

The Amazing Son In Law Chapter 5702 -

"Cyprus?" Lin Wan'er (Alani) asked in surprise, "Where were the slain soldiers stationed before the Qing Dynasty meeting?"

"Announced the process of the destruction of the Cyprus garrison of dead soldiers!" "

It is said that the other party slaughtered the members of the entire garrison of dead soldiers first, including more than a thousand dead soldiers and their families, as well as hundreds of knight guards and their relatives;"

"In addition, the opponent also beheaded hundreds of cavalry guards and nearly a thousand family members in the upper level of the dead man's station, a copper smelter

in Turkey !" Lay down a net and use the extremely powerful and fast-firing close-in anti-aircraft guns to kill Uncle Nakul!" "The

British Lord now requires all personnel above the middle level to enter the highest state of alert, and at the same time ordered the suspension of all outside operations of the CCP. The contact between the personnel stationed abroad and the Po Qinghui (Benn) has also been temporarily interrupted!"

Lin Wan'er (Alani) asked in horror, "Is this true?!"

Lao Zhang bowed his body and said devoutly, "Miss Hui, it is absolutely true!"

Lin Wan'er (Alani) was overjoyed immediately "Okay! That's really great!"

Lao Zhang couldn't help but said at this time, "Miss, I don't know something." Lin Wan'er (Alani) said, "Tell

me."

This is a top secret, and the dead soldiers' garrison is huge and heavily guarded. In addition to the dead soldiers and the knight guards, there are also Jiedu envoys above the Dark Realm sitting in command. Who can silently slaughter all the people in the dead soldiers' garrison? This... this is too unbelievable..."

Lin Wan'er (Alani)'s mind suddenly appeared the appearance of Charlie, and she couldn't help saying, "I think I probably know who did it." After that,

Lin Wan'er (Alani) said with some doubts "But... this violent and cruel method doesn't seem to be his style!"

Lao Zhang pondered for a moment, then asked, "Miss, could it be... that Mr. Wade you mentioned earlier who saved us?" It's him, but you said that thousands of people were

massacred among the dead soldiers, knight guards and their relatives. I think this is definitely not something he can do! Besides, I saw him in Jinling a few days ago “

Lao Zhang asked her, “Miss, what do you mean, is there someone else who killed Uncle Nakul and destroyed the garrison of the dead soldiers of the Poqing Society?”

Lin Wan’er (Alani) said seriously, “This is just one possibility, and there is another possibility, That is behind this matter, it is indeed charlie who is in charge, but the one who killed Uncle Nakul should not be charlie himself.” Lao Zhang asked in surprise, “Miss, but didn’t you just say that

this kind of massacre of thousands of people Method, isn’t it like his style?”

“Yes!” Lin Wan’er (Alani) nodded, and said firmly, “So I think the Lord Ying is probably lying!”

Lao Zhang asked her, “You mean, this matter Is it fake?”

The Amazing Son In Law Chapter 5703 -

“No.” Lin Wan’er (Alani) said firmly, “Since it is reported that Uncle Nakul died, he must be dead. With such important news, the British Lord has no reason to deliberately lie to disturb the morale of the army.” After finishing speaking, Lin

Wan’er The topic changed, “However, in my opinion, the garrison of dead men in Cyprus and the copper smelter in Turkey may not have been massacred to death as the British Lord said. On the contrary, I believe that the people there, charlie has all instigated rebellion!”

Lao Zhang was puzzled, “This... how is this possible... Although the dead warriors and Xiao cavalry (Bickford) hate the Poqing Society the most, they are also the least likely to betray the Poqing Society. No one can detoxify the deadly poison, if they betray the British lord, they, and their family members, will definitely die within a few days! How could they do such a fatal thing?” Lin Wan’er (Alani) suddenly became agitated, and blurted

out Said, “You are right! There is no antidote, which is the core key for everyone not to betray the Po Qinghui (Benn)...unless...”

As she spoke, Lin Wan’er (Alani) said seriously, “Unless someone can cure the Po Qinghui (Benn)’s poison!”

Speaking of this, Lin Wan’er (Alani) said with great joy, “charlie once told those knight guards who came to arrest me that day that he had a way to detoxify their bodies! It seems that he didn’t lie!” “This...

"Lao Zhang asked puzzledly, "Miss... the poison of the Qing Dynasty has been passed down for hundreds of years, and no one can solve it... that Charlie, really has such a great ability?"

Lin Wan'er (Alani) had already calmed down, smiling said, "No matter how difficult everything is, there will always be a moment when substantial progress is made. It is like the fact that human beings have not been able to fly for tens of thousands of years. It was not until the birth of the airplane that everything became logical. Smallpox ravaged human history for thousands of years. I think there is no cure for it, but since the day the vaccine was invented, hasn't this virus been successfully cracked by humans, or even completely extinct?" At this point,

Lin Wan'er (Alani) said with a smile, "Think about it from another angle, break the clear No one can decipher the virulent poison of the meeting in its four hundred years of history, and it is time for it to be deciphered after four hundred years have passed!"

