

Apocalypse 184

Chapter 184: Deceitful Buddha, Deceitful Realm

Actually, Ling Guang wasn't just arriving.

She had been here for quite some time and had not just witnessed Lin Yuan bullying Jian Bing.

She even took out her phone and recorded it.

Of course, Ling Guang definitely wouldn't tell Jian Bing.

If she told Jian Bing she recorded a video, she'd not only get a beating, but Jian Bing would surely throw her by phone.

Ling Guang would keep the video, watching it over and over.

Every time she saw the video of Lin Yuan bullying Jian Bing, she felt delighted.

Ling Guang thought, you bully me all the time! Today, someone's bullying you too, huh?

This is what they mean when they say even wicked people have their match!

"Hey, mister! Mister!"

"Who are you? How did you enter this Deceitful Realm?" Ling Guang shifted the topic and asked Lin Yuan.

"I came from Peng City, and by mistake, I entered this Deceitful Realm while passing through."

"You probably don't know me, but you should know Han Kun. He ended up here with us by mistake," Lin Yuan replied to Ling Guang's question.

However, to Lin Yuan's surprise,

Jian Bing and Ling Guang's eyes showed some change when they heard he was from Peng City.

Looks like they've heard of my name, huh?

"Lin Yuan?"

"You're Lin Yuan, right?"

"I've heard of you. They say you're really impressive!" Ling Guang looked at Lin Yuan with admiration.

Lin Yuan: "?????"

Lin Yuan was a bit surprised. He was surprised his fame had reached Emperor Dragon City.

"Where did you hear about me?" Lin Yuan asked.

Though Emperor Dragon City surely has its own records.

But with Ling Guang looking like a little party princess, she doesn't seem like she'd actively go checking records!

Besides, the record about him isn't comprehensive.

The records only describe him as impressive in the eyes of ordinary people.

What's impressive to ordinary people is different from what's impressive to top experts like Ling Guang.

"From the dean!"

"The dean knows everything in this world!"

"The dean said you're even more impressive than Brother Meng Zhang!" Ling Guang said cheerfully.

Seeing Lin Yuan and Ling Guang chatting so familiarly, as if they've known each other for a long time, Jian Bing felt a bit uneasy for some reason.

"Ling Guang, why are you wasting words with him?" Jian Bing said calmly, "Let's go back to the shelter and meet with Zhi Ming."

After dropping her words, Jian Bing turned around and walked toward the shelter.

"Brother Lin, let's go back to the shelter too!"

"We can talk more at the shelter. With your help, we can definitely crack this Deceitful Realm and defeat those evil baldies!" Ling Guang said, clenching her fist.

Jian Bing walked ahead, while Lin Yuan and Ling Guang followed about twenty to thirty meters behind.

As they walked, Ling Guang suddenly nudged Lin Yuan's elbow twice, quietly asking, "Is it big?"

Lin Yuan: "....."

Lin Yuan was initially taken aback but quickly understood what Ling Guang meant.

This troublesome girl wasn't just arriving; she'd been there all along, watching the whole show.

However, there's no way Lin Yuan could admit he was secretly watching.

"What big or not big!"

"I don't know what you're talking about," Lin Yuan said, feigning innocence.

Seeing Lin Yuan's firm denial, Ling Guang let out a "humph" and then threatened, "You didn't close your eyes; you were spying!"

"I saw it; not only did I see it, but I also recorded it."

"Not admitting, huh? I'll go tell Sister Jian Bing."

Ling Guang made a gesture to run towards Jian Bing, looking like she'd really dare to snitch.

"You..."

"Come back!" Lin Yuan grabbed Ling Guang.

Lin Yuan's mouth twitched slightly as he asked irritably, "Spill it, what do you want?"

He couldn't let Jian Bing know he spied on her.

Otherwise, if Jian Bing, that fierce woman, demanded he be responsible for her, what then?

Of course, that was just Lin Yuan's wishful thinking.

If Jian Bing knew, she'd most likely come after him for revenge.

Ling Guang's purpose for this threat was surely to make a demand.

If her demand isn't too much, agreeing to it wouldn't be a problem.

"I only have a small request." Ling Guang gestured with her hand, then slowly said, "When Sister Jian Bing beats me up in the future, you have to help me!"

"Not many can beat Sister Jian Bing! Right now, it's just you and Brother Meng Zhang, but Brother Meng Zhang never helps me!"

"I suspect Brother Meng Zhang has a crush on Sister Jian Bing, totally crushing!"

Lin Yuan nodded, replying, "Alright!"

Lin Yuan thought, anyway, I won't stay long in Emperor Dragon City, so this promise is just an empty check.

....

....

Soon, the three of them arrived at the Tang City Refuge.

Zhi Ming and Zhang Zhen had been waiting for a long time; seeing Lin Yuan and the others brought them relief.

"You came just in time!"

"If you didn't come, we really wouldn't know what to do!" the official responsible for Tang City proactively said.

