Chapter 211: Tang Wei's Past

With Gu Shaoting's guarantee, Shu Pan was no longer worried about going to work.

"Shu Pan, I don't have the motivation to go to work anymore. I heard that the CEO doesn't come to the company here often." Tang Wei had a long face.

"Isn't this good? It's so uncomfortable to be stared at by the boss every day." Shu Pan was secretly delighted, wishing Gu Shaoting wouldn't come to the company at all.

"I'm not talking to you anymore. You don't understand me." Tang Wei looked at her resentfully.

"Oh my, even an ugly woman can be in love?" MO Lan must have heard what Tang Wei said, so she was hinting at something.

Tang Wei almost jumped up when she heard that. "What right does a plastic surgery freak have to criticize others?"

"Who are you talking about?"

"I'll say whoever answers."

Shu Pan saw that the two of them were arguing and quickly persuaded Tang Wei.

"What happened? No need to work? Do you think this is a market?" The director came out just in time to see the scene.

"I'm sorry, director. We're going to work." Shu Pan apologized.

Tang Wei's face was red with anger and MO Lan was also indignant.

They returned to their seats. Tang Wei looked very agitated, which was a little unexpected to Shu Pan.

Because Tang Wei usually looked carefree and cheerful, and she didn't like to argue with others about small things.

The morning passed quickly and by noon, Shu Pan was still thinking about Tang Wei and was worried that she would be unhappy, so she asked her out for lunch.

In a small restaurant, Shu Pan ordered two dishes and a soup. After eating a few mouthfuls, Tang Wei suddenly spoke. "Shu Pan, let me tell you a story."

"What story?" Shu Pan couldn't react in time. She only found out about it after hearing what Tang Wei said.

It turned out that MO Lan and Tang Wei were university classmates who studied design and were even roommates. At that time, they had a good relationship because their family backgrounds were similar,

However, in her third year of university, MO Lan seemed to have suffered some kind of trauma and suddenly became a completely different person. She heard that she had become the mistress of a rich man. With money, she bought high-end cosmetics, clothes, shoes, and so on. She seemed to have changed into a completely different person. During the summer vacation, she changed her appearance. She went for plastic surgery, lifted her eyes, got a nose job, and shaved her bones. She became very beautiful, and she rarely went back to the dormitory.

Tang Wei had also heard about it. Seeing her change, she tried to persuade her tactfully, but MO Lan didn't listen. She even said that Tang Wei was jealous of her. Their relationship began to deteriorate and they slowly distanced themselves from each other.

At the same time, Tang Wei fell in love with a senior in her fourth year. After that, she picked up the courage to confess to him. The senior agreed, and Tang Wei was extremely happy. The two of them were inseparable every day. They went to the library to study and went out to play on weekends. Tang Wei felt that she was the happiest person in the world at that time.

After they dated for a while, MO Lan returned to the dormitory. She didn't look as energetic as before.

Because of the estrangement between the two of them, they weren't that close.

As Tang Wei's family background was average, she usually went out to do part-time jobs. She was especially busy during that time and rarely met with her boyfriend.

She had planned to spend more time with him when she was less busy. Then, the news of her senior and MO Lan being together spread.

Tang Wei felt like she was struck by lightning. How was it possible that her good old friend had stolen her boyfriend?

When she confronted MO Lan, her boyfriend was also there. Seeing MO Lan snuggling up to her senior like a little bird, Tang Wei felt like she was in an icehouse and her heart turned cold..

Chapter 212: The Handsome Man

She had seen such a cruel truth, so there was no need to confront them anymore. After that, she left in a daze.

During that period of time, she was in great pain from the breakup, and it took her a long time to get over it.

She thought MO Lan really liked her senior, but who knew that MO Lan would be with a rich senior not long after they got together?

After that, the senior turned back to look for her, but she rejected him saying, "Those who can be snatched away are not lovers, and I'm not a recycling station."

However, when she was interning in her senior year, she entered Sunrise Architecture and she did not expect MO Lan to join her as well.

The two of them were really inevitable enemies. After all, it was a good job, so Tang Wei pretended not to know MO Lan.

But occasionally, they would still be at loggerheads, just like today.

