

As Agreed 371

Chapter 371: A Trouble

Gu Shaoting and Shu Pan's relationship improved by leaps and bounds. He Ming and Ye Xiaomeng's relationship was not bad either. He Ming treated Xiaomeng like a treasure.

But soon, He Ming and Ye Xiaomeng's troubles came.

One day, He Ming was at work when he received a call from Mother He.

On the phone, Mother He was in a hurry and told him to go home at noon.

When He Ming heard this, he thought that something had happened to the two elders. He asked what the matter was. If it were important, he would go back immediately.

However, Mother He insisted that he go back at noon. She didn't want to affect his work, so she immediately hung up the phone.

He Ming couldn't help but frown when he heard her words.

He looked at his watch. It was already around 11 O'clock. It was almost noon. Mom's phone call made him feel uneasy.

He Ming instructed his assistant and then drove home.

When he got home, only Mother He was there with Qiuqiu beside her.

A man and a dog. The scene was very harmonious. However, Mother He's expression was a little heavy at the moment as if something big had happened.

"Ming, sit down. I want to ask you something." Mommy He's tone lost its usual gentleness and became a little harsh.

He Ming could not help but feel his heart tighten. It seemed like it was something big and related to him.

"What is it? Mom, don't be so serious. Relax." He Ming was a little flustered by her stare.

"Let me ask you. Was Xiaomeng abandoned after getting married and then got pregnant and had a miscarriage?" Mommy He sounded like she was interrogating a criminal.

He Ming's heart skipped a beat. It had been so long since these things happened. How did his mother know about it now?

"Mom, what are you talking about? Did you get someone to investigate Xiaomeng?" He Ming asked uncertainly.

"But Ming, people will laugh at you. Just like what the paper said, she's a second-hand good and used shoes. Can you accept such a title?" said Mommy He worriedly.

"Mommy, that was all in the past. Who doesn't have a past? If Xiaomeng encounters such a thing, I'll even feel more sorry for her." He Ming knew a little about Xiaomeng's past. When he was pursuing her, she had already told him about her unbearable past.

"But Ming, you could have found a better, purer girl." Mommy He thought about how someone had already sent this to her home. She reckoned that the person probably knew about it. What if He Ming was mocked about this matter in the future?

"Mom, everyone has a past. We only look at the future." He Ming was baffled. Who did he offend? How did it be sent here?

“But Ming, people will laugh at you. Just like what the paper said, she’s a second-hand good and used shoes. Can you accept such a title?” said Mommy He worriedly.

“Mom, you shouldn’t care too much about what other people think of you in this world. It’s fine as long as I think it’s good,” said He Ming earnestly.

“But... Aren’t you going to reconsider? After all, this is a major event of a lifetime.” He Ming’s Mommy was still very concerned and couldn’t let go.

Xiaomeng was a good girl. It was her misfortune to encounter such a thing.

If she was the girlfriend of another family’s child, she would sympathize with her. However, she could not let go when it came to her family.

“Mom, don’t you also think Xiaomeng is very good? Why do you care about the past?” The more He Ming thought about it, the angrier he became.

He had to find out who was behind this..

Chapter 372: Mom, Help Me

Mommy He sat there silently.

He Ming had no choice but to express his stance again. “Mom, no matter what you think, I will be with Xiaomeng. I love her.”

After saying that, He Ming stood up and wanted to leave.

“Ming...” Mommy He seemed to want to persuade him again, but He Ming had already left.

Mommy He slumped onto the sofa weakly. She knew He Ming valued friendship and would not be easily persuaded.

When Hu Shanshan returned home, she saw her Mommy calling to play mahjong.

When she hung up the phone and saw her daughter, her expression was a little dazed.

“What’s wrong, Shanshan? Didn’t you say that you were going to study at your Daddy’s company?” Mommy Hu couldn’t help but ask, “Why are you back so early?”

“I went for a while. It was so boring.” Hu Shanshan frowned impatiently.

“Mommy is going out to play mahjong now. Can you stay at home alone?” Seeing that she was not in a good mood, Hu Shanshan did not know if she should stay at home with her.

“Okay. You go ahead. I want to be alone,” said Hu Shanshan indifferently.

