

The Amazing Son In Law Chapter 5811 -

Lin Wan'er (Alani) was quite curious when she heard charlie said that as long as she took the elixir, her migraine could be cured.

She knew that her migraine was thanks to charlie, so she also wanted to know what charlie could do to cure her symptoms without sending spiritual energy to herself.

At this time, charlie took out a blood-scattering heart-saving pill from his pocket.

And this blood-dispersing and saving-heart pill is an enhanced version that was later refined with the Taizhen Dao cauldron.

charlie looked at this elixir, and introduced to the two of them, "This is a panacea that I got by accident a long time ago. I dare not say that it can bring the dead back to life, but it will cure all diseases.

" He said with a bit of distress, "It's just that there are not many left of this pill, so I have to save it, take half of it at a time, oh no, a quarter of it is enough." After finishing speaking,

he looked at Claudia, asked her "Is there a fruit knife?"

"Yes!" Claudia quickly took a fruit knife and handed it to charlie.

charlie put the elixir on the table, carefully cut off a quarter, then handed it to Lin Wan'er (Alani), saying, "Lin Wan'er (Alani), eat these elixir, it should be fine soon."

Lin Wan'er (Alani) was somewhat skeptical.

She felt that there was a high probability that charlie's elixir was not obtained by accident, as charlie said, but it was more likely that charlie refined it himself.

However, although she knew that charlie mastered spiritual energy, she was not sure whether the elixir refined by charlie was reliable, so she asked him carefully, "Brother charlie, is this elixir... just to eat?" "Yes

, Eat it directly." charlie nodded, and urged, "Eat it quickly, it will be fine after you finish eating." "

Okay..." Lin Wan'er (Alani) picked up the elixir, looked at it for a moment, and put it in her mouth.

The elixir melts in the mouth, and the pure power of the medicine immediately turns into a warm current, which spreads all over the body with the blood flow.

Immediately afterwards, all the warm currents gathered in his brain, as if the pain switch of the brain was instantly turned off, and all the pain disappeared in an instant!

Lin Wan'er (Alani) was shocked immediately, and sighed in her heart, "I didn't expect that Charlie could really make elixirs! And it's such a powerful elixir! It only took a quarter of an elixir to heal the damage he caused to me. This elixir The medicinal properties of the medicine are really amazing..."

Claudia on the side asked Lin Wan'er (Alani) curiously at this moment, "Lin Wan'er (Alani), how do you feel? Is this pill effective?"

Lin Wan'er (Alani) withdrew her thoughts and pretended Tsukuru said in shock, "My head doesn't hurt at all..."

After that, she looked up at Charlie, and said excitedly, "Brother Charlie, your elixir is too powerful!"

Knowing that this quarter of a pill can definitely cure Lin Wan'er (Alani)'s headache.

But he also knew very well in his heart that Lin Wan'er (Alani) was a girl who had seen the world. She must know something about aura if she could have that ring and be remembered by the Lord of the Qing Dynasty.

The Amazing Son In Law Chapter 5812 -

What I need to worry about most now is that she must not use this elixir to guess that I am the benefactor who saved her in Northern Europe, and she can't remember it at all.

So, Charlie casually said, "I bought this pill from Antique Street because of my bad luck. Now I eat a little less."

Lin Wan'er (Alani) also guessed what he meant by saying that, and couldn't help sighing, "It would be great if I could buy some more such powerful pills and keep them just in case."

Charlie nodded, if he carried the blood-dispersing and saving-heart pill with him, it would indeed save his life at critical moments, Jasmine Moore He was almost killed in Japan back then, but he survived only with the Blood Scattering Salvation Pill he gave him.

As soon as he thought of this, he suddenly thought that if the Earl of the Po Qinghui (Benn) really came to Aurous Hill, Lin Wan'er (Alani) would be in danger, but for Charlie, once the Earl of the Po Qinghui (Benn) came to Aurous Hill, he would definitely put the All the energy was spent on protecting his grandparents and his family, and by then, he might not have time to take care of Lin Wan'er (Alani).

At that time, Lin Wan'er (Alani) may only be able to ask for more blessings for herself.

Thinking of this, charlie pondered for a moment, handed the remaining elixir to Lin Wan'er (Alani), and said, "I think there is a high probability that you still haven't adapted to Aurous Hill's environment, maybe you will have this kind of migraine again in the future, or just The rest of the elixir will be given to you, and you should keep it for emergencies."

