

## Army 631

Chapter 631 Four of them

The imperial capital of the Grand Xia.

Buzzzzzz! Buzzzzzz!

Spatial fluctuations emerged.

Lord Chi, Elder Brown, and the others had teleported back, including Lin Tianjian, Jing yueke, and the human soldiers of the sword Emperor dynasty and the tianzong dynasty.

They were all safely teleported to the imperial capital of the Grand Xia.

Lin Tianjian and the others were teleported to the skies above the imperial capital of the Grand Xia.

As for the human army ...

They were teleported to the surroundings of the imperial capital.

Shua!

Jiang Li came out of the base and went to welcome them.

“The sword Emperor.”

human Emperor. Jiang Li appeared in front of Lin Tianjian and Jing yueke. human Emperor of the sky sect, it's great that you've returned safely.

“Thank you for your timely assistance, Emperor Xia.”

Lin Tianjian cupped his hands and said respectfully, "Otherwise, I'm afraid we won't be able to see Emperor Xia again."

"Many thanks, Emperor Xia."

Jing yueke bowed.

"This is what I should do."

"I'm the leader of the human dynasty alliance," Jiang Li said. "I can't just stand by and watch when I know my ally is in trouble. I have to help."

"Men!"

Jiang Li shouted.

Shua! Shua!

Immediately.

Xu Ya and Hong Tianqi had arrived.

"Your Majesty."

they bowed in respect.

"yes."

kill him," Jiang Li ordered. The sword Emperor and the human Emperor of the heaven sect just finished a fierce battle. He's heavily injured and mentally exhausted.

Xu Ya, immediately prepare a place for the sword Emperor and the human Emperor of the heaven sect to rest.

“Yes.”

Xu Ya nodded.

sword Emperor, human Emperor of the sky sect, my Lords, please follow me.

Xu Ya said.

“Thank you for your trouble.”

Lin Tianjian and the human Emperor of the heaven sect said.

Soon after.

Xu Ya left with Lin Tianjian and the human Emperor of the heaven sect and went to the palace of the great Xia.

“Hong Tianqi.”

go! Jiang Li ordered. tell Lianzhen and Mo bei to go outside the imperial capital and confirm the exact number of soldiers from the sword Empire and the tianzong Empire.

“Yes, sir.”

Hong Tianqi nodded and left.

Shua! Shua!

Lord Chi and Elder Brown arrived.

“the xia emperor.”

Lord Chi called out.

“Lord Chi, Elder Brown.”

thank you. Jiang Li cupped his hands. please bring Lin Tianjian and the others back.

“it’s just a small matter,”

Elder Brown waved his hand.

“Oh, right, the Xia Emperor.”

“When do you plan to merge the sword Empire, tianzong Empire, Lianzhen Empire, and Mobei Empire into the great Xia Empire?” asked Lord Chi.

“There’s no rush for this.”

Jiang Li waved his hand.

“The Lianzhen Empire and the Mobei Empire are indeed not in a hurry.”

...

“The human Emperor of Mobei and Lianzhen will probably agree,” said Lord Chi.

but the sword-Emperor dynasty is different from the tianzong dynasty. They have lost their territory and territory, and their National fate will continue to disappear.

“That’s why we should do it as soon as possible.”

“Thank you for your reminder, master Chi.”

okay. Jiang Li nodded.

They talked for a while more.

Lord Chi and Elder Brown also left.

Jiang Li returned to his room in the ruler’s hub.

At this moment.

The battle in the Eastern Region had also ended.

Wu Wuji won the final victory and occupied the entire Eastern Region.

...

Buzzzzzz! Buzzzzzz!

It could be seen.

wu wuji revealed the wuwang dynasty’s true dragon of national aura. it was a bright golden dragon that was absorbing the national aura of the barbarian dynasty.

in the end.

the golden true dragon’s size reached 90000 meters.

“Teleport.”

shua!

An invisible spatial beam descended on the Eastern Region and enveloped SSTs01. It teleported SSTs01 to Jiang Li.

He was back.

“Chief sovereign.”

SSTs01 saluted.

“yes.”

okay. Jiang Li nodded and looked at SSTs01. She had a delicate face, a tall figure, fair skin, and long legs. She was wearing the angel Armor.

buzzzzzz! Buzzzzzz!

ssts01's body glowed.

Obviously.

SSTs01 had absorbed a large number of souls and remnant souls from the eastern battlefield, and her evolution had reached 100%.

He could advance now.

“Upgrade.”

Shua!

jiang li used eight trillion energy points to upgrade ssts01. a few seconds later, ssts01 completed the upgrade and reached perfected-stage level eight.

“Thank you, hegemon.”

SSSTS01 said.

“Yes.”

okay. Jiang Li nodded in satisfaction.

“Teleport to WMS01.”

Shua!

Immediately after.

WMS01. Jiang Li sent WMS01 back to the battlefield in the South.

“Chief sovereign.”

WMS01’s nine-meter-tall body appeared in front of Jiang Li. It was also glowing. Its evolution had reached 100%.

“upgrade.”

Buzzzzzz!

Jiang Li used another eight trillion energy points to level up WMS01. White light flashed on its body. A few seconds later, it was completed and reached the peak of level eight.

His strength had greatly increased.

“Thank you, hegemon.”

WMS01 said.

“Alright,” he said.

Jiang Li was more and more satisfied.

This way ...

Jiang Li already had three perfected-stage level-eight meches.

It could be said that his strength had increased greatly.

Now, only MYL01 from the central region had not returned.

This was because a large number of souls and remnant souls had been devoured by Qin qipo's soul magic Domain, turning into energy that increased Qin qipo's combat power.

in addition, myl01 did not dare to devour and absorb too much, which led to a slower rate of evolution.

His evolution progress had now reached 90%.

Ten percent more.

The three battlefields.

Only the war in the central region continued.

It continued until now.

Many of the soldiers from the three races had died.

“Rumble!”

In the East.

A series of rumbling sounds could be heard.

It could be seen.

The demon Army of the East Peak demon dynasty and the astral wind Empire that had withdrawn from the Eastern Region had arrived at the central region. There were many floating battleships.

“That’s Yingluo.”

“The demons from the Eastern Region.”

“This bi an ...”

The great shaman and the others widened their eyes.

“Wu Wuji!”

Qin Qi po clenched his fists, his expression furious.

obviously.

The reason why the armies of the eastern peak demon dynasty and the astral wind Empire had appeared here was because Wu Wuji had let them go. Otherwise, with Wu Wuji’s strength, as long as he was willing to pay a certain price, even if the palace Master of the demon race was present, the eastern peak demon dynasty and the astral wind Empire would basically not be able to safely retreat from the Eastern Region to the central region.

” retreat!!! ”

Qin Qi po roared, ” retreat to the Northern Territory immediately!

one had to know.

The war had continued until now.

The soul martial Empire and thousand refinements Empire had suffered heavy losses, losing 50 billion soldiers. The puppet army had also suffered heavy casualties, and they were having a hard time maintaining the grade 8 formation.

now.

The demons had reinforcements.

If they continued fighting.

The entire Army of the soul martial Empire and the myriad refinements Empire would be buried here.

They had to retreat.

“Let’s go!”

When the Grand Magus and the other two barbarian sovereigns saw that Qin qipo and the rest had retreated, they could no longer continue fighting with the demons. Therefore, they also shouted loudly.

They also wanted to retreat.

However ...

He had such a huge advantage.

Of course, Wutian and the others would not let Qin qipo and the Grand Magus go so easily. So, they led the demonic Army to pursue the barbarians and humans at full speed.

The armies of the eastern peak demon dynasty and the astral wind Empire also joined in.

It could be seen.

qin qipo was escaping towards the north, while the grand magi and the rest were escaping towards the south.

“wutian.”

“Focus on the pursuit of the human race,” Fu Tianqing shouted.

“Yes.”

Wutian nodded and led the demon Army to pursue Qin qipo and the human army.

Not long after.

The two eighth-rank demon temple Masters and demon Emperor Yi tiangan, who had fled from the southern Territory to the central region, arrived. They were all relieved after seeing the situation in the central region.

Then, he met up with Fu Tianqing and the others.

He reported the situation in the southern Territory.

“The human race’s division actually sent reinforcements to the southern land.”

Fu Tianqing's expression was extremely ugly.

the demon Army in the southern land was completely annihilated by the barbarians.

Mohreen clenched her fists.

One had to know.

there were three great demon dynasties in the southern land, and they had a lot of demon troops. but now, they were destroyed by the barbarians, and only an eighth-level demon emperor escaped.

In fact, two perfected tier 7 monster race temple Masters had even died.

This caused the strength of the demon race to be greatly reduced.

On the Barbarian Army's side.

Di Long, man Wuji, tu Jiu Ling and the others went to the central region from the southern land to help the great wizard and the others get rid of the demon Army of the central region.

Fu Tianqing and the others could only pursue the barbarians.

so,

they focused their forces on chasing after qin qi po and the others.

Buzzzzzz!

at this moment.

MYL01's evolution had finally reached 100%.

“Upgrade.”

Jiang Li operated the Dominator panel and used eight trillion energy points to upgrade MYL01 to complete-stage level eight.

his strength had greatly increased.

“MYL01, you follow him immediately.”

I'll kill him. Jiang Li looked at the projection in front of him. then, find a chance to kill Qin qipo.

“Yes!”

MYL01 turned invisible and quietly followed.

“ah!”

At this moment.

A miserable scream rang out.

Jiang Li clearly saw Wutian cut off Qiu Wanlian's head with the blade of Thunder. Then, he used his technique to control Wutian true dragon to devour the Fortune of the Empire.

“Stop him!”

kill!!!

BOOM! BOOM!

It could be seen.

Qin Qipo's two rank 8 subordinates were also rank 8 princes of the soul martial empire. They controlled the rank 8 formation, the soul magic domain, as well as an army of over a hundred billion puppet warriors.

They charged towards the demon army with determination.

They were covering Qin Qipo's retreat.

“!!!”

Qin Qipo looked back and saw the tragic scene. His eyes turned red and his fists clenched. Although he wanted to turn around and fight Wutian to the death, he resisted the urge and fled at full speed.

“Qin Qipo, you can't escape.”

After killing Qiu Wanlian, Wutian turned to Qin Qipo and waved his right hand. The demonic ghost clan, move out!

Buzzzzzz! Buzzzzzz!

At this moment.

Wutian brought out the 'secret weapon' he had used to deal with the soul martial dynasty.

It was the 100 members of the demonic ghost clan.

Obviously.

the soul martial empire was famous for their 'human puppeteers' and 'puppet army'. wutian had long known about it, so he had been hunting for the demonic ghosts to deal with the soul martial empire.

now.

He had gathered a hundred demonic ghost clan slaves.

They formed an Army.

Among them.

The demonic ghost clan had one rank seven, nine rank six, twenty rank five, thirty rank four, and forty rank three.

“Go!”

“devil’s domain!”

kill!!!

Hundreds of demons and ghosts descended and charged into the battlefield. The devil’s Domain was activated, suppressing the human puppeteers and cutting off the connection between the puppeteers and the puppet army.

However, it was because of the grade 8 military formation-the soul magic Domain.

It weakened the strength of the demonic ghost clan.

Although the puppet army had been suppressed by the demonic ghost clan, they had not lost their effectiveness.

“What a bunch of trash.”

Wutian's face turned cold. I thought you could completely destroy the soul martial Empire's puppet army. I didn't expect you to be suppressed by the tier 8 army formation.

"You've wasted so much time."

"Master, please."

The type 7 devil clan member explained, "This is a rank eight Army formation that uses the 'ancient puppetry' as its core. It possesses the might of the soul law, and that's why it's like this,"

"i still have to do it myself."

Wutian said coldly.

BOOM!

At this moment.

Wutian seemed to have turned into a bolt of lightning, as if he had teleported. He passed through the 'soul domain' of the rank 8 military formation.

He chased after Qin qipo.

block him!!!

Shua! Shua! Shua!

Qin qipo waved his right hand, and five of his type 8 puppet Warriors rushed forward to stop Wutian.

"A mere puppet."

Buzzzzzz!

Wutian's eyes were cold. His pupils seemed to have turned purple and thunderous. The power of his bloodline was shaking, and the profound meaning of the Thunder Law was flowing.

One had to know.

The fey controlled their bloodlines, while humans cultivated martial arts.

Generally speaking.

It was relatively easy for humans to comprehend the laws. They could control the power of the laws and turn them into 'martial arts profound meaning', which could unleash extremely powerful combat power.

the demon race relied on their bloodline.

Thus, it was very difficult to comprehend the laws.

but ...

Wutian, on the other hand, had studied the law of Thunder.

in addition, he had the bloodline of the monster race.

Laws fused with bloodline.

this was one of the sources of wutian's powerful combat power.

"Bloodline lightning."

BOOM!

An explosion sounded.

Wutian reached out his hand and turned it into a huge purple-and-blood palm print. It grabbed an eighth-rank puppet and released a Thunderbolt, turning the puppet into ashes.

the other four were also sent flying.

However ...

this also gave qin qi po time to retreat, and he headed in the direction of marquis feng ji at full speed.

## Chapter 632 Fallen

Qin qipo turned around and saw that Wutian had destroyed one of his eighth-rank puppet Warriors with one blow, and the other four were sent flying.

The five type 8 puppet Warriors were not enough to stop Wutian.

“damn it.”

Qin qipo’s face was grim. the five eighth-rank puppet Warriors could only delay Wutian for a short while.

“Lightning escape divine light.”

Shua!

Wutian raised his head and saw that Qin qipo had already fled far away. He immediately ran as fast as he could. His body turned into a purple Thunderbolt, and he crossed the void like a lightning bolt.

It chased after Qin Qi po at an extremely fast speed.

the distance between them gradually closed.

On the other side.

At Jiang Li's order, MYL01 also used the invisibility skill and turned into a black shadow, following closely behind like a black light.

The two sides, one chasing and one fleeing.

In the blink of an eye, he had flown tens of millions of meters.

It was as fast as light.

high up in the sky.

Kjzjd02 and kjjld01, which Jiang Li had arranged to stay in the central region of the Saint-peace state, were flying at a high speed. They had already left the central battlefield and were following MYL01 to film the battle between Wutian and Qin qipo.

this way ...