Suddenly, she remembered the private investigator’s report. She pretended to say casually, “Mom, do you know? It turns out that Big Brother He’s girlfriend was married and got pregnant before. She even had a miscarriage.”

This was a breaking news.

“Shanshan, don’t talk nonsense.” mommy Hu reprimanded her daughter. A girl who had never been in a relationship, yet she kept talking about pregnancy and miscarriage. How inappropriate it was!

“Mom, I feel bad for Brother He. Think about it. How can a woman like her be worthy of Brother He?” Hu Shanshan felt that Ye Xiaomeng must have hidden it from Brother He. Otherwise, which man could accept it?

“But that’s his choice. There’s nothing to do with worthy.” Mommy Hu sighed. What a silly daughter!

How could a mother not know what her daughter was thinking? However, she did not want her to fall too deep into it, so she reminded her in time.

“Mom, don’t you want your daughter to have a good marriage?” said Hu Shanshan bitterly.

“Of course, Mommy hopes so. But marrying someone who doesn’t love you won’t bring you happiness.” Mommy Hu was experienced, so she understood very well.

“Mom, relationships can be cultivated. I just like Brother He. Please help me.” Hu Shanshan dragged her Mommy and acted coquettishly.

“How can Mommy help you? Feelings can’t be forced.” Mommy Hu looked at her daughter, who looked silly. She felt sorry for her.

“Didn’t you ask Auntie He to play mahjong? You can just pass this news to her inadvertently,” said Hu Shanshan. Although she had already sent the news that the private detective had found to Auntie He, she was worried that she would be soft-hearted. Now that it was said by someone else, the meaning was even more different.

“Is your information accurate?” asked Mommy Hu. How did her daughter know about such a private matter?

“It must be true. I have a friend who knows her. She told me.” Hu Shanshan hid the fact that she had hired a private detective. She would not let her Mommy know about these things.

“You’re so troublesome! You’re always stubborn.” Mommy Hu was a little disappointed.

“Thanks, Mommy! I know you are the best to me.” Hu Shanshan finally smiled.

After Mommy Hu left, Hu Shanshan followed her out.

Ye Xiaomeng, let's see how long you can be smug. Do you think no one knows about your past?

Hu Shanshan smiled darkly..

Chapter 373: Being Laughed At

Mother Hu met up with a few familiar friends to play mahjong at the usual place.

Mother He also came. She was a little depressed and didn't seem to be in the mood.

Mother Hu saw this and asked with concern, "What's wrong?"

"I'm fine." Mother He forced a smile.

"Sigh! I also know what you're annoyed about. It's about He Ming, right?" Mother Hu pretended to comfort her.

"He Ming? What's the matter?" Another mahjong friend said, "Doesn't he already have a girlfriend? They're getting married soon. Just wait to have grandchildren. "

"Have you heard? He Ming's girlfriend was married before. I heard that she even had a miscarriage," said Mother Hu seriously. Her tone sounded like it was a pity.

Mother He was stunned. How did she know about this? Didn't the mysterious person send this news to her home? Could it be that the person had also sent it to Mother Hu's house?

Mother He was a little confused.

As the saying goes, one should not wash one's dirty linen in public. The situation was still unclear, so it was better for her not to speak.

"Who told you that? This is false information," said Mother He calmly.

"Shanshan's friend knows her. She recognized her when she saw the photo the other day," said Mother Hu in an orderly manner, fooling the others.

"Then she must have gotten the wrong person. Xiaomeng is a good girl. Even if something happened in the past, it's all in the past." Mother He was very protective of her people.

"Sigh! Girls these days are a little unclear. It's better to be careful and observe them more. After all, He Ming's qualifications are so good. He doesn't have to worry about getting a girlfriend." Mother Hu's words stunned Mommy He for a while.

It had only been a short while. How did her friends around her know?

"It's fine as long as He Ming likes her. The child has grown up. As parents, we can't make the decision," said Mother He indifferently.

She didn't know why, but she just didn't like people talking about Xiaomeng like that.

"That's true. Children and grandchildren have their blessings." The other mahjong friends winked at Mother Hu, telling her to stop talking.

Mother He's expression had changed. Anyone with a discerning eye could tell that she was unhappy.

Mother Hu glanced at her and stopped talking.

Mother He didn't have any interest in playing mahjong anymore, but she endured the game until it was over to make herself look fine.