Shu Pan didn't expect Tang Wei and MO Lan to have such a grudge.

It was no wonder. Sigh, everyone had a secret in their hearts.

After lunch, Tang Wei looked like she was full of vitality again. It was as if the main character of the story just now was not her. She looked heartless again.

Shu Pan suddenly felt a little envious of her free and easy attitude, unlike her, who was always brooding over everything.

The two of them returned to the office and continued working.

In the evening, Wen Chi had parked his car outside Shu Pan's office, waiting for her.

When Shu Pan and Tang Wei came out, they saw Wen Chi greeting them. Tang Wei shook Shu Pan excitedly. "Shu Pan, slap me. Am I dreaming? Is that handsome guy waving at me?"

Shu Pan smiled. "I can introduce you to him."

"No way, Shu Pan. This is ridiculous. This handsome guy is waiting for you. Is he your boyfriend?" Tang Wei wailed.

It was no wonder that she didn't even look at the CEO. This handsome man was on par with the CEO. The CEO was more good-looking and cold. This handsome man gave people the feeling of being bathed in the spring breeze, especially those peach blossom eyes. It felt like they were emitting electricity.

Tang Wei's exaggerated expression amused Shu Pan. "No, but we're good friends. Do you want to go and get to know each other?" Shu Pan asked.

"No, look at my greasy hair and dirty face. I'm dressed so casually. I don't want to scare a handsome guy on our first meeting. Maybe next time." Tang Wei looked at herself and wanted to find a place to hide.

"All right, be careful." Shu Pan said goodbye to Tang Wei. Tang Wei lived relatively close and was only a few subway stops away.

Shu Pan walked closer to Wen Chi. "Tell me the place and I'll go there myself. It's very congested here."

"It's okay. I'm happy to. I have the time anyway." Wen Chi stared at Shu Pan for a while before saying, "Why do I feel like you've lost weight?"

"Nonsense. I've gained two pounds recently." Shu Pan said unhappily, "Are your eyes short-sighted?"

Wen Chi smiled." Probably."

Then he asked," What do you want to eat?"

"Anything is fine. Don't spend too much money. Why don't I buy some groceries and go back to cook?" Shu Pan felt that it was more cost-effective to make it herself.

"Next time. You're tired today. Let's find a place to eat and have a good talk." Wen Chi started the car.

"Where's Joy? Why don't I see the little girl?" Wen Chi asked as he drove.

"She's still with my father. I'll pick her up this weekend." Shu Pan looked at the scenery outside the window and replied.

"It's a pity that I won't be around this weekend. I'll look for her the next time I come back."

"Don't spoil her too much. She's almost out of control." Shu Pan's heart softened when she thought of her daughter..

Chapter 213: A Warm Dinner

Wen Chi brought Shu Pan to an old and famous restaurant. It was famous because of its delicious dishes.

Wen Chi had made a reservation in advance. He originally thought that if Shu Pan wanted to eat something, he would cancel the reservation. However, Shu Pan asked him to make the decision, so he brought her here to try something new.

Shu Pan looked around. It was not as luxurious as a hotel. It was very simple. There were only a few tables in the shop, and the tables and stools were very old. She finally felt a little relieved. This place should not be expensive.

"How did you find this place? Let's see if the food is delicious. We can come with Xiaomeng next time." Shu Pan looked at Wen Chi.

"A friend recommended it. Then, you have to eat more later." Wen Chi called the boss to place an order. As there were not many tables and there were not many customers each time, the boss and the lady boss had to do it personally.

There was no menu. The dishes were all made according to the ingredients that the boss had purchased that day. They were all the freshest ingredients. The boss introduced a few dishes and Wen Chi ordered them all.

Seeing that Wen Chi was still ordering, Shu Pan quickly stopped him, "All right, there's too much. We can't finish it."

"I just want you to try it more food." Wen Chi smiled indifferently.

"What a waste." Shu Pan reprimanded.

"Pan, although I'm very busy, I miss you all the time. I hope to be better and give you and Joy a better life." Wen Chi looked at Shu Pan and suddenly said something very emotional.

Shu Pan's face suddenly turned red, but her eyes were also watery.

How could she not want a simple relationship? However, a relationship was not between two people, but between two families.

