

The Amazing Son In Law Chapter 5817 -

From charlie's point of view, although the Poqing Society is likely to come for grandpa and grandma, since Lin Wan'er (Alani) said that she is in danger, it means that she may have to go through a fierce battle.

charlie is not afraid of fierce battles.

From the day he was lucky enough to survive when he was eight years old, he knew that every day he was alive was earned.

What he was afraid of was that if his grandparents and his wife Claire were in danger at the same time, he would not be able to separate himself.

Thinking of this, the first thought that came to his mind was to find a way to get Claire to leave Aurous Hill first.

If Claire was not in Aurous Hill, he would really have no worries, and could concentrate on protecting his grandparents' family in Aurous Hill.

However, charlie couldn't think of a way to make Claire leave Aurous Hill without any doubt.

At the beginning, he wanted to set up an "accidentally winning the big prize" routine for Elaine, so that someone would pretend to be the person in charge of a company's winning event, and directly give Elaine a ten-day multi-country tour in Europe, and then give her an accompanying... and specified that the accompanying persons must be women. In this way, if Elaine wanted to go, she could only call Claire along.

However, he thought about it again, Claire had been studying in the United States some time ago, and after returning, she was full of career ambitions. If Elaine really asked her to go on a trip, and she would go on a trip for ten days, she might not agree.

Moreover, no matter what method he uses to distract Claire, he must ensure a success. If he fails to travel abroad and finds another opportunity, then Claire may notice the abnormality.

After much deliberation, charlie suddenly thought of Fei Kexin who was in the United States.

If Fei Kexin approached Claire for work matters, then Claire would not refuse.

Not only because Claire is very concerned about work, but also because Claire has always felt in his heart that he owes Fei Kexin a lot of favors for the master class of the Design Academy. If Fei Kexin asks her for help, then she I will definitely not refuse!

So, charlie immediately took out his mobile phone and called Fei Kexin.

It was morning in the United States at this time, Fei Kexin had just arrived at his office at the headquarters of the Fei Group, and before he could sit down, he received a call from Charlie.

After receiving charlie's call, Fei Kexin was overjoyed. He quickly adjusted his breathing rate a few times, then connected the phone, and asked calmly, "Mr. charlie, do you need me?"

charlie hummed, Said, "Miss Fei, I have something that I need your help with."

Fei Kexin said without thinking, "Mr. charlie, you and Kexin are welcome. If you have anything, just ask."

charlie asked her, "Miss Fei , I would like to know if your Feishi Group has any real estate projects that are being promoted in the United States recently?" "

Yes." In New York, we have a number of commercial real estate projects under development and construction."

Charlie asked again, "Is there any project that is just about to start or is under preparation?" "

Yes." Fei Kexin said, "We have a commercial center in New York Preparations are underway, and it will be officially launched soon."

"Great." charlie immediately said, "I want to ask you to find a reason for your work and help me call Churan to the United States for a while."

Fei Kexin Asked in surprise, "Mr. charlie, don't you want to be with Claire?"

" Go to the United States to stay for a while."

Fei Kexin asked nervously, "Mr. charlie, did the Qing Dynasty find you..."

charlie said, "It's not me, it's my grandparents, they are all in Aurous Hill now."

The Amazing Son In Law Chapter 5818 -

Fei Ke Xin hurriedly asked him, "You..."

have you met Grandpa An and Grandma An?" Don't hide anymore."

Fei Kexin asked nervously, "Mr. charlie, do you need help? If necessary, Kexin will definitely call all the people to Aurous Hill in the shortest possible time!" The more the mess, otherwise I wouldn't think of a way to make Churan leave first."

Then, charlie asked her, "Miss Fei, can you find a way for me to let Churan go to the United States for a while, the sooner The better?"

"No problem!" Fei Kexin agreed without hesitation, "Don't worry, Mr. charlie, I'll call Claire right now!"

charlie said, "Thank you, Miss Fei."

After hanging up the phone, charlie parked the car on the side of the road in Tomson's first-class villa area, and did not rush back.

Five minutes later, Fei Kexin called charlie, and after connecting, she said to charlie, "Mr. charlie, I have already called Claire, and I want to invite her to participate in the preparation of the commercial real estate project. I told her that I temporarily overturned the previous design plan, and now the entire project has been stopped due to design problems, and I don't like the proposals given by several well-known design companies, so I want to ask her to come and help put out the fire."

charlie hurriedly asked, "What did Claire say?"

