Chapter 1851: Heavenly Demon Realm's Plan

Li Xunhua stood on the Hundred Flowers Palace as he reported his bitter experience in the Black Tiger Gang to the Valley Master. After talking about what happened, Li Xunhua finalized, "It's impossible for the Black Tiger Gang and the Freedom Alliance to help up. Even if we block the Heavenly Demons, we would still be chased down by the Black Tiger Gang. After all, it was Zhao Hai who said that. With his status, his words are equal to the Black Tiger Gang's."

The Valley Master had an ugly expression on his face. The women by his side have already been driven away. He didn't expect that Zhao Hai would know their schemes. No wonder Zhao Hai wasn't affected by the Valley Master's treatment of him. As it turns out, the Valley Master was just a monkey playing tricks in Zhao Hai's eyes.

Thinking of this, the Valley Master's complexion turned black. But in the end, he was still the Valley Master, he was experienced and scheming. After some time, he said, "What do you think about our situation? How should we deal with it?"

Li Xunhua smiled bitterly as he shook his head. He never imagined that Zhao Hai, who was just a genius junior in his eyes, had become a powerful influence in the entire Great Realm of Cultivation. He even had the strength to fight against the nine super sects.

The pinnacle of the Great Realm of Cultivation were naturally the immortal experts. And now, Zhao Hai has more than 1000 of them under his control. Such fighting strength was terrifying. The nine super sects had to gather all their immortal experts to reach the same number. Therefore, it wasn't wrong to say that Zhao Hai could fight against the nine super sects.

Faced with a powerhouse like Zhao Hai, what can the Hundred Flowers Valley do? They simply have no way to deal with it. And just like Li Xunhua said, they still have to deal with the Heavenly Demons. The incoming armies weren't easy to defend against. These Heavenly Demons weren't any weaker than the nine super sects.

Lu Xunhua understood how useless plots and schemes were in front of absolute strength. He couldn't help but feel weak. The Hundred Flowers Valley made all kinds of calculations. But upon facing an overwhelming enemy, they found that all these calculations were useless.

The Valley Master looked at Li Xunhua's expression and knew that he had no ideas. The Valley Master thought about it for a while and then said, "Now that the nine super sects are cold to each other, it would be impossible for them to return to their previous state. I'm afraid they don't have the capacity to help us. As for the Black Tiger Gang, hmph. They're dreaming if they want us to turn to them."

Li Xunhua opened his mouth but was unable to say anything. To be honest, he wanted to turn to the Black Tiger Gang. He was aware how strong the Black Tiger Gang was. If the Hundred Flowers Valley went under the Black Tiger Gang, they would become protected. But looking at the Valley Master, it seems like there's no way for this to happen.

Li Xunhua also understood the Valley Master. The Valley Master was a talented leader. Although the Hundred Flowers Valley didn't expand under his control, he was able to protect the valley from the Myriad Demon Sect's pressure. However, the Valley Master had a weakness, he was extremely arrogant. In his eyes, it was his right to be worshipped by everyone. His words were an imperial decree. Whoever dares ignore him would be damned.

Because of this character, he was extremely stubborn and wouldn't listen to anyone's words. This wasn't good for the Hundred Flowers Valley, especially at this time.

The Valley Master might have asked Li Xunhua for his opinion, but that was just a symbolic question. If Li Xunhua said something that opposed the Valley Master's thoughts, then the Valley Master wouldn't listen.

Li Xunhua just looked at the Valley Master who was silent and had closed his eyes. Li Xunhua knew that the Valley Master was thinking. This wasn't the right time to disturb him. Therefore, Li Xunhua just patiently stood in place and waited.

After some time, the Valley Master opened his eyes. He seems to have thought of something. Li Xunhua's heart couldn't help but move. This was a crucial moment for the Hundred Flowers Valley. If they couldn't survive this ordeal, then it might be the end of the Hundred Flowers Valley. Although Li Xunhua has some opinions regarding the Valley Master, he still hoped that the Valley Master could find a way to get out of their current situation.

The Valley Master looked at Li Xunhua and then said, "We're going to surrender to the Heavenly Demons!"

Boom! Li Xunhua felt that his head exploded upon hearing the words of the Valley Master. He couldn't help but be dizzy with shock. He didn't expect the Valley Master to think of such a thing.

After some time, Li Xunhua recovered. Then he said, "Valley Master, we cannot do that! We should consider what would happen to us once the nine super sects and the Freedom Alliance finds out. Moreover, we still aren't sure if the Heavenly Demons would accept us. The Valley Master should have seen how they treat cultivators. We absolutely cannot surrender to the Heavenly Demons!"

The Valley Master looked at Li Xunhua, then he coldly snorted and said, "We can't surrender to the Heavenly Demons? Then where should we go? The Black Tiger Gang?"

Li Xunhua no longer held back, "Valley Master, please reconsider. Even if we join the Black Tiger Gang, it's still better than siding with the Heavenly Demon Realm. If we surrender to the Heavenly Demons, we would become the number 1 enemy of the Great Realm of Cultivation."

The Valley Master harrumphed, "Enough! I have made up my mind. Go and make preparations."

Li Xunhua knelt down and pleaded, "Valley Master, please change your mind. If you side with the Heavenly Demon Realm, the dao of the Hundred Flowers Valley will be broken!"

The Valley Master waved his hand and sent Li Xunhua flying ten meters back. Li Xunhua vomited a bit of blood. It was clear that he had been injured. The Valley Master's gaze turned cold as he said, "Stop wasting my time. This is the matter I have settled on. Get out of here!"

Li Xunhua pushed himself up and vomited blood. He looked at the Valley Master one more time before leaving. Looking at Li Xunhua's back, the Valley Master coldly snorted and said, "Watch him, see what he plans to do."

A voice was heard from the shadows, "Yes."

Li Xunhua left the Hundred Flowers Palace and then returned to his residence to eat several healing pills. His injuries weren't very heavy. The Valley Master doesn't really want to kill him, so a few pills was enough to heal most of the injury. But Li Xunhua didn't stay for very long inside his residence. He left

and then went to the transmission formation. After changing the coordinates, he disappeared in a flash of white light.

At this time, in the Hundred Flowers Palace, the Valley Master asked, "Where did he go?"

The shadow replied, "He went to Hua Wushang. It seems like he wants to discuss the matter with him."

The Valley Master replied, "It's good that he went there. Send a letter to Wushang. Tell him to hold Li Xunhua down. Don't let him ruin our plan" The shadow answered and then disappeared.

Li Xunhua did indeed look for Hua Wushang. He wanted to convince Hua Wushang to oppose the Valley Master's decision with him. Hua Wushang now has the army in his control. As long as Hua Wushang tells this news to the other sects, Li Xunhua believes that the other sects would protest. At that time, Hua Wushang can unite with everyone and force the Valley Master to change his mind. Although the Valley Master would certainly hold a grudge, this loss was better compared to the bleak future that the Hundred Flowers Valley might face.

Li Xunhua appeared on the Hundred Flowers Alliance's base. Then he rushed towards Hua Wushang's residence. But in his rush, Li Xunhua didn't notice a sword flying out of the transmission formation and heading towards Hua Wushang's residence.

When he arrived at Hua Wushang's residence, Li Xunhua was warmly welcomed. Hua Wushang cupped his first and said, "Senior Brother Li, you're here? Didn't you go to the Black Tiger Gang to ask for reinforcements? What happened?"

Li Xunhua smiled bitterly and said, "Let's go in and talk." Then he walked into the cave residence. Hua Wushang followed closely behind. His eyes flashed a different light.

Once the two were inside the residence, Hua Wushang offered Li Xunhua a glass of liquor. Upon receiving the cup, Li Xunhua sighed and said, "Wushang, the Valley Master has gone crazy. He actually wants to surrender to the Heavenly Demons. I came to tell you hoping that you would contact the other sects. We need to stop the Valley Master's decision."

“Why should I prevent the Valley Master’s decision? He made the right choice. It’s right that the Lord has sent someone to his side. After so long, the plan has finally come into fruition.” Hua Wushang swirled the wine glass in his hand. However, his words caused Li Xunhua to be stunned.

Li Xunhua stared at Hua Wushang. Then his complexion changed as he said, “Wushang, what are you saying?”

Hua Wushang looked at Li Xunhua, then he laughed as he said, “Li Xunhua, Li Xunhua. Are you really stupid? You don’t understand what I’m saying? Alright, let me explain it to you. During the last Heavenly Demon Trial, all of us were thrown to the Heavenly Demon Realm to be chased down and killed. Just as I was going to be killed, it was my lord that saved me. Then the lord sent me back to the Hundred Flowers Valley to coordinate with the plan of the Heavenly Demon Realm.”

“You’ve been living without knowing that there’s a hidden force behind the Valley Master called the Dark Flower. The Valley Master thought that Dark Flower was left behind by the past Valley masters. But he didn’t know that Dark Flower is from the Heavenly Demon Realm. Now, Dark Flower has gained the Valley Master’s trust and changed his view on the Heavenly Demons. It’s because of this that the Valley Master can say that we’ll surrender to the Heavenly Demons. How could foolish cultivators like you understand the plans of the lord.”

“Once the Hundred Flowers Valley surrenders to the Heavenly Demons, the Heavenly Demons would treat them well so that they can see how generous the Heavenly Demons are. When the time comes, their resistance would weaken. Then the Heavenly Demon would officially establish a foothold in the Great Realm of Cultivation.”

“Li Xunhua, a good show is about to happen. Unfortunately, you won’t be there to see it.”

Chapter 1852: Zhao Hai Arrives

Li Xunhua looked at Hua Wushang with an ugly expression. He didn’t expect Hua Wushang to be under the control of the Heavenly Demons. He has become a true Heavenly Demon. Although his appearance was the same, his innermost part has become the same as a Heavenly Demon. This wasn’t good news.

Li Xunhua slowly adjusted his spiritual qi to give a fatal strike to Hua Wushang. But suddenly, he discovered that his spiritual qi was slowly dissipating. This caused his expression to change.

Hua Wushang looked at Li Xunhua's expression and smiled, "Did you feel your spiritual qi vanish? Hahaha. Li Xunhua, you're really stupid. Now that I revealed these things to you, do you really think that I would let you go? Although the Valley Master told me to detain you, I think he shouldn't blame me too much if I killed you when you're resisting. What do you think?"

Li Xunhua glared at Hua Wushang and gnashed, "Hua Wushang, I didn't expect you, a cultivator, to side with the Heavenly Demons. You're a shame to cultivators."

Hua Wushang coldly snorted and said, "You're the shameful one. How can a lowly cultivator like you understand the greatness of the Heavenly Demon Race? I won't allow you to insult the Heavenly Demon Race."

Pa, pa, pa! There was the sound of applause before someone's voice was heard, "The Heavenly Demons are great? Why couldn't I see it? I only know that the Heavenly Demons are dogs to be beaten by me."

"Who!" Hua Wushang turned his head to the source of the sound. He had a startled look on his face. His residence was greatly defended. But the voice came from inside.

Li Xunhua turned his head and saw a person slowly looking from the outside. When he saw this person, Li Xunhua couldn't help but be overjoyed. Meanwhile, Hua Wushang's expression changed because the person who arrived was Zhao Hai.

Zhao Hai sneered at Hua Wushang and said, "A dog of the Heavenly Demons dares to bark here. The greatness of the Heavenly Demon Race? Hahaha. That's the most absurd joke I heard."

Hua Wushang's eyes turned dark red like a true Heavenly Demon. However, he didn't attack Zhao Hai. With a cold voice, he asked, "Zhao Hai, how did you come in?"

Zhao Hai looked at Hua Wushang and couldn't help but shake his head, "I thought that you were a smart person. I didn't think that you would become stupid upon becoming a heavenly Demon. Did you forget that I'm a spatial ability user? I can go wherever I have been. So why would it be strange for me to be here? Hehe. To be honest, I didn't come over for you. I want to take Li Xunhua back to the Black Tiger Gang. At the very least, he's still a true cultivator. But I didn't think that I would hear such wonderful words. This is an unexpected benefit."

Hua Wushang looked at Zhao Hai and sneered, "Even if you know, the Heavenly Demon Realm is destined to dominate the Great Realm of Cultivation. You cultivators couldn't match us."