When Mother He got home, she looked exasperated. She put her bag down on the sofa and said, "I'm so angry. What does she mean?"

"What's wrong?" asked Father He. Wasn't she fine when she went out?

"Where's He Ming? Tell him to come back." Mother He thought of something.

Father He knew that her temper came and went quickly. So he sat at the side and read the newspaper, ignoring her.

When Qiuqiu saw Mother He coming back, it hurriedly went to her feet. "You're still the most considerate one, Qiuqiu."

Mother He held Qiuqiu in her arms and said to Father He, "Old man, if Xiaomeng's reputation is affected, do you think we should agree to their relationship?"

"Why not? I think Xiaomeng is a pretty good kid. Most importantly, He Ming likes her. Don't be an ugly person anymore. Reputation? Is it murder and arson? Or did she sell her body?"

Father He was more clear-headed and felt that Mother He was overreacting.

Women loved to let their imaginations run wild.

"No, if he gets pointed at by others, how can he live? Do you know? Xu Fang and the others knew about it and even pretended to comfort me."

Mother He was a woman, after all, so she still cared about these things.

"Why don't you ask He Ming to come back and ask him about the specific situation? Don't think about it blindly." Father He suggested.

He thought that he was a good judge of character. He wouldn't misjudge

Xiaomeng..

Chapter 374: Run Into A Colleague (1)

"Okay, I'll call him." Mother He called He Ming again.

"Mom, I'm in a meeting. I'll call you back later." He Ming hung up after saying that.

"Why did you lie to Auntie and say that you were in a meeting?" Gu Shaoting saw He Ming, who was sitting on the sofa in his office, lying through his teeth.

"Sigh! I don't know who wrote Xiaomeng's matter on a piece of paper and sent it to my mom. Now she has some complaints about Xiaomeng. I'm still investigating to see who did it." He Ming gritted his teeth as he spoke. It wasn't easy for their relationship to stabilize, but now this happened.

"Is there such a thing? This is a target." Gu Shaoting couldn't help but frown.

No one would do such a thing out of boredom.

"Yes. I've already asked someone to investigate. I don't want to see my empress dowager for the time being before there are any results." He Ming rubbed his temples. It was giving him a headache.

"If there's anything you need help with, just tell me." Gu Shaoting could understand He Ming's feelings. If someone treated Shu Pan like this, he would probably fight the person to the death.

"Alright, thanks." He Ming opened the door and went out.

Gu Shaoting strolled to the floor-to-ceiling window. He couldn't help but think of Shu Pan again. His heart felt warm.

What was she busy with now?

"Knock, knock." The knock on the door interrupted Gu Shaoting's thoughts.

"Please come in." Secretary Zhang came in with a few files.

"Mr. Gu, these are urgent documents. Please sign them." Secretary Zhang put the folders down on the desk.

Secretary Zhang was about to turn around and leave when Gu Shaoting stopped him.

"Secretary Zhang, what do you think women like the most?" Gu Shaoting started to ask the love consultant again.

Fortunately, Secretary Zhang was experienced and had done his homework, so he answered easily.

"Women's favorite thing should be shopping. The second most important thing is romance. Take her out to do something romantic." Secretary Zhang answered without hesitation.

Gu Shaoting didn't know what romance was, so he thought of shopping. Shopping was not a stressful thing for him. As long as Shu Pan liked it, he could buy anything.

Secretary Zhang saw that Mr. Gu was deep in thought. He knew that Mr. Gu was already satisfied with what he said.

It wasn't easy to make a living by a boss' side. He had to be versatile.

After a while, Gu Shaoting picked up a pen and started to read the documents. He wanted to finish it quickly and planned to take Shu Pan out shopping.

Finally, it was time to get off work. Gu Shaoting could finally call Shu Pan because Shu Pan had previously stated that he could not call her at work unless it was an urgent matter.

He now treated Shu Pan's words like an imperial edict.

After fetching Shu Pan, Gu Shaoting said casually, "Let's go shopping."

"Shopping?" Shu Pan was a little surprised. In her impression, Gu Shaoting didn't like to go out. Whatever he wanted, he would specially send it to his door to choose. Why would he need to go out and squeeze in the crowd?

"Yeah! It's not bad to go out occasionally." Gu Shaoting said it very naturally.

