Chapter 691 The same sky

Ye Feng's generosity really shocked many people.

Almost on the next day, tens of thousands of people lined up at the entrance to Renhuang Peak, wanting to join Renhuang Peak.

This sight made many core members of Renhuang Peak very happy.

Ye Feng was currently deep in the Human Emperor Peak, discussing the Tao with Demon Emperor Yama.

Demon Emperor Yama's eyes were filled with a trace of surprise, because he discovered that the young man in front of him, who looked very young, knew some strange knowledge, which made him, the Demon Emperor, enlightened.

And Ye Feng's gains were also huge. After all, the Demon Emperor of Yama was an ancient figure of quasi-emperor level back then.

To argue with the Demon Emperor Yama is to stand on the shoulders of giants.

The Demon Emperor of Yama exclaimed: "Ye Feng, you are really an extraordinary person. At only nineteen years old, you are so young and can understand so much morality. Your way of great power can even break fate. The wheel is really unprecedented, and I am very amazed. In the ancient glorious cultivation era of Longyuan Continent, there has never been a monster like you. "

Ye Feng's eyes moved slightly at this time and said: "By the way, Senior Yama, you lived tens of thousands of years ago. At that time, there was no curse on the upper limit of cultivation in Longyuan Continent, and there were no extraterrestrial demons. Then did you leave? Have you ever been to Longyuan Continent?"

When the Demon Emperor of Yama heard Ye Feng's question, he couldn't help but show a look of surprise on his face, and said: "This... I didn't think about leaving Longyuan Continent back then. At that time, there was no upper limit for cultivation in Longyuan Continent, and there was no The threat of demons from outside the territory is a golden cultivation world. Almost no one wants to

leave Longyuan Continent, because the territory of Longyuan Continent is vast and huge enough, and there is no point in going out. "

Having said this, Demon Emperor Yama thought for a while, and then said: "But I have also heard that there were some old emperors in Longyuan Continent who had stepped into the level of ancient emperors. Their lifespan was approaching and they wanted to get out of Longyuan. Continent, to find the hope of immortality."

When Ye Feng heard this, he suddenly felt that his father's cultivation level might not be as weak as the peak of the ancient emperor as he had guessed.

The land of the spiritual world is truly endless, and is many times more vast than the Longyuan Continent.

Father Emperor Ye Qing's ability to become the strongest human race in the spiritual world may be more than just the pinnacle level of the ancient emperor.

Ye Feng woke up after three thousand years in this life. He had always guessed that his father, Emperor Ye Qing, was the pinnacle level of the ancient emperor.

But now that I think about it, there will be ancient emperors even on Longyuan Continent.

His father, Emperor Ye Qing, is estimated to have surpassed the peak of the ancient emperors in cultivation.

Ye Feng asked at this time: "What level and realm is above the peak of the ancient emperor?"

Demon Emperor Yama fell silent, then shook his head and said: "I don't know, but the realm above the ancient emperor may be immortality, or the ethereal fairyland, because even the ancient emperor Creatures of this level also have an upper limit on their lifespan. The ancient emperor of your human race can only live for tens of thousands of years at most. Unless a demon like me can live longer than the emperor of the human race, you see, when I suppressed you, All the great emperors of the ancient times died of old age, but I did not die. I managed to survive. However, the combat power of the great emperor of the human race is indeed very terrifying. It is stronger than the emperors of the same level of any race, and it is much stronger. Perhaps, this is also a gift from God. You, the human race, should make some kind of compensation, after all, the lifespan of the human race is much shorter than that of other races."

At this time, Ye Feng also felt a deep sense of vicissitudes when he heard this.

He continued to ask: "By the way, Senior Yama, the old emperor you just mentioned wanted to leave Longyuan Continent and find the secret of immortality. Did he finally leave Longyuan Continent?"

Demon Emperor Yama shook his head slightly and said: "I don't know whether that old emperor finally left Longyuan Continent and encountered a new world. I only know that he has been walking outward from the edges of Longyuan Continent. They are all deep sea areas. No one knows where the deep sea leads. However, the deeper you go into the deep sea area, the more terrifying the ocean monsters you encounter will become. In the endless depths,

In the sea area, there may even be terrifying demons at the level of ancient emperors. "

Ye Feng looked up at the sky and said, "What if it goes straight up to the nine heavens?"

Demon Emperor Yama shook his head and said: "That's even more impossible. The higher you fly to the sky, the stronger the Nine Heavens Gang Wind you encounter. Ancient saints, even quasi-emperors, can barely survive in the Nine Heavens Gang Wind. Otherwise, it will be cut into countless pieces. As for the ancient emperor who can travel through the airspace of the Nine Heavens Gangfeng, he will also encounter the airspace of the Nine Heavens Thunderstorm above the Gangfeng layer. The ancient emperor cannot withstand the Nine Heavens Thunderstorm. "

"What?"

Ye Feng suddenly looked startled and said: "Senior Yan Luo, you said that if you fly straight up from Longyuan Continent, you will first encounter the Jiutian Gangfeng airspace. After passing through the Jiutian Gangfeng airspace and continuing to fly upward, you will encounter Jiutian thunderstorms. airspace?"

The Demon Emperor of Yama was a little curious as to why Ye Feng suddenly became so excited. He nodded and said: "Yes, I am very sure about this, because this is what one of my former sect elders told me. He is a statue." The ancient emperor once kept flying high into the sky out of curiosity. What happened to him was that in the end, the elder of the division stopped in the nine-day thunderstorm airspace. He did not dare to fly higher for fear of encountering an even more terrifying nature. The airspace eventually fell into these incredible disaster airspaces formed by nature."

Ye Feng took a deep breath at this time, his eyes gleaming with excitement.

Because at this moment, he finally confirmed what he had guessed long ago.

That is.....

Longyuan Continent and the spiritual world are under the same sky!

In other words, Longyuan Continent is an island in a huge ocean, floating in an isolated sea area on the land of the spiritual world.

It's just that it is surrounded by endless dangerous deep seas, which creates an innate isolation between the civilization of Longyuan Continent and the creatures on other spiritual worlds outside the continent.

This guess was confirmed!

Because Ye Feng was the crown prince of the Divine Dynasty in his last life.

When he was a child, he heard his father Emperor Ye Qing say this.

When Ye Feng was a child, he was very curious and often asked Emperor Ye Qing some strange questions, such as how high the sky is.

Ye Feng still remembers that his father Emperor Ye Qing once popularized this knowledge to him.

"The land of the spirit world is truly vast and boundless. Unlike the Longyuan Continent where we have reached the end and seen the endless ocean, on the land of the spirit world, even my father, who has great power, has never reached the end of the land of the spirit world. , it seems really endless."

"And above the high altitude of the spiritual world, according to what my father said back then, if you keep flying up, you will first encounter the Jiutian Gangfeng layer, then the Jiutian thunderstorm airspace, then you will encounter the Jiutian Tribulation Cloud airspace, and finally

you will encounter the Jiutian Black hole airspace, every airspace, is full of endless terror and danger. "

"What my father told me back then is exactly the same as what Senior Yama Luo said about the first two airspaces at this time."

"This also means that the sky on Longyuan Continent and the sky on the spiritual world are the same sky!"

"Longyuan Continent, as I guessed, is definitely part of the spiritual world. It may be a huge isolated plate in the endless ocean, or it can be called a super large island!"

"That is to say, three thousand years after my rebirth, my consciousness has been hazy in the long river of time for three thousand years, and I am still still in the spiritual world. I have not entered another time, space and world at all!"

"Great! It's really great!"

Ye Feng could not hide his excitement at this time. The doubts that had been lingering in his heart for many years finally became clear at this moment!

At this time, he couldn't help but murmur, "Back then, my father was able to pass through the Nine Heavens Gang Wind, Nine Heavens Thunderstorm, Nine Heavens Tribulation Cloud, and even transcend the Nine Heavens Black Hole, and finally entered the most taboo since ancient times, the mysterious place 'above the sky' , looking for that golden elixir to extend my life, so my guess is wrong. My father cannot be just at the peak level of the ancient emperor. It seems that my father's cultivation back then is definitely far beyond that of the ancient emperor. At the same level, my father... is he an immortal?"

Chapter 692: Unwilling

Ye Feng secretly thought about these things in his heart, and his heart was filled with excitement.

At this moment, he suddenly felt that although Longyuan Continent was difficult to get out of, it was isolated from the world.

But for myself, this is a kind of protection in a sense.

After all, in the Longyuan Continent, which is isolated from the world and floating in the vast sea of the spiritual world, there is no huge threat from the Tongtian Divine Dynasty founded by ancient Tongtian.

When I have some self-protection power, I can break out of Longyuan Continent and enter the true center of the spiritual world. I will have some confidence to challenge Gu Tongtian, the traitor of the Creation God Dynasty.

Ye Feng was the crown prince of the Creation God Dynasty back then. He knew very well how terrifying the cultivation level of Gu Tongtian, the Prime Minister of the Creation God Dynasty at that time who was one person below ten thousand, had. His cultivation strength was probably second only to His father, Emperor Ye Qing, was the most powerful person in the human race in the spiritual world.

Moreover, Ye Feng knew that the Gu family where Gu Tongtian belonged back then was still the number one family in the spiritual world and had a profound foundation.

Now more than three thousand years have passed. Ancient Tongtian strangled the remnants of the Creation God Dynasty, unified the entire spiritual world, established the Tongtian God Dynasty, and enjoyed endless luck. It is estimated that it is no longer known what kind of terrifying existence it has become.

"No matter what, I am the crown prince of the Divine Dynasty of Creation!"

"If I can't revive the mountains and rivers that belong to me, then what's the use of my rebirth in this life?"