Zhao Hai shook his head as he smiled bitterly and said, "I thought that it's only the nine super sects who have turned stupid after all these years. I didn't expect the Heavenly Demons to become stupid as well. Let's not mention the immortal experts of the Heavenly Demons, even if the nine super sects use all of their immortal experts, I could still beat them all. You said the Heavenly Demons will rule the Great Realm of Cultivation? It's time for you to wake up."

Hua Wushang's face contorted in anger as he shouted, "Shut up! You are not allowed to insult the Heavenly Demons. The Heavenly Demon Race is the greatest race between the heaven and the earth." Then he punched Zhao Hai.

Zhao Hai shook his head at Hua Wushang. Then he waved his hand. Hua Wushang suddenly felt that his four limbs were weighed down. He turned his head and saw four Heavenly Demons holding his limbs. All of these Heavenly Demons were at the immortal stage.

Hua Wushang stared. Then he discovered that these Heavenly Demons weren't alive. They were all Undead.

This discovery caused Hua Wushang's complexion to change. Then he looked at Zhao Hai and said, "You dared to turn the great Heavenly Demons into Undead. Zhao Hai, you'll die like a dog. The Heavenly Demons will extract your soul and let you suffer in eternity!"

Zhao Hai sneered and said, "Just depending on the Heavenly Demons?" After he said that, Hua Wushang roared but was ignored. In any case, this residence was soundproofed by a formation. Even if the skies overturned outside, the people inside wouldn't hear anything.

Zhao Hai looked at Li Xunhua and gave him a smile as he said, "Mister Li, we meet again. I didn't expect our reunion to be in this manner. I initially invited Mister to join the Black Tiger Gang, but you didn't agree. What does Mister think at this time?"

Li Xunhua looked at Zhao Hai and bitterly smiled. He didn't know what to say at this time. He declined Zhao Hai's proposal back then because his heart still belonged to the Hundred Flowers Valley. But he didn't expect the Hundred Flowers Valley to become like this when he returned.

Li Xunhua replied, "I didn't really expect that you would be the one who saved me. Did you know what's happening in the Hundred Flowers Valley?"

Zhao Hai smiled faintly and said, "Actually, after you left, I guessed that the Heavenly Demons might surrender to the Heavenly Demons. Therefore, I made arrangements to inform the nine super sects in advance. Moreover, I got in contact with the small sects of the Hundred Flowers Alliance, telling them that the Hundred Flowers Valley would surrender to the enemy. Coming over here is only a passing thought. I didn't expect to find out that Hua Wushang has already been turned into a Heavenly Demon."

Li Xunhua looked at Zhao Hai in confusion, "You expected the Hundred Flowers Valley to surrender to the Heavenly Demon Race? And you made preparations?"

Zhao Hai shrugged his shoulders and said, "Even if the Hundred Flowers Valley didn't surrender, I would still tell everyone that it surrendered to the Heavenly Demons. In any case, the Hundred Flowers Valley is our enemy. It's better if its name gets dirtied."

Li Xunhua forced himself to calm down. He now understood how terrifying Zhao Hai was. He would resort to all means in order to deal with his enemies. The Hundred Flowers Valley was perfectly caught in his calculations.

Zhao Hai waved his hand and took out a small jar. He handed the jar to Li Xunhua and said, "Drink this, you're probably poisoned."

Li Xunhua didn't hesitate and received the small jar. When he pulled the stopper out, he noticed that inside the jar was a water-like substance. It wasn't a pill like he imagined. But he didn't think much about it as he drank the contents of the jar. The liquid was the same as water, it didn't smell like anything at all. However, Li Xunhua found that his spiritual qi was beginning to return little by little.

Li Xunhua cupped his fist towards Zhao Hai and said, "Mister, thank you." Then he turned his head towards Hua Wushang and said, "How will you deal with him?"

Zhao Hai smiled faintly and said, "I'll kill him. What else would I do?" He waved his hand and a line of blood appeared across Hua Wushang's neck. Then a black gas covered Hua Wushang's body. The next moment, Hua Wushang became an Undead.

Zhao Hai looked at the Undead Hua Wushang and then nodded, "Tell me everything you know."

Hua Wushang complied and began to talk nonstop. Li Xunhua, who was at the side, was shocked. He didn't expect Zhao Hai to obtain information using this method. He couldn't help but admit that this method was easy to use. This was because an Undead wouldn't lie to its master.

Hua Wushang talked for several hours before Zhao Hai took him away. Actually, Zhao Hai didn't get any substantial information from Hua Wushang. He was a disciple of the Hundred Flowers Valley and was captured by the Heavenly Demons. Then after using a secret technique, he became a Heavenly Demon before being sent back to the Great World of Cultivation to wait for the Heavenly Demon Realm's invasion. Then when the Heavenly Demon Realm invades, he would provide them with information about the Great Realm of Cultivation. At the same time, the Heavenly Demons told him that there was another Heavenly Demon Realm spy beside the Valley Master of the Hundred Flowers Valley. And this spy is called the Dark Flower.

After taking Hua Wushang away, Zhao Hai transformed and took Hua Wushang's form. This Hua Wushang wasn't any different compared to the real one. The aura and appearance were completely the same.

Li Xunhua stared at this Hua Wushang. 'Hua Wushang' turned to Li Xunhua and said, "How is it? Are there any flaws?"

Li Xunhua shook his head unconsciously. Then he quickly sobered up. He was clearly astonished that Zhao Hai was able to become Hua Wushang. The accuracy was terrifyingly perfect.

Zhao Hai looked at Li Xunhua and then said, "Good. I'll be using Hua Wushang's status. Then we'll both use our identities to tell the other sects about the Hundred Flowers Valley's plan to surrender to the Heavenly Demons. At the same time, we'll lead a rebellion. We're going to push everyone to join the Black Tiger Gang.

At this point, Li Xunhua could be considered a member of the Black Tiger Gang. Although he didn't say that he would join, Li Xunhua knew that he didn't have any choice. Moreover, he thought that there was no problem joining the Black Tiger Gang. The Hundred Flowers Valley was going to be ruined soon, so he might as well leave.

Therefore, Li Xunhua didn't oppose Zhao Hai's plan. He nodded and said, "Alright, but you already told the nine super sects that the Hundred Flowers Valley has surrendered to the Heavenly Demons. Wouldn't they disagree if you swallow the Hundred Flowers Valley?"

Chapter 1853: Ingenious Plan

Zhao Hai smiled faintly and said, "I told the nine super sects so that I can swallow the Hundred Flowers Valley. I need an excuse to do that. Isn't this a good excuse?"

Hearing Zhao Hai, Li Xunhua couldn't help but stare. Then he immediately understood what Zhao Hai meant. He couldn't help but look at Zhao Hai even more. He has no prior excuse for swallowing the Hundred Flowers Valley, so he sent news out that the valley wants to surrender to the Heavenly Demons. Whether it was true or not, the Black Tiger Gang would have a reason to attack. In the future, once the Black Tiger Gang swallows the Hundred Flowers Valley, it wouldn't be afraid of the nine super sects going after them. Even though Zhao Hai wasn't afraid of the nine super sects, it would still be better if there's no trouble coming for him.

Seeing that Li Xunhua was speechless, Zhao Hai, "Let's begin sending letters to the other sects. Have them meet in the hall." Li Xunhua nodded, then he turned around and left to give the orders. Meanwhile, Zhao Hai headed to the meeting hall.

Before long, all representatives arrived in the meeting hall. Zhao Hai knew all these people. After all, he stayed with the Hundred Flowers Alliance for some time. Then there's also the surveillance of the Space. It would be hard for him to not know each of their names.

Li Xunhua also arrived at the hall and stood beside Zhao Hai. The representatives inside the hall were talking in whispers. They were waiting for what Zhao Hai and Li Xunhua would say next.

Zhao Hai knew what these people were thinking, so he immediately said, "Settle down. I called everyone over because I have something to tell you."

As he said this, Zhao Hai heard someone say, “Young Master Hua, please wait a moment. I have something to ask.”

Zhao Hai looked at this person and said, “Mister Liu, what do you want to ask?”

Li Xunhua originally wanted to remind Zhao Hai. But he didn’t expect that Zhao Hai would know this person’s name. He was stunned for a while.

Mister Liu was a representative from a mid-grade sect. However, their sect wasn’t as strong as the Hundred Flowers Valley. Therefore, after the establishment of the Hundred Flowers Alliance, they could only look from below.

Mister Liu looked at Zhao Hai and said, “Yong Master Hua, I heard information that the Valley Master wants to surrender to the Heavenly Demons. Is this true?” Mister Liu’s question caused the entire room to become quiet. No sound was heard. Everyone was looking at Zhao Hai, waiting for an answer.

Zhao Hai looked at Mister Liu and nodded, “Correct. The Valley Master intends to surrender to the Heavenly Demons. I called everyone over because of this.”

With Zhao Hai’s confirmation, the entire hall erupted. All of them shouted and had anger on their faces. One couldn’t blame them for being angry. They sacrificed a lot fighting the Heavenly Demons. It can be said that they have a deep hatred towards the Heavenly Demons. Therefore, it was understandable for them to be completely against surrendering to the Heavenly Demons.

Zhao Hai looked at everyone and then said, “Settle down!” His voice was so loud that it stunned the entire room.

Once the room was quiet, Zhao Hai said, “I just received the news. To be honest, like everyone, I was shocked. I didn’t expect the Valley master to make such a decision. Our Great Realm of Cultivation shares a great enmity against the Heavenly Demon Realm. How could we surrender to the Heavenly Demons? Therefore, I discussed it with Mister Li Xunhua. I ask everyone to work with us and pressure the Valley Master to change his decision.”

Zhao Hai's words caused everyone to stare. They didn't think that 'Hua Wushang' and Li Xunhua would be on their side. In other words, Hua Wushang and Li Xunhua were also opposed to the Valley Master's decision. Mister Liu couldn't help but relax. Then he looked at Li Xunhua and said, "Mister Xunhua, I heard that you requested reinforcements from the Freedom Alliance. May I ask how it went?"

Mister Liu was naturally a clever person. His questions were all on point. The most critical issue right now wasn't only the fact that the Valley Master wants to surrender to the Heavenly Demons. Even if they worked together, if there were no reinforcements, they would still be wiped out by the Heavenly Demons.

Li Xunhua replied, "I don't know how, but the Black Tiger Gang already knows that the Valley Master intends to surrender to the Heavenly Demons, so they refused to send help. They also said that they would prepare troops to attack the Hundred Flowers Valley."

The room went into an uproar once more. They didn't think that things had escalated to this point. It should be mentioned that they looked down on the Freedom Alliance before. But they don't have the same thought right now. After Zhao Hai revealed his 1000 immortal-level Undead, nobody dared to underestimate the Freedom Alliance.

Zhao Hai looked at everyone and said, "Everyone, if the Freedom Alliance is coming as well, then we might as well surrender to them and join their side. Once we join the Freedom Alliance, we can still fight against the Heavenly Demons. I hope you can discuss this matter with your sects. This is closely related to the future of our sects. I will go back to the Hundred Flowers Valley to urge the Valley Master to change his decision. Senior Brother Li will stay here. He has connections to the Black Tiger Gang. If anyone wants to join the Black Tiger Gang, Senior Brother Li can provide some help. Everyone, I hope we can meet again soon." After he said that, Zhao Hai turned around and left the hall.

The people inside the hall were stunned when they saw Zhao Hai's actions. Even Li Xunhua was confused. He didn't know what scheme Zhao Hai was doing right now.

Only after Zhao Hai left the hall did everyone recover. Then all of them turned their heads towards Li Xunhua. Looking at everyone, Li Xunhua said, "I know what you want to ask. I did indeed have a small friendship with Mister Zhao Hai. I will stay here if you need me. My goal here is simple: I'll try to persuade the disciples of the Hundred Flowers Valley to go with us to the Freedom Alliance and join the Black Tiger Gang."

Mister Liu looked at Li Xunhua and said, "Mister Li, are you really friends with Mister Zhao Hai?"

Li Xunhua nodded and said, "I really do. There's no need for me to lie to you in this situation."

Mister Liu nodded and said, "Alright, Mister can rest assured. We will immediately go back and discuss with our sects. Everyone, let's head back." Mister Liu turned around and left. Then the others followed closely behind him.

Li Xunhua sighed, then he went to talk with the cultivators of the Hundred Flowers valley. After gathering everyone to a meeting room, Li Xunhua sighed and said, "Everyone, I have bad news. The Valley Master has decided to surrender to the Heavenly Demons. He's going to make us a traitor to the Great Realm of Cultivation."

