Chapter 941 Bai Ling

After Ye Feng left the core hall, he returned directly to his residence.

The first thing he saw was a little red bird standing on a branch in his courtyard. It was emitting a light red light and looked very magical.

Ye Feng was still doubting before that this little red sparrow might be very extraordinary.

Now Ye Feng knows that this is a Suzaku with the blood of the ancient holy beast.

Uh-huh!

The bald bird jumped out of the spirit beast bag at this time, and walked towards the little scarlet bird with a smile.

Obviously, the bald bird looks arrogant when he sees everyone.

But in front of this little scarlet bird, his posture was very low.

Ye Feng ignored it and walked directly towards the depths of the courtyard.

In front of the house, he saw the graceful figure of the maid Xiaotao.

Ye Feng left the Sword God Tiangong and practiced outside for a full year.

Over the past year, Xiaotao has obviously grown up a lot, from a little girl to a graceful and graceful girl.

At this time, Ye Feng walked over with a hint of a smile in his eyes and said directly: "Xiao Tao, long time no see. How are you practicing?"

Xiao Tao originally had her back to Ye Feng, so she naturally didn't notice Ye Feng's return.

Suddenly hearing Ye Feng's voice, Xiao Tao suddenly turned around, with a look of surprise on her beautiful and white face.

"Sir, you are back!"

Xiao Tao was very happy, and her small and graceful figure immediately fell into Ye Feng's arms.

Xiao Tao whispered: "Master, you have disappeared for a year. This year, I have missed you to death."

Ye Feng touched the black hair of the girl in his arms and said with a smile: "I have indeed stayed outside for a long time after leaving the sect this time."

Xiao Tao said with a smile: "The young master seems to have received many opportunities. I can feel a very powerful and surging aura from the young master. It seems that the young master has broken through to the realm of law."

Ye Feng smiled and said: "Yes, I have broken through to the law realm. By the way, what about you..."

At this time, Ye Feng turned his Divine Eye of Creation and explored the girl in front of him.

"First level of the Imperial Realm!"

The results of the investigation made Ye Feng suddenly look stunned, and then he couldn't help but said: "Xiao Tao, your breakthrough speed is too fast! In just one year, you have broken through from the Holy Realm to the Imperial Realm. It is really incredible. It's amazing, hey, no, the Immortal King Bone in your body is activated, no wonder!"

Xiao Tao smiled and said: "Sister Bai Ling often sends me countless rare resources. After I refine them, I will naturally make breakthroughs very quickly. Xiao Tao will be able to help the young master a lot in the future."

Ye Feng laughed and said, "Xiao Tao, just stay safe. I can help you if I can."

But even though Ye Feng said this, he didn't think so in his heart.

He knew that Xiao Tao was a member of the Bai family, one of the nine great divine descendants in the sky, and was a descendant of a war god from the Bai family. She herself had awakened the Immortal King Bone, and asked the Bai family to specially send out a Bai Ling. , the secret came to the spiritual world, just to cultivate Xiao Tao.

If Xiao Tao hadn't been unwilling to leave Ye Feng, I'm afraid Xiao Tao would have been taken back to the sky.

If Xiao Tao returns to the family in the future and fully activates all his martial arts potential, the power that will burst out will be absolutely terrifying.

"Sir, you must be very tired after a long journey. I'll get you some water to wash up."

Xiao Tao said, trotting directly towards the distance.

Although her cultivation is getting stronger and stronger, and she also knows that she has an extraordinary identity, in Xiao Tao's heart, she is still Ye Feng's little maid.

At this time, Ye Feng looked at Xiao Tao's retreating back, and a warm smile flashed across his lips.

Xiao Tao is indeed very pure, very pure. Ye Feng only hopes that even if he returns to the sky in the future, nothing will change in Xiao Tao.

Uh-huh!

Suddenly at this moment, a beautiful figure of a woman in white appeared not far in front of Ye Feng.

This woman in white has black hair like ink, skin like snow, and light blue eyes with an innate coldness.

At this time, Ye Feng looked at the woman in white. Even with the Divine Eye of Creation, he could not see through her cultivation level, let alone the depth of her strength.

Ye Feng hesitated for a moment and said: "You should be the sister Bai Ling that Xiao Tao often talks about. Miss Bai Ling comes from the sky and has a noble status. I wonder why she suddenly appeared in front of me at this time? "

Bai Ling stared at Ye Feng, expressionless, and said: "Xiao Tao has unlimited potential in the future. I hope you will take the initiative to leave her and not disturb her."

Ye Feng smiled slightly and said, "I have never disturbed her."

Bai Ling said coldly: "Don't pretend to be in front of me. I have thought about destroying you before, and then let Xiaotao kill you personally, so that she can completely drive away the servility in her body."

When Ye Feng heard Bai Ling's emotionless words, his eyes gradually turned into a sneer, and he said: "Don't think that you are a great person among the divine descendants in the sky. When you come to the spiritual world, you don't have to be like a miniature. You look like a turtle? What kind of bullshit are you? I think you are no different from ordinary people. I am strong enough and can beat you like a dog.

"

Ye Feng's words were full of domineering power, which made Bai Ling's beautiful face look a little ugly.

But she didn't get angry. Maybe she felt that Ye Feng was just having fun and there was no need to argue with an ordinary mortal boy in the spiritual world. It would just be a loss of status.

Bai Ling just shook his head slightly and said: "There is still half a year. When the fairy king bone in Xiao Tao's body is fully activated, I will take her away."

Ye Feng shrugged and said, "Xiao Tao wants to go back to his family and see his relatives, and I won't stop him."

Bai Ling said coldly: "It's good that you know. Xiaotao won't leave when the time comes. I hope you can persuade her."

Ye Feng smiled and said, "Are you asking me to do something?"

Bai Ling frowned but did not get angry because she had been observing Xiao Tao for so long and knew very well Xiao Tao's dependence and affection for Ye Feng.

So at this moment, although Bai Ling wanted to slap Ye Feng, a mortal boy, to death, she really couldn't do anything about Ye Feng. If she angered Xiao Tao, she probably wouldn't be able to complete her mission this time.

"snort!"

At this time, Bai Ling snorted coldly, jumped up gracefully, and disappeared from the spot.

When Ye Feng saw Bai Ling leaving, he shook his head in disinterest. He was also ready to ask about the news about the sky, but he didn't expect Bai Ling to leave so soon.

As for Xiao Tao completely activating the Immortal King Bone after half a year and following Bai Ling back to the Bai family, Ye Feng had nothing to stop him.

The Bai family didn't force Xiao Tao to go back from the beginning, but sent a strong man to the spirit world to give Xiao Tao various rich resources.

From this point of view, the Bai family is quite good, at least they respect Xiao Tao.

Therefore, Ye Feng felt that Xiaotao's return to the Bai family would be a good destination.

Chapter 942 Falling Stars

This time, under Xiao Tao's service, Ye Feng took a good shower.

Over the past year, practicing cultivation outside has indeed been very hard and dangerous.

So at this time, Ye Feng no longer forced himself to fall into the state of cultivation. He followed his heart, lay down on the bed, and started to sleep directly, entering dreamland.

During this sleep, Ye Feng slept for three days and three nights.

When he woke up, he saw a beautiful woman wearing a light blue dress standing at the door of the house, staring at him with a smile on her face.

"Senior Sister Zixuan, why are you here? How long have you been here? You see, I'm all sleepy."

Ye Feng looked at the beautiful woman in blue, it was senior sister Chu Zixuan.

Ye Feng quickly walked out of bed, feeling extremely energetic.

These three days and three nights of sleep almost replenished Ye Feng's energy.

At this time, Chu Zixuan smiled and said: "Junior brother Ye Feng, I didn't expect you to sleep for three days and three nights. I came the day before yesterday, but seeing that you were so tired and slept so soundly, I didn't Excuse me, by the way, where have you been this year, why have I been practicing outside, and I haven't heard anything about you."

Ye Feng smiled and said: "I have not been in Snow State this year. Instead, I have been to Manzhou, which is outside Snow State. In fact, it is not too far from Snow State."

Chu Zixuan's beautiful eyes moved and said: "Manzhou? Manzhou seems to be the most barbaric state in the nineteen states of our human race. It is said that most of the areas in Manzhou are covered by wild forests, and there are many powerful demons living there. Evil beasts are very dangerous. No wonder Junior Brother Ye has made such rapid progress this year. It turns out that you have gone to such a dangerous place. Training in life and death will indeed improve your strength very quickly. "

Ye Feng stared at Chu Zixuan and said, "Senior sister has been coming to see me these past few days, just waiting for me to wake up. Is there anything important?"

Chu Zixuan smiled and said: "It's nothing big. I just heard that you haven't gone to the Tiannan Ancient Ruins yet. There is still a month to go. I want you to do me a favor."

Ye Feng's eyes were surprised and he said: "What's the favor? Senior sister, just say it. As long as I can help, I will naturally try my best to help."

Chu Zixuan said: "Recently, my practice of the Ancient Star Art has hit a bottleneck. Absorbing the power from the Nine Heavens Stars every night has no great effect. During this period, I searched for the sect's mission hall. There are many tasks, and I saw one task, which was to investigate a fallen star that fell in the Beihai area at the northern end of Snow State. The fallen star seemed to be an ancient star of life in the starry sky of the extraterrestrial universe, and there might be an extraterrestrial cultivation civilization coming, so the upper echelons of the sect are very concerned about this matter and issued a task for us to investigate. However, I took over this task. Exploring the cultivation civilization outside the territory is the second best, to absorb the power of the star core of the fallen star. That's the most important thing."

