine Art of Creation to the second level, Ye Feng knew that his overall strength would be greatly improved.

In the room, Ye Feng took a deep breath and without any hesitation, he directly started the oven of creation.

Rumble...

Rumble...

At this time, the oven of creation was loaded with the majestic life essence that Ye Feng had previously collected from the Demonic Blood Sect, as well as the skills of a genius in the Divine Martial Realm.

So at this time, in the huge oven, the boiling life essence and skill energy was like the roar of an angry sea, and like the surging of muffled thunder.

Ye Feng opened his mouth and inhaled, and the majestic energy in the oven of creation was swallowed into his belly at once, and then directly refined.

"boom!!"

At this moment, Ye Feng suddenly felt a huge amount of energy exploding in his body.

Then the raging river of energy began to flow into his limbs and bones.

Within the internal organs, every inch of his body and flesh and blood are growing crazily.

That is an extremely powerful and violent energy!

Even though Ye Feng's physique is now at the level of bronze combat body, he still feels that his body is about to explode due to the strength of his meridians.

But Ye Feng gritted his teeth and persisted, with bloodshot eyes appearing in his pupils.

The road to becoming strong is not destined to be easy.

Only by being able to withstand inhuman pain and trials can you achieve supreme strength!

Ye Feng naturally understands this truth. If he wants to be at ease in tomorrow's transaction, he must be strong enough to deal with everything.

Ye Feng naturally would not believe that the city lord Chu Tianlang would just give in. He must have set up a dragnet.

But Ye Feng still decided to go, because this was an excellent opportunity to destroy the city lord's mansion.

Three whole hours.

Ye Feng spent his time in pain.

But his whole body was covered in cold sweat.

"Buzz buzz..."

Suddenly at this time, Ye Feng's body, which was originally bronze, suddenly turned into pure silver inch by inch, blooming with a dazzling silver light.

At this moment, every inch of his skin, every piece of flesh and blood, even every strand of hair, and even his pupils were made of silver, blooming with the divine brilliance of silver and flowing with immortal divine light.

"Silver battle body! It's finally done!"

"Even though it is only the initial level of the silver battle body, I can feel that the power of my current body and the strength of my body are definitely ten times or even a hundred times that of the bronze battle body!"

Ye Feng opened his silver-white pupils at this time, his eyes filled with an unparalleled and powerful confidence.