Seeing charlie hand over the elixir, Lin Wan'er (Alani) was startled.

She knew that the elixir that charlie gave her was absolutely extraordinary, and it was already a great favor to be able to give herself a quarter of it. Moreover, charlie had been laying the groundwork for so long and kept saying that this elixir was very precious, so Lin Wan'er (Alani) could do it too. It can be seen that charlie originally didn't plan to give the remaining pills to himself.

However, right now charlie suddenly handed over the pill, which caught Lin Wan'er (Alani) by surprise.

After regaining her senses, she quickly waved her hand and said, "Brother charlie, your elixir is so precious, I can't take it..."

charlie looked at her, and suddenly felt a little pity for her in his heart. It was already very difficult to chase and kill Hui, but I didn't expect that not long after I came to Aurous Hill, it is very likely that I will be found and traced again.

So, he laughed at himself and said, "It's precious, but it's just that. I'm selling melons to boast. It's already cut up and it's not easy to preserve. You should keep it. "

At this moment, Lin Wan'er (Alani) saw the pity hidden in charlie's eyes from charlie's eyes. Me?"

At this time, Claudia on the side didn't know how precious this pill was, but only knew that charlie was kind to Lin Wan'er (Alani), so she said, "Yes, Lin Wan'er (Alani), just take this medicine, tomorrow The military training is about to start, if you are suffering from migraines, you will definitely not be able to hold on anymore, you keep this medicine, and if you have a headache again, you can take another quarter." charlie also insisted, "

(Alani), Crowe Diya is right, you should keep this elixir first, after all, you may need it more than me, and if Croatia needs it, you can also give her the elixir, which is more protection for both of you. "

Lin Wan'er (Alani) was silent for a moment, then nodded lightly, and said solemnly, "Brother charlie, thank you..." "You're

welcome." Seeing her accepting the elixir, charlie couldn't help but breathe a sigh of relief.

The Amazing Son In Law Chapter 5813 -

In his opinion, he could do so much for Lin Wan'er (Alani).

The Rejuvenation Pill was carried with her, but Lin Wan'er (Alani) had seen the world, and she really didn't dare to give her the Rejuvenation Pill, so these three quarters of the enhanced version of the Blood Scattering Heart Rescue Pill were taken as a guarantee for her.

Seeing that it was getting late, Charlie stood up and said to the two of them, "Okay, since Lin Wan'er (Alani) is fine, I should go back."

Claudia felt a little bit reluctant, and couldn't help asking "Ye Brother Chen, you have to leave just now, do you want to sit down for a while, I will get you a glass of water to drink!"

"No need." Charlie smiled slightly and said, "Your girls' dormitory, I am an old man here. It's not appropriate to stay too long, if I wait a little longer, I think the dormitory auntie will come up and chase me away." As he

spoke, Charlie remembered something, and told him, "Oh, by the way, you two will start military training tomorrow, military training. It's very hard, so if you two have nothing to do during this time, try not to leave the school."

Claudia couldn't understand the meaning of Charlie's words, she nodded subconsciously and said, "Brother Charlie, I have already talked to Mrs. Lewis (Aunt Angie) and Sister (Alani) have said that during the two weeks of military training, I will stay at school and will not go anywhere or go back to live."

Lin Wan'er (Alani) guessed that Charlie might be worried about her own safety, otherwise she would not. He will not keep the remaining pills for himself.

Although she didn't know the specific reason why Charlie was worried about her safety, she still said, "Brother Charlie, don't worry, I'm also at school these days, and I won't go anywhere." "That's good." Charlie relaxed a

little tone.

He felt that it was actually very easy to hide in the relatively closed environment of the university. As long as Lin Wan'er (Alani) did not leave Aurous Hill University during this period, even if the Earl of the Qing Dynasty came, it would be difficult to find her.

And I have already asked Zhang Ermao (Cade) to release the bait. Once the earl of the Qing Dynasty really comes to Aurous Hill, I will definitely find the opportunity to kill him. Before that, as long as Lin Wan'er is not discovered by the other party, nothing will happen. Danger.

The two girls sent charlie downstairs together. Although they had their own thoughts, when they said goodbye to charlie, they felt a little bit reluctant.

charlie got into the car, still feeling something was wrong, so he lowered the car window and said to Lin Wan'er (Alani) who was standing beside Claudia, "Lin Wan'er (Alani), please remember my mobile phone number, if you have anything to do, please contact me directly." Me."

