Chapter 231: Entering the Mysterious World

Since the last meeting with Lin Yuan, Little Sister-in-law has been staying at Peach Mountain, never leaving.

She doesn't even interact with anyone usually.

She feels her current state is very unstable; even she can't determine what she truly is right now.

A person of this world?

Or, the Evil Spirits of that Mysterious World?

Although she is quite strong now, she lives every day in fear.

She's afraid, afraid of losing control one day.

Afraid of becoming an outcast in Lin Yuan's eyes.

At this moment, Lin Yuan arrived.

Seeing Lin Yuan appear before her, Little Sister-in-law's previously gloomy mood was instantly lifted.

She asked, somewhat excited yet puzzled, "Why do you come here every day, aren't you busy with serious business?"

In Little Sister-in-law's view, Lin Yuan is the backbone of Peng City, he should be busy with many things!

Coming here every day, how inappropriate.

Lin Yuan replied solemnly, "I came this time to do serious business."

Little Sister-in-law rolled her eyes at Lin Yuan, thinking, your "business", who knows if it's serious or not.

From Little Sister-in-law's glance, Lin Yuan could tell she had misunderstood.

In an instant, Lin Yuan felt more wronged than Dou E.

He really came for serious business, why doesn't she believe him?

"I really came for serious business!"

"I want you to help identify something. Here's the deal, I got a Teleportation Gate from the Liu Family conglomerate."

"It's said to teleport to that Mysterious World."

"I was thinking, you've been there, right? I'd like you to check if this thing is real!" Lin Yuan explained his purpose.

After hearing this, Little Sister-in-law finally believed that Lin Yuan truly came for business.

So, she busily said, "Take it out, I'll help you check."

A moment later, Little Sister-in-law looked at Lin Yuan with a face full of surprise.

"I asked you to take out the thing, why are you taking off your clothes?" Little Sister-in-law exclaimed in shock.

Lin Yuan replied earnestly, "Before evaluating the item, I need to evaluate you first!"

Little Sister-in-law: "??????"

Little Sister-in-law was completely perplexed, thinking Lin Yuan might finally be serious once.

Unexpectedly, Lin Yuan is still the same Lin Yuan!

"What... what nonsense are you spouting?"

"What is there to evaluate about me!" Little Sister-in-law blushed fiercely.

At this moment, Lin Yuan transformed into a car repair master, speaking fluently, "There are plenty of aspects to evaluate!"

"First, check if the headlights are bright enough. Then, evaluate if there are any scratches on the taillights."

"The engine needs to be checked for oil leaks, the horn should be heard if it sounds right, and most importantly, brakes need to be tested several times; if the brakes fail, it can be life-threatening...."

After two hours, through Lin Yuan's repeated checking and maintenance, it was confirmed that the car was in good condition with no issues.

During this evaluation and maintenance process, Lin Yuan had already revealed his intention to Little Sister-in-law.

"Are you really planning to go to that Mysterious World for a breakthrough?" Little Sister-in-law looked at Lin Yuan and said.

Lin Yuan nodded and said, "As it stands, there exists an unbreakable shackle in this world. Unless the world's level increases and this shackle disappears, breakthroughs are impossible."

"Aside from heading to that Mysterious World for a breakthrough, I can't think of any other way."

Upon hearing Lin Yuan's story, Little Sister-in-law nodded involuntarily.

After inheriting the Rebirth Saint Mother's legacy, Little Sister-in-law's strength was no less than Lin Yuan's.

Her knowledge might even surpass Lin Yuan's.

Little Sister-in-law also comprehended nearly everything Lin Yuan knew.

"That Mysterious World indeed doesn't have so-called shackles."

"Going to that world, you have a significant chance of success."

"Have you considered, that world belongs to Evil Spirits? Demon Fiends can survive there, but you as a human will be an outcast in that world."

"You can't hide your presence at all, like a bright lamp in the dark, all Evil Spirits will target you first."
Little Sister-in-law said gravely.

If Lin Yuan heads to that world now, he would likely be discovered by Evil Spirits upon arrival and be caught in endless pursuit.

At that point, he would have neither the time nor the energy for a breakthrough.

After hearing Little Sister-in-law, Lin Yuan's expression immediately darkened.

Indeed, he was being too simplistic!

Unable to hide his presence, heading to that world was a death sentence.

For a moment, Lin Yuan fell into deep thought.

If he wanted to enter that Mysterious World for a breakthrough, he had to find a way to conceal his presence, to make the Demon Fiends perceive him as one of them.

After pondering for a while, Lin Yuan seemed to think of something and tentatively suggested to Little Sister-in-law, "If I invite magical energy into my body, turning into a possessed state. This might successfully mask my human scent..."

However, before finishing, Lin Yuan immediately dismissed this idea on his own.

This method wouldn't work.

Entering a possessed state would cause him to lose his mind, falling entirely into a killing instinct.

In that state, he simply couldn't break through.

In fact, if he remained unconscious for a long time, the demonic flames would burn him alive.

What should he do?

If there wasn't a good way to cover his aura, then the plan to break through in that mysterious world would have to be put on hold.

Just as Lin Yuan was full of worry, his sister-in-law spoke up, "I can help you, I'll go with you!"

"I have a way to cover the aura on your body."

Upon hearing this, Lin Yuan excitedly gave her a peck on the cheek.

Truly, heaven doesn't cut off all paths!

His sister-in-law was practically his lucky star.

"Do you really have a way?" Lin Yuan asked.

His sister-in-law solemnly nodded and replied, "I have a method to cover the aura, but first, I need to see your teleportation gate."

"I can only enter and exit that mysterious world by myself, taking you is not possible."

"To enter that mysterious world, we can only use your teleportation gate."

At this moment, Lin Yuan remembered.

They had agreed to find his sister-in-law to identify the teleportation gate, but until now, he hadn't shown her the gate!

Lin Yuan took out the teleportation gate he got from the Liu Family and handed it over for his sister-in-law to inspect.

His sister-in-law's internal energy spread throughout the teleportation gate, at which point the gate emitted a sense of originating from the same source.

This feeling was derived from the energy of the otherworld.

After a brief contemplation, his sister-in-law said, "This thing should indeed be able to reach that mysterious world."

"I can sense the aura of that world on this."

It could actually teleport to that mysterious world, no wonder Yang Dingguo was so fixated on obtaining the teleportation gate technology of the Liu Family.

Just the mere fact of teleporting to the mysterious world was significant.

The teleportation gate was valuable enough to be a strategic asset.

"Once in the mysterious world, after successfully advancing to Tier Four, then the Liu Family's teleportation gate technology will be mine!" Lin Yuan thought to himself.

"Let's head to the ruins of the Rebirth Sect!"

"There's a Well of Rebirth there, which should aid your breakthrough!" his sister-in-law said to Lin Yuan.

Lin Yuan and his sister-in-law shared an unspoken understanding.

Lin Yuan believed his sister-in-law wouldn't deceive him.

Since his sister-in-law said the Well of Rebirth would help, then it likely would.

"Let's go to the place you mentioned then!"

"No matter what, I must break through to Tier Four this time."

"The teleportation gate I've obtained with great difficulty offers only one chance, and I must cherish it!" Lin Yuan stated solemnly.

Only by successfully advancing to Tier Four could he annihilate the Deceitful King Faction and seize the teleportation gate technology from the Liu Family.

If this breakthrough failed, he would have to wait for the world to upgrade, when the shackles of Tier Four no longer existed, to advance.

But once the world upgraded, it wouldn't be just him who could breakthrough to Tier Four.

People like Yang Jing, Feng Wuji, Jian Bing, Meng Zhang, and others could also potentially break through to Tier Four.

Even the mysterious expert within the Deceitful King might break through to Tier Four.

Suddenly, Lin Yuan thought of something.

Yang Jing mentioned that the tattoo ability was from Red Cloud's mysterious expert, quite possibly the Ghost Leader.

The teleportation gate was obtained from the Liu Family.

Then....

He contemplated breaking through in the mysterious world, so would that mysterious Red Cloud, if it were the Ghost Leader, have also thought of this method?

After some careful consideration, Lin Yuan felt it was unlikely.

Firstly, last time when Red Cloud saved Yang Jing, the power displayed was certainly not Tier Four.

If it were Tier Four, there would have been no need to merely save Yang Jing; he could have easily killed him.

Defeating him back then, and even now, would have been effortless for someone at Tier Four.

Since no action was taken back then, it indicated a lack of confidence or ability to do so.

Moreover, the families within the Deceitful King Faction were fiercely competitive.

The relationship between the Liu Family and the Ghost Leader wasn't good, with hints of competition.

So, the Liu Family might not have given the teleportation gate to the Ghost Leader.

Lin Yuan stopped his wild thoughts and decided to break through to Tier Four first; becoming a Tier Four Life Pattern Master meant he could attack or defend as he pleased.

"When should we set out?" his sister-in-law asked Lin Yuan.

"There's no time like the present, let's go now!" Lin Yuan said, channeling his internal energy into the teleportation gate.

As energy flowed in, the initially palm-sized teleportation gate began to glow and then disintegrate into pieces.

Soon, a black energy gate appeared before them, and Lin Yuan grabbed his sister-in-law's hand and stepped into the teleportation gate.

Hand in hand, Lin Yuan and his sister-in-law stepped through the teleportation gate, which disappeared after they entered.

A tattoo of a bronze door appeared on Lin Yuan's arm, a one-time, dual-purpose mark.

As long as Lin Yuan channeled energy into the mark, he could summon the teleportation gate again to return to the real world.

Upon returning, the tattoo of the bronze door would automatically disappear.

Chapter 232: Liuyu Heaven

Mysterious World.

Before them lies an endless sea.

The color of the sea is as black as ink, with turbulent waves crashing against the shore, creating a thunderous roar.

In the next moment, Lin Yuan and his sister-in-law appeared, and the place they appeared was precisely on a reef by the shore.

"Damn!"

"Luckily we stopped, otherwise if we took a few more steps forward, we'd be falling right into the sea!" Lin Yuan looked at the dark waters ahead and said.

His sister-in-law chuckled, replying, "During the teleportation just now, I deliberately guided the location a bit."

"This is the Silent Sea, the ruins of the Rebirth Saint Cult, just two or three hundred miles away from here."

"Your identity is special. If you were teleported too far away, and discovered along the way to the Rebirth Saint Cult ruins, it would be troublesome."

Although his sister-in-law could conceal Lin Yuan's aura, Lin Yuan's essence is still human. Even with the aura covered, he can't guarantee not being discovered.

For example, those Evil Spirits that are stronger than his sister-in-law might be able to discover Lin Yuan's identity.

Or some weaker Evil Spirits, but more sensitive to aura, might also discover Lin Yuan's identity.

His sister-in-law's concealment can only reduce the risk of Lin Yuan being discovered, but cannot ensure he won't be discovered a hundred percent.

To say, Lin Yuan and his sister-in-law indeed had some bad luck.

While the two were conversing by the seaside, at this moment, a head quietly rose above the surface of the sea.

This was a man with long ink-black hair, a pale complexion, sword-like eyebrows, and starry eyes, handsome and suave.

A pretty boy!

The man in the water, definitely a pretty boy.

"Special identity?"

"Human?" This pretty boy happened to overhear Lin Yuan and his sister-in-law's conversation.

If he hadn't heard their conversation, with Lin Yuan covered by his sister-in-law's aura, he wouldn't notice anything amiss.

But after overhearing their conversation, it was a different story.

He carefully sensed Lin Yuan's aura and immediately discovered the aura was unusual.

On the surface, it seemed human, but upon closer inspection, it revealed traces of life essence.

Thinking this, the pretty boy immediately made a move toward Lin Yuan.

Merely floating up to the surface.

Under the water, his body's form also emerged.

This pretty boy was not entirely human in form but had only a human head, while his lower half was a giant octopus.

Several octopus tentacles extended from the sea, curling towards Lin Yuan and his sister-in-law, seemingly intent on dragging them into the sea.

This sea region is known as the Silent Sea, where the ink-black water is particularly unique.

This water can block energy detection, aside from eyesight, making it impossible to detect hidden enemies in the sea.

At this moment, Lin Yuan and his sister-in-law were facing away from the octopus creature, thus utterly unaware.