Lin Wan'er (Alani) paused slightly, and continued, "More importantly, Charlie can not only detoxify, but also detoxify thousands of people! This will definitely make the British Lord so nervous that he can't sleep at night! "

Old Zhang became excited immediately, and said tremblingly with excitement, "Great...it's really great...if...if it's like what you said...then...that will be broken soon Completely disintegrated by people... Among other things, those dead soldiers and knight guards have been enslaved and controlled by the Poqing Society for generations. Once they have the antidote, they will definitely fight to the death with the Poqing Society without hesitation! As long as the antidote can be given to them, the centuries-old foundation of the Qing Dynasty will disappear completely! "

"Yes! "Lin Wan'er (Alani) laughed and said, "The method used by the Poqing Society to control the dead is a double-edged sword that can kill a thousand enemies and injure thousands at the same time. As long as no one can decipher their poison, these dead soldiers will not only lose If you dare to make mistakes, you have no chance to make mistakes. Whoever wants to make mistakes, the Poqing Society only needs to cut off their antidote;" "

But it is also because of this that although those dead soldiers obeyed their orders, they were killed by them. They are in control of death, but they also hate them to the bone in their hearts. Once they have the opportunity to detoxify their bodies, and the new and old hatreds of generations are superimposed, they will definitely be the first to declare war on the Po Qing Society! "

"So, whoever masters the method of detoxifying the poison is equivalent to strangling the throat of the Po Qinghui (Benn)!" "

Speaking of this, Lin Wan'er (Alani) sighed, "I guess the British Lord is also aware of this, afraid of exposing the other dead soldiers' camps, and then being instigated by others as a whole, that's why they stopped all actions of the dead soldiers!" "

Old Zhang agreed, and couldn't help asking while being excited, "Miss, this Mr. Wade has great powers. If you can really cooperate with him, dig out all the dead soldiers of the Poqing Society and instigate rebellion one by one, and the Poqing Society will be very powerful." It's coming! "

The Amazing Son In Law Chapter 5704 -

"The end is approaching?"

Lin Wan'er (Alani) shook her head with a smile when she heard these four words, and said in a self-deprecating manner, "Those dead men and knight guards are just the bottom of the Qing Dynasty, not even the middle.

" Lin Wan'er (Alani) said again, "The real core and the real backbone of the Poqing Society are actually the governors of the five armies' governor's mansions, as well as the confidantes around the governors. Moreover, more than half of the masters trained by Huben Camp over the years are from the Fifth Army Commander's Mansion, and no one knows how many masters there are in the Fifth Army Commander's Mansion!

" No one knows, although there are still three of the four earls, but the four earls are only the four top masters released by the British lord, whether there are any masters around the British lord who can compare with the four earls, I am afraid Only the British Lord knows."

"So, even if all the slain men and the knight guards are instigated, the strength of the Po Qinghui (Benn) should not be underestimated."

Lao Zhang nodded and said respectfully, "Miss is right, it is the old slave, Mrs. Too optimistic..."

Lin Wan'er (Alani) laughed and said, "It's okay to be optimistic. After all, this should be the biggest crisis that the Poqing Society has faced since its establishment. The strength of the soldiers' garrison has all been transformed into his own strength. This situation where the enemy eliminates our strengths is very beneficial to him. If he can fight steadily in the dark and continue to defeat Poqing one by one, I believe it will not take long. He will have the strength to face the enemy head-on with the Poqing Society, and the complete elimination of the Poqing Society will be just around the corner!"

Lao Zhang sighed, "I hope this Mr. Wade can really be as you expect, miss!"

"He will. "Lin Wan'er (Alani) smiled slightly, and then took the sleeve of her right hand with her left hand, rubbed some ink into the inkstone, and asked him with a sideways

smile, "Do you have anything else to report? If not, I will continue to draw, school starts I want to finish this painting before."

Old Zhang said, "Return to miss, I have nothing else to report, if you have no other orders, I will leave first."

Lin Wan'er (Alani) nodded with a smile and said, "Okay, you go down first, don't have any contact with the informant these few days, I'm afraid the British Lord will take this opportunity to clean up the interior, in this situation where everyone is silent, who If you are still in contact with the outside world, it will be too easy to be caught."

Lao Zhang immediately said, "Good lady, from now on, this old slave will no longer have any contact with the informant, and everything is waiting for your notice." "

Okay. "Lin Wan'er (Alani) nodded, "Go ahead, and tell Lao Qiu that I want to eat some fresh flower cakes, and ask someone to go to the south of Yunnan to buy some.