Ye Feng's heart was filled with a boiling emotion of terror, making him want to scream in the sky.

In fact, Ye Feng could also choose to live a mediocre life, be carefree for a hundred years, turn into a withered skeleton, and return to dust to dust, which is also a simple and happy way to live.

But Ye Feng is not willing to give in!

Since he woke up in this life, Ye Feng has suffered countless hardships and experienced many life and death hardships in order to become stronger.

Ye Feng is not trying to prove that he is better than others, he just wants to prove that what he has lost must be regained!

At this time, the Demon Emperor of Yama looked at Ye Feng's longing expression and couldn't help but said: "I know Ye Feng that you are very curious about what kind of world is outside Longyuan Continent, but it is too early for you to think about this now. Maybe when you become an ancient emperor, you will have the opportunity to go out and take a look."

Ye Feng heard the words of Demon Emperor Yama and knew that the old demon was reminding him not to aim too high.

Ye Feng didn't explain anything about this.

After all, his secret was too involved.

If it is revealed, it may cause terrible disasters to countless people around him.

So Ye Feng didn't even tell Shang the secret of his life experience.

In this life, there are some things that others cannot help you share, and you are destined to have to bear them silently alone.

Ye Feng took a deep breath. He now understood everything clearly. What he had to do next was to continue to become stronger and strong enough to fulfill his responsibilities.

"Maybe after everything is over, I can really relax..."

Ye Feng shook his head, with many thoughts in his mind.

...

In the following days, Ye Feng silently devoured the power of faith in the Human Emperor Peak.

As Ye Feng supplies more and more cultivation resources and spiritual materials and elixirs, the number of people in the entire Human Emperor Peak is also increasing.

From the few thousand people at the beginning, in just one or two months, the number has skyrocketed.

There were 30,000 to 40,000 people.

These people are all strictly selected by the management of Human Emperor Peak, and they are all elite talents.

It has to be said that today's Ye Feng, after showing his great strength and wealth, coupled with his reputation as an emperor-level genius.

Countless students from Poseidon Academy came here admiringly and squeezed their heads to enter the Human Emperor Peak.

Nowadays, many people have heard that a great disaster is coming to this land, and even the most powerful people such as martial arts saints and quasi-sages will be involved.

The sudden destruction of the Ten Thousand Buddhas Temple, the dominant force in the Western Desert, is a bloody example!

Many people, even elite students and powerful saints, have to start thinking about their own future.

Only by joining some large groups and hugging each other for warmth can we protect ourselves or gain huge benefits.

Today, Chu Tianji from Tianji Peak has never returned, and Renhuang Peak has become more and more popular because of Ye Feng's return with countless wealth.

Therefore, this attracted countless experts, vying to join Renhuang Peak and become a member of Renhuang Peak.

The luck of Human Emperor Peak increases dramatically every day!

...

On this day, Ye Feng stood on the top of the Great Mountain of Human Emperor Peak. He was running his soul power, and his eyes were shining with dark light.

At this moment, he can use the Divine Eye of Creation to temporarily observe the general trend of the feng shui of heaven, earth, water and soil.

At this moment, Ye Feng could see that the Dragon of Luck around the huge mountain of Human Emperor Peak was becoming more and more majestic.

The huge Dragon of Luck is entangled around the entire Human Emperor Peak, roaring and roaring, possessing very powerful power.

Shang chuckled in his mind and said: "Ye Feng, as long as you stay in the Human Emperor Peak, you can use the power of this Dragon of Fate to give you powerful combat power."

Ye Feng's eyes flashed and he said: "Is there such a way to use the power of luck to provide me with combat power? I used to think that the dragon of luck was just a symbol of the rise and fall of a land and water, and it had no practical significance."

Shang chuckled and said: "How is that possible? The way of luck is the most mysterious energy in all the heavens and all the worlds, and even in the entire universe. If you study it carefully, you can find out the big secrets, but after all, I have no idea about the soul. Master Yiyi doesn't know much about it, and I don't know how to use the energy of the Dragon of Luck. You need to find a powerful and profound soul master to ask about this."

Ye Feng nodded. At this moment, a figure of a beautiful girl in black suddenly flashed in his mind. He couldn't help but murmured, "This girl You Lian is a member of the Soul Clan in the human race. She comes from the depths of the wilderness. The hidden soul master sect, Hun Tian Sect, if I can find her, I want to go to Hun Tian Sect with her to see if there is any way that I can get some of the soul master's Feng Shui methods. It's a pity that Li Huo didn't. The empire was in turmoil, and she left the Changsheng Mansion directly, and she doesn't know where she has traveled now."

Ye Feng secretly thought in his heart that if he could control the illusory Dragon of Luck at Human Emperor Peak and bless himself with huge power, then he really wouldn't have to worry about Chu Tianji and Tianji Peak at all.

Unfortunately, he doesn't know how to control the Dragon of Luck now, and Shang doesn't seem to know either.

After thinking about this, Ye Feng had some thoughts of his own.

He suddenly spoke to the surroundings: "Defenders on the left and right."

"Meet the Peak Master!"

Two masters of the tenth level of the Cave Heaven Realm, a man and a woman, both dressed in black, appeared in front of Ye Feng in an instant. Ye Feng secretly thought about these things in his heart, and his heart was filled with excitement.

At this moment, he suddenly felt that although Longyuan Continent was difficult to get out of, it was isolated from the world.

"Meet the Peak Master!"

Two masters of the tenth level of the Cave Heaven Realm, a man and a woman, both dressed in black, appeared in front of Ye Feng in an instant.

Chapter 693 Mission

Two people in black, a man and a woman, knelt down on one knee, clasped their fists and spoke respectfully to Ye Feng.

These two people are a brother and sister, and they are the personal subordinates arranged by Murong Yunyin to Ye Feng. They obey Ye Feng's orders and arrangements at any time and convey the will and decisions of Ye Feng, the master of the Human Emperor Peak.

This brother and sister, the elder brother is called Lin Wudi and the younger sister is Lin Miaomiao, they are from a small family in a mortal kingdom.

Although the two are extremely talented, they have not been taken seriously in Poseidon Academy and have been marginalized by many pretentious saints.

But at the Human Emperor Peak, they were reused and became the personal guardians of Ye Feng, the peak leader. They were trained with huge resources and had a very high status, which made both brother and sister burst into tears of gratitude.

Ye Feng looked at the brother and sister, smiled slightly, and said: "Lin Wudi, go to the underworld stronghold outside the college to find Liang Bing and ask her to inform Xiao He that I have something important to discuss with him."

"Yes, Peak Master!"

Lin Wudi immediately clasped his fists, jumped up, and disappeared into the distance.

Ye Feng decided to make two plans.

The first-hand plan was to ask Xiao He to come over and see if they could study with Xiao He to figure out a way to control the Dragon of Luck.

As a second-hand plan, Ye Feng decided to use the intelligence department in Human Emperor Peak to see if he could find You Lian, a girl from the soul tribe.

But apart from that, Ye Feng also has a plan, which is to ask his confidants to take a trip to the Demon Realm on the coast of the North Sea on his behalf to see if he can find the daughter of Lord Panwu who has been frozen for tens of thousands of years.

Ye Feng now has to sit in the Human Emperor Peak and be alert at all times to Chu Tianji, the Tianjiao Alliance, Dragon Palace and other enemies waiting for an opportunity to dispatch.

Therefore, Ye Feng himself is really unable to do anything at the same time.

But according to what Venerable Panwu said a long time ago, if you want to know more about the secrets of the soul master,

He went to find his daughter.

Panwuzong was a very orthodox soul cultivation sect in the Southern Region tens of thousands of years ago.

Although Lord Panwu is dead, his daughter has been frozen to this era. If she can be found and reawakened, she will definitely know a lot of secrets about the soul master.

Regarding the secrets of soul masters, Ye Feng is very eager to know, because soul masters are very rare and mysterious existences even in the entire spiritual world, let alone the small Longyuan Continent.

At this time, Ye Feng stared at his sister Lin Miaomiao who was protecting the law in front of him, and said: "Follow me. I have an extremely important but very private task for you. You need to complete it alone."

Lin Miaomiao has an innate cold appearance. She is dressed in black and outlines her perfect figure. Her black hair is spread around her shoulders, giving people a cold, black-clad goddess-like feeling.

However, Lin Miaomiao was standing in front of Ye Feng with great respect.

Her beautiful eyes were looking at Ye Feng from time to time, as if she was very curious about this young and outrageous legend in front of her.

After all, it had not been half a month since she became Ye Feng's guardian.

When Ye Feng finished speaking, Lin Miaomiao's beautiful eyes flashed, and there was a hint of joy in her heart.

The Peak Master entrusts him with extremely important and private tasks. Doesn't that mean that he is now a very trusted and close person to the Peak Master?

"You come with me. This time you are going to a far away place. I will give you some training resources as a reward alone, so that you can have the ability to turn danger into safety."

Ye Feng said, turned around and walked towards the main hall not far away.

"A separate reward?"

Lin Miaomiao's fair and cold face showed a happy look, her graceful body moved, she quickly stood up and followed her. Two people in black, a man and a woman, knelt on one knee, clasped their fists and spoke respectfully to Ye Feng.

Lin Miaomiao's fair and cold face showed a happy look, her graceful body moved, she quickly stood up and followed her.

Chapter 694 Incredible

A separate reward?

This made Lin Miaomiao's heart pounding.

Her beautiful eyes under her long black hair were twinkling slightly at this time.

With a hint of excitement in her heart, Lin Miaomiao followed Ye Feng into the central hall on the top of the Human Emperor Peak Mountain not far away.