Unexpectedly, several tentacles of the giant octopus indeed captured Lin Yuan and his sister-in-law, dragging them into the sea.

Due to the Silent Sea's shielding effects, Lin Yuan and his sister-in-law were unprepared.

However, fortunately, Lin Yuan was swift; just as the two were lifted, Lin Yuan summoned Zhong Kui's Demon-Slaying Sword, slicing at the octopus creature's tentacles.

"Clang!"

The sound of the sword rang out, cutting off the tentacles entwining Lin Yuan and his sister-in-law. The cut was smooth and neat, showcasing the sharpness of Zhong Kui's Demon-Slaying Sword.

After slicing off the tentacles and breaking free, Lin Yuan quickly pulled his sister-in-law back over a hundred meters, watching the dark sea from afar.

In the sea, a pretty boy's head floated, underneath him was an octopus body, with hundreds of thick octopus tentacles flailing chaotically like a mad demon.

"What kind of freak is this?" Lin Yuan frowned and said with a dark expression.

They really had terrible luck, just arriving in this mysterious world and immediately meeting an Evil Spirit?

The perilous nature of this world was quite evident!

His sister-in-law recalled, searching her memory about the Silent Sea and looking for information on the octopus creature.

"It's Liuyu Heaven, a follower of the World Honored," his sister-in-law answered.

Rebirth Saint Mother and the World Honored are both deities of this world.

Deities of their level have many Tier Five Evil Spirits as followers, even servants.

The Dark Demon Ape family has been generations of followers of the Rebirth Saint Mother.

In his sister-in-law's memory, records of Liuyu Heaven are described as a human-headed octopus-bodied creature, controlling six desires, fond of water, often roaming the Silent Sea.

Liuyu Heaven?

Upon hearing this name, Lin Yuan recalled defeating the Great Black Heaven in Tang City.

The Great Black Heaven also seemed to be a follower of the World Honored.

It seems that this World Honored is quite a figure in the mysterious world!

Thinking this, Lin Yuan asked, "Is the World Honored more formidable, or the Rebirth Saint Mother?"

Regarding this question, his sister-in-law did not hide it but rather spoke frankly, "The World Honored should be somewhat stronger than the Rebirth Saint Mother."

The conversation between Lin Yuan and his sister-in-law made Liuyu Heaven in the sea feel slighted.

Damn, right in the midst of fighting, you're both chatting away, what's this, a romance?

Without another word, Liuyu Heaven stirred the inky water, splashing it towards Lin Yuan and his sister-in-law.

The sea surged, forming a water curtain on the surface, from which sea beasts composed of water lunged forth.

Lin Yuan waved his hand, and a sword strike, the scarlet annihilation sword energy, slashed out.

The sea beasts formed by the pitch-black seawater were struck by the sword energy and immediately began to vanish, disappearing into thin air.

At this moment, the expression on the faces of those from Liuyu Heaven in the sea also turned grave.

They originally thought they had captured a human, never expecting to encounter a tough opponent.

However, in Silent Sea, after all, it is Liuyu Heaven's domain, and being in the ocean, he can be continuously replenished.

The most crucial factor is that in the ocean, he can fight if he wants to, and leave if he wants to.

If he can't win, he can dive into the sea and slip away at any time.

Thinking this way, Liuyu Heaven grew bolder when making a move.

Liuyu Heaven used his full strength at this time, and under the tremor of his full power, the seawater began to vibrate at a special frequency.

Moments later, a colossal Buddha made of seawater appeared, and this Buddha was enormous enough to obscure the sky above Lin Yuan.

Lin Yuan had seen this Buddha statue before.

This was the World Honored Buddha Statue that appeared once in the Deceitful Demon of Great Black Heaven.

"Buzz!"

The Buddha statue emitted a special sound wave from its mouth and then pressed down on Lin Yuan and sister-in-law.

Before Lin Yuan could strike, sister-in-law formed seals with her hands, rapidly gathering energy around.

Amidst gathering countless energies, a vermilion coffin materialized, and from above, it swiftly enveloped the giant Buddha statue.

"Clang!"

The coffin lid closed, and the colossal World Honored Buddha Statue was shut into the vermilion coffin by sister-in-law.

Liuyu Heaven's strength seemed somewhat weaker than the Great Black Heaven they had encountered earlier.

Neither sister-in-law nor Lin Yuan could be beaten by him.

His only advantage was being in the ocean—if defeated, he can flee anytime.

Moreover, Lin Yuan's identity is special, making him hesitant to pursue too deeply.

In the sea, Liuyu Heaven was smart, realizing his summoned World Honored Buddha Statue was easily suppressed.

He knew he probably wasn't a match for these two people.

Thus, Liuyu Heaven planned to dive into the sea to escape.

Just as Liuyu Heaven was preparing to run but hadn't yet left.

"Pfft!"

Sister-in-law sprayed a mouthful of blood, then her entire body collapsed weakly to the ground.

Seeing this, Liuyu Heaven, who had been intending to flee, immediately ceased his escape plan!

"Is this woman injured?"

"Seems they're weaker inside than outside!"

"Since this woman is injured, that man, protected by a woman, surely isn't a match for me either."

Thinking of this, Liuyu Heaven manipulated his tentacles to coil towards Lin Yuan and sister-in-law!

Seeing sister-in-law injured, Lin Yuan raised Zhong Kui's Demon-Slaying Sword, intending to deal with this giant octopus.

How dare he injure his woman; today, Lin Yuan surely wants to sever his claws and make grilled squid.

Just as Lin Yuan was about to strike to destroy this octopus monster, sister-in-law's voice sounded in his mind, "Don't resist, let him entangle us."

Lin Yuan: "?????"

Hearing sister-in-law's transmitted voice, Lin Yuan was momentarily puzzled.

He didn't understand what sister-in-law meant.

However, Lin Yuan knew that sister-in-law wouldn't harm him.

Thus, Lin Yuan symbolically resisted twice and then pretended to be injured and fell.

At this time, Liuyu Heaven's tentacles had already entangled Lin Yuan and sister-in-law, dragging them both into Silent Sea.

Liuyu Heaven's octopus tentacles wrapped around the two, continuously diving towards the seabed.

"Are you pretending?" Lin Yuan transmitted the message to sister-in-law.

From the tone of sister-in-law's earlier transmission, it seemed she was not injured.

Moments later, sister-in-law replied via transmission, "I'm fine; our battle movements just now likely alerted nearby evil spirits."

"I sense several strong presences approaching. If they find us, your identity might be exposed."

"This Silent Sea can shield us; we pretend to lose and let Liuyu Heaven drag us into the sea to avoid the threats above."

"Liuyu Heaven isn't strong. After the evil spirits above disperse, we will leave here."

Upon hearing sister-in-law's explanation, Lin Yuan immediately understood.

No wonder, even though they had the upper hand earlier, sister-in-law suddenly vomited blood.

Turns out, it was to deceive Liuyu Heaven!

Indeed, Zhang Wuji's mother was right!

The more beautiful a woman is, the more deceitful she can be.

Fortunately, this time Lin Yuan came to the Mysterious World accompanied by sister-in-law.

If he had come alone, he really might have faced an early, untimely demise.

Encountering evil spirits right at the start, without sister-in-law's experience and guidance, he would likely have fallen into an evil spirit's encirclement by now.

Chapter 233: Liuyu Heaven's Peculiar Fetish

About five or six minutes after Lin Yuan and the sister-in-law were dragged into the sea by Liuyu Heaven, a group of evil spirits arrived at the shore.

There was an Evil Flood Dragon with three heads, a Minotaur, and a mudman emitting a foul stench all over...

"Strong energy fluctuations, three sources, one is from Liuyu Heaven, the other two are unfamiliar energy waves," the mudman said hoarsely.

The Minotaur chimed in, "It seems this bastard Liuyu Heaven has fought with someone else again. The energy waves have disappeared, looks like the fight went into the sea."

"Should we go and take a look?" asked the three-headed Evil Flood Dragon.

At these words, the mudman was the first to refuse, "It has nothing to do with me, I'm leaving."

The mudman was afraid of water, he definitely did not want to go to the Silent Sea.

After the mudman left, the Minotaur said angrily, "I wish that bastard Liuyu Heaven were dead. My wife is still waiting for me to go home for dinner, I'm leaving too."

With the departure of the mudman and the Minotaur, the three-headed Evil Flood Dragon glanced at the vast Silent Sea and also turned to leave.

Those two unfamiliar auras were very strong; the mudman and the Minotaur didn't get involved, and the three-headed Evil Flood Dragon didn't have the confidence to intervene either.

Besides, the three of them are merely neighbors with Liuyu Heaven with no bond to risk their lives for him.

If they hadn't detected the unfamiliar auras, they wouldn't have even come to check.

Meanwhile, Liuyu Heaven was dragging Lin Yuan and the sister-in-law downward, feeling extremely pleased with himself.

No humans had entered this Mysterious World for unknown years.

Today, he actually captured a living person.

Should this living person be presented as a sacrifice to the World Honored?

Then, he would undoubtedly receive the World Honored's blessing.

However, before sacrificing Lin Yuan to the World Honored, he intended to toy with this human first.

With this thought, a bizarre smile that couldn't be described with words appeared on Liuyu Heaven's face.

Liuyu Heaven continued to drag Lin Yuan and the sister-in-law into the depths of the sea, and soon, they arrived at the seabed.

In the depths of the sea was a palace made of black jade.

Upon entering the palace, Liuyu Heaven transformed into human form, his octopus tentacles turned into ropes, binding Lin Yuan and the sister-in-law.

However, Liuyu Heaven's method of binding looked somewhat familiar!

This binding method had a particular name; it was known as Turtle Shell Binding.

The grand black jade palace was eerily quiet; after throwing Lin Yuan and the sister-in-law down, Liuyu Heaven sat on the black jade throne, looking at them contemptuously.

"Descendant of the Rebirth Saint Mother?"

"As a descendant of the Rebirth Holy Mother, you should know this world is not a place humans can enter?"

"Why bring a human into this world?" Liuyu Heaven seemed to have recognized the sister-in-law's identity and questioned her sharply.

The sister-in-law did not give Liuyu Heaven any regard.

Her capture was merely to avoid outside individuals and prevent falling into an ambush.

This Liuyu Heaven really thought himself important, believing he captured Lin Yuan and the sister-in-law by his strength.

Currently, Lin Yuan and the sister-in-law could break free from the restraints at any moment and eliminate Liuyu Heaven.

Liuyu Heaven, this fellow, really invited trouble, yet he's still proud of himself.

"Should we take care of him?" Lin Yuan transmitted a message to the sister-in-law.

The sister-in-law had visited this world and knew its dangers.

A Tier Five combat strength is top-tier in the Real World, but in the Mysterious World, it's merely middle-tier power.

In this Mysterious World, although Tier Five Evil Spirits are not everywhere, they are not uncommon either.

Just around the Silent Sea, there are no fewer than five or six.

Just before, when Lin Yuan, the sister-in-law, and Liuyu Heaven fought, there were at least three Tier Five Evil Spirits coming to inspect the situation.

Actually, aside from these three, Liuyu Heaven had several neighbors in the sea.

However, the Silent Sea could mask energy fluctuations, and those sea neighbors didn't notice.

The sister-in-law shook her head, transmitting a message, "Not sure if those evil spirits outside have left, let's wait a bit longer."

This time entering the Mysterious World, everything was prioritized for Lin Yuan's breakthrough; other matters were to be avoided if possible, evading with caution as primary.

Upon hearing the sister-in-law's words, Lin Yuan had no objections.

He listened temporarily to the sister-in-law; stability was crucial, as he didn't wish to fall into an attack by evil spirits.

"You..." The sister-in-law completely ignored Liuyu Heaven, infuriating him to the point of almost exploding and smoke coming from his ears, pointing at the sister-in-law and questioning, "Why aren't you responding?"

"I'm asking you, are you deaf?"

The sister-in-law sneered at Liuyu Heaven, responding coldly, "You don't deserve an answer from me."

"If you want a conversation, let your World Honored come!"

Liuyu Heaven: "?????"

Liuyu Heaven was rendered speechless by the sister-in-law's retorts.

Because, according to status, only the World Honored could be considered an equal to the Rebirth Holy Mother.

