

Ancient 881

Chapter 881 Three Masters

The back mountain area of the Sword God Tiangong is covered with snow all year round, and the ground is completely white.

Uh-huh!

Uh-huh!

Uh-huh!

At this time, a tall young man dressed in black as night, holding a knife in his left hand and a sword in his right hand, was waving it rapidly in the snow.

What is very strange is that he dances the sword with his left hand and the sword with his right hand. It does not affect the moves between them at all. On the contrary, the sword and the sword are in perfect harmony. This requires an extremely powerful spiritual realm to achieve this kind of single-mindedness. Secondary level.

"Sword-cutting technique!"

Suddenly at a certain moment, the young man in black's eyes condensed, and his swords instantly joined together, and they suddenly slashed forward.

"Boom!"

A divine sword light instantly erupted from the sword in his hand, tearing the entire earth apart at once, and the cracks spread hundreds of meters.

"I finally succeeded in combining swords together! This power is really powerful!"

The young man in black was naturally Ye Feng. At this time, he murmured in surprise. After half a month of practicing swordsmanship and sword practice, he finally understood this powerful sixth-grade true spirit-level sword attack technique. It's beginning to take on power.

"Boom! Boom! Boom!"

Not far away, the bells of the Sword God's Heavenly Palace could be heard, which was a symbol of the sect's grand gathering.

"The bells ringing for the sect's grand gathering?"

As soon as Ye Feng's eyes moved, he immediately started to use his body skills and flew towards the direction where the bell of the Sword God Tiangong was ringing.

The outer sect's grand gathering is usually held every two to three months, with various projects, such as breaking through the nine-story inner demon tower, traveling through the eighteen-story river of flames, or challenging the underground demons in the underground grotto, etc.

If the outer sect disciples perform well, they will receive extremely generous rewards. This is only limited to the outer sect disciples, because the inner sect disciples are all emperor realm beings and are very powerful. They disdain to participate in such a so-called sect grand gathering. In their eyes, these sect grand gatherings often held by the outer sect are just children's play.

However, Ye Feng is very interested, because he is very short of money now. If he wants to buy a high-end spiritual pen, he must earn more spiritual crystals before he can buy it from the Baibao Pavilion in the sect. Huge spiritual pen.

On the way, Ye Feng saw many outer sect disciples. Like himself, their eyes were full of expectation and they were flying towards the direction where the bell was ringing.

Obviously, the sect grand gathering held in the outer sect this time attracted the attention of many people in the outer sect.

When Ye Feng arrived at the Martial Arts Plaza in the center of the outer gate.

He immediately saw a huge crowd of people, tens of thousands of outer disciples, all attracted by the ringing of the bells, wanting to participate in this grand event, in an attempt to get the reward of the top three in the sect's grand event.

"Look, the young man in the blue gown is our outer sect's number one swordsman, Senior Brother Lin Gutian, who is known as the 'Gentleman Swordsman'."

Suddenly someone in the crowd exclaimed, and everyone's eyes instantly focused on a young man in blue. He was indeed majestic and handsome, carrying an ancient sword on his back, giving people an unfathomable feeling.

"Everyone, look there. I didn't expect that the little witch Ji Xiaowu, the 'Pink Enchantress', is also here. She ranks second in our outer sect."

"What's this? Look at the man in white over there. Even Chen Hao, the 'Bad Sword' who has been practicing in seclusion, is here. He is the seed disciple who entered the inner sect in this year's outer sect competition. Even the gentleman swordsman Senior Brother Lin Gutian, He also said that he could not suppress the tyrant Chen Hao."

At this time, all the outer sect disciples in the crowd were talking and looking excited. Obviously, they were very excited to see the three legendary figures of the outer sect at once today.

In the crowd, Ye Feng was also watching silently. He saw the three legendary figures that everyone was talking about.

People can feel the aura of the Emperor Realm on their bodies.

Obviously, these three masters of the outer sect, who are respected by everyone, all have cultivation strengths comparable to ordinary inner sect disciples, and they are the seed disciples competing for the top three in the upcoming outer sect competition.

Ye Feng nodded slightly. It was very extraordinary to reach the imperial realm at such an age. He was indeed a genius.

"In this grand event, it seems that the top three are definitely their three masters. It's a certainty. We'd better not get involved. Anyway, we won't get the wealth reward of the top three."

Many outer disciples were very excited when they saw the three masters appearing at the same time, but they were also extremely bitter in their hearts.

Now that the top three masters of the outer sect have all appeared, the top three rankings in this outer sect event must be taken by these three people.

However, there were also people in the crowd who were eager to try, as if they wanted to challenge the legendary status of the three masters.

"Now that everyone is here, this grand event will begin."

An elder in black robe walked from the depths of the martial arts square and looked around the entire field. His eyes rested on the 'Gentleman Swordsman' Lin Gutian, the 'Pink Enchantress' Ji Xiaowu, and the 'Bad Sword' Chen Hao. For a moment, he nodded slightly with a smile on his face. It was obvious that he valued the three of them very much. This was the future of Sword God Tiangong.

At this time, the black-robed elder coughed lightly and said: "The grand event held by our outer sect this time was held three years ago, and that was to enter the seventeen-story earth demon cave in the sect. There are all kinds of darkness in it." Due to the obstacles of the dangerous terrain and the huge danger from the underground demons, whoever breaks through the seventeenth floor of the underground demon cave first and comes out is the winner. In order to sharpen everyone, the upper level of the sect will be generously rewarded this time, and the top three will get a prize. Ten million spirit crystals. In addition to the ten million spirit crystals, the first place can also get a Yin Yang Saint Yuan Pill, which is a fourth-grade true spirit pill. It is the sun and moon that our Sword God Tiangong Dan Dao Master has collected for ten years. Essence, a peerless medicine that is refined, and taking one pill can instantly increase one's power for a hundred years!" .??.

this

The moment the black-robed elder finished speaking, the entire martial arts square suddenly erupted into a boiling discussion.

"What? This martial arts event is actually about breaking into a seventeenth floor underground cave. It's a hellish difficulty. If you go in, you might end up falling to death."

"But this welfare package is indeed too generous. Each of the top three can get 10 million spiritual crystals. Moreover, the first place can actually get a fourth-grade elixir, Yin Yang Sheng Yuan Dan, which is comparable to 10,000 spiritual crystals." It's an ordinary Saint Yuan Dan."

"Anyway, I'm not going to participate. This time our top three masters from the outer sect are here. Each of them has a cultivation level comparable to that of ordinary disciples from the inner sect. The top three must belong to them."

At this moment, many outer disciples were talking in low voices, and many people were retreating towards the rear, obviously unwilling to participate in this extremely dangerous event.

But there were hundreds of outer disciples still standing there, staring at the black-robed elder, including the three masters.

Of course, Ye Feng also stood among them, but he didn't attract much attention. After all, all the eyes of the audience were focused on the three masters, Lin Gutian, Ji Xiaowu and Chen Hao.

"Yes, there are still hundreds of people willing to participate in this grand gathering. I thought there would only be a few dozen people. It seems that you have achieved great results in your practice during this period."

At this time, the black-robed elder nodded slightly and smiled, and he instantly threw out a jade talisman in his hand.

That's a space jade talisman!

Buzz!

The space jade talisman floated high in the sky, and divine light suddenly rushed out from it, manifesting an extremely dark space light gate.

Waves of dark and evil underground demonic energy overflowed from the space light door, causing many people to feel a chill in their bodies.

The black-robed elder's eyes suddenly became sharp, and he shouted loudly: "The outer sect's grand gathering has officially begun!"

Chapter 882 The whole place was silent

Uh-huh! Uh-huh! Uh-huh!

Almost as soon as the black-robed elder finished speaking, hundreds of powerful outer disciples immediately started to move and rushed directly into the underground devil cave in the space light gate.

"Buzz!"

The moment Ye Feng rushed in, he immediately felt a cold aura rushing towards him.

"boom!"

He burst out with vigorous Qi and blood, and his whole body was suddenly burned with Qi and blood flames, illuminating the darkness in the underground devil's cave, and the biting cold aura was suddenly dispelled.

Uh-huh!

Uh-huh!

The fastest at this time are naturally the three masters of the outer sect.

"Roar!"

An underground demon that was more than ten meters tall suddenly crawled out of the mire in front of it, stretched out its ferocious claws, and grabbed the three masters who were the first to attack.

"Batakujutsu!"

‘Bad Sword’ Chen Hao instantly pulled out the long sword from his waist, and in an instant, the peerless sword light exploded, and with a puff, he directly chopped the underground demon blocking the road in front into two halves.

"Amazing!"

At this time, many contestants who had entered the Underground Devil's Cave behind them couldn't help but exclaimed when they saw this scene.

"snort."

The tyrant Chen Hao just smiled arrogantly, jumped up, and rushed to the first position in an instant.

"Riding the Wind Sword Technique!"

'Gentleman Swordsman' Lin Gutian also took action. He instantly unsheathed the ancient sword on his back. He jumped up and stepped on the long sword. In an instant, the two swords merged into one, turning into an extremely cold sword light, stabbing directly. Breaking through the endless darkness, he instantly surpassed the tyrant Chen Hao.

"Are you all starting to compete for the top three positions so quickly? This is only the first floor of the Underground Demon Cave. Why are you so anxious?"

'Pink Enchantress' Ji Xiaowu's beautiful big eyes showed a trace of helplessness at this time, but she was not slow at all. Magic light surged around her graceful body, making her extremely fast and following closely. Looking at Lin Gutian and Chen Hao at the front.

The three of them were so powerful that they left everyone far behind.

"What a pure underground demonic energy. The demonic energy here is almost ten times stronger than the spiritual energy of heaven and earth in the Sword God's Heavenly Palace!"

Ye Feng was hanging far behind the top three at this time. It was not that he could not catch up with the three of them, but he was absorbing the pure demonic energy in this underground devil's cave.

To other outer sect disciples, demonic energy is poison, a highly poisonous substance. If inhaled into the body, it will immediately make the cultivation techniques go crazy and turn them into human demons.

