

Apocalypse 195

Chapter 195 Desperate Battle and Victory

The power of the Four Departments had always been restraining the Great Black Heaven.

Even though he sacrificed his heart to the World Honored, gaining temporary immense power.

He was still at a disadvantage.

Red light, green light, black light, yellow light.

The four colors of light gathered on Zhong Kui's Demon-Slaying Sword, this was the power of the Four Departments.

The power of the Four Departments concentrated on Zhong Kui's Demon-Slaying Sword.

Lin Yuan unleashed a sword strike, sword energy and sword flowers appeared, the energies of four colors gathered like the Flood Dragon Rises to Sea, and also like a fierce tiger descending the mountain.

The Great Black Heaven continuously swung his fists to block, but how could mere fists resist a sharp sword?

"Tick-tock."

"Tick-tock, tick-tock."

The wounds on the Great Black Heaven multiplied, and the pitch-black blood flowed endlessly.

Undoubtedly, as time went on, the defeat of the Great Black Heaven was certain.

The previous battle with Yang Jing, in fact, had already surpassed Tier Five.

The pressure the Great Black Heaven brought to Lin Yuan was not even greater than what Peak Yang Jing brought.

Of course, when fighting Yang Jing, Lin Yuan was in a demonized state, out of control.

But now, Lin Yuan was fighting in a clear state of mind.

Lin Yuan wielded Zhong Kui's Demon-Slaying Sword, gathering the power of the Four Departments to himself.

As Lin Yuan struck out sword after sword, sword shadows were everywhere, the sharp sword energy gave people a feeling of needles against their backs.

At this time, Jian Bing, Zhi Ming, and Ling Guang, although hiding within the Three Departments, could clearly see the battle between Lin Yuan and the Great Black Heaven.

"So strong!"

"Stronger than Boss Meng Zhang!" Zhi Ming stared intently at the battlefield, speaking aloud involuntarily.

Ling Guang saw Lin Yuan pressing the Great Black Heaven and excitedly waved his fists, shouting loudly: "Fight!"

"Brother Lin, hit him hard, smash his dog head!"

Jian Bing, on the other hand, had a slightly flushed face, her heavy chest heaving as if recalling Lin Yuan's lecherous gaze towards her.

"Although he's a damned rascal, he truly is formidable."

"This is, to date, the most individualistic battle I've seen."

The injuries on the Great Black Heaven grew more severe, yet Zhong Kui's Demon-Slaying Sword's assault did not weaken.

For a moment, the Great Black Heaven's situation could be described as perilous.

The Great Black Heaven couldn't believe it, nor was he willing to believe, that such a strong human had emerged?

Originally, the Great Black Heaven thought that with his Tier Five Peak, with one foot stepping into Tier Four strength.

As long as he descended into this world, and merged his deceitful demon with the real world, he could smoothly enter Tier Four.

Then, become the earliest returning Tier Four, beginning a spree of slaughter.

Never would he have imagined, he became the one being slaughtered.

Unwilling!

He was unwilling no matter what!

As the saying goes, those daring to face death can even drag the emperor off his horse.

The Great Black Heaven thought, if this continues, I'm dead either way.

If that's the case, before I die, I'll drag you, Lin Yuan, down with me.

After this thought, the Great Black Heaven simply gave up resisting.

As the Great Black Heaven gave up resisting, the Zhong Kui's Demon-Slaying Sword in Lin Yuan's hand pierced through his chest.

Yet, there was no expression of pain on Great Black Heaven's face, only a bizarre smile.

"What the hell trick is he up to now?" Lin Yuan frowned.

The Great Black Heaven's current appearance was undoubtedly abnormal.

This smile was downright creepy.

Lin Yuan didn't know what trick the Great Black Heaven was up to, he could only try with all his might to urge Zhong Kui's Demon-Slaying Sword.

Trying to use the Power of Annihilation to swiftly extinguish the Great Black Heaven's vitality.

However, the Great Black Heaven was no small fry.

At this current stage, he was undeniably the big boss.

Trying to instantly kill the Great Black Heaven was impossible.

"With my eye consciousness, ear consciousness, nose consciousness, tongue consciousness, body consciousness, I sacrifice to the World Honored."

"With my blood, body... I sacrifice to the World Honored."

"Please World Honored, give me power."

The Great Black Heaven formed a Seal Decision with his hand, shouting crazily.

The next moment, only to see black flames spring forth all over the Great Black Heaven's body, within the flames, he revealed a ferocious expression.

Sacrifice.

The Great Black Heaven sacrificed everything of himself, seemingly desiring to gain more powerful strength.

However, within the black flames, the Great Black Heaven's body completely vanished, leaving only a soul shrouded by black flames.

In the black flames, the original bald monk-like Great Black Heaven had transformed into a Dharma Image.

At this moment, the Great Black Heaven had four faces and eight arms, draped in a tiger skin sash, wearing a Skull Crown.

In his eight arms, he held a bone bowl, crescent blade, human bone beads, trident, elephant skin drum, hook, Vajra scepter, and chains.

The Great Black Heaven floated within the black flames, after the flames burned through his flesh, they did not continue to burn his soul.

Instead, it seemed to have bestowed him empowerment from beyond.

"A mere mortal, actually forced me to this point."

"It won't be long before I return to the embrace of the World Honored."

"Before that, I will definitely kill you!" The Great Black Heaven's voice was filled with hatred.

With this act, Great Black Heaven essentially laid bare his cards.