His status, in flattering terms, was a follower of the World Honored; in derogatory terms, a servant of the World Honored.

The Mysterious World is a place where status and rank are crucial.

With unequal status, the sister-in-law ignoring Liuyu Heaven was entirely justified.

As for summoning the World Honored for dialogue with the sister-in-law?

Liuyu Heaven was incapable of such a feat!

He was the servant of the World Honored, not the other way around.

Moreover, the World Honored hadn't shown himself for years; where could he find the World Honored?

"You..."

"You're so awesome, but you still ended up as my prisoner, didn't you?"

"Fine, you've got some guts, I won't ask you anymore, but I suppose I can ask him!" Liuyu Heaven pointed at the sister-in-law, unable to speak for a while, and helplessly turned his attention to Lin Yuan.

Liuyu Heaven understood the principle of squeezing the softer fruit.

In Liuyu Heaven's eyes, Lin Yuan was just a weakling protected by women, without any real skills.

"Who are you?"

"Why did you enter this world?"

"What is your purpose for coming to this world?" Liuyu Heaven sized up Lin Yuan and asked.

"I'm tender!" Lin Yuan replied irritably, then ignored Liuyu Heaven.

Liuyu Heaven was about to explode!

What sort of people had he caught?

These two didn't pay him any heed, no matter what he wanted to ask, he couldn't get answers!

Liuyu Heaven's face twisted with anger, gritting his teeth as he spat out a sentence, coldly saying, "It seems that without showing you some means, you won't cooperate with me!"

"Alright, it's time to show you how powerful I am, Liuyu Heaven."

Liuyu Heaven's face seemed to transform, the previous anger replaced with overwhelming desire.

Then, he approached the sister-in-law and seemed to whisper something in her ear.

"Hahaha!" Liuyu Heaven laughed strangely, giving the sister-in-law a knowing look that all men understood: "Wait here! I'm going to get some tools, be right back!"

Lin Yuan: "?????"

"Damn!"

"Is he planning to do something to the sister-in-law?"

"Right, he's called Liuyu Heaven, just hearing the name, you know he's not up to anything good." Thinking of this, Lin Yuan immediately cursed loudly, "Bastard, what the hell do you want?"

"Let me go, I'll chop you up alive."

However, Liuyu Heaven completely ignored Lin Yuan and left directly.

"What did he say in your ear? If he dared to say anything filthy, I'll tear his mouth to avenge you."

"If he dares to do anything to you, I swear I'll kill him later!"

"This damn Liuyu Heaven, I'll beat him until not even his mother recognizes him!" Lin Yuan said to the sister-in-law.

The sister-in-law blushed and whispered, "You..."

"You misunderstood, he has no ill intentions towards me."

"He just whispered that he's very interested in you and wants you to serve him well later."

Lin Yuan: "?????"

Lin Yuan couldn't have imagined that this octopus monster would turn out to be gay.

The sister-in-law was temporarily safe, but Lin Yuan himself was not safe!

Thinking about this, Lin Yuan felt a chill running down a certain part of his body.

"Damn it..."

"This really is intolerable!"

"Being interested in me is absolutely unbearable!" Lin Yuan was fuming, determined to take apart Liuyu Heaven when he returned.

It wasn't long before Liuyu Heaven returned.

In his hands were all sorts of items: a small whip, candles that could burn underwater, seaweed resembling a steel wool ball...

From Liuyu Heaven's face, it was obvious he was very excited!

In the next moment, he reverted to his original form, a monster with a human head and octopus body.

His octopus tentacles wrapped around those little toys, swimming over to Lin Yuan.

"Hahaha!"

"I haven't toyed with humans for a long time, let's have some fun first, then offer you as a sacrifice to the World Honored!" Liuyu Heaven laughed eerily.

Perhaps due to overwhelming excitement, Liuyu Heaven's octopus tentacles began secreting a sticky, slippery, strange liquid.

Lin Yuan: "?????"

Lin Yuan's face was covered with black lines, glaring at the sister-in-law, and transmitted through sound, "I can't take it anymore! I have to kill him, no one can stop me."

Sister-in-law: "?????"

The sister-in-law was also speechless, she hadn't expected that just entering this world, they would encounter such a thing.

If Lin Yuan were truly defiled by Liuyu Heaven, she might never be able to face Lin Yuan again.

"Alright!" The sister-in-law responded.

At this moment, countless tentacles of Liuyu Heaven, wrapped around his little toys, reached out towards Lin Yuan.

Seaweed resembling a steel wool ball was rubbed onto Lin Yuan's lower body.

The whip also lashed over, with candles burning, "drip, drip" dripping green wax.

Can't take it.

Really can't take it.

This was straight out of a script from Zhang Zhen's phone's saved movies, the problem being, if Lin Yuan were playing the lead male role it might be acceptable.

His current predicament was that of the female lead in those movies!

This damn scenario is intolerable for anyone!

Thinking of this, Lin Yuan directly broke free from his restraints, and in the next moment, the Qiankun Umbrella appeared in his hand, first blocking those strange, mucous-secreting octopus tentacles.

Chapter 234: Deceitful Realm Maze, Lotus Creation

"Boom!" With a loud crash, Lin Yuan snapped the tentacles of the octopus from Liuyu Heaven.

The Qiankun Umbrella spun gently, blocking all those tentacles smeared with strange mucus outside.

Primarily, the slime on these octopus tentacles was truly disgusting. If it touched him, Lin Yuan feared he'd feel nauseated for days.

"You..."

"How did you escape?" Liuyu Heaven was astonished.

However, as soon as the words left his mouth, the younger sister-in-law also broke free from her restraints and stood beside Lin Yuan.

"You two..."

"You two were pretending?" Liuyu Heaven realized too late what was happening.

If Lin Yuan and the younger sister-in-law could break free so easily, and he still didn't catch on, then he would truly be a fool.

"Just teasing you, testing your strength, that's all."

"Didn't expect you to be such a freak! Today, let's see if I don't beat you to death!" Lin Yuan angrily exclaimed.

"You actually dared to scheme against me!"

"But you forgot, this is my domain!" Liuyu Heaven said coldly.

As soon as he finished speaking, the surrounding black jade palace trembled violently, the massive group of palaces turning into one treasure after another.

When the dizziness subsided, it seemed Lin Yuan and the younger sister-in-law's positions had changed, and Liuyu Heaven had vanished from their sight.

Surrounding Lin Yuan and the younger sister-in-law were walls made of black jade, as if they were trapped in a square box made of black jade.

The next moment, an image of Liuyu Heaven appeared on the black jade wall in front of them.

"Humans, this is my domain. You think you can kill me here? Such wishful thinking."

"And you, Rebirth Saint Mother, daring to bring humans into our world. I will announce this to the world, and you will surely be shunned by all." Liuyu Heaven gritted his teeth as he spoke.

Hearing this, Lin Yuan's expression turned grim.

Lin Yuan came here seeking a breakthrough, and perhaps after succeeding, he might never return.

However, the younger sister-in-law received the Rebirth Saint Mother's legacy, which belonged to this world, and she might frequently visit this mysterious world in the future.

If Liuyu Heaven truly spread the news, it would be dangerous for her to come to this world again.

Since she helped him enter this world, he must help her eliminate this potential threat.

It seemed that today, Liuyu Heaven must die.

Only the dead can stay silent forever.

At this moment, only a black jade wall stood between Lin Yuan and Liuyu Heaven.

Lin Yuan soared into the air, Zhong Kui's Demon-Slaying Sword appeared in his hand, its blade slicing sharply towards the black jade wall before him.

"Zing!"

The piercing sound of the sword rang out; a scarlet sword energy slashed out, splitting the black jade wall and revealing the vast space beyond.

However, Liuyu Heaven was not behind this black jade wall.

This black jade palace was a maze, and Liuyu Heaven was its master.

He could appear at any wall of the black jade palace at will, deceiving Lin Yuan and the others' senses.

"Hahaha!"

"I told you, you can't kill me!"

"This is my domain; you can't even find me, let alone talk about killing me?" Liuyu Heaven's figure appeared all around, on every black jade wall.

At least dozens, if not hundreds, of Liuyu Heaven figures were laughing up at the sky around them.

Impossible to discern.

Impossible to discern.

Because the Silent Sea inherently has the ability to shield perception, they couldn't rely on energy detection to identify the real Liuyu Heaven.

They could only rely on their eyes to differentiate.

In this situation, eyesight was almost useless.

The next moment, dozens of octopus tentacles suddenly extended from the black jade wall on the right, as if trying to grab Lin Yuan.

Of course, Lin Yuan reacted quickly, turned his sword and cut off all the octopus tentacles, then slashed again at the black jade wall.

As the wall broke apart, apart from more open space, it was still surrounded by the same black jade walls.

This palace was like a Russian nesting doll, a series of square boxes composed of black jade combined together.

When Lin Yuan and the younger sister-in-law broke one box, they would enter another.

Meanwhile, Liuyu Heaven could appear anywhere, anytime.

Liuyu Heaven's figure was on every wall, and at any moment, octopus tentacles could extend from them.

For a time, Lin Yuan and the younger sister-in-law were overwhelmed, harassed from every side.

Liuyu Heaven's attack power was ordinary, unable to harm Lin Yuan and the younger sister-in-law.

But being stuck in a maze, with attacks coming at any moment, was infuriating.

Lin Yuan and the younger sister-in-law tried charging through the maze.

But they found they couldn't get out.

Because this black jade palace was not only a maze, Liuyu Heaven also refined it into his Deceitful Demon.

There was only one way to leave the Deceitful Demon: kill Liuyu Heaven.

Lin Yuan even attempted to use the Yellow Springs Road Tattoo to leave, but to no avail.

Typically, Lin Yuan could enter and exit Deceitful Demons at will.

The Deceitful Demon that can neutralize the Yellow Springs Road Tattoo, until now, this is the second one.

Back in Tang City, when solving Great Black Heaven, Lin Yuan's Yellow Springs Road Tattoo had failed for a period of time.

However, that was not because the Deceitful Demon of Great Black Heaven was powerful.

But because the Deceitful Demon of Great Black Heaven had just arrived, and during the fusion with the Real World, the instability of space was the reason for the tattoo's failure.

This time, the reason for the tattoo's failure is because the Deceitful Demon restrained it.

The Deceitful Demon of Liuyu Heaven is not very aggressive yet extremely competent at trapping people.

In its labyrinth Deceitful Demon, space is in a completely inverted state.

With the space inverted, sensory perceptions of east, west, south, and north are all wrong.

In fact, all directions are under the control of Liuyu Heaven.

After multiple attacks, the younger sister-in-law seems to have a strategy.

She sends a message to Lin Yuan: "Lin Yuan, later on, attack all the surrounding black jade walls, maximize the expansion of the surrounding space."

"Okay!" Lin Yuan replies in transmission.

Though he doesn't know what plan the younger sister-in-law has come up with, Lin Yuan chooses to trust her unconditionally.

Lin Yuan stabs the ground with the sword and infuses his internal energy into Zhong Kui's Demon-Slaying Sword.

The blade of Zhong Kui's Demon-Slaying Sword fills with energy, emitting a dim red glow.

"Boom!"

Sword energy erupts, countless crimson sword energies form a sword energy storm, sweeping in all directions.

The surrounding black jade walls, under the sword energy storm, sound like glass in a typhoon, rustling.

After about three to five seconds, the black jade walls seem to reach their limit, shattered entirely by the sword energy storm, becoming pieces of black jade fragments.

After the sword energy dissipates, the surroundings become a vast space.

All the black jade walls around have completely disappeared.

As the surrounding black jade walls dissipate, the younger sister-in-law shakes her hand and throws out some black sandstones?

No, it seems not like sandstones.

More like some seeds.

These black seeds, upon landing, quickly take root and sprout, bloom, and bear fruit.

These are lotuses, within which, instead of pistils, are two tiny figures.

These two tiny figures are none other than Lin Yuan and the younger sister-in-law.

From rooting and sprouting, blooming and fading, the entire process lasts only a few seconds.

Once the flowers fall, the two persons as pistils emerge hand in hand.

The tiny figures grow in the wind, instantly reaching the size of normal people.

In an instant, within the spacious area, hundreds of pairs of Lin Yuan and the younger sister-in-law appear.