Upon hearing Wen Chi's words, Shu Pan immediately recalled the scene when Mother Wen came looking for her.

Those words were too harsh to ignore.

"Chi, I'm a divorced woman. You're so outstanding and deserve better. You have to open your eyes and pay attention to the girl around you." Shu Pan persuaded.

"Nonsense. You know that I don't care much about these things." Wen Chi was a little angry that she drew such a clear boundary of her status.

“All right, the dishes are served. Let’s eat first. I’m so hungry.” Shu Pan quickly comforted him and changed the topic.

When Wen Chi saw that Shu Pan was hungry, he quickly helped her with some food. Soon, Shu Pan’s bowl was filled with food.

The two of them stopped talking about the unpleasant topic just now and began to eat and talk about other topics.

The atmosphere was finally harmonious. Shu Pan looked at Wen Chi and felt guilty.

He Ming felt like he was going crazy. The reason was that his mother called him every few days, finding all kinds of reasons for him to go home, and then bombarded him with all kinds of things to get him into a marriage.

Such things have been happening recently. He felt that it was a sin not to get married at the age of 30.

Just as he was thinking about it, the call came again.

“Mom, what’s the matter? I’m busy.” He Ming spoke first.

“Busy, busy. When are you not busy? Can’t the company do without you?” Mother He complained.

“What instructions do you have, my Empress Dowager?” He Ming knew that he couldn’t win against her, so he went straight to the point.

“Come back for dinner tonight. We have guests.” Mother He didn’t waste any time.

“What guest?” He Ming frowned.

“Won’t you know when you come back? Let’s keep it a little mysterious.” Mother He was worried that He Ming wouldn’t come back after she told him who the guest was.

He Ming knew that something was wrong when he heard that. His mother had set up a trap for him again.

“OK then.” He Ming said reluctantly.

Sigh! What could he do? He still had to be a filial son..

Chapter 214: Testing

After He Ming hung up the phone, he thought for a while and immediately pulled up Ye Xiaomeng’s number.

“Xiaomeng, do you have anything on tonight?” He Ming asked casually.

“Nothing, what’s wrong?” Ye Xiaomeng replied.

“How about coming home with me for dinner tonight?” He Ming asked carefully.

“Go to your house for dinner?” Ye Xiaomeng raised her voice, wondering if he was crazy. Could you bring just anyone home for dinner?

“Yeah, my mom is probably going to introduce me to another girl again, but you know that I only like you. Just help me.” He Ming felt that there was nothing to hide. He liked to be frank.

“That’s a good thing. Maybe you’ll meet the one tonight?” Ye Xiaomeng said, pretending to be relaxed.

“Xiaomeng, do you really mean it?” He Ming asked seriously. Ye Xiaomeng didn’t see his face darken instantly.

Xiao Meng didn’t reply. When she thought of He Ming being with someone else, she suddenly felt a little sour.

But what right did she have? How could a woman whose fiancé had cheated on her and had a miscarriage talk about happiness?

Whenever she thought of her past, she would collapse. The nightmares buried in her mind would occasionally resurface, and she was afraid.

Ye Xiaomeng didn’t respond for a long time. He Ming was disappointed. So it was all his one-sided love.

He had thought that she liked him at least a little, but he had overestimated his place in her heart.

Seeing that he couldn’t get a response from Xiaomeng, He Ming said, “Then I’ll hang up first.”

Not wanting to hear anything more unpleasant, He Ming hung up in a hurry.

Ye Xiaomeng’s words were like a knife cutting into his heart.

He Ming stared ahead, a little confused. Was Ye Xiaomeng really that cold-hearted?

After work, He Ming couldn’t find any other reason and had no choice but to drive home.

He looked listless. When he stepped into the house, there was already laughter and voices coming from inside. The voices sounded familiar.

It was indeed the case.

After He Ming entered, Mother He waved at him. "Come here. Look, Shanshan is so thoughtful. She even took the opportunity to visit me after work." Mother He held Hu Shanshan's hand and said happily.

"Brother He, you're back from work?" Hu Shanshan was the first to greet him.

He Ming nodded.

"You guys take a seat first. I'll go change my clothes." He Ming walked straight to his room.