Jiang Li could clearly see the battle between Wutian and Qin qipo through the images sent by the mechanical space Station base.

“The direction Qin qipo escaped to, it seems like he wants to escape to the North, to my great Xia Dynasty.”

” maybe i can set up an ambush in marquis fengji, ” jiang li thought.

Jiang Li had a plan.

Immediately.

He then called WMS01 and SSTs01 over.

“Chief sovereign.”

WMS01 and SSTs01 saluted Jiang Li at the same time.

“yes.”

okay. Jiang Li nodded.

“Teleport!”

Buzzzzzz! Buzzzzzz!

Jiang Li immediately activated the teleportation function of the mechanical space Station base. teleportation target: WMS01, SSTs01, teleportation destination: Marquis Fengji’s border.”

Shua! Shua!

An invisible spatial light beam descended.

It enveloped WMS01 and SSTs01.

The next moment.

WMS01 and SSTs01 disappeared from the control center and were teleported to Marquis Fengji's territory, arriving at the border of the great Xia Empire.

after that.

Under Jiang Li's order, WMS01 and SSTs01 hid their tracks.

He was waiting for an opportunity here.

It was obvious.

Jiang Li's plan was simple. He would let WMS01 and SSTs01 guard the border of Marquis Fengji and wait for Qin qipo and Wutian.

Finally.

MYL01, SSTs01, and WMS01, three perfected-stage level eight meches, would team up and look for an opportunity to besiege Wutian and Qin qipo.

of course.

Jiang Li had thought about teleporting SSTs01 and WMS01 to MYL01, but there would be obvious space fluctuations. Wutian and Qin qipo would notice and alert the enemy.

Furthermore ...

If the distance was too close ...

Fu Tianqing and Mo Helin would also arrive in time to help.

so,

The best way.

He was waiting at the border of Marquis Fengji's territory.

He was waiting for them to arrive.

Because the distance was very far.

At that time.

...

Even if Fu Tianqing and the others wanted to help, they wouldn't have enough time.

However ...

In the end, it all depended on whether Qin qipo had the strength to escape to Marquis of discipline. Perhaps he would not even make it to Marquis of discipline before Wutian caught up to him.

boom! BOOM! BOOM!

It could be seen.

as wutian chased after him, qin qipo gave it his all and managed to get away from wutian time and time again. however, he had already lost three of his eighth-rank puppet warriors, and only two were left.

At this moment.

Qin qipo and Wutian had already left the battlefield.

He had already left the central region plain.

even ...

They had already crossed several dynasties.

...

They had arrived at the border of the soul martial Empire.

\* Cough cough \*

Qin Qi po coughed out blood, his face pale.

Wutian had caught up to him.

Buzzzzzz! buzzzzzz!

The country's fate around him trembled. The three nine Dragon-level sacred artifacts of the Empire formed three barriers to protect him, blocking Wutian's attacks.

"It's a last-ditch struggle,"

Wutian's eyes were indifferent, as if he was looking at a dead man.

"Wutian."

Qin Qi PO's gaze was cold, and his mood was extremely heavy.

Obviously.

wutian's strength was far beyond qin qipo's estimation.

If this continued ...

It was almost certain death.

BOOM! boom! BOOM!

Wutian kept striking, and bolts of lightning fell one after another, striking Qin qipo. Qin qipo kept resisting, blocking Wutian's attacks.

“Ah!”

pfft!

qin qi po screamed and spat out blood, his body flying backwards.

Obviously.

Qin qipo's strength was not weak. He had the ancient puppetry technique, the soul law, the profound meaning of martial arts, and cultivated martial arts techniques.

It could be said that ...

Qin qipo was also at the peak of tier 8.

However ...

His opponent was Wutian.

The strongest of the monster race.

The bloodline and the laws fused.

their combat strength could reach the peak of the eighth step.

so,

qin qipo was still injured by wutian after blocking more than a dozen moves.

“wutian.”

qin qipo stared at wutian and shouted, ” “Aren’t you afraid that we will fight to the death?”

“A life and death struggle?”

Wutian sneered and said in disdain, ” “with just your late-stage rank eight cultivation? You think too highly of yourself. If it was Wu Wuji, I might have to be more careful.”

“Die!”

As soon as he finished speaking.

BOOM!

Wutian’s body trembled. In an instant, lightning flashed, as if tearing the space apart. As if he had teleported, he rushed toward Qin qipo.

bang! Bang!

Qin qipo’s two type 8 puppet Warriors charged forward, but were sent flying.

Kachaa! Kachaa!

cracks began to appear on the bodies of the 2 type 8 puppets.

The damage was not light.

if this continues, Qin qipo won't be able to escape Wutian's pursuit. Even Marquis Fengji won't be able to escape before he's killed by Wutian.

Jiang Li looked at the battle and said, " looks like I've overestimated Qin qipo's strength. Or rather, I've underestimated Wutian's combat strength.

Pfft!

Qin Qi po coughed up blood again.

The type 8 puppet warrior was damaged and destroyed one after another, causing Qin qipo to suffer a backlash.

His injuries were getting worse.

"Wutian."

qin qipo raised his head. his eyes were bloodshot, and his face was filled with madness. " you forced me into this. if you want my life, you will have to pay a heavy price. "

"Roar!"

As soon as he finished speaking.

Qin Qi po let out a long howl.

Immediately after.

The Fortune of the nation began to shake.

Immediately.

A true dragon of National aura that was 80000 meters long appeared. It roared and a vast aura surged. Then, the true dragon of National aura started to burn.

Obviously.

Qin Qi po went all out.

He had burned the Fortune of the Empire in exchange for great power.

Shua! Shua! Shua!

At the same time.

the three nine-dragon dynasty-level sacred artifacts manifested. the imperial edict turned into a defensive light veil that protected his entire body, and the jade archive turned into a long, slender spear.

The Marquis token fused into his body.

It increased his strength.

“It’s no use even if you burn the fate of the nation.”

lightning domain! Wutian shouted. lightning domain!

“Rumble!”

Wutian let out a long roar and unleashed an extremely powerful move. From the center, countless purple Thunderbolts rushed out, forming a terrifying sea of Thunder.

In that instant.

It covered the surrounding area and space.

It enveloped Qin qipo.

Kachaa! Kachaa!

Each purple lightning was like a Lightning Dragon, striking towards Qin qipo. Qin qipo let out a long roar, and vast energy was released. The power of the soul law was added to his body.

It blocked the bolts of lightning that were coming at him.

world-destroying Thunderbolts! Nine Heavens Thunder-Dragon array!

Shua! Shua! Shua!

Wutian waved his hands and controlled the lightning magic Domain. The power of his bloodline surged, and countless bolts of lightning gathered together to form a nine-headed, four-clawed Lightning Dragon.

Each of the four-clawed lightning dragons was tens of millions of meters long.

It was as vast as the stars.

It filled the sky.

it covered the sky and the sun.

It shook the heavens.

it was as if the space had been torn apart by the power of the lightning.

“Kill!”

Qin qipu raised his head and roared. His eyes turned silver as the laws of soul interwove. He roared, ” martial Dao profound, spirit-killing spear art!

“Whoosh!”

Qin Qi po thrust his spear with all his might.

kachaa!

After the long spear was thrust out, it bloomed with a dazzling silver light, as if a Silver Sun was rising. It seemed to pierce through space as the silver spear light pierced through the sky.

“Exterminate!”

bang bang bang bang!

Wutian pressed his hands down. Nine four-clawed Thunder Dragons swirled and formed a ‘magic formation’. They descended from the sky and collided with Qin qipo’s spear radiance.

there were countless explosions.

The soul law and the lightning law clashed.

The radiance bloomed.

“Ah!”

A miserable scream rang out.

In the dazzling white light, the silver spear radiance was shattered. Qin qipo spat out blood and his body was sent flying. He was heavily injured.

\* Cough cough \*

Qin Qi po kept coughing out blood.

there were even pieces of internal organs in the blood that he coughed out.

the light dissipated.

Wutian appeared.

It could be seen.

Wutian's face was pale.

It could be seen from this.

The move just now had consumed a lot of Wutian's bloodline power.

“Die!”

Kachaa!

wutian transformed into a bolt of lightning and moved at top speed.

He waved his right hand.

the nine-dragon level sacred artifact of the empire, 'wu tian's imperial edict', appeared. it turned into a long purple blade in wu tian's hand and slashed at qin qipo.

Shua!

The lightning Blade light slashed towards Qin qipo's head.

It was a critical moment.

Qin qipo immediately controlled a type 8 puppet warrior to rush forward and block the attack. With a loud crack, a type 8 puppet warrior was cut in half by Wutian.

It was directly scrapped.

Shua!

qin qi po quickly retreated, increasing the distance between them.

“Kill!”

Wutian caught up to him.

At the same time.

Wutian controlled the Thunderbolts, and bolts of lightning struck Qin qipo, blocking his way out. Qin qipo had nowhere to run.

“Ah!”

Qin Qi po screamed again.

Pfft!

Blood splattered everywhere.

qin qi po's left arm was cut off.

“Explode!”

BOOM!

you're courting death! Qin qipu roared. He detonated the nine-Dragon sacred artifact of the dynasty, producing a terrible explosion that sent Wutian flying.

However ...

Qin qipo burned his nation's fate and self-detonated his Saint weapon, but he only managed to buy some time.

it was hard to escape death.

bang!

qin qipo's last type 8 puppet warrior was also shattered by wutian's attack.

“Die!”

“Pfft!”

Blood and flesh splattered.

In the end.

Wutian's punch shattered Qin qipo's head, killing him.

Wutian had finally killed Qin qipo.

Chapter 633 support

wutian's face was pale. he had used up a lot of his energy to kill qin qipo.

no matter what.

Qin qipo was also a late-stage eighth level Human Sovereign realm warrior. He had mastered the law of soul and the profound meaning of martial arts. He was not weak either. It took Wutian a lot of effort.

"He died just like that."

Jiang Li looked at Qin qipo being killed by Wutian in silence and said, "Wutian is much stronger than I expected.

"and my plan of waiting for the rabbit to appear has failed before it even started."

Jiang Li shrugged.

One had to know.

jiang li thought qin qipo could escape from wutian, so he ordered myl01 to follow him and kill him himself.

He didn't expect.

Qin qipo was killed by Wutian before Marquis Fengji could escape.

“myl01, come back.”

No. Jiang Li shook his head and prepared to teleport MYL01, SSTs01, and WMS01 back to the city.

“Get out here.”

At this moment.

Wutian’s eyes suddenly turned to where MYL01 was hiding.

BOOM!

As soon as he finished speaking.

wutian threw out a thunderbolt palm toward the rear left. the white clouds exploded, and the whereabouts of myl01 was revealed.

you’ve been following me sneakily for so long. Do you really think I didn’t notice?  
”

wutian’s eyes were cold.

behind him on the left.

myl01 turned into an illusory shadow. it was originally hiding behind the clouds, but the white clouds completely covered myl01’s figure and concealed his aura.

However ...

However, Wutian had discovered MYL01.

He was even forced to come out.

Wutian has detected MYL01.

what? ” Jiang Li was also surprised. He didn’t expect Wutian to be so sensitive that he could detect the whereabouts of MY01. when did this happen? ”

In reality.

it was because they had left the chaotic battlefield, so wutian was able to detect myl01.

If it was blocked on a chaotic battlefield ...

Because there were all sorts of energy fluctuations in the surroundings, coupled with the intense battle and energy explosions, even the space was shaking. This covered up the aura of MYL01, so it was not discovered.

But now, it was different.

Kachaa!

“Lightning Spear.”

Wutian pointed with his right hand, and the purple Thunderbolts gathered together to form a Thunderbolt spear, which pierced through MYL01.

boom!

MYL01 faced it head-on. With a wave of his right hand, a vast amount of demonic spirit energy condensed into a huge black blade. He slashed horizontally and destroyed the Thunder spear. The blade and spear exploded in the air at the same time.

“You’re from the devil ghost clan.”

Wutian’s expression froze for a moment. He looked at MYL01 and was a little surprised. and it’s a perfected-stage level eight devil.

“That’s not right.”

wutian took a closer look and said in a deep voice, ” “Although your aura is very similar to that of the demonic ghost clan, there are still some differences.”

“who are you?”

“.....”

MYL01 remained silent, looking at Wutian with a calm gaze.

“Teleport!”

“Whoosh!!!”

teleport. Jiang Li immediately activated the spatial teleportation and teleported SSTs01 and WMS01 who were guarding the border of Marquis Feng Ji to MYL01.

Shua! Shua!

Spatial fluctuations emerged.

in that instant.

WMS01 and SSTs01 appeared on the left and right of MYL01.

“Do it.”

...

kill Wutian. Jiang Li gave the order. kill Wutian together.

“Yes.”

“Yes, sir!”

” kill!!! ”

BOOM! BOOM! BOOM!

Three perfected-stage level eight meches, MYL01, WMS01, and SSTs01, attacked at the same time. They attacked Wutian together as fast as lightning.

Kachaa!

MYL01 slashed at Wutian with a destructive sword light.

“Thunder Dragon palm!”

Roar!

Wutian struck out a Dragon-shaped Thunderbolt with his palm, which destroyed the saber Light of MYL01. WMS01 held the demon God halberd and swung it at Wutian’s head.

...

Shua!

Wutian dodged WMS01’s demonic halberd by a hair’s breadth. As soon as he steadied himself, SSTs01 came at him with a lightsaber.

clang clang clang!

An intense battle erupted.

Three perfected-stage level eight meches besieged Wutian. MYL01 and the others were special meches who had mastered the power of law and were very powerful.

After exchanging dozens of moves.

Wutian was suppressed.

“Devouring Magic Eye.”

BOOM!

WMS01 roared and immediately released his strongest skill. The law of devouring emerged and condensed into a huge devouring true pupil, like the Eye of Heaven.

“whoosh!”

the devouring light shot toward wutian like a sharp beam.

“Nine Heavens Thunder-Dragon array!”

“Rumble!”

wutian let out a long roar, and nine four-clawed thunder dragons appeared. they circled around each other and formed a huge magic circle, blocking wms01’s devouring eye.

kill!!!