Fei Kexin said, "Claire is a little worried, because this is a large project with an investment of two billion US dollars, and she feels that she is not qualified enough to advise such a large project, but I told her that when designing this kind of thing, sometimes I just look at the inspiration at that moment. I told her that I want to bring some Chinese style into the design. Designers in the United States have a very superficial grasp of Chinese elements. I also said Now the whole project is at a standstill, and the daily losses are astronomical, so I hope she can come and help me, Claire replied to me that she is willing to help, but she must discuss it with you first." charlie let

go "Then I'll go back now."

Fei Kexin quickly asked him, "Mr. charlie, is there really nothing that needs my help in ?"

charlie smiled slightly and said, "Can you help me take Claire away? ", has done me a great favor."

Fei Kexin said helplessly, "Okay then...Mr. charlie, if you need Kexin's help, just ask!" "

Okay."

...

After a while, charlie drove back home.

As soon as he entered the door, Claire greeted him quickly, and said to charlie with some embarrassment, "Husband... I have something I want to discuss with you..."

charlie pretended to be curious and asked, "What's the matter?"

Claire Then said, "That's it, Kexin just called me and said that I need my help with some design matters. I think she seems to be in a hurry, so I want to discuss it with you..." charlie nodded,

serious Said: "You are good friends, since she needs your help, then you go to put out the fire for her."

Claire quickly asked, "Honey, can you go with me?"

"This..." charlie Suddenly he was a little embarrassed, and said, "I may not be able to go to the United States recently, because there are a few clients who are waiting for me to help with Feng Shui. You also know that the two of us went to the United States for a long time last time. Many domestic clients It's all backlogged, some of them I've already agreed to show them at home in the past few days."

Claire said with a disappointed expression, "But when I think about going so far to the United States, I still feel a little bit reluctant to part with you... .."

charlie touched her face, and said with a smile, "You are out for work, so you can't take your husband with you all the time. Others will laugh at you, just like I didn't take my wife when I went out to show others Feng Shui. Take it with you."

The Amazing Son In Law Chapter 5819 -

Then, charlie said again, "Besides, you and Miss Fei are good friends, if you go by yourself, I guess she will probably invite you to live with him, you two friends Isn't it good to work together during the day and talk with each other at night?"

Although Claire has a weak personality, she has always been committed to being a strong woman at work.

What charlie said just now also touched her heart.

How can a woman bring her husband by her side as a foil when she goes out to work? That will not only make you look useless, but also make your husband look useless.

In addition, charlie's last sentence was also on point.

Claire and Fei Kexin are good friends, and the relationship between good friends cannot involve her husband all the time, otherwise Fei Kexin will definitely find it strange.

Thinking of this, she had no choice but to nod her head, and said to charlie apologetically, "Husband, if this is the case, then I can only go by myself. During the time I am not in Aurous Hill, you have to take good care of yourself. Help me take care of my parents."

"Don't worry." charlie asked with a smile, "By the way, wife, haven't you given Miss Fei a clear reply?"

Claire nodded, "I told her that I need to discuss it with you before replying to her."

Charlie smiled and said, "Then you can call her directly now and tell her it's okay, you can go to the United States at any time."

Claire hummed, and said, "Then I will call her back now."

Then, she took out her mobile phone and called Fei Kexin.

On the other end of the phone, Fei Kexin asked her impatiently, "Claire, have you told Mr. charlie?"

Claire said, "I have discussed with charlie, and I will leave the family affairs to him. I will go to the United States as soon as possible." See you."

"Great!" Fei Kexin said immediately, "I'll have someone dispatch a long-range business jet to Aurous Hill, and try to arrive in Aurous Hill before dawn tomorrow, so that you can leave for the airport early in the morning! Claire asked in surprise, "Are you... in such a hurry?"

"Yeah!" Fei Kexin said helplessly, "I'll tell you the truth, it's really urgent to come out. My project has been shut down for one day, and the loss is only tens of millions of dollars. If it continues, I will have no face to talk to the shareholders." I confessed..."

Fei Kexin temporarily stopped the project, and the daily loss is indeed calculated in tens of millions of dollars, but the real big loss is not here. The real big loss is that she has to abolish all the previous design plans, and with Related preparations, the direct loss in this area is more than 100 million US dollars.

But to the Fei family, this amount of money is nothing at all. In Fei Kexin's eyes, let alone 100 million US dollars, as long as charlie asks, what if it is 100 billion US dollars?

Therefore, this loss is not only irrelevant to her, but also willing.