"Auntie, does Brother He not like me coming?" Hu Shanshan said timidly.

"He's just like that. Don't think too much about it. I'm so happy that you came to see me." Mother He comforted her, but she was also cursing He Ming in her heart.

How could she know about He Ming's dejection? He was currently thinking hard about how he could get Xiaomeng's approval.

When He Ming came out in casual clothes, Hu Shanshan secretly praised him. A handsome person would look handsome no matter what he wore. If she brought Brother He out, her friends would probably be envious to death.

During the meal, Hu Shanshan kept looking at He Ming. Mother He was overjoyed and smiled with satisfaction. Only He Ming was absent-minded. He kept thinking about whether he should ask Xiaomeng out.

After dinner, He Ming saw that Mother He and Hu Shanshan were chatting. He felt that he had completed his mission by coming home. Just as he was about to slip away, Mother He stopped him.

"Ming, wait. Don't go out so quickly. Send Shanshan back later. It's not easy to get a ride here, and Shanshan didn't drive here." Mother He ordered.

If He Ming still couldn't read his mother's underlying meaning, then he would have lived for 30 years in vain..

Chapter 215: Just a Younger Sister

Mother He's intentions were so obvious, but he really treated Shanshan as his sister. He didn't have any other thoughts. He knew that it would be a waste of effort to say it now.

"All right. Shanshan, where are you going? I'll give you a ride. I need to go out for something." He Ming said casually.

"Isn't it too troublesome? Brother He?" Hu Shanshan pretended to ask.

"No, it's on the way." He Ming picked up the car keys.

When Mrs. He saw this, she smiled knowingly. "You young people should go out for a walk too. Come and visit me next time."

He Ming and Hu Shanshan went out one after another.

In the car, He Ming said as he turned the steering wheel, "Shanshan, I'm really sorry. Don't worry about my mother. She's just trying to get me together with anyone. She doesn't know the actual situation and has caused you trouble."

"Brother He, you're too polite. I don't think it's a problem." Hu Shanshan was disappointed, but she could not show it.

"My mom is very free at home and likes to fool around." He Ming did not want to give Hu Shanshan any ideas. In fact, he had made it very clear during the blind date.

"No, Auntie is very enthusiastic and amiable. I like her very much." Hu Shanshan felt that she could not hold onto her pride any longer. What kind of woman could charm Brother He so much that he wanted to clarify their relationship with her like this?

"Then you can go visit her when you have time." He Ming was still a gentleman. Seeing that she was a girl, he didn't say an outright rejection.

"Brother He, didn't you say that you treat me as your sister? I'm holding a birthday party next week. You and your girlfriend should come." Hu Shanshan wanted to see what the girl He Ming liked was like. This way, she could compare and see how she was inferior to her.

When He Ming heard this, he was stunned. Ye Xiaomeng probably wouldn't go with him, but Shanshan had invited him sincerely, so he couldn't refuse.

"All right, we'll see. I'll go over when I have time." He Ming thought that he probably couldn't turn down this favour.

"I'll tell you the time and place then." Hu Shanshan said happily, her face blooming.

After sending Hu Shanshan home, He Ming looked at the time. It was still early. Thinking of his conversation with Ye Xiaomeng today, he felt a wave of frustration and did not want to look for her for the time being. He then turned his car around and drove to Gu Shaoting's house.

On the way there, he called Gu Shaoting and knew that he was at home, so he bought beer and planned to get drunk with Gu Shaoting.

Carrying two packs of beer and peanuts, He Ming pressed Gu Shaoting's doorbell.

When Gu Shaoting came to open the door, he looked displeased.

"What's wrong? Am I not welcome?" He Ming walked in and placed the things on the table.

“Ming, do you understand women? Can you read a woman’s mind?” Gu Shaoting blurted out this sentence.

“What’s wrong with Shu Pan?” Besides Shu Pan, he couldn’t think of anyone else who could affect Gu Shaoting’s mood.

“She went on a date with another man.” Gu Shaoting said angrily.

“How do you know? Also, it’s her right to go on a date. You’re just her boss now.

Can you stop her from going on a date?”

He Ming’s words almost made Gu Shaoting vomit blood. He really hit a sore spot.