Lin Wan'er (Alani) was taken aback, then nodded quickly, and said gratefully, "Okay, brother charlie..."

After finishing speaking, she took out her mobile phone and wrote down the mobile phone number dictated by charlie.

charlie said to Claudia again, "Claudia, you too, remember to contact me as soon as possible."

Claudia smiled sweetly, "I know Brother charlie!"

charlie felt relieved, Said, "Okay, you guys go back, I'm leaving!"

After that, he started the car and drove away from Aurous Hill University.

On the way back to the dormitory, Claudia said with some disappointment, "Oh, I don't know if there is another man as good as Brother charlie in this world."

Lin Wan'er (Alani) frowned, thinking about something all the time , Hearing what Claudia said, she subconsciously said, "It should be impossible to find a second one, but if you really like him, it's not impossible to fight for him." Claudia said shyly, "

Alani, what nonsense are you talking about..."

Lin Wan'er (Alani) smiled and said, "You can't wait to write the word "admiration" on your face, and you have the nerve to call me nonsense..."

Claudia looked around nervously, and seeing that there was no one else, she lowered her voice and said to Lin Wan'er (Alani), "Lin Wan'er (Alani), don't talk nonsense like this in the future, even if I have admiration for Brother Charlie How about it, Brother charlie is already married, I just feel sorry for myself..."

Lin Wan'er (Alani) nodded, "This is what the ancients said, when the king gave birth to me, I was not born, and when I gave birth to the king, I was old. "

Speaking of this, Lin Wan'er (Alani) sighed quietly with a complex expression, then quickly adjusted, and said with a smile, "But it doesn't matter if he was married, you can still be young."

Claudia said shyly, "You... Why are you talking nonsense! It's getting more and more out of line! Are you deliberately teasing me..."

Lin Wan'er (Alani) said seriously, "I didn't tease you, what I said was sincere, 10,000% sincere! You Since you like him, as long as he also likes you, what difference does it make if you are big or small?"

Claudia blushed in embarrassment, she didn't dare to look at Lin Wan'er (Alani), and said angrily, "You...you...you have a bad view! "

Lin Wan'er (Alani) asked in surprise, "Do I have it? Isn't it to make yourself happy? If you like someone but can't be with this person, then you probably won't be able to be happy in your life. Right?"

Claudia said seriously, "Even if you can't be happy, you can't destroy other people's families..."

Lin Wan'er (Alani) shook her head and said, "I'm talking about integration, and integration means making you a part of his family. It's not destruction."

Claudia was startled and ashamed, opened the door of the bedroom in a panic, and went straight to the bathroom, muttering, "Your three views are too crooked, I won't tell you, go take a shower first It's gone!"

Lin Wan'er (Alani) watched her back into the bathroom, and muttered in a voice she could only hear, "What is wrong with the three views? Human civilization has been around for thousands of years, isn't monogamy only in recent decades?" Is it?"

After that, she shook her head and muttered again, "That's right... charlie gave me the elixir and told me not to leave Aurous Hill University in the near future. I guess he must think that I will be in danger in the near future... Could it be that the The people who will meet have already arrived in Aurous Hill?"

"But... this shouldn't be... I have been so cautious the whole time I came to Huaxia, how could I expose myself so quickly?"

Thinking of this, she hurriedly pulled the bag from her pocket. , took out the nine copper coins, and finally climbed onto his bed, said a few silent words, and threw the nine copper coins on the bed.

She stared at the hexagram presented by the nine copper coins for a long time, and was even more puzzled in her heart, "Judging from the hexagram, I am not in any danger in the near future..."

Lin Wan'er (Alani) was even more surprised, "Is Charlie worrying too much?"

At this moment, Lin Wan'er (Alani) suddenly felt an inexplicable sense of tension. She suddenly thought of a question, and exclaimed in her heart, "Charlie thinks I'm in danger. He must know that people from the Qing Dynasty may come to Arous Hill. Since I haven't exposed it, then... could it be that Charlie is going to expose it?" At

this point, she quickly recounted Charlie's birthday that she had investigated before, and then calculated his birthday, and said a few words in her mouth silently. After that, throw the nine copper coins on the bed again.

Then, she fixed her eyes on the nine copper coins, and suddenly felt a little bit in her heart, "No... Charlie is in danger!"