Ye Feng nodded and said: "I didn't expect that nine stars from outside the territory would fall down. The star core of a star, no matter how small it is, contains the incomparable majestic power of the stars. For The practice of the Ancient Star Art has huge benefits."

Chu Zixuan said: "Yes, yes, and Junior Brother Ye, you also practice the Ancient Star Technique. We all know how powerful the Star Picker is. This is a rare

If we can find the fallen star and extract a complete star core, even if we share it equally, it will be of great benefit to our practice of the Ancient Star Art. "

Ye Feng said: "There is still a month left before the ancient ruins of Tiannan. It is almost a round trip. Okay, I will accompany you, senior sister. If I can improve the power of the Ancient Star Technique and the Star Reacher, it will be better for me to participate in the next It is also a huge benefit for the Selangor Genius Club to enter the Tiannan Ancient Ruins to compete."

After the two of them came to an agreement, they decided to set off immediately.

They didn't want to waste time, so they directly spent some spiritual crystals to use the large teleportation array in the sect, and quickly teleported to the Beihai area.

Butterworth region is located in the northernmost part of Selangor.

When the two people came out of the teleportation array, they found that Beihai was not as dilapidated as they imagined.

On the contrary, this area, because it is close to the endless ocean, has attracted countless practitioners to search for treasures in the sea.

So over time, an extremely prosperous capital city was formed here, called the "City of the North Sea".

At this time, Ye Feng and Chu Zixuan walked out of a small room.

Outside this house, there were two young men wearing the costumes of disciples of the Sword God Tiangong guarding them.

This house is the stronghold of the Sword God Tiangong in Beihai City. In addition, there are many other strongholds of major forces in Snow State in this Beihai City, all of which have large teleportation arrays that can teleport people over at any time.

At this time, Chu Zixuan and Ye Feng came out, and the two gatekeepers immediately said respectfully: "See the two core brothers and sisters."

The tokens hanging on Ye Feng and Chu Zixuan's waists at this time are naturally the identity tokens of core disciples.

The core disciples are almost the top beings among the inner sect, so the two gatekeeper disciples are naturally very respectful when they see their core identity tokens.

Chu Zixuan whispered in Ye Feng's ear: "The location of the fallen star is near the city of the North Sea. I don't know whether it was in the sea or fell into the endless wilderness, so we are here Time, we need to stay temporarily in this city of Beihai, let's go find an inn. "

Ye Feng nodded and said: "Okay, you can arrange these senior sisters."

The two of them walked into the city of Beihai and found that in this city, there was a sea of people, and there were still many mysterious and powerful aura fluctuations. It was obvious that there were many strong people hidden.

In addition, many demon clans in the sea area also make their homes in this city of the North Sea. They are considered the aborigines of the North Sea City. They are demon clans in the sea area and are very familiar with the sea. They actually accept various releases from powerful human beings. As a guide, he takes powerful human beings into the sea to search for ocean treasures and various elixir materials that only grow in the ocean.

At this time, Ye Feng and Chu Zixuan had just walked to the streets of the city. A young boy who looked very shrewd walked over and said in a very familiar manner: "You two adults must be here when you come to the city of Beihai." In order to find treasures in the ocean, I grew up in the ocean. I am very familiar with the nearby sea areas. I also know very well what happened. The two adults looked very extraordinary at first glance. I don't know if I need a local guide? "This time, under Xiao Tao's service, Ye Feng took a good shower.

Over the past year, practicing cultivation outside has indeed been very hard and dangerous.

The two adults looked very extraordinary at first glance. I don't know if I need a local guide?"

Chapter 943 The Misty Sea

This little boy who suddenly appeared had a very delicate appearance, with two small green crystal horns on his head. He was obviously a little demon in the sea. He worked as a guide in this North Sea city, earning some remuneration to support himself.

Ye Feng stared at this little demon and found it interesting. He smiled and said, "You said you are very familiar with this sea area. Then tell me, what has happened around this sea area recently?"

The little demon smiled and said: "This sea area has been very calm recently, and nothing happened. However, I heard from others that a few months ago in our city in the North Sea, a strong man witnessed a huge meteor with his own eyes at night. It fell into the mist of the sea. Many people wanted to explore it, but they all died in it. "

When Ye Feng and Chu Zixuan heard what this little demon said, they couldn't help but look at each other. Both of them looked a little surprised. They didn't expect that this little demon was really not an ordinary person and knew what happened near the North Sea City. Something unusual.

At this time, Chu Zixuan smiled and said: "This little brother, can you take us to that misty place?"

The little demon said: "Of course you can, but my cultivation level is too low and I dare not go in. I am willing to take you to the entrance of the misty land. You only need to pay me 10,000 spiritual crystals for a trip."

"Ten thousand?"

Chu Zixuan was a little surprised and said: "So many? What a little money fanatic."

Ye Feng smiled and said: "Okay, if you take us to the misty land, I will pay you 10,000 spiritual crystals."

The little demon was very happy and said: "This brother is still generous."

...

The little demon is indeed a sea monster born and raised in this sea area, and is very familiar with the surrounding sea areas.

Soon Ye Feng and Chu Zixuan followed the little demon through a large sea area and came to an ocean area shrouded in countless fogs.

There are many small islands around here, but on the small islands, they are all completely silent.

The little demon looked at the foggy area and said with some fear: "This fog is highly poisonous. It is the poisonous mud under the ocean. Under the catalysis of countless years, the poisonous fog that emerged has not entered the imperial realm. Creatures at this level are not allowed to enter, otherwise they will be poisoned to death in an instant. Many people who enter this foggy area want to explore the stars falling from the nine heavens, but they all disappear here. In a foggy sea area, one does not know life or death. As time goes by, no one dares to enter anymore. Some people say that the stars that fell from outside the Nine Heavens Territory are inhabited by evil creatures from outside the territory. They build their lairs in this fog, and everyone who enters them dies. "

The little demon said at this time, took the 10,000 spirit crystals that Ye Feng gave him as a reward, and immediately ran away, obviously not daring to be there.

No time to stay here any longer.

Chu Zixuan is a woman after all. At this time, she felt a little chilly in her heart and seemed to be a little afraid. She said: "Junior Brother Ye, in fact, we don't need to take such a risk. When I took this task before, I just thought it was very safe and simple. But I didn't expect it to be so dangerous."

At this time, Ye Feng's eyes showed a trace of hesitation, and then he suddenly said: "Let me deduce whether this trip is really dangerous."

"Is the deduction dangerous?"

Chu Zixuan's beautiful eyes were startled and she said: "Junior brother Ye, do you still know the art of deduction? I heard that only the old men in many sects who have never been born understand it."

Ye Feng smiled and said: "I'm not very proficient, I just know a little bit."

Chu Zixuan smiled and said: "Junior Brother Ye is really versatile. Not only is he very powerful in martial arts, but he is also a powerful spiritual pattern master. Now Junior Brother Ye also knows the mysterious method of deduction. If it weren't for me and Junior Brother Ye, you are so familiar with me. I know that Junior Brother Ye started from scratch and joined the sect to practice from a small place. I am afraid that I will really think that Junior Brother Ye, you are the heir of some ancient big family, just to come out to experience and play in the world. of."

Ye Feng smiled slightly and without saying anything else, he directly activated his natal talent, the Heavenly Chart.

Although it is necessary to burn vitality and lifespan to deduce the heavens' horoscopes, now that Ye Feng has entered the realm of laws, he has strong vitality and sufficient lifespan. It is naturally not a big problem to burn a little to deduce the good and bad fortunes in this foggy area.

Buzz!

A huge and simple dark gold roulette appeared in the void behind Ye Feng, floating and slowly rotating.

It is the horoscope of all heavens.

Chu Zixuan's eyes were very curious, staring at the horoscope.

The huge roulette wheel had ancient and obscure characters engraved on its surface that even Chu Zixuan didn't recognize.

"Junior brother Ye is very mysterious." Chu Zixuan thought secretly in her heart, her beautiful eyes staring at the figure in black with an inexplicable meaning.

At this moment, Ye Feng was concentrating on stimulating the destiny charts.

As the fortune boards of the heavens rotated, Ye Feng only felt that a vision appeared in his spirit. In the vision, certain scenes in the foggy area appeared. The scene was very blurry, and the aura emanating from it gave the impression that Ye Feng felt a gentle feeling, not cold and murderous.

a feeling of.

Ye Feng suddenly dismissed the destiny charts, looked at Chu Zixuan beside him, and said with a smile: "Senior sister, this trip is not dangerous, let's go in directly."

Chu Zixuan glanced at Ye Feng in surprise, but she didn't expect Ye Feng to deduce so quickly.

But seeing Ye Feng's strong and confident smile, Chu Zixuan chose to believe it, nodded and said, "Okay, let's go in."

The two of them walked directly towards the foggy area. Although the fog was the poisonous gas emerging from the depths of the sea, it had no effect on the creatures at the emperor level. For Ye Feng and Chu Zixuan, the two nine-year-olds For masters at the Great Secret Realm level, there is naturally no problem.

Because their bodies and lives have evolved to a very advanced level, ordinary ocean poisonous gas can no longer invade their internal organs and blood, and will be directly eliminated by the powerful life energy and physical energy in their bodies. .

At this time, Ye Feng and Chu Zixuan walked into the foggy area. Their field of vision was very limited and they could only see the surrounding area within three or four meters.