These individuals look exactly like Lin Yuan and the younger sister-in-law, making it impossible for even Liuyu Heaven to distinguish them, let alone Lin Yuan himself.

The younger sister-in-law's Lotus Creation truly astonishes Lin Yuan.

"Liuyu Heaven, can you still identify which one is us now?" The younger sister-in-law slowly speaks.

As the younger sister-in-law speaks, hundreds of her replicas also begin to speak simultaneously.

These lotus beings seem to be completely in sync with their original bodies.

Whatever the original says, they echo; whatever the original does, they mimic.

Magic can only be countered by magic.

Liuyu Heaven employs the labyrinth Deceitful Demon, manifesting countless of its own figures on the walls to confuse Lin Yuan and the others.

The younger sister-in-law uses the same method, creating hundreds of replicas to deceive Liuyu Heaven's sight.

At this moment, hidden Liuyu Heaven is bewildered.

In his view, everyone in the maze looks identical, making it impossible to tell apart the real from the fake.

Under such circumstances, he dares not rashly attack.

Because, once he attacks a false lotus being, the real ones might detect his location and launch an attack against him.

For a moment, both sides are locked in a stalemate.

"Humph!"

"Then let's drag it out!"

"Anyway, I'm not in a rush, I can drag on for ten years, a hundred years, I'll manage!" Liuyu Heaven's voice echoes from all directions.

Liuyu Heaven knows he isn't a match for the two.

If not for his labyrinth Deceitful Demon's skill in trapping people, he would probably have been slain by Lin Yuan and the younger sister-in-law.

After witnessing the younger sister-in-law's Lotus Creation, he doesn't dare to make a rash move.

Although he talks about dragging it out, Liuyu Heaven knows that truly dragging on isn't a solution.

At this moment, he regrets provoking Lin Yuan and the younger sister-in-law.

If he had known they were this formidable, wouldn't pretending not to see them earlier have saved trouble?

Yet, there is no remedy for regret in the world.

After much consideration, Liuyu Heaven decides to seek assistance.

A hole under one of his tentacles releases a small octopus, and he leaves a trace on the small octopus, driving it to leave here to seek help.

Chapter 235: Nowhere to Escape, Despair of Liuyu Heaven

Get bogged down in the Deceitful Demon labyrinth?

Even if Liuyu Heaven can afford it, Lin Yuan can't.

He ventured into this Mysterious World to break through to Tier Four.

This is a world full of Evil Spirits, and he is human.

Staying here too long would only bring harm, with no benefit at all.

In the Deceitful Demon labyrinth, Sister-in-law sent a voice transmission to Lin Yuan: "We need to find a way to leave here; the longer we drag this out, the more disadvantageous it is for us."

Lin Yuan's eyes narrowed slightly, and he said coldly, "Although Liuyu Heaven's combat power is not strong, it's like a pesky plaster, and it's not easy to shake him off once caught."

Previously, Lin Yuan and his group had to constantly guard against Liuyu Heaven's sneak attacks, so they didn't have time to think about how to find him.

Now, with Sister-in-law's Lotus Creation skills, Liuyu Heaven's assault methods have been nullified.

Both sides have now fallen into a standoff, allowing Lin Yuan and the others to carefully ponder how to locate Liuyu Heaven's true form.

To leave this Deceitful Demon labyrinth, there's only one way: find Liuyu Heaven's true form and eliminate him.

Other than that, there's no other method.

At this moment, a glint flashed in Lin Yuan's eyes as he suddenly recalled an ability he possessed.

One of the Four Departments, the Investigation Department.

The Path of Lu.

One of the Four Great Judges, known among the people as Lu Pan.

Lu Pan oversees the Investigation Department, and his duty is to locate those runaway Demon Fiends.

In mythology, the Path of Lu has eyes like lightning, upright and impartial!

Those who slipped through the net, once he locked onto them, none could escape.

Judging by the name of the Investigation Department overseeing the Path of Lu, it's clear this area of expertise is a perfect fit.

Perhaps, he could use the Investigation Department's ability to find Liuyu Heaven's true form.

Thinking of this, Lin Yuan sent a voice transmission to Sister-in-law: "Help me as a protector, I'll try to locate him."

"Okay!" replied Sister-in-law.

Immediately after, Lin Yuan began to wield the power of the Investigation Department.

A dark palace appeared above the Deceitful Demon labyrinth, and then a black token flew out from the palace.

The black token expanded with the wind, quickly growing to about the height of a person, inscribed with two small seal script characters.

Investigation.

The token hovered above like a stone tablet.

Then, the characters "Investigation" gradually faded, and the surface of the token became smooth as a mirror.

On the other side, when Liuyu Heaven saw the strange structure appear above the Deceitful Demon labyrinth, his expression immediately darkened.

Because this structure emanated an aura he found repulsive.

No, it wasn't just repulsion—it was fear.

Yes, this aura made him feel fear.

The Underworld, the place most suppressive to Evil Spirits.

The Investigation Department is a building of the Underworld, naturally infused with its aura.

Therefore, it naturally filled Liuyu Heaven with fear and loathing.

"What kind of trick is this kid playing now?" Liuyu Heaven muttered with a gloomy face.

As for what else Lin Yuan could do, Liuyu Heaven would find out in the next moment.

At that moment, the mirror-like stone tablet reflected an image.

This image was of the scene inside the Deceitful Demon labyrinth.

Liuyu Heaven frowned and looked up at the smooth, mirror-like stone tablet, muttering softly, "Is this a mirror?"

A mirror?

At first glance, the labyrinth's scene reflected on the stone tablet did resemble a mirror.

However, it wasn't.

This was no mirror, but surveillance.

That's right, calling it surveillance is more accurate.

Because the image on the stone tablet was moving.

The image moved at an incredible speed, sweeping over the scenes within the Deceitful Demon labyrinth one by one.

Soon, Liuyu Heaven saw himself on the stone tablet.

Like looking in a mirror, it was vivid and lifelike, exactly the same.

Liuyu Heaven admired his own magnificent appearance in the "mirror" for a moment.

Suddenly, he realized something was wrong.

This mirror couldn't possibly be for him to admire himself!

"Damn it!"

"Are they looking for me?" Liuyu Heaven suddenly realized and took off, ready to find a different place to hide.

However, the stone tablet had already locked onto its target, and the image stopped moving, fixated on Liuyu Heaven.

No matter where Liuyu Heaven moved, his figure remained on the stone tablet's image.

"What is this?"

"This is my Deceitful Demon labyrinth. How dare you spy on it!" Liuyu Heaven raged, summoning an octopus tentacle to strike the stone tablet.

The tentacle, like a steel whip, swept at the stone tablet with a whooshing force, seemingly capable of shattering it with one blow.

However, Liuyu Heaven's goal was not achieved.

The stone tablet was obviously there, but it seemed to exist in another dimension.

Liuyu Heaven's tentacle, like a steel whip, passed straight through the stone tablet, without damaging it in the slightest.

Liuyu Heaven: "????"

Terrified, Liuyu Heaven summoned several more tentacles, encircling from all directions.

This action was like trying to catch the moon's reflection in the water.

Yet, the truth proved that he was indeed trying to catch the moon's reflection in the water.

With this attempt, he caught nothing, while the stone tablet persisted, continuing to reflect him.

At this moment, Liuyu Heaven on the stone monument resembled a clown performing solo.

"Can't damage it?"

"What kind of sinister technique is this?" Liuyu Heaven was utterly shocked inside.

After a moment of thought, he seemed to have thought of other methods.

Liuyu Heaven's tentacles began to grow wildly, dancing incessantly like a frenzy.

Under these tentacles, there were dense suckers.

If anyone with trypophobia saw these suckers, they would undoubtedly be terrified.

"Pssh!"

"Pssh! Pssh!"

Almost simultaneously, these suckers began to emit black ink globules.

The ink globules, once emitted, scattered immediately, spreading like black fog, covering the area around Liuyu Heaven.

At the same time, they spread throughout the entire Deceitful Demon Maze.

Liuyu Heaven intended to use these black ink globules to conceal his shape, thereby avoiding the monument's monitoring.

However, reality is abundant, while ideals are meager.

Liuyu Heaven's idea was good, but he clearly underestimated the monument's function, and even more so the Investigation Department's methods.

The Investigation Department, as one of the Underworld's departments for finding vengeful souls and evil demons, how could their search methods be hindered by such veiling techniques?

The black fog indeed spread considerably around, concealing Liuyu Heaven's shape.

At this moment, in the sky above, large masses of black fog appeared within the stone monument, rendering the monument entirely dark; nothing could be seen.

A moment later, the monument changed again.

Within the monument, Liuyu Heaven's shape turned into a white outline.

Surrounded by darkness, his white silhouette became even more conspicuous.

"What is this?" Looking at his still prominent figure on the monument, Liuyu Heaven couldn't help but shout in anger: "This is my Deceitful Demon, my Deceitful Demon?"

"What on earth is daring to spy on me like this?"

But now, Liuyu Heaven could only rage impotently.

Currently, he was at his wit's end, lacking other methods to avoid the monument's surveillance.

On the other side, as the Investigation Department was exerting its influence, and Liuyu Heaven's image appeared on the monument.

Lin Yuan had already taken his sister-in-law, heading towards his location.

At this moment, Lin Yuan saw more than just the image appearing on the monument.

As the master of the Investigation Department, the images appearing inside the monument simultaneously appeared in Lin Yuan's mind.

In Lin Yuan's mind, it was as though a real-time map navigation had appeared.

Wherever Liuyu Heaven ran, Lin Yuan would pursue.

At this moment, only four words could describe Liuyu Heaven.

That is....

No place to hide.

Where does he want to run?

No, he has nowhere to escape.

With one hand, Lin Yuan pulled his sister-in-law, and with the other hand wielded Zhong Kui's Demon-Slaying Sword.

Wherever the sword energy passed, the jade walls blocking the front were shattered into pieces.

At this moment, Lin Yuan's advancing direction was directly towards Liuyu Heaven.

And Liuyu Heaven, upon realizing his methods couldn't obscure the monument, began his frantic escape.

The stone monument in the sky left him with no place to hide.

Once Lin Yuan and his sister-in-law found him, he would have no place to flee.

By that time, the only thing waiting for him would be a dead end.

The only chance for survival now was to quickly escape before Lin Yuan found him.

He must run, abandoning this Deceitful Demon Maze.

Liuyu Heaven had a very powerful friend, and earlier he had used methods to call for help.

But now it seemed he could no longer wait for his friend's aid to arrive.

Helpless, he could only flee in the direction of his friend.

However, this was merely his thought.

Because, having more legs does not mean running faster.

Even if he had countless tentacles, he was still not as fast as Lin Yuan's two legs.

Lin Yuan's speed was much faster than his.

Just as Liuyu Heaven was about to escape the Deceitful Demon Maze, the pair of figures blocked his way.

Lin Yuan wielded Zhong Kui's Demon-Slaying Sword with one hand and held his sister-in-law's hand with the other; truly a pair of divine lovers!

Though divine lovers, they exuded a murderous aura.

With a flick of Lin Yuan's wrist, the sword blade rotated, producing a "shushing" sound.

In the next moment, the crimson sword swung out, thousands of sword cries ringing, sword energy extending three hundred meters.

"Zheng!"

At this instant, the surrounding thousands of sword energies seemed to receive guidance, all attacking Liuyu Heaven.

Each sword energy emanated extremely terrifying energy waves.

As the sword energy approached, Liuyu Heaven was greatly astonished but could only withstand the thousands of sword energies.

He swung his tentacles like steel whips, trying to smash the surrounding crimson sword energy with his tentacles.

"Boom!"

"Boom! Boom!"

The steel whip-like tentacles collided with the sword energy, emitting terrifying energy waves.

Luckily, Silent Sea had the ability to shield energy perception; otherwise, such massive energy waves would surely attract more evil spirits.

Chapter 236: The Battle Ends, Liuyu Heaven Captured Alive

Accompanied by the sound of a violent collision, blood surged around, and chunks of flesh flew in all directions.

The tentacles of Liuyu Heaven, like steel whips, were utterly vulnerable in front of Lin Yuan, blown into a pile of fragments.

"Ah!"

"Ah! Ah!"