Shu Pan nodded although it felt weird to go shopping with him.

Gu Shaoting saw that Shu Pan didn't say anything else. He thought that women indeed liked to go shopping.

Their destination was the pedestrian street. There was a dazzling array of

goods everywhere, as well as all kinds of special snacks.

As long as you can think of it, it was all here.

The most important thing was that this was a shopping area. There were all kinds of high-end and low-end things here.

Shu Pan didn't have anything to buy, but women went shopping because of their mood..

Chapter 375: Run Into A Colleague (2)

It was rare for a big CEO like Gu Shaoting to accompany her to such a place. His aura was a little out of place here.

CEOs were impressive at work, but they were a little like an idiot regarding relationships.

Gu Shaoting held Shu Pan's hand. He didn't want anyone else to go with him. Whenever he came to pick her up, he would drive himself and did not like others to follow him.

The two of them held hands and walked slowly. They chatted to foster their relationship.

"Do you like to come here?" Gu Shaoting asked carefully.

If Shu Pan said she didn't like it, he wouldn't know how to coax her then.

"I do. All women like to shop. I'm a woman, so I'm no exception." Shu Pan was very easy to satisfy.

Gu Shaoting smiled in satisfaction, then pulled Shu Pan and continued to walk forward.

"Are you sure He Ming can take care of Joy?" Shu Pan thought about her daughter all the time.

"Don't worry, Xiaomeng is there too. He has been a little troubled recently. Let him be busy and forget about his troubles." After Gu Shaoting picked up Joy, he asked He Ming to take care of her so that he could take a walk with Shu Pan.

Shu Pan nodded. "Are you bored when you're out shopping?"

Men didn't seem to like shopping.

"No. It feels pretty good." As long as it was with Shu Pan, Gu Shaoting felt that it was fine.

After walking for a while, they came to the most famous snack street on the pedestrian street. Shu Pan stopped in her tracks and tugged on Gu Shaoting's sleeve. "Let's take a walk there."

Shu Pan pointed at the food street and said that this was her and Xiaomeng's favorite place to visit. It had traces of their youth.

Shu Pan sighed. It had been too long since she had been here.

Looking at Shu Pan's hopeful eyes, Gu Shaoting smiled dotingly and said, "Up to you."

No matter what time it was, there were always a lot of people on this food street. Every stall was crowded with people, and they had to queue up to buy things.

Shu Pan glanced at Gu Shaoting, who was beside her. He still looked calm and composed, without the slightest impatience.

The aroma of food wafted over from the street. Shu Pan started drooling.

She especially wanted to eat mutton skewers, so she pulled Gu Shaoting to line up at the back of the crowd.

"The mutton skewers here are especially delicious. It's an old brand. I haven't been here for a long time." Shu Pan introduced it to Gu Shaoting.

Shu Pan said as she felt like she was about to drool.

Finally, it was Shu Pan's turn. She bought 10 skewers in one go.

Gu Shaoting was a little embarrassed when he saw it. After all, he had never bought snacks outside. In his opinion, such things were very unsanitary.

However, he didn't want to spoil Shu Pan's mood. He even took the initiative to get some lamb skewers for Shu Pan.

Shu Pan gave a skewer to Gu Shaoting. He would not touch it if it was before.

But this time, he took it as if he was facing a great enemy.

Shu Pan looked at him. "Don't you like it? It's very delicious. It won't go wrong."

Shu Pan thought that he didn't like the food, but Gu Shaoting didn't dare to open his mouth because he thought it was contaminated with bacteria.

However, he still said, "I'm not picky. I'll eat anything."

With that, he put the kebab into his mouth and bit it bit by bit. His mouth did not even touch the stick.

Shu Pan watched him eat and sighed again. This man was so elegant when he ate. He ate street food like he was eating abalone.

Shu Pan looked at herself and laughed at herself. They were not on the same level.

However, eating outside was just for fun, so there was no need to be so particular..

Chapter 376: Run Into A Colleague (3)

Shu Pan shook her head and lowered her head to bite on the mutton.

The meat was tender and smooth, and it was cooked just right. With the sauce, it was so delicious that she wanted to bite her tongue.

Shu Pan ate without caring about her image. This was a side that Gu Shaoting had never seen before.