Hearing Li Xunhua, the disciples of the Hundred Flowers Valley stared. Then they erupted. A disciple looked at Li Xunhua and confirmed, "Senior Brother Li, are you telling the truth? Did the Valley Master really intend to surrender to the Heavenly Demons?"

Li Xunhua nodded and said, "Yes. I tried to persuade the Valley Master but he won't listen. He even injured me. I came here to inform all of you about his decision. Junior Brother Hua is now going back to convince the Valley Master to change his decision. However, I suspect that he wouldn't succeed. The news has already spread to the other members of the Hundred Flowers Alliance. If we don't make a decision as soon as possible, then the consequences might become terrible."

Just as Li Xunhua said that, a jade sword message arrived in front of him. Li Xunhua received the jade sword and scanned it with his spiritual force. Upon reading the contents, he couldn't help but stare. Then he paled and said, "Everyone, Junior Brother Hua failed to change the Valley Master's decision. Moreover, he was killed by the Valley Master. This news was sent over by my disciple."

Although he knew some secrets, the shock in Li Xunhua's voice was genuine. He didn't expect Zhao Hai to have such a move. He said that he would go back and persuade the Valley Master. Who knows where he went next, but the next moment, Li Xunhua received this jade sword message. Naturally, the jade sword message was sent by Zhao Hai.

The disciples of the Hundred Flowers Valley weren't aware of these things. So upon hearing Li Xunhua, they stared. All of them were in chaos, they didn't know what was going on.

Li Xunhua looked at everyone and said, "Everyone, please settle down. There's no use panicking at this moment. Since things have become like this, I have decided to side with the Black Tiger Gang. I won't force you to make the same decision as me. But I want to tell you that the Black Tiger Gang is already approaching. The other sects are also considering joining the Freedom Alliance. I won't stop you if you want to return to the Hundred Flowers Valley. But when the Black Tiger Gang arrives, I'm afraid you would be treated as an enemy. I advise you all to make the right decision."

After he said that, Li Xunhua left the room. When he returned to his residence, he discovered that Zhao Hai was already waiting for him. Seeing Li Xunhua, Zhao Hai smiled and said, "You're back. Good. You did very well. If these people turn to the Black Tiger Gang, you would receive great merit. I can even let the Black Tiger Gang assign you to manage all of these people and establish a Hundred Flowers Valley branch to pass down the dao of your sect. If these people find you, give them a confirmation and then send me a jade sword message. I'll come and find you then."

Hearing Zhao Hai, Li Xunhua couldn't help but feel happy. He quickly replied, "Mister, rest assured. I know what to do." Zhao Hai nodded, then he vanished from sight.

Li Xunhua looked at the spot where Zhao Hai vanished. Then he let out a long breath. To be honest, the pressure he felt from Zhao Hai has increased by a lot. He didn't expect Zhao Hai to be this formidable. What terrified Li Xunhua even more was the possibility that Zhao Hai calculated all of these ahead of time. Then everything was just falling in place according to his plans.

Li Xunhua wiped the sweat off his forehead and sat down. He was waiting for the other sects to make their decision.

Before long, a voice was heard outside his residence, "Brother Li, are you inside?"

Hearing this, Li Xunhua knew that this person was from the Hundred Flowers Valley. He quickly said, "Please come in." A person entered the room shortly after. Seeing this person, Li Xunhua immediately stood up. This person was a high-level elder of the Hundred Flowers Valley, Miao Renlong.

Li Xunhua cupped his fist and said, "Senior Brother Miao, please have a seat. May I ask why you came over?" It was already clear why this person came over, but Li Xunhua just asked as a test.

Miao Renlong looked at Li Xunhua and said, "Brother Li, tell me the truth. What's really your relationship with Mister Zhao Hai? Mister Zhao Hai is very powerful. Moreover, he should be one of the main pillars of the current Black Tiger Gang. It might be fine for you to join the Black Tiger Gang. But I'm afraid Mister Zhao Hai wouldn't accept us."

Li Xunhua replied, "Senior Brother Miao, I won't lie to you. My relationship with Mister Zhao Hai is really good. This time, when I went to the Black Tiger Gang, even if our request for help was declined, Mister Zhao Hai offered me to join the Black Tiger Gang. When he told me that the Valley Master is planning to side with the Heavenly Demons, I didn't believe it. It's only after I came back to the valley did I find out that it was true. I tried to persuade the Valley Master but was unsuccessful. Therefore, I came here in order to have everyone pressure the Valley Master. However, I didn't expect that the other sects were already aware of this matter. Junior Brother Hua tried to go back and persuade the Valley Master, but he was killed. I already sent Mister Zhao Hai a jade sword message. Let's hope that he can come over and bring help."

After he said that, a jade sword message came flying in. Upon scanning the jade sword message, Li Xunhua looked at Miao Renlong and said, "Senior Brother Miao, Mister Zhao Hai just sent me a message telling me that he's leading his army to come over. He also told me that the Heavenly Demons Army is about to attack. He wants us to hold on for some time. We need to sound the alarm immediately." Then he threw the jade sword message to Miao Renlong before going out.

Miao Renlong scanned the jade sword message with his spiritual force and found that it was truly from Zhao Hai. Just like Li Xunhua mentioned, it said that the Heavenly Demon Army were going to attack. They needed to organize everyone and then defend.

Receiving his confirmation, Miao Renlong immediately flew out. At this time, the base's alarms were already blaring. Everyone in the base flew and looked around with a confused expression.

At this moment, Li Xunhua sent disciples of the Hundred Flowers Valley to the other sects. The Hundred Flowers Valley has lost complete control over the base. The alarm could no longer be used. Therefore, Li Xunhua has no other choice than to send people.

Chapter 1854: More Than One

The army of the Hundred Flowers Alliance stood quietly in formation as they fixed their gazes in front. On the horizon, a dark cloud was rushing towards them. It gave the army a feeling that they were about to be destroyed.

Naturally, the dark cloud wasn't a true dark cloud, it was the Heavenly Demon Army. It was an army of 13 million troops. Although the Hundred Flowers Alliance had 5 million, their hearts still shook upon seeing the enemy in front of them.

However, everyone had a resolute look on their eyes. They knew that they couldn't run away from this battle. If they retreated, their sects would be finished. For the sake of their sect and families, they need to face the army in front of them.

Li Xunhua stood in front. He was able to successfully group everyone. He also told them that Zhao Hai was going to give help. At the same time, Li Xunhua found that they could now be considered people of the Freedom Alliance. This was because these sects have agreed to join the Black Tiger Gang.

As for the cultivators of the Hundred Flowers Valley, Li Xunhua heard that they were prepared to join the Black Tiger Gang and become its disciples.

But if they want to become disciples of the Black Tiger Gang, then they would need to perform. They can't retreat. If they retreated, they wouldn't be able to join the Black Tiger Gang.

These disciples knew that their Valley Master intended to surrender to the Heavenly Demons. They didn't want to surrender to the Heavenly Demon Race. Just like how the Heavenly Demons think that they were noble beings, the cultivators of the Great Realm of Cultivators also think that they were above the Heavenly Demons. They didn't want to surrender to the enemy. Therefore, they decided to join the Black Tiger Gang instead of returning to their sect and following the Valley Master in surrendering to the Heavenly Demon Realm.

Naturally, there's another reason why they wouldn't surrender to the Heavenly Demon Realm. The Freedom Alliance was heading towards them. If they surrendered to the Heavenly Demons, the Freedom Alliance would clean them up. The best decision they could make right now was joining the Black Tiger Gang.

As the Heavenly Demon Army got closer and closer, they began to blot out the sky. Everyone could feel a chill in the air. But they couldn't retreat.

Then at this moment, more than a thousand figures flew out of the Heavenly Demon Army. Each one of these figures had overwhelming auras. Although their aura couldn't overwhelm the army behind them, they still gave out a sharp aura like a sword.

All the cultivators knew that these figures were immortal-stage Heavenly Demons. Their expressions couldn't help but pale. If the opponent was within their level, then they would have courage to risk their lives in battle. However, facing immortal experts, they couldn't help but panic.

It wasn't just Li Xunhua and the others who were panicking. The immortal experts of the Hundred Flowers Alliance were also nervous. There were less than 100 immortal experts on their side. Meanwhile, they were faced with ten times their number. How can they be unafraid?

At this moment, a loud laughter was heard, "Hahaha. It seems like I came in time. I thought I would miss the good show." A cultivator in black robes appeared. He had a smile on his face as he flew over.

Seeing this person, everyone couldn't help but let out a sigh of relief. Everyone knew who this person was. He came over in the past and fought with them. It was Zhao Hai.

Li Xunhua was also relieved when he saw Zhao Hai. He knew that Zhao Hai was coming, but he didn't know when. He was afraid that Zhao Hai would wait until the sects had exhausted their strength before coming over.

Zhao Hai flew towards Li Xunhua and cupped his fist as he said, "Senior Brother Li, I'm late. I made you worried."

Li Xunhua looked at Zhao Hai and knew what he was planning. Zhao Hai wanted to improve his standing. Li Xunhua was aware of Zhao Hai's status in the Great Realm of Cultivation. Zhao Hai was now more formidable than the sect masters of the nine super sects. Now that Zhao Hai called him Senior Brother, Li Xunhua's standing would improve in everyone's eyes.

Li Xunhua returned the greeting and said, "You're not late at all. The Heavenly Demons just arrived. Mister, it's not the right time to chat. We still need to block the Heavenly Demon Army."

Zhao Hai smiled and said, "Leave it to me. Heavenly Demons, hahaha."

After he said that, Zhao Hai appeared not far away from the Heavenly Demon Army. He laughed loudly and said, "Heavenly Demons, we meet again. You should have returned to the Heavenly Demon Realm. I wouldn't have chased you. But you stayed. And if you stay, you are my enemies. I have never been polite to my foes."

The immortal-level Heavenly Demons immediately recognized Zhao Hai. When they saw Zhao Hai, the Heavenly Demons stopped and looked at Zhao Hai with vigilance.

One of the immortal-level Heavenly Demons looked at Zhao Hai and said, "Zhao Hai, you have no business here. You better not participate."

Zhao Hai laughed and said, "I have no business here? Are you joking? This is the Great Realm of Cultivation. I have the entire realm standing behind me. And you say it's none of my business? Also, I forgot to tell you, the people behind me have joined the Freedom Alliance. Being the commander of the Freedom Alliance's first army, I have the responsibility to protect them. I'll give you one last chance to return to the Heavenly Demon Realm. If you decide to return, I'll promise you that I won't give chase."

The immortal-level Heavenly Demon's complexion changed. Then he coldly snorted and said, "Zhao Hai, you're too arrogant. Do you really think that the Heavenly Demons are afraid of you? Look how many troops we have and look at yours. Even if we fight to the death, we will destroy you." After he said that, the Heavenly Demon waved his hand. The immortal-level Undead didn't move. Instead, it was the more than 10 million Heavenly Demons that rushed towards Zhao Hai.

Zhao Hai laughed and said, "Ten million Heavenly Demons want to kill me? Hahaha. Heavenly Demons, you don't know how many people this Zhao Hai has killed!" Zhao Hai waved his hand and released an overwhelming amount of Undead. There were so many Undead that it became impossible to count them all.

Most importantly, all of the Undead were at a cube formation. Their organization made one feel their scalp tingle just by looking at them.

It wasn't only the Heavenly Demons who shivered at the sight. Li Xunhua and the others also felt cold upon looking at the Undead that appeared all around them. They simply couldn't count them all. 100 million? 1 billion? 10 billion? It was a lot of Undead.

The Heavenly Demon Army looked like it hit an invisible wall. All of them stopped all of a sudden. The scene in front of them was just very shocking. None of them thought that Zhao Hai would have so many Undead.

Zhao Hai took Alien out. As he stood on the giant beast, he looked at the Heavenly Demons and then laughed, "You have more than me? Hahaha. Take a good look! Attack!" Zhao Hai swiped his hand forward. The cubes behind him slowly pressed forward. All of these Undead had rifles in their hands.

Bullet after bullet began flying. Giant beasts who had cannons behind them also fired shell after shell. Millions upon millions of projectiles began flying towards the Heavenly Demons.

The Heavenly Demon Army began to panic. They couldn't fathom the monster that they were facing. As the army were panicking, the rain of bullets began to hit them.