Intense pain instantly spread throughout the body, and a heart-wrenching roar came from Liuyu Heaven's mouth.

As the saying goes, ten fingers connected to the heart.

Though these weren't fingers, his octopus tentacles and hands seemed no different.

However, Lin Yuan was relentless.

The more furiously you, Liuyu Heaven, screamed, the heavier my hand would be.

Liuyu Heaven had not yet recovered from the intense pain when, in the next moment, Lin Yuan turned into an afterimage, moving close to him.

Following closely was Zhong Kui's Demon-Slaying Sword.

"You dare to offend me, and you think you can run?"

"I, Lin Yuan, never delay my revenge!" As the words fell, Lin Yuan thrust his sword straight at Liuyu Heaven's heart.

Liuyu Heaven's tentacles had already been shattered in the previous battle.

At this moment, he had no defensive means left.

He frantically urged the energy within his body, trying to regrow his tentacles.

However, it was clearly too late now.

The new octopus tentacles had not yet regrown, but Lin Yuan's sword had already arrived.

"Spare..." Liuyu Heaven tried to plead, but Zhong Kui's Demon-Slaying Sword had already pierced his heart.

The rule of "Annihilation" turned into scarlet sword energy, quickly spreading throughout his body.

The life force inside Liuyu Heaven began to quickly drain away.

At this moment, Lin Yuan and Liuyu Heaven were almost face-to-face.

After Liuyu Heaven had no capacity to resist, Lin Yuan softly asked beside him, "Do you know Great Black Heaven?"

Being fellow followers of the World Honored, he naturally knew Great Black Heaven.

Great Black Heaven, Liuyu Heaven, just hearing their names, you could tell they were in the same gang.

Actually, they didn't originally have these names; these were given by the World Honored after they followed him.

The matter of Great Black Heaven being summoned to that realm, Liuyu Heaven knew.

He and Great Black Heaven were both Tier Five Peak, with one foot stepping into Tier Four strength.

Of course, in terms of combat power, Great Black Heaven was stronger.

Great Black Heaven's Deceitful Demon was better at fighting, while Liuyu Heaven's Deceitful Demon specialized in trapping people.

According to the World Honored's instructions, it wasn't yet the best time for him to descend into that world.

However, Great Black Heaven was too obsessed with breaking through to Tier Four, so he forcibly descended into the Real World.

This person before him, mentioning Great Black Heaven, could it be, he had met Great Black Heaven?

"Have you met Great Black Heaven?" Liuyu Heaven weakly uttered.

As the Annihilation sword energy penetrated his whole body, his life force quickly drained away, leaving him extremely weak.

A smile formed at the corner of Lin Yuan's mouth, and he softly said, "More than met him, I killed him!"

"Now, I'll send you to meet him!"

"You..."

"You killed Great Black Heaven?" Liuyu Heaven's face showed a look of shock.

That expression clearly meant Lin Yuan killing Great Black Heaven was more surprising to him than killing himself.

Great Black Heaven could be considered unlucky, dying before he could achieve anything!

As the first follower of the World Honored to descend to the Real World, he encountered Lin Yuan upon arrival and died by Lin Yuan's hand.

Dying as soon as he appeared, truly unlucky!

However, if you talk about bad luck, it has to be Liuyu Heaven.

He was sitting at home when trouble came from the heavens!

He hadn't even descended to the Real World, just stayed in his lair in the Mysterious World, who'd have thought Lin Yuan would proactively venture into the Mysterious World.

However, discussing these things now is already too late.

Liuyu Heaven's death was already a foregone conclusion.

At this moment, Liuyu Heaven's life force had completely drained away, his body becoming shriveled, his facial features sunken.

About two or three minutes later, he was utterly silent, leaving only a dried-out octopus skin on the ground.

Simultaneously, the surrounding maze Deceitful Demon also emitted a "crack, crack" sound.

The black jade walls cracked inch by inch, then shattered into pieces, completely disappearing into the Silent Sea.

All around Lin Yuan and the others, it returned to an open expanse of ocean.

"Is he dead?"

"Let's go." Lin Yuan said to Little Sister-in-law, preparing to leave.

However, Little Sister-in-law shook her head and approached the dried-out octopus skin floating in the seawater.

"Let me borrow your sword." Little Sister-in-law said to Lin Yuan.

Without hesitation, Lin Yuan handed Zhong Kui's Demon-Slaying Sword to Little Sister-in-law.

Little Sister-in-law swung the sword, picking at the dried octopus skin, and with one slash, cut a hole into it.

In the next second, something seemed to dart out from the dried octopus skin.

Lin Yuan, quick-eyed and quick-handed, grabbed the thing in his hand.

It was a small octopus, only half the size of a baby's fist.

Its peculiarity was that it had a human face.

And that human face was precisely the appearance of Liuyu Heaven from earlier.

"Liuyu Heaven, is it you?"

"You're not dead yet?" Lin Yuan asked, scrutinizing the little creature.

"It's not me!"

"I am not Liuyu Heaven, you've mistaken me for someone else!" The small octopus with a human face stubbornly denied.

Little Sister-in-law chuckled and slowly spoke, "Among all of World Honored's followers, in terms of combat power, you rank at the bottom."

"However, you are adept at entanglement and trapping techniques. Besides, you excel at escaping. This fake death technique could likely deceive most opponents."

"Unfortunately, you can fool others, but not me!"

It must be said, Liuyu Heaven's fake death technique truly is impressive!

Just now, even Lin Yuan was deceived by him.

Of course, it's not that Lin Yuan is stupid, but that his fake death technique is too clever.

One must know that just now he didn't only have no breath, his Deceitful Demon also collapsed.

Only when an evil spirit dies completely does the Deceitful Demon entirely collapse!

Who would have thought that after the Deceitful Demon collapsed, Liuyu Heaven would still be alive.

Fortunately, Lin Yuan had a Mysterious World expert by his side.

Rebirth Saint Mother, the key lies in the words "rebirth."

The Rebirth Saint Mother is not a person but a title.

After the death of each Rebirth Saint Mother, the succeeding Rebirth Saint Mother can inherit her memories.

Through generations of memory inheritance, everything in this mysterious world resides in Little Sister-in-law's memory.

However, due to the power level, Little Sister-in-law can only accept memories related to the current realm.

Little Sister-in-law is now Tier Five, so she can only accept Tier Five related memories.

For example, regarding the news of this world's World Honored, Little Sister-in-law knows nothing.

Lin Yuan held Liuyu Heaven in his hand and asked Little Sister-in-law, "How can we completely kill him?"

Upon hearing that they wanted to completely kill him, Liuyu Heaven panicked.

His fake death technique could only be used once, and now it couldn't be used again.

Moreover, even if it could be used, this technique could not deceive Little Sister-in-law!

Thinking of this, Liuyu Heaven looked angrily at Little Sister-in-law and roared, "Rebirth Saint Mother, you traitor."

"You are a traitor to this world and will surely be rejected by the entire world."

"Don't be complacent, my fate today will be yours tomorrow."

Hearing Liuyu Heaven's bluster, Lin Yuan was immediately enraged.

This bastard, even on the brink of death, dared to threaten his woman.

Thinking of this, Lin Yuan grabbed the Zhong Kui's Demon-Slaying Sword from Little Sister-in-law's hand and wanted to stab him a few times.

Damn it, Liuyu Heaven in his sorry state, Lin Yuan didn't believe that stabbing him a few times wouldn't kill him.

If he really couldn't be killed, then keep stabbing.

Little Sister-in-law stopped Lin Yuan's hand, softly saying, "He's not much of a threat now, killing him is not as valuable as keeping him."

"Don't you have the means to control evil spirits? Control him, he'll be an asset in the future."

"Though he's weak now, he can grow at an extremely fast pace. I reckon he'll soon recover to peak combat strength."

Lin Yuan thought for a moment, agreeing with Little Sister-in-law's reasoning.

Currently, the limit of the Yin Law Department's abilities given to him is roughly controlling three Tier Five evil spirits.

Besides the Dark Demon Ape and Mud Crocodile, there is one spot left.

In that case, this spot is just right for Liuyu Heaven.

Though Liuyu Heaven is not on par with Lin Yuan and Little Sister-in-law, in terms of strength, he's much stronger than the Dark Demon Ape and Mud Crocodile.

Regarding the things of this mysterious world, Lin Yuan trusts Little Sister-in-law's judgment.

Since she said so, then controlling Liuyu Heaven must be better than disposing of him.

Acting on it, Lin Yuan wielded the Yin Law Department's power to begin controlling Liuyu Heaven and start writing the rules.

The rules are simple, identical to those controlling the Dark Demon Ape and Mud Crocodile.

The extremely weakened state of Liuyu Heaven made controlling him very fast.

Within just a few minutes, the entire process was completed.

Even the Buddha Seal left in Liuyu Heaven by the World Honored was erased by Lin Yuan.

After successfully controlling Liuyu Heaven, Little Sister-in-law waved her hand to condense the surrounding seawater into a small fish tank, keeping Liuyu Heaven within it.

Don't underestimate this small fish tank formed by the sea; inside the Silent Sea water, if poured out, is far more than thousands of tons.

Just now, when condensing this small fish tank, Little Sister-in-law used the Sumeru Mustard Seed Containment technique.

...

...

On the other side of the Silent Sea, where the endless desert lies.

The desert where yellow sand flies connects directly with the dark sea area.

It seems incongruous, yet there is a sense of harmony in their contrast.

An eight-legged octopus climbed out of the Silent Sea Region, crawling into the depths of the desert.

This octopus was sent by Liuyu Heaven earlier for backup.

"Bang!"

"Bang! Bang!"

From deep within the desert came the sounds of fierce battle.

The intense combat stirred up energy fluctuations that whipped up sandstorms.

Within the sandstorm, a short, sturdy, dark-complexioned man with silver hair and a scarred face was battling a massive, several-meters-long ferocious python.

Chapter 237: Fearless Heaven Gives Chase, Rebirth Sect Ruins

The silver-haired, scar-faced man battles ferociously against the terrifying giant python, showing no fear of death.

Each attack is traded for injury, each life for life, seemingly without any fear of being hurt or facing death.

Under his relentless assault, the massive python, several tens of meters long, can no longer hold its ground.

The python's body, riddled with wounds, sees its dense scales cracking and bursting apart.

Blood flows down its body, coloring the yellow sand beneath a deep crimson.

The python lies lifelessly, its body soft on the desolate desert while the silver-haired, scar-faced man stands atop its head.

Do you think this is a human Life Pattern Master hunting Evil Spirits?

If so, then you're mistaken.

You must remember, this takes place in the Mysterious World.

In this realm, Demon Fiends abound.

Yet, humans are nowhere to be found.

Thus, it's clear that the silver-haired, scar-faced man is definitely not human, but an Evil Spirit in human guise.

The reason for hunting the massive python is simple: he's on the hunt.

In the next instant, the silver-haired, scar-faced man contorts on the ground in an eerie stance, his limbs twisting incessantly.

Like a balloon being inflated, his body swells with the wind.

Soon, the silver-haired, scar-faced man vanishes.

In his place appears a honey badger, stretching over a dozen meters long, with a silver back and black belly.

Just like Bai Ling'Er, the silver-haired, scar-faced man is a creature of the Mysterious World.

Since Bai Ling'Er, a fox, can take human form, naturally, this honey badger can as well.

The honey badger has another name: the fearless one.

This creature is particularly vengeful; if you offend it, it will pursue you to the ends of the earth for retribution.

After transforming back into his true form, the honey badger feasts heartily on the massive python, savoring every bite.

It seems he's treating this several-tens-of-meters-long python like a snack.

Though the honey badger's body is merely a dozen meters long, he manages to swallow the entire python.

Suddenly, as he devours the last section of the python's tail, the honey badger stops abruptly, turning to look behind him.

There, floating in the air is a fist-sized octopus.

This octopus is the messenger sent by Liuyu Heaven for aid earlier.

Indeed, this honey badger creature is the target of Liuyu Heaven's plea for help.

His true name is Fearless Heaven.

Fearless Heaven truly knows no fear.

Among the World Honored's many followers, Fearless Heaven ranks at the top in terms of combat prowess.

If he were to go all out, even the Great Black Heaven would fear him.