But these poisonous demonic energies are a great tonic for Ye Feng, because Ye Feng's body is the furnace of creation, which is like a melting pot of heaven and earth that can smelt the power of all attributes.

Whether it is spiritual energy, demonic energy, demonic energy, evil energy, poisonous energy, etc., it is all a kind of attribute energy bred by the universe, and it all belongs to creation. Naturally, it can be smelted by the divine secret of creation and become the nourishment for Ye Feng to grow stronger.

Therefore, Ye Feng's speed was slow at this time, following the top three, always hanging on.

The top three are the top three masters from the outer sect. Each of them has the cultivation level of the Junior Emperor Realm and has extraordinary skills. Ye Feng will naturally not rely on others and cannot fall too far behind the three of them, otherwise he may not be able to catch up in the end.

...

Half an hour later.

"Look!"

"Someone has appeared on the seventeenth floor and is about to rush out!"

"As expected, they are our top three masters from the outer sect!"

At this moment, on the martial arts square, everyone looked through the space light door and saw the competition scene inside, and they couldn't help but exclaimed.

The black-robed elder who was responsible for presiding over this outer sect grand gathering looked at the three people appearing on the last floor and couldn't help but smile and nodded.

These three people, Lin Gutian, Ji Xiaowu and Chen Hao, are all very fast and on par with each other. They are indeed the most amazing and talented disciples in this generation of outer sect. They have a promising future.

"First place is mine!"

At this time, Chen Hao roared and slashed directly at Lin Gutian beside him, obviously trying to repel Lin Gutian.

"A long river of sword energy!"

Lin Gutian was known as the 'Gentleman Swordsman', and his reputation was certainly not unearned. He suddenly drew his sword and slashed a long sword-qi sword directly in the sky.

He and Chen Hao's sword collided with each other, and the two of them retreated.

"Hehe, you two fight slowly, this first place belongs to me!"

Suddenly, at this moment, the pink enchantress Ji Xiaowu, a girl in red, smiled strangely, and her small body flashed towards the exit of the last floor.

"not good!"

Chen Hao and Lin Gutian were both startled at this moment and immediately rushed towards Ji Xiaowu.

"Hehe, if you can't catch up with me, the first place will be mine..."

Ji Xiaowu laughed loudly.

But suddenly at this time.

Suddenly.

"Uh-huh!"

A figure of a young man in black suddenly shot out of the darkness like a gust of wind. He was moving at an incredible speed like a gust of wind, leaping past Ji Xiaowu in an instant and rushing out of the exit of the last floor.

This young man in black suddenly became the number one person in the event!

"What?!"

"Holy crap, what's going on? Why did an unknown boy suddenly show up!"

"Who is he? He was so fast, even Ji Xiaowu was surpassed!"

At this moment, the many outer disciples watching from outside suddenly widened their eyes.

Obviously they never thought that the final result would end in this way.

The first place in the event was not the three masters that everyone was looking for, but a little-known newcomer.

This made everyone a little stunned.

"this....."

At this time, even the black-robed elder was stunned for a moment, as if he didn't know what to say.

But the rules are the rules. The first one to break out of the underground devil's cave is the first place.

"Little brother, you are not good. You actually hid around us, rushed out when we were not paying attention, and won the first place." Ji Xiaowu, the little witch, stared at the young man in black and said.

The young man in black is naturally Ye Feng. At this time, he has absorbed enough pure demonic energy, and his cultivation level has stepped from a six-star quasi-emperor to a seven-star quasi-emperor.

emperor.

Regarding Ji Xiaowu's words, Ye Feng smiled slightly and was too lazy to explain. He just said: "If you win, you win, right?"

Ye Feng's slightly indifferent words made Ji Xiaowu's beautiful eyes slightly stunned. It seemed that she did not expect that this new disciple would act so indifferently in front of her.

You know, Ji Xiaowu is a famous little witch in the outside world. Anyone who dares to displease her will die miserably.

But the indifferent tone and deep eyes of the young man in black in front of her made Ji Xiaowu not know what to say for a moment. She was usually eloquent, but now she felt as if her throat was being choked. It was as if he was frozen, unable to make a sound.

At this time, Lin Gutian and Chen Hao both walked out of the last level of the Underground Demon Cave.

Lin Gutian looked as usual, even staring at Ye Feng with a hint of curiosity in his eyes.

Chen Hao, the tyrant swordsman, had a fiery temper. His eyes were extremely gloomy at this time. The aura of the emperor-level powerhouse surged crazily, and he rushed towards Ye Feng. His voice was as cold as a knife, and he said: "A quasi-emperor level waste dares to play tricks." We? Boy, do you know that you are playing with fire?"

Ye Feng looked at Chen Hao, the domineering sword, without the slightest fear, but said indifferently: "As one of the three masters of the outer sect, but without any measure, he calls people useless whenever they meet. I guess your martial arts practice is... If you can't reach any high level, you will stop."

"Boy, what did you say?"

Chen Hao's aura suddenly became extremely terrifying. He pulled out the long sword from his waist with a clang, shouted and rushed towards Ye Feng: "Then I will show you how terrifying my tyrannical sword is." !”

The sword-cutting technique!

Suddenly, Ye Feng's hands suddenly appeared with swords and swords, and he struck directly with force. The terrifying light of the swords suddenly flooded the void.

"Crack!"

Accompanied by a crisp sound.

In the horrified eyes of countless people around him.

"Wow!"

Chen Hao's whole body flew backwards like a broken sack.

The domineering sword in his hand also exploded and turned into pieces.

"How can this be....."

The whole place was silent.

Chapter 883 Black Bamboo

quiet!

Deadly quiet!

Everyone on the field stared at the tall young man in black, full of awe.

"So awesome..."

At this time, even Ji Xiaowu's big eyes showed the slightest hint of fear.

"The art of combining swords? It's amazing that they can be perfectly integrated."

The gentleman swordsman Lin Gutian's eyes lit up slightly and he couldn't help but praise him.

At this time, Ye Feng did not pay attention to the eyes of the people around him, but seemed to have done an insignificant thing.

He just took back the sword in his hand, looked at the stunned black-robed elder, and said: "Elder, please announce the result of this grand meeting."

"Huh? Oh, okay!"

The black-robed elder was reminded and immediately said: "The first place in this grand event is this one..."

The black-robed elder was a little embarrassed. He didn't know Ye Feng's name.

"Ye Feng." Ye Feng said.

"Oh, Ye Feng!"

The black-robed elder immediately shouted in a certain direction: "Bring the rewards from this outer sect event, and I will award them personally."

Several young men dressed in the attire of inner disciples took the rewards this time, each with three trays.

On the first tray, in addition to a spiritual crystal card worth 10 million, there was also a small jade bottle. The jade bottle contained an elixir that shone with a faint golden light. It was the precious fourth-grade true spirit. Super elixir, Yin Yang Sheng Yuan Dan!

Ye Feng's eyes were slightly happy at this time. He sensed a very strong power of the essence of the sun and the moon from the Yin Yang Saint Yuan Dan. It contained the power of creation of the sun and the moon. It not only had great benefits for the growth of his own magic power, but also It also plays a huge role in the improvement and transformation of your own sun-moon battle body.

So at this time, Ye Feng directly put the 10 million denomination Spirit Crystal Card and the Yin Yang Saint Yuan Pill into his arms. Under the envious eyes of everyone around him, he immediately walked towards the distance, and soon

It disappeared into the sect buildings in the distance.

"You're walking pretty fast. Are you afraid of being stared at by jealous people?"

At this time, the black-robed elder saw Ye Feng leaving in a hurry and couldn't help but shake his head and smile.

However, the black-robed elder secretly remembered Ye Feng's appearance and name. As the first elder of the outer sect, he didn't even know that such a peerless prodigy had come out of the outer sect of the Sword God Tiangong. It was really a huge failure of responsibility to reveal it only after the grand party.

"Need to self-examine."

The old man in black robe murmured secretly, turned around and left the martial arts square.

At this time, everyone still had their thoughts and dispersed one after another.

Only Naha Dao, Chen Hao, was still sitting on the ground, with an incredible look of horror on his face, as if he was still doubting life.

...

The Baibao Pavilion is the place where the Sword God Heavenly Palace gathers various weapons, exotic treasures, antiquities, etc.

Ye Feng left the Martial Arts Plaza in a hurry, naturally to come to Baibao Pavilion to buy a high-end spirit pattern pen.

Standing in front of the counter of Baibao Pavilion was a cute female disciple with two pigtails.

Ye Feng stepped forward, smiled and asked: "Do you have any high-end spirit pattern pens for sale?"

"Do you want to buy a spirit pattern pen?"

The cute female disciple glanced at Ye Feng in surprise, as if she didn't expect that the ordinary-looking young man in black in front of him was actually a rare spiritual pattern master practitioner?

However, this cute female disciple didn't ask any more questions. She just handed a price list to Ye Feng and said, "Here, all the spirit pattern pens in our Baibao Pavilion are on it. The prices are clearly marked. You can choose it yourself."

"Thanks."

Ye Fengdao thanked him, looked over, and secretly took a breath of air.

A first-level spiritual pattern pen requires one million spiritual crystals.

Most of the second-level spirit pattern pens cost four to five million spirit crystals.

"It turns out that the old priest was so generous and gave me a second-level spiritual pen worth four to five million, but unfortunately I broke it."

Ye Feng was a little worried about the explosion and damage to his spiritual pattern pen.

But now I have no choice but to buy a new spirit pattern pen.

In the end, Ye Feng spent a total of nine million spirit crystals to buy a third-level low-grade spirit pattern pen "Mozhu".

This ink bamboo spirit pattern pen is completely black and made of ink bamboo, a very strong and special spiritual material, hence its name. It is a third-level spirit pattern pen, but of low quality.

But the low-grade pen was pretty good. The other third-grade mid-grade spiritual pattern pen "Fire Wood" that Ye Feng saw actually required a total of 14 million spiritual crystals. The price was really frightening.