At this time, there was a cold and serious atmosphere in the air in the huge cold palace.

This made Lin Miaomiao slightly shocked. This was her first time entering the central hall.

Before, they were the most core members of the Human Emperor Peak, and they were qualified to enter this palace.

At this time, Ye Feng turned around, looked at Lin Miaomiao, and said: "There is no one around now. Let me first tell you about the task I want you to complete this time. You have the right to choose whether to go or not. Because this trip is very dangerous, the stakes are huge, and it's also very important to me."

Lin Miaomiao said without hesitation: "I am willing to dedicate everything to the peak master."

"very good."

Ye Feng smiled slightly and nodded, saying: "A few years ago, I met an ancient soul master who called himself Venerable Panwu in a huge golden dungeon. I got some benefits from him, but I also made some mistakes. Some promises, that is, after I am strong enough, I will help him find his daughter..."

At this time, Ye Feng told Lin Miaomiao everything he wanted to accomplish during his trip.

Ye Feng spoke in great detail, because this matter was of great importance.

Now that the upper limit of martial arts cultivation is gradually approaching, Ye Feng knows that the best way to improve his overall strength is to start as a soul master.

If his soul power becomes more and more powerful, he also knows many special methods of soul masters.

Ye Feng believes that his overall strength will definitely improve tremendously.

Ye Feng naturally doesn't want to lose either of his body and soul, as they are the key and foundation for practice.

Lin Miaomiao listened to every word Ye Feng said at this time, and kept all the points that needed attention firmly in mind.

She knew that this was the best opportunity for her to be reused in Human Emperor Peak, and she must please Senior Brother Ye Feng!

After Ye Feng finished speaking, he asked: "Do you understand everything?"

Lin Miaomiao immediately clasped her fists and made a sound, her beautiful eyes showed a firm look, and said firmly: "Peak Master, don't worry, this matter is of great significance to the Peak Master, Miaomiao will definitely fulfill her mission and bring Venerable Panwu's daughter back. Help the Peak Master achieve great things!"

Ye Feng nodded with satisfaction, then suddenly stretched out his hand, spread his fingers, and grabbed Lin Miaomiao's head.

"boom!"

A huge and powerful mana poured into Lin Miaomiao's body in an instant.

"What a powerful force!"

At this moment, Lin Miaomiao finally understood how powerful Ye Feng was.

She only felt that the ocean of mana in Ye Feng's body was simply endless, like the boundless mountains and rivers, the vast sky, extremely majestic and ferocious.

"boom!"

"Crack!"

And almost at the next moment, Lin Miaomiao's cultivation bottleneck shattered under the infusion of huge mana.

The first level of the first holy realm!

With her cultivation at this moment, she broke through the bottleneck of the tenth level of the Cave Heaven Realm and directly entered the Martial Arts Holy Realm, the first holy realm!

"Incredible, what a great power!"

Lin Miaomiao's cold beautiful eyes were filled with deep horror, followed by endless admiration and admiration.

respect.

She knew very well that if she relied on her own strength, she might not be able to break through to the Holy Realm for another year and a half.

But Ye Feng empowered him with magic power, and in just a short moment, she entered the holy realm!

This is simply an incredible method!

Because of Ye Feng's cultivation, he is now at the second level of Holy Realm.

But Lin Miaomiao felt that Ye Feng was stronger than the Fourth Saint Realm, or even the Supreme Elders of the Fifth Saint Realm.

At this time, Ye Feng's eyes moved and he murmured: "It seems that after the Divine Art of Creation entered the fifth stage, not only did my human combat body enter the star combat body level, but the origin of my mana has also become stronger than before. It's dozens of times more powerful than before."

At this moment, Ye Feng looked at Lin Miaomiao in front of him and said: "After you step into the first holy realm, your trip should be safer. In addition, I will also give you a treasure. You can take it with you." If you encounter a life or death crisis, you can use it."

Buzz!

At this time, Ye Feng pointed his finger, and a huge holy ship of light appeared.

"What? This is... the Great Holy Ship of Light!"

Lin Miaomiao's pupils shrank suddenly, feeling that she had seen something extraordinary.

"Yes, this is the Great Light Holy Ship."

Now the cultivation resources and wealth of the Great Light Holy Ship have been used up by Ye Feng.

Moreover, Ye Feng also obtained a legendary and powerful imperial weapon, the Great Emperor Tower, in the small world of Luan Gu Emperor's tomb.

Therefore, compared with the Great Emperor Tower, this Great Light Holy Ship is naturally dwarfed, and Ye Feng is not very fond of it.

The Great Emperor Tower is not only a legendary imperial weapon that can attack and kill terror, but there are also countless spaces in the giant tower that can hold many treasures or creatures.

∴ So the Great Light Holy Ship is not of much use to Ye Feng at this time.

Maybe this is the so-called, if you have salted fish, you don't eat steamed eggs.

But the Great Light Holy Ship, the top-level holy weapon that surpasses the ninth-grade holy weapon, is extremely precious to others, and is simply a treasure.

This trip allows Lin Miaomiao to go to the Demon Realm to find the daughter of Lord Panwu who has been frozen for thousands of years and unlock the secrets of the soul master lineage. This is very important to Ye Feng and he cannot afford to lose it.

Seeing Lin Miaomiao's shockingly beautiful face, Ye Feng couldn't help but stretched out his hand to caress it, and said with a smile: "Don't worry about the original owner of the Great Light Holy Ship, even if the richest man in the world finds out, Now I am no longer afraid of him."

"Ah? Yes! Peak Master!"

Feeling Ye Feng's fingers stroking her face, Lin Miaomiao did not dare to resist, her cheeks turned red with embarrassment.

...

Half an hour later.

Lin Miaomiao walked out of the central hall alone, with the Great Light Holy Ship in the storage ring, heading towards the Demon Realm.

At this time, Ye Feng also opened the door of the palace and was going to find his master Bai Yuchen to see if he could go to the Dragon Transformation Pond in the inner world of Poseidon Academy to strengthen his True Dragon Holy Body.

But Ye Feng didn't wait for Ye Feng to get out of the range of the top of Dayue.

"Uh-huh!"

Suddenly, a silhouette in red that Ye Feng was very familiar with flashed past the mountains not far away and stood in front of Ye Feng.

This alluring woman was now covered with sword wounds, and her charming and blood-stained face was filled with pale color.

Ye Feng's eyes were startled and he said: "How did you come to Poseidon Academy? How did you get such a serious injury? What happened?"

Chapter 695: Fierce Light

At this moment, in front of Ye Feng, the embarrassed woman in red turned out to be Hua Qianyu, the top killer in the underworld.

Ye Feng still remembers when he assassinated himself on the land of Western Desert.

Wherever Hua Qianyu appeared, Yin soldiers would carry the coffin, making her look very majestic.

But now she was covered in scars and looked extremely embarrassed.

Ye Feng's eyes flashed and he said, "Where are your Yin soldiers?"

Hua Qianyu smiled miserably and said: "Died in battle."

Ye Feng said: "What happened?"

There was a hint of tiredness in Hua Qianyu's eyes, and she said: "I gave up halfway in my mission to assassinate you and was kicked out by the underworld. Countless enemies knew that I no longer had a big backer like the underworld, and they all came to hunt me down. I almost died. I thought about it for a long time, and finally sadly discovered that I don't have a single friend in the world."

Ye Feng was silent, then said: "So, you finally chose me, do you think I am your friend?"

Hua Qianyu's beautiful and charming blood-stained face showed a bitter smile and said: "Well, I really have no place to go. I... If you are not willing to take in me, a bereaved dog, then I will immediately leave....."

With that said, Hua Qianyu turned around and left, limping.

Ye Feng suddenly grabbed Hua Qianyu's hand and pulled her toward a secret training room not far from Human Emperor Peak.

Hua Qianyu said: "What are you going to do?"

Ye Feng said: "After all, it was because of me that you terminated your assassination mission and was kicked out of the underworld. Naturally, I will not ignore you. You are so seriously injured, so I will help you heal."

Hua Qianyu's beautiful eyes were slightly stunned, and she looked at the resolute young man in front of her who was holding her, and said: "I came to you just to try my luck. Are you really willing to take me in?"

Ye Feng turned his head slightly, showed a smile, and said: "What? Don't believe me? Do you think I'm lying to you?"

Hua Qianyu quickly shook her head, bit her red lips lightly, and said, "How could I doubt you? I'm just... afraid that you will dislike me. I am a cold and ruthless killer from the underworld, and I am still being hunted by so many people." "

Ye Feng smiled and said: "Then you don't have to worry about anything when you get to our Human Emperor Peak. No one dares to chase you here."

When Hua Qianyu heard this, her naturally charming eyes flashed slightly and she whispered: "Thank you."

Ye Feng said in surprise: "The underworld killer can still say thank you?"

Hua Qianyu stared at Ye Feng and immediately said: "The underworld killer is also a human being. Naturally, he also has human emotions and desires, and he is not a puppet without any emotions."

While the two were talking, they had already arrived at the exclusive secret room where Ye Feng often retreated for practice.

In a secret room, in a dark environment.

Ye Feng stared in front of him

Hua Qianyu said: "I will help you heal your injuries first. In the next period of time, you can stay at the Human Emperor Peak. I guess you are now a bereaved dog. The world is so big that there is no place for you anymore, so Stay here with me, and when you have nothing to do, help me guide the practice of the many disciples at Human Emperor Peak."

Ye Feng knew that Hua Qianyu was one of the three top killers in the underworld, and her cultivation was already very terrifying.

And she has been raised in a place like the underworld since she was a child.

Although she is a woman, she is definitely a gold medal-level super combatant. She has rich combat experience and is very familiar with various cultivation methods.