Suddenly, Gu Shaoting reached out and wiped the corner of her mouth with his finger, "Your mouth is oily. Is it really that delicious?"

Gu Shaoting felt that Shu Pan was easy to satisfy.

"Do you want another skewer?" Shu Pan asked thinking that it was better to be happy with everyone than to be happy alone.

"No, I've had enough." Gu Shaoting shook his head.

Shu Pan saw that he really didn't want to eat, so she didn't force him. She threw away the bamboo skewer in her hand and picked up another skewer.

Tonight, Shu Pan had thrown away her reservations. She wanted to be more unrestrained and be her true self.

After eating the mutton skewers, the two continued walking forward. Shu Pan felt a little tired and when they saw a cafe, she sat down at the round table outside the shop.

Gu Shaoting bought her a cup of milk tea. Just as he sat down, a voice came from behind him.

"Mr. Gu? Shu Pan?" MO Lan's voice rang out, full of disbelief.

Shu Pan was so shocked that she almost fell off her chair.

She quickly pulled away her chair and distanced herself from Gu Shaoting.

Sigh, she is really unlucky. Just a simple outing and they met someone they knew.

She slowly turned around and saw MO Lan holding hands with another colleague.

Enemies were bound to meet on a narrow road. They looked at Gu Shaoting and Shu Pan in confusion.

“Mr. Gu, Shu Pan, what a coincidence to meet you here.” The other colleague was a straightforward young lady who said whatever she wanted.

Shu Pan’s mind was blank. She didn’t know how to explain their relationship.

Now was not the time to make it public. She could not help but purse her lips tightly. Her entire body was a little stiff, and her hands were clenched into fists unnaturally.

Gu Shaoting saw Shu Pan’s embarrassed and helpless look, then he looked at MO Lan and her companion. “Hello, what a coincidence to meet you here. I also met Shu Pan here. I am waiting here for Secretary Zhang.” He explained.

His words were calm and his expression natural. He didn’t look like he was lying at all, so the two people seemed to believe him.

MO Lan thought to herself, “Sure enough, Mr. Gu didn’t come with Shu Pan. It was just a coincidence.”

Hmph, she thought that she could follow the CEO just because she met him. How shameless.

MO Lan looked at Shu Pan with disdain.

Shu Pan relaxed a little when she heard Gu Shaoting's words.

"You guys don't have to worry about me and enjoy your shopping. I am about to leave." Gu Shaoting was furious. A good date was ruined by these two people, but for Shu Pan, he endured it.

He reminded them to leave as soon as possible.

"Yes..." Shu Pan replied softly. She subconsciously glanced at him and then gave him a grateful look.

Gu Shaoting is still the one who understood her the most and could help her out in time.

She wasn't ready to make it public yet. Of course, Gu Shaoting also understood her. She had always been very hardworking and kept her work and personal life separate. She didn't want others to point fingers behind her back and say that she had a backer, so she hoped that their relationship would be kept a secret.

He loved her, so he respected her choices.

Gu Shaoting looked indifferent. He nodded at them and left.

He didn't even look at MO Lan and the others.

MO Lan felt uninterested when she saw that the CEO had left. So, she pulled her colleague to the stall in front.

Shu Pan quietly followed behind Gu Shaoting..

Chapter 377: I've Always Been Here

“Look at Shu Pan. Doesn’t look like she’s trying to get close to the CEO?” MO Lan glanced in the direction Shu Pan went and said to her colleagues.

“They are probably going the same way. Shu Pan doesn’t look like that kind of person.” The colleague defended Shu Pan.

“You can’t judge a person’s heart by their appearance. It’s those who look innocent and pure on the outside that are more coquettish on the inside.” MO Lan said fiercely. She didn’t know why, but she just didn’t like Shu Pan. Shu Pan seemed to be able to easily obtain the things she worked hard for, so she hated Shu Pan.

“They’re both unmarried now. It’s fine even if she and Mr. Gu liked each other.” Her colleague felt that MO Lan had gone overboard with her words. They were all colleagues, so there was no need to slander others like that.

“Why are you helping her?” MO Lan said angrily.

“I am just stating the facts. All right, let’s not talk about it anymore. Let’s shop around. I heard that there’s a shop over there that serves delicious beef offal.” Her colleague didn’t want to discuss this with MO Lan anymore, so she dragged her away.