Moreover, this is the internal price sold to disciples in the Sword God Heavenly Palace. If it were sold to the outside world of cultivation, it might be auctioned for a sky-high price.

Ye Feng carefully put the third-level low-grade spiritual pattern pen 'Mozhu' that he had just purchased into the storage spirit ring and put it away carefully.

"I'm poor again..."

Looking at the denomination number on the spirit crystal card, there was only one million left. Ye Feng couldn't help but smile bitterly. Training as a spirit pattern master really cost money like water. It was more expensive than practicing martial arts.

However, the spirit pattern masters together play a huge role in promoting the soul masters and improving and blessing the martial arts strength.

Ye Feng secretly thought in his heart: "If you have time, go to the sect's Spirit Pattern Hall to buy some spiritual patterns that improve the quality of the pills and learn them. You can go to the Alchemy Hall to help the alchemists trace the spiritual patterns that improve the quality of the pills and earn money. It's still very fast."

...

Three days later.

Ye Feng finally refined all the Yin Yang Saint Yuan Dan in his room.

his

The cultivation level was directly accumulated and promoted to the nine-star quasi-emperor.

"There is only one step left to step into the true imperial realm and be on par with the nine secret realms. At that time, I will be able to participate in the outer sect competition and achieve the status of an inner sect disciple. It is said that every inner sect disciple of the Sword God Tiangong Yue can get ten bottles of Shengyuan Dan and various other privileges."

Ye Feng stood up in the room and said to the outside: "Xiao Tao, come in, and I will lead you to practice."

Squeak.

The door of the room was pushed open, and the petite figure of the maid Xiao Tao walked in. With a little joy, she walked in front of Ye Feng, with her little hands behind her back, looking at Ye Feng with her big and smart eyes, and said: "Master, really Are you willing to teach this little maid of mine?"

Ye Feng smiled and touched the head of the petite girl in front of him, and said: "Didn't I say that you don't always feel humble in front of me? You are just a maid, and you can be on an equal footing with me when you start practicing. Everyone is a fellow Taoist."

"Plop!"

But Xiao Tao immediately knelt down in front of Ye Feng and cried out: "Master, please don't drive Xiao Tao away. Xiao Tao no longer wants to learn the way of cultivation. Xiao Tao just wants to serve the master."

Maid Xiao Tao is the little maid assigned to Ye Feng by the Sword God Tiangong. She is just a mortal, so for Xiao Tao, serving Ye Feng is her life's mission. This is the destiny engraved in her bones.

Ye Feng couldn't help but smile when he saw Xiao Tao suddenly kneeling down and crying.

"Get up first."

Ye Feng pulled Xiao Tao up, wiped the tears from the corners of her eyes, and said: "I teach you martial arts practice so that you can protect my home when I am out. Who said I would drive you away? You are so If you know how to serve people, how can I let you go, Xiaotao?"

"Really?"

When Xiao Tao heard what Ye Feng said, her big eyes lit up immediately, and she immediately became happy again, saying: "The young master taught me martial arts practice, and I will guard the house for him."

...

Chapter 884 Immortal King Bone

At this time, Ye Feng stood in front of the maid Xiao Tao, stretched out a hand and touched Xiao Tao's eyebrows.

Before introducing Xiao Tao into martial arts practice, Ye Feng had to check whether Xiao Tao had the qualifications to practice martial arts.

"Buzz!"

The majestic soul energy was transmitted from Ye Feng's fingers and covered Xiao Tao's entire body.

"Huh? There is no fluctuation of spiritual energy at all. This is a waste body..."

Ye Feng murmured secretly in his heart and frowned slightly.

Xiao Tao had been paying attention to the changes in Ye Feng's expression. At this time, she saw Ye Feng's slightly frowned brows and couldn't help but asked timidly: "Young Master? Is it because Xiao Tao doesn't have the qualifications to practice? If you really can't do it, forget it. Xiao Tao has let you down." "

Although Xiao Tao said forget it, she still felt a little disappointed in her heart. After all, she felt that if she could practice and gain some strength, she could help the young master guard the house better, so as not to be beaten by a few outsiders like the last time. The disciples broke into the house and took away all the Master's Sheng Yuan Dan.

"Huh? Something's wrong."

Suddenly Ye Feng sensed something and directed his probing power toward the location of Xiao Tao's heart.

There, Ye Feng suddenly "saw" a very strange bone through his soul power. This bone grew next to the heart and exuded a nine-color divine light.

"Xiao Tao, wait for me!"

Ye Feng rushed out of the room in an instant and walked directly towards the central library of the Sword God Tiangong.

There are countless ancient books in the central library. Ye Feng once went in and browsed around and knew that there were books recording the special spiritual bones of the human race.

The bone that Ye Feng saw in Xiao Tao's body that exuded nine-colored divine light was definitely a very special spiritual bone. However, no one had ever investigated Xiao Tao's martial arts qualifications, so Xiao Tao had been unable to activate the spiritual bone. strength.

"With this special spirit bone, no matter how low-grade it is, it will definitely become a peerless genius!"

Ye Feng was still a little surprised. He didn't expect that there was a special spiritual bone in Xiao Tao's body, but he didn't know what grade it was.

Ye Feng was very fast. After entering the library pavilion, he went directly to the area of spiritual bone books. He opened the books one after another, and soon his eyes were shocked and he focused on a line of words in an ancient book. .

"The spiritual bones that emit nine-colored divine light are the legendary Immortal King's bones!"

Ye Feng's heart was shocked. He didn't expect that a piece of Immortal King Bone would grow out of Xiao Tao's body.

Immortal King Bone does not mean that it is 100% possible to become a king in the Immortal Realm in the future, but what is certain is that this kind of Immortal King Bone is very rare and rare, almost like an innate supreme existence.

"Fortunately, my soul power is strong enough to discover the bone of the Immortal King growing out of Xiao Tao's body. Otherwise, such an innate supreme being might have been buried."

Ye Feng left immediately and returned to his room.

At this time, the maid Xiao Tao was sitting on a small chair in the room, holding her chin in her little hands, looking a little bored.

"Master!"

Seeing Ye Feng coming in from the outside, Xiao Tao's eyes immediately lit up with joy. She quickly stood up and said, "What are you doing, Master?"

Ye Feng looked at the confused girl in front of him and couldn't help but smile: "I was looking for information just now.

, about you Xiaotao. "

The maid Xiao Tao was a little confused and said: "Me?"

"That's right."

Ye Feng walked up to the girl and said solemnly: "I have confirmed now that Xiaotao, you can not only practice, but you also have a peerless talent that ordinary people don't have."

Xiao Tao was immediately surprised and said: "Really? That's great! I can help the young master a lot from now on. From now on, Xiao Tao can not only wash and cook for the young master, but also protect the place where he lives."

Ye Feng smiled and touched the girl's little head, and said: "In martial arts practice, the foundation must be laid firmly, otherwise no matter how talented you are, you will eventually lose yourself to everyone and become mediocre, so I will teach you a lesson first. It's a very basic technique, practice it well."

Ye Feng found a set of exercises called 'Xuanyu Gong' from his storage spirit ring. The grade is not high, but the power produced by this set of exercises is very gentle and powerful, suitable for early stage martial arts. The accumulation of practice.

Because Ye Feng knows very well that Xiao Tao possesses the Immortal King Bone. As long as her realm reaches a certain level and she independently activates the Immortal King Bone in her body, she will receive the inheritance hidden in the Immortal King Bone.

At this time, the Taotie Evil Spirit, who had not spoken for a long time, suddenly spoke in Ye Feng's mind: "Ye Feng, the Immortal King Bone is a very good spirit bone. It is the innate Immortal King. If this little girl can activate her by herself one day, "The Immortal King Bone, you can understand the peerless inheritance contained in the Immortal King Bone. Every piece of the innate Immortal King Bone contains a powerful inheritance of heaven and earth."

Ye Feng nodded slightly and said: "I also have this purpose in cultivating Xiaotao. If I can get a set of peerless magic from her in the future, then it will be in vain for me to train her."

...

In the afternoon, Ye Feng went to the elixir hall and observed the surroundings of the alchemists. There were some spiritual pattern masters standing there, tracing various spiritual patterns to improve the quality of the alchemy furnace.

Each time these spirit pattern masters help an alchemist draw a spirit pattern that improves the quality of the alchemy furnace or the quality of the pill, they will be rewarded by the alchemist.

Those spiritual patterns that improve the quality of the alchemy furnace are only first-level spiritual patterns, but because they are very special, the alchemist needs to pay a high reward, even one hundred thousand spiritual crystals at a time, which is just picking up money.

Ye Feng's eyes were a little envious, but it was a pity that he could not improve the quality of the alchemy furnace fire, or directly improve the quality of the elixir.

These spirit patterns are very rare and rare. They are sold at sky-high prices in the Spirit Pattern Pavilion in the Sword God's Heavenly Palace.

Ye Feng didn't have much wealth at all. He couldn't help but murmured: "It seems that I still need to go out and look for resources and wealth."

Thinking in his mind, Ye Feng left the elixir hall.

But just as he was taking a step forward, a burly man suddenly appeared with a powerful cultivation level of the tenth level of the Emperor Realm. He shouted at the elixir hall: "Now our demon hunting team is setting off to the Chaos Demon Sea." To hunt the deep-sea giant monster, we urgently need three alchemists to replenish mana, and we also need two second-level spiritual pattern masters with offensive and defensive spiritual patterns. Follow us to hunt the deep-sea giant monster, and the rewards will be generous. Second-level spiritual patterns. If you don't have a master, level one is fine. The spirit weave master is very important to assist us in this hunting mission, so we will give the spirit weave master the highest reward. You don't have to worry about safety issues. The spirit weave master is the core, and our demon hunting team will all know it. Prioritize protecting the spirit pattern master."

Spirit pattern masters are very rare, and spirit patterns can provide auxiliary effects to everyone, so they are extremely precious. The strong man said aloud, obviously hoping that a spirit pattern master would join their demon hunting team. At this time, Ye Feng stood in front of the maid Xiao Tao, stretched out a hand and touched Xiao Tao's eyebrows.