Hua Qianyu stared at Ye Feng in front of her, smiled, and said: "It seems that you took me in so that I can contribute to Huangfeng."

Ye Feng looked stunned for a moment, then shrugged and said, "I'm just giving you a suggestion. I'm afraid it will be too boring for you to stay in the Human Emperor Peak every day."

Hua Qianyu immediately said: "Don't worry, I won't let you raise me in vain. I'm not that kind of person who cheats on food and drinks."

"Let's heal first."

At this time, Ye Feng put his hand on Hua Qianyu's wrist, and sent out streams of pure magic power to help Hua Qianyu heal her injuries.

Hua Qianyu's beautiful eyes were extremely surprised, and she said: "I didn't expect that your power is exactly what I imagined. Even my extremely rare Yin Realm inheritance skills can be blended together without any trace of..." Exclusion, Ye Feng, I want to marry you."

"What?"

Ye Feng's eyes were suddenly surprised and he asked: "What did you say?"

Hua Qianyu's blood-stained alluring face was full of seriousness, and she said solemnly: "I said I want to marry you, and Master has already told me that you are my destined cultivation partner. "

Ye Feng: "..."

Ye Feng never expected that Hua Qianyu would say such a thing, and she would say it so directly.

He couldn't help but asked in surprise: "Did your master tell you? What did he tell you?"

Hua Qianyu said seriously: "Ten years ago, my master told me before he died that in this life, I can only marry someone whose own energy and blood can condense the flames of war. Ye Feng, you are the first person I have met in so many years." The man who can possess the vision of beacon fire and wolf smoke shows that the skills you practice and your body are extremely strong. It may be the ancient physique of the human race. It will definitely have huge benefits to practice dual cultivation with me. "

Hua Qianyu was speaking word by word without any shyness, and seemed to be just discussing with Ye Feng.

The corner of Ye Feng's mouth twitched slightly and said:

"Let's talk about this later. I'll treat your injuries first."

At this time, Ye Feng finally understood why Hua Qianyu suddenly left when he assassinated him in the Western Desert.

It turns out that this female killer from the underworld has taken a fancy to herself.

In other words, he was attracted by his own body.

Ye Feng's eyes showed a hint of helplessness. He never thought that one day a woman would be so direct and directly say that she wanted to marry him.

...

Three days later.

Ye Feng found a small house in Human Emperor Peak for Hua Qianyu, who was slowly recovering her cultivation, and let her live in it.

Before Ye Feng left, Hua Qianyu said again: "Ye Feng, please consider my suggestion. It will be of great help to your practice and mine."

Ye Feng paused, then left the house without saying anything.

He went straight to the top of Renhuang Peak, ready to see if Xiao He was coming.

If you can figure out how to use the Dragon of Luck with Xiao He, it will definitely be a huge help to you now.

Ye Feng knew that since he entered the holy realm of martial arts, as his cultivation level improved, the energy required to break through his cultivation level was getting larger and larger.

But now many low-level cultivation resources are of little use to Ye Feng.

So what he needs most now is to develop and expand the Human Emperor Peak as quickly as possible, and then expand his territory in the mortal world as quickly as possible, build his own temple, let more people believe in him, and provide a huge and continuous source of faith. force.

Because now Ye Feng discovered that since absorbing the pure power of faith, his mana has increased extremely fast, and even his soul power is increasing.

Shang chuckled in his mind at this time and said: "Actually, the power of faith is also divided into levels. The power of faith of mortals is the lowest power of faith, but for you now, it is indeed enough. Some ancient saints By preaching in the spiritual world, accepting karma and solving doubts, recruiting disciples, and making the disciples believe in themselves, the power of the practitioner's faith will become even greater, purer, and vaster."

Ye Feng shook his head and said: "It is really difficult to make a cultivator believe in himself. Even if Renhuangfeng has joined so many disciples of Poseidon Academy, letting them relax their minds, believe in me, and be controlled by me, there is definitely no way. One is willing, because mortals know nothing, so even if a mortal emperor believes in me, it is very easy. However, after a warrior transcends the title martial realm and enters the magical realm, even if he becomes a true practitioner, every Practitioners, no matter how weak they are, have a great heart. It is very simple to make a practitioner surrender. Just beat him until he is scared. But it is simply difficult to make a practitioner believe in someone. Some practitioners would rather die than do it.

Believe in others, because once you believe in others, your Taoist heart will be broken, and you will be no different from a puppet. "

Shang smiled and said: "For ordinary people, it is indeed difficult to make practitioners believe in themselves, but for a soul master like you Ye Feng, it is very simple. As long as you use your soul power to hypnotize a practitioner, he will If he believes in you, you will be able to instantly gain higher-level power of faith. The power of faith generated by a practitioner at the lowest level of the supernatural realm is stronger and purer than the power of faith of ten thousand mortals."

When Ye Feng heard what Shang said, his eyes suddenly moved.

yes!

He is a soul master.

Able to use hypnosis!

However, hypnotizing a practitioner and making him become his disciple is really against the will of nature, and may be attacked by many groups of practitioners.

This is something very taboo.

So it's not that Ye Feng is unwilling to do it at this time, but he doesn't dare to do it in a big way yet.

Once discovered by others, he may be besieged by the entire practice community.

There are some ancient saints who have believers, and they are believers who are willing to become saints and want saints to protect them.

And if you directly hypnotize others like Shang, it is forcing others to believe, which is a relatively taboo method.

However, Ye Feng was somewhat moved by Shang's words.

The evil thoughts come together and are difficult to suppress.

Ye Feng thought for a moment and suddenly walked in a certain direction.

There is the prison of Poseidon Academy.

There have been some ferocious prisoners imprisoned since ancient times, including demon cultivators from the race who provoked Poseidon Academy, and strong men from foreign races.

Anyway, the existences that can be imprisoned in the prison by Poseidon Academy are all very extraordinary, but they are all extremely vicious.

At this time, Ye Feng's eyes flashed with a trace of fierce light.

He was going to use these heinous prisoners to try the method Shang just mentioned.

Hypnotizes practitioners, allowing them to believe in themselves and generate a higher level of faith.

Now Ye Feng feels the difficulty of breaking through, so he must find new ways to quickly improve his strength.

Shang knew Ye Feng's thoughts at this time, laughed in his mind and said, "I knew you, Ye Feng, are not as benevolent and moral as you seem on the surface."

"Those are all heinous prisoners. If you die in prison, you will die anyway. Why don't you help me and let me test it out."

Ye Feng smiled, but there was a fierce light shining in the depths of his eyes, and he murmured: "I hope those prisoners will not let me down..."

Chapter 696: Underground Prison

Ye Feng was very fast. He walked out of Human Emperor Peak alone.

He shuttled through many buildings in Poseidon Academy and came to a huge dungeon area.

At this time, on the ground not far away, a thick steel fence stood on the ground.

In the middle area of the steel fence, a huge bunker was cast.

From the ground, only a small bunker roof is exposed. The entire surface is made of molten iron, making it look ferocious and vigorous.

Under the sunlight, it exudes a cold metallic luster.

Throughout the prison, the air seemed extremely cold and serious, and there was a dead silence.

At this moment, Ye Feng stepped forward.

In the distance, the two tall students standing at the door of the prison seemed to be the guards of the prison.

They saw a young figure approaching and wanted to scold him and leave.

But at the moment Ye Feng's face appeared in their sight.

The eyes of the two prison guards immediately turned horrified.

They recognized the identity of this young man, who was the legendary emperor-level genius.

The founder of Emperor Peak is now extremely powerful.

Perhaps only Chu Tianji, the number one saint, could suppress the arrogance of this emperor-level genius.

"The emperor-level genius is here!"

At this moment, many guards in the prison place came one after another, and they all gathered at the entrance of the prison place.

"See Senior Brother Ye Feng!"

"See Senior Brother Ye Feng!"

The guards in the prison all looked respectful and saluted Ye Feng.

Today's Ye Feng is no longer the rookie boy who was just starting out.

Instead, he has grown into a big figure in the minds of many Poseidon Academy students, and has become a giant-level existence.

So even if these powerful guards from the tenth level of the Cave Heaven Realm in the prison land

, when he met Ye Feng, he was also respectful and respectful. It was the same respectful etiquette as he treated the masters of the six halls.

After all, there are rumors in the entire Poseidon Academy that Chu Tianji and Ye Feng must have a battle.

If anyone wins, he may be the next candidate for the dean of Poseidon Academy.

So when facing Ye Feng, the future dean candidate, everyone naturally put away their pride and became extremely respectful.

Ye Feng nodded slightly and said, "I'm going to take a look in the prison bunker."

"Yes, Senior Brother Ye Feng, please come this way."

At this time, several guards immediately nodded and bowed, leading Ye Feng towards the prison bunker.

No one dared to ask Ye Feng what he wanted to do.

Because whatever a big shot like this does, it naturally has a purpose, and it is not something that little guys like them can interfere with.

At this time, Ye Feng was secretly observing the changes in the attitudes of the people around him.

He sighed inwardly, it seemed that Human Emperor Peak was indeed developing fast enough.

In the minds of many senior students, he created an image of a big shot who worshiped him.

Originally, no one was allowed to enter the prison, but now that Ye Feng is here, the journey is naturally smooth.

When a group of guards led Ye Feng into the seemingly small bunker, Ye Feng's vision suddenly became clear in an instant.

After entering the bunker at this time, an extremely vast underground space appeared in his field of vision.

The entire ground has been hollowed out, nearly several kilometers deep into the ground. It is simply an artificially dug abyss.

Moreover, the entire surface of the abyss was made of a mixture of mud and molten iron to create a huge underground city.

