

The Amazing Son In Law Chapter 5681 -

Being exposed by his apprentice on the spot, Hong Changqing couldn't help being a little embarrassed.

He sighed, and said helplessly, "Maxton, since I've already said this, let me tell you the truth as a teacher. That medicine cauldron is because of the teacher's malicious intentions. I can't blame Master Wade..."

Maxton looked at the ashamed Hong Changqing, and asked in surprise, "Master, what's going on here?"

Hong Changqing sighed, and asked why he came to Aurous Hill in the first place, And after arriving in Aurous Hill, he told Maxton all about Shi Tianqi's deliberate routine.

After hearing this, Maxton couldn't help complaining, "Master, your method is indeed too much... If you look into it, isn't this a fraud?" Hong Changqing covered his face with one hand, and said melancholy, "

When I was a teacher Isn't he a little eager for success... I feel that Shi Tianqi is a famous doctor of a generation after all, and he is unlikely to be short of money. If I want to buy one of his tubes, he will definitely not sell it, so I thought, Lure him to make a bet with Wei Shi..." "

Besides, Wei Shi feels that if this kind of person takes money to bet with him, he will not talk to me, so Wei Shi took out the medicine cauldron and wanted to be a The bait..."

"I just didn't expect...it would end up like this..."

Maxton couldn't help scolding, "Master! Since the medicine cauldron is the treasure of our Taizhen Dao's township, you can't take it anyway. Take it out!"

Hong Changqing spread his hands, and said with annoyed expression, "I originally thought that since I was setting him up for this kind of thing, then I would win without losing, and taking out the medicine cauldron was just a temptation. He was just fooled, and he would never lose the medicine cauldron, but what I didn't expect was that his granddaughter was very familiar with Master Wade, a phone call to Master Wade, this matter was beyond the master's control..." "

Maxton couldn't help but said, "Master, you are really disappointing."

Hong Changqing was ashamed, but he still quibbled with a serious face, "Maxton, this matter is indeed a momentary confusion for the teacher, which made a big mistake... But to be honest, as the saying goes, how can we know that it is not a blessing? If I It's not because of this showy operation, it's impossible to get to know Master Wade so

quickly! Moreover, Master Wade is pretty good to me, and he is willing to let me stay by his side to help him.” Maxton frowned and asked, “Master,

you Anyway, he is also the head of the Taizhen Dao, even if Master Wade has great powers, you don’t have to forget about the position of the head of the Taizhen Dao just because you can stand up for him, right?” Hong Changqing waved his hand and said seriously, “What do you know

? The ancients said that you can die from the morning to the evening, but in order to be able to hear the Tao, it doesn’t matter if you die. What’s the point of being a mere head?” As he spoke, Hong Changqing said with a serious face, “Maxton, as a teacher, I’m telling

you To tell you the truth, our Taizhen Dao has developed for so many years, and there are not many masters who can really enter the dark realm, do you know why?” Maxton thought for a while, and said, “Maybe

our apprentices and grandchildren are too poor in aptitude, You don’t have the conditions to become a master of the dark realm...”

“Shit!” Hong Changqing snorted coldly, and said, “I used to feel the same way as you did, but only after I was lucky enough to meet Master Wade did I realize that we are too true to pass on the truth. The mental method of “Taizhen Hunyuan Dao” for more than a thousand years seems to be complete, but in fact it is only one twenty-seventh of the entire “Taizhen Hunyuan Dao”! In other words, we have only mastered Kindergarten K1 grade textbook for Martial Arts! What level do you expect to be able to practice with this kind of textbook?!” “What?!”

Maxton was horrified, his eyes widened and he blurted out, “Master, are you serious? ? Didn’t it mean that the vast majority of schools in the world don’t have a complete martial arts mind? Our Taizhen Dao is one of the very few sects that have a complete mind...” “Complete fart!” Hong Changqing sneered, “We are just frogs in a

well , It’s just looking at the sky from a well. What we think is complete is just the piece of sky above our heads. We see it as round and with clear boundaries, so we think it is complete. In fact, it is just an insignificant part of the vast universe. One in a billion.”

Maxton was stunned for a while, then asked, “Master, did that Mr. Wade tell you?” “

Yes!” Hong Changqing said seriously, “Although Mr. Wade didn’t make it very clear, his meaning has already been expressed. It is very clear that he must have the complete “Taizhen Hunyuan Dao” there. Originally, Master Wade thought that I would have a chance to get the second chapter of “Taizhen Hunyuan Dao”, but my motives were not pure before that. So much so that when Master Wade rewarded me with a elixir and

wanted me to work for him, I actually thought about running back to the United States and continuing to be the head of Taizhen Dao..." Speaking of this,

Hong Changqing said in great annoyance, "No To tell you the truth, Maxton, as a teacher now, I feel regretful. Before you came, I didn't know how many times I slapped myself as a teacher. It's a pity that a big mistake has already been made, so what a teacher can do I can only try my best to make up for it."