Before introducing Xiao Tao into martial arts practice, Ye Feng had to check whether Xiao Tao had the qualifications to practice martial arts.

"Buzz!"

The majestic soul energy was transmitted from Ye Feng's fingers and covered Xiao Tao's entire body.

"Huh? There is no fluctuation of spiritual energy at all. This is a waste body..."

Ye Feng murmured secretly in his heart and frowned slightly.

Xiao Tao had been paying attention to the changes in Ye Feng's expression. At this time, she saw Ye Feng's slightly frowned brows and couldn't help but asked timidly: "Young Master? Is it because Xiao Tao doesn't have the qualifications to practice? If you really can't do it, forget it. Xiao Tao has let you down." "

Although Xiao Tao said forget it, she still felt a little disappointed in her heart. After all, she felt that if she could practice and gain some strength, she could help the young master guard the house better, so as not to be beaten by a few outsiders like the last time. The disciples broke into the house and took away all the Master's Sheng Yuan Dan. ??

"Huh? Something's wrong."

Suddenly Ye Feng sensed something and directed his probing power toward the location of Xiao Tao's heart.

There, Ye Feng suddenly "saw" a very strange bone through his soul power. This bone grew next to the heart and exuded a nine-color divine light.

"Xiao Tao, wait for me!"

Ye Feng rushed out of the room in an instant and walked directly towards the central library of the Sword God Tiangong.

There are countless ancient books in the central library. Ye Feng once went in and browsed around and knew that there were books recording the special spiritual bones of the human race.

The bone that Ye Feng saw in Xiao Tao's body that exuded nine-colored divine light was definitely a very special spiritual bone. However, no one had ever investigated Xiao Tao's martial arts qualifications, so Xiao Tao had been unable to activate the spiritual bone. strength.

"With this special spirit bone, no matter how low-grade it is, it will definitely become a peerless genius!"

Ye Feng was still a little surprised. He didn't expect that there was a special spiritual bone in Xiao Tao's body, but he didn't know what grade it was.

Ye Feng was very fast. After entering the library pavilion, he went directly to the area of spiritual bone books. He opened the books one after another, and soon his eyes were shocked and he focused on a line of words in an ancient book. .

"The spiritual bones that emit nine-colored divine light are the legendary Immortal King's bones!"

Ye Feng's heart was shocked. He didn't expect that a piece of Immortal King Bone would grow out of Xiao Tao's body.

Immortal King Bone does not mean that it is 100% possible to become a king in the Immortal Realm in the future, but what is certain is that this kind of Immortal King Bone is very rare and rare, almost like an innate supreme existence. .

"Fortunately, my soul power is strong enough to discover the bone of the Immortal King growing out of Xiao Tao's body. Otherwise, such an innate supreme being might have been buried."

Ye Feng left immediately and returned to his room.

At this time, the maid Xiao Tao was sitting on a small chair in the room, holding her chin in her little hands, looking a little bored.

"Master!"

Seeing Ye Feng coming in from the outside, Xiao Tao's eyes immediately lit up with joy. She quickly stood up and said, "What are you doing, Master?"

Ye Feng looked at the confused girl in front of him and couldn't help but smile: "I was looking for information just now.

, about you Xiaotao. "

The maid Xiao Tao was a little confused and said: "Me?"

"That's right."

Ye Feng walked up to the girl and said solemnly: "I have confirmed now that Xiaotao, you can not only practice, but you also have a peerless talent that ordinary people don't have."

Xiao Tao was immediately surprised and said: "Really? That's great! I can help the young master a lot from now on. From now on, Xiao Tao can not only wash and cook for the young master, but also protect the place where he lives."

Ye Feng smiled and touched the girl's little head, and said: "In martial arts practice, the foundation must be laid firmly, otherwise no matter how talented you are, you will eventually lose yourself to everyone and become mediocre, so I will teach you a lesson first. It's a very basic technique, practice it well."

Ye Feng found a set of exercises called 'Xuanyu Gong' from his storage spirit ring. The grade is not high, but the power produced by this set of exercises is very gentle and powerful, suitable for early stage martial arts. The accumulation of practice.

Because Ye Feng knows very well that Xiao Tao possesses the Immortal King Bone. As long as her realm reaches a certain level and she independently activates the Immortal King Bone in her body, she will receive the inheritance hidden in the Immortal King Bone.

At this time, the Taotie Evil Spirit, who had not spoken for a long time, suddenly spoke in Ye Feng's mind: "Ye Feng, the Immortal King Bone is a very good spirit bone. It is the innate Immortal King. If this little girl can activate her by herself one day, "The Immortal King Bone, you can understand the peerless inheritance contained in the Immortal King Bone. Every piece of the innate Immortal King Bone contains a powerful inheritance of heaven and earth."

Ye Feng nodded slightly and said: "I also have this purpose in cultivating Xiaotao. If I can get a set of peerless magic from her in the future, then it will be in vain for me to train her."

...

In the afternoon, Ye Feng went to the elixir hall and observed the surroundings of the alchemists. There were some spiritual pattern masters standing there, tracing various spiritual patterns to improve the quality of the alchemy furnace.

Each time these spirit pattern masters help an alchemist draw a spirit pattern that improves the quality of the alchemy furnace or the quality of the pill, they will be rewarded by the alchemist.

Those spiritual patterns that improve the quality of the alchemy furnace are only first-level spiritual patterns, but because they are very special, the alchemist needs to pay a high reward, even one hundred thousand spiritual crystals at a time, which is just picking up money.

Ye Feng's eyes were a little envious, but unfortunately he did not know how to improve the quality of the alchemy furnace fire, or directly improve the quality of the elixir.

These spirit patterns are very rare and rare. They are sold at sky-high prices in the Spirit Pattern Pavilion in the Sword God's Heavenly Palace.

Ye Feng didn't have much wealth at all. He couldn't help but murmured: "It seems that I still need to go out and look for resources and wealth."

Thinking in his mind, Ye Feng left the elixir hall.

But just as he was taking a step forward, suddenly a burly man with a powerful cultivation level of the tenth level of the Emperor Realm suddenly appeared. He shouted at the elixir hall: "Now our demon hunting team is setting off to the Chaos Demon Sea." To hunt the deep-sea giant monster, we urgently need three alchemists to replenish mana, and we also need two second-level spiritual pattern masters with offensive and defensive spiritual patterns. Follow us to hunt the deep-sea giant monster, and the rewards will be generous. Second-level spiritual patterns. If you don't have a master, level one is fine. The spirit weave master is very important to assist us in this hunting mission, so we will give the spirit weave master the highest reward. You don't have to worry about safety issues. The spirit weave master is the core, and our demon hunting team will all know it. Prioritize protecting the spirit pattern master."

Spirit pattern masters are very rare, and spirit patterns can provide auxiliary effects to everyone, so they are extremely precious. The strong man said aloud, obviously hoping that a spirit pattern master would join their demon hunting team.

Chapter 885 Chaos Demon Sea

The moment the strong man's voice fell, not many people in the elixir hall responded.

This made the strong man of the demon hunting team a little embarrassed, but he also knew that the places where the demon hunting team formed by the disciples of the Sword God Tiangong usually go are very dangerous.

For example, the Chaos Demon Sea that this demon hunting team went to is an extremely dangerous inland sea area near Snow State. There are many alien beasts in the ocean that are very hostile to humans.

These alchemists and spirit pattern masters in the Alchemy Hall are able to achieve their current achievements because they are basically powerful and powerful. They are not short of money at all, and they are all pampered, so they are not interested in these dangerous tasks.

But after all, there were some children from poor families, and three alchemists who didn't look very wealthy walked up to the strong man of the demon hunting team.

"Isn't there a spirit pattern master willing to come?"

At this time, the strong man's face looked a little ugly. Without the assistance of the spirit pattern master, the overall strength of their demon hunting team would be greatly reduced.

"I come."

Ye Feng walked up to the strong man.

"Are you a spiritual pattern master?"

"That's right."

"What's your junior brother's name?"

"Ye Feng."

Ye Feng looked at the strong man at this time and said: "Are you doubting that I am not a spiritual pattern master?"

The strong man immediately scratched his head in embarrassment and said: "The main reason is that junior brother looks too young, and our task this time is very difficult, so we must be careful and there can be no sloppiness or mistakes."

"I understand."

Ye Feng nodded. The worries of the strong man in front of him were understandable.

"Then I'll just show it."

"The first spiritual pattern is a first-level brute force spiritual pattern. It is very basic, but very practical. It can be used both offensively and defensively!"

Ye Feng instantly took out the third-level low-grade spiritual pattern pen 'Mozhu' that he had just purchased at a large price, and directly traced a set of brute force spiritual patterns on the arm of the strong man in front of him.

"I feel my strength

The amount is directly increased hundreds of times! "

The strong man was suddenly shocked. He had seen the brute force spirit pattern before. It was a second-level spirit pattern master who had increased his strength twenty times, but the young junior brother in front of him had increased his strength hundreds of times. .

"Junior brother is...a third-level spiritual pattern master!"

The strong man was so frightened that he almost fell to his knees on the ground.

A third-level spiritual pattern master, that's a big shot.

Even in many vassal states, he can become a guest-like existence.

Ye Feng looked at the frightened eyes of the strong man in front of him and couldn't help but smile:
"How about it? Do you want to use other spiritual patterns?"

The strong man immediately looked overjoyed and said, "No, no, no!"

...

Three days later, on the river outside the Sword God Tiangong, a group of disciples of the Sword God Tiangong stood on a huge sailing boat.

There were more than a dozen people in total. Except for the three alchemists and the spirit pattern master Ye Feng, the others were all members of the demon hunting team. The weakest one had a powerful cultivation level in the third level of the Emperor Realm.

The most powerful one is the captain of the demon hunting team. She is a beautiful woman in blue. She is actually the very good-tempered inner sect sister Chu Zi whom Ye Feng met in the back mountain area of Sword God Tiangong. Xuan.