In this underground city, the walls are all inlaid with luminous pearls.

, emitting a faint light.

The atmosphere of the entire underground prison is a bit dark and mysterious, making the entire underground city full of a mysterious atmosphere.

At this time, a guard said respectfully: "Senior Brother Ye Feng, we have been sent here. If anything happens, you can give us orders at any time."

Ye Feng nodded and said, "Okay, you go."

"yes!"

The dozen or so guards all clasped their fists and shouted, then turned and left.

At this time, Ye Feng walked to the first underground level of the dungeon.

The prisoners imprisoned in the first level were not powerful, and most of them were in the supernatural realm. They were not executed, but were made to do hard labor in Poseidon Academy.

At this time, there were prisoners, most of whom were men, but there were also female prisoners.

Their hair was all messy. When they saw Ye Feng walking into the dungeon, they all cast curious eyes on the young man in black.

After all, they could feel a very unfathomable aura from Ye Feng's body, as if they were facing an ancient beast.

"Why would such a big shot come to our dilapidated underground prison?"

At this moment, many prisoners were filled with doubts.

"Let's start with you."

At this time, Ye Feng was staring at a strong barbarian who was in the ninth level of the magical power realm.

"Kill me if you dare!"

Although this barbarian man was a prisoner, his temper was extremely violent. He was not afraid of anything and he roared directly at Ye Feng.

Ye Feng didn't get angry. He just stared at the strong man from the ninth level of the supernatural realm very calmly. Then he said to the guard guarding the cell door: "Open the door."

"yes!"

The guard knew Ye Feng's identity and was extremely noble, so he naturally obeyed his words.

Now everyone at Poseidon Academy knows that Ye Feng has become a leader and his status is comparable to that of Chu Tianji, the number one saint.

I am afraid that even if the warden of their underground prison comes, he will still be respectful to this emperor-level genius.

Although the guard did not know why this noble emperor-level genius came to this dark and chaotic underground prison.

But Ye Feng's order is an imperial edict to him, a little guard.

"Squeak!"

The cell door of this barbarian prisoner in the supernatural realm was opened.

Click, click...

Ye Feng stepped lightly and walked into the prison of this strong barbarian man.

"How dare you open the prison door in front of me, hahaha, you are too trustworthy!"

This barbarian man immediately smiled cruelly and was about to take action.

boom!

But at this moment, a huge and boundless terrifying aura, like a vast mountain, suddenly descended on the strong barbarian man.

"Crack!"

The strong barbarian man didn't even have time to react. His entire spine was crushed to pieces, and he was instantly crushed to the ground with a pop, lying in front of Ye Feng, unable to move.

"So... such a terrifying momentum..."

At this moment, the face of the little guard standing next to Ye Feng suddenly turned pale.

Although Ye Feng did not launch his momentum against him just now, just a trace of the momentum made the guard feel as if he had fallen into a vast sea instantly, and he was as small as a small boat. .

At this time, Ye Feng stepped in front of the strong barbarian man who was pressed on the ground without saying a word.

He just asked in his mind: "Shang, after I successfully hypnotized him, what should I do to make this barbarian prisoner believe in me and contribute his faith to me?"

Chapter 697: Half a Year's Quantity

Ye Feng's eyes were staring at the strong barbarian man with a hint of deep light.

He was using his soul power to attack the spiritual world of the barbarian prisoner in front of him.

This barbarian prisoner is just a small spiritual practitioner. How can he resist Ye Feng, a terrifying soul master with a soul power of more than 100 levels?

So almost instantly, the eyes of the barbarian prisoner who was struggling on the ground suddenly became confused.

Then he stood up, looked at Ye Feng in front of him, with a submissive expression on his face, and said, "See the master."

"what's the situation?"

This scene made the guard outside the cell suddenly look horrified.

In just a moment, Ye Feng made this barbarian thug who was not afraid of anything and everything, suddenly become so obedient and honest?

It's incredible!

It even makes people feel weird!

The guard turned away quickly, not daring to look into the cell again, for fear that he would see some secret and be wiped out by Ye Feng.

After all, the more you know, the greater the danger.

"Senior Brother Ye, you interrogate the prisoners here first. I'll go out to the hut first and be back soon."

The more the guard thought about it, the more frightened he became, and he found a lame excuse and ran away.

Ye Feng didn't care and asked in his mind: "Shang, I have hypnotized this barbarian prisoner now, what should I do next?"

Shang chuckled and said: "The next step is very simple. You just need to trace and cast a sculpture of your soul power in his mind, and order him to sincerely worship your soul power sculpture every day. Then you will get This barbarian cultivator has a steady stream of faith."

When Ye Feng heard what Shang said, he couldn't help showing a look of surprise in his eyes, and said: "In the mind of the cultivator who was hypnotized by me, trace my soul power sculpture and let him worship it every day, yes! Why didn't I When I think about it, this is actually the same as casting my physical sculptures and temples in the secular world for mortals to worship.

It's just that the practitioner has spiritual power and can directly trace my virtual soul sculpture in his mind. It's like my will is planted in his mind. He is hypnotized by me and will naturally obey me. Any order, he just needs to worship it continuously every day. "

Shang nodded and said: "In the ancient golden age of cultivation, many human race greats, or giants of other races, would open up a small world in their own natal magic weapons, capture powerful practitioners in it, and raise those Practitioners, just let those practitioners worship themselves in their hearts every moment and provide them with the power of faith."

Ye Feng nodded and said: "Now I don't have the ability to open up a small world in any magic weapon to raise other practitioners or creatures. Now I will hypnotize all the prisoners in this underground prison, so that Besides, they have become my followers. After all, after hypnotizing these prisoners, their consciousness is still normal. Others should not be able to see any abnormalities. And even if others find any abnormalities, with my current identity and status in Poseidon Academy, it is estimated that some people with good intentions will People don't dare to say anything, they are definitely afraid that I will silence them."

Shang laughed and said: "Ye Feng, you are gradually beginning to have the aura of a superior person. You are becoming more and more like the Demonic Emperor. You will do whatever it takes to improve your strength."

Ye Feng shrugged and said: "I don't call it unscrupulous. Each of the prisoners in these underground prisons is a very vicious person and has committed huge crimes. I hypnotized them and became my

believers, which can be regarded as using waste. , I am already very kind to those strong men who kill thousands of creatures at every turn and refine their magic weapons."

At this time, Ye Feng said to the obedient barbarian prisoner in front of him: "Open your heart."

"Yes, my master."

This barbarian prisoner, who was originally extremely violent, was now like the docile little rabbit, showing no resistance to Ye Feng.

This is the power of the soul master's unique hypnosis method.

The place to be afraid of.

At this moment, Ye Feng directly released a soul imprint of his own, imprinting it deep into the spiritual soul of the barbarian prisoner in front of him.

Ye Feng used his own soul to trace and cast a huge sculpture of his own soul power in the soul world of the barbarian prisoner. It was towering and condensed, and looked majestic.

At this time, the barbarian prisoner in front of him knelt down deeply to Ye Feng, and said respectfully and happily: "Thank you master for the reward. With the sculpture of master's will, my cultivation will definitely improve very quickly. I I will definitely complete the tasks assigned by the master, worship the master's soul sculpture sincerely every day, and contribute my faith and everything I have to the master."

Buzz!

At this time, following the voice of the barbarian prisoner, Ye Feng immediately felt a trace of advanced faith power, floating and injected into his body.

Ye Feng could clearly feel that this tiny bit of power of faith was many times more advanced and powerful than the source of ordinary people's power of faith.

This newfound power of faith must have been brought to him by the barbarian prisoner in front of him.

"The test was successful."

Ye Feng's eyes showed a hint of joy, and he said to the barbarian prisoner in front of him: "You can stay in this underground prison with peace of mind and contribute your faith to me every day."

"Yes, my master."

The strong barbarian man spoke respectfully. After Ye Feng left the cell, he actually took the initiative to close his cell door again, so that he would not escape at all.

What he is thinking about now is to dedicate everything he has to Ye Feng.

I have to say that after being hypnotized and becoming a believer, he really becomes like a loyal puppet.

At this time, Ye Feng looked at the dozens of huge abyss spaces in the entire underground prison, which contained hundreds of cages.

"It seems like it's going to be a huge project, but it's worth doing."

Ye Feng had benefited from the practitioners' belief in him, so he naturally refused to waste any resources.

Ye Feng continued walking towards the underground prison. Every time he passed a cell, he would first hypnotize the prisoners inside, and then trace his soul sculpture.

Ye Feng kept repeating this thing all afternoon.

In this underground prison, the lower the level, the stronger the existence imprisoned in the cell.

At the last level, Ye Feng even encountered three prisoners at the level of martial arts saints in the first holy realm.

Prisoners of this level are very difficult to hypnotize.

But with the help of the old demon dragon Shang, Ye Feng successfully hypnotized three martial arts saint prisoners and made them all his followers.

"boom!"

"boom!"

"boom!"

The power of faith provided by martial arts saint-level practitioners is terrifying.

Almost at this moment, Ye Feng felt three rivers of energy rushing into his body.

"boom!"

"Crack!"

At this moment, after Ye Feng's cultivation had accumulated the power of faith of so many believers, he received a wave of followers from three martial arts saints. Ye Feng's cultivation suddenly broke through the bottleneck of the second holy realm. He rushed directly into the third holy realm, the holy realm of Nirvana!

"Beginner level of the third holy realm."

Ye Feng's eyes were full of surprise.

If he absorbed the power of faith of the current mortals in Human Emperor Peak, it would probably take him half a year to absorb the energy of faith that allowed him to break through and enter the third holy realm.