Instantly.

Both MYL01 and SSTs01 simultaneously unleashed their strongest level 8 skills.

“The law of destruction.”

myl01 let out a long hiss and raised the energy saber in his hand. the power of the law of destruction was fused into it. ” destruction saber slash! ”

Kachaa!

MYL01 slashed down with all his might. The pitch-black blade radiance seemed to have split the space in two and slashed at the nine-heavens Thunder Dragon array from the front.

“Roar!”

The lightning Dragon wailed.

Kachaa! Kachaa!

It was constantly cracking.

“The power of the law of purification.”

Finally.

SSTs01 swung its sword with all its might. The sword ray was infused with the law of purification. It was white in color and as huge as a star.

“boom!”

The nine Heavens Thunder Dragon array exploded completely.

Pfff!

Wutian's face turned pale and he spat out a mouthful of blood. He staggered backward, facing the joint attack of three perfected-stage level eight meches.

wutian was injured.

“Damn it!”

Wutian raised his head, looking furious. His eyes were filled with killing intent as he stared at WMS01, MYL01, and SSTs01.”A demonic ghost, a fake demonic god, and a God race Battle Angel.”

“I don't care who you are or where you came from.”

today, all of you will die!!!

Obviously.

Wutian was furious.

His killing intent was boiling.

“Roar!”

At this moment.

Wutian used all his techniques. The true dragon of National aura protected his body, and three nine Dragon-level sacred weapons of National aura manifested. At the same time, he finally released his bloodline Dharma.

“Rumble!”

His terrifying and powerful aura suppressed the entire scene.

It could be seen.

Behind Wutian.

A giant dragon with two wings appeared. It was tens of millions of meters long, and its bloodline Dharma form was so vivid that it seemed to be real.

It was shining with endless lightning.

Tenth-grade bloodline.

Two-winged Lightning Dragon!

kill!!!

Wutian fought with all his might. The sacred weapon of National aura turned into a huge Thunder Blade, striking out with Thunderbolts and forming a terrifying dance of the blade.

They forced MYL01, WMS01, and SSTs01 to retreat.

The damage of the three meches kept increasing.

“Recover,”

Shua! Shua!

Jiang Li waved his right hand and used up some energy points. Within a few seconds, MYL01, SSTs01, and WMS01 were all recovered.

obviously.

Wutian was strong, but he was not at the ninth rank. He was still at the eighth rank. He could only approach the early ninth rank if he burned his own bloodline.

Although they were being suppressed by Wutian, it would not be easy for Wutian to destroy them.

Furthermore ...

Jiang Li could also repair the damage to MYL01 and the others.

Time passed.

Through the fierce battle between MYL01 and Wu Tian, Jiang Li had a better understanding of Wu Tian's maximum combat power without burning his bloodline.

The fate of the Empire, the fate of the nation, the sacred weapon, the bloodline, and the laws.

He used all his means.

Wutian's combat ability had reached the peak of the eighth-rank, and he was known to be invincible among the eighth-rank.

If he were to burn his bloodline ...

there was a very high possibility of approaching initial-stage tier 9.

“Wutian.”

Shua! Shua! Shua!

at this moment.

Fu Tianqing, Mo Helin, Qilian, and four other eighth-tier demon Hall Masters had arrived. Seeing that Wutian was under siege, they quickly came to help.

“Retreat!”

Buzzzzzz!

” retreat! ” Jiang Li immediately gave the order to retreat when he saw Fu Tianqing and the others.

BOOM! BOOM!

Hence.

WMS01, SSTs01, and MYL01 all used their strongest skills at the same time, forcing Wutian to retreat and leave the battle.

“Teleport!”

Shua! shua!

teleport! Jiang Li immediately activated the space teleportation. An invisible space beam descended and covered MYL01, WMS01, and SSTs01.

“Stop them!”

Wutian shouted.

“Alright,” he said.

“Spatial seal!”

buzzzzzz!

Fu Tianqing took out a diamond-shaped token and activated it. The silver token glowed, and silver spatial patterns interweaved, imprinting themselves in the surrounding space.

The space had been sealed.

Teleportation failed!

“kill!”

“Make them stay!”

“Do it!”

Fu Tianqing and the others arrived at top speed and surrounded MY01.

After that.

there were a total of ten level eight demons.

Team up to kill MY01 and the others.

“rumble!”

A terrifying energy exploded.

It could be seen.

Fu Tianqing and the others immediately used their strongest killing moves. WMS01, MYL01, and SSTs01 did their best to block the attacks.

Kachaa! Kachaa!

Cracks appeared on his body.

The damage level increased extremely quickly.

“Recover,”

buzzzzzz! Buzzzzzz!

Jiang Li immediately used energy points to recover the damage to MYL01 and the others.

Hidden Dragon, activate the spatial teleportation immediately.

At the same time.

Jiang Li didn't have time to discuss with Lord Chi and the others. They are Wang Gang, Lord Chi, Elder Brown, and four type 8 Hall Masters.”

“Immediately send reinforcements to MYL01 and the others.”

“Chief sovereign.”

“The space around them has been sealed by the ‘space seal’, so we can't teleport Wang Gang and the others to where they are,” Hidden Dragon replied.

“However, it can be used to teleport to a place that is not restricted.”

“Then, we'll hurry over.”

“Alright,” he said.

yes. Jiang Li nodded. teleport now. The closer, the better.

“Yes.”

Hidden Dragon replied.

Buzzzzzz! buzzzzzz!

An invisible beam of space light descended and quickly enveloped Wang Gang, Lord Chi, and the others. Lord Chi and Elder Brown were stunned for a moment, but they did not resist the power of the transmission.

The next moment.

wang gang and the others were teleported to the central region, which was a little far from wms01.

“Follow me.”

after they arrived.

wang gang immediately said to lord red and elder brown.

“Yes.”

Lord Chi, Elder Brown, and the others looked at each other and nodded.

Shua! Shua!

wang gang led the way, and lord chi and the others followed closely behind. they were extremely fast, and their bodies turned into light. they were like streams of light, quickly supporting myl01 and the others.

Very quickly.

Wang Gang and the others stepped into the area of spatial imprisonment.

“Demon race!”

“fu tianqing!”

“The demon race is divided!”

Lord Chi, Elder Brown and the others shouted.

“Nuclear palm!”

BOOM!

wang gang was rushing over at top speed. because he was in the area of space imprisonment, wang gang’s “space combat technique” was basically useless, and he couldn’t perform short distance space jump.

He struck out with his palm.

After the palm print fell, it was as if a blazing sun had been born.

Chapter 634 Confrontation

At this moment.

Jiang Li could clearly see that the three perfected-stage level-eight mechs, MYL01, SSTs01, and WMS01, were severely injured. They were covered in cracks.

The degree of damage had reached fifty percent.

His injuries were severe.

it was obvious.

Although Jiang Li could use energy points to recover from the damage, it would take a few seconds.

A few seconds was not a short time.

this was especially true for high-level battles.

a powerhouse of the eighth step.

It was enough to make many moves in a few seconds.

so,

MYL01 and the rest were surrounded by 10 type 8 demon powerhouses, and the situation could be said to be quite dangerous.

Fu Tianqing, Wutian, and the others were willing to pay any price.

In at most another ten minutes.

MYL01 and the others would not be able to recover fast enough to keep up with the damage, and eventually, they would be completely destroyed and destroyed by Wutian and the others.

Fortunately ...

The reinforcements arrived in time.

It should be said.

The arrival of Wang Gang's reinforcements prevented this loss.

Otherwise ...

three peak-stage level eight meches were destroyed.

Jiang Li's loss would be unprecedented.

"It's a good thing I made it in time."

"okay." jiang li let out a breath of relief and stared at the battlefield.

"The Azure seal! Nine Lotus seal!"

Buzzzzzz!

crack! crack!

When Wang Gang's nuclear palm landed, Fu Tianqing reacted and immediately counterattacked. He let out a long roar and quickly formed hand seals. A green mist spread out and the seals gathered together, forming nine green lotuses.

Every single green Lotus had nine petals.

The Lotus of law condensed.

They became one.

Like a lotus array, they rotated around each other and bloomed with a bright light. Like a Green Sun, they directly met Gang Wang's nuclear palm.

BOOM!

The ball of light from the nuclear explosion collided with the green Lotus array.

A terrifying explosion occurred.

such a grand scene was like two huge planets colliding head-on, producing an extremely vast explosive power that seemed to tear the space apart.

Waves of energy storms swept out in all directions.

It was also a 'nuclear explosion'.

The nuclear explosion of the mechanical-controlled nuclear fusion super soldier, even if millions of them were stacked together, the strongest power could only reach the limit of Level Seven. At most, the range of the explosion would be larger.

but ...

The nuclear explosion produced by Wang Gang's nuclear palm could reach the peak of level eight, which was much more powerful than the Super soldier controlled by nuclear fusion.

This was because Wang Gang had condensed the power of nuclear energy, overlapping and gathering it instead of scattering it. That was why the power could reach such a level.

Shua! Shua! Shua!

His figure flickered.

Lord Chi, Elder Brown, Xia Tian, He Qingshu, Xing Lingqi, and the others all flew over and stood beside Wang Gang. There were seven level 8 martial artists and six level 7 perfected martial artists.

“It’s the human race.”

Seven Lotus Demon Emperor’s pupils contracted, and his expression became even more solemn when he sensed the extremely powerful aura from Lord Chi and the others.

“and seven of them are at the eighth step.”

Wutian’s expression turned serious.

He was feeling a lot of pressure now.

“Lord Chi.”

Fu Tianqing’s face darkened, and he looked at Wang Gang again. From the previous exchange, Fu Tianqing had a better understanding of Wang Gang’s strength. He was at least a Supreme expert at the perfected stage of level eight.

His exact strength was still uncertain.

...

but ...

His cultivation base had definitely reached the peak of the eighth step.

“This is really troublesome.”

Mohreen took a deep breath and looked at MYL01 and the others. Because of the delay, MYL01 and the others had recovered from their injuries.

“Damn it.”

mohreen’s face darkened. ” i can’t believe he recovered. ”

One had to know.

they didn’t see myl01 taking any pills or healing treasures. it was as if myl01 and his team had recovered out of thin air.

It simply didn’t make sense.

Vaguely.

Somehow, they felt that there was a huge hand controlling everything, and these peak-type 8 powerhouses were just pawns.

...

Thinking of this ...

Mohreen and the others shuddered in fear.

After recovering.

MYL01, SSTs01, and WMS01 immediately broke away from Wutian’s group and stood beside Wang Gang.

They had gathered together.

high up in the sky.

Wang Gang and the others were facing Wutian and the other monsters.

BOOM! BOOM! BOOM!

At this moment.

The auras of both sides collided.

The top masters of the demon race and the human race finally collided on the battlefield. The momentum of both sides was gradually released, causing the surrounding spiritual Qi to form a terrible storm.

it swept through the surrounding space.

Kachaa! kachaa!

It could be seen.

It was as if a terrifying Hurricane had appeared in the surrounding space. The ground under their feet crumbled under the spiritual Qi storm, causing the ground to collapse a layer and countless cracks to appear.

Buzzzzzz! Buzzzzzz!

In the sky.

The wind and clouds surged, forming a distorted phenomenon. It even turned into a terrifying vortex that enveloped an area of a million kilometers. It was extremely terrifying.

Roar! Roar!

A Dragon's Roar resounded.

The true dragon of the demon Emperor's National aura manifested.

It increased its might.

Currently.

Jiang Li's side had six perfected-stage level-eight experts while the monsters only had three.

in terms of battle power at the peak of the eighth rank.

Jiang Li had a huge advantage, twice as many as the monsters.

but ...

This was the central region of the Holy peace Region.

The demon Army was in the central region of the Holy peace state.

If they really fought ...

The demon Army's reinforcements soon arrived.

plus ...

Due to the restriction of space, Jiang Li couldn't directly teleport his mechanical Army to the central region of the Saint peace state through the mechanical space Station base, so he couldn't provide as much support as the monster army.

Furthermore ...

If they really fought ...

Jiang Li wasn't completely sure that he could win.

Of course.

If they really wanted to fight.

Jiang Li wasn't afraid.

at most, he would just send more troops to support the battlefield. he believed that with the energy points he had now, he would win no matter what the cost was.

“The Earth Book!”

Buzzzzzz!

Fu Tianqing and Mo Helin looked at each other and formed a seal with their hands. Then, their seals overlapped, and a huge shadow of the book of the nether world appeared behind them.

from afar.

It looked like a stone Book carved out of purple-gold Jade. On the cover of The Stone Book, the two words ‘Book of the Earth’ were formed by strange and profound demonic patterns.

It was mysterious and unpredictable.

Even though they were thousands of miles away, Jiang Li felt a lot of pressure just by looking at the picture.

from the beginning to the end.

The strongest trump card of the demon race was the ‘Earth Book’.

The power of the 'Earth Book'.

It definitely wasn't as simple as just monitoring the Holy peace state and spatial teleportation.

Even if it was just an imitation.

It was also a replica of the demon race's Supreme treasure.

He definitely couldn't be underestimated.

"Since the demon race has a treasure like the 'Book of the Earth', does the human race have a similar treasure?"

Jiang Li thought.

However ...

Jiang Li had never heard Lord Chi and Elder Brown mention it.

So, did he or did he not?

Jiang Li didn't know.

"This is indeed an imitation of the 'Earth Book'."

Lord Chi took a deep breath. His eyes were solemn as he stared at the Book of the Earth's shadow behind Fu Tianqing and the others."I just don't know what level of demon race equipment forging Grandmaster did it come from."

"Yes."

Elder Brown nodded.

They felt a lot of pressure.

As for whether they should start fighting.

It didn't matter if it was Lord Chi or Fu Tianqing.

in fact, their hearts were pounding.

After all ...

Both sides were not ready to fight immediately.

Moreover ...

If they started a war, no matter who won or lost, the winner would suffer heavy losses. If the Barbarian race got the news and took advantage of the situation, the Barbarian race would be in trouble.

On the contrary, the Barbarian race had become the final winner.

“Lord Chi, Elder Brown.”

“Do you really want to start a war now?” Fu Tianqing shouted in a deep voice.