If Chu Zixuan hadn't taken action at that time, Ye Feng might have been killed by Jin Tianyang.

Chu Zixuan also didn't expect that the mysterious third-level spiritual pattern master invited by their demon hunting team was actually her junior brother Ye Feng, whom she had a close relationship with.

At this time, Chu Zixuan and Ye Feng stood side by side at the front of the sailboat. Chu Zixuan's beautiful face turned slightly, looked at the young man in black next to her, and said with a smile: "Junior brother, I really didn't notice it. , you are actually a third-level spiritual pattern master, and your martial arts are also quite powerful, you are simply a genius."

Ye Feng smiled and said: "I have encountered big problems.

Jie, lived in a small tribe, got the guidance of an old priest, and then stepped into the spiritual pattern master. Unexpectedly, it was quite easy to learn, so he kept practicing. "

"Is it easy to learn?"

After hearing what Ye Feng said, Chu Zixuan couldn't help but slap her white forehead, shook her head and said, "It's really stressful to talk when you're with a genius."

Seeing Chu Zixuan like this, Ye Feng couldn't help but smile dumbly and said: "Senior Sister Zixuan, you are also very powerful. You are not much older than me. You have already reached the

peak of the tenth level of the Emperor Realm and are about to touch the ninth level." The first realm of the secret realm is the Longevity Realm. Once you step into the Longevity Realm, you can gain ten thousand years of life, which is equivalent to the beginning of immortality."

Chu Zixuan shook her head, looked at the end of the long river in the distance, her beautiful eyes were a little wandering, and said: "This is not enough. I need to be stronger to break away from the control of the family."

Family control?

When Ye Feng saw Chu Zixuan's appearance, his heart moved slightly.

But he didn't ask any more questions. This was someone else's private matter, and Ye Feng and Chu Zixuan weren't talking about everything yet.

The sailboat was very fast, riding the wind and waves in the long river, and soon arrived at the port of Luanmohai.

Chu Zixuan looked at the entire demon hunting team behind him and said, "We are about to enter the Chaos Demon Sea area. Everyone, please be vigilant and activate the defensive spirit array on the sailboat with spiritual crystals. Let's go to the first docking point. "

"Crash!"

"Crash!"

At this time, many members of the demon hunting team opened boxes of spiritual crystals, and even several boxes of holy stones with a higher grade than the spiritual crystals, and poured them all into a huge groove at the rear of the sailboat.

This groove is where the eye of the spiritual formation carved on the sailboat is located. A huge amount of spiritual crystal holy stones must be provided with energy to activate the protective formation on the sailboat.

"boom!"

Sure enough, at the moment when the spiritual crystal holy stone was poured into the groove,

, the whole thing was an old sailing ship, and its yellowed surface instantly lit up with bright lights.

"boom!"

The huge sailboat suddenly gained huge power, and instantly rode the wind and waves, heading towards a small island in the distance.

The small island in the distance should be the stopping point Chu Zixuan mentioned.

After entering the Chaos Demon Sea area, everyone immediately looked up at the sky. The entire sky became dim, and the ocean was shrouded in a vast cold air, giving people the feeling of entering a wild ocean.

"Wow!"

Suddenly the water flow erupted, and a sea crocodile beast covered with green scales suddenly emerged from the seabed. It opened its bloody mouth, revealing dense silver teeth, and wanted to swallow the entire sailboat.

"Boom!"

Chu Zixuan took action directly. What surprised Ye Feng was that the inheritance of Chu Zixuan's cultivation did not have the delicate feeling of a woman, but instead contained a fierce and violent aura.

"boom!"

Although Chu Zixuan was extremely beautiful and graceful, giving people a goddess-like feeling, when she took action, there was a divine light behind her that condensed into a glaring Vajra. She blasted out two palms with both hands, and two golden Vajra's big hand appeared, with boundless, heavy and majestic power. It blasted the ocean crocodile beast until its bones were broken, killing him instantly. The huge beast's body floated on the ocean, and it could no longer die. .

"What a ferocious strength!"

Ye Feng's eyes were surprised. Senior Sister Chu Zixuan seemed to have a very powerful body. An imperial-level ocean crocodile beast was directly beaten to death by her two slaps.

"It seems like the harvest was good this time. Before we reached the docking point and set up camp, we captured a marine crocodile."

Chu Zixuan smiled, and the members of the demon hunting team behind her quickly threw out the ropes and hooks one by one, pulled the killed ocean crocodile beast over, and put it into the storage ring.

Chapter 886 Under the Ocean 10,000 Meters

Bingli Island is a small island located relatively close to the center of the Chaos Demon Sea.

This small island is exactly what Chu Zixuan mentioned as the first stopping point.

The huge sailing ship stopped, and all the members of the demon hunting team got off the ship one after another and placed some necessities for life, tents, etc. on the ice island.

The ground of the island is covered with a thick layer of ice and snow, and there are some ancient trees growing there, making it look like a country of ice and snow.

There are rumors that there is a peerless sword buried deep in the Ice Glass Island, called the Ice Glass Sword. It is said that the cold air and ice and snow on the island are caused by the cold sword energy of the Ice Glass Sword.

Of course, these are just legends. Someone once went to this island to dig, but unfortunately nothing was found. Over time, this island became a temporary residence for many powerful human beings who entered the Chaos Demon Sea to hunt.

Early the next morning, Chu Zixuan led the demon hunting team, as well as several alchemists and Ye Feng, a spiritual pattern master, using Bingli Island as a springboard to enter the real deep sea area of the Chaos Demon Sea to hunt demons.

The deep-sea crocodile beast that was killed yesterday was just a low-level ocean beast that had just entered the imperial realm. Although it had some value, it was not much.

Chu Zixuan's demon hunting team is extremely powerful. It is a small team composed of inner disciples. It also has the logistical supplies of the alchemist and the overall auxiliary bonus of the spirit pattern master. It can be said that its combat power is amazing.

Such a powerful demon hunting team would probably be able to compete with the giant demons of the Wanshou Realm, which is above the Imperial Realm.

For several days in a row, the monster hunting team made huge gains. Ye Feng followed them, silently hunting some ocean beasts, devouring and absorbing their blood, and his skills also increased a lot.

He felt that his nine-star quasi-emperor's cultivation bottleneck was about to break through.

This time, Chu Zixuan's demon hunting team's goal was not only to hunt down some ordinary imperial realm monsters, but also focused on a beast that lives in the deepest part of the Chaos Demon Sea. It is said that it is ten thousand meters below the seabed, a living black water black snake king.

"Black Water Black Snake King?"

When Ye Feng heard the news, he couldn't help but look shocked and said: "The Black Water Black Snake is a remnant of the ancient times. The king of the Black Water Black Snake is even more terrifying. Senior sister, are you sure you want to hunt it?"

Chu Zixuan's beautiful and fair face showed a firm look, but deep in her eyes, there seemed to be a trace of sadness. She said aloud: "I must hunt down the Black Water Black Snake King in the Longevity Realm. Whether I can transcend the tenth level of the Emperor Realm and step into the Longevity Realm in a short period of time depends entirely on the Black Water Black Snake King who has been cultivating for thousands of years. I must step into the Longevity Realm within a month. The appointment is coming soon."

Ye Feng finally asked, "What is Senior Sister's agreement in the family that makes you so desperate to improve your strength?"

Chu Zixuan stared at Ye Feng, with a bitter smile on her pretty face, and said: "I come from the Chu family, one of the seven top families in Selangor. My family forced me to marry the son of a powerful man in the imperial court in Selangor. , I don't want to, but there is an agreement. As long as I can step into the nine secret realms and bring glory to the family, the family will allow me to choose my own destiny. I don't need to marry anyone else or become a vassal of the powerful. "

Ye Feng was silent for a moment, then raised his head slightly, stared at Chu Zixuan, and just said one sentence: "Senior sister once saved me in a life crisis. This time, I will try my best to help senior sister enter the longevity realm."

Ye Feng's words were very calm, but there was a deep solemnity hidden in that calmness.

Chu Zixuan looked at Ye Feng, nodded heavily, and said, "Thank you so much, Junior Brother Ye."

Uh-huh!

Uh-huh!

At this time, all the demon hunting teams jumped into the ocean one after another, swimming towards the deep seabed.

All the members of the demon hunting team are all emperor-level experts, and the three alchemists and Ye Feng are all quasi-emperor realm.

Under the ocean, there is naturally no problem, and communication can be done at any time.

At this moment, everyone was cautious, and soon they were immersed in the depth of 10,000 meters under the sea.

In everyone's field of vision, a very colorful ocean underground world suddenly appeared.

But at this time, the demon hunting team's eyes were focused on a deep ocean cave in the distance.

Around the entrance of the ocean cave, there were vicious black snakes hovering on strange-shaped stones, seaweed and other marine plants.

These big black snakes are different from ordinary snakes. The snake skin on the surface of each body is dark, with a metallic luster, and has no scales. It is obviously a different species.

"This is the lair of the Blackwater Black Snake. What we are going to hunt this time is the Blackwater Black Snake King in this lair, who has a thousand-year cultivation level in the Wanshou realm."

At this time, Chu Zixuan sent a message to the dozen or so members of the demon hunting team around him, saying: "You all go out together and lure away all the other black water snakes in this lair. I will lurk over and hunt that one." Blackwater Black Snake King."

"Captain, the Black Water Black Snake King has deep magic power. He is a thousand-year-old demon. He has entered the Wanshou Realm, the first of the nine secret realms. It is so terrifying. In the depths of this ocean, there is an overlord monster-like existence. You are the only one. It's definitely not possible for people to go there!"

"Yes, let's go hunting together. These ordinary black water snakes, let's concentrate our efforts and get rid of them all first."

At this moment, many members of the demon hunting team were sending out their spiritual thoughts, obviously worried about the safety of team leader Chu Zixuan.

"No, we can't concentrate our efforts to attack, otherwise we will definitely scare the snakes. There are too many black water snakes in the ocean cave. In addition to the black water snake king, there are also many black water snakes with terrifying life fluctuations. We must We need to lure them away in advance, if we get into a fight, we will all die."