But now, in just one afternoon, the hundreds of cultivator prisoners in the entire underground prison have provided themselves with the tens of millions of mortals in the mortal realm of Human Emperor Peak for half a year!

"Ye Feng! I finally found you! You should go back to Human Emperor Peak and take a look. The red-haired old devil from Gravity Mountain and the senior Yama you brought back are about to start a fight!"

Suddenly at this moment, Murong Yunyin's voice suddenly sounded at the entrance to the uppermost level of the underground prison.

Chapter 698 Confrontation

"What? The red-haired old devil and Senior Yama are fighting?"

Ye Feng was shocked when he heard Murong Yunyin's words in the underground prison.

what's the situation?

Why are these two old guys fighting?

They are all very terrifying old monsters, and their strength is extremely terrifying.

If they really fight, they are really afraid that the entire Human Emperor Peak will be destroyed.

"Hurry up and take me back to Human Emperor Peak to have a look."

Ye Feng jumped directly to the entrance of the underground prison.

Murong Yunyin, the powerful senior sister of the Dacheng Sword Master, was still wearing a white outfit with her black hair tied up, looking very fresh and capable.

While Murong Yunyin led Ye Feng towards the direction of Human Emperor Peak, he said with astonished eyes: "Junior brother Ye, even I can't see through your cultivation level. What level have you reached?"

Ye Feng smiled slightly and stretched out three fingers.

"hiss!"

Murong Yunyin's fair and cold face suddenly showed a look of horror, and she couldn't help but suck in a breath of air.

"The third holy realm!"

Murong Yunyin's heart was filled with shock.

You know, a few months ago, Ye Feng had just entered the first holy realm.

But now, in just a few months, Ye Feng has directly entered the third holy realm.

This speed is really terrifying.

"My master empowered me with magic power every day, and I broke through to the elementary level of the second holy realm in a few months. Many seniors in the academy called it a terrifying breakthrough speed. How come Junior Brother Ye, you broke through so fast, and I Observing the origin of your aura, it is very powerful. It feels to me like there is an ancient evil beast hiding in the ocean of mana in your Dantian. This shows that your accumulation is also extremely terrifying. How did you do it? "

Murong Yunyin stared at Ye Feng, very curious, wanting to know the secret of Ye Feng's god-like speed.

r\u003e

Naturally, Ye Feng would not tell Murong Yunyin that he secretly used the soul master's taboo methods to hypnotize practitioners and let hundreds of powerful practitioners in the underground prison provide him with the power of faith.

Ye Feng just smiled and said: "This can only be achieved by my own inheritance."

Murong Yunyin's eyes flashed and he said: "Is it the soul master's method?"

A smile flashed across Ye Feng's lips, and he said: "Senior Sister Yunyin is indeed very smart. She guessed it as soon as she said it. That's right, after entering the martial arts holy realm, the soul master's training has provided me with the martial arts training. A lot of benefits and help."

Murong Yunyin sighed and said: "I have heard many seniors say that if you don't concentrate on practicing martial arts, you will be dragged down by other paths, but this does not seem to have any impact on you, Junior Brother Ye, whether it is martial arts or soul path. , or swordsmanship, etc., Junior Brother Ye is very powerful, he is simply omnipotent."

Ye Feng smiled and shook his head and said: "I am not omnipotent. I don't even know the most basic skills of weapon refining and alchemy. How can I be called omnipotent?"

A slight smile appeared on Murong Yunyin's beautiful face, and she said: "Those are just trails, it doesn't matter whether they are good or not. Combat power is everything. If you have strength, you can grab various cultivation resources, elixirs and treasures at any time."

While the two were chatting, their footsteps were flying and they had arrived outside the Human Emperor Peak.

At this time, Ye Feng looked towards the inside of Human Emperor Peak, and immediately saw two old figures on the mountain, floating high in the sky, facing each other from a distance.

It is the red-haired old devil and Yama Devil Emperor!

However, these two old monsters did not really take action. They just faced off in the sky without releasing their momentum.

Even the many disciples under the Human Emperor Peak, how they practice and how they speak, all

I didn't see the two old monsters who were powerful enough to destroy heaven and earth fighting against each other high in the sky.

Not far away at this time, an old man wearing a white robe was standing next to the red-haired old demon and Yama Demon Emperor.

This old man in white robes has an unfathomable cultivation aura. He is probably an elder from Poseidon Academy in the fifth holy realm.

But at this time, he had a hesitant look on his face, as if he wanted to go up to start a fight, but he didn't dare to go up.

Obviously, the invisible confrontation between the two old demons made some of the supreme elders in Poseidon Academy unable to sit still.

At this time, the white-robed Supreme Elder couldn't help but sigh to himself, "This Ye Feng really knows how to do things. He made the red-haired old devil come out of Gravity Mountain, and brought back something that makes us old people feel ancient and creepy." The Demon Emperor of Yama was a peerless and fierce man who was famous thousands of years ago."

At this moment, Ye Feng and Murong Yunyin walked over not far away.

When the white-robed Supreme Elder saw Ye Feng finally appear, he immediately cried with an old face and said: "My little ancestor, you are finally back. Although our Poseidon College is very enlightened, we can't stand it." What a hassle. Do you know that the Demon Emperor of Yama you brought back was a notorious old demon in ancient times. If he fought with the red-haired senior, the entire Poseidon Academy would be destroyed by the two of them. Lose."

Ye Feng looked at the mournful face of the white-robed Supreme Elder in front of him, and couldn't help but gasp a little. It seems that the red-haired old devil and Yama Demon Emperor are indeed very famous, even the Supreme Supreme Leader of the Fifth Holy Realm of Poseidon Academy The elders all felt a headache.

Ye Feng quickly comforted the more than 100-year-old academy elder in front of him and said, "Don't worry, don't be afraid, I'm here."

Saying that, Ye Feng could only step forward, forced a smile, and said to the sky: "It turns out that the two seniors are old friends. It seems that they have known each other for a long time. Why are they so angry? Too old, no

Come down and drink tea together and discuss how wonderful life would be. "

The white-robed Supreme Elder and Murong Yunyin beside him could not help but twitch their faces slightly when they heard what Ye Feng said.

The situation of the two old demons high in the sky makes it clear at a glance that they had a grudge in their early years.

Now that the enemies met, they were extremely jealous, but Ye Feng said that they were old friends.

The white-robed Supreme Elder of Poseidon Academy took a step back slightly and couldn't help but complain to Ye Feng: "You really dare to say that!"

But what surprised the white-robed Supreme Elder and Murong Yunyin was that the moment Ye Feng finished speaking, the red-haired old demon really stopped confronting Demon Emperor Yama.

Instead, the red-haired old devil stepped in front of Ye Feng, took out a book from his arms, handed it to Ye Feng, and said: "I have finished reading this human emperor's classic book and will give it back to you. I remind you, don't talk to him." The Demon Emperor of Yama is too close, he is not a good person, he will do anything in pursuit of strength, and sooner or later he will kill the people around him. "

Ye Feng, the white-robed Supreme Elder and Murong Yunyin who were standing in front of them didn't know what to say when they heard what the red-haired old devil said.

But at this moment, the Demon Emperor of Yama not far away spoke up: "I really didn't know that Xuan'er was so ill back then. Otherwise, even if I gave up the fight for the throne, I still wouldn't be able to leave her and go into seclusion. I have regretted letting Xuan'er die on the bed for hundreds of years without having the chance to talk to her again before she died!"

The red-haired old demon suddenly turned around, and a terrifying red demonic light suddenly bloomed in his eyes, as if it could tear the sky into pieces.

His dead face showed a rare look of rage, and he shouted: "Yam Luo, shut up! If I knew that my sister had suffered so much from you, I would have taken her home long ago. In order for you to strive for the throne, I gave up eating the Emperor's Heart Blood Lotus and allowed you to refine

this peerless imperial medicine, causing yourself to die of illness, but you don't know it. This is a regret that you will never be able to make up for, let alone tens of thousands of years!"

Chapter 699: Emperor Yama's Order

Xuan'er?

younger sister?

At this time, when the surrounding Ye Feng, Murong Yunyin and the white-robed Supreme Elder heard the words of the two old demons, their eyes suddenly flashed.

After listening to the words of the two old demons, Ye Feng and the others seemed to understand.

It seems that tens of thousands of years ago, there was really an irreconcilable grudge between the two old demons, and it was because of a woman named Xuan'er.

Ye Feng was very surprised. He didn't expect that two beings who thought they had no intersection could actually meet each other after ten thousand years, triggering a grudge from back then.

I have to say that sometimes fate is indeed unclear.

After the red-haired old devil finished speaking, he left Human Emperor Peak directly.

The Demon Emperor of Yama remained silent.

Ye Feng stepped forward and said, "Senior Yama, are you okay?" .??.

The Demon Emperor of Yama, an ancient ancient demon with a great reputation, had a pair of eyes that were rare and not filled with domineering power, but revealed the lament of a strong man in his twilight years, saying: "I'm fine, I want to visit my old place. After a trip, I can't help you, Ye Feng, to guard Renhuang Peak for the time being."

Ye Feng smiled and said: "Senior Yama, go ahead. Now that I have entered the third holy realm, my combat power is directly at the fifth holy realm. Most people cannot offend the Human Emperor Peak at all. I will be there to guard it."

The Demon Emperor of Yama did not expect Ye Feng to break through so quickly. Even this ancient demon had a look of amazement in his eyes and said: "Okay! It is my fate to meet a peerless monster like you. Then I will give you a great fortune! Back then, I had four great demon guards, each of them were trained by ancient saints. They followed me in battles for countless years and were loyal. They are now sleeping somewhere in the Southern Territory. In the earth, I personally sealed them back then to prevent their lives from passing away. Now I will give the "Yam Luo Emperor's Order" to your boy to wake them up, and they will obey your orders."