This made Chu Zixuan feel helpless and said: "The field of view is so small, how should we find that fallen star."

Ye Feng said: "Let me take a look." .??.

The Divine Eye of Creation!

Ye Feng's eyes suddenly burst into a dark light, and his gaze suddenly penetrated the deep fog around him.

"That is....."

And at the next moment, Ye Feng suddenly looked stunned.

He saw that an ocean not far away was filled with a huge broken star.

Many monks from the human race or the sea monster race were sitting cross-legged around the broken stars, absorbing the power of the stars and practicing.

Ye Feng suddenly realized and couldn't help but said: "Those masters who entered this foggy area are not dead at all, but are practicing silently inside, so they did not go out, making people outside think that this fog is very dangerous. , in fact, there is no danger at all."

When Chu Zixuan heard what Ye Feng said, she was a little surprised and said, "It turns out it was a false alarm."

The two quickly flew towards the place where the broken star fell, and immediately saw hundreds of people sitting cross-legged around them, absorbing the rich and pure star power emanating from the broken star.

The cultivation fluctuations emanating from each of these people are very powerful, and they have many of the nine secret realms.

Chu Zixuan whispered in Ye Feng's ear: "It seems that we can't swallow up the star core contained in this broken star. There are so many masters here, maybe they all want to plunder, but no one dares to take it. Take the lead, otherwise you will definitely be surrounded by everyone."

Ye Feng also nodded, thought for a while, and said: "Senior sister, let's practice around the broken stars first, and then we will think of ways to see if we can steal the star core secretly, but with so many people watching, it's indeed a bit difficult to deal with. Let's absorb as much star power as possible first. Even if we can't get the star core, absorbing the pure energy of an extraterrestrial star at close range can benefit us immensely."

Chu Zixuan said: "Yes, Ye Feng, you are right. Let's practice first and then consider other things. It is estimated that the hundreds of masters present think so."

Ye Feng and Chu Zixuan found a remote location, sat down cross-legged, and began to run the Ancient Star Art to absorb the huge and pure power of the stars.

A star fell from outside the Jiutian territory to the spiritual world. This is the most primitive star in the starry sky. Absorbed at a close range, the power of the star is simply pure and vast.

In an instant, both of them were covered with a layer of misty starlight, looking extremely magical.

But just when the two of them entered the state of practice.

Outside this foggy area, a group of teams wearing noble clothes came.

This group of teams was composed of dozens of young people. Led by a young man wearing purple gold armor, they had extraordinary momentum. Each of them had a cultivation level that was astonishingly at the Peeping Dao Realm and the Law Realm.

The young man in the purple-gold armor headed by him has a terrifying cultivation level in the Dacheng Law Realm.

Such a young person possesses such a powerful cultivation level. It can be seen that this group of people has very extraordinary origins.

At this time, the young man wearing purple gold armor spoke out to the dozens of young people behind him: "I have found out clearly that the broken star that fell from the starry sky is in this foggy sea area. A primitive star is of great significance to our star sect, so when we come this time, we must plunder the primitive star and bring it back to the sect. Anyone who dares to stop it will be killed directly. Our Star Sect is a powerful force in Tianzhou. I think if we directly report our names, those casual cultivators in Snow State will definitely be scared to death, hahaha."

A group of disciples from the star sect behind them laughed out loud, and said with a natural arrogance in their tone: "With the leadership of Senior Brother Yuwen Jiji, we will naturally succeed immediately. Who dares to disobey?"

Chapter 944 Star Gate

The young man wearing purple gold armor at the head is called Yu Wenji. He has a powerful cultivation level in the Dacheng Law Realm and is the inner eldest brother of this generation of stars.

Zhongxing Sect is a top giant force in Tianzhou adjacent to Snow State, and the sect has a very strong foundation.

As for the Star Sect, it can be seen from the name of the sect that the inheritance of the entire sect has a great relationship with the stars. It is a large sect passed down by a powerful person who practiced star attribute techniques.

This time there is a powerful ancient existence in the Star Gate. It is deduced that in the foggy sea area of the North Sea City, an extraterrestrial star fell from the nine heavens, which is of huge benefit to their Star Gate.

So this time, the top disciples of the entire Star Sect's inner sect were mobilized.

The weakest of them all are Peeping Dao Realm beings, and there are also many elementary and intermediate Law Realm experts. The most powerful one is naturally the senior brother Yu Wenji of the Inner Sect of the Stars Sect who leads the team.

At this time, Yu Wenji led a group of talented disciples, and he felt very high-spirited. He and everyone rushed into the foggy sea area in an instant, and immediately saw the sea area not far away, which was hundreds of thousands of meters away. A huge broken star covered it. ??

At this time, on the surface of the huge broken star, there were practitioners all sitting cross-legged, bathed in the light of the stars, practicing silently.

When Yu Wenji saw this scene on the field, his eyes suddenly became extremely cold.

In his mind, this broken star is already a treasure belonging to the Star Sect.

But now, so many people on the field are absorbing the energy of the broken stars.

For Yu Wenji, this was like cutting his flesh, making Yu Wenji feel angry all of a sudden.

"Stop practicing!"

Suddenly at this moment, Yu Wenji couldn't help it anymore and just yelled.

"Um?"

"Who is this guy?"

At this moment, everyone practicing on the field suddenly opened their eyes.

One after another, with doubts and surprise, they stared at a group of people walking not far away.

Especially the young man in purple gold armor who was speaking at the head, the terrifying Dacheng Law Realm cultivation fluctuations on his body made many people unconsciously reveal a look of fear in their eyes.

At this time, Yu Wenji led a group of Star Sect disciples and walked towards the crowd.

They all had a menacing and cold aura on their bodies, and it was obvious that they were coming from bad intentions.

Yu Wenji looked at everyone on the field with a deep arrogance, as if the emperor was announcing an imperial edict, and said: "This broken star fell from the nine heavens. This is the world of heaven and earth." Holy relics, you casual cultivators are not qualified to enjoy such holy relics of heaven and earth. From now on

, this place of stars in the misty sea belongs to our star gates. "

"Wow!"

Almost as soon as Yu Wenji finished speaking, the entire venue fell into an uproar.

Originally, they absorbed the power of the stars here and practiced well.

But now a group of people suddenly appeared, clamoring to drive them all away.

This made the faces of many cultivators present suddenly darken.

They had heard that the Star Sect was not a force on the land of Snow State, but a giant force in Tianzhou adjacent to Snow State.

Many people had fear in their eyes and silently left the stage.

But most people simply ignored Yu Wenji and continued to practice in place.

When Yu Wenji saw this scene, his aloof look suddenly turned gloomy.

Originally, he thought that if he announced his family status, these people would definitely be afraid of the Star Gate and then run away in a hurry.

But now, almost 70 to 80% of the people are still practicing in the same place, and many people have not even opened their eyes.

This made Yu Wenji's eyes darken to the extreme.

"Hmph, maybe these people don't even know how terrifying the strength and heritage of our Star Sect is."

Yu Wenji thought secretly in his heart, and a trace of anger suddenly appeared in his eyes.

"boom!"

A black spear appeared in his hand, and a bloody demonic light suddenly erupted from the spear.

Poof!

Not far away, a middle-aged man who was meditating with his eyes closed was instantly pierced through the head by Yu Wenji's gun, killing him instantly.

"What?"

"Kill someone if you disagree?"

At this moment, many practitioners who originally had calm faces changed their expressions.

Several powerful casual cultivators immediately stood up, stared at Yu Wenji, and shouted angrily: "Yu Wenji, right? Even if you are the inner sect senior brother among the stars, can't you bully others like this? ? This broken star that fell from the sky is a thing that has no owner in the world. How can it become the exclusive thing of your star gates? " This is too overbearing. "

Yu Wenji smiled coldly and said: "Yes, I am so domineering. What can you, a bunch of humble casual cultivators, do to me?"

boom!

At this time, Yu Wenji said,

Jian once again drew his gun, directly piercing the chests of the people who had just spoken.

"ah!"

Along with a burst of screams, the few people who were talking just now were pierced through their bodies and killed directly.

"hiss!"

At this time, there were sudden gasps of air on the field.

Obviously no one would have thought that Yu Wenji, who came from the Star Sect, could be so violent and murderous. In just a short moment, he had already killed several people for no reason.

At this moment, Yu Wenji's eyes showed no emotion, and he just said coldly: "I have already announced that this land of stars will be the territory of our star sects from now on. It is a private place. You despicable randoms Martial arts cultivators, hurry up and get out, or I will kill you one by one until you are all dead!" ??

At this time, Yu Wenji said, and the black spear in his hand struck out instantly, erupting with extremely terrifying power. The black light filled the void, and the killing aura was extremely strong. Several more powerful men were killed.

"Run away!"

"This person is too powerful and cannot be resisted."

"And he comes from the Star Gate, so we can't afford to offend him."

Everyone present, almost all casual cultivators in the city of Beihai, saw Yuwen Jiji going on a killing spree. They all started to panic and fled around.

"And you, why don't you leave? Kill!"

Yu Wenji suddenly saw a man and a woman meditating not far away. He immediately stared at the young man in black, and the spear in his hand suddenly exploded and killed him, heading towards him to assassinate him.

"roll!"

But at this moment, the young man in black suddenly opened his eyes and thrust out his palm.

boom!

Suddenly, an ancient and huge star hand appeared and blasted Yu Wenji away.

"Wow!"

Yu Wenji suddenly spurted out a mouthful of blood, and countless bones in his body were broken. He fell hard to the ground and could no longer survive.