“.....”

master chi shrugged his shoulders. although he didn't want to fight, he still had to show no fear on the surface. he said indifferently, “So what if they start fighting? Do you think I'm afraid of you monster race?”

“And even if we start a war, we'll still win.”

Elder Brown said in a deep voice.

“You guys can try.”

Fu Tianqing’s eyes were cold. I’ll show you old things the power of the Book of the Earth.

“Hahahahaha!”

Lord Chi laughed and said in disdain, “what dogshit book of the nether world? it’s just a replica. do you think i’m afraid of it? What a joke.”

Buzzzzzz! Buzzzzzz!

As soon as he finished speaking.

However, Lord Chi immediately activated his cultivation technique and displayed many martial arts techniques. The power of laws interweaved as he stared at Fu Tianqing with extreme vigilance.

This was to prevent Fu Tianqing from suddenly making trouble.

Time passed.

The two sides continued to face each other, but they did not make a move.

Wutian clenched his fists and then loosened them.

But he endured it.

Obviously.

Wutian knew it very well.

It was indeed not the time to start a war.

He had to first digest and settle the gains from this war, turning them all into his own power. Finally, he had to make sufficient preparations to ensure that nothing would go wrong.

“Leave the central region immediately.”

Finally.

Wutian walked out and stared at Lord Chi and the others coldly. otherwise, all of you will have to stay when my monster army arrives.

“You are Wutian.”

Lord Chi looked at Wutian and sized him up silently. He could feel great pressure and momentum from Wutian.

“As expected of the strongest demon Emperor.”

Elder Brown took a deep breath. among all the demon sovereigns, I’m afraid Wutian is the only one who is qualified to become a demon sovereign. If there’s a chance, we must kill him.

In reality.

If it wasn’t for the sudden appearance of the great Xia Dynasty and the rise of Emperor Xia, Jiang Li ...

From the beginning, Lord Chi and Elder Brown had thought highly of Martial Emperor Wu Wuji.

a thousand years ago.

By chance.

Wu Wuji had fought with Wutian before.

both sides were fighting in the middle of the endless ocean.

It was just the specific battle situation and results.

perhaps only wu wuji and wutian knew.

“We’re just going to let them go?”

that’s right. seven Lotus was unwilling to give up. we were so close to capturing the three peak-stage rank eight demonic Devils, the false demonic god, and the combat Angel.

“Shut up,” he said.

Wutian’s cold eyes swept across the room.

“.....”

fu tianqing and mo helin were silent.

**BOOM! BOOM! BOOM!**

At this moment.

lord chi and the others heard the roar and looked in the direction of the sound. they could already see the dense demon army and the floating battleships of the demon race in the distance.

The human army in the central region of the Saint peace state had already been annihilated by the demon Army.

He sensed the movement over here.

The demon Army was sending reinforcements.

“.....”

The expressions of Lord Chi and the others darkened.

In addition.

Because the ‘space sealing spell’ that Fu Tianqing had used was a one-time use item, the time limit of the sealing spell was almost up. The spatial runes that he had stored in the surrounding space were gradually dimming.

It was about to disappear.

Chapter 635 Three flowers

“The spatial seal is gradually disappearing.”

Through the images taken by the mechanical space Station base, Jiang Li clearly saw that the space seal markings were dimming and disappearing. It wouldn’t be long before they lost their effect.

“do you want to start fighting?”

Jiang Li muttered to himself. He had the urge to teleport his mechanical Army of more than 400 billion to the central region of the Saint peace state and start a war.

One had to know.

Lin Tianjian and Jing yueke were both in the imperial capital of the great Xia Dynasty. The human army of the sword Empire and the tianzong Empire were also there. In addition, the Army of the Mobei Empire and the Lianzhen Empire were also there.

They definitely had an Army of over two hundred billion human soldiers.

or even more.

This way ...

As long as the human army was teleported over, they could also set up a stage 8 human battle formation that could fight against the stage 8 demon battle formation.

“what does the xia emperor mean?”

At this moment.

Lord Chi asked Wang Gang.

“.....”

Wang Gang was silent.

Shua!

she waved her right hand.

He took out a “space imprisonment order” from his low-grade space ring, planning to use it before the space seal disappeared to avoid any accidents.

“.....”

Jiang Li pouted when he saw this.

If they couldn't teleport ...

Jiang Li's reinforcements couldn't arrive in time.

“Come back,”

let's go! Jiang Li ordered through the mechanical space Station base.

“His Majesty ordered us to go back.”

Wang Gang answered.

“Alright,” he said.

Lord Chi nodded and heaved a sigh of relief. it's a good thing that Emperor Xia didn't start a war with the demon race on impulse. Since that's the case, we'll retreat immediately.

“Retreat!”

“I've achieved my goal.”

“Let's go!”

Buzzzzzz! buzzzzzz!

Before the demon Army arrived, Wang Gang, Lord Chi, and the others retreated at full speed, leaving the area of the sealed space as fast as they could.

Wutian and the others just watched in silence. They did not give chase, but watched Wang Gang and the others leave.

“We’re just letting them go?”

The seven Lotus demon emperors clenched their fists and scolded, ” “?!”

not long after.

The demon Army had arrived.

But Wang Gang and the others had left long ago.

“Let’s go back,” he said.

Wutian took a deep breath and retracted his aura. His Dharma form disappeared, and so did the true dragon of National aura. He then gave an order, ” all troops, return to the capital of Wutian.

On the other side.

“Teleport.”

Buzzzzzz!

After Wang Gang and Lord Chi left the ‘sealed space’ area, Jiang Li immediately activated the space teleportation and teleported them back.

He had safely returned to the imperial capital of the Grand Xia.

“It’s done.”

Jiang Li said.

Soon after.

Through the mechanical space Station base, Jiang Li continued to observe the central region and the southern Territory, monitoring the follow-up actions of the monsters and barbarians after the war.

Among them.

In the central region of the Holy peace Region.

Under Wutian's orders, the monster army began to clean up the battlefield. They sent out troops to plunder all the resources in the central region of Saint peace state.

...

At the same time.

Seven Lotus demon Emperor and the others were helping Wutian move the spiritual crystal mine.

they had all moved to the capital of no heaven.

In addition.

After returning to the capital of Wutian, Wutian immediately went to his chamber to sort out his gains and losses from the war, digest the resources, and improve himself.

He would borrow the energy from the country's fate.

wutian was cultivating the 'thunder emperor technique', and he was trying to break through to the ninth-rank.

as for whether he could break through ...

This was an unknown.

However ...

Wutian had been at the peak of tier 8 for more than 10000 years, which showed how difficult it was to break through to tier 9.

...

Even with the feedback of the country's fate, it was difficult to do so.

Of course.

It was not completely hopeless.

On the other side.

In the southern region of holy peace state.

The Grand Wizard and the other two barbarian emperors led the Barbarian Army from the central region of holy peace state and successfully evacuated from the central region to the southern region of holy peace state.

The Barbarian Army was fully assembled.

"Rumble!"

since the central region of the saint peace state had already been occupied by the demon race, it would be very dangerous for the division of the barbarian race to stay in the central region. therefore, man wuji and tu jiuling used the 'floating formation' to move the floating land where the division of the barbarian race was located to the southern region.

It could be seen.

Under the influence of the 'great floating formation', the floating continent, which was several times larger than a planet, had entered the southern Territory under the drive of man Wuji and the others.

the commotion was huge and attracted the attention of the monster race. they immediately reported the news to their superiors.

Wutian was in seclusion.

He didn't know about this.

When Qi Lian, Yi tiangan, Qian Fu, and the other demon sovereigns, as well as Fu Tianqing, received the news, they did not send out any troops, nor did they try to stop them.

it was as if he had acquiesced.

Other than that.

Lord Chi and the others also took action.

After meeting Jiang Li and getting his permission, they teleported back to the division of the human race and activated the 'floating formation' of the division of the human race. They moved the floating continent to the imperial capital of Grand Xia.

"I've done most of the things I should."

The room in the ruler's hub.

Jiang Li thought, currently, the monsters have taken over the central region of the Saint peace state. It's the most resourceful territory.

the Barbarian race has occupied the southern land.

regardless of whether it's the demons or the barbarians, they have destroyed several dynasties in this war that has swept across the entire Saint peace state. They have suffered great losses.

“In other words ...”

on the surface, humans have the greatest advantage.

“It's a pity that Wu Wuji doesn't have any intention of joining forces with me.”

In reality.

Lord Chi and Elder Brown had made a trip to the Wu King dynasty yesterday to persuade Wu Wuji to join the great Xia Dynasty. However, Wu Wuji had rejected them firmly.

The human race, which had a great advantage, was divided into two parts.

As a result, he had no advantage.

To tell the truth.

Jiang Li actually felt a lot of pressure.

Wu Wuji, Wu Tian, and di Long.

they were all at the great circle of rank eight.

They all had the status of an Emperor.

Furthermore ...

in this war ...

Their gains were not small. Their respective country's fate true dragons had devoured a large amount of the Empire's fate. With the help of the feedback energy from the Empire's fate, there was hope for them to break through to type 9.

If he really broke through ...

It would be much more difficult for Jiang Li to win the final victory.

“Chief sovereign.”

At this moment.

I have good news, ” Hidden Dragon reported to Jiang Li. the level 5 and Level 6 gene strengthening liquids have been developed. Do you want to start production now? ”

Tier 5 and Tier 6 gene strengthening fluid.

” you've already researched it? ” jiang li was stunned.

“Yes, I am.”

hidden dragon nodded. ” because you've built a total of 37 tier 6 military bases, with 37 tier 6 research centers conducting research at the same time, the time required to research the tier 6 gene strengthening fluid has been greatly reduced. ”

“In fact, the Tier 5 gene strengthening liquid was developed a long time ago. It was just that you didn’t have the time, so I didn’t remind you.”

“Alright,” he said.

Jiang Li was overjoyed.

This was indeed good news.

Speaking of this.

Jiang Li almost forgot about the level five and level six gene strengthening fluid. His gene strengthening fluid was only injected to level four.

immediately create Tier 5 and Tier 6 gene strengthening liquids.

go! Jiang Li ordered.

“Yes.”

yes. Hidden Dragon replied, ” consume 10 billion energy points to produce a vial of Tier 5 gene strengthening liquid, and produce 1 trillion energy points to produce a vial of Tier 6 gene strengthening liquid.

Buzzzzzz! Buzzzzzz!

type 6 research center of the 1st division.

The mechanical research soldiers on the fifth and sixth floor began to work.

not long after.

The Tier 5 and Tier 6 gene strengthening liquids were all produced, and the finished products were placed on the shelf.

“Take it out,”

shua! Shua!

Two syringes were sent to Jiang Li from the Research Center.

[ research product: Tier 5 gene strengthening fluid ]

[ rank: rank five ]

[ consumption: increase life level, further optimize genes ]

[ origin: army base 01-the fifth floor of the scientific research Center ]

.....

[ research product: rank-6 gene strengthening fluid ]

[ rank: rank 6 ]

[ consumption: increase life level, deeply optimize genes ]

[ origin: army base 01-the sixth floor of the scientific research Center ]

.....

A message appeared.

“Not bad.”

okay. Jiang Li nodded in satisfaction.

Soon after.

Jiang Li got a mechanical soldier to help him inject the gene strengthening liquid. First, he injected the level five gene strengthening liquid.

buzzzzzz! Buzzzzzz!

The type 5 strengthening drug began to take effect.

Jiang Li's genes were being optimized and strengthened to make up for his flaws. His life level was improved, and his aptitude, comprehension, and lifespan were all changed and evolved.

Very quickly.

The effect of the Tier 5 gene strengthening liquid was over.

Jiang Li clearly felt the changes in his body. The things that he couldn't understand before suddenly became clear, and his understanding of the truth of heaven and earth was further improved.

not only that.

Jiang Li's comprehension of the 'Emperor Dao laws' was also further strengthened.

Vaguely.

Jiang Li had touched the threshold of level eight.

“continue.”

Half an hour later.

After Jiang Li got used to the changes of the rank-5 gene strengthening liquid, he asked the mechanical researcher to inject the rank-6 gene strengthening liquid into his body.

A terrifying chill swept through his body.

However, it didn't cause Jiang Li any pain.

On the contrary, he felt extremely comfortable.

It was a process of modification and evolution from the inside out.

He further optimized his genes and achieved a transition in the level of life, achieving the goal of evolution.

This kind of evolution was different from cultivation.

Cultivation relied on raising one's cultivation realm, comprehending the world, and stepping into the transcendent realm step by step. In the end, one could even reach the point where one could live as long as the world, be undying, and live forever.

The gene strengthening fluid was like reaching the heavens in a single step.

However, he had borrowed external power.

Both had their advantages and disadvantages.

However ...

after the two were combined.

Their strengths and weaknesses complemented each other.

It allowed Jiang Li to achieve a perfect evolution.

The effect of the Tier 6 gene strengthening liquid was fully activated.

At this moment.

Jiang Li had really touched the barrier of level eight. He could clearly feel that he only needed to break through this barrier and he would be able to break through to level eight.

“The Azure Dragon art of the great Xia Dynasty,”

Wuwuwuwuwu!

Jiang Li used the level-eight mid-grade great Xia Azure Dragon technique. The power of heaven and earth surrounded his body and triggered his ‘essence’, ‘Qi’, and ‘spirit’. His body was boiling.

Under the guidance of the cultivation technique, it began to gradually condense above his head.

level eight!

Overlord level expert.

Seventh rank.

Comprehending the world and adding the power of the world to one’s body.

Level eight.

With the power of heaven and earth as the foundation, the three flowers of 'heaven', 'earth', and 'man' were condensed and named: The three flowers above the head, so this realm was also called: Three flowers tier.

now.

Jiang Li started to form the first three flowers on top of the head. He turned his spirit into the flower of man.

If he succeeded, Jiang Li would be able to break through to the early stage of level eight.

Chapter 636 A breakthrough

Buzzzzzz! Buzzzzzz! Buzzzzzz!

At this moment.

flower of man. Jiang Li precisely mobilized his essence, Qi, and spirit, then he started to form the flower of man.

Time passed.