"Four demon guards? Four ancient saints?"

Ye Feng was shocked.

Murong Yunyin and the white-robed Supreme Elder standing behind him were also shocked.

Four ancient saints?

What kind of lineup is this!

It's simply terrifying!

Even in Poseidon Academy, the most sacred place of martial arts in the Southern Region, the secret revealed on the surface is that he is an ancient saint who has frozen himself!

But now, the Demon Emperor of Yama directly handed over the Emperor's Order of Yama to Ye Feng, asking him to find the four ancient saint-level demon guards sleeping somewhere in the southern region.

"As expected of a quasi-emperor-like terrifying existence back then, this is simply too domineering! Just give away four ancient saints?"

The great elder in white robe was so shocked that his breathing was suffocated.

He ran away quickly, as if he couldn't help but tell this big secret to the higher-ups of Poseidon Academy.

"Senior Elder."

At this time, Ye Feng's voice sounded in the mind of the white-robed Supreme Elder: "I hope you, elder, can keep this matter a secret for a while, because the matters involved in the four ancient saints are really too big."

"Soul sound transmission, soul master's method?"

Even though the white-robed Supreme Elder was in the fifth holy realm, he was about to pee with fear at this moment.

This Ye Feng is really too mysterious and terrifying.

The white-robed Supreme Elder quickly sent a message: "Master Ye, don't worry, I will keep this secret in my heart for the time being. I will tell it out after Master Ye agrees."

Ye Feng smiled and said: "Elder, your cultivation is as high as the sky. Why don't you join us at Human Emperor Peak? You are a senior member of the academy. You should know that a catastrophe is coming, not only for our Poseidon Academy, but also for the entire Southern Territory and the entire Longyuan Continent. , there will be a catastrophe. If the elder is willing to join us, Emperor Peak, we can share this pure land. "

The white-robed Supreme Elder immediately responded: "Okay, I'll think about it. Thank you Peak Master Ye for not killing me."

The white-robed Supreme Elder knew very well that if Ye Feng really wanted to strangle him at this time, he could actually let Demon Emperor Yama take action directly.

It is estimated that the old guys in Poseidon Academy will not offend an ancient evil person like Demon Emperor Yama for themselves, an ordinary Supreme Elder in the fifth holy realm.

"This leaf

Although Feng is young, he has the style of an ancient human emperor. He has a broad vision and a grand heart, which can accommodate all things in the world and handle thousands of miles of rivers and mountains. If I take refuge in him, I will not lose my identity, but this person Chu Tianji They

are equally amazing and talented. The battle for the first place between the two has not come to an end yet, so we have to keep observing..."

The white-robed Supreme Elder thought secretly in his heart, and soon disappeared in the distance.

At this time, the Demon Emperor of Yama gave Ye Feng a token made of mysterious black iron. On it were engraved the two characters "Yam Luo", as vigorous as a knife, with a pen that moved like a dragon and a snake, and an iron painting with a silver hook, which was majestic.

"This is my Yama Emperor's order."

Demon Emperor Yama said, then sighed with his eyes, looked in a certain direction in the distance, and said: "I am gone, and before the great catastrophe comes, I will come back to help Ye Feng in your battle against the demons outside the territory!"

Buzz!

After the words fell, Demon Emperor Yama stepped forward, and his figure had already appeared ten thousand meters away.

Taking another step, the figure of Demon Emperor Yama completely disappeared at the end of the mountains in the distance.

Murong Yunyin's beautiful eyes, which were originally cold and calm, were staring at the Yama Emperor's Token in Ye Feng's hand, and said: "I will immediately send experts from the intelligence department in the Human Emperor Peak to read through ancient books to find the Yama Demon. The place where the four great demon guards were sealed back then."

Ye Feng nodded and said: "Then I'll leave this matter to you, Senior Sister Yunyin. The existence of the four saints is too involved. This matter must be kept secret and no one can tell it."

"I learned the stakes."

Murong Yunyin nodded, and then asked with some confusion: "Why didn't Senior Yama directly tell you where the sleeping places of his four demon guards are?"

Ye Feng shook his head and said: "Maybe he himself has forgotten it. After all, tens of thousands of years have passed, but the greater possibility is that Senior Yama feels that my current cultivation is too weak to awaken the four ancient saints. Demon Guard, you want me to settle down again."

"This should be."

Murong Yunyin nodded and left anxiously, wanting to immediately start looking for news about the four demon guards.

If Human Emperor Peak could have four

Guarding the saints of the past, you really don't have to worry about any young people. Even the overlord forces and overlord races can be tough!

Seeing Murong Yunyin leaving, Ye Feng, who was originally excited, became calmer.

He knew very well that the four saints were not enough.

That would definitely be enough to deal with Chu Tianji, the Prodigy Alliance, or the Holy Ancestor Dynasty.

But on the land of the Western Desert, he saw with his own eyes the action of a foreign emperor, instantly wiping out the dominant force of Ten Thousand Buddhas Temple, which shocked Ye Feng greatly.

"The general trend of Feng Shui and the art of luck must be studied quickly."

Ye Feng strengthened his thoughts, because Shang said that if you understand an ancient technique of borrowing force in the art of luck, at critical moments, you can even rely on tens of millions of people under your command, or even hundreds of millions of people under your command. The power caused his combat power to reach an incredible peak in a short period of time.

The threat of demons from outside the territory made Ye Feng feel a deep crisis in his heart.

Perhaps in the eyes of ordinary people, the reason why Human Emperor Peak expanded so quickly was to deal with Chu Tianji's Tianji Peak.

But only Ye Feng himself knows that his rapid development of the Human Emperor Peak and the improvement of his combat power are really for the upcoming catastrophe of the extraterrestrial demons!

"Uh-huh!"

A figure flashed over.

She is a woman in black, with a cold face, like a lonely star and a cold moon, and her beautiful eyes have an innate lightness.

This person is the contact person of Poseidon Academy's nearest underworld stronghold, Liang Bing, a killer from underworld.

Liang Bing looked at Ye Feng at this time, feeling more and more suffocated by the young man in black in front of her. Standing in front of Ye Feng, she felt as weak as a little ant.

"Lord Xiao He's friend is progressing too fast."

Liang Bing was extremely shocked.

But she quickly explained her purpose: "Master Ye Feng, please ask your subordinates to contact me and say that they want to see Mr. Xiao He, but Mr. Xiao He is now in danger deep in the underworld. He urgently needs Ye Feng now." Lord your help."

Chapter 700: The Impermanence of Life and Death

"Is there something wrong with Xiao He?"

Ye Feng looked at the female assassin from the underworld in front of him and said, "It seems that I will go to the underworld to take a look after all."

"I will go with you."

Suddenly at this moment, Hua Qianyu's beautiful figure in red appeared not far away.

"What? Master Qianyu is here too!"

Liang Bing, this little underworld female killer, was immediately shocked to the extreme in her eyes.

She saw Hua Qianyu walking up to Ye Feng and flicking a fallen leaf off Ye Feng's black clothes. The two of them seemed to behave in an abnormally close manner.

This made Liang Bing even more shocked. She never thought that Hua Qianyu, the top three legendary killers in their underworld, would actually live in Ye Feng's Human Emperor Peak.

Ye Feng looked at Hua Qianyu beside him, shook his head and said: "You have been kicked out of the underworld now, why go back again, just to see your hometown?"

Hua Qianyu's red lips came to Ye Feng's ear and whispered: "There is a place deep in the underworld called the Valley of Samsara. There is an ancient cave hidden there, and there may be a treasure. I discovered it many years ago, but it has always been There is no second chance to enter the Valley of Reincarnation. Maybe you can go in this time."

When Ye Feng heard what Hua Qianyu said, his eyes couldn't help but move slightly, and said: "The ancient cave hidden in the Samsara Valley deep in the underworld sounds very extraordinary. Okay, I will take you with me, but your current identity It's too sensitive, you still have to hide it."

Hua Qianyu smiled movingly and said: "Hiding identity is the specialty of top killers like us, so don't worry."

Ye Feng looked at Liang Bing and said, "We will go to your stronghold tomorrow to teleport."

"Okay, I'll wait for Lord Ye Feng to arrive in the stronghold."

Liang Bing clasped his fists and said loudly.

Uh-huh!

After she finished speaking, she didn't dare to ask more about Hua Qianyu. She jumped directly and disappeared in the distance of Human Emperor Peak in a blink of an eye.

At this time, Ye Feng was walking towards the top of the Great Mountain of the Human Emperor Peak. His spiritual thoughts spread out and he instantly sensed the positions and auras of everyone in the Human Emperor Peak.

Now, as Ye Feng has entered the third holy realm, his soul power has also increased to more than a hundred levels. His spiritual thoughts are getting stronger and stronger, and the coverage area is getting wider and wider.

Buzz!

In just a moment, Ye Feng's entire thoughts were like a dragnet, covering the entire Human Emperor Peak.

Suddenly, Ye Feng could feel that there were 50,000 to 60,000 people practicing, working, and completing various things in the Human Emperor Peak.

At this time, Ye Feng had a thought in his mind and directly notified the core figures of Human Emperor Peak.

"Come quickly to the central hall on the top of the Great Mountain. I have something to explain."

At this time, Ye Feng's voice sounded in the hearts of several people at the same time.

Uh-huh!

Uh-huh!

Uh-huh!

In various places on the huge Human Emperor Peak, figures with powerful auras appeared immediately. There were old people and young people. They woke up from their cultivation state and flew towards the central palace on the top of the great mountain of Human Emperor Peak.