Chapter 216: Frustration

He Ming finally felt a little better. It turned out that he wasn’t the only one who was troubled by love.

“They’re probably just ordinary friends. What’s the big deal about having a meal?” He Ming comforted Gu Shaoting. How big of a matter was this?

“But based on my understanding of Shu Pan, if it’s not someone very important, she won’t bother with them.” Gu Shaoting felt that this person was a threat.

“Then you should think about how to get Shu Pan back and make her change her mind. After all, you were quite a jerk to her before.” Sigh, honest advice is unpleasant to the ear.

If looks could kill, He Ming would have died many times in Gu Shaoting's glare.

He Ming felt that he was just caring for him.

"I feel that she does not even treat me as a normal friend now. Usually, I'm the one shamelessly approach her." Gu Shaoting didn't feel embarrassed in front of He Ming.

After all, one more person meant more plans.

"Then you have to be more patient, and gentle, and show your manly charisma." He Ming didn't know if this method would work.

"I still have a chance of winning. After all, I have a daughter." Gu Shaoting suddenly thought of Joy.

"Daughter? You remember her?" He Ming was shocked.

"Yes, I've regained my memory. But only you know now. Don't tell anyone else." Gu Shaoting instructed.

"Especially not to Shu Pan." If she knew, she probably wouldn't even let him get close to her. She would feel that he had recovered, she would have no responsibility towards him anymore.

"Brother Ting, you've hidden it quite well." He Ming sighed. What an old fox.

"Aren't I telling you now?" Gu Shaoting didn't want to argue with him.

He Ming opened the bag, took out a bottle for Gu Shaoting, and opened one for himself. He raised his head and took a big gulp.

"Brother Ting, if you like Shu Pan, don't let her down again. She's really been through a lot these past few years. I heard from Xiaomeng that she can't imagine how a woman gets through all the debts on top of having a child to take care of."

He Ming suddenly said very seriously that he had to side with Xiaomeng. He also felt very sad when he saw Shu Pan and Joy.

That was why he said that Gu Shaoting was a jerk previously.

Even if Shu Pan didn't accept Gu Shaoting now, he deserved it. He didn't deserve sympathy.

He Ming thought so in his heart, but he definitely couldn't show it.

"I know..." Gu Shaoting's voice was low.

That was why he had done everything he could to protect her and give them a good life, then slowly integrate himself into their lives.

"Alright, let's not talk about it anymore. Cheers." He Ming raised his beer glass.

Suddenly, Gu Shaoting recalled how he lost his memory. "Mingzi, I was hit by a car, but I saw that the car was heading in the direction of Shu Pan. I pushed her away, otherwise, Shu Pan would have been the one hit. Did you check the surveillance camera afterwards?"

"That's a blind spot. I can't see anything. Moreover, that car doesn't have a license plate." He Ming shook his head. He felt that something was wrong. It was too much of a coincidence.

"Is there no way to verify it?" Gu Shaoting asked.

"Yes, there are no clues at all." He Ming also felt helpless.

"Whether it's a coincidence or on purpose, we still have to be careful in the future. I have a feeling that this incident is targeted at Shu Pan. I wonder if she has offended anyone."

Gu Shaoting thought about it and decided to keep them by his side to protect them.

“Yes, we should be more careful. After all, if they don’t succeed this time, I’m afraid there will be a next time.” He Ming reminded.

Gu Shaoting nodded, thinking about how to make Shu Pan and Joy stay by his side every day.

If Shu Pan is so hard to handle, he would start with Joy. Perhaps, they could get along well like father and daughter. He really looked forward to the day when Joy would call him Daddy..

Chapter 217: Exposed

Because Gu Shaoting had said at the press conference that there would be no wedding with Ms Tong, the headlines of the entertainment news the next day were titled ‘Gu Group CEO Loves Someone Else, Supermodel Tong Fei Has Been Eliminated’, which attracted the attention of many viewers.

After the media’s publicity, many people basically knew about this matter.

Tong Fei was furious, but she couldn’t do anything to Gu Shaoting.

She paced around the house, not knowing what to do.

Her assistant, Zhou, called and said that many reporters were surrounding her apartment, so she did not dare to go downstairs.

She hadn’t thought of how to face the reporters yet.