Chu Zixuan's spiritual thoughts spoke out in a very firm tone: "Execute the order!"

"I'm with you

. "

Ye Feng suddenly spoke up and said: "My brute force spirit pattern can help you increase your strength. My iron armor spirit pattern can give you super defense, which is equivalent to wearing a set of indestructible armor. And Although I am a nine-star quasi-emperor, my combat power is definitely not much weaker than that of my senior sister."

Listening to Ye Feng's powerful and confident voice, Chu Zixuan hesitated for a moment, then nodded and said: "A third-level spiritual pattern master is really helpful to me. It can greatly enhance my combat power and... Survivability, okay, Junior Brother Ye will join me, and the others will lure away all the Black Water Black Snakes except the Black Water Black Snake King."

"Yes, Captain!"

The members of the demon hunting team felt slightly relieved when they saw Ye Feng, a third-level spiritual pattern master, following Chu Zixuan.

They immediately mobilized, swam towards the distance, and directly used the true spirit-level bow to shoot countless spiritual arrows towards the lair of the black water snake.

"Dang! Dang! Dang!"

Those spiritual arrows hit many black water black snakes, but they seemed to be shot on the copper and iron walls, making a sound of metal collision.

"Roar!!"

Although it did not harm those black water snakes, it completely angered these ferocious snakes in the deep sea.

Boom boom boom boom...

Suddenly, hundreds of huge black water snakes swarmed and swam towards the attacking members of the demon hunting team, intent on swallowing up these abominable intruders.

"The Blackwater Black Snake King already possesses basic human wisdom and will not leave his nest easily, so we will directly lurk there now. If we can make a sneak attack, it is best to kill with one strike, otherwise the Blackwater Black Snake King will react. That would be troublesome. The deep sea giant monster that steps into the nine secret realms is definitely very ferocious and terrifying. "

At this time, seeing all the ordinary Black Water Mysterious Snakes in their lair being led away, Chu Zixuan and Ye Feng looked at each other and nodded slightly. They restrained their cultivation aura and life fluctuations, and quickly moved towards the Black Water Mysterious Snake. The snake king lurks in the ocean cave where he lives.

Chapter 887 The Mouth of the Abyss

Chu Zixuan and Ye Feng were very fast. Almost in an instant, they arrived at the entrance of the underwater cave.

At this time, both of them felt a very strong and majestic life wave for an instant, which was transmitted from the depths of the lair in the seabed cave.

This kind of life fluctuation is very obscure, but once it is sensed, it gives people a sense of deep fear and vastness, as if there is an eternal ancient demon hiding in the deep darkness.

"Such a strong life fluctuation, it feels like a huge mountain towering in the darkness. Is this a creature at the level of the nine secret realms? It is indeed like a high-altitude god." Ye Feng couldn't bear it at this time. He murmured loudly.

Chu Zixuan's beautiful eyes were filled with sharp edge and coldness at this time, and she said: "Even if he is a god, he must be killed! I must step into the Longevity Realm. My destiny, who I want to marry, must be controlled by myself. !"

Ye Feng smiled slightly and said: "If this Black Water Black Snake King is really as senior sister said, he just broke through the tenth level of the Emperor Realm and transformed into the Wanshou Realm, the first of the nine secret realms, then we have a great chance to be able to Kill it."

Chu Zixuan glanced at Ye Feng in surprise, then smiled movingly and said: "No matter whether it is successful or not, this time I am deeply grateful to Junior Brother Ye for accompanying me in the danger."

Ye Feng shook his head and said: "I have gained a lot in the demon hunting team during this period, and my senior sister has saved my life. Although I, Ye Feng, am not a bad person, I am definitely

not an ungrateful person. My senior sister is kind to me. Keep it in mind, and if you and I work together, it won't be a big problem to kill this Black Water Black Snake King."

At this time, the two of them will almost hide their life breath deeply in the deepest part of their bodies, like two lifeless ghosts, swimming quickly under the ocean 10,000 meters underground.

"Look, Blackwater Black Snake King!"

The two of them swam in the underwater cave for a long time. Finally, at a certain moment, Ye Feng stopped and transmitted his spiritual message to the senior sister next to him.

"Junior Brother Ye, you are so powerful

of perception. "

Chu Zixuan paused, and she vaguely saw that at the end of the deep passage ahead, in the wreckage of a huge ocean ship, a huge black demon snake with a length of three to four kilometers was lying there, circling. Every breath he takes causes the entire surrounding ocean to vibrate violently.

That is the Black Water Black Snake King!

A super deep-sea giant monster in the Longevity Realm!

Although he had just surpassed the tenth level of the Emperor Realm and transformed into a creature at the Wanshou Realm level.

But the feeling of the breath is as deep as the sea, as majestic as a giant mountain, as vast as the sky, and as boiling as a raging flame.

"Brute force spirit pattern!"

"Iron Armor Spirit Pattern!"

"Spirit Spirit Pattern!"

Swish, swish, swish!

At this moment, Ye Feng took out the spiritual pattern pen 'Mozhu' and quickly traced three types of spiritual patterns on himself and his senior sister Chu Zixuan.

The brute force spirit pattern increases the strength of two people a hundred times!

The iron armor spirit pattern gives the two of them super defensive armor!

The wind spirit pattern adds speed attributes to the two of them!

The comprehensive attribute strength of the two people was greatly improved and enhanced at once.

Perhaps even Ye Feng himself didn't realize how terrifying his current spirit patterns and the blessing of martial arts power were.

"kill!"

Almost at this moment, Chu Zixuan didn't waste any more time and directly burst out with shocking murderous aura.

Her hands suddenly turned into something as if they were made of pure gold. Her ruthless iron hands were like an angry-eyed King Kong, facing the Black Water Black Snake King.

Boom away.

"Boom!!"

Suddenly, a terrifying and violent roar sounded. Chu Zixuan's entire strength, filled with her dissatisfaction with her own fate, was filled with infinite destructive power, and suddenly struck the huge head of the Blackwater Black Snake King.

"howl!!!"

An earth-shattering howl sounded instantly.

The Black Water Black Snake King suddenly woke up from his slumber. Half of his head was violently smashed by Chu Zixuan. The terrifying pain made the giant ocean monster roar horribly.

"The Great Seal of Mountains and Rivers!"

At this moment, Ye Feng also took action, with the Mountain Seal in his left hand and the Great River Seal in his right hand. With the blessing of the brute force spirit pattern, his attack was not weaker than Chu Zixuan's attack just now. The huge snake body of the Black Snake King was blown away, and hit the stone wall at the end of the ocean cave with a "sound".

"Crash!"

The Blackwater Black Snake King was completely stunned. Half of his head was shattered, and his body was also open to wounds. Blood poured out, dyeing the sea water in this area red in an instant.

It has to be said that this Blackwater Black Snake King is very miserable. Although it is a giant ocean monster at the Wanshou realm, it was directly stunned when it met Chu Zixuan and Ye Feng, two talented human beings with monster fighting abilities.

"Roar!!"

The Blackwater Black Snake King roared crazily, and at this moment, a kind of fear actually arose in the heart of this ferocious giant monster.

Because it suffered huge damage in an instant and felt that the strong vitality in the huge body was passing away quickly, this made the Black Water Black Snake King suddenly become extremely panicked.

"A sword coming from the west! All Buddhas return to heaven!"

Chu Zixuan suddenly used her sword and performed an extremely powerful swordsmanship. All gods and Buddhas actually appeared in her sword.

High and holy!

"Sword-cutting technique!"

At this moment, Ye Feng also used the technique of combining swords and swords, cutting out a terrifying sword light.

"Boom!!"

The terrifying edge and light and shadow of the sword suddenly submerged the Blackwater Black Snake King not far away.

"howl!!"

Along with a monstrous howl, the Blackwater Black Snake King was completely killed.

"Success!"

Chu Zixuan's eyes suddenly showed a look of surprise, and she rushed directly to the huge body of the Blackwater Black Snake King, and put the dead Blackwater Black Snake King's gigantic body of several kilometers long into the storage spirit ring.

She said urgently: "Junior Brother Ye, let's get out of here quickly. The Black Water Black Snake King is a creature of the Longevity Realm that transcends the Emperor Realm and belongs to the nine secret realms. Once he dies, this death aura will definitely spread throughout the Chaos Demon Sea in an instant. When the time comes, the other nine secret realm creatures in the Chaos Demon Sea will swarm in, and we won't be able to leave."

Ye Feng nodded and said, "Okay, let's go quickly!"

Click! Click...

But suddenly at this moment, the sound of something breaking suddenly sounded.

The two people immediately looked towards the back, and happened to see a wall deep in the ocean cave entrance where the Black Water Black Snake King was blown away and hit, which was rapidly cracking.

"No! This is the mouth of the abyss deep under the sea! Let's go quickly!"

Chu Zixuan stretched out her jade-like hand, immediately grabbed Ye Feng, who was still in a daze beside her, and ran away.

"boom!"

But almost in an instant, the stone wall suddenly cracked, and an unimaginable huge suction force instantly sucked the two people and the seawater around them into it, and fell into the endless abyss of the sea...

Chapter 888 Dream

In the endless darkness, Ye Feng is walking.

At this moment, he suddenly stopped.

In the darkness in the distance, he saw countless huge iron ropes penetrating the body of a tall and stalwart middle-aged man, which looked very penetrating.

When he saw the middle-aged man's bloodless face clearly, Ye Feng immediately screamed:
"Father!!"

But at this moment, Ye Feng suddenly woke up from the terrible pain in his body.

"Well, it hurts..."

At this time, Ye Feng opened his eyes with difficulty and found that he was lying in a damp underground lair.

The beautiful body lying next to her was none other than senior sister Chu Zixuan.

"It turns out it was just a dream, but this dream has appeared for the third time..."

Ye Feng rubbed his temples at this time, feeling his head heavy.

Back then on Longyuan Continent, Ye Feng had had the same dream, twice in total.