"What?!"

Almost at this moment, everyone on the field was shocked to the extreme.

And the many Star Sect disciples who followed Yu Wenji all had their eyes shuddered.

The invincible senior brother Yu Wenji was defeated by that young man in black with just one hand?

Moreover, he is about to die!

A Star Sect disciple suddenly looked extremely frightened and angry, stared at the young man in black, and yelled: "Even if you are powerful, you dare to kill our Senior Brother from the Star Sect? You

Do you know that you have caused big trouble? who are you? "

The young man in black stood up slowly, walked towards the crowd of Star Gate disciples, and said indifferently: "My name is Ye Feng, so what if I kill your senior brother? If you want to cause trouble, take action directly, or in the future Come to the Snow State Sword God Heavenly Palace to find me."

"A master disciple of the Sword God Tiangong!"

At this moment, when Ye Feng's words fell, many casual cultivators around him couldn't help but have surprise in their eyes.

"You are a disciple of Sword God Tiangong!"

The crowd of Star Sect disciples suddenly had deep ugly expressions in their eyes.

Sword God Tiangong is the largest sect in Snow State!

Moreover, a group of Star Sect disciples knew that this young man in black had such great strength and his status in the Sword God's Heavenly Palace was definitely not low. He was probably the most talented person in the Sword God's Heavenly Palace.

They were just ordinary inner disciples in the Star Sect. Now that the senior brother had also been killed, many of the Star Sect disciples suddenly fell silent, not even daring to fart.

"Who dares to kill my brother?"

Suddenly at this moment, an extremely majestic male voice, containing huge anger, came from a distance.

"What is this sound?"

A group of star gate disciples suddenly looked shocked, and then said in surprise: "It's senior brother Yuwen Ji's brother, Yuwen Tuo! He is the core disciple of our star gate, possessing the terrifying cultivation level of the Dzogchen Law Realm. And the combat power is very strong. He has been practicing around here, and now that he has sensed the death of senior brother Yuwen Ji, he must be furious! That boy from the Sword God Tiangong is dead!"

At this time, Yu Wenji was lying on the ground, having lost the breath of life.

Uh-huh!

Not far away, a tall young man wearing golden armor, like a god and demon, rushed towards him, giving everyone in the audience an extremely depressing feeling.

He saw Yu Wenji's body on the ground in an instant, and suddenly he shouted with grief and anger: "Brother! You died so miserably!!"

boom!

At this moment, Yuwen Tuo's eyes were like red magic lamps, and he stared at Ye Feng not far away. His tone was as cold as ever, and he shouted: "I don't care who you are today, you will kill me." Brother, you must die and pay the price with your blood!"

boom!

Almost at the moment Yuwen Tuo finished speaking, his whole body suddenly erupted with a terrifying aura.

That kind of momentum, as vast and majestic as the mountains and the sea, made everyone in the audience tremble.

This is a truly peerless genius with top-notch combat power!

Chapter 945 Deduction of Star Core

Uh-huh!

At this time, Chu Zixuan also ducked to Ye Feng's side. With vigilance in her eyes, she stared at Yuwen Tuo, who was filled with murderous intent, and said: "Yuwen Tuo, your brother Yu Wenji is really too wanton. Killing He was so worried that he killed so many of us in Snow State indiscriminately, and he also wanted to monopolize this entire land of fallen stars."

Ye Feng nodded slightly and said: "Originally, I just wanted to teach Yu Wenji a lesson, but I didn't expect that he had the cultivation level of Dacheng Law, but his combat power was so weak, and his whole body bones were shattered with just one slap from me. Dead, this is something I really didn't expect."

"say no more!"

Yuwen Tuo immediately yelled, his eyes full of cruelty, and said: "No matter what the real situation is, I won't care about it, and I don't want to care about it. I only know that you killed my brother, no matter whether it is right or wrong, no matter what How bad my brother is, you must pay with your life!"

At this time, Yuwen Tuo said, and a long black knife instantly appeared in his hand. A light of terrifying power erupted all over his body, and his powerful cultivation in the Dzogchen Law realm exploded in an instant, directly attacking Ye Feng.

"I've explained the situation clearly to you, but you're still so stubborn, so you can't blame me."

Ye Feng's eyes suddenly turned cold. Facing Yuwen Tuo, a strong man in the Dzogchen Law Realm, he showed no fear at all.

If it were before, Ye Feng might choose to avoid the edge temporarily.

But just now, Ye Feng discovered that he had killed a Dacheng Law Realm warrior with a casual slap.

This made Ye Feng understand that his current combat power was much stronger than he imagined.

"The hell realms of the ten directions!"

"Sword kills all living beings!"

boom!

Yuwen Tuo roared loudly and slashed wildly with the long knife in his hand. Horrifying scenes of hell appeared around him.

In ancient legends, hell is divided into many levels. At this time, Yuwen Tuo's practice of the ten-direction hell path is to manifest all the ten levels of hell in the ancient legend into the world, allowing countless living beings to feel the terrifying atmosphere of death and purgatory.

"Six Paths of Reincarnation Sword!"

But at this time, Ye Feng directly used powerful sword-style martial arts, six-path reincarnation realm, and ninth-grade true spirit-level martial arts, which were also very powerful.

Immediately, visions of six reincarnations appeared in the sword energy. This was not a Tao vision, but a powerful martial arts vision.

"Boom!!"

The two terrifying attacks collided together in an instant, and the kendo phenomenon of the Six Paths of Samsara Sword actually suppressed and disrupted the hell realms in the ten directions, because hell originally belonged to the hell realm in the six paths of reincarnation.

"ah!"

At this time, Yuwen Tuo suddenly screamed, and his entire body was pierced by Ye Feng's sword.

"So powerful!"

When everyone around saw this scene, they all

His eyes were startled.

At this time, Yuwen Tuo's chest was pierced, and a blood hole appeared, and the blood continued to flow.

But Yuwen Tuo did not die. Instead, he stared at Ye Feng with frightened eyes and shouted: "This is not the martial arts move of the Sword God Tiangong at all. Where did you learn the Six Paths of Samsara Sword? You can actually restrain my ten swords." Damn it!"

"Star Reacher!"

But at this time, Ye Feng just smiled coldly and directly used his star-catching hand.

The Ancient Star Art in his body was also running rapidly at this time.

"boom!"

At this moment, suddenly the power of countless stars rushed out from the broken stars under Ye Feng's feet, and all of them were poured into Ye Feng's body.

The Ancient Star Art actually triggered the power blessing of the broken stars at this moment.

boom!

So at this moment, the power of Ye Feng's Star Picking Hand suddenly became extremely terrifying.

The entire space was grasped and shattered. An ancient hand of stars, vast and majestic, seemed to be cast by the stars of the Nine Heavens. Not only was it hard, this hand also contained the weight and energy of a star, and it exploded.

"Demon Lord Armor!"

Yuwen Tuo practiced magic skills, and even obtained a set of demon lord armor. At this time, the surface of his body was immediately covered with a thick layer of black armor. The surface of the armor was engraved with magic patterns, emitting a strong black light. .

"Boom!!"

The terrifying Star Picker struck Yuwen Tuo's body, but was suddenly blocked by the black armor without causing any damage.

"What? So hard?"

Even Ye Feng himself couldn't help being surprised.

And Yuwen Tuo laughed loudly and said: "The armor I am wearing is called the Demon Lord Armor. It is the natal armor of a Hell Demon Lord back then. It is a magic weapon-level armor treasure that surpasses the emperor's weapons. A third-grade magic weapon! Even the strong men in the fourth secret realm, 'Fate Palace Realm', who have surpassed the Law Realm, can't destroy this set of Demon Lord armor. Haha, boy, I am almost invincible in a battle with you, and you can't hurt me at all. If you don't meet me, just wait to be killed by me!"

"Third-grade magic weapon?"

At this time, everyone on the field was shocked.

Magical weapons, treasures that surpass the ultimate emperor's weapons, are extremely precious existences among the major giants.

"Senior Brother Yuwen Tuo is invincible!"

At this time, the crowd of Star Sect disciples were overjoyed and cheered and cheered one after another.

"Pfft!"

But suddenly here

At that moment, a blue halberd suddenly penetrated the Demon Lord's armor, stabbing the aloof Yuwen Tuo to the core.

"What?!"

Yuwen Tuo's expression suddenly became stiff.

He lowered his head and saw that Ye Feng had arrived in front of him at some point. The blue halberd he held in his hand had infinite sharpness and pierced his Demon Lord's armor at once. ??

"No...impossible..."

Yuwen Tuo wanted to say something else.

"boom!"

But at this time, Ye Feng sneered, and the palm holding the Poseidon Trident shook, and a strong vibration force was suddenly transmitted to Yuwen Tuo's body through the Poseidon Trident.

Snap!

Accompanied by a sound of flesh and blood being broken, Yuwen Tuo's whole body was blown apart by the concussion directly in the Demon Lord's armor, turning into a blood mist.

Ye Feng grabbed the demon lord's armor with his big hand and took back the storage ring.

Although a hole was pierced through the Demon Lord's armor by the Poseidon Trident, it was still a magic weapon-level treasure that had a huge effect and could produce super strong defensive power.

Magical weapons are very rare, and armors are even rarer. This Yuwentuo is probably an inheritance and treasure found in some ancient hell ruins.

This demon lord armor is very precious. Ye Feng's current physical strength is at most comparable to a half-grade magic weapon. If he wears the demon lord armor, he can still resist a lot of damage.