Fortunately, the Heavenly Demons were able to react in time. All of them released their dao avatars. At the same time, the Heavenly Demon Army began to retreat. Only fools wouldn't retreat when faced with such a situation.

These Heavenly Demons knew that these Undead were far weaker than them. However, this wasn't important. With so many Undead, they could drown under the sheer numbers.

The immortal-level Heavenly Demon who spoke earlier had an ugly face. He wanted to drown Zhao Hai with numbers as well. But now, it was him who was afraid of being drowned by Zhao Hai's Undead. He began to feel regret. He suddenly thought of Zhao Hai's previous words. His eyes couldn't help but narrow as he muttered, "Perhaps returning to the Heavenly Demon Realm was the best choice."

The Heavenly Demon Army continued to retreat as Zhao Hai's Undead pushed forward. The distance between the two sides neither shortened nor widened. The Heavenly Demons found that Zhao Hai doesn't intend to wipe them all out. The panic in their hearts calmed down. Then they began to hasten their retreat.

Seeing the Heavenly Demons, Zhao Hai couldn't help but grin. He didn't let the Undead move faster because there was no need to do so.

Upon confirming that Zhao Hai wasn't going to chase them down, the Heavenly Demons felt relieved. Before long, the Heavenly Demons gained a considerable distance from Zhao Hai's Undead. But at the same time, they all turned around and left the area as quickly as they could.

Zhao Hai stopped his Undead. He just looked at the retreating backs of the Heavenly Demons. Strictly speaking, the Heavenly Demons didn't do anything wrong. Zhao Hai wasn't a saint. To be honest, the Great World of Cultivation wasn't any better than the Heavenly Demon Realm. Zhao Hai has no intentions of destroying the Heavenly Demon Race.

When the Heavenly Demons disappeared, Zhao Hai waved his hand and received all of his Undead. Li Xunhua and the others who couldn't see what was happening finally saw Zhao Hai once more.

Chapter 1855: Sending Troops To The Hundred Flowers Valley

Without his Undead, Zhao Hai looked isolated as he flew in mid-air. As Li Xunhua and the others looked at him, they couldn't help but feel their knees going weak from the fear. They knew well that if Zhao Hai wanted, he could wipe out the enemy in front of him. But for an unknown reason, Zhao Hai was using his Undead sparingly. It was unlike his hard-headed approach during previous battles.

In the past, they might have thought that Zhao Hai was just a genius. But now, they were aware what kind of monster he was. Not to mention the Freedom Alliance, if Zhao Hai asks them to join the Black Tiger Gang, none of them would dare to object.

Zhao Hai looked at everyone's reaction and nodded inside. He released so many Undead to produce this reaction. He wants to let these people understand how strong he was. This way, they wouldn't dare disobey the Freedom Alliance and would be obedient to the Black Tiger Gang.

After sweeping everyone with his gaze, Zhao Hai said, "Senior Brother Li, prepare to dispatch troops towards the Hundred Flowers Valley. I want to see if the Valley Master really thinks of surrendering to the Heavenly Demons.

Hearing Zhao Hai, Li Xunhua didn't delay and immediately nodded, "Yes." Then he immediately turned his head and said, "Everyone, prepare to head towards the Hundred Flowers Valley."

At this point, Li Xunhua wouldn't dare neglect Zhao Hai's words. He was afraid that Zhao Hai might be angry and destroy the Hundred Flowers Valley in his rage. If Zhao Hai really broke the lineage of the Hundred Flowers Valley, then Li Xunhua would go down as an eternal sinner in the sect's history.

Zhao Hai smiled faintly and said, "Everyone should already know that the Valley Master of the Hundred Flowers Valley intends to surrender to the Heavenly Demons. This tarnishes the name of the Great Realm of Cultivation. Today we will send out our forces to the Hundred Flowers Valley. Depart!" Everyone complied and flew towards the Hundred Flowers Valley.

Zhao Hai also released the Hell King's Ship and then flew on the front of the army. Everyone looked at Zhao Hai's back. At the same time, jade sword messages began flying out of the army.

Zhao Hai was aware of these people's movements. However, he didn't prevent them. These jade sword messages were sent by the sect representatives to notify their sects. In any case, he has no intention of hiding the truth.

Because Zhao Hai didn't stop the spread of information, what happened to the Hundred Flowers Alliance began to be known by the Freedom Alliance, then to the Northern Divergent Province, and finally to the entire Great Realm of Cultivation.

The sects belonging to the Freedom Alliance were shaken when they heard the news. The same was true for everyone who heard it. By this point, nobody dares to underestimate the Black Tiger Gang. The other sects in the Freedom Alliance began to turn more docile towards the Black Tiger Gang.

However, Zhao Hai doesn't have the mood to care about these things. He was now bringing the army of the Hundred Flowers Alliance to the Hundred Flowers Valley. Naturally, the Valley Master was aware of this.

When he found out that Zhao Hai was bringing an army over, he understood why the Black Tiger Gang didn't send any reinforcements.

When Zhao Hai and the others arrived at the Hundred Flowers Valley, information arrived from the valley. It reported that the Valley Master killed himself. Zhao Hai was surprised when he heard the news. He didn't expect the Valley Master to take his own life. However, he immediately understood the

reason. The entire Great Realm of Cultivation was already aware that the Valley Master was planning to surrender to the Heavenly Demons. Whether he took his life or not, he wouldn't be able to live for long. Moreover, if he was caught, the Hundred Flowers Valley might be taken down with him. Therefore, he took his own life to carry all of the blame. This way, nobody would find trouble with the Hundred Flowers Valley.

Thinking of this, Zhao Hai couldn't help but sigh. It seems like the Valley Master's cleverness was only up to trivial matters. What a pity. He was unaware that he was being controlled by someone.

However, Zhao Hai didn't stop. He continued to lead the army towards the Hundred Flowers Valley. Now, the people in charge of the valley were the elders. Nobody dared to take the position of Valley Master.

The elders of the Hundred Flowers Valley weren't fools. From the actions and rumors about the Black Tiger Gang, they knew that this matter had the shadow of the Black Tiger Gang. If they wanted to choose a new Valley Master, then they would need the Black Tiger Gang's input. If they chose a Valley Master without the Black Tiger Gang's permission, then they wouldn't know what consequences they would face. For the sake of their own lives, nobody dared to even mention the selection of a new Valley Master. They could only wait for Zhao Hai and the others to arrive.

After several days, Zhao Hai and the others finally reached the Hundred Flowers Valley. Upon arriving at the valley, Zhao Hai and the others were stunned. Outside the valley were cultivators wearing the robes of the Hundred Flowers Valley. All of them stood respectfully in place.

Zhao Hai brought Li Xunhua over. When they saw Zhao Hai and Li Xunhua flying over, elders from the valley immediately welcomed them. They gave Zhao Hai a bow and said, "The Elders of the Hundred Flowers Valley have seen Mister Zhao Hai. The Hundred Flowers Valley is honored to receive your visit."

Zhao Hai looked at the elders of the Hundred Flowers Valley and said, "I came this time to deal with the former Valley Master. But now that he killed himself, I'll let go of this matter. But I hope that the Hundred Flowers Valley could elect a new Valley Master as soon as possible. After all, the Heavenly Demons are still in the Great Realm of Cultivation. The position of Valley Master cannot be kept vacant."

An elder of the Hundred Flowers Valley nodded and said, "What mister said is true. But this isn't the place to speak. Mister, please follow us in. I will have someone take care of the others."

Zhao Hai nodded, then he took Li Xunhua with him to the valley. The other cultivators who came with him were also given a place to rest. The representatives of the other sects also followed behind Zhao Hai.

Before long, the group entered the Hundred Flowers Palace. Upon entering the room, Zhao Hai's eyes flashed a cold light. Then he waved his hand and released a giant palm towards a dark area of the hall. A shadow suddenly distorted as though it wanted to resist. However, it failed in the end and was captured.

Zhao Hai pulled the figure towards him and looked at the man who was covered in dark clothing. This man looked like a ninja. Besides his two eyes, everything else was covered.

The elder of the Hundred Flowers Valley immediately said, "Mister, please don't misunderstand. This person is from the Hundred Flowers Valley's Dark Flower Division. He's not an enemy."

Zhao Hai looked at the Hundred Flowers Valley Elder and said, "Really?" Then he waved his hand and sent a sword qi towards the dark-clothed person's throat. The man's eyes turned blank and he was dead before long.

The Hundred Flowers Valley Elder saw Zhao Hai's action and his expression couldn't help but change. Although they were afraid of Zhao Hai, that doesn't mean that they would accept being slapped in the face. Just as the Elder was about to get angry, Zhao Hai waved his hand and wrapped the dark-clothed person with dark gas.

It was at this point that the elder angrily said, "Mister, what do you mean by this? Why did you kill a disciple of the Hundred Flowers Valley for no reason? You want to turn him into Undead? If you don't give us an explanation, then we wouldn't mind dying to get our justice!"

Zhao Hai looked at the elder and said, "Don't worry, you'll know in a while." At this moment, the dark mist disappeared. The dark-clothed man stood up. Zhao Hai looked at the Undead and said, "Tell me who you are."

The dark-clothed person quickly answered, "Replying to the Young Master. I'm a member of the Dark Flower Division of the Hundred Flowers Valley. I'm a member of the Heavenly Demon Realm's Shadow Demon Race. The previous Valley Master has been killed by an expert of the Shadow Demon Race. After

the Valley Master died, we pretended to be people from the Dark Flower Division. In fact, the Hundred Flowers Valley has no such thing as a Dark Flower Division.”

The words of the dark-clothed person caused the hall to erupt. Nobody thought that the Dark Flower Division didn't exist. Moreover, it was actually fabricated by the Heavenly Demons. They were also shocked to find out that the previous Valley Master had been killed by the Heavenly Demons.

Zhao Hai didn't pay attention to the people in the hall. He continued to ask, “Tell me your goals.”

The dark-clothed person replied, “We are to be on the side of the Valley Master and change his impression of the Heavenly Demons bit by bit. We'll control the Valley Master using this method. And once he has a favorable impression of the Heavenly Demon Race, we'll have him surrender to us. Staying at his side also provided the Heavenly Demons with information about the Great Realm of Cultivation.”

The people in the hall began to understand why the Valley Master decided to surrender to the Heavenly Demons. It was because of these Shadow Demons. They caused the Valley Master to change his views on the Heavenly Demons.

Thinking of this, everyone couldn't help but breathe in the cold air. The Heavenly Demons were full of tricks. Sects would have shadow divisions that were kept secret. Even the elders of these sects wouldn't know of these secret divisions. Because of this, the Heavenly Demons were able to take advantage of it. They killed the Valley master and pretended that the Dark Flower Division had always existed. After all, only the dead Valley Master could confirm if it was real or not.

When the new Valley Master came to power, he naturally needed to safeguard his own interests. The appearance of this secret division was a godsend. He would never think that they were Heavenly Demons in disguise.

At this time, Zhao Hai waved his hand, taking out a group of Undead. Then he commended, “Kill everyone from the Dark Flower Division. Make sure that nobody remains.” The Undead left and before long sounds of fighting were heard around the hall.

At this time, Zhao Hai looked at the Hundred Flowers Valley elder and said, “I heard about the Dark Flower Division from Mister Hua Wushang. He suspected the existence of this division. What a pity,

Mister Hua Wushang is now dead. Therefore I can only make a move. I ask Elder to forgive my actions today.”

Chapter 1856: Hundred Flowers Hall

There are still a few flaws in Zhao Hai’s statements, but they don’t matter right now. After all, the facts were now in front of everyone. The Hundred Flowers Valley’s Dark Flower Division was actually composed of Heavenly Demons. What else can people say?

The elder of the Hundred Flowers Valley had an expression of shame, “If it weren’t for Mister Zhao Hai, we wouldn’t have known. The Dark Flower Division turned out to be a chess piece set up by the Heavenly Demons. I apologize for blaming Mister. Please have a seat.”

The seat of honor in the Hundred Flowers Hall was empty. But there were still a lot of seats present. Everyone sat down.

After looking at these people, Zhao Hai smiled faintly and said, “Since we’re all on the same side, I won’t be polite. The Hundred Flowers Valley cannot go on without a Valley Master. Today, I’ll act as a witness as you choose a new Valley Master. What do you think?”

Zhao Hai’s words could be considered as domineering. Normally, the selection of Valley Master has nothing to do with him. But now, Zhao Hai wants to supervise the selection. However, nobody dared to keep him out. After all, he has the strength to be overbearing.