Let's not even mention a super-sized Deceitful Demon; Tang City couldn't even handle a normal one alone.

If Lin Yuan and the others hadn't come, Tang City would have faced complete destruction.

Seeing Lin Yuan and the others felt like seeing saviors.

After a brief understanding, Lin Yuan learned about the situation in Tang City.

Then Lin Yuan said, "This isn't the place to talk; let's find somewhere else to chat!"

"Okay!"

"Sure, sure!" Tang City official sanctuary members repeatedly agreed.

In the crowd, Zhi Ming quietly asked Jian Bing, "Who is he?"

Before Jian Bing could answer, Ling Guang answered first, "Lin Yuan, he's the one the dean mentioned."

"The one even more powerful than Brother Meng Zhang."

Initially, Zhi Ming was puzzled about how this person immediately seized control without consulting them.

Now that he learned it was Lin Yuan, Zhi Ming didn't object.

Because Lin Yuan is even more powerful than Meng Zhang, which the dean personally verified.

Moreover, Lin Yuan belongs to the category of wild Life Pattern Masters.

Their current strength comes from the dean's guidance.

In the world post-deceitful invasion, it's the strong who are respected.

Therefore, Zhi Ming couldn't help but respect Lin Yuan.

Before entering the refuge, the official responsible for Tang City stood atop the city wall and spoke into a microphone, "Don't worry, we're saved!"

"The people sent by Emperor Dragon City have arrived; this time, everyone will certainly be able to escape danger."

His voice, amplified, reached all the survivors' ears.

Hearing that people from Emperor Dragon City have arrived, the survivors, previously distraught, felt a bit more at ease.

Due to the proximity to Emperor Dragon City, every time a Deceitful Demon or troublesome Evil Spirits appear around Tang City,

people are sent from Emperor Dragon City, and they easily resolve the issues.

Therefore, the survivors in Tang City have an extraordinary level of trust in Emperor Dragon City.

....

....

Tang City Refuge.

Inside the meeting room.

Lin Yuan directly sat on the main seat and then asked the official responsible for Tang City, "As the saying goes, know yourself and know your enemy, and you can fight a hundred battles and win."

"Let's share information; the more we know, the faster we can break the Deceitful Realm."

Once Lin Yuan finished speaking, everyone's eyes turned to Tang City's official responsible person.

They were the direct victims of the Deceitful Realm's arrival and the first to encounter it.

Logically, they should have the most information.

"Then I'll share the information we currently have!" Tang City's official responsible person said, "Actually, the casualties among Tang City's survivors aren't large. Once the Deceitful Realm arrived, the Evil Spirits within didn't madly harm the survivors. Instead, they drove the survivors towards the refuge."

"Currently, there are three types of Evil Spirits appearing in the Deceitful Realm, ranging from weakest to strongest: Tier Eight skeleton novice monks, Tier Seven zombie warrior monks, and Tier Six golden light arhats."

Lin Yuan calculated that the seated monk they dealt with earlier should be the Tier Six golden light arhat.

Hearing this, Lin Yuan added, "We just encountered four Tier Five Evil Spirits and a stronger one. The Tier Five ones can be temporarily called seated Bodhisattvas, and the strongest one called the Deceitful Buddha."

"This area of the Deceitful Realm can also temporarily be named the Deceitful Buddha Deceitful Realm."

Hearing there were actually four Tier Five Evil Spirits and a stronger one, Tang City's official responsible person shivered.

"Go on!"

After naming the Four Directions Attendants and Great Black Heaven they just encountered, Lin Yuan indicated that Tang City's official responsible person could continue.

"Gulp!" Tang City's official responsible person swallowed and continued, "We managed to capture a Tier Six golden light arhat by luck."

"After hypnotizing it, we obtained an important piece of information."

"This piece of the Deceitful Realm hasn't deeply integrated with the Real World. Their purpose in driving all survivors together is to blood sacrificially accelerate the integration of the Deceitful Realm and the Real World."

Saying this, Tang City's responsible person took out a diagram and said, "This is a map drawn from the information obtained from that golden light arhat."

"They built ten Buddhist temples in Tang City, with nine surrounding it as the lotus petals, and one at Tang City's center as the lotus heart."

"These ten Buddhist temples not only summon Evil Spirits but are also key to blood-sacrificing all survivors."

"We were planning to organize manpower to destroy these Buddhist temples! You are here; that's even better!"

After listening to Tang City's official responsible person's narration, Lin Yuan couldn't help but nod in approval.

Most humans may not be as powerful as Evil Spirits, but humans are smart!

Their strategy is correct!

Tang City's Life Pattern Masters can't deal with Tier Five Evil Spirits, but they can delay the blood sacrifice process by destroying the Buddhist temples.

Now that Lin Yuan and the others have arrived, they can also use the method of destroying Buddhist temples to force Great Black Heaven to reveal themselves.

The strategy is correct; Lin Yuan also plans to follow this strategy.