While Ye Feng was silently searching for treasures, everyone around him, whether they were a group of casual cultivators or a group of Star Gate disciples, all had expressions of deep shock on their faces.

A top genius from the Dzogchen Law Realm who came from the giants of Tianzhou was killed just like that?

"powerful!"

"Incredibly strong!"

Everyone was amazed.

Even Chu Zixuan, standing aside, couldn't help being shocked: "Junior Brother Ye's combat power is getting more and more terrifying. He may have understood the Ancient Star Technique and Star Reaching Hand at a very advanced level. The burst of lethality was so powerful, and the blue euphoria warrior in his hand was probably at least a fourth-grade magic weapon. It pierced through the Demon Lord's armor at once, which was really powerful."

At this time, Ye Feng had finished searching for the storage rings of brothers Yuwenji and Yuwentuo, and silently used his devouring power to swallow up their blood energy and residual skills, feeling satisfied.

During the whole process, no one around me dared to say anything, and everyone was so angry that they didn't dare to breathe.

At this time, Chu Zixuan walked to Ye Feng's side and whispered in his ear: "Junior brother Ye, Zhongxing Sect is the largest sect in Tianzhou. It is only a little bit worse than our Sword God Tiangong. You have to kill him." These two powerful talented disciples, shall we fight now?

Kill everyone and silence them all to prevent this news from leaking out? "

Chu Zixuan spoke very coldly and cruelly at this time. It was obvious that although she was a woman, she had already developed an iron heart due to the bloody storms along the way.

Ye Feng was silent for a moment, then slowly said: "Then kill him."

If it were in the past, Ye Feng would definitely hesitate.

But now Ye Feng has long become hard-hearted in dealing with his enemies.

At critical moments, he never harbors the weak heart of a Holy Mother.

Ye Feng never thought that he was a good person. He was just an ordinary Jianghu man who struggled and killed for his own survival and strength, with his own selfishness and greed.

"boom!"

After waiting for Ye Feng's agreement, Chu Zixuan took action instantly.

"Ten thousand swords return to the clan!"

Chu Zixuan was already a strong swordsman. At this moment, he took action and caught everyone in the audience off guard.

"ah!"

"ah!"

Along with the screams, everyone was killed by Chu Zixuan, leaving no one alive, and the blood stained the entire sea of broken stars red.

After a while, Chu Zixuan walked towards Ye Feng with a long sword dripping with blood, and said: "Junior Brother Ye, we have killed them all. Only you and me know what happened here today."

Ye Feng nodded slightly, looked at the broken star zone covering hundreds of thousands of meters, and said: "We can now look for the star core. This is a fairly complete ancient star, although it is not an ancient star that gave birth to life. , It's just a very ordinary little star, but for our current cultivation level, it is already a giant."

Chu Zixuan nodded, with a hint of excitement in his eyes, and said: "The star core of a small star outside the territory is also the most precious treasure in the world. It contains incomparable energy, but it is only a few hundred thousand meters away." In this huge place where stars are broken, how can we find the specific location of the star core? Outside this foggy sea area, it is not certain when new practitioners will come in. When they see everything here, they may be in big trouble. "

Ye Feng smiled and said: "Senior sister, have you forgotten that I know the art of deduction?"

"yes!"

Chu Zixuan's beautiful eyes suddenly lit up, and she said: "Junior brother Ye, hurry up and give it a try. If you find the star core and absorb the majestic energy of refining the star core, our ancient star art will be unparalleled." Huge transformation. I remember that the starry sky powerhouse who left the ancient star art. At the end of his cultivation, he once traveled alone in the starry sky of the universe. When he encountered some small stars, he directly swallowed them whole. It was very powerful. "

Ye Feng nodded, directly released the destiny disk of the heavens, and began to deduce the specific location of the star core in this land of broken stars.

Chapter 946 Dacheng

Buzz!

At this time, the heavenly horoscopes were slowly rotating.

Ye Feng's vitality and longevity were also burning rapidly.

Buzz!

A ball of light instantly rushed out from the heavens' destiny plates and turned into threads of light, which suddenly spread towards the depths of the earth of broken stars.

"Let's go, we follow the direction pointed by the thread, and we will definitely be able to find the star core."

Ye Feng pulled Chu Zixuan and quickly flew towards the direction of the thread.

At this time, Chu Zixuan was suddenly held by Ye Feng's hand, and her beautiful eyes were slightly stunned.

Although she was very familiar with Ye Feng, she had never been so close to Ye Feng.

At this time, Chu Zixuan saw Ye Feng's face, with a hint of anxiety, staring at the thread of light not far away and quickly chasing after it.

She understood in her heart that Ye Feng held her hand in a hurry and had no other thoughts.

But after all, feeling the hand being held, Chu Zixuan felt something strange in her heart.

But she didn't say much. The most important thing at this time was to track the location of the star core.

"Boom!"

Ye Feng saw it at this time. The thread of light sank into the earth. A sword suddenly appeared in his hand and he dug deep into the earth.

The two of them soon went deep into the ground and came to the bottomless underground world.

At this time, the two people immediately saw that in the center of the underground world, there was a huge silver meteorite floating in the center. It was as big as a mountain and emitted a strong divine light.

"This is the star core!"

Ye Feng's eyes were filled with joy. His ability to deduce the heavenly horoscopes was simply unparalleled. He found the star core so quickly.

Chu Zixuan also nodded and said: "I can feel a very majestic and strong energy fluctuation from this star core."

Ye Feng and Chu Zixuan walked directly to the star core without any hesitation.

Buzz!

A piece of extremely dense starlight, containing huge and boundless

The power of the stars moved toward the two of them.

At this moment, the two of them felt that the ancient star art they had practiced had undergone huge fluctuations.

Chu Zixuan's eyes were overjoyed and she said, "Just for a moment, I feel that the Ancient Star Art in my body has already replenished a lot of energy."

Ye Feng nodded and said: "Let's quickly divide this star core into two halves and take it away. Otherwise, we may be discovered when other masters come to this foggy sea area."

Chu Zixuan said: "Yes, let me divide it into two halves. In the inheritance of the starry sky powerhouse, there are some methods of refining and cutting star cores. After all, that starry sky powerhouse devoured a lot of starry sky back then. Stars."

At this time, Chu Zixuan said, jumped up, and floated directly into the air.

"boom!"

In her hand, starlight flashed, and a huge star blade appeared in an instant. It seemed to be a very powerful star martial arts that Ye Feng had never seen before. It might be part of the inheritance of the starry sky expert.

"cut!"

Chu Zixuan's beautiful eyes narrowed, and the star blade in her hand suddenly slashed down. The extremely strong star core seemed to have become extremely fragile, and was cut into two halves.

Ye Feng's eyes were filled with joy and he said: "It's amazing. The hardness of this star core is so hard that even my Poseidon Trident cannot be broken, but your method can split it into two halves instantly. It's really powerful."

Chu Zixuan smiled and said: "This is a small method left over from the inheritance of the starry sky expert. By continuously compressing the light of the stars and solidifying it into a very small light blade, it will have very sharp energy. , cutting the star core is very simple."

At this time, Chu Zixuan said, putting half of the star core into his storage ring, and then handed the other half to Ye Feng.

After Ye Feng accepted it, he and Chu Zixuan jumped out of the foggy area, and soon disappeared into the sea around Beihai City.

...

In the blink of an eye, a month has passed.

Ye Feng finally succeeded in refining half of the star core.

The energy contained in half a star core is simply too huge.

Ye Feng's cultivation level directly broke through the middle-level law realm, accumulated to high-level, Xiaocheng, and then directly broke through the bottleneck and stepped into the final Dacheng law realm!

At this time, in the Sword God Tiangong, in the small courtyard where Ye Feng lived.

The bald bird was shocked when he saw Ye Feng walking out of the secret cultivation room, with the aura of the Dacheng Law realm washing over his body.

It couldn't help but say: "Ye Feng boy, how come you have broken through so quickly? In just one month, you have directly stepped into the middle-level law realm. Moreover, the power you practice requires hundreds of times to be swallowed." Ordinary monk, your breakthrough speed is too exaggerated."

Ye Feng smiled and said: "This time I went to the city of Beihai and got a good thing, a star core that fell from the sky of Jiutian Stars. If I hadn't gotten such a heaven-defying thing, how could I have been there? The breakthrough was so rapid in this short period of time."

At this time, Ye Feng saw that Chu Zixuan did not appear in his courtyard. Obviously, Chu Zixuan's absorption speed must be much slower than his own. It might take her several years to absorb it completely.

However, Ye Feng's physique is strong, his martial arts foundation is strong, his body is like a big oven, and he has the ability to swallow up energy. In just one month, he swallowed up and refined all the energy in half of the star core.

Ye Feng looked at the bald bird and said, "Master Bird, do you want to enter the Tiannan ancient ruins with me? It is said that there are many treasures left over from the ancient immortal era."

The bald bird was a little moved, but in the end it was dejected and said, "I'd better stay in your little yard and see if I can please the Suzaku and reward me with a Suzaku Sacred Fire. It's much more useful than me looking for some treasure." "

Ye Feng smiled and said, "Well, Master Bird, come on."

Uh-huh!

Suddenly at this moment, a talisman came from outside the courtyard. \u003c

br\u003e

The talisman turned around and came to Ye Feng. The voice of the great elder Ziyunchuan came from inside: "Ye Feng, come to the core hall of the inner gate. I have something to ask you."

Ye Feng set off immediately. He knew that the time had come to enter the ancient ruins of Tiannan.