Every time he could dream that he fell into a bottomless abyss of darkness. In that darkness, his father Emperor Ye Qing's tall and majestic body was penetrated by countless iron ropes, and all his blood was drained. , very terrifying and miserable...

"It is definitely not a coincidence that the same dream appears three times in a row. Is my father now in a dark abyss in the spiritual world? He is trapped by countless iron chains, and his vitality is almost gone."

Ye Feng felt a sense of urgency in his heart, but now he had no way to find the dark abyss where his father was imprisoned.

"Where are we?"

At this moment, senior sister Chu Zixuan also woke up beside her and asked in confusion.

Ye Feng said: "When we were hunting the Blackwater Black Snake King, we smashed the rock wall at the mouth of the abyss and were sucked into the underground space deep in the ocean. This should be some cave nests under the ocean. "

Chu Zixuan nodded slightly, then looked around and found that there was an extremely dark passage not far from the ocean cave.

, I don't know where it leads.

She did not take risks, but said to Ye Feng: "Junior Brother Ye, let's refine the Black Water Black Snake King together. First, restore our cultivation and improve our strength."

Ye Feng was a little surprised and said: "But isn't Senior Sister going to use the entire Black Water Black Snake King to break through the tenth level of the Imperial Realm and step into the Longevity Realm, the first of the nine secret realms?"

Chu Zixuan smiled and said: "The body of the Blackwater Black Snake King is too huge. I don't need the whole one. I guess half will be enough. Each of us will take half and divide it equally. This time we can hunt down the Blackwater Black Snake King. Ye Junior brother, you have helped me so much, you should get half of it, otherwise I will feel uneasy."

Hearing this, Ye Feng nodded slightly, without any pretense, and said directly: "Okay, I have observed that Senior Sister, your cultivation aura is almost reaching the peak of the Great Perfection of the Imperial Realm. It is estimated that you are half as powerful as the Black Water Black Snake King. , as long as it is refined, it will be enough for you, Senior Sister, to break through to the Longevity Realm."

At this time, Chu Zixuan took out the huge black water black snake king snake body from the storage spirit ring.

Then she took out a treasure that looked like pipes and inserted it directly into the body of the Black Water Black Snake King.

"Buzz!"

Suddenly, half of the Black Water Black Snake King shriveled up and was absorbed by the treasure.

Obviously, Chu Zixuan is not like Ye Feng who can directly devour it. Instead, he needs to use a very magical treasure to absorb half of the black water black snake king's body power, and then absorb it himself through the treasure. Refining and strengthening your own energy.

At this time, Chu Zixuan had already begun to refine the energy absorbed from the treasure and fell into a state of cultivation.

Ye Feng walked directly to the half snake body of the Black Water Black Snake King, pressed his palm directly on it, and started to run the Divine Secret of Creation and the Creation Oven.

"boom!"

Suddenly his palm

Suddenly, a dark swallowing vortex appeared, and it began to frantically absorb the energy from the remaining half of the Black Water Black Snake King's body.

The Black Water Black Snake King is a giant ocean monster in the Longevity Realm under 10,000 meters deep in the ocean.

Even though it is only half a body, it still contains majestic and extremely powerful blood energy.

Almost instantly, a huge energy, pure and deep, instantly impacted Ye Feng's limbs.

At this moment, both of them fell into a deep state of cultivation in this dark ocean cave.

...

Three days and three nights later.

"boom!"

An extremely huge momentum burst out from Ye Feng's body in an instant.

That was the aura of imperial cultivation that surpassed the quasi-emperor!

"Finally, we have entered the Imperial Realm! The first level of the Imperial Realm!"

Ye Feng suddenly opened his eyes, and immediately felt the huge energy surging in his body.

After working hard for so many years, he finally entered the imperial realm. If Ye Feng were on Longyuan Continent now, he would be able to claim the title of the Ancient Emperor.

"Buzz!"

Suddenly at this moment, Ye Feng felt a very chaotic aura emanating from not far away.

"It's Senior Sister!"

Ye Feng looked not far away and found that the golden energy on Chu Zixuan's body was surging extremely unsteadily.

"This is a sign of going crazy!"

Ye Feng immediately walked over and put a hand on Chu Zixuan's head.

Buzz!

The huge soul power was emitted, and Ye Feng felt that there was a trace of dark energy deep in Chu Zixuan's body, which was frantically interfering and destroying Chu Zixuan's cultivation breakthrough.

"This is a very vicious method!"

Ye Fengyan

God was shocked that someone had cast a curse on Chu Zixuan, causing Chu Zixuan to break through to the Wanshou realm at the critical moment. This curse would occur, which would make it impossible for Chu Zixuan to break through, and it might even be possible. He became possessed and his cultivation plummeted.

"So cruel! So vicious!"

At this time, Chu Zixuan actually opened her beautiful eyes, but her eyes were full of coldness and anger, and said: "It must be the trick of some elders in the family. They don't want me to break through to the Longevity Realm and control my own destiny. , they want to control my cultivation and prevent me from entering the nine secret realms. In the end, I can only choose to marry the son of the powerful man in the Selangor Prefecture and become a vassal of the powerful man! The elders of the family have such vicious thoughts! "

"do not be afraid!"

At this time, Ye Feng suddenly took out the spirit pattern pen and quickly traced a set of very fine and mysterious spirit patterns on Chu Zixuan's white forehead, saying: "Sister, this is the only set of third-level spirit patterns that I have mastered. , ranked third level low-grade, is called the 'burning lamp spirit pattern', which represents endless light and flames, and may be able to burn away the evil curse in your body. "

"Really?"

Chu Zixuan, whose face was full of despair, suddenly ignited the flame of hope in her heart.

"boom!"

At this time, Ye Feng had already completed the tracing.

Almost at the next moment, a small burning lamp appeared on Chu Zixuan's forehead. The burning lamp suddenly emitted infinite light and flames, representing the endless light of life, and instantly penetrated Chu Zixuan's face. The entire body experienced some incredible purification.

"howl!"

At this moment, a sound like a devil's howl suddenly emanated from Chu Zixuan's body.

An evil curse and dark energy were all dissipated by the infinite light in the burning lamp spiritual pattern.

Uh-huh!

But suddenly at this moment, the cursed dark energy came quickly in the direction of Ye Feng. The black energy even condensed into a ferocious devil's head, which seemed to want revenge.

Chapter 889 Ocean Thief

howl!

The vicious cursed dark energy condensed into the devil's head swept towards Ye Feng.

"Buzz!"

But at this moment, Ye Feng's eyebrows split open, and a large piece of golden light came out.

It is the supreme light of the gems of the gods, the soul gem in Ye Feng's head, that specifically restrains this gaudy, nihilistic and evil power.

"howl!!"

The cursed black energy illuminated by the light of the gods was evaporated in an instant and disappeared completely.

Even the third level spiritual pattern burning lantern is filled with cursed black energy that cannot be destroyed. Under the illumination of the light of the gods, it was destroyed immediately.

"Boom!" ??

And suddenly at this moment, Chu Zixuan's body suddenly surged with a huge aura that was as big as the vast ocean.

"Longevity Realm!"

Ye Feng looked over and his eyes suddenly lit up.

Senior sister Chu Zixuan was no longer imprisoned by the evil curse, and almost broke the shackles of the Emperor Realm in just a moment and stepped into the first level of Longevity Realm.

From then on, Chu Zixuan set foot on the nine secret levels of pursuing immortality and became a master.

Now that Chu Zixuan has returned to the Sword God Heavenly Palace, she can directly apply to become an outer sect elder.

However, Chu Zixuan definitely does not want to become an outer sect elder, because that means she will be burdened by countless trivial matters.

Generally speaking, the elders of the outer sect are those who have broken through to the Longevity Realm by various opportunities and coincidences. Knowing that they have no potential to reach a higher level of cultivation, they will apply to become elders in the Sword God Heavenly Palace and receive more benefits.

And Chu Zixuan, from the Chu clan, one of the nine top families in Selangor, has amazing potential.

The longevity realm is far from her end.

Chu Zixuan stood up at this time, her pure and pure face full of excitement and enthusiasm.

Moving color.

It was obvious that she had broken through to the first level of Wanshou Realm and had initially set foot on the nine levels of secret realms. Even if she completed the agreement with her family, she no longer had to follow the fate originally arranged for her by her family.

Ye Feng came over at this time and said with a smile: "Congratulations, senior sister, for entering the Longevity Realm. From now on, you can practice freely."

Chu Zixuan solemnly clasped her fists at Ye Feng and said, "Thanks to Junior Brother Ye this time, otherwise I might have gone crazy, my cultivation level would have plummeted, and I would have no hope of breaking the fate arranged for me by my family."

At this time, Chu Zixuan said, her beautiful eyes were cold, and she said: "I have already guessed who in the family has cast that vicious curse on me invisibly. Hmm, wait until this time I return to the sect for retreat, and I will be stable." After cultivating, I will go back to my family to settle accounts with those people."

At this time, Chu Zixuan's tone was filled with cold murderous intent, and she was obviously extremely angry in her heart.

If Ye Feng hadn't been present today, the consequences would have been disastrous.

"Let's go explore the depths of this ocean cave. This should be the real lair of the Blackwater Black Snake King. There may be a treasure trove of the Blackwater Black Snake King."

Looking at the surrounding environment at this time, Chu Zixuan made a guess.

Ye Feng's eyes lit up and said: "Yes, senior sister is right. I have roughly read it from some books about monsters in the world, especially the giant ocean monsters like the Black Water Black Snake King. They like to look for those sunken monsters. Search for all kinds of glittering treasures in the wreckage of the giant ship in the depths of the ocean, and store them in your lair."

Chu Zixuan glanced at Ye Feng in surprise, showed a moving smile, and said, "I didn't expect Junior Brother Ye to be so knowledgeable."

Ye Feng shrugged and said: "Reading thousands of books is like traveling thousands of miles, and you can't

To say knowledgeable, I only know a little bit, a little bit. "

At this time, the two of them were chatting without a word under the dim ocean cave, and soon they reached the end of the cave.