" Go and say hello to Lao Qiu, the old slave will leave first!"

After Lao Zhang left, Lin Wan'er (Alani) looked at the painting in front of her, and couldn't help muttering softly, "Mr. wade, when I finish this painting, you and I will do the same. Let's meet again!"

At

this time, charlie was driving past Zijin Mountain.

He left Shangri-La and planned to visit Elms's house.

He wanted to invite all the Elms family to participate in the training this time, so that they could also take this opportunity to improve their overall strength.

And he didn't know that the mysterious girl he had rescued was at the top of Zijin Mountain, which was less than two kilometers away from him in a straight line.

When charlie came to the Elms family, all the members of the Elms family came out to greet him.

The old man Wilfred walked in the front, came to charlie, knelt down on one knee, and said respectfully, "I don't know which house Mr. wade is going to come to today, but I can't meet him far away. I hope Mr. wade will atone for his sins!" To charlie, Wilfred had ten thousand

hearts gratitude.

The reason why he is so grateful to charlie is because charlie saved Xion, cured Kairi, fulfilled the marriage between Kairi and Zayne, and gave the Elms family so many opportunities.

The Amazing Son In Law Chapter 5705 -

More importantly, he brought Xion step by step to the height of an eight-star warrior.

This is unprecedented in the history of the Elms family.

Therefore, in Wilfred's eyes, charlie is almost like a god.

At this time, charlie smiled slightly, and said, "Mr. Elms is old, so you don't have to be so polite with me." Wilfred cupped his hands towards charlie, and said, "

Mr. I'm not in Aurous Hill, and the three of them couldn't come to welcome them, and I hope you don't mind."

charlie nodded and asked him, "Did Aunt He go out with Zayne?" "

Yes." Wilfred said, "The two set off to I went on my honeymoon in Europe, and I won't be back until a few days later."

Wilfred then said, "If Li is still retreating in the basement, I haven't had time to inform her."

charlie said with a smile, "Then please ask the old man to arrange someone to call Xion, I have something to tell you and Xion today."

"No problem!" Wilfred immediately called a grandson and told him, "Go ask Xion to come to the living room, and tell him that Mr. wade is here! "

After finishing speaking, Wilfred respectfully said to charlie, "Mr. wade, please move to the living room !

"

The basement ran up.

Seeing charlie, when she was excited, she also said respectfully, "Mr. wade!"

charlie smiled lightly, and asked her, "How is your cultivation recently?"

Xion hurriedly said, "Go back to Mr. wade, Xion I have been in retreat these days, and I dare not delay for a moment!"

charlie nodded, and said to Wilfred, "Old man, I want to chat with you and Xion in private, is it convenient?"

"Convenient, of course convenient!" Wilfred agreed without hesitation, and then said, "Mr. wade, please move to the study!"

charlie nodded slightly, and then came to the old man's study together with Wilfred and Xion.

in the study After taking his seat, charlie told the two of his plans.

Although the old man had already asked Xion to decide the Elms family's affairs, charlie still gave him due respect and let him participate in the decision-making.

When the old man heard that there was such a good opportunity, he was naturally excited and couldn't add anything.

The Elms family has maintained an incomplete martial arts mentality for hundreds of years, so they naturally know the importance of this opportunity, and charlie is willing to let everyone in the Elms family participate, which makes the old man very grateful.

Unable to restrain himself, he knelt in front of charlie, choked with gratitude and said, "Mr. wade, your kindness to the Elms family, the Elms family may not be clear for several lifetimes..." charlie stretched out his hand to help him up, and said calmly,

"After the Elms family was willing to come to Aurous Hill from the extremely cold place to saddle me for me, it is impossible for me, charlie, to treat dozens of members of the Elms family badly. With this opportunity, I hope that the Elms family can produce a few up-to-date juniors. It's good to have a few five-star fighters."

Wilfred immediately said, "Don't worry, Mr. wade, I will tell the Elms family's children and grandchildren to go all out!"

charlie nodded in satisfaction, and then looked at Xion who was beside him, But she didn't expect that Xion's tender eyes were staring at her, facing each other. Apart from admiration and respect, there was also a bit of girlish shyness in Xion's eyes.

charlie looked at her and asked, "Xion, how do you feel that the foundation of your eight-star warrior is solidified?"

Xion said respectfully, "Mr. wade...Xion is still in the process of strengthening, it's just thanks to you. Fu, your cultivation base has improved too fast, and your foundation is still unstable..."

charlie hummed, and said lightly, "You don't have much time left."

Xion asked in surprise, "Mr. wade, what are you doing now?" What do you mean?"

charlie smiled and said, "In the first month of the training, I will help you upgrade to the Great Perfection of the Ming Realm. If you don't seize the time to consolidate the cultivation of the eight-star warrior, you will experience it later. In this process, I am afraid that I will never have another chance!"