Shu Pan looked at Gu Shaoting’s somewhat lonely figure in front of her and felt so many emotions that she didn’t know what to feel.

Shu Pan was not in the mood to look at the snacks, clothing, accessories, and all kinds of goods on the street.

Gu Shaoting took time out of his busy schedule to go shopping with her. Why would she waste their precious time together for some inexplicable reason?

They didn't steal or rob. They were open and aboveboard. Why should they hide their relationship?

That colleague just now had asked her to go shopping together, but she had declined.

She still wanted to go shopping with Gu Shaoting and not with them. At that time, their expressions were a little strange, so she couldn't be bothered.

At the corner, Shu Pan saw that she had completely gotten rid of MO Lan and the others. She was in the opposite direction from them. She walked quickly wanting to catch up with Gu Shaoting. She had never been so eager to see him.

Suddenly, she was pushed by someone and Gu Shaoting disappeared in the blink of an eye.

Shu Pan was completely flustered. Only then did she think of having a phone. She quickly took out her phone and called Gu Shaoting.

"What's wrong?" Gu Shaoting's low and sexy voice sounded on the other end of the line.

"Where are you? Why did you disappear in the blink of an eye?" Shu Pan asked anxiously.

"Turn around. I'm right behind you." Gu Shaoting's voice sounded from behind.

Shu Pan slowly turned around and saw Gu Shaoting's tall and straight body standing a few meters behind her, looking at her with a smile. For some reason, she felt like crying.

Just like in the movies, Shu Pan slowly walked towards him and extended her right hand.

Gu Shaoting held it tightly without hesitation.

"Aren't you afraid of being seen?" Gu Shaoting teased her. He liked to see her flustered.

Shu Pan pursed her lips and said gently, "Aren't you here? I'm not afraid." Looking at him, her heart inexplicably relaxed.

Gu Shaoting suddenly pulled hard, and Shu Pan fell into his arms. He touched her head and thought, "No matter when or where in the future, I will be there." This was his promise to her.

At this moment, Shu Pan felt a warm current flowing into her heart. The feeling of being loved by others was really good. Only by truly letting go of the shackles in her heart could she obtain true happiness. This was the current reflection of Shu Pan's mood.

She couldn't help but wrap her arms around his waist and rub her face against his chest like a kitten.

It had been many years since she had felt such a sense of security..

Chapter 378: Rumors

Gu Shaoting and Shu Pan were a little distracted after meeting their colleagues. So they headed back after shopping for a while.

Shu Pan thought that the incident on the pedestrian street was over. After all, it was a small matter and not worth mentioning.

However, who would have thought that it would cause such a huge uproar in the company?

The next day, Shu Pan woke up late, so she came to the company a little later than usual, but she was not late.

Because she was in a hurry, she didn't notice her colleagues' strange gazes just now.

When she sat at her desk, put down her things, and calmed down, she realized that a few colleagues were whispering to each other while looking at her.

Shu Pan was very puzzled. How did she become the object of others' gossip behind her back?

It seemed like nothing special had happened recently.

Shu Pan shook her head and planned to get back to work. She had never been interested in gossip.

She didn't want to know, but with Tang Wei around, it was hard for her not to know.

Sure enough, when Tang Wei came out of the pantry and saw Shu Pan, she didn't even have time to put down the cup in her hand and walked over.

"Shu Pan, you're finally here. I'm suffocating." Tang Wei was gossipy.

"What's wrong? Why is everyone looking at me like that?" Shu Pan asked in confusion.

"You don't know yet, right? Someone spread the news that you're advancing on Mr. Gu." Tang Wei didn't know if the news was true, but it was spread methodically.

Shu Pan was shocked. Her eyes widened as if she had seen a ghost.

"How could such a ridiculous thing spread?" Shu Pan frowned. Her advancing on Gu Shaoting has to be the biggest joke of the year.

"Yeah, I find it unbelievable too. If you were that kind of person, you wouldn't still be single." Shu Pan didn't know whether to laugh or cry when she heard Tang Wei's words.

“Who spread it?” Suddenly, Shu Pan thought of MO Lan and another colleague whom she met on the street last night.

“I don’t know. But someone said that they saw you with Mr. Gu together last night. It seemed like you were on a date.” When Tang Wei said this, Shu Pan guessed that it was MO Lan who spread the rumours.