The Hundred Flowers Valley was going to join the Freedom Alliance. And since the Black Tiger Gang was the alliance leader, Zhao Hai has a certain say on the alliance’s matters. Therefore, nobody can really say anything about his actions.

Li Xunhua looked at the people of the Hundred Flowers Valley and said, “Mister, I want to talk to them first.”

Zhao Hai turned his head to Li Xunhua and then nodded, “Alright”. Then he no longer bothered with them.

Li Xunhua hastily stood up as he looked at the elders of the Hundred Flowers Valley and said, "Elders, please." It must be said that Li Xunhua had a higher status than these elders. So upon hearing Li Xunhua, these elders immediately nodded and then walked out of the hall.

Li Xunhua led the elders to a room on the side. Then he looked at everyone and said, "Everyone, I understand why you haven't elected a new Valley Master. To be honest with you, even if you elect a Valley master, the Hundred Flowers Valley would still be devastated in the future. Me and the others who are at the Hundred Flowers Alliance have decided to join the Black Tiger Gang. I don't want to deal with this matter at first, but I have to at least mention it to you."

As soon as the elders heard Li Xunhua, they were stunned. Then their expressions changed. They were aware that the people sent to the alliance army were the elites of the valley. If they joined the Black Tiger Gang, the Hundred Flowers Valley would no longer have any elites left. This would greatly weaken the Hundred Flowers Valley.

Li Xunhua looked at everyone and said, "You have also joined the Freedom Alliance. Although the Freedom Alliance is composed of multiple sects, the most powerful influence is still the Black Tiger Gang. The Hundred Flowers Valley might still exist if a Valley master was elected. However, its status in the Freedom Alliance definitely wouldn't be high in the future. It's best if you join the Black Tiger Gang like me and the others. Of course, I'm not saying that you'll join the Black Tiger Gang individually. You should still choose a representative of the valley and have him bring the entire Hundred Flowers Valley to join the Black Tiger Gang. I'm certain that the Black Tiger Gang wouldn't treat you badly. Everyone would then become disciples of the Black Tiger Gang. And since the Black Tiger Gang is very protective of their disciples, nobody would dare touch you in the future. Moreover, the benefits you will gain wouldn't be less. Please think properly before you make a decision."

Every elder had difficult expressions after listening to Li Xunhua's words. If they joined the Black Tiger Gang like what Li Xunhua said, then wouldn't the Hundred Flowers Valley's lineage be broken? They couldn't help but feel apprehensive towards this direction.

Most of the elders wanted to berate Li Xunhua, but none of them was able to open their mouths. They knew that Li Xunhua was right. If they don't join the Black Tiger Gang, then the Hundred Flowers Valley would be bullied by everyone. When the time comes, their lives would become difficult.

The meeting room became silent for some time. Then one of the elders spoke, "Junior Brother Li, if we join the Black Tiger Gang, will we be permitted to pass down the dao of the Hundred Flowers Valley?"

The dao that the elder said was the sect's cultivation method. Cultivators value their cultivation methods, especially the established sects. Their cultivation method was their inheritance. Therefore, when cultivators mention the dao, they would mean their cultivation methods.

Li Xunhua nodded and said, "Of course. When I joined the Black Tiger Gang, Mister Zhao Hai told me that we can establish a Hundred Flowers Hall in the Black Tiger Gang. I will become the Hall Master and would use the teachings of the Hundred Flowers Valley to nurture disciples. If you join the Black Tiger Gang, not only could you pass down the inheritance of the Hundred Flowers Valley, the territory of the Hundred Flowers Valley would also be kept intact. Essentially, we'll just be changing our name from Hundred Flowers Valley to the Hundred Flowers Hal."

The elders hummed in discussion upon hearing Li Xunhua. To be honest, they were moved. Although they would be joining the Black Tiger Gang, they would still retain some autonomy. Moreover, the elders would still keep their position and pass down the dao of the Hundred Flowers Valley. It sounded really good.

The elder from before looked at everyone and asked, "Everyone, what do you think about Junior Brother Li's proposal? I think it's very good. Once we join the Black Tiger Gang, everything we're worried about will go away."

The elders nodded. This was indeed the case. As long as they join the Black Tiger Gang, their problems would be solved.

Seeing that everyone agrees, the elder said, "Since everyone agrees, then we can just elect Li Xunhua as our Valley Master. Moreover, Junior Brother Li knows the Black Tiger Gang and Mister Zhao Hai. With him as our leader, we wouldn't be bullied in the Black Tiger Gang."

Li Xunhua didn't expect that he would be part of the discussion. He was about to refuse, but his voice was drowned out by the agreement of the others. This caused his expression to change.

Therefore, Li Xunhua quickly interjected, "Everyone, please stop talking. Any one of you can become the Valley Master, but I can't. I already joined the Black Tiger Gang. A lot of people outside are already aware that I'm now a part of the Black Tiger Gang. If I suddenly become the Valley Master, then what would those people think? Moreover, the Black Tiger Gang might be dissatisfied. What you're thinking is impossible to do."

When they heard Li Xunhua, everyone stopped. Then they quickly changed their thinking. If Li Xunhua became the Valley Master, then the other sects would think that this was an expansion plan of the Black Tiger Gang. This would cause the other sects to be on guard. This action wouldn't benefit the Black Tiger Gang at all.

After they figured it out, everyone frowned. Wouldn't it be embarrassing if they weren't able to select a Valley Master after all this time?

Seeing everyone's expression, Li Xunhua couldn't help but scold them secretly for being pig-headed. He said, "Everyone, why worry about choosing a Valley Master? As long as you join the Black Tiger Gang, then you can just as Zhao Hai to select a Valley Master. Wouldn't that be better?"

Hearing Li Xunhua's suggestion, the elders were stunned for a moment. Then the elders laughed as they bowed to Li Xunhua, "Then that's settled. We'll go according to Junior Brother Li's advice."

Naturally, Zhao Hai was aware of what's happening in the meeting room. However, he didn't think that Li Xunhua would be so sensible. If the Hundred Flowers Valley really joined the Black Tiger Gang, the gang would expand by a huge margin.

Zhao Hai began to think about candidates for the position of Hall Master. In the end, Zhao Hai settled on Hu Huaqian. Hu Huaqian was very loyal to the Black Tiger Gang and has contributed a lot to the sect. Handing the position of Hall Master to him would be the best choice. Then below the position of Hall Master would be the Vice Hall Master. This position would be given to the Han Clan.

The Han Clan was the most firm supporter of the Black Tiger Gang. Although the people of their clan have been living in secret, they shouldn't be treated unjustly. Therefore, Zhao Hai plans to give the position of Hundred Flowers Hall's Vice Hall Master to the Han Clan. This way, the largest clans of the Black Tiger Gang would get benefits and be more loyal to the Black Tiger Gang in the future.

The Hall Elders of the Hundred Flowers Hall would belong to the people from the Hundred Flowers Valley. As for Li Xunhua and the elites, they would go to the Black Tiger Gang. Zhao Hai has other arrangements for them. Li Xunhua was a talent in his own right. He would be more useful in the headquarters of the Black Tiger Gang.

As he thought of these, Zhao Hai took out a jade sword message and sent it out. Just as Zhao Hai released the jade sword message, Li Xunhua and the elders of the Hundred Flowers valley came out.

Everyone looked at these people, wondering what decision they reached. Although Zhao Hai was already aware of their plan, he just kept quiet and waited.

After Li Xunhua came out, he went to Zhao Hai's side and then took a seat behind him.

At this time, the representative elder of the Hundred Flowers Valley cupped his fist towards Zhao Hai and said, "Mister, because of what happened with the previous Valley Master, the Hundred Flowers Valley no longer has any face to show the Great Realm of Cultivation. After discussions with the other elders of the Hundred Flowers Valley, we decided to merge with the Black Tiger Gang. Mister, we ask you to take us in." After he said that, the elder of the Hundred Flowers Valley bowed towards Zhao Hai. The other elders bowed towards him as well, "Mister, please take us in."

The performance of the Hundred Flowers Valley caused everyone else to be stunned. The other sects couldn't help but look towards Zhao Hai and then to Li Xunhua. The decision of the Hundred Flowers Valley elders must have something to do with Li Xunhua.

Li Xunhua just sat in place without saying anything. At this time, Zhao Hai stood up and then helped the elder up before saying, "Everyone, you don't have to bow. If you really want to join the Black Tiger Gang, then it's possible. However, I alone cannot decide on this matter. I have to ask for the sect's decision. If you really mean what you're saying, then please wait for a moment."

The elder quickly said, "We will. Mister can rest assured." Zhao Hai nodded, then he took out a jade sword message and then released it.

Zhang Feng was currently in his study reading the first jade sword message that Zhao Hai sent. He raised his brows in surprise as he read the contents. He didn't expect the Hundred Flowers Valley to merge with the Black Tiger Gang. He thought that it would already be good if the Hundred Flowers Alliance joined the Freedom Alliance. But now, it seems like the Hundred Flowers Valley would become part of the Black Tiger Gang.

Zhao Hai's proposal for Hu Huaqian to become the Hall Master of the Hundred Flowers Hall while the Han Clan would hold the position of Vice Hall Master was good. Even if the Hu Clan was ambitious, there

would be the Han Clan right at their side. It would be impossible for the Hu Clan to turn the Hundred Flowers Hall into their own property.

At the same time, this arrangement would gain the favor of the two large clans. It was a good idea for everyone. Thinking of this, Zhang Feng immediately said, "Someone, invite Elder Hu and Elder Han over." Elder Hu was naturally Hu Liangchen while Elder Han was the Han Clan's Han Ren.

The person outside the study nodded and immediately sent the summons. Before long, Hu Liangchen and Han Ren arrived at Zhang Feng's study. After everyone exchanged greetings, they sat down. Then Zhang Feng handed the jade sword message to Hu Liangchen and said, "Uncle Hu, Uncle Han, this is something Little Hai sent. Please take a look."

Hu Liangchen received the jade sword message and read the contents. His expression turned happy, then he raised his brow. Then his expression relaxed as he handed it over to Han Ren. After going through the contents of the jade sword message, Han Ren turned to Zhang Feng and said, "Gang Leader, your meaning is?"

Zhang Feng smiled faintly and said, "I agree with Little Hai's plan. Hu Huaqian gained a lot of experience in the second army. It's good for him to become a Hall Master. And under Little Hai's help, Han Buli was able to increase his strength. Moreover, he's an intelligent kid. I heard that he's handling some tasks for the Han Clan right now. I'll have to ask Uncle Han to let this talent out. If the two of you agree, the Hall Master of the Hundred Flowers Hall would be Hu Huaqian while the Vice Hall Master would be Han Buli. What do you think?"

Hu Liangchen smiled and said, "I also think it's a good idea. Han Buli is Little Hai's first friend in the Black Tiger Gang. And I have no doubts about his ability. He can be the Vice Hall Master. But to be honest, I'm worried about Huaqian becoming the Hall Master. So it's good that Han Buli would be there to help him."

Zhang Feng nodded. At this time, the second jade sword message from Zhao Hai arrived. After looking through the contents, Zhang Feng smiled faintly and said, "Uncle Hu, Uncle Han, call the two over. They will occupy their positions in two days."

Zhao Hai and the others were still in the Hundred Flowers Palace. The entire room was filled with people. However, nobody made any noise. The other cultivators didn't say anything. They were all thinking about the changes that would happen once Hundred Flowers Valley merges with the Black Tiger Gang. They also thought about the effects this would have on their sects.

The people of the Hundred Flowers Valley were anxiously waiting for news. In the past, they were worried about choosing the Valley Master. But since they decided to join the Black Tiger Gang, their worries shifted to whether they would be accepted or not.

It has been some time since Zhao Hai sent his jade sword message. He was also aware that a message was coming. Before long, a jade sword message stopped in front of Zhao Hai.

Zhao Hai received the jade sword message and scanned it with his spiritual force. Then he nodded as he turned to the representative elder and said, "Everyone, the Gang Leader has accepted your request. Starting today, the Hundred Flowers Valley has merged with the Black Tiger Gang. Its name would be changed to the Hundred Flowers Hall. The elders would keep their position and help with the management of the hall. In two days, the Gang Leader will send the Hall Master and the Vice Hall Master."

Upon hearing Zhao Hai, the elders of the Hundred Flowers Valley relaxed. Then the representative elder cupped his fist and said, "We obey the Gang Leader's order."