She walked to the window and looked downstairs. As Zhou had said, many reporters were holding cameras, ready at any time to interview her.

However, she had to go out today because a movie that was about to start production had sent her an invitation. There was a role of a model in it, and she was confident that she could play her profession well.

This was a good opportunity for her to change her career. She couldn't miss this opportunity. She had already sacrificed so much. She had to succeed.

She thought for a while and pursed her lips. Then, she took out her phone and dialled Song Can's number.

The music played for a while before the other party picked up.

"Auntie, I'm Tong Fei. How have you been?" Tong Fei greeted obediently.

"I am well. Feifei, sigh, it's been hard on you. Shaoting is obsessed. I'll persuade him." Obviously, Song Can have also seen the news. Everyone knew about it.

"Auntie..." Tong Fei's voice suddenly choked up.

"Good child, this is on Shaoting. I really don't know what he's thinking. He's been quite busy recently because of the acquisition of a company. I'll ask him when he comes back." Song Can didn't know how to comfort Tong Fei. After all, Gu Shaoting was her son, so her words were all defending him.

Tong Fei didn't expect Song Can to do anything. After all, Gu Shaoting had big ideas and the decisions he made couldn't be changed easily.

She just hoped Song Can would feel guilty and stand by her side. That way,

even if the media exposed the news, they would push the blame on Gu Shaoting. At least she could gain some sympathy.

“Auntie, I knew you were the best to me. I’ll pick you up later. Let’s go out for a meal. I haven’t seen you in a long time, okay?” Tong Fei asked, secretly cheering for herself. What a great idea.

“Okay, I’ll pick you up. The chauffeur happens to be at home. I don’t know if it’s easy to park outside, so don’t drive out.” Song Can readily agreed.

In her heart, she was praising Tong Fei for being sensible and thinking of her every moment. She was much better than her biological son. Gu Shaoting was being ‘shot’ without doing anything.

“Alright, see you later.” Tong Fei hung up the phone and smiled.

Then, she walked to the dressing room and planned to change and go out.

When Song Can arrive, she looked out of the car window and saw many reporters surrounding Tong Fei’s building. She could not help but frown.

Tong Fei had just received a call from Song Can. Knowing that she had arrived, she hurried downstairs.

After a while, Tong Fei, who was wearing a light yellow Burberry dress, walked out of the door elegantly.

Tong Fei’s carefully groomed and maintained face was as fair and tender as milk. The model figure paired with white stilettos made her look even more curvy. The close-fitting material set off her voluptuous chest, her cold almond-shaped eyes, and the slightly curled corners of her mouth revealed a kind of arrogance, making people feel that she was so noble that she could be seen from afar but not touched..

Chapter 218: Mocking

Tong Fei pushed the reporters away as she walked. “Excuse me, please make way.”

When the reporters finally saw Tong Fei coming over, they were all excited and chased after her relentlessly.

Tong Fei finally reached the car. This situation was beyond Song Can's expectations. She rolled down the window in confusion.

"Look, it's Madam Song, Mr. Guts mother..." Someone in the crowd shouted, and the others swarmed over.

Tong Fei quickly opened the car door and gracefully sat inside. Then, she said to the reporters outside, "Excuse me, everyone, please make way." "Madam Song, did Mr. Gu cancel his engagement with Miss Tong?" The reporter took the opportunity to ask.

"No comment. This is a private matter. I'm going to have lunch with Feifei." Song Can instructed the chauffeur to start the car.

The chauffeur slowly moved the car, and the window was already closed.

"Auntie, I'm really sorry. If I had known that the situation was like this, I wouldn't have let you pick me up. I've caused you trouble." Tong Fei said apologetically, her heart filled with guilt.

"Silly child, what does it matter? It's just that the reporters nowadays are too annoying." Song Can could not help but frown.

Only then did Tong Fei relax a little, and the two of them went out to eat sushi.

Because of Tong Fei's job, she was cut off from high-calorie food.

"Auntie, eat more." Tong Fei eagerly helped Song Can pick up some food.

Song Can was filled with emotions and kept reminding herself to ask Gu Shaoting what exactly was he dissatisfied with Tong Fei about.