Shu Pan was suddenly furious. Why was MO Lan always staring at her like a mad dog?

In her impression, she had never offended her before. This person’s personality was twisted.

“No, it’s just a rumour. We met by accident. MO Lan and another colleague met him too.” Shu Pan had always kept her personal life separate, so she didn’t admit it.

She felt that it was a white lie. After all, it was not nice to talk about personal matters at work.

“That goes without saying. MO Lan must have spread it.” Tang Wei knew MO Lan well and knew that she liked to gossip.

“Forget it. Let her talk if she wants to. After all, it involves the CEO. If she speaks nonsense and is found out, she will probably be fired.” Shu Pan felt tired. The best way to deal with people like that was to turn a blind eye.

“Oh right, don’t take it to heart. These rumours will disappear in two days.” The work pressure in the company was relatively high. They could only gossip a little, but it would soon be over.

“I’m fine.” Shu Pan smiled slightly, but there was a hint of helplessness in her smile.

After Tang Wei left, Shu Pan fell into deep thought. It was difficult for her to keep quiet.

Her relationship with Gu Shaoting ultimately had to be made public, but not now. They had just gotten together and needed time to get used to each other.

She knew that Gu Shaoting wanted to make it public. He didn't want their interactions to be done secretly but she wasn't mentally prepared yet, so it was better to do it later..

Chapter 379: Who Started The Rumors?

Shu Pan didn't take this matter to heart. She felt that it wasn't worth mentioning. Anyway, the mouth was on someone else. How much could you stop it?

However, someone told Secretary Zhang about it.

Secretary Zhang could only look up at the sky and sigh in his heart. 'Who is this long-life blind person? Mr. Gu treats Shu Pan like a treasure now. He can't bear to see her suffer any grievances. Now that such a thing has spread, isn't that person asking for it?'

Secretary Zhang did not dare to waste any time. He knocked on the door and entered the office.

"Mr. Gu, I heard from the people at Sunrise that there are rumours in the company that Miss Shu Pan is advancing on you." While speaking, Secretary Zhang secretly glanced at Gu Shaoting's expression.

Hearing this, Gu Shaoting's face darkened. "Who started the rumour? I was the one who pursued her. How did she become the one who is advancing on me?"

So that was what Mr. Gu was worried about. Secretary Zhang was a little speechless and felt like wiping the cold sweat off his forehead.

"Inform them that I will go to Sunrise tomorrow for site inspection." Gu Shaoting thought for a moment and decided to go over to intimidate the workers there. He couldn't let Shu Pan suffer.

No matter how much she suffered in the company, she would never tell him.

After a while, everyone in the company received the notice. Everyone quickly tidied up the work at hand, worried that the CEO would be dissatisfied.

The female employees thought about dressing up nicely for work the next day. After all, there were not many opportunities to show their faces in front of the CEO. It was already good enough to have one chance.

The next day, the company was bustling with activity. All the female colleagues were dressed up gorgeously. Those who did not know better would think that they were preparing to participate in a beauty pageant.

Of course, Shu Pan was an exception.

She had just asked Gu Shaoting last night why he suddenly decided to come to the company for an inspection, but he didn't answer her directly. He only asked her if anything happened at the company.

Shu Pan thought for a moment and replied no.

Then Gu Shaoting was a little unhappy and said lightly that he just wanted to see how the company was doing.

Shu Pan was baffled. Could it be that there were also a few days in a month when men were in a bad mood? How could his mood change so suddenly, Now that she saw her colleagues' reactions, she didn't know what to say.

Finally, under everyone's expectant gaze, Gu Shaoting stepped into the company with vigorous steps. He was tall and straight, wearing a silver-grey tailored suit. His short hair was a perfect match for his suit. He had wide shoulders and narrow hips, a typical triangle figure, like a clothes hanger.

Gu Shaoting subconsciously looked at Shu Pan's position. The female colleagues were flirting, and Gu Shaoting couldn't help but frown.

In the conference room, Gu Shaoting briefly made an official speech. "Everyone has worked hard during this period. I'm here to take a look. Don't be nervous. I hope that everyone can devote themselves to their work during working hours and develop Sunrise Architecture to another level..."

What he meant was that he hoped that everyone would focus on their work and not talk about meaningless things.