"A message from Liuyu Heaven?" Fearless Heaven murmurs, reverting back to the silver-haired, scar-faced man and staring at the octopus.

Fearless Heaven and Liuyu Heaven share a good connection; usually, communication between the two takes this form.

Liuyu Heaven hides a thought within the octopus, and upon its arrival, Fearless Heaven swallows the octopus.

Once he swallows the octopus, Fearless Heaven will understand what Liuyu Heaven intends to convey.

Fearless Heaven doesn't hesitate, grabbing the octopus and stuffing it into his mouth.

"Crunch."

"Crunch, crunch."

After a few chews, Fearless Heaven already knows what's happening on Liuyu Heaven's side.

Sadly, he only knows that Liuyu Heaven is locked in a stalemate with Lin Yuan's little sister-in-law.

Unaware that shortly after Liuyu Heaven sent the octopus for help, Lin Yuan had already captured it alive.

The relationship between Fearless Heaven and Liuyu Heaven is not ordinary; they are not just fellow followers of the World Honored.

Privately, they share a special bond.

Having learned that Liuyu Heaven is now in peril, Fearless Heaven decides quickly to rush to the Silent Sea to aid Liuyu Heaven.

However, upon his arrival at the Silent Sea, Liuyu Heaven's Deceitful Demon's maze has collapsed, and Liuyu Heaven is nowhere to be found.

"Liuyu Heaven, could you truly be dead?"

"No, I don't believe it, I absolutely won't believe it!" Fearless Heaven's outraged cry echoes across the vast sea.

Despite his words of disbelief, Fearless Heaven understands that the maze's collapse almost certainly signifies death.

After his outburst, Fearless Heaven's face shows nothing but a lost, desolate expression.

At this moment, something drifting in the water catches Fearless Heaven's attention.

The object floating past him turns out to be Liuyu Heaven's shriveled octopus skin.

"You..."

"Are you truly dead?" Fearless Heaven whispers as he clutches the octopus skin tightly.

Holding onto the octopus skin, this fierce and vicious man surprisingly sheds a few tears.

"I don't believe it!"

"No, I don't believe it!"

"I have to find you!" Fearless Heaven vows through gritted teeth.

Moments later, he chants incantations, murmuring words and saying: "The boundless earth, tracking for miles."

Fearless Heaven loves to seek revenge on his enemies; to do so, means having a way to locate them indeed.

Fearless Heaven is adept at tracking methods, and at this moment, he's using his unique technique to search for Liuyu Heaven's whereabouts.

He refuses to believe Liuyu Heaven is dead, so he has to find him.

After deploying a secret technique, Fearless Heaven's eyes suddenly light up.

In his eyes, there was light.

"You're not dead yet!"

"I found you!" Fearless Heaven murmured to himself.

Just now, through his unique tracking secret technique, he had already sensed the presence of Liuyu Heaven.

Though the presence of Liuyu Heaven is currently extremely weak, it can be confirmed that it indeed exists.

Besides sensing the presence of Liuyu Heaven, he also sensed two unfamiliar auras.

Undoubtedly, these two unfamiliar auras must be the enemies mentioned in Liuyu Heaven's distress signal.

Without a moment's hesitation, Fearless Heaven chased in the direction of Liuyu Heaven's aura.

Fearless Heaven did not even consider whether he was a match for those two individuals.

Because he is Fearless Heaven, without fear.

...

...

After capturing Liuyu Heaven alive, guided by Little Sister-in-law, the two of them headed straight to the ruins of Rebirth Saint Mother's Taoist grounds.

Once, the Rebirth Sect under Rebirth Saint Mother was also glorious in the Mysterious World.

It counted as one of the notable sects in the Mysterious World.

Unfortunately, after the previous Rebirth Saint Mother fell, the lineage of the Rebirth Saint Mother was severed.

Back then, that vast Taoist ground instantly fell apart.

The previous Rebirth Saint Mother was considered one of the most powerful among all past Rebirth Saint Mothers.

Not only was she extraordinarily powerful, but her actions were also extremely domineering.

This led to her Taoist ground being destroyed by enemies after her fall, severing the heritage of the Rebirth Sect.

Now, in this Mysterious World, the only proof of the Rebirth Sect's existence is this ruin.

After encountering and resolving the situation with Liuyu Heaven.

Along the way, Lin Yuan and Little Sister-in-law were quite lucky, not encountering any other evil spirits of this Mysterious World.

Traveling safely, they arrived at the ruins of the Rebirth Sect.

Liuyu Heaven now was trapped in a small fish tank, which Little Sister-in-law held in her hand, appearing rather extraordinary.

Seeing their destination as the ruins of the Rebirth Sect, Liuyu Heaven immediately said, "Why have you come here?"

"Could it be you're looking for some treasures left behind by the Rebirth Sect?"

At this time, Little Sister-in-law was somewhat downcast, ignoring Liuyu Heaven.

As for Lin Yuan, there was even less topic to discuss with him.

Because, regarding the Rebirth Sect, Lin Yuan knew nothing.

He only knew Little Sister-in-law said there was a well in the ruins of the Rebirth Sect that could help him break through his current realm.

Seeing no one bothered with him, Liuyu Heaven continued to babble, "Don't look for treasures here; you won't find anything."

"After the fall of the Rebirth Saint Mother, the Rebirth Sect was besieged."

"Most Rebirth Sect members were killed, only a few escaped."

"Most of the treasures of the Rebirth Sect have been plundered; the small portion left was taken by those fleeing members."

"Almost every year, demon fiends and deceitful demons come here seeking treasure. In the early years, some could still find something."

"In recent decades, no one has discovered treasures here. Look, the mountain seems barren even without grass, right?"

"That's because of the tread of treasure seekers—it doesn't even grow grass anymore."

Regarding Lin Yuan and Little Sister-in-law's actions now, Liuyu Heaven only wants to use one phrase to describe them.

That is, you're late even for eating hot shit.

Liuyu Heaven babbled incessantly, but no one pays him any mind.

Actually, what Liuyu Heaven said is also true.

Currently, there are indeed no treasures left in the Rebirth Sect.

Little Sister-in-law, as the new Rebirth Saint Mother, doesn't have any significant treasures to show.

The only treasure is that Vermilion Red Coffin.

But those treasures are external, and don't really matter.

Even if all treasures were taken, it didn't matter.

Because the foundation of the Rebirth Sect is still here.

The foundation of the Rebirth Sect is that Well of Rebirth.

It's said that the first Rebirth Saint Mother, with no parents, was born from that Well of Rebirth.

The Well of Rebirth is the root of the Rebirth Sect.

As long as the Well of Rebirth is still here, the Rebirth Sect can be rebuilt one day.

Last time, after helping Lin Yuan absorb demon fiend energy, Little Sister-in-law already visited the ruins of the Rebirth Sect once.

Therefore, she knows her way around.

All the way, they arrived at the back hill of the Rebirth Sect's ruins.

On the back hill, there's an old locust tree.

The old locust tree is massive, with a diameter of at least ten meters and a height of no less than a hundred meters.

However, this old locust tree is already dead, devoid of vitality.

Withered but not fallen, this tree is evidently uncommon!

Little Sister-in-law stands before the tree, casting spells and chanting, striking a few seals onto the old locust tree.

Suddenly, the trunk of the old locust tree ripples, revealing a dark and void-like door.

"Go in!"

"The Well of Rebirth is inside!" Little Sister-in-law slowly said.

Chapter 238: The World Within the Well

Well of Rebirth.

This well is the key to whether Lin Yuan can break through this time.

Last time, after Sister-in-law absorbed Lin Yuan's demonic energy, it was in the Well of Rebirth that she completely exhausted the demonic energy.

Inside the fish tank, Liuyu Heaven's eyes were full of horror.

What the Well of Rebirth is, he certainly knew, and knew it all too well.

Back then, the previous Rebirth Saint Mother fell.

When many powerful demons and spirits attacked the Rebirth Sect Dojo, many strong Demon Fiends and Deceitful Demons came for this Well of Rebirth.

There are just too many legends about the Well of Rebirth.

There is a legend that the Well of Rebirth can help someone break through realms.

There is a legend that the Well of Rebirth can bring the dead back to life.

There is a legend that the Well of Rebirth can cleanse one's qualifications.

...

...

In short, in the legends of the Mysterious World, the Well of Rebirth is an all-powerful treasure realm.

Back then, many powerful demons and freaks attacked the Rebirth Sect Dojo aiming for this well.

However, they indeed got many other things.

But, no one ever obtained the Well of Rebirth.

The entire Rebirth Sect Dojo was almost excavated, but no one found this Well of Rebirth.

So, everyone thought that the Well of Rebirth disappeared completely with the fall of the Rebirth Saint Mother.

However, no one expected that this Well of Rebirth was hidden here.

No wonder, no wonder no one could find it back then!

The Well of Rebirth has actually given birth to its own Deceitful Demon, no, it should be said, its own small world.

The Well of Rebirth comes with its own small world, and usually, it exists in another space.

Unless one knows the seal to open this small world, it is nowhere to be found.

The Well of Rebirth is hidden in another space, and not even digging thirty fathoms deep could possibly find it.

"The Well of Rebirth, so the Well of Rebirth is here!" Inside the fish tank, Liuyu Heaven finally knew the whereabouts of this well.

However, at this moment, he had already become a prisoner of Lin Yuan and Sister-in-law, so even if he knew the whereabouts of the Well of Rebirth, it was of no use.

"Why didn't I find this Well of Rebirth back then?"

"If I had obtained the Well of Rebirth back then, how could I have fallen to become a prisoner now!" Liuyu Heaven sighed endlessly in his heart.

While he was sighing, Lin Yuan and Sister-in-law had already walked into the world within the Well of Rebirth.

Inside the fish tank, Liuyu Heaven was also looking around, and he was very curious about the world inside the Well of Rebirth.

The Well of Rebirth, although deeply hidden, its small world isn't very large.

Soon, Sister-in-law led Lin Yuan to a well.

This was a well built from green-black massive stones, with mysterious and unfathomable symbols drawn on the stones.

Upon closer inspection, the symbols on the well stones seemed to be hideous and terrifying evil spirits.

Apart from that, the well gave no other impression.

Apart from the mysterious symbols drawn on it, this well appeared to be nothing more than an ordinary water well.

However, everything seen before the eyes was just a façade.

This well, treasured by the Rebirth Sect and the entire Mysterious World, was destined not to be ordinary.

"Jump in!" Sister-in-law pointed to the wellhead and said.

Lin Yuan lowered his head and looked into the well; it was pitch black inside, more like an endless abyss than a well.

If it were anyone else asking Lin Yuan to jump into such a well, he would surely throw them in first.

However, the one telling him to jump was Sister-in-law.

Lin Yuan trusted Sister-in-law unconditionally.

Last time, when demonic energy invaded his body, if not for Sister-in-law saving him, he might have died then.

Without hesitation, Lin Yuan jumped straight into the well.

In the next second, Lin Yuan disappeared into the well.

Sister-in-law, having the experience of entering this well, remained very calm.

Sister-in-law quietly guarded by the well, protecting Lin Yuan.

No one could disturb Lin Yuan's breakthrough at this moment.

"Hey!" Liuyu Heaven called out to Sister-in-law from within the fish tank: "Holy Mother, Holy Mother."

Liuyu Heaven's form of address had changed; earlier, he had referred to Sister-in-law as a traitor, now calling her Holy Mother.

As the saying goes, when someone is overly eager, they are either traitors or thieves.

Liuyu Heaven's attempt to please was certainly not without ulterior motives.

Sister-in-law frowned, looked towards Liuyu Heaven in the fish tank, and asked: "What do you want?"

"Well!"

"Can you change the water in this fish tank for me, and how about changing it to the well water from the Well of Rebirth?"

"I'm sick of this Silent Sea water, I've long wanted a change of scenery!" Liuyu Heaven shamelessly negotiated with Sister-in-law.

The water of the Silent Sea, though capable of blocking energy perception, was trash compared to the well water of the Well of Rebirth.

Calling it a world of difference would not be an exaggeration.

Liuyu Heaven, this time, had a really good plan.

However, Sister-in-law was not a fool either.

As the current Rebirth Saint Mother, she clearly understood the importance of the Well of Rebirth.

The water from the Well of Rebirth could never be casually given to others.