...

When Ye Feng hurriedly arrived at the core hall, Ziyunchuan's expression was a little solemn and said: "Ye Feng, did you kill the two first-class geniuses of the Star Sect in the Beihai area, the two brothers Yuwenji and Yuwentuo? "

Ye Feng's eyes changed slightly and said, "How did the Great Elder know?"

Ziyunchuan said: "The master of the two brothers is an expert in the Star Sect. He has a magical mirror that can reproduce the initial scene of the killing scene. It is equivalent to going back in time. It is very magical, so You were just exposed."

Ye Feng's eyes moved and he said: "I didn't expect there to be such a magical treasure in the world. Great Elder, are the Star Sects coming to the Sword God Heavenly Palace to arrest me for questioning?"

"He dares!"

Ziyunchuan suddenly smiled and said: "If you give those people from the Zhongxing Sect a hundred courages, they would not dare to come to the Sword God Tiangong to ask for someone, but this time in the Tiannan ancient ruins, the Zhongxing Sect may sneak in. Strong man, secretly pursue you Ye Feng. Moreover, Qi State, the largest vassal state in Snow State, has also captured clues about the death of the prince of Qi State. After all, there is no airtight wall in the world, so this time, in the ancient ruins of Tiannan , your enemies may even be super masters of the fourth secret realm, the Life Palace Realm, who transcend the Law Realm. Why don't you go to the Tiannan Ancient Ruins, because I can't enter and follow you to protect you."

Ye Feng thought for a while and said: "Great Elder, please let me enter the Tiannan Ancient Ruins. Now I am not afraid of even the first-level Life Palace Realm expert."

Ziyunchuan was a little surprised and said: "What do you mean, you are now..."

Buzz!

A huge and boundless aura suddenly overflowed from Ye Feng's body.

Ziyunchuan's eyes were suddenly startled, and he couldn't help but say: "This is... the Dacheng Law Realm!"

Chapter 947 Entering the Ruins

Ye Feng stepped into the realm of Dacheng Law, which really shocked Ziyunchuan, the great elder of the inner sect.

It originally took only one year for Ye Feng to break through from the Peeping Dao Realm to the Law Realm, which already made Ziyunchuan very happy.

But now, in just one month, Ye Feng has directly entered the Dacheng Realm from the Elementary Law Realm.

This can no longer be said to be shocking, but scary.

"Let me see if you used any elixir to force improvement. That won't work. You have a bright future and you can't encourage it."

At this time, Ziyunchuan spoke up, with a hint of solemnity in his tone, and pointed directly on Ye Feng's body with one finger.

Ye Feng didn't move at all, but with a confident smile on his face, he casually explored Ziyunchuan.

"Um?"

At this time, Ziyunchuan used his magic power to swam through Ye Feng's entire limbs. Then he suddenly let out a light sigh and said: "What a powerful magic power, such a huge life fluctuation, it gave me the feeling that Ye Feng Feng, you are just like the cub of an ancient true dragon. It seems that you have really broken through step by step. It is amazing that you can lay such a strong foundation in martial arts at such a fast speed. Your future is formidable."

Ye Feng smiled and said: "The great elder praised me because I found a star core from the North Sea City. After refining it all this month, my power has indeed increased a lot."

"Star core?"

Ziyunchuan's eyes were surprised, and then he nodded slightly and said: "So, the core of a star is indeed a rare thing in the world. You got it, which can be regarded as a blessing. So this time I entered the ancient ruins of Tiannan, and I also I feel relieved."

Next, Ziyunchuan wasted no time and took Ye Feng directly out of the Sword God Tiangong and walked in a certain direction in Xuezhou.

The two traveled through vast stretches of wild land, deep swamps, mountains, rivers and seas, and finally stopped in front of a small dilapidated temple.

At this time, it was surrounded by a wild forest, and there was only such a small dilapidated temple, which looked very lonely and desolate.

Ziyunchuan said: "We can just wait here."

Ye Feng nodded slightly. Although he was confused, he didn't ask any more questions. He just stood there and remained silent like Ziyunchuan.

Just the next day.

Uh-huh!

Uh-huh!

Two figures suddenly appeared not far away. They were also an unfathomable strong man. They were accompanied by a young prodigy at the Law Realm level. She was a female prodigy. She was wearing a light red dress, with fair skin and a beautiful face. Wearing a purple veil, it looks very mysterious.

After the two arrived, they stood around the ruined temple without saying anything or doing anything.

After Ye Feng took a look, he closed his eyes to rest.

In the next few days, some people came here one after another, standing around in silence.

That night, Ziyunchuan suddenly sent a message to Ye Feng, saying: "Tonight is the time when the Nangu ruins will be opened that day. This ruined temple is an opening point on the land of Xuezhou. Other than that, In addition, it is estimated that there are other states this time, such as the two states adjacent to our Snow State, Manzhou, Tianzhou, etc., all of which will have the opening points of Tiannan Ancient Ruins actively activated, so this time after you enter , you must be careful, not only be careful of these people entering from the spiritual world, but also be careful of the aborigines in the ancient Tiannan ruins, there are also powerful forces and powerful people, so be careful."

Ye Feng clasped his fists slightly and said, "Great Elder, I understand."

"Um."

Ziyunchuan nodded, very confident in Ye Feng, he didn't

No matter what I say, I will continue to close my eyes and rest.

late at night.

The moon is dark and the wind is high, and the cold wind howls in the wild forest.

"Buzz!" .??.

Suddenly, at this moment, a large piece of bright divine light suddenly burst out of the dilapidated small temple, and suddenly struck out, forming a space portal.

"This is the entrance to the Tiannan ancient ruins. Come in quickly."

Ziyunchuan spoke to Ye Feng at this time.

Uh-huh! Uh-huh!

At this time, other young geniuses who had arrived here had already set off, all stepping into the space portal.

Ye Feng nodded, jumped up, and stepped into the space portal with his whole body.

Buzz!

With a violent dizziness, Ye Feng immediately saw that he had arrived at a vast white land.

It's colder here than in Snow State, and the entire sky is gray.

High in the sky, white snowflakes fell, making people feel extremely cold.

Ye Feng was very surprised. You must know that he is now a strong man in the Law Realm, and the Sun and Moon Battle Body has also entered the realm of Great Perfection. His body is as powerful as a big oven.

But the snowflakes in this sky and earth still made him feel a slight cold feeling.

This can only be said that the ancient ruins of Tiannan are indeed extraordinary.

At this time, Ye Feng's heart rang with the words of the previous great elder Ziyunchuan.

This ancient Tiannan relic was once a continental plate that gave birth to a very glorious civilization in ancient times, called Tiannan Continent.

To this day, there are still aborigines living in the ancient ruins of Tiannan. The great elder Ziyunchuan once reminded that among these aborigines, there are also powerful forces.

Strength and strength, so be careful.

"Dong dong dong..."

While Ye Feng was silently observing his surroundings, a roar came from the distance.

Ye Feng's eyes moved, and he immediately listened attentively, and suddenly heard the sound of horse hooves.

"Horse hooves?"

Ye Feng's expression changed slightly, and he jumped directly to a nearby big tree.

At this time, not far away, there was indeed a very long team driving towards us.

Ye Feng looked towards the team and found a continuous line of carriages, surrounded by many warrior guardians wearing ancient costumes. The carriages were loaded with various resources and goods from the jungle.

"It seems that they are the aboriginal people in the ancient ruins of Tiannan. I didn't expect that I met the aboriginal people as soon as I came in."

Ye Feng's expression moved slightly.

Although there are many ancient immortal inheritance and treasures buried in Tiannan ancient ruins.

But where to find it, Ye Feng is still confused.

"This group of horse-drawn carriages are the aborigines in the Tiannan ancient ruins. They must be very familiar with the entire Tiannan ancient ruins. If I can get in among them and inquire about the news, it might be able to help me find this ancient ruins quickly. Buried inheritance."

Ye Feng thought in his mind and jumped directly from the big tree.

"Who is your Excellency?"

Almost at the moment Ye Feng jumped down, the entire carriage team stopped and became extremely alert.

The middle-aged man at the head seemed to be the commander of the carriage team.

Ye Feng looked at the middle-aged man, clasped his fists slightly, and said: "Brother, don't worry, I'm not a bad person, I just got lost in this snowy jungle, so can I follow you and leave together? This snowy jungle?"

Chapter 948 Wolf King Cub

The moment Ye Feng finished speaking, the middle-aged man at the head of the team suddenly showed a hint of confusion in his eyes and said: "It turns out that little brother got lost in this snowy jungle. I see that little brother has good physical skills. It seems that he is a disciple of a certain large sect, right?"

Ye Feng smiled and said: "I am indeed a disciple of the sect, but I am not a disciple of this area. I came here this time to experience and increase my cultivation. I didn't expect to get lost."

The middle-aged man immediately smiled boldly and said: "Then little brother, just follow us. In Xiantianlin, he is the head of the Shen family of Lieyang City near the snowy jungle. I wonder what I call my little brother?"

Ye Feng smiled and said: "Brother Shen, my name is Ye Feng."

"Ye Feng, like leaves like the wind, free and uninhibited."

Shen Tianlin said with a smile: "Brother Ye, this is a good name. It is simple and yet does not lose its artistic conception."

Ye Feng smiled and said, "Then thank you Brother Shen for taking care of me."

At this time, Ye Feng was talking, and Shen Tianlin called to the back: "Come here, prepare a horse for this young hero."