The process of condensing the 'flower of man' was as smooth as water flowing through a channel, and there were basically no obstacles or difficulties.

Only half a day had passed.

BOOM!

Jiang Li's aura rose and he broke through the limit. He reached the early stage of level eight from the complete stage of Level Seven. The flower of man was successfully formed.

it could be seen.

The instant the 'flower of man' was successfully formed ...

A strange phenomenon appeared.

Outside the room in the ruler's hub.

In the sky above the base of the 01 division.

“Whoosh!!!”

An incomparably huge flower appeared out of thin air. Its diameter reached 10000 meters, and it presented a resplendent radiance, emitting three-colored rays of light.

The three colors represented the existence of essence, Qi, and spirit.

It had twelve petals.

12th grade 'flower of man'.

This phenomenon was simply too vast, drawing the attention of all the subjects of the imperial capital. They all raised their heads to look up at the flowers swaying in the sky.

they were even more amazed.

“This is one of the three flowers, the 'flower of man'.”

Within the Grand Xia Palace.

lin tianjian was also shocked. he immediately walked out and looked up at the strange phenomenon in the sky. he was shocked. ”jiang li has reached the early stage of level eight and formed the flower of man, one of the three flowers. ”

“And it’s even reached the twelfth grade.”

“He really broke through.”

now that I think about it, Jiang Li’s speed of growth is unbelievable.

I still remember the first time I met Emperor Xia, Jiang Li, in the division of the human race. He wasn’t even at Level Seven. His cultivation was only at the perfected level six, ”Jing yueke said in amazement.

“It’s only been less than half a year.”

Jiang Li has broken through seven levels and now he’s at the early stage of level eight.

“yup!”

Human Emperor Mo bei nodded solemnly, his eyes filled with reverence.

One had to know.

Jing yueke and human Emperor of Mobei were only at the perfected stage of Level Seven. After Jiang Li broke through, his cultivation had surpassed theirs.

While Jiang Li was cultivating in seclusion.

lin tianjian, lian zhen, human emperor of mobei, jing yueke, hong tianqi, xu ya, and feng yueji were discussing matters in the great xia palace.

The main discussion was about the distribution and management of the Army.

As well as the preparations for the upcoming war.

An hour later.

jiang li stabilized his cultivation and the strange phenomenon disappeared. the 'flower of man', which was more than 10000 meters in diameter, turned into a ray of light and flew into jiang li's body.

The light around him gradually entered Jiang Li's body.

in his dantian.

Jiang Li's true spirit was like a miniature version of him. The true spirit was sitting on a Green Lotus with a miniature flower of man above its head.

Further up.

It was the Azure Dragon of the Xia Dynasty.

Bursts of light.

The crown of the Alliance was worn on the dragon's head.

immediately.

jiang li slowly stopped cultivating and opened his eyes. his powerful aura was gradually hidden.

"I've broken through,"

Jiang Li clenched his fists and felt the flower of man formed by his spirit. He could clearly feel the power of the flower of man and could mobilize this power to combine with the power of heaven and earth.

it produced an even stronger power.

This was the 'power of the three flowers'.

"Not bad."

...

Jiang Li was overjoyed.

Of course.

Jiang Li didn't come out of seclusion.

after he had gotten used to his breakthrough in cultivation, he felt a little better.

jiang li closed his eyes and started to sense the 'hidden dragon rank-saint peace state'.

in the world of consciousness.

There was only darkness and no end in sight.

buzzzzzz!

Not long after.

A purple-gold light appeared and turned into a Dragon-shaped list. It slowly unfolded in front of Jiang Li.

After that.

...

Jiang Li noticed.

More than half of the dynasties on the 'Hidden Dragon rank-Saint peace state' had disappeared, and only a few were left.

The hidden Dragon rank-Saint peace state.

[ first place: ??? ]

[ second place: ??? ]

[ third place: ??? ]

[ fourth place: Emperor Jiang Li of the great Xia Dynasty, country name 'Xia'. ]

Fifth place: sword-Emperor dynasty, country name 'Jian', human Emperor Lin Tianjian.

6th place: lianzhen dynasty, country name "lian," human emperor "lianzhen."

seventh place-tianzong dynasty, country name 'tian', human emperor' jing yueke'.

8th place: Mobei dynasty, country name 'mo', human Emperor' Mobei'.

"There are only eight dynasties left."

there used to be more than 20 dynasties. Jiang Li's eyes grew serious.

Obviously.

This was because the empires of the monster race and the Barbarian race merged.

Complete integration.

after all of the non-human empires gathered, the fate of all the empires would be condensed.

“I’m sorry to trouble you,”

Jiang Li took a deep breath.

Buzzzzzz! Buzzzzzz!

At this moment.

Several purple-gold light balls fell from the list and disappeared into Jiang Li’s body. A few pieces of information appeared in Jiang Li’s mind.

“Congratulations to the great Xia Dynasty for rising in the National fate rankings. You’ve risen to 4th place. great xia azure dragon technique.

shua!

Immediately.

a vast amount of information poured into jiang li’s mind and was gradually integrated with his memory. the azure dragon technique of the great xia was comprehensively optimized.

In the end.

The great Xia's Azure Dragon technique had been upgraded by two small ranks.

It had been upgraded from level eight mid-grade to level eight Supreme grade.

Any higher and it would be the ninth step.

'Reward two: increase the Empire's sacred artifact.'

Buzzzzzz! Buzzzzzz!

The purple-gold light merged into the three sacred artifacts. Jiang Li clearly felt the changes in the 'Green Dragon imperial seal', 'Green Dragon imperial decree', and 'Marquis token'. The shadows of four-clawed Green Dragons appeared.

In the end.

The three sacred artifacts of the Empire had all been upgraded from the six-Dragon level to the nine-Dragon level.

it had reached the limit of a dynasty's sacred artifact.

The power increased greatly.

shua!

His consciousness returned to his body.

Jiang Li woke up.

"Saint artifact, appear!"

Buzzzzzz! Buzzzzzz!

jiang li waved his right hand and the three sacred weapons appeared. they glowed with a blue light and surrounded jiang li, forming shadows of dragons.

“Keep.”

Shua!

Jiang Li put the three sacred weapons back into his body.

“The Azure Dragon art of the great Xia Dynasty,”

BOOM!

” azure dragon technique. ” jiang li started to practice the level eight supreme-grade great xia azure dragon technique. the energy from the country’s fortune poured into his body.

Half an hour later.

okay. Jiang Li finished changing his cultivation method.

After practicing the level-eight great Xia Azure Dragon technique, Jiang Li had become stronger.

” to form the ‘flower of man’, one needs to have the three treasures of essence, qi, and spirit. to form the ‘flower of earth’, one needs the ‘source of earth veins’. this is the key to forming the ‘three flowers above the head’.”

Jiang Li muttered.

The source of the earth vein.

It was actually the core of the floating continent.

Back then.

Jiang Li destroyed the ten-wing continent and obtained the 'source of earth vein'. It attracted the attention of Wu Tian and the other monsters, but Jiang Li got it in the end.

I'll try. Jiang Li merged the source of the earth vein and the source of the spirit vein.

He had obtained the source of life.

this was why the 'mechanical interstellar army' was activated.

Buzzzzzz!

Jiang Li waved his right hand.

He opened his spatial storage bag and took out the 'small-scale source of earth veins'. It was emitting a strong yellow light and had been refined to the extreme.

Therefore, it was only the size of a palm.

In reality.

after jiang li destroyed the 'moro empire' of the barbarian race in the west of the saint peace state, he naturally got the floating land of the moro empire-the moro continent.

In order to get the 'small source of earth veins'.

Jiang Li destroyed the 'Moro continent' and refined the small source of the earth vein on the Moro continent.

now.

That was how Jiang Li got the small source of earth veins.

“Devour!”

Buzzzzzz! buzzzzzz!

let's go. Jiang Li activated his cultivation technique.

“Roar!”

The Dragon roared.

The Azure Dragon of the Xia Dynasty rushed out and circled around Jiang Li, its head leaning on his head.

After that.

the azure dragon on jiang li's body opened its mouth and under jiang li's control, it swallowed the 'small source of earth vein'.

He began to refine and absorb it.

Rays of yellow light gradually merged into Jiang Li's body and formed the 'flower of earth'.

At this moment.

Jiang Li completely let go of the suppression and the feedback energy from the upgrade of the country's fate poured into Jiang Li's body. Jiang Li quickly circulated his cultivation technique and absorbed the energy.

After that.

The truth of heaven and earth circulated.

Jiang Li used the truth of heaven and earth that he had comprehended as a guide and the source of the earth vein as the foundation. He merged his own energy into the energy that was fed back by the fate of the country.

He started to form the 'flower of the earth'.

Time passed.

The first step.

First, an illusory flower of earth appeared.

It was floating above Jiang Li's head.

all sorts of energy fused into it.

It gradually solidified.

Under the feedback of the country's fate.

Nothing unexpected happened, and everything went smoothly.

Half a day passed.

The flower of earth had completely solidified.

Jiang Li successfully broke through.

He broke through from the initial stage of the eighth rank to the middle stage.

his cultivation base increased.

His strength had also increased.

boom!

Hence.

The strange phenomenon appeared again.

High up in the sky.

it was a huge 'flower of the earth'. it was a pure earthen yellow color and was flowing with resplendent light. its diameter reached the extent of 10000 meters.

It had twelve petals.

The twelfth grade 'flower of the earth'.

Immediately after.

The flower of man appeared.

It flashed with three different colors.

It represented the 'essence, Qi, and spirit'.

The two huge flowers were swaying.

The phenomenon was shocking.

The entire imperial capital was alarmed.

It attracted the attention of countless people.

Lin Tianjian and the others were shocked once again, to the point that they were almost immune to it.

“he actually broke through again so quickly.”

Lianzhen and the rest sighed.

An hour later.

Jiang Li stabilized his cultivation.

The energy from the fate of the nation hadn't been used up yet, but there wasn't much left. Jiang Li used the remaining energy to stabilize his cultivation and familiarize himself with his own power.

it had accumulated to the limit of the mid-eighth rank.

Next.

Jiang Li only needed to form the 'flower of the sky' to display the three flowers on top of his head and reach the late-stage of level eight. If he wanted to reach the peak of level eight, he had to use the 'three flowers on top of his head'.

However ...

the energy from the blessing of the nation had been exhausted. it wouldn't be easy for jiang li to break through again.

Furthermore ...

To form the 'flower of the sky', one still needed the 'source of the heavenly veins'.

one had to know.

'Source of heavenstring energy' was even more difficult to obtain than 'source of earthstring energy'. At the very least, destroying a floating continent would allow one to obtain a small 'source of earthstring energy'.

However, the 'source of the heavenly veins' was hidden in the vast void. One had to go above the nine Heavens and rely on the flower of the earth to find the 'source of the heavenly veins' and seize it.

This required a lot of luck.

of course.

The 'source of heavenly veins' could be replaced.

For example, the 'source of spiritual veins'.

However, compared to the 'source of heavenly veins' and 'source of spiritual veins', the difference was not just one and a half stars. Even if one used the 'source of spiritual veins' 'to condense a' flower of heaven', they would never be able to break through to level 9.

It would be better if he used a large spirit vein source.

At the very least, it wouldn't completely cut off the hope of breaking through to the ninth step.

In reality.

In addition to the 'source of spiritual veins', there was an even better substitute', which was the 'fate of the Empire' and the 'position of the Emperor'.

When the two are combined, they can become a substitute for the 'flower of the sky'.

The most important thing was ...

After the 'Emperor's status' and the 'fate of the Empire' were combined, it could perfectly replace the 'source of heavenly veins' without any side effects. The effect would not be inferior to the 'source of heavenly veins' at all.

It might even be better.

Of course.

This was the privilege of the 'Emperor'.

The restrictions might be even greater than obtaining the 'source of heavenly veins'. After all, it was not easy to establish a dynasty, and it was even more difficult to become an Emperor. If the fate of the country was too weak, it might not even be comparable to using the 'source of spiritual veins'.

Half an hour later.

Jiang Li came out of seclusion.

Jiang Li planned to condense the 'flower of the sky' by using the 'position of the human Emperor' and the 'fate of the dynasty'. After all, he didn't have time to find the 'source of the heavenly bloodline'.

Of course.

Since he was going to use the ‘position of the Emperor’ and ‘fate of dynasty’, Jiang Li naturally had to use the best. At the very least, he had to raise the true dragon of dynasty to the peak.

At noon.

let’s go. Jiang Li gathered everyone in the Azure Dragon Palace.

Lian Zhen, the human Emperor of Mobei, Lin Tianjian, Jing yueke, Lord Chi, Elder Brown, the ten Hall Masters, Hong Tianqi, Xu Ya, and other important officials of the great Xia Dynasty.

They gathered at the Azure Dragon Palace.

Within the palace.

Jiang Li sat on the Dragon Throne.

He looked down at the people in the hall.

“we pay our respects to the xia emperor!”

Hong Tianqi, Xu Ya, Yue Fengji, pang kui, Wei Lin, and the other important officials of great Xia all kneeled on the ground and kowtowed to Jiang Li.

“Yes.”

yes. Jiang Li nodded. rise.

“Thank you, Your Majesty!”

All the officials responded and stood up at the same time.

In the surroundings.

Lin Tianjian and the others were silent.

He could already guess what was going to happen next.

“the sword emperor, the heaven sect’s human emperor, the mobei human emperor, and lianzhen.”

Jiang Li went straight to the point. He didn’t beat around the bush because he didn’t need it anymore. I’m looking at the hidden Dragon rank-Saint peace state. There are only eight dynasties left.

it can be inferred that the monster race and the Barbarian race have merged all the dynasties and gathered all their forces. We humans naturally can’t continue to be a pile of loose sand.

“So,”

“Four human emperors, today I propose that the sword Empire, Mobei Empire, tianzong Empire, and Lianzhen Empire all merge into the great Xia Empire.”

“Merge the fate of the nation.”

“alright!”

that’s right, ” Lord Chi nodded. Emperor Xia is right. Only by working together can we defeat the demons and barbarians and establish an eternal human empire. ”

“Yes,”

elder brown nodded.

“We also fully agree.”

All The Other Palace Masters nodded in agreement.

“.....”