Zhao Hai nodded and said, "We're now part of one group. If you need anything, just tell me. As long as it's possible, I'll certainly help."

The representative elder quickly replied, "We won't dare trouble Mister. We will immediately prepare for the arrival of the Hall Master and the Vice Hall Master."

Zhao Hai smiled faintly and said, "Good. Go and take out some hundred flowers wine. We need to celebrate this occasion with our friends."

The elders immediately complied and then began to make the preparations. The other sects also went over to give a sincere congratulations to Zhao Hai as well as the Black Tiger Gang.

These people were admiring Zhao Hai. Not only was he a good commander, his methods were also superb. Without anyone expecting it, the Black Tiger Gang was able to swallow the Hundred Flowers Valley. Such methods were astonishing.

Zhao Hai also chatted with the others. As everyone chatted with Zhao Hai, they discovered that Zhao Hai remembered each of their names. They couldn't help but feel happy knowing that Zhao Hai knew their names.

Before long, the elders of the Hundred Flowers Valley finished preparing the feast. Hundred flowers wine was also offered to everyone. Women of the valley were also arranged to perform.

The celebration went on for two hours before everyone left. Zhao Hai also went to the residence arranged for him. But before entering his residence, Zhao Hai called Li Xunhua over.

When the two entered the residence, Zhao Hai invited Li Xunhua to take a seat. Then he said, "Senior Brother Li, you did very well. Declining the position of Valley Master was a great move. This Zhao Hai gives you his thanks."

Hearing Zhao Hai, Li Xunhua's heart couldn't help but jump. He discovered that he couldn't hide anything from Zhao Hai. It seems like Zhao Hai has foreseen everything that would happen. He even knew that Li Xunhua was offered the position. However, Li Xunhua didn't display his shock. He cupped his fist and said, "I'm now a disciple of the Black Tiger Gang. It's natural for me to consider the benefits of the sect."

Zhao Hai nodded and said, "Tomorrow, the Hundred Flowers Alliance army will be disbanded. A million troops will be selected and integrated with the Freedom Alliance's first army. As for you, you will go to the Black Tiger Gang's base. The Gang Leader has made some arrangements for you."

Li Xunhua nodded. Zhao Hai looked at Li Xunhua and said, "There's no need to be disappointed. Although you're very familiar with the Hundred Flowers Valley, you would do better in the Black Tiger Gang. The Hundred Flowers Valley would only become a branch hall. You will be working for the main hall. With your ability, you would definitely gain a better status."

Li Xunhua cupped his fist gratefully towards Zhao Hai as he said, "Mister, thank you."

Zhao Hai waved his hand and said, "Alright. You go and take a rest. Right, help me pick people that would be sent to the first army." Li Xunhua nodded, then he turned around and left.

When Li Xunhua left, Zhao Hai immediately returned to the Space. Laura and the others were now looking at the response of the other sects.

This time, Zhao Hai released so many Undead that it scared the Heavenly Demons away. This not only shocked the Heavenly Demon Realm, it stunned the nine super sects as well.

The nine super sects were confident that they had the numbers advantage against the Freedom Alliance. So even if the Freedom Alliance was given time to develop, they wouldn't become a threat. But who would have expected that Zhao Hai would have so many Undead. The sole point of superiority that the nine super sects had against the Freedom Alliance has disappeared. This caused the nine super sects to feel stuck.

However, the one feeling the most helpless was the Myriad Demons Sect. In the Northern Divergent Province, there were three groups that resisted the Heavenly Demons: the Freedom Alliance, the Hundred Flowers Alliance, and the Myriad Demons Alliance. Now, the Hundred Flowers Alliance has merged with the Freedom Alliance and Zhao Hai has repelled the Heavenly Demon Army. Naturally, these Heavenly Demons wouldn't just return to the Heavenly Demon Realm. This left the Myriad Demons Alliance to face an army of 30 million Heavenly Demons. This caused the pressure that they faced to increase.

The Heavenly Demons also understood that occupying the entire Great Realm of Cultivation or exterminating the nine super sects was an impossible task. Unless they held overwhelming strength, they wouldn't be able to swallow the Great Realm of Cultivation.

The reason they continued to fight against the Great World of Cultivation was because they were waiting for the Soaring Dragon Realm's inspection. They want the inspectors of the Soaring Dragon Realm to see that they were better than the people in the Great Realm of Cultivation. After all, being able to invade the Great Realm of Cultivation meant that they were stronger than the cultivators. This would give them a good chance of replacing the Great Realm of Cultivation's spot in the Soaring Dragon Realm. This was the true goal of the Heavenly Demons.

Zhao Hai was also aware of this plan. However, he didn't dispatch troops to drive the heavenly Demons away. Zhao Hai knew that nine super sects were worried about him. He wanted to see how the nine super sects would respond.

The nine super sects have just begun to treat the Freedom Alliance seriously. If Zhao Hai was too active, then the nine super sects might ride his coattails. Therefore, Zhao Hai wasn't anxious to make a move.

Naturally, it was impossible for the Myriad Demons Sect to block 30 million Heavenly Demons. Therefore, the Myriad Demons Sect asked the other super sects for help. The other super sects also needed to give each other face. They knew that if the Myriad Demons Sect fell, they would follow soon. So all the sects sent troops in order to stop the attack of the Heavenly Demons.

Zhao Hai was just waiting at this time. He won't make a move unless the nine super sects come to him. In any case, he doesn't have to enter the Soaring Dragon Realm. Even if the Great Realm of Cultivation loses the qualifications to enter, Zhao Hai could still enter the Soaring Dragon Realm through the Heavenly Demon Realm.

The next morning, Zhao Hai welcomed the sect representatives in the meeting hall of the Hundred Flowers Valley. When everyone arrived, Zhao Hai said, "Everyone, it has been a while since you left your respective sects. Everyone has worked very hard. I called you over to tell you that you can return to your own sects. The Hundred Flowers Alliance army will be dissolved. Of the 5 million troops, only a million will be left to be integrated into the Freedom Alliance's first army. As for who stays and who goes, it will be up to you to decide."

Hearing Zhao Hai, everyone stared. They didn't expect Zhao Hai to dismiss the alliance army. However, they immediately changed their minds. Zhao Hai has so many Undead in his control. He has no need for so many people.

But this was also good for the sects. During the previous battles, the sects lost a lot of their elites. It was also about time for them to head back and lick their wounds. Although all of them weren't able to return, only a few of them would be kept. This would allow the sects to recuperate.

After giving Zhao Hai their thanks, the sect representatives began to arrange their troops. At this time, the Freedom Alliance's first army also arrived at the Hundred Flowers Valley. The entire valley was full of activity. Fortunately, by this time, most of the cultivators had already returned to their sects.

Zhao Hai and the others temporarily settled down in the Hundred Flowers Valley. The reason for this was for Zhao Hai to train the new troops. The first army has just been injected with new blood. These newcomers still haven't learned the rules of the army. Therefore, Zhao Hai needed to train them first.

Although Zhao Hai has plenty of Undead, he hated using them during battle. These Undead were oysters that provided him with pearls of faith power.

Another reason Zhao Hai settled down in the Hundred Flowers Valley was to wait for the nine super sects. Although the nine super sects sent reinforcements to the Myriad Demons Sect, the troops they sent were just enough to stop the attack of the Heavenly Demons. The overall number of troops the Heavenly Demons had in the Great World of Cultivation wasn't a small number. The nine super sects were also limited in the troops they could send to help. Zhao Hai believed that it wouldn't take long before the nine super sects would knock on his door begging for help.

Recently, the growth of the Freedom Alliance has been astonishing. It was still digesting the sects it gained from the Hundred Flowers Alliance. It also needs some time to recuperate. Zhao Hai would stay in the Hundred Flowers Valley as a deterrent against the nine super sects. Zhao Hai doesn't mind destroying a few sects if it was needed. In the Great World of Cultivation, virtue was worth a fart. If your fists were big enough, you would be able to survive and grow.

Chapter 1858: Determined To Suppress

Jian Wuya was in his cave residence with a few people. There was the Ten Thousand Buddhas Monastery's Abbot Numu. According to legend, the abbot has already reached the end of the Buddhist Sect's Divine Vajra Technique. It was said that he was able to kill ordinary cultivators with just his gaze.

There was also the Wonderful Sound Pavilion's Master, Ghost Saint Gui Lingzi. Gui Lingzi has practiced the peak of the Wonderful Sound Pavilion's Quiet Ghost Technique. He could turn any sound into an attack that the enemy couldn't see. It was virtually impossible to guard against.

There's the Thousand Beast Sect's Beast King Meng Wudi. The beasts under the Beast King have reached millions. The Thousand Beast Sect also practices the Thousand Beast Fist. When practiced to its very peak, one punch would hold the strength of a thousand beasts.

Then there's the Myriad Demons Sect's Dragon Venerable Jiao Hualong. According to legend, Jiao Hualong was originally a cyan snake. After gaining sentience, he cultivated the Dragon Transformation Technique and became the Sect Master of the Myriad Demons Sect. When he gained his human form, he named himself Jiao Hualong to show his determination to become a true dragon.

There's the East Saint Academy's Dean, Zither Heart Dong Libo. This person's realm of swordsmanship and zither arts has reached the peak realm. His strength was extraordinary.

The Dean of the West Saint Academy was named Master Xi Ziyou. Fighting against him was like playing a game of chess. Any misstep will cause one to be beyond redemption.

The South Saint Academy's Dean was named Saint Wang Fengming. It was said that his words and writings could influence the void. Every character he wrote would correspond to an offensive technique. With only his words, he could forbid the enemy from attacking or defending.

The Northern Saint Academy's Dean was Ghostwind Wu Youdao. He has reached major perfection in the Mountains and Rivers Technique. His battles would always happen inside his paintings, causing the enemy to be at a disadvantage.

The sect leaders of the nine super sects met in the Heaven Sect. Naturally, they weren't here for a tea party. They were discussing important matters. Jian Wuya looked at the others and said, "Things have reached this point. It seems like we have to join forces with the Freedom Alliance. What do you all think?"

The others didn't speak, this made Jiao Hualong's expression turn pale. To be honest, the rise of the Black Tiger Gang was too quick. Originally, the sect didn't even reach the top 100 sects in the Northern Divergent Province. Who knew that this sect would suddenly rise, to the point of threatening the position of the Myriad Demons Sect.

The Freedom Alliance wasn't an issue for the other super sects. They were glad to see another strong group succeeding. But for the Myriad Demons Realm, it wasn't good news. This was because the Freedom Alliance was now becoming the top power in the Northern Divergent Province. Even without Zhao Hai, the alliance wouldn't be any worse than the Myriad Demons Sect. If Zhao Hai was added, then the Myriad Demons Sect wouldn't be able to do anything to the alliance.

Jiao Hualong was certainly unwilling to join forces with the Freedom Alliance. If they did, then this would inform everyone that the Freedom Alliance was on the same level as the Myriad Demons Sect. This would tear the Northern Divergent Province in half. How could the Myriad Demons Sect accept it?

The other sect masters knew what Jiao Hualong was thinking about. However, they also have a valid reason to group up with the Freedom Alliance. If they couldn't deal with the Heavenly Demons as soon as possible, then the inspection of the Soaring Dragon Realm might arrive. The Great Realm of Cultivation might lose its place in the Soaring Dragon Realm. For the nine super sects, this was a massive loss. They would rather share the benefits with the Freedom Alliance than lose the qualifications to enter the Soaring Dragon Realm.

Seeing that nobody was willing to speak, Jian Wuya's expression sank. Then he said, "Sect Master Jiao, let me hear your thoughts. After all, the Freedom Alliance is in the Northern Divergent Province. Your words are the most relevant in this case."

Jiao Hualong looked at Jian Wuya and knew that he was compelling him to make a stand. And since it wouldn't be good if he didn't express his opinion, Jiao Hualong replied, "Naturally, I agree to grouping up with the Freedom Alliance. Our fate in the Soaring Dragon Realm depends on this. However, we cannot allow the Freedom Alliance to ride the heads of our nine super sects. Otherwise, I'm afraid our future wouldn't be good."

Jiao Hualong's words gained the others' approval. Abbot Numu nodded and said, "Benefactor Jiao's words are right. Because of Zhao Hai, the Freedom Alliance is holding the same strength as our nine super sects. This is the time we need to unite even more. If we can't suppress the Freedom Alliance, then they will suppress us in the future."