When the two passed through a deep tunnel, they were immediately stunned by the scene in front of them.

At this time, the end of the tunnel was connected to a huge lair, all made of gold.

Boxes of top-grade spiritual crystals, top-grade armors, various bottles and cans, as well as various masters' spiritual pattern pictures, etc., are all piled up in them, shining with a charming light.

Chu Zixuan was even a little dizzy and exclaimed: "Did that black water snake king collect all the treasures in the entire seabed into his lair?"

Ye Feng shook his head and exclaimed: "I don't know about this, but what I know is that we have made a fortune."

...

The two endured their excitement and divided all the treasures equally. ??

Later, under the exploration of Ye Feng's soul power, he quickly found a relatively weak rock wall above the deep sea cave. The two of them worked together to smash the rock wall directly above.

"Crash!"

Suddenly, endless seawater surged down from the broken rock wall.

"rush!"

Ye Feng and Chu Zixuan both exploded with power and rushed upward instantly.

Both of them have now achieved breakthroughs in cultivation and are stronger than before. Their speed has also become much faster. At this time, they broke through the rock wall from the underwater cave, rushed into the ocean, and rose quickly. In less than a quarter of an hour, they were already rose to the sea.

After identifying the direction, the two quickly rushed towards the previous stopping point, Bingli Island.

"The demon hunting team

The others should have returned to Ice Glass Island. "

Chu Zixuan said, speeding up and couldn't wait to join the members of his team.

However, just when the two of them approached Ice Glass Island, they saw a group of huge ships with skulls engraved on their sails, docked next to Ice Glass Island.

"It's a pirate ship from the Chaos Demon Sea!"

Chu Zixuan suddenly exclaimed, with a hint of fear in her voice.

Ye Feng's eyes were a little surprised. He didn't expect that Chu Zixuan had broken through to the first level of Longevity Realm, and her tone was so fearful.

It seems that this ocean pirate in the chaotic sea must be notorious and very ferocious.

"Junior Brother Ye."

At this time, Chu Zixuan looked at Ye Feng and said, "Let's sneak over and investigate the situation."

Ye Feng nodded and said: "Senior sister, I learned a very powerful assassination technique from one of my brothers in my early years. Senior sister, you can go over openly and negotiate with those pirates. I will hide in the void, waiting for the opportunity to kill the most powerful pirates." If the strong pirate leader is assassinated, the crisis will be resolved."

"good idea."

Chu Zixuan's beautiful eyes lit up, and then she stepped directly towards Bingli Island, and deliberately released her cultivation aura, the Longevity Realm.

Buzz!

At this time, Ye Feng stepped into the void and disappeared from the space.

Ye Feng had understood the secret of space in his early years, and had a mark of space in his body. At this time, he was lurking in the void turbulence. The energy in the space cracks and void turbulence could not harm him.

Chu Zixuan, who was not far away, suddenly looked back and found that Ye Feng's figure had disappeared and disappeared into the turbulence of the void. She couldn't help but secretly praise: "What a powerful method! This junior brother Ye is really not an ordinary person." ah."

Chapter 890 Assassination Successful

Buzz!

Chu Zixuan flew towards Bingli Island with the powerful aura of the Longevity Realm surging throughout her body.

Soon this powerful aura attracted dozens of ocean thieves on Bingli Island.

Chu Zixuan saw it in an instant. On Bingli Island, the members of the demon hunting team were all trapped by this group of ocean thieves and could not move.

The pirate leader standing at the front of a group of pirates was a middle-aged man wearing a long gown.

This middle-aged man was wearing a white gown and holding an iron fan in his hand. He didn't look like a pirate at all, but an elegant middle-aged scholar.

But he is indeed the pirate leader of this group of pirates.

The cultivation aura of the middle-aged man was clearly that of the tenth level of the Emperor Realm.

However, he was not afraid at all when facing Chu Zixuan who was in the Longevity Realm. Instead, his eyes showed a hint of cunning, and he said: "A disciple of the Sword God Tiangong, right? It's amazing. He is actually a Longevity Realm existence. Even in the inner sect." They are all masters."

Obviously, this pirate leader is very familiar with everything in the Sword God Tiangong. It seems that he has intercepted and plundered many sect disciples who came to the Chaos Demon Sea to practice.

Chu Zixuan's eyes were cold and she said, "Aren't you afraid that I will kill all your pirates?"

The pirate leader immediately burst into laughter and said: "All your brothers and sisters are in my hands. As long as I give the order, all of their heads will fall to the ground. If you dare to take action, I will kill them."

Chu Zixuan's beautiful eyes suddenly showed an ugly look.

The pirate leader caught the sect disciple's weakness, and immediately said triumphantly: "Now you should seize the opportunity to cultivate yourself, and then walk in front of me obediently, and if you are trapped by me, I will promise not to kill your companions." , How about just the wealth you have?"

"good."

Chu Zixuan suddenly nodded. She stretched out two jade fingers and quickly clicked on some acupuncture points on her body. The aura of cultivation on her body immediately disappeared, and she declared her own cultivation.

"What?"

The pirate leader and the dozens of ocean thieves around him couldn't help but be stunned when they saw this scene.

We never expected that the female master from the Heavenly Palace, a powerful sword god at the Wanshou realm, would surrender so neatly.

"Humph, her teammates are all under our control, so I don't think she dares to play any tricks."

At this time, the pirate leader smiled coldly, and the storage spirit ring on his finger flashed, and a set of shackles with flashing spiritual light appeared in his hand. He said to Chu Zixuan, who was not far away and claimed to be a cultivator: " Put on these shackles made of Jiutian meteorite iron, and I will believe that you have really surrendered."

Uh-huh!

With that said, the pirate leader threw the shackles in his hands to Chu Zixuan who was not far away.

Chu Zixuan cooperated very well and directly put the shackles on her body.

"Swish, swish, swish!"

In an instant, silk threads emitting divine light were released from the shackles, entangled all over Chu Zixuan's body.

"call!"

At this time, many pirates finally breathed a sigh of relief.

Even the pirate leader breathed a sigh of relief and became relaxed.

Although they had Chu Zixuan's handle, these pirates were still very nervous when facing a powerful man from the Longevity Realm who had stepped into the nine levels of the secret realm.

But now, there is no problem.

"Hey, I didn't expect you to be so cooperative. It turns out that women are weak-hearted and can't achieve great things."

The pirate leader sneered and was about to capture Chu Zixuan, a powerful man in the Longevity Realm.

"Buzz!"

But suddenly at this moment, an extremely deep long sword suddenly

Emerged from the void around the pirate leader.

"Pfft!"

The cold blade pierced the pirate leader's head in an instant.

The pirate leader, a strong man at the 10th level of the Emperor Realm, was successfully assassinated and killed immediately when he relaxed his vigilance!

"What? There are still strong men lurking around?"

The other ocean thieves who saw this scene immediately screamed in surprise and started to kill Ye Feng.

"Vajra Palm Technique!"

But at this time, Chu Zixuan shouted loudly, and her whole body suddenly bloomed with a bright golden light of Buddhism.

Boom! !

The Wanshou realm's skill was extremely terrifying, so almost at that moment, all the restraints on Chu Zixuan's body were broken free and destroyed.

"ah!"

"ah!"

"ah!"

Along with a burst of screams, Chu Zixuan's ruthless golden iron hand violently killed all the pirates.

"team leader!"

All the members of the demon hunting team looked overjoyed when they saw this scene.

They didn't seem to expect that Chu Zixuan and Ye Feng could work together so well.

"Captain, your cultivation has reached the longevity realm?"

At this time, Chu Zixuan and Ye Feng landed on Bingli Island. Many members of the demon hunting team immediately stepped forward and stared excitedly at Chu Zixuan, the captain.

"That's right."

Chu Zixuan smiled slightly and said: "Every one of these ocean thieves should be extremely rich. Go and search quickly to find out all the wealth. Moreover, those pirate ships must also be carefully searched and found out. We can't keep all the wealth alone. We share it equally with Junior Brother Ye. Junior Brother Ye helped me a lot this time."

"

Yes, Captain. "

All the demon hunting teams ran towards the bodies of the ocean thieves, with excitement on their faces.

Obviously, for them, there is nothing more exciting than searching for treasure.

...

Seven days later, everyone took the sailboat and returned to the Sword God Heavenly Palace.

Everyone in the demon hunting team had happy expressions on their faces.

This time they gained too much.

In particular, captain Chu Zixuan has broken through to the Longevity Realm, which has huge benefits for improving the overall strength of the entire team.

From now on, their demon hunting team will be able to explore for treasures in the more dangerous special areas of the spiritual world beyond the nineteen states of the human race.

At the door of the Sword God's Heavenly Palace, Chu Zixuan looked at Ye Feng and asked, "Junior brother Ye, I'm going to go into seclusion next. What are your plans?"

Ye Feng smiled slightly and said: "Improve your strength."

Chu Zixuan nodded and said: "Junior brother Ye, you have also stepped into the imperial realm this time. You can go directly to the central hall of the Sword God Tiangong to apply to become an inner disciple. The standard for becoming an inner disciple is to step into the imperial realm. When the time comes, your welfare in the sect will become very good."

Ye Feng agreed: "Senior sister is right. By chance, I stepped into the first level of the Imperial Realm. I will definitely apply to become an inner sect disciple immediately. It is said that inner sect disciples can participate in various special events held by the upper levels of the sect. Trial and enter some extremely strange great creation areas on the spiritual world."

Chu Zixuan nodded and said: "Yes, I once participated in a special trial of the inner sect. I followed the strong men of the sect and entered a very mysterious place in the spiritual world called the 'Ten Thousand Demons Battlefield'. It seemed to be connected to the ancient Although the demon world is extremely dangerous, the opportunities are also very huge, which is of great benefit to the improvement of spiritual strength. "

Ye Feng's eyes immediately brightened, and he immediately said: "Junior brother, I will take my leave first and go to certify the inner disciples."