When Claire heard this, she naturally knew that she couldn't waste any more time, so she said without hesitation, "Then I'll go back and pack my things in a while, and I'll go to the airport early tomorrow morning." Then, she remembered something, and said quickly,

"By the way, Kexin, you don't need to bother to deploy any business jet, I'll check the ticket, if there's a flight tomorrow morning, I'll buy the ticket and fly there." Fei Kexin said, "Don't look at

Claire, I just already I have seen that there is no direct flight from Aurous Hill to New York. If you go to another city to transfer, you will arrive at least the day after tomorrow, so you should pack your luggage and let Mr. Charlie take you to the airport tomorrow morning. I'll arrange it."

"Okay..." Claire's intention was not to make Fei Kexin spend too much money, because she knew that the cost of flying to the United States by a business jet would cost at least millions.

But when Fei Kexin said that there was no time at all, combined with the loss of one day, it might exceed ten million dollars, Claire no longer refused.

The Amazing Son In Law Chapter 5820 -

Fei Kexin reminded again at this time, "By the way, Claire, don't bring too much luggage. Whether it is for life or work, I have it here, and after you come, you will live in my house and I live in one room, and if there is anything lacking, the things I have here can be used directly, so you can pack lightly this time, the simpler the better." "

Okay..."

Because Fei Kexin described his situation in a hurry, Claire didn't dare to delay at all, hung up the phone, and went back to their room with Charlie, and then began to pack their luggage.

Although Fei Kexin had already said on the phone that she should pack as lightly as possible, but she still packed the necessary personal belongings as much as possible, so as not to cause trouble for Fei Kexin when she got to the United States.

Fei Kexin also quickly coordinated the plane. A business jet of Fei's family located on Hong Kong Island had already taken off late at night and headed for Aurous Hill, and could land in Aurous Hill in the early hours of the morning. It only waited for Claire to arrive before taking off for New York.

Because Fei Kexin had already prepared the background for firefighting, Claire also felt that time was tight, and planned to leave for the airport immediately at six o'clock tomorrow morning. There will be no traffic jams in Aurous Hill at six o'clock, and he can

arrive at the airport in half an hour. If the process is fast, the plane may be able to board and take off at seven o'clock.

Thinking of going to the United States thousands of miles away, although Claire was very reluctant to give up on Charlie, she had no other choice. After all, Fei Kexin had helped her a lot, and she had always wanted to find an opportunity to pay back Fei Kexin. This favor.

At this time, Charlie finally breathed a sigh of relief, and the plan to dismiss Claire was considered to be accomplished.

After the husband and wife packed their suitcases together, Charlie suddenly remembered something and asked Claire, "Honey, do you want to tell your parents about your trip?"

Claire After thinking about it, he shook his head and said, "Let's forget it. If I tell my mother that I'm going to the United States again, maybe she will make a fuss to go with me. I'm not going on vacation in the United States. How can I take her with me?" Come on, so you will take me to the airport tomorrow morning, and then tell her after I get on the plane, and then I will say that going to the United States is a temporary decision tonight, because I left early and in a hurry, so I will leave I didn't tell her, even if she wants to go then she won't have a chance."

Charlie nodded, he was also worried that Elaine would follow him like a dog's plaster, in case he caused Claire some trouble when he arrived in the United States, I am not in front of me, I am afraid that Claire will not be able to solve it.

...

This night, Charlie lay on the bed without sleep.

Although he knew that his enemy was at hand, he didn't panic in the slightest.

He even vaguely looked forward to the earl who would come in the next break.

Since he obtained the "Nine Profound Heavenly Scriptures", he has never met face to face with a second person who has mastered spiritual energy.

The last time Jiang Gongbo was eradicated, he also commanded remotely in Aurous Hill and killed him with close-in artillery in Cyprus in Wanlongdian.

This time, he knew very well that he was bound to face-to-face a fierce battle with a certain earl from the Qing Dynasty. Now that he had no worries about the future, deep down in his heart, he had some expectations for this fierce battle.

The previous enemies were all too weak in comparison.

This time is the best chance to test your own strength.

Although Lin Wan'er (Alani) said that she was in danger, in Charlie's mind, she had a certain chance of winning this fierce battle. This was mainly because he knew that he hadn't been exposed yet, and the enemy would probably shake him and let Zhang Ermao (Cade) lay down. The two "bells".

In this way, even if the enemy is open and we are dark, naturally there is a better chance of winning!