It was only for Lin Yuan; for anyone else, Sister-in-law would never have brought them here.

Sister-in-law cast a sidelong glance at Liuyu Heaven and, with slightly parted red lips, said only three words.

"You are not worthy!"

Liuyu Heaven: "?????"

Liuyu Heaven thought, I'm not worthy? How am I not worthy?

In what way am I inferior to him?

I have so many flexible tentacles, I'm practically a blessing for women, how am I not worthy?

After finishing, the sister-in-law continued to focus on the Well of Rebirth, completely ignoring Liuyu Heaven.

Liuyu Heaven, with a shameless face, continued to negotiate: "What if, you give a little less, maybe a few buckets would suffice!"

"If not, just a few basins."

"Even a few ladles, just a few ladles would be fine."

It seemed that Liuyu Heaven's incessant chatter was getting on the sister-in-law's nerves. With a wave of her hand, a dark light flew out, sealing Liuyu Heaven's mouth, preventing him from speaking any further.

Right now, Liuyu Heaven was extremely weak, utterly powerless against the sister-in-law.

Forget a few ladles, not even a few drops from the Well of Rebirth would she give him.

...

...

The outside world.

Fearless Heaven used his tracking skills to follow Liuyu Heaven's trail, leading him to the ruins of the Rebirth Sect.

Fearless Heaven glanced around and murmured to himself, "He actually came to the ruins of the Rebirth Sect, it seems the remnants of the Rebirth Sect have captured Liuyu Heaven."

"When did Liuyu Heaven provoke the remnants of the Rebirth Sect?"

Fearless Heaven's information was clearly not as comprehensive as Liuyu Heaven's.

Liuyu Heaven recognized that the sister-in-law was the current Rebirth Saint Mother, but Fearless Heaven didn't know.

However, Fearless Heaven didn't regard the remnants of the Rebirth Sect as a threat.

An already declining sect, with only a few members left, was not worth his concern.

Fearless Heaven could clearly sense that the last place Liuyu Heaven's aura appeared was right there.

Then, his aura vanished into thin air.

However, the ruins of the Rebirth Sect were vast, requiring a thorough search to find the exact spot where Liuyu Heaven last vanished.

"Boundless heaven and earth, tracking for miles."

Fearless Heaven employed his secret technique again to locate where Liuyu Heaven last disappeared.

It's undeniable that Fearless Heaven's tracking secret technique is indeed powerful.

Soon, Fearless Heaven found himself at the Rebirth Sect's back mountain, standing by the elder locust tree.

"Here!"

"This is the place where Liuyu Heaven disappeared." Fearless Heaven confirmed his judgment was correct.

This withered but upright elder locust tree was clearly the most suspicious thing in the area.

Fearless Heaven understood this, surveying around the elder locust tree, but found nothing unusual.

On the surface, there was nothing wrong with this elder locust tree.

It was a deeply frustrating feeling.

Your mind logically tells you there's something wrong with this elder locust tree.

But your eyes, using facts, tell you there's nothing wrong with this tree.

Fearless Heaven was obviously not a man of patience.

Failing to find anything wrong with the elder locust tree, he decided to destroy it directly.

"Bang!"

"Bang! Bang!"

Fearless Heaven punched the elder locust tree repeatedly.

Quickly, countless cracks appeared on the trunk of the elder locust tree.

Some dry branches were also shaken down due to the impact.

Under Fearless Heaven's assault, the tree's bark began to peel off, and the trunk started tilting slightly.

When the elder locust tree came under attack, the sister-in-law sensed it immediately.

This elder locust tree was a spatial coordinate for this realm.

Even if this elder locust tree were truly destroyed, it wouldn't affect the space inside.

But there's one crucial point: this elder locust tree is a coordinate.

If the elder locust tree is destroyed, next time when they leave, where they appear upon opening the door could be unpredictable.

The sister-in-law waved her hand, creating a water screen wall in front of her.

On the water screen wall, the scene played of Fearless Heaven fiercely attacking the elder locust tree.

Watching the silver-haired, scarred-faced man in the scene, the sister-in-law softly said, "Is that Reckless Man Fearless Heaven?"

In the Mysterious World, the first word that comes to mind at the mention of Fearless Heaven is Reckless Man.

At this moment, Liuyu Heaven in the fish tank was almost moved to tears.

It had to be Fearless Heaven, after all!

No matter how dangerous the scenarios, Fearless Heaven would always come to save him.

The sister-in-law frowned slightly, contemplating, she couldn't let Fearless Heaven continue to destroy that elder locust tree.

If the coordinate was ruined, and they end up next time in some dangerous land or an Evil Spirits' lair...

By that time, it would be even more troublesome.

Moreover, after examining the environment surrounding the ruins of the Rebirth Sect, only Fearless Heaven was alone.

Although Fearless Heaven's strength is not bad, the sister-in-law was very confident in her own abilities!

Having fully accepted the Rebirth Saint Mother's inheritance, her current strength was in no way inferior to Fearless Heaven's in a one-on-one situation.

Since that's the case, there's absolutely no need to concede.

With this thought in mind, the sister-in-law directly took the fish tank, leaving this small world.

Chapter 239: Fearless Heaven: Today, One of Us Must Die

Just as the sister-in-law left the Well of Rebirth space, Fearless Heaven stopped his action of punching the tree.

His raised fist halted stiffly in mid-air.

Then, he quickly turned his head to look behind him.

He sensed a figure had appeared behind him out of thin air, like a ghost.

Fearless Heaven turned his head, staring sharply at the sister-in-law, and said in a deep voice:
"Remnants of the Rebirth Sect?"

Remnants of the Rebirth Sect?

Upon hearing this title, the sister-in-law couldn't help but frown.

Thinking to herself, this Fearless Heaven is indeed as arrogant and conceited as the rumors say!

He doesn't even want to call me Holy Mother.

"From the way you addressed me, it seems you were involved in the attack on the Rebirth Sect years ago?" the sister-in-law asked with a calm face.

Fearless Heaven didn't know the identity of the sister-in-law, and even if he did, he wouldn't be afraid.

If he had any fear, he wouldn't be called Fearless Heaven.

"Of course, back then, I slaughtered many followers of the Rebirth Sect as if I were butchering pigs and dogs."

"Now, for you remnants of the Rebirth Sect, I'll kill one when I see one, and kill a pair when I see two!" Fearless Heaven said with a ferocious expression.

Fearless Heaven was completely oblivious to the sister-in-law's increasingly darkening face.

Although the sister-in-law is human, after accepting the full legacy of the Rebirth Saint Mother, she had undergone subtle changes.

She naturally empathized with the plight of the Rebirth Sect.

Fearless Heaven's words ignited a feeling of anger in the sister-in-law.

At this moment, Fearless Heaven shouted again at the sister-in-law: "Did you capture Liuyu Heaven?"

"If you know what's good for you, release my brother quickly, or else you'll regret it!"

Hearing Fearless Heaven's words, Liuyu Heaven in the fish tank panicked.

Liuyu Heaven thought, are you here to save me or to harm me!

If you're here to rescue someone, this isn't the attitude to have!

Good grief, luckily she's not a kidnapper, otherwise if you spoke like this to one, they would have already torn up the ransom note.

"Fool, I'm here!"

"Look at her hand!" Liuyu Heaven shouted to Fearless Heaven outside.

After hearing this familiar voice, Fearless Heaven finally looked at the fish tank the sister-in-law was holding.

Inside the fish tank was clearly a baby-fist-sized octopus with a human face. Looking closely, this was none other than Liuyu Heaven!

Fearless Heaven's tracking secret technique could only sense Liuyu Heaven's presence without knowing he had transformed into this state.

Seeing Liuyu Heaven in such a condition, with almost all his cultivation gone, Fearless Heaven's eyes widened with rage, shouting: "Remnants of the Rebirth Sect, you have a lot of nerve."

"Daring to harm my brother like this."

Liuyu Heaven in the fish tank thought, stop calling her a remnant of the Rebirth Sect, you're just going to anger her!

Liuyu Heaven still believed in Fearless Heaven's power.

However, the sister-in-law, as the mighty Rebirth Saint Mother, wasn't lacking in strength either!

If it were the Rebirth Saint Mother in her prime, only their World Honored could match her.

Currently, the sister-in-law's strength wasn't very powerful.

Liuyu Heaven estimated that Fearless Heaven should be able to fight the Rebirth Saint Mother evenly.

But don't forget, there's still someone breaking through in the Well of Rebirth.

If Lin Yuan succeeded, it would be two against one, with Lin Yuan being Tier Four.

In that scenario, Fearless Heaven wouldn't have a chance of winning.

Liuyu Heaven estimated that by then, Fearless Heaven would be beaten into his true form, then collared with a dog leash.

"She's the current Rebirth Saint Mother!" Liuyu Heaven reminded from the fish tank.

Then, he asked Fearless Heaven: "Did you come alone?"

"Of course!"

"To deal with this woman, even if she's the current Rebirth Saint Mother, I'm enough on my own!" Fearless Heaven held his head high, brimming with confidence.

Liuyu Heaven thought, come on, I was more confident than you before I turned into this state!

Liuyu Heaven understood that with only Fearless Heaven being there, it was unlikely he would be saved. If things went wrong, he might get caught up himself.

Moreover, Liuyu Heaven had already been subdued by Lin Yuan, restricted by the Yin Law chains, unable to act against Lin Yuan.

"Fearless Heaven, you should go back!"

"You can't save me, hurry up and leave!" Liuyu Heaven wanted to persuade Fearless Heaven to turn back.

If it were any other Evil Spirit, Liuyu Heaven's words might work.

But, speaking like this to Fearless Heaven backfired.

Upon hearing this, Fearless Heaven thought Liuyu Heaven was underestimating his strength!

So, no matter what, he had to prove himself today.

The more Liuyu Heaven said he couldn't save him, the more he had to save him.

He's driven by pure stubbornness.

"Just wait, once I subdue this woman, I'll come to rescue you!"

"No matter if you're the Rebirth Saint Mother, I, Fearless Heaven, fear you not. I'll kill you and use your skull as a wine vessel." Fearless Heaven arrogantly declared.

After these words, Fearless Heaven was already swinging his fist, charging towards the sister-in-law.

Seeing Fearless Heaven ignore his advice, still resolutely charging at the sister-in-law.

At this moment, Liuyu Heaven in the fish tank closed his eyes, and in that moment of closing his eyes, he had already thought of where to attach Fearless Heaven later.

If Fearless Heaven didn't run now, he truly wouldn't be able to later.

When Lin Yuan successfully breaks through and charges out, Fearless Heaven will be beaten like a dog and then tied up.

...

...

The feeling that Fearless Heaven gives is fierce, valiant, and fearless.

Facing Fearless Heaven's attack, the young sister-in-law stood there, her expression calm as water, without a trace of emotion.

It seemed she already knew that no matter how fierce Fearless Heaven's onslaught might be, it could not harm her in the slightest.

Fearless Heaven swung his fist at her, with a silver-black glow emanating from it, presumably containing the Power of Rules.

However, it is not yet known exactly what rules these are.

The young sister-in-law did not dodge or evade, and just as the fist was about to hit her, a Vermilion Red Coffin blocked in front of her.

"Boom!"

With a loud noise, the fist that should have hit the young sister-in-law landed on the lid of the Vermilion Red Coffin.

The Vermilion Red Coffin looked like it was made of wood, but after Fearless Heaven's punch landed.

This coffin did not turn into a pile of rotten wood.

Fearless Heaven's fist merely left a fist mark on the coffin lid.

Moreover, the fist mark was gradually becoming shallower, as the coffin lid quickly recovered before the eyes.

The coffin lid returned to its original state, and the next moment, a clanking sound echoed.

The coffin lid opened suddenly, and Fearless Heaven instinctively glanced inside.

The interior of the coffin was pitch black, as if it were an endless space.

Before Fearless Heaven could react, strange hands suddenly emerged from the coffin.

Some of the eerie hands grabbed his shoulders, some tugged at his arms, while others pulled at his legs...

In short, the goal of these eerie hands was very clear: to drag Fearless Heaven into the Vermilion Coffin.

Fearless Heaven, despite being a brute, had a keen battle instinct.

Fearless Heaven knew that inside the coffin was a place controlled by the Rebirth Saint Mother.