"Abbot's words are a bit improper. The Freedom Alliance has Zhao Hai, they are already as strong as the nine super sects. We should be giving them an equal position as us. If we're still thinking about suppressing them, then it wouldn't be good for everyone." A pleasant voice was heard. It was Gui Lingzi, the sect master of the Wonderful Sound Pavilion.

"Hmph. Just flattering others. I don't believe Zhao Hai is as strong as rumors say. If he's really that strong, he would have wiped out the nine super sects a long time ago. The Heavenly Demons have already been driven out a long time ago. He wouldn't have waited until now." Beast King Meng Wudi coldly snorted.

Wu Youdao looked at Jian Wuya and said, "Jian Wuya, we need proper information. Zhao Hai said that the Heaven Sect schemed against him when he attended the Demon Slaying Conference. He was sent to a subspace that allowed him to capture a lot of immortal-level Undead. Is he correct?"

Wu Youdao's words caused everyone to look at Jian Wuya. They also wanted to know the answer. This was because their people have also disappeared after going through the Heaven Sect's transmission formation. If what Zhao Hai said was true, then this meant that his current increase in strength was directly caused by the Heaven Sect."

Jian Wuya looked at everyone and said, "It's true that he was schemed against. As for where he was sent, I don't know. It was a strange coordinate and everyone sent there weren't able to come back. We didn't know that it had Undead inside."

When they heard Jian Wuya, Wu Youdao and the others coldly snorted. However, they didn't react too much. They were aware that this wasn't the time to fight each other. Even their own sects weren't clean. Deaths among their visitors wasn't an infrequent event.

Wang Fengming said, "Alright, everyone, this isn't the time to talk about this. What we need to discuss is how to treat the Freedom Alliance. I agree with Abbot Numu. We have to suppress the Freedom Alliance, otherwise we wouldn't have any face in the future. When we work together with the Freedom Alliance, we would be more passive. The Freedom Alliance is arrogant because of Zhao Hai. He is also powerful on his own. There must be restrictions to his usage of his powerful Undead. Even if he uses his Undead, he would have to consume a lot of spiritual force. Even if he has a thousand immortal-level Undead, it should be impossible for them to have them all out all the time. Therefore, there's still ways to deal with Zhao Hai. We don't need to be afraid of him at all. If we bow to the Freedom Alliance right now, then we wouldn't have any good days in the future."

Wang Fengming's words caused everyone to nod. Right, if Zhao Hai could use his Undead all the time, then he would have dominated the Great Realm of Cultivation. He wouldn't have been so quiet up until recently.

Thinking about this, the dread inside everyone's hearts vanished. Seeing this, Jian Wuya said, "Good. Then we'll agree to Abbot Numu's proposal. We have to suppress the Freedom Alliance. Otherwise, we would be the ones being suppressed in the future. Now we need to discuss how to do so."

Jiao Hualong's cold voice said, "What else needs to be discussed? Send someone to give orders in the name of the nine super sects. Have them send troops to us. Then we'll see how they'll react."

Jian Wuya and the others couldn't help but frown. Although they want to suppress the Freedom Alliance, they shouldn't go too far. After all, even without Zhao Hai, the Freedom Alliance was still very strong. If they go too far in suppressing them, the outcome wouldn't be good.

However, they soon changed their mind. What Jiao Hualong said was reasonable. They should send someone to send their orders. If the Freedom Alliance agrees, then they have to recognize that the nine super sects are stronger than them. If they don't accept, then the nine super sects would think of other ways.

Thinking of this, Jian Wuya said, "Alright, then we should send people to the Freedom Alliance to send our orders. Let's see how they react. If they obey the orders, then that's good. But if they don't, then we'll give them a lesson."

The other sect masters nodded. The nine super sects were used to domineering over the entire Great Realm of Cultivation. Seeing another power catching up to them, they would naturally be unwilling. Therefore, the sect masters agreed to Jian Wuya.

Jian Wuya looked at the sect masters and said, "Everyone, one person from each sect will go to the Black Tiger Gang to give our orders. Remember, the person you send shouldn't be weak. If the Black Tiger Gang gets angry, we have to make sure that they can escape."

The other sect masters nodded. It would be bad if they suffered any losses in suppressing the Black Tiger Gang.

However, the sect masters didn't leave the Heaven Sect. Instead, they sent out jade sword messages, summoning people to the Heaven Sect. The representatives would go to the Black Tiger Gang together.

Jian Wuya also called an expert of the Heaven Sect. This person was an elder of the Heaven Sect, known as Shadowless Sword Liu Wushang. Although he hasn't reached the immortal stage, he was one of the strongest transcending tribulation experts in the Heaven Sect. Jian Wuya would be assured if he was the Heaven Sect's representative.

Naturally, the nine super sects couldn't send immortal experts to send their order to the Black Tiger Gang. If they sent immortal experts, then it wouldn't be an order, but a declaration of war. If the Freedom Alliance gets angry and detains those immortal experts, then the nine super sects would lose a lot.

Chapter 1859: Representatives of the Nine Super Sects

Zhang Feng was in his room taking care of the Freedom Alliance's matters. He was busier compared to before. In the past, he only needed to deal with the Black Tiger Gang, but now that the Freedom Alliance was consolidated, he has to deal with it as well. This caused his days to be extremely busy.

Now Zhang Feng could understand how Tie Zhantian's cultivation stagnated. He simply has no time to cultivate. With numerous things to handle every day, he has little free time to practice.

Fortunately, Zhao Hai gave Zhang Feng spiritual qi potions that could be absorbed easily. This way, his cultivation would stagnate.

Although Zhang Feng was very busy, he was still happy. He was well aware of the Freedom Alliance's strength. Even without Zhao Hai, the Freedom Alliance could contend against any of the nine super sects. And because of its relationship with Zhao Hai, the sects in the Freedom Alliance didn't dare disrespect the Black Tiger Gang. This made managing them very easy. By this point, the internal state of the Freedom Alliance has been stabilized. The other sects also discovered that they're doing better than before they established the alliance.

It can be said that because of Zhao Hai's existence, the Black Tiger Gang's position in the Freedom Alliance could be considered secure.

Zhang Feng was currently looking at a jade sword message given to him by Zhao Hai. It was a report regarding the first army. Now, the first army comprised 5 million people and was stationed in the Hundred Flowers Valley. The Hundred Flowers Valley has now been handed over to Hu Huaqian and Han Buli. The two did a good job. There was no conflict. And with Zhao Hai present, there was no need to worry about it.

The jade sword message also told Zhang Feng that the first army wouldn't make any movements. He was waiting for the response of the nine super sects.

Zhang Feng understood Zhao Hai's meaning. He also agreed to Zhao Hai's approach. The nine super sects have been pressing down on the sects for so many years. Zhao Hai wants the nine super sects to place them on an equal position. Zhang Feng doesn't object to this.

As Zhang Feng was thinking about what to reply, a voice suddenly came from outside, "Reporting to the Gang Leader. Representatives of the nine super sects have come to see you."

Zhang Feng stared. Then his eyes shone as he said, "They finally came. Ask them to sit in the meeting room. Send people to Elder Hu and Elder Han, tell them to go to the room." The voice outside complied and left.

Zhang Feng stood up. Then he smiled faintly and said, "Nine super sects, you finally sent people over." Zhang Feng waved his hand and took out a jade sword message. After placing the contents, he released it. This jade sword message was for Zhao Hai. Zhang Feng wants to recall Zhao Hai to meet the representatives of the nine super sects.

After Zhang Feng sent the jade sword message, he stood up and walked towards the meeting room. When he arrived, Zhang Feng found out that Hu Liangchen and Han Ren had arrived. They were standing in front of the room's door, waiting for him.

Zhang Feng gave the other two a nod before they entered the room. This was a small meeting room which can accommodate up to 20 people. There were nine people sitting inside. Each one of them had proud looks on their faces. When Zhang Feng's group came in, none of them stood up and gave their greetings. All of them share a look of disdain towards Zhang Feng.

Seeing the appearance of these nine people, Zhang Feng's heart sank. He discovered that their expressions were a bit strange. They looked like they didn't come to the Black Tiger Gang to ask for help.

Hu Liangchen and Han Ren's expressions changed upon seeing the nine visitors. Naturally, they noticed that there's something wrong with these people.

Zhang Feng took a deep breath and decided to listen to what they would say. He cupped his fist and said, "This one is the Black Tiger Gang's Leader Zhang Feng. May I know who everyone is?"

The one who carried a sword among the nine people said, "Liu Wushang from the Heaven Sect. I have seen the Gang Leader. We came over to give the orders of the nine super sects."

“Order” Zhang Feng noticed the words that Liu Wushang used. So he asked, “What do you mean orders?”

Liu Wushang gave Zhang Feng a cold look as he said, “The nine super sects order the Freedom Alliance to send an army to the Myriad Demons Sect in three days. The army will obey the orders of the Myriad Demons Sect during the battle against the Heavenly Demons.”

Liu Wushang looked at Zhang Feng and said, “Disobeying the order will lead to merciless punishment!”

Zhang Feng stared at Liu Wushang while Hu Liangchen and Han Ren had angry expressions. The Freedom Alliance wasn’t any weaker than the nine super sects. And now, the nine super sects dared to order them around. And to add to the insult, they even dared to say that disobedience would be punished heavily.

“Hahaha!” Zhang Feng laughed. He looked at Liu Wushang and the others as though he had seen the world’s funniest joke.

Seeing Zhang Feng’s reaction, the expression on Liu Wushang and the others’ faces sank. When they saw this, they knew that there wouldn’t be any favorable result to their visit. They would have to be on guard.

After laughing for some time, Zhang Feng stopped. Then his face turned ice cold before he said, “My Freedom Alliance isn’t for the nine super sects to order around. Not only did you order us, you even threatened us with punishment. Your arrogance truly knows no bounds. You should leave. Tell your sect leaders that if you want the Freedom Alliance to take action, then they would need to send a proper request. If you dared to send another order, my Freedom Alliance would be impolite!”

When he heard Zhang Feng, Liu Wushang’s expression changed. Then he said, “Not only are you disobeying orders, you even insulted the nine super sects. You will be taught a lesson today!” After he said that, Liu Wushang moved his hands and stabbed Zhang Feng using his weapon. The others also locked onto Hu Liangchen and Han Ren, preventing them from helping Zhang Feng.

Zhang Feng’s complexion paled. He didn’t expect Liu Wushang to be so arrogant that he would attack him in the Black Tiger Gang’s domain. Just as Zhang Feng was about to block the attack, a spatial rift

opened in front of him. Then an arm appeared, punching Liu Wushang's sword. With a bang, Liu Wushang's sword was thrown back. Liu Wushang's face also paled.

Slowly after that, a person's figure appeared from the spatial rift. He looked at Liu Wushang with a cold expression. He scanned the others as well before saying, "Daring to disrespect the Gang Leader. Let's see how the nine super sects react after I cripple you." After saying that, the figure moved and attacked Liu Wushang.

Seeing this person, Zhang Feng's expression lit up, "Little Hai!"

As soon as they heard Zhang Feng, Liu Wushang and the others knew that the person who arrived was Zhao Hai. This was a person who became the number 1 celebrity in the Great Realm of Cultivation.

When Zhao Hai rushed over, his body split into nine and attacked the nine representatives of the nine super sects. Liu Wushang and the others immediately retaliated. But as they were about to clash, Zhao Hai suddenly disappeared. The next moment, Zhao Hai was behind them.

Liu Wushang and the others didn't expect Zhao Hai to have such methods. This caught them off guard. When Zhao Hai's punch hit their backs, they felt a powerful energy entering their bodies. In an instant, their spiritual qi dissipated as their medians were crushed. The nine representatives immediately spat out blood. They knew that they were finished. Their medians were destroyed. Unless they had heavenly treasure that could reshape their meridians, their strength would no longer return to its previous level. And they would no longer be able to advance in their cultivation.

Liu Wushang and the others' faces were pale and their expressions were dispirited. All of them looked at Zhao Hai who went to Zhang Feng's side with a frightened expression.

Zhang Feng looked at the nine people and knew what happened to them. However, he didn't care. He coldly snorted and said, "Get out. Make sure to tell the nine super sects that they can't order us around."

The nine looked at Zhang Feng with a ruthless expression before staggering towards the transmission formation. After a flash of white light, they disappeared from the Black Tiger Gang.