Clearly telling Lin Yuan that he couldn't maintain this state for long.

Of course, this also demonstrated his absolute confidence.

Before returning to the embrace of the World Honored, he had absolute confidence in being able to kill Lin Yuan.

Within the black flames, the power of the Great Black Heaven grew stronger.

Bone bowl, crescent blade, Vajra...

The Great Black Heaven unleashed all his magic artifacts, hurling them towards Lin Yuan.

At the same time, Zhong Kui's Demon-Slaying Sword, Soul-Luring Lamp, Qiankun Umbrella, Judge's Pen, Chopper, and token all flew out, clashing head-on with the Great Black Heaven's artifacts.

Their magic artifacts collided, and for a moment, they were locked in a stalemate, neither side gaining the upper hand.

Meanwhile, the Great Black Heaven chanted Buddhist sounds from his mouth.

The demonic flames around the Great Black Heaven transformed into scriptures, swimming towards Lin Yuan like fish.

At Lin Yuan's ears, the enchanting Buddhist sounds echoed.

Gradually, Lin Yuan's eyes became a bit dazed, seemingly enchanted by these beguiling sounds.

"Come!"

"Submit to the World Honored, and you'll gain unparalleled power."

"Come, come!"

Within the captivating Buddhist sounds, Lin Yuan seemed bewitched, beginning to walk towards the Great Black Heaven, step by step.

The Great Black Heaven had sacrificed his physical form, offering everything but his soul to the World Honored in exchange for immense power.

Though the Great Black Heaven believed in the World Honored, he did not wish to return to the embrace of the World Honored.

Returning to the embrace of the World Honored would mean the dispersal of his soul.

If he wanted to survive, there was only one other path.

That was to obtain a new physical form.

Now, for the Great Black Heaven, the best body, without a doubt, was right in front of him.

He enchanted Lin Yuan to approach him, intending to seize Lin Yuan's body.

Seeing Lin Yuan approaching slowly, the Great Black Heaven's face revealed an ecstatic expression.

However, at this moment.

"Boom!"

Suddenly, a massive energy wave erupted.

The Qiankun Umbrella, Soul-Luring Lamp, and Zhong Kui's Demon-Slaying Sword merged, forming a blood-red fan.

Iron Blood Demon Bone Fan.

"Whoosh!"

"Whoosh! Whoosh!"

The Iron Blood Demon Bone Fan waved, and scarlet flames enveloped all eight of the Great Black Heaven's artifacts.

Within these scarlet flames was the Power of Annihilation; under its corrosive force, these artifacts turned to ashes.

After dealing with the Great Black Heaven's eight artifacts, the Iron Blood Demon Bone Fan suddenly appeared in Lin Yuan's hands.

With the appearance of the Iron Blood Demon Bone Fan, Lin Yuan's dazed eyes instantly cleared up.

Moreover, a fierce glint appeared in his eyes.

Fortunately, the Iron Blood Demon Bone Fan had just formed, and Lin Yuan did not enter a state of demonic possession.

However, with the Iron Blood Demon Bone Fan, it should suffice to deal with the Great Black Heaven.

The Great Black Heaven: "????"

The Great Black Heaven at this moment appeared with multiple heads and arms, his eight eyes filled with shock.

He never expected that Lin Yuan would have such a trump card.

While others' trump cards might be one, Lin Yuan's were like a sow wearing a bra, one set after another.

His trump cards were endless!

"You dare try to bewitch me! You're not qualified!" Lin Yuan cursed, waving the Iron Blood Demon Bone Fan in his hand.

Scarlet flames surged around him, and from the flames charged fierce tigers, pouncing towards the Great Black Heaven to tear him apart.

The fiery tigers incessantly tore at the Great Black Heaven's manifestation, like ants eating an elephant.

A single ant poses no threat to an elephant, but if it's an endless army of ants, even an elephant will be reduced to bones.

The manifestation of the Great Black Heaven began to slowly collapse.

The Great Black Heaven had no means left; everything he could sacrifice, he had. Now, only a broken soul manifestation remained.

"Supreme World Honored!"

"I am willing to offer my soul to you, in exchange for the most malevolent curse upon him."

"Curse him..."

The Great Black Heaven truly hated Lin Yuan!

With no hope of turning the tide, he might as well sacrifice his soul to curse Lin Yuan.

As the Great Black Heaven's sacrifice began, a Buddha statue slowly appeared behind him. Seeing this statue, Lin Yuan felt a chill down his spine.

This Buddha statue made him feel fear.

Lin Yuan struggled to see the statue's features clearly.

However, he could never make them out; a thin veil seemed to cover the statue's face, obscuring its true appearance.

The only clear distinction was that this statue differed from others.

Other statues were seated on the Lotus Platform, while this statue sat atop a mountain.

This statue, then, was the World Honored.

It seemed this statue was here to claim the soul of the Great Black Heaven.

"Don't look at me!"

"Don't pay attention to me!" Lin Yuan thought to himself.

Just this World Honored Buddha Statue gave Lin Yuan an overwhelming sense of powerlessness.

However, just as the World Honored Buddha Statue was about to fully manifest among the Four Departments.

"Away!"

A voice like thunder rang out, then a phantom of a great mountain descended from the sky, as if to suppress the World Honored Buddhist Statue beneath it.

Lin Yuan watched the mountain intently; its appearance seemed familiar.

It appeared to be a Mount Tai reduced in size many times over.