He was the one who agreed to the engagement back then, and now he was the one who wanted to dissolve the marriage. How could he be so childish?

“You eat too. This salmon has low calories, eat more.” Song Can persuaded Tong Fei.

After lunch, Tong Fei had an audition for a movie in the afternoon, so she took a taxi and left.

As expected of a famous director. Many people from the entertainment industry came to the audition, some of whom were big shots.

Everyone was preparing their emotions for the audition later.

When Tong Fei arrived, it wasn't her turn yet. She sat on a chair at the side and looked at ease. After all, she was acting in her own character. She could walk on the stage with ease.

She was not nervous at all.

“Look, that's Tong Fei. She's the star of the recent headlines.” Next to her was a new star who had just made her debut in the entertainment industry. She was rude and disrespectful with just a little popularity, whispering to the people around her.

“You mean the ex-fiancée of the CEO of the Gu Group?” The woman even emphasized the word “ex”.

“Isn't that so?” Another voice immediately replied with contempt.

“She doesn't look that beautiful. No wonder Mr. Gu wanted to cancel the engagement.” Her gloating words finally attracted Tong Fei's attention.

She didn't want to pay attention to them initially but she saw that they were getting more enthusiastic, Tong Fei couldn't help but mock, “Nowadays, even pheasants want to become phoenixes. They go to

Korea for plastic surgery and return to become celebrities. There are really all kinds of birds in the forest.”

The two people’s faces were red and pale. The newspaper had also reported on their plastic surgery. They did not expect Tong Fei to use this against them.

The two of them glared at Tong Fei.

All the big shots had finished their auditions.

Finally, it was Tong Fei’s turn. She stood up slowly, adjusted her dress, and then opened the door of the audition room with confident steps.

There was the director and a few producers inside. Everyone looked at the door at the same time..

Chapter 219: Unspoken Rules

As expected of a famous model, her walking posture was graceful.

After Tong Fei came in, everyone was sizing her up. This model had a slender frame and long legs.

One of the big investors revealed a meaningful smile when he saw Tong Fei.

When the director and the others saw that, they all understood what he meant.

“Hello, Miss Tong Fei. I’m the director of this movie. My surname is Guan. These are our investors.” The director was also a veteran in the entertainment industry and was very slick.

Tong Fei bent over and shook hands with each of them. When it was the big boss's turn, he used his finger to gently stroke Tong Fei's palm. She felt an electric current pass through her body.

Tong Fei retracted her hand unnaturally. According to the director's introduction, his surname was Zhu.

'Miss Tong Fei, it's like this. Our movie is about the love story of the female lead. The second female lead has a lot of scenes as well. It's a model's struggle to get to the top. The female lead has already been decided. It will be the Best Actress award recipient Sun Yuanyuan. The second female lead is the role you're auditioning for now. We all have high hopes for you. We hope you won't disappoint us.' Director Guan seemed to think highly of her.

"All right, Director. I'll definitely do my best." Tong Fei was overjoyed. He had thought that it was just a minor character. Who knew that it would be the second female lead? This time, she had to use all her skills to fight for it.

Perhaps this movie would become a hit and increase her popularity.

"But many of our shots are more artistic. I hope you can let go." The director was more tactful.

"Director, don't worry. I'll definitely do my best to act well." Tong Fei naturally understood what he meant.

She had been in the modelling industry for eight years and had a lot of experience. She knew that there were many outstanding people in the industry and countless beauties. It was not easy for her to stand firm.

On the road to success alone, she was glorious in front of the public, but sad behind them. She went from one man's bed to another. She had to rely on her young and beautiful body to overcome all the obstacles. Therefore, if she wanted to succeed, there was no turning back.

Gu Shaoting had already announced that their engagement had been annulled. As long as there was a glimmer of hope, she would not give up. However, even if she took the setback with the annulled engagement, she still had her career, so she had to prepare for both scenarios.

She believed that the so-called artistic scenes also had a limit, so she was not worried that the director would have too extreme requirements.

“That’s good. There’s a costume here now. Put it on and walk on the stage. This scene is where the character enters the modelling world after participating in the competition.” The director handed Tong Fei two pieces of cloth. The so-called costume was a bikini.