When the nine people left, Zhang Feng looked at Zhao Hai and said, "Fortunately, you arrived. Otherwise, I would have suffered. I didn't expect the nine super sects to be so bold."

Zhao Hai coldly snorted and said, "The nine super sects are full of idiots. They thought that they could use this method to crush the Freedom Alliance. They expected us to bow our heads. Just because I didn't attack them, they thought that I couldn't. Now they actually dared to offend me, they're really courting death."

Zhang Feng scoffed, "The nine super sects are used to being arrogant. They thought that everyone should submit to them. Forget it, let's not talk about them anymore. Let's head back and discuss." After he said that, the group of four left the meeting room and then went to Zhang Feng's study.

Before long, the group entered Zhang Feng's study. After sitting down, Zhang Feng said, "Now that Little Hai has crippled Liu Wushang and the others, let's see how the nine super sects react. It would be troublesome if they decide to attack us."

Hu Liangchen replied, "I don't think the nine super sects would attack us. After all, we don't have much impact on them. If they want to attack us, they would need to drive the Heavenly Demons out first. If they don't get rid of the Heavenly Demons, then they would lose their qualification to enter the Soaring Dragon Realm. Compared to us, the Soaring Dragon Realm is more important to them."

Han Ren nodded and said, "I agree with Old Hu's view. However, we still have to prepare. Gang Leader, I think we should inform the other sects about the situation. Those sects had just gotten out of the nine super sects' control, none of them would want to return to their previous states. They would definitely support us. If someone opposes, we would know that those people aren't on our side. Then we can clean them up. After that, we'll prepare to deal with the nine super sects."

Zhang Feng nodded, then he looked at Zhao Hai and said, "Little Hai, tell me the truth. How long can you release your Undead? Is there a limit?"

Zhao Hai shook his head and said, "There's no limit. I can also release the Undead for as long as I want. The reason I didn't use them in the past is because they aren't strong. At most, the Undead are at the spirit refining stage. Also, I don't want to lose any Undead."

Upon hearing Zhao Hai, Zhang Feng couldn't help but be confused. He was afraid to lose any Undead? Isn't the purpose of the Undead was to act as cannon fodder? Zhao Hai looked at Zhang Feng and said, "I don't want to use the Undead in battle because they are very important to me. They aren't only used for battle, they can also provide me with faith power."

Hiss! Zhao Hai's words caused Zhang Feng and the others to breathe in cold air. Zhang Feng looked at Zhao Hai and said, "Little Hai, your Undead can give you faith power? Does that mean you have more than 1 billion praying disciples?"

Zhao Hai nodded, "Correct. It's because of this that my cultivation is very swift. Without my Undead providing me with faith power, I wouldn't have been as strong as I am. Unfortunately, since the Undead are under my control, I can't give faith power to other people. I tried a lot of methods to make faith power portions, but all of them failed. Because of this, my wives couldn't use the faith power of the Undead."

Hearing Zhao Hai, Zhang Feng couldn't help but be surprised, "Wives? You have wives?"

Zhao Hai smiled faintly and said, "Of course I have. They used to live in the Hundred Treasures Realm, but I brought them over secretly and settled them in the Ignored Valley. Since they aren't very strong, I didn't reveal them. I was afraid that other people would use them to threaten me."

Zhang Feng nodded. Then he smiled bitterly and said, "You're really very careful. I wasn't even aware that I have sisters-in-law staying in the Black Tiger Gang. But with your strength, are you still afraid that other people would know about their existence?"

Zhao Hai replied, "Senior Brother, you're flattering me. I had just acquired my immortal-level Undead. I wasn't as strong before. If I bring my family with me, I'm afraid I won't be able to run away."

Hearing Zhao Hai, Zhang Feng and the others laughed. Then they no longer discussed the topic. Every cultivator has their own secrets. Zhao Hai telling them that he has wives was already very good.

Chapter 1860: Nine Super Sects' Plan

Jian Wuya and the others were sitting inside the meeting room, waiting for news. Jian Wuya instructed Liu Wushang that if the Black Tiger Gang didn't agree, then he would teach the Black Tiger Gang a lesson. After all, Liu Wushang and the others represent the nine super sects. As long as Black Tiger Gang

doesn't want to tear faces with the nine super sects, they wouldn't dare touch Liu Wushang and the others.

Because of this, they believed that Liu Wushang and the others would give them news before long. Time doesn't really bother cultivators unless they were at the end of their lives. Therefore, the nine sect masters sat in the room with their eyes closed.

At this time, footsteps could be heard from outside the room. The footsteps seemed hurried. When the footsteps arrived outside the meeting room, a voice was heard, "Reporting! Sect Master, Elder Liu and the others have returned."

Hearing this, Jian Wuya opened his eyes and said, "Let them come over, where are they?"

The person outside the room replied, "Elder Liu and the others have been injured. Their meridians have been destroyed. They are currently being treated. It would take a while before they can report to the sect master."

When Jian Wuya and the others heard this, they couldn't help but stare. Then their complexion changed. Jian Wuya immediately said, "Their meridians have been destroyed?" The person outside confirmed, "Yes."

Jian Wuya and the others immediately stood up and left the room. When they exited the room, they saw the cultivator who reported. This person was an ordinary disciple of the Heaven Sect. Upon seeing Jian Wuya and the others, the disciple was stunned, then he immediately lowered his head in fear.

Jian Wuya didn't care about the disciple's reaction. He quickly said, "Take us to Wushang and the others." The disciple nodded. Then he immediately led the way.

Before long, the group arrived at a cave. The inside of this room was very big. There were several medicinal beds inside. Cultivators could be seen making medicine using herbs. When Jian Wuya arrived, the cultivators immediately bowed and said, "I have seen the Sect Master." Jian Wuya waved his hand and continued walking.

In this cave was a section where people with special injuries were treated. With the size of the Heaven Sect, it was inevitable for its disciples to be injured while venturing outside. There would be some injuries that couldn't be cured with ordinary pills. Therefore, they were sent to this section to be cured. But since special treatment requires contribution points, only inner and core disciples could come to this place.

Inside this room were several people. Each one of them were lying down with pale complexions. Their clothes have been taken off and their bodies were smeared with a thick layer of medicinal cream. The ointment emitted a fragrant scent.

All of these people were unconscious. They looked like they were on the last embers of their life. All the sect masters knew that it was the end for them. They were crippled for the rest of their lives. There was no crueler fate for cultivators.

Seeing this situation, Jian Wuya's expression changed. He immediately went to Liu Wushang's side and used his spiritual qi to scan his body. Once his spiritual force entered Liu Wushang's body, he immediately knew that Liu Wushang was completely crippled. Liu Wushang's meridians were destroyed. Moreover, there were remnants of foreign qi left behind, making it hard for the meridians to be healed. The person who did this was a cruel individual.

At this time, Liu Wushang felt that someone was scanning his body with spiritual qi. He slowly opened his eyes and saw Jian Wuya. He struggled to stand up, but Jian Wuya held him down, saying, "Wushang, just lie down. Tell me everything that happened in the Black Tiger Gang."

Hearing Jian Wuya, Liu Wushang's expression sank. Then with a weak voice he said, "Sect Master, please avenge me." Then he told Jian Wuya everything that happened in the Black Tiger Gang from start to finish. There was no need for him to embellish his story. He just told exactly what happened. He wanted Jian Wuya and the others to avenge him. Liu Wushang knew Jian Wuya. He wasn't the kind of person to let go of a debt. He would certainly make the enemy pay back ten times, a hundred times.

As Jian Wuya continued to listen, his face paled before turning red with anger. The other sect masters were the same.

After Liu Wushang finished speaking, Jian Wuya said, "You rest well. I will make sure to settle this enmity." After he said that, he walked out of the room. Then he turned to the cultivators making medicine and said, "Use all we have to treat them. If you lack anything, don't hesitate to look for me." The cultivators nodded.

Before long, Jian Wuya and the others returned to the meeting room. Just as they entered, Jiao Hualong smashed a chair with his palm as he shouted, "They went too far. The Black Tiger Gang went too far!"

The other sect masters have the same rage in their eyes. Jian Wuya looked at Jiao Hualong and said, "Alright, old Jiao, take a seat. Let's discuss how to deal with the Freedom Alliance."

Jiao Hualong coldly snorted and then sat down. After everyone had settled down, Jian Wuya said, "Everyone, you heard what the Freedom Alliance did. How should we deal with this matter?"

Abbott Numu's eyes were red with rage. It was clear that he was angry. He said, "The Freedom Alliance is too lawless. If they are left alone in the Great Realm of Cultivation, the realm would never be peaceful. They needed to be severely punished."

Meng Wudi coldly snorted, "Anyone who dares to hurt the disciples of my Thousand Beast Sect will be torn to pieces!"

Jian Wuya kept quiet, but he didn't hide his anger. At this time, Gui Lingzi's pleasant voice was heard, "It's not the time for us to tear faces with the Freedom Alliance. If we go for the Freedom Alliance at this time, the Great Realm of Cultivation would fall into the hands of the Heavenly Demons. The Heavenly Demons have become defensive, but they are still anchored in the Great Realm of Cultivation. We all know their purpose. They want to wait until the inspection of the Soaring Dragon Realm to take our place. We need to solve this matter first. It wouldn't be too late to deal with the Freedom Alliance after that."

Jian Wuya and the others snorted when they heard this. Although Gui Lingzi's words were correct, it still made them feel uncomfortable.

After some time, Jian Wuya said, "The most important matter we need to take care of is the Heavenly Demon Realm. We have to drive them back as soon as possible. Otherwise, we would be in great trouble. Sect Master Gui Lingzi is right, we can deal with the Freedom Alliance in the future. But if we lose the qualification to enter the Soaring Dragon Realm, then our losses would be very big."

Although the sect masters were angry, they couldn't help but admit that Jian Wuya was correct. Seeing everyone agreeing with him, Jian Wuya continued, "Relying just on our strength to defeat the Heavenly

Demons would be very hard. I think we should stand together with the Freedom Alliance. Have them share our burdens. At the same time, while dealing with the Heavenly Demons, they would lose some manpower. When the time comes, it would be easier for us to deal with them.”

The other sect masters nodded. They thought that this method was better. Work with the Freedom Alliance first, then deal with them after all is done. However, they failed to discover that they were now slowly regarding the Freedom Alliance as a presence that was on the same level as them.

Abbott Numu let out a long breath and said, “Then we can only send more people to the Freedom Alliance. If we don’t want to give up some benefits, we won’t be able to deal with the Heavenly Demons.”

Jian Wuya nodded and said, “We need to send someone experienced in diplomacy. We cannot let the Freedom Alliance gain the advantage. As long as they are willing to send troops to deal with the Heavenly Demons, everything would be easy to say.”

The others nodded. Then they decided to send an Elder from the Heaven Sect to discuss with the Freedom Alliance.

However, these people forgot that their situation was different from the Freedom Alliance. They forgot that as long as Zhao Hai survived, the Freedom Alliance’s strength would be preserved. All of their previous discussions were useless.

At the same time, the sect leaders didn’t expect that Zhao Hai was listening to their discussion. In the past, it was impossible for Zhao Hai to look into important meeting rooms in the Heaven Sect. However, Zhao Hai put silver dust on the bodies of Liu Wushang and the others. This dust also spread to Jian Wuya and the others. Because of this, Zhao Hai was aware of what Jian Wuya and the others were talking about.

As he looked at Jian Wuya and the others from the Space, the corners of Zhao Hai’s mouth couldn’t help but rise. He expected the plan of the nine super sects. To be honest, Zhao Hai was disappointed with them. They had dominated the Great Realm of Cultivation for too long that they had grown arrogant. They wouldn’t even change their tactics when dealing with other people.

Laura, who was sitting beside Zhao Hai, said, "Brother Hai, since you already revealed us to First Senior Brother, will you take us out?"

Zhao Hai nodded and said, "You've been in the Space all this time. The only way you can look into the outside world is through the monitor. So I thought that I could take you out and introduce you all to everyone."

Laura leaned gently on Zhao Hai's body and said, "As long as we're by your side, it doesn't matter where we are. In fact, we prefer staying inside the Space. Here, we can do whatever we want."

Zhao Hai smiled and said, "After you go out, stay on the Hell King's Ship. If you want to return to the Space, just head inside the cabin."

Laura nodded, then she looked at the screen and said, "Brother Hai, how about them?"

Zhao Hai smiled faintly and said, "Since the bamboo is delivered to the door, we can't just ignore it."