"Yes, Master!"

A servant immediately ran over, holding a white horse in his hand.

"A good horse and a hero!"

Shen Tianlin said with a smile.

Shen Tianlin is a very forthright person who has traveled around the world for many years and loves to make friends.

This time he saw that Ye Feng was very extraordinary, as rich as jade, extremely handsome, and he seemed to be very skilled.

This made Shen Tianlin immediately want to make friends and like him.

"Brother Shen, thank you."

Ye Feng thanked him and got on his horse.

The scene of a young hero wearing bright clothes and an angry horse made many people around him look strangely in their eyes.

You know, now with Ye Feng's cultivation, powerful cultivation, and the Divine Secret of Creation, Ye Feng's life level has evolved.

change.

Therefore, the temperament Ye Feng exudes invisibly makes everyone feel a ethereal feeling of being out of the world.

"We move on."

At this time, Shen Tianlin shouted to the team behind him, and the entire huge team continued to move forward.

A hundred-meter long team was walking in the snowy jungle. The demons in the snowy jungle did not dare to get close.

After several days of talking together, Ye Feng gradually got to know Shen Tianlin and the Shen family.

The Shen family is one of the largest families in Lieyang City. They earn huge wealth by hunting in the snowy jungle.

At this time, bursts of fast-moving sounds suddenly sounded in the snow not far away.

"That is?"

"Snow Demon Wolf!"

Many Shen family warriors had very shocked looks in their eyes at this time.

Because not far away, on the white snow, burly and ferocious demonic wolves appeared.

These are Snow Demon Wolves, a very difficult group in the snowy jungle.

"These snow devil wolves are supposed to live in the depths of the jungle. How come they appear in such a peripheral area?"

At this time, a group of Shen family members were instantly alert.

At this time, Shen Tianlin seemed to have thought of something. The face of the head of the Shen family suddenly changed slightly, but this change was so subtle that no one in the Shen family saw it.

But Ye Feng, who was riding a horse and not far from Shen Tianlin, noticed Shen Tianlin's strange look.

But for this

He said nothing and was not afraid.

Ye Feng felt that among these snow demon wolves, the most powerful demon wolf among them was just entering the Longevity Realm for the first time, so it was nothing.

But to the Shen family's motorcade, this group of snow wolves was extremely terrifying.

Tap tap tap.

At this time, among the countless demon wolves, there was a sound of slight footsteps.

Under the shocked gazes of countless people, a white demonic wolf with a body dozens of meters tall walked out.

This white magic wolf is pure white. Except for the dark eyes, the entire wolf is simply transformed into the snow-white snow. It looks full of sacred and noble temperament.

Obviously, this is a very extraordinary demon wolf leader.

The most powerful demon wolf that Ye Feng sensed was the leader of the demon wolf. He had a powerful cultivation level in the Wanshou realm. In this snowy jungle, he was probably considered to be an overlord-level monster.

At this time, this pure white demon wolf stared at Shen Tianlin, the head of the Shen family not far away, with an icy look in his eyes. He spoke in human words and said: "Human race, you are too courageous to take away my wolf clan." The king's cub is so bold!"

"The cub of the King of the Wolf Clan?"

At this moment, everyone in the entire convoy had surprised expressions in their eyes.

They have been hunting in the snowy jungle to this day, but they have never gotten any cubs of the wolf king.

Moreover, the cub of the King of the Wolf Clan is of great significance and will trigger attacks from countless strong men in the Wolf Clan. Even if they find it, it is impossible to snatch the cub of the King of the Wolf Clan away. That would be tantamount to asking for its destruction.

"I took it."

At this time, Shen Tianlin suddenly spoke up, with deep tiredness in his eyes, and said with a wry smile:

"I didn't expect that I would be discovered by you wolf warriors after all. In fact, when I plundered the wolf cubs, I had no chance of harming the wolf cubs. I just wanted to get help from the wolf cubs."

At this time, Shen Tianlin said, waved his hand, and opened the carriage at the center of the team.

Inside the carriage, a very cute-looking little black wolf was gnawing on the elixir.

Shen Tianlin smiled bitterly and said: "I have not lost anything to the Wolf King cub. I will give it whatever it wants to eat, as long as it is willing to give me a drop of its life essence and blood so that I can heal my seriously injured daughter."

The pure white demon wolf not far away still had cold eyes and said: "It is a big sin for you to take the Wolf King's cub away without permission. And you actually want to get a drop of life essence blood from the Wolf King's cub. This is absolutely unacceptable." What happened was not allowed to happen."

At this time, the pure white demon wolf said, took a step forward, and said: "Human race, you don't need to say anything now, your entire team will die."

At this time, the pure white demon wolf suddenly shouted to the tens of thousands of ferocious snow demon wolves behind him: "Come on, all of you, kill all these human races, don't leave any of them behind!"

The words of this pure white demon wolf were very decisive and cruel.

"What?"

This immediately shocked the entire Shen family team, and even Shen Tianlin, the head of the Shen family, was shocked.

Once tens of thousands of ferocious Snow Demonic Wolves attack, all members of the Shen family will definitely be wiped out in an instant!

"what to do?"

Everyone was extremely frightened.

Boom!

Boom!

At this time, tens of thousands of snow demon wolves had roared and rushed over, opening their vicious mouths, revealing their ferocious fangs.

Chapter 949 Shock

Boom boom boom!

The scene of tens of thousands of snow demon wolves running and impacting is really too brutal and shocking.

Everyone in the Shen family's motorcade was trembling, their hearts filled with despair.

Under the fighting of such a group of ferocious demon wolves, and with a demon wolf leader watching eagerly from the side, they could not survive at all.

At this time, Shen Tianlin's heart was suddenly filled with endless regret.

Originally, he secretly took the Wolf King's cub away, thinking that even if he was discovered, at worst, I would just return the Wolf King's cub to the wolf clan.

But Shen Tianlin never expected that the Snow Demon Wolf clan would be so cruel and would massacre their entire convoy at the slightest disagreement. ??

This made Shen Tianlin's heart sink to the bottom all of a sudden, and his eyes became extremely depressed.

He was not above the level of Emperor Realm, but at this moment he clenched the sword in his hand, thinking secretly that even if he died, it would only be one battle.

It's just that I feel sorry for my tribe!

"Since the Wolf King's cub is fine and is well fed and well served, why don't we just give it back to you now? Do you really want to kill them all?"

Suddenly at this moment, an indifferent young voice sounded.

Swish, swish, swish!

Almost at this moment, countless gazes were cast directly in the direction of the sound.

I happened to see a young man in black sitting on a white horse.

It's Ye Feng!

At this time, Ye Feng stared coldly at the pure white demonic wolf not far away and said, "Enough is enough."

The pure white demon wolf said with a hint of disdain: "Who are you? You dare to point fingers in front of me and pretend to be profound? All wolves, come to me and kill them all!"

Roar! !

Immediately, countless demon wolves all charged towards the Shen family's motorcade brutally.

"Brother Ye, you have good movement skills, so just run away first. I shouldn't get you involved."

At this time, Shen Tianlin looked at Ye Feng and said in an extremely firm tone.

But at this time, Ye Feng smiled and said: "Brother Shen, don't worry, a group of low-level monsters is nothing."

boom!

And I almost remember that the moment Ye Feng finished his words, he suddenly stretched out a hand, and that hand suddenly burst into divine light.

"Boom!!"

Along with a huge roar, Ye Feng's hand suddenly turned into a towering hand, full of infinite majesty and heaviness. It bombarded down all at once, killing all tens of thousands of ferocious demonic wolves. , the entire pure white snow was dyed red.

"What?!"

Seeing this shocking scene, everyone in the Shen family's team was immediately shaken and trembling.

But this trembling is caused by excitement!

Because no one thought that at the moment of their life and death, Ye Feng was like a god descending from the sky, saving them from the crisis of life and death.

"What a powerful strength!"

At this time, Shen Tianlin, the head of the Shen family, also had a look in his eyes, and he was extremely surprised. He didn't expect that the little brother he had made friends with turned out to be an unparalleled genius with unparalleled power.

"Killed all the wolves in this seat with one palm?"

The most shocking thing at this time should be the pure white demon wolf.

It was the leader of the demon wolf, and its eyes were filled with fear.

"It is definitely a profound existence among the nine secret realms. It may be a super human power in the Peeping Dao Realm, even the Law Realm, or even the Fourth Realm of Life Palace!"

The pure white demon wolf suddenly showed deep shock in his eyes.

fear.

Because it has also stepped into the nine secret realms, and is a demon clan in the Wanshou Realm.

Therefore, the pure white demon wolf knew very well that the power of Ye Feng's blow just now was really terrifying to the extreme, making it feel deeply powerless.

"Plop!"

At this time, the tall and majestic pure white demonic wolf suddenly lost its legs and feet, and instantly knelt on the ground. Facing the direction of Ye Feng, he shouted in horror and awe: "Senior, have mercy on me! Senior, have mercy on me! Little Wolf!" I didn't expect Senior to be a powerful person from the human race, hiding in this small convoy. I was wrong, I was really wrong, I shouldn't have provoked Senior."

"The mighty human race?"

At this time, when he saw the pure white demon wolf, he knelt down and kept saying that he was so respectful and afraid of Ye Feng.

At this moment, everyone in the Shen family's motorcade suddenly looked at Ye Feng with extremely respectful and admirable eyes.

Unexpectedly, this young man who got lost in the snowy jungle and then joined their Shen family's motorcade would turn out to be a powerful being among their human race.