Once pulled in, he would be at someone else's mercy, and whether he could escape depended on their whim.

Thus, under no circumstance could he allow himself to be dragged into the coffin.

Understanding this, Fearless Heaven exerted all his strength.

Fearless Heaven's muscles swelled rapidly, and the veins and blood vessels on his arms protruded.

A pair of exotic weapons, the Chinese Hook Axes, appeared in his hands.

He swung the Chinese Hook Axes, slashing at the eerie hands, which were quickly severed.

However, once they hit the ground, they dissipated into energy.

These eerie hands were merely a form of energy attack manifested by the Vermilion Red Coffin.

The sole purpose of these eerie hands was to drag enemies into the Vermilion Red Coffin.

It's just that Fearless Heaven's speed was quick enough, and the young sister-in-law's objective was not achieved.

Cutting off the eerie hands, he broke free.

Fearless Heaven bypassed the Vermilion Red Coffin and charged at the young sister-in-law.

One black and one silver Chinese Hook Axes, seemingly containing two completely different Powers of Rules.

Briefly considering, the young sister-in-law thought that this seemed unlikely.

Besides Lin Yuan, the young sister-in-law hadn't seen anyone who could master two different Powers of Rules.

As for Evil Spirits, even less so.

Normally, a single Power of Rules is enough to spend a lifetime comprehending.

Other than Lin Yuan, what normal person would seek to comprehend multiple Powers of Rules?

Therefore, Fearless Heaven likely did not master two entirely different Powers of Rules.

Rather, the Power of Rules he mastered had two extreme, opposing characteristics.

Apart from the Power of Rules, Fearless Heaven seemed to excel at close combat.

One front, one back, the silver and black Chinese Hook Axes slashed towards the young sister-in-law.

A sharp slicing sound rang out, as though even the air could be sliced apart.

The young sister-in-law did not dodge, letting the Chinese Hook Axes cut into her body.

"A decoy?" Fearless Heaven frowned and growled.

When his Chinese Hook Axes cleaved into the young sister-in-law, he realized it was a decoy.

In an instant, the decoy vanished, turning into vapor.

The young sister-in-law reappeared about ten meters away from Fearless Heaven.

This Rebirth Saint Mother is no simple character!

Battle instinct told Fearless Heaven this much.

From the start, he attacked, while the young sister-in-law defended.

Although the young sister-in-law had never launched an attack, she brought immense pressure to Fearless Heaven.

In the face of his violent and intense attack style, the young sister-in-law's leisurely, almost playful defense seemed even more unfathomable.

Were it someone else facing such an unpredictable opponent, they might have retreated by now.

Or perhaps tried to persuade her to release Liuyu Heaven, striking a truce.

But he is Fearless Heaven.

Fearless Heaven's approach is simple: either you die, or I die.

Today, no matter what, one must die.

Chapter 240: Successful Breakthrough to Tier Four

On the other side, after Lin Yuan jumped into the well of rebirth.

His entire being was immersed in the well water, and then he began to slowly descend.

The well water was not cold; on the contrary, it was warm.

Being immersed in it felt like a fetus submerged in amniotic fluid.

Lin Yuan's consciousness was very clear. In the water, he opened his eyes wide and looked around. The surrounding well water was incredibly clear.

He could clearly see everything around him through the well water.

However, in this well, it seemed that there was nothing else besides the well water.

The bottom of the well seemed to have an endless gravitational pull, drawing Lin Yuan's entire body downward.

All the way down, down....

The concept of time in the well seemed blurred; Lin Yuan only knew that he seemed to be constantly sinking.

Yet, how long he had been sinking was very unclear to him.

Sometimes it felt like he had been descending for a dozen minutes, sometimes it felt like half a month, and sometimes it seemed like he had spent countless years in the well.

Unsure how much time had passed, always facing the same environment, Lin Yuan's mind started to become groggy.

His entire spirit began to grow listless.

In his world, it seemed there was only the constant sinking in the well.

However, the well seemed bottomless.

No matter how deep he went, he could not reach the very bottom.

In a daze, in moments of clarity, Lin Yuan seemed to see a lotus platform.

Is that the bottom?

Suddenly, Lin Yuan felt much more invigorated.

It seemed the force drawing him downward from within the well was emanating from this lotus platform.

Lin Yuan continued to descend slowly, landing precisely in the center of the lotus platform.

"It seems the key to my breakthrough lies on this lotus platform!" Lin Yuan thought as he sat cross-legged on the lotus platform.

Just as this visualization formed in his mind...

In an instant, an incomparably violent energy flooded into Lin Yuan's body.

It rushed from his abdomen straight to his skull.

This surge of energy carried a fierce momentum, as if penetrating deeply.

The next second.

Lin Yuan's legs twitched, and he immediately fainted.

The lotus platform beneath the well seemed to be the actual source of the well of rebirth's energy.

At this moment, the lotus platform emitted a serene glow, which enveloped Lin Yuan's entire being.

Within his unconscious state, Lin Yuan was undergoing a subtle transformation.

The root of this change was the tattoos of the four departments on his body.

The abilities of the four departments were quietly merging at this time.

The Praise Department, Punishment Department, Investigation Department, and Yin Law Department appeared together in the well, hovering above Lin Yuan's head.

As the serene energy from the lotus platform flooded into Lin Yuan's body, the distinct energies of the four departments.

Remarkably, they began to slowly dissolve and merge.

The buildings of the four departments collapsed at a visibly detectable speed, transforming back into purest energy.

The Praise Department transformed into green light, the Punishment Department into red light, the Investigation Department into black light, and the Yin Law Department into yellow light.

The four departments dissolved into energy, becoming four masses of energy essence.

Subsequently, a serene energy emerged from Lin Yuan's body, transforming into a stream that slowly connected the four masses of energy essence.

The stream of serene energy entered the energy essence of the Praise Department, flowed through the Punishment Department's energy essence, then the Investigation Department's, and finally emerged from the Yin Law Department's energy essence, returning to the Praise Department's energy essence.

Under the constant cleansing of the stream formed by the serene energy, the energy essences of the four departments grew progressively smaller and gradually merged into the stream, which in turn became a fusion of four colors.

Meanwhile, Lin Yuan, lying on the lotus platform, was convulsing continually.

With the merging of the Four Departments' powers, Lin Yuan's body was also enduring great pain.

The fusion of the Four Departments represented a rapid increase in power.

However, Lin Yuan's current physique was clearly incapable of bearing such powerful energy.

Therefore, as the lotus platform emitted serene energy to merge the four departments' energies.

Another surge of serene energy was cleansing Lin Yuan's corporeal body.

After all, when the fusion of the Four Departments' energies was complete, it would require a mighty vessel to contain such potent powers.

If Lin Yuan's physical strength wasn't enhanced beforehand, when the fused energy of the Four Departments entered Lin Yuan's body.

It would take just an instant to burst his body apart.

While the lotus platform released energy, cleansing Lin Yuan's flesh, many impurities were expelled from his body.

As these impurities were eliminated, Lin Yuan's originally balanced body started to become gradually emaciated.

Skin and bones.

Yes, to describe him as skin and bones perfectly matched Lin Yuan's current condition.

His eye sockets sunken, with dark circles beneath them.

The skin on his face clung tightly to the wheelbase, and it was the same all over his body.

His skin was shriveled tightly against his bones, with only a bit of lean muscle remaining.

He now looked like a sickly specter.

However, if you looked closely, it seemed as if his body radiated a blaze of dazzling divine light.

Lin Yuan's current state appeared as if a single punch would suffice to crush him to death.

However, in reality, this was not the case.

If, before, Lin Yuan's body was a heap of scrap iron.

Then now, his body was a heap of gold.

Lin Yuan's physical strength now was more than ten times stronger than before.

Just as his body was cleansed, the fusion of the Four Departments was also completed.

Originally, the energy ball formed by the Four Departments had already disappeared.

What appeared before his eyes was only a small stream of energy, in which green, red, black, and yellow flowed.

The energy stream was not long, but it contained an immense and boundless energy.

The energy stream plunged into Lin Yuan's mind, and in the next moment, Lin Yuan suddenly woke up.

After waking up, Lin Yuan clenched his shriveled fist.

Though he now looked like a sickly person.

He possessed a confidence—he could punch a Tier Five Evil Spirit to death.

Such adversaries as Liuyu Heaven and Great Black Heaven, if encountered now, Lin Yuan was confident he could take them down with one punch.

Next, Lin Yuan checked his physical condition.

The physical condition looked bad, but it could still hold.

This appearance was entirely due to the purification of both his body and internal energy.

As time went by and the energy in his body gradually replenished, his condition would naturally improve.

Regarding this sickly appearance, Lin Yuan was not overly opposed.

After all, his strength was tangible, and appearance was not so important.

Undoubtedly, he had successfully advanced to Tier Four.

Upon this thought, Lin Yuan instinctively began to check if he had awakened any new tattoos.

However, after a brief inspection, Lin Yuan realized that he hadn't awakened any new tattoos.

Thus, he continued to invoke the power of the Four Departments.

Since no new tattoos awakened, there was only one possibility for his advancement to Tier Four—the power of the Four Departments had become stronger.

With this thought, Lin Yuan summoned the Four Departments.

But this time, the scene in front of Lin Yuan was not what it was before, where Praise Department, Punishment Department, Investigation Department, and Yin Law Department appeared each in different directions.

Instead, a more magnificent and grand structure appeared above him.

On this building hung a plaque with the words "Judge Department" inscribed in large characters.

The fusion of the Four Departments meant Lin Yuan could use the power of all four simultaneously.

Not like before, where he could only use one at a time.

Faintly, through the Judge Department, Lin Yuan saw the ethereal shadows of the Four Great Judges inside.

Wei Zheng in green robes, Zhong Kui in red, Lu Zhidao in black, and Cui Jue in yellow.

At Tier Five, Lin Yuan could only summon the Four Great Judges to possess him in battle, and use the prowess of some Magic Artifacts and structures of the Four Departments.

He could not, as he did with Black and White Impermanence or Ox Head and Horse Face, summon the Spirit Bodies of the Four Great Judges.

It seemed the former self couldn't achieve this.

But now Lin Yuan could clearly sense he could summon the Spirit Bodies of the Four Great Judges for battle.

Moreover, he could readily use the state of madness for combat without suffering the backlash of evil energy.

After successfully advancing to Tier Four, he could entirely grasp the power of the Four Departments, utilizing their combat power in battle.

Simultaneously use the combat power of the Four Departments to enhance his own power.

This was altogether different from the previous method, where only one department's power could be used interchangeably.

The combat power unleashed by these two methods were worlds apart.

Previously, Lin Yuan's combat power was 1; now his combat power was 4.

No, perhaps it exceeded 4.

Because, after the fusion of the Four Departments into the Judge Department, the combat power unleashed was greater than $1+1+1+1$.

Sensing his formidable strength, Lin Yuan looked at the Lotus Platform below him, murmuring: "I wonder whose relic this Lotus Platform is."

"A single Lotus Platform possesses such Divine Power."

Lin Yuan had already discerned that the root of the Well of Rebirth was this Lotus Platform.

With the Lotus Platform's existence, the Well of Rebirth was indeed the Well of Rebirth; otherwise, it would merely be an ordinary well.

This Lotus Platform was a treasure; if it wasn't Little Sister-in-law's possession, Lin Yuan might try to pry it free to take to the Real World.

He definitely couldn't snatch Little Sister-in-law's belongings.

With that thought, he gave up the idea of taking the Lotus Platform.

Now, successful in his breakthrough, Lin Yuan left there, continually moving upwards.

After successfully advancing to Tier Four, the suction caused by the Lotus Platform was almost negligible for him.

Unlike descending, during which he felt the Well of Rebirth was infinitely deep.

But now, when ascending, he swam upwards for only a dozen seconds before his head emerged from the water.

With a leap, Lin Yuan arrived at the well edge.

He glanced around, frowning.

Little Sister-in-law was gone.

Originally, Little Sister-in-law had stayed by the well to protect him!

Considering his standing in Little Sister-in-law's heart, during this critical moment of his breakthrough, she certainly wouldn't leave recklessly.

If Little Sister-in-law was missing now, there was only one possibility—an unexpected event had occurred.