Hong Tianqi and the others were even more delighted.

This was a good thing.

“The Mobei Empire agrees to merge into the great Xia Empire.”

Not long after.

Human Emperor Mo bei took a deep breath, took a step forward, and bowed to Jiang Li. He kneeled on one knee and said, ” “From today onwards, the Mobei Empire will merge into the great Xia Empire.”

Roar!

The Dragon’s Roar shook the sky.

The northern desert true dragon appeared.

It shot straight into the sky.

It was entrenched in the sky above the great Xia Palace.

...

“i am the human emperor of mobei,”

“from today onwards, the mobei empire will merge into the great xia empire and become a part of it. there will be no mobei empire from now on.””

boom!

as soon as he finished speaking.

The northern desert true dragon completely collapsed and disintegrated, turning into the vast Empire’s National aura. The essence of the Empire’s National aura even manifested.

The Azure Dragon appeared!

roar!

the azure dragon of great xia charged out. its massive body was 70000 meters long. it opened its mouth and released a terrifying devouring force, devouring the entire fate of the empire.

It even absorbed the origin.

It had increased by five thousand meters.

“Pfft!”

...

The next moment.

human emperor of mobei vomited blood. his face was pale, and his breath was low. the position of human emperor disappeared from his body, and even his realm fell.

the cultivation technique of the human sovereign realm was also gone.

This was a backlash.

“Yes.”

jiang li's face was expressionless, but he looked at human emperor mobei with satisfaction. he waved his right hand and the xia marquis token appeared.”Grant ‘Mobei’ the title of ‘Mobei Marquis’ and enjoy the blessing of the Empire’s fortune and the protection of the Dragon of Fortune.”

Buzzzzzz!

The great Xia’s Marquis token projected a green beam of light that directly covered human Emperor Mobei. The power of the nation’s fate was poured into Mobei’s body.

His pale face gradually recovered and quickly turned red.

Roar!

at the same time.

The Xia Dynasty’s Azure Dragon let out a long roar that shook the sky. He opened his mouth and spat out a beam of Azure light that descended from the sky and poured into mo bei’s body.

In the blink of an eye.

The fate of the country was condensed.

it turned into a 10000-meter long four-clawed green dragon, circling behind mo bei. it let out a dragon’s roar, bowing its head to the high and mighty green dragon of great xia.

not only that.

Mo bei had obtained the 'great Xia Azure Dragon technique' that was derived from the 'great Xia Azure Dragon technique'. He began to cultivate the 'great Xia Azure Dragon technique', gradually stabilizing his own energy.

Finally.

With the help of the Empire's fate.

His injuries had fully recovered, and his cultivation had also recovered to the peak of tier 7.

"Thank you, Xia Emperor!"

Mo bei kowtowed. His movements were a little stiff, and he was still not used to it.

"yes."

yes. Jiang Li nodded. you can stand aside.

"Yes."

Mo bei respectfully stood to the side.

"What about you guys?"

Jiang Li looked at Lin Tianjian and the others.

"I pay my respects to Emperor Xia."

master Jiang. Lian Zhen, Lin Tianjian, and Jing yueke bowed to Jiang Li.

In reality.

They had no other choice.

The only way was to join the great Xia Dynasty.

If he refused ...

With the power of the Xia Dynasty, Jiang Li could totally swallow it by force.

if they took the initiative to join now ...

They could also obtain the title of 'Marquis King' and continue to enjoy the blessing of the Empire's fate.

Moreover ...

If the great Xia Dynasty successfully unified the Holy peace state and established the human race's imperial dynasty, their status would be even higher.

"I am the human Emperor of the heavenly sect."

Jing Yueke took a deep breath and shouted, "From today onwards, the Tianzong dynasty will merge with the great Xia Dynasty and become a part of it. There will be no more Tianzong dynasty.

It was like an oath.

Roar!

The true dragon of the heavenly sect appeared.

however ...

Compared to the northern desert true dragon, the heavenly sect true Dragon's aura was low. There were cracks all over his body, and the National aura was crumbling and gradually disintegrating.

Obviously.

This was because the tianzong dynasty had lost its territory, which was like losing its Foundation. Although Jing yueke and the tianzong Army were still there, without their Foundation, they could only perish.

It could be said that ...

At this rate, the true dragon of the heavenly sect would completely disappear in at most half a month, unless Jing yueke could take over the territory and rebuild the dynasty.

boom!

With Jing yueke's declaration, the true dragon of the heavenly sect completely collapsed and turned into the vast National aura of the Empire. However, the origin of the Empire's National aura was still in a state of incompleteness.

“Devour!”

Roar!

The Azure Dragon of the great Xia Dynasty opened its mouth and sucked, completely devouring the true dragon of the tianzong sect. It refined and absorbed the fate of the Empire and the incomplete origin, growing another 5000 meters.

This way ...

the body of the great xia azure dragon had grown to 80000 meters.

Pfft!

Jing yueke vomited blood.

He lost his status.

He had also suffered a backlash and injury.

His cultivation level dropped.

“yes.”

okay. Jiang Li nodded.

Hence.

He waved his hand.

Jing yueke will be conferred the title of Marquis of tianzong. He will be bestowed with the Azure flood Dragon technique and will enjoy the protection of the Empire's fate and the protection of a flood Dragon.

stop! Jiang Li shouted.

Shua!

The Marquis token released a green beam of light that enveloped Jing yueke. At the same time, the great Xia Azure Dragon roared out a vast National aura that fused into Jing yueke's body.

as a result ...

Jing yueke was the same as mo bei.

“I am the human emperor of the Lianzhen dynasty, 'Lianzhen',”

Lianzhen raised his head, his gaze was solemn as he shouted loudly, “From today onwards, the Lianzhen dynasty will merge with the great Xia Dynasty and become a part of the great Xia Dynasty. From now on, there will be no more Lianzhen dynasty.”

“Roar!”

as soon as he finished speaking.

Lianzhen's Dragon appeared and hovered in the sky. After Lianzhen made his vow, his huge dragon body collapsed and turned into the vast Empire's fate and the origin of the fate of the Empire.

I am the human Emperor of the sword-Emperor dynasty, Lin Tianjian.

At the same time.

Lin Tianjian took a deep breath and said, “From today onwards, the sword-Emperor dynasty will merge with the great Xia Dynasty and become a part of the large dynasty. There will be no more sword-Emperor dynasty.

similarly.

The sky sword true dragon appeared.

The sky sword true dragon, which was originally 80000 meters long, was now only 60000 meters long. A large amount of National aura had dissipated, and its Foundation was damaged.

BOOM!

The sky sword true dragon shattered.

“.....”

Lin Tianjian raised his head and watched the sky sword true dragon collapse. It was as if he had personally buried the sword-Emperor dynasty. Lin Tianjian's feelings were extremely complicated.

It was as if his ambition had been destroyed.

he was disappointed.

Regret.

At the same time, he felt relieved.

pfft!

Lin Tianjian vomited blood. His position as the human Emperor had disappeared, and he was seriously injured from the backlash.

Roar! Roar!

the azure dragon of the great xia dynasty first absorbed all the fate energy and origin of the lianzhen dynasty. his 80000-meter-long dragon body continued to grow.

It had grown to a height of 90000 meters.

Ninety thousand meters.

he was already at the peak of the empire's national aura.

buzzzzzz! Buzzzzzz!

The Azure Dragon of the great Xia continued to absorb, refining and devouring the fate of the Empire and the incomplete natural source of the sword-Emperor dynasty. However, the size of the Dragon was still 90000 meters.

There was no growth.

but ...

The Azure Dragon of the great Xia Dynasty was even more powerful.

He had vaguely touched the true limit of a dynasty's National aura true dragon.

Of course.

He wanted to continue growing the size of his dragon body.

Unless there was a qualitative change.

In other words, the great Xia Dynasty had been promoted to the great Xia Empire.

shua!

Finally.

The Azure Dragon turned into a ray of Azure light and merged into Jiang Li's body. Jiang Li felt the power of the nation's fate.

But Jiang Li suppressed it.

Other than that.

Jiang Li also felt the call of the hidden Dragon rank.

Shua! Shua!

Jiang Li waved his right hand.

grant 'Lianzhen' the title of 'Marquis Lianzhen' and bestow the Azure flood Dragon technique to great Xia. He will enjoy the protection of the Empire's fate and the protection of the flood Dragon.

I'll give 'Lin Tianjian' the title of 'Marquis Heavenly Sword' and the Azure Dragon technique to great Xia. He'll be protected by the fate of the Empire and the Dragon of the nation," Jiang Li said.

Roar! Roar!

there were two dragon roars.

Both Lianzhen and Lin Tianjian's injuries and cultivation had fully recovered. They had become the Marquis Kings of great Xia, and a 10000-meter Azure flood Dragon appeared behind them.

He had achieved his goal.

Jiang Li planned to cultivate in seclusion and try to break through to the peak of level eight.

However ...

Jiang Li asked Lin Tianjian how many human soldiers he had.

He got his answer.

Among them.

The Mobei Army had 30 billion soldiers.

Lianzhen's Army had 80 billion soldiers.

The sky sect Army had 40 billion soldiers.

The sky sword Army had 100 billion soldiers.

Finally.

Xu Ya, Hong Tianqi, Yue Fengji, Fei Lian, Wei Lin, and the others had gathered all the military forces from the various Marquises and counties of the great Xia Dynasty and recruited a total of ten billion soldiers.

It was called the 'great Xia Army'.

10 billion troops.

In other words ...

The total number of human soldiers Jiang Li had was: 260 billion.

Chapter 638

they could have 260 billion troops.

It wasn't much.

It wasn't a small amount.

Moreover ...

Jiang Li's main force had never been the human army. It was the mechanical Army created by the 'mech factory'.

The night came.

Lin Tianjian, Lianzhen, and the rest left the Azure Dragon Hall and returned to their own residences.

Many things had happened today, and they needed time to familiarize themselves with the new cultivation method.

This way, he could completely recover his original fighting strength.

On the other hand.

Everyone had a premonition.

Not long after.

The final battle would break out.

This was only the calm before the storm.

so,

They needed to increase their strength and work even harder in their cultivation. They also had to work hard in training the soldiers, adjusting the battle formations, and uniting the various legions.

One had to know.

The soldiers of the legions came from the various empires and were not familiar with each other. The generals might know each other, but they would need time to train them to work together perfectly.

Inside the Azure Dragon Palace.

“The Xia Emperor.”

Lord Chi cupped his hands at Jiang Li and took out a purple wooden box from his low-grade interspatial ring. It was about the size of two palms and was engraved with dense array patterns.”if i’m not wrong, your cultivation should have reached the mid-eighth level, and you need the ‘source of the heavenly veins’ to form the ‘flower of the sky’.”

“this is a small gift from ‘bi di’. i hope that emperor xia can accept it.”

Finished speaking.

Lord Chi gave the purple wooden box to Jiang Li.

“Oh.”

Jiang Li took over and asked, ” “What is this?”

“the source of the heavenly veins.”

“A small-scale source of heavenly veins,” answered Lord Chi.

“The source of the heavenly veins.”

Jiang Li was surprised. He smiled and said, ” “Then I thank you for your generous gift,”

“The Xia Emperor is too polite.”

“We hope that when the human race’s imperial court is successfully established, Emperor Xia will agree to let the ‘division of the Holy peace state’ move into the Holy peace state,” Lord Chi said with a smile.

“Sure.”

okay. Jiang Li nodded.

“Lord Chi.”

where did the ‘source of the heavenly veins’ come from? ” Jiang Li asked.

“Hehe.”

Lord Chi smiled and replied, ” it’s said that the source of the heavenly veins comes from the nine Heavens. One can only find it by sensing the earth veins.

“Actually, these rumors are false. It’s just a lie.”

“The source of the heavenly veins doesn’t come from the nine Heavens.”

“What’s the truth?”

Jiang Li asked.

“emperor xia, you should have heard of the ‘floating land’ and the ‘secret realm’, right?”

Lord Chi asked in return.

“yes.”

yes. Jiang Li nodded and said, " I've fought the entire northern and western regions. I saw the floating continent, but I haven't found any secret realms.

"I'm starting to wonder if there really is a secret realm."

"There really is a secret realm."

"It's because all the 'Mystic realms' in the Holy peace Region have been destroyed."

Lord Chi revealed the truth of the matter and said in a deep voice, " the source of earthstring energy comes from the floating continent. After destroying the floating continent, you'll be able to obtain a small source of earthstring energy.

"In contrast."

every secret realm is a small world. If you destroy the secret realm and take its natural source, you will be able to form a small source of heavenstring energy.

"This is the true origin of the 'source of heavenly veins'."

...

however, all of the secret lands in Saint peace state have been destroyed, so it's hard to obtain the 'source of heavenly veins' anymore. There are even rumors that the source of heavenly veins came from above the nine Heavens.

"I see."

why? " Jiang Li asked, " why did all the secret lands in 'holy peace state' disappear? "

"It's simple."

there's a limit to resources," Lord Chi said with a shrug. it's impossible to produce an infinite number of them. Compared to the number of floating continents, the existence of secret realms is even rarer.

the Holy peace state has existed for so many years. Without the birth of an Emperor dynasty, it's difficult to cross the endless ocean and conquer other states.

in order to break through, type 8 powerhouses would destroy secret grounds after secret grounds.

"Until now."

let alone secret realms, there aren't even many floating continents left.

Obviously.

According to this development ...

...

The living beings in holy peace Region only knew how to seize, but they didn't know how to control or give back.

In the end.

The floating continent and the secret realm would all disappear. When the spirit crystal mines were continuously mined, the spirit energy radiation would become stronger and stronger. It would eventually spread and cover the entire Saint peace state.

At that time.

That would be the end of the Holy peace Region.

The entire continent would become a 'dead zone' that would be completely covered by 'spiritual radiation'.

the sword-Emperor dynasty, the Lianzhen dynasty, the Mobei dynasty, and the tianzong dynasty have successfully merged into the great Xia Dynasty. The great Xia Dynasty's National fate is extremely great. I believe that with the power of the National fate's feedback, the Xia Emperor will definitely be able to condense the flower of the sky and break through to the late-stage of the eighth rank.