Even the leader of the wolf clan, who was as powerful and ferocious as the Pure White Demon Wolf, had to kneel in front of Ye Feng and bow his head, showing such humility and respect.

Ye Feng looked at the pure white demon wolf and said, "You go. When Brother Shen gets a drop of the Wolf King's cub's natal essence and blood, he will definitely let the Wolf King cub go. A drop of natal essence and blood cannot harm the wolf." King cub, after all, it has been eating treasures from heaven and earth, elixirs and elixirs."

The pure white demon wolf immediately kowtowed and said, "Yes, yes! Senior, I'm leaving right now!"

boom!

The moment the voice fell, the pure white demonic wolf flew away into the distance and disappeared in the blink of an eye.

Everyone saw the pure white demonic wolf running away so quickly without even looking at the Wolf King cub. They were all shocked.

Dumbfounded eyes.

Crunch!

Crunch!

At this time, the little black wolf king cub was still chewing the elixir in the carriage, obviously not interested in anything happening outside.

"Let's continue on our way."

At this time, Ye Feng spoke to Shen Tianlin.

Shen Tianlin immediately smiled and said: "Okay, let's go home!"

...

Just when the Shen family's motorcade drove out of the snowy jungle.

The pure white demon wolf that escaped came to a black hall made of iron and stone deep in the jungle.

At this time, it knelt on the ground and said tremblingly: "Lord Lang Wuzong, I failed to plunder the Wolf King's cub. I'm afraid that Lord Lang Wuzong will not be able to use the Wolf King's cub to open the Wolf God's underground palace for the time being."

"waste!"

An angry middle-aged man's voice suddenly came from the black hall.

"boom!"

And along with this sound, a powerful force, like an overwhelming force, instantly bombarded the pure white demon wolf kneeling outside.

"puff!"

The pure white demon wolf spit out a mouthful of blood and rolled to the ground, but it did not dare to lie on the ground and quickly knelt down again, trembling.

The voice of Lang Wuzhen sounded in the black hall: "They should have gone to Lieyang City, right?"

The pure white demon wolf immediately responded: "Yes, sir, that mysterious boy seems to have a good relationship with the Shen family's racing team."

The voice in the black hall was silent for a long time, and then said: "Assemble all the wolf army, as well as the chiefs of the major tribes in the snowy jungle, and invite them all over. I want to lead and take back the Wolf King's cubs, assemble An army of one million monsters is attacking Lieyang City directly. Anyone who dares to stop me will be crushed to pieces!"

Chapter 950 Wolf God Underground Palace

Three days later, Ye Feng followed Shen Tianlin back to Lieyang City.

Ye Feng saw that the architectural style of Lieyang City was very similar to the architectural style of the spiritual world, and there was not much difference.

Obviously, the local cultivation civilization that still exists in the ancient Tiannan ruins is not too far away from the spiritual world.

Ye Feng followed Shen Tianlin back to the Shen family and temporarily lived in the Shen family.

Shen Tianlin has been in a good mood these days, because he finally got a drop of natal blood from the Wolf King's cub and healed his seriously injured daughter.

And the wolf king cub, a little black wolf, comes to play with Ye Feng every day, because the longevity fruit that Ye Feng gave the little black wolf to eat made the wolf king cub very obsessed with it.

Ye Feng did not expect that the little black wolf would particularly like to eat the longevity fruit produced by the longevity tree planted in his body.

Ye Feng is not stingy about this. The longevity fruit has long been of no use to Ye Feng now, and it will not extend his life at all.

What Ye Feng values most is the longevity tree that can continuously restore his life energy.

In the past few days, through the longevity fruit, Ye Feng and the Wolf King cub have established a very good friendship.

In the past few days, Shen Tianlin, the head of the Shen family, came to Ye Feng and whispered: "Brother Ye, should this Wolf King cub be released?"

Ye Feng smiled and said: "Wait a minute, there is no use in putting it back now."

Shen Tianlin's eyes moved and he said, "Brother Ye, what do you mean?"

Ye Feng looked at the little black wolf beside him who was nibbling on the longevity fruit, and said: "The pure white demon wolf before was not really trying to rescue the wolf king cub, but was trying to take advantage of the wolf king cub. What a conspiracy."

Shen Tianlin's expression changed slightly and he said: "When you say that, I also feel that if the pure white demon wolf really wanted to rescue the Wolf King cub, how could it have escaped so fast without caring about the Wolf King cub?"

Ye Feng nodded and said: "So Brother Shen, by bringing the Wolf King cub back, you have already established a grudge against the wolf clan in the snowy jungle. If my guess is correct, even if we bring the wolf cub back, If the Wang cub is released, your Shen family and even Lieyang City will be in crisis."

When Shen Tianlin heard what Ye Feng said, he felt that it was very correct. He suddenly looked a little frightened and said: "If the wolves attack in a large scale, we in Lieyang City will not be able to stop them at all."

Ye Feng smiled and said: "So I haven't left these days. Instead, I have communicated with Little Black Wolf these days. Little Black Wolf said that his dead father, who was the Wolf King back then, stayed with Little Black Wolf. A wolf god's underground palace must be opened by Little Black Wolf himself. There must be huge treasures in it. I think those strong men of the wolf tribe want to take little black wolf back with them just to plot the wolf god's underground palace. The treasure, but the little black wolf is very smart and sneaked out in advance. Brother Shen happened to find it when you were hunting in the jungle, so the little black wolf simply followed you. Do you really think that you gave it to Xiao Hei? If the wolf takes some magic medicine, it will follow you obediently? It just happened to use your Shen family's fleet to escape from the capture of the powerful wolves in the snowy jungle."

"hiss!"

Hearing what Ye Feng said, Shen Tianlin, the head of the Shen family, couldn't help but take a breath of air.

Obviously he didn't expect that this little black wolf looked confused, but was actually so cunning.

At this time, Shen Tianlin looked at the little black wolf beside Ye Feng, who was chewing the longevity fruit. He couldn't help but smiled bitterly and shook his head, saying: "Fortunately, Ye Feng

Brother Feng, you happened to join our Shen family's motorcade, otherwise our entire Shen family would have been tricked to death by this cunning little wolf cub. "

The little black wolf raised his head slightly at this time, and actually made a milky voice: "Don't blame me, if I don't give you a drop of my prince's natal essence and blood, I will be worthy of you. Moreover, if Ye Feng If I don't take action, I will also take the initiative to ask the tens of thousands of demon wolves to stop killing your Shen family's convoy, and at worst, I will be arrested. "

After saying that, the little black wolf lowered his head again and began to eat the longevity fruit in his hand. While eating, he said: "Ye Feng, your fruit is so delicious. Give me more, and I will take you to my place then." The short-lived father left behind to find the treasure in the Wolf God's underground palace."

When Shen Tianlin heard what the little black wolf said, he couldn't help but smile bitterly. Maybe this cunning wolf king cub and the peerless genius like Little Brother Ye can talk to each other on an equal footing.

Shen Tianlin thought, shook his head, turned and left.

With Ye Feng and Little Black Wolf in Lieyang City, Shen Tianlin suddenly found that he was no longer afraid of the danger of the upcoming massive attack by the jungle monsters.

...

Ye Feng spent the next few days at the Shen family. In Lieyang City, he inquired about the surrounding secret realms and buried treasure places, and asked the little black wolf what was in the Wolf God's underground palace.

But the little black wolf himself didn't know much about it. After all, the Wolf God's underground palace was left to him by the Wolf King, and he had never entered it.

"The Wolf God's Underground Palace, after all, is an underground palace left by an ancient powerful man of the wolf tribe who dared to call himself a 'god'. It should have a lot of good things."

Ye Feng could only comfort himself in his heart.

The seventh day.

Ye Feng finally couldn't bear it anymore in Lieyang City.

"After waiting for so many days, why haven't those powerful wolves come to you yet?"

Ye Feng stared at the little black wolf in front of him and couldn't help but ask.

The little black wolf was also very innocent and said: "How does this prince know? He must have forgotten me as a prince? Or they have found other ways to open the Wolf God's underground palace."

"Isn't it?"

Ye Feng was a little speechless. He immediately picked up the little black wolf and said, "Let's go and find them in the snowy jungle. You, a wolf cub, have eaten so many longevity fruits. We must earn them back. If the Wolf God's Underground Palace It was opened in advance, little wolf cub, you have to give me a dozen drops of life essence blood as food expenses for eating so many longevity fruits."

Little Black Wolf: "..."

Ye Feng grabbed the little black wolf and walked directly towards the outside of Shen's house.

"Master Ye, it's not good!"

Suddenly at this moment, a beautiful and graceful young woman walked towards Ye Feng's residence.

This woman is Shen Tianlin's daughter, Shen Xinlian, the eldest daughter of the Shen family.

Shen Xinlian hurriedly ran to Ye Feng and said anxiously: "There is a large army of jungle monsters outside the city. You should hurry up and take a look. My father said that you are the only one who can solve the problem now."

When Ye Feng heard this, not only was he not worried, but he was very excited and said: "What? Are you finally here? Let's go! Go and have a look!"

The little black wolf looked at Ye Feng's excited expression and silently mourned for the strong men of the wolf clan.

The little black wolf has seen many of Ye Feng's methods in the past few days. It knows very well how strong and cruel this human boy is. Three days later, Ye Feng followed Shen Tianlin back to Lieyang City.

Ye Feng saw that the architectural style of Lieyang City was very similar to the architectural style of the spiritual world, and there was not much difference.