Tong Fei was stunned for a moment, but she quickly regained her senses. She will just treat it as a lingerie show. It was a piece of cake for her.

She quickly went to the bathroom to change into her swimsuit and walked out gracefully.

Her milky complexion, a thin piece of cloth wrapped around her voluptuous figure, and a pair of sexy swimming trunks. Her flat stomach and slender legs made one hotheaded.

The few people in the audition stared at her greedily. Tong Fei walked back and forth twice, naturally and generously.

The director nodded in satisfaction.

“Miss Tong, you are indeed a talent in the modelling world. Director Guan, it seems that this role must be given to Miss Tong.” The big boss surnamed Zhu spoke.

“Thank you, Mr. Zhu.” Tong Fei knew that once Boss Zhu spoke positively of her, she seemed to have succeeded in the audition.

“Miss Tong, do me the honour. Let’s go out for a meal later to celebrate your role. How about that?” Boss Zhu spoke again.

Tong Fei knew that she couldn’t refuse. “Okay, thank you in advance, Boss Zhu..”

Chapter 220: I Miss Daddy

It was finally the weekend Shu Pan was waiting for. She woke up early and packed some gifts for her father and Auntie Lu.

She took the earliest bus back. She missed the little darling Joy too much.

She had not seen her for more than a month.

As soon as she stepped through the door, she heard the little girl's childish voice. "Grandpa, is Mommy really coming back to pick me up today?"

"Yes Little Joy, Grandpa won't lie to you. Just wait obediently." Shu Laide looked at Joy and his heart ached.

Because of him, Joy had lost fatherly love since she was young. He blamed himself all the time.

"Grandpa, does everyone have a father? Why don't I have a father? Hua said that a child without a father was born from a rock, is that right?" Hua was his neighbour's child and Joy's good friend.

"Silly child, everyone has a father. You have one too. You can ask your mommy." Shu Laide did not know how to answer, so he pushed the issue to Shu

Pan.

"Mommy said that Daddy went to work at a very faraway place. Why isn't he back yet? Is he lost?" Joy asked doubtfully: She wondered if someone as old as her father could get lost. Otherwise, why didn't he come home?

"Because he has to work to earn a lot of money to buy you beautiful dolls and clothes." Shu Laide coaxed her. The little girl was getting older, and it was not easy to fool her.

"I don't want dolls and clothes. I want Daddy, I want Daddy." Joy suddenly became stubborn. In the past, she would not have wanted a father so strongly, but she saw that Hua's father was very good to her. He carried her on his shoulder and even accompanied her to swim. They could do many fun things. She was very envious.

"Then wait for Mommy to come and tell her, okay?" Shulaide was at his wit's end.

Shu Pan, who was outside the door, heard this and felt a wave of sadness. She had never really understood Joy. She thought that the girl was still young and did not understand. In fact, children's hearts longed for love, especially the love of their parents.

She suddenly reflected on herself. Was she too selfish?

If Gu Shaoting regained his memory and wanted to form a relationship with Joy, she would not stop him, because Joy would grow up and she would understand.

She tried her best to hold back the tears in her eyes. Then, she smiled and walked into the inner room.

"Darling Joy, mommy is back." Shu Pan called out gently.

"Wow, Mommy is really back. That's great." Joy ran into her arms." Mommy, I miss you so much."

Shu Pan hugged Joy's little body tightly and picked her up.

"Aye, did Joy eat too much? Mommy can't even carry you anymore." Shu Pan said with a smile.

"Mommy, put me down. You'll be tired. Grandma went out to buy groceries. She said she wanted to cook something delicious for you." Joy struggled to get down.

Shu Pan put her down and greeted Shu Laide.

Looking at the deep mother-daughter relationship, Shu Laide was also gratified. It was right to give birth to Joy back then. Look, she is now the joy of the family.

During dinner, Shu Laide and Lu Lifen brought up the old topic again. "Panpan, you're not young anymore. Joy is also older now. You should also think about your marriage. "

"I understand." Shu Pan nodded.

"Sigh, it's all my fault..." Shu Pan interrupted Shu Laide before he could finish.

"Dad, I'm fine now. If there's someone suitable, I'll consider it, okay?" Shu Pan didn't want him to blame himself..