"But it won't be that easy to break through to the peak of level eight," Elder Brown said.

"I'll try my best."

I don't know. Jiang Li shrugged. I'm going to cultivate in seclusion. I need you to keep an eye on the monsters and barbarians.

"Don't worry,"

Lord Chi said.

"This is what we should do,"

Replied Elder Brown.

"Wu Wuji still hasn't agreed?"

what's wrong? " Jiang Li asked in a deep voice.

"No, I didn't,"

Lord Chi and Elder Brown shook their heads.

"It's a pity,"

I'm sorry. Jiang Li sighed, but his eyes were cold.

Since they were not willing to submit.

They were enemies.

To the enemy.

Jiang Li wouldn't show any mercy.

Thinking of this ...

Jiang Li even wanted to send Wang Gang and the others to Wu King's Imperial capital right now to assassinate Wu Wuji, but considering Wu Wuji's strength, the success rate was almost zero.

Moreover ...

Jiang Li was also worried that the monsters and barbarians would find a loophole.

Soon after.

Jiang Li took out two sets of level one to level five gene strengthening liquids and gave them to Lord red and Elder Brown respectively as a return for the 'source of heavenly veins'.

Each set of gene strengthening fluid was stored in a small box made of refined iron.

It was about the size of a book.

"This is the gene strengthening fluid?"

Kachaa!

Lord Chi opened the box, and five small syringes lay quietly inside. The liquids inside were also of different colors, but they were all like stars.

while I was living in the capital of great Xia, I heard about the gene strengthening fluid from many of the great Xia's ministers. It is a rare treasure.

“Although it can't directly improve one's cultivation base, it can fundamentally optimize and improve the aptitude of living creatures, thus improving their combat effectiveness,” Elder Brown sighed.

“Turn mediocrity into a genius.”

“This thing isn't inferior to the 'heavenly source' at all.”

“Thank you for your generosity, Emperor Xia.”

Lord Chi and Elder Brown looked at each other and cupped their hands at Jiang Li.

In reality.

This was not what shocked Lord Chi and Elder Brown the most.

What shocked them the most was ...

Such a treasure.

The great Xia Empire seemed to be able to mass-produce it.

This was extremely terrifying.

One day.

When geniuses were just like ordinary people.

It was hard to believe.

Hundreds of years, thousands of years, or even tens of thousands of years later.

How many powerful cultivators would the Grand Xia Empire be able to produce?

How prosperous would it be?

of course.

This required sufficient resources.

“Hehe.”

you’re right. Jiang Li smiled. Lord Chi, Elder Brown, we’re on the same side. The stronger you are, the greater our chance of winning the final battle.

” furthermore, you two have gifted me a treasure like the ‘source of heavenly veins’. i naturally have to show my appreciation. ”

The night came.

Jiang Li left the Azure Dragon Palace and so did Lord Chi and the others.

The room in the ruler’s hub.

Outside the door.

Wang Gang, WMS01, SSTs01, and MYL01, stand guard.

Jiang Li sat down with his legs crossed.

he closed his eyes.

He did not cultivate, but communicated with the hidden Dragon rank through his mind.

Buzzzzzz!

In the world of consciousness.

It was all darkness, with no end.

After that.

a purple-gold radiance appeared.

it condensed into a dragon-shaped list.

Hidden Dragon rank-Saint peace state

[ first place: ??? ]

[ second place: ??? ]

Third place-great Xia Dynasty, country name 'Xia', human Emperor' Jiang Li'.

[ fourth place: Wu King dynasty, country name 'Wu', human Emperor' Wu Wuji'. ]

There were only four.

There were only four great empires in the Saint peace state now.

On the other side.

wutian dynasty, emperor dragon barbarian dynasty, and wuwang dynasty.

Wutian, the demon Emperor.

Barbarian Emperor di Long.

Human Emperor Wu Wuji.

The Three Sovereigns were still in seclusion because of the expansion of the empire's territory, the invasion of other empires, and the devouring of the other empires 'National fate.

They had accumulated the energy from the country's fate.

Because the dynasties of the demon race and the Barbarian race had merged, the Fortune of the country had risen sharply, which gave Wutian and di Long a vast fortune of the country.

Of course.

The emperors of the monster and barbarian dynasties would naturally not agree to the merger so easily, and they would not be willing to be swallowed up so easily.

so,

the two races were led by their respective divisions.

an internal battle was held.

The strong were respected.

The victorious Emperor received the support of all the emperors.

In the end.

Wutian and di Long won the final victory.

Because he was still in seclusion to break through.

Therefore, they didn't know about the changes in the rankings.

wu wuji didn't know that the fate of the great xia dynasty had already surpassed that of the wuwang dynasty.

Buzzzzzz! Buzzzzzz!

On the purple-gold Hidden Dragon rank-Saint peace state, two dense purple-gold light balls fell down and slowly flew to Jiang Li, merging into his body.

A message appeared in Jiang Li's mind.

“congratulations to the great xia dynasty for advancing in the national aura. your national aura ranking has risen to ‘third place’, entering the top three. The art of the Azure Emperor.”

BOOM!

At this moment.

Jiang Li felt like a nuclear bomb had exploded in his mind, setting off a storm of information. The information of the inherited techniques rushed into his mind.

It was like a tornado sweeping through the world.

Countless pieces of information circulated.

Jiang Li felt like his head was going to explode.

Fortunately ...

Jiang Li was already extraordinary. He was a level eight Super Master and a transcendent being. He could withstand the explosive information flow.

In the end.

All of it was stored in the depths of his soul.

“azure emperor art.”

Jiang Li pondered and carefully read the information.

The art of the Azure Emperor.

In reality, it was an advanced version of the ‘great Xia Azure Dragon technique’. It had been further optimized and perfected on the original foundation, and it was a cultivation technique that had established the foundation of an ‘Emperor’.

This was because there had been an earth-shattering change.

It was no longer named after the ‘great Xia Azure Dragon technique’, but the ‘Azure Emperor Art’.

Level nine low-grade!

Azure Emperor Art!

in addition.

Due to the complete optimization and advancement of the cultivation technique, the martial arts techniques recorded in the Azure Dragon technique of the great Xia had also changed, and there were more powerful martial arts.

Jiang Li hadn't changed his cultivation yet.

He couldn't use or master it yet.

Chapter 639

'Reward 2: emperor's crown.'

buzzzzzz!

The second purple-gold ball of light merged into the original 'crown of the Alliance', which underwent a series of changes and upgrades.

In the blink of an eye.

The 'crown of the Alliance' would become the 'crown of the emperor'.

It had become an even more powerful treasure.

The ability of the 'crown of the Alliance' was to use the power of the true dragon of the dynasty to increase his power. Now that the four dynasties had been swallowed by Jiang Li, the ability of the 'crown of the Alliance' was no longer useful.

now.

It had evolved into the emperor's crown.

His original ability disappeared.

New ability obtained.

It was called the emperor's power.

after the activation.

The emperor's crown would give Jiang Li the right to use the emperor's power once, but he only had one chance. After activating it, the emperor's crown would disappear.

“the power of the emperor.”

that's a good ability, ” Jiang Li murmured.

“It can be used as a trump card.”

His consciousness returned.

Jiang Li opened his eyes.

“azure emperor art.”

BOOM!

jiang li spent half an hour to adjust his condition and reach his peak. then he started to run the 'azure emperor art'. his body shook and a blue mist spread out.

It enveloped his entire body.

Roar! Roar!

The Dragon roared.

The Azure Dragon appeared and hovered around Jiang Li.

okay. Jiang Li started to change his cultivation method.

This time.

Jiang Li didn't use the energy from the Fortune of the nation. Instead, he turned the Azure Dragon technique into the Azure Emperor Art with his own understanding and cultivation.

Time passed.

The night passed.

The next day.

The morning arrived.

BOOM!

suddenly.

In the air above the imperial capital of the Grand Xia, an extremely terrifying aura gushed out from the base of the 01 Legion. At the same time, a green pillar of light pierced through the sky, piercing into the clouds.

Buzzzzzz! Buzzzzzz!

An extremely vast pressure spread out.

It covered the entire imperial capital.

At this moment.

Countless subjects looked up to him.

“This is a Kasaya.”

Lin Tianjian, Lianzhen, and Chizhu were all alarmed. They came out of their residences and looked up at the strange phenomenon in the sky.

has Jiang Li finally reached this point? ”

Lin Tianjian took a deep breath and looked at the green light beam that pierced through the sky. A huge shadow was slowly forming in the green light beam.

other than Lord Chi and Elder He.

It could be said that ...

Lin Tianjian's cultivation and strength were the strongest. He was at the later stage of the eighth rank. Even the Division Hall Master, Sheng Baochen, who was also at the later stage of the eighth rank, was weaker than Lin Tianjian in terms of combat ability.

Back then.

The sword-Emperor dynasty's National aura true dragon was 80,000 meters long, and he was ranked eighth on the hidden Dragon ranking-Saint Peace State. The National aura cultivation technique he cultivated was a top-tier level eight cultivation technique.

so,

He was very clear.

Jiang Li's current state.

...

He wanted to establish an Empire and achieve the 'honor of an Emperor'.

The first step.

One needed to raise the nation's fortune cultivation technique to level nine to achieve a qualitative change and advancement.

it was obvious.

Jiang Li had already taken the first step.

Buzzzzzz! Buzzzzzz!

Time passed.

The green light beam dispersed.

a green figure dressed in dragon robes walked out from within. the 90000-meter-long azure dragon of great xia appeared and wrapped itself around the figure.

He looked closer.

He took a closer look.

...

the green figure looked similar to jiang li, as if they were made from the same mold.

Roar!

A Dragon's Roar reverberated in all directions.

plop! Plop!

Countless subjects knelt on the ground and kowtowed to the green figure.

“The people pay their respects to Emperor Xia!”

The crowd shouted in unison.

After a while.

the phenomenon disappeared.

the azure dragon and the azure figure disappeared.

It calmed down.

In the room in the ruler's hub.

Shua!

Jiang Li opened his eyes.

now.

He had already successfully converted to a cultivation technique.

In his dantian.

Jiang Li's true spirit was sitting on a level-sixteen Green Lotus with two flowers on both sides of it. The one on the left was the level-twelve 'flower of man' and the one on the right was the level-twelve 'flower of earth'.

It emitted a brilliant light.

In addition.

Jiang Li's true spirit also changed.

Originally.

There was nothing on the true Spirit's body. It was completely bare. However, an illusionary Green Dragon robe with a four-clawed Green Dragon on it had been transmitted.

Further up.

It was the Azure Dragon of the Xia Dynasty.

There was also the 'emperor's crown' that was worn on the head of the Azure Dragon of great Xia.

In addition.

There were also three other sacred weapons that were like three green balls of light that revolved around the true spirit. The power of the nation's fate descended from the Azure Dragon's body.

it nourishes the sacred weapon and true spirit of the country.

“Very good,” he said.

Jiang Li was very satisfied with his current state. It took me one night to successfully turn the Xia Dynasty’s Azure Dragon art into the Azure Emperor Art.

Other than that, I immediately mastered a powerful martial art after I successfully switched my cultivation.

“It’s called the nine seals of the cyan Emperor.”

In reality.

Although the cyan Emperor nine seals was only a martial art, it had nine different moves, including defense, attack, and speed. Jiang Li had only mastered the basics, not to mention mastering it.

There was the ‘Azure Thearch nine seals’.

All the martial arts techniques he had practiced in the past were basically useless now, so Jiang Li integrated them into the seal of the Azure Emperor to strengthen its power.

On the other side.

After Jiang Li successfully converted the ‘Green Emperor Art’.

Lin Tianjian, Lian Zhen, Mo Bei, Jing Yueke, Feng Yueji, Hong Tianqi, Xu Ya, Pang Kui, and the rest of the Marquises of the great Xia Dynasty immediately sensed it.

One had to know.

The Marquis of the Grand Xia Empire.

The cultivation techniques that they cultivated were all derived from the 'great Xia Azure Dragon technique' that Jiang Li cultivated, and they were related to the Marquis title of great Xia.

Generally speaking.

As long as Jiang Li's Azure Dragon technique was upgraded and he successfully switched to another technique, the secondary techniques that the Marquises of the Xia Dynasty were cultivating would also be upgraded.

Just like now.

The moment Jiang Li successfully switched to the 'Green Emperor Art'.

All the Marquis Kings of great Xia.

The 'great Xia Azure flood dragon art' that they cultivated had all been upgraded to the level nine low grade, and had advanced into the 'Azure King Art', which was born from the 'Azure Emperor Art'.

“this is a kasaya.”

When Lin Tianjian sensed the information of the legacy technique appearing in his mind out of thin air, an ecstatic expression appeared on his face. He was extremely surprised. I didn't expect that His Majesty, the Xia Emperor, would not have a legacy with restricted techniques.

In reality.

As long as Jiang Li wanted to.

Jiang Li could limit the inheritance of techniques through the Marquis token.

For example.

Jiang Li could put a restriction on the king's cultivation method. Unless he agreed, the king's cultivation method couldn't be upgraded on its own. It could only be upgraded with Jiang Li's permission.

or perhaps ...

” it's a cultivation technique that's upgraded to a marquise king. it's a reward. ”

However ...

Jiang Li didn't set this restriction.

In Jiang Li's opinion, this restriction was unnecessary.

as long as one practiced the marquise technique, they would be restricted by jiang li. it was a self-restriction to limit the inheritance and advancement of the technique.

there was no need for that.

Only when his subordinates were stronger could they do more things for him.

After obtaining the new 'verdant Emperor Art'.

Lin Tianjian, Lianzhen, and the other Marquises did not waste any time. Instead, they all went into seclusion to convert their cultivation techniques.

The room in the ruler's hub.

Shua!

Jiang Li waved his right hand.

He took out the purple wooden box that contained the ‘source of heavenly veins’.

He was preparing to condense the ‘flower of the sky’.

Buzzzzzz!

He activated the sealing array on the wooden box.

Purple light bloomed.

Kachaa!

The wooden box opened on its own.

Shua!

A gray ball of light flew out from within. It was the color of chaos and was about the size of a baby’s fist, as if it had a life of its own.

They wanted to escape from Jiang Li’s control.