Although he had only briefly mentioned it, everyone knew what he was referring to. They couldn't help but tremble.

They were a little unsure of the real purpose of Mr. Gu's visit.

After the meeting, Gu Shaoting went to his office, and the others came out one after another.

"Shu Pan, do you think Mr. Gu heard some rumours? Otherwise, why would he suddenly say such things?" Tang Wei asked a little worriedly. If they really wanted to pursue the matter, she would definitely have a part to play because she usually liked to gossip.

"I don't think so." Shu Pan wondered how he could be so resourceful. She didn't tell him when she went back home yesterday..

Chapter 380 - 380: Warning

How could a busy man like him have the time to care about such trivial matters?

Shu Pan felt that he was just here to take a look at the company.

Shu Pan started to work. Because of the CEO's arrival, everyone seemed to be very busy and worked very seriously.

When it was almost time to get off work in the afternoon, Shu Pan was packing her things when she suddenly received a message on her phone. She opened it and saw that it was from Gu Shaoting. It was a short message: "Come up."

Shu Pan was stunned. Ever since he added her on the messaging app, he would send her messages from time to time.

Shu Pan looked at the two words on the phone screen thinking Gu Shaoting meant to ask her to go to his office.

But why did he ask her to go up?

They are not at the company and everyone. Why couldn't they talk about it when they went back?

Although she thought so, Shu Pan still slowed down her packing. She wanted to wait until everyone went out to eat before she quietly went up.

"Shu Pan, do you want to lunch together?" Tang Wei asked as she walked past Shu Pan.

"I'm not going. I'm not going to be a third wheel." Shu Pan smiled.

It turned out that Tang Wei and a male colleague in the company had been chatting fervently recently. They had lunch together and Shu Pan was afraid that the guy would be awkward, so she gave them space.

"Annoying, we haven't even started anything." Tang Wei was shy and walked away.

"Aiyo, some people really think that they've hooked up with the CEO. They're putting on airs." MO Lan happened to pass by. She had always been sharp and mean.

"MO Lan, you were the one who spread the rumours in the company yesterday, right?" Shu Pan asked with certainty.

“Shu Pan, you don’t have any evidence, so don’t slander me. However, you know what you’ve done. Don’t blame others for criticizing you. Look, why others were not talked about? Something doesn’t start with nothing.” MO Lan said clearly.

Shu Pan knew she couldn’t win against MO Lan, but if something like this happened again, she definitely wouldn’t let it go.

“Have some conscience. God sees what you are doing. MO Lan, I’ll let it go this time, but I hope there won’t be a next time.” Shu Pan said fiercely and left.

MO Lan looked at Shu Pan’s back and gritted her teeth.

She is now threatening people, the previous Shu Pan wasn’t so tough.

She would not believe that there was no one backing her up.

When Shu Pan came out of the bathroom and saw that all her colleagues had left, she picked up her bag and walked out of the office.

When she reached the elevator, she looked left and right again. After making sure that there was really no one else, she walked into the elevator with relief and pressed the floor button for the CEO’s Office.

However, no matter how careful Shu Pan was, she couldn’t escape a pair of eyes hidden in the dark.

Those two cold eyes stared at her as she walked into the elevator and saw the elevator stop at the floor of the CEO’s Office.

Let’s see what you say this time, pretentious one.

Shu Pan reached the 28th floor. When the elevator opened, she bent and leaned out to see if there was really no one else.

“Miss Shu Pan, come in. Mr. Gu is waiting for you.” Secretary Zhang felt a little amused when he saw Shu Pan sneaking around.

Shu Pan smiled awkwardly. “Aren’t you guys going downstairs to eat?”

“I’ve already ordered takeout. I’ve also ordered it for you and Mr. Gu. Hurry up and go in to eat.” Secretary Zhang heaved a sigh of relief when he saw Shu Pan. He was worried that Shupan wouldn’t come up, or else Mr. Gu would explode again. freeweb .co m

“Ok, thank you. Do you know why he’s looking for me?” Shu Pan wanted to know what Gu Shaoting wanted. It was impossible for them to just have a meal together.

“Well, I’m really not sure. The CEO doesn’t need to explain his actions to us.”

Secretary Zhang led Shu Pan to Gu Shaoting’s office..