Maxton's heart couldn't help surging, and he blurted out, "Master... If you can get the content behind "Taizhen Hunyuan Dao", then the strength of the entire Taizhen Dao will be destroyed. Advance by leaps and bounds! Maybe in the future, Taizhen Dao will be able to cultivate a large number of masters in the dark realm, even masters in the transformation realm!"

Hong Changqing laughed and said, "Maxton, do you think Master Wade can do it so easily, so you just give me the following content?"

Maxton hurriedly said, "Master! Aren't you going to stay by Mr. Wade's side now? If Mr. Wade gave you the rest of "Taizhen Hunyuan Dao"...then..." Hong Changqing didn't wait for

Long After Maxton finished speaking, he immediately stretched out his hand to interrupt and said, "Okay, okay, don't talk about it, I know what your idea is, but I also tell you clearly that I have now passed on the position of master to you!" You, so from now on, I am no longer a person of Taizhendao, and I will definitely not do this kind of thing that eats inside and outside!" Maxton said, "Master, the treasures of

Taizhendao's township are all taken by you. I lost it! Now you throw your hands away and say that you are not a real person, isn't that too much?"

Hong Changqing said very seriously, "From now on, you can say that I am a sinner of the true way, or even a sinner of the ages, but you can't say that I am still a person of the true way. You can understand me as bringing great losses to the company, or even The CEO who brought the company to the brink of bankruptcy, although I am really sorry for this company, but I have resigned now." Maxton looked

at Hong Changqing dumbfounded, and blurted out, "Master! Taizhen Tao has cultivated you fo

r so many years, you now Have you started to forget your roots?"

Hong Changqing looked at Maxton, and said seriously, "Maxton, it is meaningless for you to engage in moral kidnapping with me here, even if I really got the content behind "Taizhen Hunyuandao", Do you think Mr. Wade can let me go without Master Wade's

consent to leak these contents? Also, what if you get the content behind “Taizhen Hunyuan Dao”? Do you think Master Wade can let me go? Are you?”

After finishing speaking, Hong Changqing asked again, “You asked me to quietly pass back the content of “Taizhen Hunyuan Dao” back to Taizhen Dao, wouldn’t this be theft?” Maxton suddenly realized, and said

shamefully “Master...I...I also want Taizhen to be able toThere is a chance to develop it...”

Hong Changqing nodded understandingly, and said seriously, “Maxton, you are talented and intelligent. Under your leadership, Taizhen Dao will definitely have a chance to flourish. In the future, Taizhen Dao will be entrusted to you! “

Maxton suddenly fell into silence. After a long time, she suddenly raised her head and asked Hong Changqing, “Master, can I also stay in Aurous Hill?”

Hong Changqing asked in surprise, “You also want to stay in Aurous Hill? ” ! What about Taizhen Dao... I only trained you as the heir to the head of the sect! “

Maxton hurriedly said, “Master, what I mean is that I don’t stay in Aurous Hill alone, but let the entire Taizhen Dao move to Aurous Hill!” “

As she said, she hurriedly said again, “Master, you just said that Mr. Wade even gave you a priceless pill in order to let you be used by him. From this point of view, Mr. Wade must be in the position of employing people right now.” At this time, although the strength of me and other brothers and sisters is not as strong as yours, at least we have a certain foundation. If Mr. Wade can really pass on the content of “Taizhen Hunyuan Dao” to us, then the entire Taizhen Dao can be worshipped. into his door! “

Hong Changqing was stunned for a moment, and couldn’t help muttering, “Let’s not talk about it...this is a way...Master Wade must be employing people. If Taizhendao worships him as a whole, it will definitely bring him a lot of benefits. A little help, if Taizhen Dao can grow up quickly, this help will only be greater, Master Wade should not refuse...” After finishing speaking, Hong Changqing

immediately said, “Let’s think of a way to meet Master Wade later as a teacher. On the one hand, tell Master Wade what you think, and see what he means. “

Maxton shook his head and said, “Master, don’t tell Mr. Wade, I will return to the United States today, call all the brothers and uncles and uncles, and ask them to pack their luggage in the shortest possible time and move to the whole place.” Aurous Hill is here! Hong Changqing said, “

Maxton, that’s two or three hundred people! ” With such a big battle, how do we settle down in Aurous Hill? “

Maxton said, "These are not the most important. I can first ask my dad to help buy a hotel in Aurous Hill, so that everyone can temporarily settle down, and then slowly find a suitable place from Aurous Hill to do Taizhen Dao's new hotel. mountain gate. "

Hong Changqing asked her, "Have you ever thought that what if Master Wade refuses you to get everyone to Aurous Hill with such a big fanfare?" Long

Maxton shook his head and said, "I don't know, let's take a step and see... "