“Azure Emperor Art.”

boom!

it’s a small source of heavenly veins. Jiang Li started his cultivation technique, opened his mouth, and sucked. A green mist covered the small source of heavenly veins and he swallowed it.

immediately.

A blue shadow appeared behind Jiang Li, circling around the Azure Dragon.

he activated his cultivation technique.

jiang li started to refine the 'small source of spirit meridians' and the 'flower of heaven'.

First of all ...

The flower of man and the flower of earth appeared.

He appeared beside Jiang Li.

After the energy of the source of the heavenly veins was gradually refined, it gathered above his head. He wanted to condense the 'flower of the sky', but he encountered many dangerous obstacles.

Without the help and amplification of the country's fate.

It would be very difficult for Jiang Li to break through.

Time passed.

The image of the 'flower of the sky' appeared and then disappeared. This repeated a few times, and the energy of the 'small source of heavenly veins' was gradually being consumed.

That was if the energy was completely exhausted and he still did not succeed.

It meant that Jiang Li failed to break through.

At that time.

Not only would Jiang Li waste a small source of heavenly veins, but he would also need to consume the energy of the flower of man and the flower of earth when he condensed the 'flower of heaven'.

so,

The 'flower of man' and 'flower of earth' would also be damaged.

“the position of the human emperor!”

boom!

let's go! Jiang Li shouted and activated the 'position of the human Emperor' and the fate of the Xia Dynasty. A 90000-meter-long Azure Dragon appeared.

At the center of his eyebrows.

A Green Dragon Mark appeared, shining with light.

After that.

the great xia azure dragon spat out the 'nation fate origin'.

A green ball of light.

It was like a dragon Pearl.

It fell from the sky.

they all entered jiang li's body.

And it fused with the Azure Dragon Mark.

This time.

The Green Dragon Seal seemed to have become alive.

It was obvious.

Since Jiang Li chose not to use the 'energy from the fate of the nation' to make a breakthrough, it meant that he was confident that he could use the 'source of heavenly energy', the position of the human Emperor, and the fate of the dynasty.

He was about to break through.

Of course.

Even so ...

The two complemented each other.

It wasn't a guaranteed success.

Shua! Shua!

Jiang Li waved his right hand.

he took out the eighth level mid-grade 'ten thousand blood refinement pill'. this pill was made from the essence of the barbarian emperor' mo lu 'and the' ten thousand blood refinement formation 'after the mo lu dynasty was destroyed.

Gulu!

Jiang Li opened his mouth and took the ten thousand blood refinement pill.

BOOM!

a vast amount of energy exploded in his body. jiang li used his cultivation technique to refine the energy and turn it into his own power to recover the flower of man and the flower of earth.

this energy seemed to be endless.

Time passed.

Jiang Li failed again and again. The 'flower of the sky' appeared and disappeared again. The energy of the small source of the heavenly veins was almost exhausted.

“Condense!”

In the end.

Jiang Li didn't know how many times he had failed.

Finally ...

The 'Heaven Flower' appeared above his head. The source of the heavenly energy, the Azure Dragon Mark, and the energy from the ten thousand blood refinement pill fused into one.

It turned into a dazzling 'flower of the sky'.

The green light and the gray mist intertwined.

He took a closer look.

The 'flower of the sky' also had the Azure Dragon's Mark.

## Chapter 640 Perfect completion

The 'flower of the sky' was gradually becoming more and more solid under Jiang Li's refining. It finally became real and showed a vast vision.

“whoosh!!!”

The spiritual Qi of heaven and earth gathered.

in the sky above the imperial capital.

A spirit Qi flower with a diameter of ten thousand meters appeared.

It swayed to its heart's content.

Shua!

In the end.

It didn't last long.

the strange phenomenon disappeared.

the flower turned into a ray of light and entered jiang li's body, becoming one with him.

Jiang Li's cultivation had also stabilized at the late-stage of level eight.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

the cultivation technique then circulated.

Jiang Li's body shook.

The three flowers appeared.

First, the 'flower of heaven' floated above Jiang Li's head. Green and gray mist covered Jiang Li. The tri-colored 'flower of man' was on his left and the 'flower of earth' was on his right.

It slowly rotated.

The power of the three flowers gradually fused into his body.

"The country's fate is giving us feedback!"

Buzzzzzz!

damn it! Jiang Li took a deep breath and quickly released the suppression on the 'blessing of the nation'. The vast energy of the blessing poured into Jiang Li's body.

At this moment.

jiang li felt like he was being helped by god.

The 'Azure Emperor Art' was activated.

All kinds of profound mysteries surged into his mind.

three flowers. Jiang Li carefully studied the three flowers and gradually understood the power within.

"Three flowers gathering above the head."

BOOM!

Jiang Li absorbed the energy from the Fortune of the nation and gradually made a breakthrough. He started the last step of the breakthrough.

It could be seen.

Under Jiang Li's control.

The 'flower of the sky' above his head swayed and emitted a bright light. The 'flower of man' and 'flower of earth' slowly rose and gathered towards the 'flower of the sky'.

“whoosh!!!”

The vast energy of the country's fate was injected into it.

Everything seemed to have come to fruition.

There were no obstacles.

In the end.

'Three flowers in unison'.

On top of the peak.

The abilities of the 'flower of man', 'flower of earth', and 'flower of heaven' had merged into one, reflecting each other with the true spirit in his body, and completely fusing with the power of heaven and earth.

they turned into a whole.

The power of the three flowers filled Jiang Li's body, strengthening and cleansing his body and soul.

Buzzzzzz! Buzzzzzz!

Jiang Li's aura was getting stronger and stronger.

boom!

In the end.

He had broken through to the great circle of rank eight.

The power of the three flowers had completely stabilized and reached perfection.

He had reached his limit.

"Peak of the eighth rank."

Jiang Li opened his eyes. He spent a lot of time familiarizing himself with his improved strength and cultivation. He completely stabilized himself and felt the power in his body getting stronger and stronger.

He was extremely satisfied.

...

I've used up nearly two-thirds of the energy from the nation's fate for this breakthrough. There's still one-third left. It's impossible to break through to the initial stage of the ninth rank successfully.

"hmm." Jiang Li pondered. "In that case, one-third of the energy can be used to cultivate the 'azure thearch nine seals'."

Shua! Shua! Shua!

Hence.

Azure Thearch nine seals. Jiang Li formed a seal with both hands and began to practice the powerful martial arts technique 'Azure Thearch nine seals.' Under the boost of the energy from the blessing of the nation, Jiang Li entered a state of enlightenment.

His comprehension ability increased greatly.

One had to know.

Jiang Li had been injected with level one to level six gene strengthening fluid, so his talent had already reached a monstrous level. He could master simple martial arts easily.

now.

with the help of the feedback energy, he entered a profound state similar to enlightenment.

Hence.

...

Jiang Li's cultivation of the 'Azure Thearch nine seals' was improving rapidly like a rocket. There were countless sparks of inspiration in his mind.

Entry, small success, large success, and perfection.

Four levels.

Before Jiang Li used up all the feedback energy, he'd cultivated the 'Azure Thearch nine seals' to the advanced level. After he used up all the energy, he was only half a step away from the completion.

He could break through at any time.

The night came.

Jiang Li stopped cultivating.

His cultivation base had already reached its current limit.

It would be difficult to make another breakthrough.

This time, he was in seclusion.

Jiang Li only used less than three days.

He had broken through two realms in a row.

Now, he had already completely consolidated his tier 8 peak stage.

His strength had increased by leaps and bounds.

Furthermore ...

Jiang Li's understanding of the 'Emperor Dao law' had also improved.

On the other side.

The human race was divided.

Millions of meters above the imperial capital of the Grand Xia.

The original 'Human Division' had already moved here.

Buzzzzzz! Buzzzzzz!

Lord red and Elder Brown were in seclusion. They had been injected with rank-1 to rank-5 gene strengthening liquids one after another, achieving the transition and evolution of their life level.

It caused one's aptitude to soar.

He entered a deep level of seclusion.

Endless spiritual energy swept over.

Not only that.

Metal, wood, water, fire, and earth.

The Qi of the origin of the five elements seemed to come from the nine Heavens.

all sorts of strange phenomena appeared.

jiang li didn't pay attention to this.

After the breakthrough in his cultivation.

Shua!

Jiang Li opened the Dominator panel and clicked on the soul Tinder.

He checked the number of soul Tinders he currently had.

One had to know.

A war that would engulf the entire holy peace Region.

The southern Territory, the Western Territory, the eastern Territory, and the central region.

The four battlefields.

Nearly five to six hundred billion soldiers of the three races had died.

In every battlefield.

Jiang Li's shadow could be seen in all of them.

Jiang Li's nuclear weapons killed a large number of creatures.

this helped jiang li harvest a lot of souls.

[ soul Tinder: 113.68 billion rank-one soul Tinders, 13 billion rank-two soul Tinders, 1.036 billion rank-three soul Tinders, 11 million rank-four soul Tinders, 11000 rank-five soul Tinders, 530 rank-six soul Tinders, and 5 rank-seven soul Tinders ]

“Fuse.”

Buzzzzzz!

Jiang Li immediately started the soul Tinder fusion function and fused the level-one soul Tinder. The interface in front of him refreshed.

Finally.

Jiang Li got 3.8 billion level-two soul Tinders.

“Continue.”

Shua! shua!

The fusion interface flickered.

Soon, Jiang Li fused with 16.8 billion level-two soul Tinders and gained 280 million level-three soul Tinders.

Buzzzzzz!

The fusion continued.

jiang li fused 1.316 billion level-three soul tinders and got 14.7 million level-four soul tinders.

fuse 25.7 million fourth-tier soul Tinders with one click.

Shua! shua!

The light flickered.

The fusion was completed in the blink of an eye.

Jiang Li got 257000 level-five soul Tinders.

“Continue.”

Buzzzzzz!

Immediately after.

Jiang Li then fused with all 358000 level-five soul Tinders and got 3580 level-six soul Tinders.

Finally.

let's go. Jiang Li fused the 4110 level-six soul Tinders.

You've obtained 42 level-seven soul Tinders.

This way ...

Jiang Li now had 47 level-seven soul Tinders.

Shua!

The interface opened.

[ interface: mechanical interstellar Army type ]

Level 7 troop types: planet-level space combat vessel (unlocked), planet-level space soldier Manufacturing Research vessel (47/64)(locked), planet-level defense combat vessel (locked)

I've harvested so many soul Tinders, but it's not enough to unlock the second level Seven interstellar Army.

No. Jiang Li shook his head.

Obviously.

The further back he went.

The difficulty of unlocking troop classes could be said to have increased by leaps and bounds.

“Hidden Dragon,”

Jiang Li closed the interface and ordered, ” ‘Nine Type 7 soul Tinders and ten trillion energy points have been consumed to upgrade Base 01.’”

“Yes.”

Hidden Dragon replied.

nine level-seven soul Tinders will be deducted, and ten trillion energy points will be deducted.

shua!

a notification appeared.

[ army base 01 is starting to upgrade! ]

buzzzzzz!

The next moment.

It was as if a vast energy curtain had descended from the sky and covered the entire base. The entire base began to transform from the inside out.

my Lord, upgrade time: 24 hours. Please wait patiently.

Hidden Dragon said.

“Yes.”

okay. Jiang Li nodded.

Taking advantage of the time when the base of the 01 division was being upgraded ...

Shua!

Jiang Li opened the Dominator panel.

Check the number of energy points.

” energy points: 1509600 trillion energy points (energy points below trillions are ignored)

one had to know.

In this war that engulfed the entire holy peace Region ...

Jiang Li had taken over the entire southern region of the Saint peace state.

The thousand-hand barbarian dynasty and the mo Luo Empire had destroyed the Barbarian race. Although the Red Dragon Empire had escaped with their resources, they had also recaptured the Lianzhen Empire, the Mobei Empire, the tianzong Empire, and the sword Empire.

Of course.

lin tianjian and the others had left in a hurry, so they did not take all the resources of the sword empire and the tianzong empire, but they did take about half of them.

All in all.

After all of them were added up.

Jiang Li's energy points soon exceeded a million trillion and reached 1.596 million. It was a great number.

And now.

The entire great Xia Dynasty.

There were a total of 930 small spirit crystal mines, 280 medium spirit crystal mines, and 18 large spirit crystal mines. All the spirit crystal mines in these spirit crystal mines had been mined by Jiang Li.

Under the circumstances of setting up the 'spiritual vein Dragon controlling array'.

It would take half a year to recover.

Then, they started mining again.

can the mech factory continue to produce more soldiers during the upgrade of the Army base? ”

Jiang Li asked.

“Reporting to you, chief sovereign.”

the base has advanced from Type 6 to Type 7, ” Hidden Dragon replied. it's a new leap in technology.

therefore, during this Promotion Period, all the facilities in the base will be unusable.

“Including the mech factory.”

there’s also a teleportation room, a Space Station, and so on.

“However,”

“Although Base 01 can no longer be used, all the facilities from base 02 to base 037 can still be used,” Qian Long continued.

“Alright,” he said.

okay. Jiang Li nodded.

“Contact all the sub-bases.”

run all the mech factories at full power. Use energy points and steel materials to build a large mech Army.

create 200 billion each of the type 2 Elite Fusion troops, the water-electric mech, super artillery, and the omnipotent tank.

“Create 10 billion divine weapons of the Dominator Dragon, 10 billion Tri-perch armored soldiers, 10 billion laser destructive soldiers, and 10 billion invisible energy soldiers.”

“Create 1 billion superconducting Ares soldiers, 1 billion super energy soldiers, 1 billion unlimited super soldiers, 1 billion super missile soldiers, 1 billion Storm Giant soldiers.”

create 10 million Super Fortress soldiers, 10 million super Ares-class soldiers, 10 million super annihilation-class soldiers, and 10 million Super Dragon God-class soldiers.

finally, I’ll make one million more mechanical and controllable nuclear fusion super soldiers.

This time.

jiang li didn't create a 'super carrier'.

because jiang li now had hundreds of billions of super transport soldiers under his command, it was more than enough. he didn't need to add more.

After all ...

The Super transport troop was a transport troop. Although they had a certain combat power, they were far inferior to combat troops in terms of war.