At this time, Ye Feng walked into the central hall alone.

Hua Qianyu was now covered in a red robe, and her face and body shape could not be seen clearly.

Ye Feng sat on the golden throne in the center, pointing his finger

"Pap" "Pap" tapping the seat handle, waiting for the arrival of the core members of Human Emperor Peak.

Hua Qianyu remained silent, just stood quietly beside Ye Feng, waiting with him.

Hua Qianyu is now the enemy of everyone in the world. In this world, I am afraid that only Ye Feng has the courage and courage to let her stay by his side.

"Junior Brother Ye, is there something urgent? You asked me to come over just after I left?"

Murong Yunyin was the first one to come and sat at the top of the hall.

Ye Feng smiled slightly and said: "I have something to tell you in advance. Let's wait for the others to arrive."

"good."

Murong Yunyin nodded and said nothing more.

"Meet the Peak Master!"

Then the second person arrived.

This is a young man wearing a white gown with cold eyes, giving people a very sharp feeling.

This person's name is Huang Wuji, a powerful saint in the first holy realm. He comes from a poor family and has made great contributions to the Human Emperor Peak, so he has become a core figure. The Tai Chi Wuhuang Gong he practices is very powerful.

In the following time, Master Bai Yuchen, Shengchanzi, Cangqiong Taoist, Gong Yu, etc., a group of core members of the older generation and core figures of the new generation, all came to the central hall.

Everyone's eyes were all focused on Ye Feng at the top.

Although many people were curious about the woman in red standing next to Ye Feng, no one said anything in this serious occasion.

In fact, when Ye Feng saw everyone arriving, he said directly: "In the next period of time, I will leave Human Emperor Peak, leave Poseidon Academy, and go to the underworld base camp near the ancient sea area to rescue a friend of mine."

"Peak Master is leaving again?"

At this time, many people's expressions changed.

But no one raised any objections. After all, since the establishment of Human Emperor Peak, Ye Feng spent most of his time away from Human Emperor Peak, and everyone was used to it.

At this time, Ye Feng looked at everyone and said: "It will probably take a long time for me to go out this time, so the next development of Human Emperor Peak still needs everyone's concerted efforts. I'm not too worried about other things. I'm mainly worried about people coming from Chu." Tianji's threat, this person must have his own connections in the upper echelons of the academy, and with the quarrel between Demon Emperor Yama and the red-haired old demon before, it is estimated that the news of Demon Emperor Yama's appearance at Human Emperor Peak will spread, Chu When Tianji knows this news, he will definitely understand immediately. The mysterious man in black robe who drove him away in the small world of Luangu Emperor's tomb that day was me, so I'm afraid that after Chu Tianji returns, he will be furious towards others. If Huang Feng takes action, you must be careful."

Bai Yuchen's eyes were cold, and his tone was filled with strong confidence, and he said: "Feng'er, you can go with peace of mind. The Human Emperor Peak has become a trend now. Tianji Peak can't suppress it just by saying it does. Moreover, during this period, Feng'er You have provided countless cultivation resources. Senior Cang Qiong, Sheng Chanzi, and I are all close to reaching the level of the fifth holy realm. With us guarding the entire Human Emperor Peak, there will be no problems."

Ye Feng nodded and said with a smile: "I feel relieved with Master's words. By the way, Senior Sister Yunyin, in the next period of time, if there are strong enemies or secretly young people who dare to attack Renhuang Peak, don't Kill, imprison directly

Get up, a large prison has been built in the deepest part of Human Emperor Peak, and it will be of great use to me. "

Although Murong Yunyin's beautiful eyes were a little confused, she still nodded and said: "Okay, I understand."

Ye Feng looked at everyone and said: "This is what I want to explain. Human Emperor Peak needs to continue to grow. I think everyone is still vividly aware of the crisis of the destruction of Ten Thousand Buddhas Temple. This land may really be destroyed in the near future." There will be chaos, so from now on, don't waste any time to strengthen yourself and the Human Emperor Peak."

"Yes, Peak Master!"

At this moment, everyone stood up one after another and spoke firmly.

In the minds of these core members, Human Emperor Peak has clearly become a home that they need to protect.

...

the next day.

Ye Feng and Hua Qianyu left the Human Emperor Peak.

Both of them were masters, and they left quietly without anyone noticing.

After leaving Poseidon Academy, Ye Feng took out a spirit boat directly from the storage spirit ring and stood on it with Hua Qianyu.

"boom!"

The entire body of the spirit boat burst into brilliant light, instantly turning into a stream of light and disappearing at the end of the sky.

Their trip was exactly to the underworld stronghold closest to Poseidon Academy, which was in the capital of a high-ranking mortal dynasty.

Three days later, the two arrived at their destination.

But what surprised both Ye Feng and Hua Qianyu was that the underworld stronghold had turned into ruins.

Throughout the Mortal Capital, countless mortals stared with fear in their eyes at a group of tall soldiers in purple armor stationed outside the ruins.

There were a dozen soldiers in total. They were all murderous, wearing armor and holding green halberds. They looked aloof and arrogant.

They were standing in the ruins of the underworld stronghold, piling up a group of the underworld disciples who had been killed in the stronghold, as if they wanted to burn them all directly.

Among the dead bodies of the disciples from the underworld, there lay a figure that Ye Feng was very familiar with, it was Liang Bing!

This female assassin from the underworld who often relayed news between the underworld stronghold and the Human Emperor Peak was already dead at this time and had become a beauty with withered bones.

She lay among a group of corpses, covered in blood, and her entire body was pierced by the cold blades of countless halberds. She died miserably.

"It's the Purple Scale Army of Dragon Palace!"

Hua Qianyu stood on the spirit boat, her beautiful eyes suddenly startled, and she said: "Did the Dragon Palace start to take action against the underworld? Before I was kicked out by the underworld, the underworld and the Dragon Palace had already begun to fight openly and secretly. Now the Dragon Palace, to be so bold and take action directly? "

At this time, Ye Feng was staring at Liang Bing's corpse among the dead people. He let out a breath and stared at the dozen or so murderous Dragon Palace Purple Scale Army soldiers below. He jumped from the spirit boat. Come down and walk straight towards the ruins of the underworld.

"Boy! Stop! This is the center of my Dragon Palace! If you dare to take another step forward, the halberd in my hand will pierce your heart directly...ah!"

When a purple-scaled soldier saw Ye Feng approaching, he wanted to scold him, but before he could finish his threatening words, a monstrous force suddenly erupted from Ye Feng, and the purple-scaled soldier who was speaking was instantly hit by a wave of force. The invisible terrifying power was blown away, and all the bones in his body were shattered. He fell hard to the ground and died instantly.

"What?!"

Almost at the next moment, when the remaining dozen Dragon Palace Purple Scale Army masters saw this scene, their faces turned pale with fright, and they all gasped.

Ye Feng didn't seem to pay attention to them, and walked directly in front of Liang Bing, looking at the female killer's eyes before she died, still full of fear.

He sighed softly, "On the journey of cultivation, life and death are unpredictable. I just saw your voice and smile a few days ago, but a few days later I have met you, life and death, life and death..."

At this moment, Ye Feng suddenly found that he had begun to understand the secret of life and death in the fourth holy realm.

Ye Feng was silent for a moment and buried Liang Bing in the ruins of the underworld.

Only then did he turn around and look at the dozen or so purple-scaled soldiers who dared not move, and said indifferently: "Of the dozen or so of you, only one can survive. You decide who can survive."

"boom!"

Almost at the moment Ye Feng finished speaking, more than a dozen Dragon Palace Purple Scale Army didn't even hesitate and started killing each other.

They understood Ye Feng's meaning, which was that among the dozen or so people who attacked first and killed all their companions, he would live.

As for resisting Ye Feng together?

The dozen or so purple scale soldiers didn't even think about it.

They were not ordinary monks, and they knew very well how terrifying and powerful the young man in black who suddenly appeared in front of them was.

"ah!"

"ah!"

Accompanied by piercing screams, the last tall purple-scaled soldier was finally left. He had the cultivation of the tenth level of the Cave Heaven Realm. He survived the cannibalism and was stained with the blood of his companions.

He walked tremblingly in front of Ye Feng and said: "Sir, spare my life..."

Ye Feng nodded slightly and said: "I am a person who keeps my promises. If you survive in the end, then I will not kill you."

"Thank you, sir!"

The master of the Purple Scale Army immediately burst into laughter.

"look into my eyes!"

Suddenly Ye Feng shouted loudly.

"grown ups?"

The master of the Purple Scale Army immediately looked up at Ye Feng, wanting to ask something.

But he saw that Ye Feng's dark pupils were like two boundless abyss, filled with eternal depth and darkness, which seemed to be able to suck in a person's soul at once.

"Hypnosis!"

At this moment, Ye Feng directly used the soul master's technique, opening the Divine Eye of Creation, and immediately hypnotized the master of the Purple Scale Army in front of him, who was no more than the tenth level of the Cave Heaven Realm.

Ye Feng asked: "What is your name?"

The master of the Purple Scale Army of the Dragon Palace immediately said obediently: "Reporting to your lord, my name is Gu Lie, and he is the commander-in-chief of the nearby Dragon Palace stronghold."

Ye Feng nodded and said: "Very good, now take us to your Dragon Palace stronghold and use the teleportation array in the Dragon Palace stronghold to send us to the ancient sea area."

"Okay sir."

Gu Lie immediately led the way towards the distance.

Uh-huh!

Hua Qianyu jumped off the spirit boat and stood side by side with Ye Feng.

There was a hint of surprise in her charming eyes, and she couldn't help but say: "I finally saw the magical method of the soul master. It can actually make people obedient. It's amazing."
